SUBJECT: Charter School Services and Support

New charter schools continue to be approved within Los Angeles County. These charter schools, as public educational entities, have administrative and business responsibilities. Some of these responsibilities are based on federal or state laws. Others are required in the authorizing charter agreements or in side-agreements/memorandums of understanding with the authorizing entity.

LACOE has statutory responsibilities such as:

- Disbursing public funds through the Los Angeles County Treasury
- Remitting and reporting employees' retirement contributions to California State Teachers' Retirement System (CalSTRS) or California Public Employees' Retirement System (CalPERS)
- Submitting attendance and financial reports to the California Department of Education (CDE)

LACOE, School Financial Services (SFS) provides services to facilitate funds disbursements, processing of CalSTRS and CalPERS retirement reporting and other business processes through the BEST Advantage System – Financial (FIN) and the Human Resources System (HRS). These systems are components of services made available to local educational agencies including charter schools within Los Angeles County. SFS, Business Charter Schools Unit (BCSU) provide guidance and assistance in working with these LACOE systems.

SFS offers the following services:

- CalSTRS and/or CalPERS retirement reporting
- Funding disbursement, including EFT processing
- FIN for accounts payable processing and accounting services
- HRS for payroll processing

There are four (4) levels of support. Depending upon the characteristics of an individual charter school, they may choose the appropriate support level.

The four levels of support are:

Charter Type	Description
Type I—Pass Through	<ul style="list-style-type: none">• Funds received in LA County Treasury and disbursed by LACOE• No STRS/PERS retirement reporting• No HRS or BEST-FIN

Type III—Retirement Reporting and FIN	<ul style="list-style-type: none">• Funds received in LA County Treasury and deposited by LACOE into the Charter School's Business Unit• STRS/PERS Retirement reporting through use of external file submission• Use FIN for at least some business functions
Type IV—Full Service (HRS & FIN)	<ul style="list-style-type: none">• Funds received in LA County Treasury and deposited by LACOE into the Charter School's Business Unit• Use HRS to generate payroll and retirement reporting• Use FIN for all or part of business functions

The support levels are described in detail below:

This charter school is responsible for the following:

- covering its employees with an alternative retirement system
- obtaining alternative accounts payable processing and accounting services
- paying employees through other systems

If the charter school changes its charter document to include CalSTRS and/or CalPERS retirement contributions and deductions, the charter school **must** contact LACOE immediately regarding the required retirement reporting through LACOE.

Type II—Retirement Reporting and Processing (RR&P)

A *Retirement Reporting and Processing (RR&P)* charter offers CalSTRS and/or CalPERS to its employees; they maintain a separate bank (financial) account; and will not use LACOE's FIN and HRS.

- accepting financial responsibility for all CalSTRS and/or CalPERS fines and penalties resulting from incomplete, inaccurate, or late reports and/or inadequate or late deposits

Type III—FIN and Retirement Reporting and Processing (RR&P)

Type IV—Full HRS, FIN & RR&P Services

LACOE offers:

- CalSTRS and/or CalPERS retirement reporting
- FIN for accounts payable, procurement, tax processing and accounting services

This charter school is responsible for:

- complying with operating procedure, policies and schedules within the CalSTRS and/or CalPERS, FIN and HRS
- maintaining a separate bank (financial) account, to deposit and disburse all private funding, e. g. donations, in accordance with Government Code Section 27011
