This month’s issue is going to take some detective work...
Can You Spot the Problem?

This March, Risk Management Services wants to know if LACOE employees can spot the safety issues in this month’s safety tip.

**LACOE Safety Performance**

<table>
<thead>
<tr>
<th>Year</th>
<th>Number of Injuries</th>
<th>Lost Time Incidents</th>
<th>Restricted Duty Incidents</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017 YTD*</td>
<td>28</td>
<td>1</td>
<td>4</td>
</tr>
<tr>
<td>2016</td>
<td>149</td>
<td>35</td>
<td>32</td>
</tr>
</tbody>
</table>

*Data is YTD thru February 2017.

Be aware of your surroundings at all times. Look out for potential hazards in your workplaces and immediately report them to your administration/management. When it comes to accident prevention, remember it only takes a second of not paying attention to cause an incident.

**Active Shooter Update**

In January’s Safety Tip of the Month, Risk Management Services provided information on what to do when dealing with an active shooter in an office environment.

We would like to take time now to provide you with a video that you can review to remind you of what do in the event of an active shooter.
