Interpreting and Using CAASPP Results
Presenter: Dr. Kathryn Edwards, Consultant III, Curriculum Support and Assessment, LACOE
The California Assessment of Student Performance and Progress (CAASPP) is producing 2015 student reports reflective of the last two years of summative assessment data. This session will provide information to help interpret the CAASPP student score reports and will provide tools and resources to facilitate the use of assessment data to inform the instructional planning process.
Audience: school site and district level administrators, teacher leaders

CAASPP: Tools and Resources to Address the Learning and Assessment Needs of ALL Students – full day
Presenters: Dr. James McKenna, Consultant III, Special Education, LACOE and Dr. Kathryn Edwards, Consultant III, Curriculum Support and Assessment
This session will focus on the Universal Design for Learning (UDL) in relationship to the Smarter Balanced Assessment System. It will also address planning for the effective use of Universal Tools, Designated Supports and Accommodations with particular consideration given to addressing the needs of Students with Disabilities and English Language Learners. Audience: school site and district level administrators, teacher leaders, bilingual coordinators/directors, special education coordinators/directors

Planning for the Effective Use of Smarter Balanced Interim Assessments
Presenter: Dr. Kathryn Edwards, Consultant III, Curriculum Support and Assessment
The Interim Comprehensive Assessments (ICAs) and the Interim Assessment Blocks (IABs) serve as valuable data collection tools useful in gauging student progress. Learn about new enhancements to both types of interim assessments as well as tips on interim assessment administration. In 2016-17, all assessment blocks should be available as well as some additional forms. This session will explore efficient processes to manage the IAB hand-scoring process.
Audience: school site and district level administrators, teacher leaders, bilingual coordinators/directors, curriculum and instruction leaders
