California Civic Learning Institute for K-12 Educators

A Professional Learning Series to Prepare Students for College, Career, and Civic Life

This four-day Institute and three follow-up days will equip K-12 educators with the ability to incorporate high quality civic learning across the curriculum to build student knowledge, skills, and dispositions to become informed, engaged citizens. Nationally recognized civic learning experts will provide teachers with hands-on strategies and materials to frame civic inquiries, facilitate student-led investigations, engage in civil dialogue about controversial issues, help students reach conclusions and take informed civic action. Tools and techniques from the California Democracy School Civic Learning Initiative will be provided to institutionalize civic learning across entire grade spans at K-12 school sites.
