The LACOE Coaches training prepares coaches to support new administrators enrolled in the Clear Administrative Services Credential program.

By using the coaching strategies learned in the Coaching Leaders to Attain Student Success (CLASS) training, coaches support the administrator’s ability to be an autonomous and reflective learner. All coaching is focused around goals based on the California Professional Standards for Educational Leaders (CPSELS).

Leadership Coaches will provide 40 hours of individual coaching to candidates enrolled in the credential program.

An Individual Mentoring Plan will be developed jointly by the coach and administrator. Administration of the Leadership Survey and the Initial Performance Self-Assessment will establish baseline data to guide goal development.

Coaches will be supported beyond the three day CLASS training through the Coaches Network meetings held throughout the year.

ASCA/New Teacher Center will provide Leadership Coach Certification to coaches who complete the CLASS training, attend the network meetings and submit a portfolio.

**Qualification and requirements for becoming a coach:**

- Experience in teaching, supervision, curriculum and instruction and collaborative processes.
- Minimum of 5 years of administrative experience.
- Clear Administrative Service Credential.
- Complete Foundational coach training: ACSA/New Teacher Center’s Coaching Leaders to Attain Student Success (CLASS).
- Participate in the Coaches Network to collaborate with other coaches and refine your coaching practice.
