California’s State Board of Education approved a list of new ELA/ELD core and intervention materials for grades K-8. Click here for a link to the list: http://www.cde.ca.gov/ci/rl/im/sbeadoptedelaeldprograms.asp.

To see all of these great programs, please sign up to attend the Instructional Materials Fair on January 27 and 28! To register, click here: http://lacoe.k12oms.org/1540-97257.

It’s been a long time since we have had new materials and the process of choosing new programs for a school and district can be daunting! We are offering an Adoption Toolkit Training to help facilitate that process in a clear and efficient way, one that serves to make all stakeholders a part of the process and satisfied with the outcome. We currently have two dates for the 3-hour trainings, December 16 and February 18. The December date is full so click here to register for the February meeting: http://lacoe.k12oms.org/1540-97255.

We have not forgotten high school folks! Even though the SBE does not officially recommend materials for high school, many publishers create excellent CCSS aligned programs and some that are complimentary to the K-8 materials. Come and peruse the High School Instructional Materials Fair on February 22: http://lacoe.k12oms.org/1540-107396.
