Supt. Denise R. Jaramillo. “We are truly in this together and it is heart-opening to be neighbors, non-profits, businesses, civic leaders and our four feeder cities,” says AUSD.

One of the amazing silver linings of the pandemic is the outpouring of assistance from our community partners like Think Together, Office of LA County Supervisor Janice Hahn, and Rotary Club of Alhambra, City of Alhambra, and Girls Club.

Community partners have stepped up to support Alhambra USD with grants and donations. The Asian Youth Center was awarded a $40,000 Nourishing Neighbors grant to provide meals for students and families. The Alhambra Teachers Association and Rotary Club of Alhambra delivered meals to students in need. The Alhambra Teachers Association, in partnership with the LA Regional Food Bank, and Rotary Club of Alhambra, City of Alhambra, and Girls Club, distributed more than 30,000 meals.

LACOE joins the LA County Department of Children and Family Services and Rotary Club of Alhambra, City of Alhambra, and Girls Club in celebrating the educational achievements of 359 foster youth who have earned high school diplomas. More than half of these graduates have earned scholarships to pursue college degrees. Many of them are the first in their family to attend college. We honor these young scholars and the educational environments to ensure continuity of learning and safety for all students, staff and support for school communities on supporting equitable, safe, inclusive and nurturing learning in a virtual environment.

RISING TO THE CHALLENGE

Supporting Learning in a Virtual Environment

LACOE offers Remote Learning and Mental Wellness Toolkits. The Words of the Wise Toolkit is available at lacoe.edu/Census. Statistics in Schools program offers more than 200 free learning activities and resources to keep students engaged over the summer. The U.S. Census Bureau's Resources for Families & Schools, including the Count Me In Curriculum, are available at lacoe.edu/Census.
