LACOE is encouraging its McKinney-Vento homeless youth liaisons or other district administrators to work closely with LA County Public Health to make sure schools have safety protocols and needed devices. The intention is to elevate the issue, secure support for needed devices, and determine how to distribute these devices. 

CCY shared the need to understand the needs of homeless youth during this period of distance learning. LACOE's homeless liaison is part of Advocates on Behalf of Homeless Youth and, along with the coalition, is working to ensure that homeless youth in L.A. have equitable access to distance learning.

The Senate Special Committee on Pandemic Emergency Response will meet Wednesday, May 6 at 1:30 p.m. to hear testimony from stakeholders on the impacts of the COVID-19 pandemic on students and schools. Those interested in viewing the hearing are asked to watch online to follow public health guidelines. Seats are limited and everyone in attendance in the Capitol will be subject to strict physical distancing and other steps as needed for the Senate to follow state and local guidelines.

The Senate has approved a bill that addresses the requirement that the state is to make a written report to the Senate Committee on Education no later than the first working day of each legislative session. The report must identify all LEAs that have failed to adopt a written report by July 1. The report must include:

- A list of LEAs that have failed to adopt a written report by July 1 and the date the LEA adopted the written report.
- A list of LEAs that have adopted a written report by July 1 and the date the LEA adopted the written report.
- Any other information the LEA deems relevant.

The Senate has also approved a bill that addresses the requirement that the LEA is to adopt a written report by July 1. The report must include:
