Essra:
I am (1) Deaf. I admit that it is (2) too difficult to (3) hear when the non-signing people (4) are speaking to me. It is not always a convenience for me to (5) interact with them. BUT I hang out with my (1) friend. (2)We always have good (3) conversations (4) through (5) sign language.

Shani:
(1) From (2) Pakistan, I flew (3) to (4) America for the first time. I was (5) amazed. In Pakistan, we eat solid foods with (6) our hands. In America, I saw a (7) soup for the first time…. (8)…… I took a (9) spoon and tried it. It tasted (10) good!

Chzerie:
Here comes a (1) big fat caterpillar, crawling up a (2) strong branch. As it comes to a certain twig, it clings (3). After a while, it turns into (4) cocoon. It stays on the branch while the (5) wind blows hard and even harder (6) on rainy days. After the storm passes, the (7) sun finally comes out. Inside the cocoon, something happens! Gasp! The (8) butterfly emerges from the cocoon. It flutters to explore. It lands on my shoulder. I (9) pick it off gently and (10) hold it for little while and I let it go. It flutters gracefully from my hand.

Lawrence:
(1) I (2) watched these 2 cars (3) collided badly! It started a flaming (4) fire. (5) Firemen came. They (6) watered down the flaming fire. He spoke with the chief on the (7) CB. Other fireman (8) searched for a person. He (9) found him and he is (10) still alive.

Jacky:
I couldn’t (1) understand Math. I tried to (2) figure out. (3) Hmm! (4) Math is very frustrating for me. I (5) called for help. (4)”Come help me, please” The helper came. It was (3) tough to solve it. We (2) examined the problem. Oh now, I (1) get it.

Luis:
I am (1) different from (2) deaf people. I (3) speak with my mouth, but they (4) cannot hear what I am saying. (5) We try to hang out. At first, it was difficult but later on, we caught up and (5) started to chat easily. We are (4) on the same wave length. We (3) listen with our (2) eyes now. We can (1) finally understand each other.

Jada:
This person on the left is (1) deaf. This person on the right is (1) hearing. (2) They are friend and (2) companions. A deaf person is able to (3) see, and a hearing person is able to (3) hear but they (4) interact with their (5) conversation fine and it makes (5) harmony.
