EDUCATIONAL PROGRAMS

DIVISION OF STUDENT PROGRAMS

The Los Angeles County Office of Education's (LACOE) Division of Student Programs (DSP) offers specialized instruction to meet students' unique needs. Students served include:

- Juvenile offenders incarcerated in county probation facilities
- Youth in residential substance abuse treatment or mental health programs
- Students expelled from regular schools or at high risk of dropping out
- Gifted and talented students and those with special interests

All school sites offer a curriculum based on the Common Core State Standards, as well as a variety of supplemental services aimed at addressing each student's individual learning needs.

Alternative Education

LACOE created alternative education to maximize student self-motivation and encourage the student to follow his or her own interests. This opportunity shall be a continuous, permanent process for academically at-risk students or those who have specialized interests or talents. DSP's overall goal is to provide programs with alternative education settings so that students will succeed and achieve. Below are its two Specialized Secondary High Schools, grades 9 through 12:

Specialized High Schools

- **Los Angeles County High School for the Arts** provides a rigorous college preparatory program and specialized training and instruction in dance, music, theatre, cinematic arts, and visual arts.
- **International Polytechnic High School** offers a public education under a Project-Based Learning curriculum with an international focus and civic understanding.

DSP is also concerned about students who are at risk of academic failure. To ensure that students will set and attain goals, attend school consistently, and successfully transition to the district of residence or to institutions of higher learning, DSP operates the following alternative education programs:

- **County Community Schools** to address the special needs of juvenile offenders, students' expelled from regular schools, young people referred by their home districts due to truancy, behavior, or other issues.
- **Independent Study** to address the needs of students who cannot return to local schools or access any other options provided by school district, due to work or family obligations.

The alternative education programs are located throughout Los Angeles County referred to as Principal's Administrative Unit (PAU's). To be eligible for LACOE's DSP alternative education programs:

- Students must live in Los Angeles County, with the exception of those students enrolling at one of the Specialized Secondary High Schools.
- Depending on the alternative education program, a student may be referred by his/her district of residence to LACOE or meet the audition/application requirements for the specific LACOE program.

Juvenile Court Schools

DSP operates the nation's largest juvenile court school system and is a major partner with the Los Angeles County Departments of Probation and Mental Health in providing comprehensive educational services for incarcerated youth. School sites are located in juvenile halls, probation camps, and other residential facilities. The goal is to reduce recidivism and to support students in becoming productive, contributing citizens prepared to focus on their education, finish high school, and transition to college and careers.

Schools feature LACOE's award-winning Road to Success Academy (RTSA) model of instruction and intervention, an interdisciplinary, project-based approach to learning, focused on themes that address students' academic and mental health needs. All programs are fully accredited by the Western Association of Schools and Colleges (WASC). Credits and diplomas earned in the court school system are accepted at all high schools, colleges, and universities.
Students of DSP juvenile court schools have the opportunity to:

- Earn a high school diploma or high school equivalency exam certificate
- Advance to higher education or employment
- Return to regular classes in their district of residence to complete their high school education and receive a diploma
- Be awarded scholarships for academic achievement

Academic supports include:

- Assessing students in reading and math upon enrollment and at regular intervals to determine needs and supports
- Developing and implementing individual learning plans (ILPs) that identify transition objectives and academic, behavior and career goals, as appropriate
- Assisting students with special needs in collaboration with LACOE’s Special Education Local Plan Area (SELPA)
- Providing small-group and individualized instruction teaching, (Halls 15:1 and Camps 12:1 student-to-teacher ratio)
- Offering intensive reading instruction to students reading below the fourth-grade levels
- Integrating the latest technology into the curriculum.

Educational Rights of Students and Parents
Parents of students leaving juvenile court schools often ask about their child’s educational rights once the student returns home. While each student's situation is unique and special circumstances may apply, generally:

- Students have the right to attend the local schools near their home until they are 18 years of age.
- Students who are eligible to receive special education services have the right to attend school and receive such services until they are 22 years of age, or have received a high school diploma, whichever occurs first.
- Parents have the right to be fully informed of and consent to all special education services.
- Parents have the right to receive information regarding the academic standards their child is expected to meet to graduate from high school and to be eligible for college, and to be informed whether their child is succeeding, and who at the school to contact if problems arise with their child's progress.
- Parents have the right to review a student's educational records and request that inaccurate information be corrected. Once a student turns 18, these rights transfer to the student.
Students who have been expelled from their local school districts have the right to continue their education during the period of expulsion in an alternative program (such as continuation school or community school) and after a set period may apply for readmission to a school maintained by the district.

**Educational Rights of Foster and Homeless Youth**

LACOE will use the UCP to resolve any complaint, by or on behalf of any student who is a foster youth, alleging LACOE noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the district's educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, or the grant of an exemption from County Board-imposed graduation requirements. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2.)

LACOE will also use the UCP to settle any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, formerly juvenile court schools students, alleging LACOE noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from County Board-imposed graduation requirements. (Education Code 51225.1, 51225.2.)

LACOE shall post a standardized notice of the educational rights of foster and homeless youth, as specified in Education Code Sections 48853, 48853.5, 49069.5, 51225.1, and 51225.2. The notice shall include complaint process information, as applicable.

**Coursework and graduation requirements: children of military families – EC 51225.1 and 51225.2**

If students are living with a military family, one may qualify to be exempted from local graduation coursework requirements that are beyond the California state requirements. Education Rights Holders are urged to make an appointment with their school counselor to review their child's options for graduation. All coursework that was completed at another school outside of the LACOE will be issued full or partial credit.

**Career Counseling & Course Selection**

Commencing grade 7, school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers, or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions.

**Educational Equity: Immigration Status**

The Equity in Higher Education Act, states that all persons, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic, equal rights and opportunities and adds this opportunity to apply for financial aid for higher education to also be equitable, and an application may not be denied of a student based on their immigration status. This does not guarantee any final eligibility, but simply an ability to apply for financial aid just like any other student, without discrimination.

**FEDERAL STUDENT AID**

Commencing with the 2020-21 school year, LACOE shall ensure that each of its pupils receives information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application, as appropriate, at least once before the pupil enters grade 12. However, due to year-round enrollment and overall transiency, this will not apply to juvenile court schools and county community schools.

For specialized high schools, LACOE is to ensure that students prior to entering 12th grade are entitled to information on how to properly complete and submit the FAFSA or the California Dream Act Application at least once. This information should be available in a timely manner as financial aid is awarded in order of submission according to deadlines, on a first-come, first-served basis. All family and student personal information will be protected according to state and federal privacy laws and regulations. Additionally, at juvenile court schools and county community schools, every effort will be made to ensure 12th graders complete the FASFA.
OFF-CAMPUS LUNCH

LACOE, pursuant to Education Code 44808.5, has decided to permit the students enrolled at The Los Angeles County High School for the Arts (LACHSA) and International Polytechnic High School to leave the school grounds during the lunch period. Neither LACOE nor any officer or employee thereof shall be liable for the conduct nor has safety of any pupil during such time as the pupil left the school grounds pursuant to this section.

PREGNANT AND PARENTING PUPILS

LACOE will treat both the pregnant teen mother and the teen father enrolled in juvenile court schools and county community schools with the same accommodations, regardless of sex. The teen parents may not be excluded from any class or extracurricular activities, solely on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or post-partum recovery. Physical and emotional ability to continue may only be determined by physician or nurse practitioner. Pregnant or parenting pupils may not be required to participate in pregnant minor programs or alternative programs, with the exception of personal choice.

Parental leave for eight weeks for preparation of birth of infant, post-partum for mental and physical health needs of the teen parents and to bond with infants, or any additional medically approved time to protect the infant or parents is allowed only at juvenile court schools and/or county community schools. Any additional time due if deemed medically necessary, as prescribed by physician or nurse practitioner. The pregnant and parenting teens are not required to take all or part of the leave to which they are entitled. Leave will be approved by the school supervisor of attendance, as excused absence, with a unique code similar to independent study. However, no work is required during the leave. Upon return, the parenting teens are entitled to return to the school courses that were in enrolled before taking leave. Make up plans and re-enrollment will be worked out with the school counselor or administrator to achieve an opportunity to fully participate in all activities, as before leave. If needed, parenting teen may enroll for a fifth year of instruction if on course for graduation requirements. If parenting teens were enrolled in an alternative school setting, a return to that environment is to be available as needed to achieve graduation. A pupil shall not incur any academic penalties due to using these available accommodations.

An illness for sick child does not require a doctor note for the custodial parenting teens; the mother or father will be excused by the attendance supervisor.

RETROACTIVE GRANT OF HIGH SCHOOL DIPLOMAS: DEPARTED AND DEPORTED PUPILS

LACOE may award a diploma to any student who may have been deported outside the US, if in good standing after completing the second year of high school. Any transfer credits from outside the US will be considered as completion through online or foreign classes.

Transition

Young people with disabilities may receive special education services until they reach age 22. When students reach the 12th grade or age 18, they participate in senior-year activities and either a graduation or completion ceremony regardless of the severity of their disability. Services to students ages 18 to 22 years who are enrolled in a non-diploma-bound education program focus on developing vocational skills.

Curriculum and Instruction

Each school must annually compile a prospectus of the curriculum to include titles, descriptions and instructional goals for every course offered by the school. Please contact Astrid Gonzalez (phone: 562-803-8249, email: gonzalez_astrid@lacoe.edu) for a prospectus.
ANNUAL NOTIFICATION
2019-2020
Los Angeles County Office of Education
Educational Programs

RIGHTS OF PARENTS – RELATED TO SPECIAL EDUCATION

This information provides parents, legal guardians, and surrogate parents of children with disabilities from birth through age 22 with their educational rights, called procedural safeguards. This notice is also provided to adult students at age 18.

- This information is the Notice of Procedural Safeguards as required under the Individuals with Disabilities Education Act (IDEA), a federal law that requires school districts to provide a free, appropriate public education to eligible children with disabilities. A “free, appropriate public education” means special education and related services are to be provided as described in an individualized education program (IEP) and under public supervision to your child at no cost.
- Parents can refer their child for special education and related services and participate in decision-making meetings regarding the child's assessment, identification, educational placement and services. Specifically, parents have the right to participate in the development of the IEP and to be informed of the availability of all program options, and of all available alternative programs, both public and nonpublic.
- Parents should call or contact the child's teacher or administrators to discuss any child-related concerns. School district or special education local plan area (SELPA) staff can answer questions about the child's education, parental rights, and procedural safeguards. For concerns or to file a complaint, SELPA office numbers are below:

Contact Phone Numbers
- LACOE Compliance Support Services Unit, (562) 803-8338
- SELPA LAC Charter, (562) 401-5737
- SELPA LAC Court Schools, (562) 401-5737

Section 504 – 29 USC 794, 34 CFR 104.32
Section 504 of the federal Rehabilitation Act of 1973, and the Americans with Disabilities Act (42 USC 12101 et seq.) prohibits discrimination on the basis of disability. Section 504 requires school districts to identify and evaluate children with disabilities in order to provide them a free, appropriate public education. Individuals with a physical or mental impairment that substantially limits one or more major life activities, including seeing, hearing, walking, breathing, working, performing manual tasks, learning, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, speaking, are eligible to receive services and aids designed to meet their needs as adequately as the needs of nondisabled students are met.

Parents or guardians with concerns should contact the site administrator regarding:
- Parent Notification – Provide written notification to parents; invite to SST/504 meeting
- Evaluation – Conduct an evaluation of the student using a variety of data obtained through formal and informal assessment procedures
- Decision/Recommendations – Determine if the student meets 504 eligibility requirements
- Plan Development – Develop an ISP for regular program modifications and alternative services
- Placement/Implementation – Provide school personnel with a copy of student forms and modification plan

Section 504 guarantees the right to be educated with nondisabled students to the maximum extent appropriate to the student's individual needs.

Note: The definition of “major life activity” has been expanded due to amendments to the ADA in 2009.

CHILD ABUSE AND NEGLECT REPORTING

LACOE is committed to protecting all students in its care. All employees of the County are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred. LACOE employees may not investigate to confirm a suspicion.

All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (i.e., Police or Sheriff’s Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.
Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with the local law enforcement agency; you may also notify LACOE of an incident by contacting any school or central office employee. Child abuse does not include an injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:
1. To stop a disturbance threatening physical injury to people or damage to property;
2. For purposes of self-defense;
3. To obtain possession of weapons or other dangerous objects within control of a student;
4. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

NONDISCRIMINATION

The LACOE County Board is committed to providing a safe school environment where all individuals in education are afforded equal access and opportunities. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. For a complaint form or additional information, contact: Jason Hasty Director, Division of Pupil Services at (562) 803-8338.

MEDICATIONS

**Medication Regimen – EC 49480**

If a student is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, the parent or legal guardian must provide a written notice for the school nurse [or other contact person] of the medication taken, the current dosage, and the name of the supervising physician.

With the parent/guardian’s consent, designated LACOE staff may communicate with the physician, who may counsel LACOE staff as to the side effects of the medication on the student’s physical, intellectual, and social behavior, as well as potential behavioral signs or symptoms of adverse side effects, missed medications, or overdose.

**Administration of Prescribed Medication at School – EC 49423, 49423.1**

At the beginning of each school year, the Principal or designee shall notify parents or guardians of the options available for students who need to take prescribed medication during the school day and the responsibilities of parents guardians regarding those options. Students who need to take medication during the school day may be assisted by a school nurse or designated school personnel or allowed to self-administer certain medications as long as the school receives written statements from the student’s physician and parent/guardian in accordance with the law, County Board Policy and Administrative Regulations. Any student who is required to take, medication prescribed by a physician, may be assisted or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication, if certain criteria for self-administration are met. Non-prescription medication will not be administered without a physician’s statement and parent authorization.

Students may carry and self-administer prescription inhaled asthma medication. The parent or guardian must release the school district and personnel from liability for any harm resulting from the self-administered medication and provide a release for authorized school personnel to consult with the physician or surgeon.
A written statement of instructions shall be provided at least annually and more frequently if the medication, dosage, frequency of administration or reason for administration changes. A student may be subject to disciplinary action if an auto-injectable epinephrine or inhaled asthma medication is used in a manner other than as prescribed.

**Authorization to Provide Epinephrine Auto Injectors – EC 49414**

Parents/guardians shall be responsible for notifying the Principal or designee, in writing, regarding any life-threatening allergies.

Education Code authorizes LACOE to provide epinephrine auto-injectors to trained personnel who volunteer to provide medical aid to persons suffering from an anaphylactic reaction. Anaphylaxis means a potentially life-threatening hypersensitivity to a substance, which may result from an insect sting, food allergy, drug reaction, latex materials or other unknown causes. The epinephrine auto-injector is a disposable drug delivery system with a spring-activated needle that is designed for emergency administration of epinephrine to provide rapid, convenient first aid for persons suffering a potentially-fatal reaction to anaphylaxis. The auto-injector delivers a pre-measured, sterile, injection of epinephrine through the skin.

**Diabetes Self-Testing and Monitoring of Blood Glucose Levels – EC 49414.5**

A student who is able to self-test and monitor blood glucose requires written request from the parent and physician. One or more LACOE employees may be trained to administer emergency medical assistance to a student with diabetes.

**Criteria for Self-Administration**

A student who requires medication at school may carry and self-administer emergency medication under the supervision of LACOE staff, if the student meets the following conditions:

1. The student is physically, mentally, and behaviorally capable, in the written opinion of the parent/guardian, physician, and designated LACOE staff, to assume the responsibility.
2. The student demonstrates self-administration to the school nurse or designated LACOE staff.

Parents/guardians shall make every effort to coordinate with their family physician so that the student need not take medications during the school day whenever possible.

**Administration of Epilepsy Medication - EC 49414.7**

Emergency medical assistance is provided for the administration of epilepsy medication in the absence of a credentialed school nurse or licensed vocational nurse who has been trained to administer emergency anti-seizure medication. LACOE may allow nonmedical employees to provide medical assistance to students with epilepsy suffering from seizures upon request by a parent or guardian. If LACOE receives a request from a parent or guardian to provide this medical assistance, the school nurse shall provide employee volunteers with voluntary emergency medical training. The trained employees should provide assistance in accordance with County Board Policy and Administrative Regulations, the Education Code, State guidelines, and instructions provided by the student’s health care provider.

**Disposal of Unused Medications**

If the medication for a student changes during the school year, the remaining medication shall be given to the parent/guardian at the time the new medication is delivered. Medications not claimed and retrieved by the parent/guardian at the end of the school year shall be discarded in accordance with recommendations by the local health officer and OSHA guidelines.

**SPECIALIZED PHYSICAL HEALTH CARE SERVICES - EC 49423.5**

Trained designated personnel provide specialized physical health services. These are health services prescribed by the student's licensed authorized health care provider requiring medically related training for the individual who performs the services and which are necessary during the school day to enable the student to attend school. These services include catheterization, gastric tube feeding, suctioning, or other services that require medically related training.

**IMMUNIZATIONS**

To protect the health of all students and staff and curtail the spread of infectious diseases, LACOE shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. On or after July 1, 2016, the Principal shall not unconditionally admit to any public or charter preschool, elementary or secondary
school for the first time, or admit or advance any pupil to the 7th grade level, unless the pupil has been immunized for age as required by the Health and Safety Code.

Students are prohibited from attending school unless immunization requirements are met for age and grade. LACOE may use funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

The following vaccinations are required: diphtheria, pertussis (whooping cough), tetanus, (DTP, DTaP, Tdap) poliomyelitis, measles, mumps, rubella (MMR), hepatitis B, varicella (chickenpox), haemophilus influenza type b, and any other diseases deemed appropriate by the California Department of Public Health. HSC 120335

**Proof of Immunizations**
The principal shall require documentary proof of each entrant’s immunization status and record the immunizations of each new entrant in the entrant's permanent enrollment record on the Blue Card provided by the California Department of Public Health (CDPH).

The immunization record of each new entrant admitted conditionally shall be reviewed periodically by the Principal or designee to ensure that within the time periods designated by regulation, the student has been fully immunized against all of the diseases listed in HSC Section 120335.

The principal of each school shall prohibit from further attendance any student admitted conditionally who failed to obtain the required immunizations within the time limits allowed in the regulations, unless the student has a medical exemption under HSC Section 120370, until the student has been fully immunized against all of the diseases listed in HSC Section 120335.

State law requires that LACOE exclude any student not properly immunized and notify the parent or guardian that they have two weeks to supply evidence that the student has been properly immunized or that the student is medically exempt from the immunization requirements.

**Transfer Students Immunizations**
For students transferring from another school or from out-of-state, the new school must review the student’s immunization records to make sure all immunization requirements have been met. For students transferring from another school, a valid record may be any of the following: the Blue Card, another state's school record (provided it includes dates for all immunizations) or the child's personal immunization record. Education Code Section 49068 requires that schools send cumulative folders within 10 school days following the request from the new school. For foster students, Education Code Section 48853.5 requires that within two business days of the foster child's request for enrollment, the educational liaison for the new school shall contact the last school attended by the foster child to obtain all academic and other records. The educational liaison for the school last attended shall provide all records to the new school within two business days of receiving the request. The law allows up to 30 school days for a cumulative folder from another school or another immunization record to reach your student’s school.

**Foster and Homeless Youth Immunizations**
Foster youth and homeless children who do not have immunization documentation should be enrolled immediately under federal and state law. (EC Section 48853.5 and 42 USC 11431.) Foster youth and homeless students are not exempt from immunization requirements and schools must obtain documentation of vaccination or obtaining vaccinations for these students as soon as possible. (HSC 12034.)

**Temporary Exclusion for Immunizations**
If there is good cause to believe that a child has been exposed to a disease listed in HSC Code Section 120335 and documentary proof of the student’s immunization status does not show proof of complete immunization against that disease, that student may be temporarily excluded from school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease.

**Exemption from Immunization**
Exemption from immunization is authorized when the parent or guardian files a written statement by a licensed physician [M.D. or D.O.] that the physical condition of the child is such, or medical circumstances relating to the child are such, that
immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstance, including, but not limited to, family medical history, for which the physician does not recommend immunization. A child with a physician statement indicating these specific circumstances is exempt from immunization requirements. A medical exemption may apply if there is a delayed immunization schedule or a modified immunization schedule. (HSC 120370.)

Immunizations for Independent Study Students
The CDPH has indicated that parents and guardians must continue to provide immunization records of students in independent study programs with no classroom-based instruction to their schools and schools must continue to maintain and report immunizations that have been received. Students are not required to have immunizations if they attend an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunization records for these students to their schools.

Immunizations for Special Education Students
Special Education students are required to be immunized. The immunization requirements may not prohibit students from accessing special education and related services required by their individualized education programs while in the process of obtaining their vaccinations.

Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption for a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016, will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade. These personal belief grandfathering provisions may apply on or after July 1, 2016, if the personal beliefs exemption was completed before January 1, 2016. These provisions may be reviewed at the Shots for Schools website on SB 277, Frequently Asked Questions. (HSC 120325, 120335, 120338, 120370, 120375.)

Medical Records Sharing – HSC 120440
Immunization information may be obtained from the CAIR immunization system (California Immunization Registry):

1. Medical information may be shared with local health departments and the State Department of Health Services.
2. The name and address of the State Department of Health Services or of the immunization registry with which the school will share the information.
3. Information shared with local health departments and the State Department of Health Services will be treated as confidential and will only be used to share with each other, and, upon request, with health care providers, schools, child care facilities, family child care homes, WIC service providers, county welfare departments, foster care agencies, and health care plans.
4. The providers, agencies, and institutions will, in turn, treat the shared information as confidential, and shall use it only as specified.
5. The student or parent or guardian has the right to examine any immunization-related information shared in this manner and to correct any errors in it.
6. The student or the parent or guardian may refuse to allow this information to be shared in the manner described, or to receive immunization reminder notifications at any time, or both.
7. After refusal, a physician may maintain access to this information for the purposes of patient care or protecting the public health. After refusal, the local health department and the State Department of Health Services may maintain access to this information for the purpose of protecting the public health.

Students or parents or guardians may refuse to permit record sharing. Notification may be provided by ordinary mail.

Medical or Hospital Service – EC 49472
LACOE does not provide or make available medical and hospital services for pupils who are injured in accidents related to school activity or attendance.

MEDICATION REGIMEN
The education rights holder, parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or site administrator of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the education rights holder, parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.
Any pupil who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the educational rights holder, parent or guardian requesting the school district assist the pupil with prescribed medication as set forth in the physician statement.

LACOE is committed to providing its students and employees with the knowledge, resources, and environment to make healthy nutritional choices and to be physically active. - Employee wellness

Electronic Nicotine Delivery Systems (e-cigarettes)

LACOE prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars, and pipes, but can also be made to look like everyday items such as pens, asthma inhalers, and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Section 119405 of the Health and Safety Code prohibits the sales of e-cigarettes to minors, which means that students should not be in possession of any such devices. Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code.

CALIFORNIA HEALTHY YOUTH ACT

The California Healthy Youth Act requires LACOE to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

LACOE will provide instruction in comprehensive sexual health education, HIV/AIDS prevention education, and/or will conduct assessments on pupil health behaviors and risks in the coming school year.

Parents or guardians may:
1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV/AIDS prevention education
2. Request in writing that their child not receive comprehensive sexual health or HIV/AIDS prevention education
3. Request a copy of Education Codes 51930 through 51939
4. Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by district personnel or outside consultants
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.
6. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, to be informed of:
   a. The date of the instruction
   b. The name of the organization or affiliation of each guest speaker

LACOE may administer to pupils in grades 7 through 12 anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behavior and risks, including tests, questionnaires, and surveys, containing age-appropriate questions about their attitudes or practices relating to sex. Parents or legal guardians will be notified in writing about the administration of, the right to review, and the right to excuse their child from any test, questionnaire, or survey.

**ABSENCE FOR CONFIDENTIAL MEDICAL SERVICES**

In accordance with Education Code 46010.1, school authorities may excuse any student in grades 7 through 12 from school to obtain confidential medical services without the consent of the student's parent/guardian. When excusing students for confidential medical services or verifying such appointments, district staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment. For further information, please see Board Policy 5113 and Administrative Regulation 5113--Absences and Excuses.

**INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES**

A pupil with a temporary disability which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable may receive individualized instruction provided in the pupil’s home for one hour a day. Please contact Health and Wellness Coordinator, Tonya Ross, 562-922-8762, ross_tonya@lacoe.edu for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school personnel in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days. The supervisor of attendance shall ensure that absences from the regular school program are excused until the pupil is able to return to the regular school program.

An honorary high school diploma which is clearly distinguishable from the regular diploma of graduation may be awarded to a pupil who is terminally ill.

The County Board believes that the education of its students is a responsibility shared with parents. The County Board facilitates and provides opportunities for parents to participate in their children's education and to work with the schools in a mutually-supportive and respectful partnership.

Parent involvement for parents of students participating in Title I, Part A programs shall be consistent with Section 1118 of the Elementary and Secondary Education Act (ESEA).

Title I, School Parent Compact
Each school receiving funding under Title I, Part A of the ESEA must develop a written school/parent compact jointly with parents for all students participating in Title I, Part A activities, services and programs. Title I, Part A Funds
LACOE offers Title I services to all eligible students attending designated Title I schools. Title I refers to federally funded resources used to support students with their academic needs especially in the areas of English/Language Arts, math, and English Language Development. The goal of Title I at LACOE is to ensure equity for students to complete their education and successfully transition to employment and another educational program.

Parent involvement is vital in the implementation of the Title I program. According to the Elementary and Secondary Education Act (ESEA) 1118 parent involvement is defined as the "participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities." LACOE Board Policy 6020 stipulates that parents/guardians of Title I schools will be consulted and participate in the planning, design, implementation and evaluation of the parent involvement program. Parents will have a voice in the development of their schools' parent involvement policy, participate in signing a school compact and determine how LACOE's Title I funds will be allocated to support parent involvement activities.

In carrying out the Title I parental involvement policy, LACOE will provide full opportunities for the participation of parents with limited English proficiency, parents with students of disabilities, and parents of migratory children including ensuring that all communications are in an understandable and uniform format in a language parents understand.

Parents of students served in Title I, Part A schools will be involved in decisions about how the one percent of Title I, Part A funds reserved for parental involvement will be allotted, and will ensure that not less than 95 percent of the one percent reserves go directly to the schools.

Individualized School Parent Involvement Policy
To support the strengthening of student academic success, the County Board requires all schools and programs operated by LACOE to adopt an individualized school parent involvement policy. Parents and guardians of Title I Schools will be consulted and participate in the planning, design, implementation and execution of the school parent involvement policy on an annual basis (See 1118(b) of the ESEA).

English Learners
LACOE outreach to parents/guardians of English learners (ELs) includes the following actions:

- LACOE sends notice of and holds regular meetings for the purpose of formulating and responding to the parents'/guardians' recommendations.
- LACOE provides training activities to parents on how they can be involved and become active participants in assisting their children to:
  - Attain English proficiency
  - Achieve at high levels in core academic subjects
  - Meet challenging state academic content and achievement standards expected of all students
- If LACOE has failed to make progress on the annual measurable achievement objectives (AMAO), LACOE informs parents/guardians of ELs within 30 days after such failure occurs.
- In accordance with AB 81 (Gonzalez Fletcher) LACOE will notify parents or Education Rights Holders (ERH), using the English Language Proficiency for Assessments for California (ELPAC), if their child is a long-term English learner or an English learner at-risk of becoming a long-term English learner. LACOE will send an alternative notice to comply with this requirement.
A Principal’s Administrative Unit (PAU) site with 21 or more ELs has a functioning EL Advisory Committee (ELAC) that must meet the following requirements:

(a) Parent/guardian members are elected by parents or guardians of ELs. (5 CCR 11308[b]; EC 62002.5)
(b) Parents/guardians of ELs constitute at least the same percentage of the committee membership as their children represent of the student body. (EC 52176[b])
(c) The school may designate an existing school level advisory committee, or subcommittee of such advisory committee to fulfill the legal responsibilities of ELAC, if the advisory body meets the criteria in (b). (EC 52176[b][c], 64001[a], 5 CCR 11308[d])
(d) The ELAC advises the school site council (SSC) on the development of the Single Plan for Student Achievement (SPSA) except for the Division of Special Education. (EC 64001[a])
(e) The ELAC advises the principal and staff on the school’s program for EL. (EC 52176[c])
(f) The ELAC assists in the development of the school’s:
   • Needs assessment
   • Language Census Report (R30-LC)
   • Efforts to make parents aware of the importance of regular school attendance (EC 52176[c])
   (g) The ELAC receives training materials and training, planned in full consultation with committee members, to assist members in carrying out their legal responsibilities. (5 CCR 11308[d])
   (i) Financial resources may be allocated for reasonable expenses (which may include transportation, child care, translation services, meals, and training) of parent advisory groups on bilingual-bicultural education, at the school and school district incurred in the course of their duties as member of the parent advisory groups. (EC 52168[b][4].)
   (j) Each ELAC has the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC) or participants in a proportionate regional representation scheme when there are 31 or more ELACs in the district. (5 CCR 11308[b]; EC 35147, 52176[a], 62002.5.)

(EC 35147, 52176[a], 52168[b][4], 62002.5)

A LEA with 51 or more English learners must have a functioning DELAC or a subcommittee in which at least 51 percent of the members are parents (not employed by the district) of English learners.

The DELAC advises on all of the following tasks:
• Development of a district master plan for educational programs and services for ELs that takes into consideration the Single Plan for Student Achievement (5 CCR 11308[c][1])
• Conducting of a PAU-wide needs assessment on a school-by-school basis (5 CCR 11308[c][2])
• Establishment of district program, goals, and objectives for programs and services for ELs (5 CCR 11308[c][3])
• Development of a plan to ensure compliance with any applicable teacher and instructional aide requirements (5 CCR 11308[c][4])
• Administration of the annual Language Census Report (5 CCR 11308[c][5])
• Review and comment on reclassification procedures (5 CCR 11308[c][6])
• Review and comment on the written notifications required to be sent to parents and guardians (5 CCR 11308[c][7])
• The LEA provides training materials and training, planned in full consultation with committee members, appropriate to assist members in carrying out their legal advisory responsibilities. (5 CCR 11308[d])

(EC 35147, 52168[b][4], 52176[a], 62002.5; 20 USC 6312[g][4], 7012)

APPROPRIATE STUDENT PLACEMENT

All pupils must be placed in English language classrooms unless a parental exception waiver has been granted for an alternative program in which some or all of the instruction is delivered in the pupil’s primary language. Based on LACOE criteria of reasonable fluency, English learners must be placed in one of the following programs:
• Structured English immersion (SEI), in which the language acquisition process, curriculum and instruction are designed for children who are learning the language. (EC 305, 306, 310, and 311).
• English language Mainstream (ELM) program (English learners who do not meet the LEA criteria for participation in an ELM are placed in an ELM program at any time during the school year, if the parent or guardian so requests.) (5 CCR 11301.)
Students may attain an approved parental exception waiver for an alternative program in which some or most of the instruction is delivered in the pupil’s primary language, unless there is an IEP in which the IEP team determined the need for primary language instruction.

HOME HOSPITAL

LACOE Educational Programs does not offer the service of home hospital instruction. If a determination is made that a student will require home hospital, then the student shall be referred back to his/her district of residence to seek this service. One exception to this is Central Juvenile Hall School which houses the medical unit. Students assigned to this unit may receive temporary home hospital instruction. (EC 48206.3.)

PARENTAL EXCEPTION WAIVER FOR ALTERNATIVE PROGRAM

Parents and guardians of ELs must be notified of the opportunity to apply for a parental exception waiver for their children to participate in an alternative program in which some or all of the instruction is delivered in the pupil’s primary language. (34 CFR 300.345(a)(1).)

1. LEA procedures for granting parental exception waivers must include the following:
   (a) Parents and guardians are provided, on enrollment and annually, full written, and upon request, spoken descriptions of the structured English immersion program, English language mainstream program, alternative programs, and all educational opportunities available to the pupil. The descriptions of the programs shall include the educational materials to be used in the different options. (5 CCR 11309(a)(b)(1), EC 310.)
   (b) Parents and guardians are informed that a pupil must be placed for not less than 30 calendar days in an English-language classroom the first year of enrollment in a California school. (5 CCR 11309(b)(2), EC 311.)
   (c) Parents and guardians are informed of any recommendation by the school principal and educational staff for an alternative program and are given notice of their right to refuse the recommendation. (5 CCR 11309(b)(3), EC 311.)
   (d) Parental exception waivers are acted on within 20 instructional days of submission to the school principal. However, waivers submitted under EC 311(c) must be acted on either no later than ten calendar days after the expiration of the 30-day English language classroom placement or within 20 instructional days of submission of the waiver, whichever is later. (5 CCR 11309(c).)

2. Parental exception waivers shall be granted unless the school principal and educational staff determine that an alternative program offered at the school would not be better suited for the overall educational development of the pupil. (5 CCR 11309(b)(4).)

3. If a waiver is denied, parents and guardians must be informed in writing of the reason(s) for denial and advised that they may appeal the decision to the local board of education if such an appeal is authorized by the local board of education, or to the court. (5 CCR 11309(d).)

4. Each school in which 20 or more pupils of a given grade level receive a waiver shall be required to offer such a class; otherwise they must allow the pupils to transfer to a public school in which such a class is offered. (EC 310.)

PHYSICAL EXAMINATION; PARENTS’ RIGHT TO REFUSE

LACOE may require physical examinations including sight, hearing and scoliosis tests of students enrolled in LACOE programs or activities. Any physical examination required by LACOE shall be kept confidential. If the student's parent/guardian refuses to consent to such an examination, LACOE reserves the right to temporarily exclude the student if there is a good reason to believe the student is suffering from a recognized contagious or infectious disease.

Scoliosis Screening Notice: Education Code section 49452.5, which requires school districts to provide for scoliosis screenings, has been suspended pursuant to the Governor's Budget Act of 2017 for the 2017–2018 fiscal year. As a result, school districts may exercise their discretion as to whether to provide this service since the service is no longer mandated.

QUALIFICATIONS OF TEACHERS

Parents/guardians may request information regarding the professional qualifications of their child’s classroom teachers, including the following:
ANNUAL NOTIFICATION
2019-2020
Los Angeles County Office of Education
Educational Programs

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

In addition, parents/guardians may request from their child's teacher:
- Information on the level of achievement of their child in each of the State academic assessments, and
- Timely notice that their child has been assigned, or has been taught for four (4) or more consecutive weeks by a teacher who is not credentialed in the appropriate subject area.

Parents may obtain this information by logging on to www.ctc.ca.gov/ and looking up the child's teacher's credentials by entering the first and last name. Parents may also request this information by contacting Jennifer Flores, Assistant Director, Human Resource Services at (562) 940-1894.

PUPIL RECORDS, NOTIFICATION OF FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights include:
- The right to inspect and review the student's education records within five (5) business days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will forward requests to the Custodian of Records. The Custodian of Records will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally-identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request from officials of another school district in which a student seeks or intends to enroll, LACOE shall disclose education records without parental consent.

If parent/guardian or eligible student consent is given in writing, LACOE will release the following information to the identified party(ies) in the consent:
- Student's date and place of birth
- Student's major field of study, if any
- Student's participation in LACOE-sponsored or recognized organizations or sports
- Weight and height of sports team members
- Student's dates of attendance in a LACOE program or activity
- Degrees and/or awards received by the student
- Most recent educational institution or program of attendance

"Student Records" do not include:
- Instructional, supervisory or administrative notes by LACOE staff that are made only for that staff member or his/her substitute
- Records of a law enforcement unit that were created for use by the law enforcement unit
- Employee records made for personnel use
• Records of a doctor, psychologist, psychiatrist or other treatment provider and/or assistant regarding a student who is 18 or older or who is attending a postsecondary educational institution. In this case, “treatment” does not include remedial instruction.

All parents have a right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202-5920.

EXCUSED ABSENCES

Pupils, with the written consent of their education rights holder, parents or guardians, may be excused from school in order to participate in religious exercises or to receive moral or religious instruction. No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

(a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
   1. Due to his or her illness.
   2. Due to quarantine under the direction of a county or city health officer.
   3. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
   4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
   5. For the purpose of jury duty in the manner provided for by law.
   6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
   7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil’s absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
   8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
   9. For the purpose of spending time with a member of the pupil’s immediate family, who is an active duty member of the uniformed services, as defined in EC 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
   10. For the purpose of attending the pupil’s naturalization ceremony to become a United States Citizen.

(b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

(c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

(d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

(e) “Immediate family,” as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

FREE AND REDUCED-PRICE MEALS

At Specialized High Schools and County Community Schools, LACOE offers healthy meals every school day because children need healthy meals to learn. Free or reduced-price lunches are available at school for pupils whose parents or legal guardians qualify, based on annual household income, and complete the required application form. Pupils participating in the program will not be identified, and the information on the application will be kept confidential. Applications may be submitted at any time during school hours. Applications are provide upon enrollment and at any time beyond that throughout the year.
HARM OR DESTRUCTION OF ANIMALS

Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. Objections must be substantiated by a note from the pupil’s parent or guardian. A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the teacher believes that an adequate alternative education project is possible. The teacher may work with the pupil to develop and agree upon an alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question.

DIRECTORY INFORMATION

“Directory Information” includes one or more of the following items: student’s name, address, telephone number, e-mail address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent public or private school attended by the student. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin (except where LACOE receives consent as required under state law). LACOE has determined that the following individuals, officials, or organizations may receive directory information:

- Certain school publications
- Outside organizations including, but not limited to, companies that manufacture class rings or publish yearbooks
- Military recruiters
- Post-secondary educational institutions
- Outside governmental agencies

No information may be released to a private profit-making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian submits a written notice to the school to deny access to his/her pupil’s directory information. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or pupil given parental rights, has provided written consent that directory information may be released.

LACOE may disclose appropriately designated “directory information” without written consent, unless advised to the contrary in accordance with procedures. However, absent a court order and in accordance with law, “directory information” shall not be released to any agency for the purpose of immigration enforcement.

Parents/guardians must notify LACOE in writing every year if they do not want LACOE to disclose directory information from their child’s education records without prior written consent. See Release Form for Directory Information, Attachment B-2.

RIGHT TO INSPECT

A cumulative record, whether recorded by handwriting, print, tapes, film, microfilm or other means, must be maintained on the history of a pupil’s development and educational progress. LACOE will protect the privacy of such records. Parents/guardians have the right to:

1. Inspect and review the student’s educational record maintained by the school,
2. Request that a school correct records which they believe to be inaccurate or misleading, and
3. Have some control over the disclosure of information from educational records.

LACOE school officials with legitimate educational interests may access student records without parental consent as long as the official needs to review the records in order to fulfill his/her professional responsibility. Upon request from officials of another school district in which a student seeks or intends to enroll, LACOE shall disclose educational records without parental consent. Parents’ request to access their student’s educational records must be submitted in a written form to Larry Canter, Senior Program Specialist Registrar at canter_larry@lacoe.edu. The school will have five (5) business days from the day of receipt of the request to provide access to the records.
SAFE PLACE TO LEARN ACT

LACOE is committed to maintaining a learning environment that is free from discrimination, harassment, violence, intimidation, and bullying based on actual or perceived characteristics set forth in Section 422.55 of the Penal Code and EC 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. All school personnel who witness an act of discrimination, harassment, intimidation, or bullying must take immediate steps to intervene when safe to do so. Any student who engages in acts of discrimination, harassment, violence, intimidation, or bullying related to school activity or school attendance occurring within a school of the school district may be subject to disciplinary action up to and including expulsion. To report an incidence and/or to receive a copy of the district's antidiscrimination, anti-harassment, anti-intimidation, and anti-bullying policies, please contact Jason Hasty, Director of the Division of Pupil Services, 562-803-5450, hasty_jason@lacoe.edu.

SCHOOL SAFETY: BULLYING

LACOE is committed to the prohibition of discrimination, harassment, intimidation, and bullying. Training will be provided to all staff who work with students, to prevent bullying and cyberbullying. If you or your child should experience any bullying on campus, at school events, or on the way to or from school, please contact our district counseling liaison available to assist you in identifying and stopping this behavior at: 562-803-8450.

HAZING MISDEMEANOR

No student, or other person in attendance at any public, private, parochial, or military school, community college, college, or other educational institution, shall conspire to engage in hazing, participate in hazing, or commit any act that causes or is likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to any fellow student or person attending the institution. The violation of this section is a misdemeanor, punishable by a fine of not less than one hundred dollars ($100), nor more than five thousand dollars ($5,000) or imprisonment in the county jail for not more than one year or both. Any person who personally engages in hazing that results in death or serious bodily injury as defined in paragraph (4) of subdivision (f) of Penal Code § 243, is guilty of either a misdemeanor or a felony, and shall be punished by imprisonment in county jail not exceeding one year, or by imprisonment in the state prison. Penal Code 245.6.

LACOE policy prohibits hazing for membership in any student organization using LACOE facilities or involving a LACOE program or activity. BP 5131

SCHOOL DISCIPLINE, RULES AND PROCEDURES

LACOE staff will provide notice of policies, rules and regulations affecting students and student conduct to all students participating in that site’s program or activity. Notice may be provided via:

- The Annual Notification
- Student conduct contracts signed at the beginning of the academic year
- Student handbooks and other site-specific materials

Expected Conduct

All students participating in LACOE programs or activities will comply with LACOE policies, rules and regulations, pursue their studies and obey the valid authority of LACOE staff. Any student who feels another participant is disrupting the student's learning environment is strongly encouraged to report that misconduct to a LACOE staff member. The LACOE staff member will, in turn, report to the designated LACOE staff member in charge of handling student complaints. LACOE staff expects all students enrolled in LACOE programs or activities to conduct themselves in a manner that enriches the educational environment and does not disrupt the learning process. LACOE believes all students enrolled in LACOE programs or activities should experience a positive learning environment. All students participating in LACOE programs or activities are expected to cooperate by respecting the rights of other participants, which includes the right to a learning environment free from disruptions. Student conduct includes conduct on school grounds, going to and from school and during recess and lunch periods.
For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s misbehavior.

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil’s record, which may be accessed pursuant to Section 49069. However, a pupil including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons listed in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of section 48900 or that the pupil’s presence causes a danger to persons.

Exemplary Conduct
LACOE staff members are authorized to develop a progressive reward system for exemplary conduct by students. Rewards may be given for specific, consistent exemplary conduct.

Rewards may include special facilities privileges, exemplary citizenship grades, enrichment activities, or other projects or activities designated by LACOE staff. LACOE will not offer monetary rewards. A committee of LACOE staff, students, parents and community members may develop a list of behaviors that may be rewarded as exemplary conduct. If a reward system is established, students should be given notice of the system and what conduct is to be rewarded. Rewards must be given consistently according to the system established by the program/activity site.

CUSTODY ISSUES
Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student’s welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

DANGEROUS OBJECTS
Often, students like to bring objects, such as a collector’s item, to school to show their friends. Examples of these objects include, but are not limited to, laser pointers, mini baseball bats, martial arts weapons (e.g., nunchaku, throwing stars), or any other sharp, pointy objects. Students should refrain from bringing objects that have the potential to inflict serious bodily injury to others.

ELECTRONIC LISTENING OR RECORDING DEVICE
The use by any person, including a pupil, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. Any person, other than the pupil, willfully in violation shall be guilty of a misdemeanor. Any pupil in violation shall be subject to appropriate disciplinary action.

ELECTRONIC SIGNALING DEVICES
The use by any person, including a pupil, of any electronic signaling device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. The only allowable use would be acceptable if it is determined by a licensed physician that the pupil must use for the health and safety of a pupil. Any pupil in violation shall be subject to appropriate disciplinary action.
PROPERTY DAMAGE

Educational rights holders, parents or guardians may be held financially liable if their child willfully damages school property or fails to return school property loaned to the child. The school may further withhold the grades, diploma, and transcript of the pupil until restitution is paid.

RELEASE OF JUVENILE INFORMATION

Juvenile court records should be confidential regardless of the juvenile's immigration status. Only if a court order is provided, will any student information be disseminated, attached or provided to federal officials. The court order must indicate prior approval of the presiding judge of the juvenile court. Otherwise, juvenile information is protected from distribution and remains private without a court order.

Whenever a pupil has been found by a court to have committed any felony or misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense, assault or battery, larceny, vandalism, or graffiti, the court will provide a written notice to the County Superintendent or designee. The County superintendent or designee will then provide the information to the principal at the school of attendance, who will disseminate the information to any administrator, teacher, or counselor directly supervising or reporting on the behavior or progress of the pupil, allowing them to work with the pupil in an appropriate manner.

SCHOOL SAFETY PLAN

Each LACOE school site has a Comprehensive School Safety Plan, which includes a disaster preparedness plan and emergency procedures. Copies are available to read at each school office. Fire and emergency drills are held periodically at each school.

SCHOOL VISITING PROCEDURES

Parents and guardians of students enrolled in public schools have the right and should have the opportunity, as mutually supportive and respectful partners in the education of their children, to be informed in advance about school rules, including procedures for visiting the school.

PC 627.6: Requires schools to post at every entrance a notice setting forth the visitor registration requirements, hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements.

ACCEPTABLE USE OF TECHNOLOGY

One of the adopted goals of LACOE is to assist in advancing the use of technology to enhance student learning. Access to LACOE technology is a privilege, not a right, and students enrolled in LACOE schools must follow LACOE guidelines and procedures regarding acceptable use of technology. All LACOE students and their parents/guardians shall sign the Acceptable Use of Technology Agreement prior to using District technological resources. LACOE shall make a diligent effort to filter the inappropriate or harmful matter accessible through the Internet, and students shall also take responsibility not to initiate access to inappropriate or harmful matter while using LACOE technology. Violation of this policy may result in disciplinary action and the loss of the privilege to use the technology and/or civil or criminal liability.

Misconduct

Misconduct is behavior that disrupts or interferes substantially with the learning environment. Severe misconduct may require other means of correction, suspension or expulsion. LACOE staff members will address student misconduct with a clearly established, progressive line of discipline.

Positive Behavior Interventions may include, where appropriate, the following steps:

- Oral reprimand/warning
- In-class and out-of-classroom time-outs, both voluntary and involuntary.
- Written reprimand/warning, to be placed in student's file
- Parent-teacher-student conference
Student conduct/behavior contracts
Counseling, including anger management training and a behavioral management plan
In-school detention during break times or non-instructional time
Community service, including graffiti clean-up or other campus beautification efforts

GROUNDS FOR SUSPENSION AND EXPULSION

Misconduct constituting grounds for suspension and expulsion are as follows:

1. Causing, attempting or threatening physical injury to another person.
2. Willfully using force or violence on another person, if not in self-defense.
3. Possessing, selling or providing a firearm, knife, explosive or other dangerous object, unless the student had written permission from a certified LACOE staff member and the site administrator or administrative designee.
4. Unlawfully possessing, using, selling, arranging to sell, offering to sell or participating in a LACOE program or activity while under the influence of, or providing to another participant, any controlled substance, alcohol or other intoxicant.

(Education Code 48900.7)

Additional Grounds for Suspension and Expulsion

Any student in grades 4-12 may be suspended, but not expelled, for disrupting school activities or otherwise willfully defying the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. (Education Code 48900(k))

A student in grades 4-12 shall be subject to suspension or recommendation for expulsion when it is determined that he/she:

1. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

Sexual harassment means conduct which, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

3. Intentionally engaged in harassment, threats, or intimidation against LACOE personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)
Suspension from Class by a Teacher
A teacher may suspend a student, including a grade K-3 student, from class for the remainder of the day and the following day for any of the other acts specified in Education Code 48900 and listed as items #1-18 under "Grounds for Suspension and Expulsion: Grades K-12" above. (Education Code 48910)

When a teacher suspends a student from his/her classroom, this shall be considered an absolute last resort. The teacher shall provide at minimum, 3 other means of correction before choosing to suspend. Other means of correction may be in the form of a verbal warning using positive language, changing the student's seat, and/or conferencing with the student. Teachers shall make every effort to employ positive behavior intervention support strategies within the classroom.

Once all other interventions have been exhausted, only then shall the teacher initiate a classroom suspension. Once initiated, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If located at a LACOE school that serves incarcerated youth, the teacher shall also notify the appropriate probation staff.

If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's education rights holder to attend a conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the education rights holder or teacher so requests. (Education Code 48910) Moreover, the teacher must document the incident along with the other means of correction into the LACOE-wide student information system.

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended shall assign classwork for the student to complete during the removal. (Education Code 48913)

At LACOE facilities that serve incarcerated youth, both LACOE and probation staff shall collaborate to determine the appropriate placement during the course of a classroom suspension.

Suspension by County Superintendent, Principal or Principal's Designee
The County Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in LACOE policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c))

The County Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the County Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the County Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)
For LACOE schools serving incarcerated youth, LACOE administration is expected to collaborate with probation staff to determine an appropriate location to house students during the course of a suspension.

The County Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in LACOE policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c))

The County Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the County Superintendent, principal or designee has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the County Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)

**Expulsion**

At LACOE, students are not expelled but rather, returned to the district of residence. This action is called an involuntary transfer.

1. Grounds for expulsion are as follows:
   (a) The student commits an act of misconduct enumerated in Education Code sections 48900, 48900.2, 48900.3, 48900.4, and 48900.7.
   (b) The student commits a mandatory expellable offense enumerated in Education Code section 48951(c).
   (c) The student is habitually truant or absent and interventions have failed to bring about student improvement.
   (d) For students attending a specialized LACOE school, additional grounds for involuntary transfer include failure to pass arts probation, behavior probation, or academic probation.

A decision to involuntarily transfer a student shall be made within ten (10) days after it is determined that grounds exist. Prior to an involuntary transfer, the student and parent/guardian shall be given written notice that they may attend a meeting with the principal or designee.

At the meeting, the student and parent/guardian shall be informed of the specific facts and reasons for the proposed transfer. The student and parent/guardian shall have the opportunity to inspect all documents relied upon, question any evidence presented, and present evidence on the student’s behalf. The student may designate one or more representatives and witnesses to be present with him/her at the meeting. The decision to involuntary transfer shall be made by the principal.

Written notice of the decision, stating the facts and reasons for the transfer, shall be sent to the student and parent/guardian. The notice shall include where the student will be released, either the district of residence, or if the student qualifies, another LACOE program. The student's district of residence shall be sent a copy of the decision.

For students eligible under the IDEA or Section 504 of the Rehabilitation Act, the manifestation determination process will be used.

- The student or parent/guardian may appeal an involuntary transfer decision within ten (10) school days to Compliance Support Services or designee.
- Compliance Support Services or designee will convene an impartial panel to review the decision of the principal.
- The panel shall be comprised of three members, all of whom are not employed at the site from which the student was removed.
- The panel shall meet with the parent and staff from the school to review the specific facts and reasons for the proposed transfer, the student's record, and all documents considered during the involuntary transfer meeting.
The panel shall determine whether appropriate procedures were followed and whether the evidence supports the findings made by the principal in rendering the decision. The panel may consider new evidence if such evidence could not have been produced at the involuntary transfer meeting with reasonable diligence.

Each appeal panel member has a single vote. A vote of at least two out of three panel members constitutes adoption of the recommendation to either:
1. Uphold the principal's decision in whole;
2. Revise and require specific conditions for the student that is allowed to remain at the school; or
3. Reverse the decision.

The decision letter must be prepared with the signatures of all three (3) appeals panel members regardless of each individual member's decision. The signed decision letter will be given to the parent and the principal.

The panel's decision may be appealed to the County Board of Education pursuant to the procedures stated in LACOE Board Policy 5144.1.

Expulsion by Student's District of Residence
A student may be expelled by the student's district of residence for misconduct listed under Grounds for Suspension or Involuntary Transfer. LACOE staff shall provide the district of residence with documentation and evidence related to the misconduct if the misconduct occurred while the student was enrolled in a LACOE-operated program. Parents should contact the district of residence for its policies on suspensions and expulsions. Refer to the LACOE website for the most current Board policies (5144) pertaining to involuntary transfers and suspensions.

NOTICE OF PESTICIDE USE

These terms are defined by state or federal statute.

The County Board prohibits discrimination, intimidation, or harassment or bullying of any student by any employee, student, or other person in LACOE. The County Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

School staff and volunteers shall carefully guard against segregation, bias, and stereotyping in the delivery of services, including, but not limited to, instruction, guidance, and supervision. In Juvenile Court Schools, the County Office shall work with County Probation Department on practices and procedures for incarcerated students.

The Principal or designee shall develop a plan to provide students with appropriate accommodations when necessary for their protection from threatened or potentially harassing or discriminatory behavior.

The County Superintendent or designee shall facilitate students' access to the educational program by annual notification publicizing LACOE's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination.

The County Superintendent or designee shall regularly review the implementation of LACOE's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the County Board after each review.

Students who engage in discrimination or harassment in violation of law, County Board policy, or administrative regulation shall be subject to appropriate discipline, up to and including counseling, suspension, and/or involuntary release to student's district of residence. Transgender and Gender-Nonconforming Students

Gender identity means a person's gender-related identity, appearance, or behavior, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth.

Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Transgender student means a student whose gender identity or gender expression is different from that traditionally associated with the assigned sex at birth.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.
Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, regardless of whether they are sexual in nature, where the act has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited under state and federal law. Examples of types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a transgender student because his/her mannerisms, hairstyle, or style of dress correspond to his/her gender identity, or a non-transgender student because his/her mannerisms, hairstyle, or style of dress do not conform to stereotypes for his/her gender or are perceived as indicative of the other sex
3. Blocking a student's entry to the bathroom that corresponds to his/her gender identity because the student is transgender or gender-nonconforming
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

LACOE's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and County Board policy, LACOE shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and LACOE will only disclose the information to others with the student's prior consent, except when the disclosure is otherwise required by law or is necessary to preserve the student's physical or mental well-being. Any LACOE employee to whom a student discloses his/her transgender or gender-nonconforming status shall seek the student's permission to notify the Coordinator for Nondiscrimination. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to law or LACOE policy, and shall inform the student that it may be impossible to accommodate the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the Coordinator, the employee shall do so within three school days.
   As appropriate, the Coordinator shall discuss with the student any need to disclose the student's transgender or gender-nonconformity status to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. Any decision to disclose the student's status to others shall be based on the student's best interest.
2. Determining a Student's Gender Identity: The Coordinator shall accept the student's assertion unless LACOE personnel present a credible basis for believing that the student's assertion is for an improper purpose. In such a case, the Coordinator shall document the improper purpose and, within seven school days of receiving notification of the student's assertion, shall provide a written response to the student and, if appropriate, to his/her parents/guardians.
3. Addressing a Student's Transition Needs: The Coordinator shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify potential issues, including transition-related issues, and to develop strategies for addressing them. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Coordinator shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action could be taken to address it.
4. Accessibility to Sex-segregated Facilities, Programs, and Activities: LACOE may maintain sex-segregated facilities, such as restrooms and locker rooms, and sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs. A student shall be entitled to access facilities and participate in programs and activities consistent with his/her gender identity. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. However, a student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, his/her parents/guardians, LACOE shall use the student's preferred name and pronouns consistent with his/her gender identity on all other LACOE-related documents.

6. Names and Pronouns: If a student so chooses, LACOE personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official LACOE record. However, inadvertent slips or honest mistakes by LACOE personnel in the use of the student's name and/or consistent pronouns shall not constitute a violation of this administrative regulation or the accompanying LACOE policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to discrimination, harassment, intimidation, or bullying should immediately contact the Coordinator, the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the Coordinator or principal, whether or not the target files a complaint.

Any school employee who observes an incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported or who otherwise learns or suspects of an incident shall immediately report the incident to the Coordinator or principal, whether or not the target files a complaint.

When any report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is submitted to or received by the principal or compliance officer, he/she shall inform the student or parent/guardian of the right to file a formal complaint pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Any report of unlawful discrimination involving the principal, compliance officer, or any other person to whom the complaint would ordinarily be reported or filed shall instead be submitted to the County Superintendent or designee. Even if the student chooses not to file a formal complaint, the principal or compliance officer shall implement immediate measures necessary to stop the discrimination and to ensure all students have access to the educational program and a safe school environment.

Upon receiving a complaint of discrimination, the compliance officer shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in AR 1312.3.

Type 2 Diabetes Information
Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes
It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors
Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes
Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
Type 2 Diabetes Prevention Methods and Treatments
Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

Type 2 Diabetes Screening Tests
The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes). The primary test used to diagnose type 1 diabetes in children is the:

- **Random blood sugar test.** A blood sample is taken at a random time. Blood sugar values are expressed in milligrams per deciliter (mg/dL) or millimoles per liter (mmol/L). Regardless of when the child last ate, a random blood sugar level of 200 mg/dL (11.1 mmol/L) or higher suggests diabetes.

If the child's random blood sugar test results don't suggest diabetes, but the doctor still suspects it because of the child's symptoms, the doctor may do a:

- **Glycated hemoglobin (A1C) test.** This blood test indicates an average blood sugar level for the past two to three months. It works by measuring the percentage of blood sugar attached to hemoglobin, the oxygen-carrying protein in red blood cells.

The higher the blood sugar levels, the more hemoglobin that has sugar attached. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Another test a doctor may use is a fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL (5.6 mmol/L) is normal. A fasting blood sugar level from 100 to 125 mg/dL (5.6 to 6.9 mmol/L) is considered prediabetes. If it's 126 mg/dL (7.0 mmol/L) or higher on two separate tests, the child will be diagnosed with diabetes.

If a child is diagnosed with diabetes, the doctor will also run blood tests to check for autoantibodies that are common in type 1 diabetes and help doctors distinguish between type 1 and type 2 diabetes. The presence of ketones – byproducts from the breakdown of fat – in the child's urine also suggests type 1 diabetes rather than type 2.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse or health care provider if you have questions.
WRITTEN NOTIFICATION REQUIREMENT OF PARENTAL RIGHTS REGARDING THE USE OF PUBLIC BENEFITS OR INSURANCE

In a memorandum dated June 11, 2013, the United States Department of Education provided a suggested model for the Written Notification of Parental Rights requirement of the Individuals with Disabilities Education Act (IDEA), as it pertains to the use of public benefits or (public) insurance. This model notice meets the requirements of the amendments made to Title 34, Code of Federal Regulations (34 CFR) Section 300.154 (d), governing the use of public benefits or insurance. While local educational agencies (LEAs) do not need to use the exact model notice provided by the Office of Special Education and Rehabilitative Services and the Office of Special Education Programs in the previously mentioned memorandum, LEAs must provide written notification containing four essential elements, per 34 CFR Section 300.154(d)(2)(v), informing parents of:

1. The parental consent provisions in 34 CFR Section 300.154(d)(2)(iv)(A–B) (see 34 CFR Section 300.154[d][2][v] [A]).
2. The "no cost" provisions of 34 CFR Section 300.154(d)(2)(i)–(iii) (see 34 CFR Section 300.154[d][2][v][B]).
3. The parent's right under 34 CFR part 99 and part 300 to withdraw their consent to the disclosure of their student's personally identifiable information to the agency responsible for the administration of Medi-Cal (including, in the case of mental health services, the county mental health plan, or CMHP) at any time (34 CFR Section 300.154[d][2][v][C]).
4. The parent's right to withdraw consent or refusal to provide consent under 34 CFR part 99 and 300 to disclose personally identifiable information to the agency (including the CMHP) responsible for the administration of Medi-Cal does not relieve the public agency (LEA) of its responsibility to ensure that all required services (under IDEA) are provided at no cost to the parents (34 CFR Section 300.154[d][2][v][D]).

Notification Requirement
Parents must be provided with the written notification before the LEA may seek to access the child's or parent's Medi-Cal benefits for the first time (and prior to obtaining the one-time parent consent described below) and annually thereafter (34 CFR Section 300.154[d][2][v][v]). The notification must be written in a language that is understandable to the general public and in the native language, or in another mode of communication used by the parent; unless it is clearly feasible not to do so (34 CFR Section 300.503[c]).

Parental Consent
If the LEA has not previously accessed Medi-Cal benefits to pay for related services that it was required to provide to the student under the IDEA at no charge, it must obtain a one-time written consent from the parent. The consent requirement has two parts per 34 CFR Section 300.154(d):

1. Consent for disclosure of the student’s personally identifiable information to the state agency (Department of Health Care Services) administering Medi-Cal. The LEA is required to obtain written consent prior to disclosing personally identifiable information for billing purposes. The consent must specify the personally identifiable information that the LEA may disclose (for example, records or information about the services provided to the student), the purpose for disclosure (billing for special education and related services), and the agency to which the LEA may disclose the information (for example, county mental health plan) (34 CFR Section 300.154[d][2][iv][A]).
2. A statement to access Medi-Cal. Consent must include a statement specifying that the parents understand and agree that the LEA may use the student’s Medi-Cal benefits to pay for special education and related services under 34 CFR part 300 (IDEA) (34 CFR Section 300.154[d][2][iv][B]).

If the parent previously provided consent to the LEA to access the student’s Medi-Cal benefits to pay for special education and related services under the IDEA prior to March 18, 2013, the effective date of the amendments to 34 CFR Section 300.154, the LEA is not required to obtain new consent from the parents as long as the following two conditions are present:

1. There is no change in the type of service to be provided to the student, the amount or duration of services to be provided, or the cost of the services.
2. The LEA has on file the previous consent that met the requirements that were in effect at the time that consent was provided.
Even if the LEA is not required to obtain a new written consent from the parent, it must provide the annual notification to the parent, prior to continuing to bill Medi-Cal for special education and related services.

No Cost Provisions
The “no cost” provisions include:

- A LEA may not require a parent or student to enroll in Medi-Cal (or any other public benefit or insurance) in order for the student to receive a free appropriate public education. The LEA cannot make enrollment in Medi-Cal a condition for providing special education and related services required under the IDEA at no charge to the student and his/her parent (34 CFR Section 300.154[d][2][i]).
- A LEA cannot require the student or his/her parent to pay for out-of-pocket expenses, such as a co-pay or deductible, for filing a claim for services that the LEA is required to provide as special education or related services free of charge (34 CFR Section 300.154[d][2][ii]).
- A LEA may not use a student's Medi-Cal benefits if using the benefits would:
  - Decrease the available lifetime coverage or any other insured benefit, such as the allowable amount of a service (for example, number of sessions of mental health services)
  - Cause the student or his/her parent to pay for services otherwise covered by Medi-Cal that the student requires outside the time that the student is at school
  - Cause an increase in the premium or lead to cancellation of Medi-Cal benefits
  - Cause the parent to risk the loss of the student's eligibility for home and community based waivers that are based on total health related expenditures. (34 CFR Section 300.154[d][2][iii] [A-D])

Withdrawal of Consent
In this context, consent means:

- The parent has been fully informed of all information relevant to the activity for which consent is sought (Medi-Cal billing), in his/her native language or other mode of communication.
- The parent understands and agrees in writing to the implementation of the activity for which consent is sought, and the consent describes that activity and lists the records that will be released and to whom.
- The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time.
- If a parent revokes consent, that revocation is not retroactive. (34 CFR Section 300.9).

Under 34 CFR part 99 and 34 CFR part 300, parents have the right at any time to withdraw consent for the use of their, or their student’s, public benefits or insurance (Medi-Cal) (34 CFR Section 300.154[d][2][v][C]). If a parent no longer wishes to allow a LEA to bill the student's Medi-Cal benefits for special education and related services, consent can be withdrawn for the LEAs to disclose the student's personally identifiable information for Medi-Cal billing. As Family Educational Rights and Privacy Act and IDEA regulations do not contain procedures for withdrawal of consent for disclosure of a student’s personally identifiable information, each LEA should consider developing local policies and procedures to cover parental and student withdrawal of consent.

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and
financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any
University of California, California State University or California Community College. Some independent and career colleges
or technical schools in California also take Cal Grants.

In order to assist students in applying for financial aid, all students in grade 12 are automatically considered a Cal Grant
applicant. Unless the school is notified while the student is in the 11th grade that he/she does not want to be considered a
Cal Grant applicant, the student’s GPA will be submitted to the California Student Aid Commission (CASC) electronically by
a school or school district official before October 1 of the student’s 12th grade year.

Please indicate below whether or not you would like the school to electronically send CASC the student’s GPA when he/she
is in the 12th grade. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student
turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously
decided to opt out the student.

☐ I do not want my/my student's GPA to be sent to CASC in the 12th grade.
☐ I grant consent for my/my student's GPA to be sent to CASC in the 12th grade.
