**Implemented Activities:**

♦ **Student Optical Storage of Documents:** Access to LACOE Foster Youth student digital documents.

**New Activities:**

♦ **District Optical Storage of Documents:** New feature for district to scan and upload Foster Youth student digital documents online. Include requestor and approver capability to view documents.

♦ **Testing PowerSchool SIS interface:** Conduct pilot testing with Lancaster School District, and Antelope Valley Joint Union High School District.

♦ **Weekly Q&A Conference Calls:** Conference calls and webinars being held bi-weekly to facilitate learning about the project and to assist with implementation. Participants included LACOE, School Districts, and Department Children Family Services (DCFS).

♦ **District Outreach:** Continuing to reach out to districts in order to reach 100% online goal. Developing introductory online video, and working with DCFS to create a memo of instruction to clarify system usage.

**Upcoming Events - June 2016**

♦ Data use and data sensitivity training

♦ Continuing to bring districts online
