**Implemented Activities:**

- **Student Optical Storage of Documents:** Access to LACOE Foster Youth student digital documents.

**New Activities:**

- **District Optical Storage of Documents:** New feature for district to scan and upload Foster Youth student digital documents online. Include requestor and approver capability to view documents.

- **Testing PowerSchool SIS Interface:** Conduct pilot testing with Lancaster School District, and Antelope Valley Joint Union High School District.

- **Weekly Q&A Conference Calls:** Conference calls and webinars being held bi-weekly to facilitate learning about the project and to assist with implementation. Participants included LACOE, School Districts, and Department Children Family Services (DCFS).

- **District Outreach:** Continuing to reach out to districts in order to reach 100% online goal. Developing introductory online video, and working with DCFS to create a memo of instruction to clarify system usage.

**Upcoming Events - May 2016**

- Data use and data sensitivity training
- Continuing to bring districts online
