**SUBJECT:** Year-End Appropriation Transfers—Community College Districts

**DISTRICT ACTION REQUIRED**

Community college districts, with approval of the Board of Trustees, may authorize the County Superintendent of Schools (County Office) to make budget transfers at year end to permit payment of obligations at the close of the fiscal year.

This authorization gives the County Office authority to make budget transfers between major expense classifications on behalf of community college districts. The transfers can only be made when there is sufficient surplus in one of the major expense classifications to cover the deficit in others. It does not allow using projected fund balances to cover an overdraft in any of the expense classifications.

Frequently Asked Questions

**Question:** Why do the final reports still show overdrawn accounts after the college requested the County Office to make appropriation transfers?

- Potential Answers:**
- a. The appropriation transfer covers the overdraft at the major object level only.
  - b. Colleges may have requested re-opening of the district's books after the Division of School Financial Services (SFS) made the appropriation transfer.

**Question:** Should the college stop making budget transfers after the request for appropriation transfer has been made to the County Office?

Answer: No, the college may continue to revise the operating budget up to the closing of fiscal year 2022-23 as the administration deems appropriate. The appropriation transfers made by SFS are only at the major object level to cover the overdraft at year end after the college has notified SFS their books are closed.

Question: How does it work with the accounts in the financial system?

Answer: SFS will set up a local resource (99995.0, Appropriation Transfer) with applicable accounts for any major object that needs appropriation transfers. All the SFS initiated appropriation transfers will be done in the above referenced resource.

Example:

Fund-Object	Appropriation	Expenditure	Surplus/(Deficit)
01.0-1000	\$1,700,000	\$1,900,000	(200,000)
01.0-2000	\$ 800,000	\$ 740,000	60,000
01.0-3000	\$ 700,000	\$ 500,000	200,000
01.0-4000	\$ 80,000	\$ 62,000	18,000
01.0-5000	\$ 95,000	\$ 105,000	(10,000)
01.0-6000	\$ 60,000	\$ 60,000	0
01.0-7000	\$ 14,000	\$ 18,000	(4,000)

SFS will make the following appropriation transfers, if authorized by the college, after the college's books are closed for the fiscal year.
