Failing to use or properly use safety type equipment such as harnesses or helmets increases the risk of injury or of not surviving an accident or incident while using or participating in ropes/zip/challenge courses and SBACo is not responsible for anything that might result from Clients failure to use or properly use any safety type equipment. Clients understand and acknowledge that the SBACo ropes/zip/challenge course has specific weight parameters/restrictions; participants must weigh at a minimum of fifty (50) pounds and may weigh no more than a maximum of two hundred seventy-five (275) pounds. Clients certify that Clients are within the SBACo ropes/zip/challenge course weight parameters/restrictions. Ropes/zip/challenge activities can be strenuous and people with heart or cardiovascular ailments should not participate. In addition, people with neck or spinal restrictions should exercise great caution in choosing this activity as strains and sprains are common where participants will be jumping, swinging, climbing and moving with their full weight hanging from their hands and arms during portions of this activity. By signing this Release of Liability, Waiver of Claims, Assumption of Risks and Indemnity Agreement, Clients acknowledge that CLIENTS ARE ULTIMATELY RESPONSIBLE FOR THEIR OWN SAFETY during participation in the SBACo adventure.

Clients acknowledge that SBACo rock climbing, hiking and/or backpacking events/activities (including trips, climbs, rappelling, hikes, treks, classes, expeditions, camping, etc.) are generally what is known as "mountaineering" type activities which entail known, unknown and unanticipated risks that could result in physical or emotional injury, death, or damage to Client, to property or to third parties. Participants may become lost or separated from their companions in forested areas, wild and rugged terrain, or bad weather. Clients acknowledge that Clients may encounter hazards such as: loose, falling,

rolling and breaking rock; unstable or loos rock, talus and/or scree slopes, boulders; snow, rock and ice or snow avalanches or massive loosening and movement of dirt and rock; objects – whether equipment, rocks/earth/ice, timber or other participants – falling from above. Clients specifically acknowledge also that SBACo events/activities may involve lodging/camping/backpacking in rustic and rugged situations which may present "comfort style" issues for which Clients accept full responsibility. Clients acknowledge that food preparation is an integral part of some of these activities and that Clients and other participants may be eating in the outdoors or community style environments and that some of the food may not be to their liking; there may be errors in food storage or preparation that could cause dissatisfaction and/or illness; Clients acknowledge primary responsibility to inform SBACo of any specific food related allergies. Water purification systems may or may not be used and/or may or may not function correctly; Clients specifically acknowledge that, in the event Clients chooses to consume alcohol or any and all drug use during non-guided activities or "free time", which is strictly prohibited, Clients will bear complete responsibility for any damages Clients may cause to SBACo, its property or other guests. Clients acknowledge that Clients' time at SBACo events/activities may require Client to use equipment (IE – tents, stoves, water filtration, etc.) that Clients might not be familiar with and will require interaction with other guests and participants with whom Clients are unfamiliar; any of these things can cause discomfort and stress and have inherent risks. Clients acknowledge that Clients could be left alone, unsupervised and/or out of contact with a guide/staff person for extended periods of time. Clients acknowledge that there are numerous other issues Clients may encounter, such as campfires and latrine issues which, while they seem open and obvious, also have inherent risks associated with them. Clients acknowledge that, in the remote locations used by SBACo, participants may experience extreme environmental and/or weather conditions. Exposure to the natural elements can be uncomfortable and/or harmful and Clients are aware that this exposure could cause sunburn, dehydration, heat exhaustion, heat stroke, heat cramps, hypothermia or fatigue, some or all of which may diminish Clients or other participants' ability to react or respond; Clients understand that prolonged exposure to cold water can result in "cold water immersion" syndrome or "cold shock," hypothermia and in extreme cases death. Common (sometimes life threatening) injuries for these types of activities include, but are not limited to the following: strains, sprains, burns, fractures, cuts, and/or wounds and trauma to the head or body. Participants may encounter dangerous wildlife or insects. Delays or inconvenience because of inclement weather, including but not limited to low visibility, high winds, heavy rain, storms or lightening, extreme temperature variations, etc., can occur. Communication in the terrain used by SBACo for its activities can be difficult and in the event of an accident, rescue and medical treatment may be significantly delayed or unavailable. As in all activities which are part of the SBACo adventure, SBACo or its staff may misjudge some of these issues. Clients expressly acknowledge that naturally occurring disease processes (including, but not limited to, Corona Virus) occur in all environments and that SBACo cannot and will not have any legal liabilities should any such injury occur or disease be contracted.

Assignability: Client may not assign or delegate any of its obligations contained within this Agreement.

Entire Agreement: This Agreement and the exhibits attached hereto contain the entire agreement of the Parties with respect to the subject matter of this Agreement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Agreement may only be amended upon the written consent of the Parties.

Severability: If any provision of this Agreement shall be held unenforceable, then such provision will be modified to reflect the Parties' intention. All remaining provisions of this Agreement shall remain in full force and effect.

I hereby acknowledge that I have read, understand and agree to the terms of this document:

Subject: **Proposal for Visioning and Master Plan Study**
For Environmental Charter High School - Inglewood

Dear Alison and Dr. Matthews:

Thank you for the opportunity to continue our partnership with Environmental Charter Schools. We are pleased to submit our proposal for the Visioning and Master Plan Study for the Environmental Charter High School Inglewood campus.

It was a pleasure visiting the campus and experiencing firsthand the incredible work ECS is doing. We were truly inspired by the vibrant learning environment and the diverse educational offerings that reflect your mission. The visit left a lasting impression on us, and we're excited about the opportunity to collaborate with ECS to enhance the campus and further support your impactful work.

A. PROJECT

A.1 Project Description

This project includes Visioning and Master Plan Study of the Environmental Charter High School Inglewood campus that will be a roadmap for future improvements. Some key topics to explore are:

- Campus entry experience
- Outdoor improvements to the courtyard
- Indoor/outdoor learning environment
- Improvements to the church building

B. SCOPE OF SERVICES

Project Start-up Base Information

Activities:
During this period, base information, building condition information, surveys, scaled base maps, plans, existing site condition and other site information/ relevant data will be collected to enable the work to start expeditiously.

B.1 Visioning *(Duration: 2 Weeks)*

Activities:
Gensler will work with ECS Inglewood to develop a clear strategy and timeline for stakeholder engagement. As part of this process, we will facilitate a Visioning Session designed to foster alignment and build consensus among key stakeholders through a dynamic and interactive discussion. This session will help the team identify key focus areas, align on project opportunities, and establish priorities and phasing goals. The goal is to emerge with a shared vision,

programmatic direction, and strategic framework that will guide the Master Plan Study. In addition, Gensler will support—but not facilitate—any ECS-led focus group sessions conducted as part of the broader engagement process.

Key topics that will be examined within the visioning workshop include:

a) Team and lines of communication
b) Schedule and budget
c) Goals, objectives, and measures of success
d) Culture and differentiators
e) Educational and pedagogical offering
f) Image and brand
g) Existing infrastructure
h) Site requirements
i) Space needs, functional relationships and adjacencies
j) Technology requirements
k) Infrastructure requirements, including after-hours use, HVAC, and special security
l) Other applicable cultural issues, guidelines, policies, and procedures that may affect the design of each of the programs
m) Explore opportunities

Deliverables:

Visioning Session summary document in pdf format that will be distributed to the group as a record of the conversation. The document will serve as the creative brief on which the master plan study and future work will be based.

Meetings:

(1) 2 hour Visioning Session

B.2 Master Plan Study *(Duration: 2 Weeks)*

Activities:

Our approach to the Master Plan Study will follow a similar process to that used for the Crossroads campus, beginning with an Existing Campus Analysis followed by the development of a Master Plan Concept. The analysis phase will include a review of project goals, client needs and program requirements, as well as an assessment of existing site conditions and constraints. Insights from this analysis, along with outcomes from the Visioning Session, will directly inform the development of the initial master plan concept.

Deliverables:

- Gensler will prepare photo documentation and site diagrams of existing conditions
- Master plan sketch and reference imagery
- Up to (2) 3D Vignettes

Meetings:

(1) Review existing site conditions and master plan sketch option(s)
(1) Present selected master plan option and 3D vignettes

C. ASSUMPTIONS AND EXCLUSIONS

This proposal is based on the following assumptions and exclusions:

- As built drawings will be provided by Client
- Topographical and Utility survey will be provided
- Consulting Engineering Services are excluded
- Renderings can be provided as an additional service

D. ESTIMATED PROJECT SCHEDULE

a)	Visioning	(2 weeks)
b)	Master Plan Study	(2 weeks)

E. PROPOSED FEE

The fee for the scope of work is based on the information provided by ECS and our detailed work plan and staff billing rates.

Our fee for B.1 would be a total of $30,120 based on our workplan that includes the Gensler team. However, we have reduced our project fees by 15%, as our contribution and commitment to your very important mission and cause.

	Gensler
B.1 Master Plan Study	*$30,120*
15% Discount	*-$4,520*
Total	***$25,600***

**Standard reimbursable expenses not included*

As always, I want to thank you for the opportunity to partner with you, and if you should have any questions, please feel free call.

STANDARD TERMS AND CONDITIONS OF THE AGREEMENT BETWEEN CLIENT AND GENSLER ("STC")

Gensler

Article 1 – Definitions and General Provisions

1.1 Parties. The terms "Client" and "Gensler" include each party's authorized representatives.

1.2 Days or Time. Time periods refer to calendar days, unless otherwise stated.

1.3 Services. "Services" means the professional services to be performed by Gensler, one or more of its affiliated entities and its consultants.

1.4. Project. "Project" means the project for which Client has retained Gensler.

1.5. Work. "Work" means the construction of the Project elements designed or specified by Gensler.

1.6 Contractor. "Contractor" means the contractor engaged by Client to perform the Work.

1.7 Project Budget. The "Project Budget" is the Client's budget for the Work. It is anticipated that the Client will include usual and customary allowances for design and construction contingencies in addition to the cost of the Work. Gensler cannot and does not warrant or represent that bids or negotiated prices will not vary from the Project Budget or from any cost estimate reviewed by Gensler.

Article 2 – Gensler's Services

2.1 Standard of Care. Gensler will perform the Services with the reasonable skill and care ordinarily provided by professionals practicing in the same discipline and locality under similar circumstances ("Standard of Care"). Gensler will perform the Services as expeditiously as is consistent with the Standard of Care and the orderly progress of the Project. Gensler will not be responsible for any delays due to factors beyond its reasonable control.

2.2 Limitation of Construction Responsibilities. Gensler will not have control over, or charge of, and will not be responsible for, construction means, methods, schedules, delays, or safety precautions and programs in connection with the Work, or Contractor's negligence or failure to perform the Work in accordance with the Construction Documents or any portion of the agreement between Client and Contractor.

Article 3 – Client's Responsibilities

3.1 Information. Client will provide full information regarding the requirements for the Project.

3.2 Client's Services and Information. Gensler will be entitled to rely upon the accuracy and completeness of the services, information, surveys, and reports provided by Client, Contractor, or any of their subcontractors or consultants. Gensler's coordination of the Services with the services of Client's consultants will be limited to that necessary for consistency of the Documents (as defined in section 4.1 below) with those of such consultants.

Article 4 – Use of Gensler's Documents and Data

4.1 The drawings, specifications, surveys, reports, and other documents (collectively "Documents") and any computer tapes, disks, models, CAD files, research, analytics, processes, algorithms or other data, in any medium (collectively "Digital Media") prepared by Gensler are instruments of service and/or otherwise protected by U.S. copyrights laws, and will remain Gensler's property. Gensler grants Client a nonexclusive license to use the Documents and Digital Media, delivered or intended as deliverables, solely and exclusively in connection with Client's use and occupancy of the Project, provided that Client substantially performs its contract obligations, including prompt payment of all sums when due.

4.2 Client agrees to indemnify and hold Gensler harmless from and against any and all claims, liabilities, suits, demands, losses, damages, costs, and expenses (including reasonable legal fees and costs of defense), accruing or resulting to any persons, firms, or other legal entities, on account of any damages or losses to property or persons, including death or economic loss, arising out of the unlicensed use, or the transfer or modification of, the Documents and/or Digital Media.

Article 5 – Claims and Disputes

5.1 Mediation. The parties agree to mediate any dispute or claim, under the Construction Industry Mediation Procedures of the American Arbitration Association, prior to undertaking arbitration per Section 5.2. The cost of the mediation service will be borne equally by the parties.

5.2 Arbitration. In the event the parties are not able to resolve a dispute by mediation, the parties agree to submit the matter to confidential arbitration, in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association in force at the time the claim is submitted to arbitration. The arbitration will be held in or near the city of Gensler's office providing the Services. The award rendered by the arbitrator(s) will be

final, and judgment on the award may be entered in any court having jurisdiction.

5.3 Mutual Indemnification. Gensler agrees to indemnify Client from and against those damages that Client incurs, as a result of a third-party claim concerning the death or bodily injury to any person or the destruction or damage to any property, to the proportionate extent caused by the negligent act, error, or omission of Gensler or anyone for whom Gensler is legally liable. Client agrees to indemnify Gensler from and against those damages that Gensler incurs, as a result of a third-party claim concerning the death or bodily injury to any person or the destruction or damage to any property, to the proportionate extent caused by the negligent act, error, or omission of Client or anyone for whom Client is legally liable.

5.4 Limitation of Liability. Except for the indemnification obligations under Section 5.3, Client agrees that Gensler's total liability arising out of or related to the Project or this Agreement will not exceed the total compensation received by Gensler pursuant to this Agreement.

5.5 Mutual Waiver of Consequential Damages. Gensler and the Client hereby waive special, exemplary or consequential damages for claims or disputes arising out of or relating to this Agreement. The parties agree that this mutual waiver includes, but is not limited to, waiver of damages incurred by either party for loss of income, lost profit, financing costs, loss of business, or damage to reputation.

5.6 Governing Law. This Agreement will be governed by the law of the jurisdiction where the Project is located.

Article 6 – Termination and Suspension

6.1 Termination or Suspension by Either Party. This Agreement may be terminated or suspended by either party upon not less than seven days written notice should the other party fail substantially to perform in accordance with this Agreement, through no fault of the party initiating the termination or suspension, and such nonperformance is not remedied within the notice period.

6.2 Termination or Suspension by Gensler. Client's failure to make payments to Gensler in accordance with this Agreement, or the Client's violation of its obligations under section 8.6 of this Agreement, will constitute substantial nonperformance and cause for termination or, at Gensler's option, cause for suspension of performance of Services under this Agreement, and Gensler shall not be responsible for any claims or damages arising out of or related thereto.

6.3 Termination for Convenience. Client may terminate this Agreement for its convenience upon not less than seven days written notice to Gensler.

6.4 Compensation upon Termination. In the event of termination, Gensler will be compensated for Services performed prior to termination, together with reimbursable expenses then due.

Article 7 – Payments to Gensler

7.1 Progress Payments. Gensler will submit monthly invoices for Services performed and expenses incurred during the previous month, exclusive of any non-US withholding or value-added taxes. Payment will be due in US Dollars and payable upon receipt of Gensler's invoices. Client will notify Gensler of any disputes or questions regarding an invoice within 15 days of Client's receipt of the invoice in question. Client may withhold payment of any portion of an invoice only to the proportionate extent the invoice is compensation for any Services Gensler has provided in breach of this Agreement. Amounts unpaid 30 days after the issue date of Gensler's invoice will be assessed a service charge of 1.5% per month.

7.2 Hourly Rates. Where Services are to be compensated on an hourly basis, compensation will be based on the hourly rates set forth in Gensler's and Gensler's consultants' standard rate schedules.

7.3 Project Changes. Gensler's fee for Basic Services is based upon (among other things) the budget, schedule, and the scope of services. Gensler's compensation will be equitably adjusted if the Project's scope, schedule, or budget, or Client information, approvals, or instructions, are changed due to factors beyond Gensler's reasonable control. If portions of the Project do not proceed, compensation for those portions will be payable to the extent Services are performed on those portions.

7.4 Sales Tax. Gensler's compensation is exclusive of any applicable sales tax. If Gensler is required by applicable law to charge Client sales tax, the sales tax will be itemized on each invoice and will be due and payable to Gensler by Client upon receipt, unless the Client provides valid sales tax exemption documentation to Gensler issued by the relevant tax authority.

Article 8 – Miscellaneous Provisions

8.1 Assignment and Third Parties. Neither party will assign this Agreement, any right arising out of it, or the performance of obligations hereunder, without the written consent of the other. Nothing contained in this Agreement will create a contractual relationship with, or a cause of action in favor of, any third party.

8.2 Credits. Gensler may create and use representations of the Project's design (including photographs, videos, or other media) in Gensler's business and marketing activities, such as in marketing materials and competitive

submissions. Unless otherwise directed by Gensler, Client will provide professional credit for Gensler in Client's promotional materials (except for materials used to solicit funding) for the Project.

8.3 Latent Conditions. In the event the Project includes any remodeling, alteration, or rehabilitation work, Client acknowledges that certain design and technical decisions will be made on assumptions based on available documents and visual observations of existing conditions.

8.4 Area Analysis. Unless this Section 8.4 is explicitly superseded by further agreed terms and conditions in the Letter of Agreement or applicable Work Authorization, area measurements and calculations provided by Gensler ("Measurements") are for use in designing and constructing the Project only. Measurements will not be used for any other purpose, including negotiating or determining rent, asset values, or legal obligations. Client will indemnify Gensler from third-party liabilities arising from unauthorized use of Measurements. Upon Client's request, and subject to further agreed terms and conditions, Gensler will provide Measurements suitable for purposes other than designing and constructing the Project as an Additional Service.

8.5 Hazardous Materials. Client acknowledges that Gensler has no expertise in, and is not being retained for the purposes of, investigating, detecting, abating, replacing, remediating, or removing any items, products, or materials containing hazardous substances.

8.6 Ethics. Client and Gensler acknowledge their responsibilities and commitment to abide by their respective ethical guidelines, to require that their employees, agents, consultants or contractors conduct themselves professionally and respectfully, and to comply with both domestic and international anti-slavery and anti-corruption laws, including but not limited to the United States Foreign Corrupt Practices Act, the United Kingdom Bribery Act and the Modern Slavery Act, and any amendments and related regulations. Either party may terminate this Agreement at any stage of the Project, if it reasonably believes that the other party has failed to comply with the provisions of this section, including any non-compliance prior to the effective date of this Agreement. A party exercising its right to terminate under this provision will not be liable for any claims or damages arising out of or related to the termination.

8.7 Confidentiality and Data Privacy. The terms and conditions of this Agreement, non-public information designated by either party as confidential, and proprietary information that is not known to the public respecting the business of either party will be considered "Confidential Information." Neither party will reveal Confidential Information to third parties, except to the extent necessary for the purpose of this Agreement or as required by law. Client will not provide Gensler information that is defined as personal information ("Personal Data") under applicable data privacy or protection laws ("Data Protection Laws") without written authorization from Gensler's legal counsel. Upon such authorization, Client will (a) enter into a data processing agreement with Gensler (if applicable), (b) notify and instruct Gensler with respect to the handling of such Personal Data consistent with Data Protection Laws, and (c) comply with such laws in connection with the collection, storage, and processing of Personal Data.

8.8 Entire Agreement, Waiver, and Severability. This Agreement is the entire, integrated agreement between Client and Gensler. This Agreement supersedes all prior related negotiations, representations, or agreements and Client and Gensler are not relying on any such matter. No failure to act by either Party hereto will be deemed to constitute a waiver of such Party's rights or remedies hereunder. If any part of this agreement is declared unenforceable or invalid, the remainder will continue to be valid and enforceable.

1. Description of Work

Beginning on the Effective Agreement Date, CLIENT hereby engages PACIFICWEST, and PACIFICWEST hereby accepts such engagement, to perform and provide to CLIENT the following equipment and services (collectively, the "Work"):

a. **Scope of Work.** PACIFICWEST will perform and provide CLIENT with the Work identified in Exhibit A "Scope of Work" within this Agreement, except as indicated in the Scope of Work Exclusions. References herein to "Equipment" shall be defined as set forth in Exhibit A.

b. **Independent Contractor.** PACIFICWEST will perform the Work as an independent contractor with exclusive control of the manner and means of performing the Work in accordance with the requirements of this Agreement. Except as otherwise agreed by CLIENT, PACIFICWEST has no authority to act or make any agreements or representations on behalf of CLIENT. This Agreement is not intended, and shall not be construed to create, between CLIENT and PACIFICWEST, the relationship of principal and agent, joint-venturers, co-partners, or any other such relationship, the existence of which is hereby expressly denied. No employee or agent of PACIFICWEST shall be, or shall be deemed to be, an employee or agent of CLIENT.

c. **Subcontractors.** PACIFICWEST may subcontract the Work to be carried out under this Agreement to one or more subcontractors or vendors with the advance written approval of CLIENT. The Parties acknowledge and agree that the use of subcontractors or vendors may also be subject to the approval of the California Energy Commission. PACIFICWEST shall be liable to the CLIENT for any Work carried out by the subcontractors or vendors as if such Work were carried out by the Contractor itself and such subcontracting shall not eliminate or reduce PACIFICWEST'S obligations and responsibilities under this Agreement. PACIFICWEST shall not have any responsibility, duty or authority to direct, supervise or oversee any contractor of CLIENT or their services or to provide the means, methods or sequence of their services or to stop their services, unless otherwise agreed by the Parties in writing. PACIFICWEST's Work and/or presence at CLIENT's site shall not relieve others of their responsibility to CLIENT or to others.

d. **Standard of Performance.** In performing Work under this Agreement, PACIFICWEST, its subcontractors, and their employees are responsible for exercising the degree of skill and care required by customarily accepted good professional practices and procedures for the type of work performed.

e. **Cooperation**. The Parties acknowledge and understand that this Agreement is funded by the California Energy Commission through the CalSHAPE Grant Agreement. In performing its obligations hereunder PACIFICWEST agrees to comply with the terms and conditions of the CalSHAPE Grant Agreement, as applicable, and shall cooperate with CLIENT in fulfilling its obligations under the CalSHAPE Grant Agreement. In the event of a conflict between this Agreement and the CalSHAPE Grant Agreement, the CalSHAPE Grant Agreement shall govern Payment for Work

2. Payment for Work

a. **Agreement Sum.** In exchange for the Work, CLIENT shall pay PACIFICWEST the Agreement Sum in the amounts and in accordance with Exhibit B of this Agreement.

b. **Invoicing.** The Parties acknowledge that payment for all Work performed pursuant to this Agreement shall be made in accordance with Section 8 of the CalSHAPE Grant Agreement between CLIENT and the California Energy Commission. Unless otherwise set forth in Exhibit B, PACIFICWEST shall invoice CLIENT on a monthly or other progress-billing basis as agreed upon by the Parties. Invoices are due and

payable within thirty (30) days of receipt by CLIENT. Notwithstanding the foregoing, the Parties may mutually agree in writing to modify the timing of payment of invoices. If CLIENT disagrees with any portion of an invoice, it shall notify PACIFICWEST in writing of the amount in dispute and the reason for its disagreement within fifteen (15) days of receipt of the invoice and shall pay the portion not in dispute. Except for the foregoing, CLIENT shall make all payments without setoff or counterclaim.

c. **PACIFICWEST Suspension.** Except for non-payment resulting from the non-availability of funds as set forth in Section 2(g) of this Agreement, PACIFICWEST may suspend the Work if payment is more than fifteen (15) days past due and shall be entitled to reimbursement for reasonable costs incurred in connection with the suspension. In the event of a suspension under this Section 2(c), PACIFICWEST shall be entitled to: (i) a day for day extension to the Project Schedule, set forth in Exhibit D, equal to the number of days of the suspension; and (ii) any additional actual and documented costs (e.g., standby costs, costs of demobilization or re-mobilization) reasonably incurred by PACIFICWEST directly attributable to the suspension. In the event of a suspension under this Section 2(c), PACIFICWEST shall promptly reinitiate Work upon the CLIENT's and PACIFICWEST's agreement for a Change Order setting forth any Changes required, including changes in the Agreement Sum, resulting from such suspension.

d. **CLIENT Suspension.** CLIENT may suspend the Work, at its discretion, by giving PACIFICWEST two (2) business days prior written notice. Upon receipt of written notice of suspension, PACIFICWEST shall make commercially reasonable efforts to stop work, and may only incur costs reasonably necessary to protect, secure, or insure the Work. CLIENT shall have no liability to PACIFICWEST for costs incurred after the effective date of suspension unless such costs are preapproved in writing by CLIENT. If the Work is suspended under this Section 2(d) and such suspension is not due to the act or omission of PACIFICWEST or its subcontractors, PACIFICWEST shall be entitled to (a) a day for day extension to the Project Schedule, set forth in Exhibit D, equal to the number of days of the suspension, and (b) the reimbursement of any actual and documented costs and expenses, if any, reasonably incurred by PACIFICWEST in protecting, securing or insuring the Work. If the Work is suspended under this Section 2(d) for a reason other than due to the act or omission of PACIFICWEST or any of its subcontractors for more than ninety (90) consecutive days, either Party may terminate this Agreement without liability of either Party as a result of such termination, provided, however, that PACIFICWEST shall be entitled to compensation for the Work previously performed and for documented costs actually incurred up to the effective date of the suspension.

e. **Late Fees.** Except for late payment resulting from the non-availability of funds as set forth in Section 2(g) of this Agreement, on invoice amounts at least thirty (30) days past due CLIENT shall pay interest from the invoice due date as set forth in Section 2(b) until payment is received at the lesser of 1.5% per month or the maximum rate allowed by law. If CLIENT does not pay a portion of an invoice because of an invoice disagreement as contemplated by Section 2(b) above, and it is subsequently determined or agreed that any portion of the amount withheld was improper, then interest shall also apply with respect to such portion as provided in the preceding sentence. CLIENT shall reimburse PACIFICWEST for PACIFICWEST's costs and expenses (including attorneys' and witnesses' fees) incurred for collection under this Agreement. Notwithstanding the foregoing, if payment is withheld in good faith by CLIENT, CLIENT shall not be responsible for payment of interest on such withheld portions or PACIFICWEST's costs and expenses incurred for collection of such withheld portions.

f. **Non-Availability of Funds**. This Agreement and any payments made hereunder are subject to and superseded by, any restrictions, limitations, or conditions enacted by the California Legislature and contained in the Budget Act, or any statute or regulations enacted by the Legislature which may affect the provisions, terms, or funding of this Agreement. In the event that CLIENT receives notice from the

e. **Risk.** The parties acknowledge that the price for which PACIFICWEST has agreed to perform the Work and obligations under this Agreement was calculated based upon the foregoing allocations of risk, and that each party has expressly relied on, and would not have entered into this Agreement but for, such allocations of risk.

7. Warranty

PACFICWEST warrants that, unless otherwise agreed, all materials and Equipment furnished will be of good quality and new and that the Work will be free from defects. PACIFICWEST warrants that the Work shall be free from defects in material and workmanship arising from normal usage for a period of (1) one year from each system's Certificate of Substantial Completion date and/or the Final Certificate of Completion date, whichever is earlier. During the warranty period, upon written notice from CLIENT, PACIFICWEST shall repair or replace the defective Work subject to the approval of CLIENT. These warranties do not extend to any Work that has been repaired by others, abused, altered, misused, or that has not been properly and reasonably maintained. 8. Hazardous Materials

Unless specifically noted in writing, the Work provided by PACIFICWEST expressly exclude any Work of any nature associated or connected with the identification, abatement, use, transportation, cleanup, control, storage, removal, containment, clearance testing or disposal of hazardous materials or substances, including but not limited to asbestos, pollutants, hazardous wastes, hazardous materials, or PCBs (collectively "Hazardous Materials"), in or on the CLIENT site. CLIENT shall promptly notify PACIFICWEST in writing of all known or suspected Hazardous Materials at CLIENT site, of any contamination of CLIENT site by oil or other Hazardous Material, and of any other conditions requiring special care or which may reasonably be expected to affect the Work. CLIENT shall provide PACIFICWEST with any available documents describing the quantity, nature, location, and extent of such materials, contamination, or conditions. CLIENT shall be solely responsible for the cost of any cleanup, removal, or remediation of any Hazardous Materials on the CLIENT site, provided that such costs do not arise from the negligence, willful misconduct, breach of the Agreement, or breach of applicable law by PACIFICWEST or any of its employees, subcontractors, or vendors.

9. Changes and Delays

a. **CLIENT Requested Change Orders.** CLIENT is entitled to require any variation in the Work (a "Change") at any time by submitting to PACIFICWEST a specific request for such variation (a "Change Order"). Promptly after receiving such a request for a Change, PACIFICWEST shall prepare and deliver to CLIENT a Change Order. The Change Order shall include:

   i. the specific change in the Work to be carried out by PACIFICWEST;

   ii. any adjustment to the Agreement Sum due to the Change;

   iii. any adjustment to the Project Schedule due to the Change; and

   iv. any other impact on PACIFICWEST's ability to perform its obligations under this Agreement.

If CLIENT accepts a Change Order and each of the Parties signs the Change Order, the Change Order shall be binding upon the Parties. PACIFICWEST shall perform the Change pursuant to the approved Change Order.

b. **Compensation or Credit for Changes.** To the extent that a Change pursuant to an approved Change Order results in increased costs to PACIFICWEST to perform the Work, PACIFICWEST shall be entitled to an adjustment to the Agreement Sum, determined based on then-prevailing rates, plus any related actual and documented incremental out-of-pocket costs reasonably incurred, without markup. To the extent a Change results in any credit due to CLIENT, CLIENT shall be entitled to reduce the Agreement Sum by such credited amount.

c. **PACIFICWEST Requested Change Orders.** As the Work is performed, conditions may change or circumstances outside PACIFICWEST reasonable control (including changes of law) may develop which would require PACIFICWEST to expend additional costs, effort or time to complete the Work, in which case PACIFICWEST will notify CLIENT and may submit a Change Order to CLIENT. If CLIENT accepts the Change order and each of the Parties signs the Change Order, the Change Order shall be binding upon the Parties. PACIFICWEST shall perform all Work in accordance with a properly executed Change Order. For the avoidance of doubt, if a Change Order results in a suspension or termination of any of the Work contemplated hereunder, PACIFICWEST shall be reimbursed for Work performed and documented costs actually incurred up until the effective date of the Change Order. PACIFICWEST shall be compensated for any extra work requested in writing by CLIENT at its then-prevailing rates and shall be reimbursed for costs and expenses (plus reasonable profit and overhead) incurred in its performance of the Work. The Agreement Sum provides for, and is in consideration of, only the Work specifically included under the Scope of Work. All other work, including but not limited to the following, shall be separately billed or surcharged on a time and materials basis:

   ii. Work performed at CLIENT's request at times other than during PACIFICWEST's normal working hours; and

   iii. Work performed on equipment or facilities not covered by the Scope of Work.

   PACIFICWEST may, with CLIENT approval, substitute alternative parts, goods or equipment in the performance of the Work, provided that any such substitution shall be of an equal or better quality.

Such Party will resume full performance of its obligations and responsibilities hereunder promptly upon the removal or conclusion of any such Force Majeure event. In the event of such Force Majeure, the Parties may meet and confer to consider the appropriateness of a Change Order. Either Party may terminate this Agreement upon five (5) days written notice in the event such Force Majeure event exceeds sixty (60) days.

a. **PACIFICWEST Insurance.** PACIFICWEST shall maintain insurance with reputable carriers in amounts customary in the industry while performing the Work.

b. **CLIENT Insurance.** CLIENT will maintain, at its own expense, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the initial Agreement Sum, plus the value of Change Orders and subsequent modifications and cost of materials supplied or installed by others, on a replacement cost basis without optional deductibles. Such property insurance shall be maintained, unless otherwise provided in this Agreement or otherwise agreed in writing by PACIFICWEST, until final payment has been made to PACIFICWEST or no person or entity other than CLIENT has an insurable interest in the property, whichever is later. The policy form shall include without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, earthquake, flood, windstorm, falsework, testing and start-up, rebuilding and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for PACIFICWEST' Work and expenses required as result of such insured loss. If the insurance requires deductibles or retentions, the CLIENT shall pay costs not covered because of such deductibles or retentions. This insurance shall cover portions of the Work off the Site, and also portions of the Work in transit. Partial occupancy or use shall not commence unless the insurance company providing this insurance has consented to such partial occupancy or use by endorsement for otherwise. The CLIENT shall purchase and maintain boiler and machinery insurance which shall specifically cover such insured objects during installation and until Acceptance by the CLIENT.

   The insurances required by this section shall include the interests of the CLIENT and PACIFICWEST in the Work. PACIFICWEST shall be included as an additional insured on each such insurance coverage. The CLIENT and PACIFICWEST waive all rights against each other for damages caused by fire or other causes of loss to the extent covered by the insurance required by this section and for any other property insurance applicable to the Work, except such rights as they have to proceeds of such insurance held by the CLIENT as fiduciary. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged. Insurance certificates shall be furnished upon request.

c. **Payment and Performance Bond.** Prior to the commencement of construction, PACIFICWEST shall post a payment and performance bond for the benefit of CLIENT in the amount of the Agreement Sum. The surety providing the payment and performance bonds shall not be responsible nor provide coverage for cost savings and/or extended warranties beyond the one (1) year Warranty period. PACIFICWEST shall be solely responsible and provide coverage for these provisions pursuant to the terms of this Agreement, if applicable. For clarity to this Agreement, cost savings guarantees, performance measurements, and/or related coverage shall not be provided to CLIENT by PACIFICWEST.

11. Indemnification

a. **PACIFICWEST Indemnity.** PACIFICWEST will indemnify, defend (with counsel reasonably acceptable to CLIENT) and hold harmless CLIENT, its officers, agents, and employees from and against any and all losses, claims, expenses and damages (including reasonable attorney's fees) for personal injury or damage to property (collectively "Claims"). PACIFICWEST's obligations hereunder shall be solely to the extent the

Claims are caused by or arise directly from PACIFICWEST or its employees, consultants' or agents': (i) gross negligence, or willful misconduct in connection with PACIFICWEST's performance of the Work; (ii) violation of applicable law; or (iii) breach of this Agreement. PACIFICWEST's obligations under this indemnity shall not extend to Claims to the extent attributable to the gross negligence or willful misconduct of CLIENT or its agents, contractors or employees (for which CLIENT shall be fully responsible). PACIFICWEST reserves the right to control the defense and settlement of any claim for which PACIFICWEST has an obligation to indemnify and defend hereunder, provided that CLIENT shall have the right to approve of any such settlement agreement prior to execution, and such approval shall not be unreasonably withheld.

b. **Intellectual Property Indemnity.** PACIFICWEST may not, in supplying Work under this Agreement, knowingly infringe or misappropriate any intellectual property right of a third party and will take reasonable actions to avoid infringement. To the extent allowed under California law, PACIFICWEST will defend and indemnify CLIENT, the California Energy Commission and the California Public Utilities Commission from and against any claim, lawsuit, or other proceeding, loss, cost, liability, or expense (including court costs and reasonable fees of attorneys and other professionals) to the extent arising out of: (i) any third party claim that a product infringes any patent, copyright, trade secret, or other intellectual property right of any third party; or (ii) any third party claim arising out of the negligent or other tortious acts or omissions by PACIFICWEST or its employees, subcontractors, or agents in connection with or related to the Work, products, deliverables, or PACIFICWEST's performance under this Agreement.

c. **Indemnity of the State.** PACIFICWEST shall indemnify, defend, and hold harmless the State of California (including the California Energy Commission), and State officers, agents, and employees from any and all Claims in connection with the performance of this Agreement. This provision shall apply to the fullest extent permitted under California law, and shall not be limited by Section 11(d).

d. **Limit of Liability.** In no event shall CLIENT or PACIFICWEST be liable under this Agreement for special, indirect, incidental, punitive, exemplary or consequential damages, including commercial loss, loss of use, or lost profits, however caused, even if PACIFICWEST or CLIENT have been advised of the possibility of such damages. In any event, PACIFICWEST's aggregate liability for any direct damages, claims, losses, or expenses arising out of this Agreement, or out of any goods or Work furnished under this Agreement, whether based in contract, negligence, tort, strict liability, agency, warranty, trespass, indemnity, or any other theory of liability, shall be limited to not greater than the total of two times (2x) the Agreement Sum.

12. Entire Agreement

This Agreement constitutes the entire, complete, and exclusive agreement between the parties and supersedes all prior and contemporaneous negotiations, statements, representations, agreements, letters of intent, awards, or proposals, either written or oral relative to the same. There are no other promises or conditions in any other agreement whether oral or written concerning the subject matter of this Agreement.

13. Severability

If any provision of this Agreement will be held to be invalid or unenforceable for any reason, the remaining provisions will continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid

or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision will be deemed to be written, construed, and enforced as so limited.

14. Amendment

This Agreement may be modified or amended only by a written instrument signed by both parties.

15. Governing Law

This Agreement shall be construed in accordance with the laws of the State of California.

16. Notice

Any notice or communication required or permitted under this Agreement shall be sufficiently given if delivered in person or by certified mail, return receipt requested, to the address set forth in the opening paragraph or to such other address as one party may have furnished to the other in writing.

17. Assignment

Neither Party may assign or transfer this Agreement without the prior written consent of the non-assigning Party, except that PACIFICWEST may use subcontractors in the performance of the Work in accordance with Section 1(c) of this Agreement. Nothing contained in this Agreement shall be construed to give any rights or benefits to anyone other than CLIENT and PACIFICWEST without the express written consent of both parties.

18. Disputes

In the event of any dispute arising under this Agreement, within ten (10) days following receipt of written notice from either Party identifying such dispute, the Parties shall meet, negotiate and attempt, in good faith, to resolve the dispute quickly, informally and inexpensively. If the Parties are unable to resolve a dispute arising hereunder within ten (10) days of initiating such discussions, or within fifteen (15) days after notice of the dispute, either Party may seek any and all remedies available to it at law or in equity; provided however that if the dispute is of a technical nature, the Parties agree that before either Party may seek any and all remedies available to it at law or in equity, the dispute shall be referred to an independent engineering firm that has experience in the design and operation of projects similar to the project at issue and that is acceptable to both Parties for resolution and that if such engineering firm is unable to resolve the dispute within fifteen (15) days of such referral, either Party may seek any and all remedies available to it at law or in equity.

PACIFICWEST will ensure that all agreements with its subcontractors and vendors to perform work related to this Project contain the above terms regarding payment of prevailing wages on public works projects. PACIFICWEST is responsible for any failure of its subcontractors to comply with California prevailing wage and public works laws.

d. Indemnification and Breach

Any failure of PACIFICWEST or its subcontractors to comply with the above requirements will constitute breach of this Agreement which excuses CLIENT's performance of this Agreement and will be at PACIFICWEST's sole risk. h. Cost Accounting

PACIFICWEST will keep separate, complete, and correct accounting of the costs involved in completing the Work. However, performance of any such interim audits by the either the CLIENT or the California Energy Commission does not preclude further audit.

PACIFICWEST will allow the auditor(s) to access such records during normal business hours, and will allow interviews of any employees who might reasonably have information related to such records. PACIFICWEST will include a similar right of the CLIENT and state to audit records and interview staff in any subcontract or vendor agreement related to the performance of this Agreement.

l. Refunds

If an audit determines that any invoiced and paid amounts exceed the actual allowable incurred costs, PACIFICWEST will repay the amounts to the CLIENT and/or the California Energy Commission within thirty (30) days of request or as otherwise agreed by the Parties and the California Energy Commission. If such payment is not timely made, CLIENT and/or the California Energy Commission will be entitled to take any actions to enforce any remedies available, such as withholding further payments and seeking repayment from PACIFICWEST.

m. Audit Costs

PACIFICWEST will bear its cost of participating in any audit (e.g., mailing or travel expenses). Initials FG

The last day to reduce the number of students on your invoice is 8/10/2025 12:00:00 AM, which is 45 days prior to arrival. Schools are unable to reduce their payment numbers below 25 students. Any proposed increase in student numbers is contingent upon availability and must be approved by Pali Institute. **All refund requests are subject to the approval of Pali Institute. A written refund request does not guarantee that a refund will be issued.**

If a student(s) cannot attend due to a last-minute illness, a refund of half (50%) the cost per student will be available if a written refund request is submitted within five (5) days of departure with an attached doctor's note. If Pali Institute approves a refund, it will be submitted to the school or financially responsible organization. Refund requests may be submitted to bridgette@paliinstitute.com.

The school agrees to take responsibility for behavior issues that may occur on behalf of their students while attending Pali Institute. If a student violates the behavior policy of Pali Institute and/or the attending school, administrators from Pali Institute and the attending school may require a parent or guardian to remove their student. If the parent or guardian refuses to remove their student a school official will be responsible.

We cannot be responsible for lost or stolen articles, and there will be a charge for any damage to facilities by your students.

Transportation **Initials** FG

The attending school will be responsible for transportation to and from Pali Mountain. The scheduled arrival time will be between 10:30AM and 11:00AM, and busses should arrive on the day of departure between 9:00AM and 10:00AM to be loaded and depart by 11:00AM.

Inclement Weather **Initials** FG

During times of snowstorms and inclement weather, the Pali site remains open and operational. During these times Route 18 and 330, our chief access roads, remain open to buses with chains. It is therefore the responsibility of the client to reach Pali for scheduled programming. If the client is unable to reach the site due to the weather conditions when Routes 18 and 330 are open, no refund will be given, and all deposits paid will be forfeited. If both Routes 18 and 330 are closed to all traffic for more than 4 hours on arrival day, Pali and the school shall use best efforts to reschedule a mutually convenient date, recognizing that it will be dependent on Pali Institute's remaining availability and may include weekend dates. If rescheduling options do not exist and Pali is unable to accommodate the school before the end of the current school year in which the trip was scheduled for, a refund will be given.

Emergency Situations **Initials** FG

If the school or Pali must cancel a trip due to a declared emergency condition such as fire, flood, earthquake, Pali shall communicate with the appropriate governmental agency(ies) having jurisdiction over Pali Institute's location (U.S. Forest Service, California Highway Patrol, San Bernardino County Sheriff, or the San Bernardino County Health and Safety Department) to ascertain the accessibility and safe operation of the program. Based on the recommendations made by the agency(ies), Pali and the school shall mutually agree on a course of action regarding the health and safety of students and staff. If the site in question is deemed inaccessible and/or considered to be unsafe for use by both Pali and the school, the trip will be postponed and rescheduled. If the inaccessible and/or unsafe condition prohibits participation from the first (1st) day of the trip, the visit shall be rescheduled to a mutually convenient date as soon as practicable thereafter. It shall be the responsibility of school to update parents and school staff of such decisions.

Pandemic Cancellation and Overstay Trip Insurance **Initials** FG

Pali offers Pandemic & Overstay Trip (POST) Insurance for an additional fee of 8% of the Total Cost under this Site Reservation Agreement, paid at the time of the initial deposit. With POST Insurance, if a pandemic is declared by a governmental authority and customer wishes to cancel its trip after the 120 days before arrival cutoff, but Pal remains open and operating, Pali would refund 100% of the amounts paid to Pali within (3) business days of such cancellation by Customer. Further, with POST Insurance, If Pali is required to cease operations and preventing Customer from attending Pali (after the Cancellation Period), Pali would refund 100% of the amounts paid to Pali within (3) business days of such cancellation by Customer. In the event POST Insurance is not purchased and the Customer is prevented from attending Pali after the Cancellation Period, no refund shall be issued, but Customer shall receive a credit for amounts paid, which credit must be used on a rescheduled trip within twelve months of Pali reopening to the public. In the event the credit is not used by Customer within the twelve-month period, all credit amounts shall be eliminated. Any rescheduled trip shall be subject to availability and may include weekends.

As used herein, "government authority" shall not include the school district of which Customer is affiliated or a part of and shall be limited to independent public health officials from the state agencies with the legal jurisdiction over public health decisions in the physical proximity of the school or Pali.

In the event of an overstay at Pali, for any reason at all, Pali will continue to house, feed, and supervise the children required to extend their stay at Pali. If a customer has purchased POST Insurance, there are no additional charges, and the POST insurance (and No-Fault Insurance) covers the charges for the extended stay. In those instances where a customer has not purchased either insurance coverage and events require an overstay, the customer will be charged 75% of the daily rate under their agreement.

3. Ownership of Equipment; Assignment. We are the sole owner and titleholder to the Equipment (except for any Software). You will keep the Equipment free of all liens and encumbrances. YOU HAVE NO RIGHT TO SELL, TRANSFER, ENCUMBER, SUBLET OR ASSIGN THE EQUIPMENT OR THIS LEASE WITHOUT OUR PRIOR WRITTEN CONSENT (which consent shall not be unreasonably withheld). You agree that we may sell or assign all or a portion of our interests in the Equipment and/or this Lease without notice to you even if less than all the payments have been assigned. In that event, the assignee (the "Assignee") will have such rights as we assign to them but none of our obligations (we will keep those obligations) and the rights of the Assignee will not be subject to any claims, defenses or set-offs that you may have against us. No assignment to an Assignee will release Ricoh from any obligations Ricoh may have to you hereunder. The Maintenance Agreement you have entered into with a Servicer will remain in full force and effect with Servicer and will not be affected by any such assignment. You acknowledge that the Assignee did not manufacture or design the Equipment and that you have selected the Manufacturer, the Servicer and the Equipment based on your own judgment.

4. Software or Intangibles. To the extent that the Equipment includes Software, you understand and agree that we have no right, title or interest in the Software and you will comply throughout the term of this Lease with any license and/or other agreement ("Software License") entered into with the supplier of the Software ("Software Supplier"). You are responsible for entering into any Software License with the Software Supplier no later than the Effective Date (as defined below).

5. Taxes and Origination Fee. In addition to the payments under this Lease, you agree to pay all taxes, assessments, fees and charges governmentally imposed upon our purchase, ownership, possession, leasing, renting, operation, control or use of the Equipment. If we are required to file and pay property tax, you agree at our discretion, to either: (a) reimburse us for all personal property and other similar taxes and governmental charges associated with the ownership, possession or use of the Equipment when billed by the jurisdictions; or (b) remit to us each billing period our estimate of the pro-rated equivalent of such taxes and governmental charges. In the event that the billing period sums include a separately stated estimate of personal property and other similar taxes, you acknowledge and agree that such amount represents our estimate of such taxes that will be payable with respect to the Equipment during the term of this Lease. As compensation for our internal and external costs in the administration of taxes related to each unit of Equipment, you agree to pay us a "Property Tax Administrative Fee" in an amount not to exceed the greater of 10% of the invoiced property tax amount or $10 each time such tax is invoiced during the term of this Lease, not to exceed the maximum amount permitted by applicable law. The Property Tax Administrative Fee, at our sole discretion, may be increased by an amount not exceeding 10% thereof for each subsequent year during the term of this Lease to reflect our increased cost of administration, and we will notify you of any such increase by indicating such increased amount in the relevant invoice or in such other manner as we may deem appropriate. If we are required to pay upfront sales or use tax and you opt to pay such tax over the term of this Lease and not as a lump sum at Lease inception, then you agree to pay us a "Sales Tax Administrative Fee" equal to 3.5% of the total tax due per year. Sales and use tax, if applicable, will be charged until a valid sales and use tax exemption certificate is provided to us. In connection with this Lease, you agree to pay us an origination fee of $75.00 on the first payment date.

6. Uniform Commercial Code ("UCC") Filing. To protect our rights in the Equipment in the event this Lease is determined to be a security agreement, you hereby grant to us a security interest in the Equipment, and all proceeds, products, rents or profits from the sale, casualty loss or other disposition thereof. You authorize us to file a copy of this Lease as a financing statement, and you agree to promptly execute and deliver to us any financing statements covering the Equipment that we may reasonably require; provided, however, that you hereby authorize us to file any such financing statement without your authentication to the extent permitted by applicable law.

7. Warranties. We transfer to you, without recourse, for the term of this Lease, any written warranties made by the Manufacturer or the Software Supplier with respect to the Equipment. YOU ACKNOWLEDGE THAT YOU HAVE SELECTED THE EQUIPMENT BASED ON YOUR OWN JUDGMENT AND YOU HEREBY AFFIRMATIVELY DISCLAIM RELIANCE ON ANY ORAL REPRESENTATION CONCERNING THE EQUIPMENT MADE TO YOU. However, if you enter into a Maintenance Agreement with the Servicer with respect to any Equipment, no provision, clause or paragraph of this Lease shall alter, restrict, diminish or waive the rights, remedies or benefits that you may have against the Servicer under such Maintenance Agreement. WE MAKE NO WARRANTY, EXPRESS, OR IMPLIED, AS TO ANY MATTER WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. AS TO US AND OUR ASSIGNEE, YOU LEASE THE EQUIPMENT "AS-IS."

8. Maintenance of Our Equipment. You agree to install (if required), use and maintain the Equipment in accordance with Manufacturers' specifications and to use only those supplies, which meet such specifications. You shall engage Ricoh, its subsidiaries or affiliates, or an independent third party (the "Servicer") to provide maintenance and support services pursuant to a separate agreement for such purpose ("Maintenance Agreement"). You will keep the Equipment in good condition, except for ordinary wear and tear.

9. Indemnity, Liability and Insurance. To the extent not prohibited by applicable law, you agree to indemnify us, defend us and hold us harmless from all claims arising out of the death or bodily injury of any person or the damage, loss or destruction of any tangible property caused by or to the Equipment, except to the extent caused by our gross negligence or willful misconduct. Notwithstanding anything to the contrary, in no event shall we be liable to you for any indirect, special or consequential damages. You are responsible for any theft of, destruction of, or damage to the Equipment from any cause at all, whether or not insured, from the time of Equipment delivery to you until it is delivered to us at the end of the term of this Agreement. You agree to maintain insurance to cover the Equipment for all types of loss, including, without limitation, theft, in an amount not less than the full replacement value and you will name us as an additional insured and loss payee on your insurance policy. In addition, you agree to maintain comprehensive public liability insurance, which, upon our request, shall be in an amount acceptable to us and shall name us as an additional insured. Such insurance will provide that we will be given thirty (30) days advance notice of any cancellation. You agree to provide us with evidence of such insurance in a form reasonably satisfactory to us. If you fail to maintain such insurance or to provide us with evidence of such insurance, we may (but are not obligated to) obtain insurance in such amounts and against such risks as we deem necessary to protect our interest in the Equipment. Such insurance obtained by us will not insure you against any claim, liability or loss related to your interest in the Equipment and may be cancelled by us at any time. You agree to pay us an additional amount each month to reimburse us for the insurance premium and an administrative fee, on which we or our affiliates may earn

a profit. In the event of loss or damage to the Equipment, you agree to remain responsible for the payment obligations under this Lease until the payment obligations are fully satisfied.

10. Renewal and Return of Equipment. After the Minimum Term or any extension, this Lease will automatically renew on a month-to-month basis unless either party notifies the other in writing at least thirty (30) days, but not more than one hundred twenty (120) days, prior to the expiration of the Minimum Term or extension; provided, however, that at any time during any month-to-month renewal, we have the right, upon thirty (30) days notice, to demand that you return the Equipment to us in accordance with the terms of this Section 10. Notwithstanding the foregoing, nothing herein is intended to provide, nor shall be interpreted as providing, (a) you with a legally enforceable option to extend or renew the terms of this Lease, or (b) us with a legally enforceable option to compel any such extension or renewal. At the end of or upon termination of this Lease, you will immediately return the Equipment to the location designated by us, in as good condition as when you received it, except for ordinary wear and tear. You will bear all shipping, de-installing, and crating expenses and will insure the Equipment for its full replacement value during shipping. You must pay additional monthly Payments at the same rate as then in effect under this Lease, until the Equipment is returned by you and is received in good condition and working order by us or our designees. Notwithstanding anything to the contrary set forth in this Lease, the parties acknowledge and agree that we shall have no obligation to remove, delete, preserve, maintain or otherwise safeguard any information, images or content retained by or resident in any Equipment leased by you hereunder, whether through a digital storage device, hard drive or other electronic medium ("Data Management Services"). If desired, you may engage Ricoh to perform Data Management Services at then-prevailing rates. You acknowledge that you are responsible for ensuring your own compliance with legal requirements in connection with data retention and protection and that we do not provide legal advice or represent that the Equipment will guarantee compliance with such requirements. The selection, use and design of any Data Management Services, and any decisions arising with respect to the deletion or storage of data, as well as the loss of any data resulting therefrom, shall be your sole and exclusive responsibility.

11. Lease Payments. Payments will begin on the Equipment delivery and acceptance date ("Effective Date") or such later date as we may designate. The remaining payments are due on the same day of each subsequent month (unless otherwise specified on page 1 hereof). You agree to pay us each payment when it is due, and if any payment is not received within ten (10) days of its due date, you agree to pay a one-time late charge of 5% or $5 (whichever is greater, but not to exceed the maximum amount allowed by applicable law) on the overdue amount. You also agree to pay all shipping and delivery costs associated with the ownership or use of the Equipment, which amounts may be included in your payment or billed separately. You also agree to pay $25 for each check returned for insufficient funds or any other reason. You agree that you will remit payments to us in the form of company checks, (or personal checks in the case of sole proprietorships), direct debit or wires only. You also agree that cash and cash equivalents are not acceptable forms of payment for this Lease and that you will not remit such forms of payment to us. Payment in any other form may delay processing or be returned to you. Furthermore, only you or your authorized agent as approved by us will remit payments to us.

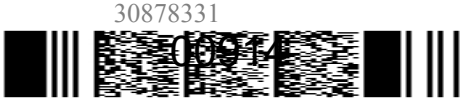
12. Default and Remedies. Each of the following is a "Default" under this Lease: (a) you fail to pay any amount within thirty (30) days of its due date, (b) any representation or warranty made by you in this Lease is false or incorrect and/or you do not perform any of your other obligations under this Lease and/or under any other agreement with us or with any of our affiliates and this failure continues for thirty (30) days after we have notified you of it, (c) a petition is filed by or against you or any guarantor under any bankruptcy or insolvency law or a trustee, receiver or liquidator is appointed for you, any guarantor or any substantial part of your assets, (d) you or any guarantor makes an assignment for the benefit of creditors, (e) any guarantor dies, stops doing business as a going concern or transfers all or substantially all of such guarantor's assets, or (f) you stop doing business as a going concern or transfer all or substantially all of your assets. If a Default occurs, we have the right to exercise any and all legal remedies available to us by applicable laws, including those set forth in Article 2A of the UCC. YOU WAIVE ANY AND ALL RIGHTS AND REMEDIES AS A CUSTOMER OR LESSEE THAT YOU HAVE UNDER ARTICLE 2A OF THE UCC AGAINST US (BUT NOT AGAINST THE MANUFACTURER OF THE EQUIPMENT). Additionally, we are entitled to all past due payments and we may accelerate and require you to immediately pay us the future payments due under the Lease present valued at the discount rate of 3% per year to the date of default plus the present value (at the same discount rate) of our anticipated value of the equipment at the end of the term of this Lease, and we may charge you interest on all amounts due us from the date of default until paid at the rate of 1.5% per month, but in no event more than the maximum rate permitted by applicable law. We may repossess the Equipment (and, with respect to any Software, (i) immediately terminate your right to use the Software including the disabling (on-site or by remote communication) of any Software; (ii) demand the immediate return and obtain possession of the Software and re-license the Software at a public or private sale; and/or (iii) cause the Software Supplier to terminate the Software License, support and other services under the Software License), and pursue you for any deficiency balance after disposing the Equipment, all to the extent permitted by law. You waive the rights you may have to notice before we seize any of the Equipment. You agree that all rights and remedies are cumulative and not exclusive. You promise to pay reasonable attorneys' fees and any cost associated with any action to enforce this Lease. This action will not void your responsibility to maintain and care for the Equipment, nor will Ricoh be liable for any action taken on our behalf. If we take possession of the Equipment, we agree to sell or otherwise dispose of it under such terms as may be acceptable to us in our discretion with or without notice, at a public or private disposition, and to apply the net proceeds (after we have deducted all costs, including reasonable attorneys' fees) to the amounts that you owe us. You will remain responsible for any deficiency that is due after we have applied any such net proceeds.

13. Business Agreement and Choice of Law. YOU AGREE THAT THIS LEASE WILL BE GOVERNED UNDER THE LAW FOR THE COMMONWEALTH OF PENNSYLVANIA. YOU ALSO CONSENT TO THE VENUE AND NON-EXCLUSIVE JURISDICTION OF ANY COURT LOCATED IN EACH OF THE COMMONWEALTH OF PENNSYLVANIA AND THE STATE WHERE YOUR PRINCIPAL PLACE OF BUSINESS OR RESIDENCE IS LOCATED TO RESOLVE ANY CONFLICT UNDER THIS LEASE. WE BOTH WAIVE THE RIGHT TO TRIAL BY JURY IN THE EVENT OF A LAWSUIT. TO HELP THE GOVERNMENT FIGHT THE FUNDING OF TERRORISM AND MONEY LAUNDERING ACTIVITIES, FEDERAL LAW REQUIRES ALL FINANCIAL INSTITUTIONS TO OBTAIN, VERIFY AND RECORD INFORMATION THAT IDENTIFIES EACH PERSON WHO OPENS AN ACCOUNT. WHAT THIS MEANS FOR YOU: WHEN YOU OPEN AN ACCOUNT, WE WILL ASK FOR YOUR NAME, ADDRESS AND OTHER INFORMATION THAT WILL ALLOW US TO IDENTIFY YOU. WE MAY ASK TO SEE IDENTIFYING DOCUMENTS.

14. No Waiver or Set Off. You agree that our delay, or failure to exercise any rights, does not prevent us from exercising them at a later time. If any part of this Lease is found to be invalid, then it shall not invalidate any of the other parts and the Lease shall be modified to the minimum extent as permitted by law. ALL PAYMENTS TO US ARE "NET" AND UNCONDITIONAL AND ARE NOT SUBJECT TO SET OFF, DEFENSE, COUNTERCLAIM OR REDUCTION FOR ANY REASON.

15. Entire Agreement; Delivery & Acceptance Certificate. ORAL AGREEMENTS OR COMMITMENTS TO LOAN MONEY, EXTEND CREDIT OR TO FORBEAR FROM ENFORCING REPAYMENT OF A DEBT INCLUDING PROMISES TO EXTEND OR RENEW SUCH DEBT ARE NOT ENFORCEABLE. YOU AGREE THAT THE TERMS AND CONDITIONS CONTAINED IN THIS LEASE REPRESENT THE ENTIRE AGREEMENT BETWEEN US AND YOU AND SUPERSEDE ALL PRIOR WRITTEN OR ORAL COMMUNICATIONS, UNDERSTANDINGS OR AGREEMENTS. Neither of us will be bound by any amendment, waiver, or other change unless agreed to in writing and signed by both. Any purchase order, or other ordering documents will not modify or affect this Lease, nor have any other legal effect and shall serve only the purpose of identifying the Equipment ordered. You agree to sign and return to us a delivery and acceptance certificate (which, at our request, may be done electronically) within three (3) business days after any Equipment is installed.

16. Counterparts; Facsimiles. This Lease may be executed in counterparts. The counterpart that has our original signature and/or is in our possession or control shall constitute chattel paper as that term is defined in the UCC and shall constitute the single true original agreement for all purposes. If you sign and transmit this Lease to us by facsimile or by other electronic transmission, the facsimile or other electronic transmission of this Lease, upon execution by us (manually or electronically, as applicable), shall be binding upon the parties. You authorize us to supply any missing "configure to order" number ("CTO"), other equipment identification numbers (including, without limitation, serial numbers), agreement identification numbers and/or dates in this Lease. You agree that the facsimile or other electronic transmission of this Lease containing your facsimile or other electronically transmitted signature, which is manually or electronically signed by us, shall constitute the original agreement for all purposes, including, without limitation, those outlined above in this Section. You agree to deliver to us upon our request the counterpart of this Lease containing your manual signature.



17. Miscellaneous. It is the intent of the parties that this Lease shall be deemed and constitute a "finance lease" as defined under and governed by Article 2A of the UCC. You acknowledge that you have not been induced to enter into this Lease by any representation or warranty not expressly set forth in this Lease. This Lease is not binding on us until we sign it. It is the express intent of the parties not to violate any applicable usury laws or to exceed the maximum amount of time price differential or interest, as applicable, permitted to be charged or collected by applicable law, and any such excess payment will be applied to payments in the order of maturity, and any remaining excess will be refunded to you. Each of our respective rights and indemnities will survive the termination of this Lease. We make no representation or warranty of any kind, express or implied, with respect to the legal, tax or accounting treatment of this Lease and you acknowledge that we are an independent contractor and not your fiduciary. You will obtain your own legal, tax and accounting advice related to this Lease and make your own determination of the proper accounting treatment of this Lease. We may receive compensation from the Manufacturer or supplier of the Equipment in order to enable us to reduce the cost of leasing the Equipment to you under this Lease below what we otherwise would charge. If we received such compensation, the reduction in the cost of leasing the Equipment is reflected in the Minimum Payment specified herein. You authorize us, our agent and/or our Assignee to obtain credit reports and make credit inquiries regarding you and your financial condition and to provide your information, including payment history, to our Assignee and third parties having an economic interest in this Lease or the Equipment. You agree to provide updated annual and/or quarterly financial statements to us upon request.

TERMS AND CONDITIONS MAINTENANCE SERVICE ONLY

Customer may acquire maintenance services ("Services") for equipment, software and/or hardware products from Ricoh USA, Inc. ("Ricoh") by executing and delivering to Ricoh this Order for acceptance.

Services. (a) This Order for Services must identify the specific Services to be performed, including, if applicable, the equipment to be serviced (the "Serviced Products"), the Term of the Service engagement, the location at which Services shall be performed and the applicable Service Charges for such Order. Ricoh will not be responsible to provide Services for Serviced Products in the event the Term and location(s) are not identified on the Order accepted by Ricoh.

(b) Ricoh will repair or replace in accordance with the terms and conditions of this Order and the manufacturer's specifications, any part of the Serviced Products that becomes unserviceable due to normal usage (other than consumable supplies). Replacement parts will be furnished on an exchange basis and will be new, reconditioned or used. All parts removed due to replacement will become the property of Ricoh.
(c) The maintenance and repair Services provided by Ricoh under an Order will not include the following: (i) repairs resulting from misuse (including without limitation improper voltage or the use of supplies that do not conform to the manufacturer's specifications) or the failure to provide, or the failure of, adequate electrical power, air conditioning or humidity control; (ii) repairs made necessary by service performed by persons other than Ricoh representatives; (iii) unless covered under an extended hour service contract, service calls or work which Customer requests to be performed outside of Normal Business Hours (defined below) and Service calls or work which Customer requests to be performed on Ricoh Holidays (defined below); (iv) removable cassette, copy cabinet, exit trays, or any item not related to the mechanical or electrical operation of the Serviced Products; (v) consumable supplies such as paper, staples, clear toner and white toner, unless expressly provided for in the applicable Order; (vi) repairs, service calls and/or connectivity of attachments not purchased from Ricoh; (vii) any software, system support or related connectivity unless specified in writing by Ricoh; (viii) parts no longer available from the applicable manufacturer; (ix) electrical work external to the Serviced Products, including problems resulting from overloaded or improper circuits; (x) installation or de-installation and/or movement of the Serviced Products from one location to another unless specified in writing by Ricoh; (xi) repairs of damage or increase in service time caused by force majeure events; (xii) reconditioning and similar major overhauls of Serviced Products; (xiii) any obligation to remove, delete, preserve, maintain or otherwise safeguard any information, images or content retained by or resident in any Serviced Products, whether through a digital storage device, hard drive or other electronic medium ("Data Management Services"), unless Customer engages Ricoh to perform such Data Management Services at then-prevailing rates pursuant to an Order for such purpose; and (xiv) engineering changes which provide additional capabilities to the Ricoh Equipment (defined below) covered herein unless made at Customer's request and paid at Ricoh's applicable time and material rates then in effect. Damage to Serviced Products or parts arising from causes beyond the control of Ricoh are not covered by this Order. Ricoh may terminate its Service obligations under this Order for Serviced Products that have been modified, damaged, altered or serviced by personnel other than those employed by Ricoh.

Service Calls. Unless otherwise specified in this Order, service calls will be made during 9:00am - 5:00pm local service time, Monday through Friday ("Normal Business Hours") at the installation address shown on the applicable Order. Service does not include coverage on Ricoh holidays, which include New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving, the day after Thanksgiving and Christmas Day (collectively, "Ricoh Holidays"). Travel and labor-time for the service calls after Normal Business Hours, on weekends and on Ricoh Holidays, if and when available and only in the event and to the extent that Ricoh agrees to provide such non-standard coverage, will be charged at overtime rates in effect at the time the service call is made. While on-site at any Customer location, Ricoh personnel shall comply with Customer's reasonable policies pertaining to access, security and use of Customer sites and systems, provided that such policies are provided to Ricoh in advance and in writing and do not conflict with the terms and conditions of this Order.

Service Charges. (a) Service charges ("Service Charges") will be set forth on an Order. Service Charges will not include any charges for repairs or Service that are otherwise covered by the applicable manufacturer's limited warranty during the period covered by any such warranty, to the extent Ricoh has agreed with such manufacturer not to charge a customer for any such charges. Customer acknowledges and agrees that: (i) alterations, attachments, specification changes, or use by Customer of sub-standard supplies that cause excessive service calls may require an increase in Service Charges; (ii) the transfer of the Serviced Products from the location indicated on the applicable Order may result in an increase of Service Charges or the termination of the Order; and (iii) to the extent that Customer requests that Ricoh registers with a third-party vendor prequalification service and Ricoh agrees to register, Customer will be charged for Ricoh's registration and any other related fees for registering with such service and this Order shall be the only terms and conditions to govern such registration and service. Customer shall be responsible for any costs related to freight (including fuel surcharges, which may be imposed from time to time), postage/mailing expense (meter rentals) and/or administrative and processing fees and, to the extent Ricoh pays such costs, Customer shall immediately reimburse Ricoh.

(b) Unless otherwise specified in an Order, Service Charges are based on standard 8.5x11 images. Ricoh reserves the right to assess additional images charges for non-standard images, including 11x17 images. Customer acknowledges that pricing is based on the prevailing rates at the time of the Order. Unless otherwise expressly agreed to in writing, if the Term (defined below) of this Order exceeds twelve (12) months, the Service Charges and any rate expressly stated in this Order may be increased by Ricoh up to 25% of the then-current Service Charges and rates annually for each year beyond the initial twelve (12) month period, and Customer expressly consents to such adjustment without additional notice.

Term; Early Termination. This Order shall become effective on the date that Ricoh accepts the Order, and shall continue for the term identified in the Order. At the expiration of the term identified in the Order, it will automatically renew for successive twelve (12) month periods unless notice of termination as specified below is given. The duration of the initial term and any extension or renewal thereto are collectively referred to as the "Term." Customer may terminate this Order for convenience prior to expiration of its Term so long as Customer is not then in default and provides Ricoh at least thirty (30) days prior written notice. Ricoh may terminate this Order for convenience prior to expiration of its Term so long as Ricoh is not then in default and provides Customer at least sixty (60) days prior written notice. Should Customer elect to terminate an Order for convenience that has a Term of at least thirty-six (36) months, Customer shall pay to Ricoh, as liquidated damages and not as a penalty, an early termination fee in accordance with the following ("Termination Fee"): (i) if the termination occurs in months one (1) through twelve (12) of the Term, an amount equal to twelve (12) times the Monthly Service Charge (as

defined below); (ii) if the termination occurs in months thirteen (13) through twenty-four (24) of the Term, an amount equal to nine (9) times the Monthly Service Charge; and (iii) if the termination occurs any time after the twenty-fourth (24th) month of the Term, an amount equal to the lesser of six (6) times the Monthly Service Charge or the number of months remaining under the then current Term of such Order. For an Order having a Term of less than thirty-six (36) months, the Termination Fee shall be equal to the lesser of six (6) times the Monthly Service Charge or the number of months remaining under the Term of such Order. For the purposes herein, the "Monthly Service Charge" shall equal (i) the base monthly Service Charge set forth in the Order; or (ii) in the event the Order does not contain a base monthly Service Charge, the average monthly Order charges for the six (6) month period prior to the date of Customer's termination. If such termination date occurs less than six (6) months after the effective date of the Order, the Monthly Service Charge will be equal to the average monthly Order charges for the number of months the Order was in effect.

Payment; Taxes. Payment terms are net ten (10) days. If invoices are unpaid and overdue, Customer agrees to pay Ricoh a late charge of one and one-half percent (1.5%) per month on any unpaid amounts or the maximum allowed by law, whichever is less, and in addition shall pay Ricoh all costs and expenses of collection, or in the enforcement of Ricoh's rights hereunder, including, but not limited to, reasonable internal and external legal costs, whether or not suit is brought. Ricoh has no obligation to use Customer's invoicing or billing portals, processes, methods or invoicing formats specific to Customer billing requirements. All remedies hereunder or at law are cumulative. Except to the extent of any applicable and validated exemption, Customer agrees to pay any applicable taxes that are levied on or payable as a result of the use, sale, possession or ownership of the Products and/or Services covered hereunder, other than income taxes of Ricoh.

Title; Risk of Loss. Unless otherwise agreed upon by both parties in writing, Products are deemed delivered and title passes to Customer: (i) upon delivery by Ricoh to common carrier; or (ii) in the case of an arranged delivery by a local Ricoh installation vehicle, upon delivery by such vehicle to Customer shipping point. Upon delivery in either case, Customer assumes all risk of theft, loss or damage to the Products, no matter how occasioned.

Default. In addition to any other rights or remedies which either party may have under this Order or at law or equity, either party shall have the right to cancel the applicable Services specified in an Order immediately: (i) if the other party fails to pay any fees or charges or any other payments required under the Order when due and payable, and such failure continues for a period of ten (10) days after being notified in writing of such failure; or (ii) if the other party fails to perform or observe any other material covenant or condition of this Order as incorporated into the Order, and such failure or breach shall continue un-remedied for a period of thirty (30) days after such party is notified in writing of such failure or breach; or (iii) if the other party becomes insolvent, dissolves, or assigns its assets for the benefit of its creditors, or files or has filed against it any bankruptcy or reorganization proceeding. Failure to permit Ricoh to repair or replace the Serviced Products shall constitute a material breach of this Order and excuse Ricoh from any and all future performance hereunder. Except as expressly permitted by this Order, no refund or credit will be given for any early termination of this Order or this Order. If Customer defaults in its obligations hereunder, Ricoh may, in addition to any other remedies available at law or equity, require Customer to immediately pay to Ricoh all past due payments under all Orders, and the Termination Fee.

Use of Recommended Supplies; Meter Readings. (a) It is not a condition of this Order that Customer use only Ricoh-provided supplies. If Customer uses other than manufacturer-recommended supplies, including paper, developer, toner, and fuser oil, and if such supplies are defective or not acceptable for use on the Serviced Products or cause abnormally frequent service calls or service problems, then Ricoh may, at its option, assess a surcharge or terminate the applicable Order with respect to such Serviced Products. If so terminated, Customer will be offered Service on a "per call" basis at Ricoh's then-prevailing time and material rates. If Ricoh determines that Customer has used more Ricoh-provided supplies than the manufacturer's recommended specifications, then Customer will pay reasonable charges for those excess supplies and/or Ricoh may refuse Customer additional supply shipments.

(b) Customer is required to provide Ricoh actual and accurate meter readings in accordance with the billing schedule set forth on an Order. Ricoh may, at its discretion and dependent upon Serviced Product capabilities, collect remote meter readings and utilize equipment monitoring services using automatic meter reading solutions ("AMR"). This may allow for automated meter reading and submission, automatic placement of low toner alerts, automatic placement of service calls in the event of a critical Serviced Product failure and may enable firmware upgrades. The meter count and other information collected by AMR ("Data") is sent via the internet to remote servers some of which may be located outside the U.S. AMR cannot and does not collect Customer document content. Ricoh uses reasonably available technology to maintain the security of the Data; however, Customer acknowledges that no one can guaranty security of information maintained on computers and on the Internet. Ricoh retains full rights to the Data (but not Customer documents or information), which it or its authorized third parties may use to service the Serviced Products. Ricoh may also use the Data for its normal business purposes including product development and marketing research, however, the Data will not be provided to any non-Ricoh third party in a form that personally identifies the Customer. Ricoh may dispose of the Data at any time and without notice. AMR technology is the confidential and proprietary information of Ricoh and/or its licensors protected by copyright, trade secret and other laws and treaties. Ricoh retains full title, ownership and all intellectual property rights in and to AMR.
(c) If an actual and accurate meter reading is not supplied to Ricoh in accordance with the billing schedule set forth on an Order, Ricoh may calculate an estimated meter reading from previous meter readings and Customer agrees to pay Service Charges based on such calculated estimate. Appropriate adjustments will be made by Ricoh in a subsequent billing cycle following Customer providing actual and accurate meter readings. If Ricoh contacts Customer to obtain a meter reading, then Ricoh may assess an administrative fee in an amount equal to fifteen dollars ($15.00) per meter reading collected per billing period for the time and expense associated with meter collection activity in addition to the Service Charges. If Ricoh visits Customer location to obtain a meter reading, Ricoh may assess a fee according to the hourly service charge rate.

Customer Obligations. Customer agrees to provide a proper place for the use of the Serviced Products, including but not limited to, electric service, as specified by the manufacturer. Customer will provide adequate facilities (at no charge) for use by Ricoh representatives in connection with the Service of the Serviced Products hereunder within a reasonable distance of the Serviced Products. Customer agrees to provide such access to its facilities, networks

and systems as may be reasonably necessary for Ricoh to perform its Services, including but not limited to "360 degree" service access to the Serviced Products. Customer will provide a key operator for the Serviced Products and will make operators available for instruction in use and care of the Serviced Products. Unless otherwise agreed upon by Ricoh in writing or designated in the applicable Order, all supplies for use with the Serviced Products will be provided by Customer and will be available "on site" for servicing. Customer agrees that (i) any equipment not serviced by Ricoh which utilizes identical supplies to the Serviced Products must be covered under a separate inclusive non-Ricoh service program; and (ii) any Serviced Products under one Ricoh Service Level may not utilize any supplies provided to other Serviced Products with a different Ricoh Service Level (i.e., no sharing of supplies across different Ricoh Service Levels).

Connectivity and Professional Services. Ricoh shall provide the Professional Services at Customer's location(s) or on a remote basis as set forth in the Order. Customer shall provide Ricoh with such access to its facilities, networks and systems as may be reasonably necessary for Ricoh to perform the Professional Services. Customer acknowledges that Ricoh's performance of the Professional Services is dependent upon Customer's timely and effective performance of its responsibilities as set forth in the Order. Estimated delivery and/or service schedules contained in this Order are non-binding estimates. Intellectual property rights, if any, arising from the Professional Services provided under this Order shall remain the property of Ricoh. Unless connectivity Services are specifically identified in the Order as part of the Services to be performed by Ricoh, Ricoh shall have no obligation to perform and no responsibility for the connection of any hardware or software to any Customer network or system.

Insurance. Each party certifies that it maintains, through self-insurance or otherwise, reasonable amounts of general liability, auto and personal property insurance, and workers' compensation insurance in the amount required by law, and that such insurance will remain in effect during the Term of an Order. Such insurance shall be primary and non-contributory. Limits provided may not be construed to limit liability. General liability insurance shall include the other party as an additional insured and contain no exclusions for cross liability between insureds. Upon request, each party agrees to deliver the other party evidence of such insurance coverage. Failure to maintain adequate insurance does not relieve liability under this Order.

Indemnification. Each party (Indemnifying Party") shall indemnify, defend and hold harmless the other ("Indemnified Party") from all third-party claims incurred by the Indemnified Party arising out of the death or bodily injury of any agent, employee, or business invitee of the Indemnified Party, or the damage, loss, or destruction of any tangible property of the Indemnified Party to the extent proximately caused by the negligent acts or omissions or willful misconduct of the Indemnifying Party, its employees, or agents. Without intending to create any limitation relating to the survival of any other provisions of this Order, Ricoh and Customer agree that the terms of this paragraph shall survive the expiration or earlier termination of this Order. Each party shall promptly notify the other in the event of the threat or initiation of any claim, demand, action or proceeding to which the indemnification obligations set forth in this Section may apply.

Limitations. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE OR INDIRECT DAMAGES, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. EXCEPT FOR CUSTOMER'S PAYMENT OBLIGATIONS HEREIN AND ANY LIABILITY RESULTING FROM THE INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 9 HEREIN, THE AMOUNT OF ANY DIRECT LIABILITY OF A PARTY TO THE OTHER OR ANY THIRD-PARTY, FOR ONE OR MORE CLAIMS ARISING FROM OR RELATING TO THIS ORDER, SHALL NOT EXCEED, IN THE AGGREGATE, THE AMOUNT PAID TO RICOH FOR THE PERFORMANCE OF SERVICES UNDER THIS ORDER DURING THE SIX-MONTH PERIOD PRECEDING THE DATE ON WHICH THE CLAIM AROSE. IN NO EVENT SHALL RICOH BE LIABLE TO CUSTOMER FOR ANY DAMAGES RESULTING FROM OR RELATED TO ANY FAILURE OF ANY SOFTWARE PROVIDED HEREUNDER, INCLUDING, BUT NOT LIMITED TO, LOSS OF DATA, OR DELAY OF DELIVERY OF SERVICES UNDER THIS ORDER. RICOH ASSUMES NO OBLIGATION TO PROVIDE OR INSTALL ANY ANTI-VIRUS OR SIMILAR SOFTWARE AND THE SCOPE OF SERVICES CONTEMPLATED HEREBY DOES NOT INCLUDE ANY SUCH SERVICES.

Returns; Damaged Products. No Products may be returned without Ricoh's prior written consent. Only consumable goods invoiced within sixty (60) days will be considered for return. On authorized returns, Customer agrees to pay a restocking charge equivalent to thirty percent (30%) of the purchase price. Products returned without written authorization from Ricoh may not be accepted by Ricoh and is the sole responsibility of Customer. All nonsaleable merchandise (that has been opened or partially used) will be deducted from any credit due to Customer. All claims for damaged Products or delay in delivery shall be deemed waived unless made in writing and delivered to Ricoh within five (5) days after receipt of Products.

Warranty. Ricoh agrees to perform its Services in a professional manner, consistent with applicable industry standards. Ricoh will re-perform any Services not in compliance with this warranty and brought to Ricoh's attention in writing within a reasonable time, but in no event more than thirty (30) days after such Services are performed, which shall be an exclusive remedy for such non-compliance. For any Products manufactured by Ricoh ("Ricoh Equipment"), Ricoh further warrants that, at the time of delivery and for a period of ninety (90) days thereafter the Ricoh Equipment will be in good working order and will be free from any defects in material and workmanship. Ricoh's obligations under this warranty are limited solely to the repair or replacement (at Ricoh's option) of parts proven to be defective upon inspection. The foregoing warranty shall not apply if (a) the Ricoh Equipment is installed, wired, modified, altered, moved or serviced by anyone other than Ricoh, (b) the Ricoh Equipment is installed, stored and utilized and/or maintained in a manner not consistent with Ricoh specifications, (c) a defective or improper non-Ricoh accessory or supply or part is attached to or used in the Ricoh Equipment, or (d) the Ricoh Equipment is relocated to any place where Ricoh services are not available. CUSTOMER ACKNOWLEDGES THAT THE LIMITED WARRANTY CONTAINED HEREIN DOES NOT ASSURE UNINTERRUPTED OPERATION AND USE OF THE RICOH EQUIPMENT. In connection with any other Product sale, Ricoh shall transfer to Customer any Product warranties made by the applicable Product manufacturer, to the extent transferable and without recourse, and Ricoh makes no additional warranty or guaranty with respect to any such third-party Products. Physical or electronic copies of any applicable Product warranty will be delivered by Ricoh to Customer only upon Customer's specific written request. Customer agrees to comply with any applicable license agreement or license terms relating to intangible property or associated services included in any Serviced Products or Products, such as software licenses and/or prepaid data base subscription rights ("Software License"), whether

pursuant to written, click-through, shrink-wrap or other agreements for such purpose, with the licensor of the software ("Software Supplier"). Ricoh has no right, title or interest in any third-party software. Customer is solely responsible for entering into Software Licenses with the applicable Software Supplier and acknowledges that its rights and obligations with respect to such software as well as those of the Software Supplier are solely as set forth in such Software Licenses. EXCEPT AS EXPRESSLY SET FORTH IN THIS ORDER, RICOH DISCLAIMS ALL WARRANTIES AND REPRESENTATIONS, EXPRESS OR IMPLIED, OF ANY NATURE WHATSOEVER, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR USE, OR FITNESS FOR A PARTICULAR PURPOSE.

Assignment; Force Majeure. Customer shall neither assign any right or interest arising under this Order nor delegate any obligations hereunder, whether voluntarily or by process of law, without the prior written consent of Ricoh. Any such attempted assignment or delegation shall be void. Ricoh shall not be liable for failure to deliver or delays in delivery of Products or Services occasioned by causes beyond Ricoh's control, including without limitation, strikes, lockout, fires, embargoes, war or other outbreak of hostilities, inability to obtain materials or shipping space, receipt of orders in excess of Ricoh's or its supplier's then-scheduled production capacity, machinery breakdowns, delays of carrier or suppliers, governmental acts and regulations, unavailability of Services, personnel or materials or other causes beyond Ricoh's control.

Non-Solicitation; Independent Contractors. Customer agrees that during the Term of this Order and for a period of one (1) year after termination or expiration of the last Order to be executed hereunder, it shall not directly or indirectly solicit, hire, or otherwise retain as an employee or independent contractor any employee of Ricoh that is or was involved with or part of the Services. The relationship of the parties is that of independent contractors.

Electronic Signatures. Each party agrees that electronic signatures of the parties on this Order will have the same force and effect as manual signatures.

Advice of Counsel. Customer represents and warrants that it has obtained or has had the opportunity to obtain the advice of legal counsel of its choice prior to executing this Order and thereby executes this Order knowingly and willingly after receiving such legal advice.

Governing Law; Entire Agreement. This Order shall be governed by and construed and interpreted in accordance with the laws of the Commonwealth of Pennsylvania without regard to its conflict of laws principles. The parties hereto also agree to submit to the non-exclusive jurisdiction of the courts of the Commonwealth of Pennsylvania to resolve any action under this Order. The Uniform Computer Information Transactions Act shall not apply to this Order. This Order constitutes the entire agreement between the parties with respect to the subject matter contained in this Order, supersedes all proposals, oral and written, and all other communications between the parties relating to the Products and Services and may not be amended except in writing and signed by an officer or authorized representative of both parties. Customer agrees and acknowledges that it has not relied on any representation, warranty or provision not explicitly contained in this Order, whether in writing, electronically communicated or in oral form. Any and all representations, promises, warranties, or statements by any Ricoh agent, employee or representative, including but not limited to, statements or representations made in sales presentations or sales proposals that differ in any way from the terms of this Order shall be given no force or effect. Purchase orders issued to Ricoh for Products and/or Services, even if they do not expressly reference or incorporate this Order, shall: (i) be subject to this Order; (ii) serve only to identify the Products and/or Services (along with pricing and quantities) ordered; and (iii) not be deemed to alter or otherwise modify the terms and conditions of this Order. The delay or failure of either party to enforce at any time any of the provisions of this Order shall in no way be construed to be a waiver of such provision or affect the right of such party thereafter to enforce each and every provision of this Order. If any provision of this Order is held to be invalid or unenforceable, this Order shall be construed as though it did not contain the particular provision held to be invalid or unenforceable. Ricoh may accept this Order by either its signature or by commencing performance (e.g. Product delivery, initiating Services, etc.). Ricoh may accept or reject any order in the exercise of its discretion and may rely upon this order submitted by Customer as a binding commitment. No local, general or trade custom or usage or course of prior dealings between the parties shall be relevant to supplement or explain any term used herein. Ricoh shall comply with all applicable laws in its performance under this Order in delivering Products and Services. This Order may be executed in one or more counterparts which, taken together, shall constitute one and the same original document. Any notices required under this Order should be sent to: Ricoh USA, Inc., 3920 Arkwright Road Macon, GA 31210 Attn: Quality Assurance.

CONSUMER DISCLOSURE

From time to time, RICOH USA Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact RICOH USA Inc.

Please contact your Ricoh Sales Executive directly for any questions or to change your preferred contact method.

To withdraw your consent with RICOH USA Inc.

SANTA BARBARA ADVENTURE COMPANY

Document Ref: WZYCU-MYNEZ-E7P3J-LWNGY

This service agreement is made by and between the Client named above ("Client") and Santa Barbara Adventure Company, Inc. ("SBACo"), (collectively, the "Parties"). Now, therefore, in exchange for the consideration stated below, the Parties agree as follows:

Services: SBACo agrees to provide Client with the Services described more fully in the preceding Agreement pages.

Service Fee & Gratuity: For all bookings made through the Group Sales department, a service fee of 15% of the total cost of activities/services will be included to cover administrative costs and 2-5% gratuity for your guides. Additional guide(s)/staff gratuity, while optional, is very much appreciated and can be added at the client's discretion for guide(s)/staff in return for their leadership, expertise, and professionalism. Customary industry standard is 10-20%, or as you feel appropriate. You can tip staff in cash, VENMO/Paypal, check, or via credit card at the end of your tour. Please call the office to provide gratuity via credit card. There is no credit card processing fee for gratuity.

Cost and Payment Schedule: The Parties agree to the cost of Services and payment schedule described more fully in the preceding Agreement pages. A 50% deposit will be due upon booking. Invoice will be sent upon SBACo's receipt of the executed contract. Payments by check can be made out to Santa Barbara Adventure Company, Tax ID #46-1922078. Payments by credit card (Visa, MasterCard, American Express) require a 3% processing fee.

The Client guarantees payment for the contracted minimum guest count. Deadlines for providing final guest count and payment will be sent to Client upon booking. Late sign-ups are welcome and are accommodated on a first-come, first-served basis. Final billing will be based on the Client's final headcount, or the contracted minimum guaranteed guest count should the Client be unable to meet the minimum, whichever is greater. A final invoice will be sent upon receipt of the final headcount. Late sign-ups exceeding the final bill will be billed for at the time of sign-up.

Please Note Your Own Client Responsibilities: All clients will be required to follow the safety policies and procedures of SBACo and its guides and all clients will be required to sign a Participant Assumption of Risks, Acknowledgment of Inherent Risks and Indemnity Agreement in favor of SBACo upon their arrival. Guests under 18 years of age MUST have a parent or legal guardian sign their release forms. Client agrees to contact the SBACo office to collect this required paperwork prior to the trip.

Santa Barbara Adventure Company adheres to California Labor Laws. SBACO staff are required to take mandatory breaks at specified intervals during program, during which the Client's adult chaperones will be responsible for monitoring the activity of minors onsite. SBACo reserves the right to bill the Client after program conclusion in the event of unforeseen labor overages, including but not limited to a client-requested change in activity, client failure to monitor minors during designated staff break periods, or emergency scenarios regarding extended staff response.

Refund Policy for Client Cancellation: Santa Barbara Adventure Company pays out considerable costs prior to the start of all trips. The Client acknowledges that the later it notifies SBACo of a cancellation, the more harm SBACo will incur as a result of less time to mitigate its damages by marketing its offerings to other guests. Should the Client need to cancel this Agreement, it must notify SBACo in writing and agrees to the following cancellation fees and additional non-refundable expenses ("non-refundable expenses" include, but are not limited to, deposits paid to sites and/or vendors, specific labor costs incurred in preparation for the program, food or meals purchased, etc.) incurred by SBACo. This policy applies to cancellation of the entire reservation as well as cancellations for individual participants. See below for cancellation policies due to inclement weather conditions.

Multi-day overnight trips & Single-day trips with 50 and above guests:

Date of Written Cancellation Notice	Cancellation Fee

More than 60 days prior to the activity start date	10% of total trip cost plus non-refundable expenses
31-60 days prior to the activity start date	30% of total trip cost plus non-refundable expenses
0-30 days prior	Full contracted amount is non-refundable

Single-day activities for under 50 guests:

Date of Written Cancellation Notice	Cancellation Fee
More than 60 days prior to the activity start date	Non-refundable expenses
31-60 days prior to the activity start date	30% of total trip cost plus non-refundable expenses
15-30 days prior	50% of total trip cost plus non-refundable expenses
0-14 days prior	Full contracted amount is non-refundable

Date Change Policy: The Client may reschedule the contracted activities, availability permitting, up to 14 days prior to the activity start date with a change-of-date fee in the amount of 20% of the total cost, plus any non-refundable expenses (see supra). Date changes made within 14 days of the activity start date will be treated as a non-refundable cancellation. The Client may rebook the activity for the cost in full. Date change requests must be submitted in writing.

Force Majeure: SBACo shall not be liable for any failure in the performance of its obligations under this Agreement which may result from site closures or restrictions, strikes or acts of labor unions, fires, floods, earthquakes, mudslides, or acts of God, Government shutdowns, war, pandemics, water phenomena, or other contingencies beyond its reasonable control.

In the event that SBACo is unable to operate the trip due to any of the reasons listed above SBACo will offer a full refund or a holding credit to the Client, minus out-of-pocket expenses already incurred. Expenses incurred may include but are not limited to site fees, transportation fees, office planning pay, etc. If the program is operable but the Client chooses to cancel due to an effect of the above, the cancellation will be subject to the conditions listed above under "Refund Policy for Client Cancellation."

Weather Cancellation Policy: SBACo reserves the right to cancel, reschedule, or adjust the activity date(s) or activities due to impractical weather conditions, determined at SBACo's sole discretion. SBACo will contact the Client with notification of any impractical weather conditions that may significantly impact the activity. The Client may be given the option to (1) move the activities to another suitable location, (2) proceed with reasonable alternative activities, (3) to reschedule, or in some cases, (4) to go ahead as planned. If alternative trip locations or activity options are available, but the Client chooses to cancel completely, SBACo will offer a refund of 50% of the total trip cost or a holding credit in the full trip amount, minus any non-refundable expenses, to be used at a later date. If no reasonable alternative activities are available, a full refund or holding credit minus any non-refundable expenses will be provided.

Liability and Safety: SBACo staff will give instructions before each trip and it is important that all participants follow these instructions. Participants will assume the responsibility for many decisions affecting their individual safety during this trip. These activities can be physically demanding with inherent elements of risk and danger beyond SBACo's control. SBACo does not assume liability for personal injury or death. All participants must sign a Release Form and participate at their own risk. SBACo offers trips requiring various degrees of fitness and SBACo is not qualified to evaluate an individual's fitness as appropriate for any given trip. If any participants are overweight, or in poor physical condition, they should consult with their physician before the trip.

The inherent risks associated with the recreational activities which are being booked include, but are not limited to: encountering waves, current, and changing water levels and the possibility that Client will be jolted, jarred, bounced, thrown to and fro and shaken about during participation; it is possible that Client could be injured if Client comes in contact with oars/paddles, kayaks, other storage containers on the transport vessel, or other fixed equipment necessary to the operation or outfitting of the transport vessel and/or kayak; Client recognizes there are foot cups or foot holds in some watercraft which may assist in stabilizing or holding themselves or others in the kayak, but which may present an increased risk of knee, ankle or other injury as a result of restricted movement; the kayak or transport vessel may break down or be faulty; it is possible that loss of control of the kayak or transport vessel, while unlikely, could occur resulting in collision or capsizing or sinking and that if a kayak or transport vessel turns over or flips, Client could be "washed" overboard; kayaks and transport vessels are slippery when wet and are naturally unstable, so Client could slip and fall or be knocked out of the transport vessel even in flat or non-moving water; while in the water Client may become disoriented, panicked and/or experience trauma; Client can slip or fall during the pre-or post-activities, or portaging or getting to and from the transport vessel and Client understands that the areas in which Client might self-guide/explore on the Island sometimes hide dangerous obstacles such as tree wells, tree stumps, rocks and boulders, wild animals, forest dead fall, etc.; and, accidents can occur getting on and off the transport vessel or kayak. Client acknowledges that CLIENT IS ULTIMATELY RESPONSIBLE FOR HIS OR HER OWN SAFETY during participation in SBACo activities.

Clients acknowledge that any form of ropes, climbing facilities, zip lines, or ropes/challenge type activities (collectively 'ropes/zip/challenge') courses or programs entail known, anticipated and/or unanticipated risks that could result in physical or emotional injury, death, damage to Client, to property, or to third parties. Clients understand and acknowledge that the enjoyment and excitement of adventure activities - in this case ropes/zip/challenge courses - is derived in part from inherent risks incurred by activity beyond the accepted safety of life at home or in Clients' normal day to day activities and that these inherent risks contribute to Clients' enjoyment and excitement and are an integral reason for Clients' participation in this activity. Clients understand that such risks cannot be eliminated without jeopardizing the essential qualities of the activity. Clients also understand and acknowledge that, a condition of Clients' participation in or use of the SBACo ropes/zip/challenge course is that Clients wear a helmet, harness and belay device. Failing to use or properly use safety type equipment such as harnesses or helmets increases the risk of injury or of not surviving an accident or incident while using or participating in ropes/zip/challenge courses and SBACo is not responsible for anything that might result from Clients failure to use or properly use any safety type equipment. Clients understand and acknowledge that the SBACo ropes/zip/challenge course has specific weight parameters/restrictions; participants must weigh at a minimum of fifty (50) pounds and may weigh no more than a maximum of two hundred seventy-five (275) pounds. Clients certify that Clients are within the SBACo ropes/zip/challenge course weight parameters/restrictions. Clients specifically acknowledge that the inherent risks associated with ropes/zip/challenge activities using fabricated structures, surfaces, towers and platforms, cables or ropes includes, but is not limited to: falling off the climbing structure, being hit by swinging apparatus, falling on or being impacted by other participants, hanging from a belay cable, poor or improper belaying or other techniques, the possibility that Clients will be jolted, jarred, bounced, thrown to and fro or shaken about while on the ropes/zip/challenge course, that Clients may lose their balance or grip, Clients may encounter slippery or wet equipment, becoming entangled in ropes, impacting the ground and/or climbing apparatus or ropes, encountering loose or dropped or damaged ropes or holds, equipment failure, improperly maintained equipment, displaced safety equipment, belay or anchor or harness failure, general slips/trips/falls or painful crashes while using any of the equipment or climbing structures or landing platforms or the premises as large, climbing out of control or beyond Client's or another participants' limits, the negligence of other climbers or spotters or visitors who may be present, participants giving or following inappropriate climbing advice or move sequences, Clients' or another's failure to follow the rules of SBACo, and Clients' own negligence or inexperience. Ropes/zip/challenge activities can be strenuous and people with heart or cardiovascular ailments should not participate. In addition, people with neck or spinal restrictions should exercise great caution in choosing this activity as strains and sprains are common where participants will be jumping, swinging, climbing and moving with their full weight hanging from their hands and arms during portions of this activity. By signing this Release of Liability, Waiver of Claims, Assumption of Risks and Indemnity Agreement, Clients acknowledge that CLIENTS ARE ULTIMATELY RESPONSIBLE FOR THEIR OWN SAFETY during participation in the SBACo adventure.

Clients acknowledge that SBACo rock climbing, hiking and/or backpacking events/activities (including trips, climbs, rappelling, hikes, treks, classes, expeditions, camping, etc.) are generally what is known as "mountaineering" type activities which entail known, unknown and unanticipated risks that could result in physical or emotional injury, death, or damage to Client, to property or to third parties. Mountaineering activities are most commonly exploratory in nature and are considered RUGGED ADVENTURE OR RECREATIONAL ACTIVITIES. Clients acknowledge that the inherent risks associated with these activities includes but is not limited to the following: Clients can slip or fall during hiking, climbing or getting to and from the activity areas; Clients understand that the areas in which Clients might hike, backpack or climb and/or which are used by SBACo for its activities include terrain that sometimes hide dangerous obstacles which present additional inherent risks. Those obstacles or risks include, but are not limited to: roots, branches and other debris on the trails, tree wells, tree stumps, creeks, rocks and boulders, forest deadfall, holes and depressions, submerged objects in flooded or wet areas, deep water and varying and difficult conditions. Clients acknowledge that it is Client's sole responsibility to observe and make Client familiar with the areas in which SBACo activities occur. Participants may become lost or separated from their companions in forested areas, wild and rugged terrain, or bad weather. Clients acknowledge that Clients may encounter hazards such as: loose, falling,

rolling and breaking rock; unstable or loos rock, talus and/or scree slopes, boulders; snow, rock and ice or snow avalanches or massive loosening and movement of dirt and rock; objects – whether equipment, rocks/earth/ice, timber or other participants – falling from above. Clients specifically acknowledge also that SBACo events/activities may involve lodging/camping/backpacking in rustic and rugged situations which may present "comfort style" issues for which Clients accept full responsibility. Clients acknowledge that food preparation is an integral part of some of these activities and that Clients and other participants may be eating in the outdoors or community style environments and that some of the food may not be to their liking; there may be errors in food storage or preparation that could cause dissatisfaction and/or illness; Clients acknowledge primary responsibility to inform SBACo of any specific food related allergies. Water purification systems may or may not be used and/or may or may not function correctly; Clients specifically acknowledge that, in the event Clients chooses to consume alcohol or any and all drug use during non-guided activities or "free time", which is strictly prohibited, Clients will bear complete responsibility for any damages Clients may cause to SBACo, its property or other guests. Clients acknowledge that Clients' time at SBACo events/activities may require Client to use equipment (IE – tents, stoves, water filtration, etc.) that Clients might not be familiar with and will require interaction with other guests and participants with whom Clients are unfamiliar; any of these things can cause discomfort and stress and have inherent risks. Clients acknowledge that Clients could be left alone, unsupervised and/or out of contact with a guide/staff person for extended periods of time. Clients acknowledge that there are numerous other issues Clients may encounter, such as campfires and latrine issues which, while they seem open and obvious, also have inherent risks associated with them. Clients acknowledge that, in the remote locations used by SBACo, participants may experience extreme environmental and/or weather conditions. Exposure to the natural elements can be uncomfortable and/or harmful and Clients are aware that this exposure could cause sunburn, dehydration, heat exhaustion, heat stroke, heat cramps, hypothermia or fatigue, some or all of which may diminish Clients or other participants' ability to react or respond; Clients understand that prolonged exposure to cold water can result in "cold water immersion" syndrome or "cold shock," hypothermia and in extreme cases death. Common (sometimes life threatening) injuries for these types of activities include, but are not limited to the following: strains, sprains, burns, fractures, cuts, and/or wounds and trauma to the head or body. Participants may encounter dangerous wildlife or insects. Delays or inconvenience because of inclement weather, including but not limited to low visibility, high winds, heavy rain, storms or lightening, extreme temperature variations, etc., can occur. Communication in the terrain used by SBACo for its activities can be difficult and in the event of an accident, rescue and medical treatment may be significantly delayed or unavailable. As in all activities which are part of the SBACo adventure, SBACo or its staff may misjudge some of these issues. Clients expressly acknowledge that naturally occurring disease processes (including, but not limited to, Corona Virus) occur in all environments and that SBACo cannot and will not have any legal liabilities should any such injury occur or disease be contracted.

Assignability: Client may not assign or delegate any of its obligations contained within this Agreement.

Entire Agreement: This Agreement and the exhibits attached hereto contain the entire agreement of the Parties with respect to the subject matter of this Agreement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Agreement may only be amended upon the written consent of the Parties.

Severability: If any provision of this Agreement shall be held unenforceable, then such provision will be modified to reflect the Parties' intention. All remaining provisions of this Agreement shall remain in full force and effect.

I hereby acknowledge that I have read, understand and agree to the terms of this document:

Hello,

Together, we've navigated challenges, celebrated growth, and stayed focused on student success. Your partnership makes all the difference.

As previously shared, starting next school year, California Education Code (EC) § 56366 requires schools to enter into a Master Contract with any Non-Public, Non-Sectarian School or Agency (NPS/A) providing services to students with IEPs.

To comply with California Department of Education requirements, we are now using a standardized California Master Contract, which includes our rate sheet to provide clear and consistent information about our services. We're pleased to share it with you now for your review and signature.

Thank you,

Team CCE

CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

Docusign Envelope ID: E2FA5850-FA8D-4DBB-8A10-5A1B3E4D81BF

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. In addition, all subcontractors must meet the requirements as contained in Section 44 Clearance Requirements and Section 45 Staff Qualifications of this Master Contract.

19. CONFLICTS OF INTEREST

CONTRACTOR shall provide to LEA upon request a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. CONTRACTOR and any member of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest pursuant to California Education Code section 56042 and Government Code Section 1090 including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request

Docusign Envelope ID: E2FA5850-FA8D-4DBB-8A10-5A1B3E4D81BF

parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute as an instructional program.

When CONTRACTOR is a NPA, CONTRACTOR shall not provide transportation nor subcontract for transportation services for students unless the LEA and CONTRACTOR agree otherwise in writing.

23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPA and/or related services provider, the total number of minutes per school day provided by CONTRACTOR shall be specified in the student's ISA developed in accordance with the student's IEP.

24. CALENDARS

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide direct services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide Direct services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for Direct services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment for Direct Services. It is specifically understood that Direct services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service

provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR. LEA understands and agrees that Indirect services may be performed on days and times the LEA is not in session.

25. DATA REPORTING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, upon request, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA agrees to the CONTRACTOR's provided forms for such data including, but not limited to, invoicing, attendance reports and progress reports. The CONTRACTOR may approve use of LEA's forms at their discretion.

26. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

27. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition

services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings constitutes Indirect service billable hour(s).

28. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code section 49005, *et seq.*, 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and it's implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies ***require*** a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention;
6. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
7. an intervention that precludes adequate supervision of the individual;
8. an intervention that deprives the individual of one or more of his or her senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places his or her body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Place a pupil in a facedown position with the pupil's hands held or restrained behind the pupil's back.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

29. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of his or her IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is billable as an indirect service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of

Docusign Envelope ID: E2FA5850-FA8D-4DBB-8A10-5A1B3E4D81BF

placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

30. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to parents at least four (4) written progress reports/report cards. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA and LEA student's parent(s) quarterly.

CONTRACTOR shall complete academic or other evaluations of the student five (5) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

32. PARENT ACCESS

CONTRACTOR providing services off-campus as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall

Docusign Envelope ID: E2FA5850-FA8D-4DBB-8A10-5A1B3E4D81BF

be provided to the LEA prior to the start of off-campus services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

CONTRACTOR hereby agrees that CONTRACTOR's employees and volunteers shall not come in contact with students, in-person or virtually, until CDOJ and FBI clearance are ascertained. CONTRACTOR shall certify in writing to LEA that none of its employees, and volunteers, unless CONTRACTOR determines that the volunteers will have no direct contact with students, or subcontractors who may come into contact with students have been convicted of a violent or serious felony as those terms are defined in California Education Code section 44237(h), unless despite the employee's conviction of a violent or serious felony, he or she has met the criteria to be eligible for employment pursuant to California Education Code section 44237 (i) or (j). Upon request, clearance certification shall be submitted to the LEA. In addition, CONTRACTOR shall make a request for subsequent arrest service from CDOJ as required by California Penal Code section 11105.2. Governing Board and Management
Environmental Charter Schools
2625 Manhattan Beach Blvd, Suite 100
Redondo Beach, CA 90278

We are pleased to confirm our understanding of the services we are to provide for Environmental Charter Schools for the fiscal years ending June 30, 2024, 2025, and 2026.

Audit Scope
We will conduct an audit of the consolidated financial statements of Environmental Charter Schools, (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2024, 2025, and 2026, the related consolidated statements of activities, functional expenses and cash flows for the year then ended. Also, the following supplementary information accompanying the financial statements will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America (GAAS), and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements.

1. LEA Organization Structure
2. Schedule of Expenditures of Federal Awards (if Uniform Guidance applies*)
3. Schedule of Average Daily Attendance
4. Schedule of Instructional Time
5. Reconciliation of Financial Reports –Annual Financial and Budget Report with Audited Financial Statements
6. Consolidating Statements

**A Federal Single Audit under Uniform Guidance is applicable in any year that the Organization expends more than $750,000 in Federal funds.*

Audit Objectives
The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America, and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on:

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.

- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), *Audits of States, Local Governments, and Non-Profit Organizations*, if applicable

- An opinion (or disclaimer of opinion) on compliance with the types of compliance requirements described in the *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting,* prescribed in Title 5, *California Code of Regulations,* section 19810.

Auditor's Responsibilities

We will conduct our audit in accordance with GAAS, the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Single Audit Act Amendments of 1996, and the provisions of the Uniform Guidance, and the *Guide for Annual Audits of K-12 Local Education Agencies and the State Compliance Reporting* and will include test of accounting records, a determination of major program(s) in accordance with Uniform Guidance (if applicable), and other procedures we consider necessary to enable us to express such an opinion. As part of an audit in accordance with GAAS and Government Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will pan and preform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations are attributable to the Organization or to acts by management of employees acting on behalf of the Organization. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste of abuse in financial audit nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and becausewe will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, we cannot guarantee or warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with the performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

Audit Procedures-Internal Controls
We will obtain an understanding of the Organization and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due toerror or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance (if applicable), we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures – Compliance
As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Organization's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards.*

When applicable, the Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Guidance Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the Organization's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on the Organization's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance. A Federal Single Audit under Uniform Guidance becomes applicable when the Organization expends more than $750,000 in Federal funds in any given year.

Tax Preparation and Other Services
We will prepare your annual informational returns for the IRS (Form 990 or 990-EZ, as appropriate) and Franchise Tax Board (Form 199) with supporting schedules, and perform related research as considered necessary for the fiscal year(s) ending June 30, 2024, 2025, and 2026. We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of the Organization in conformity with accounting principles generally accepted in the United States of America and the Uniform Guidance based on information provided by you. Our work in connection with the preparation of the tax returns does not include any procedures designed to discover defalcations or other irregularities, should any exist. The returns will be prepared solely from information provided to us without verification by us.

These non-audit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards, including the Statements on Standards for Tax Services issued by the American Institute of Certified Public Accountants. The other services are limited to the financial statements, schedule of expenditures of federal awards, related notes, and tax services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities. We will advise management with regard to tax positions taken in the preparation of the informational returns, but management must make all decisions with regard to those matters.

Certain communications involving tax advice are privileged and not subject to disclosure to the IRS. By disclosing the contents of those communications to anyone or by turning over information about those communications to the government, you, your employees, or agents, may be waiving this privilege. To protect this right to privileged communication, please consult with us or your attorney prior to disclosing any information about our tax advice. Should you decide that it is appropriate for us to disclose any potentially privileged communication; you agree to provide us with written advance authority to make that disclosure.

The IRS permits you to authorize us to discuss, on a limited basis, aspects of your return for one year after the due date of the return. Your consent to such a discussion is evidenced by checking a box on the return. Unless you tell us otherwise, we will check that box authorizing the IRS to discuss your return with us.

If, during our tax preparation, we discover information that affects your prior-year tax returns, we will make you aware of the facts. However, we cannot be responsible for identifying all items that may affect prior-year returns. If you become aware of such information during the year, please contact us for the best resolution of the issue.

Management Responsibilities
Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with accounting principles generally accepted in the United States of America; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance (if applicable); (3) additional information that we may request for the purpose of the audit; and (4) unrestricted access to persons within the Organization from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Organization involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report. Additionally, as required by the Uniform Guidance, if applicable, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received, and COVID-19-related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance (if applicable); (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance (if applicable); (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on the organization's website, you understand that electronic sites are a means to distribute information, and therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

With regard to tax preparation, it is your responsibility to provide us with all the information required for preparing complete and accurate returns. You are responsible for the safeguarding of assets, the proper recording of transactions in the books of accounts, the substantial accuracy of the financial records, and the full and accurate disclosure of all relevant facts affecting the return(s) to us. You also have final responsibility for the tax return and, therefore, the appropriate officials should review the return carefully before an authorized officer signs and files it.

You agree to assume all management responsibilities for the tax services, financial statements, schedule of expenditures of federal awards, and related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter the tax services provided and our assistance with preparation of the financial statements, the schedule of expenditures of federal awards, and related notes and that you have evaluated the adequacy of our services and have reviewed and approved the results of the services, the financial statements, the schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Reporting

We will issue written reports upon completion of our audit. Our reports will be addressed to the Governing Board of Environmental Charter Schools. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will state that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. If issued, the Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

With regard to including the auditor's report in an exempt offering document, you agree that the aforementioned auditor's report, or reference to Christy White, Inc, will not be included in any such offering document without our prior permission or consent. Any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing. We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. If, for whatever reason, your personnel are unavailable to provide the necessary assistance in a timely manner, it may substantially increase the work we have to do to complete the engagement within the established deadlines, resulting in an increase in fees over our original fee estimate.

We will provide an electronic and up to ten copies of our reports to the Organization, however, management is responsible for distribution of the reports and the financial statements. We will file the report by the published deadline with the Office of the State Controller, California Department of Education, the authorizing agency(ies) of the Organization's charter school(s), and, if different, the applicable County Office of Education/Superintendent of Schools where each charter school operates. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

If a Federal Single Audit under Uniform Guidance is performed, we will complete the appropriate section of the Data Collection Form that summarizes our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through and/or granting entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the audit period.

By your signature below, you acknowledge the audit documentation for this engagement is the property of Christy White, Inc and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Office of the State Controller or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Christy White, Inc personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the Office of the State Controller. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation. Christy White, Inc does not keep any original client records, so we will return those to you at the completion of the services rendered under this engagement. It is your responsibility to retain and protect your records (which includes any work product we provide to you as well as any records that we return) for possible future use, including potential examination by any government or regulatory agencies. Christy White, Inc does not accept responsibility for hosting client information; therefore, you have the sole responsibility for ensuring you retain and maintain in your possession all your financial and non-financial information, data and records.

We expect to begin our audit as soon as possible and to issue our reports by the published deadline. The maximum annual fee for professional services under the terms of this agreement shall not exceed the following agreed upon amounts:

***Fees noted for preparation of tax returns include Federal IRS Form 990 and related schedules, California Form 199 and RRF-1 (when applicable)*

The maximum annual fee for auditing services shall not exceed the above amounts, with the exception that any auditing services provided for (1) significant changes in audit requirements as stated in *Government Auditing Standards* or the *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* issued by the Education Audit Appeals Panel, or (2) any changes in the number of charter schools or other programs operated by the Environmental Charter Schools during the period under this agreement, shall be in addition to the above maximum fee.

Optional tax preparation services will only be performed if noted as agreed upon by selection of "audit and tax preparation" in your response. Selection of "audit only" will exclude our responsibilities to perform the tax preparation services noted within this letter unless these services are outlined in a separate engagement letter. Our responsibilities do not include preparation of any other tax returns not previously mentioned that may be due to any taxing authority.

Our invoices for these fees will be rendered upon completion of fieldwork as follows: 25% of contract upon completion of site testing and/or planning, 25% of contract upon completion of interim testing and 50% of contract upon completion of year end fieldwork and are payable on presentation. In accordance with Education Code Section 14505 as amended, ten percent (10%) of the audit fee shall be withheld pending certification of the audit report by the Office of the State Controller and fifty percent (50%) of the audit fee shall be withheld for any subsequent year of a multi-year contract if the prior year's audit report was not certified as conforming to the reporting provisions of the *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. For tax preparation services, each annual engagement will be complete upon the delivery of completed tax returns to you.

In the event that the nonprofit organization operating a single charter school experiences a school closure, a retainer in the full amount of the annual contract would be deemed necessary prior to beginning services for that year.

If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our reports. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination.

If any dispute arises among the parties hereto, the parties agree to first try in good faith to settle the dispute by mediation under Rules for Professional Accounting and Related Services Disputes before resorting to litigation. Costs of any mediation proceeding shall be shared equally by all parties.

Client and accountant both agree that any dispute over fees charged by the accountant to the client will be submitted for resolution by arbitration. Such arbitration shall be binding and final. In agreeing to arbitration, we both acknowledge that in the event of a dispute over fees charged by the accountant, each of us is giving up the right to have the dispute in a court of law before a judge or jury and instead we are accepting the use of arbitration for resolution.

This audit contract is null and void if the firm is declared ineligible to audit K-12 local education agencies pursuant to subdivision (c) of Education Code Section 41020.5. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

The first period to be audited shall be for the fiscal year ending June 30, 2024, and is subject to extension for up to two additional fiscal years, if agreeable to the auditors and the Organization. The agreement may be cancelled annually if notified by the client or auditor by February 15 of each year. Additional extensions beyond 2026 may be secured on a year-by-year basis, subject to the agreement of the Organization and the auditor.

In accordance with *Government Auditing Standards,* upon request, we will provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract.

However, Client acknowledges that Comp Therapy does not guarantee the availability of any specific provider or assessor. Comp Therapy will make assignments based on professional discretion, availability, and the specific needs of each Client, and reserves the right to assign personnel accordingly.

f. Request for Change in Providers: In the event Client desires a change in assigned service provider, Client shall act in good faith and initiate such requests directly with a Comp Therapy Administrator. Billed student absence time will not count toward the maximum assessment billing hour allotment.

j. Hours and Billing: Comp Therapy personnel are permitted to complete designated work both on-site and off-site. Comp Therapy providers shall bill in 15-minute increments. This shall be considered a reasonable and legally acceptable variance and shall not be treated as inaccuracies or billing errors. In accordance with California labor law, service durations will be rounded to the nearest quarter using the "7-minute rule":

- 0 to 7 minutes: Rounded down to the previous quarter-hour.
- 8 to 18 minutes: Rounded up to the next quarter-hour.

k. Direct Service Billing Rate and Overtime Policy: The Direct Service Billing Rate set forth in this Agreement is based on a standard work period of up to eight (8) hours per day or forty (40) hours per week per provider. If Client requests or requires Comp Therapy Personnel to provide Direct Services beyond these limits, the following billing rates shall apply:

- 1.5x the standard hourly rate for all hours worked in excess of eight (8) hours in a single workday or forty (40) hours in a single workweek;

- 2.0x the standard hourly rate for all hours worked in excess of twelve (12) hours in a single workday or for hours worked on the seventh consecutive day of a workweek, as defined by California Labor Code.

Client will be notified in advance of any overtime or double-time billing, and such services will be provided only with Client's prior written or documented verbal approval. These adjusted billing rates shall apply solely to Direct Service hours and are subject to all applicable labor laws.

This provision shall also apply in circumstances where a Comp Therapy provider is required to remain on-site due to scheduled school activities or emergencies,

including but not limited to field trips, school lockdowns, or any other emergency that prevents the provider from leaving the worksite at their scheduled time.

l. Client shall provide Comp Therapy with no less than fifteen (15) business days' advance written notice of any additional Services requested that are not included in Exhibit A. Comp Therapy shall have up to five (5) business days after such notice to notify the Client whether it can carry out the new requests, whether the new requested Services are outside of its agreed Services to be provided as detailed in Exhibit A, or if the requested service(s) would change any existing fee structure.

m. Timely Execution of Documents: Client shall review, execute, and return all required documents including the Master Contract, ISAs, and authorizations within ten (10) business days of receipt. Delays in execution may result in a delay in services without penalty to Comp Therapy.

n. Point of Contact Designation: Client shall designate a primary authorized representative for communications, scheduling, approvals, and coordination with Comp Therapy. Any change in this point of contact must be communicated to Comp Therapy in writing within five (5) business days.

o. Access to Systems: Client shall provide secure access to any school-based platforms or databases necessary for Comp Therapy to fulfill documentation, service logs, or reporting obligations.

p. Timely Review of Service Logs: Client shall review and approve all submitted service logs and billing summaries within five (5) business days. Comp Therapy shall not be responsible for service delays caused by delayed approvals.

q. Agency Employee Communication Protocol: The School acknowledges and agrees that any communication, including but not limited to meetings, inquiries, or discussions, initiated by the School's Human Resources personnel, administrators, or other representatives with any employee or contractor of the Agency must be preceded by prior written notice to the Agency. Such communication shall only take place with an Agency representative present, unless otherwise authorized in writing by the Agency. This protocol is intended to ensure clarity, consistency, and proper

representation in all matters involving Agency personnel.

r. Liability Disclaimer for Delayed Contract Start: In the event that Client initiates this Agreement with Comp Therapy after the official start date of the school year or the date services were identified in a student's IEP, Client acknowledges that Comp Therapy shall not be held liable or responsible for any services or instructional minutes not rendered prior to the effective date of this Agreement. While Comp Therapy will make good faith efforts to assess and, where possible, provide make-up services for missed sessions, the availability of personnel and schedule capacity may limit such efforts. Client agrees to collaborate with Comp Therapy in prioritizing service delivery based on urgency and feasibility following the commencement of this Agreement.

4. COMPENSATION AND METHOD OF PAYMENT

A. Client will pay Comp Therapy for Comp Therapy's Services at the rate(s) stated in Exhibit A and will also pay any additional costs or fees set forth in this Agreement for Services authorized in writing by Client. Client will not be liable for any costs or expenses (e.g., travel, lodging, per diem) associated with any Services not expressly authorized. Each invoice shall include charges only for Services described in this Agreement. Invoices shall be submitted to Client's Accounts Payable Department. All communication regarding payment status shall be made to Client's Accounts Payable Department and Comp Therapy.

b. Fees are due and payable to Comp Therapy within thirty (30) calendar days of receipt of the invoice. In the event an invoice is not timely paid, Client agrees to pay a service charge on any outstanding amount at the rate of maximum allowed by law or 1% per month, whichever is higher. Late payment may also result in immediate suspension of Comp Therapy's Services under this agreement at Comp Therapy's sole discretion.

c. If a portion of any invoice is disputed, Client agrees to pay the undisputed portion and Comp Therapy and Client shall use their best reasonably good faith efforts to resolve such dispute within the thirty (30) calendar day period following notice of the

dispute. Client will provide Comp Therapy all student and other record materials relevant to the disputed charges. If such dispute cannot be resolved within such thirty (30) day period, either Comp Therapy or Client may terminate this Agreement, with at least a thirty (30) business day written notice and either party, regardless of whether the Agreement is then terminated, shall have the right to submit the dispute to arbitration in accordance with Paragraph 10 below.

5. NO HIRING AGREEMENT

A. Client acknowledges that Comp Therapy's employees are a unique and valuable resource of Comp Therapy, who have been trained by Comp Therapy, and that but for this Agreement and Comp Therapy's Services rendered to the Client, the Client would not have access to Comp Therapy's employees and knowledge of their true performance and capabilities. In addition, Client acknowledges that Comp Therapy employees may have certain legal obligations arising from contract or otherwise to Comp Therapy that may restrict Comp Therapy employees from working for competitors or unfairly working in direct competition with Comp Therapy. As such, Client agrees to a 365-day "No Hire" period for any of Comp Therapy's employees. If the Client uses the Services of a Comp Therapy Personnel as its direct employee, independent contractor, or subcontractor during or within 365 days after any assignment of Comp Therapy Personnel to Client through Comp Therapy, Client must immediately notify Comp Therapy and pay Comp Therapy a placement fee in the amount of $7,500. Comp Therapy reserves the right to modify, waive, or reduce the placement fee, with at least thirty (30) days' prior written notice to Client.

6. CONFIDENTIAL INFORMATION

A. Comp Therapy and Client agree to keep confidential and not to disclose to any third parties any information provided by Comp Therapy or otherwise learned by Client during the course of this Agreement without the prior written consent of Comp Therapy. This provision shall survive the expiration and termination of this Agreement. Comp Therapy and Client warrant that, to the best of their knowledge, all their operations are compliant with all federal and state laws, rules, and regulations pertaining to the privacy and/or security of personal data. Client further agrees not to share any "confidential data" with any other vendor without first disclosing to Comp Therapy in writing all pertinent data fields and records to be provided and receiving written authorization from Comp Therapy permitting the Client to provide the data to a third party.

7. INDEMNIFICATION AND LIMITATION OF LIABILITY

A. Comp Therapy shall indemnify, defend, and hold harmless Client and Client's parents, subsidiaries, affiliated entities, directors, owners, agents, representatives, attorneys, insurers and employees, from and against all losses, liabilities, expenses, and claims for damages (including court costs and reasonable attorney's fees) which may be asserted or claimed against Client as a result of Comp Therapy's negligence or willful and unlawful conduct, including without limitation any violation or breach of this Agreement.

B. Client shall indemnify, defend, and hold harmless Comp Therapy and Comp Therapy's parents, subsidiaries, affiliated entities, directors, owners, agents, representatives, attorney, insurers and employees, from and against all losses, liabilities, expenses, and claims for damages (including court costs and reasonable attorney's fees) which may be asserted or claimed against Comp Therapy as a result of Client's negligence or willful and unlawful conduct , including without limitation any violation or breach of this Agreement in accordance with California law.

C. Comp Therapy's maximum liability to the Client for any claims, losses, liabilities, expenses, or damages arising out of or related to this Agreement or the performance of Services hereunder shall be limited to the total annual fees paid or payable by the Client to Comp Therapy for the specific area of service in question. If liability arises in connection with a particular service area, Comp Therapy's liability shall be limited solely to the total annual amount paid or payable for that specific service area. This limitation of liability shall be interpreted and enforced in accordance with California law.

8. TERM OF AGREEMENT

A. This Agreement shall begin on the date first written above and shall expire on the date stated in this Agreement or until terminated by either party. Either party may terminate this Agreement, without cause, upon at least sixty (60) business days prior written notice.

B. Either party reserves the right to immediately terminate this Agreement in the event:

The Independent Contractor is encouraged and expected to communicate proactively with ECS staff on an ongoing basis to support inclusion of ECS student participants.

6. Confidentiality. It is understood that in order for Independent Contractor to perform his/her job duties, it may be necessary for Client to divulge to Independent Contractor confidential and proprietary information of Client (the "Confidential Information"). Confidential Information includes, but is not limited to operating practices, curriculum, ideas, methodologies, techniques, know-how, inventions, processes, business and marketing plans, development plans, research and curriculum development, software, teacher training, financial information, and information or data relating to or concerning employees, or the students and families of clients of Client, and any other non-public information and data. Confidential Information shall also be deemed to include any notes, analyses, compilations, studies, interpreting memoranda, charts, diagrams, or other documents prepared by Independent Contractor or Client in whatever form that contain, reflect or are based upon, in whole or in part, any Confidential Information furnished to Independent Contractor by Client or to Client by Independent Contractor.

Independent Contractor agrees to keep confidential all Confidential Information it may prepare, receive or obtain, whether in the form of notes, reports, memorandum, presentation, e-mails, letters, correspondence or documents, regarding Client. Independent Contractor shall not, without the prior written consent of Client, disclose, disseminate, discuss, release, summarize, or in any other way communicate to any other party, the Confidential Information. Independent Contractor shall take all necessary and appropriate security measures to ensure compliance with this paragraph. Notwithstanding the foregoing, Independent Contractor may release Confidential Information to its legal counsel and/or accountant provided such party shall keep such Confidential Information confidential.

7. Ownership. The Independent Contractor also agrees that any content, materials, developments, discoveries and/or inventions including associated intellectual property rights, made by Independent Contractor, alone or with others, related to his/her contract work (including but not limited to materials and content regarding education practice or policy, including teaching, school leadership, professional development, or leading or managing schools), and/or by use of ECS or school resources or facilities, shall be owned by ECS as a work made for hire, or to the extent not a work made for hire, hereby by assignment. Independent Contractor shall retain all right, title and interest in intellectual property, and the rights thereto, owned or controlled by Independent Contractor prior to the date of this Agreement. Independent Contractor does, however, grant Client an irrevocable, non-exclusive, world-wide royalty-free license to use, copy and authorize others to use such pre-existing material (other than commercially available Independent Contractor products and Independent Contractor training materials) in connection with the project for which such material was delivered.

Independent Contractor communications for contract work are to be sent to/from ECS email addresses only. Direct email communications with parents/families must include by way of carbon copy (CC) the ECS site administrator/coordinator/case manager, as appropriate. All documents created in the scope of contract work are to be created and stored in the ECS Google Drive. All contract work communications and documents saved to and transmitted over ECS technology systems or uploaded to SEIS shall remain the property of ECS and must not be password protected.

8. Indemnification.

(a) As to third party liability, each party (as the "indemnifying party") will indemnify, defend and hold harmless the other party and its affiliates, directors, officers, employees and agents (as the "indemnified parties") from and against any and all claims, damages, expenses, costs (including reasonable attorney's fees) and liabilities arising from any third party claims, actions, investigations or proceedings relating to or arising from or in connection with this Agreement or the Services performed hereunder, to the extent that any of the foregoing result or are alleged to result from any negligent act or omission, breach of contract, violation of applicable laws or regulations or willful misconduct by such indemnifying party or its directors, officers, employees and/or agents, but not to the extent that any of the foregoing result or are alleged to result from

any negligent act or omission, breach of contract, violation of applicable laws or regulations or willful misconduct by an indemnified party.

(b) Notwithstanding Section 8(a) above, neither party will be liable to the other party for any consequential, incidental, special or indirect damages (including loss of profits or business opportunities), regardless of whether such party has been advised of or is aware that such damages have been or may be incurred.

9. Relationship of the Parties. Independent Contractor is engaged by Client only for the purpose and to the extent set forth in this Agreement, and its relation to Client shall be that of an independent contractor. Independent Contractor's personnel are not, and shall not be considered, employees or agents of Client for any purpose whatsoever. Independent Contractor shall be responsible for payment of all employment taxes, fees and claims, including workers' compensation and other liabilities related to Independent Contractor's business operations.

10. Solicitation. The management of each party agrees not to solicit for employment any employee or representative of the other party who performed services hereunder during the term of the project and for a period of six months following the date of termination of the project without the prior written consent of the other party.

11. Publication. Independent Contractor shall have the right to include representations and descriptions of the Project in Independent Contractor's promotional and professional materials; provided such representations and descriptions are (a) approved by Client prior to publication thereof, and (b) do not include any Confidential Information.

12. General. This Agreement may not be amended except in writing and signed by an authorized representative of each of the parties. All terms and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns, except that neither party may assign or otherwise transfer, by operation of law or otherwise, any of its rights under this Agreement without the other party's prior written consent which shall not be unreasonably withheld. This agreement shall be governed by **California** law, without regard to conflict of law provisions. If any of the provisions of this Agreement are held invalid or unenforceable, unless such invalidity or unenforceability substantially frustrates the underlying intent and sense of the remainder of this Agreement, such invalidity or unenforceability shall not affect the remainder of this Agreement. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes any prior or contemporaneous understandings between the parties. This Agreement may be executed in one or more counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.

The Services elected are listed on a OnePoint Quote for Services document, signed by Customer and returned to OnePoint (the "Quote for Services").

BY ELECTRONICALLY CLICKING A BOX INDICATING ACCEPTANCE OF AN INITIAL QUOTE FOR SERVICES REFERENCING THESE TERMS AND CONDITIONS, OR BY MANUALLY EXECUTING AN INITIAL QUOTE FOR SERVICES REFERENCING THEM, CUSTOMER AGREES TO THESE TERMS AND CONDITIONS FOR ALL QUOTE FOR SERVICES. THE INDIVIDUAL ACCEPTING THESE TERMS AND CONDITIONS ON BEHALF OF CUSTOMER REPRESENTS THAT HE/SHE HAS THE AUTHORITY TO CONTRACTUALLY BIND CUSTOMER. THESE TERMS AND CONDITIONS AND THE QUOTE FOR SERVICES (AND ANY ATTACHMENT THERETO) TOGETHER FORM A BINDING AND EXECUTED WRITTEN AGREEMENT BETWEEN CUSTOMER AND ONEPOINT (THE "AGREEMENT") FOR SERVICES, EFFECTIVE AS OF THE DATE THE QUOTE FOR SERVICES IS RECEIVED BY ONEPOINT (THE "AGREEMENT EFFECTIVE DATE").

1. TERM

1.1 The Services shall be deemed to start on the latter of: a) thirty (30) day's from OnePoint's receipt of the relevant Quote for Services; or, b) the date Customer is authorized to "go live" with the Services for production purposes, (the "Start Date"), and shall continue indefinitely on a month-to-month basis until terminated in accordance with the provisions hereof (the "Term"). Customer acknowledges that execution of separate third-party agreements may be required in order for Customer to "go live" with certain add-on features or functionality, including tax filing services ("Add-on Features"), as identified by OnePoint on the Quote for Services.

1.2 Customer may terminate the Services or the Agreement for convenience upon thirty (30) days prior written notice, and OnePoint may terminate the Services or the Agreement for convenience upon ninety (90) days prior written notice, at any time during the Term.

Private and Confidential. Not for unauthorized circulation.

1.3 Either party may suspend or terminate the Services or the Agreement upon a material breach of the Agreement by the other party if such breach is not cured within fifteen (15) days after receipt of written notice. Notwithstanding the foregoing, OnePoint may suspend or terminate the Services or the Agreement immediately upon notice in the event of any Customer breach of Sections 3 (License to Use), 4 (Acceptable Use), or 14 (Confidential Information), below.

1.4 In the event that either party becomes insolvent, makes a general assignment for the benefit of creditors, is adjudicated a bankrupt or insolvent, commences a case under applicable bankruptcy laws, or files a petition seeking reorganization, the other party may request adequate assurances of future performance. Failure to comply with such request within ten (10) days of delivery of the request shall entitle the requesting party to terminate the Agreement immediately upon written notice to the other.

1.5 If the Agreement is terminated for any reason:
(a) Customer shall pay OnePoint within thirty (30) days all fees accrued for the Services prior to the date of termination, provided that if Customer terminates OnePoint for material breach of the Agreement, OnePoint shall be responsible to refund to Customer unused pre-paid service fees, if any; (b) Customer's right to access and use the Services shall be revoked and be of no further force or effect;

(c) Within fifteen (15) days of termination Customer will retrieve Customer's historical data in accordance with previously established system access procedures and applicable state and federal laws. After such time period, OnePoint shall have no further obligation to store and/or make available Customer's historical data and may delete same. Customer does have the right to maintain a reporting only user at the rate of $75 per month, in which case OnePoint will maintain accessibility to Customers historical data during the period the reporting only user service is paid by Customer. If Customer requires additional data conversion services from OnePoint, Customer may engage OnePoint for professional services at the rate of $125 per hour.

(d) Customer agrees to timely return all OnePoint-provided materials related to the Services to OnePoint at Customer's expense or, alternatively, Client may provide OnePoint with an officer's certification of the destruction thereof.

(e) All provisions in the Agreement, which by their nature are intended to survive termination, shall so survive.

2. FEES AND PAYMENT

2.1 In consideration of the delivery of the Services, Customer shall pay OnePoint the Setup Fees, the Monthly Service Fees and any additional one time, set-up or recurring fees, all as defined on the Quote for Services. All fees payable for the Services shall be debited via

Private and Confidential. Not for unauthorized circulation.

electronic funds transfer or ACH. Unless otherwise indicated on an Quote for Services, payment terms for all items except the Setup Fees shall be net upon receipt of invoice. Except as expressly set forth in the Agreement, all amounts paid to OnePoint are non-refundable. Customer is responsible for all applicable federal, state, local county, provincial or local taxes relating to the Services (including without limitation GST and/or VAT if applicable), excluding taxes based on OnePoint's income or business privilege.

2.2 The Setup Fees shall be debited via ACH electronic funds transfer upon 15 days of the execution of the agreement. Customer acknowledges that additional setup fees may be charged to Customer for Add-on Features. Monthly Service fees shall be based on use activity within a calendar month. Monthly Service Fees shall include fees for Equipment rental, if any, as described in Section 8 below. Monthly Service Fees for Services added in a given month will be charged for that full monthly period and each monthly period of the Term thereafter. Monthly Service Fees shall be invoiced within 15 days following the end of the calendar month in which the Monthly Service Fees were accrued. OnePoint will monitor Customer's "Usage" of the Services (as defined below) in order to calculate the Usage portion of the Monthly Service Fees to be charged. Usage of the Services, depending on applicable features, components, or services, shall be priced as identified on the Quote for Services either on a: (a) per month basis; (b) per active employee (herein "Active Employee") per month usage basis; or, (c) per transaction basis (e.g.: pay statement). For purposes of the Agreement, an employee shall be deemed an Active Employee during any applicable billing period if through the Services: (i) time has been entered for such employee; (ii) records have been included for such employee for the purpose of processing payroll; (iii) records have been included for such employee within an import/export process; (iv) such employee has assessed the Services, regardless of the purpose; (v) benefit time has been accrued for such employee; (vi) human resource reporting has been performed for or on such employee; or, (vii) such employee has been marked as an "Active" status during the period.

2.3 Customer agrees that except in those circumstances in which Customer is entitled to invoke the termination for cause provision set forth in Section 1.3 above, in consideration of OnePoint's delivery of the Services on a variable fee basis, Customer agrees to pay OnePoint each month during the Term in which charges accrue no less than the minimum monthly fees ("Minimum Monthly Fees") as identified on the Quote for Services. The Minimum Monthly Fees shall be calculated by OnePoint based on Customer's anticipated monthly Usage of the Services plus Equipment rental fees, if any. In the event that Customer does not reach the anticipated Usage upon which the Minimum Monthly Fees was based for any given month during the Term, Customer shall remain responsible for paying the Minimum Monthly Fees for that month. If an Quote for Services or the Agreement is suspended by OnePoint for non-payment or otherwise terminated by OnePoint for cause, Customer shall remain liable to pay the applicable Minimum Monthly Fees up to and including the last day of the month in which the effective date of termination occurs.

2.4 If any amount owing under this or any other agreement for Services is 30 or more days overdue, OnePoint may suspend Services until such amounts are paid in full. OnePoint will

provide at least 7 days' prior notice that Customer's account is overdue before suspending Services.

2.5 OnePoint may change the Monthly Service Fee rates no more than once per calendar year by notifying Customer at least sixty (60) days prior to the effective date of such rate increase.

3. LICENSE TO USE

3.1 Subject to the terms and conditions of the Agreement, OnePoint hereby grants Customer during the Term a limited, revocable, non-exclusive, non-transferable, non-assignable license to use for internal business purposes only: a) the OnePoint application(s) and related services, including applicable Services description documentation and training materials (the "Documentation"); and, b) any embedded third party software, libraries, or other components, which collectively comprise the Services. The Services contain proprietary trade secret technology of OnePoint. Unauthorized use and/or copying of such Services are prohibited by law, including United States and foreign copyright law. Customer may use the software included in the Services in object code form only, and shall not reverse compile, disassemble or otherwise convert such software into uncompiled or unassembled code. Customer acknowledges and agrees that the license to use the Services is limited based upon authorized Usage and the amount of the Monthly Service Fees to be paid by Customer. Customer agrees to use only the modules and/or features described on the Quote for Services. Customer agrees not to use any other modules or features unless Customer has licensed such additional modules or features. Customer may not relicense or sublicense the Services, or otherwise permit use of the Services (including time sharing or networking use) by any third party. Customer may not provide service bureau or other data processing services that make use of the Services without the express prior written consent of OnePoint. No license, right, or interest in any OnePoint trademark, trade name, or service mark, or those of OnePoint's licensors or third-party suppliers ("Suppliers"), is granted hereunder.

3.2 Customer may authorize its third-party contractors and consultants to access the Services on an as needed basis, provided Customer: a) abides by its obligations to protect confidential information as set forth in Section 14 below; b) remains responsible for all such third party usage and compliance with the Agreement; and c) does not provide such access to a competitor of OnePoint who provides workforce management services.

3.3 With exception to Customers data, Customer agrees and acknowledges that OnePoint retains ownership of all right, title and interest to the Services, all of which are protected by copyright and other intellectual property rights, and that, other than the express licenses granted herein, Customer shall not obtain or claim any rights in or ownership interest to the Services or any associated intellectual property rights therein. financial information relating to the Disclosing Party's business (hereinafter referred to as "Proprietary Information" of the Disclosing Party). Proprietary Information of Company includes non-public information regarding features, functionality and performance of the Service. Proprietary Information of Customer includes non-public data provided by Customer to Company to enable the provision of the Services ("Customer Data"). The Receiving Party agrees: (i) to take reasonable precautions to protect such Proprietary Information, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the foregoing shall not apply with respect to any information after five (5) years following the disclosure thereof or any information that the Receiving Party can document: (a) is or becomes generally available to the public through no breach of this Agreement or of a confidentiality obligation owed to the Disclosing Party, or (b) was in its possession or known by Receiving Party prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to Receiving Party without restriction by a third party and not in violation of an obligation owed to the Disclosing Party, or (d) was independently developed without use, reference to, or reliance on of any Proprietary Information of the Disclosing Party; or (e) is required to be disclosed by law where Disclosing Party is notified in advance of such disclosure and is provided with a reasonable opportunity to object to any such disclosure. Notwithstanding the foregoing, Customer acknowledges and agrees that Company may disclose Customer's name and logo as a customer of the Company on its website, press releases, and marketing materials.

3.2 Customer shall own all right, title and interest in and to the Customer Data. No rights or licenses are granted except as expressly set forth herein.

4. PAYMENT OF FEES

4.1 Customer will pay Company the then applicable fees described in the Order Form for the Services and Implementation Services in accordance with the terms therein (the "Fees"). If Customer's use of the Services exceeds the Service Capacity set forth on the Order Form or otherwise requires the payment of additional fees (per the terms of this Agreement), Customer shall be billed for such usage and Customer agrees to pay the additional fees in the manner provided herein. Company reserves the right to change the Fees or applicable charges and to institute new charges and Fees at the end of the Initial Service Term or then-current renewal term, upon thirty (30) days prior notice to Customer (which may be sent by email). If Customer believes that Company has billed Customer incorrectly, Customer must contact Company no later than 60 days after the closing date on the first billing statement in which the error or problem appeared, in order to receive an adjustment or credit. Customer shall be responsible for all taxes associated with Services other than U.S. taxes based on Company's net income. Company shall have the right to audit Customer's book and records to ensure that all fees have been properly calculated and collected.

5. TERM AND TERMINATION

5.1 Subject to earlier termination as provided below, this Agreement is for the Initial Service Term as specified in the Order Form, and shall be automatically renewed for additional periods of the same duration as the Initial Service Term (collectively, the "Term"), unless either party requests termination at least thirty (30) days prior to the end of the then-Initial Services Term or extended term, as the case may be.

5.2 In addition to any other remedies it may have, either party may also terminate this Agreement upon thirty (30) days' notice (or without notice in the case of nonpayment), if the other party materially breaches any of the terms or conditions of this Agreement, and such breach remains uncured for a period of thirty (30) days' written notice by the non-breaching party describing such breach to the breaching party; provided that Company may terminate this Agreement immediately upon Customer's failure to timely pay Fees. Customer will pay in full for the Services up to and including the last day on which the Services are provided. Upon any termination, Company will make all Customer Data available to Customer for electronic retrieval for a period of thirty (30) days, but thereafter Company shall delete stored Customer Data. All sections of this Agreement which by their nature should survive termination will survive termination, including, without limitation, accrued rights to payment, confidentiality obligations, warranty disclaimers, and limitations of liability.

6. USE OF NAME

In addition, Company may list Customer's name and include Customer's company website and/or biography on Company's website and in corporate marketing materials. In addition, Customer consents to the use of Customer's name, trademarks, service marks, image, likeness, and voice, including biographical material about Customer, in connection with promoting and publicizing Customer's use of the Company's products and involvement with the Company in connection with the Services. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Company or by third-party providers, or because of other causes beyond Company's reasonable control, but Company shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption. HOWEVER, COMPANY DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. CONSULTING AND SERVICES AGREEMENT

This Consulting and Services Agreement ("Agreement") is entered into as of the Commencement Date outlined in Section 1 below by and between Total Education Solutions, Inc. ("TES"), a California corporation, and Environmental Charter Schools ("Client").

RECITALS

A. TES engages in the business of providing education, therapeutic, and consulting services to nonprofit and for-profit education and social services agencies.

B. Client is a charter school that offers educational/therapeutic programs to students at locations identified in Appendix B hereto (the "Service Locations") or online.

C. Client wishes to engage TES to provide certain services with respect to Client's education and/or social service program (the "Program"), and TES wishes to provide such services pursuant to the terms and conditions set forth below.

AGREEMENT

In consideration of the promises and covenants contained herein, the parties agree as follows:

1. **COMMENCEMENT DATE AND TERM**

This Agreement shall commence at 12:01 a.m. on July 1, 2025 (the "Commencement Date"), and shall continue until 11:59 p.m. on June 30, 2026 (the "Term").

2. **SERVICES TO BE PROVIDED BY TES**

During the Term of this Agreement, TES shall provide the services described on Appendix C hereto in connection with the Program (the "Services") to students/clients assigned by Client and TES shall provide personnel as TES determines are reasonably necessary to provide the Services (the "TES Personnel"), according to the Client's written or electronic Request for Service.

3. **ADDITIONAL SERVICES**

If Client requests any services from TES in addition to the Services, such additional services will be provided by TES only if the parties have mutually agreed in writing or by electronic request upon the specific additional services, the scope of such additional services, and the additional compensation to TES for such additional services.

4. **CALENDAR**

Services will not be provided by TES on Client holidays, Client breaks, or TES holidays without client written approval. Client must provide a copy of the client's calendar to TES prior to the start of commencement of this Agreement and provide at least 10 business days' notice of other closures or non-work days to avoid paying TES for missed sessions.

TES observes the following legal holidays: Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, the day after Thanksgiving, Christmas Eve, Christmas Day, New Year's Day, Martin Luther King, Jr. Day, Presidents Day, Cesar Chavez Day, Memorial Day, and Juneteenth. If TES holidays do not coincide with Client holidays, make-up services will be offered to Client's students. Unless specifically stated in writing by Client, non-direct client services, such as IEP preparation and report writing, may be billed on client-designated "teacher work days" and "in-service days".

5. **RECORDS**

TES agrees that all files, documents, records, and materials created by TES while providing the Services during the Term of this Agreement, other than TES' internal and business documents, shall be the property of Client. TES agrees that upon expiration or termination of this Agreement for any reason, upon request TES shall deliver such property of Client to Client, subject to Sections 12(e)(ii) below. Both during and after the Term of this Agreement, TES shall be permitted to inspect and/or duplicate, at its own expense, any individual student file or record regarding the Program to the extent necessary to assure proper provision of Services, to meet professional responsibilities to students, to assist in the defense of any claim or threatened claim against TES or TES Personnel, and for the resolution of billing disputes, provided that such inspection or duplication is permitted and conducted in accordance with then applicable legal requirements and then prevailing standards for the confidentiality of student records. TES Personnel shall not disclose pupil records to any unauthorized person or entity without the consent required by The Family Educational Rights and Privacy Act (20 U.S.C. §1232g; 34 CFR Part 99) and any other applicable laws, unless the disclosure is otherwise permitted by law.

6. **RESPONSIBILITIES OF CLIENT**

(a) Service Frequency & Duration. Client will notify TES of the agreed-upon service provision by requesting the service in TES TotalView or through an Individual Service Agreement (ISA), and provide prior notice to TES of any changes to the service provision or termination of services by updating the request in TES TotalView or submitting a new ISA. Upon written request, TES will track IEP minutes utilizing the school's preferred tracking system such as SEIS, Welligent, etc.

(b) Student Records. During the term of this Agreement, Client shall provide TES with such Student records, including, but not limited to Individualized Education Plans ("IEP") or Individual Family Service Plan ("IFSP"), as may be reasonably necessary for the proper provision of the Services. (c) Notice of Meetings. Client shall provide TES with no less than ten (10) business days' advance written notice of any and all meetings involving students in the Program provided by TES, such as IEP/IFSP meetings, etc. For purposes of this Agreement, the term "business days" shall not include Saturdays, Sundays, or holidays.

(d) Compliance with Laws. During the Term of this Agreement, Client shall comply in all respects with all applicable federal and state statutes, laws, regulations, ordinances, and rules relating to its business in general and the provision of special education services in particular.

(f) Facilities & Parking. TES will provide Services to Client at Client's facility, TES Clinics agreed upon public location or online, and Client shall provide a facility (including space, facilities, furniture, and furnishings) reasonably necessary for TES to provide the Services. TES utilizes a web-based database to document services, including student attendance and progress notes. The client shall provide all TES employees assigned to serve the client's students access to an on-site computer with a connection to the Internet. The on-site computer does not need to be for the exclusive use of TES employees, and the use of Client's computer(s) by TES employees will be solely for documentation purposes. There shall be no charge to TES to utilize Client-owned, controlled, or leased sites or facilities and equipment arising from or related to the provision of Services. (h) Payment. Client shall compensate TES for the Services as provided in Section 9 below. TES will invoice each Client's site as indicated in Appendix B to include the date(s) and session length(s) for each type of service provided. Services are documented electronically in the TES system. The client will determine additional documentation requirements before services commence.

(i) Orientation. Client shall provide personnel with instructions regarding Client and facility policies. Orientation time will be billed to and paid by the Client according to the rates outlined in Appendix D. Client agrees to pay for mandated breaks per the rates outlined in Appendix D. Client shall reimburse TES for any costs, including penalties, incurred by TES should Client fail to comply with this requirement.

(k) Termination of service or service provider. The client agrees to provide a minimum of 10 business days' written notice to terminate a service or to request an alternative service provider. (a) Qualifications, Credentials, Licenses. All TES Personnel will be qualified in all material respects to provide the Services they provide on behalf of TES hereunder. Upon written request, TES shall provide Client with a list of all TES Personnel to serve students enrolled in the Program. Such a list will identify the credentials/licenses held by each of the TES Personnel. An officer of TES shall certify to Client that TES Personnel providing instruction or therapy services hereunder are trained and accept responsibility as mandated child abuse reporters pursuant to California law, which certification shall accompany the list described in Section 7(a). Client will incur additional costs for any health screenings and/or credentialing requested not outlined in this section (7a).

(b) Fingerprinting Requirements. TES shall conduct such criminal background checks of all TES Personnel through the Department of Justice ("DOJ") as required by applicable law and, upon receipt of DOJ clearance, certify to Client that no TES Personnel working with a student of Client have been convicted of a violent or serious felony (as defined by applicable law) or are the subject of a criminal action pending upon charges of commission of a violent or serious felony (as defined by applicable law). The list of TES Personnel described in Section 7(a) above shall identify those TES Personnel who the DOJ has cleared.

TES will contact the student and/or the student's parent or guardian if requested to do so by the Client to commence services to such student within ten (10) business days after written notification from the Client (in one of the manners permitted by Section 6(a)) below, which include TES TotalView and/ISA.). TES shall have (5) business days following such notification to notify Client in writing if TES cannot commence Services to a student due to the type of service requested or because the service requested is not otherwise consistent with the obligations of TES outlined in this Agreement. Should TES be unable to provide such requested Services, TES will notify the Client in writing within ten (10) calendar days.

(d) Attendance Reporting. TES shall keep accurate records of Student attendance and time spent by TES Personnel in providing Services to students in the Program.

(e) Service Logs. TES Personnel shall maintain auditable logs of Services provided. Such logs will be made available to Client, upon request within five (5) business days. For purposes of this Agreement, the term "business days" shall not include Saturdays, Sundays, or holidays.

(f) Program Monitoring. TES shall comply with Client's reasonable requests for periodic monitoring of student progress. Client shall have access to observe the student in the instructional setting, to interview the TES Personnel providing instruction or therapy to Client's students, and to review the progress of such student, provided that TES shall be compensated (in accordance with Section 9) for all time spent by TES Personnel in such interview and review processes.

(g) Progress Reports. Upon request, TES shall provide Client with a progress report which shall identify the current performance levels of such student by agreed-upon dates each school year.

(h) Annual Reviews. For each student assigned to the Program by Client, TES shall provide Client with a progress report that shall identify current levels of performance and suggested goals of the student at least four (4) business days before mutually agreed upon dates such as scheduled IEP/IFSP meetings provided that TES has been given no less than ten (10) business days advance written notice of such IEP/IFSP meetings as required by Section 6(c) above.

(i) Compliance with Laws. During the term of this Agreement, TES shall comply in all respects with all applicable federal and state statutes, laws, regulations, ordinances, and rules relating to the provision of special education services.

(j) Equal Treatment. TES and its employees shall not unlawfully discriminate against any person in the provision of services because of disability, race, color, religion, ethnic origin, age, gender or sexual orientation.

(k) Familiarity with Student Records. TES Personnel shall review and familiarize themselves with student records such as IEP/IFSPs provided to TES pursuant to Section 6(b) above. TES Personnel shall review and become familiarized with documents provided to TES by Client or otherwise made available to TES relating to the individual needs of students in the Program, including but not limited to evaluations, reports, observations, and family history.

(l) TES Client Information. TES may provide access to specific client information through its online portal, TES TotalView, and hereby grants Client a non-exclusive license while this Agreement is in effect for the sole and exclusive purpose of fulfilling its obligations to TES and allowing TES to fulfill its obligations under this Agreement. Client acknowledges and agrees that TES TotalView and its related services and information constitute the property of TES and TES Proprietary Information (as defined in Section 15(a) below) and that Client's use of the TES TotalView is subject to Section 15(a) below. Without limiting the generality of the foregoing, Client agrees that (1) access to TES TotalView will be terminated upon the expiration or earlier termination of this Agreement, and (2) Client may not copy or reproduce the information found in TES TotalView in whole or in part, without the prior written consent of TES (which TES may grant or deny in its sole and absolute discretion). Upon the expiration or termination of this Agreement, Client will cease any further use of TES TotalView except for the information required to be part of official school and pupil records under Federal and State regulations, as allowed by this Section.

8. CORPORATE INFORMATION/CONFLICTS OF INTEREST

Upon request, TES and Client shall agree to furnish each other copies of their respective current corporate bylaws and a current list of their respective Boards of Directors and corporate officers. TES and Client mutually agree to take such actions as may be reasonable and necessary to avoid any actual or potential conflicts of interest.

9. COMPENSATION AND METHOD OF PAYMENT

(a) Compensation. In consideration for the TES Services, Client shall compensate TES at the rates set forth on Appendix D, which rates shall be subject to adjustment as provided in Appendix D (the "Service Rates"). Compensation shall be payable by Client on a monthly basis as follows:

(i) Within fifteen (15) business days of the last day of each month during the Term of this Agreement, TES shall submit an invoice to Client for Services provided during such month at the rates described in Appendix D, showing a credit to Client for the amount of the Prepayment for that month, and

accompanied by true and complete documentation of the attendance and time described in Section 7(d) above. Special requests for additional information or documentation beyond TES' usual and customary documentation must be agreed to in advance in writing and not create an undue burden to TES. If the request requires significant time, a service charge will be added to each invoice to cover our out-of-pocket expenses. Each undisputed invoice so delivered shall be due and payable in full by Client within thirty (30) calendar days, subject to paragraph (ii) below.

(ii) If Client has a bona fide, good faith dispute concerning whether a particular Service identified in a TES invoice hereunder was actually provided in accordance with the terms of this Agreement, Client shall give written notice to TES describing such dispute in reasonable detail within ten (10) calendar days of the date of such invoice, accompanied by payment in full of all amounts shown on such invoice that are not the subject of the dispute(s) described on such notice. TES and Client shall use their best reasonable good faith efforts to resolve such dispute within the thirty (30) calendar day period following such notice, and Client will provide to TES all student and other records relevant to the disputed charges. If the dispute remains unresolved after the thirty (30) day period, either TES or Client may terminate this Agreement with a minimum of forty (40) business days' written notice as per Section 12(b) below. Regardless of termination, either party retains the right to submit the dispute to mediation and arbitration as outlined in Section 16(j) below. The failure of Client to notify TES as to any disputed invoice or portion thereof in writing within thirty days pursuant to this subsection shall be a stipulation by Client that the charges therein are accurate and a waiver of any objection to those charges.

(iii) For payments not received within thirty (30) calendar days as described in paragraph (i) above, Client shall pay a finance charge equal to the greater of 10% or the highest maximum lawful rate per annum, which will be added to all outstanding amounts, compounded monthly. Client agrees to pay TES all costs incurred in collecting past due amounts, including actual attorney, court, and dispute resolution fees.

(b) Time for Which Compensation is Payable. TES shall be compensated in accordance with Appendix D for all time spent by TES Personnel providing Services and administrative support which consist of instruction or therapy to students in the Program, completion of Progress Reports and Session Progress Notes, and consultation to Client, Client's staff and parents of Program students, scheduling, and also for time scheduled for such instruction or therapy by Client or the parents of a student in the Program even if the student is not in attendance unless TES or the assigned TES Personnel has been given no less than 24 hours advance notice that the student will not attend or that the scheduled instruction or therapy has been canceled.

(c) Permanent Placement**.** Upon Client's request, TES will identify, qualify, and interview individuals pursuant to the Client-specified job description for Client's direct hire opportunities. If Client hires such individual, Client will be billed in the next billing cycle a fee equal to the greater of USD $25,000 or 35% of such individual's annual base salary calculated on a 40-hour work week. Such fee shall be due and payable under the terms and conditions of this Agreement.

(d) Overtime. Client will be billed for all overtime hours in accordance with the current state and federal laws, rules and regulations where such services are being provided. Calculations of overtime will be 1.5 times the service rate or two (2) times the service rate as indicated on the rate sheet as required by law.

(e) Payment Address and Methods of Payment. Client will make all payments payable to Total Education Solutions at 99 Pasadena Ave. Suite 10-C, South Pasadena, CA 91030, Attn: Accounting Department. TES accepts checks, money orders, credit cards, or ACH.

11. INDEMNIFICATION

(a) Indemnification by TES. TES shall defend, indemnify, and hold harmless Client and its officers, directors, agents, and employees from all liabilities and claims for damages for death, illness, or injury to persons or property damage (including, without limitation, consequential damages) resulting from the negligence or willful misconduct of TES or its agents, employees, or subcontractors in performing TES' obligations hereunder.

(b) Indemnification by Client. Client shall defend, indemnify, and hold harmless TES and its officers, directors, agents, shareholders, and employees from all liabilities and claims for death, illness, or injury arising to persons or damage to property (including, without limitation, consequential damages) arising from Client's operation of its business and/or resulting from the negligence or willful misconduct of Client or its agents, employees, or subcontractors (other than TES).

(c) Notice, Cooperation, and Opportunity to Defend. The party entitled to be indemnified under this Section 11 (the "Indemnified Party") shall promptly notify in writing the party required to provide indemnification under this Section 11 (the "Indemnifying Party") of any matter giving rise to an obligation to indemnify and the Indemnifying Party shall defend such claim at its expense with counsel reasonably acceptable to the Indemnified Party, provided that the Indemnifying Party may not settle any such claim without the consent of the Indemnified Party, which consent will not be unreasonably withheld, conditioned, or delayed. The Indemnified Party agrees to cooperate with the Indemnifying Party and to make reasonably available to the Indemnifying Party any records or documents in the possession of the Indemnified Party that are relevant to or necessary to defend such claim. If the Indemnified Party desires to participate in the defense of a claim being defended by the Indemnifying Party, it may do so at its sole cost and expense, provided that the Indemnifying Party shall retain control over such defense. In the event the Indemnifying Party does not defend and resolve such claim, the Indemnified Party may do so without the indemnifying Party's participation, in which case the Indemnifying Party shall pay the expenses of such defense and any settlement, award, or judgment arising therefrom, and the Indemnified Party may settle or compromise such claim without the Indemnifying Party's consent. The failure of any Indemnified Party to give notice as provided herein shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that the Indemnifying Party is actually prejudiced by such failure to give notice.

(d) Without in any way limiting the foregoing, each party shall bear responsibility for receiving, replying to, and/or complying with any audit exceptions or compliance investigations made by any state or federal agencies that are the result of the acts, omissions or conduct of such party or its respective employees or agents.

(e) The provisions of this Section 11 shall expressly survive the expiration or termination for any reason of this Agreement.

12. **TERMINATION**

(a) Without Cause. Either party may terminate this Agreement, without cause, upon at least sixty (60) business days prior written notice.

(b) Dispute Over Charges. Either party may terminate this Agreement upon no less than forty (40) business days' notice as provided in Section 9(a)(ii) above.

(c) For Nonpayment. TES may terminate this Agreement for Client's breach of its obligations to timely pay amounts due to TES under Section 9(a)(i) or 9(b) above, provided that TES gives written notice of such breach and Client does not pay TES the amount due (plus any interest due thereon under Section 9(a)(iii) above) within five (5) business days of such notice.

(d) With Cause. Either party may terminate this Agreement upon the other party's material breach of any term or condition of this Agreement (other than a breach described in paragraphs (b) or (c) above) by giving not less than twenty (20) business days written notice of termination to the other party.

(e) Effect of Termination. Upon the expiration or termination for any reason of this Agreement,

(i) TES will, within twenty (20) business days of termination, present a final invoice for all TES Services provided through the effective date of termination, which shall be due and payable in full within twenty (20) business days of delivery to Client, subject to Section 9(a)(iii) above.

(ii) TES shall, upon receipt of the payment described in Section 12(e)(i) above, turn over to Client all records of Client maintained by or under the control of TES.

(f) All obligations of the parties, except those described in this Section 12 and those that, by the express terms of this Agreement, expressly survive its expiration or termination, shall cease.

13. **INDEPENDENT CONTRACTORS**

The parties hereto acknowledge and agree that the relationship created between TES and Client as a result of this Agreement is strictly that of independent contractors. Nothing contained herein shall be construed as creating a partnership or joint venture relationship between the parties. Each party hereto shall be responsible for all compensation, salaries, taxes, withholdings, contributions, benefits, and worker's disability compensation insurance concerning all personnel employed or contracted by such party and shall indemnify, defend, and hold harmless the other party and its officers, directors, agents, contractors, representatives, and employees, from and against any and all liability, loss, damages, claims, causes of action, and expenses associated therewith (including without limitation attorneys' fees) caused or asserted to have been caused, directly or indirectly, by or as a result of same. The provisions of this Section shall survive the expiration or termination for any reason of this Agreement.

14. **NO HIRE AGREEMENT**

(a) No Hiring by Client.

(i) Client recognizes that each of the TES Personnel a unique and valuable resource of TES whom TES has trained, that the Services to be provided hereunder are feasible only if TES Personnel have access to and interaction with Client and its agents and representatives under the terms of this Agreement, and that, but for this Agreement, Client would not have access to TES' employees. Client further acknowledges that TES Personnel have certain legal obligations, arising in contract and otherwise, to TES, which include obligations not to accept positions with TES' clients without the prior written consent of TES, not to solicit any TES client for employment or a competing business, or otherwise take any action to interfere with

the relationship between TES and its clients. Accordingly, Client agrees that during the No Hire Period, neither Client nor any person who serves as an officer, director, employee, or agent of Client at any time during the term of this Agreement ("Client-Affiliated Person") shall, without the prior written consent of TES (which TES may grant or deny in its sole and absolute discretion), hire, employ, or contract with any TES Personnel or any other person(s) employed by TES at any time during the six (6) months immediately preceding such hiring, employment, or contracting, or directly recruit or solicit any such person(s) to become employed by or to contract with Client or any other person or entity, unless Client pays to TES a Recruiting Fee (as defined in Section 14(b)(ii) below) for each such person Client or any Client-Affiliated Person hires, employs, or contracts with, or agrees to hire, employ, or contract with during the No Hire Period (herein, a "Hired TES Worker").

(ii) The Recruiting Fee for each Hired TES Worker will be the greater of (A) thirty thousand ($30,000.00), (B) 25% of the Hired TES Worker's annual salary at the time of termination of his or her employment or contract with TES, or (C) 25% of the total compensation paid by TES to the Hired TES Worker during the twelve (12) months immediately preceding termination of his or her employment or contract with TES. The Recruiting Fee shall be additional compensation due to TES under Section 9 herein, shall be invoiced to Client in accordance with Section 9, and shall be due and payable in full within ten (10) calendar days, notwithstanding the provisions of Section 9(a)(ii) and subject to the provisions for the payment of interest and collection costs in Section 9(a)(iii). TES shall be entitled to apply all payments received from Client to any unpaid Recruiting Fee before any other item of Compensation due to TES under Section 9 herein. The parties agree that the damages TES would suffer as a result of Client's or a Client-Affiliated Person's hiring, employment, or contracting with any Hired TES Worker would be difficult or impossible to quantify and that the Recruiting Fee constitutes a reasonable, good-faith estimate of those damages based on all information known and discoverable by the parties as of the date hereof. In the event Client challenges the enforceability of the Recruiting Fee and the Recruiting Fee is held to be unenforceable by a court or arbitrator, generally or concerning a specific Hired TES Worker, TES shall be entitled to any and all damages or other relief provided in law or equity, including attorney fees and costs.

(b) Notification, Costs. Upon a breach of any party's obligations under this Section 14, the non-breaching party shall be entitled to be indemnified by the breaching party from any loss or harm, including, without limitation, attorney fees and collection costs, in connection with any breach or enforcement of the breaching party's obligations under this Section 14. Each party will notify the other party in writing immediately upon any breach of this Section 14 of which it is aware.

(c) Equitable Relief and Indemnification. Each party acknowledges and agrees that due to the unique nature of TES Personnel and the employees of Client, respectively, and the competitively valuable nature of the trade secrets and confidential information of the other party to which its employees and contractors have access and knowledge, any breach of a party's obligations under this Section 14 may allow the breaching party or third parties to compete unfairly with the non-breaching party, resulting in irreparable harm to the non-breaching party that cannot be adequately compensated. Therefore, upon any such breach or any threat thereof, the non-breaching party shall be entitled to appropriate equitable relief in addition to whatever remedies it might have at law. In addition, upon any breach of any party's obligations under this Section 14, the non-breaching party shall be entitled to be indemnified by the breaching party from any loss or harm, including without limitation, attorney's fees, in connection with any breach or enforcement of the breaching party's obligations under this Section 14. Each party will notify the other party in writing immediately upon any breach of this Section 14 of which it is aware.

(d) Survival. The parties' obligations under this Section 14 shall expressly survive the expiration or termination for any reason of this Agreement.

15. **CONFIDENTIALITY**

(a) TES Proprietary Information. Client acknowledges and agrees that TES owns all rights, titles, and interests in and to the TES materials and TES systems used in the performance of the Services hereunder, including, without limitation, all trade secrets, policies, procedures, know-how, protocols, policies, operating manuals specifications, software, forms, education materials, financial information, as well as additions and modifications thereto developed and/or used by TES in the furtherance of TES operations and performance of TES' obligations under this Agreement (collectively the "TES Proprietary Information"). Client shall maintain the confidentiality of all such

TES Proprietary Information and shall not divulge such information to any third parties both during the term of this Agreement and after its termination except (i) as may be necessary for the discharge of its obligations under this Agreement, and (ii) as required by law. Client shall take reasonable precautions against disclosure of any TES Propriety Information to unauthorized persons by any of its officers, directors, employees, or agents. Client shall not directly or indirectly, without the express prior written permission of TES, use the TES Proprietary Information for any purpose except to the limited extent necessary for the provision of Services under this Agreement. Upon termination of this Agreement for any reason, Client shall cease all use of TES Proprietary Information and shall return to TES all manifestations and copies thereof in Client's possession or control except to the extent Client is allowed continued use of completed forms as outlined in Section 7(I).

(b) Client Proprietary Information. TES acknowledges and agrees that in the course of the performance of its obligations under this Agreement, TES will have access to certain information proprietary to Client, which may include but is not limited to trade secrets, policies, procedures, operating manuals, specifications, software, business or strategic plans, budgets, salary information, contractual arrangements or negotiations, financial information, and employee information (collectively, the "Client Proprietary Information"). All of such Client Proprietary Information shall be and remain the property of Client at all times, and TES shall have no right, title or interest therein. TES shall maintain the confidentiality of all Client Proprietary Information and shall not divulge such information to any third parties, except (i) as may be necessary to discharge its obligations under this Agreement and (ii) as required by law. TES shall take reasonable precautions against disclosure of any Client Proprietary Information to unauthorized persons by any of its officers, directors, employees, or agents. Upon termination of this Agreement for any reason, TES shall cease all use Client Proprietary Information and shall return to Client all manifestations and copies thereof in TES' possession or control except to the extent that the information is retained for TES' internal and business records.

(c) Equitable Relief and Indemnification. Each of the parties acknowledges and agrees that due to the unique nature of its proprietary information, there can be no adequate remedy of law for any breach of its obligations hereunder and that any such breach may allow the breaching party or third parties to unfairly compete with the non-breaching party resulting in irreparable harm to the non-breaching party that cannot be adequately compensated. Therefore, upon any such breach or any threat thereof, the non-breaching party shall be entitled to temporary, preliminary, and permanent injunctive relief in addition to whatever other remedies it might have at law and equity and to be indemnified by the breaching party from any loss or harm, including without limitation, actual attorney fees, in connection with any breach or enforcement of the breaching party's obligations hereunder or the unauthorized use or release of any such proprietary information. Each party will notify the other party in writing immediately upon the occurrence of any unauthorized release or other breach of which it is aware.

(d) Exceptions. Notwithstanding anything else in this Agreement, claims for monies due, claims for services rendered, claims for injunctive relief as provided for in Section 15(c) above, and/or claims for grant or financial assistance reimbursement due may, at either party's option, be brought separately and immediately in a court of competent jurisdiction or pursued through mediation as set forth below. If a party pursues claims for monies due in court, all other disputes herein shall be subject to good faith mediation.

(e) Survival. The parties' obligations under this Section 15 shall expressly survive the expiration or termination for any reason of this Agreement.

16. **MISCELLANEOUS**

(a) No Third Party Beneficiaries. The parties intend that the benefits of this Agreement shall inure only to TES and Client and not to any third person.

(b) Entire Agreement. This Agreement, together with all appendices hereto, constitutes the entire agreement between the parties concerning the subject matter hereof, supersedes all other and prior agreements on the same subject, whether written or oral and contains all of the covenants and agreements between the parties concerning the subject matter hereof.

(c) Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the parties and their respective successors and permitted assigns. No party may assign this Agreement or the rights, interests or obligations hereunder without the other party's consent.

(g) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California without regard to choice of law provisions.

(h) Waiver, Amendment. No waiver, amendment, or modification of this Agreement shall be effective unless the waiver, amendment, or modification is in writing and signed by the party against whom the waiver, amendment, or modification is to be enforced. Any waiver of any provision of this Agreement shall only be effective for the specific instance and circumstance for which the waiver is given, and the waiver shall not affect the continuing enforceability of that provision in any other instance or circumstance.

(v) Notwithstanding this arbitration agreement, either party may seek and/or obtain injunctive relief (or any other provisional remedy) from any court having jurisdiction over the parties and the subject matter of the dispute (without reference to this arbitration agreement), and nothing in this Agreement shall be deemed or construed as preventing the same. In any action or proceeding to enforce rights under this Agreement, the prevailing party will be entitled to recover costs and reasonable attorney fees.

(k) Further Assurances. The parties shall take such actions and execute and deliver such further documentation as may reasonably be required to give effect to the transactions contemplated by this Agreement.

Term:	July 1, 2021 through June 30, 2023 (the "Term"). This Statement of Work shall automatically renew for consecutive additional one (1) year terms unless either party provides written notice of non-renewal to the other at least one hundred twenty (120) days prior to the expiration of the then-current term (each, a "Renewal Term"). The Term and any Renewal Term(s) are referred to as the Term.
Scope of Services:	The philosophy of our Back-Office Services is that we provide outsourced solutions so your school can focus on its educational mission. Moreover, you receive the benefit of our extensive experience with California Charter Schools. **1. FINANCE and ACCOUNTING** **Budgeting:** ▪ **Annual and multi-year budgets including cash flows** – In the spring or when services begin, EdTec works with the school leader to create annual and multi-year budgets in time for submission to the State by July 1. EdTec strives to ensure that the annual budgets are strategic documents that capture the operations and direction of the school. ▪ **Budget revisions (as needed, on demand)** – EdTec revises budgets as needed to reflect changing circumstances at the school or in State funding. ▪ **Updated monthly budget forecasts** – EdTec tracks budget to actuals and updates the budget forecast on a monthly basis (if forecasts move materially off budget, we recommend a budget revision). **Financial Statements:** ▪ **Monthly year-to-date financial statements** – EdTec prepares YTD financials compared to budget in time for the regularly scheduled board or committee meeting. EdTec makes the financials and presentation electronically available ahead of the meeting. For schools with board or committee meetings on or before the 15th of the month, EdTec will furnish the financials and presentation in time for (but not in advance of) the meeting. For schools with board or committee meetings on or before the 10th of the month, EdTec will

- **Customized financial analysis** – EdTec performs reasonable financial analysis that the staff or board requests, e.g. providing a comparative analysis of the school's budget relative to industry norms, scenario modeling (within reason), or fulfilling a request from the authorizing entity. EdTec will also provide customized reports (within reason) for grant proposals.
- **Support in resolving financial issues** – EdTec helps the school leader find solutions to financial issues by recommending budget changes and/or identifying sources of potential funding.

(a) With respect to Indebtedness represented by a Guaranty executed by any Member guarantying the obligations of a Person, as long as any such Guaranty is a contingent liability under generally accepted accounting principles, the principal and interest deemed payable with respect to such Guaranty shall be deemed to be the lowest percentage of debt service requirements set forth immediately following this paragraph (determined after giving effect to any other paragraph of this definition at the election of the Borrower), if the debt service coverage ratio (determined in a manner as nearly as practicable to the determination of the Debt Service Requirement under the Master Indenture of Trust) of the Person primarily obligated on the obligations effectively guaranteed by such Guaranty for the immediately preceding Fiscal Year, or any other 12-month period ending within 180 days prior to the date of calculation, shall be greater than the amount specified opposite such percentage below:

Debt Service Coverage Ratio of Accommodated Person	Percentage of Debt Service Requirements
1.35	25%
1.1	50%

Less than 1.1	100%

If any such Guaranty becomes a noncontingent liability but thereafter becomes a contingent liability, during the period such Guaranty is a noncontingent liability and for two years after such Guaranty becomes a contingent liability, 100% of the annual debt service on the indebtedness being guaranteed shall be added to the computation of the Debt Service Requirement.

(b) With respect to Balloon Indebtedness, the amount of principal and interest deemed payable during such period shall be determined as if such Balloon Indebtedness were being repaid in substantially equal annual installments of principal and interest over a term over which the Members could reasonably be expected to borrow, not to exceed thirty-five (35) years from the date of incurrence of such Balloon Indebtedness, and bearing interest at an interest rate (determined as of the date of calculation of the Debt Service Requirement) equal to the rate at which the Members could reasonably be expected to borrow for such term, by issuing Indebtedness, all as set forth in an Officer's Certificate accompanied by a letter of a banking or investment banking institution knowledgeable in matters of charter school facility finance, confirming that the borrowing term and interest rate assumptions set forth in such statement comply with the requirements of this subsection.

(c) With respect to Variable Rate Indebtedness, if the actual interest rate on such Variable Rate Indebtedness cannot be determined for the period for which the Debt Service Requirement is being calculated, the amount of interest deemed payable during such period on such Variable Rate Indebtedness shall be assumed to be equal to the average interest rate per annum which was in effect for any twelve (12) consecutive calendar months specified in an Officer's Certificate during the eighteen (18) calendar months immediately preceding the date of calculation of the Debt Service Requirement (or, if such Variable Rate Indebtedness was not outstanding during such eighteen month period, the average interest rate per annum which would have been in effect).

(d) With respect to Indebtedness payable from an Irrevocable Deposit, the amount of principal or interest taken into account during such period shall be assumed to equal only the principal or interest not payable from such Irrevocable Deposit and the investment income from such funds.

(e) With respect to Long-Term Indebtedness incurred to finance or refinance the construction of capital improvements, principal and interest with respect to such Long-Term Indebtedness shall be excluded from the determination of the Debt Service Requirement but only in proportion to the amount of principal and interest on such Long-Term Indebtedness which is payable in the then current Fiscal Year from the proceeds of such Long-Term Indebtedness.

(f) With respect to Long-Term Indebtedness with respect to which a Financial Products Agreement has been entered into by a Member interest on such Long-Term Indebtedness shall be included in the determination of the Debt Service Requirement

by including for each Fiscal Year an amount equal to the amount of interest payable on such Long-Term Indebtedness in such Fiscal Year at the rate or rates stated in such Long-Term Indebtedness plus any Financial Product Payments payable in such Fiscal Year minus any Financial Products Receipts receivable in such Fiscal Year; provided that in no event shall any calculation made pursuant to this clause result in an amount less than zero being included in the determination of the Debt Service Requirement and provided, further, if the actual interest rate on such Long-Term Indebtedness or the actual amount of Financial Product Payments or Financial Products Receipts cannot be determined for the period for which the Debt Service Requirement is being calculated, the amount of interest deemed payable during such period on such Long-Term Indebtedness shall be determined by applying the average interest rate per annum which was in effect or the average Financial Product Payments which would have been paid, or the average Financial Products Receipts which would have been received, as the case may be, for any twelve (12) consecutive calendar months specified in an Officer's Certificate during the eighteen (18) calendar months immediately preceding the date of calculation of the Debt Service Requirement (or, if such Long-Term Indebtedness was not Outstanding during such eighteen month period, the average rate which would have been in effect).

(a) The Authority irrevocably assigns to EFF all of its right, title and interest in this Agreement, including the right to receive Authority Loan Payments under the Borrower Note (and hereby directs Borrower to make such Authority Loan Payments directly to, or at the direction of, EFF), but excluding the rights of the Authority under Sections 5.02, 8.01, and 9.13 which rights are retained by the Authority. The Authority Loan Payments payable by the Borrower under this Agreement are expected to be equal in the aggregate to an amount which shall be sufficient to provide for the payment in full of the interest on, premium, if any, and principal of the Borrower Note as the same becomes due and payable.

(b) Simultaneously with the execution and delivery of the Authority Note, the Borrower shall cause each of the Schools to deliver an Intercept Notice to the State Controller.

Not later than fifteen (15) calendar days before the end of any quarter in which payment is scheduled, the Borrower may cause the Lessee, on behalf of the Schools, to revise the Intercept Notices and cause such revision to be delivered to the State Controller from time to time as necessary or appropriate (including without limitation as a result of redemption prior to maturity) to specify transfers to the Master Trustee necessary to pay the amounts due under this Agreement and other costs necessary or incidental to the financing pursuant to the Act relating to the Loans, as the same become due, and to cure any delinquency in payment of such amounts. The Borrower shall, and shall cause the Lessee, on behalf of the Schools, to cooperate with EFF in any manner EFF may request, as permitted pursuant to Section 17199.4 of the Education Code, in connection with revising the applicable Intercept Notices. If at any time an Intercept Notice is revised for any reason, the Borrower shall cause the Lessee, on behalf of the Schools, to promptly provide to the Authority, the Department of Education and EFF a copy of such revised Intercept Notice. The Intercept Notices may, if then permitted by the State Controller, provide for additional amounts payable to EFF for purposes set forth in this Agreement; provided, however, the Lessee, on behalf of the Schools, shall not grant preference or any prior right of funding access or security in respect of any payment indicated in the Intercept Notice or any other notice delivered pursuant to Section 17199.4 of the Education Code or any successor provision.

All deposits of moneys derived from the Intercept hereunder shall be made at the principal office of the Master Trustee set forth in the Intercept Notice. The Borrower shall cause the Lessee, on behalf of the Schools, to timely revise the Intercept Notice to require transfers to such other location as shall be designated in writing by EFF.

Section 3.05 *Prepayment of Authority Loan*. Borrower shall have the right to prepay the Authority Loan in whole or in part on any Business Day on or after March 1, 2031 in an amount equal to the outstanding Principal Amount of the Authority Loan to be prepaid, plus accrued interest to, but not including, the date of prepayment. In the event of a prepayment, Borrower shall provide EFF at least thirty days written, portable document format (.pdf), electronic or facsimile notice of its election to make such prepayment, specifying the Principal Amount of Authority Loan to be prepaid and to remain Outstanding, respectively.

Section 3.06 *Limitation on Interest*. All agreements between Borrower and the Authority or the payees of the Borrower Note, whether now existing or hereafter arising and whether written or oral, are hereby limited so that in no contingency, whether by reason of demand, prepayment, or otherwise, shall any amount deemed interest under applicable law and contracted for, charged, received, paid or agreed to be paid on any Authority Loan or EFF Loan exceed the Maximum Rate applicable thereto. If, from any circumstances whatsoever, interest on any Authority Loan or EFF Loan would otherwise be payable in excess of the Maximum Rate applicable thereto, then the interest payable thereon shall be reduced to interest at such Maximum Rate; and if from any circumstances the Authority, EFF or the payee of the Borrower Note or Authority Note shall ever receive anything of value deemed interest by applicable law in excess of interest at such Maximum Rate, an amount equal to any excessive interest shall be applied to the reduction of the principal

of such Authority Loan and EFF Loan, respectively, and not to the payment of interest, or if such excessive interest exceeds the unpaid balance of principal of such Authority Loan or EFF Loan, such excess shall be refunded to Borrower for the account of the Authority. All interest paid or agreed to be paid on an Authority Loan or EFF Loan shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full period of such Authority Loan and EFF Loan until payment in full of the principal so that the interest on such Authority Loan and EFF Loan for such full period shall not exceed interest at the Maximum Rate applicable thereto. This paragraph shall control all agreements between or among Borrower, the Authority and EFF and between the Authority and EFF or the payees of the Authority Note.

Section 3.07 *Failure to Make Payments; Obligations of Borrower Unconditional; Obligation No. 1*.

(a) *Failure to Make Payments*. In the event the Borrower shall fail to deposit, or fail to cause to be deposited, with EFF any Authority Loan Payments or Additional Payments as required by this Section 3.07, the Authority Loan Payments, Additional Payments or other payments required hereunder shall continue as an obligation hereunder of the Borrower until the amount in default shall have been fully paid.

(b) *Obligations of Borrower Unconditional.* The Borrower shall pay to or upon the order of the Authority, promptly after notification by the Authority, all costs and liabilities incurred by the Authority, including without limitation fees and expenses of counsel to the Authority, in connection with the delivery of the Authority Note and the making of the Authority Loan to the Borrower herein, or otherwise as a result of the transactions contemplated by the Borrower Documents.

The obligation of the Borrower to make the payments as required in this Section 3.07, and to perform and observe any and all of the other covenants and agreements on its part contained herein, shall be absolute and unconditional irrespective of any defense or any rights of setoff, recoupment, or counterclaim which the Borrower may otherwise have against the Authority. The Borrower shall not: (1) suspend, discontinue, or abate any payment required by this Section 3.07 (except as expressly provided herein); (2) fail to observe any of its other covenants or agreements in this Agreement; or (3) terminate this Agreement for any cause whatsoever (except as provided in Section 6.01 hereof), including without limiting the generality of the foregoing, any declaration or finding that the Borrower Note, the Authority Note or any portion of this Agreement is invalid or unenforceable, and, any failure of the Authority to perform and observe any agreement, whether expressed or implied, or any duty, liability, or obligation, arising out of or in connection with this Agreement or otherwise.

Notwithstanding anything herein to the contrary, the liability of the Borrower under this Agreement to any Person, including, but not limited to, the Authority and its successors and assigns, is limited to the Gross Revenues, and such Persons shall look exclusively thereto, or to such other security as may from time to time be given for the payment of obligations arising out of this Agreement or any other agreement securing the obligations of the Borrower with respect to the Loans or the Notes.

(c) *Obligation No. 1*. To secure the payment of Authority Loan Payments, and the performance by the Borrower of its other obligations under this Agreement, and in consideration of the delivery of the Authority Loan by the Authority, the Borrower shall issue, or cause to be issued, and to cause to be authenticated and delivered to EFF or its designee, pursuant to the Master Indenture of Trust and the Supplemental MTI for Obligation No. 1, concurrently with the delivery of the EFF Loan and the Authority Loan, Obligation No. 1 in substantially the form set forth in Exhibit A of the Supplemental MTI for Obligation No. 1. The Authority agrees that Obligation No. 1 shall be registered in the name of EFF. The Borrower agrees that the aggregate principal amount of Obligation No. 1 shall be limited to twenty-seven million seven hundred eighty-two thousand seven hundred fifty-six dollars and seventy-seven cents ($27,782,756.77), except for any other Obligation No. 1 subsequently authenticated and delivered in lieu of the Obligation No. 1 issued on the Closing Date as provided in Section 2 of the Supplemental MTI for Obligation No. 1 with respect to the mutilation, destruction, loss or theft of Obligation No. 1 or, subject to the provisions of Section 7 of the Supplemental MTI for Obligation No. 1, upon transfer of registration of Obligation No. 1. Delivery of the Authority Loan by the Authority shall be a condition to the issuance and delivery of Obligation No. 1.

(d) The Borrower agrees that, except as otherwise provided in this Section 3.07, so long as any portion of the Authority Loan remains Outstanding, Obligation No. 1 shall be issuable only as a single obligation without coupons, registered as to principal and interest in the name of EFF, and no transfer of Obligation No. 1 shall be registered under the Master Indenture of Trust or be recognized by the Borrower except for transfers permitted under Section 6 of the Supplemental MTI for Obligation No. 1.

Section 3.08 *No Set-Off, Etc.*

Borrower agrees that its obligations to make payments hereunder shall be absolute and unconditional, irrespective of any rights of set-off, diminution, abatement, recoupment or counterclaim Borrower might otherwise have against any Person, and Borrower will perform and observe all of its payment obligations and covenants, representations and warranties hereunder without suspension and will not terminate Borrower Documents for any cause except as permitted herein. Borrower covenants not to seek and hereby waives, to the extent permitted by applicable law, the benefits of any rights which it may have at any time to any stay or extension of time for performance or to terminate, cancel or limit its liability under the Authority Loan except through payment or deemed payment of the Authority Loan as provided in Borrower Documents. A permitted holder of the Authority Loan shall be entitled to rely upon the agreements and covenants in this Section 3.08 regardless of the validity or enforceability of the remainder of this Agreement or any other Borrower Document or agreement.

The preceding paragraph shall not be construed to release the Authority from the performance of any of its agreements contained in this Agreement, or prevent or restrict Borrower, at its own cost or expense, from prosecuting or defending any action or proceeding against or by third parties or taking any other action to secure or protect its rights under Borrower Documents.

Section 3.09 *Disbursement of the EFF and Authority Loan*. At Closing, EFF hereby agrees, subject to the terms and conditions in this Agreement, to loan $27,782,756.77 to Authority and Authority hereby agrees, subject to limitations herein to borrow such amount from EFF and

to lend the EFF Loan proceeds to Borrower in accordance with a closing memo or settlement statement for the purposes of financing the Project.

Section 3.10 *Credits*. The Borrower shall receive credit for payment on Obligation No. 1 from and to the extent of any payments of principal and interest made on the Authority Loan.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES

Section 4.01 *Representations and Warranties of EFF*. EFF represents and warrants to the Authority and Borrower, the following:

(a) EFF is a Delaware nonprofit corporation and has all necessary power and authority to enter into and perform this Agreement.

(b) EFF has taken all actions required to authorize and execute this Agreement and to perform its obligations hereunder, and the execution, delivery and performance by EFF of and compliance with the provisions of this Agreement will not conflict with any existing law, regulation, rule, decree or order or any agreement or other instrument by which EFF is bound.

(c) EFF acknowledges that the Authority and Borrower have furnished EFF with all information necessary and requested by EFF to permit EFF to make an informed decision concerning its issuance of the EFF Loan, and EFF has made such inspections and investigations as it has deemed necessary to determine the investment quality of Borrower and its ability to perform under this Agreement and Borrower Note and to assess all risk factors associated with EFF's purchase of the EFF Loan. The EFF Loan is being made by EFF to effect loans to Borrower (and not on behalf of another), and except for the transfer of the EFF Loan from EFF to its Affiliate on the Closing Date, EFF has no present intention of reselling its rights under the EFF Loan or the Authority Note, either currently or after the passage of a fixed or determinable period of time or upon the occurrence or nonoccurrence of any predetermined event or circumstance.

Section 4.02 *Representations and Warranties of the Authority; Findings by the Authority*. The Authority makes no representation or warranty regarding any of the Borrower, the Borrower Note, the Borrower Documents, or otherwise. EFF acknowledges the foregoing.

The Authority hereby finds and determines, based upon the representations, warranties and agreements of the Borrower and such other information as the Authority deems necessary, that (i) the Borrower is a "participating party" as such term is defined in the Act; (ii) the Authority Loan to be made hereunder with proceeds of the EFF Loan will promote the purposes of the Act by providing funds to finance and/or refinance the costs of a "project" as defined in the Act; and (iii) the EFF Loan does not exceed the total "cost" (as defined in the Act) of the Project as determined by the Borrower.

Each of the foregoing representations and warranties shall be deemed to have been made as of the date of this Agreement and again as of the Closing Date.

Section 4.03 *Representations and Warranties of Borrower*. Borrower represents and warrants to EFF and the Authority as follows:

(a) The Borrower is a nonprofit public benefit corporation duly incorporated and in good standing under the laws of the State of California, has full legal right, power and authority to enter into the Borrower Documents, and to carry out all of its obligations under and consummate all transactions contemplated by the Borrower Documents, and by proper corporate action has duly authorized the execution, delivery and performance of the Borrower Documents. The Borrower is a "participating party" as defined in the Act and the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of the Financed Facilities is a "project" as defined in the Act.

(b) The Persons executing the Borrower Documents on behalf of the Borrower are duly and properly in office and are fully authorized to execute the Borrower Documents.

(c) The Borrower Documents have been duly authorized, executed and delivered by the Borrower.

(d) The Borrower Documents constitute the legal, valid and binding agreements of the Borrower enforceable against the Borrower in accordance with their respective terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy.

(e) The execution and delivery of the Borrower Documents, the consummation of the transactions herein and therein contemplated and the fulfillment of or compliance with the terms and conditions hereof and thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of incorporation of the Borrower, its bylaws, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would have a Material Adverse Effect upon the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower.

(f) No consent or approval of any trustee or holder of any indebtedness of the Borrower or any guarantor of indebtedness of or other provider of credit or liquidity of the Borrower, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority (except with respect to any state securities

or "blue sky" laws) is necessary in connection with the execution and delivery of the Borrower Documents, or the consummation of any transaction herein or therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

(g) There is no action, suit, proceeding, inquiry or investigation, before or by any Governmental Authority, pending, or to the knowledge of the Borrower, after reasonable investigation, threatened, against or affecting the Borrower or the assets, properties or operations of the Borrower which, if determined adversely to the Borrower or its interests, would have a Material Adverse Effect upon the consummation of the transactions contemplated by, or the validity of, the Borrower Documents, or upon the financial condition, assets, properties or operations of the Borrower, and the Borrower is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any or Governmental Authority, which default might have consequences that would have a Material Adverse Effect upon the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower. All tax returns (federal, state and local) required to be filed by or on behalf of the Borrower have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrower in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. The Lessors each hold a peaceful and undisturbed fee simple interest or leasehold interest, as applicable, in each Financed Facility subject to the Project Leases.

(h) No written information, exhibit or report furnished to the Authority or EFF by the Borrower in connection with the negotiation of the Borrower Documents, taking into account any corrective or supplemental information obtained by the Authority and EFF contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the Borrower has not made any independent investigation or inquiry into the truth, accuracy or completeness of any report written or provided by any third party.

(i) The Borrower has timely filed and will timely file with the Internal Revenue Service all requests for determination, reports, and returns required to be filed by them, and such requests for determination, reports, and returns have not omitted or misstated any material fact.

(j) Except as provided in this Agreement, the Borrower shall not pledge or otherwise encumber, or permit the pledge or encumbrance of, any money, investment, or investment property as security for payment of any amounts due under this Agreement and shall not establish any segregated reserve or similar fund for such purpose.

(k) The Borrower has made and shall continue to make all required contributions to all employee benefit plans, if any, and the Borrower has no knowledge of any material liability which has been incurred by the Borrower and remains unsatisfied for any taxes or penalties with respect to any employee benefit plan or any multi-employer

plan, and each such plan has been administered in compliance with its terms and the applicable provisions of ERISA and any other federal or state law.

(l) The Borrower has no known material contingent liabilities, and has no material financial obligation under any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which the Borrower is a party or by which the Borrower is otherwise bound, other than (1) the obligations being refinanced with the proceeds of the Loans, (2) the obligations of the Borrower Documents and Obligation No. 1, (3) other indebtedness evidenced by the Permitted Liens, (4) obligations under the Tax Certificate, (5) obligations disclosed by the Borrower's financial statements and other information disclosed to the Authority, (6) obligations subordinate to the Borrower's obligations under this Agreement, and (7) obligations incurred in the ordinary course of its operations.

(m) The Borrower has (1) not entered into this transaction or any Borrower Document with the actual intent to hinder, delay, or defraud any creditor and (2) received reasonably equivalent value in exchange for its obligations under the Borrower Documents. Giving effect to the transactions contemplated by the Borrower Documents, the fair saleable value of the Borrower's assets exceeds and will, immediately following the execution and delivery of the Borrower Documents, exceed the Borrower's total liabilities, including, without limitation, subordinated, unliquidated, disputed or contingent liabilities. The fair saleable value of the Borrower's assets is and will, immediately following the execution and delivery of the Borrower Documents, be greater than the Borrower's probable liabilities, including the maximum amount of its contingent liabilities or its debts as such debts become absolute and matured. The Borrower does not intend to, and does not believe that it will, incur debts and liabilities (including, without limitation, contingent liabilities and other commitments) beyond its ability to pay such debts as they mature (taking into account the timing and amounts to be payable on or in respect of obligations of the Borrower).

(n) The Borrower is not (1) an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended; (2) a "holding company" or a "subsidiary company" of a "holding company" or an "affiliate" of either a "holding company" or a "subsidiary company" within the meaning of the Public Utility Holding Company Act of 1935, as amended; or (3) subject to any other federal or state law or regulation which purports to restrict or regulate its ability to borrow money.

(o) All financial statements and information heretofore delivered to the Authority by the Borrower, including without limitation, information relating to the financial condition of the Members, and/or the Project, and including the audited consolidated balance sheets of the Members at June 30, 2021 and June 30, 2020 and the related consolidated statements of income and consolidated statements of cash flows for the years ended June 30, 2021 and June 30, 2020 (copies of which have been furnished to the Authority) fairly and accurately present the financial position of each respective entity at such date and the results of operations for the year ended on such date, and have been prepared (except where specifically noted therein) in accordance with generally accepted accounting principles consistently applied. Since the date of such statements, there has

been no Material Adverse Effect on the financial condition or results of operations of the Borrower or other subjects of such statements.

(p) All representations, warranties and certifications made by the Borrower in connection with the delivery of the Borrower Note on the Closing Date, including, but not limited to, those representations, warranties and certifications contained in any certificate or agreement concerning the status of the interest on the EFF Loan as tax exempt executed by the Borrower, are true, correct, and complete in all material respects as of the Closing Date.

(q) The Borrower or each Lessor, as applicable, has and will have title to or the right to use and possession of the Financed Facilities sufficient to carry out the purposes of the Project.

(r) The Borrower has not applied for the Authority's assistance in financing the Authority Loan for the purpose of covering any long-term budget deficit or shortfall in operating funding of the Borrower or any of the Members.

(s) The Borrower has full power and authority to carry on its business as now being conducted and to enter into this Agreement and the Borrower Documents and the transactions contemplated thereby.

(t) The Project and the Financed Facilities are not in violation in any material respect of any federal, state or local Environmental Laws. Neither the Borrower nor the Financed Facilities are the subject of a Governmental Authority investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Laws or to respond to a release of any Hazardous Materials into the environment.

(u) The Borrower does not have any material contingent liability in connection with any release of any Hazardous Materials into the environment.

(v) The Borrower acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing of the Project; that it is familiar with the provisions of all of the documents and instruments relating to such financing to which it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Agreement or otherwise relied on the Authority for any advice.

Section 4.04 *Representations and Warranties of the Lessors.* Each Lessor represents and warrants to EFF and the Authority as follows:

(a) Such Lessor is a duly organized limited liability company, whose sole member is the Borrower, in good standing under the laws of the State, and has full legal right, power and authority to accept and acknowledge this Agreement and the Lessor Documents and to carry out all of its obligations under and consummate all transactions contemplated by this Agreement and the Lessor Documents, and by proper company action

has duly authorized the execution, delivery and performance of this Agreement and the Lessor Documents.

(b) The authorized persons of such Lessor, or of the sole member or manager of such Lessor, as the case may be, are duly and properly in office and are fully authorized to execute this Agreement.

(c) This Agreement has been duly authorized, executed and delivered by such Lessor.

(d) This Agreement constitutes the legal, valid and binding agreement of such Lessor enforceable against such Lessor in accordance with its terms; except as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy, or the exercise of judicial discretion in appropriate cases.

(e) The execution and delivery of this Agreement, the consummation of the transactions herein contemplated and the fulfillment of or compliance with the terms and conditions hereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of organization of such Lessor, its operating agreements, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which such Lessor is a party or by which such Lessor or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of such Lessor, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would have a Material Adverse Effect on the consummation of the transactions contemplated by this Agreement, or the financial condition, assets, properties or operations of such Lessor.

(f) There is no action, suit, proceeding, inquiry or investigation, before or by any Governmental Authority, pending, or to the knowledge of such Lessor, after reasonable investigation, threatened, against or affecting such Lessor or the assets, properties or operations of such Lessor which, if determined adversely to such Lessor or its interests, would have a Material Adverse Effect upon the consummation of the transactions contemplated by, or the validity of, this Agreement, or upon the financial condition, assets, properties or operations of such Lessor, and such Lessor is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any Governmental Authority, which default might have consequences that would have a Material Adverse Effect on the consummation of the transactions contemplated by this Agreement, or the financial condition, assets, properties or operations of such Lessor. All tax returns (federal, state and local) required to be filed by or on behalf of such Lessor have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by such Lessor in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the financial

statements. Such Lessor enjoys the peaceful and undisturbed possession of the Financed Facilities subject to the Project Lease to which such Lessor is a party.

(g) Such Lessor has full power and authority to carry on its business as now being conducted and to enter into this Agreement and the Lessor Documents and the transactions contemplated thereby.

(h) All representations, warranties and certifications made by such Lessor in connection with the delivery of the EFF Loan and the Authority Loan on the Closing Date, are true, correct, and complete in all material respects as of the Closing Date.

(i) Other than as disclosed to EFF prior to the date hereof, such Lessor has and will have fee simple title or leasehold possession to the Financed Facilities sufficient to carry out the purposes of the Project and the Project Lease to which such Lessor is a party.

(j) The Project and the Financed Facilities are not in violation in any material respect of any federal, state or local Environmental Laws. Neither such Lessor nor the applicable Financed Facility is the subject of a Governmental Authority investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Laws or to respond to a release of any Hazardous Materials into the environment.

(k) No Lessor has any material contingent liability in connection with any release of any Hazardous Materials into the environment.

(l) Such Lessor acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing of the Project; that it is familiar with the provisions of all of the documents and instruments relating to such financing to which it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Agreement or otherwise relied on the Authority for any advice.

ARTICLE V

REMEDIES SECTION

Section 5.01 *Remedies Available*.

(a) Subject in all cases to the terms of the Master Indenture of Trust, upon the occurrence of an Event of Default and thereafter for so long as the Event of Default has not been cured, EFF is not required to make any advance hereunder and may take any action at law or in equity (subject to the terms of the Master Indenture of Trust) to collect all amounts then due to it under this Agreement and to enforce compliance with any other obligation of the Authority, Borrower or Lessors under this Agreement.

(b) In addition to the remedies provided in subsection (a) of this Section 5.01, EFF shall, to the extent permitted by law, be entitled to recover from Borrower the

reasonable costs and expenses, including reasonable attorney's fees and court costs, incurred by EFF in the proceedings authorized under subsection (a) of this Section 5.01.

(c) Subject in all cases to the terms of the Master Indenture of Trust, should an Event of Default occur and thereafter for so long as the Event of Default has not been cured, EFF may but without any obligation to do so, at its option and at any time, and without presentment, demand, or protest, notice of default, dishonor, demand, non-payment, or protest, notice of intent to accelerate all or any part of the Loans, notice of acceleration of all or any part of the Loans, or notice of any other kind, all of which the Authority and Borrower hereby expressly waive, except for any notice required by applicable statute which cannot be waived: (i) declare Authority Loan immediately due and payable, and upon such declaration the Loans and the Notes shall be immediately due and payable; (ii) reduce any claim to judgment; and/or (iii) exercise any and all rights and remedies afforded by any of Borrower Documents, or by law or equity or otherwise, as EFF deems appropriate. At any time after the Loans shall have been so declared to be due and payable and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, if (i) the Borrower has paid or caused to be paid or deposited with EFF moneys sufficient to pay all matured installments of interest and interest on installments of principal and interest and principal or redemption prices and other payments then due (other than the principal or other payments then due only because of such declaration) on the Borrower Loan, (ii) the Borrower has paid or caused to be paid or deposited with EFF moneys sufficient to pay the charges, compensation, expenses, disbursements, advances and liabilities of EFF and any paying agents, (iii) all other amounts then payable by the Borrower hereunder shall have been paid or a sum sufficient to pay the same shall have been deposited with EFF, and (iv) every Event of Default (other than a default in the payment of the principal or other payments of such Obligations then due only because of such declaration) shall have been remedied, then EFF may annul such declaration and its consequences with respect to the Loans or portions thereof not then due by their terms. No such annulment shall extend to or affect any subsequent Event of Default or impair any right consequent thereon.

(d) Notwithstanding any other provision of this Agreement, any remedy exercised against the Authority requiring the payment of money shall be limited to money received from the limited sources described in Section 3.07(b).

Section 5.02 *Fees and Expenses*.

(a) Borrower shall pay promptly upon demand therefor all costs paid or incurred by the Authority in connection with the Loans, including without limitation (1) all Costs of Issuance required to be paid to the Authority with respect to the Loans; and (2) all out-of-pocket expenses (including fees and expenses of attorneys employed by the Authority) incurred by the Authority in connection with the enforcement of any of its rights or remedies or the performance of its duties under this Agreement or the Notes.

(b) The Authority may enforce Borrower's obligations under this Section 5.02 independently of any other remedies available to any Person against Borrower pursuant to the terms and provisions of this Agreement, Borrower Documents and the Authority Documents.

Section 5.03 *Application of Money Collected*. Subject in all cases to the terms of the Master Indenture of Trust, any money collected as a result of the taking of remedial action pursuant to this Article V, including money collected as a result of foreclosing the liens of this Agreement, shall be applied in EFF's reasonable discretion, including without limitation, to the costs of collection of such money, to the payment of the Loans and to cure the Event of Default with respect to which such remedial action was taken.

Section 5.04 *Non-Exclusive Remedies*. Subject in all cases to the terms of the Master Indenture of Trust, no remedy conferred upon or reserved to EFF by this Agreement is intended to be exclusive of any other available remedy, and each such remedy shall be in addition to any other remedy given under this Agreement or Borrower Documents or now or hereafter existing at law or in equity.

Section 5.05 *Delays*. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or be construed to be a waiver thereof, and all such rights and powers may be exercised as often as may be deemed expedient.

Section 5.06 *Limitation on Waivers*. If an Event of Default is waived, such waiver shall be limited to the particular Event of Default so waived and shall not be deemed a waiver of any other Event of Default; provided, however, that no waiver of an Event of Default shall be effective unless such waiver is made in writing.

Section 5.07 *Notice of Default*. EFF shall give prompt notice to the Authority and, so long as Obligation No. 1 is outstanding, the Master Trustee of any default in payment of the Borrower Note, provided, however, EFF's failure to provide such notice does not waive such default or any of EFF's rights and remedies hereunder.

ARTICLE VI

DISCHARGE

Section 6.01 *Discharge by Payment*. When the EFF Loan and Authority Loan have been paid in full (including all interest that has accrued thereon to the date of maturity or prepayment, as applicable), and all other amounts payable by the Authority and Borrower under this Agreement have been paid, the security interests granted under this Agreement shall be automatically discharged and released, and the Authority and EFF shall take all actions reasonably requested by Borrower or the Lessors to evidence such discharge and release, including termination statements, payoff letters and releases.

ARTICLE VII

TAX PROVISIONS

Section 7.01 *Borrower Tax Covenants*.

(a) The Borrower covenants and agrees that it will at all times do and perform all acts and things permitted by law which are necessary in order to assure that interest paid on any bonds issued by EFF or any affiliate of EFF will be excluded from gross income for federal income tax purposes and will take no action that would result in such interest not being so excluded. Without limiting the generality of the foregoing, the Borrower agrees to comply with the provisions of the Tax Certificate and take all actions, deliver all certificates or other documents subsequent to the date hereof, and provide all information required by the Tax Certificate as may be necessary or advisable as determined by EFF or its counsel to maintain exclusion from gross income for federal income tax purposes of the interest on such bonds. This covenant shall survive payment in full or defeasance of Loans.

ARTICLE VIII

COVENANTS OF BORROWER AND THE LESSORS

Section 8.01 *Indemnification*. To the fullest extent permitted by law, the Borrower shall indemnify, hold harmless and defend the Authority, the State Treasurer, and each of their respective officers, governing members, directors, officials, employees, attorneys and agents (collectively, the "Issuer Indemnified Parties"), and EFF and its officers, governing members, directors, officials, employees, attorneys and agents (collectively, the "EFF Indemnified Parties" and, together with the Issuer Indemnified Parties, the "Indemnified Parties"), against any and all losses, damages, claims, actions, liabilities, costs and expenses of any conceivable nature, kind or character (including, without limitation, attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) to which the Indemnified Parties, or any of them, may become subject under any statutory law (including federal or state securities laws) or at common law or otherwise, arising out of or based upon or in any way relating to:

(a) the Borrower Documents or the execution or amendment hereof or thereof or in connection with transactions contemplated hereby or thereby;

(b) any act or omission of the Borrower or any of their agents, contractors, servants, employees or licensees in connection with the Loan, the Financed Facilities, the Project, the operation of the Financed Facilities or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition, installation or construction of, the Financed Facilities, including the Project, or any part thereof;

(c) any lien or charge upon payments by the Borrower to the Authority, as the case may be, hereunder, or any taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and other charges imposed on the Authority in respect of any portion of the Project or the Financed Facilities;

(d) any violation of any Environmental Laws with respect to, or the release of any Hazardous Substances at, on or under the Financed Facilities or any part thereof;

except (A) in the case of the foregoing indemnification of the EFF Indemnified Parties, to the extent such damages are caused by the willful misconduct, gross negligence or bad faith of such EFF Indemnified Party, and subject to the limitations on EFF's liability set forth in the Continuing Covenant Agreement; or (B) in the case of the foregoing indemnification of the Issuer Indemnified Parties, to the extent such damages are caused by the willful misconduct of such Issuer Indemnified Party. In the event that any action or proceeding is brought against any Issuer Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Issuer Indemnified Party, shall assume the investigation and defense thereof, including the employment of counsel selected by the Issuer Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided, however, that the Issuer Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement. Each Issuer Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Borrower shall pay the fees and expenses of such separate counsel; provided, however, that such Issuer Indemnified Party may only employ separate counsel at the expense of the Borrower if in the judgment of such Issuer Indemnified Party a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to the action (or inaction) of counsel, or in the case of the Issuer Indemnified Parties, such Issuer Indemnified Party engages the Attorney General of the State as separate counsel.

The rights of any persons to indemnity hereunder and rights to payment of fees and reimbursement of expenses pursuant to Sections 3.04 and 8.07 hereof and this Section 8.01 shall survive the final payment. The provisions of this Section 8.01 shall survive the termination of this Agreement.

Section 8.02 *Defense of Indemnified Actions*. The Borrower may, and if requested in writing by any EFF Indemnified Party shall, undertake the defense of any claim, action, or proceeding for which such EFF Indemnified Party is indemnified under Section 8.01, and, thereafter, the Borrower shall not be liable to any such EFF Indemnified Party for any legal or other expenses other than reasonable costs subsequently incurred by such EFF Indemnified Party at the request of the Borrower in connection with the defense thereof, unless (1) the employment of such counsel has been specifically authorized by the Borrower, in writing, (2) the Borrower has failed after request to assume the defense and to employ counsel, or (3) the named parties to any such action (including any impleaded parties) include both a EFF Indemnified Party and the Borrower, and EFF Indemnified Party shall have been advised by counsel that there may be one or more legal defenses available to it which are different from or additional to those available to the Borrower (in which case, if such EFF Indemnified Party notifies the Borrower in writing that it elects to employ separate counsel at the expense of the Borrower, the Borrower shall not have the right to assume the defense of the action on behalf of such EFF Indemnified Party); provided, however, that the Borrower shall not, in connection with any one action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegation or circumstances, be liable for the reasonable fees and expenses of more than one separate firm of attorneys for all EFF Indemnified Parties, provided that any EFF Indemnified

Party which has been advised by counsel that there may be one or more legal defenses available to it which are different from or additional to those available to any other EFF Indemnified Party shall have the right to employ separate counsel whose fees and expenses shall be paid by the Borrower. The Borrower shall be liable for no settlement of any such claim, action, or proceeding effected without its consent. Each EFF Indemnified Party pursuant to Section 8.01 shall give prompt notice of any claim, action, or proceeding against it upon which such EFF Indemnified Party may seek indemnity hereunder. Notwithstanding anything herein to the contrary, the indemnifications set forth herein shall survive the termination of this Agreement.

Section 8.03 *Non-Discriminatory Use of Projects*. Throughout the useful life of each Project financed or refinanced in whole or in part with proceeds of the EFF Loan, Borrower shall not and shall not permit any Affiliate to operate such Project in a manner which discriminates against any person on the basis of race, color, religion, sex, or national origin.

Section 8.04 *Litigation*. If any Litigation is threatened or commenced (a) that endangers, questions or attacks the validity, enforceability, or priority of any Borrower Document or (b) that results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect, then, unless waived by EFF, Borrower shall promptly and vigorously contest such Litigation in good faith, resist the entry of any temporary or permanent injunction, and seek the stay of any such injunction that may be entered. EFF may (but shall not be obligated to) commence, appear in, or defend any such Litigation and pay all necessary expenses, including reasonable attorneys' fees, incurred in connection with such Litigation, which Borrower shall reimburse to EFF on demand and which shall be part of the Obligations secured by Borrower Documents.

Section 8.05 *Preservation of Existence and Rights*. Borrower shall (a) maintain and preserve its existence under State Laws, (b) preserve, protect, renew and extend all material franchises, permits, licenses, privileges, concessions and other rights applicable to Borrower, to the extent required to comply with its obligations hereunder, and (c) not make any material change to its articles of incorporation, in each case without EFF's prior written consent.

Section 8.06 *Notice to EFF*. In addition to notice required under the Continuing Covenant Agreement, Borrower shall notify EFF in writing promptly after obtaining actual knowledge of any of the following events, specifying in each case the action Borrower has taken or proposes to take with respect thereto: (a) the occurrence of any Event of Default or Potential Default; (b) any default by Borrower under any Legal Requirement, or any default by Borrower in the performance of any obligation which results in a Material Adverse Effect; (c) any Litigation instituted or threatened against the Borrower or any Member or any development in any such Litigation which results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect; (d) any labor controversy pending or threatened in writing against the Borrower or any Member or any material development therein which results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect; (e) any change in Borrower's name; and (f) any change in any rating of Borrower or Borrower's or any Member's long-term debt by any rating agency.

Section 8.07 *Costs and Expenses*. To the extent not prohibited by applicable Laws, Borrower shall pay, in addition to any other closing costs, all reasonable costs and expenses incurred by EFF in connection with EFF's due diligence and closing of the Loans, including reasonable attorneys' fees (to include outside counsel fees) incurred by EFF in connection with

the negotiation and preparation of Borrower Documents and all costs reasonably incurred by the Authority, whether or not the Loans actually close.

The Borrower covenants and agrees to pay and indemnify the Authority, EFF and the State Treasurer against all fees, costs and charges, including fees and expenses of attorneys, accountants, consultants and other experts, incurred in good faith and arising out of or in connection with the Borrower Documents or the Loans. These obligations and those in Section 8.01 hereof shall remain valid and in effect notwithstanding repayment of the Loan hereunder or the Loans or termination of this Agreement.

Section 8.08 *Further Assurances*. Borrower shall promptly and duly execute and deliver to EFF, at Borrower's own expense, such further documents, instruments and assurances and take such further action as EFF may from time to time reasonably request in order to carry out the intent of the Loans, and to establish and protect the rights and remedies created or intended to be created in favor of EFF hereunder. Borrower shall additionally provide, at its own expense, such certificates, documents, reports, information, affidavits and other instruments reasonably deemed necessary, desirable or proper by EFF to enable EFF to comply with the requirements of any agency having jurisdiction over EFF.

Section 8.09 *No Assignment*. Borrower shall not assign, transfer or encumber its rights or Obligations under any Borrower Document or any proceeds of Authority Loan without the consent of EFF and the Authority.

Section 8.10 *Financial Reporting*. Borrower shall furnish or cause to be furnished to EFF the following:

(a) The reports and other information required by Section 3.11 of the Master Indenture of Trust.

(b) As soon as available, all evidence of renewals of adequate insurance for the properties secured by the Deeds of Trust as required by Section 3.03 of the Master Indenture of Trust.

(c) Such other financial or reporting information as required under the Continuing Covenant Agreement, and as EFF reasonably requests.

Section 8.11 *Debt Service Coverage Ratio*. The Members shall comply with the Debt Service Coverage Ratio (as defined in the Master Indenture of Trust) as set forth in Section 3.07 of the Master Indenture of Trust. If the Debt Service Coverage Ratio (as defined herein) falls below 1.00:1.00 at the end of any Fiscal Year, it shall constitute an Event of Default hereunder.

Section 8.12 *Use of Project for Sectarian Purposes*. The Borrower agrees that to the full extent required from time to time by applicable laws and Constitutional provisions of the United States of America and the State in order for the Loans and all other transactions provided for in this Agreement to be made and effected in compliance with such laws and Constitutional provisions, no part of the Project financed in whole or in part with proceeds of the Loans shall be primarily used for sectarian instruction or as a place of religious worship or in connection with any part of the program of a school or department of divinity for any religious denomination.

Section 8.13 *Inspection of Books*.

(a) The Authority and EFF shall have the right, but not obligation, upon reasonable notice, during business hours, to examine and audit any and all of the Borrower's and the Lessors' records or accounts pertaining to the Loan, the Project Leases, and this Agreement.

(b) Upon written notice to the Borrower or the Lessors, as applicable, delivered at least five Business Days in advance of an inquiry, the Borrower or the Lessors, as applicable, shall make its management personnel available for periodic inquiries from the Authority; provided, however, that the Borrower or the Lessors, as applicable, shall not be obligated to incur any material out-of-pocket costs in connection with such meetings or inquiries.

Section 8.14 *Reports and Information*. At the request of the Authority or EFF, their agents, employees or attorneys, the Borrower or the Lessors, as applicable, shall furnish to the Authority and EFF, such information as may be reasonably requested in writing from time to time relative to compliance by the Borrower and the Lessors with the provisions of this Agreement and the Continuing Covenant Agreement.

Section 8.15 *Reliance*. The Borrower and the Lessors hereby recognize and agree that the representations and covenants set forth in this Agreement may be relied upon by all Persons interested in the legality and validity of the Authority Note and in the exemption from federal income taxation of the interest on the Authority Note. In performing its duties and obligations hereunder, EFF may rely upon statements and certificates of the Borrower and the Lessors believed in good faith to be genuine and upon audits of the books and records of the Borrower or the Lessors pertaining to the Project Leases. EFF, in its name or as assignee of the Authority, may enforce all rights of the Authority which have been assigned thereto and all obligations of the Lessors under and pursuant to this Agreement, whether or not the Authority has pursued or attempted to enforce any of such rights and obligations. In addition, the Authority and EFF may consult with counsel, and the opinion of such counsel shall be full and complete authorization and protection with respect of any action taken or suffered by the Authority or EFF hereunder in good faith and in conformity with the opinion of such counsel. In determining whether any default or lack of compliance by the Borrower or the Lessors exists under this Agreement, neither EFF nor the Authority shall be required to conduct any investigation into or review of the operations or records of the Borrower or the Lessors and may rely solely upon any notice or certificate delivered to EFF by the Borrower or the Lessors with respect to the occurrence or absence of a default.

Section 8.16 *Warranty of Truth*. The Borrower and the Lessors covenant that no information, certificate, statement in writing or report required by this Agreement or otherwise furnished by the Borrower or the Lessors to the Authority or EFF shall contain any untrue statement of a material fact or omit a material fact necessary to make such information, certificate, statement or report not misleading as it relates to the Borrower or the Lessors or Project Leases.

Section 8.17 *Prohibited Uses*. Neither the Borrower nor the Lessors may cause or permit any portion of the Financed Facilities that is part of the Project to be used in any manner except in conjunction with a school under the Charter School Law, and except for incidental non-charter

school uses that do not jeopardize the tax treatment of any Bonds (as defined in the Continuing Covenant Agreement). .

Section 8.18 *Term of Project Leases*. So long as any portion of the Authority Loan remains Outstanding, no Lessor may not voluntarily terminate its Project Lease before completion of its stated term nor amend such Project Lease to result in an earlier end of its stated term; provided, however, that nothing in this Section 8.18 limits the exercise of or the remedies provided in such Project Lease in the event of a default by the Lessee.

Section 8.19 *Maintenance of the Property*.

(a) The Lessors shall keep or require, pursuant to the Project Leases, Lessee to, at Lessee's sole expense, keep the interior, exterior and structural elements of the Financed Facilities in good order, condition and repair; and keep the exterior, structural and major utility components of the Financed Facilities and other portions of the Financed Facilities in good order, condition and repair, including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), ceilings, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Financed Facilities. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Financed Facilities and all improvements thereon or a part thereof in good order, condition and state of repair. Neither the Authority nor EFF shall have any responsibility in any of these matters, or for the making of repairs to the Financed Facilities or additions to the Financed Facilities.

(b) The Lessors shall observe and comply in all material respects with all legal requirements applicable to the ownership, use and operation of the Financed Facilities, including the terms and conditions set forth in this Agreement, the Deeds of Trust and the Continuing Covenant Agreement (as applicable to the Lessors). The Lessors shall permit EFF and its agents, representatives and employees, upon reasonable prior notice to such Lessor and subject to the terms of the Project Leases, to examine and inspect the Financed Facilities and conduct such environmental and engineering studies as EFF may reasonably require or as often as EFF and/or the Authority reasonably deems necessary to determine whether such Lessor is in compliance with Environmental Laws, provided, however, that such inspections and studies are conducted during normal business hours and do not materially interfere with the use and operation of the Financed Facilities, provided further that no environmental testing, sampling or invasive investigation shall be conducted unless the results of a Phase I environmental site assessment (conforming to ASTM International standards) reasonably recommends such further testing, sampling or invasive investigation. Such environmental and engineering studies shall be at Lessors' commercially reasonable expense, provided, however, that EFF provides the applicable Lessor with evidence of EFF's reasonable belief that there is an environmental or structural condition at the Financed Facilities that could have a material adverse effect on EFF's security under the Loan Documents.

(c) The Borrower and the Lessors will defend the Financed Facilities against all claims or demands of all Persons (other than EFF hereunder and other than Permitted Liens) claiming an interest in the Financed Facilities or any interest therein.

Section 8.20 *Lessee Performance*. The Lessors shall require and cause Lessee to, at Lessee's sole expense, comply with the terms and provisions of the Continuing Covenant Agreement.

Section 8.21 *Additional Indebtedness*. Each Member covenants and agrees that it will not incur any Additional Indebtedness after the date hereof except as follows:

(a) Long-Term Indebtedness may be incurred if prior to the issuance of such Additional Indebtedness, the following is satisfied: an Independent Consultant selected by the Borrower provides a written report to EFF setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for each of the three consecutive full Fiscal Years beginning in the earlier of:

(A) the first full Fiscal Year following the estimated date of completion and initial use of all revenue-producing facilities to be financed with such Additional Indebtedness, based upon a certified written estimated completion date by the consulting engineer for such Facility or Facilities; or

(B) the first full Fiscal Year in which the obligor of such Additional Indebtedness will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Lessee Revenue Available for Base Rent),

provides for a Consolidated Base Rent Coverage Ratio, taking into account all outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.00. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. In addition, the report of the Independent Consultant shall assume that the Long-Term Indebtedness then to be incurred shall have been outstanding for the entire year.

(b) Long-Term Indebtedness may be incurred for the purpose of refunding or refinancing any outstanding Indebtedness, if prior to the incurrence thereof, there is delivered to EFF an Officer's Certificate demonstrating that (i) the Maximum Annual Debt Service will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (ii) the total Debt Service on the Indebtedness being refinanced will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (iii) the requirements of

subsection (a) above are met; provided that the foregoing shall not apply to any refinancing with Balloon Indebtedness.

(c) Short-Term Indebtedness and subordinate Indebtedness may be incurred by any Member unless otherwise set forth in an Obligation. So long as Obligation No. 1 is outstanding, Short-Term Indebtedness and subordinate Indebtedness may only be incurred by a Member with consent of EFF.

(d) Indebtedness consisting of purchase money obligations with respect to any item of equipment related to the Facilities may be incurred without limitation.

(e) Indebtedness consisting of leases which are considered operating leases under generally accepted accounting principles may be incurred without limitation.

(f) any Indebtedness in connection with Charter School Facilities Program Funding.

(f) Non-recourse Indebtedness may be incurred not to exceed $750,000 in the aggregate outstanding amount among all Members as tested as of the end of each Fiscal Year and reported on the audited financial statement of the Members.

Section 8.22 *Insurance*.

(a) (1) Each Member covenants and agrees that it will keep (or cause to be kept by Lessee) insurance (including builder's all-risk insurance during any period of construction at a Facility) against loss or damage to any structure constituting any part of the Facilities by fire and lightning, with extended coverage and vandalism and malicious mischief insurance. Said extended coverage insurance shall, as nearly as practicable, cover loss or damage by explosion, windstorm, riot, aircraft, vehicle damage, smoke and such other hazards as are normally covered by such insurance. All insurance provided pursuant to this subsection shall be in an amount equal to or greater than the lesser of (i) one hundred percent (100%) of the replacement cost (without deduction for depreciation) of all buildings, structures and fixtures constituting any part of the Facilities owned by such Member, and (ii) the principal amount of the Related Bonds then outstanding under any Related Bond Indenture, and shall be subject to a deductible not to exceed $100,000 per occurrence.

(2) Each Member covenants and agrees to procure and maintain (or cause to be procured or maintained), throughout the term of any Related Bond Indenture, business interruption insurance to cover loss, total or partial, of the use of any structures constituting any part of the Facilities as the result of any of the hazards covered by the insurance required by Section 8.22(a)(1), in an amount sufficient to pay the Required Payments for a period of at least twelve (12) months. Proceeds of such insurance in the amount of at least twelve (12) months of Required Payments shall be deposited into the "Insurance and Condemnation Proceeds Fund" created under Section 8.22(d) and applied to the payment of the Required Payments, in installments as the proceeds are paid to each Member.

(3) Each Member covenants and agrees that it will maintain (or cause to be maintained) (i) general liability insurance of no less than $1,000,000 per occurrence and $2,000,000 aggregate and (ii) worker's compensation insurance as required by the laws of the State.

(4) An Insurance Consultant shall review the insurance requirements of each Member with respect to the Facilities from time to time (but not less frequently than once every five years) commencing July 1, 2026. If such review indicates that any Member should increase any of the coverages required by Section 8.22(a) hereof, each Member shall review such recommendation with the governing body of each Member and shall increase such coverage; provided, however, that such coverage is available from reputable insurance companies at a reasonable cost on the open market.

(5) Each Member hereby covenants that it will use its best efforts to apply for any grants, loans or other relief available from each state government, as applicable, or the federal government to obtain amounts necessary to rebuild any portion of the Facilities destroyed or damaged in connection with an uninsured or underinsured calamity causing destruction or damage; provided, however, that each Member shall not be required to accept such amounts if doing so would jeopardize the integrity of each Member's programs.

(b) The insurance policies required by Section 8.22(a) shall be carried by insurance companies which are financially sound and generally recognized as responsible insurance companies authorized to write insurance in the applicable state. The company issuing the policies will be rated "A" or better by A.M. Best Co., in Bests' Key guide. All such policies (except liability policies) shall name each applicable Member and the Master Trustee as a lender's loss payees or additional insureds as their interest may appear, as applicable. Each policy shall be in such form and contain such provisions as are generally considered standard for the type of insurance involved and shall contain a provision to the effect that the insurer shall not cancel or substantially modify the policy provisions without first giving at least thirty (30) days written notice thereof to the Obligated Group Representative, EFF, the Government Issuer, the Related Lender/Bond Trustee and the Master Trustee, or if this notice will not be provided by the insurer, each Member covenants and agrees to notify the Obligated Group Representative, EFF, the Governmental Issuer, the Related Lender/Bond Trustee and the Master Trustee at least ten (10) days prior to cancellation of such insurance. In lieu of separate policies, the Members may maintain blanket policies which cover any one or more risks required to be insured against so long as the minimum coverages required herein are met.

(c) (1) All proceeds of the insurance carried pursuant to Section 8.22(a)(1) (except proceeds of the liability portion, if any, of such insurance), and proceeds of any condemnation awards with respect to any individual Facility, in each case, in excess of ten percent (10%) of the Book Value of such Facility shall be paid immediately upon receipt by the Members or other named insured parties to the Master Trustee for deposit in the Insurance and Condemnation Proceeds Fund. In the event that the proceeds of any loss or damage to or condemnation of any Facility

shall be less than ten percent (10%) of the Book Value of such Facility, each Member may retain such proceeds without any formality whatsoever. In the event any of the Members elects to repair or replace the Facilities damaged, destroyed or taken, moneys in the Insurance and Condemnation Proceeds Fund shall be disbursed by the Master Trustee after deducting therefrom the reasonable charges and expenses of the Master Trustee in connection with the collection and disbursement of such moneys, for the purpose of repairing or replacing the Facilities damaged, destroyed or taken in the manner and subject to the conditions set forth in Section 8.22(d) with respect to disbursements from the Insurance and Condemnation Proceeds Fund; provided, that unless the Master Trustee receives written notice that after repair and replacement the Facilities will continue to be used for the purposes for which they were constructed or acquired by the Member, no such disbursement shall be made prior to receipt by the Master Trustee of the written consent of the Related Lender/Bond Trustee.

(2) If any of the Members shall elect not to, or cannot, repair or replace the Facilities damaged, destroyed or taken, as provided in Section 8.22(c)(1), subject to Section 8.22(c)(3), the Master Trustee shall transfer all amounts in the Insurance and Condemnation Proceeds Fund on account of such damage, destruction or condemnation to the Related Lender/Bond Trustee for deposit in the applicable redemption account under the Related Bond Indenture or repayment of the Related Bonds if so required under the Related Bond Indenture.

(3) If all of the amounts deposited in the Insurance and Condemnation Proceeds Fund pursuant to the first sentence of Section 8.22(c)(1) exceed ten percent (10%) of the Book Value of the applicable Facility, but are not sufficient to retire or repay all Related Bonds (or allocable portion thereof) then outstanding with respect to such Facility, the Master Trustee shall not transfer said amounts to the applicable redemption account or to the applicable Related Lender/Bond Trustee, as applicable, under the Related Bond Indenture unless the Obligated Group Representative, within ninety (90) days after such amounts were deposited, shall file with the Master Trustee a report of an Independent Consultant showing that Gross Revenues are projected to be sufficient to cause the Debt Service Coverage Ratio of the Obligated Group to be not less than 1.10:1.00 for each of the three full Fiscal Years immediately following such transfer after giving effect to the retirement or repayment of such Related Bonds (or allocable portion thereof) in accordance with the terms of the Related Bond Indenture. In the event such report of an Independent Consultant shows that projected Gross Revenues will not be sufficient to cause the Debt Service Coverage Ratio of the Obligated Group to be not less than 1.10:1.00 for each of the three full Fiscal Years immediately following such transfer after giving effect to the retirement or repayment of such Related Bonds (or allocable portion thereof), the Members shall apply all amounts in the Insurance and Condemnation Proceeds Fund to the repair or replacement of the Facilities damaged, destroyed or taken, as provided in Section 8.22(c)(1), unless the Obligated Group Representative shall file a further report of an Independent Consultant showing that even after making such repair and replacement, Gross Revenues are not projected to be at least equal to 1.10 times the Debt Service

Requirement on all Related Bonds and Ground Rent obligations of the Members for each of the three full Fiscal Years immediately following the completion of such repair and replacement, in which event the Master Trustee shall transfer all moneys in the Insurance and Condemnation Proceeds Fund as provided in Section 8.22(c)(2).

(d) The Master Trustee shall establish, maintain and hold in trust a separate fund designated as the "Insurance and Condemnation Proceeds Fund," and administer said fund as set forth in Section 3.03(e) of the Master Indenture of Trust.

(c) THIS AGREEMENT AND ALL OTHER INSTRUMENTS, DOCUMENTS AND AGREEMENTS EXECUTED AND DELIVERED IN CONNECTION WITH THIS AGREEMENT EMBODY THE FINAL, ENTIRE AGREEMENT AMONG THE PARTIES HERETO AND SUPERSEDE ANY AND ALL PRIOR COMMITMENTS, AGREEMENTS, REPRESENTATIONS AND UNDERSTANDINGS, WHETHER WRITTEN OR ORAL, RELATING TO THIS AGREEMENT, AND MAY NOT BE CONTRADICTED OR VARIED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OR DISCUSSIONS OF THE PARTIES HERETO.

Section 9.07 *Municipal Advisor Disclaimer*. Borrower and the Authority acknowledge and agree that (i) the transaction contemplated herein is an arm's length commercial transaction among Borrower, the Authority and EFF, (ii) in connection with such transaction, EFF and its affiliates are acting solely as a principal and not as an advisor, including, without limitation, a "municipal advisor," as such term is defined in Section 15B of the Securities and Exchange Act of 1934, as amended, and the related final rules (the "Municipal Advisor Rules"), agent or fiduciary of Borrower or the Authority, (iii) in connection with this Agreement, EFF and its affiliates are relying on one or more exemptions in the Municipal Advisor Rules, (iv) EFF and its affiliates have not provided any advice or assumed any advisory or fiduciary responsibility in favor of Borrower or the Authority with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (whether or not EFF or any affiliate of EFF, has provided other services or advised, or is currently providing other services or advising Borrower or the Authority, on other matters), (v) EFF and its affiliates have financial and other interests that differ from those of Borrower and the Authority, and (vi) Borrower and the Authority have consulted with their own financial, legal, accounting, tax and other advisors, as applicable, to the extent they have deemed appropriate.

Section 9.08 *Binding Effect; Assignment*. This Agreement shall be binding upon and inure to the benefit of the Authority, its successors and assigns, Borrower, its successors and assigns, the Lessors and their respective successors and assigns, and EFF and its permitted successors and assigns; provided, however, that neither the Authority nor Borrower may assign all or any part of this Agreement without the prior written consent of EFF. Subject to the limitations set forth in Section 2.09 herein, EFF may without limitation (i) at any time sell, assign, pledge or transfer the Loans, in whole but not in part, to one assignee, which may include affiliates of EFF; and (ii) at EFF's option, disclose information and share fees with such assignees.

Section 9.09 *Severability*. If any part of this Agreement is ruled invalid or unenforceable by a court of competent jurisdiction, the invalidity or unenforceability thereof shall not affect the remainder of this Agreement.

Section 9.10 *Counterparts*. This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same document.

Section 9.11 *Governing Law; Venue*. This Agreement is a contract made under the laws of the State of California, and shall be governed by and construed in accordance with the State of California's Constitution and the laws applicable to contracts made and performed in said State. This Agreement shall be enforceable in the State of California, and any action arising out of this

Agreement shall be filed and maintained in the Sacramento County Superior Court, Sacramento, California, unless the Authority waives this requirement.

Section 9.12 *Non-Liability of Authority*. The Authority shall not be obligated to pay the principal (or redemption price) of or interest on the Authority Note. Neither the faith and credit nor the taxing power of the State or any political subdivision thereof, nor the faith and credit of the Authority or any member is pledged to the payment of the principal (or redemption price) or interest on the Authority Note. The Authority shall not be liable for any costs, expenses, losses, damages, claims or actions, of any conceivable kind on any conceivable theory, under or by reason of or in connection with this Agreement or the Notes, except only to the extent amounts are received for the payment thereof from the Borrower under this Agreement.

The Borrower hereby acknowledges that the Authority's sole source of moneys to repay the Authority Note will be provided by the payments made by the Borrower to EFF pursuant to this Agreement, together with other amounts received by EFF pursuant to this Agreement and investment income on certain funds and accounts held by EFF under this Agreement, and hereby agrees that if such amounts shall ever prove insufficient to pay all principal (or redemption price) and interest on the Authority Note as the same shall become due (whether by maturity, redemption, acceleration or otherwise), then upon notice from EFF, the Borrower shall pay such amounts as are required from time to time to prevent any deficiency or default in the payment of such principal (or redemption price) or interest, including, but not limited to, any deficiency caused by acts, omissions, nonfeasance or malfeasance on the part of EFF, the Borrower, the Authority or any third party, subject to any right of reimbursement from EFF, the Authority or any such third party, as the case may be, therefor.

Section 9.13 *No Recourse Against Others*. No recourse under or upon any obligation, covenant or agreement contained in this Agreement or any Borrower Documents or Authority Documents, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future director, officer or employee, as such, of the Borrower or the Authority, or any successor entity, either directly or through the Borrower or the Authority, whether by virtue of any constitution or statute or rule of law, or by the enforcement of any assessment, judgment or penalty, or otherwise; it being expressly understood that this Agreement and the other Borrower Documents or Authority Documents are solely corporate obligations, and that no such personal liability whatever shall attach to, or is or shall be incurred by, the directors, officers or employees, as such, of the Borrower or the Authority, or any successor entity, because of the creation of indebtedness hereby authorized, or under or by reason of the obligations, covenants or agreements contained in this Agreement or the other Borrower Documents or Authority Documents or implied therefrom, and that any and all such personal liability either at common law or equity or by constitution or statute, of, and any and all such rights and claims against, every such director, officer or employee, as such, are hereby expressly waived and released as a condition of, and in consideration for, the execution of this Agreement and the issuance of the Notes.

Re: $27,782,756.77 California School Finance Authority

Ladies and Gentlemen:

The undersigned (the "Investor") hereby acknowledges it is [purchasing/the assignee of the initial purchaser of] the promissory note evidencing $27,782,756.77 principal amount of California School Finance Authority (the "Authority") Educational Facility 2022 Loan (ECS Project) (the "Authority Note"), issued pursuant to a loan agreement, dated March 23, 2022 (the "Loan Agreement"), among the Authority, Menlo Charter Properties, a California Nonprofit Public Benefit Corporation (the "Borrower"), and Equitable Facilities Fund, Inc. ("EFF"), and approved and acknowledged by Yukon LLC, Menlo 165th Place LLC, and MBB & Gardena LLC (each, a "Lessor" and together, the "Lessors"), each a California limited liability company whose sole member is the Borrower. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Loan Agreement. This letter is being provided pursuant to the Loan Agreement.

The undersigned acknowledges that the Authority Note is being delivered for the purpose of financing and/or refinancing the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain charter school facilities located in Glendale, California and Inglewood, California (collectively, the "Project") on behalf of the Borrower, as more particularly described in the Loan Agreement. The undersigned further acknowledges that the Lessors will lease the charter school facilities to Environmental Charter Schools, as lessee (the "Lessee") pursuant to certain leases (the "Leases") between each respective Lessor and the Lessee.

The Authority Note and the interest thereon are payable solely out of certain revenues and income received by the Authority pursuant to the Loan Agreement and Obligation No. 1 ("Obligation No. 1") issued by the Borrower in an amount equal to the aggregate principal amount of the Authority Note pursuant to a Master Indenture of Trust, dated as of March 1, 2022 (the "Master Indenture"), as supplemented by a Supplemental Master Indenture for Obligation No. 1, dated as of March 1, 2022 (the "First Supplemental Master Indenture"), by and among the Borrower, as representative of the Obligated Group, the Lessors, as initial Members of the Obligated Group (the "Members"), and Wilmington Trust, National Association, as master trustee (the "Master Trustee"). The Loan Agreement, the Leases, the Master Indenture, and the First Supplemental Master Indenture are referred to herein as the "Note Documents."

In connection with the [sale of the Authority Note to the Investor/assignment of the Authority Note to the undersigned by the initial purchaser], the Investor hereby makes the following representations upon which you may rely:

1. The Investor has authority and is duly authorized to purchase the Authority Note and to execute this letter and any other instruments and documents required to be executed by the Investor in connection with the purchase of the Authority Note.

2. The Investor is a "qualified institutional buyer" as defined in Rule 144A of the Securities Act of 1933, as amended (the "Act"), and therefore has sufficient knowledge and experience in financial and business matters, including in the purchase and ownership of municipal obligations, to be able to evaluate the risks and merits of the investment represented by the Authority Note.

3. The Authority Note is being acquired by the Investor for investment and not with a view to, or for resale in connection with, any distribution of the Authority Note, and [except as disclosed in writing to the Authority before the issuance of the Authority Note,] the Investor intends to hold the Authority Note solely for its own account for investment purposes for an indefinite period of time, and does not intend at this time to dispose of all or any part of the Authority Note. However, the Investor may sell the Authority Note at any time the Investor deems appropriate, subject to the transfer restrictions set forth in the Authority Note and in the Loan Agreement. The Investor understands that it may need to bear the risks of this investment for an indefinite time, since a sale of the Authority Note, or any portion thereof, prior to maturity may not be possible.

4. The Investor understands that the Authority Note is not registered under the Act and that such registration is not legally required as of the date hereof and further understands that the Authority Note (a) are not being registered or otherwise qualified for sale under the "Blue Sky" laws and regulations of any state, (b) will not be listed in any stock or other securities exchange, and (c) will be delivered in a form which may not be readily marketable due to restrictions on transfer.

5. The Investor acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, which it has requested from the Borrower and to which a reasonable investor would attach significance in making investment decisions, and the Investor has had the opportunity to ask questions and receive answers from knowledgeable individuals, including its own counsel, concerning the Borrower, the Project, the Members, the Lessee, the Note Documents and the Authority Note and the security therefor so that, as a reasonable investor, the Investor has been able to make a decision to purchase the Authority Note. The Investor acknowledges that it has not relied upon any advice, counsel, representation or information of the Authority in connection with the Investor's purchase of the Authority Note.

6. The Investor acknowledges that the obligations of the Authority under the Loan Agreement are special, limited obligations payable solely from amounts paid to the Authority from

the Borrower pursuant to the Loan Agreement and Obligation No. 1 and the Authority shall not be directly or indirectly or contingently or morally obligated to use any moneys or assets of the Authority to pay any portion of the costs of the Project, the Costs of Issuance, or any other costs or expense in connection with the Project, the Costs of Issuance, the Authority Note or the Note Documents. The Investor understands that the Authority Note is not secured by any pledge of any moneys received or to be received from taxation by the Authority (which has no taxing power), the State of California or any political subdivision or taxing district thereof; that the Authority Note will never represent or constitute a general obligation or a pledge of the faith and credit of the Authority, the State of California or any political subdivision thereof; that no right will exist to have taxes levied by the State of California or any political subdivision thereof for the payment of principal of or interest on the Authority Note and that the liability of the Authority and the State of California with respect to the Authority Note is subject to further limitations as set forth in the Authority Note and the Master Indenture.

7. The Investor has made its own inquiry and analysis with respect to the Authority Note and the security therefor, and other material factors affecting the security and payment of the Authority Note. The Investor is aware that the business of the Borrower, the Members and the Lessee involves certain economic and regulatory variables and risks that could adversely affect the security for the Authority Note. The Investor has reviewed the documents executed in conjunction with the issuance of the Authority Note, or summaries thereof, including, without limitation, the Leases, the Loan Agreement, the Master Indenture and the First Supplemental Master Indenture.

8. The Investor agrees to indemnify and hold harmless the Authority and the Treasurer and their respective members, employees, officers and agents, with respect to any claim asserted against any of them that is based upon the Investor's sale, transfer, or other disposition in violation of the transfer restrictions set forth in the Loan Agreement or any inaccuracy in any statement made by the Investor in this letter other than any claim that is based upon the willful misconduct of the Authority or the gross negligence or willful misconduct of the Treasurer.

9. The Investor acknowledges and agrees that the Authority takes no responsibility for, and makes no representation to the Investor, or any subsequent purchaser, with regard to, a sale, transfer or other disposition of the Authority Note in violation of the provisions hereof, or any securities law or income tax law consequences thereof. The Investor also acknowledges that, with respect to the Authority's obligations and liabilities, the Investor is solely responsible for compliance with the sales restrictions on the Authority Note in connection with any subsequent transfer of the Authority Note made by the Investor.

10. The Investor agrees that it is bound by and will abide by the provisions of the Loan Agreement relating to transfer, the restrictions noted on the face of the Authority Note and this Investor Letter. The Investor also covenants to comply with all applicable federal and state securities laws, rules and regulations in connection with any resale or transfer of the Authority Note by the Investor.

11. The Investor acknowledges that the sale of the Authority Note to the Investor is made in reliance upon the certifications, representations and warranties herein by the addressees hereto.

12. The Investor hereby waives any and all claims, actions, or causes of action which the Investor may have from and after the date hereof against the Authority, counsel to the Authority, and their respective members, officers, agents, and employees, growing out of any action (other than willful misconduct) which the Authority took or could have taken in connection with the authorization, execution, delivery, and sale of the Authority Note or the purchase of the Authority Note by the undersigned or in connection with any statements or representations which induced the undersigned to purchase the Authority Note. This waiver does not go to the Borrower, Bond Counsel, the Lessee, or their counsel, their respective members, officers, agents, or employees.

13. The interpretation of the provisions hereof shall be governed and construed in accordance with California law without regard to principles of conflicts of laws. Notwithstanding anything to the contrary in this paragraph 13, the waiver by the Investor does not apply to Bond Counsel.

(a) With respect to Indebtedness represented by a Guaranty executed by any Member guarantying the obligations of a Person, as long as any such Guaranty is a contingent liability under generally accepted accounting principles, the principal and interest deemed payable with respect to such Guaranty shall be deemed to be the lowest percentage of debt service requirements set forth immediately following this paragraph (determined after giving effect to any other paragraph of this definition at the election of the Borrower), if the debt service coverage ratio (determined in a manner as nearly as practicable to the determination of the Debt Service Requirement under the Master Indenture of Trust) of the Person primarily obligated on the obligations effectively guaranteed by such Guaranty for the immediately preceding Fiscal Year, or any other 12-month period ending within 180 days prior to the date of calculation, shall be greater than the amount specified opposite such percentage below:

Debt Service Coverage Ratio of Accommodated Person	Percentage of Debt Service Requirements
1.35	25%
1.1	50%
Less than 1.1	100%

If any such Guaranty becomes a noncontingent liability but thereafter becomes a contingent liability, during the period such Guaranty is a noncontingent liability and for two years after such Guaranty becomes a contingent liability, 100% of the annual debt service on the indebtedness being guaranteed shall be added to the computation of the Debt Service Requirement.

(b) With respect to Balloon Indebtedness, the amount of principal and interest deemed payable during such period shall be determined as if such Balloon Indebtedness were being repaid in substantially equal annual installments of principal and interest over a term over which the Members could reasonably be expected to borrow, not to exceed thirty-five (35) years from the date of incurrence of such Balloon Indebtedness, and bearing interest at an interest rate (determined as of the date of calculation of the Debt Service Requirement) equal to the rate at which the Members could reasonably be expected to borrow for such term, by issuing Indebtedness, all as set forth in an Officer's Certificate accompanied by a letter of a banking or investment banking institution knowledgeable in matters of charter school facility finance, confirming that the borrowing term and interest rate assumptions set forth in such statement comply with the requirements of this subsection.

(c) With respect to Variable Rate Indebtedness, if the actual interest rate on such Variable Rate Indebtedness cannot be determined for the period for which the Debt Service Requirement is being calculated, the amount of interest deemed payable during such period on such Variable Rate Indebtedness shall be assumed to be equal to the average interest rate per annum which was in effect for any twelve (12) consecutive calendar months specified in an Officer's Certificate during the eighteen (18) calendar months immediately preceding the date of calculation of the Debt Service Requirement (or, if such Variable Rate Indebtedness was not outstanding during such eighteen month period, the average interest rate per annum which would have been in effect).

(d) With respect to Indebtedness payable from an Irrevocable Deposit, the amount of principal or interest taken into account during such period shall be assumed to equal only the principal or interest not payable from such Irrevocable Deposit and the investment income from such funds.

(e) With respect to Long-Term Indebtedness incurred to finance or refinance the construction of capital improvements, principal and interest with respect to such Long-Term Indebtedness shall be excluded from the determination of the Debt Service Requirement but only in proportion to the amount of principal and interest on such Long-Term Indebtedness which is payable in the then current Fiscal Year from the proceeds of such Long-Term Indebtedness.

(f) With respect to Long-Term Indebtedness with respect to which a Financial Products Agreement has been entered into by a Member interest on such Long-Term Indebtedness shall be included in the determination of the Debt Service Requirement by including for each Fiscal Year an amount equal to the amount of interest payable on such Long-Term Indebtedness in such Fiscal Year at the rate or rates stated in such Long-Term Indebtedness plus any Financial Product Payments payable in such Fiscal Year minus

any Financial Products Receipts receivable in such Fiscal Year; provided that in no event shall any calculation made pursuant to this clause result in an amount less than zero being included in the determination of the Debt Service Requirement and provided, further, if the actual interest rate on such Long-Term Indebtedness or the actual amount of Financial Product Payments or Financial Products Receipts cannot be determined for the period for which the Debt Service Requirement is being calculated, the amount of interest deemed payable during such period on such Long-Term Indebtedness shall be determined by applying the average interest rate per annum which was in effect or the average Financial Product Payments which would have been paid, or the average Financial Products Receipts which would have been received, as the case may be, for any twelve (12) consecutive calendar months specified in an Officer's Certificate during the eighteen (18) calendar months immediately preceding the date of calculation of the Debt Service Requirement (or, if such Long-Term Indebtedness was not Outstanding during such eighteen month period, the average rate which would have been in effect).

"*Deed of Trust*" means the Deed of Trust with Assignment of Rents, Security Agreement and Fixture Filing, dated as of even date herewith in favor of Master Trustee as beneficiary and covering the property located at 3600 West Imperial Highway, Inglewood, California 90303, described therein to secure payment and performance of amounts due under this Agreement, as amended, restated, or modified from time to time.

(b) Interest on the EFF Loan shall accrue and be paid on each Interest Payment Date on the outstanding and unpaid Principal Amount of the EFF Loan from the Closing Date at the same rate per annum as the Authority Loan pursuant to Section 3.03 of this Agreement.

All interest paid or agreed to be paid on the EFF Loan shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full period of the EFF Loan until payment in full of the principal so that the interest on the EFF Loan for such full period shall not exceed such maximum lawful amount. (i) will not suspend or discontinue any EFF Loan Payment, or authorize or consent to the suspension or discontinuance of any Authority Loan Payment;

(ii) will perform and observe all of its other agreements contained in this Agreement; and

(iii) except by full payment and retirement of the EFF Loan, will not terminate this Agreement for any cause.

Section 2.08 *Security; Agreement as Security Agreement*.

(a) The Authority irrevocably assigns to EFF all of its right, title and interest in this Agreement, including the right to receive Authority Loan Payments under the Borrower Note (and hereby directs Borrower to make such Authority Loan Payments directly to, or at the direction of, EFF), but excluding the rights of the Authority under Sections 5.02, 8.01, and 9.13 which rights are retained by the Authority. (y) that the Authority's closing fee and any other costs accrued under Sections 3.03(e), 3.07(b) and 5.02 have been paid by wire transfer or in other immediately available funds or arrangements reasonably satisfactory to the Authority have been made to pay the fees.

Section 3.03 *Authority Loan*.

(a) EFF shall make one advance of all proceeds of the EFF Loan and the Authority will make an advance of the Authority Loan in the same amount by 2:00 p.m., Pacific Time, on the Closing Date.

The Borrower's obligation to repay the Authority Loan shall be evidenced by the Borrower Note. The Borrower Note shall be dated the Closing Date. The Authority Loan shall mature on March 1, 2057 (the "*Maturity Date*") and the Authority Loan shall be payable in installments on each Principal Payment Date in accordance with the Authority Loan Payments schedule attached hereto as Exhibit D.

(b) Interest on the Authority Loan shall accrue and be paid on each Interest Payment Date therefor on the Outstanding Principal Amount of Authority Loan from the Closing Date to the Maturity Date at the Interest Rate, except as otherwise provided in this Section 3.03. On or after the Closing Date, EFF may, in its sole discretion, decrease the Interest Rate at any time in order to maintain compliance with the Code.

(c) Interest on the Authority Loan shall be computed on the basis of a 360-day year and the number of days elapsed.

(d) Any payment made on the Authority Loan in an amount less than the full amount then due and payable thereon shall be deemed to constitute a payment of interest thereon to the extent of all accrued interest then due and payable on the Authority Loan and the remainder of such payment, if any, shall be applied to the reduction of the Outstanding Principal Amount of the Authority Loan. If any sum becomes payable pursuant to this Agreement on a day which is not a Business Day, the date for payment thereof shall be extended, without penalty, to the next succeeding Business Day, and such extended time shall be included in the computation of interest and fees.

(e) *Additional Payments*. In addition to the Authority Loan Payments, the Borrower shall also pay to the Authority additional payments as follows ("Additional Payments"):

(i) All taxes and assessments of any type or character charged to the Authority or EFF affecting the amount available to the Authority or EFF from payments to be received hereunder or in any way arising due to the transactions contemplated hereby (including taxes and assessments assessed or levied by any Governmental Authority of whatsoever character having power to levy taxes or assessments) but excluding franchise taxes based upon the capital and/or income of EFF and taxes based upon or measured by the net income of EFF; provided, however, that the Borrower shall have the right to protest any such taxes or assessments and to require the Authority or EFF, at the Borrower's expense, to protest and contest any such taxes or assessments levied upon them and that the Borrower shall have the right to withhold payment of any such taxes or assessments pending disposition of any such protest or contest unless such withholding, protest or contest would adversely affect the rights or interests of the Authority or EFF;

(ii) The fees and expenses of such accountants, consultants, attorneys and other experts as may be engaged by the Authority or EFF to prepare audits, financial statements, reports, opinions or provide such other services required under this Agreement or the other Borrower Documents;

(iii) The annual fee of the Authority and the fees and expenses of the Authority or any agent or attorney selected by the Authority to act on its behalf in connection with this Agreement, the other Borrower Documents or the Authority Note, including, without limitation, any and all expenses incurred in connection with the authorization and delivery of any such Authority Note or in connection with any litigation, investigation, inquiry or other proceeding which may at any time be instituted involving this Agreement, the other Borrower Documents or the Authority Note or any of the other documents contemplated thereby, or in connection with the supervision or inspection of the Borrower, its properties, assets or operations or otherwise in connection with the administration of this Agreement and the other Borrower Documents.

All such payments shall be made by the Borrower for payment to the Person or Persons entitled to such payments.

Section 3.04 *Authority Loan Payments; Intercept*. (a) All Authority Loan Payments shall be made on the applicable payment dates as provided in Section 3.03 and shall be paid to EFF as the collateral assignee of the Authority and as registered owner of Borrower Note.

Notwithstanding the foregoing, if five Business Days prior to any Interest Payment Date or Principal Payment Date with respect to the Authority Loan, it is anticipated that the aggregate amounts (1) held by the Borrower, and (2) available from the Intercept to be received on or prior to such Interest Payment Date or Principal Payment Date, are for any reason insufficient or unavailable to make the required payments of principal (or prepayment price) of or interest on the Borrower Note then becoming due (whether by maturity, prepayment or acceleration), the Borrower shall promptly provide written notice to the Lessor and forthwith pay (or cause to be paid) the amount of any such deficiency (which, in the event there is more than one Member, such deficiency shall be made up by the various Members as set forth in the Master Indenture of Trust) to EFF. Notwithstanding anything to the contrary herein, the Borrower shall instruct or cause the applicable Member to instruct the Lessee, on behalf of the Schools, to pay any shortfall in Base Rent directly to EFF.

The Borrower shall pay, or cause to be paid, the Authority Loan Payments from the Gross Revenues, including the Rental Payments, without any further notice thereof except as may be specifically required by this Section 3.04. The Authority Loan Payments payable by the Borrower under this Agreement are expected to be equal in the aggregate to an amount which shall be sufficient to provide for the payment in full of the interest on, premium, if any, and principal of the Borrower Note as the same becomes due and payable.

(b) Simultaneously with the execution and delivery of the Authority Note, the Borrower shall cause each of the Schools to deliver an Intercept Notice to the State Controller.

Not later than fifteen (15) calendar days before the end of any quarter in which payment is scheduled, the Borrower may cause the Lessee, on behalf of the Schools, to revise the Intercept Notices and cause such revision to be delivered to the State Controller from time to time as necessary or appropriate (including without limitation as a result of redemption prior to maturity) to specify transfers to the Master Trustee necessary to pay the amounts due under this Agreement and other costs necessary or incidental to the financing pursuant to the Act relating to the Loans, as the same become due, and to cure any delinquency in payment of such amounts. The Borrower shall, and shall cause the Lessee, on behalf of the Schools, to cooperate with EFF in any manner EFF may request, as permitted pursuant to Section 17199.4 of the Education Code, in connection with revising the applicable Intercept Notices. If at any time an Intercept Notice is revised for any reason, the Borrower shall cause the Lessee, on behalf of the Schools, to promptly provide to the Authority, the Department of Education and EFF a copy of such revised Intercept Notice. The Intercept Notices may, if then permitted by the State Controller, provide for additional amounts payable to EFF for purposes set forth in this Agreement; provided, however, the Lessee, on behalf of the Schools, shall not grant preference or any prior right of funding access or security in respect of any payment indicated in the Intercept Notice or any other notice delivered pursuant to Section 17199.4 of the Education Code or any successor provision.

All deposits of moneys derived from the Intercept hereunder shall be made at the principal office of the Master Trustee set forth in the Intercept Notice. The Borrower shall cause the Lessee, on behalf of the Schools, to timely revise the Intercept Notice to require transfers to such other location as shall be designated in writing by EFF.

Section 3.05 *Prepayment of Authority Loan*. Borrower shall have the right to prepay the Authority Loan in whole or in part on any Business Day on or after October 1, 2034 in an amount equal to the outstanding Principal Amount of the Authority Loan to be prepaid, plus accrued interest to, but not including, the date of prepayment. In the event of a prepayment, Borrower shall provide EFF at least thirty days written, portable document format (.pdf), electronic or facsimile notice of its election to make such prepayment, specifying the Principal Amount of Authority Loan to be prepaid and to remain Outstanding, respectively.

Section 3.06 *Limitation on Interest*. All agreements between Borrower and the Authority or the payees of the Borrower Note, whether now existing or hereafter arising and whether written or oral, are hereby limited so that in no contingency, whether by reason of demand, prepayment, or otherwise, shall any amount deemed interest under applicable law and contracted for, charged, received, paid or agreed to be paid on any Authority Loan or EFF Loan exceed the Maximum Rate applicable thereto. If, from any circumstances whatsoever, interest on any Authority Loan or EFF Loan would otherwise be payable in excess of the Maximum Rate applicable thereto, then the interest payable thereon shall be reduced to interest at such Maximum Rate; and if from any circumstances the Authority, EFF or the payee of the Borrower Note or Authority Note shall ever receive anything of value deemed interest by applicable law in excess of interest at such Maximum Rate, an amount equal to any excessive interest shall be applied to the reduction of the principal of such Authority Loan and EFF Loan, respectively, and not to the payment of interest, or if such excessive interest exceeds the unpaid balance of principal of such Authority Loan or EFF Loan, such excess shall be refunded to Borrower for the account of the Authority. All interest paid or agreed to be paid on an Authority Loan or EFF Loan shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full period of such Authority Loan and EFF Loan until payment in full of the principal so that the interest on such Authority Loan and EFF Loan for such full period shall not exceed interest at the Maximum Rate applicable thereto. This paragraph shall control all agreements between or among Borrower, the Authority and EFF and between the Authority and EFF or the payees of the Authority Note.

Section 3.07 *Failure to Make Payments; Obligations of Borrower Unconditional; Obligation No. 2*.

(a) *Failure to Make Payments*. In the event the Borrower shall fail to deposit, or fail to cause to be deposited, with EFF any Authority Loan Payments or Additional Payments as required by this Section 3.07, the Authority Loan Payments, Additional Payments or other payments required hereunder shall continue as an obligation hereunder of the Borrower until the amount in default shall have been fully paid.

(b) *Obligations of Borrower Unconditional.* The Borrower shall pay to or upon the order of the Authority, promptly after notification by the Authority, all costs and liabilities incurred by the Authority, including without limitation fees and expenses of counsel to the Authority, in connection with the delivery of the Authority Note and the making of the Authority Loan to the Borrower herein, or otherwise as a result of the transactions contemplated by the Borrower Documents.

The obligation of the Borrower to make the payments as required in this Section 3.07, and to perform and observe any and all of the other covenants and agreements on its part contained herein, shall be absolute and unconditional irrespective of any defense or

any rights of setoff, recoupment, or counterclaim which the Borrower may otherwise have against the Authority. The Borrower shall not: (1) suspend, discontinue, or abate any payment required by this Section 3.07 (except as expressly provided herein); (2) fail to observe any of its other covenants or agreements in this Agreement; or (3) terminate this Agreement for any cause whatsoever (except as provided in Section 6.01 hereof), including without limiting the generality of the foregoing, any declaration or finding that the Borrower Note, the Authority Note or any portion of this Agreement is invalid or unenforceable, and, any failure of the Authority to perform and observe any agreement, whether expressed or implied, or any duty, liability, or obligation, arising out of or in connection with this Agreement or otherwise.

Notwithstanding anything herein to the contrary, the liability of the Borrower under this Agreement to any Person, including, but not limited to, the Authority and its successors and assigns, is limited to the Gross Revenues, and such Persons shall look exclusively thereto, or to such other security as may from time to time be given for the payment of obligations arising out of this Agreement or any other agreement securing the obligations of the Borrower with respect to the Loans or the Notes.

(c) *Obligation No. 2.* To secure the payment of Authority Loan Payments, and the performance by the Borrower of its other obligations under this Agreement, and in consideration of the delivery of the Authority Loan by the Authority, the Borrower shall issue, or cause to be issued, and to cause to be authenticated and delivered to EFF or its designee, pursuant to the Master Indenture of Trust and the Supplemental MTI for Obligation No. 2, concurrently with the delivery of the EFF Loan and the Authority Loan, Obligation No. 2 in substantially the form set forth in Exhibit A of the Supplemental MTI for Obligation No. 2. The Authority agrees that Obligation No. 2 shall be registered in the name of EFF. The Borrower agrees that the aggregate principal amount of Obligation No. 2 shall be limited to four million seven hundred ninety-eight thousand eight hundred twenty-two dollars and thirty-seven cents ($4,798,822.37), except for any other Obligation No. 2 subsequently authenticated and delivered in lieu of the Obligation No. 2 issued on the Closing Date as provided in Section 2 of the Supplemental MTI for Obligation No. 2 with respect to the mutilation, destruction, loss or theft of Obligation No. 2 or, subject to the provisions of Section 7 of the Supplemental MTI for Obligation No. 2, upon transfer of registration of Obligation No. 2. Delivery of the Authority Loan by the Authority shall be a condition to the issuance and delivery of Obligation No. 2.

(d) The Borrower agrees that, except as otherwise provided in this Section 3.07, so long as any portion of the Authority Loan remains Outstanding, Obligation No. 2 shall be issuable only as a single obligation without coupons, registered as to principal and interest in the name of EFF, and no transfer of Obligation No. 2 shall be registered under the Master Indenture of Trust or be recognized by the Borrower except for transfers permitted under Section 6 of the Supplemental MTI for Obligation No. 2.

Section 3.08 *No Set-Off, Etc.*

Borrower agrees that its obligations to make payments hereunder shall be absolute and unconditional, irrespective of any rights of set-off, diminution, abatement, recoupment or counterclaim Borrower might otherwise have against any Person, and Borrower will perform and

observe all of its payment obligations and covenants, representations and warranties hereunder without suspension and will not terminate Borrower Documents for any cause except as permitted herein. Borrower covenants not to seek and hereby waives, to the extent permitted by applicable law, the benefits of any rights which it may have at any time to any stay or extension of time for performance or to terminate, cancel or limit its liability under the Authority Loan except through payment or deemed payment of the Authority Loan as provided in Borrower Documents. A permitted holder of the Authority Loan shall be entitled to rely upon the agreements and covenants in this Section 3.08 regardless of the validity or enforceability of the remainder of this Agreement or any other Borrower Document or agreement.

The preceding paragraph shall not be construed to release the Authority from the performance of any of its agreements contained in this Agreement, or prevent or restrict Borrower, at its own cost or expense, from prosecuting or defending any action or proceeding against or by third parties or taking any other action to secure or protect its rights under Borrower Documents.

Section 3.09 *Disbursement of the EFF and Authority Loan*. At Closing, EFF hereby agrees, subject to the terms and conditions in this Agreement, to loan $4,798,822.37 to Authority and Authority hereby agrees, subject to limitations herein to borrow such amount from EFF and to lend the EFF Loan proceeds to Borrower in accordance with a closing memo or settlement statement for the purposes of financing the Project.

Section 3.10 *Credits*. The Borrower shall receive credit for payment on Obligation No. 2 from and to the extent of any payments of principal and interest made on the Authority Loan.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES

Section 4.01 *Representations and Warranties of EFF*. EFF represents and warrants to the Authority and Borrower, the following:

(a) EFF is a Delaware nonprofit corporation and has all necessary power and authority to enter into and perform this Agreement.

(b) EFF has taken all actions required to authorize and execute this Agreement and to perform its obligations hereunder, and the execution, delivery and performance by EFF of and compliance with the provisions of this Agreement will not conflict with any existing law, regulation, rule, decree or order or any agreement or other instrument by which EFF is bound.

(c) EFF acknowledges that the Borrower has furnished EFF with all information necessary and requested by EFF to permit EFF to make an informed decision concerning its issuance of the EFF Loan, and EFF has made such inspections and investigations as it has deemed necessary to determine the investment quality of Borrower and its ability to perform under this Agreement and Borrower Note and to assess all risk factors associated with EFF's purchase of the EFF Loan. The EFF Loan is being made by EFF to effect loans to Borrower (and not on behalf of another), and except for the transfer of the EFF Loan from EFF to its Affiliate on the Closing Date, EFF has no present intention of reselling its rights under the EFF Loan or the Authority Note, either currently or after

the passage of a fixed or determinable period of time or upon the occurrence or nonoccurrence of any predetermined event or circumstance.

Section 4.02 *Representations and Warranties of the Authority; Findings by the Authority*. The Authority makes no representation or warranty regarding any of the Borrower (including, but not limited to, its financial condition or sources of funding), the Borrower Note, the Borrower Documents, or otherwise. Neither the Authority nor its independent contractors have furnished, reviewed, investigated, or verified the information provided by the Borrower to EFF in connection with the EFF Loan. The Authority does not and will not in the future monitor the financial condition of the Borrower (including, but not limited to, its sources of funding) or otherwise monitor payment by the Borrower of any amounts in connection with the Borrower Note or the EFF Loan, or compliance by the Borrower with any documents executed in connection therewith. EFF acknowledges the foregoing.

The Authority hereby finds and determines, based upon the representations, warranties and agreements of the Borrower and such other information as the Authority deems necessary, that (i) the Borrower is a "participating party" as such term is defined in the Act; (ii) the Authority Loan to be made hereunder with proceeds of the EFF Loan will promote the purposes of the Act by providing funds to finance and/or refinance the costs of a "project" as defined in the Act; and (iii) the EFF Loan does not exceed the total "cost" (as defined in the Act) of the Project as determined by the Borrower.

Each of the foregoing representations and warranties shall be deemed to have been made as of the date of this Agreement and again as of the Closing Date.

Section 4.03 *Representations and Warranties of Borrower*. Borrower represents and warrants to EFF and the Authority as follows:

(a) The Borrower is a nonprofit public benefit corporation duly incorporated and in good standing under the laws of the State of California, has full legal right, power and authority to enter into the Borrower Documents, and to carry out all of its obligations under and consummate all transactions contemplated by the Borrower Documents, and by proper corporate action has duly authorized the execution, delivery and performance of the Borrower Documents. The Borrower is a "participating party" as defined in the Act and the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of the Financed Facilities is a "project" as defined in the Act.

(b) The Persons executing the Borrower Documents on behalf of the Borrower are duly and properly in office and are fully authorized to execute the Borrower Documents.

(c) The Borrower Documents have been duly authorized, executed and delivered by the Borrower.

(d) The Borrower Documents constitute the legal, valid and binding agreements of the Borrower enforceable against the Borrower in accordance with their respective terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of

equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy.

(e) The execution and delivery of the Borrower Documents, the consummation of the transactions herein and therein contemplated and the fulfillment of or compliance with the terms and conditions hereof and thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of incorporation of the Borrower, its bylaws, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would have a Material Adverse Effect upon the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower.

(f) No consent or approval of any trustee or holder of any indebtedness of the Borrower or any guarantor of indebtedness of or other provider of credit or liquidity of the Borrower, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority (except with respect to any state securities or "blue sky" laws) is necessary in connection with the execution and delivery of the Borrower Documents, or the consummation of any transaction herein or therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

(g) There is no action, suit, proceeding, inquiry or investigation, before or by any Governmental Authority, pending, or to the knowledge of the Borrower, after reasonable investigation, threatened, against or affecting the Borrower or the assets, properties or operations of the Borrower which, if determined adversely to the Borrower or its interests, would have a Material Adverse Effect upon the consummation of the transactions contemplated by, or the validity of, the Borrower Documents, or upon the financial condition, assets, properties or operations of the Borrower, and the Borrower is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any or Governmental Authority, which default might have consequences that would have a Material Adverse Effect upon the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower. All tax returns (federal, state and local) required to be filed by or on behalf of the Borrower have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrower in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. The Lessor holds a peaceful and undisturbed fee simple interest in the Financed Facility subject to the Project Lease.

(h) No written information, exhibit or report furnished to the Authority or EFF by the Borrower in connection with the negotiation of the Borrower Documents, taking into account any corrective or supplemental information obtained by the Authority and EFF contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the Borrower has not made any independent investigation or inquiry into the truth, accuracy or completeness of any report written or provided by any third party.

(i) The Borrower has timely filed and will timely file with the Internal Revenue Service all requests for determination, reports, and returns required to be filed by them, and such requests for determination, reports, and returns have not omitted or misstated any material fact.

(j) Except as provided in this Agreement, the Borrower shall not pledge or otherwise encumber, or permit the pledge or encumbrance of, any money, investment, or investment property as security for payment of any amounts due under this Agreement and shall not establish any segregated reserve or similar fund for such purpose.

(k) The Borrower has made and shall continue to make all required contributions to all employee benefit plans, if any, and the Borrower has no knowledge of any material liability which has been incurred by the Borrower and remains unsatisfied for any taxes or penalties with respect to any employee benefit plan or any multi-employer plan, and each such plan has been administered in compliance with its terms and the applicable provisions of ERISA and any other federal or state law.

(l) The Borrower has no known material contingent liabilities, and has no material financial obligation under any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which the Borrower is a party or by which the Borrower is otherwise bound, other than (1) the obligations being refinanced with the proceeds of the Loans, (2) the obligations of the Borrower Documents, Obligation No. 1, and Obligation No. 2 (3) other indebtedness evidenced by the Permitted Liens, (4) obligations under the Tax Certificate, (5) obligations disclosed by the Borrower's financial statements and other information disclosed to the Authority, (6) obligations subordinate to the Borrower's obligations under this Agreement, and (7) obligations incurred in the ordinary course of its operations.

(m) The Borrower has (1) not entered into this transaction or any Borrower Document with the actual intent to hinder, delay, or defraud any creditor and (2) received reasonably equivalent value in exchange for its obligations under the Borrower Documents. Giving effect to the transactions contemplated by the Borrower Documents, the fair saleable value of the Borrower's assets exceeds and will, immediately following the execution and delivery of the Borrower Documents, exceed the Borrower's total liabilities, including, without limitation, subordinated, unliquidated, disputed or contingent liabilities. The fair saleable value of the Borrower's assets is and will, immediately following the execution and delivery of the Borrower Documents, be greater than the Borrower's probable liabilities, including the maximum amount of its contingent liabilities or its debts as such debts become absolute and matured. The Borrower does not intend to, and does

not believe that it will, incur debts and liabilities (including, without limitation, contingent liabilities and other commitments) beyond its ability to pay such debts as they mature (taking into account the timing and amounts to be payable on or in respect of obligations of the Borrower).

(n) The Borrower is not (1) an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended; (2) a "holding company" or a "subsidiary company" of a "holding company" or an "affiliate" of either a "holding company" or a "subsidiary company" within the meaning of the Public Utility Holding Company Act of 1935, as amended; or (3) subject to any other federal or state law or regulation which purports to restrict or regulate its ability to borrow money.

(o) All financial statements and information heretofore delivered to the Authority by the Borrower, including without limitation, information relating to the financial condition of the Members, and/or the Project, and including the audited consolidated balance sheets of the Members at June 30, 2023 and June 30, 2022 and the related consolidated statements of income and consolidated statements of cash flows for the years ended June 30, 2023 and June 30, 2022 (copies of which have been furnished to the Authority) fairly and accurately present the financial position of each respective entity at such date and the results of operations for the year ended on such date, and have been prepared (except where specifically noted therein) in accordance with generally accepted accounting principles consistently applied. Since the date of such statements, there has been no Material Adverse Effect on the financial condition or results of operations of the Borrower or other subjects of such statements.

(p) All representations, warranties and certifications made by the Borrower in connection with the delivery of the Borrower Note on the Closing Date, including, but not limited to, those representations, warranties and certifications contained in any certificate or agreement concerning the status of the interest on the EFF Loan as tax exempt executed by the Borrower, are true, correct, and complete in all material respects as of the Closing Date.

(q) The Borrower or the Lessor, as applicable, has and will have title to or the right to use and possession of the Financed Facilities sufficient to carry out the purposes of the Project.

(r) The Borrower has not applied for the Authority's assistance in financing the Authority Loan for the purpose of covering any long-term budget deficit or shortfall in operating funding of the Borrower or any of the Members.

(s) The Borrower has full power and authority to carry on its business as now being conducted and to enter into this Agreement and the Borrower Documents and the transactions contemplated thereby.

(t) The Project and the Financed Facilities are not in violation in any material respect of any federal, state or local Environmental Laws. Neither the Borrower nor the Financed Facilities are the subject of a Governmental Authority investigation evaluating

whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Laws or to respond to a release of any Hazardous Materials into the environment.

(u) The Borrower does not have any material contingent liability in connection with any release of any Hazardous Materials into the environment.

(v) The Borrower acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing of the Project; that it is familiar with the provisions of all of the documents and instruments relating to such financing to which it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Agreement or otherwise relied on the Authority for any advice.

Section 4.04 *Representations and Warranties of the Lessor.* The Lessor represents and warrants to EFF and the Authority as follows:

(a) The Lessor is a duly organized limited liability company, whose sole member is the Borrower, in good standing under the laws of the State, and has full legal right, power and authority to accept and acknowledge this Agreement and the Lessor Documents and to carry out all of its obligations under and consummate all transactions contemplated by this Agreement and the Lessor Documents, and by proper company action has duly authorized the execution, delivery and performance of this Agreement and the Lessor Documents.

(b) The authorized persons of the Lessor, or of the sole member or manager of the Lessor, as the case may be, are duly and properly in office and are fully authorized to execute this Agreement.

(c) This Agreement has been duly authorized, executed and delivered by the Lessor.

(d) This Agreement constitutes the legal, valid and binding agreement of the Lessor enforceable against the Lessor in accordance with its terms; except as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy, or the exercise of judicial discretion in appropriate cases.

(e) The execution and delivery of this Agreement, the consummation of the transactions herein contemplated and the fulfillment of or compliance with the terms and conditions hereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of organization of the Lessor, its operating agreements, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Lessor is a party or by which the Lessor or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature

whatsoever upon any of the property or assets of the Lessor, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would have a Material Adverse Effect on the consummation of the transactions contemplated by this Agreement, or the financial condition, assets, properties or operations of the Lessor.

(f) There is no action, suit, proceeding, inquiry or investigation, before or by any Governmental Authority, pending, or to the knowledge of the Lessor, after reasonable investigation, threatened, against or affecting the Lessor or the assets, properties or operations of the Lessor which, if determined adversely to the Lessor or its interests, would have a Material Adverse Effect upon the consummation of the transactions contemplated by, or the validity of, this Agreement, or upon the financial condition, assets, properties or operations of the Lessor, and the Lessor is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any Governmental Authority, which default might have consequences that would have a Material Adverse Effect on the consummation of the transactions contemplated by this Agreement, or the financial condition, assets, properties or operations of the Lessor. All tax returns (federal, state and local) required to be filed by or on behalf of the Lessor have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Lessor in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the financial statements. The Lessor enjoys the peaceful and undisturbed possession of the Financed Facilities subject to the Project Lease.

(g) The Lessor has full power and authority to carry on its business as now being conducted and to enter into this Agreement and the Lessor Documents and the transactions contemplated thereby.

(h) All representations, warranties and certifications made by the Lessor in connection with the delivery of the EFF Loan and the Authority Loan on the Closing Date, are true, correct, and complete in all material respects as of the Closing Date.

(i) Other than as disclosed to EFF prior to the date hereof, the Lessor has and will have fee simple title to the Financed Facilities sufficient to carry out the purposes of the Project and the Project Lease.

(j) The Project and the Financed Facilities are not in violation in any material respect of any federal, state or local Environmental Laws. Neither the Lessor nor the Financed Facility is the subject of a Governmental Authority investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Laws or to respond to a release of any Hazardous Materials into the environment.

(k) The Lessor has no material contingent liability in connection with any release of any Hazardous Materials into the environment.

(l) The Lessor acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing of the Project; that it is

familiar with the provisions of all of the documents and instruments relating to such financing to which it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Agreement or otherwise relied on the Authority for any advice.

ARTICLE V

REMEDIES SECTION

Section 5.01 *Remedies Available*.

(a) Subject in all cases to the terms of the Master Indenture of Trust, upon the occurrence of an Event of Default and thereafter for so long as the Event of Default has not been cured, EFF is not required to make any advance hereunder and may take any action at law or in equity (subject to the terms of the Master Indenture of Trust) to collect all amounts then due to it under this Agreement and to enforce compliance with any other obligation of the Authority, Borrower or Lessor under this Agreement.

(b) In addition to the remedies provided in subsection (a) of this Section 5.01, EFF shall, to the extent permitted by law, be entitled to recover from Borrower the reasonable costs and expenses, including reasonable attorney's fees and court costs, incurred by EFF in the proceedings authorized under subsection (a) of this Section 5.01.

(c) Subject in all cases to the terms of the Master Indenture of Trust, should an Event of Default occur and thereafter for so long as the Event of Default has not been cured, EFF may but without any obligation to do so, at its option and at any time, and without presentment, demand, or protest, notice of default, dishonor, demand, non-payment, or protest, notice of intent to accelerate all or any part of the Loans, notice of acceleration of all or any part of the Loans, or notice of any other kind, all of which the Authority and Borrower hereby expressly waive, except for any notice required by applicable statute which cannot be waived: (i) declare Authority Loan immediately due and payable, and upon such declaration the Loans and the Notes shall be immediately due and payable; (ii) reduce any claim to judgment; and/or (iii) exercise any and all rights and remedies afforded by any of Borrower Documents, or by law or equity or otherwise, as EFF deems appropriate. At any time after the Loans shall have been so declared to be due and payable and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, if (i) the Borrower has paid or caused to be paid or deposited with EFF moneys sufficient to pay all matured installments of interest and interest on installments of principal and interest and principal or redemption prices and other payments then due (other than the principal or other payments then due only because of such declaration) on the Borrower Loan, (ii) the Borrower has paid or caused to be paid or deposited with EFF moneys sufficient to pay the charges, compensation, expenses, disbursements, advances and liabilities of EFF and any paying agents, (iii) all other amounts then payable by the Borrower hereunder shall have been paid or a sum sufficient to pay the same shall have been deposited with EFF, and (iv) every Event of Default (other than a default in the payment of the principal or other payments of such Obligations then due only because of such declaration) shall have been remedied, then EFF may annul such

declaration and its consequences with respect to the Loans or portions thereof not then due by their terms. No such annulment shall extend to or affect any subsequent Event of Default or impair any right consequent thereon.

(d) Notwithstanding any other provision of this Agreement, any remedy exercised against the Authority requiring the payment of money shall be limited to money received from the limited sources described in Section 3.07(b).

Section 5.02 *Fees and Expenses*.

(a) Borrower shall pay promptly upon demand therefor all costs paid or incurred by the Authority in connection with the Loans, including without limitation (1) all Costs of Issuance required to be paid to the Authority with respect to the Loans; and (2) all out-of-pocket expenses (including fees and expenses of attorneys employed by the Authority) incurred by the Authority in connection with the enforcement of any of its rights or remedies or the performance of its duties under this Agreement or the Notes.

(b) The Authority may enforce Borrower's obligations under this Section 5.02 independently of any other remedies available to any Person against Borrower pursuant to the terms and provisions of this Agreement, Borrower Documents and the Authority Documents.

Section 5.03 *Application of Money Collected*. Subject in all cases to the terms of the Master Indenture of Trust, any money collected as a result of the taking of remedial action pursuant to this Article V, including money collected as a result of foreclosing the liens of this Agreement, shall be applied in EFF's reasonable discretion, including without limitation, to the costs of collection of such money, to the payment of the Loans and to cure the Event of Default with respect to which such remedial action was taken.

Section 5.04 *Non-Exclusive Remedies*. Subject in all cases to the terms of the Master Indenture of Trust, no remedy conferred upon or reserved to EFF by this Agreement is intended to be exclusive of any other available remedy, and each such remedy shall be in addition to any other remedy given under this Agreement or Borrower Documents or now or hereafter existing at law or in equity.

Section 5.05 *Delays*. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or be construed to be a waiver thereof, and all such rights and powers may be exercised as often as may be deemed expedient.

Section 5.06 *Limitation on Waivers*. If an Event of Default is waived, such waiver shall be limited to the particular Event of Default so waived and shall not be deemed a waiver of any other Event of Default; provided, however, that no waiver of an Event of Default shall be effective unless such waiver is made in writing.

Section 5.07 *Notice of Default*. EFF shall give prompt notice to the Authority and, so long as Obligation No. 2 is outstanding, the Master Trustee of any default in payment of the Borrower Note, provided, however, EFF's failure to provide such notice does not waive such default or any of EFF's rights and remedies hereunder.

ARTICLE VI

DISCHARGE

Section 6.01 *Discharge by Payment*. When the EFF Loan and Authority Loan have been paid in full (including all interest that has accrued thereon to the date of maturity or prepayment, as applicable), and all other amounts payable by the Authority and Borrower under this Agreement have been paid, the security interests granted under this Agreement shall be automatically discharged and released, and the Authority and EFF shall take all actions reasonably requested by Borrower or the Lessor to evidence such discharge and release, including termination statements, payoff letters and releases.

ARTICLE VII

TAX PROVISIONS

Section 7.01 *Borrower Tax Covenants*.

(a) The Borrower covenants and agrees that it will at all times do and perform all acts and things permitted by law which are necessary in order to assure that interest paid on any bonds issued by EFF or any affiliate of EFF will be excluded from gross income for federal income tax purposes and will take no action that would result in such interest not being so excluded. Without limiting the generality of the foregoing, the Borrower agrees to comply with the provisions of the Tax Certificate and take all actions, deliver all certificates or other documents subsequent to the date hereof, and provide all information required by the Tax Certificate as may be necessary or advisable as determined by EFF or its counsel to maintain exclusion from gross income for federal income tax purposes of the interest on such bonds. This covenant shall survive payment in full or defeasance of Loans.

ARTICLE VIII

COVENANTS OF BORROWER AND THE LESSOR

Section 8.01 *Indemnification*. To the fullest extent permitted by law, the Borrower shall indemnify, hold harmless and defend the Authority, the State Treasurer, and each of their respective officers, governing members, directors, officials, employees, attorneys and agents (collectively, the "Issuer Indemnified Parties"), and EFF and its officers, governing members, directors, officials, employees, attorneys and agents (collectively, the "EFF Indemnified Parties" and, together with the Issuer Indemnified Parties, the "Indemnified Parties"), against any and all losses, damages, claims, actions, liabilities, costs and expenses of any conceivable nature, kind or character (including, without limitation, attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) to which the Indemnified Parties, or any of them, may become subject under any statutory law (including federal or state securities laws) or at common law or otherwise, arising out of or based upon or in any way relating to:

(a) the Borrower Documents or the execution or amendment hereof or thereof or in connection with transactions contemplated hereby or thereby;

(b) any act or omission of the Borrower or any of their agents, contractors, servants, employees or licensees in connection with the Loans, the Financed Facilities, the Project, the operation of the Financed Facilities or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition, installation or construction of, the Financed Facilities, including the Project, or any part thereof;

(c) any lien or charge upon payments by the Borrower to the Authority, as the case may be, hereunder, or any taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and other charges imposed on the Authority in respect of any portion of the Project or the Financed Facilities;

(d) any violation of any Environmental Laws with respect to, or the release of any Hazardous Substances at, on or under the Financed Facilities or any part thereof;

except (A) in the case of the foregoing indemnification of the EFF Indemnified Parties, to the extent such damages are caused by the willful misconduct, gross negligence or bad faith of such EFF Indemnified Party, and subject to the limitations on EFF's liability set forth in the Continuing Covenant Agreement; or (B) in the case of the foregoing indemnification of the Issuer Indemnified Parties, to the extent such damages are caused by the willful misconduct of such Issuer Indemnified Party. In the event that any action or proceeding is brought against any Issuer Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Issuer Indemnified Party, shall assume the investigation and defense thereof, including the employment of counsel selected by the Issuer Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided, however, that the Issuer Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement. Each Issuer Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Borrower shall pay the fees and expenses of such separate counsel; provided, however, that such Issuer Indemnified Party may only employ separate counsel at the expense of the Borrower if in the judgment of such Issuer Indemnified Party a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to the action (or inaction) of counsel, or in the case of the Issuer Indemnified Parties, such Issuer Indemnified Party engages the Attorney General of the State as separate counsel.

The rights of any persons to indemnity hereunder and rights to payment of fees and reimbursement of expenses pursuant to Sections 3.04 and 8.07 hereof and this Section 8.01 shall survive the final payment. The provisions of this Section 8.01 shall survive the termination of this Agreement.

Section 8.02 *Defense of Indemnified Actions*. The Borrower may, and if requested in writing by any EFF Indemnified Party shall, undertake the defense of any claim, action, or proceeding for which such EFF Indemnified Party is indemnified under Section 8.01, and, thereafter, the Borrower shall not be liable to any such EFF Indemnified Party for any legal or other expenses other than reasonable costs subsequently incurred by such EFF Indemnified Party at the request of the Borrower in connection with the defense thereof, unless (1) the employment of such counsel has been specifically authorized by the Borrower, in writing, (2) the Borrower has

failed after request to assume the defense and to employ counsel, or (3) the named parties to any such action (including any impleaded parties) include both a EFF Indemnified Party and the Borrower, and EFF Indemnified Party shall have been advised by counsel that there may be one or more legal defenses available to it which are different from or additional to those available to the Borrower (in which case, if such EFF Indemnified Party notifies the Borrower in writing that it elects to employ separate counsel at the expense of the Borrower, the Borrower shall not have the right to assume the defense of the action on behalf of such EFF Indemnified Party); provided, however, that the Borrower shall not, in connection with any one action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegation or circumstances, be liable for the reasonable fees and expenses of more than one separate firm of attorneys for all EFF Indemnified Parties, provided that any EFF Indemnified Party which has been advised by counsel that there may be one or more legal defenses available to it which are different from or additional to those available to any other EFF Indemnified Party shall have the right to employ separate counsel whose fees and expenses shall be paid by the Borrower. The Borrower shall be liable for no settlement of any such claim, action, or proceeding effected without its consent. Each EFF Indemnified Party pursuant to Section 8.01 shall give prompt notice of any claim, action, or proceeding against it upon which such EFF Indemnified Party may seek indemnity hereunder. Notwithstanding anything herein to the contrary, the indemnifications set forth herein shall survive the termination of this Agreement.

Section 8.03 *Non-Discriminatory Use of Projects*. Throughout the useful life of each Project financed or refinanced in whole or in part with proceeds of the EFF Loan, Borrower shall not and shall not permit any Affiliate to operate such Project in a manner which discriminates against any person on the basis of race, color, religion, sex, or national origin.

Section 8.04 *Litigation*. If any Litigation is threatened or commenced (a) that endangers, questions or attacks the validity, enforceability, or priority of any Borrower Document or (b) that results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect, then, unless waived by EFF, Borrower shall promptly and vigorously contest such Litigation in good faith, resist the entry of any temporary or permanent injunction, and seek the stay of any such injunction that may be entered. EFF may (but shall not be obligated to) commence, appear in, or defend any such Litigation and pay all necessary expenses, including reasonable attorneys' fees, incurred in connection with such Litigation, which Borrower shall reimburse to EFF on demand and which shall be part of the Obligations secured by Borrower Documents.

Section 8.05 *Preservation of Existence and Rights*. Borrower shall (a) maintain and preserve its existence under State Laws, (b) preserve, protect, renew and extend all material franchises, permits, licenses, privileges, concessions and other rights applicable to Borrower, to the extent required to comply with its obligations hereunder, and (c) not make any material change to its articles of incorporation, in each case without EFF's prior written consent.

Section 8.06 *Notice to EFF*. In addition to notice required under the Continuing Covenant Agreement, Borrower shall notify EFF in writing promptly after obtaining actual knowledge of any of the following events, specifying in each case the action Borrower has taken or proposes to take with respect thereto: (a) the occurrence of any Event of Default or Potential Default; (b) any default by Borrower under any Legal Requirement, or any default by Borrower in the performance of any obligation which results in a Material Adverse Effect; (c) any Litigation instituted or threatened against the Borrower or any Member or any development in any such

Litigation which results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect; (d) any labor controversy pending or threatened in writing against the Borrower or any Member or any material development therein which results, or could reasonably be expected to result if decided adversely, in a Material Adverse Effect; (e) any change in Borrower's name; and (f) any change in any rating of Borrower or Borrower's or any Member's long-term debt by any rating agency.

Section 8.07 *Costs and Expenses*. To the extent not prohibited by applicable Laws, Borrower shall pay, in addition to any other closing costs, all reasonable costs and expenses incurred by EFF in connection with EFF's due diligence and closing of the Loans, including reasonable attorneys' fees (to include outside counsel fees) incurred by EFF in connection with the negotiation and preparation of Borrower Documents and all costs reasonably incurred by the Authority, whether or not the Loans actually close.

The Borrower covenants and agrees to pay and indemnify the Authority, EFF and the State Treasurer against all fees, costs and charges, including fees and expenses of attorneys, accountants, consultants and other experts, incurred in good faith and arising out of or in connection with the Borrower Documents or the Loans. These obligations and those in Section 8.01 hereof shall remain valid and in effect notwithstanding repayment of the Loan hereunder or the Loans or termination of this Agreement.

Section 8.08 *Further Assurances*. Borrower shall promptly and duly execute and deliver to EFF, at Borrower's own expense, such further documents, instruments and assurances and take such further action as EFF may from time to time reasonably request in order to carry out the intent of the Loans, and to establish and protect the rights and remedies created or intended to be created in favor of EFF hereunder. Borrower shall additionally provide, at its own expense, such certificates, documents, reports, information, affidavits and other instruments reasonably deemed necessary, desirable or proper by EFF to enable EFF to comply with the requirements of any agency having jurisdiction over EFF.

Section 8.09 *No Assignment*. Borrower shall not assign, transfer or encumber its rights or Obligations under any Borrower Document or any proceeds of Authority Loan without the consent of EFF and the Authority.

Section 8.10 *Financial Reporting*. Borrower shall furnish or cause to be furnished to EFF the following:

(a) The reports and other information required by Section 3.11 of the Master Indenture of Trust.

(b) As soon as available, all evidence of renewals of adequate insurance for the properties secured by the Deed of Trust as required by Section 3.03 of the Master Indenture of Trust.

(c) Such other financial or reporting information as required under the Continuing Covenant Agreement, and as EFF reasonably requests.

Section 8.11 *Debt Service Coverage Ratio*. The Members shall comply with the Debt Service Coverage Ratio (as defined in the Master Indenture of Trust) as set forth in Section 3.07 of the Master Indenture of Trust. If the Debt Service Coverage Ratio (as defined herein) falls below 1.00:1.00 at the end of any Fiscal Year, it shall constitute an Event of Default hereunder.

Section 8.12 *Use of Project for Sectarian Purposes*. The Borrower agrees that to the full extent required from time to time by applicable laws and Constitutional provisions of the United States of America and the State in order for the Loans and all other transactions provided for in this Agreement to be made and effected in compliance with such laws and Constitutional provisions, no part of the Project financed in whole or in part with proceeds of the Loans shall be primarily used for sectarian instruction or as a place of religious worship or in connection with any part of the program of a school or department of divinity for any religious denomination.

Section 8.13 *Inspection of Books*.

(a) The Authority and EFF shall have the right, but not obligation, upon reasonable notice, during business hours, to examine and audit any and all of the Borrower's and the Lessor's records or accounts pertaining to the Loan, the Project Lease, and this Agreement.

(b) Upon written notice to the Borrower or the Lessor, as applicable, delivered at least five Business Days in advance of an inquiry, the Borrower or the Lessor, as applicable, shall make its management personnel available for periodic inquiries from the Authority; provided, however, that the Borrower or the Lessor, as applicable, shall not be obligated to incur any material out-of-pocket costs in connection with such meetings or inquiries.

Section 8.14 *Reports and Information*. At the request of the Authority or EFF, their agents, employees or attorneys, the Borrower or the Lessor, as applicable, shall furnish to the Authority and EFF, such information as may be reasonably requested in writing from time to time relative to compliance by the Borrower and the Lessor with the provisions of this Agreement and the Continuing Covenant Agreement.

Section 8.15 *Reliance*. The Borrower and the Lessor hereby recognize and agree that the representations and covenants set forth in this Agreement may be relied upon by all Persons interested in the legality and validity of the Authority Note and in the exemption from federal income taxation of the interest on the Authority Note. In performing its duties and obligations hereunder, EFF may rely upon statements and certificates of the Borrower and the Lessor believed in good faith to be genuine and upon audits of the books and records of the Borrower or the Lessor pertaining to the Project Lease. EFF, in its name or as assignee of the Authority, may enforce all rights of the Authority which have been assigned thereto and all obligations of the Lessor under and pursuant to this Agreement, whether or not the Authority has pursued or attempted to enforce any of such rights and obligations. In addition, the Authority and EFF may consult with counsel, and the opinion of such counsel shall be full and complete authorization and protection with respect of any action taken or suffered by the Authority or EFF hereunder in good faith and in conformity with the opinion of such counsel. In determining whether any default or lack of compliance by the Borrower or the Lessor exists under this Agreement, neither EFF nor the Authority shall be required to conduct any investigation into or review of the operations or records of the Borrower

or the Lessor and may rely solely upon any notice or certificate delivered to EFF by the Borrower or the Lessor with respect to the occurrence or absence of a default.

Section 8.16 *Warranty of Truth*. The Borrower and the Lessor covenant that no information, certificate, statement in writing or report required by this Agreement or otherwise furnished by the Borrower or the Lessor to the Authority or EFF shall contain any untrue statement of a material fact or omit a material fact necessary to make such information, certificate, statement or report not misleading as it relates to the Borrower or the Lessor or Project Lease.

Section 8.17 *Prohibited Uses*. Neither the Borrower nor the Lessor may cause or permit any portion of the Financed Facilities that is part of the Project to be used in any manner except in conjunction with a school under the Charter School Law.

Section 8.18 *Term of Project Lease*. So long as any portion of the Authority Loan remains Outstanding, the Lessor may not voluntarily terminate the Project Lease before completion of its stated term nor amend the Project Lease to result in an earlier end of its stated term; provided, however, that nothing in this Section 8.18 limits the exercise of or the remedies provided in the Project Lease in the event of a default by the Lessee.

Section 8.19 *Maintenance of the Property*.

(a) The Lessor shall keep or require, pursuant to the Project Lease, Lessee to, at Lessee's sole expense, keep the interior, exterior and structural elements of the Financed Facilities in good order, condition and repair; and keep the exterior, structural and major utility components of the Financed Facilities and other portions of the Financed Facilities in good order, condition and repair, including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), ceilings, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Financed Facilities. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Financed Facilities and all improvements thereon or a part thereof in good order, condition and state of repair. Neither the Authority nor EFF shall have any responsibility in any of these matters, or for the making of repairs to the Financed Facilities or additions to the Financed Facilities.

(b) The Lessor shall observe and comply in all material respects with all legal requirements applicable to the ownership, use and operation of the Financed Facilities, including the terms and conditions set forth in this Agreement, the Deed of Trust and the Continuing Covenant Agreement (as applicable to the Lessor). The Lessor shall permit EFF and its agents, representatives and employees, upon reasonable prior notice to the Lessor and subject to the terms of the Project Lease, to examine and inspect the Financed Facilities and conduct such environmental and engineering studies as EFF may reasonably require or as often as EFF and/or the Authority reasonably deems necessary to determine whether the Lessor is in compliance with Environmental Laws, provided, however, that such inspections and studies are conducted during normal business hours and do not materially interfere with the use and operation of the Financed Facilities, provided further that no environmental testing, sampling or invasive investigation shall be conducted unless

the results of a Phase I environmental site assessment (conforming to ASTM International standards) reasonably recommends such further testing, sampling or invasive investigation. Such environmental and engineering studies shall be at Lessor's commercially reasonable expense, provided, however, that EFF provides the Lessor with evidence of EFF's reasonable belief that there is an environmental or structural condition at the Financed Facilities that could have a material adverse effect on EFF's security under the Loan Documents.

(c) The Borrower and the Lessor will defend the Financed Facilities against all claims or demands of all Persons (other than EFF hereunder and other than Permitted Liens) claiming an interest in the Financed Facilities or any interest therein.

Section 8.20 *Lessee Performance*. The Lessor shall require and cause Lessee to, at Lessee's sole expense, comply with the terms and provisions of the Continuing Covenant Agreement.

Section 8.21 *Additional Indebtedness*. Each Member covenants and agrees that it will not incur any Additional Indebtedness after the date hereof except as follows:

(a) Long-Term Indebtedness may be incurred if prior to the issuance of such Additional Indebtedness, the following is satisfied: an Independent Consultant selected by the Borrower provides a written report to EFF setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for each of the three consecutive full Fiscal Years beginning in the earlier of:

(A) the first full Fiscal Year following the estimated date of completion and initial use of all revenue-producing facilities to be financed with such Additional Indebtedness, based upon a certified written estimated completion date by the consulting engineer for such Facility or Facilities; or

(B) the first full Fiscal Year in which the obligor of such Additional Indebtedness will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Lessee Revenue Available for Base Rent),

provides for a Consolidated Base Rent Coverage Ratio, taking into account all outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.00. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. In addition, the report of the Independent Consultant shall assume that the Long-Term Indebtedness then to be incurred shall have been outstanding for the entire year.

(b) Long-Term Indebtedness may be incurred for the purpose of refunding or refinancing any outstanding Indebtedness, if prior to the incurrence thereof, there is delivered to EFF an Officer's Certificate demonstrating that (i) the Maximum Annual Debt Service will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (ii) the total Debt Service on the Indebtedness being refinanced will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (iii) the requirements of subsection (a) above are met; provided that the foregoing shall not apply to any refinancing with Balloon Indebtedness.

(c) Short-Term Indebtedness and subordinate Indebtedness may be incurred by any Member unless otherwise set forth in an Obligation. So long as Obligation No. 2 is outstanding, Short-Term Indebtedness and subordinate Indebtedness may only be incurred by a Member with consent of EFF.

(d) Indebtedness consisting of purchase money obligations with respect to any item of equipment related to the Facilities may be incurred without limitation.

(e) Indebtedness consisting of leases which are considered operating leases under generally accepted accounting principles may be incurred without limitation.

(f) any Indebtedness in connection with Charter School Facilities Program Funding.

(f) Non-recourse Indebtedness may be incurred not to exceed $750,000 in the aggregate outstanding amount among all Members as tested as of the end of each Fiscal Year and reported on the audited financial statement of the Members.

Section 8.22 *Insurance*.

(a) (1) Each Member covenants and agrees that it will keep (or cause to be kept by Lessee) insurance (including builder's all-risk insurance during any period of construction at a Facility) against loss or damage to any structure constituting any part of the Facilities by fire and lightning, with extended coverage and vandalism and malicious mischief insurance. Said extended coverage insurance shall, as nearly as practicable, cover loss or damage by explosion, windstorm, riot, aircraft, vehicle damage, smoke and such other hazards as are normally covered by such insurance. All insurance provided pursuant to this subsection shall be in an amount equal to or greater than the lesser of (i) one hundred percent (100%) of the replacement cost (without deduction for depreciation) of all buildings, structures and fixtures constituting any part of the Facilities owned by such Member, and (ii) the principal amount of the Related Bonds then outstanding under any Related Bond Indenture, and shall be subject to a deductible not to exceed $100,000 per occurrence.

(2) Each Member covenants and agrees to procure and maintain (or cause to be procured or maintained), throughout the term of any Related Bond Indenture, business interruption insurance to cover loss, total or partial, of the use of any

structures constituting any part of the Facilities as the result of any of the hazards covered by the insurance required by Section 8.22(a)(1), in an amount sufficient to pay the Required Payments for a period of at least twelve (12) months. Proceeds of such insurance in the amount of at least twelve (12) months of Required Payments shall be deposited into the "Insurance and Condemnation Proceeds Fund" created under Section 8.22(d) and applied to the payment of the Required Payments, in installments as the proceeds are paid to each Member.

(3) Each Member covenants and agrees that it will maintain (or cause to be maintained) (i) general liability insurance of no less than $1,000,000 per occurrence and $2,000,000 aggregate and (ii) worker's compensation insurance as required by the laws of the State.

(4) An Insurance Consultant shall review the insurance requirements of each Member with respect to the Facilities from time to time (but not less frequently than once every five years) commencing July 1, 2028. If such review indicates that any Member should increase any of the coverages required by Section 8.22(a) hereof, each Member shall review such recommendation with the governing body of each Member and shall increase such coverage; provided, however, that such coverage is available from reputable insurance companies at a reasonable cost on the open market.

(5) Each Member hereby covenants that it will use its best efforts to apply for any grants, loans or other relief available from each state government, as applicable, or the federal government to obtain amounts necessary to rebuild any portion of the Facilities destroyed or damaged in connection with an uninsured or underinsured calamity causing destruction or damage; provided, however, that each Member shall not be required to accept such amounts if doing so would jeopardize the integrity of each Member's programs.

(b) The insurance policies required by Section 8.22(a) shall be carried by insurance companies which are financially sound and generally recognized as responsible insurance companies authorized to write insurance in the applicable state. The company issuing the policies will be rated "A" or better by A.M. Best Co., in Bests' Key guide. All such policies (except liability policies) shall name each applicable Member and the Master Trustee as a lender's loss payees or additional insureds as their interest may appear, as applicable. Each policy shall be in such form and contain such provisions as are generally considered standard for the type of insurance involved and shall contain a provision to the effect that the insurer shall not cancel or substantially modify the policy provisions without first giving at least thirty (30) days written notice thereof to the Obligated Group Representative, EFF, the Government Issuer, the Related Lender/Bond Trustee and the Master Trustee, or if this notice will not be provided by the insurer, each Member covenants and agrees to notify the Obligated Group Representative, EFF, the Governmental Issuer, the Related Lender/Bond Trustee and the Master Trustee at least ten (10) days prior to cancellation of such insurance. In lieu of separate policies, the Members may maintain blanket policies which cover any one or more risks required to be insured against so long as the minimum coverages required herein are met.

(c) (1) All proceeds of the insurance carried pursuant to Section 8.22(a)(1) (except proceeds of the liability portion, if any, of such insurance), and proceeds of any condemnation awards with respect to any individual Facility, in each case, in excess of ten percent (10%) of the Book Value of such Facility shall be paid immediately upon receipt by the Members or other named insured parties to the Master Trustee for deposit in the Insurance and Condemnation Proceeds Fund. In the event that the proceeds of any loss or damage to or condemnation of any Facility shall be less than ten percent (10%) of the Book Value of such Facility, each Member may retain such proceeds without any formality whatsoever. In the event any of the Members elects to repair or replace the Facilities damaged, destroyed or taken, moneys in the Insurance and Condemnation Proceeds Fund shall be disbursed by the Master Trustee after deducting therefrom the reasonable charges and expenses of the Master Trustee in connection with the collection and disbursement of such moneys, for the purpose of repairing or replacing the Facilities damaged, destroyed or taken in the manner and subject to the conditions set forth in Section 8.22(d) with respect to disbursements from the Insurance and Condemnation Proceeds Fund; provided, that unless the Master Trustee receives written notice that after repair and replacement the Facilities will continue to be used for the purposes for which they were constructed or acquired by the Member, no such disbursement shall be made prior to receipt by the Master Trustee of the written consent of the Related Lender/Bond Trustee.

(2) If any of the Members shall elect not to, or cannot, repair or replace the Facilities damaged, destroyed or taken, as provided in Section 8.22(c)(1), subject to Section 8.22(c)(3), the Master Trustee shall transfer all amounts in the Insurance and Condemnation Proceeds Fund on account of such damage, destruction or condemnation to the Related Lender/Bond Trustee for deposit in the applicable redemption account under the Related Bond Indenture or repayment of the Related Bonds if so required under the Related Bond Indenture.

(3) If all of the amounts deposited in the Insurance and Condemnation Proceeds Fund pursuant to the first sentence of Section 8.22(c)(1) exceed ten percent (10%) of the Book Value of the applicable Facility, but are not sufficient to retire or repay all Related Bonds (or allocable portion thereof) then outstanding with respect to such Facility, the Master Trustee shall not transfer said amounts to the applicable redemption account or to the applicable Related Lender/Bond Trustee, as applicable, under the Related Bond Indenture unless the Obligated Group Representative, within ninety (90) days after such amounts were deposited, shall file with the Master Trustee a report of an Independent Consultant showing that Gross Revenues are projected to be sufficient to cause the Debt Service Coverage Ratio of the Obligated Group to be not less than 1.10:1.00 for each of the three full Fiscal Years immediately following such transfer after giving effect to the retirement or repayment of such Related Bonds (or allocable portion thereof) in accordance with the terms of the Related Bond Indenture. In the event such report of an Independent Consultant shows that projected Gross Revenues will not be sufficient to cause the Debt Service Coverage Ratio of the Obligated Group to be not less than 1.10:1.00 for each of the three full Fiscal Years immediately following

such transfer after giving effect to the retirement or repayment of such Related Bonds (or allocable portion thereof), the Members shall apply all amounts in the Insurance and Condemnation Proceeds Fund to the repair or replacement of the Facilities damaged, destroyed or taken, as provided in Section 8.22(c)(1), unless the Obligated Group Representative shall file a further report of an Independent Consultant showing that even after making such repair and replacement, Gross Revenues are not projected to be at least equal to 1.10 times the Debt Service Requirement on all Related Bonds and Ground Rent obligations of the Members for each of the three full Fiscal Years immediately following the completion of such repair and replacement, in which event the Master Trustee shall transfer all moneys in the Insurance and Condemnation Proceeds Fund as provided in Section 8.22(c)(2).

(d) The Master Trustee shall establish, maintain and hold in trust a separate fund designated as the "Insurance and Condemnation Proceeds Fund," and administer said fund as set forth in Section 3.03(e) of the Master Indenture of Trust.

Section 8.23 *Amendments to Master Indenture of Trust*. Each of the Borrower and the Members agrees that it shall not agree or consent to any amendment or modification of the Master Indenture of Trust without the prior written consent of EFF.

Section 8.24 *Environmental Conditions*. The Borrower and the Lessor shall (a) not dispose of any Hazardous Materials at, in or under the Facilities in violation of Environmental Laws; (b) keep records of any Hazardous Materials Released by the Borrower, the Lessor, or any of their respective contractors, agents or employees at the Facilities to the extent such Release violated Environmental Laws; (c) comply in all material respects with any land use restrictions and not impede the effectiveness or integrity of any institutional controls at the Facilities; (d) take reasonable steps to prevent Releases, stop continuing Releases, avoid exacerbating any existing Hazardous Materials and prevent exposure to Hazardous Materials present at the Facilities; (e) cooperate, assist, and provide access to persons authorized to conduct, and shall not impede the performance of, response actions or natural resource restoration; (f) comply with all information requests and administrative subpoenas; and (g) provide all required legal notices with respect to the discovery or Release of any Hazardous Materials at the Facilities.

Section 9.09 *Severability*. If any part of this Agreement is ruled invalid or unenforceable by a court of competent jurisdiction, the invalidity or unenforceability thereof shall not affect the remainder of this Agreement.

Section 9.11 *Governing Law; Venue*. This Agreement is a contract made under the laws of the State of California, and shall be governed by and construed in accordance with the State of California's Constitution and the laws applicable to contracts made and performed in said State. Section 9.12 *Non-Liability of Authority*. The Authority shall not be obligated to pay the principal (or redemption price) of or interest on the Authority Note except from payments made by the Borrower to EFF pursuant to this Agreement. Neither the faith and credit nor the taxing power of the State or any political subdivision thereof, nor the faith and credit of the Authority or any member is pledged to the payment of the principal (or redemption price) or interest on the Authority Note. The Authority shall not be liable for any costs, expenses, losses, damages, claims or actions, of any conceivable kind on any conceivable theory, under or by reason of or in connection with this Agreement or the Notes, except only to the extent amounts are received for the payment thereof from the Borrower under this Agreement.

The Borrower hereby acknowledges that the Authority's sole source of moneys to repay the Authority Note will be provided by the payments made by the Borrower to EFF pursuant to this Agreement, together with other amounts received by EFF pursuant to this Agreement and investment income on certain funds and accounts held by EFF under this Agreement, and hereby agrees that if such amounts shall ever prove insufficient to pay all principal (or redemption price) and interest on the Authority Note as the same shall become due (whether by maturity, redemption, acceleration or otherwise), then upon notice from EFF, the Borrower shall pay such amounts as are required from time to time to prevent any deficiency or default in the payment of such principal (or redemption price) or interest, including, but not limited to, any deficiency caused by acts, omissions, nonfeasance or malfeasance on the part of EFF, the Borrower, the Authority or any third party, subject to any right of reimbursement from EFF, the Authority or any such third party, as the case may be, therefor.

Section 9.13 *No Recourse Against Others*. The Loan Agreement, the Lease, the Master Indenture, and the Second Supplemental Master Indenture are referred to herein as the "Note Documents."

In connection with the [sale of the Authority Note to the Investor/assignment of the Authority Note to the undersigned by the initial purchaser], the Investor hereby makes the following representations upon which you may rely:

1. The Investor has authority and is duly authorized to purchase the Authority Note and to execute this letter and any other instruments and documents required to be executed by the Investor in connection with the purchase of the Authority Note.

2. The Investor is a "qualified institutional buyer" as defined in Rule 144A of the Securities Act of 1933, as amended (the "Act"), and therefore has sufficient knowledge and experience in financial and business matters, including in the purchase and ownership of municipal obligations, to be able to evaluate the risks and merits of the investment represented by the Authority Note.

3. The Authority Note is being acquired by the Investor for investment and not with a view to, or for resale in connection with, any distribution of the Authority Note, and [except as disclosed in writing to the Authority before the issuance of the Authority Note,] the Investor intends to hold the Authority Note solely for its own account for investment purposes for an indefinite period of time, and does not intend at this time to dispose of all or any part of the Authority Note. However, the Investor may sell the Authority Note at any time the Investor deems appropriate, subject to the transfer restrictions set forth in the Authority Note and in the Loan Agreement. The Investor understands that it may need to bear the risks of this investment for an indefinite time, since a sale of the Authority Note, or any portion thereof, prior to maturity may not be possible.

4. The Investor understands that the Authority Note is not registered under the Act and that such registration is not legally required as of the date hereof and further understands that the Authority Note (a) are not being registered or otherwise qualified for sale under the "Blue Sky" laws and regulations of any state, (b) will not be listed in any stock or other securities exchange, and (c) will be delivered in a form which may not be readily marketable due to restrictions on transfer.

5. The Investor acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, which it has requested from the Borrower and to which a reasonable investor would attach significance in making investment decisions, and the Investor has had the opportunity to ask questions and receive answers from knowledgeable individuals, including its own counsel, concerning the Borrower, the Project, the Members, the Lessee, the Note Documents and the Authority Note and the security therefor so that, as a reasonable investor, the Investor has been able to make a decision to purchase the Authority Note. The Investor acknowledges that it has not relied upon any advice, counsel, representation or information of the Authority in connection with the Investor's purchase of the Authority Note.

6. The Investor acknowledges that the obligations of the Authority under the Loan Agreement are special, limited obligations payable solely from amounts paid to the Authority from

the Borrower pursuant to the Loan Agreement and Obligation No. 2 and the Authority shall not be directly or indirectly or contingently or morally obligated to use any moneys or assets of the Authority to pay any portion of the costs of the Project, the Costs of Issuance, or any other costs or expense in connection with the Project, the Costs of Issuance, the Authority Note or the Note Documents. The Investor understands that the Authority Note is not secured by any pledge of any moneys received or to be received from taxation by the Authority (which has no taxing power), the State of California or any political subdivision or taxing district thereof; that the Authority Note will never represent or constitute a general obligation or a pledge of the faith and credit of the Authority, the State of California or any political subdivision thereof; that no right will exist to have taxes levied by the State of California or any political subdivision thereof for the payment of principal of or interest on the Authority Note and that the liability of the Authority and the State of California with respect to the Authority Note is subject to further limitations as set forth in the Authority Note and the Master Indenture.

7. The Investor has made its own inquiry and analysis with respect to the Authority Note and the security therefor, and other material factors affecting the security and payment of the Authority Note. The Investor is aware that the business of the Borrower, the Members and the Lessee involves certain economic and regulatory variables and risks that could adversely affect the security for the Authority Note. The Investor has reviewed the documents executed in conjunction with the issuance of the Authority Note, or summaries thereof, including, without limitation, the Lease, the Loan Agreement, the Master Indenture, and the Second Supplemental Master Indenture.

8. The Investor agrees to indemnify and hold harmless the Authority and the Treasurer and their respective members, employees, officers and agents, with respect to any claim asserted against any of them that is based upon the Investor's sale, transfer, or other disposition in violation of the transfer restrictions set forth in the Loan Agreement or any inaccuracy in any statement made by the Investor in this letter other than any claim that is based upon the willful misconduct of the Authority or the gross negligence or willful misconduct of the Treasurer.

9. The Investor acknowledges and agrees that the Authority takes no responsibility for, and makes no representation to the Investor, or any subsequent purchaser, with regard to, a sale, transfer or other disposition of the Authority Note in violation of the provisions hereof, or any securities law or income tax law consequences thereof. The Investor also acknowledges that, with respect to the Authority's obligations and liabilities, the Investor is solely responsible for compliance with the sales restrictions on the Authority Note in connection with any subsequent transfer of the Authority Note made by the Investor.

10. The Investor agrees that it is bound by and will abide by the provisions of the Loan Agreement relating to transfer, the restrictions noted on the face of the Authority Note and this Investor Letter. The Investor also covenants to comply with all applicable federal and state securities laws, rules and regulations in connection with any resale or transfer of the Authority Note by the Investor.

11. The Investor acknowledges that the sale of the Authority Note to the Investor is made in reliance upon the certifications, representations and warranties herein by the addressees hereto.

12. The Investor hereby waives any and all claims, actions, or causes of action which the Investor may have from and after the date hereof against the Authority, counsel to the Authority, and their respective members, officers, agents, and employees, growing out of any action (other than willful misconduct) which the Authority took or could have taken in connection with the authorization, execution, delivery, and sale of the Authority Note or the purchase of the Authority Note by the undersigned or in connection with any statements or representations which induced the undersigned to purchase the Authority Note. This waiver does not go to the Borrower, Bond Counsel, the Lessee, or their counsel, their respective members, officers, agents, or employees.

Lender may require Borrower to post adequate security or a surety bond, reasonably satisfactory to Lender, to protect Lender's interest.

LENDER'S EXPENDITURES. If any action or proceeding is commenced that would materially affect Lender's interest in the Collateral or if Borrower fails to comply with any provision of this Agreement or any Related Documents, including but not limited to Borrower's failure to discharge or pay when due any amounts Borrower is required to discharge or pay under this Agreement or any Related Documents, Lender on Borrower's behalf may (but shall not be obligated to) take any action that Lender deems appropriate, including but not limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on any Collateral and paying all costs for insuring, maintaining and preserving any Collateral. All such expenditures incurred or paid by Lender for such purposes will then bear interest at the rate charged under the Note from the date incurred or paid by Lender to the date of repayment by Borrower. All such expenses will become a part of the Indebtedness and, at Lender's option, will (A) be payable on demand; (B) be added to the balance of the Note and be apportioned among and be payable with any installment payments to become due during either (1) the term of any applicable insurance policy; or (2) the remaining term of the Note; or (C) be treated as a balloon payment which will be due and payable at the Note's maturity.

NEGATIVE COVENANTS. Borrower covenants and agrees with Lender that while this Agreement is in effect, Borrower shall not, without the prior written consent of Lender:

Indebtedness and Liens. (1) Except for trade debt incurred in the normal course of business and indebtedness to Lender contemplated by this Agreement, create, incur or assume indebtedness for borrowed money, including finance leases, (2) sell, transfer, mortgage, assign, pledge, lease, grant a security interest in, or encumber any of Borrower's assets (except as allowed as Permitted Liens), or (3) sell with

recourse any of Borrower's accounts receivable, except to Lender.

Continuity of Operations. (1) Engage in any business activities substantially different than those in which Borrower is presently engaged, (2) cease operations, liquidate, merge or restructure as a legal entity (whether by division or otherwise), consolidate with or acquire any other entity, change its name, convert to another type of entity or redomesticate, dissolve or transfer or sell Collateral out of the ordinary course of business, or (3) pay any dividends on Borrower's stock (other than dividends payable in its stock), provided, however that notwithstanding the foregoing, but only so long as no Event of Default has occurred and is continuing or would result from the payment of dividends, if Borrower is a "Subchapter S Corporation" (as defined in the Internal Revenue Code of 1986, as amended), Borrower may pay cash dividends on its stock to its shareholders from time to time in amounts necessary to enable the shareholders to pay income taxes and make estimated income tax payments to satisfy their liabilities under federal and state law which arise solely from their status as Shareholders of a Subchapter S Corporation because of their ownership of shares of Borrower's stock, or purchase or retire any of Borrower's outstanding shares or alter or amend Borrower's capital structure.

Loans, Acquisitions and Guaranties. (1) Loan, invest in or advance money or assets to any other person, enterprise or entity, (2) purchase, create or acquire any interest in any other enterprise or entity, or (3) incur any obligation as surety or guarantor other than in the ordinary course of business.

Agreements. Enter into any agreement containing any provisions which would be violated or breached by the performance of Borrower's obligations under this Agreement or in connection herewith.

CESSATION OF ADVANCES. If Lender has made any commitment to make any Loan to Borrower, whether under this Agreement or under any other agreement, Lender shall have no obligation to make Loan Advances or to disburse Loan proceeds if: (A) Borrower or any Guarantor is in default under the terms of this Agreement or any of the Related Documents or any other agreement that Borrower or any Guarantor has with Lender; (B) Borrower or any Guarantor dies, becomes incompetent or becomes insolvent, files a petition in bankruptcy or similar proceedings, or is adjudged a bankrupt; (C) there occurs a material adverse change in Borrower's financial condition, in the financial condition of any Guarantor, or in the value of any Collateral securing any Loan; or (D) any Guarantor seeks, claims or otherwise attempts to limit, modify or revoke such Guarantor's guaranty of the Loan or any other loan with Lender.

DEFAULT. Each of the following shall constitute an Event of Default under this Agreement:

Payment Default. Borrower fails to make any payment when due under the Loan.

Other Defaults. Borrower fails to comply with or to perform any other term, obligation, covenant or condition contained in this Agreement or in any of the Related Documents or to comply with or to perform any term, obligation, covenant or condition contained in any other agreement between Lender and Borrower.

Default in Favor of Third Parties. Borrower or any Grantor defaults under any loan, extension of credit, security agreement, purchase or sales agreement, or any other agreement, in favor of any other creditor or person that may materially affect any of Borrower's or any Grantor's property or Borrower's or any Grantor's ability to repay the Loans or perform their respective obligations under this Agreement or any of the Related Documents.

False Statements. Any warranty, representation or statement made or furnished to Lender by Borrower or on Borrower's behalf under this Agreement or the Related Documents is false or misleading in any material respect, either now or at the time made or furnished or becomes false or misleading at any time thereafter.

Insolvency. The dissolution or termination of Borrower's existence as a going business, the insolvency of Borrower, the appointment of a receiver for any part of Borrower's property, any assignment for the benefit of creditors, any type of creditor workout, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Borrower.

Defective Collateralization. This Agreement or any of the Related Documents ceases to be in full force and effect (including failure of any collateral document to create a valid and perfected security interest or lien) at any time and for any reason.

Creditor or Forfeiture Proceedings. Commencement of foreclosure or forfeiture proceedings, whether by judicial proceeding, self-help, repossession or any other method, by any creditor of Borrower or by any governmental agency against any collateral securing the Loan. This includes a garnishment of any of Borrower's accounts, including deposit accounts, with Lender. However, this Event of Default shall not apply if there is a good faith dispute by Borrower as to the validity or reasonableness of the claim which is the basis of the creditor or forfeiture proceeding and if Borrower gives Lender written notice of the creditor or forfeiture proceeding and deposits with Lender monies or a surety bond for the creditor or forfeiture proceeding, in an amount determined by Lender, in its sole discretion, as being an adequate reserve or bond for the dispute.

Events Affecting Guarantor. Any of the preceding events occurs with respect to any Guarantor of any of the Indebtedness or any Guarantor dies or becomes incompetent, or revokes or disputes the validity of, or liability under, any Guaranty of the Indebtedness.

Change in Ownership. Any change in ownership of twenty-five percent (25%) or more of the common stock of Borrower.

Adverse Change. A material adverse change occurs in Borrower's financial condition, or Lender believes the prospect of payment or performance of the Loan is impaired.

Insecurity. Lender in good faith believes itself insecure.

Right to Cure. If any default, other than a default on Indebtedness, is curable and if Borrower or Grantor, as the case may be, has not been given a notice of a similar default within the preceding twelve (12) months, it may be cured if Borrower or Grantor, as the case may be, after Lender sends written notice to Borrower or Grantor, as the case may be, demanding cure of such default: (1) cure the default within thirty (30) days; or (2) if the cure requires more than thirty (30) days, immediately initiate steps which Lender deems in Lender's sole discretion to be sufficient to cure the default and thereafter continue and complete all reasonable and necessary steps sufficient to produce compliance as soon as reasonably practical.

EFFECT OF AN EVENT OF DEFAULT. If any Event of Default shall occur, except where otherwise provided in this Agreement or the Related Documents, all commitments and obligations of Lender under this Agreement or the Related Documents or any other agreement immediately will terminate (including any obligation to make further Loan Advances or disbursements), and, at Lender's option, all Indebtedness immediately will become due and payable, all without notice of any kind to Borrower, except that in the case of an Event of Default of the type described in the "Insolvency" subsection above, such acceleration shall be automatic and not optional. In addition, Lender shall have all the rights and remedies provided in the Related Documents or available at law, in equity, or otherwise. Except as may be prohibited by applicable law, all of Lender's rights and remedies shall be cumulative and may be exercised singularly or concurrently. Election by Lender to pursue any remedy shall not exclude pursuit of any other remedy, and an election to make expenditures or to take action to perform an obligation of Borrower or of any Grantor shall not affect Lender's right to declare a default and to exercise its rights and remedies.

SIGNATURE VALIDITY. This document may be executed in one or more counterparts, each of which shall be deemed an original but all of which

together shall constitute one and the same instrument. Delivery of a signature page to, or an executed counterpart of, this document by facsimile, email transmission of a scanned image, DocuSign, or other electronic means, shall be effective as delivery of an originally executed counterpart. The words "execution," "signed," "signature," and words of like import in this document shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity, or enforceability as a manually executed signature or the use of a paper-based record keeping system, as the case may be, to the extent and as provided for in any applicable law, including, without limitation, Electronic Signatures in Global and National Commerce Act, any other similar state laws based on the Uniform Electronic Transactions Act or the Uniform Commercial Code, and the parties hereto hereby waive any objection to the contrary.

MISCELLANEOUS PROVISIONS. The following miscellaneous provisions are a part of this Agreement:

Amendments. This Agreement, together with any Related Documents, constitutes the entire understanding and agreement of the parties as to the matters set forth in this Agreement. No alteration of or amendment to this Agreement shall be effective unless given in writing and signed by the party or parties sought to be charged or bound by the alteration or amendment.

Arbitration. Borrower and Lender agree that all disputes, claims and controversies between them whether individual, joint, or class in nature, arising from this Agreement or otherwise, including without limitation contract and tort disputes, shall be arbitrated pursuant to the JAMS Comprehensive Arbitration Rules and Procedures or its successor in effect at the time the claim is filed, upon request of either party. No act to take or dispose of any Collateral shall constitute a waiver of this arbitration agreement or be prohibited by this arbitration agreement. This includes, without limitation, obtaining injunctive relief or a temporary restraining order; invoking a power of sale under any deed of trust or mortgage; obtaining a writ of attachment or imposition of a receiver; or exercising any rights relating to personal property, including taking or disposing of such property with or without judicial process pursuant Article 9 of the Uniform Commercial Code. Any disputes, claims, or controversies concerning the lawfulness or reasonableness of any act, or exercise of any right, concerning any Collateral, including any claim to rescind, reform, or otherwise modify any agreement relating to the Collateral, shall also be arbitrated, provided however that no arbitrator shall have the right or the power to enjoin or restrain any act of any party. Borrower and Lender agree that in the event of an action for judicial foreclosure pursuant to California Code of Civil Procedure Section 726, or any similar provision in any other state, the commencement of such an action will not constitute a waiver of the right to arbitrate and the court shall refer to arbitration as much of such action, including counterclaims, as lawfully may be referred to arbitration. Judgment upon any award rendered by any arbitrator may be entered in any court having jurisdiction. Nothing in this Agreement shall preclude any party from seeking equitable relief from a court of competent jurisdiction. The statute of limitations, estoppel, waiver, laches, and similar doctrines which would otherwise be applicable in an action brought by a party shall be applicable in any arbitration proceeding, and the commencement of an arbitration proceeding shall be deemed the commencement of an action for these purposes. The Federal Arbitration Act shall apply to the construction, interpretation, and enforcement of this arbitration provision.

Attorneys' Fees; Expenses. Borrower agrees to pay upon demand all of Lender's costs and expenses, including Lender's attorneys' fees and Lender's legal expenses, incurred in connection with the enforcement of this Agreement. Lender may hire or pay someone else to help enforce this Agreement, and Borrower shall pay the costs and expenses of such enforcement. Costs and expenses include Lender's attorneys' fees and legal expenses whether or not there is a lawsuit, including attorneys' fees and legal expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), appeals, and any anticipated post-judgment collection services. Borrower also shall pay all court costs and such additional fees as may be directed by the court.

Caption Headings. Caption headings in this Agreement are for convenience purposes only and are not to be used to interpret or define the provisions of this Agreement.

Consent to Loan Participation. Borrower agrees and consents to Lender's sale or transfer, whether now or later, of one or more participation interests in the Loan to one or more purchasers, whether related or unrelated to Lender. Lender may provide, without any limitation whatsoever, to any one or more purchasers, or potential purchasers, any information or knowledge Lender may have about Borrower or about any other matter relating to the Loan, and Borrower hereby waives any rights to privacy Borrower may have with respect to such matters. Borrower additionally waives any and all notices of sale of participation interests, as well as all notices of any repurchase of such participation interests. Borrower also agrees that the purchasers of any such participation interests will be considered as the absolute owners of such interests in the Loan and will have all the rights granted under the participation agreement or agreements governing the sale of such participation interests. Borrower further waives all rights of offset or counterclaim that it may have now or later against Lender or against any purchaser of such a participation interest and unconditionally agrees that either Lender or such purchaser may enforce Borrower's obligation under the Loan irrespective of the failure or insolvency of any holder of any interest in the Loan. Borrower further agrees that the purchaser of any such participation interests may enforce its interests irrespective of any personal claims or defenses that Borrower may have against Lender.

Governing Law. This Agreement will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of California without regard to its conflicts of law provisions. This Agreement has been accepted by Lender in the State of California.

Choice of Venue. If there is a lawsuit, Borrower agrees upon Lender's request to submit to the jurisdiction of the courts of Los Angeles County, State of California.

No Waiver by Lender. Lender shall not be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by Lender of a provision of this Agreement shall not prejudice or constitute a waiver of Lender's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by Lender, nor any course of dealing between Lender and Borrower, or between Lender and any Grantor, shall constitute a waiver of any of Lender's rights or of any of Borrower's or any Grantor's obligations as to any future transactions. Whenever the consent of Lender is required under this Agreement, the granting of such consent by Lender in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of Lender.

Notices. Any notice required to be given under this Agreement shall be given in writing, and shall be effective when actually delivered, when actually received by telefacsimile (unless otherwise required by law), when deposited with a nationally recognized overnight courier, or, if mailed, when deposited in the United States mail, as first class, certified or registered mail postage prepaid, directed to the addresses shown near the beginning of this Agreement. Any party may change its address for notices under this Agreement by giving formal written notice to the other parties, specifying that the purpose of the notice is to change the party's address. For notice purposes, Borrower agrees to keep Lender informed at all times of Borrower's current address. Unless otherwise provided or required by law, if there is more than one Borrower, any notice given by Lender to any Borrower is deemed to be notice given to all Borrowers.

Severability. If a court of competent jurisdiction finds any provision of this Agreement to be illegal, invalid, or unenforceable as to any circumstance, that finding shall not make the offending provision illegal, invalid, or unenforceable as to any other circumstance. If feasible, the offending provision shall be considered modified so that it becomes legal, valid and enforceable. If the offending provision cannot be so modified, it shall be considered deleted from this Agreement. Unless otherwise required by law, the illegality, invalidity, or unenforceability

of any provision of this Agreement shall not affect the legality, validity or enforceability of any other provision of this Agreement.

Subsidiaries and Affiliates of Borrower. To the extent the context of any provisions of this Agreement makes it appropriate, including without limitation any representation, warranty or covenant, the word "Borrower" as used in this Agreement shall include all of Borrower's subsidiaries and affiliates. Notwithstanding the foregoing however, under no circumstances shall this Agreement be construed to require Lender to make any Loan or other financial accommodation to any of Borrower's subsidiaries or affiliates.

Successors and Assigns. All covenants and agreements by or on behalf of Borrower contained in this Agreement or any Related Documents shall bind Borrower's successors and assigns and shall inure to the benefit of Lender and its successors and assigns. Borrower shall not, however, have the right to assign Borrower's rights under this Agreement or any interest therein, without the prior written consent of Lender.

Survival of Representations and Warranties. Borrower understands and agrees that in extending Loan Advances, Lender is relying on all representations, warranties, and covenants made by Borrower in this Agreement or in any certificate or other instrument delivered by Borrower to Lender under this Agreement or the Related Documents. Borrower further agrees that regardless of any investigation made by Lender, all such representations, warranties and covenants will survive the extension of Loan Advances and delivery to Lender of the Related Documents, shall be continuing in nature, shall be deemed made and redated by Borrower at the time each Loan Advance is made, and shall remain in full force and effect until such time as Borrower's Indebtedness shall be paid in full, or until this Agreement shall be terminated in the manner provided above, whichever is the last to occur.

LEASE AGREEMENT

This Lease Agreement ("**Lease**"), dated for reference purposes only October 15, 2024, is made by and between **YUKON LLC**, a California limited liability company ("**Landlord**"), and **ENVIRONMENTAL CHARTER SCHOOLS,** a California nonprofit public benefit corporation (the "**Tenant**," and together with Landlord, collectively the "**Parties**," or individually a "**Party**"). Tenant is entering into this Lease to provide for the use and occupation of the Premises (as defined below) by Tenant in the operation of the public charter school known as **ENVIRONMENTAL CHARTER MIDDLE SCHOOL – INGLEWOOD** or such other charter school as Tenant may operate on the Premises (the "School"). This Lease amends and restates, effective as of the funding of the Loan described below, that certain Sublease Agreement between the Parties dated as of March 23, 2022, (the "**Sublease**") relating to a portion of the Premises.

NOW THEREFORE, Landlord and Tenant hereby agree as follows:

1. Basic Provisions. Landlord hereby leases the Premises described below to Tenant for the Term and subject to the covenants, conditions and restrictions described below.

1.1 **Premises**. That certain real property, together with all improvements thereon, described in Exhibit A attached hereto, commonly known as 3600 W. Imperial Highway, Inglewood, California 90303, all located in the City of Inglewood, County of Los Angeles (the "Premises").

1.2 **Term**. The term of this Lease ("**Term**") shall commence on the date of the funding of the Loan described below (the "**Commencement Date**") and will end on June 30, 2057 ("**Expiration Date**").

1.3 **Extension Option**. None.

1.4 **Base Rent**. Landlord and Tenant acknowledge that Landlord is a member (a "Member") of an obligated group (the "Obligated Group") under a Master Indenture of Trust dated as of March 1, 2022, (as amended, the "Master Indenture"), by and among Menlo Charter Properties, a California nonprofit public benefit corporation, as the Obligated Group representative (the "Obligated Group Representative"), Landlord, Menlo 165th Place LLC, a California limited liability company, and MBB & Gardena LLC, a California limited liability company (collectively, the "Landlords"), as the initial Members of the Obligated Group, and Wilmington Trust, National Association, as master trustee (the "Master Trustee"), as amended by a Supplemental Master Indenture for Obligation No. 1 dated as of March 1, 2022, by and between the Obligated Group Representative and the Master Trustee and by a Supplemental Master Indenture for Obligation No. 2 dated as of October 1, 2024, by and among the Obligated Group Representative, the Landlord, and the Master Trustee. The Obligated Group Representative obtained a loan (the "2022 Loan") from the California School Finance Authority (the "Authority"), as evidenced by a Loan Agreement dated as of March 23, 2022, (the "2022 Loan Agreement") by and among the California School Finance Authority (the "Authority"), the Obligated Group Representative, and Equitable Facilities Fund, Inc. (the "Lender") under which the Obligated Group Representative is sometimes referred to as "Borrower," and by Obligation No. 1 issued by the Obligated Group Representative

to the Master Trustee pursuant to the Supplemental Master Indenture for Obligation No. 1. The Obligated Group Representative obtained a second loan (the "2024 Loan" and, together with the 2022 Loan, the "Loans") from the California School Finance Authority (the "Authority"), as evidenced by a Loan Agreement dated October 15, 2024, (the "2024 Loan Agreement" and, together with the 2022 Loan Agreement, the "Loan Agreements") by and among the Authority, the Obligated Group Representative, and the Lender under which the Obligated Group Representative is sometimes referred to as "Borrower," and by Obligation No. 2 issued by the Obligated Group Representative to the Master Trustee pursuant to the Supplemental Master Indenture for Obligation No. 2.

So long as the either of the Loans is outstanding, the "Base Rent" shall be payable in accordance with the schedule set forth in Exhibit B attached hereto, subject to downward adjustment in the event of any prepayment of all or a portion of the Loans. In the event of the repayment of the Loans in their entirety prior to the Expiration Date or termination of this Lease, the Base Rent shall be payable based upon the Landlord's debt service payments under any refinancing loan.

Simultaneously with the execution and delivery of this Lease, Tenant will deliver or cause to be delivered to the State Controller an Intercept Notice in form and substance acceptable to Lender (the "Intercept Notice") to indicate the schedule of transfers to the Lender to pay amounts due under this Lease. Amounts specified in the Intercept Notice for transfer to the Lender shall be limited to funding apportioned for purposes of the charter school block grant or the local control funding formula pursuant to Section 42238.02 of the Education Code of the State of California (the "State Apportionments"). Tenant shall, with Landlord's prior written consent, not later than the twentieth (20th) calendar day of any month in which payment is scheduled, amend, supplement or restate the Intercept Notice and deliver such to the State Controller from time to time as necessary or appropriate (including without limitation as a result of redemption prior to maturity) to indicate transfers to the Lender to pay the amounts due under this Lease as they come due and to cure any delinquency in payment of such amounts. Tenant will cooperate with the Lender in any manner the Lender may request in connection with amending, supplementing or restating the Intercept Notice. If at any time the Intercept Notice is amended, supplemented or restated for any reason, Tenant shall promptly provide the Authority, the Department of Education of the State of California and the Lender with a copy of such amended, supplemented or restated Intercept Notice. The Intercept Notice may provide additional amounts payable to the Lender for purposes set forth in the Master Indenture or to any other payee or payees for any other costs necessary or incidental to the Loans; provided, that Tenant shall not grant preference or any prior right of funding access or security in respect of the State Apportionment to any other payment indicated in the Intercept Notice or any other notice delivered pursuant to Section 17199.4 of the Education Code of the State of California. All deposits of moneys derived from the Intercept Notice hereunder shall be made to the Lender or such other payee as set forth in the Intercept Notice. Tenant shall timely amend, supplement or restate the Intercept Notice to require transfers to such other location as shall be designated in writing by the Lender or such other payee to Lessee.

1.5 **Refinancing of Loan**. Upon any refinancing of either Loan, the term "Loan Agreements" thereafter shall refer to the agreement for the refinancing of the Loan and the loan agreement for the other Loan, the term "Loans" thereafter shall refer to the refinancing loan and the other loan, and the term "Lender" thereafter shall refer to the lender making the refinancing

loan and the Lender, but otherwise all of the terms, covenants and conditions of this Lease shall remain unmodified and in full force and effect.

1.6 **Ancillary Agreements**. Concurrently with the execution of this Lease, Tenant will execute or enter into the following ancillary documents and agreements for the benefit of the Lender:

(a) Continuing Covenant Agreement dated as of the date hereof between Tenant and Lender (the "**Continuing Covenant Agreement**"), and

(b) Subordination and Attornment Agreement dated as of the date hereof among Lender, Landlord and Tenant (the "**Subordination and Attornment Agreement**").

1.7 **Use of Intercept Moneys**. Tenant covenants that all funds subject to the Intercept shall only be transferred to a Related Lender/Bond Trustee for Related Bonds issued by the California School Finance Authority. In addition, the Authority shall be a third party beneficiary under the Lease with respect to this provision of the Lease.

1.8 **Capitalized Terms**. Unless the context of its use clearly requires otherwise, each capitalized term that is defined in the Master Indenture or the Loan Agreement shall have the meaning ascribed to such term in the Master Indenture or in the Loan Agreement.

2. Premises.

2.1 **Condition of Premises**. Landlord is purchasing the Premises under the terms of that certain Offer to Purchase Commercial Real Property and Escrow Instructions ("Purchase Agreement"), last signed, July 1, 2024, by and between Landlord, as buyer, and Concordia Lutheran Church of Los Angeles, a California non-profit corporation, as seller ("Seller"). Tenant acknowledges that Tenant has been in possession of most of the Premises under the Sublease and a separate License Agreement by and between Seller and Tenant ("License Agreement") and is familiar with the condition of the reminder of the Premises. Tenant hereby accepts the improvements on the Premises (the "Improvements") in their "as is" condition. All references in this Lease to the "Premises" shall be deemed to include the Improvements.

2.2 **CASp Disclosure**. California Civil Code Section 1938 requires Landlord to notify Tenant whether the Premises has undergone inspection by a Certified Access Specialist ("CASp"), as defined in California Civil Code Section 55.52. Landlord hereby states to Tenant that, as of the date this Lease is executed, the Premises has not undergone such inspection. A CASp can inspect the Premises and determine whether the Premises comply with all of the applicable construction related accessibility standards under California state law. Although California state law does not require a CASp inspection of the Premises, the Landlord may not prohibit Tenant from obtaining a CASp inspection of the Premises for the occupancy or potential occupancy of Tenant, if requested by Tenant. The Parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction related accessibility standards within the Premises.

2.3 **Compliance.** If the applicable building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") require, during the Term, the construction of an addition to or an alteration of the Premises or any portion of the buildings on the Premises (the "**Buildings**"), the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Premises and/or the Buildings, the Tenant hereby agrees to undertake and complete such construction, alteration, remediation, reinforcement or other modification (each, a "**Capital Expenditure**"), and the costs therefor shall be incurred solely by Tenant.

2.4 **Acknowledgements**. Tenant acknowledges that it has made all investigations and inspections as it deems necessary with respect to the suitability of the Improvements as it relates to Tenant's occupancy thereof and the compliance of the Improvements with Applicable Requirements.

3. Term. The Commencement Date, Expiration Date and Term of this Lease are as specified in Section 1.2.

4. Rent and Expenses.

4.1 **Rent Defined**. Subject to the terms of Section 4.9 below, Base Rent, Expenses (as defined below), Additional Rent (as defined below), Extraordinary Monthly Rent (as defined below), and all other monetary obligations of Tenant to Landlord or to third parties arising under the terms of this Lease are deemed to be rent ("**Rent**").

4.2 **Expenses**. Tenant shall be responsible for all Expenses allocable to the Premises, which Tenant shall pay within thirty (30) days after receiving a statement from Landlord itemizing (with reasonable description) all charges included thereon, reimbursing Landlord therefor.

"**Expenses**" shall mean all costs and expenses of the ownership, operation, maintenance, repair or replacement, and insurance of the Premises, as determined by standard accounting practices, including, by way of illustration only, and not by way of limitation, to the extent they apply to the Premises:

(i) Gross receipts taxes, whether assessed against the Landlord or assessed against the Tenant and collected by the Landlord;

(ix) Capital improvements made to the Premises (whether funded in full or amortized with reasonable financing charges) which may be required by any government authority or which will improve the operating efficiency of the Premises;

(x) Real Property Taxes (as defined in Section 10.1);

(xi) Any other costs or expenses incurred by Landlord under this Lease and not otherwise reimbursed by Tenant. Expenses shall not include the costs of development, financing and construction of the Improvements or depreciation on the buildings of which the Premises are a part;

(xii) Insurance premiums for such policies obtained pursuant to Section 8.1 and Section 8.2, if applicable, and any other insurance Landlord is required to maintain pursuant to the Loan Documents;

(xiii) Any costs incurred by Landlord pursuant to Section 2.3 or Section 9.3 hereof; and

(xiv) Any rent payable by Landlord pursuant to any parking space lease or any similar agreement entered into by Landlord during the Term which provides for parking spaces for the Premises (with Tenant's share thereof being based on the number of parking spaces actually allotted to Tenant).

4.3 **Additional Rent**. In addition to Base Rent and Expenses, Tenant shall be responsible for the payment of Additional Rent. Additional Rent shall be paid to Landlord on demand or, if such Additional Rent is ongoing and can be calculated on a periodic basis, on a monthly basis pursuant to a written schedule from time to time delivered by Landlord.

"**Additional Rent**" shall include but not be limited to the following:

(i) Amounts necessary to pay, or to reimburse the Landlord for, any fees, expenses, taxes or assessments that it pays under the terms of the Loan Agreement to or on behalf of the Lender;

(ii) Amounts necessary to pay, or to reimburse the Landlord for any payments it makes with respect to, the reasonable fees and expenses of such employees, agents, accountants, consultants, attorneys and other experts as may be engaged by Landlord to prepare such audits, financial statements, reports, opinions, or provide such other services, as may be required under the Loan Agreement;

(iii) Amounts required to be paid by the Landlord in connection with any and all indemnities it gives under the Loan Agreement;

(iv) Amounts necessary to pay, or to reimburse the Landlord for payments it makes with respect to, Landlord's reasonable general operating expenses, including Landlord's payment of Landlord's share of the reasonable general operating expenses of Landlord's sole member; and

(v) Costs and expenses incurred by Landlord in connection with any refinance of any Loan.

4.4 **Extraordinary Monthly Rent**. In the event that the Tenant receives a notice (each an "Extraordinary Monthly Rent Notice") from either the Landlord or the Related Lender/Bond Trustee (as those terms are defined in this Master Indenture) stating the Related Lender/Bond Trustee has not received the payment of Rent with respect to a Related Project on or before that date that such required payment is due, then Tenant shall pay the Extraordinary Monthly Rent to the Related Lender/Bond Trustee within three (3) business days after Lessee's receipt of the Extraordinary Monthly Rent Notice. The Landlord covenants to immediately provide the Tenant with a copy of any Extraordinary Monthly Rent Notice received by Landlord pursuant to the terms of the Master Indenture. The "Extraordinary Monthly Rent" shall mean the amount set forth in such Extraordinary Monthly Rent Notice, which shall identify the Tenant's Proportionate Share of the Extraordinary Monthly Rent. "Proportionate Share" shall mean the amount required to be paid by Tenant to ensure that all of the required Rent and School Loan Repayments with respect to all of the Related Projects (as that term is defined in this Master Indenture) have been timely made.

4.5 **Payment**. Subject to payments made in accordance with the Intercept Notice, Tenant shall cause all Rent payable to Landlord under this Lease to be received by Landlord in lawful money of the United States on or before the day on which it is due, without offset or deduction. Rent for any period during the Term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent due to Landlord shall be made to Landlord at its address stated herein or to such other persons or place as Landlord may from time to time designate in writing. Subject to the terms of the Master Indenture, and so long as the Loan remains outstanding, Tenant shall, through the Intercept Notice, cause the State Controller to transfer the portion of the State Apportionment attributable to the operations of the School to the Lender or other payee as set forth in the Intercept Notice.

4.6 **Budgeting Rent**. The Tenant covenants to take such action as may be necessary to include all such payments of Rent due hereunder in its annual budgets, to make, as necessary, annual appropriations for all such payments and to take such action annually as shall be required to provide funds in such year for such payments of Rent.

4.7 **Accounting**. If the Landlord so requests in writing, Tenant agrees to provide Landlord with an annual, or more frequent, accounting of the Expenses paid for the current calendar year.

4.8 **Disputes**. If Tenant disputes the amount of Expenses due hereunder, Tenant shall have the right, after payment to Landlord of the amount in dispute, and after reasonable notice and

at reasonable times, to inspect Landlord's accounting records relating to Expenses at Landlord's accounting office (the "**Expense Accounting**"). If, after such inspection Tenant still disputes the amount of additional rent owed, a certification as to the proper amount shall be made by Landlord's accountant, which certification shall be deemed to be final and conclusive. Tenant agrees to pay the cost of such certification unless it is determined that Landlord's original statement overstated Expenses by more than five percent (5%) in which case Landlord shall pay the costs of such certification. Tenant's right to dispute the amount of Expenses shall continue for a period of ninety (90) days following Landlord's delivery of the Expense Accounting, after which the Expense Accounting shall be conclusively presumed to be accurate and binding on the Parties.

4.9 **Limitation of Recourse**. Tenant's obligation to pay the Rent shall be a special obligation limited solely to, and not in excess of, the "Gross Revenues of the School," as defined below, and under no circumstances shall the Tenant be required to advance any moneys derived from any source of income other than, or pay Rent which is in excess of, the Gross Revenues of the School, nor shall any other funds or property of the Tenant be liable for the payment of the Rent. Nothing contained in this Section 4.9 shall be construed to release the Tenant from the performance of any of the agreements on its part herein contained, and in the event the Tenant shall fail to perform any such agreements on its part, the Landlord may institute such action against the Tenant as the Landlord may deem necessary to compel performance so long as such action does not abrogate the limitation of recourse against Tenant set forth in this Section 4.9. The Tenant may, however, at the Tenant's own cost and expense and in the Tenant's own name or in the name of the Landlord prosecute or defend any action or proceeding or take any other action involving third persons which the Tenant deems reasonably necessary in order to secure or protect the Tenant's right of possession, occupancy and use hereunder, and in such event the Landlord hereby agrees to cooperate fully with the Tenant and to take such action necessary to effect the substitution of the Tenant for the Landlord in such action or proceeding if the Tenant shall so request. As used herein, "Gross Revenues of the School" means all income and revenues directly or indirectly derived by the Tenant's operation of the School, including without limitation per pupil revenues and other funding received from the State of California or by virtue of the charter granted to Tenant for the School and all gifts, grants, bequests and contributions (including income and profits therefrom) specifically restricted by the donor or maker thereof to the School or the Premises, to the extent not specifically restricted by the donor or maker thereof to a particular purpose inconsistent with their use for the payments required under the Loan Agreement, provided, however, that Gross Revenues of the School shall exclude any funds, assets, revenues, gifts, grants, bequests and contributions (including income and profits therefrom) specifically restricted by the donor or maker thereof or restricted by law to a particular purpose inconsistent with their use for the payments required under this Lease. Gross Revenues of the School also includes net insurance or condemnation proceeds received or payable to the Tenant on account of damage or destruction of the Premises or other loss incurred by Tenant with respect to its operation of the School or the Premises.

4.10 **Deposits**. Under the terms of the License Agreement, Seller is holding certain deposits of Tenant ("**Deposits**"). Subject to the terms of the Purchase Agreement, the Deposits will be assigned and transferred to the Landlord (or credited to the purchase price). Tenant will receive a Rent credit from Landlord in the amount of the Deposits funded by Tenant and received from or credited by Seller.

5. Intentionally Omitted.

6. Use.

6.1 **Use.**

(a) Tenant shall use and occupy the Premises only for "educational facilities" as defined in Section 17173(f) of the Education Code of the State of California in order to operate a charter school that is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code as an organization described in Code Section 501(c)(3) and that qualifies as an "educational organization" as described under Code Section 170(b)(1)(A)(ii) (the "**Agreed Use**") and for no other purpose. Tenant shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or causes damage to neighboring property or properties. Tenant shall be the primary user of the Premises and the principal business activity of Tenant shall not be rental to others of real property.

(b) Tenant has been provided and has reviewed copies of all Loan Documents, including, without limitation, the Master Indenture, the Loan Agreements, the Continuing Covenant Agreements executed in connection with the Loan Agreements, and the Deed of Trust (as defined below). Tenant shall comply with and perform all such obligations which may be required of Tenant in order to permit the Landlord to comply with the Loan Agreement. Tenant acknowledges that no amendment or modification of this Lease will be effective without the prior written consent of the Lender. Tenant shall provide Landlord and upon written request the Lender (i) with all information required to comply with all reporting requirements of the Loan Documents applicable to Tenant, (ii) all such documentation as Landlord may be obligated to cause Tenant to provide under the terms of, and in accordance with the time requirements of the Loan Agreement and (iii) such other information as may be reasonably requested by Landlord or the Lender. For the purposes of this Lease, the "**Loan Documents**" shall include the Master Indenture, the Loan Agreements, the Continuing Covenant Agreements executed in connection with the Loan Agreements, the Deed of Trust with Assignment of Rents, Security Agreement and Fixture Filing dated on or about the date hereof made by Landlord as Trustor in favor of the Master Trustee Lender as Beneficiary (the "**Deed of Trust**"), and any other documents executed by Landlord relating to the Loans.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Landlord, any Lender or Tenant to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Tenant shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Landlord and timely compliance (at Tenant's expense) with all Applicable Requirements. "**Reportable**

Use" shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirement requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing or anything herein to the contrary, Tenant may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Landlord, any Lender or Tenant to any liability therefor. In addition, Landlord may condition its consent to any Reportable Use upon receiving such additional assurances as Landlord reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements).

(b) **Duty to Inform Landlord**. If Tenant knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Landlord, Tenant shall immediately give written notice of such fact to Landlord, and provide Landlord with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Tenant Remediation**. Tenant shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Tenant's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Tenant, or pertaining to or involving any Hazardous Substance brought onto the Premises during the Term of this Lease, by or for Tenant, or any third party.

(d) **Tenant Indemnification**. Tenant shall indemnify, defend and hold Landlord, its managing member, and the agents, employees, officers, and directors of either of them harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Tenant (provided, however, that Tenant shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from adjacent properties not caused or contributed to by Tenant). No termination, cancellation or release agreement entered into by Landlord and Tenant shall release Tenant from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Landlord in writing at the time of such agreement.

(e) **Hazardous Substance Condition Remediation**. If Tenant becomes aware of a Hazardous Substance Condition occurring during the Term of this Lease, then Tenant shall

notify Landlord and Landlord shall make the investigation and remediation thereof required by the Applicable Requirements, the costs relating thereto constituting an Expense for which Tenant is responsible and this Lease shall continue in full force and effect, but subject to Landlord's rights under Section 6.2(d). "**Hazardous Substance Condition**" shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance as defined in Section 6.2(a), in, on, or under the Premises which requires repair, remediation, or restoration.

6.3 **Tenant's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, Tenant shall, at Tenant's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Landlord's engineers and/or consultants which relate in any manner to the Applicable Requirements, without regard to whether such Applicable Requirements are now in effect or become effective after the Commencement Date. Tenant shall, within ten (10) days after receipt of Landlord's written request, provide Landlord with copies of all permits and other documents, and other information evidencing Tenant's compliance with any Applicable Requirements specified by Landlord, and shall immediately upon receipt, notify Landlord in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Tenant or the Premises to comply with any Applicable Requirements.

7. Maintenance; Repairs.

7.1 **Tenant's Obligations**. Subject to the provisions of Section 7.2 (Landlord Obligations), Tenant shall, at Tenant's sole expense, keep the interior, exterior and structural elements of the Premises in good order, condition and repair. To comply with its obligations hereunder, Tenant shall keep the exterior, structural and major utility components of the Premises in good order, condition and repair, including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), ceilings, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Premises. Tenant's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair. Subject to the provisions of Sections 9 (Damage or Destruction) and 13 (Condemnation), it is intended by the Parties that Landlord have no obligation, in any manner whatsoever, to repair and maintain the Premises, or the equipment therein, all of which obligations are intended to be that of the Tenant. It is the intention of the Parties that the terms of this Lease govern the respective obligations of the Parties as to maintenance and repair of the Premises, and they expressly waive the benefit of any statute now or hereafter in effect to the extent it is inconsistent with the term so of this Lease.

7.2 **Landlord's Obligations**. Subject to the provisions of Sections 2.1 (Condition), 9 (Damage or Destruction), and 13 (Condemnation), Landlord shall have no obligation to repair or maintain the Premises. If and to the extent Landlord incurs any obligation for which Tenant is liable under Section 7.1, the costs relating thereto shall be deemed an "**Expense**" hereunder which Tenant shall pay.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions**. The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Tenant's machinery and equipment that can be removed without doing material damage to the Premises. The term "**Alterations**" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Tenant Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Tenant that are not yet owned by Landlord pursuant to Section 7.4(a).

(b) **Consent**. Tenant shall not make any Alterations or Utility Installations to the Premises without Landlord's prior written consent, except as provided herein. Tenant may make non-structural Alterations or Utility Installations and may make structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Landlord, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, and will not affect the electrical, plumbing, HVAC, and/or life safety systems. Notwithstanding the foregoing, Tenant shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Landlord. Any Alterations or Utility Installations that Tenant shall desire to make and which require the consent of the Landlord shall be presented to Landlord in written form with detailed plans. Consent shall be deemed conditioned upon Tenant's: (i) acquiring all applicable governmental permits, (ii) furnishing Landlord with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Tenant shall promptly upon completion furnish Landlord with as-built plans and specifications.

(c) **Liens; Bonds**. Tenant shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Tenant at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Tenant shall give Landlord not less than ten (10) days' notice prior to the commencement of any work in, on or about the Premises, and Landlord shall have the right to post notices of non-responsibility. If Tenant shall contest the validity of any such lien, claim or demand, then Tenant shall, at its sole expense defend and protect itself, Landlord and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership**. All Alterations and Utility Installations made by Tenant shall be the property of Tenant. All Tenant Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, at the option of the Landlord, (i) be removed by the Tenant or (ii) become the property of Landlord and be surrendered by Tenant with the Premises.

(b) **Surrender and Restoration**. Tenant shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Tenant shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, furnishings, and equipment as well as the removal of any storage tank installed by or for Tenant. Tenant shall completely remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Tenant (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises), even if such removal would require Tenant to perform or pay for work that exceeds statutory requirements. Trade Fixtures shall remain the property of Tenant and shall be removed by Tenant. Any personal property of Tenant not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Tenant and may be disposed of or retained by Landlord as Landlord may desire. The failure by Tenant to timely vacate the Premises pursuant to this Section 7.4(b) without the express written consent of Landlord shall constitute a holdover under the provisions of Section 23 below.

8. Insurance; Indemnity.

8.1 **Liability**. Tenant shall keep in force such liability insurance policies and in such amounts as are set forth in Exhibit B attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.2 **Property**. Tenant shall obtain and keep in force a policy or policies of property insurance in the name, and for the benefit, of Landlord, with loss payable to Landlord and to any lender insuring loss or damage to the Premises. The amount of such insurance shall be as set forth in Exhibit C attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.3 **Rental Interruption**. Tenant shall also obtain and keep in force, for the benefit of the Landlord, rental interruption insurance insuring Landlord for the amounts of Base Rent arising from an interruption of the payment of the Base Rent otherwise payable by Landlord hereunder, as set forth in Exhibit C attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.4 **Waiver of Subrogation**. Without affecting any other rights or remedies, Tenant and Landlord each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required or by any deductibles applicable hereto. The Parties

agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance is not invalidated thereby.

8.5 **Indemnity**. Except for Landlord's negligence or willful misconduct, Tenant shall indemnify, protect, defend and hold harmless the Premises, Landlord and its agents, partners, members, directors, officers and lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, the use and/or occupancy of the Premises by Tenant. If any action or proceeding is brought against Landlord by reason of any of the foregoing matters, Tenant shall upon notice defend the same at Tenant's expense by counsel reasonably satisfactory to Landlord and Landlord shall cooperate with Tenant in such defense. Landlord need not have first paid any such claim in order to be defended or indemnified**.**

8.6 **Exemption of Landlord from Liability**. Landlord shall not be liable for injury or damage to the person or goods, wares, merchandise or other property of Tenant, Tenant's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or from other sources or places.

8.7 **Loan Agreements**. The foregoing notwithstanding, for so long as the Loan is outstanding, Tenant shall be deemed to meet its insurance obligations as set forth in this Section 8 if it carries, and it hereby agrees to carry, the insurance required under the terms of the Loan Agreements, as such requirements may change from time to time as provided in the Loan Agreements. For so long as the Loan is outstanding, Tenant shall cause the Lender to be named as mortgagee and loss payee on Tenant's property insurance policies and as additional insured on Tenant's liability policies.

9. Damage or Destruction.

9.1 Definitions.

(a) "**Damage**" shall mean damage or destruction to the improvements on the Premises.

(b) "**Insured Loss**" shall mean Damage which was caused by an event required to be covered by the insurance described in Section 8.2, irrespective of any deductible amounts or coverage limits involved.

(c) "**Replacement Cost**" shall mean the cost to repair or rebuild the improvements owned by Landlord at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

9.2 **Damage - Insured Loss**. Subject to the terms of the Loan Documents, Landlord shall be entitled to any and all insurance proceeds that are available as a result of the Damage. If

Damage that is an Insured Loss occurs, then Tenant shall be entitled to use the insurance proceeds that are actually collected as a result of the Damage to repair the Damage as soon as reasonably possible and this Lease shall continue in full force and effect. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to affect such repair, Tenant shall promptly contribute the shortage in proceeds as and when required to complete said repairs.

9.3 **Damage - Uninsured Loss**. If Damage that is not an Insured Loss occurs, (i) Tenant may repair such damage as soon as reasonably possible at Tenant's expense, in which event this Lease shall continue in full force and effect, or (ii) Landlord may terminate this Lease by providing written notice to Tenant within thirty (30) days after receipt by Landlord of knowledge of the occurrence of such Damage.

9.4 **Waive Statutes**. Landlord and Tenant agree that the terms of this Lease shall govern the effect of any damage to or destruction of the Premises with respect to the termination of this Lease and hereby waive the provisions of any present or future statute to the extent inconsistent herewith.

10. Real Property Taxes.

10.1 **Definition**. As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Landlord in the Premises, Landlord's right to other income therefrom; and/or Landlord's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the address of the Premises and where the proceeds so generated are to be applied by the city, county or other local taxing authority of a jurisdiction within which the Premises is located. Real Property Taxes shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the Term of this Lease, including but not limited to, a change in the ownership of the Premises, and (ii) levied or assessed on machinery or equipment provided by Landlord to Tenant pursuant to this Lease.

10.2 **Payment of Taxes**. Tenant shall timely file for exemption against any Real Property Taxes and shall maintain such exemption during the Term. In any event, Tenant shall pay, before the same become past due, the Real Property Taxes applicable to the Premises during the Term to the extent any such Real Property Taxes are charged, levied, assessed or imposed.

10.3 **Personal Property Taxes**. Tenant shall timely file for exemption against any taxes on Tenant Owned Alterations, Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Tenant and shall maintain such exemption during the Term. Tenant shall pay, prior to delinquency, all such taxes to the extent they are charged, levied, assessed or imposed after an exemption for such taxes is filed as required hereunder.

11. Assignment and Subletting.

11.1 **By Tenant**. Tenant shall not sublease, assign, mortgage, pledge, hypothecate or encumber this Lease or any of Tenant's interest hereunder without the prior written consent of

Landlord (which shall not be unreasonably withheld). Tenant acknowledges that, pursuant to the Loan Agreement, Landlord is required to obtain Lender's approval to a sublease, assignment or other transfer of Tenant's interest in the Lease and that Landlord's disapproval shall be deemed reasonable if based on Lender's disapproval.

11.2 **By Landlord**. Tenant acknowledges that the Premises are subject to the Deed of Trust and that this Lease is assigned to the Master Trustee as security for the Loan. Tenant further acknowledges that, following the pay-off of the Loan, the Premises may be made subject to a subsequent deed of trust in favor of another lender, which subsequent deed of trust will at the request of the subsequent lender, be made senior to this Lease.

12. Default; Breach; Remedies.

12.1 **Default; Breach**. A "**Default**" is defined as a failure by the Tenant to comply with or perform any of the terms, covenants or conditions under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Tenant to cure such Default within any applicable grace period:

(a) The abandonment of the Premises.

(b) The failure of Tenant to make any payment of Rent required to be made by Tenant hereunder, whether to Landlord or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, regardless of whether the School occupying the Premises should close or Tenant no longer operates a charter school on the Premises, where such failure continues for a period of five (5) business days following written notice to Tenant.

(c) A Default by Tenant as to the terms, covenants, conditions or provisions of this Lease, other than those described in subparagraphs 12.1(a) or (b) above, where such Default continues for a period of thirty (30) days after written notice; provided, however, that if the nature of Tenant's Default is such that more than thirty (30) days are reasonably required for its cure, then it shall not be deemed to be a Breach if Tenant commences such cure within said thirty (30) day period and thereafter diligently prosecutes such cure to completion.

(d) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. §101 or any successor statute thereto (unless, in the case of a petition filed against Tenant, the same is dismissed within ninety (90) days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where possession is not restored to Tenant within sixty (60) days; or (iv) the attachment, execution or other judicial seizure of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where such seizure is not discharged within sixty (60) days; provided, however, in the event that any provision of this subparagraph (e) is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(e) The discovery that any financial statement of Tenant given to Landlord was materially false.

12.2 **Remedies**. If Tenant fails to perform any of its affirmative duties or obligations (other than compliance with covenants and financial reporting requirements pursuant to Section 28), within fifteen (15) days after written notice (or, in the case of those duties and obligations that cannot reasonably be performed within fifteen (15) days after notice, to commence and diligently prosecute such duties and obligations to completion), Landlord may, at its option, perform such duty or obligation on Tenant's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Tenant shall pay to Landlord the costs and expenses incurred by Landlord in such performance upon receipt of an invoice therefor. In the event of a Breach, including Tenant's failure to comply with the covenants or financial reporting requirements set forth in Section 28, Landlord may, with or without further notice or demand, and without limiting Landlord in the exercise of any right or remedy which Landlord may have by reason of such Breach:

(a) Terminate Tenant's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Tenant shall immediately surrender possession to Landlord. In such event Landlord shall be entitled to recover from Tenant: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Tenant proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid Rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Tenant proves could be reasonably avoided; and (iv) any other amount necessary to compensate Landlord for all the detriment proximately caused by the Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Landlord in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Landlord to mitigate damages caused by Tenant's Breach of this Lease shall not waive Landlord's right to recover damages under Section 12. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Landlord shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Landlord may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Section 12.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Tenant under the unlawful detainer statute shall also constitute the notice required by Section 12.1. In such case, the applicable grace period required by Section 12.1 and the unlawful detainer statute shall run concurrently, and the failure of Tenant to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Landlord to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Tenant's right to possession and recover the Rent as it becomes due. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Landlord's interests, shall not constitute a termination of the Tenant's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the State wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Tenant's right to possession shall not relieve Tenant from liability under this Lease, including under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Tenant's occupancy of the Premises.

12.3 **Interest**. Any monetary payment due Landlord hereunder not received by Landlord when due as to scheduled payments (such as Base Rent) or within thirty (30) days following the date on which it was due for non-scheduled payments, shall bear interest from the date when due as to scheduled payments, or the 31st day after it was due as to non-scheduled payments. The interest ("**Interest**") charged shall be computed at the rate of ten percent (10%) per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to any late charges and default rate interest under the Loan Documents.

13. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs, and Expenses thereafter shall be limited to those applying to the remaining Premises subject to this Lease. Subject to the terms of the Loan Documents, in the event that there is a Condemnation of less than all of the Premises, and such portion so taken is material to Tenant's use and quiet enjoyment of the Premises as a whole, then all available Condemnation awards and/or payments shall be used first, to restore the remaining portion of the Premises to a usable whole, and second, to reduce the balance of any loan made to Landlord and secured by the Premises in proportion to the portion taken or sold. Any portion of the award and/or payment that remains after the foregoing purposes have been satisfied shall be the property of Landlord. Subject to the terms of the Loan Documents, if the entirety of the Premises is taken, then the Condemnation awards and/or payments shall be the property of Landlord.

14. Estoppel Certificates. Each Party (as "**Responding Party**") shall within ten (10) days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published by the AIR Commercial Real Estate Association, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

15. Definition of Landlord. The term "**Landlord**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises. Upon any transfer of fee title to the Premises, the prior Landlord shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Landlord. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Landlord shall be binding only upon the Landlord as hereinabove defined.

16. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

17. Days. Unless otherwise specifically indicated to the contrary, the word "days" as used in this Lease shall mean and refer to calendar days.

18. Limitation on Liability. The obligations of Landlord under this Lease shall not constitute personal obligations of Landlord, and Tenant shall look to the Premises, and to no other assets of Landlord, for the satisfaction of any liability of Landlord with respect to this Lease.

19. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

20. No Prior or Other Agreements. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective.

21. Notices.

21.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, and shall be deemed sufficiently given if served in a manner specified in this Section 21. The addresses for the Parties are set forth below and shall constitute the respective addressed for delivery or mailing of notices. Either Party may, by written notice to the others, specify a different address for notice. Upon Tenant's taking possession of the Premises, the Premises shall constitute Tenant's address for notice unless Tenant notifies Landlord otherwise. No waiver by Landlord of the Default or Breach of any term, covenant or condition hereof by Tenant, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Tenant of the same or of any other term, covenant or condition hereof.

23. No Right to Holdover. Tenant has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Tenant holds over, then the Base Rent shall be increased to 110% of the Base Rent applicable immediately preceding the expiration or termination. Nothing contained herein shall be construed as consent by Landlord to any holding over by Tenant.

24. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

25. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Tenant are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

26. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State of California. Any litigation between the Parties hereto concerning this Lease shall be initiated in the County of Los Angeles.

27. Subordination; Attornment; Non-Disturbance.

27.1 **Subordination**. Subject to the terms of this section, this Lease shall be subject and subordinate to any mortgage, deed of trust, or other hypothecation or security device securing Landlord's obligations under any Loan in favor of a lender (collectively, "**Security Device**") including, without limitation, the Deed of Trust in favor of the Lender and, if requested by Landlord or by any subsequent Lender, any Security Device in favor of a subsequent Lender hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. In order to effectuate and/or confirm the subordination of this Lease to any Security Device, Tenant agrees, with respect to the Deed of Trust, to execute and deliver a Subordination, Nondisturbance and Attornment Agreement ("**SNDA**") as may be required under the Loan Documents as and when requested by Lender and, with respect to any subsequent Loan (but subject to Section 27.3 below), to execute and deliver within ten (10) days following written request, a recordable SNDA in form provided by the applicable subsequent Lender. Tenant agrees that no Lender or subsequent Lender shall have no liability or obligation to perform any of the obligations of Landlord under this Lease. Any Lender and any subsequent Lender may elect to have this Lease granted hereby superior to the lien of its Security Device by giving written notice thereof to Tenant, whereupon this Lease shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

27.2 **Attornment**. In the event that Landlord transfers title to the Premises, or the Premises is acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Tenant shall, subject to the provisions of Section 27.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of such new owner, this Lease shall automatically become a new Lease between Tenant and such new owner, upon all of the terms and conditions hereof, for the remainder of the term hereof, and (ii) Landlord shall thereafter be relieved of any further obligations hereunder (but not obligations that accrued prior to such transfer) and such new owner shall assume all of Landlord's obligations hereunder, except that such new owner shall not: (a) be liable for any act or omission of any prior Landlord or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Tenant might have against any prior Landlord; (c) be bound by prepayment of more than one month's rent; or (d) be liable for the return of any security deposit paid to any prior lessor, unless such security was assigned by such prior Landlord to the new owner.

27.3 **Non-Disturbance.** With respect to Security Devices entered into by Landlord after the execution of this Lease other than the Deed of Trust, Tenant's subordination of this Lease shall be subject to receiving a commercially reasonable SNDA from the subsequent Lender, which SNDA provides that Tenant's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed, and Tenant's rights under this Lease will be recognized by the subsequent Lender so long as Tenant is not in Breach hereof and attorns to the holder of such Security Device.

27.4 **Self-Executing**. The agreements contained in this Section 27 shall be effective without the execution of any further documents; provided, however, that, upon written request

from Landlord or a Lender in connection with a sale, financing or refinancing of the Premises, Tenant and Landlord shall execute such further writings as may be reasonably required to separately document any recognition agreement, subordination, attornment and/or SNDA provided for herein.

28. Landlord's Access; Showing Premises; Repairs. Landlord shall have the right to enter the Premises at any time in the case of an emergency, and otherwise at reasonable times after twenty-four hours' prior notice for the purpose of inspecting the Premises, verifying compliance by Tenant with this Lease, showing the Premises to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Landlord may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises as long as there is no material adverse effect to Tenant's use of the Premises.

29. Quiet Possession. Subject to payment by Tenant of the Rent and performance of all of the covenants, conditions and provisions on Tenant's part to be observed and performed under this Lease, Tenant shall have quiet possession and quiet enjoyment of the Premises during the Term hereof.

30. Counterparts. This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

31. No Recording of Lease. Neither this Lease nor any memorandum thereof shall be recorded in the Official Records of Los Angeles County.

32. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Tenant's obligations hereunder, Tenant agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a lender in connection with the obtaining of normal financing or refinancing of the Premises.

33. Additional Covenants. For so long as the Loan is outstanding and has not been paid or so long as Tenant shall have obligations under the Loan Agreement, the provisions of Exhibit C shall be applicable for the benefit of Landlord and the Lender.

IN WITNESS WHEREOF, the Parties hereto have duly executed this Lease as of the date first written above.

1. Performance of Duties. Each Director shall perform all duties of a Director, including duties on any Board Committee, in good faith, in a manner the Director believes to be in the corporation's best interest and with such care, skill and diligence, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. In other words, each Director shall stand in a fiduciary relation to the corporation.

3. Investments. In investing and dealing with all assets held by the corporation for investment, the Board shall exercise the standard of care described above and avoid speculation, looking instead to the permanent disposition of the funds, considering the probable income,

as well as the probable safety of the corporation's capital. The Board may delegate its investment powers to others, provided that those powers are exercised within the ultimate direction of the Board. No investment violates this section where it conforms to provisions authorizing such investment contained in an instrument or agreement pursuant to which the assets were contributed to the corporation.

E. Rights of Inspection

Every Director has the right to inspect and copy during reasonable business hours all books, records and documents of every kind and to inspect the physical properties of the corporation, provided that such inspection is conducted at a reasonable time after reasonable notice, and provided that such right of inspection and copying is subject to the obligation to maintain the confidentiality of the reviewed information. This right to inspect is circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under Family Educational Rights and Privacy Act) pertaining to access to books, records, and documents.

F. Participation in Discussions and Voting

Financial Policies and Procedures
Environmental Charter Schools

It is the intent of these Financial Policies and Procedures to implement both the letter and spirit of all applicable State and Federal regulations regarding the expenditure of and accounting for public funds. These Policies and Procedures may need to be modified as ECS operated schools develop and/or regulations change. The Board shall approve these financial policies, and revisit them periodically.

This document contains one or more addenda specifying policies and procedures specific to individual schools operated by ECS, and reflecting agreements between ECS and one or more of its charter school authorizers. Any and all such addenda are hereby incorporated herein by this reference and made a part hereof as though set forth in full

in the body of these Financial Policies and Procedures. Each such addendum shall be specifically referenced in this section of the Financial Policies and Procedures in order to avoid confusion and clearly to indicate the existence of each such addendum. The addenda are an integral part of ECS's policies and procedures and may only be modified by mutual agreement between ECS and the authorizing agency of the charter school that is the subject of the affected addendum.

In no event may ECS revise these Financial Policies and Procedures in any manner which makes them inconsistent or in conflict with the terms of any addenda without the prior agreement of the authorizing agency for the charter school that is the subject of the particular addendum to be affected.

These Financial Policies and Procedures include the following addenda:

Addendum I: Additional Policies Governing Environmental Charter High School (ECHS)

Addendum II: Additional Policies Governing Environmental Charter Middle Schools (ECMSG and ECMSI) and Environmental Charter High School #2

I. PURCHASES

A. Authorization of Expenditures: All purchases of goods and services shall be consistent with the Board-approved budget. These purchases shall not require Board-approved/executed contracts, with the exception of professional consulting services in total annual amounts greater than $15,000. All other proposed expenditures must be approved by the Superintendent or Director of Finance, who will review the proposed expenditure to determine whether it is consistent with the Board adopted budget and sign the check request and purchase order forms.

B. Contracts:

1. All professional consulting services shall be provided for under a contract.

2. Contracts for other goods and services exceeding $15,000 on an annual basis shall be presented to the Board for approval prior to signing. Length of contracts shall be at the discretion of the Board. In general, contracts exceeding $15,000 shall be let after a bidding process of sufficient duration to ensure competition. However, the Superintendent may make a finding to the Board for sole sourcing a contract exceeding $15,000; in this case, the Board may approve the contract in arrears at the time of contract execution. (The basis for such a finding may include: time/urgency issues; the

absence of competitors; high service/quality from a particular contractor.)

3. Bid tabulations shall be presented to the Board along with a recommendation for action. The Board reserves the right to select whichever vendor it deems most prepared to provide the required goods/services without regard to the low bidder being the automatic selection.

C. Commitments and Purchase Orders:

1. Purchase orders under, and exactly, $15,000 must be approved by one of the following authorized positions: Superintendent, Board President, Director of Finance, or Principal. Purchase orders will be generated once a Purchase Requisition has been approved by one of the following authorized positions: Superintendent, Board President, Director of Finance, or Principal.

2. Purchase orders greater than $15,000 must be approved by the Superintendent and one of the following authorized positions: Board President, Director of Finance / Operations, or Principal.

D. Invoices:

1. Invoices under, and exactly, $15,000 must be approved by one of the following authorized positions: Superintendent, Board President, Director of Finance / Operations, or Principal.

2. Invoices for greater than $15,000 must be approved by the Superintendent and one of the following authorized positions: Board President, Director of Finance / Operations, or Principal.

E. Accounts Payable: ECS and each ECS operated school shall abide by sound audit guidelines for its accounts payable policies and procedures.

F. Debit Card Usage: Unless otherwise specified by the Board of Directors and/or school management, the use of ECS/ECS operated school debit cards shall not be allowed for any purchase.

G. Credit Card Usage: ECS employs the use of credit cards to efficiently make purchases when another form of payment is impractical. This credit card policy is established to ensure careful financial controls while providing the convenience of this payment method when it is suitable. Credit card statements are reconciled to credit card receipts monthly and are approved by the Superintendent or Director of Finance.

1. The Superintendent/Director of Finance will approve an administrative policy regarding the overall credit limit and credit card usage policies.

2. Individual employee credit cards with specific categorical restrictions and maximum spending limits per category may also be issued to any existing ECS employee whom their supervisor believes should be issued a credit card to facilitate efficient payments for customary business expenses. Before a card is issued, the individual employee must agree to the terms and conditions of the card issuing entity and the ECS Credit Card Policy and Usage Guidelines.

3. For individual employee credit cards, single purchase expenses in excess of $1,000 are not permitted without prior written approval by the Superintendent, Director of Finance, or Principal. Each credit card user has a pre-set limit of up to $5,000 that may not be exceeded, except under extraordinary circumstances as approved by the Superintendent or Director of Finance. A cardholder's supervisor must request a credit limit increase in writing with the Superintendent or Director of Finance in advance of the intended purchase.

4. All ECS credit cards remain property of ECS and may not be transferred to, assigned to, or used by anyone other than the designated cardholder. The cardholder is accountable for the activity on the card. All purchases of goods and services shall be consistent with the Board-approved budget. The use of ECS credit cards and/or ECS operated school funds for personal use is absolutely prohibited. Employee violations will be investigated by the Director of Finance or their designee and may result in either one or more of the following actions: written warning, revocation of credit card privileges, cancellation of delegation of purchasing authority, disciplinary action, termination, and/or criminal prosecution. The cardholder shall surrender the credit card upon request by ECS.

5. All charges must be supported by detailed and legible receipts to be eligible for payment by ECS. In case of missing receipts, the credit card holder must complete a No Receipt Form which must be approved by the employee's supervisor. When receipts are lost or not provided, ECS retains the right to require employees to pay for unsupported credit card charges.

H. Other Electronic Payments: Other electronic methods (wire, ACH, transfer between bank accounts, etc.) shall not be permitted for payment of any expenses or reimbursements without the express written consent of the Superintendent.

I. Employee Reimbursements: Business use of telephones or cell phones shall be reimbursed. Business meals shall be reimbursed using standard applicable IRS guidelines. Under no circumstances shall alcohol be reimbursed with public funds. The Superintendent must obtain a Board member's authorization on reimbursement requests payable to the Superintendent's name.

J. Petty Cash – Purpose and Usage:

1. The purpose of the Petty Cash Checking Account is for payment of incidental expenses when there is insufficient time for processing through the General Checking Account. Examples of proper expenses include, but are not limited to, food/meals for teachers doing curriculum work and emergency plumbing repairs. Petty cash shall not be used for teacher reimbursements, employee expense reimbursements or independent contractor payments.

2. The Superintendent shall have access to petty cash checking accounts not to exceed $3,000 per high school site and $1,000 per middle school site. Such funds shall be used at the discretion of the Superintendent, subject to Board oversight and consistent with the approved budget and school rules and regulations. The Superintendent must obtain authorization on petty cash checks made payable to his/her name from one of the following authorized positions: Board President or Principal. Use of petty cash shall require original receipts for all purchases.

K. Personal Use of School Funds: The use of ECS funds and/or ECS operated school funds for personal use is absolutely prohibited. Violation of this policy shall result in discipline up to and including dismissal or removal, including from the Board.

II. BANKING

A. General Checking Account: The Board shall authorize the establishment of commercial bank accounts for the purposes of school operations. Funds will be deposited in non-speculative accounts including federally-insured savings or checking accounts or invested in non-speculative federally-backed instruments or standard money market accounts.

Checks above $15,000, and checks payable to an authorized signer, must be signed by two authorized people. Authorized signers for checks above $15,000 from this account shall be the Superintendent, Board President and Principal.

B. Petty Cash Checking Account – Account Setup and Maintenance:

1. The Petty Cash Checking Account for each high school shall have a maximum balance of $3,000, and for each middle school shall have a maximum balance of $1,000. The Account shall be funded from the appropriate school's business General Checking Account as necessary. A simple ledger shall be maintained by the Office Manager for review by the Accounting Clerk who shall reconcile the Account monthly. Replenishment of the Petty Cash Checking Account shall occur through the normal accounts payable process following sound audit guidelines.

Any borrowing against this line of credit, other than borrowing for payroll expenditures, shall be authorized by the Board. If ECS's line of credit exceeds 100K, ECS will inform the authorizing agency of each ECS operated school within two weeks of seeking such funding. If the line of credit of any ECS operated school exceeds 100K, ECS and the pertinent school shall inform the authorizing agency of that school within two weeks of seeking such funding.

D. Securing Additional Debt: ECS will adhere to the policies and procedures of each of its charter school authorizers. Prior to seeking additional debt, ECS will adhere to each authorizer's policies and procedures.

E. Deposits of Receipts: Each ECS operated school will deposit all funds received as soon as practical upon receipt. ECS and each ECS operated school will open all mail on a daily basis, immediately sort all checks and forward them to Accounts Receivable. Accounts Receivable will immediately endorse the checks to the appropriate school account and

prepare appropriate deposits as soon as is practical, ideally the same day and in no case later than three working days.

F. Loans: ECS will adhere to the policies and procedures of the pertinent charter school authorizer(s) regarding loans to or from each ECS operated school's funds.

G. Bank Reconciliation Policy: All receipts and disbursements to the organization's bank accounts will be recorded in the general ledger. Timely reconciling of bank accounts is an essential component to prevent fraud and to ensure the organization's funds are handled with fiscal and fiduciary responsibility.

1. Procedures:

a) Bank statements will be retrieved electronically by back office provider / Accountant. Any unusual activity must be promptly and thoroughly investigated and reported.

b) The Accountant will reconcile checks paid with check numbers and amounts that cleared the account per the bank statement. Any discrepancies regarding the paid checks or any checks over 60 days will be researched and if applicable reversed in the accounting system.

c) The Accountant will prepare the bank reconciliation, verifying the bank statements, and facilitating any necessary reconciliation.

2. The contractor provides proof of adequate insurance;

3. IRS rules are followed regarding classification of staff as contractors versus employees; and

4. The work is done under contract.

H. Capitalization and Depreciation: ECS/ECS operated schools will capitalize and depreciate all assets costing $10,000 or more. All other assets are charged to expense in the year incurred.

Capitalized assets are recorded at cost and depreciated under the straight-line method over their estimated useful lives which can range from:

- Leasehold Improvement – Use of life based or term of lease, whichever is shorter
- Equipment – 3 years
- Furniture – 5 years
- Building - 50 years

Repair and maintenance costs, which do not extend the useful lives of the assets, are charged to expense. The cost of assets sold or retired and related amounts of accumulated depreciation are eliminated from the asset accounts, and any resulting gain or loss is included in the earnings in the year.

I. Capital Equipment and Asset Management

1. The organization should take a physical inventory of all assets within 90 days of the end of each fiscal year, indicating the condition and location of the asset.

2. Many items of critical importance to the School's proper functioning – including textbooks and technology items such as computers and tablets – are not capitalized assets but are also tracked. These items are clearly labeled, uniquely numbered, tabulated in a ledger, and kept in secure locations to prevent loss or theft.

2. The Superintendent, Director of Finance, or Principal will be notified of all cases of theft, loss, damage or destruction of assets.

3. The Director of Finance will prepare plans for disposing of assets with a clear and complete description of the asset and the date of the disposal.

J. Disposal of Surplus Property and Donations:

Surplus property shall mean property that is no longer in use, is damaged beyond repair, or that the school to which the property belongs feels it will have no future value to that school's program, and that is declared to be surplus property by the Board. If a school wishes to dispose of equipment or other surplus property, the Board shall declare the property surplus and shall direct the staff on the actual means of disposal of the property, such as sale, donation, or destruction and disposal.

If a school wishes to sell equipment or other surplus property, the Board shall direct the staff by giving specific guidance regarding the manner in which such property is to be sold.

If a school wishes to donate equipment or other surplus property, the Board shall declare the property surplus and authorize the donation. Requirements for potential donee organizations shall include: (1) the donee organization is fully independent of ECS and ECS operated schools, with none of the ECS/ECS operated schools' Board members or key personnel involved in the donee organization; and (2) the donee organization shall be a non-profit or governmental entity related to education. In addition, the school making the donation shall secure a receipt from the donee organization for the donated property, and shall remove the asset from the school's books and record the donation as required by state and federal audit guidelines.

Property Acquired with Federal Grant Funds: If the property in question cost $5,000 or more at the time of acquisition and was acquired with federal grant funds, the school shall notify the federal contract administrator prior to donating or disposing of such property as provided above.

K. Expenses/Revenues Allocation:

Revenues and expenses (e.g. interest revenue/expenses, bank service charges, payroll fees, etc.) which cannot be directly attributed to a particular school will be allocated based on the current year forecasted P2 ADA numbers for the Environmental Charter Schools, hours worked by staff or consultants as attributed to a site, or by other equitable means supported by documentation which the Superintendent or Director of Finance determines is more appropriate. Reclassification of allocations based on the change from forecasted P2 to actual current year P2 would not be required unless there is significant variance. The basis for using a different allocation must be

documented by the Superintendent or Director of Finance and sent to accounting prior to the journal entry being made. Each ECS operated school will report the allocation to its respective LEA as outlined in the approved charter or as outlined by any additional applicable MOU or MOU's.

L. **Interschool Shared Expenses**

As each ECS school has its own bank account, at times one school may pay for an entire expense on behalf of other schools (e.g., a bill for liability insurance or wages for a Home Office employee).

• The transfer shall be accounted for as temporary borrowing between accounts and shall not be available for appropriation or be considered income to the borrowing fund or account.

• Amounts paid by one school on behalf of other schools shall be repaid at a minimum semi-annually within 60 days following 12/31 and 6/30 of a given fiscal year.

• Payment of shared expenses on behalf of a school shall occur only when the fund or account receiving the money will have sufficient cash flow during the current fiscal year or within 120 days after the close of the fiscal year to repay the amount paid on its behalf.

• A "Due From" asset will be recorded on the balance sheet of the school providing the funds and a "Due to" liability will be recorded on the balance sheet of the school receiving the goods and / or services associated with the funds payment. For shared expenditures paid via invoice, this liability is recorded monthly via a journal entry generated by the Accounting Clerk and verified by the Director of Finance. For shared payroll expenses, this liability is recorded quarterly by EdTec via a journal entry.

• These amounts will be carried on the balance sheet until the entry is reversed when the funds are repaid

• Amounts borrowed from restricted funds shall be repaid with interest, if there are interest requirements relating to those programs or funds.

Additionally, ECS shall not enter into any agreement or seek approval of any school charter that would provide for or require financial policies and/or practices by ECS and/or affecting ECHS that are inconsistent or in conflict with the terms of the ECHS Charter and/or any MOU or other agreement between ECS, ECHS, and/or the Lawndale Elementary School District and/or the terms of this Addendum I. Upon request, ECS shall provide to the Lawndale Elementary School District a copy of any charter, MOU, financial documents, or similar documents related to the operation by ECS of any other charter school.

B. Segregated Records and Bank Accounts:

This shall at all times include separate and distinct bank account(s) for ECHS, and ECHS's funds shall not be commingled in a joint bank account with the funds of any other school(s) and shall be kept physically separate from the funds of any other school(s).

D. Loans:

Prior to entering into any loan to or from ECHS funds for any purpose, including a loan or transfer of ECHS funds to ECS or any other school operated by ECS or associated with ECS, ECS will complete and submit to the Lawndale Elementary School District a "Notice of Intent to Obtain Additional Debt or Loans" form. (See form, attached as "Exhibit A to Addendum I," incorporated herein by this reference.)

E. Expense/Revenue Allocation:

Prior to the commencement of each fiscal year, ECHS/ECS shall provide to the Lawndale Elementary School District a clear calculation of all costs projected to be shared between ECHS and ECS or any other ECS operated school(s), including the factual and fiscal basis on which the projected cost share has been calculated. Should there be a significant deviation from the projections during the fiscal year, ECHS/ECS shall immediately provide the District with an updated calculation, including the factual and fiscal basis for the revisions. Any shared costs shall be clearly accounted for in ECHS's financial records and reviewed as part of ECHS's annual fiscal audit.

INDEPENDENT AUDITORS' REPORT

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Environmental Charter Schools, including Menlo Charter Properties, which comprise the consolidated statement of financial position as of June 30, 2024, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Environmental Charter Schools as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Environmental Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Environmental Charter Schools's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Environmental Charter Schools's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Environmental Charter Schools's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2024, on our consideration of Environmental Charter Schools's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Environmental Charter Schools's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Environmental Charter Schools's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Environmental Charter Schools (the "Organization") was formed as a nonprofit public benefit corporation on April 26, 2000 for the purpose of operating charter schools located in Los Angeles County. The Organization operates four (4) public charter schools, which collectively serve students in grades 6 to 12. Each charter school operates through a charter petition approved by an authorizing agency. The initial charter school operated by Environmental Charter Schools is authorized by the Lawndale Elementary School District and the remaining three charter schools are authorized by the Los Angeles County Office of Education ("LACOE"). Information on each charter school is as follows:

Charter Name	Charter No.	Petition End Date	Authorizer	Grades Served
Environmental Charter High	0353	June 30, 2027	Lawndale ESD	9 - 12
Environmental Charter Middle	1204	June 30, 2027	LACOE	6 - 8
Environmental Charter Middle - Inglewood	1501	June 30, 2026	LACOE	6 - 8
Environmental Charter High - Gardena	2098	June 30, 2028	LACOE	9 - 12

Environmental Charter Schools' mission is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

On May 1, 2013, articles of incorporation were filed to establish a support corporation under Menlo Charter Properties ("MCP"). MCP operates exclusively for charitable and educational purposes to support Environmental Charter Schools. Due to common control its financial statements are consolidated with Environmental Charter Schools.

In November 2013, articles of organization were filed to establish a limited liability corporation under Menlo 165th Place LLC. This LLC serves as a property holding company for property located at 809, 812, and 813 West 165th Place in Gardena, California. The facilities are leased to Environmental Charter Schools for use by Environmental Charter Middle (Charter No. 1204).

In June 2014, articles of organization were filed to establish a limited liability corporation under Yukon LLC. This LLC serves as a property holding company for property located at 3600 West Imperial Highway in Inglewood, California. The facilities are leased to Environmental Charter Schools for use by Environmental Charter Middle – Inglewood (Charter No. 1501).

In April 2021, articles of organization were filed to establish a limited liability corporation under MBB & Gardena LLC. This LLC serves as a property holding company for property located at 2818 Manhattan Beach Boulevard in Gardena, California. The facilities are leased to Environmental Charter Schools for use by Environmental Charter High – Gardena (Charter No. 2098).

Menlo Charter Properties is the sole statutory member of each of the LLCs. As such, the LLCs are deemed a disregarded entity and its financial statements are consolidated with Environmental Charter Schools.

B. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Environmental Charter Schools, Menlo Charter Properties and the LLCs, which comprise the Organization as a whole. Intercompany accounts and transactions have been eliminated in consolidation.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting

The Organization's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

D. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958. Environmental Charter Schools reports information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

The Organization also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools for its charter schools. Fund accounting is only used to the extent that internal accounting for multiple charter school or other program operations is necessary and is not used for external financial statement presentation.

E. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

F. In Lieu of Property Tax Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Environmental Charter Schools. Revenues are recognized by the Organization when earned.

G. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

H. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

I. Cash and Investments

Environmental Charter Schools considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents. The Organization's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

J. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Organization establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2024, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

K. Capital Assets

Environmental Charter Schools has adopted a policy to capitalize asset purchases over $5,000. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

M. Lease Arrangements

In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*, a new lease standard effective no later than the fiscal year 2022-23. Under FASB ASC 842, a right-of-use asset and a related lease liability must be recorded on the statement of financial position (balance sheet) for proper recognition of any operating lease. A right-of-use asset is an intangible asset that pertains to the lessee's right to occupy, operate, and hold a leased asset during the agreed rental period. A lease liability is the financial obligation for the payments required by the lease, discounted to present value.

N. Income Taxes

Environmental Charter Schools and Menlo Charter Properties are 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As an educational institution, Environmental Charter Schools is not required to register with the California Attorney General as a charity.

The Organization's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Organization's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

O. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents, as of June 30, 2024, consists of the following:

	Environmental Charter Schools	Menlo Charter Properties
Cash in banks	$ 3,472,020	$ 625,603
Cash with fiscal agent	-	2,085,193
Certificates of deposit	5,248,887	3,284,327
Total Cash and Cash Equivalents	$ 8,720,907	$ 5,995,123

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Cash in Banks

As of June 30, 2024, $1,402,748 of the Environmental Charter Schools's bank balance was exposed to custodial credit risk as there were deposits over $250,000 in accounts held at one or more banks. Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Environmental Charter Schools does not have a policy for custodial credit risk for deposits. The FDIC insures up to $250,000 per depositor per insured bank.

Cash with Fiscal Agent

The Organization maintains $2,085,193 of its cash with Wilmington Trust in money market investment funds. The cash with fiscal agent is specific to the educational facilities loan noted at Note 8. The amount represents either the remaining balance of proceeds received or deposits for debt payments which are limited in use for the payment of costs as specified under the debt's loan agreement. Cash with fiscal agents is carried at amortized cost on behalf of the Organization. These types of investments do not qualify as securities as defined in FASB ASB 820, *Investments – Debt and Equity Securities*, thus the fair value disclosures required by ASC 820 are not provided.

Certificates of Deposit

Certificates of deposit of $8,533,214 are carried at amortized cost and hold maturity dates of 90-days or less from June 30, 2024. These types of investments do not qualify as securities as defined in FASB ASB 820, *Investments – Debt and Equity Securities*, thus the fair value disclosures required by ASC 820 are not provided.

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. In accordance with *California Education Code* 47605, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Organization has made such election for each of its charter schools. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). Additionally, non-certificated employees for Charter No. 0353 are members of the California Public Employees' Retirement System (CalPERS). The Organization also offers an alternative plan to employees who may not qualify for CalSTRS or CalPERS.

California State Teachers' Retirement System (CalSTRS)

Plan Description
Environmental Charter Schools contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

Funding Policy
Active plan members are required to contribute 10.25% or 10.205% of their 2023-24 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2023-24 was 19.10% of annual payroll. The contribution requirements of the plan members are established by state statute. The Organization's contributions to CalSTRS for the year ended June 30, 2024 was $2,183,416; 100% of the required contribution.

On-Behalf Payments
The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Environmental Charter Schools is estimated at $970,422. The on-behalf payment amount is computed as the proportionate share of total 2022-23 State on-behalf contributions.

NOTE 11 – EMPLOYEE RETIREMENT PLANS (continued)

California Public Employees' Retirement System (CalPERS)

Plan Description
Environmental Charter Schools contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street; Sacramento, California 95814.

Funding Policy
Active plan members, who entered into the plan prior to January 1, 2013, are required to contribute 7.0% of their salary. The California Public Employees' Pension Reform Act (PEPRA), specifies that new members entering into the plan on or after January 1, 2013, shall pay the higher of fifty percent of normal costs or 8.0% of their salary. Additionally, for new members entering the plan on or after January 1, 2013, the employer is prohibited from paying any of the employee contribution to CalPERS unless the employer payment of the member's contribution is specified in an employment agreement or collective bargaining agreement that expires after January 1, 2013.

Environmental Charter Schools is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution for fiscal year 2023-24 was 26.68% of annual payroll. The contribution requirements of the plan members are established by state statute. The Organization's contributions to CalPERS for the year ended June 30, 2024 was $297,672; 100% of the required contribution.

Alternative Plan

As established by federal law, all public sector employees who are not members of their employer's existing retirement plan (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The Organization offers both social security and a 403(b) employee funded plan. All employees are eligible to participate in the plans. A participant of the 403(b) plan may make an election to defer compensation and have it contributed to this plan.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

Governmental Funds

Environmental Charter Schools has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Employee Retention Credit

Management deemed that the Organization was eligible for the Employee Retention Credit (ERC) under the CARES Act. The ERC is a refundable tax credit for certain employment taxes for eligible employers meeting certain criteria. The credit is claimed either by filing the original or adjusted employee tax return(s) with the Internal Revenue Service (IRS). The Organization received $2,503,672 plus interest from the IRS for payment of ERC. The IRS may review funding eligibility for compliance with program requirements. Management has determined that there would not be any material adverse effect if subject to IRS examination of the ERC.

NOTE 12 – COMMITMENTS AND CONTINGENCIES (continued)

Charter School Authorization

As mentioned in Note 1A, the charter schools operated by Environmental Charter Schools are approved to operate as a public charter school through authorization by the Lawndale Elementary School District and the Los Angeles County Office of Education. As such, the charter schools are subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code (EC) whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. Additionally, on July 10, 2023, the Governor of California approved Senate Bill 114 (SB 114), which amended California Education Code (EC) 47607.4. The EC was amended to add "all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year." As a result, the charter petition end dates are extended to the dates listed at Note 1A.

The Organization makes payments to the authorizing agencies to provide required services for oversight. Fees associated with oversight consisted of no more than 1% of revenue from local control funding formula sources. Total oversight fees amounted to $186,265 for the fiscal year ending June 30, 2024.

Multiemployer Defined Benefit Plan Participation

Under current law on multiemployer defined benefit plans, the Organization's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Organization to make payments to the plan, which would approximate the Organization's proportionate share of the multiemployer plan's unfunded vested liabilities. Refer to Note 13 for additional information on employee retirement plans.

Line of Credit

Environmental Charter Schools obtained a revolving line of credit with Beneficial State Bank in the amount of $600,000 that can be drawn upon from now until maturity of April 1, 2025. The Organization had no outstanding loan payable under this line of credit as of June 30, 2024.

Pending or Threatened Litigation

The Organization is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Organization as of June 30, 2024.

NOTE 13 – DONATED GOODS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Environmental Charter Schools in an effort to advance the Organization's programs and objectives. These services have not been recorded in the Organization's financial statements because they do not meet the criteria required by generally accepted accounting principles (GAAP). The Organization received $7,500 in donated legal services during the year ended June 30, 2024, which were valued at fair market value, and did meet the criteria under GAAP. The Organization did not receive any donated items during the year ended June 30, 2024.

NOTE 14 – INTERAGENCY ACTIVITY

As mentioned in Note 1A and B, Environmental Charter Schools and its subsidiary entities (Menlo Charter Properties and the LLCs) are considered financially interrelated under generally accepted accounting principles because of the statutory relationship. As such, interagency transactions and balances are eliminated in the consolidated financial statements of the Organization to better reflect the true activities of the corporation. Transactions during the fiscal year that were eliminated included lease payments recorded as a lease expense to the charter schools under Environmental Charter Schools and rental income to MCP. Additional information concerning the leased property is noted below.

Environmental Charter Schools entered into a lease agreements with each of the LLCs for use of facilities named under the educational facilities loan at Note 8. The agreements provide for varying monthly payments beginning May 2022 to March 2057. Future minimum lease payments under the agreement are directly associated with the principal and interest payments on the EFF loan.

Total rental income to MCP from Environmental Charter Schools amounted to $1,952,958 during the fiscal year. As part of the lease agreements, the charter schools holds a right-of-use asset of $40,185,200 and an operating lease liability of $39,677,569 and the difference of $507,631 is presented as deferred revenue for MCP. These transactions and balances have been presented as eliminations on the consolidating statement of financial statements.

At July 1, 2023, a prior period reclassification of $14,667 was booked to increase the beginning net assets balance for Menlo Charter Properties to properly allocate deferred revenue related to the lease agreement and implementation of ASC 842.

Also in the fiscal year ended June 30, 2024, Environmental Charter Schools received a donation of $650,000 for Environmental Charter High – Gardena (Charter No. 2098) that was passed-through to Menlo Charter Properties to directly use for this charter school's educational facilities.

NOTE 15 – SUBSEQUENT EVENTS

Environmental Charter Schools has evaluated subsequent events for the period from June 30, 2024 through December 9, 2024, the date the financial statements were available to be issued.

In October 2024, Menlo Charter Properties entered into a loan agreement with Equitable Facilities Fund, Inc. for additional debt authorized by CSFA for educational facilities. The loan proceeds amounted to $4,798,822, which includes $6,000,000 less a premium of $1,201,178. The loan matures on March 1, 2057. The proceeds were directly used to purchase property previously leased from a local church. Yukon LLC closed on the property in October 2024 for a sale price of $4,500,000.

Management did not identify any other transactions or events that require disclosure or that would have an impact on the financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Board of Directors of
Environmental Charter Schools
Redondo Beach, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of Environmental Charter Schools (the "Organization") as of and for the year ended June 30, 2024, and the related notes to the consolidated financial statements, which collectively comprise the Organization's financial statements and have issued our report thereon dated December 9, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditors' Report

To the Board of Directors of
Environmental Charter Schools
Redondo Beach, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Environmental Charter Schools's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Environmental Charter Schools's major federal programs for the year ended June 30, 2024. Environmental Charter Schools's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Environmental Charter Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Environmental Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of Environmental Charter Schools's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Environmental Charter Schools's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Environmental Charter Schools's compliance based on our audit.

Auditor's Responsibilities for the Audit of Compliance (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards,* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the report on compliance about Environmental Charter Schools's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Environmental Charter Schools's compliance with the compliance requirements referred to above and performing such procedures as we consider necessary in the circumstances.
- Obtain an understanding of Environmental Charter Schools's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances, and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Environmental Charter Schools's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Opinion on State Compliance

We have audited Environmental Charter Schools's compliance with the requirements specified in the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to Environmental Charter Schools's state program requirements for the fiscal year ended June 30, 2024. Reference to Environmental Charter Schools within this letter is inclusive of Charter No. 0535, No. 1204, No. 1501, and No. 2098.

In our opinion, Environmental Charter Schools complied, in all material respects, with the laws and regulations of the applicable state programs for the year ended June 30, 2024, as identified in the table in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Environmental Charter Schools and to meet certain ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance. Our audit does not provide a legal determination of Environmental Charter Schools's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Environmental Charter Schools's state programs.

Auditor's Responsibilities for the Audit for State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Environmental Charter Schools's compliance based on our audit.

Auditor's Responsibilities for the Audit for State Compliance (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the report on compliance about Environmental Charter Schools's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* and the K-12 Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Environmental Charter Schools's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Environmental Charter Schools's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Environmental Charter Schools's internal control over compliance. Accordingly, no such opinion is expressed; and
- Select and test transactions and records to determine Environmental Charter Schools's compliance with the state laws and regulations to the following items:

**The Expanded Learning Opportunities Program was only applicable to Charter No. 1204 and Charter No. 1501.*
***We did not perform testing of Nonclassroom-Based Instruction/Independent Study because ADA was not material.*

"Not applicable" is used in the table above to indicate that the charter schools either did not receive program funding or did not otherwise operate the program during the fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying consolidating financial statements of Environmental Charter Schools (the School), a California nonprofit public benefit corporation, which comprise the consolidating statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidating financial statements.

In our opinion, the consolidating financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Environmental Charter Schools and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note 1 to the consolidated financial statements, in 2023 the School adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-of-use asset and corresponding liability for all operating and finance leases with lease terms greater than one year. Our opinion is not modified with response to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the School's financial statements as a whole. The Environmental Charter High School, Environmental Charter High School Gardena, Environmental Charter Middle School Gardena, Environmental Charter Middle School Inglewood, Menlo Charter Properties, and Eliminations columns in the consolidating statements of financial position, activities, functional expenses, and cash flows as well as the supplementary information (as identified in the table of contents), and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and, except for the portion marked "unaudited", was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The Local Education Agency Organization Structure, which is marked "unaudited", has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated December 14, 2023 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Environmental Charter Schools (the School) is a California nonprofit benefit corporation under the laws of the state of California for the purpose of managing and operating public charter schools. The mission of the School is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. The School is economically dependent on state and federal funding.

The charters may be revoked by the Los Angeles County Office of Education and the Lawndale Elementary School District for material violations of the charter, failure to meet pupil outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law.

Menlo Charter Properties (Subsidiary) is a California nonprofit benefit corporation that operates exclusively for charitable and educational purposes by conducting or supporting activities for Environmental Charter Schools.

Basis of Accounting

The consolidating financial statements have been prepared on the accrual method of accounting, and accordingly reflect all significant receivables and liabilities.

Basis of Presentation

The accompanying consolidating financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board.

Principles of Consolidation

The accompanying consolidating financial statements include the accounts of the School and Menlo Charter Properties. A minority of the board members of the Subsidiary also serve on the board of the School. During the year ended June 30, 2023 the School leased middle school facilities located at 812 W. 165th Place, Gardena, California, 3600 W. Imperial Hwy, Inglewood, California, and high school facilities located at 2818 Manhattan Beach Blvd. Gardena, California, 16315 Grevillea Ave. Lawndale, California from the Subsidiary. All significant intercompany accounts and transactions between these entities have been eliminated in the consolidating financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

Costs of providing the School's programs and other activities have been presented in the consolidating statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The expenses that are allocated include salaries and wages, pension expense, other employee benefits, and payroll taxes which are allocated on the basis of estimates of time and effort. Additionally, office expenses, occupancy, travel, depreciation, and insurance expenses were allocated on the basis of estimated use.

Cash and Cash Equivalents

The School defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Accounts Receivable

Accounts receivable primarily represent amounts due from federal and state governments as of June 30, 2023. Management believes that all receivables are fully collectible, therefore no provisions for uncollectible accounts were recorded.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost, if purchased or at estimated fair value, if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the asset. Leasehold improvements are amortized over the lesser of their useful lives or the lease term.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Amounts received from the California Department of Education are conditional and recognized as revenue by the School based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restriction, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restriction.

Contributions

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the School has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2023, the School has conditional grants of $5,660,339 of which $3,757,999 is recognized as deferred revenue in the consolidating statement of financial position.

Contributed Assets and Services

Contributions of donated noncash assets are recorded at fair value in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at fair values in the period received.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the School is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as a liability of the School. Employees of the School are paid for days or hours worked based upon Board approved schedules which include vacation. Sick leave is accumulated without limit for each employee at the equivalent rate of one day or each full month of service however, sick pay is not paid out.

Income Taxes

The School and its Subsidiary are nonprofit entities exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The School files an exempt organization return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Allocations Between Charter Schools

For the year ended June 30, 2023, the School has chosen to identify each charter school separately within the basic financial statements. In cases where specific identification of each charter's activities was not possible, items were allocated according to average daily attendance (ADA).

Leases

The School leases school facilities, office facilities, and equipment. The School determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, and operating lease liabilities on the statement of financial position. Finance leases are included in financing ROU assets, and lease liabilities – financing on the statement of financial position.

ROU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. As most of leases do not provide an implicit rate, the School uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the School will exercise that option. The School has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the statement of financial position.

The School has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component.

In evaluating contracts to determine if they qualify as a lease, the School considers factors such as if the School has obtained substantially all of the rights to the underlying asset through exclusivity, if the School can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

Adoption of New Accounting Standards

In February 2016, the FASB issued Accounting Standards Update 2016-02, *Leases* (ASC 842). The new standard increases transparency and comparability among organizations by requiring the recognition of ROU assets and lease liabilities on the consolidated statement of financial position. Most prominent of the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

The School adopted the requirements of the guidance effective July 1, 2022 and has elected to apply the provisions of this standard to the beginning of the period of adoption with certain practical expedients available.

The School has elected to adopt the package of practical expedients available in the year of adoption. The School has elected to adopt the available practical expedient to use hindsight in determining the lease term and in assessing impairment of the School's ROU assets.

The School elected the available practical expedients to account for existing capital leases and operating leases as finance leases and operating leases, respectively, under the new guidance, without reassessing (a) whether the contracts contain leases under the new standard, (b) whether classification of capital leases or operating leases would be different in accordance with the new guidance, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standards

As a result of the adoption of the new lease accounting guidance, the School recognized on July 1, 2022 a ROU asset at the carrying amount of the operating lease asset of $8,952,925. The School also recognized on July 1, 2022 a lease liability of $8,952,925, which represents the present value of the remaining finance lease payments discounted using a risk free rate ranging from 2.96% to 4.18%.

Evaluation of Subsequent Events

The School has evaluated subsequent events through December 14, 2023, the date these consolidating financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date. Financial assets available for general expenditures as of June 30, 2023 were composed of the following:

Cash and Cash Equivalents	$ 15,343,475
Accounts Receivable - Federal and State	6,381,349
Accounts Receivable - Other	123,967
Less: Net Assets With Donor Restriction	(27,182)
Financial Assets Available for General Expenditure	$ 21,821,609

As part of its liquidity management plan, the School monitors liquidity required and cash flows to meet operating needs on a monthly basis. The School structures its financial assets to be available as general expenditures, liabilities and other obligations come due.

NOTE 3 CONCENTRATION OF CREDIT RISK

The School maintains cash balances held in banks which are insured up to $250,000 by the Federal Depository Insurance Corporation (FDIC). At times, cash in these accounts exceeds the insured amounts. The School has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash and cash equivalents.

NOTE 4 PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment in the accompanying consolidating financial statements are presented net of accumulated depreciation. The School capitalizes all expenditures for land, buildings, and equipment in excess of $5,000. Depreciation expense was $494,678 for the year ended June 30, 2023.

The components of property, plant, and equipment as of June 30, 2023 are as follows:

NOTE 5 LONG-TERM DEBT

Notes Payable – Menlo Charter Properties

In July 2020 Menlo Charter Properties obtained a Small Business Administration (SBA) Economic Injury Disaster loan from a local financial institution in the amount of $150,000. The loan is to be used as working capital to alleviate economic injury caused by disaster occurring in the month of January 2020 and continuing thereafter. NOTE 8 LEASES – ASC 842

The School leases equipment as well as certain school and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2057. In the normal course of business, it is expected that these leases will be renewed or replaced by similar leases. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases. Additionally, the agreements generally require the School to pay real estate taxes, insurance, and repairs. Some lease agreements also require the School to comply with certain covenants and to maintain certain financial ratios. As of June 30, 2023, the School believes it was in compliance with all ratios and covenants.

NOTE 8 LEASES – ASC 842 (CONTINUED)

The following table provides quantitative information concerning the School's leases for the year ended June 30, 2023:

NOTE 10 CONTINGENCIES, RISKS AND UNCERTAINTIES

The School has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

NOTE 11 EMPLOYEE RETENTION CREDIT

Grants from the government are recognized when all conditions are fulfilled or there is reasonable assurance that they will be fulfilled. During the year ended June 30, 2023, the School received the Employee Retention Credit (ERC) from the Internal Revenue Service (IRS) in the amount of $2,503,672 plus interest of $104,765 in compliance with the program. The IRS may review funding eligibility for compliance with program requirements. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; however, management is of the opinion that any review will not have a material adverse impact on the School's financial position.

PURPOSE OF SCHEDULES

NOTE 1 SCHEDULE OF INSTRUCTIONAL TIME

This schedule presents information on the amount of instructional time offered by the School and whether the School complied with the provisions of California Education Code.

NOTE 2 SCHEDULE OF AVERAGE DAILY ATTENDANCE

Average daily attendance is a measurement of the number of pupils attending classes of the School. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels.

NOTE 3 RECONCILIATION OF ANNUAL FINANCIAL REPORT WITH AUDITED FINANCIAL STATEMENTS

This schedule provides the information necessary to reconcile the net assets of the charter schools as reported on the Annual Financial Report form to the audited consolidating financial statements.

NOTE 4 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the School under programs of the federal governmental for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance.

Because the Schedule presents only a selected portion of operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

NOTE 5 INDIRECT COST RATE

The School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Environmental Charter Schools
Lawndale, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America, the consolidating financial statements of Environmental Charter Schools (the School), a nonprofit California public benefit corporation, which comprise the consolidating statement of financial position as of June 30, 2023, and the related consolidating statements of activities, cash flows, and functional expenses for the year then ended, the related notes to the consolidating financial statements, and have issued our report thereon dated December 14, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidating financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidating financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's consolidating financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidating financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Environmental Charter Schools
Lawndale, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Environmental Charter Schools' (the School) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2023. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements*, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School's federal programs.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Environmental Charter Schools internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE AND REPORT ON INTERNAL CONTROL OVER STATE COMPLIANCE

Report on Compliance

Opinion on State Compliance

We have audited Environmental Charter Schools's (the School) compliance with the types of compliance requirements applicable to the School described in the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel for the year ended June 30, 2023. The School's applicable State compliance requirements are identified in the table below.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that are applicable to the School for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's state programs.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying consolidating financial statements of Environmental Charter Schools (the School), a California nonprofit public benefit corporation, which comprise the consolidating statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidating financial statements.

In our opinion, the consolidating financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Environmental Charter Schools and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the School's financial statements as a whole. The Environmental Charter High School, Environmental Charter High School Gardena, Environmental Charter Middle School Gardena, Environmental Charter Middle School Inglewood, Menlo Charter Properties, and Eliminations columns in the consolidating statements of financial position, activities, functional expenses, and cash flows as well as the supplementary information (as identified in the table of contents), and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the financial statements.

Such information is the responsibility of management and, except for the portion marked “unaudited”, was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The Local Education Agency Organization Structure, which is marked “unaudited”, has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated January 26, 2023 on our consideration of the School’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School’s internal control over financial reporting and compliance

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Environmental Charter Schools (the School) is a California nonprofit benefit corporation under the laws of the state of California for the purpose of managing and operating public charter schools. The mission of the School is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. The School is economically dependent on state and federal funding.

The charters may be revoked by the Los Angeles County Office of Education and the Lawndale Elementary School District for material violations of the charter, failure to meet pupil outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law.

Menlo Charter Properties (Subsidiary) is a California nonprofit benefit corporation that operates exclusively for charitable and educational purposes by conducting or supporting activities for Environmental Charter Schools.

Basis of Accounting

The consolidating financial statements have been prepared on the accrual method of accounting, and accordingly reflect all significant receivables and liabilities.

Basis of Presentation

The accompanying consolidating financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board.

Principles of Consolidation

The accompanying consolidating financial statements include the accounts of the School and Menlo Charter Properties. A minority of the board members of the Subsidiary also serve on the board of the School. During the year ended June 30, 2022 the School leased middle school facilities located at 812 W. 165th Place, Gardena, California, 3600 W. Imperial Hwy, Inglewood, California, and high school facilities located at 2818 Manhattan Beach Blvd. Gardena, California from the Subsidiary. All significant intercompany accounts and transactions between these entities have been eliminated in the consolidating financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

Costs of providing the School's programs and other activities have been presented in the consolidating statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The expenses that are allocated include salaries and wages, pension expense, other employee benefits, and payroll taxes which are allocated on the basis of estimates of time and effort. Additionally, office expenses, occupancy, travel, depreciation, and insurance expenses were allocated on the basis of estimated use.

Cash and Cash Equivalents

The School defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Accounts Receivable

Accounts receivable primarily represent amounts due from federal and state governments as of June 30, 2022. Management believes that all receivables are fully collectible, therefore no provisions for uncollectible accounts were recorded.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost, if purchased or at estimated fair value, if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the asset. Leasehold improvements are amortized over the lesser of their useful lives or the lease term.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Amounts received from the California Department of Education are conditional and recognized as revenue by the School based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restriction, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restriction.

Contributions

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the School has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2022, the School has conditional grants of $5,827,589 of which $1,128,648 is recognized as deferred revenue in the consolidating statement of financial position.

Contributed Assets and Services

Contributions of donated noncash assets are recorded at fair value in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at fair values in the period received.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the School is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as a liability of the School. Employees of the School are paid for days or hours worked based upon Board approved schedules which include vacation. Sick leave is accumulated without limit for each employee at the equivalent rate of one day or each full month of service however, sick pay is not paid out.

Income Taxes

The School and its Subsidiary are nonprofit entities exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The School files an exempt organization return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Allocations Between Charter Schools

For the year ended June 30, 2022, the School has chosen to identify each charter school separately within the basic financial statements. In cases where specific identification of each charter's activities was not possible, items were allocated according to average daily attendance (ADA).

Evaluation of Subsequent Events

The School has evaluated subsequent events through January 26, 2023, the date these consolidating financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date. Financial assets available for general expenditures as of June 30, 2022 were composed of the following:

Cash and Cash Equivalents	$ 12,696,817
Accounts Receivable - Federal and State	6,339,490
Accounts Receivable - Other	137,747
Less: Net Assets With Donor Restriction	(43,264)
Financial Assets Available for General Expenditure	$ 19,130,790

As part of its liquidity management plan, the School monitors liquidity required and cash flows to meet operating needs on a monthly basis. The School structures its financial assets to be available as general expenditures, liabilities and other obligations come due.

NOTE 3 CONCENTRATION OF CREDIT RISK

The School maintains cash balances held in banks which are insured up to $250,000 by the Federal Depository Insurance Corporation (FDIC). At times, cash in these accounts exceeds the insured amounts. The School has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash and cash equivalents.

NOTE 4 PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment in the accompanying consolidating financial statements are presented net of accumulated depreciation. The School capitalizes all expenditures for land, buildings, and equipment in excess of $5,000. Depreciation expense was $491,794 for the year ended June 30, 2022.

The components of property, plant, and equipment as of June 30, 2022 are as follows:

The loan carries an annual interest rate of 2.75%, requires monthly payments of principal and interest starting in January 2023 and matures in July 2050. At June 30, 2022 the outstanding balance on this loan was $150,000.

NOTE 5 LONG-TERM DEBT (CONTINUED)

Notes Payable – Menlo Charter Properties (Continued)

In October 2020 Menlo Charter Properties obtained a loan from Beneficial State Bank in the amount of $4,600,000 to pay off existing debt. The loan carries an interest rate of 4.10% and requires monthly payments of $23,347 with a balloon payment for the remaining balance on December 18, 2030. This loan was paid off during the year ended June 30, 2022.

In March 2021 Menlo Charter Properties obtained a loan from Pacific Charter School Development Inc. to make improvements to its properties for health and safety reasons as a result of COVID-19 pandemic. The principal amount borrowed was $50,000 at zero percent interest. This loan was paid off during the year ended June 30, 2022.

In March 2022, Menlo Charter Properties entered into a loan agreement with California School Finance Authority and Equitable Facilities Fund, Inc. For the construction of a charter school facility. The principal amount borrowed is $27,782,757, carries an interest rate of 5% per annum, and matures in March 2057. The loan requires monthly payments of principal and interest in accordance with a repayment schedule contained within the loan documents. At June 30, 2022 the outstanding balance on this loan was $27,758,054.

Notes Payable – Environmental Charter Schools

On May 5, 2020 the School received a loan from Beneficial State Bank in the amount of $2,280,594 to fund payroll, rent, utilities, and interest on mortgages and existing debt through the Paycheck Protection Program (the PPP Loan). The original loan agreement was written prior to the PPP Flexibility Act of 2020 (June 5) and was due over 24 months deferred for six months. Subsequent to this, the law changed the loan deferral terms retroactively. The PPP Flexibility Act and subsequent regulations supersede the loan agreement. The PPP Loan bears interest at a fixed rate of 1.0% per annum, with the first six months of interest deferred, has a term of two years, and is unsecured and guaranteed by the U.S. Small Business Administration. Payment of principal and interest is deferred until the date on which the amount of forgiveness is remitted to the lender or, if the organization fails to apply for forgiveness within ten months after the covered period, then payment of principal and interest shall begin on that date. These amounts may be forgiven subject to compliance and approval based on the timing and use of these funds in accordance with the program.

To the extent that all or part of the PPP Loan is not forgiven, the School will be required to pay interest on the PPP Loan at a rate of 1.0% per annum, and commencing in August 2021 principal and interest payments will be required through the maturity date in May 2022. In July 2021, the PPP loan principal amount of $2,280,594 along with accrued interest was forgiven by the financial institution and U.S. Small Business Administration (SBA).

The SBA may review funding eligibility and usage of funds for compliance with program requirements based on dollar thresholds and other factors. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; however, management is of the opinion that any review will not have a material adverse impact on the School's financial position.

PURPOSE OF SCHEDULES

NOTE 1 SCHEDULE OF INSTRUCTIONAL TIME

This schedule presents information on the amount of instructional time offered by the School and whether the School complied with the provisions of California Education Code.

NOTE 2 SCHEDULE OF AVERAGE DAILY ATTENDANCE

Average daily attendance is a measurement of the number of pupils attending classes of the School. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels.

NOTE 3 RECONCILIATION OF ANNUAL FINANCIAL REPORT WITH AUDITED FINANCIAL STATEMENTS

This schedule provides the information necessary to reconcile the net assets of the charter schools as reported on the Annual Financial Report form to the audited consolidating financial statements.

NOTE 4 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the School under programs of the federal governmental for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance.

Because the Schedule presents only a selected portion of operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

NOTE 5 INDIRECT COST RATE

The School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Environmental Charter Schools
Lawndale, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America, the consolidating financial statements of Environmental Charter Schools (the School), a nonprofit California public benefit corporation, which comprise the consolidating statement of financial position as of June 30, 2022, and the related consolidating statements of activities, cash flows, and functional expenses for the year then ended, the related notes to the consolidating financial statements, and have issued our report thereon dated January 26, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidating financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidating financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the consolidating financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's consolidating financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidating financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Environmental Charter Schools
Lawndale, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Environmental Charter Schools' (the School) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2022. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements*, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School's federal programs.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Environmental Charter Schools internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Directors
Environmental Charter Schools
Lawndale, California

Report on Compliance

Opinion on State Compliance

We have audited Environmental Charter Schools (the School) compliance with the types of compliance requirements described in the *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel for the year ended June 30, 2022. The School's State compliance requirements are identified in the table below.

In our opinion, the School complied with the laws and regulations of the state programs referred to above in all material respects for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel. Our responsibilities under those standards and *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's state programs.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to below occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Appeals Panel will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to below and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

academic progress. For Math, the school made significant gains during the 2022–23 school year, followed by strong improvement in 2023–24. Given the substantial increase in the prior year, achieving comparable gains in 2024–25 proved challenging, and overall performance remained flat. This outcome may be partially attributed to instructional continuity challenges during the school year. In response, the school has strengthened data analysis practices and implemented targeted math interventions, with a particular focus on accelerating growth for students with disabilities to address progress toward the 2024–25 goal.

Data Context for II.2.c: Although ECMS-I continues to make steady progress toward IEP goal attainment, growth has been incremental due to several contributing factors. These include significant staffing transitions, with approximately 75% turnover among special education teachers, the addition of a new special education site coordinator, and the need to strengthen systems for consistent data capture and progress monitoring. Current efforts are focused on targeted professional development, expanded small-group interventions, continued implementation of aligned math and literacy frameworks, and strengthening collaboration among general education teachers, education specialists, paraeducators, and related service providers to better align IEP goals with classroom instruction.				
II.2.d Interdisciplinary Benchmarks (IBMs) Students will synthesize information from the English, math, history and science disciplines to answer essential and guiding questions using big ideas. Each cohort's average score on Critical Thinking will improve annually by 2% as measured on Interdisciplinary Benchmark Individual Unit Exams Method of measurement will be ECMS-I administrators and ECS staff annual review of IBM Critical Thinking standard scores. Data Context for II.2.d: The decline in proficiency for the Class of 2024 reflects the increased critical thinking and interdisciplinary demands introduced in 8th grade. In contrast, the Class of 2025 showed strong growth, increasing from 25% to 55% proficiency, likely due to sustained exposure to the IBM process and targeted instructional strategies over multiple years. This trend highlights the need for continued scaffolding and support as students build toward the analytical expectations of IBM assessments.

	24-25	94.5%. Up from 94.3% in 23-24	No	
Data Context for ADA: ECMS-I is making steady progress toward maintaining a 95% ADA post-pandemic. The school has implemented personalized attendance interventions with students and families, alongside advisory-based incentives and student recognition to promote consistent attendance. Ongoing monitoring of attendance data allows the school to identify students experiencing chronic absenteeism and provide specialized support and intervention plans, while external factors such as ICE activity in the community and lingering cold and flu viruses have also impacted attendance trends.

Data Context for African American Applicants: Prior to the pandemic, the school made consistent progress toward this goal. After the pandemic, there was a decline that led the school to adjust its outreach strategies. These efforts have resulted in a 5% increase in African American applicants for two consecutive years.

Board Meeting – February 10, 2026

Item VII. Recommendation / Public Hearing

A. Adopt the Superintendent's Recommendation to Authorize Renewal Petition for *Magnolia Science Academy 5, Grades 6-12* with Attached Report

a. Staff Findings on the Renewal Petition for *Magnolia Science Academy 5, Grades 6-12,* Pursuant to Education Code Sections 47605, 47607 , 47607.2, and LACOE Board Policy.

The Magnolia Science Academy 5 (MSA-5) renewal petition is presented to the Los Angeles County Board of Education (County Board) pursuant to Education Code (EC) 47605, 47607, and 47607.2. The renewal process requires the authorizer to evaluate both the past performance of the charter school and whether the renewal petition meets the criteria for approval. MSA-5 is currently authorized by the Los Angeles County Board of Education.

Charter renewal is governed by EC 47605, 47607, and 47607.2 and the California Code of Regulations, Title 5 (5 CCR) 11966.4 and 11966.5. The California Department of Education has designated MSA-5 as a middle performing school. As such, EC 47607(c)(2) and 47607.2(a) do not apply. Critical components of the applicable laws are as follows:

EC 47607(c)(1) sets an additional criterion for determining whether to grant a charter renewal, the charter authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

EC 47607(e) Notwithstanding subdivisions (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d).

EC 47607.2(b) and LACOE Board Policy state, in relevant part:

(1) for all charter schools for which paragraph (2) of subdivision (c) of Section 47607 and subdivision (a) of this section do not apply, the chartering authority shall consider the schoolwide

performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 and the performance of the charter school on the local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.

(3) In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(4) Subparagraphs (A) and (B) of paragraph (3) shall be demonstrated by verified data, as defined in subdivision (c).

Verified data is defined as data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced.

5 CCR 11966.5(c)(1-2) provides the considerations and criteria to be used by a county board for making a determination as to whether to renew a charter:

(1) When considering a petition for renewal, the county board of education shall consider the past performance of the school's academics, finances, and operation in evaluating the likelihood of future success, along with future plans for improvement, if any.

(2) The county board of education may deny a petition for renewal of a charter school only if [it] makes written factual findings, specific to the particular petition, setting forth facts to support one or more of the grounds for denial set forth, as applicable, in ***EC* 47605(c) or failure to meet one of the criteria set forth in *EC* section 47607**. (Emphasis added)

EC 47607(a)(5)(b) states that renewals of charters are governed by the standards and criteria in EC 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new

requirement of charter schools enacted into law after the charter was originally granted or last renewed.

EC 47605(c) requires a governing board to be guided by the intent of the legislature that charter schools should become an integral part of the education system and that a charter be granted if the governing board is satisfied that granting the charter is consistent with sound educational practice.

EC 47605(c) further states that a governing board may only deny a petition if it provides written factual findings specific to the petition that supports one or more of the following findings:

(1) The charter school presents an unsound educational program.

(2) The petitioners are demonstrably unlikely to successfully implement the program.

(3) The petition does not contain the required number of signatures. (*Not applicable to a renewal petition*)

(4) The petition does not contain an affirmation of specified assurances.

(5) The petition does not contain reasonably comprehensive descriptions of 15 required elements of a charter.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purpose of Chapter 10.7.

The County Board shall evaluate the petition according to the criteria and procedures established in law and may only deny the petition if it provides written findings addressing the reasons for the denial.

A summary of key findings is presented through the table on the following page.

The complete report on the written findings of fact is incorporated here and follows below.

LACOE staff will present the report to the County Board.

1. **By March 2, 2026,** the School shall submit to the Los Angeles County Office of Education (LACOE) the signed Monitoring and Oversight Memorandum of Understanding (MOU) following approval by the school's governing board.

2. **By July 1, 2026,** By July 1, 2026, Magnolia Public Schools (MSA 5) shall submit to LACOE the following:

   Budget and Financial Projections

   Submit a revised 2026-27 budget and multi-year projections for fiscal years 2027-28 and 2028-29 based on reasonable assumptions and aligned with the school's enrollment trend.

   a. A 2026-27 Position Control Budget, detailing all salaries and benefits to accompany the budget.

   b. Effective July 1, 2026, the charter shall comply with the BAS Annual Bulletin requirements for financial submissions.

3. **Charter Management Organization**

   During the term of the charter, the CMO fee shall not exceed 15 percent of the school's revenue, defined as the amount received in the current fiscal year from the Local Control Funding Formula, as calculated pursuant to Education Code Section 42238.02 and implemented by Education Code Section 42238.03.

   a. MERF allocates 3.03 percent CMO fee to MSA-5's total revenues to cover the cost of services provided by MERF.

   b. The CMO fee allocation shall be the lesser of 3 or 3(a) during the charter's authorization.

   c. Annual documentation submitted for the CMO fee must include:

i. The Home Office (MERF) Budget, including the position control budget.

ii. An Excel File with calculations for the CMO fee allocation and any written CMO plan or agreement.

iii. Details for total Home Office (MERF) Expenditure Allocation (CMO fees) distributed across all Magnolia Public charter schools.

4. **Fiscal Policy Review and Revision**

   By September 30, 2026, review, update, and submit a revised board-approved (Fiscal Policy) to comply with applicable laws, LACOE policies and procedures, and address the deficiencies in the "Investments" section.

5. **STRS/PERS Contribution Reserve**

   By September 30, 2026, the School will receive an invoice equal to two months of estimated STRS/PERS contributions. LACOE will retain these funds to cover STRS/PERS obligations should the charter be unable to meet its contribution requirements. At the end of each fiscal year, LACOE will reconcile actual contributions and issue an invoice for any additional amount necessary to maintain the two-month reserve.

If any part or sub-part of conditions one (1) through five (5) is not met by the date specified, the Superintendent will notify the County Board at a regularly scheduled meeting. Failure to meet any of the conditions by the specified timeline is grounds for terminating authorization.

Terminating authorization of the charter is considered a denial.

Staff Findings on the Renewal Petition for *Magnolia Science Academy 5 Charter School,* Grades 6-12

LOS ANGELES COUNTY OFFICE OF EDUCATION RECOMMENDATION

The Los Angeles County Office of Education (LACOE) Charter School Review Team (Review Team) finds that *Magnolia Science Academy 5 Charter School (MSA-5)* meets the criteria for renewal. The charter school has made sufficient progress toward meeting standards, presents a sound educational program, and is likely to successfully implement the educational program. The petition also contains the affirmations required by Education Code section 47605(e). Lastly, there is not evidence of problematic fiscal or governance factors or that the School is not serving all pupils.

Written factual findings specific to this petition along with supporting evidence are presented in the Finding of Facts section of this report. A de novo review of the petition for Finding 2 through 7 can be found in Appendix A.

BACKGROUND INFORMATION

The petition for *MSA-5* is to renew the charter for a grades 6-12 school. This petition was submitted to the Los Angeles County Board of Education (County Board) on November 21, 2025. The School is located at 18238 Sherman Way, Reseda, California, and is within the geographic boundaries of the Los Angeles Unified School District.

MSA-5 first submitted a petition to the County Board on November 9, 2017. The County Superintendent's recommendation to grant the appeal was adopted by the County Board on January 23, 2018. The County Board authorized MSA-5 for a five-year term commencing on July 1, 2018, and ending on June 30, 2023. Due to legislative changes after the COVID-19 pandemic, the School's charter term was automatically extended to June 30, 2026.

MSA-5 is one (1) of eleven (11) schools currently operated by the 501(c)(3) nonprofit public benefit corporation Magnolia Educational and Research Foundation (MERF) which does business as Magnolia Public Schools (MPS). This charter management organization (CMO) has eight (8) schools in Los Angeles County, two (2) in Orange County, and one (1) in San Diego County.

Mission and Vision: The petition states the Charter School's mission is as follows: "Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide high quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others."

The School's vision is as follows: "Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming ideas with creative thinking, effective communication, and the rigor of science."

Students Served by the School: MSA-5 serves students in grades 6-12, and the petition states enrollment is drawn mainly from the city of Reseda and its neighboring communities.

The 2024-25 enrollment at MSA-5 was approximately 218 students, with the following demographics: 83.9% Hispanic or Latino; 6% White; 4.6% Asian; 2.3% Filipino; 1.8% African American or Black; 0.9%

American Indian; and 0.5% Two or More Races; 83% Socioeconomically Disadvantaged Students (SED); 28.4% English Learners (ELs); 21.1% Students with Disabilities (SWD); 10.3% Long-Term English Learners (LTELs) 3.7% Homeless Youth (HY) and 0.5% Foster Youth (FY).

LOS ANGELES COUNTY OFFICE OF EDUCATION REVIEW PROCESS

The Charter School Review Team (Review Team) considered the petition according to the requirements of the *Education Code* (*EC*) and other pertinent laws, guidance established in the *California Code of Regulations* Title 5, County Board Policy and Administrative Regulations.[1]

LACOE has adopted the petition review criteria established in 5 *CCR* section 11967.5.1(a-g) except where LACOE determined that the regulations provide insufficient direction or where they are not

[1] Words in italics indicate a direct reference to the language in these documents.

applicable because the structure or responsibility of the County Board and LACOE differ from those of the State Board of Education (SBE) and the California Department of Education (CDE). In these instances, LACOE developed its own local review criteria or added criteria to those developed by CDE to reflect the needs of the County Board as the authorizer and LACOE as the monitoring and oversight agency. These local criteria do not conflict with statute.

A more detailed description of the LACOE petition renewal process can be found in Appendix B.

CHARTER RENEWAL ELIGIBILITY

Statutory Framework and Criteria for Renewal[2]

All charter schools requesting renewal must clearly show that they meet eligibility requirements set forth in the Charter Schools Act and further defined in AB 1505. Depending on the findings adopted by the County Board, a charter may be renewed or denied renewal based on these criteria found in *EC* 47605, 47607, 47607.2 and LACOE Board Policy:

1. Does the petition and the supporting documentation reflect a sound educational program for pupils? Are the petitioners likely to successfully implement the program set forth in the petition? Does the petition contain a reasonably comprehensive description of all required elements and affirm the conditions of *EC* 47605(e)?
2. Is the charter eligible for renewal under the High, Middle, or Low performing category and has the charter provided an argument with sufficient evidence that it has attained the criteria for renewal under that category? Has the charter attained measurable increases in academic achievement schoolwide and for numerically significant subgroups[3] served by the charter school, and if applicable, does the school have strong postsecondary outcomes?
3. Does the charter school have discriminatory enrollment or dismissal practices? Does the charter have substantial fiscal or governance issues?

MSA-5 is designated as Middle Performing under EC 47607.2(b) and LACOE Board Policy for evaluation purposes[4]

Middle Performing *EC* 47607.2(b)/LACOE Board Policy

The school was not found eligible for high performing under *EC* 47607(c) nor low performing under *EC* 47607.2(a); therefore, the chartering authority:

1. Shall consider schoolwide performance and performance of all subgroups on the Dashboard, while providing greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal
2. Shall also consider clear and convincing evidence with verified data showing either:
    1. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

       OR

[2] The full renewal criteria can be found in Appendix B.
[3] Numerically significant subgroup (student group) for a charter school is defined as a student group with 30 or more students in the technical guide of the California Dashboard.
[4] Source: CDE Charter Schools Performance Category Data Files
https://www.cde.ca.gov/sp/ch/performcategorydf.asp Retrieved 11-16-24

2. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Note: An Authorizer may only deny pursuant to EC 47607.2(b) upon making written findings that:

(1) The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school;

AND

(2) Closure is in the best interest of the pupils;

AND

(3) The decision provided greater weight to the performance on measurements of academic performance.

Written factual findings specific to this petition along with supporting facts are presented in the next section of this report.

LOS ANGELES COUNTY OFFICE OF EDUCATION FINDINGS OF FACT

Finding 1: The Charter School met the renewal criteria specified in EC 47607.2(b) and LACOE Board Policy.

MSA-5 was placed in the Middle performance category by the California Department of Education (CDE). As such, the schoolwide performance and performance of all student groups on state indicators were considered along with the school's performance on local indicators [*EC* 47607.2(b)(1)].

In addition, verified data submitted by the Charter School was reviewed in alignment with the language previously set forth in *EC* 47607.2(c) and in current LACOE Board Policy.

In reviewing the schoolwide performance and the performance of all numerically significant student groups on the California School Dashboard and the verified data provided by the Charter School, MSA-5 has provided clear and convincing evidence that the School has made one year's progress through their California Dashboard indicators and Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) data as analyzed on page 6.

As a grades 6-12 charter school, the California School Dashboard for MSA-5 consists of the following indicators: academic performance on the California Assessment of Student Performance and Progress (CAASPP) in English Language Arts (ELA) and Mathematics (Math); English Learner Progress Indicator (ELPI); College/Career Indicator (CCI); Chronic Absenteeism Indicator; Graduation Rate Indicator; Suspension Rate Indicator; and Local Indicators. The School has the following numerically significant student groups for one or more indicator: Hispanic, SED, SWD, and EL.

MSA-5 uses NWEA MAP assessments for grades 6-11 to show one year's progress. Extensive data tables for the California School Dashboard indicators and NWEA MAP data are available in Appendix C.

Academic Performance Indicators on the California School Dashboard Compared to State

Tables 4 and 5 show the Charter School's academic performance in ELA and Math. MSA-5 has outperformed the state averages in Distance from Standard (DFS) in ELA for two (2) of the past three (3) years for All Students and the majority of numerically significant student groups. MSA-5 failed to meet

the state averages in DFS in Math for two (2) of the past three (3) years for All Students and the majority of numerically significant student groups.

The School has outperformed the state's DFS for All Students and the majority of numerically significant student groups for the two (2) of the past three (3) years in ELA. Further, despite not meeting this metric in 2024, MSA-5 outperformed the state in all numerically significant student groups with only the All Students group falling below the state's DFS average.

Table 4: MSA-5 ELA Distance from Standard Compared to the State

	2023	2024	2025
Indicator	ELA

English Learners	Higher	Higher	Higher
LTELs	—	Higher	Higher
Socioeconomically Disadvantaged	Higher	Higher	Higher

Are all students and the majority of the numerically significant student groups performing at or above the state's DFS?	YES	NO	YES
Comprehensive ELA Dashboard data including student groups and state comparison is available in Appendix C (Tables C5, C6, C7)			

The School failed to meet the state's DFS for All Students and the majority of numerically significant student groups for the two (2) of the past three (3) years in math. In 2023, despite not meeting this metric, MSA-5 outperformed the State in all numerically significant student groups with only the All Students group falling below the state's DFS average. Additionally, most recently in 2025, the School outperformed the State's DFS average for all students and all numerically significant student groups.

Comprehensive Math Dashboard data including student groups and state comparison is available in Appendix C (Tables C8, C9, C10)			

The California Dashboard data for ELA and Math only shows evidence of strong academic achievement in ELA with mixed results in Math. Therefore, the School's verified data, NWEA Measures of Academic Progress (NWEA MAP), was reviewed. Even though the reading data was not needed due to the strong ELA outcomes on the CA Dashboard, it is included in the tables and analyzed below. To demonstrate one year's progress, each student group's Cognitive Growth Index (CGI) must be greater than or equal to -0.2. The NWEA MAP data is disaggregated by grade level for all students tested and numerically significant student groups as defined by the publisher (student groups with 10 or more students) for Reading, and Math. Of note, the School only administers the NWEA MAP test to grades 6-11. Therefore, data is available for a maximum of six grade levels.

In addition to reviewing CGI data, student participation rates on benchmark assessments were considered. The publisher has indicated that it is unable to calculate participation rates, therefore the charter office has established a protocol to estimate the participation rate using the stability rate report from Data Quest and the number of students the school tested. These numbers are compared to the participation rate provided by the school to determine validity. These rates have been determined as valid. The participation rates of students taking NWEA MAP assessments provided by the school for the last three (3) years met the 95% participation rate.

Table 6 shows a three-year summary for Reading and Math. It shows that MSA-5 demonstrated sufficient student growth for the majority of tested subjects for all three (3) years. The Review Team considered the verified data results as clear and convincing evidence that students were sufficiently achieving at least one year of academic growth per year of instruction. Detailed data is shown in Appendix C.

Table Legend for NWEA MAP Tables
Green cell indicates a majority of grade levels for the student group has met the minimum requirement for one year's growth, CGI $\geq$ - 0.2
Red cell indicates a majority of grade levels for the student group have not met the minimum requirement for one year's growth, CGI $<$ - 0.2
Gray cell indicates there were insufficient amounts of data for most grade levels, making the group insufficiently comparable to other groups
Data reflects grade levels with ten or more students with data in that student group.

++Given that participation rates are derived locally and are not calculated by the assessment publisher, and that such calculations do not fully account for student mobility and transiency, the Review Team considered a reasonable margin of error when evaluating participation rates.

The remaining Academic Indicators on the Dashboard are the CCI and the ELPI. Table 7 represents ELPI data and shows that MSA-5 has outperformed the State all three (3) years. While LTELs are not a

numerically significant student group, the School also outperformed the State for the two (2) years that this group has been included in the California dashboard data.

Table 8 represents the School's performance on CCI. The remaining Dashboard indicators include Graduation Rate, Chronic Absenteeism Rate, Suspension Rate, and Local Indicators.

To attain measurable increases for renewal in areas of chronic absenteeism and suspension rate, the majority of the numerically significant student groups must be the same or lower than the State.

Table 10 shows that for Chronic Absenteeism, MSA-5 has not outperformed the State for All Students or any student groups in the three past years. Despite this, the school has shown a decline in chronic absenteeism from 2023 to 2025 in All Students and all numerically significant student groups. Chronic absenteeism is a current focus in the School's Local Control and Accountability Plan.

Analysis of enrollment data obtained from the California Department of Education (CDE), as required by *EC* 47607(d), did not reveal any evidence that the school failed to serve students seeking enrollment.

Based on a comprehensive review, the school has demonstrated measurable progress in key areas required by *EC* 47607.2(b) and LACOE Board Policy, with greater weight provided to measurements of academic performance. Therefore, ***the Charter School has demonstrated sufficient progress toward meeting standards that provide a benefit to pupils of the school***.

[5] Per *EC* 52064.5, local indicators are self-assessed and self-reported by LEAs.

DE NOVO REVIEW OF FINDINGS 2 -7

Finding 2: The petition provides a sound educational program for students to be enrolled in the school. [*EC* 47605(c)(1)]

Based on the guidance established in 5 *CCR* section 11967.5.1(a), the charter petition is *consistent with sound educational practice* based on evidence that *it is likely to be of educational benefit to pupils who attend. A charter school need not be designed or intended to meet the educational needs of every student who might possibly seek to enroll in order for the charter to be granted.*

Finding 3: The petitioners are demonstrably likely to successfully implement the proposed educational program. [*EC* 47605(c)(2)]

5 *CCR* 11967.5.1(c) provides four indicators for the Board to consider *in determining whether charter petitioners are "demonstrably unlikely to successfully implement the program."* The review team determined the petitioners are likely to successfully implement the charter as long as the school (1) meets its enrollment projections and (2) meets its Average Daily Attendance (ADA) projections.

1. They have not had a past history of involvement in charter schools or other education agencies (public or private), that LACOE regards as unsuccessful.
2. They are familiar with the content of the petition or the requirements of law that would apply to the proposed charter school.
3. They have not presented an unrealistic financial and operational plan for the proposed charter school.
4. The petitioners do not lack the necessary background in areas critical to the charter school's success.

The following fiscal analysis was used in making this determination and is provided for the Board's consideration.

Finance and Operations Overview

The Magnolia Educational & Research Foundation (MERF) manages eleven (11) charter schools. **Table B1** presents a summary of MERF's and its affiliated organizations' financial performance over the past three fiscal years (2021-22 to 2023-24). The table highlights financial data, including **Cash**, **Net Cash Flow**, **Net Assets**, **Operating Results**, **Liabilities**, **Students Served,** and **Second Principal Apportionment (P-2) ADA**. These figures provide insights into MERF's financial condition and operational trends during the specified period.

Review of Prior Year Audit Reports:

The petition includes annual audit reports for fiscal years 2021-22 through 2023-24, which provide a comprehensive overview of the financial position and compliance of the Magnolia Educational & Research Foundation (MERF). These audits confirm that MERF ended the 2023-24 fiscal year with a positive fund balance of **$58,376,331**.

Independent auditors issued **unmodified opinions** for all periods, confirming MERF's financial statements were fairly presented. A compliance finding related to state awards in the 2022–23 audits for MSA 8 and MSA San Diego was identified and has since been resolved.

Audit Findings

Finding Detail	Finding Description
Fiscal Year	FY 2022-23
Finding	2023-001 After School Education and Safety Program
Code	40000
Finding Type	State Compliance
Criteria or Specific Requirements	According to the California *Education Code* Section 8482.4(c)(1), a charter that receives state funding for an after-school program must report attendance to the California Department of Education (CDE) semiannually. Such reporting must be supported by attendance records supporting student participation.
Conditions	The Organization compiles monthly summaries of student attendance for submission to the CDE. However, in reviewing the Organization's monthly summary totals for the second semi-annual reporting period, it was noted that the Organization's monthly totals as summarized did not agree with what was reported on the semi-annual report. The CDE report for the first semi-annual report shows 151 and 7,235 students served for Magnolia Science Academy 8 and Magnolia Science Academy San Diego, respectively. In contrast, the monthly summary totals for July through December 2022 shows 666 and 7,221 students served for the Magnolia Science Academy 8 and Magnolia Science Academy San Diego, respectively. This resulted in the Organization misstated the number of students served by 501.

	Summarized Attendance Documentation	Attendance Report to the CDE	Difference
Charter School			
Magnolia Science Academy 8	666	151	515

	Magnolia Science Academy San Diego 7,221 7,235 -14 501
Questioned Cost	Under the provisions of the program, there are no questioned costs associated with this condition. However, the number of students served appears understated by 515 students and overstated by 14 for Magnolia Science Academy 8 and Magnolia Science Academy San Diego, respectively, resulting in a misstatement of 501 for the first semi-annual reporting period for the Organization.
Context	The attendance condition was identified when the auditor selected one semi-annual reporting period dated July 2022 to December 2022. Auditor reviewed monthly summaries for the same period noting multiple exceptions as noted above.
Effect	In addition, the Organization was not compliant with *Education Code* Section 8482.4(c)(1) for the 2022-2023 fiscal year, since the number of students served as reported to the CDE is misstated when compared to supporting records.
Cause	The attendance condition appears to have resulted from inconsistent procedures utilized to track student attendance.
Recommendation	For accurate attendance reporting, the Organization should review procedures used to report the number of students served to the CDE to methods are consistent to allow for accurate reporting. Procedures for attendance should include an independent review of the sign out sheets, monthly summaries, and semi-annual reports prior to submitting them to the CDE.
Repeat Finding (Yes or No)	No
Corrective Action Plan and Views of Responsible	The Organization is taking steps to audit attendance from the sign-in and out sheets to the excel spreadsheets used to report the attendance. The attendance will be reviewed by another staff member in addition to the staff member preparing the data.
Current Status	Implemented.

Review and Analysis of Multi-Year Projections (MYP)

Enrollment and Average Daily Attendance

MSA-5's projections are based on substantial increase of 247.84 ADA or 141.29 percent from 2025-26 to 2028-29, as illustrated in the table below.

Table B4: MSA-5 Enrollment/ADA Projections

Projections	2025-26	2026-27	2027-28	2028-29	Change 2025-26 to 2028-29	% Change 2025-26 to 2028-29
Enrollment	191	264	460	460	269	140.84%
ADA	175.41	242.9	423.25	423.25	247.84	141.29%

According to the Charter School, the substantial increases in projected enrollment and ADA are driven by outreach, academic performance, and transition to a new facility. The Charter School plans, starting in 2026-27, to relocate to a permanent facility at 7111 Winnetka Ave, Los Angeles, CA 91305, with a capacity of 460 students. **Failure to meet enrollment or ADA projections could significantly reduce LCFF revenues and jeopardize the Charter School's ability to fulfill its financial obligations and maintain required reserves.**

2025-26 Adopted Budget and MYP

Table B5 summarizes the financial projections from 2025-26 to 2028-29.

Table B5: Projected Ending Net Position					
Account Description	2024-25 Unaudited Actuals	25-26 Adopted Budget	26-27 Budget Projections	27-28 Budget Projections	28-29 Budget Projections
Total Revenues	11,159,238	18,049,108	8,716,417	8,479,716	8,964,679
Total Expenses	4,729,883	4,672,570	5,027,577	8,154,311	8,415,966
Surplus/(Deficits)	6,429,355	13,376,538	3,688,839	325,405	548,713
Beginning Net Position (Net Assets)	7,632,612	14,061,967	27,438,505	31,127,345	31,452,750
Ending Net Position	14,061,967	27,438,505	31,127,345	31,452,750	32,001,463

The Charter School's projected Ending Net Position reflects a cumulative increase of $17.9 million or 127.57 percent from 2024-25 through 2028-29. The significant increases are primarily due to inclusion of Proposition 1D (Prop 1D) Grant funding of $13.3 million in 2025-26 and $3.75 million in 2026-27.

Debt Service Obligations

MSA-5 secured a Prop 1D Grant of approximately $25.4 million and matching loan from California School Finance Authority (CSFA) of approximately $25.4 million to finance the Winnetka facility project. The CSFA loan has a thirty-year term at an annual interest rate of 3.0 percent, with monthly repayments of approximately $107,000 or $1.3 million annually, commencing on July 1, 2027. **This recurring debt service obligation could potentially place significant ongoing pressure on the Charter School's operating cash flow in future years should the School be unable to achieve its projected enrollment and ADA growth. Therefore, the financial viability of the School will be dependent on their enrollment/ADA growth and financial projections.**

Finding 4: The petition contains an affirmation of all specified assurances. [*EC* 47605(c)(4); *EC* 47605(e)]

LOS ANGELES COUNTY OFFICE OF EDUCATION RENEWAL CRITERIA AND REVIEW PROCESS

The Los Angeles County Office of Education (LACOE) Charter School Review Team (Review Team) reviews a renewal petition according to the renewal criteria found in *EC* 47605, 47607 and 47607.2 and conducts a de novo review of the entire petition submission.

Statutory Framework and Criteria for Renewal

All charter schools requesting renewal must clearly show that they meet eligibility requirements set forth in the Charter Schools Act and further defined in AB 1505. Depending on the findings adopted by the County Board, a charter may be renewed or denied renewal based on these criteria found in *EC* 47605, 47607 and 47607.2 and LACOE Board Policy:

1. Do the petition and supporting documentation reflect a sound educational program for pupils? Are the petitioners likely to successfully implement the program set forth in the petition? Does the petition contain a reasonably comprehensive description of all required elements and affirm the conditions of *EC* 47605(e)?

2. Is the charter eligible for renewal under the High, Middle, or Low performing category and has the charter provided an argument with sufficient evidence that it has attained the criteria for renewal under that category? Has the charter attained measurable increases in academic achievement schoolwide and for numerically significant subgroups served by the charter school, and if applicable, does the school have strong postsecondary outcomes?

3. Does the charter school have discriminatory enrollment or dismissal practices? Does the charter have substantial fiscal or governance issues?

High Performing *EC* 47607(c)

A charter school that for two (2) consecutive years immediately preceding renewal:

1. Received the two highest performance levels [green or blue] schoolwide on all state indicators on the Dashboard

   OR

2. For all measurements of academic performance, the school received levels schoolwide that are the same or higher than the state average, and for a majority of subgroups performing statewide below the state average in each respective year, received levels that are higher than the state average.

Middle Performing *EC* 47607.2(b)/LACOE Board Policy

For charter schools not designated under either the High or Low Performing criteria, the chartering authority:

1. Shall consider schoolwide performance and performance of all subgroups on the Dashboard, while providing greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal

2. Shall also consider clear and convincing evidence with verified data showing either:

A. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

OR

B. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Note: Charter Authority MAY DENY ONLY upon making written findings that:

1. The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school;

   AND

2. Closure is in the best interest of the pupils;

   AND

3. The decision provided greater weight to the performance on measurements of academic performance.

Low Performing *EC* 47607.2(a)

A charter school that for two consecutive years immediately preceding renewal:

1. Received the two (2) lowest performance levels [red or orange] schoolwide on all state indicators on the Dashboard

   OR

2. For all measures of academic performance, the school received performance levels schoolwide that are the same or lower than the state average, and for a majority of subgroups performing statewide below the state average in each respective year, received levels that are lower than the state average.

Note: Renewal for a 2-year term may occur only if the following written factual findings are both made:

1. The charter school is taking meaningful steps to address the underlying causes of low performance, and those steps are/will be reflected in a written plan adopted by the school's governing body

   AND

2. There is clear and convincing evidence, demonstrated by verified data showing either:

   A. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

      OR

B. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers

Review Criteria: The LACOE Review Team considered the petition according to the requirements of the *Education Code* and other pertinent laws, guidance established in the *California Code of Regulations (5 CCR)*, Title 5, County Board Policy and Administrative Regulations.[6]

LACOE has adopted the petition review criteria established in 5 *CCR* section 11967.5.1(a-g) except where LACOE determined that the regulations provide insufficient direction or where they are not applicable because the structure or responsibility of the County Board and LACOE differ from those of the State Board of Education (SBE) and the CDE. In these instances, LACOE developed its own local review criteria or added criteria to those developed by CDE to reflect the needs of the County Board as the authorizer and LACOE as the monitoring and oversight agency. These local criteria do not conflict with statute.

Reasonably Comprehensive: In addition to the regulatory guidance that specifies the components of each required element, 5 *CCR* section 11967.5.1(g) states a "reasonably comprehensive" description of the required petition elements shall include, but not be limited to, information that:

(1) Is substantive and is not, for example, a listing of topics with little elaboration.

(2) For elements that have multiple aspects, addresses essentially all aspects the elements, not just selected aspects.

(3) Is specific to the charter petition being proposed, not to charter schools or charter petitions generally.

(4) Describes, as applicable among the different elements, how the charter school will:

(A) Improve pupil learning.

(B) Increase learning opportunities for its pupils, particularly pupils who have been identified as academically low achieving.

(C) Provide parents, guardians, and pupils with expanded educational opportunities.

(D) Hold itself accountable for measurable, performance-based pupil outcomes.

(E) Provide vigorous competition with other public school options available to parents, guardians, and students.

Reasonably Comprehensive with Deficiencies: An element may be reasonably comprehensive but lacks specific critical information or contains an error important enough to warrant correction. These elements are described as "reasonably comprehensive" with a specific "deficiency" or "deficiencies." Correcting the deficiency or deficiencies would not be a material revision (as defined in statute and County Board Policy) to the charter.

Technical Adjustments: Three circumstances may require a "technical adjustment" to the petition:

- Adjustments necessary to reflect the County Board as the authorizer as required by statute. These adjustments are necessary because the petition was initially submitted to a local district and contains specific references to and/or language required by that district and/or the petition does not reflect the structure of the County Office.

[6] Words in italics indicate a direct reference to the language in these documents.

- Adjustments needed to bring the petition current with changes made to law since the petition was submitted to the district as required by statute.
- Adjustments necessary to address clerical errors or inconsistencies where making the adjustment would not be a material revision (as defined in statute and County Board Policy) to the charter.

Affirmations and Assurances: The petition shall contain a clear, unequivocal affirmation of each requirement, not a general statement of intention to comply. Neither the charter nor any of the supporting documents shall include any evidence that the charter will fail to comply with the conditions described in *EC* section 47605(c)(4).

Reviewers: The Review Team generally includes staff from Business Advisory Services, Facilities and Construction, Risk Management, Curriculum and Instruction, Special Education, Student Support Services, Human Resources, Office of General Counsel, the Division of Accountability, Support and Monitoring, and the Charter School Office.

Scope of Review: Findings are based on a review of the same petition and supporting documents considered by the local district, information obtained through other communications with the petitioner(s) and representatives of the school, and other publicly available information.

Legislative Intent

The Review Team considered whether the petition complies with *EC* section 47601 of the *Charter Schools Act*, which states:

> *It is the intent of the Legislature, in enacting this part, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:*
>
> *(a) Improve pupil learning.*
>
> *(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.*
>
> *(c) Encourage the use of different and innovative teaching methods.*
>
> *(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.*
>
> *(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.*
>
> *(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.*
>
> *(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.*

Additional Review Criteria Specific to a Renewal Petition

The renewal of a charter authorized by the County Board is governed by *EC* sections 47607 and 47605 or 47605.6 and 5 *CCR* section 11966.5, which provides the requirements for a renewal submission to a county board of education.

***EC* 47607(b)** states that renewals *are governed by the standards and criteria in section 47605* (the requirements to establish a charter), and shall include, but not be limited to, *a reasonably comprehensive*

description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

This language varies slightly from the requirement under 5 CCR 11966.4(a)(2), which requires the district to determine whether the renewal petition includes *a reasonably comprehensive description of* ***how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed.*** (Emphasis added).

The Review Team determined whether each required element complies with current legal requirements and whether the petitioners showed they are familiar with current legal requirements. If the petition did not comply or the petitioners were unfamiliar with current law, the Review Team noted the deficiency through the applicable finding.

> ***EC* 47607(e)** ***Notwithstanding subdivision (c)and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or it not serving all pupils who wish to attend.***

5 *CCR* 11966.5(b) provides the timelines, process and requirements for reviewing a renewal petition:

> ***A petition for renewal, whether submitted to the county board of education as the chartering authority or on appeal from denial of the renewal petition by the local governing board, shall be considered by the county board of education upon receipt of the petition with all of the requirements set forth in this subdivision.***
>
> ***(1) Documentation that the charter school meets at least one of the criteria specified in Education Code section 47607(b).***
>
> ***(2) A copy of the renewal charter petition, as denied by the local board, including a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed.***
>
> ***(A) The signature requirement set forth in Education Code section 47605(a) is not applicable to a petition for renewal.***
>
> ***(3) When applicable, a copy of the governing board's denial and supporting written factual findings, if available.***
>
> ***(4) A description of any changes to the renewal petition necessary to reflect the county board of education as the chartering entity.***

County staff may provide a description of whether the petitioner met submission requirements.

5 *CCR* 11966.5(c) provides the areas to be considered to make a determination as to whether a charter should be renewed and provides the conditions under which a county board may deny a renewal petition:

> *(1) When considering a petition for renewal, the county board of education shall consider the past performance of the school's academics, finances, and operation in evaluating the likelihood of future success, along with future plans for improvement, if any.*
>
> Any concerns regarding the past performance of the school are addressed under **Finding 3 (Demonstrably Unlikely to successfully implement the proposed educational program).** Plans for future improvement, if provided, would be addressed as applicable under the appropriate petition requirement.

(2) The county board of education may deny a petition for renewal of a charter school only if [it] *makes written factual findings, specific to the particular petition, setting forth facts to support one or more of the grounds for denial set forth, as applicable, in Education Code* ***47605(c)*** *or failure to meet one of the criteria set forth in Education Code section* ***47607(b)***.

Table Legend for All NWEA MAP Tables
Tables are a Summary of the NWEA MAP Reports
Green cell indicates student group has met the minimum requirement for one year's growth, CGI ≥ - 0.2
Red cell indicates student group has not met the minimum requirement for one year's growth, CGI ≤ - 0.2
* indicates the number is less than 10 students, the minimum size for reporting in one or more grade levels.
** less than 50% of eligible grade levels for that student group have valid data
"—" No data available
N/A indicates test does not apply to student group.
"^" – NWEA does not provide CGI scores for Language Usage in grade 12, but the school still administered the test.
Data reflects grade levels with ten or more students in that student group.

Item VII. Recommendations

B. Approval of Extension for County Board Action on the Appeal for *Learning by Design Charter School, Grades TK-5*: Petition for Charter Renewal Previously Denied (Enclosure)

The Superintendent recommends that the Los Angeles County Board of Education (County Board) agree to extend the statutory timeline to take action on the appeal of a petition to renew the charter for *Learning by Design Charter School, Grades TK-5*. The Petitioner's requested 30-day extension will allow time for the charter school's board to decide whether to proceed with the appeal.

An extension of up to 30 days is permissible pursuant to Education Code section 47605 if both the Petitioner and County Board are in agreement.

Subject: Re: County Board Meeting Scheduled for Tuesday, February 3, 2026 - Learning by Design Charter School Appeal of a Denied Charter Petition to Renew

Thank you for the phone call.

I am writing to formally request a 30-day extension to allow the Board additional flexibility in scheduling our meeting prior to the upcoming LACOE Board meeting on 2/10. We are actively working to convene next Tuesday or Thursday; however, we understand that the timing would not allow us to meet the deadline for submitting our formal response before 2/10.

We want to ensure the Board has adequate time to meet, deliberate, and take action in a thoughtful, compliant manner with our governance requirements.

I appreciate your continued support and guidance throughout this process.

Have an amazing day,
Ashlye

Item VII. Recommendation / Public Hearing

C. Adopt the Superintendent's Recommendation to Deny the Appeal for *Learning by Design Charter School*, *Grades TK-5*: Renewal Petition Denied by the Los Angeles Unified School District Board of Education with Attached Report

a. Staff Findings on the Renewal Petition for *Learning by Design Charter School*, *Grades TK-5,* Pursuant to Education Code Sections 47605, 47607, 47607.2 and 47607.5.

The Learning by Design Charter School (Learning by Design) renewal petition is presented to the Los Angeles County Board of Education (County Board) pursuant to Education Code (EC) 47605, 47607, 47607.2 and 47607.5. The renewal process requires the authorizer to evaluate both the past performance of the charter school and whether the renewal petition meets the criteria for approval. Learning by Design is currently authorized by the Los Angeles Unified School District Board of Education.

Charter renewal is governed by EC 47605, 47607, and 47607.2 and 47607.2 and the California Code of Regulations, Title 5 (5 CCR) 11966.4 and 11966.5. The California Department of Education has designated Learning by Design as a middle performing school. As such, EC 47607(c)(2) and 47607.2(a) do not apply. Critical components of the applicable laws are as follows:

EC 47607(c)(1) sets an additional criterion for determining whether to grant a charter renewal, the charter authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

EC 47607(e) Notwithstanding subdivisions (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d).

EC 47607.2(b) states, in relevant part:

(1) for all charter schools for which paragraph (2) of subdivision (c) of Section 47607 and subdivision (a) of this section do not apply, the chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 and the performance of the charter school on the local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.

(3) In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(4) Subparagraphs (A) and (B) of paragraph (3) shall be demonstrated by verified data, as defined in subdivision (c).

Verified data is defined as data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced.

5 CCR 11966.5(c)(1-2) provides the considerations and criteria to be used by a county board for making a determination as to whether to renew a charter:

(1) When considering a petition for renewal, the county board of education shall consider the past performance of the school's academics, finances, and operation in evaluating the likelihood of future success, along with future plans for improvement, if any.

(2) The county board of education may deny a petition for renewal of a charter school only if [it] makes written factual findings, specific to the particular petition, setting forth facts to support one or more of the grounds for denial set forth, as applicable, in

> ***EC* 47605(c) or failure to meet one of the criteria set forth in *EC* section 47607**. (Emphasis added)

EC 47607(a)(5)(b) states that renewals of charters are governed by the standards and criteria in EC 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

EC 47605(c) requires a governing board to be guided by the intent of the legislature that charter schools should become an integral part of the education system and that a charter be granted if the governing board is satisfied that granting the charter is consistent with sound educational practice.

EC 47605(c) further states that a governing board may only deny a petition if it provides written factual findings specific to the petition that supports one or more of the following findings:

(1) The charter school presents an unsound educational program.

(2) The petitioners are demonstrably unlikely to successfully implement the program.

(3) The petition does not contain the required number of signatures. (*Not applicable to a renewal petition*)

(4) The petition does not contain an affirmation of specified assurances.

(5) The petition does not contain reasonably comprehensive descriptions of 15 required elements of a charter.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purpose of Chapter 10.7.

EC 47607.5(a) states if either a school district governing board or a county board of education, as a chartering authority, does not grant a renewal to a charter school pursuant to Section 47607 or 47607.2, the charter school may appeal the decision pursuant to the procedures pertaining to a denial of a petition for establishment of a charter school, as provided in subdivision (k) of Section 47605 for review in accordance with Section 47607.

The County Board shall evaluate the petition according to the criteria and procedures established in law and may only deny the

petition if it provides written findings addressing the reasons for the denial.

A summary of key findings is presented through the table below

Staff Findings on *Learning by Design Charter School*, Grades TK-5: Appeal of a Petition for Renewal Denied by the Los Angeles Unified School District Board of Education

LOS ANGELES COUNTY OFFICE OF EDUCATION RECOMMENDATION

The Los Angeles County Office of Education (LACOE) Charter School Review Team (Review Team) finds that Learning by Design Charter School *(*Learning by Design*)* has not met the criteria for renewal as a Middle performing charter school. The recommendation for denial is based on findings that *Learning by Design* has not met the renewal criteria, including schoolwide performance and the performance of all student groups on state indicators, and has not demonstrated sufficient progress toward meeting state standards in a manner that benefits pupils. The findings further show that closure is in the best interest of students. The petition proposes an unsound educational program for the students to be enrolled, and the capacity interview further corroborated these concerns by revealing substantial gaps in the school's understanding of, and preparedness to meet, statutory and regulatory requirements related to special education services, English learner programming and compliance, suspension and expulsion procedures for both general education students and students with disabilities, and the development, implementation, and monitoring of LCAP goals across all applicable academic areas. The petitioners are demonstrably unlikely to successfully implement the proposed educational program due to fiscal and governance concerns; and the petition does not contain a reasonably comprehensive description of a majority of the 15 required elements. In reaching this recommendation, greater weight was given to measures of academic performance, consistent with applicable statutory and accountability requirements.

Written factual findings specific to this petition along with supporting evidence are presented in the Finding of Facts section of this report. A *de novo* review of the petition for Finding 2 through 7 can be found in Appendix A.

BACKGROUND INFORMATION

The petition for Learning by Design is to renew the charter for a grades TK-5 school with a current enrollment of approximately 174 students. This petition was submitted to the Los Angeles County Board (County Board) on November 13, 2025. The school is located at 7019 S. Van Ness Ave., Los Angeles, California within the geographic boundaries of the Los Angeles Unified School District.

Learning by Design was initially approved by the Los Angeles Unified School District (LAUSD) Board on February 6, 2018. The LAUSD Board denied renewal of Learning by Design on October 14, 2025.

Learning by Design is currently operated by the 501(c)(3) nonprofit public benefit corporation Learning by Design, Inc.

Mission and Vision: The petition states the charter school's mission is "Learning by Design is designed to foster educational equity and cultivate diverse students becoming thoughtful and courageous change makers and problem solvers of tomorrow, through a dynamic 21st Century learning experience with an emphasis on personalized and experiential/hands-on learning."

The school's vision according to the petition is "LbD envisions establishing a 'school of the future' where innovative and authentic learning opportunities are the norm, not the exception. We envision a school that dramatically shifts the old paradigm of school created more than 100 years ago during the industrial

revolution and instead embraces Re-imagining, Re- thinking, and Re-designing school to meet the needs of today's children and the world's rapidly changing global and tech-based economy."

Students Served by the School: Learning by Design serves students in grades TK-5, and the petition states enrollment is drawn mainly from Los Angeles within the Hyde Park community and its neighboring communities.

The 2024-25 enrollment at Learning by Design was approximately 114 students, with the following demographics: 42.1% Hispanic or Latino; 55.3% African American or Black; 0.9% Asian; 79.8% Socioeconomically Disadvantaged Students (SED); 7.9% Students with Disabilities (SWD); 14.9% English Learners (ELs); 0.9% Homeless Youth (HY); and 1.8% Not Reported.

Since its initial authorization by the Los Angeles Unified School District Board, Learning by Design has received approximately 13 written notices during its charter term, including Notices of Concern, Notices to Cure, follow-up correspondence, and a Notice of Alleged Violations. These notices were issued as part of the LAUSD's tiered intervention and oversight process and addressed recurring and substantive concerns across multiple operational areas ranging as far back as November 2019 through July 2025. The notices primarily relate to noncompliance in governance and operations, persistent and deteriorating fiscal

conditions, negative unrestricted net assets, low and declining student enrollment, student discipline and suspension data compliance, and programmatic and reporting issues (including LCAP and student information systems). While several earlier notices were reported as resolved or temporarily resolved, the recurrence of fiscal instability and enrollment decline resulted in ongoing and unresolved concerns.

More recent notices (2024-25) reflect escalated intervention, including unresolved Notices of Concern and multiple Notices to Cure related to financial sustainability, recurring negative net assets, and continued enrollment decline, culminating on July 15, 2025, in a Notice of Alleged Violations citing ongoing fiscal and sustainability concerns.

In reviewing LAUSD's *Annual Performance Based Oversight Evaluation Report* scores, Learning by Design received a total of 25 scored oversight ratings across the four categories of Governance, Student Achievement and Educational Performance, Organizational Management, Programs and Operations and Fiscal Operations during the seven-year authorization period from 2018-19 through 2024-25, excluding three years in which "No Rating" was issued to the Student Achievement category due to first-year of operations and the suspension of Dashboard data during the COVID-19 pandemic. Of these 25 possible scores, the school received 15 ratings of either "1" (Unsatisfactory) or "2" (Developing), representing approximately 60 percent of all scored oversight ratings. This concentration of lower ratings indicates that, over the majority of years reviewed, Learning by Design demonstrated ongoing challenges predominantly across the areas of student achievement and educational performance, board governance, and fiscal operations.

Despite continued oversight and opportunities to remediate, the LAUSD's intervention history, oversight scores and unresolved findings raise concerns regarding the school's long-term fiscal viability, operational stability, and capacity to sustain a sound educational program, as further detailed in the *Findings of Fact* in Support of Denial of the Charter Petition for Learning by Design Charter.

REASON FOR DENIAL BY LOCAL DISTRICT

The Los Angeles Unified School District Board denied the renewal petition based on written findings of fact taking into account *Education Code (EC)* sections 47605, 47607, 47607.2, and 47607.5 and the *California Code of Regulations,* Title 5 (5 *CCR*) that govern charter renewal.

EC 47607(c)(1) sets forth *as an additional criterion for determining whether to grant a charter renewal, the chartering authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.*

The District Board found that Learning by Design does not meet the criteria for renewal as a Middle performing charter school based on failure to meet or make sufficient progress towards meeting standards that provide a benefit to pupils at the school in ELA and Chronic Absenteeism.

5 *CCR* 11966.4(b)(2) permits a district governing board to deny a petition for renewal of a charter school only if it makes written factual findings as mandated by *EC* section 47605(b), the absence of written factual findings shall be deemed an approval of the petition for renewal.

The District Board made the following written factual findings through its action on October 14, 2025:

- Petitioners are demonstrably unlikely to successfully implement the program set forth in the renewal petition due to substantial fiscal factors. (Ed. Code, § 47607(e).) (Criterion 3)

- Petitioners are demonstrably unlikely to successfully implement the program set forth in the Renewal Petition. (Ed. Code § 47605(c)(2).) (Criterion 1)

- The Renewal Petition does not contain reasonably comprehensive descriptions of all required elements. (Ed. Code, § 47605(c)(5).) (Criterion 1)

- As a Middle performing charter school, Learning by Design Charter fails to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of Charter School. (Ed. Code § 47607.2(b).) (Criterion 2)

***EC* 47607(e):** Petitioners are demonstrably unlikely to successfully implement the program set forth in the renewal petition due to substantial fiscal factors:

The District Board found that Learning by Design:

- Has weak Fiscal Conditions/Negative Net Assets ("Weak fiscal condition" may include, but is not limited to, year-to-year financial fluctuations, significant net losses, and negative net assets in the current or foreseeable future fiscal years)

- Has exhibited historically low and declining student enrollment trend

- Has exhibited ongoing financial sustainability concerns

- Lacks fiscal management capacity and governing board oversight

***EC* 47605(c)(2):** The petitioners are demonstrably unlikely to successfully implement the program:

The District Board found that Learning by Design:

- Has unreasonable petition budget and cash flow projections

***EC* 47605(c)(5):** The Renewal Petition does not contain reasonably comprehensive descriptions of all required elements:

The District Board found that Learning by Design petition

- Did not contain reasonably comprehensive descriptions for four (4) required elements

***EC* 47607.2(b):** Learning by Design Charter failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of Charter School:

The District Board found that Learning by Design's:

- Academic performance in ELA did not yield academic outcomes at a level equal to or higher than the state averages for All Students, and numerically significant student groups

- Verified data did not provide clear and convincing evidence of measurable increases in academic achievement in NWEA MAP Reading

- Closure is in the best interest of pupils based on resident schools' median comparisons in ELA and chronic absenteeism

Any of the above findings may be cause for denial of a renewal petition.

Response from the Petitioner

The petitioner provided a written response to the findings of the local district board and submitted it as part of the petition package. The response was considered during the review process.

Appeal to the Los Angeles County Board of Education

Learning by Design submitted a renewal petition to the County Board on November 13, 2025. The County Board held a Public Hearing to determine support for the petition on December 9, 2025. At the Public Hearing, nine (9) people spoke in support of the school: the Lead Petitioner, six (6) parents; and two (2) staff members of the school. One (1) representative from the LAUSD Charter Schools Division spoke in opposition to the school. At the time of the Public Hearing the County Board also received 27 letters of support and no letters in opposition.

LOS ANGELES COUNTY OFFICE OF EDUCATION REVIEW PROCESS

Review Criteria: The LACOE Charter School Review Team (Review Team) considered the petition according to the requirements of the *Education Code* (*EC*) and other pertinent laws, guidance established in the *California Code of Regulations* Title 5, County Board Policy and the Superintendent's Administrative Regulations.[1]

LACOE has adopted the petition review criteria established in 5 *CCR* section 11967.5.1(a-g) except where LACOE determined that the regulations provide insufficient direction or where they are not applicable because the structure or responsibility of the County Board and LACOE differ from those of the State Board of Education (SBE) and the California Department of Education (CDE). In these instances, LACOE developed its own local review criteria or added criteria to those developed by CDE to reflect the needs of the County Board as the authorizer and LACOE as the monitoring and oversight agency. These local criteria do not conflict with statute.

A more detailed description of the LACOE petition renewal process can be found in Appendix B.

CHARTER RENEWAL ELIGIBILITY

Statutory Framework and Criteria for Renewal[2]

All charter schools requesting renewal must clearly show that they meet eligibility requirements set forth in the Charter Schools Act and further defined in AB 1505. Depending on the findings adopted by the County Board, a charter may be renewed or denied renewal based on these criteria found in *EC* 47605, 47607 and 47607.2:

1. Does the petition and the supporting documentation reflect a sound educational program for pupils? Are the petitioners likely to successfully implement the program set forth in the petition? Does the petition contain a reasonably comprehensive description of all required elements and affirm the conditions of *EC* 47605(e)?
2. Is the charter eligible for renewal under the High, Middle, or Low performing category and has the charter provided an argument with sufficient evidence that it has attained the criteria for renewal under that category? Has the charter attained measurable increases in academic

[1] Words in italics indicate a direct reference to the language in these documents.
[2] The full renewal criteria can be found in Appendix B.

achievement schoolwide and for numerically significant subgroups[3] served by the charter school, and if applicable, does the school have strong postsecondary outcomes?

3. Does the charter school have discriminatory enrollment or dismissal practices? Does the charter have substantial fiscal or governance issues?

Learning by Design is designated as Middle Performing under *EC* 47607.2(b) for evaluation purposes[4]

Middle Performing *EC* 47607.2(b)

The school was not found eligible for high performing under *EC* 47607(c) nor low performing under *EC* 47607.2(a); therefore, the chartering authority:

1. Shall consider schoolwide performance and performance of all subgroups on the Dashboard, while providing greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal
2. Shall also consider clear and convincing evidence with verified data showing either:
    1. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

       OR

    2. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Note: An Authorizer may only deny pursuant to *EC* 47607.2(b) upon making written findings that:

(1) The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school;

AND

(2) Closure is in the best interest of the pupils;

AND

(3) The decision provided greater weight to the performance on measurements of academic performance.

Written factual findings specific to this petition along with supporting facts are presented in the next section of this report.

LOS ANGELES COUNTY OFFICE OF EDUCATION FINDINGS OF FACT

Finding 1: The Charter school did not meet the renewal criteria specified in *EC* 47607.2(b).
Learning by Design was placed in the Middle performance category by the California Department of Education (CDE). As such, the schoolwide performance and performance of all student groups on state indicators were considered along with the school's performance on local indicators [*EC* 47607.2(b)(1)].

[3] Numerically significant subgroup (student group) for a charter school is defined as a student group with 30 or more students in the technical guide of the California Dashboard.

https://www.cde.ca.gov/sp/ch/performcategorydf.asp Retrieved 11-16-24

In addition, verified data submitted by the charter school were reviewed in alignment with [*EC* 47607.2(c)].

In reviewing the schoolwide performance and performance of all numerically significant student groups on the California School Dashboard and verified data provided by the charter school, Learning by Design has not provided clear and convincing evidence that the school has made one year's progress through their Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) data as analyzed on pages 8-10.

As a grades TK-5 charter school, the California School Dashboard for Learning by Design consists of the following indicators: Academic performance on the California Assessment of Student Performance and Progress (CAASPP) in English Language Arts (ELA) and Mathematics (Math); English Learner Progress Indicator (ELPI); Chronic Absenteeism Indicator; Suspension Rate Indicator; and Local Indicators. The school has the following numerically significant student groups for one or more indicator: Black or African American, Hispanic or Latino, and Socioeconomically Disadvantaged.

Learning by Design uses NWEA MAP assessments for grades TK-5 to show one year's progress. Extensive data tables for the California School Dashboard indicators and NWEA MAP are available in Appendix C.

Academic Performance Indicators on the California School Dashboard Compared to State

Table 4 shows Learning by Design's academic performance in ELA for the 2023, 2024, and 2025 California School Dashboards. Learning by Design has not consistently outperformed the state averages in ELA Distance from Standard (DFS) for All Students and the majority of numerically significant student groups over the three-year period.

In 2023, the school's ELA DFS was lower than the state for All Students and for two (2) of two (2) numerically significant student groups. In 2024, Learning by Design's ELA DFS was higher than the state for All Students and for the one (1) numerically significant student group. However, in 2025, the school's ELA DFS again fell below the state for All Students and for the one (1) numerically significant student group. Learning by Design met the standard of performing at or above the state's DFS for All Students and the majority of numerically significant student groups in one (1) of the three (3) years.

Table 5 shows Learning by Design's academic performance in Math for the 2023, 2024, and 2025 California School Dashboards. Similar to ELA, Learning by Design has not consistently outperformed the state averages in Math DFS for All Students and numerically significant student groups over the three-year period.

In 2023, the school's Math DFS was lower than the state for All Students, while two (2) of two (2) numerically significant student groups performed higher than the state. In 2024, Learning by Design's Math DFS was higher than the state for All Students and for the one (1) numerically significant student group. In 2025, the school's Math DFS declined and was again lower than the state for All Students and for one (1) of one (1) numerically significant student group. Learning by Design met the standard of performing at or above the state's DFS for All Students and the majority of numerically significant student groups in one (1) of the three (3) years reviewed.

Learning by Design Performance on Verified Data

Since Learning by Design did not show clear and convincing evidence of academic achievement through the California Dashboard, the school's verified data, NWEA MAP, was reviewed. To demonstrate one year's progress, each student group's Cognitive Growth Index (CGI) must be greater than or equal to -0.2. The NWEA MAP data is disaggregated by grade level for all students tested and numerically significant student groups as defined by the publisher (student groups with 10 or more students) for Reading, Language Usage, and Math. The NWEA MAP assessments are designed for students in grades K-12 in Reading and Math and for students in grades 2-12 in Language Usage. Learning by Design did not consistently administer the Language Usage assessment to eligible students in grades two through five during the 2023-24 and 2024-25 school years. As a result, Language Usage data are incomplete, and not all grade levels for which the assessment applies are reported, limiting the comparability and interpretability of the results. Even more troubling, as noted below, the school failed to meet the required thresholds for testing participation overall, testing fewer than 15% of their students in 2024-25, further limiting the legitimacy of the results.

Table 6 shows a three-year summary of NWEA MAP CGI results in Reading, Language Usage, and Math for the 2022-23, 2023-24 and 2024-25 school years. Overall, the table demonstrates that Learning by Design showed evidence of student growth for the majority of tested grade levels across the three-year

period. In both 2022-23 and 2023-24, the majority of grade levels met CGI targets in Reading, Language Usage, and Math.

The 2024-25 results reflect a decline in performance, with only two (2) of four (4) grade levels demonstrating CGI growth in Reading, inconsistent administration of Language Usage assessments, and three (3) of five (5) grade levels meeting CGI targets in Math. These patterns are mirrored in the results for the school's student groups (African American or Black students and Socioeconomically Disadvantaged students). For grade levels where these student groups met the minimum reporting threshold of 10 students, Reading and Math results in 2024-25 showed decreases in Math performance for both groups, aligning with the school's 2024-25 California School Dashboard outcomes.

The Review Team considered the NWEA MAP CGI results, to measure clear and convincing evidence that students who were tested demonstrated at least one year of academic growth per year of instruction. However, in all three years reviewed (2022-23, 2023-24 and 2024-25), the charter school did not meet the statutory requirement to assess at least 95 percent of eligible students, as required under *EC* 47607.2(c)(2). Detailed data is shown in Appendix C (Tables C16, C17, C18, and C19).

In addition to reviewing CGI data, student participation rates on benchmark assessments were considered. Learning by Design's Stability Rate from CDE's DataQuest was used to determine the All Students and the African American and Socioeconomically Disadvantaged participation rates in Fall-to-Spring NWEA MAP assessments. The Stability Rate identifies students with an enrollment start date on or after July 1 and on or before June 30 who remained enrolled for a minimum of 245 consecutive calendar days at the same school without a disqualifying exit (e.g., truant, expelled, or unknown).

For the 2022-23, 2023-24 and 2024-25 school years, Learning by Design did not administer NWEA MAP assessments to at least 95 percent of eligible students for All Students, African American students, or Socioeconomically Disadvantaged students in Reading, Language Usage or Math. Participation rates fell well below the 95 percent threshold required under *EC* 47607.2(c)(2). Table 7 below shows a summary of the data.

Additionally, participation patterns demonstrate inconsistent testing practices across subject areas for the same student groups during the same Fall-to-Spring testing window. For example, in 2024-25 among African American students identified as stable for the full academic year, 51 students generated Math growth events while only 37 generated Reading growth events. Similar inconsistencies were observed for Socioeconomically Disadvantaged students, where 76 students generated Math growth events but only 55 generated Reading growth events and just 13 generated Language Usage growth events.

Across the three consecutive school years noted below in Table 7, Learning by Design did not meet the 95 percent participation requirement for NWEA MAP assessments for Reading, Language Usage, or Math or for any student group reviewed. Participation rates consistently ranged well below the statutory threshold, with Language Usage participation frequently below 60 percent and in 2024-25, below 15 percent.

Given that participation rates are derived locally and are not calculated by the assessment publisher, and that such calculations do not fully account for student mobility and transiency, the Review Team considered a reasonable margin of error when evaluating participation rates. Even with this consideration, only one data point approached the 95 percent participation threshold.

The remaining Academic Indicator on the Dashboard is the ELPI.

Under California School Dashboard requirements, a numerically significant student group for the ELPI must include 30 or more students who took the Summative ELPAC or Summative Alternate ELPAC in grades 1-12 and have results in both the current and prior year. For the 2022-23, 2023-24 and 2024-25 school years, Learning by Design tested fewer than 10 English learners. As a result, ELPI data were not reported on the California School Dashboard.

Academic Engagement, School Conditions and School Climate Indicators on the California Dashboard Compared to State

The remaining Dashboard indicators include the Chronic Absenteeism Rate, Suspension Rate, and Local Indicators.

To attain measurable increases for renewal in areas of chronic absenteeism and suspension rate, the majority of the numerically significant student groups must be the same or lower than the state.

Table 8 below shows that for the Chronic Absenteeism Indicator, Learning by Design's rate of chronic absenteeism was higher than the state for All Students and for all numerically significant student groups in 2023, 2024 and 2025.

Table 8: Learning by Design Chronic Absenteeism Percent Compared to the State

Table 9 below shows that for the Suspension Rate Indicator, Learning by Design's rate of students suspended at least once has had mixed results. In 2023, the suspension rate was lower than the state for All Students and for all numerically significant student groups. In 2024, the charter school's rate was higher than the state for All Students and for two (2) of three (3) numerically significant student groups. In 2025, the charter school's rate of students suspended at least once was higher than the state for All Students and lower for two (2) of three (3) numerically significant student groups.

Learning by Design Comparison to Resident Schools

The NWEA MAP data submitted by Learning by Design did not meet the participation threshold required to qualify as verified data for charter renewal purposes. Pursuant to *EC* 47607.2(c)(2) and the criteria adopted by the State Board of Education, data relied upon as verified data must be derived from an approved assessment or outcome measure and must reflect participation by no less than 95 percent of students for whom the assessment is appropriate. This participation requirement is intended to ensure that reported results are representative of the school's enrolled population and not subject to selection bias. As shown by the relationship between the number of NWEA MAP growth events and the school's CDE DataQuest stability counts summarized in Tables C20, C21, and C22 in Appendix C, the data submitted do not reflect results for at least 95 percent of eligible students. As a result, the NWEA MAP results do not constitute clear and convincing evidence that the charter school achieved measurable increases in academic achievement for all students. Accordingly, additional analysis was conducted through a comparison of Learning by Design's performance to that of resident schools where students would otherwise attend.

The process used to identify resident schools for comparison is aligned with LACOE Charter School Office procedures. The list of resident schools was developed using information provided by Learning by Design and LAUSD identifying the public schools students would have otherwise attended based on residential address, as well as the percentage of Learning by Design students that would have attended each school. Schools where a minimum of 3% of Learning by Design students would otherwise attend were included in the comparison. The resident schools comparison set consists of nine (9) schools, inclusive of eight (8) traditional elementary schools and one (1) neighborhood charter school, all serving grades TK-5 or comparable elementary grade spans. Google Maps was used to calculate distance between Learning by Design and each resident school. All schools included in the comparison are located within approximately 2.2 miles of Learning by Design. Collectively, these schools account for approximately 63 percent of Learning by Design's total enrollment based on students' residential addresses. The furthest resident schools identified, Manhattan Place Elementary is located approximately 2.2 miles away from Learning by Design. In addition, TEACH Preparatory Elementary, a neighborhood charter school located approximately 1.5 miles from Learning by Design, was included in the analysis to reflect nearby charter school alternatives available to families.

[5] Per *EC* 52064.5, local indicators are self-assessed and self-reported by LEAs.

In 2023, Learning by Design demonstrated a higher DFS in ELA than six (6) of nine (9) resident schools and a higher Math DFS than six (6) of nine (9) resident schools. The English Learner Progress Indicator (ELPI) was not applicable, as Learning by Design enrolled fewer than 11 English learner students and results were not reported for privacy reasons.

In 2024, Learning by Design demonstrated a higher ELA DFS and a higher Math DFS than all nine (9) resident schools included in the comparison. The ELPI indicator again was not reported due to the school enrolling fewer than 11 English learner students.

In 2025, Learning by Design's ELA DFS was higher than eight (8) of nine (9) resident schools; however, the school's Math DFS was lower than all nine (9) resident schools. The ELPI indicator again was not reported due to the school enrolling fewer than 11 English learner students tested.

Comprehensive Resident Schools data is available in Appendix C (Tables C24, C25 and C26)			

Across the years reviewed, Learning by Design outperformed the majority of identified resident schools on key Dashboard indicators. While some year-to-year variation exists, the overall comparison reflects that multiple resident schools, particularly those serving the largest proportion of Learning by Design students, demonstrated equal or stronger performance in ELA and Math DFS. Notably, several of the schools serving the highest percentage of Learning by Design students based on residence, including Seventy-Fourth Street Elementary (14%), Fifty-Ninth Street Elementary (8%), and Raymond Avenue Elementary (6%), met or exceeded Learning by Design's performance on one or more Dashboard indicators during the years reviewed. This comparison, taken together with the school's Dashboard performance trends and verified data participation rate concerns, was considered by the Review Team in evaluating whether Learning by Design met renewal criteria. Comprehensive resident schools comparison data are provided in Appendix C.

Table 12 shows that in 2023, 2024 and 2025, Learning by Design had higher suspension rates than all nine (9) resident schools. In 2023, Learning by Design's percentage of students chronically absent from school was higher than the majority of comparison schools and 2024 was higher than all nine (9) schools.

Comprehensive Resident Schools data is available in Appendix C (Tables C24, C25 and C26)			

Table 13 shows Learning by Design's demographics compared to resident schools. Learning by Design serves a student population that differs in several material respects from nearby resident schools. While the school enrolls a higher percentage of African American students than all nine (9) comparison schools, it serves lower proportions of Students with Disabilities (SWD), Socioeconomically Disadvantaged (SED) students, and Foster Youth than each of the comparison schools. Learning by Design also enrolls

lower percentages of Hispanic or Latino students, English Learners, and Homeless students than the majority of resident schools included in the analysis.

Analysis of enrollment data obtained from the California Department of Education (CDE), as required by *EC* 47607(d), did not reveal any evidence that the school failed to serve students seeking enrollment.

Based on a comprehensive review of Learning by Design has not demonstrated measurable progress in key areas required by *EC* 47607.2(b), with greater weight provided to measurements of academic performance. ***The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school***. The Review Team determined that the closure of the charter school is in the best interest of the pupils.

Appendix A

DE NOVO REVIEW OF FINDINGS 2 -7

Finding 2: The petition provides an unsound educational program for students to be enrolled in the school. [*EC* 47605(c)(1)]

Based on the guidance established in 5 *CCR* section 11967.5.1(b), the charter petition presents *an unsound educational program* based on evidence of the following:

1. *If the petition is for renewal of a charter school, and either the charter school has not met the standards for renewal pursuant to EC 47607(b), as applicable, or the charter school has not met the measurable outcomes as described in its charter. The charter school has failed to meet, or make sufficient progress toward meeting, academic standards in a manner that demonstrates educational benefit for all pupils. This finding is supported by academic performance that is below state averages, the school's verified data, which does not provide clear and convincing evidence of measurable increases in academic achievement, and comparative performance data relative to resident schools. Collectively, these outcomes demonstrate that the educational program, as proposed and implemented, is not reasonably likely to provide educational benefit to the pupils served.*

Finding 3: The petitioners are demonstrably unlikely to successfully implement the proposed educational program. [*EC* 47605(c)(2)]

5 *CCR* 11967.5.1(c) provides four (4) indicators that a petitioner may be unlikely to implement the proposed educational program. The petitioners are unlikely to be successful based on evidence of the following:

1. *They are unfamiliar with the content of the petition or the requirements of law that would apply to the proposed charter school.* As noted below within Finding 5, the petition as submitted clearly indicates a lack of understanding with the requirements of law that would apply to this charter school. With 12 of the 15 required elements found to be not reasonably comprehensive and containing material errors and omissions, the petitioners are unlikely to successfully implement the proposed educational program. Based on the totality of the record, including the petition, verified data submissions, resident school comparisons, and responses provided during the capacity interview, the Review Team has significant concerns regarding the charter school's ability to successfully implement the proposed educational program. In particular, the record reflects substantial gaps in the school's understanding of, and preparedness to meet, statutory and regulatory requirements related to special education services, English learner programming and reclassification compliance, suspension and expulsion procedures for both general education students and students with disabilities, and the development, implementation, and monitoring of LCAP goals across multiple academic areas.

   These concerns were further corroborated during the capacity interview. When asked to explain the process and timeline for monitoring reclassified fluent English proficient (RFEP) students, one of many areas not reasonably described in the charter petition, the lead petitioner stated, "I don't know if I have a direct answer for that." When questioned about the instructional program for students with disabilities, the lead petitioner acknowledged, "I am not super well-versed," and further indicated that "everything" related to special education is outsourced to a third-party vendor. Similarly, when asked to explain why the school's LCAP established the same 50% baseline and uniform five percent (5%) growth targets in English Language Arts and Mathematics for All Students and applicable student groups despite differing performance levels, the petitioner stated that "understanding and developing an LCAP may not be a strong suit for us," while noting that the team welcomes growth in this area. Compounding this concern, the LCAP submitted as part of the charter petition does not include key metrics (Distance from Standard) or assessments (NWEA MAP, DIBELS) as measures for annual

goals or measurable pupil outcomes. As a result, it is unclear how the school or its governing board intends to systematically monitor student performance using these metrics or assessment, analyze results to inform instructional decisions, or use the data to support accountability and charter renewal-related decision making.

Additionally, the school was unable to clearly explain or reconcile documented inconsistencies in assessment participation rates, including its inability to assess all eligible students, and provided responses that reflected limited command of instructional strategies, evidence-based pedagogy, analyzing data, and the legal frameworks governing charter school operations. Taken together, the petition as written and the school's responses during the appeal process demonstrate material gaps in capacity that raise serious doubt as to whether the lead petitioner and charter school are reasonably likely to implement the proposed program in a manner that ensures legal compliance, academic improvement, and the protection of student rights.

2. *They have presented an unrealistic financial and operational plan for the proposed charter school.*

Finance and Operations

Table A1 below summarizes Learning by Design, Inc.'s (LBD) financial performance over the past five fiscal years from 2020-21 through 2024-25. The table highlights financial performance and financial data, including Operating Results, Net Cash Flow, Cash Balance, Liabilities, Net Assets**,** and Average Daily Attendance (ADA) based on certified Second Principal Apportionments (P-2)**.** These figures provide insights into LBD's financial condition and operational trends during the specified period.

Table A1

Fiscal Year	Operating Results	Net Cash Flow	Cash Balance as of June 30	Liabilities as of June 30	Net Assets as of June 30	P-2 ADA
2020-21	$291,956	$29,172	$100,619	$529,092	($124,908)	121.58
2021-22	$421,066	$86,383	$187,002	$521,797	$296,158	101.65
2022-23	($103,793)	$117,254	$304,256	$656,103	$192,365	95.97
2023-24	($413,327)	($292,806)	$11,450	$770,653	($220,962)	98.76
2024-25	($391,340)	$19,374	$30,824	$984,487	($612,302)	106.96

As illustrated in the table above, LBD's fiscal health has deteriorated over the past three fiscal years. LBD incurred operating deficits of ($103,793) in FY 2022-23, ($413,327) in FY 2023-24, and ($391,340) in FY 2024-25 for a three-year total of ($908,460). As of June 30, 2025, LBD has low cash balance of $30,824, liabilities of $984,487, comprised of $549,644 in accounts payable, $410,000 loan from bank line of credit, and $24,843 in deferred (unearned) revenues. LBD has a negative Net Asset balance of ($612,302), as of June 30, 2025.

Because LBD's liabilities far exceed its assets, it has been unable to fulfill its financial obligations, including outstanding loan and past due vendor invoices such as facility lease payments. LBD's net cash flow of $19,374 in FY 2024-25 was primarily due to cash borrowing of $300,000 from a bank line of credit (LOC). On January 8, 2026, during the Capacity Interview, LBD management confirmed it currently owes $410,00 on the LOC and has been paying interests only on the principal balance. LBD has $90,000 available from a bank authorized amount of $500,000. LBD management also indicated there were no other available financing options and the repayments of all debts will depend on enrollment

growth and future operating surpluses. **LBD is in negative financial condition and poses significant risk of fiscal insolvency.**

The Independent Auditors' Reports for these periods reflected unmodified opinions and no findings in four out of the five fiscal years**. However, in the 2024-25 audit report, LBD's auditor disclosed a going concern about LBD's financial viability**, as captured below (*source: LBD's 2024-25 audit report, p.14*).

NOTE 12 – GOING CONCERN/NEGATIVE NET ASSETS

At June 30, 2025, the Charter's net asset balance was a deficit $612,302. The negative net asset balance along with a substantially low cash balance are key factors that raise substantial doubt about the Charter's ability to continue as a going concern. The accompanying financial statements have been prepared on a going concern basis and do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Charter be unable to continue as a going concern.

Management's plans to mitigate the conditions and events that raise substantial doubt about the Charter's ability to continue as a going concern include plans to implement several initiatives across key areas including:

- Fundraising Plan Development: organization/leadership restructuring along with annual fundraising campaigns, grant writing, strategic partnerships and outreach to local interest groups and organizations.
- Attendance Improvement Plan: attendance incentive and real-time communication to improve attendance.
- Reducing Special Education Expenses: unique past circumstances leading to high costs in prior years are not expected to reoccur plus the Charter will work closely with LAUSD on SPED matters for added support.
- Expense Reduction and Alignment: overall budget adjustments and identification of cost reduction options.

The Charter's ability to restore its net asset balance to a surplus is mainly dependent on its ability to successfully implement the listed initiatives; however, there have been no assurances that the Charter will be successful in its efforts.

LBD's independent auditor had previously disclosed a similar lack of going concern (*Note 13 – Going Concern/Negative Assets. p. 13-14*) in the 2023-24 audit report due to LBD's operating deficit of ($413,327), which resulted in a negative Net Assets of ($220,962) for the fiscal year ending June 30, 2024. In that year's audit, LBD's management reflected the same plan and initiatives to address going concern as it did in the 2024-25 audit report, as captured previously. However, LBD's management was unsuccessful in implementing its plan, and LBD's financial condition further deteriorated from the previous year.

Review and Analysis of LBD's Multiyear Projections (MYP)

Enrollment and Average Daily Attendance (ADA)

In the current fiscal year 2025-26, LBD submitted enrollment and attendance reports, reflecting CALPADS enrollment of 174 students and the First Principal Apportionment (P-1) report of 163.00 ADA. This data is in line with LBD's current year budget forecast of 175 students and 166.30 ADA. The P-1 ADA represents a significant increase of 56.04 ADA or 52.4 percent from 2024-25 P-2 ADA of 106.96. LBD's management attributed enrollment increases to its recruiting efforts and indicated that most of the increase was due to enrolling former students at Crete Academy Charter School, which closed as of June 30, 2025. This increase in enrollment and ADA represents a one-year abnormality based on LBD's history.

Tables A3 and A4 summarize LBD's enrollment history and multi-year projections.

Table A3

ADA	166.30	186.20	210.90	235.60	260.30	**94.00**	**56.52%**

As reflected in LBD's ADA trend table, LBD's certified P-2 ADA in 2024-25 was 106.96 ADA, a cumulative decrease of (14.62) ADA or (12.0 percent) from the past four fiscal years since 2020-21. However, LBD is projecting a four-year increase of 94.00 ADA or 56.5 percent from 2025-26 to 2029-30. The enrollment and ADA projections appear highly unrealistic and unreliable, given LBD's history of low and declining ADA. LBD's financial condition could further deteriorate should optimistic projections fail to materialize.

Summary of LBD's 2024-25 Unaudited Actuals and Multi-Year Projections

Table A5 below highlights LBD's submitted 2024-25 Unaudited Actuals Report (UA) and multi-year projections for 2025-26 through 2029-30 and Adjustments made to correct overstatement of Net Position.

LBD's multi-year financial projections contain material errors and are unreliable by overstating Net Position (Fund Balance) balances and Reserves for Economic Uncertainties (REU). Although LBD ended 2024-25 with a negative Net Position of ($612,302) and REU of negative (23.82%), it incorrectly reflected a beginning negative Net Position of ($130,263) in 2025-26 instead of ($612,302), thereby overstating the balance by $482,039. By overstating its Net Position (Fund Balance), LBD has misrepresented a better projected financial condition in future years.

Although LBD incurred significant operating deficits in each of the past three fiscal years, it is projecting operating surpluses in all future years of $238,831 in 2025-26, $321,257 in 2026-27, $408,754 in 2027-28, $524,599 in 2028-29, and $668,382 in 2029-30. LBD's 2024-25 Second Interim Report projected an operating surplus of $91,702; however, LBD ended fiscal year 2024-25 with an operating deficit of ($391,340), a negative variance of ($483,042). LBD continues its history of unreliable enrollment/ADA and financial projections, which could pose further risk of fiscal insolvency should the projected surpluses fail to materialize.

Reserves for Economic Uncertainties (REU)

LACOE's Memorandum of Understanding requires charter schools to maintain a minimum reserves for economic uncertainties (REU) of 3.0 percent. *When adjusting for LBD's projected Net Position balances, LBD's projected REUs fall from 3.59% to negative (13.23%) in 2025-26, from 12.72% to negative (2.66%) in 2026-27, and from 21.96% to 9.34% in 2027-28.* **Therefore, LBD is projected to not meet LACOE's minimum 3.0% reserves for economic uncertainties until the end of 2027-28.**

SUMMARY OF CONCERNS

Fiscal Condition
Learning by Design, Inc. (LBD) is experiencing severe financial distress, marked by three consecutive years of operating deficits totaling approximately $908,460, a critically low cash balance, nearly $1.0 million in liabilities, and a negative net asset position as of June 30, 2025. The organization has relied on borrowing from a bank line of credit to sustain operations and has limited remaining financing capacity. Its inability to meet financial obligations, combined with consecutive going concern disclosures in the 2023-24 and 2024-25 audit reports, indicates a high risk of fiscal insolvency.

Projections and Reserves
LBD's enrollment, ADA, and multi-year financial projections are unreliable and overly optimistic when compared to its historical trends of declining enrollment and operating deficits. The projections contain material errors that overstate net position and reserves, masking the true extent of financial weakness. When corrected, LBD is projected to fall below the Los Angeles County Office of Education's minimum reserve requirements for multiple years, further increasing the risk of continued financial instability.

Finding 4: The petition contains an affirmation of all specified assurances. [*EC* 47605(c)(4); *EC* 47605(e)]

Finding 5: The petition does not contain a reasonably comprehensive description of all required elements. [*EC* 47605(c)(5)(A)-(O)]

Learning by Design submitted a renewal petition that improperly incorporates Los Angeles Unified School District's *Affiliated Charter School Federal, State, and District Required Language* (FSDRL), rather than the District required *Independent Charter School language*, despite operating and being authorized as an independent charter school. This misclassification of information has material legal, fiscal, governance, operational, and employment implications across Elements 1-15 of the petition.

Specifically, the petition states or implies that LAUSD is responsible for special education services, funding, due process, and IDEA compliance; maintains responsibility for student data systems; exercises governance authority over the charter school; serves as the employer of record; and that charter school employees are LAUSD employees eligible for District-provided benefits, including CalSTRS and CalPERS participation. The petition further presumes District administration and enforcement of the Health, Safety, and Emergency Preparedness Plan; District-managed operational control over admission policies and procedures; District authority over suspension and expulsion procedures; District-routed mandatory dispute resolution processes; and District control over charter school closure activities, including the disposition of assets, records, and wind-down responsibilities.

As an independent charter school, Learning by Design is the exclusive public-school employer and bears sole responsibility for special education administration, governance, employment and labor relations, fiscal accountability, student discipline, dispute resolution, closure procedures, and retirement system participation. The statements and implications contained in the petition are therefore legally inaccurate, internally inconsistent, and in conflict with the Education Code and the Educational Employment Relations Act (EERA).

Furthermore, the school failed to identify these issues and address them within Section 1.4 of their submission. pursuant to Section 1.4 of LACOE's Charter Schools Office *District-Denied Charter School Renewals on Appeal* guide (updated December 2024), submission item 1.4 states that an appealing charter school is required to submit "A separate narrative containing a description of changes to the petition necessary to reflect the County Board as the authorizer (e.g., special education, dispute resolution, closure procedures, fiscal reporting) or minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facility arrangements, or state law. Indicate page numbers and elements or changes. Do not submit as a redline or 'track-change' petition." (Page 13). While the Lead Petitioner for Learning by Design submitted a separate narrative identifying general proposed changes, the submission was insufficiently detailed and failed to address many of the critical changes that would need to occur. Rather than using this opportunity to correct the plethora of legal and operational conflict noted above, the school simply relies on general statements.

The two-page narrative asserts that "the charter school proposes to work with County staff after approval to revise the District Required Language to reflect the County Board as authorizer." This assertion is insufficient and does not satisfy LACOE's requirement that a charter petition be reasonably comprehensive at the time of submission. The Lead Petitioner's statement does not identify the required revisions in advance, does not specify page numbers or elements, and does not address critical areas explicitly identified by LACOE's guidance, including special education, dispute resolution, closure procedures, fiscal reporting, governance, and employment obligations.

Based on the guidance established in *Education Code*, California Code of Regulations, the requirements set forth in the Superintendent's Administrative Regulations (AR) and other requirements of law, three (3) of the 15 required elements are reasonably comprehensive and 12 are not reasonably comprehensive. The findings of the Review Team are as follows:

Element 1: Description of the Educational Program. *Not reasonably comprehensive*

1. The petition fails to provide accurate and complete data and descriptions within the LCFF data table for the charter school's annual goals for all pupils and for each numerically significant student group identified pursuant to EC 52052 for State Priorities 2, 4, 5, 6, and 7.

2. The petition fails to provide *specific outcomes, measurable targets, and annual actions for each applicable metric as required under EC 52060(d).*

3. The petition fails to clearly identify and account for distinct baseline performance data for all numerically significant student groups as reflected on the California School Dashboard and Smarter Balanced Summative Assessments, despite differing student-group performance levels and gaps relative to state averages.

4. The petition does not specify measurable LCFF goals and annual outcomes that are aligned to charter renewal performance criteria for Years 1–5. Specifically, the petition fails to incorporate DFS in ELA and Mathematics.

5. The petition fails to establish specific, measurable annual outcomes, including interim growth targets for NWEA MAP Reading, Language Usage and Math, DIBELS and Science under Priority 4.

6. The petition incorrectly identifies the Transitional Kindergarten birthday cutoff for enrollment and does not reflect current statutory requirements (page 81).

7. The petition fails to include Designated English Language Development (ELD) within the daily instructional schedules for TK-2 and grades 3-5, as required (page 83).

8. The petition does not incorporate recent CDE guidance regarding reclassification of dually identified students. Specifically, all students, including those with IEPs, must meet Criterion One (Summative ELPAC Level 4 or Alternate Summative ELPAC Level 3), and IEP teams may not override this requirement. Revisions are required to ensure compliance with this guidance (page 94).

9. The petition fails to include reclassification criteria for students in grades K-2, who do not participate in the CA School Dashboard ELA assessment (pages 94-95).

10. The petition inaccurately states that Reclassified Fluent English Proficient (RFEP) students are monitored for two years, whereas CDE guidance requires monitoring for four years after reclassification. This error appears in multiple sections of the petition (pages 95-96).

11. The petition lacks an adequate *description of how the charter school will meet the needs of foster youth and homeless youth, including required provisions for immediate and unconditional enrollment and identification of responsible liaisons, as required by 5 CCR § 11967.5.1(f)(1)(G) and EC 48853.5(f)(8)(A).*

12. The petition incorrectly assigns responsibility for special education services, funding, due process, and IDEA compliance to LAUSD. As an independent charter school, Learning by Design is legally required to describe how it will operate its own special education program, including SELPA participation, funding allocation, service delivery, and compliance with federal and state law. The petition omits required descriptions related to IEPs and Section 504 plans.

13. The petition lacks evidence that its early literacy instructional approach is grounded in current, evidence-based reading research, as the research cited relies primarily on instructional theories and frameworks developed more than two decades ago, includes limited citation from the past ten years, and does not substantively reference contemporary science-based reading research.

Element 2: Measurable Pupil Outcomes. *Not reasonably comprehensive*

1. The petition does not adequately specify the skills, knowledge, and attitudes that reflect the school's educational objectives and can be assessed at a minimum, by objective means that are frequent and sufficiently detailed enough to determine whether pupils are making satisfactory progress. Specifically, it fails to identify corresponding measurable pupil outcomes for the NWEA MAP Reading, Language Usage, and Math assessments nor for the DIBELS assessment which the school has identified for monitoring and assessing student learning. It is intended that the frequency of objective means of measuring pupil outcomes vary according to such factors as grade level, subject matter, the outcome of previous objective measurements, and information that may be collected from anecdotal sources. To be sufficiently detailed, objective means of measuring pupil outcomes must be capable of being used readily to evaluate the effectiveness of and to modify instruction for individual students and for groups of students.

2. The petition does not adequately specify or align *the measurable pupil outcomes with the applicable state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. [EC 47605(c)(5)(B)]*. By incorporating Affiliated FSDRL and failing to address specific changes within section 1.4 of the appeal submission, the petition improperly states that the school is responsible for data goals set forth in LAUSD's LCAP and Strategic Plan, the District's data systems, as well as grading, progress reporting, and promotion and retention policies specified by LAUSD. The language is inconsistent with the legal obligations of an independent charter school and contradicts the petition's requirement to clearly describe how the charter school will independently ensure and monitor the extent by which all students of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program schoolwide and for all student groups served by the school.

Element 3: Method for Measuring Pupil Progress. *Not reasonably comprehensive*

See narrative for Element 2 above.

Element 4: Governance Structure. *Not reasonably comprehensive*

1. The petition contains inconsistent and conflicting governance descriptions because, while narrative sections state that Learning by Design is governed by its own nonprofit Board of Directors, other sections imply District governance authority and District employment control, and the petition does not clearly establish the charter school's governing board as the sole governing authority for an independent charter school.
2. The organizational chart fails to include the Intervention/EL Coordinator - the position that along with monitoring the responsibility of all aspects of the EL program also appears to support dually identified ELs with their IEP goals and objectives (page 110).

3. The petition inaccurately describes the composition of the school's School Site Council (pages 116-117).

Element 5: Employee Qualifications. *Not reasonably comprehensive*

1. The petition incorrectly states that employees are LAUSD employees. As an independent charter school, Learning by Design would be the exclusive public-school employer and responsible for hiring, credentialing, evaluation, and discipline.

2. The petition does not identify positions that the charter school regards as key in each category and specify the additional qualifications expected of individuals assigned to those positions.

3. The petition excludes descriptions of the following positions found in the school's organizational chart in element 4: Instructional Coach, Counselor, Parent Coordinator, After School Coordinator, and Office Support.

Element 6: Health and Safety Procedures. *Not reasonably comprehensive*

1. The petition incorrectly states that LAUSD will be responsible for the administration and procedures to ensure the health and safety of students and staff.

2. The petition fails to address the following Comprehensive School Safety Plan requirement in its entirety: Procedures for conducting tactical responses to criminal incidents, "including procedures related to individuals with guns on Charter School campus(es) and at school related functions."

3. The petition fails to describe or address the following legal requirements:
    - Child Abuse and Mandated Reporting Training
    - Criminal Background Clearances and Fingerprinting
    - Transportation Services
    - Workplace Violence Prevention Plan
    - Homicide Threats
    - Immunization and Health Screening Requirements
    - Mental Health Screening
    - Gun Safety Notice
    - Suicide Prevention Policy
    - All Gender Restrooms
    - Recess
    - Bullying Prevention
    - Transportation Safety Plan

Element 7: Means to Achieve a Reflective Racial, Ethnic Balance, Special Education and English Learner Student Population. *Not reasonably comprehensive*

1. The petition lacks data regarding the racial and ethnic composition of the general population residing within the geographical boundaries of the school. LACOE staff created the following chart representing this information:

Table A6: Racial and Ethnic Composition of Learning by Design and Local Community

Student Groups	Percent of Total Enrollment of School 2024-2025	Community* Zip code 90047 Percent of Total Community

2. The petition does not explicitly provide benchmarks to measure whether the applicant pool is reflective of the district's demographics. Specific benchmarks are not noted as well as a description of their annual review process.

Element 8: Admission Requirements. *Not reasonably comprehensive*

1. The petition includes admissions language that is not applicable to an independent charter school It indicates the school operates as a conversion affiliated charter school and gives first priority enrollment to pupils residing within a former attendance area and exempts those pupils from the lottery process.

2. The admission preferences need to be updated to identify students who reside within the LAUSD boundaries as the first enrollment preference.

3. The petition fails to *provide language for CDE notice to parents regarding filing complaints related to suspicion of student disenrollment for any reason EC 47605(e)(4)(D).*

Element 9: Annual Independent Financial Audits. *Reasonably comprehensive*

Element 10: Suspension and Expulsion Procedures. *Not reasonably comprehensive*

1. The petition fails to provide independent suspension and expulsion procedures. It states that the charter school "shall comply with and implement all District policies and procedures related to student discipline and behavior, suspension, and expulsion," including District-administered processes for students with disabilities, rather than clearly describing the charter school's independent procedures and IDEA/Section 504-compliant implementation.

Element 11: STRS, PERS, and Social Security. *Not reasonably comprehensive*

1. The petition contains inaccurate employment and benefits representations. It states that Learning by Design employees will continue to receive compensation and benefits under LAUSD collective bargaining agreements, including retirement systems (CalSTRS/CalPERS) and other District-provided benefits, which is inconsistent with independent charter school employer responsibilities. While the petition references bargaining agreements, the school does not have any bargaining agreements in place.

Element 12: Public School Attendance Alternatives. *Reasonably comprehensive*

Element 13: Post-Employment Rights of Employees. *Reasonably comprehensive*

Element 14: Dispute Resolution Procedures. *Not reasonably comprehensive*

1. The petition fails to establish mandatory dispute resolution procedures that recognize Learning by Design as an independent charter school and a separate legal entity. By incorporating LAUSD's District Affiliated Federal, State, and District Required Language, the petition improperly routes disputes through LAUSD's operational structures and processes, which are not applicable to independent charter schools. This language inaccurately shifts responsibility away from the charter school and fails to clearly define the charter school's legal and procedural obligations within the dispute resolution process.

2. The petition fails to *recognize that if the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with EC 47604.5, the matter will be addressed at the County Board's discretion in accordance with that provision of law and any regulations pertaining thereto.*

    A. It does not acknowledge that in the event that any dispute arises between the charter school and LACOE, both parties agree to use the procedure as stated herein, except for any dispute that is any way related to revocation of the charter school.

    B. It does not state that *at any time LACOE believes the dispute relates to an issue that could lead to revocation of the charter school, both parties will no longer be subject to this process.*

    C. It does not state that LACOE *may proceed immediately with the revocation procedures as set forth in law and stated below if LACOE believes the charter school:*

        a. *Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.*

        b. *Failed to meet or pursue any of the pupil outcomes identified in the charter.*

        c. *Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.*

        d. *Violated any provision of law.*

3. The petition fails to *describe how the costs of the dispute resolution process, if needed, would be funded.*

4. The petition does not state *the party who claims there is a dispute shall first identify the issue in writing with specificity and with supporting facts. The other party shall provide a written response to the identification of the issue within 20 business days.*

5. The petition does not state that *both parties will attempt to settle such dispute by meeting and conferring in a good faith attempt to resolve the dispute within 15 business days of the date of the written response.*

Element 15: Closure Procedures. *Not reasonably comprehensive*

1. The petition does not accurately describe the governing board's responsibility for initiating closure actions, implementing closure procedures, funding the closure, ensuring proper records retention and transfer, completing financial close-out, and managing the disposition of assets and liabilities, as required for an independent charter school.

2. The petition fails to state the required *notifications of the closure of the charter school to parents (guardians) of pupils, the authorizing entity, the county office of education (unless the county board of education is the authorization entity), the special education local plan area in which the school participates, the retirement systems in which the school's employees participate (e.g., Public Employees' Retirement System, State Teachers' Retirement System, and federal social security), and the California Department of Education.*

3. The petition fails to *state that, at a minimum, the following information will be included in the notification as established in 5 CCR 11962 in sufficient detail to indicate the petitioner has reviewed the regulatory requirements; it is insufficient to state the school will follow an Education Code, Regulation, or District policies/procedures.*

    A. *The effective date of the closure;*

    B. *The name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure;*

    C. *A list of pupils in each grade level, the classes they have completed, together with information on the pupils' district of residence;*

    D. *The manner in which (pupil records will be maintained and transferred, all state assessment results, and any special education records to the custody of the responsible entity;*

    E. *Transfer and maintenance of personnel records in accordance with applicable law;*

    F. *Completion of an independent final audit within six (6) months after the closure of the school that may function as the annual audit, that includes at least (1) an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value; (2) an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation; and (3) an assessment of the disposition of any restricted funds received by or due to the charter school.*

    G. *Disposal of any net assets remaining after all liabilities of the charter school have been paid or otherwise addressed, including but not limited to, the following: (1) the return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports; and (2) the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.*

    H. *Completion and filing of any annual reports required pursuant to EC* section *47604.33.*

    I. *Identification of funding for the activities identified in 5 CCR* section *(a) through (h).*

Finding 6: The petitioners are *demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or is not serving all pupils who wish to attend, as documented pursuant to EC 47607(e).*

Staff reviewed the data from the CDE and did not note any concerns regarding Learning by Design not serving all students.

Finding 7: The petition does satisfy all of the Required Assurances of *Education Code* section 47605(d), (f) through (i), (l) through (n) as follows:

Standards, Assessments and Parent Consultation. [*EC* 47605(d)] *Meets the condition*

Employment is Voluntary. [*EC* 47605(f)] *Not applicable*

Pupil Attendance is Voluntary. [*EC* 47605(g)] *Not applicable*

LOS ANGELES COUNTY OFFICE OF EDUCATION RENEWAL CRITERIA AND REVIEW PROCESS

The Los Angeles County Office of Education (LACOE) Charter School Review Team (Review Team) reviews a renewal petition according to the renewal criteria found in *EC* 47605, 47607 and 47607.2 and conducts a *de novo* review of the entire petition submission.

Statutory Framework and Criteria for Renewal

All charter schools requesting renewal must clearly show that they meet eligibility requirements set forth in Charter Schools Act and further defined in AB 1505. Depending on the findings adopted by the County Board, a charter may be renewed or denied renewal based on these criteria found in *EC* 47605, 47607 and 47607.2:

1. Do the petition and supporting documentation reflect a sound educational program for pupils? Are the petitioners likely to successfully implement the program set forth in the petition? Does the petition contain a reasonably comprehensive description of all required elements and affirm the conditions of *EC* 47605(e)?

2. Is the charter eligible for renewal under the High, Middle, or Low performing category and has the charter provided an argument with sufficient evidence that it has attained the criteria for renewal under that category? Has the charter attained measurable increases in academic achievement schoolwide and for numerically significant subgroups served by the charter school, and if applicable, does the school have strong postsecondary outcomes?

3. Does the charter school have discriminatory enrollment or dismissal practices? Does the charter have substantial fiscal or governance issues?

High Performing *EC* 47607(c)

A charter school that for two (2) consecutive years immediately preceding renewal:

1. Received the two highest performance levels [green or blue] schoolwide on all state indicators on the Dashboard

   OR

2. For all measurements of academic performance, the school received levels schoolwide that are the same or higher than the state average, and for a majority of subgroups performing statewide below the state average in each respective year, received levels that are higher than the state average.

Middle Performing *EC* 47607.2(b)

For charter schools not designated under either the High or Low Performing criteria, the chartering authority:

1. Shall consider schoolwide performance and performance of all subgroups on the Dashboard, while providing greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal

2. Shall also consider clear and convincing evidence with verified data showing either:

A. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

OR

B. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

Note: Charter Authority MAY DENY ONLY upon making written findings that:

1. The charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to pupils of the school;

   AND

2. Closure is in the best interest of the pupils;

   AND

3. The decision provided greater weight to the performance on measurements of academic performance.

Low Performing *EC* 47607.2(a)

A charter school that for two consecutive years immediately preceding renewal:

1. Received the two (2) lowest performance levels [red or orange] schoolwide on all state indicators on the Dashboard

   OR

2. For all measures of academic performance, the school received performance levels schoolwide that are the same or lower than the state average, and for a majority of subgroups performing statewide below the state average in each respective year, received levels that are lower than the state average.

Note: Renewal for a 2-year term may occur only if the following written factual findings are both made:

1. The charter school is taking meaningful steps to address the underlying causes of low performance, and those steps are/will be reflected in a written plan adopted by the school's governing body

   AND

2. There is a clear and convincing evidence, demonstrated by verified data showing either:

   A. The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

      OR

   B. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers

Review Criteria: The LACOE Review Team considered the petition according to the requirements of the *Education Code* and other pertinent laws, guidance established in the *California Code of Regulations (5 CCR)*, Title 5, County Board Policy and Superintendent's Administrative Regulations.[6]

LACOE has adopted the petition review criteria established in 5 *CCR* section 11967.5.1(a-g) except where LACOE determined that the regulations provide insufficient direction or where they are not applicable because the structure or responsibility of the County Board and LACOE differ from those of the State Board of Education (SBE) and the CDE. In these instances, LACOE developed its own local review criteria or added criteria to those developed by CDE to reflect the needs of the County Board as the authorizer and LACOE as the monitoring and oversight agency. These local criteria do not conflict with statute.

Reasonably Comprehensive: In addition to the regulatory guidance that specifies the components of each required element, 5 *CCR* section 11967.5.1(g) states a "reasonably comprehensive" description of the required petition elements shall include, but not be limited to, information that:

(1) Is substantive and is not, for example, a listing of topics with little elaboration.

(2) For elements that have multiple aspects, addresses essentially all aspects the elements, not just selected aspects.

(3) Is specific to the charter petition being proposed, not to charter schools or charter petitions generally.

(4) Describes, as applicable among the different elements, how the charter school will:

(A) Improve pupil learning.

(B) Increase learning opportunities for its pupils, particularly pupils who have been identified as academically low achieving.

(C) Provide parents, guardians, and pupils with expanded educational opportunities.

(D) Hold itself accountable for measurable, performance-based pupil outcomes.

(E) Provide vigorous competition with other public school options available to parents, guardians, and students.

Reasonably Comprehensive with Deficiencies: An element may be reasonably comprehensive but lacks specific critical information or contain an error important enough to warrant correction. These elements are described as "reasonably comprehensive" with a specific "deficiency" or "deficiencies." Correcting the deficiency or deficiencies would not be a material revision (as defined in statute and County Board Policy) to the charter.

Technical Adjustments: Three circumstances may require a "technical adjustment" to the petition:

- Adjustments necessary to reflect the County Board as the authorizer as required by statute. These adjustments are necessary because the petition was initially submitted to a local district and contains specific references to and/or language required by that district and/or the petition does not reflect the structure of the County Office.
- Adjustments needed to bring the petition current with changes made to law since the petition was submitted to the district as required by statute.

[6] Words in italics indicate a direct reference to the language in these documents.

- Adjustments necessary to address clerical errors or inconsistencies where making the adjustment would not be a material revision (as defined in statute and County Board Policy) to the charter.

Affirmations and Assurances: The petition shall contain a clear, unequivocal affirmation of each requirement, not a general statement of intention to comply. Neither the charter nor any of the supporting documents shall include any evidence that the charter will fail to comply with the conditions described in *EC* section 47605(c)(4).

Reviewers: The Review Team included staff from Business Advisory Services, Facilities and Construction, Risk Management, Curriculum and Instruction, Special Education, Student Support Services, Human Resources, Office of General Counsel, the Division of Accountability, Support and Monitoring, and the Charter School Office**.**

Scope of Review: Findings are based on a review of the same petition and supporting documents considered by the local district, information obtained through the Capacity Interview and other communications with the petitioner(s) and representatives of the school, and other publicly available information.

Legislative Intent

The Review Team considered whether the petition complies with *EC* section 47601 of the *Charter Schools Act*, which states:

> *It is the intent of the Legislature, in enacting this part, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:*
>
> *(a) Improve pupil learning.*
>
> *(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.*
>
> *(c) Encourage the use of different and innovative teaching methods.*
>
> *(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.*
>
> *(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.*
>
> *(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.*
>
> *(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.*

Additional Review Criteria Specific to a Renewal Petition

The renewal of a charter authorized by the County Board is governed by *EC* sections 47607 and 47605 or 47605.6 and 5 *CCR* section 11966.5, which provides the requirements for a renewal submission to a county board of education.

***EC* 47607(b)** states that renewals *are governed by the standards and criteria in section 47605* (the requirements to establish a charter), and shall include, but not be limited to, *a reasonably comprehensive*

description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

This language varies slightly from the requirement under 5 CCR 11966.4(a)(2), which requires the district to determine whether the renewal petition includes *a reasonably comprehensive description of* ***how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed.*** (Emphasis added)

The Review Team determined whether each required element complies with current legal requirements and whether the petitioners showed they are familiar with current legal requirements through the Capacity Interview. If the petition did not comply or the petitioners were unfamiliar with current law, the Review Team noted the deficiency through the applicable finding**.**

> ***EC* 47607(e)** ***Notwithstanding subdivision (c)and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or it not serving all pupils who wish to attend.***

5 *CCR* 11966.5(b) provides the timelines, process and requirements for reviewing a renewal petition:

> ***A petition for renewal, whether submitted to the county board of education as the chartering authority or on appeal from denial of the renewal petition by the local governing board, shall be considered by the county board of education upon receipt of the petition with all of the requirements set forth in this subdivision.***
>
> ***(1) Documentation that the charter school meets at least one of the criteria specified in Education Code section 47607(b).***
>
> ***(2) A copy of the renewal charter petition, as denied by the local board, including a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed.***
>
> ***(A) The signature requirement set forth in Education Code section 47605(a) is not applicable to a petition for renewal.***
>
> ***(3) When applicable, a copy of the governing board's denial and supporting written factual findings, if available.***
>
> ***(4) A description of any changes to the renewal petition necessary to reflect the county board of education as the chartering entity.***

County staff may provide a description of whether the petitioner met submission requirements.

5 *CCR* 11966.5(c) provides the areas to be considered to make a determination as to whether a charter should be renewed and provides the conditions under which a county board may deny a renewal petition:

> *(1) When considering a petition for renewal, the county board of education shall consider the past performance of the school's academics, finances, and operation in evaluating the likelihood of future success, along with future plans for improvement, if any.*

Any concerns regarding the past performance of the school are addressed under **Finding 3 (Demonstrably Unlikely to successfully implement the proposed educational program).** Plans for future improvement, if provided, would be addressed as applicable under the appropriate petition requirement.

(2) The county board of education may deny a petition for renewal of a charter school only if [it] *makes written factual findings, specific to the particular petition, setting forth facts to support one or more of the grounds for denial set forth, as applicable, in Education Code* ***47605(c)*** *or failure to meet one of the criteria set forth in Education Code section* ***47607(b)***.

Tables C20, C21, and C22 below calculate Learning by Design's NWEA MAP participation rates by aligning the number of recorded NWEA MAP growth events in Reading, Language Usage, and Math with the CDE's DataQuest Stability Count for three (3) respective years. Consistent with CDE methodology, the Stability Count represents students who were continuously enrolled at the school for a minimum of 245 consecutive calendar days during the academic year, excluding students with disqualifying exits. This Stability Count serves as the denominator for determining assessment participation, as it reflects the population of students who should reasonably have been tested.

For each year reviewed, the number of NWEA MAP growth events reported by the school was divided by the corresponding Stability Count to determine the participation rate for All Students and numerically significant student groups. This analysis revealed substantial discrepancies between the number of students continuously enrolled and the number of students assessed on the NWEA MAP, particularly in Reading, Language Usage and Math across all three years. As shown in Tables C20 through C22, participation rates consistently fell well below the 95 percent threshold required for verified data.
