MINUTES
LOS ANGELES COUNTY BOARD OF EDUCATION
9300 Imperial Highway
Downey, California 90242-2890
Tuesday, February 3, 2026

A meeting of the Los Angeles County Board of Education was held on Tuesday, February 3, 2026, at the Los Angeles County Office of Education Board Room.

PRESENT: Ms. Michele Breslauer, Dr. Laura Cantú**,** Dr. Yvonne Chan, Ms. Margaret Granado, Dr. Stanley L. Johnson, Jr., Dr. Theresa Montaño, and Mr. James Cross, and Mr. Andrew

OTHERS PRESENT: Dr. Debra Duardo, Superintendent; Administrative Staff: Ms. Michelle Bartolo, Principal Executive Assistant.

PRELIMINARY ACTIVITIES

CALL TO ORDER
Mr. Cross called the meeting to order at 3:04 p.m.

Mr. Cross read the LACOE Land Acknowledgement.

Dr. Laura Cantú stated she was joining the meeting remotely pursuant to the "just cause" provisions of the Brown Act, Government Code Section 54953.8.3 due to the need to provide caregiving support to a family member.

Dr. Cantú confirmed that there was no one over the age of 18 present in the room with her.

PLEDGE OF ALLEGIANCE
Dr. Chan led the Pledge of Allegiance.

ORDERING OF THE AGENDA
Dr. Duardo indicated that the following change was made to the agenda:

- **RECOMMENDATION VII-A:** Adopt the Superintendent's Recommendation to Deny the Appeal for *Learning by Design Charter School, Grades TK-5*: Renewal Petition Denied by the Los Angeles Unified School District Board of Education with Attached Report – **ITEM WILL BE MOVED TO FEBRUARY 10, 2026**

Dr. Cantú confirmed that there was no one over the age of 18 present in the room with her and voted yes to the changes made to the agenda.

It was **MOVED** by Dr. Chan, **SECONDED** by Dr. Johnson, and **CARRIED** to approve the Board agenda as amended.

Yes vote: *Ms. Breslauer Dr. Cantú, Dr. Chan, Ms. Granado, Dr. Johnson, Dr. Montaño, Mr. Cross, and Mr. Andrew.*

APPROVAL OF THE MINUTES –

- January 20, 2026 – *The minutes were approved as presented.*

Dr. Cantú confirmed that there was no one over the age of 18 present in the room with her and voted yes to the approval of the minutes.

It was **MOVED** by Dr. Chan, **SECONDED** by Ms. Breslauer, and **CARRIED** to approve the January 20, 2026, minutes as presented.

Yes vote: *Ms. Breslauer, Dr. Cantú, Dr. Chan, Ms. Granado, Dr. Johnson, Dr. Montaño, and Mr. Cross and Mr. Andrew*

COMMUNICATIONS: BOARD/ SUPERINTENDENT

Dr. Duardo provided the following highlights to the County Board:

CA County Supt General Membership Meeting, FCMAT and ACSA

- Attended the CA County Superintendents General Membership Meeting, FCMAT Board of Directors Meeting, and the Association of California School Administrators Superintendents Symposium

Head Start Federal Monitoring

- The Head Start and Early Learning Division completed the first federal monitoring review for the 2024–2029 project period last week.
- Focus Area One was a hybrid review, including virtual discussions and on-site classroom visits and file reviews.
- The final report is expected within 45 days, with overwhelmingly positive feedback received so far.
- Additional reviews will take place over the next few years.
- Thank you to:
  - Dr. Ramirez, Luis Bautista, and the Head Start and Early Learning Division team
  - Board members Granado and Cantú
  - Policy Council parents
  - Supporting staff from Accounting & Budget Development, Head Start Fiscal Support, Business Operations, Advisory Services, Business Systems Support, School Financial Services, and Technology Services
  - Delegate agency partner staff and teachers
    - Their collective efforts help ensure high-quality programs for the children, families, and communities we serve.

COMMUNICATIONS: ASSOCIATIONS (none)

COMMUNICATIONS: PUBLIC

The following members of the public addressed the County Board: Saida Johnson, Johannes Boyd, Ashley Durrell, Patricia Shoemake, Erica Garcia, Isabelle Hernandez, Lisa Hairrington, Rayvin McCoy McManus,

PRESENTATIONS (none)

HEARINGS

PUBLIC HEARING ON PREPA TEC LOS ANGELES, GRADES 6-8: APPEAL OF A PETITION TO RENEW A CHARTER PREVIOUSLY DENIED BY LOS ANGELES UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION (ENCLOSURE)
Education Code Section 47607 and 47605(b) provides that within 60 days after receiving a request for a charter petition, the County Board shall hold a public hearing on the provisions of the charter Prepa Tec Los Angeles, Grades 6-8 and the County Board shall consider the level of support for the material revision by teachers employed by the districts, other employees of the district, and parents.

Ms. Rachel Villalobos, Lead Petitioner, addressed the County Board in support of the Public Hearing on the charter petition for Prepa Tec Los Angeles, Grades 6-8.

The County Board had questions on this item.

The following individuals addressed the County Board in support of this item: Hannah Caceres, Wendy Najera, Anahi Tostado, Lianna Lopez, Alina Franco, Karen Ceballos, Destiny Lopez, Jesus Rodriguez, Veronica Quesada,

The following individual addressed the County Board in opposition to this item: Christian Mendez

REPORTS / STUDY TOPICS (none)

CONSENT CALENDAR RECOMMENDATIONS

APPROVAL OF AMENDMENT 2 TO CERTIFICATION OF SIGNATURES – 2025-26
The Superintendent recommended that the County Board amend the Certification of Signatures for 2025-26, approving the following persons to sign warrants, orders for salary payments, contracts and official documents as specified for the Los Angeles County Office of Education for the 2025-2026 fiscal year.

This amendment provides recommended changes as follows:

New Signatories

- Elizabeth Boston, Limited Term Executive Director, overseeing Accounting and Budget Development, Business Operations, and Facilities and Capital Planning (All documents necessary for functions performed in each department)
- Lesley Jiang, Limited Term Director, Accounting and Budget Development (Commercial Warrants, Liability Claims Bank Account, Revolving Cash Bank Account, Selected Federal/State Forms/Reports, Mandated Cost Claims)

- Gabriel Leung, Limited Term Assistant Director, Accounting and Budget Development (Commercial Warrants, Liability Claims Bank Account, Revolving Cash Bank Account, Selected Federal/State Forms/Reports, Mandated Cost Claims)

Remove Signatory

- Marjam Clark, Accounting and Budget Development Director (retired)

There were no public speakers for this Board item.

Dr. Cantú confirmed that there was no one over the age of 18 present in the room with her and voted yes.

It was **MOVED** by Dr. Chan, **SECONDED** by Dr. Montaño, and **CARRIED** to approve the Consent Calendar Recommendations.

Yes vote: *Ms. Breslauer, Dr. Cantú, Dr. Chan, Ms. Granado, Dr. Johnson, Dr. Montaño, Mr. Cross and Mr. Andrew*

RECOMMENDATIONS

INFORMATIONAL ITEMS

GOVERNMENTAL RELATIONS

Ms. Pam Gibbs provided a Governmental Relations update to the County Board.

There were no public speakers for this Board item.

LOS ANGELES COUNTY BOARD OF EDUCATION MEETING SCHEDULE, ESTABLISHMENT OF MEETING TIMES, FUTURE AGENDA ITEMS, AND BOARD FOLLOW UP

Dr. Duardo indicated that the next regular Board meeting would be held on February 10, 2026, at 3:00 p.m.

There were no public speakers for this Board item.

LOS ANGELES COUNTY BOARD OF EDUCATION'S DECISION ON INTERDISTRICT AND ATTENDANCE APPEALS

SANTIAGO O. V. MONTEBELLO UNIFIED SCHOOL DISTRICT

The proceedings were conducted in closed session to reach a decision on the interdistrict attendance appeal. Ms. Vibiana Andrade, General Counsel, represented the Los Angeles County Board of Education. Ms. Alicia Garoupa, Chief Wellness and Support Services Officer, and Ms. Melissa Schoonmaker, Project Director, Child Welfare and Attendance, Los Angeles County Office of Education, were also present.

The appellant was not present but was represented by his mother, Mrs. Maria F. and Mr. James Sams, Director of Student Services, represented Montebello Unified School District. Ms. Maria del Carmen Aguirre provided translation services.

Dr. Cantú confirmed that there was no one over the age of 18 present in the room with her and voted yes to grant the interdistrict appeal for Santiago O.

Four affirmative votes of the Board are required for an interdistrict appeal to be granted. A roll call vote was taken. Voting yes were: Ms. Breslauer, Dr. Cantú, Dr. Chan, Ms. Granado, Dr. Johnson, Dr. Montaño, and Mr. Cross.

ADJOURNMENT

This meeting was adjourned by unanimous consent at 5:15 p.m.

Board Meeting – February 10, 2026

Item III. Presentations

A. Introduction of Head Start and Early Learning Division Policy Council Executive Members to the County Board of Education

Background

In accordance with Title 45 of the Code of Federal Regulations (CFR) § 1301, the Policy Council and Governing Body shall work together and share the responsibility of overseeing the delivery of high-quality Head Start and Early Head Start services to children and families.

Each December, the Policy Council seats new members elected from each of LACOE's delegate agencies. The Policy Council then elects officers to form the Executive Committee. The committee works in partnership with key management staff to ensure that the Policy Council participates in shared decision making with the Superintendent and Board of Education. This includes ensuring that accurate, updated information is communicated to parents and community members served by Head Start Preschool and Early Head Start programs.

Luis Bautista, Head Start and Early Learning Division Executive Director, will introduce the Policy Council Executive Committee members and governance staff.

<u>Officers</u>

1. Paola Lopez, Plaza de la Raza Child Development Services, Inc., Chairperson
2. Mayra Thibault, Former Parent Community Representative, Vice Chairperson
3. Susie Loera, Plaza de la Raza Child Development Services, Inc., Treasurer

Board Meeting – February 10, 2026

Item IV. Hearings

A. Public Hearing on *Environmental Charter Middle-Inglewood, Grades 6-8*: Charter Renewal Petition (Enclosure)

Environmental Charter Middle-Inglewood has submitted its renewal petition to the Los Angeles County Board of Education. Education Code (EC) section 47607(b) provides that renewals and material revisions of charters shall be governed by the standards and criteria in EC section 47605.

EC section 47605(b) provides that no later than 60 days after receiving a charter petition, the Los Angeles County Board of Education (County Board) shall hold a public hearing for the purpose of determining the level of support for the charter petition by teachers, employees and parents.

Within 90 days, the County Board shall review the petition and information provided at the public hearing and either grant or deny the petition unless a 30-day extension is agreed to by the petitioner and the County Board.

Notice of Submission: Petition to Renew a Charter

Charter Type:
☒ Previously Authorized on Appeal (*EC* 47605)
☐ Direct to County Board (*EC* 47605.5)
☐ Countywide (*EC* 47605.6)

Submit form with petition documents ***Please print or type***

Name of Charter School: Environmental Charter Middle School - Inglewood

Contact Information:

Name of lead petitioner(s) / relationship to charter school: Danielle Kelsick / ECS Superintendent

Name of lead contact (if not petitioner):

Address: Street 2625 Mahattan Beach Blvd #100
City Redondo Beach
State/Zip code CA 90278

Telephone number(s): Office 310-214-3408
Mobile 404-906-1224

FAX number: 424-456-7439

Email: danielle_kelsick@ecsonline.org

School Information:

Enrollment: Current: 360 Proposed: 360

Grade levels: Current: 6-8 Proposed: 6-8

Current school address: Street 3600 W Imperial Hwy

If more than one site, provide main site here; attach list of additional site addresses.

City Inglewood State/Zip code CA 90303

Will the school remain at the current site(s)? Yes/No address(es) Yes If no, attach explanation and new

Notice of Submission:

Signature of lead petitioner(s):

Date of Charter Petition Appeal Submission: 1/16/2026

Petitioner's certification will provide an assurance that the petition submission is complete. Following the charter submission, LACOE will notify the petitioner in writing of charter submission receipt.

In preparation for a scheduled public hearing, the petitioner shall have no less than five (5) working days to confirm that the submitted files for Sections I through IV do not require redaction and may be published as-is. These documents are made available to the public as well as to the County Board and LACOE staff. It is the petitioner's responsibility to redact sensitive information (i.e., personal contact information, bank account numbers, etc.) 10 days prior to posting of the electronic copy for the public hearing.

LACOE reserves the right to request additional documents and information as necessary to provide the County Board with a complete understanding of the proposed charter.

LACOE may conduct a facilities inspection as part of the petition review process or prior to opening, if authorized.

Required Certification

Submission of a petition and this signed document certifies that:

1. The governing board has taken action to approve the submittal of the renewal petition, including budgets and supporting documents to the County Board.
2. The governing board and lead petitioner(s) have **read, understand, and intend to adhere to** the requirements outlined in this document, *The Charter School Renewals* guide, as well as the Los Angeles County Board Policies and Administrative Regulations regarding Charter Schools*; and the *LACOE Monitoring and Oversight Memorandum of Understanding* (MOU)**.
3. The governing board and lead petitioner(s) certify that this charter petition submission is deemed complete, true, and correct.

Printed name of board signatory: Dr. Betsy Hamilton

Signature of board signatory: Date: 1/15/2026

Printed name of lead petitioner(s): Danielle Kelsick

Signature of lead petitioner(s): Date: 1/15/2026

**Los Angeles County Board Policies and Regulations are available at https://www.lacoe.edu/about/board/policies*

***The Charter School Monitoring and Oversight MOU is available at https://www.lacoe.edu/content/dam/lacoeedu/documents/generalcounsel/charter-school-office/1%20MOU_Template_FINAL_11-2018.pdf*

Required Documents: Petition to Renew a Charter Authorized by the County Board

Submission Directions: Petition to Renew a Charter Authorized by the County Board:

- Submit all documents within the submission package noted below.
- Continuously paginate the entire submission and ensure the pagination is accurately reflected within the Table of Contents.
- Submit via flash drive all items and sections below:
  - Items 1 - 2 may be combined as one file
  - Table of Contents and each section shall be submitted as separate files
  - Submit Section I as six (6) separate files (I.1, I.2, I.3, I.4, I.5, I.6)
  - Submit Section II as 9 separate files; budgets and projections must be submitted as unlocked spreadsheets in excel format (displaying formulas)

Submission Package: Submit the following required documents to the LACOE Charter School Office:

Check items submitted and submit this form with petition documents

☒ 1. Completed and signed Notice of Submission: Petition to Renew a Charter Form

☒ 2. Completed and signed Required Documents: Petition to Renew a Charter Authorized by the County Board Form

☒ 3. Reporting on Measurable Pupil Outcomes in Current Charter Term (Appendix C)

☒ Table of Contents for Sections I through IV (identify page number for each required element)

Section I

☒ I.1 List of Affirmations and Assurances signed by the petitioner

☒ I.2 Description of the school's renewal eligibility based on the CDE's published list of renewal charter school data, its governing board approved action plan if the school qualified in the middle- or low-performing categories, as well as sufficient evidence that the school has attained the criteria for renewal under that category which may include clear and convincing evidence as demonstrated by verified data (Appendix D). Since a DASS school will not receive a performance category, it should provide evidence of meeting student measurable pupil outcomes in the narrative of the charter petition. *EC* 47607(c)(7) requires a chartering authority to consider a DASS school's performance on the Dashboard (all performance indicators and local indicators) as well as on performance on "alternative metrics" based on the student population served, as agreed upon with the authorizer during the first year of the charter school's term.

☒ I.3 Charter Petition pursuant to *EC* 47605 (Appeal), 47605.5 (County Direct), or 47605.6 (Countywide): Begin each of the 15 elements by citing the specific Education Code section. The petition must include a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed or materially revised (*EC* 47607(b) and *California Code of Regulations*, Title 5, section 11966.4).

☒ I.4 If the petition is for a countywide charter, include a rationale addressing *EC* 47605.6(a)[1]

☒ I.5 List of board members and resumes with contact information for all key individuals (petitioner(s), school leadership, etc.)

☒ I.6 Evidence the school's governing body approved submission of the petition to the County Board

[1] *EC* 47605.6(a)(1): A county board of education may only approve a countywide charter if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. The County Board may impose any additional requirements beyond those of *EC* 47605.6 that it considers necessary for the sound operation of a countywide charter school.

Section II

- [X] II.1 Budget projections for the first three (3) years of operation during the next charter term (multi-year projection) in Excel format with SACS codes (electronic file with unlocked cells including formulas), with the following supporting documents:
    (1) Budget Narratives and Assumptions
    (2) LCFF Calculator (i.e., FCMAT LCFF calculator) for three (3) years
    (3) Three-Year Cash Flow projections
    (4) Staffing Salary Schedule with object codes, position, salary, and benefits
- [X] II.2 Organizational Chart including CMO and any related parties (if applicable)
- [X] II.3 Copies of the three (3) most recent Independent Financial Audits of 501(c)(3) (if applicable)
- [X] II.4 Fiscal Policies with evidence that they were approved by the governing board
- [X] II.5 Year-to-date General Ledger for both the non-profit entity holding the charter (CMO) if applicable, and the charter school
- [X] II.6 Debt Schedule including total principal, interest due, and term of debt (if applicable). Include all loans, bonds, lines of credit, inter-company borrowing or transfer agreements including repayment terms and commitment letters (e.g., sale of receivables)
- [X] II.7 All bank statements, including any related foundations such as Parent Teacher Organization (PTO), as well as petty cash accounts with monthly reconciliation for the three (3) months prior to petition submission to the Charter School Office (if applicable)
- [X] II.8 Contracts (if applicable):
    - Board approved contract and shared allocated costs agreement (i.e., CMO fees, indirect cost, or any fees charged by the non-profit entity holding the charter)
    - Signed Contracts exceeding $5,000 annually
- [X] II.9 Public Charter Schools Grant Program (PCSGP) application and budget (if applicable)

Section III

- [X] III.1 Current board-approved and signed Bylaws of 501(c)(3)
- [X] III.2 Current Approved and Stamped Articles of Incorporation of 501(c)(3)

Section IV

- [X] IV.1 Lease/Rental or Proposition 39 Agreement(s) or similar document(s)
- [X] IV.2 Certificate(s) of Occupancy (if applicable)
- [X] IV.3 Copy of the student/parent handbook, school safety plan, employee handbook, and any procedure the school will follow to ensure the health and safety of students and staff
- [X] IV.4 Copy of the student application (lottery) form and enrollment form

I. Introductory Material

1.1 Safe Schools Plan Rationale

To meet our mission of we must create a learning environment that ensures students are safe, their health is protected and promoted,and their physical and emotional needs are met. Learning does not readily occur otherwise.

1.2 ECS Mission & Values

The ECS mission is to reimagine public education in low income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world.

VALUES:
JUSTICE - We examine bias, racism and prejudice. We deliver culturally-responsive curricula. We succeed when students' race and class cease to predict their level of achievement.[1]
COMMUNITY - We care. We collaborate. We respect the rights and voices of our stakeholders.
CURIOSITY - We question. We explore. We innovate.
SUSTAINABILITY - We think globally and act locally. We adapt. We encourage systems thinking to create a sustainable future.
LEADERSHIP - We listen. We think critically. We advocate. We shift public discourse. We are our own superheroes.

1.3 Goals

ECS has four organizational goals:

1. Strengthen student outcomes
2. Pursue equity in student enrollment and achievement
3. Improve organizational and operational strength
4. Expand to meet stakeholder demand

1.4 Plan Organization

This plan is designed for use during the planning, response, and recovery phases of an emergency or disaster that affects ECS' operations and facilities. The plan includes:

- ➔ Section 2: the way the plan is developed and revised.
- ➔ Section 3: policies, procedures and practices that are preventative.
- ➔ Section 4: emergency preparedness practices
- ➔ Section 5: emergency procedures

[1] Noguera, Pedro. "Keynote Address." Student Achievement Symposium , July 13, 2017. Almansor Court, Alhambra, CA.

➔ Section 6: Incident Command Systems
➔ Appendix: Surveys, checklists and other resources

The ECS Master Safe School Plan delineates the policies and practices that are shared organization-wide. Content that is specific to each ECS school site is added by the school site. These sections are indicated by the phrase “Site Specific”

Priorities
All emergency actions will be taken according to the following priorities:

- Protection of life
- Protection of the environment
- Protection of property
- Restoration of services

II. Plan Development

2.1 Stakeholder Involvement

To develop and revise the Safe Schools Plan, input is gathered from school and community stakeholders. Administrators consult with families, students, teachers and staff members to establish areas of concern, determine how procedures or policies can be improved and determine annual goals for improving school safety. Representatives from law enforcement, fire departments and emergency/disaster planning agencies are contacted and invited to provide feedback on the plan. ECS also offers to coordinate use of its facilities with regional emergency planning agencies.

For periodic updates to this Plan, the home office of Environmental Charter Schools sought input from the Emergency Management Department of Los Angeles, the Red Cross, the Emergency Network of Los Angeles, the Los Angeles County Office of Emergency Management and the Strategic Integration division of the Los Angeles County Office of the Chief Executive Officer. ECS expressed a willingness to participate in regional emergency plans and offered use of ECS facilities. Plan development included a meeting of Site Engineers from all ECS sites to share best practices and strategies.

Each summer, the home office will consult with site leaders and campus engineers to consider improvements for the Safe School Plan. Each fall, site leaders will consult with stakeholders and gather input on how to improve safety on the school site and improve the Safe Schools Plan. Changes will be reviewed and approved by the Superintendent. A copy of the Safe Schools Plan, excluding any sensitive material, will be available in each school office for review by the public. In February, 2019, ECMS-Inglewood worked with parents, site staff, and local agencies to refine the Safe Schools Plan, especially in light of major changes to the site and buildings.

2.2 Safe Schools Planning Checklist

Section 32281	Plan Section #	Comments
(b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to former Section 52012, as it existed before July 1, 2005, or Section 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school. (d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each school site. (2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.	Section 2.1	As a small school district, we are not required to write this plan with our SSC. However, we did involve stakeholders, including: the principal or the principal's designee, teachers, parents and classified employees. This matches the membership of a School Safety Planning Committee as described in Education Code.
(b)(3) SSC/planning committee consulted with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.	Section 2.1	A police advisor from Inglewood Police Department was consulted regarding our safety plan and reviewed for any necessary additions. Additionally, ECS reached out to emergency agencies below to inquire about school participation in emergency plans and

		offer site as resource in times of crisis: Inglewood Police Department. First Aid forms were reviewed and edited by an ER nurse. ECS also created a Network Safety Plan, containing ECS network protocols, procedures, and communication templates to meet the ongoing needs of emergency situations.

Section 32282	**Plan Section #**	**Comments**
(a) The comprehensive school safety plan includes, but is not limited to all of the following:		
(1) An assessment of the current status of school crime at the school and at school-related functions, which may be accomplished by reviewing one or more of the following types of information: • Office Referrals • Attendance rates/SARB data • Suspension/Expulsion data • California Healthy Kids Survey • School Improvement Plan • Local law enforcement juvenile crime data • Property Damage data	Section 2.3	The current data surrounding referrals reveals that approximately 14 students have had referrals thus far in 18-19 which is similar if not lower than prior years. Attendance is consistent at 97%. We have expelled two students over the past 6

		years, and none since 2016-2017. We have had 1-2 incidents of students bringing toy weapons, and 1 incident of a student making threatening comments.
(2) Identify appropriate strategies and programs that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including but not limited to the following:	See Section III	
(A) Child Abuse Reporting Procedures	Section 3.11	
(B) Disaster procedures, routine and emergency, crisis response plan including adaptations for pupils with disabilities and the following: (i) Earthquake emergency procedures that include: (I) a school building disaster plan	Sections IV & V Adaptations for students with specific needs: 2.5 Earthquake: Section 4.7a & 5.3d	ECS Network Safety Plan - Evacuation ECS Network Safety Plan - Bomb Threats ECS Network Safety Plan - Drills

Note: Building disaster plan emergency procedures and drills for the following situations that may be associated with an earthquake or other emergency event should be developed and adapted to each school's needs and circumstances in collaboration with first responders and community partners; these may include but are not limited to: Fire; Relocation/Evacuation; Bomb Threat; Bioterrorism/Hazardous Materials; Earthquake; Flood; Power Failure/Blackout; Intruders/Solicitors; Weapons/Assault/Hostage; Explosion; Gas/Fumes **(II)** a drop procedure (students and staff take cover) **dates/times of drop procedure drills held once each quarter in elementary; once each semester in secondary schools** (III) protective measures to be taken before, during, and after an earthquake (IV) a program to ensure that pupils, and certificated and classified staff are aware of and are trained in the procedures	Sections IV & V See Section 7.1 See Sections 4.7a, 5.3d, 7.2, 7.3b, 7.5 See Section 4.3a	ECS Network Safety Plan - Evacuation ECS Network Safety Plan - Bomb Threats ECS Network Safety Plan - Drills ECS Network Safety Plan - Weapons in School
Establish procedures to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during an emergency.	See Section 6.2	
Suspension/Expulsion procedures	See Section 3.3	ECS Suspension Guidelines

Procedures to notify teachers of dangerous pupils	See Section 3.9	
Discrimination and Harassment Policy. Include hate crime reporting procedures and policies here. **Note:** The Legislature encourages safety plans to include bullying policies and procedures to the extent that resources are available. Assembly Bill 9 Ch. 723 requires that all schools have an anti-bullying policy and AB 746 covers all types of bullying, including cyber-bullying. While it is not required to place these policies in the school safety plan, they may be placed here.	See Sections 3.5 3.4 (bullying)	
Schoolwide Dress Code, if it exists, including prohibition of gang-related apparel	See Section 3.2b (Dress code)	
Procedures for safe ingress and egress of pupils, parents, and school employees to and from school site	See Section 3.12	
A safe and orderly environment conducive to learning at the school	See Section 3.2	
Rules and procedures on school discipline	See Section 3.3	ECS Suspension Guidelines
Where practical, consult, cooperate and coordinate with other school site councils or school safety planning committees.		Campus Engineers from each ECS site met and shared best practices

Evaluate and amend the plan as needed and at least once each year, to ensure the plan is properly implemented. Keep an updated file of all non-sensitive safety- related plans and materials readily available for inspection by the public.	See Section 2.1	
The Legislature encourages that policies and procedures aimed at the prevention of bullying be included in the comprehensive school safety plan.	See Sections 3.2, 3.3 & 3.4	
Section 32282.1	**Plan Page #**	**Comments**
Schools are *encouraged* to include clear guidelines for the roles and responsibilities of the positions listed below (if used by the school) ● Mental health professionals, school counselors ● Community intervention professionals ● School resource officers, police officers on campus		As a small single school district, we do not have school resource officers. Roles in an emergency are described in the plan. ECS Network Safety Plan - Emergency Response Teams
Section 32284	**Plan Page #**	**Comments**
Plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school	See Sections 4.7c & 5.3l	

Section 32288	Plan Section #	Comments
Submit the plan to school district office or county office of education for approval	N/A	Submitted to Los Angeles County Office of Education annually
(b)(1) SSC/Planning Committee communicated the school safety plan to the public at a public meeting at the school site.	N/A	As a “small school district” as defined by ARTICLE 5. School Safety Plans [32281 (d)(2), the specific requirements for School Site Council development of Safe Schools Plans does not apply to our LEA. However, stakeholders were part of the review and development of the plan
Section 51747	**Plan Section #**	**Comments**
Independent Study Transition During Emergencies (AB 130, Education Code Section 51747)	Section 4.8	

2.3 Assessments

The Safe School Plan development and update process includes an examination of data pertinent to school safety and climate, including:

- Climate survey data from students, staff and families
- Evaluation of hazards in the community
- Attendance data

- Referral Data
- Suspension/Expulsion data
- Enrollment data
- Disenrollment data
- Employee exit interviews
- Crime rates in neighboring communities
- Criminal incidents on campus (vandalism, theft, etc.)

2.4 Site Specific Goals

After stakeholder groups provide input and review assessment data, site specific safety goals are established. ECMS-I LCAP goal is to develop a school culture that supports student-learning outcomes, is responsive to stakeholder feedback, and ensures organizational sustainability. Our goals are

1. To increase the percentage of staff who agree ECMS-I is a supportive and inviting place to work and that it is a safe place for students.
2. To increase the percentage of students who agree that ECMS-I is safe and that fell connected to ECMS-I
3. To increase the percentage of parents who agree that ECMS-I is a safe place for their child

2.5 Preparation and Mitigation for Students with Disabilities

Emergency planning and preparation must take into account the requirements of students with disabilities and other specific needs. These students include some special education students as well as general education students who may need additional assistance during an emergency. It is crucial to prepare for the needs of these students and provide the necessary materials, resources, and personnel. Specific needs can be categorized into several, general groups:

- Mobility
- Visual
- Hearing
- Communication
- Cognitive
- Special Healthcare Needs

The needs of these students must be analyzed to accommodate student needs in emergency procedures including emergency notification, evacuation, and sheltering.

Employees who will assist students with disabilities need to be identified before the emergency, and practice techniques for assisting those students. They need to understand the capabilities and limitations of the population that they serve. They should rehearse their role at every emergency drill so that they and the children they assist will have confidence in the process. All students should participate in all emergency drills. This will enable the students with specific

needs and the employees who assist them to become familiar with one another and address any concerns before an emergency occurs.

Identification of Students with Specific Needs

Each year, site administrators shall meet with office, supervision, 504, special education and counseling staff to compile a list of students with specific needs. During the course of the year, when students develop temporary physical challenges, injuries or issues that may not qualify them for special education services, but necessitate additional assistance during or immediately after an emergency, their names and specific needs should be added to the list. Knowing the most fragile and dependent members of the school population will allow the school to prepare for the challenges and be successful during an emergency.

The list of students with specific needs can be entered into PowerSchool's "Emergency Conditions" field. Specific equipment and supplies needed to care for each student should be listed here as well. Periodically, the site administrator can print out an updated list.

Lists of students with specific needs should be kept in the School Emergency Response Box and reviewed with staff who are responsible for Search and Rescue Teams and the First Aid/Medical Teams. Both of these teams need to know the names and challenges faced by these students as it directly impact the response actions of those teams. The following items should be stored in the School Emergency Response Box in folders marked "Confidential": The Class schedules for students with specific needs should also be included, so that Search and Rescue Teams will know where to look for students.

Students with chronic conditions may require special or additional support from the Search and Rescue Team or First Aid/Medical Team. Information regarding required additional support should also be included in the folder.

Emergency Notification for Students with Specific Needs

School administration must ensure that emergency notification systems at the school site are functional for all students in all locations on campus. Conducting regular emergency drills incorporating an emergency notification system, such as the fire alarm system and PA system, tests the system and identifies any non-functional elements. Drilling with the school's emergency notification systems also creates familiarity with the sounds and lights associated with emergencies for students with specific needs.

All students should participate in drills such that:

- All students are familiar with the sound of emergency alert systems, as well as the location of alarms and lights.
- All students, including students with communications challenges, are aware of the procedures used to report an emergency.
- All students, as appropriate for their age and cognition, know the emergency actions to take associated with each emergency alert system or emergency PA announcement.

- Appropriate alternate emergency notification systems should be in place for students who cannot hear, including alternatives to emergency PA announcements (such as for a lockdown).
- Administration should make sure that all alarm systems, PA systems, and telephone systems are functional as part of the regular campus inspection process. Back-up plans, such as a cell phone list should note individuals with specific needs.

Evacuation Concerns for Students with Specific Needs

As part of their planning process, schools will need to consider how they will assist specific needs students who cannot evacuate the building on their own. In almost all situations, students can be assisted or carried down stairs by two to four adults on the Search and Rescue Team. If sites have a student who requires this assistance they should contact Home Office so additional training can be provided.

Schools with Elevators

On an ordinary school day, some students with mobility issues attend classes on the upper floors of buildings and use the elevator to travel from one floor to another. If there is an emergency that includes a power failure or activation of the fire alarm system, the elevator will not function, and these students will need assistance getting to the ground floor. In addition, disaster debris or damage may be disorienting to others who normally use the stairs, such as blind students. Relocating upstairs classrooms of students with significant evacuation challenges to the ground floor should be considered for student safety.

Teachers are to use the buddy system during evacuation, so that one teacher can take two or more classes to the Assembly Area, while the second teacher or designated adult aide assists or waits with students who cannot evacuate on their own.

During an emergency, Search and Rescue Teams may need to rescue students who are trapped and cannot evacuate the building on their own accord. As they search buildings, the Search and Rescue Teams need to check for any students who cannot go down stairs.
To make sure that these students, identified assistants, and Search and Rescue Team members are familiar with each other, all students must take part in all campus emergency drills. It will only be through practice that team members become familiar with the students and their capabilities. Drills should also pose a variety of challenges, such as blocked stairways and compromised access to direct exits, so that students and staff learn alternate routes to the Assembly Area.

When students with evacuation challenges are identified, the school will determine:

- Who will assist them during an emergency
- How they will be rescued during an emergency
- Where they should wait, if there is a designated location
- What equipment will be used
- Where assistive evacuation equipment is kept

All staff members responsible for assisting students during evacuations are familiar with the evacuation buddy system and applicable assistive rescue devices and techniques.

A critical part of daily campus inspections is making sure that all access to the Assembly Area is open. All doors and exits should be open and work the way they were designed. Paved surfaces should be free of any obstruction. Blockages that are easily maneuvered by many can become overwhelming impediments to people with mobility challenges. All routes should be inspected to make sure they will service everyone on campus. This is especially true around construction sites, holiday decorations, and inclement weather.

Any person using a wheelchair who can travel without additional assistance proceeds directly to the school site Assembly Area, located in the parking lot.
Staff will be available to help any student who need special assistance as they make their way to the Assembly Area.

Preparing to Shelter and Care for Students with Specific Needs
Once all students with specific needs have been evacuated from the building, the next challenge will be maintaining their physical and emotional safety until they can be reunited with a custodial adult.

Before an emergency, identify what specific supplies or materials are needed to provide round-the-clock care for students with chronic conditions or special healthcare needs. Much of this information may already be PowerSchool or in a 504 Plan, although items only needed outside of school hours may not be included. The greater the student's needs, the more supplies that may be needed to be stored for emergency use.

Students who have greater or more individual needs will need additional support. School staff can create a backpack "go kit" with the necessary supplies in it, tagged with the student's name. The backpack should contain any and all materials needed to support that student, as well as any documentation that may be needed by first responders or outside support agencies such as paramedics or hospitals. The bag can be stored in the classroom with the teacher or in the emergency bin if none of the supplies can be damaged by heat. Whenever the students evacuate the building, classroom employees must bring the backpacks with them. This school's specific plans for disaster assistance for students with specific needs includes:

Students with specific needs will be attended to by Special Education personnel and accommodated as required by their Individualized Education Plans. Students with physical disabilities will be assisted by Special Education personnel as well as other site staff members.

III. Prevention

3.1 Health & Nutrition

ECS recognizes the link between student health and learning and provides a comprehensive program to promote healthy eating and physical activity for ECS students. This program includes health education, physical activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, ECS works to promote staff wellness and to involve parents/guardians and the community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle.

It is the policy of Environmental Charter Schools (ECS) that:

- ECS will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing ECS-wide nutrition and physical activity policies.
- All students will have opportunities, support, and encouragement to be physically active on a regular basis.
- Foods and beverages sold or served at school will meet the nutrition recommendations of the U.S. Dietary Guidelines for Americans.
- Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- To the maximum extent practicable, ECS will participate in available federal school meal programs (including the National School Lunch Program Fruit and Vegetable Snack Program, and Child and Adult Care Food Program [including suppers]).
- Schools will provide nutrition education and physical activity to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.

National School Lunch

Meals served through the National School Lunch should:

- be appealing and attractive to children;
- be served in clean and pleasant settings;
- meet, at a minimum, nutrition requirements established by local, state, and federal statutes and regulations;
- offer a variety of fruits and vegetables;
- serve only low-fat (1%) and fat-free milk and nutritionally-equivalent non-dairy alternatives (to be defined by USDA); and
- ensure that half of the served grains are whole grain.

Schools should engage students and parents, through taste-tests of new entrees and surveys, in selecting foods sold through the school meal programs in order to identify new, healthful, and appealing food choices. In addition, schools should share information about the nutritional content of meals with parents and students. Such information could be made available on menus, a website, on cafeteria menu boards, placards, or other point-of-purchase materials.

Water

The Superintendent or designee shall provide access to free, potable water during meal times in the food service area in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and serving water in an appealing manner.

Free and Reduced-priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price school meals. Toward this end, schools may utilize electronic identification and payment systems; provide meals at no charge to all children, regardless of income; promote the availability of school meals to all students; and/or use nontraditional methods for serving school meals, such as “grab-and-go” or classroom breakfast.

Meal Schedules

The meal schedule will provide students with at least 10 minutes to eat after sitting down for breakfast and 20 minutes after sitting down for lunch;

- Lunch occurs from 12:25 to 1:05.
- should not schedule tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities;
- will schedule lunch periods to follow recess periods (in middle schools);
- will provide students access to hand washing or hand sanitizing before they eat meals or snacks

Qualifications of School Food Service Staff

Qualified nutrition professionals will administer the school meal programs. As part of the ECS’s responsibility to operate a food service program, we will provide continuing professional development for all nutrition professionals in schools. Staff development programs should include appropriate certification and/or training programs for child nutrition directors, school nutrition managers, and cafeteria workers, according to their levels of responsibility.

Sharing of Foods and Beverages

Schools should discourage students from sharing their foods or beverages with one another during meal or snack times, given concerns about allergies and other restrictions on some children’s diets.

Foods and Beverages Sold Individually

In some cases, foods may be sold outside of reimbursable school meals, such as through vending machines, cafeteria a la carte [snack] lines, fundraisers, school stores, etc. Sites must consult the ECS Local School Wellness Policy before selling food and beverages individually, as the food and beverages must meet nutrition and portion size standards.

Fundraising Activities

To support children's health and school nutrition-education efforts, school fundraising activities will not involve food or will use only foods that meet the ECS Local School Wellness Policy nutrition and portion size standards for foods and beverages sold individually. Schools will encourage fundraising activities that promote physical activity. ECS will make available a list of ideas for acceptable fundraising activities.

Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. The home office will disseminate a list of healthful snack items to teachers, after-school program personnel, and parents. If eligible, schools that provide snacks through after-school programs will pursue receiving reimbursements through the National School Lunch Program.

Rewards

Schools will not use foods or beverages as rewards for academic performance or good behavior, unless this practice is part of an IEP, and will not withhold food or beverages (including food served through school meals) as a punishment.

Celebrations

Schools should limit celebrations that involve food during the school day to no more than one party per class per month. Each party should include no more than one food or beverage that does not meet nutrition standards for foods and beverages sold individually (above). ECS will disseminate a list of healthy party ideas to parents and teachers.

School-sponsored Events

Foods and beverages offered or sold at school-sponsored events outside the school day, such as athletic events, dances, or performances, will meet the nutrition standards for meals or for foods and beverages sold individually.

Nutrition Education and Promotion

Environmental Charter Schools aims to teach, encourage, and support healthy eating by students. Schools should include nutrition education and engage in nutrition promotion.

Integrating Physical Activity into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (i.e., at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity. Toward that end:

- classroom health education will reinforce the knowledge and self- management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television;
- opportunities for physical activity will be incorporated into other subject lessons; and
- classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

Communications with Parents

ECS will support parents' efforts to provide a healthy diet and daily physical activity for their children. Schools should encourage parents to pack healthy lunches and snacks. In addition, the home office/school will provide opportunities for parents to share their healthy food practices with others in the school community.

ECS will provide information about school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school. Such supports will include sharing information about physical activity through a website, newsletter, or other take- home materials, special events, homework.

Food Marketing in Schools

School-based marketing will be consistent with nutrition education and health promotion. As such, schools will limit food and beverage marketing to the promotion of foods and beverages that meet the nutrition standards for meals or for foods and beverages sold individually. School-based marketing of brands promoting predominantly low-nutrition foods and beverages is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains, and low-fat dairy products is encouraged.

Examples of marketing techniques include the following: logos and brand names on/in vending machines, books or curricula, textbook covers, school supplies, scoreboards, school structures, and sports equipment; educational incentive programs that provide food as a reward; programs that provide schools with supplies when families buy low-nutrition food products; and food sales through fundraising activities. Marketing activities that promote healthful behaviors (and are therefore allowable) include: vending machine covers promoting water; pricing structures that promote healthy options in a la carte lines or vending machines; sales of fruit for fundraisers; and coupons for discount gym memberships.

Staff Wellness

Environmental Charter Schools highly values the health and well-being of every staff member and will plan and implement activities and policies that support personal efforts by staff to maintain a healthy lifestyle. Home office and sites will seek opportunities to encourage healthy

eating, physical activity, and other elements of a healthy lifestyle among school staff. This would include providing healthy foods and drinks when snacks or meals are provided to staff and facilitating opportunities for physical activity when possible.

Daily Physical Activity Opportunities

All middle school students, including students with disabilities, special health-care needs, and in alternative educational settings, will receive daily physical activity opportunities. Schools should discourage extended periods of inactivity and consider the developmental needs of students when scheduling.. When activities, such as mandatory school-wide testing, make it necessary for students to remain indoors for long periods of time, schools should give students periodic breaks during which they are encouraged to stand and be moderately active.

Physical Activity Opportunities Before and After School

All middle and high schools will offer extracurricular physical activity programs, such as physical activity clubs or intramural programs. Schools will offer a range of activities that meet the needs, interests, and abilities of all students, including boys, girls, students with disabilities, and students with special health-care needs. After-school child care and enrichment programs will provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants.

Physical Activity and Punishment

Teachers and other school and community personnel will not use physical activity (e.g., running laps, pushups) or withhold opportunities for physical activity (e.g., recess, physical education) as punishment.

Use of School Facilities Outside of School Hours

School spaces and facilities should be available to students, staff, and community members before, during, and after the school day, on weekends, and during school vacations. These spaces and facilities also should be available to community agencies and organizations offering physical activity and nutrition programs. School policies concerning safety will apply at all times.

3.2 Positive Safe School Environment

The Tribes Learning Community program is designed to create a safe and supportive community for students. Teachers include Tribes activities in their lessons to ensure that students feel included and learn the skills they need to be successful members of a learning community. Parent support of our Tribes Agreements at home will help students avoid disciplinary problems.

Environmental Charter Schools students are expected to follow the Five Tribes Agreements:

1. Attentive listening
2. Appreciations/No put downs
3. Right to Pass & Right to Participate
4. Mutual Respect
5. Mindfulness

In following the Five Community Agreements students will:

- Demonstrate respect for and cooperate with all adults at school.
- Treat schoolmates with respect, both in the classroom and on the playground.
- Be in class on time and prepared to do work.
- Complete all assignments in a timely manner, both in class and at home, to the best of their abilities.
- Follow all school rules and behavior codes, including no fighting, threatening, bullying or put-downs.
- Accept responsibilities and consequences for their choices.
- Contribute to creating an atmosphere where school is a place to feel safe and supported in the learning process.
- Deliver all home-school communications promptly.
- Treat our school environment with respect.
- Participate in classroom activities.

Each ECS school has clearly stated school rules and expectations. These are communicated to families during enrollment orientation, shared in each site's Parent/Guardian/Student Handbook, and posted on campus. All staff is expected to support students' compliance with school rules and expectations. As needed, teachers should provide developmentally appropriate instruction on School rules and/or expectations. Teachers' classroom practices should align with the Tribes Agreements and school rules.

ECMS-INGLEWOOD
SCHOOL-WIDE RULES

1. **Follow the Community Agreements:**

- Attentive Listening
- Mutual Respect
- No Put Downs/Appreciations
- Right to Pass/Right to Participate
- Mindfulness

2. Treat all community members with respect. At ECMS, we believe everyone deserves respect, which means that we do not tolerate any disrespectful behavior on campus, including bullying, harassment, spreading rumors, etc.

3. Follow all rules and directions given by all adults on campus and all rules in the handbook.

4. Students must be in appropriate school uniform at all times on campus and field trips.

5. Students are responsible for keeping each classroom, the courtyard, and all parts of campus clean. No spitting or littering.

6. Students may not have candy, gum, soda, junk food, or single-use plastic bottles on campus.

7. All electronic devices must be powered off and out of sight on campus during school hours.

8. Students must have a pass to be out of their classrooms. Students may not be in any classroom, the parking lot, or any area on campus without adult supervision.

9. Inside the green gate, everyone must walk, use quiet voices, take off hats and hoods, carry balls, and refrain from throwing objects. Fighting or play-fighting is strictly forbidden on campus.

10. Keep track of your belongings. Touching other peoples' belongings without permission will result in disciplinary action.

3.2a See Something, Say Something.

At ECS all staff and students are responsible for creating and maintaining a safe school community. At all school sites, we will have conversations twice a year, where we will encourage students to stand-up when they see anyone violating community agreements (putting anyone down, excluding people, being disrespectful). We also encourage students to seek adult assistance when they see bullying or hateful speech on campus, on the way to school or on social media, and we intervene when this is reported. We will have conversations with students wherein we will encourage them to stand up for their peers when they see someone being attacked for who they are. We will talk about stereotypes, prejudice, discrimination and the negative impact they have on our school communities. Staff will encourage students to seek adult assistance immediately if/when they hear that another student has a weapon or a plan that may negatively impact anyone's safety.

3.2b Dress Code

Each ECS school has a dress code. Dress code supports a safe school climate by ensuring students are dressed in clothing appropriate to the project-work that is a key part of the ECS educational program. It also helps the ECS community differentiate between ECS students and other youths when our students are traveling to and from school or when they are on field trips. Site dress codes are designed to prohibit gang-related apparel to prevent students from attracting attention from gang-members who may live in the surrounding neighborhoods and to discourage gang-related activity on campus.

ECS School Sites' Dress codes are enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal.

Dress Code

Dress code includes plain, solid-colored polo shirts and plain pants or shorts. All clothing must fit comfortably, so it does not interfere with students' ability to jump, run, and climb.

- Shirt: *White, Navy Blue, Black, Lime Green, Teal,* polo or knitted style shirt with short or long sleeves. All shirts must have collars.
- Outerwear: Jackets, sweaters or sweatshirts must be solid colors and free of logos: *White, Navy Blue, Black, Lime Green, Teal*. Dress code must be visible under the outerwear.
- Bottom: Black, Gray, Khaki colored jeans, chinos, dress pants or skorts/shorts.
- Shoes: flat, comfortable, and closed-toed that allow for running. No wheeled shoes.

Other Rules and Regulations:

- Pants cannot fall below the waist, be baggy or sag, and may not contain designs
- No sweat pants or Dickies
- No blue jeans
- Black leggings may be worn only with shorts or skirts
- Skirts, shorts, and skorts must be knee length
- Belts: solid black, brown or blue, no adornment on belt or buckle
- Students should wear flat, comfortable, closed-toed shoes.
- Students not in uniform will not be permitted to attend field trips.
- No bandanas or 'do-rags'.
- The wearing of hoods, hats and beanies is forbidden inside the classroom.
- Plain sun hats are allowed on the playground.
- Perfumes, colognes, scented body sprays (for example, Axe or Body Shop), aerosol deodorant and scented lotions may not be brought to school. Students may apply them before coming to school, and, if they wish, use unscented deodorants or lotions at school.

Dress Code Compliance Procedures

If a child's clothing does not conform to the dress code, they will receive the following consequences:

- First offense: the student will be given loaner clothes to wear and receive a warning notice to bring home to parents to sign and return.

- Second offense: the student will be given loaner clothes to wear, and their parent will be called and required to bring appropriate clothing.
- Third offense: student will receive a disciplinary referral.

3.2c Social Emotional Supports

Each ECS school has an advisory program, which is designed to develop relationships between teachers and staff. Advisory provides a time for teachers to check in on students' social emotional well being and provide academic progress monitoring. Advisors help each student discover their goals and choose a learning path.

In addition to advisory, every ECS site has a counseling department, with at least one full time counselor. It is the counselor's role to facilitate additional resources for students. As needed, students may be recommended to seek care from an outside mental health agency depending on need. With student consent, parents/guardians of students recommended to receive such services will be informed prior to the student receiving these services.

3.3 Progressive Discipline Process

The purpose of discipline is to both facilitate learning in the classroom and to teach students self-regulation skills that will serve them in all areas of their lives. ECS supports student behavior through our Tribes social emotional program, counseling services and an engaging and developmentally appropriate educational program.

ECS's progressive discipline policy provides a progression of interventions that accompany each successive disciplinary referral. When a student receives a disciplinary referral they meet with the principal, assistant principal or counselor and reflect on their actions, take a cooling- off period, and receive help in resolving ongoing issues. School activities and privileges may be revoked as a consequence with any referral. When a student violates classroom rules, teachers use interventions, such as verbal reminders, moving a student's seat, one on one after class conversations, or a phone call home. After documenting four interventions, including a phone call home, teachers issue students a disciplinary referral.

For highly disruptive or unsafe behaviors, students can receive an immediate referral. More serious school violations, include, but are not limited to:

- Physical violence
- Threatening others
- Vandalism
- Jeopardizing the safety of others
- Theft any other illegal or dangerous activities

These violations may result in immediate suspension or referral for expulsion.

Procedures for Suspension and/or Expulsion and Rights of Students Ensuring Due Process

Informal Conference

When a situation involving a student arises that calls for suspension, an informal conference will be conducted by the administrative staff and will include the student and the student's parents/guardians. In the case of an emergency situation, where a clear and present danger exists that threatens the health and safety of students or school personnel, the student may be suspended without a conference. Should a student be suspended without a conference, the parent/guardian will be notified of the suspension and a conference will be held as soon thereafter as reasonably possible.

Notice to Parents/Guardians

At the time a suspension is recommended, a member of the administrative staff or designated personnel will make reasonable attempts to contact the parent/guardian immediately via telephone. If the parent cannot be reached immediately by telephone, staff will continue to follow up throughout the day or attempt to contact the parent in person (for example, when the parent picks the student up from school). In addition, a written notification will be sent home promptly. The written notice will detail the incident and specify the grounds for suspension, including the recommended date(s) of suspension. The notice will request a conference with the parents/guardians, if one has not already been conducted, and will require parents/guardians to respond to this request immediately.

Length of Suspension

The maximum number of days of suspension for a single incident is five (5) consecutive school days unless the administration and parents/guardians agree to a longer term or under the circumstances set forth in the expulsion procedure. For suspensions exceeding five days, a second conference will be scheduled with the parent/guardian upon completion of the fifth day of suspension to discuss the progress of the suspension. The total number of days for which a student may be suspended shall not exceed 20 school days. Upon return from suspension and before returning to class, the student and parent must participate in a post-suspension conference with administration.

Provisions for Students' Education While Suspended

ECMS will make all reasonable arrangements to provide the student with classroom materials and current assignments to be completed by the student at home during the suspension.

Administrative Hearing

Upon a suspension that may lead to a recommendation by the Principal or designee for expulsion, the pupil and the pupil's guardian or representative will be invited to an administrative hearing to determine if the suspension for the pupil should be extended pending an expulsion hearing.

Expulsion Hearing

The decision to recommend expulsion of a student will be at the discretion of the Principal or the administrative designees. The decision to expel rests with the ECS Board appointed Expulsion Committee. Students may be recommended for expulsion if either of the following conditions exist:

- Repeated violations persist and other means of correction have been unsuccessful in bringing about an improvement in behavior.
- The severity of the violation is such that the presence of the student poses a continuing threat to the health and safety of the student or others.
- Possessing, selling or furnishing a firearm.
- It is a federal mandate that a school expel, for a period of not less than one year (except on a case by case basis) any student who is determined to have brought a firearm to school.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing will be held within 30 days after the administrative staff determines that the student committed an act subject to expulsion. The hearing will be presided over by a fair and impartial panel of representatives assigned by the ECS Board of Directors.

Written notice of the hearing will be forwarded to the student and the student's parent at least 10 calendar days before the date of the hearing. This notice will include:

a) The date, time and place of the hearing.
b) A statement of the specific facts, charges, and offenses upon which the proposed expulsion is based.
c) A copy of ECMS-I's disciplinary rules that relate to the alleged violation.
d) The opportunity for the student or the student's parent to appear in person at the hearing.
e) Parent's right to review all evidence and question witnesses.
f) Parent and student due process rights.
g) Parent has a right to be represented by an attorney.
h) Parent has a right to bring witness, written statements, and/or written documents.
i) Notice of the student or parent's obligation to inform any new district in which the student seeks to enroll of the student's status with ECMS.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Principal or designee to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Written Notice to Expel

The Principal or designee, following a decision of the ECS Board Expulsion Committee to expel, shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

a) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension and Expulsion"
b) Notice of the right to appeal the expulsion. Expulsion appeals shall be brought to the ECS Board of Directors

c) Notice of the student or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the ECMS
d) Rehabilitation Plan for student

The ECMS Principal or Designee shall send written notice of the decision to expel to the student's district of residence and the Los Angeles County Office of Education (LACOE). This notice shall include the following:

a) The student's name
b) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension or Expulsion"
c) Rehabilitation Plan

Rehabilitation

Pupils who are expelled from ECMS shall be given a rehabilitation plan upon expulsion as developed by the ECS Board-appointed Expulsion Committee at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to ECMS for readmission.

Alternative Educational Programs for Expelled Students

If a decision is made to expel a student from ECMS, the school will work cooperatively with the student's district of residence (Student Discipline Proceedings Unit for former LAUSD students) and/or county to assist with the educational placement of the expelled student. As permitted by law, ECMS will communicate any incident of violent and/or serious behavior to the district/school to which the student matriculates.

Readmission

The decision to readmit a previously expelled pupil shall be at the sole discretion of the Board of Directors' designated expulsion panel and based upon the pupil having met the requirements and goals of the rehabilitation plan. The pupil's readmission is also contingent upon the capacity of ECMS-I at the time the pupil seeks readmission.

Suspension and Expulsion Periodic Review

The ECS Board of Directors or a committee appointed by the Board will hold an annual review of the Suspension and Expulsion. During the review, the Board of Directors and/or a committee appointed by the Board will make any necessary modifications to the list of offenses for which students are subject to suspension or expulsion.

Discipline of Students with Disabilities

In the case of students with disabilities, ECMS will comply with the discipline procedures as set forth in the Individuals with Disabilities Education Act (IDEA). For students who receive special education services, the maximum number of suspension days cannot exceed a total of 10 school days in a school year. ECMS will follow IEP components in terms of student discipline. ECMS will work with the Special Education Program Coordinator within the Local District Office that serves its geographical area if it is determined that an alternative placement is in order.

Discipline of Students with 504 Plans

Students with Section 504 Plans will be afforded the following protections: As the 504 student's cumulative suspensions approach a total of 10 days, the Student Success Team must meet to hold a re-evaluation meeting. The purpose of this meeting is to determine whether the misconduct of the student is caused by the student's disabling condition and whether the student's current educational placement is appropriate. If the student's Section 504 Plan and placement are appropriate, and if it is determined that the behavior is not the result of the student's disabling condition, the school may proceed in the same manner as it would with non-disabled students.

3.4 Anti-Bullying

Environmental Charter Schools believes that all students have a right to a safe and healthy school environment. Our organization, schools and community have an obligation to promote mutual respect, tolerance, and acceptance. Furthermore, the ECS Board believes that a healthy, positive psychosocial school environment enhances and increases academic achievement and social-emotional development, and therefore the prevention and effective disposition of bullying are fundamental to achieving ECS's mission and vision.

Environmental Charter Schools will not tolerate behavior, such as intimidation, harassment or bullying, that infringes on the safety and well being of any student. Acts of discrimination, harassment, intimidation, and bullying based on actual or perceived disability, gender, gender identity, gender expression, immigration status, nationality, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, race, color, ancestry, or ethnicity, religion, sex, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in California Penal Code section 422.55 in its programs and activities, or association with a person or group with one or more of these actual or perceived characteristics, are prohibited under this policy.

Bullying is unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Bullying includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation. Bullying can occur via electronic communication or social media (cyberbullying).

Environmental Charter Schools expects students and/or staff to immediately report incidents of bullying to the principal or designee. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation

To ensure bullying does not occur on school campuses, Environmental Charter Schools will provide staff development training in bullying prevention and in strategies to cultivate acceptance and understanding in all students and staff. Environmental Charter Schools actively

work to establish a safe and caring school culture where students are respected for their differences. This work includes stating clear expectations for student behavior and modeling, teaching and practicing these expected behaviors, including using lessons and strategies from Tribes TLC, a research-based process that builds a safe and healthy learning environment.

Teachers should discuss our anti-bullying policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying. The CDE Bullying Module is available to all staff on ECS Google Drive at http://bit.ly/cdebullyingmodule. Students who bully are in violation of this policy and are subject to disciplinary action up to and including expulsion.

Hate Motivated Incident

A “hate-motivated incident” is an act or attempted act which constitutes an expression of hostility against a person, property, or institution because of the target’s real or perceived protected characteristics. This may include using bigoted insults, taunts, or slurs, distributing or posting hate group literature or posters, defacing, removing, or destroying posted materials or announcements, posting or circulating demeaning jokes or leaflets, or sending insulting or threatening messages by phone, e-mail, Web sites, or any other electronic or written communication.

A “hate-motivated crime” is a “hate-motivated incident” that has been investigated by law enforcement and determined to be criminal in nature and a violation of the law. This includes any criminal action that manifests evidence of hostility toward the target because of his or her actual or perceived protected characteristics. Such action includes, but is not limited to, threatening telephone calls, hate mail, physical assault, vandalism, cross burning, destruction of religious symbols, or fire bombings. This also includes threats or hate mail sent by electronic communication.

Under California law, for a crime to be considered a hate crime, a number of specific criteria must all be met as defined in the California Code. Federal law differs in certain respects from state law. In California, for a crime to be considered a “hate crime” and for the penalty enhancement provisions of the law to take effect, a prosecutor must prove that the motivation of the perpetrator in committing the crime was bias against a person or persons in a protected category, and that this bias was a “substantial factor” (and not an incidental factor) in the crime. Hate incidents are considerably more common on campuses than hate crimes. Unlike hate crimes, there is no formal legal definition for a hate incident. They are generally the same types of behaviors and crimes as described above except that one or more of the formal legal criteria described above are not met. Regardless, the victims tend to experience the same range of emotions and benefit from the same level of caring response.

Responsibilities of the Administrator:

- Respond quickly to incidents, whether the victims are students, staff, or community members.

- Ensure the physical safety of the victim and offer victim assistance, as appropriate.
- Investigate incident and take appropriate disciplinary action. If necessary, involve law enforcement and preserve evidence.
- Document hate-motivated incident/hate crime and share with ECS Human Resources.
- Develop and implement educational programs and activities that foster human relations skills
- And combat behaviors of name-calling, harassment, discrimination, hate and bigotry.

3.5 Discrimination and Harassment Policy

ECS is determined to provide employees and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. The Environmental Charter School is an equal opportunity employer and makes employment decisions on the basis of merit. We want to have the best available persons in every job. ECS policy prohibits unlawful discrimination based on race, color, creed, religion (all aspects of religious beliefs, observance or practice, including religious dress or grooming practices), marital status, registered domestic partner status, age, national origin or ancestry, citizenship, sexual orientation, physical or mental disability, medical condition (including cancer or a record or history of cancer, and genetic characteristics), sex (including pregnancy, childbirth, breastfeeding, or related medical condition), genetic characteristics or information, gender (including gender identity or gender expression), military status, veteran status, or any other consideration made unlawful by federal, state or local laws. All such discrimination is unlawful.

ECS also prohibits discrimination against any employee (including supervisors, co-workers and volunteers) or job applicant in compensation, terms, conditions, and other privileges of employment and the taking of any adverse employment action, including, but not limited to, termination or the denial of employment, promotion, job assignment, or training, against an employee or job applicant based on any of the categories listed above.

Prohibited discrimination on the basis of religious creed includes discrimination based on an employee's or job applicant's religious belief or observance, including religious dress or grooming practices. In accordance with Government Code 12940, prohibited discrimination on the basis of religious creed also includes ECS's failure or refusal to use reasonable means to accommodate an employee's or job applicant's religious belief, observance, or practice which conflicts with an employment requirement. However, ECS shall not accommodate an employee's religious dress practice or religious grooming practice if it requires segregation of the individual from other employees or the public or if it would result in a violation of this policy or any law prohibiting discrimination.

Prohibited sex discrimination includes discrimination based on an employee's or job applicant's pregnancy, childbirth, breastfeeding, or any related medical condition. Harassment consists of

unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.

ECS also prohibits retaliation against any district employee or job applicant who opposes any discriminatory employment practice by the district or its employee, agent, or representative or who complains, testifies, assists, or in any way participates in the ECS's complaint procedures pursuant to this policy. No employee or job applicant who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)
Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated. Human Resources acts as the coordinator for nondiscrimination in employment. Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to Human Resources as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. ECS shall protect any employee who does report such incidents from retaliation.

Training and information shall be provided to employees about how to recognize harassment and discrimination, how to respond appropriately, and components of the ECS's policies and regulations regarding discrimination. The ECS Board shall regularly review ECS's employment practices and, as necessary, shall take action to ensure compliance with nondiscrimination laws.

3.6 Complaint Procedures

ECS embraces an open door approach and feedback is always welcome. Student, family, employee and community complaints, questions and suggestions are of concern to ECS. ECS values input and works to ensure ECS Community members feel free to raise issues of concern, in good faith, without the fear of retaliation.

Employees are encouraged to take their concerns first to their manager, following these steps:

1. Within 24 hours of the occurrence, bring the situation to the attention of an administrator who will then investigate and attempt to provide a solution or explanation.
2. If the problem is not resolved, you may present the problem in writing to the Superintendent who will attempt to reach a final resolution.

If a concern is classroom-related, families are encouraged to take their concerns to their child's teacher. For other concerns, contact an administrator. Teachers and administrators can be reached via email or phone. Written messages can also be left in the office. An Informal Complaint form is available in the office to help families share concerns (see appendix). If a

teacher or staff member is unable to resolve the concern, family members should contact the Principal. If the Principal is unable to resolve the concern, families should contact the Superintendent.

Students are encouraged to take their concerns first to the individual involved. A student can ask for the support of a teacher or other staff member if they need support approaching the individual. If the situation feels unsafe, students should bring their concern to a teacher, counselor or administrator. An Informal Complaint form is available in the office to help students share concerns. If a teacher or staff member is unable to resolve the concern, students should contact the Principal. If the Principal is unable to resolve the concern, families should contact the Superintendent.

Community Members are encouraged to report concerns via telephone or by filling in a complaint form. If their concern is not resolved, they should contact the principal. If the principal does not resolve their concern, they should contact the Superintendent.

3.7 Uniform Complaint Procedure

Scope

Environmental Charter Schools' ("ECS") policy is to comply with applicable federal and state laws and regulations. ECS is a 501(c)(3) public benefit corporation operating four local education agencies (Environmental Charter High, Environmental Charter Middle School Gardena and Environmental Charter Middle School Inglewood, Environmental Charter High - Gardena) and is the primary entity responsible for compliance with federal and state laws and regulations governing educational programs.

It is the policy of ECS to maintain a positive and productive working and educational environment. ECS does not discriminate on the basis of disability, gender, gender identity, gender expression, immigration status, nationality, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, race, color, ancestry, or ethnicity, religion, sex, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in California Penal Code section 422.55 in its programs and activities.

Most issues are best handled informally and the Board encourages the early resolution of complaints at the site level whenever possible. If you have a concern, you can always come and talk to an administrator at your ECS school. If you find that for some reason this informal resolution is not adequate, you can follow our formal complaint policy and procedure set out herein.

Pursuant to this policy, persons responsible for conducting investigations shall be knowledgeable about the laws and programs which they are assigned to investigate. This

complaint procedure is adopted to provide a uniform system of complaint processing as ECS investigates and seeks to resolve the following types of complaints:

1. Complaints of discrimination, harassment, intimidation, or bullying against any protected group as identified in California Education Code (EC) sections 200 and 220 and Government Code section 11135 including any actual or perceived characteristics as set forth in Penal Code section 422.55, on the basis of disability, gender, gender identity, gender expression, immigration status, nationality, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, race, color, ancestry, or ethnicity, religion, sex, sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any ECS program or activity.; and
2. Complaints of violations of state or federal law and regulations governing the following programs including but not limited to:
    a. Special Education,
    b. Title II, Title IX
    c. Section 504 of the Rehabilitation Act,
    d. Consolidated Categorical Aid,
    e. No Child Left Behind,
    f. After School Education and Safety,
    g. English Learner Programs
    h. Local Control and Accountability Plans (LCAP)
    i. School Safety Plans
    j. Child Nutrition
    k. Compensatory Education
    l. Education of Pupils in Foster Care, Pupils who are Homeless, and former Juvenile Court Pupils now enrolled in a school district
    m. Pupil Fees
    n. Reasonable Accommodations to a Lactating Pupil

Uniform Complaint Procedures shall also be used to address any complaint alleging ECS' noncompliance with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities. ECS will attempt in good faith to engage in reasonable efforts to identify and fully reimburse all pupils, parents, and guardians who paid a pupil fee within one year prior to the filing of the complaint. (5 CCR 4600(u)) A pupil fee complaint shall be filed no later than one year from the date the alleged violation occurred. (5 CCR 4630(c) (2))

Uniform Complaint Procedures shall also be used to address any complaint alleging that ECS has not complied with legal requirements related to the implementation of the Local Control and Accountability Plan.

In addition, the UCP may resolve complaints of noncompliance with laws related to accommodations for lactating students, educational rights of foster youth and homeless students, assignment of students to courses without educational content, as specified below:

1. Any complaint alleging ECS noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student.
2. Any complaint, by or on behalf of any student who is a foster youth, alleging ECS noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the ECS educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from ECS Board-imposed graduation requirements.
3. Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging ECS noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from ECS Board-imposed graduation requirements.
4. Any complaint, by or on behalf of a former juvenile court school student who transfers into ECS after his/her second year of high school, alleging ECS noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in the juvenile court school or the grant of an exemption from ECS Board-imposed graduation requirements
5. Any complaint alleging ECS noncompliance with the requirements of Education Code 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions.

ECS acknowledges and respects every individual's rights to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This includes keeping the identity of the complainant confidential, as appropriate and except to the extent necessary to carry out the investigation or proceedings, as determined by the HR Department or designee on a case-by-case basis.

ECS prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of discrimination. Such participation shall not in any way affect the status, grades or work assignments of the complainant.

Compliance Officers

The ECS Governing Board designates the following compliance officer(s) to receive and investigate complaints and to ensure ECS's compliance with law:

Human Resources Department:

1. Senior Manager of Recruitment & Talent:
   Sarah Jamieson

2. Human Resources Manager:

Emily Atmore

Office Address and Contact Information:

Environmental Charter Schools
2625 Manhattan Beach Blvd, Suite 100
Redondo Beach, CA 90278
Phone: 310-214-3408 Fax: 424-456-7439
Email: human_resources@ecsonline.org

The HR Department, or designee, shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the HR Department or designee.

Notifications

The Superintendent in concert with each school site's Principal or designee shall annually provide written notification of ECS's uniform complaint procedures to students, employees, parents/guardians, the Governing Board, appropriate private officials or representatives, and other interested parties that includes information regarding allegations about discrimination, harassment, intimidation, or bullying. The Superintendent in concert with each school site's Principal or designee shall make available copies of ECS' uniform complaint procedures available free of charge.

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints.
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable.
3. Advise the complainant of the appeal process pursuant to Education Code 262.3, including the complainant's right to take the complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies.
4. Include statements that:
    a. ECS is primarily responsible for compliance with state and federal laws and regulations;
    b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline;
    c. An unlawful discrimination complaint must be filed not later than six months from the date the alleged discrimination occurs, or six months from the date the complainant first obtains knowledge of the facts of the alleged discrimination;
    d. The complainant has a right to appeal ECS' decision to the CDE by filing a written appeal within 15 days of receiving ECS' decision; and

e. The appeal to the CDE must include a copy of the complaint filed with ECS and a copy of ECS' decision.

Procedures

The following procedures shall be used to address all complaints that allege ECS has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions. All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by ECS.

A complaint alleging unlawful discrimination shall be initiated no later than six months from the date when the alleged discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, ECS staff shall assist him/her in the filing of the complaint.

Step 2: Mediation

Within three days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of a discrimination complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend ECS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

The compliance officer is encouraged to hold an investigative meeting within five days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide ECS' investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.
ECS' refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Response
OPTION 1:-- Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of ECS' investigation and decision, as described in Step #5 below, within 60 days of ECS' receipt of the complaint.
OPTION 2:-- Within 30 days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of ECS' investigation and decision, as described in Step #5 below.

If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five days, file his/her complaint in writing with the Board. The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.
If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 days of ECS' initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant.

Step 5: Final Written Decision
ECS' decision shall be in writing and sent to the complainant. ECS' decision shall be written in English and in the language of the complainant whenever feasible or as required by law. The decision shall include:

- The findings of fact based on evidence gathered.
- The conclusion(s) of law.
- Disposition of the complaint.
- Rationale for such disposition.
- Corrective actions, if any are warranted.
- Notice of the complainant's right to appeal ECS' decision within fifteen (15) days to the CDE and procedures to be followed for initiating such an appeal.

For discrimination complaints arising under State law, the complainant must wait until 60 days have elapsed from the filing of an appeal with the California Department of Education (CDE) before pursuing civil law remedies.

For discrimination complaints arising under Federal law such complaint may be made at any time to the U.S. Department of Education, Office for Civil Rights.

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken and that the employee was informed of ECS' expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with ECS' decision, the complainant may appeal in writing to the CDE within fifteen (15) days of receiving ECS' decision. When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of ECS' decision.

Upon notification by the CDE that the complainant has appealed ECS' decision, the Superintendent or designee shall forward the following documents to the CDE:

- A copy of the original complaint.
- A copy of the decision.
- A summary of the nature and extent of the investigation conducted by ECS, if not covered by the decision.
- A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by all parties and gathered by the investigator.
- A report of any action taken to resolve the complaint.
- A copy of ECS' complaint procedures.
- Other relevant information requested by the CDE.

The CDE may directly intervene in the complaint without waiting for action by ECS when one of the conditions listed in Title 5, California Code of Regulations, Section 4650.5 CCR 4650 exists, including cases in which ECS has not taken action within 60 days of the date the complaint was filed with ECS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of ECS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints arising under state law, however, a complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if ECS has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622.

3.8 Suicide Prevention

Prevention and Instruction

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students. ECS's programs shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience.

School sites may may offer families education or information that describes ECS's social-emotional development programming, the severity of the youth suicide problem, risk factors and warning signs of suicide, basic steps for helping suicidal youth, reducing the stigma of mental illness,and/or school and community resources that can help youth in crisis.

Staff Development

Suicide prevention training for staff shall be designed to help staff identify and respond to students at risk of suicide. The training shall be offered under the discretion of the Principal or Board of Directors, under the direction of a school Counselor and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance use problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stress or loss, family instability, and other factors
2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior
3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health
4. School and community resources and services
5. School procedures for intervening when a student attempts, threatens, or discloses the desire to commit suicide
6. Materials approved by ECS for training shall include how to identify appropriate mental health services, both at the ECS site and within the larger community, and when and how to refer youth and their families to those services.
7. Materials approved for training may also include programs that can be completed through self-review or suitable suicide prevention materials.

Intervention and Emergency Procedures

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the principal and school counselor. The principal or designee shall then

notify the student's parents/guardians as soon as possible and may refer the student to mental health resources in the school or community.

When a suicide attempt or threat is reported, the Principal or designee shall, at a minimum:

1. Ensure the student's physical safety by one of the following, as appropriate:
    a. Securing immediate medical treatment if a suicide attempt has occurred;
    b. Securing Psychological Evaluation Team (PET), law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;
    c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
2. Designate specific individuals to be promptly contacted, for example the counselor, advisor, Principal, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.
3. Document the incident in writing as soon as feasible.
4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.
5. After a referral is made, school shall verify with the parent/guardian that the follow up treatment has been accessed. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, principal or designee shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, school may contact Department of Child and Family Services.
6. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident.
7. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on an ECS school campus, the Principal or designee shall follow the crisis intervention procedures contained in school's safety plan. After consultation with the Principal or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Principal or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Whenever schools establish a peer counseling system to provide support for students, peer counselors shall complete the suicide prevention curriculum,

including identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

ECS Employees Acting Within Scope
Schools shall ensure that employees act only within the authorization and scope of the employee's credential or license. Nothing in this Policy shall be construed as authorizing or encouraging an ECS school employee to diagnose or treat mental illness unless the employee is specifically licensed and employed to do so.
Instruction

Instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.
2. Identify alternatives to suicide and develop coping and resiliency skills.
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth, including those at high risk, such as youth bereaved by suicide; youth with disabilities, mental illness, or substance use disorders; youth experiencing homelessness or in out-of-home settings such as foster care; and lesbian, gay, bisexual, transgender, or questioning youth can get help and recognize that there is no stigma associated with seeking mental health, substance abuse, gender identity, or other support services.

3.9 Positive Workplace Environment

ECS has developed policies and procedures to ensure a safe and productive workplace for all employees. These police and procedures are available in ECS Employee Handbook, which can be accessed digitally through our online human resources platform (e.g., PayCom) or by contacting Human Resources. The handbook includes guidance on diversity in the workplace, gender transition, unlawful harassment, and the ECS standard of conduct.

Notification of Teachers Regarding Dangerous Pupils
The site principal shall inform the school site teacher of every student who has caused or tried to cause another person serious bodily injury or any physical injury which requires professional medical treatment. This information shall be based upon written LEA records or records received from a law enforcement agency. Teachers shall receive the information in confidence and shall not disseminate it further.

3.10 Mandates Ensuring Student Health & Safety

Tuberculosis

California State Law (Health & Safety Code section 121525) requires that all employees in public schools submit evidence of being free of active tuberculosis. The examination shall consist of a physician-signed risk assessment form stating that no risk factors are present OR a TB skin test OR the results of a chest X-ray, and must be repeated once every four years. It is the employee's responsibility and condition of employment to provide Human Resources with an updated TB skin test.

Reportable Diseases or Conditions

Schools are required to report occurrences of certain diseases to the Health Department. If you suspect you may need to make such a report, contact the Home Office, and we will help you determine if the incident is reportable (17 CCR § 2508)

Background Checks

ECS recognizes the importance of maintaining a safe workplace with employees and volunteers who are honest, trustworthy, qualified, reliable, and nonviolent, and do not present a risk of harm to students, co-workers or others. ECS may perform applicant background checks and employee investigations. As required by California or federal law, background checks and fingerprinting will be required of all job applicants and employees. Background checks may also be required of employees whose job duties involve the handling of money, valuables or confidential information, or as otherwise deemed prudent by the school. These background checks and investigations may be performed by ECS in whole or in part at ECS' discretion. Any information obtained by ECS may be taken into consideration in evaluating your suitability for employment, promotion, reassignment, or retention as an employee.

Mandated Reporting of Child Abuse

The Board requires each employee to adhere to the Child Abuse and Neglect Reporting Act (Penal Code sections 11164-11174.3). Each employee who has knowledge of or observes a child in the employee's professional capacity or within the scope of employment when the employee knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone. Each employee then shall prepare and send a written report to the child protective agency within 36 hours of receiving the information concerning the incident.

California Penal Code 11165.7 includes but is not limited to defining a mandated reporter as one of the following:

- A teacher,
- An instructional aide,
- A teacher's aide or teacher's assistant employed by any public or private school,
- A classified employee of any public school,

- An administrative officer or supervisor of child welfare and attendance, or a
- certificated pupil personnel employee of any public or private school.
- An administrator or employee of a public or private organization whose duties require direct contact and supervision of children.

California Penal Code 11166 States "...a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in their professional capacity or within the scope of their employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow-up report within 36 hours of receiving the information concerning the incident." California Penal Code 11172 subdivision (e) gives mandated reporters who report suspected cases of child abuse absolute immunity, both civilly and criminally, for making such reports. However, any person who fails to report an instance of child abuse as required by the Child Abuse Reporting Act is guilty of a misdemeanor with a punishment not to exceed six months or $1,000 or both.

ECS Employees receive annual training on mandated reporting responsibilities.

3.11 Child Abuse Reporting

All new hires complete the California Department of Social Services Mandated Reporter General Training before their start date. This online training is repeated annually with all employees. Completion certificates are returned to ECS Human Resources, who informs Site Administrators if an employee doesn't not complete the training by the deadline.

Responsibilities of the Administrator:

- Discuss the child abuse reporting policy in depth with all employees two times a year (at the beginning of each semester).
- Ensure all employees have completed the California Department of Social Services Mandated Reporter General Training
- Notify the Superintendent and Chief Operating Officer when an employee or volunteer is alleged to be the perpetrator in a child abuse report.
- When an allegation of child abuse has been made, ECS personnel are precluded from conducting an investigation or taking any action prior to or during the child protective agency/law enforcement investigation. Action includes, but is not limited to, interviewing witnesses, interviewing the alleged perpetrator, contacting parents of alleged victim, taking written statements, seeking verification of information, and taking disciplinary action. (Exceptions to this may include the temporary relocation of an employee.)
- Always take some form of administrative action with documentation when advised to "handle it administratively" by law enforcement or when law enforcement has completed its investigation.

- Maintain a confidential log of all known/reported child abuse cases.

Responsibilities of All Employees:

- View and pass the online Mandated Reporter General Training and submit completion certificate.
- Any ECS employee who has knowledge of, observes, or reasonably suspects an instance of child abuse shall report the known or suspected instance of child abuse to a child protective agency/law enforcement immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.
- The employee reporting suspected child abuse is not to verify the suspicion or prove that abuse has occurred.
- Investigation (questioning witnesses, obtaining written statements), notification (family, alleged perpetrator), counseling, and family intervention are the responsibilities of the child protective agency/law enforcement agency.
- ECS policy and State law requires that every employee who entered into employment on or after January 1, 1981, shall sign a statement to the effect that he/she knows of the requirements to report known or suspected instances of child abuse and will comply with such requirements. The employee need only sign the statement once at each site, not every year.

<u>Guidelines for Child Abuse Reporting:</u>

- Reportable victims include: child under the age of 18, and person over 18 years of age who is dependent upon others for care.
- Child abuse includes: physical abuse, sexual abuse, neglect, life endangerment, willful cruelty, and emotional abuse.
- If a child discloses that he/she/they was abused or an allegation of abuse is brought to the attention of any ECS employee, a report MUST be made as soon as reasonably possible and should not be put off until the end of the school day. School procedures may not require the reporter to disclose his/her identity to school personnel prior to or subsequent to making a report.
- A Child Abuse Report is to be made to only one child protective/law enforcement agency.
- Child abuse reports are confidential. Reports are to be completed only by the designated reporter. The written report is to be completed and filed with the appropriate agency within 36 hours from the time that the allegation is received.
- The law enforcement officer or children's services worker who receives a report of suspected child abuse or neglect determines the course of action and has specific legal authority and responsibilities. The official may interview anyone in the course of the investigation and may take the alleged child victim into protective custody.
- Any person mandated by the California Penal Code who fails to report any instance of child abuse, which he or she knows or reasonably suspects to exist, can incur criminal, civil, and/or professional liability.

- No employee mandated under provisions of the California Penal Code shall be civilly or criminally liable for reporting suspected child abuse.

Reporting Procedures

1. Initial Telephone Report: Immediately or as soon as practicable and no later than 36 hours after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to the Department of Children and Family Services. The phone number is (800) 540-4000. In the case of sexual abuse the Police department, sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department is notified as well (Penal Code 11165.9, 11166).
2. Written Report: As soon as practicable and no later than thirty-six (36) hours of knowing or observing the suspected child abuse information, the mandated reporter shall fill out a Suspected Child Abuse Report (SCAR), Form SS 8572 (Figure 1) located at https://mandreptla.org/. The form may either be sent via fax or submitted electronically to DCFS. The original form will be mail out to the DCFS to the address mentioned above and a copy should be retained with the mandated reporter for their files (Penal Code 11166, 11168). Staff members should maintain a copy for their records in a confidential file.

3.12 Safe Arrival & Departure

The primary objective of procedures for arriving at and leaving school is to ensure safety of students, staff and families. Procedures are also designed to protect the safety of our neighbors and limit the impact of our schools on the flow of traffic in the community. Arrival and departure should be regularly observed by Principal and/or designee to ensure the process is safe and respectful to neighbors. Principal's presence also supports the authority of supervising staff members. Staff members guiding traffic should wear vests to make them visible.

Students arriving at school on foot must enter through the pedestrian gate.

Cars must enter through the gate on Yukon and exit on 115th Street. Parents who are driving should drive into the school, and **may not drop off at the curb or across the street.**

Cars dropping off students should pull as far forward as guided by staff. Cars must pull to the right to allow through traffic to pass. Cars should follow the instructions of the staff-member supervising drop-off.

Once in the parking lot, cars should pull as far forward as guided by staff. Cars must pull to the right to allow through traffic to pass. Cars should follow the instructions of the staff member supervising drop off. Students should gather belongings before the car enters the lot and only exit on the right hand side of the vehicle.

When students have exited the car, the car can leave via the left passing lane through the 115th street gate. Drivers need to check carefully that the lane is clear and open before slowly merging into the passing lane.

Supervision begins at 7:30 a.m. Starting at 7:30, one staff member supervises the parking lot. At 7:30, additional staff members distribute breakfast. Other staff will circulate as necessary.

The bell rings at 7:55 a.m. Teachers will be in their classrooms before 7:45 a.m. and greet each student at the door. A second bell will ring at 8:00 a.m. to signal the classes are beginning. Students arriving at 8 or beyond will be considered tardy. Families arriving late must accompany their student to the office, sign them in and ensure the child enters the classroom.

At 8:10, all exterior gates will be secured. Parents arriving after 8:10 must enter through the controlled access pedestrian gate and sign in at the office

Supervision

Supervision start and end times should be clearly indicated in the student/parent handbook and communicated frequently to parents. Gates cannot be opened and students cannot be allowed onto campus until supervision is present. Families should be contacted if their students are arriving to campus before supervision begins.

Each morning site staff inspects the campus to ensure no unsafe conditions emerged over night. Play equipment is inspected to ensure nothing is broken or damaged. Any unsafe conditions are reported to the Principal and shared with other supervision staff. Emergency Tape and cones should be used as needed to prevent students from accessing unsafe equipment or areas. Supervision staff should carry a walkie talkie at all times.

Lunch dismissal is at 12:30 and 12:35 depending on the week. Students will be dismissed for lunch at 12:30. Lunch may be eaten on the picnic tables or benches in the courtyard. Students must recycle, compost and dispose of lunch materials appropriately.
The classroom teacher must not leave the classroom area until all his/her students have left for lunch. No child is to be left unattended.

Students may not re-enter the classroom unless otherwise authorized by a staff member. Students are not allowed in the classroom without staff present. Teachers must provide passes to students who are to meet with them during lunch.

Recess begins at 12:45, supervisors allow students to the blacktop for recess. Staff supervise the blacktop and keep an eye on the breezeway.

At 1:05 the bell is rung and students return to class.

Supervising teachers are present at each classroom entrance. Staff supervises patio, yard and restrooms until all students are in classrooms. Receiving teachers meet students at their respective classrooms.

ECMS I Rainy Day Lunch Procedure

1. **HEAVY RAIN:**

    a. Lunch service will take place in the **Breezeway (and possibly the overhang near Ocean if necessary)**, but students will remain in their rooms throughout the lunch period (if it's a very light rain, we can let them go play). **In a strong rain, we will have lunch brought and served in the classrooms where students are to remain the duration of lunch.**

    b. Students will be dismissed by grade level/classroom to get their lunch and then return to their classrooms with their lunch. (**Heavy rain - lunch brought to your rooms)**

2. Teachers will each have an administrator or staff member who will relieve them so they can have lunch, but teachers should plan to spend part of the period in their rooms (appropriate videos and games allowed).

3. **Teachers with preps before or after lunch may be asked to spend lunch in rooms and eat during prep. BUT, we will relieve the 8th grade teachers first so they can have a break! Otherwise, process above.**

4. Specialty teachers will not supervise in classrooms as lunch is normally their only break throughout the school day.

5. Large trash cans /recycling /composting bins are placed outside of rooms for trash. Supervisors: please be sure students put trash in appropriate location.

6. When lunch is finished (at the regular lunch/recess dismissal time), students are dismissed to next class. Teachers are to make sure their respective rooms are cleaned up.

Dismissal:

At 3:20 pedestrian and driveway gate will be unlocked for dismissal.

Dismissal is at 3:40. Students, who are not in the after school program must depart immediately. Students who depart on foot must leave campus through the gate on Yukon Ave. and leave the neighborhood.

Students leaving by car must gather along the south side of the building for pick up. Cars enter via Yukon Ave. and exit via 115th.

Students who are attending after school must stay inside the educational building and report to appropriate classrooms. Classrooms are supervised by after school staff.

Staff will supervise pick up from 3:35 to 4pm. Yard supervision will end at 4:00. All students who have not been picked up by 4pm will move to the after school program. Parents picking up after 4 p.m. will need to park and walk in to sign their children out of the after school program.

Safe Routes to School

ECS will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk and bike to school. When appropriate, ECS will work together with local public works, public safety, and/or police departments in those efforts. ECS will explore the availability of federal “safe routes to school” funds, administered by the state department of transportation, to finance such improvements, as needed. ECS will encourage students to use public transportation when available and appropriate for travel to school, and will work with the local transit agency to provide transit passes for students.

Parents are made aware of safe routes for students to walk to school. All parents who drive students are encouraged to drop them off inside the school property. When parents choose to drop students off in the neighborhood, families are urged to drop students near a traffic light or crosswalk.

3.13 Secure & Safe School Site

Locked Campus Policy
During the course of the school day entrances to the campus will remain secured and a staff member assigned to monitor the main entrance. Supervision staff should monitor campus perimeter, known trouble spots, and all building and gate entrances.

Administration will inform all students and parents/guardians that schools are closed campuses and that students are not allowed to leave the campus during the school day without the permission of the principal and the parent/guardian. Parents will sign students out from the main office if they are leaving early. Students will only be released to parents or individuals authorized by parents on the student’s emergency card. Main office staff will check IDs to confirm these individuals’ identities.

Visitors
All visitors report to the Main Office upon arrival and sign in. Visitors sign out before leaving campus. Administration will train staff to monitor visitors and direct them to the main office and ensure signage directs visitors to the main office.

Keys

An ECS campus key policy has been established as a basis for a key issue and maintenance system for the campus.

All employees of Environmental Charter Schools are eligible to hold keys for areas to which they need access on a daily basis to perform their jobs. All requests for permanently issued keys should be made through the Campus Engineer. Requests for temporary keys must have definite issue and return dates and include the proper authorized signature before they will be processed. Once processed, keys must be picked up in person by the key holder at the office of the Campus Engineer.

All keys must be returned by the key holder to Human Resources upon termination of employment. Any keys not currently used by the school employee should also be returned to reduce the number of keys in circulation.

Employees must sign for keys issued to them and should not receive or take into possession any campus keys that have not been formally issued to them by the Campus Engineer.

Lost or stolen keys present an immediate security risk to the entire campus and must be immediately reported to the Campus Engineer within 24-hours.

Key holders MUST NOT duplicate any keys issued to them. Disciplinary action may result for unauthorized key duplication.

All rekeying or installation of new locks must be requested through Campus Engineer

Short-term contracted vendors to the campus will not be issued permanent keys to the Environmental Charter Schools campuses. Keys will be made available for daily check out from the Main Office. In the event a vendor needs after-hours access to a part of the campus, arrangements can be made through the Campus Engineer

3.13a Security System Video Cameras

Campus video cameras are valuable in protecting the health, safety, and welfare of ECS students and staff and in protecting the community's investment in school operated property and facilities. ECS Security System Video Footage policy carefully considers both the privacy rights of students and staff with that of the School duty to provide a safe, secure, and orderly learning and work environment. The ECS Board authorizes the use of video cameras in school buildings and upon school grounds pursuant to the following regulations:

Video Monitoring System: ECS implements a digital security system. This system provides for the monitoring/surveillance of school property and recording thereof.

1. Video cameras may be installed in any public area within a school building and/or upon school grounds, including but not limited to classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.
2. Video cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as restrooms or locker rooms.
3. The precise location of video cameras shall be determined by the Executive Administration with the assistance of the appropriate Site Principal. Input from staff members may from time to time be sought to determine the most beneficial locations for video cameras.
4. The contents of video recordings captured by video cameras may be used as evidence in a student disciplinary matter, evaluation of staff conduct, and/or to provide evidence of any unlawful activity on school grounds.
5. Absent a reported incident, recordings may be subject to erasure after thirty (30) days unless there exists extenuating circumstances as determined by ECS. System security features, including passwords and recorded material delete functions, do not neutralize ECS' ability to access recorded material. Individuals recorded on the security system do not have an expectation nor any right of privacy in the information, material, or images contained in any system used by ECS.
6. Video recordings shall be kept in a secure location.
7. All systems and recorded information are ECS property and ECS retains the right to inspect the system and the recorded material at any time.
8. The Superintendent and Site Principals will manage the surveillance system and monitor recorded material periodically to be sure that the equipment is being used for business purposes.
9. Personal use of system or the recorded material by any ECS staff member, student or parent, is strictly prohibited. Use of the security system and the recorded material for any purpose other than school-related business is prohibited, unless requested by law enforcement.
10. Release of Video Footage: Under the Family Educational Rights to Privacy Act (FERPA) a parent has a right to access, seek to amend, and to have some control over the disclosure of personally identifiable information from their child's education records. Student education records cannot be released without the consent of the student parent(s) unless an exception to FERPA applies or a court order is obtained.Video footage which constitutes a student's education record is only accessible to "school officials" with "legitimate educational interests".

<u>Request of footage by law enforcement investigating student</u>
ECS may not disclose video footage involving a student to local law enforcement without either parent consent OR subpoena or court order.

<u>Request of footage by law enforcement investigating matter not involving ECS student</u>
ECS may disclose video footage involving a student to local law enforcement without parental consent if there is no indication that the video is of a student who attends ECS. If it is

determined that an offender in the footage is an ECS student, ECS may discipline the student for the conduct.

Request for footage by law enforcement investigation a matter of an adult, or report of a matter of an adult to law enforcement

In the event ECS or law enforcement suspect criminal act(s) by an adult, or are investigating policy violations by an employee, ECS may disclose video footage which may involve an ECS student to local law enforcement without parental consent for the purposes of investigating the adult or disciplining an employee, as the footage is not an educational record. Exceptions:

1. Subpoena or Court order exception: Police officers or other outside parties' may have access to personally identifiable information from students' education records, i.e. video footage without parental consent. FERPA permits disclosure of education records without consent in compliance with a lawfully issued subpoena or judicial order, however, ECS must generally make a reasonable effort to notify the parent or eligible student of the subpoena or judicial order before complying with it in order to allow the parent or eligible student the opportunity to seek protective action, unless certain exceptions apply.

Treatment of Recordings

Recordings of incidents captured by video cameras located on school property shall constitute a part of a student's education record or a staff member's personnel record, as the case may be, subject to relevant board policies and administrative regulations, including FERPA, applicable record retention policies and state law. Upon the report of an incident, or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings. In most instances, those persons will be the Superintendent and Site Principal.

The Site Principal shall keep a written log of all persons viewing the recordings stating the time, name of individual viewing the recording, date the recording was viewed, and reason the recording was viewed. If the content of the recording becomes the subject of a student disciplinary proceeding or personnel proceeding,it may be treated like other evidence in that proceeding. Parents may request to view recordings of their children in the event the recordings are used in disciplinary proceedings involving their children. Staff members may similarly request to view any recording used in the evaluation of that staff member's conduct. Any such request shall be processed by the Executive Administration in accordance with applicable state and federal laws and regulations.

3.14 Facilities Inspection & Maintenance

Inspecting and ensuring that all schools are clean, secured, all paths of egress are open and well-lit is essential to the safety and well-being of all students and employees.

Each year, before school starts, a walk-through will be performed by the principal and campus engineer to ascertain any unsafe conditions that are hazardous to the employees' or students' physical or mental well-being.

Within a month of the start of the new school year, the Site Administrator or designee and the Chief Operating Officer or designee will review the walk-through. A timeline for completion of necessary corrections will be reviewed and assessed monthly.

Principal and campus engineer will perform a midyear safety walk-through.

The complete routes used by all students to travel to and from the assembly area used in an emergency should be inspected. Ensure that there are no barriers to students with specific mobility needs.

Facility staff are trained to attend to possible safety issues as they go about their regular responsibilities. Campus Engineers will be responsible for inspecting the campus regularly for the following conditions:

- All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include: Incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard. (See Safe Classroom Chart, found in Appendix)
- All damaged fences will be reported and corrected as soon as possible.
- Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
- All non-functioning lighting fixtures must be reported and corrected as soon as possible.
- Restrooms are functional and properly supplied
- Graffiti on interior or exterior property. Graffiti should be reported as soon as possible and removed within 24 hours.
- Fire extinguishers are visible & accessible
- Floor matts are correctly placed and flush to the ground
- Emergency lighting and fire sprinklers are unobstructed

Each site participates in annual inspections by health department and fire department. Back-flow is also inspected annually. On campuses with elevators, campus engineers perform monthly tests to ensure elevator "peekaboo" function and emergency phone are operational.

Each morning, Campus Engineer or designee performs a walk through of campus to ensure no unsafe conditions emerged overnight.

When student groups take walks in the immediate neighborhood the teacher/leader will bring a walkie talkie, in case of emergency.

3.15 Safe Chemical Use

ECS's Green Policy includes procedures that minimize the direct and indirect environmental impacts of our operations. This policy includes a directive to:

- reduce waste and use of harmful substances;
- lower criteria, toxic, and greenhouse gas emissions;
- improve indoor air quality;

Purchasing

The Green Policy directs ECS employees to purchase "environmentally preferable" products, including:

- To the extent practical, no cleaning or disinfecting products (i.e. for janitorial or automotive use) should contain ingredients that are eye or skin irritants, neurotoxins, carcinogens, mutagens, or teratogens.
- Use janitorial equipment that reduces building contaminants and minimizes detrimental environmental impacts and energy use.
- To the extent practical, cleaning or disinfecting products should be biodegradable, be in concentrated form, be non-aerosol, and be in recyclable containers.
- ECS will seek to purchase products and equipment with no lead or mercury whenever possible.
- The use of chlorofluorocarbon-containing refrigerants, solvents, and other products should be phased out to the extent feasible.
- Fire suppression systems should not contain any ozone harming chemicals (e.g. halon).
- Reducing or eliminating products that contribute to the formation of dioxins and furans.

Landscape & Garden Management

The Green Policy directs ECS employees to seek to ensure that workers and contractors providing landscaping services for the ECS employ sustainable landscape management practices whenever possible, including the use of Integrated Pest Management (IPM), including minimal pesticide use. Pesticides are only applied during school breaks, when students are not present.

3.16 Hazardous Waste Management

Introduction

ECS requires all RCRA hazardous waste be managed in accordance with applicable Federal, State, and local regulations, while minimizing adverse impacts to the public and environment.

The Hazardous Materials Board Policy and these procedures outline how ECS employees will manage hazardous waste. Employees who manage hazardous materials are strongly

encouraged to read and become familiar with the requirements identified in the Hazardous Materials Board Policy.
These procedures are written to achieve compliance with the Hazardous Materials Board Policy.

Scope
These procedures establish requirements and responsibilities for the management of hazardous waste in compliance with Federal, State, and local regulations.

Definitions
Disposal: Discharge, deposit, injection, dumping, spilling, leaking, or placing of any hazardous waste into or on any land or water so that such hazardous waste or any constituent thereof may enter the environment or be emitted into the air or discharged into any waters, including ground waters.

Generator: Any person, whose act or process produces hazardous waste identified or listed in 40 CFR 261 or whose act first causes a hazardous waste to become subject to regulation.

Hazardous materials: As defined by (DOT) means any substance or material that is capable of posing a reasonable risk to health, safety, and property

Hazardous waste: As defined in section 1004(5) of RCRA (42 USCA 6903), a solid waste, or combination of wastes, which because of its quantity, concentration, or physical, chemical, or infectious characteristics, may (a) cause or significantly contribute to an increase in mortality or in serious irreversible, or incapacitating reversible illnesses; or (b) pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed. Characteristics of a hazardous waste include (1) ignitability, (2) corrosion, (3) reactivity, and (4) toxicity. Criteria for identification and listing of hazardous wastes are found in 40CFR 261, Subpart B.

Storage area: Temporary waste storage areas in each building are under the responsibility of the Environmental Health and Safety Specialist and are used solely for the purpose of managing regulated waste and universal waste in accordance with applicable regulations.

Responsibilities

The Campus Engineer is responsible for ensuring compliance management of hazardous waste which includes:

- Serve as contact and provide comment resolution with regulatory agencies
- Coordinate and attend annual school inspections with Los Angeles County Health Department
- Provide ECS personnel with environmental and waste management training
- Develop and maintain hazardous waste policies and procedures
- Review and approve "Hazardous Material Order Forms" prior to purchase

- Manage recycling of hazardous materials, identification of pollution prevention goals and disposal alternatives
- Identify, manage, and maintain waste storage areas
- Create and maintain up-to-date waste chemical inventories
- Perform quality control checks-and in-house inspections of employee work areas
- Coordinate, document and manage waste shipments and disposal alternatives
- Coordinate hazardous materials emergency response actions
- Maintain applicable training and certifications
- Manage transport and disposal of hazardous waste to the Mesa County Household Hazardous Waste Facility

All ECS middle and high schools must designate a School Safety Liaison. According to the Hazardous Materials Board Policy, Maintenance staffs are responsible for the following activities:

- Complete annual "Hazardous Waste and Classroom Safety Training"
- Attend after School Safety Liaison meetings
- Disseminate information from Director of Operations xxx Operations & Compliance Manager to affect staff within their building
- Assist Los Angeles County Health Department personnel during annual inspections
- Maintain and update science department Chemical Inventory
- Review hazardous material purchases by teachers in their school in cooperation with guidance from Director of Operations
- Use the ECS's "Work Order" system to initiate waste collection by Director of Operations Coordinate chemical emergencies with EH&SS and local emergency response authorities

Teachers handling hazardous materials are required to:

- Complete job specific hazardous waste training annually
- Annually update their classroom chemical inventory with Director of Operations
- Ensure all hazardous chemicals are lock and secured from students when not in use
- Review Material Safety Data Sheets (MSDS) prior to using hazardous materials in the classroom
- Cooperate with Los Angeles County Health Department personnel during annual inspections
- Contact Director of Operations to purchase new substances. Hazardous materials order form must be used for purchasing
- Use the ECS's "Work Order" system to initiate waste collection by Director of Operations
- Assist Director of Operations and local emergency responders during chemical emergency response

Below is a partial list of substances containing hazardous materials:

- Acids, Bases
- Heavy metals
- Biological specimen fluid
- Test kits
- Household products (bleach, 3% hydrogen peroxide)

Art. Technology Education Classrooms

- Adhesives
- Aerosol spray cans
- Batteries (household)
- Household products (bleach, detergents, disinfectants) Paints, lacquers, thinners and solvents
- Toner cartridges

Gardening and Greenhouse

- Fertilizers, Compost
- Water test kits

Maintenance Staff are required to notify Chief Operating Officer or designee of upcoming projects that are likely to generate or require management of hazardous waste. Campus Engineer should refer to their chemical inventory with the MSDS to identify which materials are hazardous.

Maintenance Staff are required to:

- Attend job specific hazardous waste training sessions
- Review department chemical inventory with the MSDS maintained by foremen
- Place hazardous substances in designated waste collections storage areas when no longer needed
- Use the ECS's "Work Order" system to initiate waste collection by Chief Operating Officer or designee. Below is a partial list of substances containing hazardous materials:

Maintenance and Custodial:

- Aerosol spray cans fluids
- Cleaning fluids
- Fluorescent light tubes
- Lubricants
- Paints, lacquers, thinners, solvents
- Batteries
- Bleach
- Disinfectant
- Concentrates
- Fluorescent light tubes

- Floor sealer concentrates
- Floor stripper concentrates
- Inks
- Toner cartridges

Purchasing Hazardous Materials

Employees must complete a "Hazardous Materials Order Form" prior to purchasing any hazardous material. Forms are available in the Safety Plan appendix and on Google Drive. Employees may complete forms electronically or by hand, rout internally for approval signatures and send to Chief Operating Officer or designee for approval. Chief Operating Officer or designee must sign and date each request form prior to purchase.

Science Laboratory Chemicals

Science teachers must contact the Chief Operating Officer or designee prior to purchasing chemicals. Each chemical must have an MSDS in the chemical inventory, if one is already on file there is no need to obtain a duplicate with each purchase. A copy of your chemical inventory must be kept in the school office. When chemicals are received, the date of purchase must be labeled on the container prior to adding it to the chemical inventory.

Art and Technology Education Materials

Art and Technology Education teachers must ensure that hazardous materials are included in their classroom chemical inventory. A copy of your chemical inventory must be kept in the school office. Some departments are using non- hazardous materials, where possible. Teachers may obtain surplus supplies from other schools if available.

Waste Management

Hazardous waste generators (custodial services, maintenance, grounds and transportation and teachers) are responsible for complying with this procedure, including:

- Refer to product MSDS regarding safe use of hazardous materials and use applicable personal protective equipment, if unsure consult EH&SS
- Keep hazardous materials stored and locked away from student contact when not in use
- Contact Chief Operating Officer or designee for disposal

Waste Storage Areas

Chief Operating Officer or designee will designate a waste storage area for each school. These locations will serve as waste collection points. Chief Operating Officer or designee will also establish waste storage areas at Administrative facilities. ECS employees must notify Chief Operating Officer or designee prior to placing materials in these areas.

Waste Disposal

Chief Operating Officer or designee will locate a legal disposal or recycling facility for all hazardous waste generated by ECS schools. Waste shipment records must be maintained in a file at each school and with Chief Operating Officer or designee. If necessary, Chief Operating

Officer or designee will transport waste directly from ECS locations to the Los Angeles County Household Hazardous Waste Facility or facilitate contractor off-site shipments. No ECS employee is allowed to call for or coordinate hazardous waste disposal without prior approval from Chief Operating Officer or designee.

Aerosol Cans

Propellants in aerosol cans are by regulation considered hazardous materials. Even when cans are thought to be "empty" or unable to spray, the contents are still regulated as "universal waste". The residue and the propellant must be recaptured according to federal and state regulations. Non-punctured aerosol cans are to be discarded in the regular trash. Empty and unusable cans will be placed in a container labeled:

Aerosol Cans Only
Universal Waste

Employees must set aside empty or unusable aerosol cans for collection by Maintenance Staff. No empty or unused aerosol cans are allowed to go into trash cans. Maintenance Staff personnel will store aerosol cans in containers labeled "Aerosol Cans Only Universal Waste". Empty or unusable aerosol cans are placed in a container labeled "Aerosol Cans Only Universal Waste", located at the Grand Avenue Administration Facility-Paint Shop.

Fluorescent and Halogen-Gas Lights

When fluorescent or halogen gaslights burn out, they must be placed in their original packages. Maintenance personnel will collect and transport items to the designated storage area.

Maintenance Staff will collect these items as needed and recycle them at the Los Angeles County Household Hazardous Waste Facility or another qualified recycling facility.

Mercury-Containing Switches and Thermostats

Mercury-waste-containing switches from thermostats may be generated during heating and cooling system repairs. To manage mercury-waste-containing switches properly, maintenance personnel must do the following:

If mercury ampoules can be removed without breakage, remove and contact Director of Operations for storage and disposal. If ampoules cannot be removed without breakage, the entire unit will be considered a waste item.

If a mercury container is broken, immediately call xxx Chief Operating Officer or designee at Home Office. Do not touch the spilled mercury.

Paint Waste

Paint and solvent waste generated by painters will be collected in labeled containers and picked up as necessary, by a contracted disposal company. The Maintenance Staff will manage a file copy of waste disposal records.

Vehicle Waste

Vans' used waste oil, anti-freeze, lubricants and unused Freon refrigerant will be collected in labeled containers and picked up as necessary by a contracted disposal company. The Maintenance Staff will manage a file copy of waste disposal records.

Toner Waste

Copy machines generate toner and toner cartridge wastes. These wastes will be collected into a designated container and picked up as necessary by a maintenance staff. The Maintenance Staff will manage a file copy of waste disposal records.

Electronic Equipment and Computer Waste

Electronic equipment and computers may contain hazardous materials in the form of lead and zinc in monitors, keyboards, and CPU's. ECS has an existing contract with off-site contractor to recycle electronic equipment and computer waste. ECS personnel must not accept donated computer equipment without prior approval from Chief Operating Officer or Designee. When electronic equipment or computers are designated for disposal, ECS personnel must contact the Director of Operations to arrange for waste transfer. The Chief Operating Officer or Designee will coordinate and document the transport and recycling of these waste items. Maintenance staff will manage a file copy of "Waste Transfer/Disposal Form" records and Chief Operating Officer or Designee will keep a copy of records.

3.17 Transportation

ECS has a Transportation Safety Plan to ensure student safety when an ECS school is providing transportation to or from school or a school activity.

Loading & Unloading

When an ECS vehicle is stopped on a highway or private road for the purpose of loading or unloading pupils, at a location where traffic is not controlled by a traffic officer or official traffic control signal, the vehicle driver shall do the following: Escort all pupils in grades 6 to 8, inclusive, who need to cross the highway or private road upon which the vehicle is stopped. The driver shall use an approved hand-held "STOP" sign while escorting all pupils.

Vehicle Safety Procedures

1. On approach to a vehicle stop where pupils are loading or unloading from a vehicle, the vehicle driver shall activate the hazard lights on the vehicle beginning 200 feet before the vehicle stops. The hazard lights shall operate at all times when the vehicle is stopped for the purpose of loading or unloading pupils. The hazard lights shall remain on until all pupils are on board the vehicle and the doors are closed. Pupils will only be allowed to exit or enter the vehicle once the bus driver has determined that it is safe to do so

2. Students shall load or unload the vehicle at stops designated by the Principal, or his/her designee, for school trip activities. Students who need to cross the roadway upon which the vehicle has stopped must walk in front of the vehicle as they cross. Before the driver may set the vehicle back into motion, the driver must ensure that all pupils who have crossed the roadway have done so safely, and that all other pupils and pedestrians are a safe distance from the vehicle.

3. Students boarding and exiting a vehicle must do so in an orderly manner. The driver must ensure that all pupils have taken a seat in the vehicle before setting the vehicle in motion.

4. The driver of the vehicle shall not exit the vehicle until he/she has visually inspected each seating row of the vehicle to ensure that no pupil is left unattended on the vehicle.

Pupil Supervision

1. ECS is committed to ensuring the supervision of its students by an adult at all times. For each type of use of the school pupil activity bus, the Principal, or his/her designee, will determine how many and what kinds of chaperones are needed, recognizing that a higher number of chaperones will be required for more hazardous activities.

2. The School will base the number of chaperones on an evaluation considering the number of students, age and maturity of the students, and types of activities involved.

3. There should be a minimum of 1 adult chaperone for every 10 students in grade 6; 2 adult chaperones for every 20 students in grades 7 – 12.

IV. Emergency Preparedness

This Plan is designed for use during the planning, response, and recovery phases of an emergency or disaster that affects school operations and facilities. It has been prepared in compliance with State Disaster planning requirements, and City and County Emergency Management Plans.

This plan is a preparedness document and is intended to be read and understood *before* an emergency. The procedures outlined in this plan are designed to manage the effects of such situations and shall be active under any of the following conditions:

- By direction of Superintendent, or his/her/their designated representative under a declaration of Disaster.
- Upon notification by school, local, state, or federal government officials of an actual/declared or impending Emergency or Disaster that will directly or indirectly affect the school.

Note: please review Emergency Response Team roles as delineated in the ECS Network Safety Plan.

4.1 Priorities

All emergency actions will be taken according to the following priorities:

- Protection of life
- Protection of the environment
- Protection of property
- Restoration of services

This plan implements those priorities in establishing its disaster preparedness procedures: All students will be kept at school until released to parents or authorized persons during a disaster situation.

All evacuation of facilities (as necessary) will be done (as necessary) in conjunction with other agencies through the SEMS system.

If evacuation of facilities is required, all students and ECS employees at school site will assemble in predetermined areas.

4.2 Roles of Staff

All ECS employees are expected to remain and fulfill their disaster responsibilities until the emergency is over or they can be relieved (per California Code Government Code §3100).

All Staff

All staff should familiarize themselves with this Emergency and Disaster Preparedness Plan and learn the roles assigned to them in the event of an emergency. Each staff member should also know his or her teacher buddies. Teaching staff must maintain current rosters in the emergency backpacks and should ensure that their classrooms have first-aid emergency kit.

Staff must be aware that they cannot leave campus without permission during an emergency situation unless they have authorization of the Emergency Coordinator (school principal) because of their responsibilities as disaster service workers. California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain on site to carry out assigned responsibilities.

Environmental Charter Schools' disaster preparedness plan shall be available to staff, students, and the public in the main office of the school. Each site will update this plan to include site-specific information, relevant to their facility and community. In addition, each school will have a version of the plan that details specific, confidential information, including confidential cell numbers, individual student needs, and details of response to criminal threats. This version will not be available to the public.

The principal shall make certain that students and staff are familiar with their disaster preparedness plan. At least once each year, the principal shall earthquake preparedness information is sent home to families and shared with site staff. This information shall include steps families and staff should take to be prepared for an earthquake and the likely disruption a major quake will cause to utilities, communication and transportation.

School Staff members are considered disaster service workers and are subject to disaster service activities assigned to them. (Government code 3100)

Specific Roles

During an emergency, staff shall fulfill the following roles:

1. **The Principal or designee** shall assume overall control and supervision of activities at the school site during an emergency. They shall have authority to use discretionary judgment in emergency situations, which do not permit execution of prearranged plans. The principal or designee shall:
    a. Direct evacuation of buildings
    b. Arrange for transfer of students when their safety is threatened
    c. Inform the Superintendent of all emergency actions taken as soon as possible

d. Schedule periodical fire drills and other disaster preparedness exercises and keep appropriate records
e. Post directions for fire and other drills in classrooms, multipurpose rooms, etc.

1. **Teachers** shall be responsible for supervision of students in their charge. Teachers shall:
    a. Direct evacuation of students in their charge in accordance with the principal's instruction
    b. Support Buddy Teacher, as needed
    c. Ensure classroom emergency supplies are taken to assembly area if evacuating building
    d. Give the DROP, COVER & HOLD command as necessary
    e. Take attendance, stay with the students and provide supervision
    f. Report missing students to the principal or designee
    g. Send students in need of first aid to the office manager or a person trained in first aid.

2. **Campus Engineer** shall be responsible for the use of emergency equipment, the handling of supplies and the use of available utilities. Campus Engineer shall:
    a. Survey and report damage to the principal
    b. Direct rescue operations as required
    c. Direct fire-fighting effort until regular fire-fighting personnel take over
    d. Control main shutoff valves for gas, water and electricity and ascertain that no hazard results from broken gas, water mains or fallen electrical lines
    e. Disburse supplies and equipment as needed

3. **Office Staff** shall:
    a. Report a fire or disaster to the appropriate authorities
    b. Answer telephones and monitor radio emergency broadcasts
    c. Provide for the safety of essential school records and documents
    d. Assist the principal as needed

4. **First Aid Staff** shall:
    a. Administer first aid
    b. Supervise the administration of first aid
    c. Organize first aid and medical supplies

4.3 Before An Incident Occurs

4.3a Training in Procedures

All new employees are trained on safety procedures as part of their onboarding process. Before each school year begins principals review emergency procedures with staff and they are

reviewed again before each drill. Teachers train students in the procedures at the beginning of each school year and review the information, as needed, before drills. Administrators lead staff in a debrief of drills after they occur, looking for ways to improve and teachers and administrators debrief with students, as needed.

4.3b Teacher Buddy List

A buddy list typically assigns teachers in adjacent or nearby rooms as “buddies.” Buddy teachers will work together in an emergency and should train and drill together to better understand and cooperate with one another. In the event of an emergency, one teacher will watch both classes, and the other teacher will assume an emergency task.

The teachers and staff need to review their evacuation routes and assembly area locations in preparation for an emergency. All substitute teachers should be provided a copy of the school’s emergency procedures, a description of the role they would play in an emergency, and identification of their buddy teacher.

This list should be updated in September and February of each school year and thereafter to accommodate any staff change changes.

	Remain with Students	**Assume Emergency Roles**
Rooms	**Teacher**	**Teacher**
Valley/Glacier	Tibbetts (in Glacier)	Donahue
Meadow/Forest	Stenbakken (in Meadow)	Paez
Earth/Willow	Penka (in Earth)	Awad
Air/Water	Werner (in Air)	Reyes
Galaxy/Universe	Ponciano/Gutierrez (in Galaxy)	Truong
Supernova/Sun	Wester (in Sun)	Lopez

Ocean/Beach	Jackson (in Beach)	Kopacz/Randolph
Lagoon/Oasis	Nakai	Leimbek/ Woods
Other teachers/staff available:, Dugas, other on-site staff as available.		

4.4 After an Incident Occurs

When an incident takes place, each teacher should conduct a classroom status check. The teacher should check with their buddy teacher to determine each other's health status, needs for assistance with any injuries, need to stay with injured students, etc. If possible, injured students should not be left alone. ***Remember:*** A teacher's responsibility is to **all** students, but in situations that threaten the lives of all, do the greatest good for the greatest number.

If necessary, one buddy teacher will evacuate both classrooms. During drills, teachers must emphasize that students learn proper evacuation procedures and routes. Students should be taught to stay quiet and attentive to instructions throughout the drill. Students should be directed to not run, push or turn back. Students should exit *without* the teacher leading them. Emergency backpacks or buckets should be taken. Teacher should stay back to check the classroom and close the door (do not lock). *If both buddy teachers are available for evacuation,* one leads and the other brings up the rear, checking briefly to make sure that both classrooms are empty and closing doors.

Once in assembly area, buddy classrooms line up next to each other for student accounting. Each teacher brings his or her class roll book or class roster list and the emergency supply bucket. All teachers take attendance and indicate all students are present with a "thumbs up" signal to the administrator or school Assembly Area administrator. They use their roll sheet to indicate missing students or students who require medical assistance.

Immediately following student accounting, roll sheets are given to Assembly Area team who relays them to the Assembly Area administrator.

In emergency situations that do not involve evacuation, it may be necessary to move all students from one buddy's classroom into the other. One of the teachers is then available for assignment.

4.5 Release of Students

The following procedures shall be followed in the releasing of students in the event of an emergency or disaster:

1. The Principal's designee shall receive authorization from the Principal or designee before releasing students.
2. Individual students shall not leave a school site without receiving permission from the principal or designee.
3. Staff shall release students only to the persons authorized on the student emergency card.
4. In the absence of an emergency card or in an emergency in which reference to the emergency card is impossible, individual students shall be released, upon presentation of identification, to parents/guardians, persons authorized by the parents/guardians, or to authorized persons representing public agencies that may take responsibility, when necessary, for the safety of the student.
5. The Principal or designee shall identify staff responsible to record the release of all students and ensure recording procedures are followed.

4.6 Emergency Communications

4.6a Emergency Telephone Communications

It is anticipated that in a major disaster such as a large earthquake or flood, area telephone service may be unavailable for several disaster days after the event. Mobile telephone service may also be affected by the disaster because of call processing system overloads. If the telephone does not function recheck it periodically since telephone service may be restored at any time. Telephone numbers have been established as "essential service" lines and will be given priority restoration following an emergency or disaster situation.

In the event of a major emergency or disaster, the 9-1-1 emergency system may not function because of traffic overload. If you have a situation requiring immediate aid from police, fire or medical personnel you should try to use the 9-1-1 number for immediate aid. If possible, notify the Command Post of your situation and needs or provide the appropriate information when requested.

4.6b Emergency Radio Communications

If the telephone system is not operational, the school emergency two-way radio and mobile phone system should be utilized for contact. In this situation, the radio(s) should be turned to ON mode and constantly monitored.

IMPORTANT: DO NOT USE WALKIE TALKIES, RADIOS OR CELL PHONES IF THERE IS A BOMB THREAT. BOMBS CAN BE ACTIVATED BY USE OF THESE DEVICES.

4.6c Emergency Contact Numbers

EMERGENCY CONTACT NUMBERS		
ROLE	NAME	NUMBER
Superintendent	Farnaz Golshani-Flechner	(415) 265-1308
Operations & Compliance	Jeremiah David	(424) 261-2171
Human Resources	Sarah Jamieson	(310) 874-9441
Principal	Geneva Matthews	(562) 331-7997
Social Worker	Stacy Serrano	(323) 649-0920
Office Manager	Maribel Rosales	(424) 350-8313
Campus Engineer	Russell Bennett	(310) 753-0157

LOCAL AGENCY EMERGENCY NUMBER	
Police Department **Hawthorne PD Dispatch** **Inglewood PD Dispatch**	9-1-1 **310-349-2700** **310-412-8771**
Fire Department	9-1-1 (non-emergency phone (310) 676-4606)
American Red Cross	Non-emergency phone (310) 445 9900
Southern California Edison	9-1-1 or 1-800-611-1911 anytime, 24 hours
Southern California Gas Co.	9-1-1 or 1-800-427-2200

I

4.7 Training & Drills

EMERGENCY DRILLS SUMMARY		
Type of Drill	**Signal**	**Procedure Summary**
Earthquake	Principal announces to all classes: As you are aware we are experiencing some seismic activity. For everyone's protection, all students and staff should follow DROP, COVER & HOLD ON procedures, which means you should drop to the ground, cover your head and neck with one arm and hand and crawl under a table or desk, If there is no shelter, crawl to a wall, away from windows and anything that could fall and hurt you. Hold this position until the shaking stops or until you receive further instructions."	Students and staff DROP where they are, onto your hands and knees. This position prevents being knocked down. COVER head and neck with one arm and hand. If a sturdy table or desk is nearby, crawl underneath it for shelter If no shelter is nearby, crawl next to an interior wall (away from windows). Stay on knees; bend over to protect vital organs HOLD ON until shaking stops If under shelter: hold on to it with one hand; be ready to move with shelter if it shifts No shelter: hold on to head and neck with both arms and hands. Stay in this position until shaking stops. Teachers will direct students to return to seats.
Fire	Continuous bell ringing	Have students walk in a single line to assembly area and wait for the "All Clear" signal.
Lock Down	Principal announces to all classes over intercom: "We have received information regarding an emergency situation and need to implement lock down procedures. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement. If outside, students and staff are to proceed inside the nearest building or classroom."	Teachers will instruct students to lie down on the floor, lock doors, and close shades or blinds. Any students and staff outside are to proceed inside the nearest building or classrooms.

Shelter In Place	Principal announces to all classes over intercom system: "We have received information regarding a hazard in the community and are instituting Shelter-In-Place Procedures. This means students and staff are to remain inside the building away from outside area with windows and doors securely closed and air conditioning units turned off. All students and staff that are outside are to immediately move inside. We will let you know as soon as we have further information."	All classes will remain in their rooms, outside classes will proceed to the nearest building or classrooms. Students should be in the most protected areas in the room, facing away from windows. Close all doors and windows. Turn off all doors and windows. Turn off gas, lights, power equipment, and appliances. Remain in the shelter area until the "All Clear" signal.

4.7a Earthquake Drill

An earthquake drill is held to provide maximum protection in case of earthquake or other emergency where the risk of flying or falling debris is present. No advance warning or signal normally will be given. In proactive drills, teachers should supervise students and be alert to the position of each student during the entire drill.

Signal

The Signal for the drill is the following announcement to all classes: Principal announces to all classes: "As you are aware we are experiencing some seismic activity. For everyone's protection, all students and staff should follow DROP, COVER & HOLD ON procedures, which means you should drop to the ground, cover your head and neck with one arm and hand and crawl under a table or desk, If there is no shelter, crawl to a wall, away from windows and anything that could fall and hurt you. Hold this position until the shaking stops or until you are given further instructions."

Procedure

1. **DROP** where you are, onto your hands and knees. This position protects you from being knocked down and also allows you to stay low and crawl to shelter if nearby.

2. **COVER** your head and neck with one arm and hand
    - If a sturdy table or desk is nearby, crawl underneath it for shelter
    - If no shelter is nearby, crawl next to an interior wall (away from windows)
    - Fold body onto floor with arms close to knees
    - Place head as far as possible between knees: cover head with hands.

3. **HOLD ON** until shaking stops
    - Under shelter: hold on to it with one hand; be ready to move with your shelter if it shifts

- No shelter: hold on to your head and neck with both arms and hands.

4. Stay in this position until the shaking stops.

5. Teacher will direct students when to return to seats.

After the all clear signal, evacuate students to the Assembly Area, using the same route as used in a fire drill.

In a Real Earthquake

After an earthquake, teachers will evaluate safety of classrooms before evacuating. Do not go outside, if your classroom is safe, unless you are directed to do so. If classroom is deemed unsafe, teacher must evaluate safety of exit routes before exiting classroom. If it is safe to relocate to a nearby classroom, the teacher should do so before proceeding outside to Assembly Area. Evacuation is not immediate. Campus Engineer will evaluate safety of classrooms, corridors and exteriors and consult with Principal before a general evacuation order is made. Evacuation will only be made if interiors are unsafe and Assembly Area is safe. If students evacuate they will use the evacuation routes practiced during the fire drill. The students will gather in the Assembly Area and line up in the designated space.

If an earthquake occurs during the non-classroom hours, e.g., passing periods or lunch, all persons will proceed to the Assembly Area and line up in the designated space.

4.7b Fire Drills

When a fire is discovered in any part of the school, the following actions shall be taken:

1. Signal: Continuous bell ringing
2. The Principal or designee shall sound the fire signals using an emergency fire pull, unless the school and/or building are equipped with an automatic fire detection and alarm system. (Education Code 32001). The principal shall ensure different pulls are utilized each time.
3. The Principal or designee shall call 911.
4. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas.
5. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.
6. In outside assembly areas, teachers shall take roll, report any missing students, and provide assistance to any injured students.
7. In outside assembly areas, the principal, designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.
8. If the fire is extensive, students shall be taken to an alternate location for protective custody until parents/guardian can pick them up or until they can be safely transported to their homes.

4.7c Shelter-In-Place Drill

Shelter-In-Place indicates that an emergency that requires students and staff to remain inside has occurred.

Signal

Principal announces to all classes: *"We have received information regarding a hazard in the community and are instituting Shelter-In-Place Procedures. This means students and staff are to remain inside the building away from outside air with windows and doors securely closed and heat, air conditioning or fans turned off. Please cover any cracks under doors or around windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move inside. We will let you know as soon as we have further information."*

Procedures

1. When the announcement has been given, all classes will remain in their rooms.
2. All outdoor classes will proceed to the nearest building or classrooms.
3. Move students to the most protected areas in the room.
4. Have students face away from windows and keep their backs toward windows.
5. Turn off A/C, heat or fans.
6. Cover any vents or holes with posters, paper, plastic, or laminated posters. Use wet paper towels or similiar to fill gaps under doors or windows. Put laminated posters over vents.
7. Securely close all doors and windows. If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
8. Campus engineer turns off HVAC system
9. Turn off gas, lights, power equipment, and appliances. All personnel must remain in the shelter area until further instructions are received from official sources.

4.7d Lockdown Drill

A Lockdown drill indicates that an emergency that requires students and staff to remain inside (classrooms/offices) has occurred. There are two types of lockdowns: (1) hard lockdown and (2) soft lockdown.

Hard lockdown: Imminent Danger	**Soft Lockdown: No Imminent Danger**
● Initiated when there is a specific and imminent threat of violence to students, teachers, or staff inside the School, and it is not safe to evacuate ○ An armed intruder ○ A hostage situation	● Initiated when there is no specific, confirmed, or imminent threat, but there is a need to increase the security threat level. ○ Unconfirmed threats (i.e. student or staff said that a student said they had a gun.) ○ Police action in the area

	○ Disruptive community incident

Signal

The signal for the “Lockdown” drill is following the announcement to all classes: *“Your attention please. We have received information regarding an emergency situation and need to implement lock down procedures. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement. If outside, students and staff are to proceed inside the nearest building or classroom.”*

Procedures

1. When the announcement has been given, all classes will remain in their rooms.
2. Outdoor classes will proceed to the nearest building or classrooms.
3. Move students to the most protected areas in the room.
4. Instruct student to lie down on the floor, lock doors, and close shades or blinds.
5. Close all doors and windows. If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
6. Turn off lights. All personnel must remain lockdown until further instructions are received from official sources.

4.8 Instructional Continuity Plan

This section outlines the procedures to ensure continuity of instruction when in-person learning is disrupted due to an emergency, in compliance with California Education Code 32282 (effective July 1, 2025).

Pupil Engagement and Communication (within 5 days)

1. **Notification and Outreach:**

   · ECS will establish **two-way communication** with students and families within **five calendar days** of an emergency, ensuring compliance with state-mandated timelines.

   · The school will send **official notifications via email, phone, text, and the ECS website,** explaining the transition to independent study or alternative instructional options.

   · A **dedicated hotline and online portal** will be available for parents/guardians to ask questions and receive support.

2. **Academic and Social-Emotional Support:**

- Each student will receive an individualized transition plan based on their academic progress and needs.
- Counselors and mental health professionals will conduct wellness check-ins with students identified as needing additional support.
- ECS will provide on-demand virtual counseling and academic tutoring services to ensure students remain engaged.

3. **Tracking Engagement and Attendance:**

- Daily two-way interactions will be required for grades 6-8, while weekly synchronous instruction is mandated for grades 9-12.
- Teachers will monitor attendance and engagement through Google Classroom and digital attendance logs.
- Non-responsive students will receive follow-up calls from school staff, and intervention plans will be developed for students with continued disengagement.

Access to Instruction (within 10 instructional days)

1. **Instructional Options:**

- ECS will provide access to in-person instruction or remote instruction within 10 instructional days of the emergency, as required by Education Code Sections 51747 and 51749.5.
- Independent study programs will adhere to state guidelines, ensuring students receive equivalent instructional quality.
- Remote instruction will include live virtual instruction, recorded lessons, and asynchronous learning activities.

2. **Technology and Learning Resources:**

- All students will receive access to Chromebooks, Wi-Fi hotspots, and digital learning platforms.
- Learning materials (e.g., textbooks, assignments) will be available for pickup at designated locations or mailed home as needed.

3. **Support for Diverse Learners:**

- Special education students will continue receiving services as outlined in their IEPs and 504 Plans.
- English Learners (ELs) will have access to designated ELD instruction and language support services.

- ECS will provide academic intervention plans for students at risk of falling behind, with additional monitoring of students requiring higher levels of intervention.

Temporary Reassignment and Enrollment Flexibility

1. **Reassignment to Other Schools (if Necessary):**

   - If ECS is unable to provide instruction within 10 instructional days, students will have the option to be temporarily reassigned to another charter school, district, or county office of education (COE) within the same or an adjacent county.
   - ECS will coordinate with neighboring districts and COEs to facilitate smooth transitions.
   - ECS will provide documentation and transfer records to expedite the reassignment process and ensure students do not experience disruptions in academic progress.

2. **Maintaining ECS Enrollment During Reassignment:**

   - Students temporarily reassigned will remain enrolled at ECS and may return once ECS resumes in-person instruction.
   - Families will receive weekly updates regarding ECS reopening timelines and transition plans.

Academic progress at the reassigned institution will be monitored and credited toward ECS graduation requirements.

V Emergency Procedures

5.1 Immediate & Initial Responses Summary

Action	Purpose	If inside	If outside	Other measures
Drop, Cover & Hold On	To protect students and staff from flying or falling debris	Teachers instruct students to drop to the floor, Cover their heads, crawl under desks or tables and hold on.	If outside, teachers will instruct students to drop to hands & knees, & cover heads with their arms & hands	Teachers and students should move away from windows
Shelter in Place	Keep students indoors as protection from airborne contaminants. Including shutdown of HVAC systems & allow free movement of student w/in bldg	Teachers will keep students in the classroom until further instructions are given, close windows/doors and shut off AC/Heat/Fans	Students will proceed to their classrooms if it is safe to do so. If not teachers or staff will direct student into nearby classrooms of school building	Teachers are responsible for securing individual classrooms. The Facility Team will shut down the HVAC system, close and lock doors and windows, etc
Lock Down	To protect students and staff from threat of violence or gunfire	Teachers will instruct students to lie on the floor, lock doors & windows, & close shades or blinds	Students proceed to their classrooms if it is safe to do so. If not, teacher or staff will direct students in to nearby classroom or school buildings	Teachers and students remain in the classroom or secured area until given further instructions by Principal or police. Any open entrances are secured

Hold & Secure	To protect student and staff from threat of violence in surrounding area or facilitate emergency services on campus	Teachers will lock doors & windows until further instructions are given	Students proceed to their classrooms if it is safe to do so. If not, teacher or staff direct students into nearby rooms or bldgs	Teachers and students remain in classroom or secured area until given further instructions. Front entrance is locked

Action	Purpose	If inside	If outside	Other measures
Building Evacuation	To protect students and staff if it is unsafe to remain in bldg. Principal will initiate fire alarm		Office Manager will contact 911 and teacher will instruct students to evacuate	Teachers instruct students to evacuate, assemble in assigned Assembly Area & take class roster.
Relocation/Off Site Evacuation	To protect students and staff when it is unsafe to remain on campus		Principal or designee will determine the safest method of evacuation (e.g., use of school vehicles or walking)	Teachers instruct student to evacuate & take class roster. Once assembled off-site, teachers & students stay in place until instructions given
All Clear	Student and staff can return to classrooms			Principal make an announcement

5.2 Collaboration with Public Agencies

Annually, the ECS Home Office contacts area public agencies, such as Red Cross, Emergency Management Department of Los Angeles, the Los Angeles Emergency Network and the LA County Office of Emergency Management regarding possible collaboration in times of emergency. If a public agency requested use a a school site facility during a disaster or emergency, we would allow use on a first come, first served basis. Agencies would contact the ECS Home Office, and home office staff would coordinate with school site leadership.

5.3 Critical Operational Functions

Different threats or hazards may require overlapping functional responses. This section focuses on the different components of emergency response. While these components are described separately, it is important to remember that many functions will occur consecutively and some may be performed concurrently. For example, during an evacuation, once students are safely out of the building, the accounting for students, staff, and visitors function will begin. The evacuation function, however, will still be in effect as staff or first responders work to locate and evacuate any persons not accounted for.

5.3a Notifications

Emergency Response actions should be accompanied by the following notifications:

- 911
- ECS Home Office
- Automated phone or text messages to parents and/or staff

Following an emergency response, site leaders may consider visiting advisories

5.3b Accounting for all Persons

This action is taken to account for the whereabouts and wellbeing of all students, staff members and visitors and is one of the first tasks that must be accomplished in any emergency.

Note: The below procedures are used to account for everyone after evacuating from school buildings. Schools should plan how to acquire this information, including accounting for visitors, during a lockdown, shelter-in-place, or other emergency where everyone is inside. Methods may include consulting PowerSchool, sign in & out binders and/or hand-collected rosters/reports. Multiple methods should be planned for due to varied technology and safety factors in an emergency.

<u>Accounting for all Persons Procedures</u>

1. Teachers will take student rosters when leaving the building and account for their designated groups once the class is assembled in a safe location. Teachers are to list students/others as appropriate on attendance rosters and indicate if students on their roster are missing or injured.
2. Assembly Area Team members will collect student rosters, including names of missing persons or persons who require medical care and submit to the Assembly Area Team Leader.
3. The Assembly Area Team leader will compile a master accounting of all persons on campus, and make reports available to the Facilities/Security Lead, Communications/Accounting Lead and

Emergency Coordinator.

5.3c All Clear

This action is taken to notify staff and students that normal school operations can resume. This may be an announcement over the PA system, over megaphones or via phone calls to classrooms.

All Clear Procedures

1. The Emergency Coordinator (principal or designee) will make the following announcement on the PA system, which signifies that the emergency is over. If the PA system is not available, the Emergency Coordinator will use other means of communication, e.g., sending messengers to deliver instructions, use megaphone, call classrooms.. "Your attention, please. You may now return to your classroom and resume usual activities. Thank you all for your cooperation".
2. The Emergency Coordinator will convene the school First Aid (Psychological) Team if the incident was traumatic to the school community.
3. The Emergency Coordinator will make a final notification update to home office and parents.
4. The Emergency Coordinator will complete a report to document the incident, including follow-up actions and submit to the Operations and Compliance Manager.
5. If appropriate, teachers should immediately begin discussions and activities to address students' fears, anxieties, and other concerns
6. Emergency Coordinator should send home phone message, text and or letter providing information on incident and reassuring families that it is safe to return to school
7. Emergency Coordinator may choose to visit advisories or assemblies to provide information and reassure students.

5.3d Drop, Cover, and Hold On

This action is taken to protect students and staff from flying or falling debris, and is commonly used during an earthquake.

1. As soon as the ground begins to shake, staff and teachers instruct students to Drop, Cover and Hold On.
2. If possible, the Principal will make the following announcement on the PA system. *"As you are aware we are experiencing some seismic activity. For everyone's protection, all students and staff should follow DROP, COVER & HOLD ON procedures, which means you should drop to the ground, cover your head and neck with one arm and hand, and crawl under a table or desk, If there is no shelter, crawl to a wall, away from windows and anything that could fall and hurt you. Hold this position until the shaking stops or until you receive further instructions."*

3. If inside, teacher will instruct students to drop, cover and hold on. If a sturdy desk or table is nearby, crawl under it, covering your head and neck with one hand.
4. If outside, teachers will instruct students to drop to their hands and knees and cover their heads with their arms and hands.
5. Teachers and students should move away from windows or any other falling debris.
6. Students with disabilities that do not allow them to get under furniture for protection should move away from items in the room that are not secured. These students should go into a structural corner of the room (away from cabinets and shelves that can spill their contents; away from windows that can break and away from suspended items that could fall), lock the wheels on any wheelchairs and protect their head and neck with their hands.
7. When the shaking stops, remain in place for a few moments.
8. Check around you and be sure it is safe, before leaving your position.
9. Instruct students to leave their positions when you have confirmed it is safe for them to do so.
10. Indoors is usually safest after an earthquake.The campus engineer will be inspecting buildings and will instruct staff to evacuate if conditions are safer outdoors.
11. If you determine your indoor location is unsafe, attempt to evacuate to your buddy's room first. If both locations are unsafe, seek another classroom.
12. If your building seems unsafe, evacuate. Remember your usual route may be unsafe. Check before proceeding. Bring emergency backpack and/or bucket with you, if you evacuate,
13. The Emergency Coordinator will follow drop, cover, and hold on with an evaluation of the safety of the building.
14. If indoor spaces are deemed unsafe, the Emergency Coordinator will initiate evacuation to the assembly area and notifications to the Home Office and parents.
15. Once the incident has concluded and the campus has been determined to be safe, the Emergency Coordinator will initiate the All Clear action.

5.3e Evacuate Building

This action is taken after the decision is made that it is unsafe to remain in the building. It is most commonly used in response to a fire, after an earthquake (following drop, cover, and hold on), or any emergency where the building and its contents are perceived to be a threat to student safety.

<u>Evacuate Building Procedures</u>

1. The principal or designee becomes the Emergency Coordinator, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is not available, the Emergency Coordinator (principal) will use other means of communication, e.g., sending messengers to deliver instructions, use megaphone, call classrooms. The principal should be calm, convey reassuring comments that the situation is under control, and give clear directions. "*Your attention, please. We need to evacuate all buildings. Teachers are to take their students and rollbook to the assembly*

area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."

2. The Emergency Coordinator will activate the fire alarm system as a signal to evacuate.
3. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.
4. Teachers will take student rosters and any classroom emergency supplies when leaving the building, and take attendance once the class is assembled in a safe location. List missing or injured students on missing/injured student form
5. Once assembled, teachers and students will stay in place until further instructions are given.
6. The Emergency Coordinator will make appropriate notifications to the Home Office and parents.
7. Once the incident has concluded and the campus has been determined to be safe, the Emergency Coordinator will initiate the All Clear action.

5.3f Hold and Secure

This action is taken when it is desirable to secure the school due to an ongoing situation outside and not related to the school, for example a nearby bank robbery or a police helicopter hovering nearby. Hold and Secure may also occur when there is a disciplinary issue or medical event on campus, and reducing foot traffic or observers is indicated. During Hold and Secure, outside doors and gates are locked, doors and windows are closed, but instruction continues until situation is resolved. During Hold and Secure, Administration may limit access to outside areas, such as parking lot and play-yard. Principal or designee will make an announcement to classrooms to indicate what areas may be off limits during hold and secure.

5.3g Lockdown

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During a lockdown, students are to remain in the locked classrooms or designated safe locations at all times.

<u>Lockdown Procedures</u>

1. The principal or designee becomes the Emergency Coordinator, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the Emergency Coordinator (principal) will use other means of communication, e.g., sending messengers to deliver instructions, use megaphone, call classrooms.. The principal should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention please. We have received information regarding an emergency situation and need to implement lock down procedures. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or

law enforcement. If outside, students and staff are to proceed inside the nearest building or classroom."

2. If inside, teachers will instruct students to stay away from doors and windows, lock all doors, sit on the floor (in some instances), and close any shades or blinds if it appears safe to do so.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings. Teachers are to account for any students with a cognitive disability that may not have understood the directions. Teachers are to take roll and to notify the office the number of students in the room with them and their names.
4. Teachers and students will remain in the classroom or secured area until further instructions are given by the principal or law enforcement.
5. All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.
6. The Emergency Coordinator will call local law enforcement. They will provide advice and support for the Emergency Coordinator by interfacing with municipal police and fire departments.
7. The Emergency Coordinator will make appropriate notifications to the Home Office and parents.
8. Once the incident has concluded and the campus has been determined to be safe, the Emergency Coordinator will initiate the All Clear action.

5.3h Off Campus Activity Evacuation

Emergencies may occur when school activities take place off campus, such as at an athletic practice facility, or during an intramural sporting event or field trip. Any off campus school event will have an administrator or administrative designee present. When a location is used repeatedly, the administrator or designee is responsible for learning that location's emergency procedures and, in conjunction with ECS administrators, developing emergency procedures for ECS students and staff. Then the administrator or designee is responsible for ensuring ECS students practice these procedures.

For off campus event locations that are not used repeatedly, the administrator or designee is responsible for identifying any existing emergency procedures and ensuring students follow these when an emergency occurs.

Off campus activity evacuation procedures provide for the orderly movement of students and staff along prescribed routes from a gym and/or designated parks to a designated area of safety. Off-site activity evacuation is considered appropriate for, but is not limited to, the following types of emergencies:

- Fire
- Explosion or threat of explosion
- Bomb threat

- Post earthquake
- Chemical accident
- Criminal incident

Administrator or Administrative Designee:

1. Determine the safest method for evacuating the area. This may include the use of buses, school vans or simply walking to the designated off-site location.
2. Call 911. Provide school name, location of off-site evacuation, reason for evacuation, and the number of staff and students being evacuated.
3. The administrator or administrative designee will make the following announcement: *"YOUR ATTENTION PLEASE. WE NEED TO INSTITUTE AN EVACUATION. TEACHERS OR COACHES ARE TO TAKE THEIR STUDENTS TO THE DESIGNATED OFFSITE ASSEMBLY AREA. STUDENTS ARE TO REMAIN WITH THEIR TEACHER OR COACH.*
4. The administrator or administrative designee should ensure emergency backpack or other emergency supplies are taken to the evacuation site.
5. The administrator or administrative designee should notify the site Principal and Home Office as soon as it is safe to do so.
6. When clearance is received from appropriate agencies, administrator or administrative designee will give an ALL CLEAR and instruct students and staff to return to the gym and/or field as appropriate.
7. As soon as is reasonably possible, the administrator or administrative designee will send an email to the Superintendent and site principal describing the incident. Following the event, the administrator or administrative designee will ensure families of participating students receive a brief written description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

Staff:

1. Take attendance before evacuating and keep student rosters on hand at all times. When given instructions by administrator or administrative designee, guide students to evacuate the gym, field, or park following designated routes. Staff and students will assemble in designated offsite assembly area listed below or as determined by administrator or administrative designeel.
   Note: If walking to a nearby site, keep students lined up in an orderly fashion and walk away from the danger. The procession should follow the safest route to the evacuation site.
2. Take emergency classroom backpack/bucket, if available.
3. Take attendance when the class is reassembled in a safe offsite location. Report attendance to an administrator or administrative designee via phone or email.
4. Remain in place until further instructions are given.

Evacuation Procedures–Off-Site Facility:

1. Account for students upon arrival at evacuation location.
2. Update the School, Home Office and the management of off-site facility

3. Coordinate with sending facility for parent reunification.
4. Follow the Emergency/Safety Plan of the facility's owner/management
5. Assist in documenting when students are picked up by parents/caregivers.

Important Contact Info:

- Principal, Dr Geneva Matthews, 562-331-7997
- Assistant Principal, Lauren Medlin, 805-240-6971
- Environmental Charter Middle School-Inglewood Main Office: 310-793-0157

5.3i Psychological Trauma/School Crisis

A school crisis is a sudden, unexpected, or unanticipated critical incident that can pose a safety threat or disrupts the school day, interfering with teaching, learning, attendance and behavior. Common reactions to a school crisis may include shock, confusion and fear. Although individual students, staff, families or other school community members may experience each crisis differently, school crises can have a broad and immediate impact on many students and adults.

Examples of crises that may impact schools include:

- An accident on or near the school grounds
- A violent incident at or near school
- The death of a student, staff or one of their family members by suicide or trauma
- The terminal illness of a student or staff member
- A natural disaster
- An act of terrorism

As a result of such critical incidents and emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been ensured, crisis responders can focus on addressing the social-emotional needs of students and staff.

Crisis response begins at the school site level; the scope, severity and impact of an incident may activate the home office or other regional resources.

School sites are responsible for initiating crisis response, assessing the range of services needed, and providing direct intervention services.

<u>Psychological Trauma/Crisis Procedures</u>

1. The Emergency Coordinator, the principal or designee activates the school ICS Team, including the Psychological First Aid Team, which has primary responsibility for addressing the social-emotional well-being and safety of students in the aftermath of a critical incident.
2. Psychological First Aid Team will work with the Emergency Coordinator to assess the impact and triage students, staff, and parents/guardians, as needed.
3. Psychological First Aid Team will provide direct crisis intervention services.

4. The Emergency Coordinator will notify the Home Office and request additional resources as necessary.
5. Psychological First Aid Team will advise and assist the Emergency Coordinator to restore regular school functions as efficiently and quickly as possible.
6. Staff will make every effort to limit exposure to scenes of trauma, injury, and death.
7. EC and Psychological First Aid Team will provide ongoing assessment of needs and follow-up services as required.

5.3j Relocation (Off Campus Evacuation)

This action is taken after a decision is made that it is unsafe to remain on the campus and evacuation to an off-site assembly area is required, such as during a tsunami or large hazardous materials release.

Relocation Procedures

1. The principal or designee becomes the Emergency Coordinator, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the Emergency Coordinator (principal) will use other means of communication, e.g., sending messengers to deliver instructions, use megaphone, call classrooms.. The principal should be calm, convey reassuring comments that the situation is under control and give clear directions. *"Your attention, please. We need to institute an off-site relocation. Teachers are to take their students roll book, emergency supplies, and report to their designated offsite relocation point. Students are to remain with their teacher. Teachers are to lock the classroom after all students have exited."*
2. The Emergency Coordinator will determine the safest method for evacuating the campus. This may include the use of school vans or simply walking to the designated off-site location. The off-site assembly areas are indicated on the Vicinity Map in the Safe School Plan. Teachers and students will stay together during the evacuation.
3. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a pre-designated safe location.
4. Office Staff will take Emergency Response Box when leaving office.
5. Once assembled off-site, teachers and students will stay in place until further instructions are given. Teachers will keep their classes together and group according to grade level.
6. The Emergency Coordinator will make appropriate notifications to the Home Office and parents.
7. Once clearance is received from appropriate agencies, the Emergency Coordinator may authorize students and staff to return to the campus, or initiate Student Reunification procedures from the off-site location.

5.3k Reunification

Student reunification is implemented to reunite students with their families after a critical incident or disaster (a significant fire, natural disaster, violence, school bus accident, etc.) that prevents a normal school dismissal.

Reunification Procedures

1. The Emergency Coordinator or designee will direct the Assembly Area Lead to activate Team Members for Student Release & Reunification Procedure. Team members report to their posts once the decision to initiate reunification procedures has been made.
2. The Request Gate Team will greet parents/guardians, check identification, check student emergency cards for authorization to pick up students, provide reunification paperwork to parents, and direct them to the Reunion Gate.
3. The Request Gate should generally remain locked during the reunification process to help control access. The Request Gate Team can pass clipboards to parents through the gaps in the gate fencing.
4. Message runners will notify the Assembly Area Team of the student(s) to be escorted to the Reunion Gate.
5. Team at the Reunion Gate will check parent/guardian IDs, confirm student identification and keep accurate records of students leaving the campus.
6. Counselors or Administrators may be asked to assist the Assembly Area Team. In the event that a child is injured or otherwise unavailable, it is recommended that the parents be invited to a private or secluded location and, away from others, be informed of their child's condition. It is suggested that a counselor then stay with the parent and assist them.
7. The Reunion Gate should remain locked when student reunifications are not actively taking place.
8. Members of other school emergency teams may be asked to assist with crowd control, providing information, and calming parents at either gate once finished with their primary emergency assignment.

5.3l Shelter-In-Place

This action is taken to place and/or keep students indoors in order to provide a greater level of protection from airborne contaminants in outside air. Shelter-in-place is implemented when there is a need to isolate students and staff from the outdoor environment, includes the shutdown of classroom and/or building HVAC systems. During Shelter-in-Place no one should be exposed to the outside air.

The difference between Shelter-in-Place and Lock Down is that the former involves shut down of the HVAC systems and allows for the free movement of students within the building.

However, classes in bungalows and buildings with exterior passageways will have to remain in the classroom.

Shelter in Place Procedures

1. The Principal will make the following announcement on the PA system. If the PA system is not available, the Principal will use other means of communication, e.g., sending

messenger to deliver instructions. The principal should be calm, convey reassuring comments that the situation is under control and give clear directions. *"YOUR ATTENTION PLEASE. BECAUSE WE HAVE RECEIVED INFORMATION REGARDING A HAZARD IN THE COMMUNITY, WE ARE INSTITUTING SHELTER-IN-PLACE PROCEDURES. REMEMBER, THIS MEANS THAT STUDENTS AND STAFF ARE TO REMAIN INSIDE THE BUILDING AWAY FROM OUTSIDE AREA WITH WINDOW AND DOORS SECURELY CLOSED AND AIR CONDITIONING UNITS TURNED OFF. ALL STUDENTS AND STAFF THAT ARE OUTSIDE ARE TO IMMEDIATELY MOVE TO THE PROTECTION OF INSIDE ROOM. AS SOON AS WE HAVE FURTHER INFORMATION, WE WILL SHARE IT WITH YOU."*

2. If inside, teachers will keep students in the classroom until further instructions are given.
3. If outside, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., library, offices or multi-purpose room). Teacher should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
4. Teachers are responsible for securing individual classrooms whereas the Campus Engineer and team will assist in completing in completing these procedures elsewhere, as needed:
    a. shut down the classroom/building(s) HVAC system;
    b. turn off local fans in the area;
    c. close and lock doors and windows with wet towels or duct tape;
    d. seal vents with aluminum foil/plastic wrap, if available;
    e. and turn off sources of ignition, such as pilot lights.
5. The Emergency Coordinator will make appropriate notifications to the Home Office and parents.
6. Once the incident has concluded and the campus has been determined to be safe, the Emergency Coordinator will initiate the All Clear action.

5.3m Threat to Others

This procedure applies if site personnel receive or have knowledge of a threat that may target an individual, a particular group or the entire school community. Such threats may be direct, indirect, verbal, non-verbal, written, or electronic, and may target an individual, a particular group on campus, the entire school, or the community. The school administrator should ensure that all threats are properly assessed, in accordance with threat assessment best practices.

<u>Protocol for Responding to School Violence and Threats</u>

The following are general procedures for the administrator/designee to respond to any reports of violence or threats in schools, at school-related activities and in all areas within school jurisdiction. The urgency of the situation will dictate the order and applicability in which the subsequent steps are followed.

1. Secure Campus/Office Safety

a. Call 911 for immediate, emergency life threatening situations.
b. Call local law enforcement for assistance at the school site or school related activity.
c. Secure site and/or implement lockdown, if necessary.
d. Contact the Los Angeles County Department of Mental Health ACCESS (800) 854-7771 for a mental health evaluation to determine risk to self or others and possible hospitalization
e. Warn the intended victim(s) of the threat and/or take reasonable steps to protect the threatened individual(s) in the educational setting. If the targeted individual is a student, take appropriate steps to warn the parent/guardian.
f. For assistance and consultation,

2. Notify
    a. Relevant site staff (Who works with student? Who supervises student? Remember club leaders or special education service providers)
    b. Home Office
    c. Document the incident in PowerSchool

The privacy of all students should be protected at ALL times, disclose information only on a need to know basis.

3. Gather available background information that may include:
    i. Student information (e.g., name, date of birth, address)
    ii. Emergency information (e.g., family contact, health care provider information)
    iii. Attendance records
    iv. Student cumulative records, including Individualized Education Program (IEP), psycho- educational assessment, prior school records
    v. Student discipline records, including any history or discipline related to the incident
    vi. Student health information, including self-injurious behavior and/or suicidal ideation
    vii. Review of school computers and property (e.g., desks, books, lockers), as applicable, if reasonable suspicion exists for an administrative search
    viii. Personal communication devices, as applicable, if reasonable suspicion exists for an administrative search
    ix. Statements from witnesses (e.g., students, teachers, other staff)
    x. Family situation information
    xi. Triggering events or other personal stressors (e.g., mental/physical health, death, divorce, economic or family stressors, relationship problems)
    xii. Access to weapons
    xiii. Other pertinent information (e.g., written material, e-mails, pictures, social network postings)

4. Collaborate with local law enforcement or other pertinent agencies to determine risk of harm to self or others
5. Suspected Child Abuse--If child abuse is suspected or there is concern that contacting the parent may escalate the student's current level of risk, and/or the parents/guardians are contacted and unwilling to respond, report the incident to the appropriate child protective services agency.
6. Determine Appropriate Action Plan
    a. Interventions will be based upon the severity and potential risk of the threat. The action plan determined by the team should be documented and managed by the school site administrator/designee. Actions may include:
        i. Contact with and/or apprehension of student(s) who initiated the threat.
        ii. Removal of student from premises.
        iii. Conference with student(s) initiating the threat and his/her parent(s) and consider appropriate interventions, including access to mental health services, case management, school or community resources. Other actions may include discipline, or change of class(es).
        iv. Consider the possibility that there are circumstances that might increase the likelihood of an attack that may need to be addressed. Examples of triggers may include bullying, suspension, expulsion, relationship problems, significant loss, or interpersonal conflict.
        v. Warn and protect the targeted individual(s) of the threat and/or take reasonable steps to protect the targeted individual(s) in the school, when appropriate. If the targeted individual is a student, take appropriate steps to warn the parent/guardian.
        vi. Design support system for the targeted individual and/or student who initiated the threat, if appropriate.
        vii. Obtain a restraining order, when appropriate.
        viii. Monitor progress toward re-establishing school safety.

7. <u>Student Re-entry Guidelines</u>
    a. A student returning to school following hospitalization, including psychiatric and drug or alcohol inpatient treatment, must have written permission by the health care provider to attend school .
    b. If the student has been out of school for any length of time, including mental health hospitalization, the school site administrator/designee may consider holding a re-entry meeting with key support staff, parents, and student to facilitate a successful transition.
    c. As appropriate, consider an assessment for special education for a student whose behavioral and emotional needs Affect their ability to benefit from their educational program
    d. Consider creating a behavior contract, which would be signed by parent/guardian and student with guidelines for behavior or strategies to prevent further incidents.

8. <u>Provide Resources</u>

a. For mental/physical health services, refer the student to a community resource provider, or their health care provider.
b. For students who pose a risk to themselves, provide the 24/7 Suicide Prevention Crisis Line (877) 727-4747.

9. Monitor and Manage
    a. The administrator/designee will monitor and manage the case as it develops and until it has been determined that the individual no longer poses an immediate threat to self or others.
    b. Maintain consistent communication with appropriate parties on a need to know basis.
    c. Update PowerSchool, as needed.

10. Document All Actions
    a. Each administrator/designee shall maintain records and documentation of actions taken at the school for each case.
    b. The administrator/designee notes taken during the threat assessment meeting may be used by ECS attorneys. No copies of the notes shall be furnished to anyone including employees, students, or parents without permission from the Superintendent
    c. Notes, documents and records related to the incident are considered confidential information and remain privileged to authorized personnel. These notes should be kept in a confidential file separate and apart from the student's cumulative records.

5.3n Utility Failure

Office Manager:

1. Assess if utility failure presents a threat to safety, if so contact 9-1-1 immediately.
2. Contact the appropriate utility company as directed.
    - Southern California Edison (800) 655 4555 (dial "0")
    - Southern California Gas Company (800) 427 2000 (dial ("1") – gas leaks; "4" – all other issues)

Campus Engineer:

1. Determine if any power lines, sewer lines, water lines, or gas lines are down or ruptured at the school. If so, activate the members of the Facilities/Security Team to isolate the area.

Teachers:

2. Do not panic. Calm students and listen to instructions.
3. Remain in classroom unless it is unsafe. If it is unsafe, relocate to buddy's classroom, if safe. Otherwise, find another safe location inside.
4. Open window shades and use emergency flashlights as necessary.
5. Prepare to relocate your class to your pre-designated Assembly area.

Facilities/Security Team

The Facilities/Security Lead is responsible for training members of the Facilities/Security Team to perrform complete shut-off or shut-down of all site utilities (electrical, water, and gas) as necessary.

The Facilities/Security Lead shall assign staff to the various utilities to the inspected and as necessary they will be shutdown or shut off. The utility locations are shown in the next page.

1. **Summary Utility Locations**

Location of Utilities	
Utility	**Location**
Gas Shut Off Valves	West corner of Sun room, courtyard side/ East on Yukon street next to planter.
Water Shut Off Valves	1. Behind Galaxy class in parking lot (Main line) 2. 115th St. Close to driveway (Sub Line)
Building Electrical Shut Off Valves	Electrical rooms next to custodial rooms
Main Electrical Station	Conduit next to counseling office East-side of building

Shutting off Utilities – Electricity

A serious injury may occur if proper procedures are not followed when shutting off the main electrical service at the marked panel box (turning off power to the entire site). It may be that the power supply into the site was interrupted by either a line breakage or automatic cut off by the Electric Company. ***Never shut off electricity unless you are properly trained and authorized to do so by the Principal*** (or designee) in an emergency. However, if it becomes necessary for site personnel to shut off the main power supply to the site, the main switch is clearly marked and can be used to disconnect power to entire site.

Personnel responsible for shutting off the electricity are:

Campus Engineer

Campus Aide

Shutting Off Utilities – Gas

Since leaking natural gas can cause a fire or contribute to its growth, the hazard of fire is of primary concern to the site. ***Never shut off Gas unless you are properly trained and authorized to do so by the Principal.*** The main gas supply must be shut off as quickly as possible ONLY IF YOU SMELL GAS. If you don't smell gas, leave the valve alone.

The exact location(s) of gas shut off valves at the site are noted under paragraph 1 above.

The gas wrench is located at: Inside of the tool closet on the emergency shelf.

Personnel responsible for shutting off main gas supply valve and other on-site gas valves are:

Campus Engineer

Campus Aide

Never turn gas valves back on, wait for the arrival of local Gas Company staff to turn on such systems to ensure they are working properly.

Shutting Off Utilities – Water

After a disaster strikes, it may be necessary to conserve on-site water or to cut off the flow to a broken water pipeline located on the site. ***Never shut off Water unless you are properly trained and authorized to do so by the Principal.*** The major source of drinking water will be found in the site's emergency water supply containers which will be utilized by the Principal as necessary.

In addition, another source of water is the hot water tank located at the site. It is important to know the location of the water shut off and to be able to quickly shut off the supply so the water in the hot water tank is not siphoned back into the city water mains which will likely be ruptured and contaminated.

The exact location(s) of all water shut off valves at the site are shown in the chart in the paragraph 1 above.

Personnel responsible for shutting off the main gas supply valve and other on-site gas valves are:

Campus Engineer
Campus Aide

5.4 Specific Threat or Hazard Responses

Check lists are included to outline the initial response to the following situations:

- Active Shooter/Gunfire
- Aircraft Crash
- Biological/Chemical Weapons Assault (unknown powdery substance)
- Biological/Chemical Weapons Assault (via aircraft or outdoor dispersion device)
- Biological/Chemical Weapons Assault (via indoor dispersion device)
- Bomb Threat
- Chemical or Hazardous Materials Incident
- Earthquake
- Fire
- Flood
- Medical Emergency
- Nuclear Attack
- Riot/Civil Disorder

- Severe Windstorm
- Suspicious Mail/Packages
- Suspicious Person or Criminal Activity on Campus
- Threat of Violence
- Utility Failure

5.4a Active Shooter/Gunfire

If there is a threat of violence to campus or gunfire is heard in the area there are three words to remember. Run, Hide & Fight! The following tips can help you become a survivor.

Remain calm, and try to keep your breathing even and exhale quietly to release adrenaline energies. Visualize enduring and surviving this event.

An Active Shooter on Campus may involve one or more individuals on school grounds who are armed with a firearm and have already killed or wounded someone with the firearm AND at least one of the following applies:

● Continues to shoot others

● Actively seeks or attacks others

● Has access to additional victims

Active Shooter Procedures – Teachers & Staff

When an announcement over the PA is made of an Active Shooter on campus or you hear gunshots...

RUN! When an active shooter is ***NOT*** in your immediate vicinity:

- If there is an escape path, attempt to evacuate away from the shooter or where shots have been fired.
- Evacuate whether others agree to or not.
- Leave your belongings behind – ***JUST GET OUT***.
- Help others escape if possible.
- Prevent others from entering the danger area.
- Call 9-1-1 only when you are safe.

HIDE! If evacuation is not possible, find a place to ***QUIETLY*** hide:

- Lock and blockade all doors with furniture as high and deep as possible (i.e. desks, chairs, bookcases).
- Silence all cell phones and anything that might vibrate, ring, or emanate a tone and turn off computer monitors if necessary.
- Hide behind large objects.
    - Be out of the shooter's view.
    - Provide protection if shots are fired in your direction
    - Do restrict your options for movement.
- Remain very quiet.

FIGHT! As a last resort, and only if your life is in danger:

- Attempt to incapacitate the shooter.
- Act with physical aggression.
- Utilize any improvised weapons available, including, but not limited to, fire extinguishers.
- Commit to your actions. Have the will to survive and protect your students.

Principal or Designee

1. Assess the situation.
2. Inform the school via PA that a shooter is on campus and the location if known.
3. Call 9-1-1 immediately or when safe to do so. Or from a Cell Phone…Los Angeles County Sheriff @ (323) 820-6700
4. If your site has video surveillance equipment, monitor the shooter's movements and inform your staff via email.

The Office Manager:

· Notifies the home office and prepares a message for parents to be sent via text or recorded message. Inform parents that school is locked down and law enforcement is responding. Ask parents to please stay out of the area to allow police to work. We will notify as soon it is safe to return to the area and pick up students

· Prepares to communicate with classrooms using school phones, email, cell phones, or radios. Establish a means of keeping all classrooms informed.

The Campus Engineer and facilities team will:

· Ensure that perimeter gates are secured and that all students, staff and visitors are safely secured behind locked doors.

· Begin the process of accounting for all students and staff.

Staff should take steps to calm, reassure and control students when maintaining a hiding location away from the perpetrator.

Rapid Relocation Procedures

If there is an active shooter on campus as defined above and students are in imminent danger, the Principal or designee may initiate “Rapid Relocation” as part of a modified “HIDE” action as long as it does not place students in the path of the gunman. This action may apply to the entire campus, or just an affected portion.

1. The Principal or designee will:

    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off site evacuation point is the preferred destination, and only if the route is safe.
    - Inform local law enforcement of the decision to leave campus and the destination. Keep law enforcement updated with information about any students and staff who do not arrive at the designated relocation point.
    - Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
    - Inform Home Office of decision to relocate.
    - Refer to steps 6-8 below for additional Emergency Coordinator actions.

2. In response to the school's notification, Home Office will:

   - Research the nature of the event by contacting municipal law enforcement. Some events may be easily explained to the Emergency Coordinator, others may be more complex.
   - Dispatch an additional staff to the relocation point to advise and support the Emergency Coordinator.
   - If a municipal Incident Command Post is established, Home Office will send an ECS representative to interface with the municipal Emergency Coordinator and gather intelligence for the schools.
   - Inform the Emergency Coordinator of what is known about the incident and provide the name and arrival time of the staff dispatched to the school.
   - Compile names and locations of those unable to get to the relocation point, and dispatch staff to facilitate rejoining the rest of the school population.
   - Provide point of contact for other resources who need to know the location of the command post and open routes to the relocation point.
   - Connect with the Emergency Coordinator in person, by phone or radio and provide resources from Home Office that might include the following:
     - Coordinating assistance from counselors from other school sites
     - Arranging for transportation and a second (receiving) school so the students can be moved to a safe location at another school.
     - Sending out an automated message to parents from ECS with additional information.
     - Meeting with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from ECS Home Office.
     - Assisting with reunification.
     - Providing assistance with media inquiries.

3. The First Aid/Medical Team may work with first responders and local authorities to assist injured students and staff in receiving medical attention.

4. The Emergency Coordinator will prepare a verified list of any wounded, and the locations to which they were transported. The Emergency Coordinator will confer with the Psychological First Aid Team to ensure notification of parents and family members of the wounded.

5. All media inquiries will be referred to the Superintendent.

6. The Emergency Coordinator will file an incident report and send it to the Operations and Compliance Manager.

7. Once the incident has concluded and the campus has been determined to be safe, the Emergency Coordinator will initiate the “All Clear” action.

8. The Emergency Coordinator will debrief with staff and school police officers.

5.4b Aircraft Crash

What to do if an aircraft crashes on or near the school

Principal:

1. Call 9-1-1 to report the crash.

2. Perform a quick assessment of the situation and determine if immediate evacuation is necessary. If the Principal issues an “Evacuate Building” action, the students will evacuate the buildings using prescribed routes or other safe routes to assembly area. The Principal will initiate an off site evacuation, if it is unsafe to remain on campus.

3. Establish a Command Post. Minimum Incident Command System Activation recommended: Facilities/Security Team, the Medical Team, and the Assembly Area Team,

4. You are the Emergency Coordinator. Being a comprehensive assessment of the situation and directing resources until emergency response personnel arrive.

5. Upon arrival of emergency responders, form a unified command with them and direct your resources accordingly.

Teachers:

1. Do not panic. Remain calm and follow instructions.

2. Determine if your class is in immediate danger.

3. If the class is in danger evacuate your class to a safe location, otherwise stay in your room

4. If you evacuate, take roll and document absent and/or missing students on class attendance sheet.

5. Move your class to the designated Assembly Area, as directed, once it has been established.

6. Activate the Buddy System and either remain in Assembly Area to supervise students or report to the Command Post of assignment.

Wait for further instructions.

5.4c Biological/Chemical Weapons Assault

What to do if there is Discovery of *Unknown Powdery Substance*

Discovering Party:

1. Upon discovery of any unidentified powdery substance, do not touch, sniff, or taste the substance.
2. Do not attempt to clean up or remove the substance.
3. Cover the powder with whatever you can (paper, clothing, trash can, etc) and do not remove this cover.
4. Leave the room and close the door or otherwise prevent access to the room.
5. Wash your hands with soap and hot water.
6. Report the discovery to the Principal.
7. Remove all contaminated clothing as soon as possible and place inside plastic bags.

Principal:

1. Upon knowledge of a biological or chemical weapons assault at school ensure that 9-1-1 has been dialed. Establish a Command Post and report the incident to the main office.
2. Ensure that an evacuation of the immediate area has been conducted and that the area is isolated and cannot be entered.
3. Ensure that everyone who may have had contact with the powder washes his/her hands and removes contaminated clothing as soon as possible. Contaminated clothing should be placed in plastic bags.
4. Minimum Incident Command System Activation recommended: Assembly Team Area and Facilities/Security Team. You are the Emergency Coordinator.

Office Manager:

1. Direct Campus Engineer to ensure that HVAC system is shut down.
2. Make a list of all the people who were in the room or area of the substance and provide this list to the emergency response agencies investigating the incident.
3. Ensure that all students and staff have been accounted for.

All Personnel:

1. Do not panic. Remain calm and follow instructions.
2. Do not turn on any air conditioner/heater or fan. Evacuate when instructed to do so. Take roll book and pen and pencils. Use pre-planned evacuation routes (refer to Facility Map), if safe to do so, otherwise use the safest route.
3. Once in the Assembly Area, do not leave until instructed to do so. Teachers should immediately take roll, document absent, injured and/or missing students on class attendance sheet. Turn attendance sheet into the Assembly Team Leader.

What to do if Agent Delivered via Aircraft or Dispersion Device that is Outdoors

Principal

1. Upon knowledge of a biological or chemical weapons assault that is conducted by dispersing biological/chemical agents via aircraft or dispersion device that is outdoors ensure that all staff and students are moved indoors. Instituting shelter-in-place procedures may be appropriate
2. Minimum Incident Command System Activation recommended: Assembly Team, Facilities/Security Team. You are the Emergency Coordinator.
3. Direct staff to cover vents with thick paper using tape to create a seal.

Office Manager:

1. Direct Campus Engineer to ensure that HVAC system is shut down.
2. Ensure that all students and staff have been accounted for.

All Personnel:

1. Do not panic. Remain calm and follow instructions.
2. Move indoors.
3. Close and secure all doors and windows.
4. Ensure that your heater/air conditioner is turned off.
5. Take roll of your classroom.

6. Cover vents with plastic or thick paper using tape to create a seal.
7. Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tapes to create a seal.
8. Remain in this area until notified to leave by Principal or emergency response agencies.
9. Immediately report any injuries or illnesses to your supervisor or officers of emergency response agencies.

Agent Delivered via Dispersion Device that is Indoors or the school's HVAC System

Office Manager:

1. Upon knowledge of a biological or chemical weapons assault that is conducted by dispersing biological/chemical agents via dispersion device that is indoors or via the school's HVAC system, direct a full evacuation to the school's normal outdoor evacuation area.
2. Direct Campus Engineer to ensure that HVAC system is shut down.
3. Call 9-1-1 to report the incident.
4. Follow normal evacuation procedures.
1. Follow instructions of emergency response agencies. Minimum Incident Command System Activation recommended: Assembly Team, Facilities/Security Team. You are not the Emergency Coordinator.
2. Immediately report any injuries or illnesses to your supervisor or officers of emergency response agencies.

All Personnel:

1. Do not panic. Remain calm and follow instructions.
2. Evacuate classroom to normal outdoor evacuation assembly area. Ensure that all windows and doors are closed while evacuating.
3. Take roll book and pen and pencils. Ensure that all students have been accounted for.
4. Use pre-planned evacuation routes.
5. Once in assembly area, do not leave until instructed to do so. Teachers should immediately take roll and document absent, and or missing students on class attendance sheet. Turn attendance sheet into the Assembly Area Leader.

6. Immediately report any injuries or illnesses to your supervisor or officers of emergency response agencies.

5.4d Bomb Threat

What to do in case of a bomb threat

Discovering Party: If you receive a bomb threat over the telephone, ask the following:

- When will it explode?
- Where is the bomb right now?
- What does it look like?
- What kind of bomb is it?
- What will cause it to explode?
- Why did you place the bomb?
- What is your address? (Where are you?)
- What is your name?

Consult the Bomb Threat Form (see appendix) for guidance and attempt to record information during the call or immediately afterwards

Principal:

1. Determine if you will evacuate the school before conducting a search. Activate the alarm signal (bell-verbal) if you decide to conduct an evacuation.

2. Evacuate to Assembly Area.

3. Minimum Incident Command System Activation recommended: Facilities/Security Team You are the Emergency Coordinator.

Office Manager:

1. Dial 9-1-1 to notify police of Bomb Threat.

2. If you believe the bomb threat is credible, do not use walkie-talkie or cell phone. (There are some radio-controlled bombs)

5.4e Chemical or Hazardous Materials Incident

What to do in case of a Hazardous Materials Incident

Principal

1. In the event that a hazardous material is released in the area of the school, local law enforcement and/or fire department will determine if an evacuation of the school is necessary. If an evacuation of the school is necessary, you will be instructed to where to go and which routes to take.
2. Establish and maintain communication with law enforcement and/or fire department. Establish a Command Post. Minimum Incident Command System Activation recommended: Facilities/Security Team
3. If an evacuation to another location is imminent, prepare to move students and staff to the designated shelter utilizing available resources.
4. Until ordered to evacuate assume that a “shelter-in-place” strategy will be employed and do the following:
    - Direct that all students and staff remain indoors until it is safe.
    - Direct that all heating-ventilation and cooling units are shut down.
    - Direct that all windows be shut.

Teachers:

1. Upon notification that a hazardous material incident has affected the school, keep calm while preparing for an evacuation to another location, if directed.
2. Keep students calm.
3. Close all classroom doors and windows.
4. Ensure that the heating-ventilation and cooling system is shut down.
5. Unless otherwise instructed, assume that a “shelter-in-place” strategy is being utilized. Keep all students indoors until it is determined to be safe.

5.4f Demonstration/Walkout

A Demonstration/Walkout is any assemblage on or off campus by staff or students for the purpose of protest or demonstration. A demonstration or walkout that occurs without appropriate approvals is considered unauthorized, and may be unlawful. Students are sometimes encouraged by protesters (in person, or via social media) to participate in a demonstration as it passes by a school.

Demonstration/Walkout Procedures:

Upon indication that a demonstration or walkout is about to begin, personnel should immediately notify the school administrator.

Principal

1. You are the Incident Commander, activate the school ICS Team, and initiate the appropriate Emergency Procedure, which may include a Hold & Secure or a modified Lockdown.
2. Notify Police if you require law enforcement
3. Notify Home Office
4. Activate Facilities/Security team members to immediately proceed to the Main Gate to control student ingress and egress. Each person entering or leaving the campus shall be required to sign his/her name, and record address, telephone number and time entered or departed. The Main Gate should not be locked, as a locked gate may create a serious hazard for students leaving or attempting to re-enter the campus.
5. Inform students that there may be disciplinary consequences for leaving campus without permission
6. If students leave the campus, the Incident Commander, in consultation with the Facilities/Security Team, will designate appropriate staff members with radios and cell phones to accompany them. These staff members will attempt to guide and control the actions of students while off-site.
7. Students not participating in the demonstration/walkout should remain in their classrooms until notified otherwise by the Incident Commander. Teachers will close and lock classroom doors to protect students from a demonstration that becomes unruly. Students and staff should be protected from broken window glass by closing available window covering

Campus Engineer

1. Supervise students entering or leaving main gate. Attempt to have students sign log to record their departure
2. Instruct release other supervision or facilities/security team members to accompany students as they leave. Ensure these staff members have walkie talkies

Teachers

1. Encourage students to remain in classrooms. If they depart, coordinate with buddy teacher so students remaining in classroom are still supervised. Call the office if your class appears to be the first to depart.
2. If significant numbers of your students depart, you may accompany them until supervision staff is able to supervise them. You may be instructed to accompany them off campus if your supervision is required.

5.4g Earthquake

What to do in case of an earthquake

ALL STAFF

Immediately:

1. DROP to the ground onto hands and knees. COVER your head and neck with your arms.
2. Crawl to a safer space if one is available
3. If you use a wheelchair or have mobility impairments and cannot Drop, Cover, and Hold On, protect your head and neck with your arms, and bend over to protect yourself if you are able. If you cannot Drop, Cover, and Hold On, you should immediately take action to protect your head and neck with a pillow or your arms, and bend over to protect yourself if you are able.

If inside:

4. Crawl under a sturdy desk or table. Hold On to it until the shaking stops, as it may move away from you.
5. Crawl away from windows or any overhead objects that might fall on you.
6. Stay inside the building. Leaving the building will subject you to falling debris, downed power lines and other hazards.
7. Stay away from windows, glass, bookcases and outside doors
8. Do not use telephones. When the shaking stops, place receivers back on the cradle.
9. Do not use elevators

10. If a fire develops, follow the procedures in the Fire Section.
11. Do not light any match, lighter, or other object that may create any open flame.
12. Tune to: KNX 1070 AM.
13. Prepare to evacuate to the Assembly Area, if instructed to do so.

If Outside:

1. Crawl to a clear area away from wires, buildings, and anything else that could fall and hurt you, but only if you can safely do so. Otherwise stay where you are.
2. Watch for falling glass, electrical wires, poles, trees, or other falling debris.
3. Do not use telephones
4. If a fire develops, follow the procedures in the Fire Section.
5. Do not light any match, lighter, or other object that may create any open flame.
6. Prepare to relocate to evacuation assembly area, if instructed to do so.

After the shaking stops:

Principal:

1. Establish a command post and initiate damage assessment.
2. If necessary, direct the evacuation of staff and students to assembly areas.
3. Activate Search & Rescue Team to check all buildings for trapped or injured staff and students.
4. Ensure that the disabled are assisted during the evacuation.
5. Minimum Incident Command System Activation recommended: Facilities/Security Team, Facilities/Security Team. You are the Emergency Coordinator.

Office Manager:

1. Locate Emergency Response Box and if evacuated, bring box.
2. Tune Radio to AM 1070

Teachers:

1. Determine if an immediate evacuation is necessary (if in your opinion remaining in the building is a hazard). If you do not believe an evacuation is necessary, stay in the building and await further instructions. If your room is unsafe, attempt to relocate your class to your buddy's classroom or another safer classroom or interior space. If you

believe an immediate evacuation is necessary, direct an orderly evacuation to your pre-designated assembly area (Refer to Facility Map for your assigned area).

2. Take emergency supplies and roll book to the assembly area.
3. Take roll and document absent, missing students and/or injured students on form
4. Determine the first aid needs of your class. Prepare to have injured students transported to the First Aid Area, when activated.

5.4h Fire

What to do in case of a fire?

Discovering Party:

1. Activate nearest accessible manual alarm pull box (located in all modules), or notify the office that there is a fire at (say location). The Office will call the fire department.
2. Clear everyone from the immediate area.
3. Close – but do not lock – all doors leading to fire area to isolate the area and prevent spread of fire.

Office Manager:

1. Upon knowledge of fire at school, activate alarm signal (bell and verbal) and ensure that 9-1-1 has been dialed. Establish a Command Post
2. Inform Campus Engineer and Principal of fire location
3. Direct all campus staff to evacuate their designated areas and check bathrooms and offices as they clear
4. Supervise the evacuation of staff and students to assembly areas

Principal:

1. Ensure that the disabled are assisted in the evacuation.
2. Minimum Incident Command System Activation recommended: Facilities/Security Team, Assembly Area Team. You are the Emergency Coordinator.

All Personnel:

1. Do not panic. Remain calm and listen to instructions.

2. Do not open hot doors. Before opening any door, touch it near the top to see if it is hot. Do not break windows – oxygen feeds fires.

3. Evacuate when instructed to do so. Take roll book, Emergency supplies and pen/pencil. Use pre-planned evacuation routes (refer to Facility Map) if safe to do so, otherwise use the safest route.

4. If the fire is small (no bigger than a desk) use the nearest fire extinguisher to put it out. Only use a fire extinguisher if you have been trained. Do not risk personal safety to put out a fire.

5. Once in the assembly area, do not leave until instructed to do so. Teachers should immediately take roll, document absent and/or missing students on class attendance sheet. Turn attendance sheet into the Assembly Team Leader.

6. Teachers should hold up colored card:
    a. Green Card – No Injuries No Missing Everything is OK
    b. Blue Card – Missing or Extra Persons
    c. Yellow Card – Minor Injuries Only
    d. Red Card – Serious of Life Threatening Injuries

5.4i Flood

What to do in case of a flood?

Office Manager:

1. If you are experiencing flooding problems, which may affect your school site, establish a Command Post and tune to Emergency Alert Station (EAS) to receive an update on the storm. Tune to KNX 1070 AM for EBS.

2. If flooding is imminent, Minimum Incident Command and System Activation recommended: Facilities/Security Team to begin sandbagging and other property protection measures as required.

3. Determine from the local authorities if the school is to be evacuated or closed. If so, activate the Student Release Team to begin the student release process.

4. Activate other Incident Command System functions as required to support your actions.

Teachers:

1. Do not panic. Remain calm and listen to instructions.

2. Keep students indoors until it is determined to be safe.

3. Prepare to evacuate students. Evacuate students to pre-designated Assembly Area if an evacuation is ordered.

4. Take roll and document absent, missing and/or injured students on class attendance sheet.

5. Prepare to release student to the Student Release Team. Note: Do not release any students until you have completed taking attendance and submitted it to Assembly Area Team Leader. Prepare to release individual students according to the student release procedures.

5.4j Heat/Smoke Emergency

The intensity of exercise activities must be limited or they must be modified whenever the Heat Index is above 95°. A useful resource that calculates the heat index and offers heat safety tips is the OSHA smartphone app, the OSHA Heat Safety Tool. Air Quality Advisories issued by the South Coast Air Quality Management District (SCAQMD) must be obeyed.

Modifying Athletic Activities During Excessive Heat

During times of excessive heat, the following precautions need to be taken for outdoor physical activity which includes recess, physical education, recreation, and competitive sports:

- Adequate water must be available. If adequate water is not available, physical activity must be modified. During the activity, periodic drinking of water every 15 to 30 minutes should be encouraged.
- Staff and all personnel supervising physical activities, including After School personnel, should observe students during activity periods and modify activities. Students known to have health problems should be closely observed and their activity modified or restricted.

Strategies for Preventing Heat Stress During the School Day

- A “cool room” should be established for use by students showing early signs of heat stress. This room should provide maximum coolness possible. During excessive heat the “cool room” should be available for use at all times during the school day.
- Hold events indoors when possible.

Modifying Athletic Activities During Poor Air Quality

Bad air quality can contribute to harmful diseases like asthma, lung disease and cancer in some cases. Air quality forecasts for Los Angeles can be found at:
http://www.aqmd.gov/home/air-quality/air-quality-data-studies
During Air Quality Advisories physical activities should be modified or eliminated in accordance with AQMD recommendations. During Purple, Red and Orange Alerts, recess and athletics should be indoors. During Yellow Alerts, students with asthma or other health issues may need to curtail physical activities outdoors.

Health Categories	POLLUTANT SPECIFIC CAUTIONARY STATEMENTS			
	Ozone	PM2.5	PM10	Carbon Monoxide (CO)
VERY UNHEALTHY (201 TO 300)	Active children and adults, and people with lung disease, such as asthma, should avoid all outdoor exertion. Everyone else, especially children, should avoid prolonged or heavy exertion outdoors.	People with heart or lung disease, older adults, and children should avoid all physical activity outdoors. Everyone else should avoid prolonged or heavy exertion.	People with heart or lung disease, older adults, and children should avoid all physical activity outdoors. Everyone else should avoid prolonged or heavy exertion.	People with heart disease, such as angina, should avoid exertion and sources of CO, such as heavy traffic.
UNHEALTHY (151 TO 200)	Active children and adults, and people with lung disease, such as asthma, should avoid prolonged or heavy exertion outdoors. Everyone else, especially children, should reduce prolonged or heavy exertion outdoors.	People with heart or lung disease, older adults, and children should avoid prolonged or heavy exertion. Everyone else should reduce prolonged or heavy exertion.	People with heart or lung disease, older adults, and children should avoid prolonged or heavy exertion. Everyone else should reduce prolonged or heavy exertion.	People with heart disease, such as angina, should reduce moderate exertion and avoid sources of CO, such as heavy traffic.
UNHEALTHY FOR SENSITIVE GROUPS (101 TO 150)	Active children and adults, and people with lung disease, such as asthma, should reduce prolonged or heavy exertion outdoors.	People with heart or lung disease, older adults, and children should reduce prolonged or heavy exertion.	People with heart or lung disease, older adults, and children should reduce prolonged or heavy exertion.	People with heart disease, such as angina, should reduce heavy exertion and avoid sources of CO, such as heavy traffic.
MODERATE (51 TO 100)	Unusually sensitive people should consider reducing prolonged or heavy exertion outdoors.	Unusually sensitive people should consider reducing prolonged or heavy exertion.	Unusually sensitive people should consider reducing prolonged or heavy exertion.	None
GOOD (0 TO 50)	None	None	None	None

5.4k Medical Emergency

What to do in case of a medical emergency

All Personnel:

1. If the situation is life threatening, dial 9-1-1
2. Report medical emergencies to the School Principal.
3. Await instructions.

Office Manager:

1. Ensure that 9-1-1 has been called.
2. Provide emergency First Aid. Activate the Medical First Aid Team if there are multiple casualties.
3. Direct responding emergency personnel to the victim(s).
4. Isolate staff and student from the victim(s).

5.4l Nuclear Blast or Explosion Involving Radioactive Materials

What to do in case of a nuclear attack

A nuclear blast is characterized by a sequence of intense light and heat, air pressure wave, expanding fireball, and subsequent radioactive fallout. (Note: Due to Electromagnetic Pulse, electronic and communication equipment may fail.)

1. Principal or Office Manager Initiates Shelter In Place procedure. Establish a Command Post. Minimum Incident Command System Activation recommended: Facilities/Security Team, Medical First Aid
2. When sheltering, personnel should try to establish adequate barriers or shielding (e.g., concrete walls, metal doors) between themselves and the source of the blast or explosion, and should avoid sheltering near exterior windows.
3. The Emergency Coordinator will notify 911 and provide details on the area and personnel affected at the school.
4. After the initial blast, ICS teams should provide first aid and extinguish fires. The Emergency Coordinator will ensure the relocation of students from bungalow buildings and other non-permanent structures, upper floor(s), rooms with broken windows, and other damaged rooms without going outside if possible.
5. The Facilities/Security Team will turn off the school's main gas supply (see Summary Utility Locations section in the Safe School Plan for gas supply shut-off valve location) and fans in the area; close and lock doors and windows; shut down all buildings' air handling systems; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.
6. The Emergency Coordinator will notify the Home Office of the incident.
7. The Emergency Coordinator will notify and update parents via text, email and/or automated phone message.
8. Keep all staff and students indoors until it is determined by the Los Angeles County Health Department that it is safe.
9. Tune to Emergency Alert System (EAS) at KNX 1070 AM to receive updates.
10. Upon receiving the "all clear" signal, activate the Student Release Team.
11. Activate Incident Command System teams as required to accomplish necessary functions.

Teachers:

1. Do not panic. Remain calm and listen to instructions.
2. Keep students on the interior walls of the classroom.
3. Keep students indoors until it is safe to leave. Refer to the Hazardous Materials Incident Section for more information.
4. Take roll and document absent and/or missing student on class attendance sheet.
5. Upon receiving the “all clear” signal, prepare to release students to the Student Release Team.

5.4m Severe Windstorm

Office Manager:

1. Establish a Command Post and tune to the Emergency Alert Station (EAS) to receive an update on the storm. Tune to KNX 1070 AM for EBS.
2. Minimum Incident Command System Activation Recommended: Facilities/Security Team
3. Determine from the local authorities if staff and students should moved to the interior core area of the building away from outside windows and doors.
4. Activate other Incident Command System functions as required to support your actions.

All Personnel:

1. Keep students indoors and away from windows and doors.
2. Close all windows and blinds and avoid building locations that have large roof areas or spans.
3. Avoid all areas that have large concentrations of electrical equipment or power cables.
4. Follow instructions provided by Principal or emergency response agencies.
5. Report any injuries to your supervisor.

5.4n Suspicious Mail/Package

Indicators: Suspicious Mail is mail that…

- Is unexpected or from an unfamiliar source.
- Has excessive postage.
- Is addressed to someone who no longer works at the school.

- Is addressed to a current employee but with the wrong title.
- Contains several misspelled words on the envelope.
- Marked with restrictive endorsements such as “Personal” or “Confidential”.
- Has no return address or an address that cannot be verified.
- Mail that is from foreign country.
- Shows a city or state in the postmark that doesn’t match the return address.
- Is lopsided, oddly shaped, or has unusual weight, given its size.
- Has protruding wires, strange odors or stains.
- Has powdery substance on the outside.
- Has an unusual amount of tape on it.
- Is ticking or making unusual sounds.

Discovering Party:

1. Do not try to open the package or envelope.
2. Do not sniff, taste, or shake the package.
3. Isolate the package.
4. If powder is spilled from an envelope or package, do not try to clean up the powder.
5. Isolate the package.
6. Cover the spilled contents immediately with anything (clothing, paper, trash can) and do not remove this cover.
7. Evacuate the immediate area and close the door.
8. Notify the Principal.

All Personnel:

1. Do not panic. Remain calm and listen to instructions.
2. When informed of suspicious mail or package do not panic or spread rumors or communicate unverified information.
3. Remain away from any isolated area and follow instructions from the Principal or emergency response agencies.

Office Manager:

1. Visually inspect mail or package (except if powder has reportedly come from package). Never touch suspicious mail or packages.
2. Make assessment of the suspicious nature of the mail or package and contact 9-1-1 if deemed suspicious.
3. If powder spilled from the package, ensure that the area is isolated and ensure that all personnel that have had contact with the package have washed their hands and removed contaminated clothing.
4. Activate the Incident Command System and await the arrival of emergency response agencies.

VI Incident Command Systems

6.1 Personnel Assignments & Emergency Functions

All Staff

All site staff shall supervise students during and after an emergency or disaster, maintain order, and keep students calm, quite and together during the emergency period. Staff shall make sure that all students in their charge are accounted for and in one location. If necessary, because of another assignment, a staff member may need to turn the class list and emergency cards over to the staff member's designated buddy who will supervise students while the staff member performs other emergency related tasks.

Emergency Coordinator

The Emergency Coordinator (EC) is the school Principal or designee. The EC has the responsibility for setting up and coordinating the site's effort in identifying and dealing with disaster issues that may occur.

The EC is responsible for assessing the type and scope of emergency to determine all building safety hazards and to designate safe shelter areas. The EC must periodically assess the situation and direct the Incident Command Team accordingly. The EC verifies facts and coordinates response and intervention. The EC is responsible for determining the need for, and requesting, outside assistance. The EC will coordinate resource allocation, press release, and action plan items.

Communications/Accounting Lead

The Communication/Accounting Lead is responsible for taking notes and accumulating data on the activities that take place during and after the disaster through the Incident Command Post (ICP). This information is a permanent record to be kept on file which reflects the work done by all of the ICP members and would be used during the critique to be done well after the event is closed.

The Communication/Accounting Lead receives reports and logs from other teams and relays information to the EC. The Communication/Accounting Lead keeps records of events, distributes record-keeping materials to teams and sends automated texts or phone messages to families.

The Communication/Accounting Lead notifies site staff how and when students will be released. They do not directly release students to parents. The Assembly Area Team handles this.

All records and forms generated shall be kept by this person are provided to the Home Office at the close of the emergency. After the emergency event has ended, the Communication/Accounting Lead is responsible for collecting forms used by all emergency team members at the site and compiling a file for these items. As necessary, complete a typed written record of all the events that occurred for clarity and better understanding. The Communication/Accounting Lead retains all original notes and documents as they are legal records. Copies are provided to Home Office.

Operations Support

This person supports the Communication/Accounting Lead. They relay messages between teams and the Communication/Accounting Lead and distribute materials to teams.

Facilities/Security Lead (Campus Engineer)

Facilities/Security Lead oversees the Facility/Security Team. They lead light search and rescue, control of small fires or hazmat and direct utilities shut off. The Facilities/Security Lead coordinates building sweeps. They facilitate perimeter security when directed to do so by the Emergency Coordinator. They provide information on findings to the Incident Command Post as soon as possible to assist in identifying areas where further assistance is required. Any additional equipment or documents are obtained from the Emergency Coordinator.

Facilities/Security Team

Members of this team are prepared and able to perform some or all of the activities led by the Facilities/Security Lead. These include searching the facilities for injured persons, controlling small fires, containing or preventing the spread of hazardous materials, performing light rescue, shutting-off utilities as necessary, and controlling site security, when conditions are reasonably safe for their level of training. For example they are responsible for controlling small fires by use of hand extinguisher. In the event of a large fire, they should not attempt to fight the fire, should evacuate the building immediately and provide information to Incident Command Post

The Facilities/Security team members perform building sweeps and support perimeter security when required.

Assembly Area Lead

The Assembly Area Lead oversees the Assembly Area. They collect missing persons and injury reports and provide information to the Communications/Accounting Lead at the Command Center. The Assembly Area Lead coordinates supervision and triage of students in the assembly area. They send students to first aid and oversee distribution of food and water, as required. Members of the Assembly Area Team support these tasks. Assembly Area Lead coordinates with the Communication Accounting Lead to establish when Student Release is feasible. When the Emergency Coordinator approves student release, the Assembly Lead dispatches Assembly Area Team members to perform the release process.

Assembly Area Team

The Assembly Area Team supervises students and activities in the Assembly Area. They fill in Missing and/or Injured students and supervise additional classes when teachers who are members of other emergency teams need to perform their assigned emergency tasks. The Assembly Area Team assists with distribution of food and water. When the Assembly Area is stable and the EC activates Student Release, members of the Assembly Area Team are assigned to perform safe release of students to their parents, relatives or others identified with carrying out that function. The release of students and staff is done with the approval of the Emergency Coordinator and supported by the Communications/Accounting Lead

The Student Release Team Leader shall ensure that releases are only done within the guidelines set forth by the school and that student releases have been accounted for through the sign-out process. The Student Release Team Leader shall ensure, as possible, that the release of students is done in an orderly manner.

Team members facilitating Student Release shall keep a log of all students released on the Emergency Student Release Log and give these forms to the Communication/Accounting Lead

First-Aid Team (Medical)

The First-Aid Team is composed of designated staff with first aid training. The First-Aid Team is responsible for providing a location for injured to be treated. The First Aid Team administers basic first-aid and logs all injuries and injured on the First Aid Log Sheet

If First-Aid care is performed on a student or staff member, the First Aid Team completes the Emergency First Aid Form, which tracks individual care. At the end of the emergency event the Log Sheet and Emergency First Aid Forms are returned to the Communications/Accounting Lead.

The First-Aid Team also is responsible for handling fatalities and establishing a morgue. The First-Aid Team reports to the Emergency Coordinator using the First Aid Log Sheet.

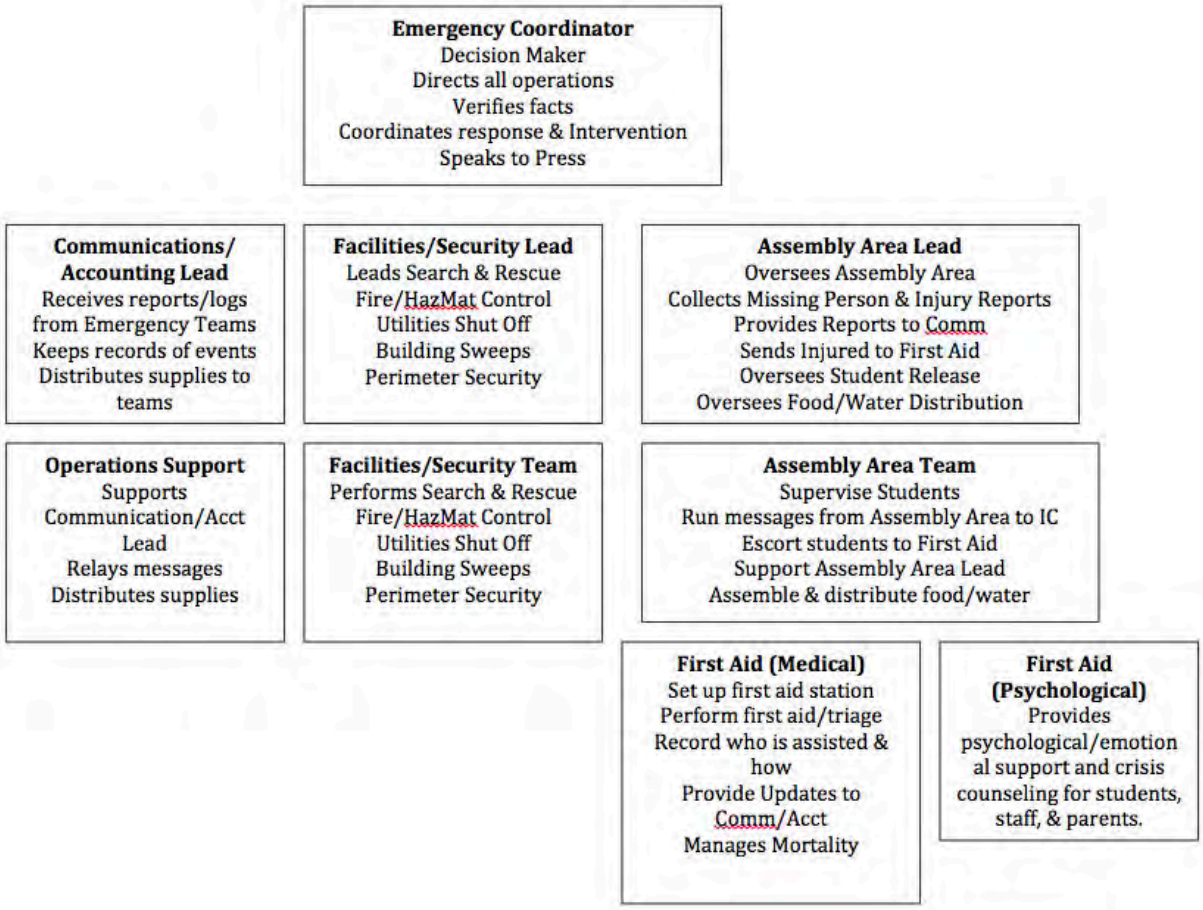
1. Mortality Management Guidelines
   These guidelines apply to the Emergency Coordinator and Facility/Security Team, as well as the Medical First-Aid Team.

   Responsibilities: after pronouncement of determination of death:
   - ***Do Not*** remove any personal effects from the body. Personal effects must remain with the body ***at all times.***
   - Attach tag to body with the following information
     - Date and time found
     - Exact location where found
     - Name of decedent, if know
     - If identified – how, when, by whom
     - Name of person filling out tag

- Place body in plastic bag(s) and tape securely to prevent unwrapping, or, if available, place body in body bag and secure to prevent unwrapping.
- Securely attach a second bag with the same information as above to the outside of the bag.
- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body – store separately.
- Move the properly tagged body with its personal effects to the designated morgue area.
- Consider:
    - Tile, concrete, or other cool floor surface (cover flooring with plastic to protect the surface.
    - Accessibility for vehicles
    - Remote from Emergency Assembly Area.
    - ***Do not*** use school refrigerators or freezers.
- As soon as possible, notify the police of the location and if known, the identity of the body. They will notify the coroner.
- Keep accurate records and make available to police/coroner when requested.
- Keep unauthorized person out of morgue.

NOTE: In most instances of death, the body will be trapped under rubble and should be left in place until the coroner or other authorized responder comes on the scene. Follow the guidelines regarding date, time, location, identity, and other pertinent information/circumstance. Most likely, the only bodies that will be in morgue area will be persons who died while at the Medical/First Aid Station.

6.2 Incident Command Structure



6.3 Emergency & Incident Command Teams Key

Emergency & Incident Command Teams Key			
Team	Leader	Alternate	Team Members
Emergency Coordinator	Principal	Assistant Principal	Campus Engineer, Campus Aide, Office Manager
Communications/ Accounting Team	Office Manager	Office Assistant/parent Coordinator	Office Coordinator, Office Assistant

Facilities/Security	Campus Engineer	Campus Aide	Site Administration
First Aid (Medical)	Green Ambassadors Teacher	Office Manager	Campus Engineer
Assembly Area	Assistant Principal & Dean	Campus Aide	Site Administration
First Aid (Psychological)	Counselor & Social Work		

VII Appendix

7.1 Dates for Emergency Drills

Emergency Drills ECMS-I 3600 W Imperial Hwy

Month	Date	Event	Time
September	3rd, Wednesday	Earthquake Drill	10am
October	9th,Thursday	Fire Drill	8:45am
December	2nd, Tuesday	Lockdown/ Active Shooter	1:30pm
December	11th, Thursday	Evacuation	9:30am
January	14th, Wednesday	Duck and Cover	2:30pm
February	9th, Monday	Shelter in Place(S.I.P.)	8:45am
March	10th, Tuesday	Earthquake Drill	10:50am
April	8th, Wednesday	Fire Drill	1:30pm
May	15th, Friday	Lockdown/ Active Shooter	10:50am

7.2 Safe Classroom Checklist

Wall & Ceiling Covers

- Material cannot block the flow of the sprinkler system or hang from sprinklers
- Material cannot block the visibility of exit signs or Fire Pull Stations.
- Material cannot add excessive combustibles to a room.
- Material cannot be used if it interferes with an alarm system motion detector.
- Material cannot cover electrical outlets.
- Plastic curtains cannot be used.

Doorways

- Doors must be free of obstruction and a pathway the width of door must be clear. The clearing must extend out 10 feet from the door.
- Classrooms with exterior doors must maintain a clear pathway to the door.
- Exterior doors must be closed and locked during the school day.

Floor Coverings

- A classroom with an exterior door should have an approved non slip mat at the door
- Carpet should have non-slip backing & carpet corners and edges must be flat to the ground
- Rugs cannot cover an electrical cord.

Trip Hazards

- Check for unprotected wires across walkways or portable whiteboards/dividers too close to walkways

Exit & Evacuation

- Classrooms must have an evacuation map/exit instructions in close proximity to the door.
- The evacuation map/exit instructions should indicate two routes of escape.
- Emergency supply bucket signage should be visible and bucket present

Fire Extinguisher

- Easy to find and Well marked. Fire extinguishers cannot be blocked or covered.
- Extension cords MUST be UL Listed, three pronged ,and rated to handle the desired load.
- Extension cords cannot be daisy chained. They must be plugged directly in to a receptacle.
- Power Strips cannot be daisy chained and must have a built in breaker switch.
- Extension cords cannot be affixed to structures, or run through walls, ceiling tiles or under rugs

Storage

- Stored or stacked items cannot be higher than 9 inches from the ceiling.
- Stacked items cannot be a hazard, too heavy for shelf, unbalanced, etc.
- Tall bookshelves should be secured.
- Heavy items should not be stored more than 4 feet above the ground or above/adjacent to seating areas unless secured

Furniture

- Bean Bag chair should have tag attached stating chair and filler are non-toxic and flame retardant

7.3 School Preparedness Self-Evaluation Checklist

A. **ASSESSMENT & PLANNING ACTIVITIES**

1. We have a school emergency preparedness committee that includes some of the following groups of people:

   - ⊚ administrators
   - ⊚ teachers
   - ⊚ classified staff
   - ⊚ others:_____
   - ⊚ students
   - ⊚ parents
   - ⊚ other community members

2. School staff have reviewed and revised our plan in the past year.

   ALL MOST SOME FEW NONE NOT SURE

3. School staff have had the following training:

   Insert number of staff

   ___ Basic First Aid
   ___ Advanced First Aid
   ___ CERT
   ___ Military
   ___ Fire Suppression
   ___ Wilderness First Aid
   ___ Safety Training
   ___ Red Cross Disaster Class
   ___ Outdoor Survival Class
   ___ Law Enforcement
   ___SEMS/NIMS/ICS Training
   ___ Amateur Radio (HAM)
   ___ How to turn off electricity, water, gas
   ___ Student release procedures
   ___ Shelter, Nutrition, Sanitation
   ___ Psychological First Aid or Crisis Counseling
   ___ Other: _____

4. Parents have received information about our plan and our drill (check all that apply)

   - ⊚ we did not notify parents
   - ⊚ by letter home with students
   - ⊚ via teacher contact
   - ⊚ by letter mailed to home
   - ⊚ via meeting

5. We have site and neighborhood maps and have identified evacuation routes and locations.

   Yes No

6. Our Evacuation Route Map is posted in each room, with the room marked on the map.

ALL MOST SOME FEW NONE NOT SURE

7. We encourage staff and students to prepare for disasters at home and provide support material for doing so.
   Yes No

8. Staff have completed their own Family Disaster Plans
   Yes No

9. Teachers have reviewed their normal emergency evacuation routes.
   Yes No

10. Teachers are prepared to check in on neighbouring classrooms.
    Yes No

11. We have plans to assist any individuals with disabilities, or any other special needs who will need assistance in understanding and/or evacuating.
    Yes No

12. Student emergency release and emergency contact information is updated at the beginning of the school year.
    Yes No

13. Parents know that their children will be safely cared for at school until parents or other authorized adult can pick them up.
    Yes No

14. School staff are aware that they are expected to stay on the job as disaster service workers.
    Yes No

15. Individual staff whom may need to be released have identified themselves in advance.
    Yes No Not Sure

17. If we are located near the coast, or near a hazardous materials site, we have plans for evacuation to a safer location.
    Yes No Not Sure

18. We know whether we are expected to provide emergency shelter in association with our local Red Cross Chapter or local government.
    Yes No Not Sure

19. We have plans for an alternate school site for school continuity following a disaster.

Yes No Not Sure

20. We have plans for alternate schedules and methods as needed means for continuing instruction during a period of school closure due to disaster.

Yes No Not Sure

21. We have off-site secure back-up of educational records and emergency contact and release information in an alternate location, should they be destroyed in a disaster.

Yes No Not Sure

B. PHYSICAL & ENVIRONMENTAL RISK REDUCTION

1. Our school buildings meet all current standards for earthquake safety.

ALL MOST SOME FEW NONE NOT SURE

2. Our portable classrooms are all securely fastened to the ground or their foundations.

ALL MOST SOME FEW NONE NOT SURE

3. We have fastened tall and heavy furnishings that could fall during earthquake shaking and could kill or injure people.

ALL MOST SOME FEW NONE NOT SURE

4. We have secured furnishings and equipment that could slide during earthquake shaking and could kill or injure people.

ALL MOST SOME FEW NONE NOT SURE

5. We have secured supplies, lighting fixtures, roof elements, railings and parapets, heating and cooling devices, kitchen equipment, storage tanks and other items that could kill, injure people or impair educational continuity.

ALL MOST SOME FEW NONE NOT SURE

6. We have limited, isolated and secured hazardous materials.

ALL MOST SOME FEW NONE NOT SURE

7. Our exit routes are marked and are kept clear.

ALL MOST SOME FEW NONE NOT SURE

8. We have smoke detectors, fire alarms, automatic sprinkler systems, fire hoses, and fire extinguishers in place and maintained regularly.

ALL MOST SOME FEW NONE NOT SURE

9. We have emergency lighting for areas where needed during school hours.

ALL MOST SOME FEW NONE NOT SURE

C. RESPONSE CAPACITY DEVELOPMENT ACTIVITIES

1. Teachers and staff know how to use a fire extinguisher.

ALL MOST SOME FEW NONE NOT SURE

2. Students have practiced “Drop, Cover, and Hold On” in their classrooms, and building evacuation.

ALL MOST SOME FEW NONE NOT SURE

3. Students know the 4 rules for building evacuation: Don’t Talk! Don’t Push! Don’t Run! Don’t turn back!

ALL MOST SOME FEW NONE NOT SURE

4. Students know that if they are outside of a classroom they should exit to the assembly area and NOT go back inside.

ALL MOST SOME FEW NONE NOT SURE

5. Students in science labs know how to extinguish flames and isolate hazardous materials that may be in use during an earthquake.

ALL MOST SOME FEW NONE NOT SURE

6 Emergency Go-Bag are available in each classroom

ALL MOST SOME FEW NONE NOT SURE

7. We have the following emergency supplies for students & staff:
   - water
   - food
   - first aid supplies
   - sanitation supplies
   - emergency lighting
   - alternate communications
   - shelter

7.4 Principal's Survey for Emergency Assignments

Every year we must review our school's *Safe School Plan*. As part of that review we want to make sure that we have made the best decisions as we assign staff members to emergency response teams.

Please take a minute to fill out this questionnaire and tell us about your preferences, training, skills and aptitudes. We will use the responses to make sure that our school's Safe School Plan reflects the best use of all of our skills. Please remember that in the event of an emergency, plans and assignments are flexible, depending on needs.

NAME: _____

I HAVE HAD THE FOLLOWING TRAINING:

- ❑ Red Cross First Aid/CPR/AED
- ❑ Advanced First Aid
- ❑ CERT
- ❑ Military
- ❑ Amateur Radio (HAM)
- ❑ HAM DCS Training
- ❑ Other: _____
- ◎ Safety Training
- ◎ Red Cross Disaster Class
- ◎ Outdoor Survival Class
- ◎ Firefighter/Law Enforcement
- ◎ SEMS/NIMS/ICS Training
- ◎ Crisis Counseling

I HAVE THE FOLLOWING SKILLS:

- ❑ Construction/Hand Tools
- ❑ Hazardous Materials
- ❑ Other:_____
- ◎ Rescue
- ◎ First Aid/Medical

I FEEL THAT MY SKILLS WOULD BE BEST USED WITH:

- ❑ First Aid Team
- ❑ Security/Utilities Team
- ❑ Psychological First Aid Team
- ❑ Student Release to Parent/Guardian
- ◎ Search & Rescue Team
- ◎ Fire Suppression/Haz-Mat Team
- ◎ Assembly Area Management

I AM THE PRIMARY CARE PROVIDER FOR A MINOR CHILD (Optional)

- ❑ Yes
- ◎ No

Please return this form to _____by _____.

7.5 Emergency Drill Data Worksheet

Use this form to record your drill information and recording.

(Choose one)

☐ Fire
☐ Earthquake drill with evacuation
☐ Shelter in Place
☐ Drop/Cover/Hold
☐ Campus Protection or "Lockdown"

Date: ___/___/_____

Name: _____ Position: _____
Person completing this form

1. What type of alert system did you use to alert students/staff of the drill?
   ☐ Fire Alarm/Bell ☐ Voice through Intercom/PA ☐ Bull Horn ☐ Whistle
2. Time Drill Started: _____ (am / pm) Time Drill Completed: _____(am / pm)
3. Total number of staff involved in the drill activity?
4. Total number of students involved in the drill activity?
5. Did any special needs students participate in the drill? If yes, about how many?
6. Did you encounter any challenges with the special needs children? (Y/N)
7. If yes, please describe challenges: _____
   _____
   _____
8. How long did it take to evacuate all buildings? _____ (minutes) _____
   (Time from START of drill to the time when last staff or student arrived at the staging area.)
9. Did you establish an Incident Command Post? (Y/N)
10. Did staff bring the School Emergency Response Box to the assembly area?(Y/N)
11. Did you use the ECS Safe School Plan:
    (Check all that apply)
    ☐ Yes, during the planning of the drill. ☐ Yes, during the execution of drill.
    ☐ Yes, after the drill. ☐ No, we did not use the Safe School Plan.
12. Did you use any supplies during the drill? (Check all that apply)
    ☐ Yes, our staff took supplies out their storing area.
    ☐ Yes, our staff used the supplies during the drill.
    ☐ No, we did not use emergency supplies.
13. Were parents notified either before or after the drill? (Y/N)
14. How were parents notified? (method)
15. Did any parents participate in drill? If yes, about how many?
16. What did parents do? _____
17. Did you encounter any behavioral problems (non-participation, student/staff distractions, etc.) during the drill? If yes, please briefly describe any problems.
    _____
    _____

18. Did you encounter problems with any of the following?

	Yes	No	Briefly describe these problems:
a. Alert System			
b. Students			
c. Staff			
d. Parents			
e. Supplies			
f. Evacuation Route			

19. Using a grading scale from 1 through 4, please grade the following:
(1 is not proficient, 4 is better than proficient)

	1	2	3	4
a. Student behavior during evacuation procedure				
b. Student accounting				
c. Staff accounting				
d. Performance of alert system				
e. Performance of members of the school safety team				
f. Overall student performance				
g. Overall staff performance				

20. Did you debrief after the drill? (Y/N)

21. What were the three top lessons learned?

1. _____
2. _____
3. _____

22. How can this drill be improved in the future?

_____

_____

7.6 Bomb Threat Report

School _____

Time of Call _____ Date of Call _____

Person Receiving Threat_____

Form of Notification (Call/Email/Letter, etc) _____

I. REPORT OF PERSON RECEIVING TELEPHONED THREAT	
A. Ask the caller the following questions	
Where is the bomb (building, location)?	
What time is it set to go off?	
What kind of bomb is it? What does it look like?	
Who set the bomb? Why was the bomb set?	
What is your name?	
How old are you?	
Where do you live?	

B. Evaluate the voice of the caller, and check the appropriate spaces below:			
	Male		Intoxicated
	Female		Speech Impediment
	Child		Special Ethnic Characteristics
Age (Approx.)		Other	

C. Listen for any background noise. (Check appropriate spaces below, if applicable):					
	Music		Babies or children		Airplane
	Conversation		Cars/trucks	Other	
	Typing		Machine noise		

II. REPORT BY PRINCIPAL			
A. The police were contacted by (Name of person)			
Date		Time	
Police personnel taking call			
Officer responding to call			

B. Was a search made for the bomb?		–	Yes			No
If "yes," give details regarding search						

C. Was an evacuation conducted?			Yes			No
If "yes," indicate buildings or areas evacuated						

D. Remarks:	

7.7 Informal Complaint/Concern Form

Thank you for taking the time to fill out this form. Since administrators and teachers aren't always immediately available to meet with you, filling in this form helps us to resolve your concern more quickly and completely.

1. Contact Information:

Name: _____
Student's Name:_____
Best way to contact you (email or phone #): _____

You are filing this form on behalf of: _____
☐ yourself ☐ your child ☐ another student

2. Details of Concern/Complaint
Please answer the following questions to the best of your ability. Attach additional sheets of paper if you need more space.

Please **describe** your concern or complaint in as much detail as possible:
_____
_____
_____
_____

List the **individuals** involved in the incident(s):
_____
_____
_____

List any **witnesses** to the incident(s):
_____
_____

Describe the **location where** the incident(s) occurred:
_____
_____
_____
_____

Please list **all the date(s) and times** when the incident(s) occurred or when the alleged acts first came to your attention:

_____
_____
_____

Have you discussed your concern or brought your concern to any other Environmental Charter Schools' personnel? If you have, to whom did you take the concern, and what was the result?

_____
_____
_____
_____

What action would you like to see to resolve your concern?

_____
_____
_____
_____

_____ _____
Signature of person filing Date

Received by: Date Filed:
Title:

Please provide a duplicate copy to the person submitting form.

7.8 Head Injury Notification

Date_____

Dear Parent/Guardian:

Your child _____ received a blow/bump to their head today.

Where it happened:_____Time: _____

First aid given: ☐ Ice ☐ Rest (for how long? _____)

Outcome

- ☐ Parent was called: Time: _____ Message left: _____ Spoke to: _____
- ☐ Student felt well and returned to class
- ☐ Student sent home with parent or guardian

Comments: _____

Assistance was given by:_____

Sometimes the symptoms of head injuries do not appear immediately after the trauma, but hours, days, weeks or even months after the injury. If you notice any changes in behavior or an increase or onset of symptoms, please seek medical attention.

IF YOUR CHILD'S SYMPTOMS DO NOT IMPROVE WITHIN 24 HOURS CALL YOUR HEALTHCARE PROVIDER
IF THEY EXPERIENCE ANY OF THE SYMPTOMS BELOW, IMMEDIATELY CALL YOUR HEALTHCARE PROVIDER, TAKE YOUR CHILD TO THE EMERGENCY ROOM, OR CALL 9-1-1

- Worsening loss of memory or trouble with thought patterns (takes a while to remember events or items).
- Severe or pounding headaches or persistent or worsening headaches despite medication.
- Mental confusion, notable behavioral changes, unusual behavior (excessive crying, combativeness).
- Dizziness, poor balance, or unsteadiness.
- Nausea, vomiting or fever
- Abnormal drowsiness, lethargy
- Convulsions
- Tingling or numbness in arms, hands, and/or feet
- Blood or clear fluid from ears or nose
- Blurred or double vision or slurred speech
- One pupil (the black part in the middle of the eye) larger than the other

If you have any questions or concerns, please contact your healthcare provider.

Fecha _____

Estimado Padre/Tutor:

Su hijo/a _____ recibió un golpe en su cabeza hoy.

Ocurrió en (lugar)_____ Hora del incidente _____

Primeros auxilios: □ Hielo □ Descanso (¿tiempo? _____)

Resultado:

□ Comunicación con el padre: Hora _____ Teléfono _____ □ Deje mensaje

o Nombre de la persona con que hable: _____
□ El estudiante se sintió bien y regresó a la clase
□ Estudiante enviado a casa con su padre o tutor

Comentario: _____

La asistencia fue dada por:_____

En ocasiones los síntomas de lesiones en la cabeza no aparecen inmediatamente después del trauma, pero horas, días, semanas o incluso meses después de la lesión. Si usted nota cualquier cambio en el comportamiento o un aumento o inicio de los síntomas, por favor busque atención médica

Si los síntomas de su hijo no mejoran dentro de las 24 horas
comuníquese a su proveedor de atención médica
Si experiencia cualquiera de los síntomas a continuación, llame inmediatamente a su proveedor de atención médica, lleve a su hijo a la sala de emergencias, o llame 9-1-1

- Empeoramiento de la pérdida de memoria o problemas con los patrones de pensamiento (toma un tiempo para recordar eventos o artículos).
- dolores de cabeza intensos o fuertes o dolores de cabeza persistente o agravante a pesar de los medicamentos.
- confusión mental, cambios de comportamiento notables, comportamiento inusual (llanto excesivo, combatividad)
- mareos, mal equilibrio o inestabilidad.
- náuseas, vómitos o fiebre
- somnolencia anormal, letargo
- convulsiones
- hormigueo o entumecimiento en brazos, manos y/o pies
- visión borrosa o doble
- Tiene una pupila (la parte negra en el centro del ojo) más grande que la otra

Si tiene alguna pregunta o inquietud, comuníquese con su proveedor de atención médica.

7.9 Emergency Student Release Log

(print Landscape and place copies in Emergency Response Box with clipboards and pens. To be used during Emergency Event for Student Release)

NOTE: Schools may only release students to individuals who have been designated by the custodial parent/guardian.

Date_____

Budget Narrative

The attached budget and cash flow projection are based on conservative estimates of the actual costs to operate the Environmental Charter Middle School-Inglewood (ECMS-I) program as described in the charter petition. Assumptions that are being used to create the analysis are based on historical financial data.

I. Revenues

A. Enrollment and ADA

	2025-26	2026-27	2027-28	2028-29
Enrollment	360	360	360	360
6th	*124*	*124*	*124*	*124*
7th	*120*	*120*	*120*	*120*
8th	*116*	*116*	*116*	*116*
ADA	340.20	342	342	342
Percentage	94.5%	95%	95%	95%

Attendance percentage is based on historical attendance.

B. Government Funding

The Local Control Funding Formula (LCFF) was signed by the Governor on June 27, 2013. Using the Fiscal Crisis and Management Assistance Team (FCMAT) calculator version 26.2, post Governor's Proposal, the LCFF rates used are as follows:

	2025-26	2026-27	2027-28	2028-29
Effective Rate	$14,957	$15,439	$15,969	$16,498

This budget reflects an unduplicated pupil percentage (UPP) of 90.54-90.56% for Free and Reduced (FRL), English Language Learners (ELL), Foster and Homeless students.

Inglewood Unified's (IUSD) 2024-25 P-2 unduplicated percentage of 92.09% is used as the cap for the Concentration Grant. The allocation of Property tax is based on the IUSD 2024-25 P-2 rate of $2,965.29 per ADA. The Education Protection Account (EPA) is assumed to be $200 per ADA.

Title I and II funding is included in the budget. Child Nutrition is also included and estimated based on current reimbursement rates and student participation.

Special Education is conservatively estimated based on its current membership in the EDCOE SELPA.

ECMS-I assumes SB740 Facilities revenue. The funding calculation is based on 75% of rent or $1,513 per ADA in FY26/27, whichever is the lesser of the two. This rate increases by COLA in out years.

ECMS-I has included funding from the Mandate Block Grant, budgeted at $21 per prior-year P-2 ADA in FY26/27 This rate is increased by COLA in future years. The school has also budgeted state lottery revenue at an estimated rate of $272 per ADA in this year, based on the California Department of Education's estimates.

The budget includes anticipated state revenues from Proposition 28, the Expanded Learning Opportunities Program (ELO-P), and the After School Education and Safety (ASES) program.

In addition, the school will utilize several one-time funding sources, including the Student Support and Professional Development Discretionary Block Grant totaling $106,194 in FY26; the Learning Recovery Emergency Grant of $411,765 to be expended through FY28; and the Arts, Music, and Instructional Materials Discretionary Block Grant in the amount of $100,399 in FY26 and the CCSPP Implementation Grant totaling $1,187,500 to be spent in full by FY30. The school also received a CalSHAPE Grant for $820,000, to be spent in full by October 2026.

The budget also reflects revenues from fundraising, donations, and private grants.

II. EXPENSES

Below is a summary of the major expense categories and their underlying assumptions.

A. Staffing and Benefits

The staffing roster is included as a tab in the budget workbook.

ECMS-I will spend $10,288 per year per eligible employee on health insurance in FY26, increasing by 5% in each subsequent year. Wages will grow by 3.7% in FY27 and 2.7% in out years. STRS is included at 19.10%.

B. Books and Supplies

ECMS-I plans to spend $481k in 2026-27 based upon current expectations.

C. Services and Operating

Nearly all expenses are based on historical actuals.

Rent is included based on the current leases with Yukon LLC.

The school will outsource ASES to Woodcraft Rangers and some back office (financial reporting, budgeting, accounting) functions to EdTec.

District oversight fees are budgeted at 1% of LCFF.

The school also budgeted for conferences, insurance, utilities, maintenance, janitorial, field trips, professional development, fingerprinting, legal, marketing and student recruiting, payroll and audit fees, communications, student assessment and student information services. All of these assumptions are in line with charter school expenditures.

D. Cash Flow

Cash flow is projected to be positive.

E. Contingencies and Reserves

In each fiscal year the school plans to exceed a budget reserve equal to 5% of total annual expenses.

Environmental Charter Middle School - Inglewood

(ECMS-I)

ELEMENT 1 – EDUCATIONAL PROGRAM

Governing Law: "The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." Education Code Section 47605(c)(5)(A)(i).

"The annual goals, for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals." Education Code Section 47605(c)(5)(A)(ii).

I. Vision & Mission

The mission of Environmental Charter Schools (ECS) is to reimagine public education in low-income communities of color, to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world.

We envision students who are able to confidently generate innovative solutions independently and in collaboration with peers, make connections, ask insightful questions, interpret data, test hypotheses, and tackle complex tasks without step-by-step instructions.

Without a strong academic foundation, young people—particularly low-income students of color—are "less equipped to pursue careers of their choice, achieve financial security, and thrive in life." This reality underscores the urgency of our mission: to prepare critical thinkers who can succeed in college and creatively tackle the problems facing our world. Recent research shows that most public school students who fall behind stay behind[1]. Many ECMS-I students do not arrive prepared for middle school learning. Based on NWEA data, which all students take within the first month of school, our incoming 6th graders start ECMS-I below grade level. For example, students in our 2025 graduating class started with the equivalent of a 4th grade NWEA math score and fifth grade NWEA reading level.

Over our twelve years of operation, ECMS-I has succeeded in accelerating growth for many students performing below grade level and our goal is to consistently achieve this with all of our students. A 2024 study of elementary and middle schools that were

[1]The New Teacher Project. The Opportunity Makers: How a Diverse Group of Public Schools Helps Students Catch Up—and How Far More Can. TNTP, 2024 tntp.org/publication/the-opportunity-makers/.s/

closing the achievement gap showed that “trajectory-changing” schools have three things in common[2]:

- Belonging: Creating an emotional climate for learning that activates students’ ability to excel.
- Consistency: Delivering consistently good teaching and grade-level content for all students.
- Coherence: Building a unified instructional program and setting priorities that are clear to all.

Our vision is to provide each student, irrespective of their initial circumstances, with the social-emotional supports, rigorous and relevant instruction, and transformative learning experiences that equip them to advance social justice and environmental sustainability within their communities.

II. Innovative Model

ECMS-I offers our students a unique program that sets it apart from other schools. The school is dedicated to three overarching premises which are enacted daily in every curricular area – first, a small learning community creates a climate for learning that activates students’ ability to excel; second, interdisciplinary learning with an environmental focus best prepares students for higher levels of academic challenge; and third, a social-justice focus removes barriers to learning and deepens critical thinking—particularly for students whose lived experiences are often absent from traditional curricula.

Small Learning Community

ECMS-I is intentionally structured as a small learning community to strengthen students’ sense of belonging during the critical transition from childhood to adolescence, using relationship-centered strategies to ensure students experience continuity, trust, and personalized support. Advisory provides dedicated time for building community, developing social-emotional skills, and fostering a safe space where students can understand themselves in relation to others, collaborate effectively, and contribute positively to their school community. This relational foundation is strengthened by professional development that prepares teachers to create emotionally and intellectually safe classrooms, integrating practices such as community circles, restorative approaches, and the social and personal dimensions of Reading Apprenticeship. Together, these structures create a cohesive, nurturing environment in which students feel a sense of belonging, confidence, engagement, and academic growth.

[2] The New Teacher Project. The Opportunity Makers: How a Diverse Group of Public Schools Helps Students Catch Up—and How Far More Can. TNTP, 2024 tntp.org/publication/the-opportunity-makers/.

Interdisciplinary & Environmentally-Focused

Our approach to interdisciplinary learning and project-based instruction asks students to draw connections that they might not see when subjects are atomized within strongly demarcated disciplinary boundaries. For example, when students study the Silk Road they not only learn about various products traded, they investigate how geography impacts each product's origin and usefulness to humans. They explore how production and trade changed the natural environment. They write a business plan to prepare for a trading bazaar simulation, create and promote their products and then implement their plan during the simulation. In the culminating assessment students write an informative/ explanatory essay explaining the location and significance of the trans-Eurasian “silk roads” during the Han Dy-nasty and Roman Empire, set up and complete equations to determine cost and profit, and analyze and interpret air pressure, altitude, and temperature data and its impact on product value. Hence, the study of history, science, ELA, and math becomes a fully integrated intellectually rich experience for students, who are then challenged to make these connections independently. Essential questions push students to draw connections and think more deeply and creatively about content, a practice consonant with the demands of the State Standards.

Environmental studies and practices deepen interdisciplinary learning by providing an intrinsically interesting lens through which students can connect their skills to immediate, emerging and local problems. Students may observe “food deserts” in their community, address those problems by planting and harvesting food at their own campus, and research the local, state and federal policies that contribute to food deserts. Connecting learning to the outside world helps students develop a consciousness to act positively and thoughtfully on their environment and community.

Social Justice: Developing Systems for Trajectory Change

Our third key premise is a focus on social justice and developing systems for trajectory change, both inside and outside of the classroom. A social justice lens ensures students have a coherent learning experience by requiring educators to be intentional, aligned, and deeply mindful of how systemic inequities shape students’ opportunities to learn. When adults understand the system barriers that disadvantage certain groups, they become committed to designing instruction where every element works in concert to support student agency, deepen understanding, and reinforce high expectations. This means teachers align curriculum, instruction, assessment, and classroom culture so that each part strengthens the others—what students learn in one space is connected to what they encounter elsewhere. Instead of fragmented or disconnected lessons, students experience a unified approach in which skills, concepts, and ways of thinking build on each other across subjects and grade levels. In this kind of environment, students—not teachers—do the “heavy lifting” of critical thinking, problem-solving, collaborating, and making meaning, because the system is structured to position them as capable learners whose voices and perspectives matter. Through coherence and

intentionality, a social justice framework ensures all students—not just those who are already well-served—have equitable access to deep, empowering instruction.

III. Students to be Served

ECMS-I's educational program is designed for students to develop the skills, knowledge, and mindset to graduate from college equipped with strong academic skills, a clear sense of purpose, and the confidence to serve as engaged stewards of their communities. ECMS-I seeks to attract families that share the school's core beliefs about how learning best occurs, including active collaboration between families and school. ECMS-I's inclusive educational program meets the individual needs of every student enrolled.

A. Projected Student Enrollment

Five Year Enrollment Projections 2026-2031 Charter Renewal Term		
School Year	**Grades Served**	**Total Enrollment**
2026-2027	6-8	360
2027-2028	6-8	360
2028-2029	6-8	360
2029-2030	6-8	360
2030-2031	6-8	360

ECMS-I provides a free, nonsectarian, public education to students in grades 6-8. At capacity, each grade level will serve approximately 120 students, with a total school enrollment of about 360.

For the 2025-2026 school year, ECMS-I's enrolled student demographics are:

2025/2026 Enrollment*	
Total Enrollment	360
African American	49 (13%)
Asian	3 (1%)
Hispanic or Latino	320 (89%)

Other or Not Reported	2 (1%)
FRPM-Eligible	307 (85%)
English Learners	54 (15%)
Students with Disabilities	32 (9%)
**Source: October 2025 PowerSchool Report*	

B. Community Demographics[3]

The community served by ECMS-I is a vibrant, densely populated, ethnically and linguistically diverse urban area. Sixty-three percent (63%) of our students reside in the city of Inglewood, and thirty-two percent (32%) live in the neighboring cities of Hawthorne and Los Angeles, which are both immediately contiguous to our campus. Inglewood is a diverse area in which over ninety-four percent (94%) of residents identify as people of color, and twenty-nine percent (29%) of residents are foreign-born, contributing to the community's rich cultural and linguistic landscape. According to the latest U.S. Census data, nearly half of Inglewood residents speak a language other than English at home, fifteen percent (15%) are living below the official poverty level, and of those residents over the age of 25, twenty-four percent (24%) hold a bachelor's degree or higher. Inglewood is also a community in transition. While the demographics tipped toward a Latino majority in the 2010 census, the 2020 census showed 39.9% of Inglewood residents are Black and 48.9% are Latino. Recent development also promises to bring additional change. New sports and entertainment venues have increased investment and visibility, while raising questions about housing stability, displacement, and cultural preservation.

IV. An Educated Person in the 21st Century – Our Student Learning Outcomes

ECMS-I's vision of an educated person in the 21st century is a reflection of our school's Student Learning Outcomes:

1. All students will think critically and develop the academic knowledge and skills necessary to succeed in college and work.
2. All students will be conscious of their impact on people and the planet, pursuing justice and equity and practicing and environmental stewardship.
3. All students will develop their own sense of purpose.
4. All students will make choices, which improve their physical health and emotional well-being.
5. All students will communicate clearly and build healthy relationships.

[3] U.S. Census Bureau

An educated person is a lifelong learner who possesses the academic, intellectual, and social-emotional skills necessary to solve problems, communicate effectively and navigate change. They think critically and creatively and understand their interdependence with our global society.

An educated person works effectively both independently and in collaboration with others, demonstrating respect for cultural, ethnic, and social differences. An educated person knows how to obtain, evaluate, and use information to increase their understanding of themselves and the world around them.

An educated person is reflective and self-aware and maintains emotional and physical wellness. Self-awareness involves both recognizing one's strengths and limitations, establishing one's personal and professional goals, and taking steps to achieve those goals.

An educated person communicates clearly and participates constructively in private and public life, as demonstrated by economic self-sufficiency, involvement in civic activities, and through healthy relationships with others. An educated person works cooperatively to seek constructive answers to society's complex issues, while analyzing evidence critically and thinking creatively. An educated person recognizes their dependence on those around them, and conversely understands how one's actions (or lack of action) affect others.

An educated person demonstrates an appreciation of the natural environment and makes choices to practice community responsibility and environmental stewardship. An educated person develops their own sense of purpose and strives to make a positive difference through their involvement in causes that they care about in their work, personal, or social communities.

V. How Learning Occurs at ECMS-I

ECMS-I has created, adapted, revised and implemented a set of well-researched, highly successful best practices that ensure a standards-based, rigorous, coherent, creative curriculum that supports our learning outcomes. Our Best Practices are not only implemented into the daily life of the Charter School and its programs, but also our teachers are trained and evaluated based on their progress on these practices. These include: 1) Small Learning Communities; 2) Interdisciplinary Curriculum and Authentic Assessment; 3) Relevant and Engaging Instruction; 4) Environmental and Experiential Learning; and 5) Collaboration with Partners

A. Small Learning Communities

ECMS-I is structured to nurture the transition from childhood to adolescence, providing a supportive learning environment wherein each student is known well by a small group of caring and skilled teachers. Our middle school's smaller size (~120 per grade level) facilitates a sense of connectedness. The Charter School uses a range of intentional

strategies—including advisory, looping, and other relationship-centered practices—to create a nurturing environment and support the development of each student's personal and academic identity.

“Young people who are confident they belong in their learning environment can engage more fully in their learning.”[4] In Advisory classes, teachers have a dedicated time to develop students into an effective community. Advisory is a safe place for building skills, getting support, and giving support. Teacher-led activities like community circles, community building challenges, and wellness lessons create an emotional climate for learning that activates students’ ability to excel. ECMS-I uses strategies and resources from Peace Learning Circles[5] (formerly Tribes Learning Communities) to intentionally build strong relationships and a sense of belonging among students. The school further integrates social-emotional learning through restorative practices, including community circles, peer mediation, and restorative dialogues, which strengthen community, support student voice, and address conflict in ways that reinforce accountability and connection.

ECMS-I also uses multiple structures to reinforce students’ sense of belonging. In grades 6 and 7, students have two core teachers—one specializing in English/History and the other in Math/Science—who ideally stay with them for two years in a looping model that allows teachers to know students deeply and meet their evolving academic and personal needs. In grade 8, students transition to three core teachers: math, science and humanities. While looping is the school’s preferred structure in the lower grades, teacher consistency in core classes and advisory depends on staffing continuity and content expertise across years. When looping is not feasible, ECMS-I considers student needs and teacher strengths to identify alternative structures that best support learning and well-being. To make consistent looping increasingly sustainable over time, the school’s professional development builds teachers’ capacity to loop effectively, while creating a strategic teacher pipeline to strengthen long-term stability in core and advisory assignments.

For students, the benefits of looping include reduced apprehension at starting a new school year, increased continuity, and more in-depth relationships with teachers and with peers.[6] For teachers, the benefits of looping consist of becoming familiar with other developmental stages of adolescents and working with students and parents for prolonged periods of time.[7] The long-term relationships established through looping have been shown to support student learning. With looping, a teacher can implement a more coherent instructional plan appropriate to the child’s development.[8]

[7] Mazzuchi, D., & Brooks, N. (1993). The gift of time. In D. Sumner (Ed.), *Multiage classrooms: The Ungrading of America's Schools* (pp. 39-41). Peterborough, NH: Society for Developmental Education.
[8] Grant, J., Johnson, B., Richardson, I., & Fredenburg, A.(Ed.). (1996). THE LOOPING HANDBOOK. Peterborough, NH: Crystal Springs Books. ED 399 083.

ECMS-I's Multi-Tiered System of Supports (MTSS) further strengthens the continuity created by looping and ensures that all students experience consistent, relationship-centered supports across academic, behavioral, and social-emotional domains. Grounded in TNTP's Three Focus Areas—Belonging, Consistency, and Coherence—our Tier 1 systems, including PBIS and Restorative Practices, promote routines, positive behavior expectations, and strong community-building. These universal supports help teachers sustain the deep relationships gained through looping while maintaining coherent instructional practices and a safe, connected learning environment for all students (see Plan for Diverse Learners for more information).

ECMS-I's professional development structure supports teachers in building community in their classrooms to create emotional and intellectual safety. Building community is complemented by a classroom management plan that incorporates appropriate procedures and accountability that will result in a positive, supportive, and safe learning environment[9]. Faculty is asked to teach students to interact with adults and peers by nurturing them as individuals and helping them to develop their emerging identities. Leveraging these supportive environments, teachers utilize the social and personal dimensions of the Reading Apprenticeship framework to strengthen student critical thinking and literacy across disciplines.

B. Interdisciplinary Curriculum & Assessment

ECMS-I teachers use an Interdisciplinary Unit Design cycle to develop instruction that culminates in benchmarked performance assessments each year. In addition to their weekly common planning time and quarterly unit planning days, staff development days scheduled throughout the school year are dedicated to Interdisciplinary Benchmark (IBM) planning. Each unit incorporates State Standards, along with ECMS-I collaborative skills, along with essential questions, performance tasks, culminating learning experiences, guiding questions, assessments, vocabulary, and a pacing calendar.

Project-based learning (PBL) further anchors this interdisciplinary approach by organizing lessons around complex, meaningful tasks that require students to engage in design, problem-solving, decision-making, and investigation. Students work with increasing autonomy over extended periods, ultimately producing realistic products or presentations. At ECMS-I, project-based learning features authentic content and assessment, teacher facilitation, cooperative learning, reflection, technology integration, and measurable learning goals. Students also participate in field studies, expeditions, and partnerships with community organizations to deepen their learning. PBL functions as a school-wide model supported with resources, professional development, and mentoring from experienced teachers and curriculum developers.

Teachers coordinate their units to build intentional connections across disciplines and to establish a balanced rhythm for daily instruction and for the scope and sequence of the

[9] Smith, D., *Better Than Carrots or Sticks: Restorative Practices for Positive Classroom Management*

year. They integrate a variety of instructional strategies and ensure that students experience individual, group, and full-class learning. During planning, teachers review Individualized Education Plans ("IEPs"), 504 plans, and Student Success Team ("SST") Plans to address individual student needs. While the goal is comprehensive integration, some standards do not naturally align with thematic units. These are taught separately in an "un-integrated" format. Teachers identify such standards together, note them on the quarterly unit plan, determine when they will be taught, and collaborate on effective instructional strategies.

Building on this interdisciplinary foundation, teachers apply Grant Wiggins' Understanding by Design (UbD) framework to guide planning. Through the UbD backward design process, teams begin by identifying desired understandings and transferable skills, then determine the evidence required to demonstrate mastery. With outcomes clarified, teachers develop learning experiences and instructional strategies that prepare students to meet those goals. This intentional process ensures coherence, alignment to standards, and meaningful learning experiences, while still allowing for differentiation and real-world applications that increase student engagement.

Teachers also collaborate within departments to strengthen students' critical-thinking skills through the Planning for Critical Thinking (PCT) protocol. In PCT sessions, teachers analyze student-facing texts or tasks to identify cognitive demands and key disciplinary thinking moves. They plan strategic student interactions and embed checks for understanding that illuminate students' reasoning. By reviewing one another's plans and offering targeted feedback, department teams refine lessons to ensure that every classroom experience intentionally cultivates deeper thinking and intellectual engagement.

Strong assessment practices at ECMS-I support this entire instructional cycle. Teachers design rigorous, relevant lessons and assessments aligned to standards, and they work to understand how to accurately assess and score student proficiency. Formative assessments are used to reveal students' strengths and areas for growth, informing an ongoing cycle of teaching, assessing, re-teaching, and reassessing. Teachers draw on both classroom assessments and standardized test data to monitor progress and adjust instruction as needed. Throughout the process, they return to essential questions that connect learning to larger concepts, ensuring that critical thinking remains a central focus of student learning.

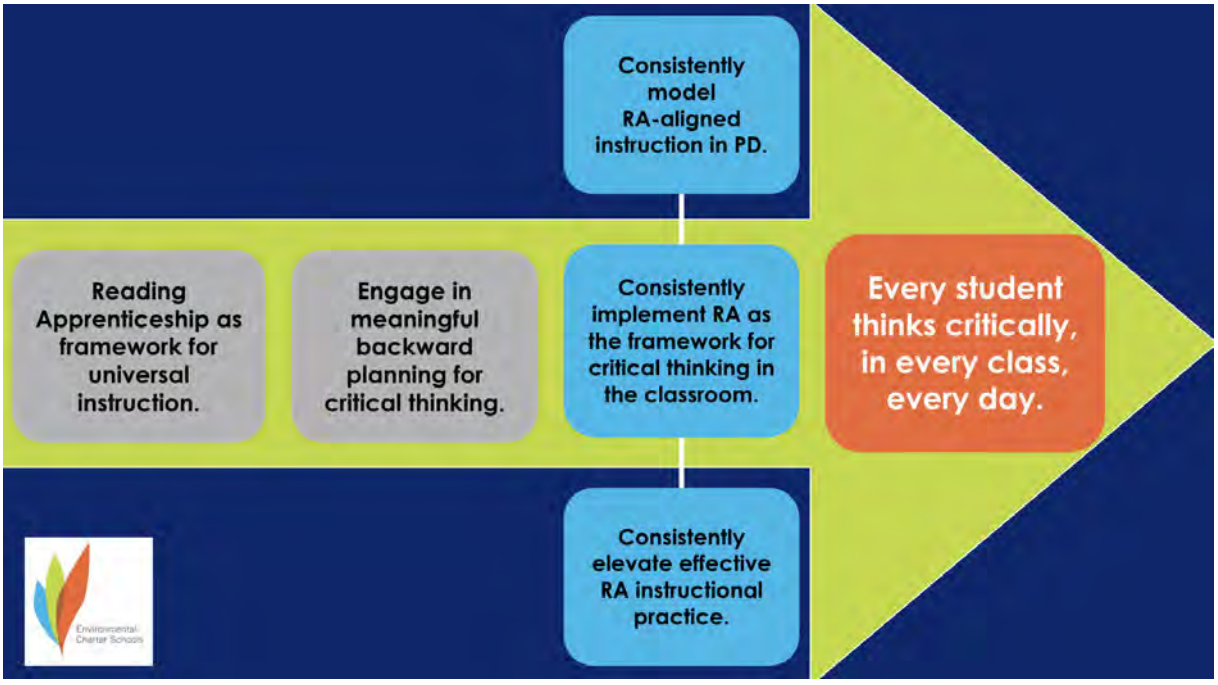
C. Relevant, Engaging and Responsive Instruction

The learning environment at ECMS-I is deliberately hands-on and inquiry-driven, tapping into the natural curiosities of young adolescents while centering the development of strong critical thinking skills. We believe that students learn best when instruction is rigorous, engaging, and developmentally responsive, recognizing that young people grow physically, emotionally, and intellectually at different paces. Teachers use differentiated practices to meet these varied needs and ensure all students can participate meaningfully in complex learning. Arts and technology are

integrated as supportive tools that allow students to explore ideas and demonstrate understanding in multiple ways.

Reading Apprenticeship serves as the primary framework through which ECMS-I builds deep literacy and critical thinking across disciplines. Our vision is for educators to consistently facilitate metacognition, sense-making, and productive struggle by drawing attention to students' thinking processes, their roadblocks, and the strategies they generate as learners. In this approach, teachers act as skillful facilitators of inquiry; they help students engage with complex texts, collaborate with peers, and connect their academic work to the world around them. Ultimately, Reading Apprenticeship positions students as capable intellectuals whose voices, insights, and problem-solving drive the learning.

In order to create and deliver relevant and engaging curriculum, teachers ensure that their objectives are clear, aligned to content standards, and directly connected to daily learning targets. They design purposeful activities that introduce information and skills in ways students can digest, internalize, and apply. Reading Apprenticeship routines—such as metacognitive conversations, identifying and addressing roadblocks in comprehension, and modeling expert thinking—are integrated to strengthen students' literacy and independence. Selected texts are culturally relevant, engaging, and developmentally appropriate. Current events are incorporated to help students connect classroom learning to the world around them. Throughout, teachers attend to equity, intentionally planning for the needs of English Learners, socioeconomically disadvantaged students, students with special needs, and other student groups to ensure all students have full access to meaningful learning.



D. Environmental & Experiential Learning

ECMS-I uses an environmental service learning approach that has proven to be an effective methodology, as exploration is the aspect of a successful middle school curriculum that most directly and fully reflects the nature and needs of young adolescents.[10] Teachers use field trips and expeditions, projects, problem-based learning, thematic instruction, and service learning instructional strategies to teach the standards, while positioning students as active investigators of the world around them. Solving real world issues allows students to examine the world from a variety of perspectives including science, math, geography, history and literature, and more importantly, understand their capacity to make a measurable difference. It also develops a sense of wonder and curiosity about the natural world which fosters a lifelong commitment to environmental stewardship and conservation.

Two hallmarks of our work in these areas include our Green Ambassadors class and our outdoor education trips. The Green Ambassadors program at ECMS-I is rooted in the school's environmental service-learning approach and well suited to the developmental needs of young adolescents. Exploration, inquiry, and purposeful action shape the curriculum, allowing students to learn through meaningful engagement with authentic environmental issues. Teachers use expeditions, project-based learning, thematic instruction, problem-based learning, and service-learning strategies to teach standards.

In Green Ambassadors (GA), students learn about many environmental tools and perspectives, while studying environmental problems and solutions. Teachers model sustainable practices, such as gardening, composting, vermicomposting, harvesting, recycling, and recovering. Students study key environmental topics such as human impact on the environment of our earth, our oceans, and our natural environs. As students progress through middle school, they start to see their learning in the context of civic action, while responding to real world problems and working on potential solutions. Green Ambassadors combines environmental science with social science and English language arts to create a rich, interdisciplinary learning experience. Students are asked to analyze scientific data and environmental systems, study the social and policy structures that shape these systems, and build their capacity to persuade through writing, discussion, and public presentation.

Outdoor education is a key component of Green Ambassadors. Teachers develop nature-based teaching strategies that promote experiential learning and engagement with the outdoors. Students routinely engage in hands-on activities in natural spaces, inquiry-based learning in the wild, and reflective discussions about outdoor environments. While integrating disciplines, including science, math, geography, history, and literature, teachers facilitate an exploration of complex environmental issues from diverse perspectives. Beginning in sixth grade, students study their immediate environment– classroom, schoolyard, and neighborhood.

[10] National Middle School Association. "This We Believe: Successful Schools for Young Adolescents." 2003, pg. 23.

ECMS-I students attend three overnight trips during their three years, each designed to support their growth as independent and capable learners, deepen their understanding of the outdoors and inspire a sense of wonder and curiosity about the natural world. For example, sixth graders might begin with a cabin-based experience that introduces them to outdoor learning in a structured environment. In seventh grade, they advance to pitching tents and sleeping outdoors, building self-reliance and teamwork skills. By eighth grade, students take on a more challenging and immersive expedition, allowing them to apply their skills in new environments and deepen their connection to the natural world. Throughout their time at ECMS-I, students develop an appreciation of wilderness and open space, and learn about their own roles in environmental conservation. Many experience their first nights away from home, learn valuable leadership and community skills, and meet new physical challenges. The trips foster a lifelong commitment to environmental stewardship and conservation.

E. Collaboration with Partners

Collaboration is how ECS ensures student success consistently across our organization. This occurs within each school site, across the school sites and beyond the schools. At the school site level, structured collaboration among school-site staff deepens teachers' understanding of students by providing multiple perspectives. Teachers work together in grade-level and departmental teams to examine student data, identify strategies and share best practices. They work with administration, counselors, Special Education and English Language Development peers to plan services to specific students. They collaborate regularly and are expected to be responsible and responsive members of those partnerships. ECMS-I also collaborates with other ECS schools to examine data, identify priorities and share best practices.

Our students’ families are also partners and are encouraged to partner with teachers for student success. Opportunities for family collaboration include, but are not limited to, parent/teacher conferences, Parent Advisory Committee, English Learner Advisory Committee (ELAC), parent workshops, Coffee with the Principal, and Town Halls. Families are also encouraged to participate in events like Earth Day, the Harvest Fair and Garden Days and stakeholder meetings, like ELAC and the African American Families meeting. Finally, each year, families are asked to complete a survey gauging their perceptions of safety, school responsiveness, and the extent to which the school seeks parent input prior to making key decisions.

Building on the dozens of partnerships already established with businesses, universities and colleges, parents, and local community organizations, ECMS-I provides students with opportunities to participate in challenging and authentic projects. Local partnerships help teachers harness the power of adventure and discovery in order to engage students in action, leading students to become active community participants. Students have toured the nearby Ballona Wetland and Hyperion Water Reclamation Plant, interacted with volunteers from organizations such as Growing Great, California Fish and Wildlife, Action for Healthy Kids and The Bay Foundation, camped in Santa Monica Mountains National Recreation Area through Naturebridge, and participated in the

UCLA STEM conference with EmpowHer. Parents and families also partner with teachers to support student learning and healthy development, providing authentic audiences for student exhibitions, and contributing cultural context to learning activities.

VI. Curriculum & Instructional Design

A. Course Sequence

ECMS-I's Core Courses are aligned to the State Standards.

Subject	6th Grade	7th Grade	8th Grade
English Language Arts	Humanities 6	English 7	English 8
Social Science	Humanities 6 (History focus on the Ancient World)	History 7 (Focus on Medieval and early modern world history)	History 8 (Focus on U.S. History – Constitution through Industrialization)
Mathematics	Math 6	Math 7	Math 8 or Algebra
Science	Science 6	Science 7	Science 8
Fitness & Wellness	Fitness & Wellness	Fitness & Wellness	Fitness & Wellness
College & Career Readiness	College & Career Readiness 6	College & Career Readiness 7	College & Career Readiness 8
Visual Art (Handwork)	Visual Art (Handwork)	Visual Art (Handwork)	Visual Art (Handwork)
Green Ambassadors	The Material System: Earth Systems, Energy & Waste	Watersheds: California Water, Water Use & Policy	Food Systems: Structure/Function, Agriculture & Policy

B. Interdisciplinary Projects & The Unit Design Cycle

Based on extensive experience with interdisciplinary instruction, ECMS-I has developed a Unit Design Cycle to facilitate the development of deep interconnectedness which authentically integrates English, history, math, and science standards, environmental principles, Collaborative Skills, and SLOs. At ECMS-I, each grade level team of teachers participate in the Unit Design Cycle by following these steps: (1) Choose a cluster of learning objectives; (2) Find thematic connections; (3) Design the Interdisciplinary Benchmark Project; (4) Deepen content knowledge to improve instructional strategies; (5) Collaborate to plan instruction; (6) Analyze formative assessment data and plan for re-teaching; and (7) Reflect on the unit and project. This cycle is constantly being tested and refined with the entire teaching staff in order to increase proficiency and to make it a replicable model for other instructional units.

ECMS-I develops teachers' abilities to create common valid, reliable performance assessments. Each IBM consists of a rubric, project description, unit vocabulary, and the task itself, usually consisting of both group and individual components, completed through both drafting and on-demand writing in all content areas including math. Teachers draft assessments, and then complete them, following their own instructions in order to refine the rubric and to determine which skills are necessary to teach to students. When benchmarks have been administered, teachers score anonymous samples, calibrate their ratings and come to consensus on a rubric. Then, teachers score random sets of student work from each grade level–not necessarily their own students–in order to increase the reliability of ratings. Each core teacher, whether an English/History or a Math/Science teacher, scores all standards on the assessment. This requires and encourages teachers to expand their content knowledge to include other grade-level standards, which in turn leads to more richly integrated classroom instruction. As teachers collect data from student performance on IBMs, they initiate the next phases of the Unit Design Cycle which are most appropriate for their grade level teams.

Past interdisciplinary themes and benchmark assessments include:

	6th Grade Silk Road	**7th Grade Omen of the Aztecs**	**8th Grade Differences in Public and Private Sectors**
English	Informative/ Explanatory Essay	Informative/ Argumentative Essay	Argumentative Essay
English Language Development	Presenting using academic English	Exchanging information/ideas, and interacting via written English	Supporting opinions and persuading others using academic English

	6th Grade Silk Road	7th Grade Omen of the Aztecs	8th Grade Differences in Public and Private Sectors
History	Trans-Eurasian Silk Road	Aztec and Incan Empires	Government & big business, child labor, labor movement
Math	Fluently add, subtract, multiply, and divide multi-digit decimals	Solving problems involving geometric figures and scale drawings	Writing and solving expressions, solving systems of linear equations and inequalities
Science	Analyze and interpret climate data	Use fossils/rocks/ continental shapes/seafloor structures as evidence of plate tectonics.	Engineering design developing models for testing and modifications to create an optimal design.
Visual Art (Handwork)	Jewelry Making	Aztec Ceramics	Symmetry in Art & Engineering
Fitness & Wellness	Fitness & Health for Travel	Aztec ball game	Team Creation and Dynamics
College & Career Readiness	Silk Road Traveler Journal and Poems	Aztec perspective poetry writing	Engineering Careers
Green Ambassadors	Raising Silk Worms Growing Silk Road herbs & spices Natural Resources and Biomes	Aztec agriculture systems	Earth's Systems

In addition to the IBM Unit Design Cycle, ECMS-I teachers engage in meaningful planning to design standards-aligned units of learning for their courses every quarter. Following the model for interdisciplinary unit planning and McTighe and Wiggins' *Understanding by Design*, ECMS-I teachers utilize a series of tools and protocols to plan for critical thinking in the classroom and responsive instruction to ensure academic proficiency on internal and external assessments.

C. Core Classes

ECMS-I's curriculum is aligned to the California State Standards, with English/Language Arts and mathematics integrated throughout the curriculum.

1. English Language Arts

While reading, writing, speaking, and listening skills are embedded throughout the curriculum in all courses, the Humanities courses anchor the program with a carefully planned sequence of lessons and practice activities. Every quarter, each teacher in all core classes must teach and assess an ELD standard in addition to the subject area's content standards. This practice is supported and reviewed by the Principal in unit plans and classroom observations. Teachers utilize a variety of strategies to teach and reinforce the skills and content that are developmentally appropriate and intellectually challenging.

ECMS-I implements the Reading Apprenticeship framework for literacy instruction across grade levels and content areas. The framework consists of four dimensions of learning – social, personal, cognitive, and knowledge-building – and the development of these interactive dimensions through extensive reading and metacognitive conversation.

Reading Apprenticeship (RA) is an approach to teaching secondary literacy to both native English speakers and English Learners (those who primarily speak another language at home). An RA teacher works to activate each of these dimensions while teaching a text. In an RA classroom, teachers create a positive learning community with student strengths and texts at the center. This approach to literacy instruction ensures that all learners, including struggling readers and English Learners, gain access to grade level texts through extensive reading in all of their classes at ECMS-I.

The Reading Apprenticeship Framework informs our daily literacy practices. Every time students read, across all subjects, they have the opportunity to talk and then synthesize in writing. In ECMS-I classes each day students have opportunities to:

- Independently read grade-level texts
- Independently think
- Make their thinking visible / document their thinking
- Talk with a partner
- Share whole group
- Revise their thinking
- Synthesize their thinking in writing

a. Reading

ECMS-I recognizes that fluent independent reading is essential to academic success and life-long learning. Accordingly, we strive to strike a complementary balance between providing reading experiences that will motivate students to enjoy and continue reading, and providing students with the skills needed to improve their reading comprehension and skills. To this end, ECMS-I will facilitate reading using a variety of classroom routines designed to support the development of secondary reading skills.

Literature Circles: Literature circles provide a way for students to engage in critical thinking and reflection as they read, discuss, and respond to books while encouraging student voice and choice in reading. Collaboration is at the heart of this classroom routine . In literature circles, students select a novel within a list of choices that are all connected to a common theme. Students then create a reading schedule with a group and meet weekly for text-based discussion with that group. Groups develop norms for conducting collegial discussions and monitor progress throughout the unit. Students reshape and add onto their understanding as they construct meaning with other readers. Finally, literature circles guide students to deeper understanding of what they read through structured discussion and extended written and artistic response. The discussion is guided by students' responses to what they have read. One may hear conversation about events and characters in the book, the author's craft, or personal experiences related to the story.

The Humanities Specialist and Department Chair supports teachers with the text selection process for Literature Circles and class novels, ensuring texts are rigorous, complex and meeting grade level requirements. When selecting texts, the department uses the "Three Part Model for Text Complexity," to consider Quantitative Measures (readability scores, sentence/word length), Qualitative Measures (levels of meaning, structure, language, knowledge demands), and Reader & Task Considerations (reader motivation, background, task purpose). To date, the English Language Arts department has received in-house professional development on selection of books, facilitating text-based discussions and training students to make reading schedules.

Text selection: Text selection for novels and text sets is intentional, aiming to:

- Build the stamina needed for high school reading
- Increase the joy of reading among our students
- Center authors of color and include culturally responsive texts
- Integrate History and ELA throughout our units

Sample novels include: *The Lightning Thief* (Rick Riordan) in 6th grade, *They Called Us Enem*y (George Takei and Steven R. Scott) in 7th grade, and *The Absolutely True Diary of a Part-Time Indian* (Sherman Alexie) in 8th grade. Sample summer reading includes: *La Linea* (Ann Jaramillo)*, Born a Crime: Stories from a South African Childhood* (Trevor Noah), and *Last Cuentista* (Donna Barba Higuera).

Teacher-selected text sets help students build knowledge, vocabulary, background understanding, and multiple perspectives on a topic. Teachers create text sets that are guided by essential questions, rooted in interdisciplinary content, and contain various mediums of text (i.e.: print, digital, audio, visual). Since most meaningful real-world reading tasks require readers to consider multiple perspectives or to evaluate the reliability of text, text sets help ensure we are preparing students for 21st century skills and challenging students to "read, understand, coordinate, and integrate multiple sources and forms of information"[11].

b. Writing

At ECMS-I, the ELA teachers use several foundational practices in their classrooms to teach writing.

Interdisciplinary Content Integration: All of the writing genres from the State Standards can be taught by incorporating content from the other subject areas, specifically social science, science, and math. This not only bridges curriculum and creates greater relevance to the students' work, but it also creates a consistent experience for students and reflects learning requirements. For example, the State Standards focus on students' ability to communicate about math and the processes they use to solve problems. In addition to the integration of the core subjects, the Humanities sequence also features social/emotional learning activities. These activities blend reading, writing, and speaking exercises, as the concepts addressed in community building are natural extensions of the curricular themes of patterns (6th grade), systems (7th grade), and growth and conflict (8th grade). Finally, themes of environmentalism are woven throughout the curriculum, as students engage in environmental service learning projects each trimester.

Writing is linked to interdisciplinary unit themes, big ideas, and essential questions. For example, our 7th grade students might write an informative essay explaining and elaborating the effects of hearing multiple stories about a culture or a group of people. Our 6th grade students write as "Silk Road Merchants" synthesizing their experience in the Silk Road bazaar and crafting business plans, while exploring the big idea "Value is determined by multiple factors."

c. Speaking and Listening

The Humanities sequence at ECMS-I features multiple opportunities for students to practice and master both their speaking and listening skills. Students actively and orally interact with the texts (literature, nonfiction, social science content, etc.) through class and small-group discussions, literature circles, Socratic seminars, writing conferences, peer writing critiques, simulations, skits, theater games, and public readings of their written work. Reading Apprenticeship routines, such as the partner interview protocol

[11] Goldman, Susan. (2004). Cognitive Aspects of Constructing Meaning Through and Across Multiple Texts. 10.1108/978-1-60752-995-820251014.

and reciprocal think alouds, provide daily speaking practices rooted in texts, as well as a structured opportunity for assessing core subject and ELD standards. The Green Ambassadors course also provides frequent opportunities for students to speak publicly.

2. History/Social Science

ECMS-I students take a three-year sequence of Social Science/History courses that are aligned to the current California Content Standards in Social Science and History. The Social Science courses are taught in coordination with the English Language Arts Common Core State Standards to focus student learning in an authentic manner. When feasible and appropriate, reading selections will be of an historic nature, including primary source historical documents and writing. Research and oral assignments feature social science content. The grade level curricula adhere to the following courses of study.

a. Grade 6 - World History and Geography: Ancient Civilizations

Sixth graders expand their understanding of history by studying the people and events that ushered in the dawn of the major Western and non-Western ancient civilizations. Emphasis is placed on the everyday lives, problems, and accomplishments of people, their role in developing social, economic, and political structures, as well as in establishing and spreading ideas that helped transform the world forever. Students develop critical thinking by considering why civilizations developed where and when they did, why they became dominant, and why they declined. Students analyze the interactions among the various cultures, emphasizing their enduring contributions and the link between the contemporary and ancient worlds.

b. Grade 7 -World History and Geography: Medieval and Early Modern Times

Seventh graders study the social, cultural, and technological changes that occurred in Europe, Africa, and Asia in the years A.D. 500–1789. After reviewing the ancient world and the ways in which archaeologists and historians have uncovered the past, students study the history and geography of great civilizations that were developing concurrently throughout the world during medieval and early modern times. Students read and analyze primary and secondary sources. They also examine the growing economic interaction among civilizations as well as the exchange of ideas, beliefs, technologies, and commodities. They learn about the resulting growth of Enlightenment philosophy and the new examination of the concepts of reason and authority, as well as the natural rights of human beings and the divine right of kings, experimentalism in science, and the dogma of belief. Finally, students assess the political forces let loose by the Enlightenment, particularly the rise of democratic ideas, and they learn about the continuing influence of these ideas in the world today.

c. Grade 8 – United States History: Growth and Conflict

Eighth graders study the ideas, issues, and events leading to the founding of the nation through Industrialization. After reviewing the development of America's democratic institutions founded on the Judeo-Christian heritage and English parliamentary traditions, particularly the shaping of the Constitution, students trace the development of American politics, society, culture, and economy and relate them to the emergence of major regional differences. They attend to social justice and the impact of such traditions on non-dominant early American cultures. Students trace the causes, course, and consequences of the Civil War on American Society. They make connections between the rise of industrialization and contemporary social and economic conditions and ask questions about the costs and benefits of progress and modernization.

3. Math

Our ECS Math vision is to increase all students' abilities to solve never-seen-before problems. At ECMS-I, we drive to grow our learners in mathematical proficiency and identity by giving them space to think critically every day. As most ECMS-I students arrive performing up to two years below grade level, our teachers implement a balanced curriculum that builds fluency, conceptual understanding, and provides space for application and real world tasks. The Common Core Standards in mathematics are sequenced to support the skill-building nature of the subject, and they are practiced throughout the year to maintain and reinforce learning. Additionally, to ensure all students have thoughtfully structured thinking sets that are not repeated practice problems, they are often asked to consider: What is the question asking? What information is given? How can I use the information to solve the problem? This inquiry supports ECMS-I in reaching the vision of developing independent problem solvers equipped to tackle never-seen-before problems, and creating. Furthermore, there is also emphasis on teaching math across curriculum, and our Interdisciplinary Benchmark assessments provide an opportunity for all core teachers to obtain familiarity with math content and reinforce students' understanding and practice.

Mathematics instruction at ECMS-I is arranged in a focused and coherent manner that addresses not only the Common Core State Standards, but also the Standards for Mathematical Practice. This drives students to achieve a deeper understanding of mathematical concepts and avoiding simple surface level recall. ECMS-I's approach to interdisciplinary and project-based learning additionally provides authentic opportunities for students to practice and develop their abilities as described in the Common Core State Standards for Mathematical Practice. By advancing students' ability to make sense of problems and persevere in solving them, reason abstractly and quantitatively, construct arguments and critique others, model with mathematics, use appropriate tools, attend to precision, look for and make sense of structure, and look for regularity in repeated reasoning, these practices serve as common threads found in all the interdisciplinary benchmarks as well as ECMS-I's service learning and environmental projects.

In order to practice concepts at their own pace, students have access to targeted support each week that is designed to build foundational math skills and/or challenge them as they move through middle school. Sixth through Eighth graders use a combination of Freckle and Delta Math Programs during a designated instructional block, which enable math teachers to differentiate instruction and support students' progress at an individualized pace. Freckle's exercises meet students where they are, covering K-12 standards and skills, and continuously adapts to each student's level, supporting learners who are below, at, or above grade level. ECMS-I also offers weekly tutoring aligned with current academic standards, designed to reinforce coherence between tutoring sessions and classroom instruction.

a. Math 6

6th Grade Math covers a range of topics including area and surface area, ratios, rates, and percentages, fractions and decimals, expressions and equations, rational numbers, and data sets and distributions. The curriculum is problem-based and student-centered, designed to build conceptual understanding and procedural fluency through real-world problem-solving.

b. Math 7

7th grade math covers units on scale drawings, proportional relationships and percentages, measuring circles, rational number arithmetic, expressions, equations, and inequalities, angles, triangles, and prisms, and probability and sampling. The curriculum emphasizes conceptual understanding and procedural fluency through interactive, real-world problems, fostering skills like modeling with mathematics, using mathematical tools, attending to precision, and reasoning about structure.

c. Math 8

8th grade math covers units on rigid transformations and congruence, dilations, similarity, and slope, linear relationships and equations, functions and volume, associations in data, exponents and scientific notation, and the Pythagorean Theorem and irrational numbers. Our curriculum is a student-centered, problem-based approach that builds conceptual understanding and procedural fluency using real-world examples. While practicing and refining Algebraic skills, students are developing appropriate study habits for mathematical advancement in high school and beyond.

d. Algebra

ECMS-I offers Algebra to students who meet the 7th grade achievement criteria. We also offer additional pathways, including pre- and post-math bridge programs designed to accelerate mathematical achievement for a growing number of students. Completing Algebra in 8th grade prepares students for accelerated high school mathematics and significantly supports their college readiness. Throughout the year we focus on topics such as, but not limited to, relationship between quantities, linear relationships,

exponential and quadratic relationships, advanced functions and equations. We also use various strategies to engage students in problem solving and reasoning.

4. Science

Students at ECMS-I take a three-year sequence in science, which is aligned to the Next Generation Science Standards. The study of science serves to harness the natural curiosity and exploratory nature of young adolescence. In all ECMS-I science courses, students engage in hands-on projects and experiments to experience what they are learning, thereby acquiring a much deeper, authentic understanding of key skills and concepts. ECMS-I teaches the state's recommended integrated science courses at each grade level, incorporating life, earth and space, and physical sciences into exciting inquiries and projects.

a. Science 6

In sixth grade our students kick off with life science as they learn about living things, and then they transition into earth science in the second semester. Our first unit focuses on cells and living organisms. Students learn how scientists use tools such as microscopes to study microorganisms and the spread of infectious disease. Students then move onto the Body Systems unit where they build their understanding of how different systems work together to keep bodies functioning. During the Silk Road interdisciplinary project, science inquiry is integral to the project. For example, students apply their understanding of how the human body functions to anticipate how it will respond to travel through specific regions of the silk road. Finally, students learn about reproduction and genetic variation. Students transition from life science into earth science and cover the cycling of matter through erosion, deposition, the water cycle, weather and climate.

b. Science 7

In seventh grade, students spend the first two quarters diving into chemistry and tackling the Physical Science NGSS standards. Unit one consists of understanding the chemistry of materials, wherein students explore properties of matter, states of matter, and start to understand atoms and elements. It also requires students to meet the 7th grade Statistics and Probability standards involving sampling and drawing inferences about populations. In their second unit, students examine chemical reactions and conservation of matter. For example, as learners figure out what a chemical reaction is, they also see that some chemical reactions release or absorb thermal energy. Students mix substances to form new ones and explore the idea of chemical waste in the environment. During the third quarter students learn the engineering design process and are asked to design a product that can help solve one of their school community problems. By the fourth quarter, students move on to Earth Science and learn about plate tectonics and natural hazard concepts by investigating how it is possible that the Himalayas are growing each year.

c. Science 8

Students take off in 8th grade learning about motion, forces, and objects in motion. The first 8th-grade science unit launches the year with a high-interest problem that integrates life, Earth, and physical science. It introduces core SEPs, crosscutting concepts, and engineering practices that will be built on in later units on energy, Newton's laws, ecosystems, and space science. The second unit moves onto Evolution and investigates why living things are different from one another by investigating a mutation found in cattle that causes extra big muscles. In their third and interdisciplinary unit, students will build and design rocket ships to release satellites for universal access to high-speed internet. Students model this by designing, building, and modifying water rockets to meet the design criteria. Using mathematics and engineering, students will optimize their rockets to meet such specificity. The group with the best design, analysis, and justification will win funding from Congress. To prepare for this task students also develop and use models to understand the solar system and explain the expansion of the universe. In their last units students encounter a fossil of a giant penguin with similarities and differences to modern penguins. Through fossil analysis, case studies and computer simulations students explain and model natural selection and evolution.

As a result of ECMS-I's science curriculum, students emerge with a deep understanding of scientific and engineering methods, as well as how these are deeply connected to economies, cultures, and ecosystems.

D. Specialty Classes

Every student at ECMS-I participates in specialty classes designed to develop fine-and gross-motor skills and support flexible brain development. Students also acquire a new set of practical skills and develop competence and a capacity for self-expression. "Today, students often lack rhythm in their lives and have few meaningful tasks to occupy them. The task of learning to "work" and act with purpose and skill has been passed to the schools. Today's students need to be taught to apply their thinking and see results. They need to develop practical skills to build their self-confidence, self-reliance and indepen-dence."[12] Working with their own creativity relaxes children and helps them be more open to academic learning. "Musical, visual, and kinetic arts enhance the important and distinct neurological systems that drive attention, emotion, perception, motivation, motor coordination, learning and memory".[13] The specialty subjects also provide teachers and students with a greater variety of experiences through which to learn the Common Core Standards, thereby increasing the depth and nuance of student learning. The variety of experiences also exposes students to numerous and diverse opportunities to discover their passions and purpose.

In addition to supporting students' development of essential skills and providing a varied context through which to learn the standards, the specialty classes at ECMS-I also play a significant role in shaping a healthy and vibrant school climate. The specialty subjects

[12] Mitchell, D. and Livingston, P. Will-Developed Intelligence. 1999, AWSNA.
[13] Jensen, Eric. Learning with the Body in Mind. The Brain Store, Inc.. San Diego. 2000.

ECMS-I offers include: Visual Arts (Handwork), Green Ambassadors, Fitness & Wellness, and College & Career Readiness. Because when possible, we align specialty activities to core content, students may find a valuable “way in” to content that might otherwise prove elusive.

1. College & Career Readiness

This course supports all students in the development of skills embedded in the “hidden curriculum,” which are necessary for academic success in their core courses. Inspired by the Advancement Via Individual Determination (AVID) program, as well as research about the importance of early and frequent exposures to college and career, the course teaches organization, time management, note-taking skills, study skills, computer skills, and critical thinking so that students are better able to understand, process, and integrate the content knowledge gained in their core classes. Finally, this specialty course provides opportunities for students to explore potential career interests that align with their skills and future goals. Students may learn about the college application process, meet college students/alumni, visit local colleges, and conduct personal college research related to their skills and interests. Ultimately, College & Career Readiness supports each student’s growing understanding of themselves, as a learner and of their vision for the future.

2. Fitness & Wellness

All students participate in physical education through an interactive course that emphasizes the principles of movement, rhythm, self-responsibility, group dynamics, and wellness. While addressing the California Physical Education standards and the California Healthy Youth Act, this specialist course integrates themes from the core subjects to deepen student understanding and to demonstrate the interconnectedness of the disciplines. In Fitness & Wellness, students in 6th–8th grade engage in a year-long sequence that integrates physical activities, health education, and social–emotional learning to support lifelong wellness. Across all grade levels, a strong foundation in safety, sportsmanship, and teamwork helps students explore their personal fitness identity and learn to set and monitor health goals. Sixth graders study the heart and cardiovascular system, connecting exercise to heart health and developing healthy daily habits. Seventh graders focus on the FitnessGram, personalized fitness goal setting, and the muscular and skeletal systems, deepening their understanding of how the body moves and stays strong. Eighth graders engage in comprehensive sexual health and personal health education, emphasizing informed decision-making, consent, and respectful relationships. Students in all grades also participate in team sports, dance, choreography, and fitness activities such as soccer, football, pickleball, stretching, and aerobic exercise. This progression ensures that ECMS-I learners not only develop physical strength and endurance, but also practice self-awareness, responsible decision-making, and the skills to promote their own health and the well-being of their community.

Fitness & Wellness also provides health knowledge for young adolescents to make responsible choices for themselves, including sexual health and HIV prevention education in compliance with the California Healthy Youth Act.

3. Visual Art (Handwork)

ECMS-I students explore various art, craft, and technological genres that are integrated within the core curriculum to enhance their curricular understanding, increase their appreciation for human ingenuity, and develop their own fine motor skills. For example, while studying early humans and ancient civilizations, they might make fire by hand, make pigment and paint cave paintings, make cordage from yucca fibers, make papyrus, or learn to weave. Eric Jensen (2003) states, “The industrial arts provide precisely the circumstances that can enrich the brain. They include exposure to challenging, meaningful, complex, and novel circumstances with feedback built in over time…The skilled use of the hands and body require countless decisions in the spatial and kinesthetic world. These decisions build the same kinds of connections in the brain that we know enrich neural structures. The projects must be challenging, be novel, take some time, be meaningful, and have feedback built in.”[14] Sample projects include, but are not limited to, woodwork, creating medieval illuminated letters, papermaking, weaving, perspective drawing, sewing, knitting, quilting, and graphic design.

4. Green Ambassadors

The Green Ambassadors course sequence aims to empower students with awareness of environmental issues, problem solving methods, and advocacy skills to promote solutions among their peers and within their community. It also engages students by utilizing hands-on activities and service-learning projects, and by empowering them to be valuable resources within their own community and beyond. 6-8th graders are taught to identify problems, investigate, build and evaluate models, and present information to their classmates and the larger community.

During the Green Ambassadors (GA) specialist course, students realize that ELA, Math, Science and History/Social Science knowledge makes them powerful. They use their ELA skills to read about the environment and to advocate for positive changes in their school, neighborhood, community and world. They use their history/social science knowledge and skill to understand how human values, practices, and policies affect the natural world. Additionally, in GA change should be measurable; when problems are identified, students need number sense to understand the data that describe the problem and to measure their actions’ effectiveness. Science learning enables them to understand environmental problems (like climate change, pollution), evaluate impacts on ecosystems, comprehend solutions (renewable energy, sustainable tech), and argue for resource management for a sustainable future, moving beyond mere awareness to data-driven action.

[14] Jensen, Eric. Arts with the Brain in Mind. ASCD, Virginia. 2003.

VII. Schedule and Instructional Time

A. Typical Day at ECMS-I

ECMS-I students begin their day in advisory class, giving them an opportunity to settle in with their ECMS-I “family” and start the day positively. Advisory activities model and teach our Community Agreements, develop students’ sense of belonging, build relationships between advisor and student, teach social-emotional skills and provide a time for academic reflection and goal-setting. During advisory, students might hear school-wide announcements, share individual “get to know you” presentations, or participate in a community circle. All advisory teachers are core subject teachers who also see their advisory students in an academic setting.

From advisory, 6th and 7th grade students proceed first to either their Humanities or Math/Science core class. Teachers begin with an opener that relates to the curriculum that will be taught that day. Openers are engaging activities that can capture student attention, build community, check for prior understanding, and prepare students for learning. Following the opener, students then launch into one of their core content areas, math, science, English, or history, or engage in interdisciplinary activities, where knowledge and skills are integrated from two or more disciplines, deepening understanding. During two-hour core blocks, learners explore and respond to challenges individually or in small groups, come together to check for understanding, and then move on to new areas. Core classes end with reflection, for example, students may join in a closing community circle to review what has been learned or to share appreciations for each other.

For our 8th grade students, advisory is followed with specialty classes – Green Ambassadors, College & Career Readiness, Fitness & Wellness, and Visual Arts (Handwork). Students take two of these classes each semester and complete all four over the school year. Each class meets four times per week.

After their first two-hour block, all students have a 15-minute recess/nutrition break. Once outside, students can pick up a healthy snack, such as whole fruit, yogurt, or a breakfast burrito. Many students join in soccer, football, volleyball and basketball games during recess, while others chat in the gardens and creekside, or play on the playground. After recess, 7th graders have specialty classes while 6th and 8th graders move on to core classes. After the second block, students have 30 minutes for lunch and recess.

Lunch is served in compostable trays and students are well-trained to ensure that compostables, recyclables, and landfill waste are placed in the appropriate containers. Each student brings a reusable water bottle and students are not allowed to bring sugary treats to school. All students have the opportunity to participate in the Charter School’s meal program, which is part of the federal nutrition program and provided by the school’s selected vendor. Students are responsible for tidying picnic tables before they are dismissed for lunch recess.

After lunch, students move to their third block of the day – 6th graders go to specialty classes, while 7th and 8th graders move onto core classes, either math/science or history/language arts. Students are dismissed from this class at the end of the day.

B. Key Features of the Schedule

- More Instructional Time: Our calendar and schedule provide students with more instructional minutes than the minimum requirements.
- Interdisciplinary Classes: Core Classes for 6th and 7th graders are taught interdisciplinarily, combining History and ELA in Humanities, and Math and Science in STEM. This helps students transition from a self-contained one-teacher setting in elementary school to a typical secondary departmentalized schedule. In 8th grade, students take departmentalized courses in Math and Science to honor their desire for and ability to handle greater independence and prepare them for a high school schedule.
- Specialty Subject Classes: The core curriculum is enriched by balanced specialty subject courses to further meet the developmental needs of the students while supporting the deeper understanding and integration of the core content.
- Block Schedule: 120-minute instructional blocks allow for deeper instructional practices, fewer transitions throughout the school day, and an environment designed for deeper learning.
- Interdisciplinary Teaching Teams: ECMS-I strategically supports grade level teaching teams with a shared prep period to support collaboration among a small group of teachers who share the same students. This allows them to focus on best practices for whole child development and interdisciplinary connections in the classroom.
- Looping: Core teachers stay with their students for two consecutive years (6th and 7th grades). Evidence shows that long-term relationships between teachers and students increase support, strengthen a sense of community and belonging, and create continuity in both social and academic skill development. Looping requires a strong match between the hiring pool and the necessary content expertise. Looping may be paused in the event that ECMS-I is unable to find qualified candidates.
- Advisory: Students meet with their advisory teacher, who is also one of their core teachers, to build community by creating a sense of belonging, fostering positive relationships, and incorporating fun activities that help students feel connected to their peers and school. This happens once a day and provides time to preview/recap important events, review upcoming assignments, projects, exams, or school activities, and discuss social issues that matter to students.
- Planning Time: Common planning time is built into the schedule to accommodate interdisciplinary learning, meaningful review of student work, and collaborative daily planning for responsive instruction. Teaching teams have 4-8 hours of common planning time each week, in addition to the two hours of all-staff professional development time. Core teachers have common planning time when students are with the hourly specialty teachers (in Visual Art (Handwork), College

& Career Readiness, Green Ambassadors, and Fitness & Wellness). Each quarter, teachers have one teacher planning day to support meaningful backward planning. During IBM quarters, teachers also have additional planning days, to design an interdisciplinary project, evaluate formative assessments ,refine instruction, and calibrate benchmark rubrics and evaluate data from benchmark assessments.

- Professional Development: Weekly professional development during the year supports ongoing collaboration among school-wide, subject area, and grade-level teams to advance student learning.
- Break/Lunch: Daily breaks for recess/nutrition, lunch, meeting with teachers, socializing, working the garden, playing on the playground, and participating in a student club help to promote a community where everyone belongs.
- Supplemental Instruction: Optional after-school program offers both enrichment (e.g.,MESA, Dance, Music, Film, athletic teams, etc.), remediation, and academic support (homework help and core teacher tutoring hours).

C. Rationale of Allocation of Instructional Time

Core subjects receive more than twice as much instructional time as the specialty subjects, allowing teachers and students the time needed to address the standards in a meaningful way, utilizing teaching methodologies that serve to engage and motivate students. Time allotted to specialty subjects still supports the core curriculum, as the specialty subjects are designed to integrate the program.

ECMS-I's instructional calendar is included in Appendix A (package pages 00211-00212). ECMS-I complies with the requirements set forth in Education Code Section 47612.5 and legislative changes with regard to number of school days and minimum number of minutes. ECMS-I will observe all federal holidays.

VIII. Plans for Diverse Learners

In alignment with our mission to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world, our inclusive education program embodies the belief that all means all: every student is a full and valued member of our learning community, with deep respect for their individual identities, including ability, culture, language, race, and lived experience.

To meet the needs of our diverse learners we employ these key strategies:

1. Multi-Tiered System of Supports (MTSS): Ensures that our efforts are coordinated, proactive, data driven and that no student "slips through the cracks."

2. Restorative Practices: Promotes a school climate grounded in relational trust, compassion and equity.

3. PBIS: Provides a framework that establishes clear expectations, uses data to guide decisions, and focuses on prevention.

4. Collaboration: Leverages multiple perspectives and ensures interventions are targeted, timely, coherent, and responsive to the whole child.

5. Inclusion: Students learn best when they feel they belong.

A. Multi-Tiered Systems of Support

MTSS (Multi-Tiered System of Supports) is ECMS-I's overarching framework. It organizes all academic, behavioral, and social-emotional supports into tiers—universal (Tier 1), targeted (Tier 2), and intensive (Tier 3). MTSS is the system that ensures every student receives the appropriate level of support at the right time. Our framework is grounded in TNTP's Three Focus Areas—Belonging, Consistency, and Coherence.

Multi-Tiered System of Supports (MTSS) Tier One		
Belonging	**Consistency**	**Coherence**
Restorative Practices PBIS Advisory College & Career Readiness Outdoor Education	Reading Apprenticeship Professional Development, including observation & feedback	Critical Thinking Interdisciplinary Projects Restorative Practices Teacher Collaboration Partnership with Families

Tier One: To cultivate belonging, every student in grades 6–8 participates in our Advisory classes. An evidence-based, Positive Behavioral Interventions and Supports (PBIS) structure supports students' behavioral, academic, social, emotional, and mental health. College & Career Readiness class, as well as Outdoor education experiences, fosters strong relationships, goal-setting, and self-discovery. Consistency is maintained through schoolwide implementation of Reading Apprenticeship, supported by ongoing professional development, along with a shared classroom observation and feedback tool—featuring rubrics, protocols, and look-fors—that ensures every student receives equitable opportunities for critical thinking. Finally, Coherence is achieved through curricula intentionally designed to emphasize higher-order thinking, paired with interdisciplinary learning that helps students make meaningful connections across content areas. Together, these Tier 1 strategies create a comprehensive, aligned, and equitable learning environment for all students.

B Restorative Practices & PBIS

Restorative Practices, PBIS, and MTSS intersect naturally, as all three are frameworks designed to create predictable, supportive, and equitable learning environments. PBIS functions as the behavioral arm of MTSS at Tier 1 and Tier 2, creating a positive and

safe school environment. It establishes proactive teaching and positive reinforcement for behavior, alongside a reflective, data-based analysis of both student needs and intervention effectiveness. Restorative Practices deepen the relational and community-building components of both PBIS and MTSS.

At ECMS-I Restorative Practices and PBIS:

- Promote Responsibility and Repair: Encourage students to take responsibility for their actions, understand the consequences, and actively participate in making amends.
- Strengthen Community Ties: Help build stronger, supportive relationships within the school by fostering a deeper respect and understanding.
- Prevent Future Conflicts: Address underlying causes of behaviors and focuses on healing, reducing the likelihood of repeat incidents.
- Supports Positive Growth: Shift focus from punishment to personal development and positive change, fostering an environment where students learn from their mistakes.
- Inclusive and Fair Resolution: Involve all affected parties in the decision-making process, leading to more effective and lasting solutions.

C. Collaboration

At ECMS-I, collaboration is foundational to an effective educational program, as no single educator possesses all the information, expertise, or perspective needed to fully support every learner. Meeting the needs of struggling students depends on coordinated, data-informed decision-making and shared responsibility. Through effective collaboration, academic, behavioral, and social-emotional information is examined collectively, allowing teams to identify root causes, align supports, and implement targeted, timely, and coherent interventions.

Working across roles also reduces duplication, ensures consistency in Tier 1 practices, and aligns Tier 2 and Tier 3 supports to student needs. These collaborative structures promote accountability and continuous improvement, enabling teams to monitor progress, refine strategies, and deliver equitable, culturally responsive support that benefits all students.

Collaboration occurs within and across grade-level teams, academic departments, mental health professionals and administrative teams. Meetings follow a consistent schedule and use clear protocols that reinforce our organizational values and align actions with restorative practices and a student centered approach. For example, our Wellness Team—composed of the counselor, social worker, and dean of student culture—works collaboratively to create a positive learning environment that proactively supports students' social, emotional, and academic success. They:

- Review student discipline data, counseling referrals data, and attendance data to identify interventions that may be implemented through our MTSS model.

- Use a continuum of evidence-based practices to support student needs
- Engage students, families, and community members to co-create culturally responsive practices
- Regularly check the effectiveness of their practices
- Rely on teams to guide implementation
- Use data to identify strengths, uncover needs, and monitor student progress
- Connect families with resources and partnering agencies based off of the current need

For Tier 3, the ECMS-I Wellness Team holds weekly meetings to provide intensive, individualized support. The social worker, dean of student culture, counselor, and an administrator use a holistic, student-centered case management approach that includes assessing student needs, developing personalized care plans, connecting families to resources, and monitoring progress to ensure goals are met effectively and efficiently. This collaborative work includes active partnership with students' families,grade-level instructional teams, and mental health agencies. Inclusion and ELD coordinators also participate in Tier 3 meetings when a student is also an English learner and/or has an IEP. As students enter Tier 3, social emotional support, psychoeducation, community referrals, and communication with families increases to ensure shared understanding, address barriers to success, and coordinate supports and resources.

Collaboration with Partners

Community partners bring much needed expertise to our campus. Area organizations help ECMS-I provide on-site, individual and family therapy, and other support services to students and their families. For example, USC, CSULB, CSUDH, and LMU provide masters level social work and counseling interns, while Masada Homes, Starview, Didi Hirsch, Luminarias and Antioch University provide therapists and mental health services. Effective collaboration with these partners ensures students receive coordinated wraparound care. We also partner with LA County Sheriff's Department's Vital Intervention and Directional Alternatives (VIDA) program to provide interventions for at-risk students and Asian American Drug Abuse Program (AADAP) to provide early intervention and therapy for students engaging with alcohol or drugs.

Collaboration with Families

ECMS-I approaches family engagement as a collaborative, shared responsibility, surveying families to understand their needs and designing accessible, varied avenues for participation that accommodate different schedules, preferences, and capacities. Through consistent communication, in both English and Spanish, parent orientation and education, opportunities to observe and engage with instruction, and ongoing feedback structures, ensures that families are active partners in data-informed decision-making and student support. By integrating families into a well-organized, sustained partnership with educators, ECMS-I strengthens its ability to meet student needs through coordinated, equitable, and responsive collaboration.

D. Inclusive Education

Our inclusive education model is built around the principle that all students learn best within a supportive and diverse community, where differences are valued as strengths. At ECMS-I, inclusion is not only the foundation of our special education services, but a cornerstone of our approach to multilingual learning, environmental justice, and social responsibility. We believe that academic rigor, social-emotional growth, and sustainability are interconnected, and that every student deserves equitable access to meaningful learning experiences that prepare them to thrive in and contribute to a more just and sustainable world.

Inclusive Practices and Supports

ECMS-I provides a continuum of services and supports designed to meet each student's individual needs while maintaining inclusion as the foundation of the program. Students with disabilities, multilingual learners, and those requiring targeted interventions participate as active members of the general education community, learning alongside peers and accessing the full curriculum with appropriate scaffolds and supports.

Integrated Model (Push-In)

Specialized Academic Instruction (SAI), English Language Development (ELD), and related services are primarily delivered within the general education setting. Education Specialists, General Education Teachers, and ELD staff collaborate to co-plan, co-teach, and differentiate instruction using both Designated and Integrated ELD models. Designated ELD is delivered through targeted instruction aligned to state ELD standards, while Integrated ELD is embedded within content area instruction to support language development across disciplines. This inclusive model ensures that multilingual learners receive explicit instruction in English language development alongside opportunities to engage with grade-level content in inclusive settings. ELD classes and SAI are designed to be complementary, supporting students in accessing rigorous curriculum while building linguistic confidence and proficiency.

This collaborative model is sustained through the shared efforts of a multidisciplinary team. Each member plays a critical role in ensuring students receive individualized support and equitable access to learning:

General Education Teachers plan and deliver grade-level content using Universal Design for Learning (UDL) and differentiated instruction. They collaborate with specialists to provide individualized support and implement accommodations that meet the diverse needs of learners.	**Education Specialists** co-plan, co-teach, and provide both individualized and small-group academic and behavioral interventions for students with IEPs. They ensure access to standards-based instruction while addressing each student's unique learning profile.

ELD Teachers provide Designated ELD instruction and collaborate with general education teachers to integrate language objectives and scaffolds into content-area instruction. They tailor supports based on students' English language development levels.	**Paraeducators** work under the guidance of credentialed staff to deliver individualized academic and behavioral support. They assist with small-group instruction, model strategies, monitor progress, and reinforce skills to help students access instruction and participate meaningfully.
School Counselors and Wellness Team Members support students' social-emotional growth, implement behavior intervention plans, and contribute to MTSS processes. They collaborate with teachers and families to ensure students are safe, supported, and ready to learn.	**Administrators and Site Leaders** set the conditions for inclusion through scheduling, staffing, and professional development. They ensure time for collaboration, monitor implementation, and lead continuous improvement efforts focused on equity and access.

Student Success Team Process

The ECMS-I Wellness Team can also institute an SST process to address the educational, social, emotional or attendance needs of students within the general education classroom prior to referral to special education. In interdisciplinary meetings, team members discuss student progress, look for scheduling inefficiencies or duplication of efforts, evaluate services from outside providers (such as outside counselors, occupational therapists, and speech therapists), and share information on any parent communication or teacher input. Core concepts of this process include early intervention, using a data-informed problem-solving approach to make decisions, research-based interventions/instructions, monitoring progress to inform instruction. Because early intervention is a key component, teachers or administrators can choose to accelerate the multi-step process if student issues are serious.

- Step 1 - Classroom Instruction: In the classrooms, ECMS-I teachers use multiple assessment tools to monitor student progress and adjust instruction to meet the needs of individual students. They note student challenges and attempt to remedy issues within the classroom setting prior to SST recommendation.

- Step 2 - Grade Level Team Meeting: If these adjustments are not sufficiently effective to resolve concerns, the core teachers evaluate student strengths and challenges, and collaborate on possible strategies to support student success at their weekly team meetings. If this initial strategy sharing session does not resolve concerns, the student's advisory teacher makes a pre-referral to SST. Each month, at staff meetings, grade level teams review their pre-referred students. Para-educators, specialty teachers, counselors, administrators, and campus safety supervisors are available to provide a global perspective on the

student. Teachers also consider teacher-made assessments and NWEA MAP scores. If insufficient progress is seen, a Student Success Team meeting is scheduled.

- Step 3 – Student Success Team: The SST is a total school commitment to providing assistance in the general education classroom to students with special needs. The SST team is composed of a school administrator, teacher(s), parent(s), other professionals as deemed necessary, and possibly the student, if the team agrees that the student's participation would be beneficial to the student. The meeting provides an opportunity for each of the participants to share information and ideas that would improve the student's ability to participate in their classroom. The team may recommend program modifications, use of alternative materials or equipment, and/or strategies or techniques that will enable the student to participate more effectively in the regular classroom.

The SST assists students by providing modifications and alternatives to meet the student's needs. ECMS-I is committed to resolving learning issues. SST participation stimulates the Charter School community to work together with a common focus of providing appropriate interventions and assistance for students with special needs in the least restrictive environment.

The SST is not a special education function, nor is it subject to the special education timelines or legal requirements. The conclusion of the SST process may result in the referral for services through the provisions of a Section 504 Plan, services for English Learners, academic remediation, or for Special Education Assessment. ECMS-I will refer a student for a special education assessment when the team identifies that the modifications or assistance provided in the general education classroom are not sufficient in meeting the student's needs.

C. English Learners

ECMS-I meets all requirements of federal and state law addressing equal access to the curriculum for students who are English Learners (ELs). The goal is to develop high quality instructional programs and services for ELs that allows them to achieve the same challenging grade level and graduation standards, in the same proportions, as native-English speaking students. The ELD Coordinator is primarily responsible for overseeing the ELD program, including the identification, assessment, monitoring, and reclassification of English Language Learners, under the direction of the Principal.

ECMS-I meets all applicable legal requirements for English Learners, including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will

implement policies to ensure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

Home Language Survey

The Charter School will administer the home language survey upon a student's initial enrollment in a California public school (on enrollment forms).

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the Initial English Language Proficiency Assessments for California ("ELPAC") when they first enter California public schools. If a student's results on the initial ELPAC indicate that they are an English Learner, they will continue to take the summative ELPAC each year until they meet requirements to reclassify. The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

Currently (2025-26 school year), approximately 16% of ECMS-I students are identified as English Learners. Using the most recent data available (2024-25 school year) for comparison purposes, ECMS-I's English Learner population is higher or comparable to its comparison schools (see Table I.3).

Table I.1 Demographics of Charter School & Comparison Schools, 2024-25 School Year

SCHOOL	Total 6-8 Enrollment	EL %	RFEP %
Environmental Charter Middle School - Inglewood	**360**	**17.9**	**31.3**
Animo Legacy Charter Middle	885	19.7	27.2
Bud Carson Middle	601	24.5	13.3
Century Community Charter	441	20.9	32.9
Crozier (George W.) Junior High	126	19.0	17.5
Grace Hopper STEM Academy	93	5.4	3.2
Hawthorne Middle	761	22.9	22.2
Jane Addams Middle	644	16.9	35.1

Lennox Middle	1193	31.7	34.4
Prairie Vista Middle	674	26.3	19.1
TEACH Academy of Technologies	410	27.2	16.1
Will Rogers Middle	799	13.5	36.3
Wiseburn Middle	953	4.9	13.3

1. Program Objectives & Key Instructional Strategies

Each component of our program is designed to meet specific objectives for identified students. The California ELD framework defines two types of instruction crucial to the success of English Learners. “Integrated ELD” is the use of the CA ELD standards throughout the day in all content areas to support academic and linguistic development. “Designated ELD” is a specific time during the day where teachers use the CA ELD standards to attend to particular English language development needs, in order to be successful in content instruction. Content instruction should support ELs to develop language called for in the content standards in English, Math, and Science, and designated ELD should build into and from content instruction. This statewide framework aligns with ECMS-I’s integrated approach to curriculum and instruction.

2. Designated & Integrated English Language Development

Our English Learner students will participate in programming that is responsive to their language development needs. Instruction will vary for students at different stages of proficiency, drawing from the California ELA/ELD Framework to guide learning objectives. The program is designed to support growth in language and literacy, accelerate progress toward reclassification, and strengthen overall academic performance.

In addition to core instruction, students have access to small group sessions, targeted tutoring opportunities, and specialized support for newcomers and emerging English learners. These services provide structured time for language development and allow students to receive more individualized attention, both during the school day and through additional supports offered outside of class.

The ECMS-I instructional program is uniquely suited to develop English Language skills across all core content areas. The Reading Apprenticeship Framework is the adopted instructional pedagogy that supports literacy instruction in all disciplines. The framework is designed for rigorous literacy instruction for student mastery in reading and academic literacy in English, math, science, history and elective courses. In addition to Reading

Apprenticeship, the IBM (Interdisciplinary Benchmark Project) provides opportunities to build and show mastery of English, math, history, and science grade level standards. Context-rich, thematic instruction is a research-based best practice which helps students make connections between hands-on experiences, prior knowledge, and concepts from different courses. Throughout this process, students are working with the "Critical Principles for Developing Language and Cognition in Academic Contexts"[15] used to outline the California ELD standards. Through targeted professional development, staff increase their ability to utilize the Reading Apprenticeship framework in their IBM unit design to create lessons that effectively meet the academic needs of English Learners.

For English Learners the speaking benchmark assessments will include appropriate ELD standards and these will be taught in preparation for the benchmark assessments. Additionally, students will actively and orally interact with the texts (literature, non-fiction, social science content, etc.) through class and small-group discussions, reading circles, writing conferences, peer writing critiques, simulations, theatrical productions, and public readings of their written work.

Since all of our content classes, including Math and Science, are language rich and use the framework of Reading Apprenticeship, all subject area teachers work collaboratively with the ELD Coordinator to ensure that the needs of English Learners are addressed across the curriculum. At each grade level, the ELD Coordinator collaborates with teachers to integrate ELD standards that are suitable for the language needs of their students. EL students are instructed with research based, standards driven, and rigorous curricular material.

While we acknowledge that the grade level standards are the goal for every student, we know that the EL student must be taught at their instructional level on their path toward meeting the standards.

3. Support for Reclassified Students

Students who have been reclassified, either before entering ECMS-I or while attending, will be supported and monitored by the ELD coordinator and the teachers. A review of the progress of Reclassified Fluent English Proficient ("RFEP") students will take place several times per year when NWEA is administered, and again when the CAASPP results are posted. This enables us to be sure that we are adequately supporting RFEP students to proficiency and high school readiness. Teachers' attention to ELD standards implementation and research based strategies for ELs, along with regular consultation with the ELD coordinator will also ensure that reclassified students continue to receive academic support and monitoring. We provide continued monitoring of students' progress on NWEA, CAASPP, and teacher-created summative and formative assessments, which includes IBM assessments. The ELD team continues to service

[15]"Critical Principles for Developing Language and Cognition in Academic Contexts." http://www.cde.ca.gov/ci/rl/cf/documents/chapter02dec2013.pdf

ELs in general education classrooms and has the flexibility to provide RFEP students with supports and modifications when needed.

ECMS-I recruits credentialed teachers with English Language Learner authorizations, who not only have training in second language pedagogy, but also have experience teaching second language learners and sheltered English classes. ECMS-I teachers are taught and expected to use the state English Language Development standards. Teachers attend appropriate training offered through LACOE, as well as other research-based workshops offered throughout the county or region. This allows these educators to become qualified to train other teachers during ECMS-I's in-service professional development.

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the pupil's classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.
- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.
- Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

D. Socioeconomically Disadvantaged (SED) Students

ECMS-Inglewood recognizes the gaps and barriers a socioeconomically disadvantaged student faces and provides support in a variety of ways. Our first priority is ensuring that the students basic needs are met, such as housing stability, food insecurity, and mental health access. Our social worker uses an array of screening methods to identify students who need assistance by receiving counseling referrals and the data from ECMS-I enrollment. Our social workers also collaborate with our partnering agencies to ensure we connect these families with resources, shelters, housing vouchers, food vouchers, and mental health services. Our wellness team continues to support these students and families throughout the year and ensures the student has school appropriate clothing, backpacks, laptops, internet access, free transportation metro cards, and is included in receiving extra support for the holidays.

Additionally, we understand that many SED students have experienced adverse childhood experiences that may come up as behavior challenges, emotional regulation challenges, and mental health concerns. Our wellness team uses our counseling referrals, academic assessments, and discipline data to identify the students needs to develop an individualized plan to address the root causes of the behavior. Once we identify the root cause the team identifies the best support for the student which could result in mentorship, counseling, individual therapy services, family therapy, psychoeducation, or connections with partnering agencies for resources.

The Charter School also provides a Free and Reduced Price Meal program to ensure that those from low-income families have the opportunity to eat an organic breakfast and lunch that includes fresh fruit, salad or fresh vegetables, and entrees that are low-fat, low-sugar, and low-salt. Parents also sign a contract agreeing not to send snacks and drinks that are high in sugar, and staff use incidents of students bringing high sugar items as an opportunity to educate students about nutrition. ECMS-I partners with a meal service provider approved by the state as a nutrition vendor.

ECMS-I reinforces healthy lifestyle choices through its academic program, which includes a semester-long Fitness & Wellness class four days a week each year, as well as two daily recess periods. This approach to social emotional learning will also benefit socio-economically disadvantaged students. A meta-analysis of research on social emotional learning programs by the Collaborative for Academic, Social and Emotional Learning (CASEL), determined that “social and emotional learning (SEL) programming for elementary- and middle-school students is a very promising approach to reducing problem behaviors, promoting positive adjustment, and enhancing academic performance.”[16] The research analyzed indicated the SEL programs were successful for “schools primarily serving ethnically and socio-economically diverse student bodies.”[17]

ECMS-I’s instructional design is especially well suited to meet the needs of low-income and at-risk students. 6th and 7th graders have two core teachers who stay with them for two years. Looping has been shown to benefit low-income students. In a study in East Cleveland, Ohio, in a school district with 99.4 percent African American students, most from single-family homes, and one-half living at or below the poverty line, researchers found students in looping classes performed better on reading and math assessments than their peers in traditional classes. There were significant differences between the two groups—in some cases as much as a 40-point difference in favor of the looping students.[18]

ECMS-I’s schedule further supports the achievement of socio-economically disadvantaged students. For 6th and 7th grade students, core content subjects are

[16] Payton, J., Weissberg, R.P., Durlak, J.A., Dymnicki, A.B., Taylor, R.D., Schellinger, K.B., & Pachan, M. (2008). The positive impact of social and emotional learning for kindergarten to eighth-grade students: Findings from three scientific reviews. Chicago, IL: Collaborative for Academic, Social, and Emotional Learning. page

[17] Payton, J. et.al., page 7

delivered by a team of two academic teachers who share a common planning period. This structure provides students with an age-appropriate small learning community. In addition, teachers can confer early and easily if a student needs specific support. The team can reach out to parents when, and if, necessary. Students in 8th grade will be taught in a departmentalized program. Their different teachers will also have common planning time, which will be utilized for grade-level collaboration, as well as cross curricular planning. ECMS-I students are taught by the same group of four Specialty teachers for the duration of their time in middle school. These teachers are able to form lasting bonds with students and provide consistent support throughout the span of middle school. These teachers have common planning time to support consistency in programming for students.

SED students also benefit from their participation in College & Career Readiness courses, which are modeled on the AVID program. “Elective programs such as AVID Advancement Via Individual Determination help low-income and historically disadvantaged youths who show potential (a 2.0 to 3.5 grade point average) to prepare for college. These types of programs prepare students with study skills, leadership opportunities, college awareness, and goal setting. The programs have demonstrated results. For example, middle grades students in the AVID program enroll in algebra at a 42 percent rate, whereas the national average is 24 percent.”[19] This class is informed by emerging research on early career outcomes for charter high school alumni, and provides more career exploration and development opportunities before graduating high school, so they are more likely to have “strong early jobs” and report that they are “thriving.”[20]

Finally, our advisory program supports the needs of low income and at-risk students. The program is designed to facilitate communication between home and school and to foster close and mutually respectful relationships. Students have the same advisor for 6th and 7th grades, giving advisors time to develop strong communication ties to families. Each day, the advisor previews/recaps important events of the day, checks binders and agendas, and engages in reflection, team building, and goal-setting. This advisory period allows teachers another opportunity to check in with each student. Each student’s advisor coordinates family communication, including teacher conferences. Advisors strive to meet with every child’s family at least two times each year and achieve high levels of parent engagement. Advisors also serve as facilitators connecting students to other resources available at school and in the community. Our school counselor maintains a list of available services in the community, and advisors can access this resource and make referrals as requested or indicated by their advisees.

[19] California Department of Education Publication, Ensuring Success and Closing the Achievement Gap for All of California’s Middle Grade Students, “Strategies Common to Effective Middle Grades Programs” from http://pubs.cde.ca.gov/TCSII/ch7/efctvmidgrdsprgrms.asp

[20] Nelson, A, Sanina, E., & Chan, E. “Charter School Growth Fund, Alumni Early Career Outcomes Report, 2023.” From https://stories.chartergrowthfund.org/exploring-early-career-outcomes-insights-from-the-2023-alumni-survey-b9508037395a

For students and families with working parents, access to a safe, structured, and enriching after-school program is essential to ensure continuity of learning and positive youth development beyond the regular school day. ECMS-I's After School Education and Safety (ASES) program provides a nurturing environment that supports the developmental, social, emotional, and physical needs of all 6th - 8th grade enrolled students. Site administrators partner with local community based organizations (ex: Woodcraft Rangers) to curate learning activities that directly meet the needs of its participants. In addition to consultations with ECMS-I staff, interest surveys and focus groups with those enrolled are conducted. Based on the information derived, four components are directly woven into the schedule which incorporates: (1) Homework Assistance; (2) Fitness; (3) Snack; and (4) Enrichment. For example, students receive small targeted group homework assistance for approximately 30-60 minutes daily, that coordinates with what they are learning in class to ensure relevance.

This academic time is balanced by structured, non-competitive fitness activities that are both inclusive and engaging. A daily, nutritionally compliant snack is also provided through a food service partner, and interactive enrichment activities (approximately 60-90 minutes) that are delivered in cycles, encourage students to try new things. Enrichment offerings are designed to reflect meaningful learning, promote collaboration and expand students' horizons. For example, a student-driven curriculum in Arts & Media may foster cultural expression from dance and music to graphic design. Health & Wellness may be integrated through nutritional education, alongside various spots offering that are inclusive for all abilities. Finally, STEM concepts may be integrated across all activities, bolstered by dedicated MESA programs that push students toward college and career readiness.

ECMS-I also offers enrichment during the summer to stimulate our students' curiosity and creativity through additional hands-on learning opportunities. While fostering exploration and discovery, students thrive academically, socially, and emotionally during a fun, free, 4-week program called Camp ECMS. Funded through the CA Department of Education's Expanded Learning Opportunities Program (ELOP), this intersession focuses on supporting students' academic growth in ELA, Math, and Science, social/emotional development, and physical fitness, as well as their individual interests, through engaging and enriching experiences.

Both our after school program and Camp ECMS are fully inclusive and welcome *all* students from ECMS-I's diverse population regardless of race, gender identity, sexual identity, socioeconomic status, language proficiency, or disability. Students with disabilities are encouraged to enroll and Education Specialists, along with Paraeducators, coordinate with program staff to provide push-in services in the least restrictive environment. These high-quality, fully inclusive services additionally provide essential childcare support to our families, either after the regular school day or throughout the summer months, addressing vital community needs.

When the components described above are not sufficient, the ECMS-I Student Support Services Team is designed to respond to student needs. As described earlier, the program addresses the educational needs of students within the general education

classroom prior to referral to special education and utilizes classroom-based and school-wide interventions such as tutoring, counseling, enrichment programs such as EmpowHer, instructional modifications, and parental participation to respond to the needs of the student. Advisors review the grades, state test scores, and NWEA MAP scores of their students and initiate the SST process when necessary.

To support the emotional needs of at-risk students, ECMS-I schedules regular parent conferences, recommends individual and group counseling services, and, if needed, makes referrals to appropriate therapy services with local organizations, such as Masada Community Mental Health Services and Didi Hirsch Mental Health Care Center, all of which are provided on campus. Families can also access resources through parent education workshops that are held at least once each month and planned in collaboration with community partners. These sessions focus on common challenges families are facing every day, such as alcohol/drug awareness, age-appropriate sex education, and the importance of preparing for the transition to high school.

The Charter School's dedicated Social Worker plays a critical role within the expanded Multi-Tiered System of Supports offered on campus and builds essential trust within the Charter School community. Focusing on personalized interventions that cultivate a sense of belonging and value for every student, this mental health professional supports a streamlined referral system that enables students, parents, and teachers to easily flag concerns and facilitate early access to mental health services. The Social Worker actively monitors attendance data to ensure compliance, identify barriers, provide resources and coordinate with site leadership, often facilitating parent collaboration meetings, conducting home visits and case management when necessary to understand the cause of a student's chronic absenteeism in order to improve daily attendance rates. Partnering with external agencies to provide students and their families with the resources they need, the Social Worker also delivers Tier 2 supports while overseeing wellness programs and mentorship opportunities that address anxiety or other social-emotional barriers. Intensive Tier 3 mental health support, including brief treatment therapy, 1:1 counseling sessions, even suicide/threat assessments or screenings to identify at-risk youth, provides comprehensive wrap-around services that ensure all interventions lead to measurable student progress. Finally, in an effort to maintain crisis readiness through the implementation of restorative practices and defined response protocols, the Social Worker maintains rigorous logs to track incidents, referrals, and subsequent follow-through across all case management responsibilities.

A family's involvement at school, as described in the Collaboration with Families section above, supports the achievement of at-risk students; however, families of low socioeconomic status students are often "underrepresented among the ranks of parents involved with the schools."[21] To increase parental involvement, ECMS-I surveys the

[21] Cotton, Kathleen and Wikelund, Karen Reed. Parent Involvement in Education. Northwest Regional Educational
Laboratory. School Improvement Research Series Close Up #6 from http://www.nwrel.org/archive/sirs/3/cu6.ht

needs of our parents/guardians to ensure that programming is flexible and meets their work schedules and child-care needs. Research indicates that the parents of disadvantaged children can and do "…make a positive contribution to their children's achievement in school if they receive adequate training and encouragement in the types of parent involvement that can make a difference. Even more significant, the research dispels a popular myth by revealing, as noted above, that parents can make a difference regardless of their own levels of education. Indeed, disadvantaged children have the most to gain from parent involvement programs."[22]

The research also reveals that the most successful parent participation efforts are those that "…offer parents a variety of roles in the context of a well organized and long-lasting program. Parents will need to be able to choose from a range of activities which accommodate different schedules, preferences, and capabilities."[23] The research indicates that it is most effective to provide orientation and training for parents, but "…that intensive, long-lasting training is neither necessary nor feasible." [24]

ECMS-I school/family partnership features the following elements:

- Professional development for the teachers underscoring the importance of family involvement and the many means of communication possible at ECMS-I
- An orientation program for 6th grade parents during Summer Bridge and for all parents during Back to School night.
- Informing parents of state testing programs and interpretation of scores.
- Allowing parents to observe the Charter School's programs and visit classrooms.
- Providing parents easy access to students' standards grades and assignments via weekly printed progress reports and the online PowerSchool program.
- Weekly bilingual newsletter, informing parents of school events, due dates, and parent education opportunities.
- Class meetings with students' core teachers that provide parents with a description and explanation of the instructional program, forms of academic assessment, and levels of progress students are expected to meet.
- Soliciting feedback and suggestions from parents at parent meetings on decisions relating to the education of their children.
- Advisory program with advisory teachers who stay with students for the first two years of middle school.
- A small learning community that is accessible to families.
- Parent-teacher conferences up to two times a year.
- Repeated invitations for a wide range of volunteer activities—including, but not limited to gardening, helping in classrooms, assisting in handwork class, chaperoning field trips, and helping with fundraisers and fairs.
- Invitations to attend fairs, play performances, harvest festivals, student presentations and parent education events.

[22] Ibid.
[23] Ibid.
[24] Ibid.

- Participation in parent advisory committee/Summer Bridge program for new families.
- Summer Camp for 6th-8th graders.
- Open House for all parents and community members to showcase our work and highlight to incoming students their new school.

D. Foster & Homeless Students

ECMS-I recognizes foster and homeless youth face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. Homeless students can struggle with housing instability, food insecurity, transportation, school supplies, clothing, belonging and school connectedness. Homeless students are twice as likely to repeat a grade or be expelled or suspended.[25] Less than one out of four homeless students graduate from high school.[26] In 15-16 the graduation rate for foster youth in California was only 51.1%, compared to 83.8% for all students.[27]

ECMS-I's instructional design, including our small learning environment and our social-emotional learning program, makes it easier for us to quickly identify student needs, provide needed resources and coordinate wrap-around services. Unlike most small middle schools, ECMS-I has a "wellness team," currently composed of a full time counselor, a dean of student culture and a social worker, who is also our homeless and foster liaison. The liaison reviews enrollment data, counseling referrals, and coordinates with the office manager to facilitate the smooth enrollment and transfer of foster and homeless youth, and subsequently case manages each student by performing a needs assessment, ensuring appropriate placement, and providing the necessary technology, resources, and support. This process may include an intake meeting with family to identify needs, providing resources such as food, bus passes, dress code appropriate student clothing, hygiene kits, laptop, wifi hotspot, and school supplies. The liaison attends LACOE training sessions and arranges corresponding professional development for staff and faculty, ensuring all personnel are equipped to best support students. They also work with outside agencies and help students access additional resources, such as mental, dental and other health services. The liaison also promotes these supports through school newsletters and in meetings with families.

E. Special Education Program

The Special Education Program at ECMS-I is designed and implemented in full compliance with the Individuals with Disabilities Education Act (IDEA), as well as all applicable policies and guidance issued by the California Department of Education (CDE). As a member of the El Dorado Charter SELPA, ECMS-I adheres to SELPA policies, procedures, and service delivery models to ensure the provision of a free appropriate public education (FAPE) to all eligible students with disabilities.

[25] "America's Youngest Outcasts", www.homelesschildrenamerica.org; 2009
[26] The National Center on Family Homelessness, The Cost of Homelessness, 2012.
[27] DataQuest, Cohort Outcome Data for the Class of 2015-16, retrieved 9/26/17

Our school operates a comprehensive model of inclusive education grounded in a continuum of special education services designed to ensure that students with IEPs have maximum opportunities to learn alongside their nondisabled peers in the general education setting. Services and supports are built around each student's individual needs, with a primary focus on push-in models that embed specialized instruction within the classroom. While the majority of students with IEPs are fully included through this approach, we also provide a small-group Strategic Academic Instruction class for students who require more intensive support. This continuum of services enables ECMS-I to match services to student needs while maintaining inclusion as the foundation of our program.

ECMS-I's Inclusion Coordinator is primarily responsible for the management of the special education program, under the direction of the Principal, during the regular school year and during the Extended School Year, and is available for consultation and advising of ECMS-I's general and special education staff.

1. Identification and Referral

ECMS-I will take the following steps for students who are referred for Special Education Assessment by the SST:

a. Referral for Assessment

At ECMS-I, the referral process is a formal, ongoing review of information related to students who are suspected of having disabilities and who show potential signs of needing special education and related services. Parents may refer their child for assessment for special education services. Within fifteen days (not counting school vacations greater than five days) of the receipt of a referral for assessment, the parent will receive a written response from ECMS-I.

The parent must consent to the Assessment Plan (AP) by signing the AP before the assessment can take place. ECMS-I has 60 days (not counting school vacations greater than five days) from the receipt of the parent's signed AP to complete the assessment and hold an IEP meeting.

If the parent does not consent to the AP, ECMS-I may take steps to protect the student if it is believed that the student is being denied necessary services. ECMS-I may also request that the parent meet to resolve this difference of opinion or initiate due process hearing to request a court order in the interest of the child.

Parents shall be provided a copy of the Notice of Procedural Safeguards in accordance with IDEA and California Education Code, including at least annually and upon initial referral for assessment, parental request, and as otherwise required by law.

b. Assessment

The assessment will gather information about the student to determine whether the student meets a disability eligibility criteria, and if eligible, the nature and extent of special education services that the student may need. Assessments may include, but are not limited to, formal and informal assessments, observations of the students at school, interviews with the student, parent, and school personnel who are knowledgeable of the student, review of school records, reports and work samples.

ECMS-I guidelines for assessment:

- Student will be assessed only after the educational right's holder consents to the Assessment Plan.
- Student shall be assessed in all areas of suspected disability. Assessment will be administered in the student's primary language in instances wherein the primary language is the dominant language or a qualified interpreter will be provided.
- Assessments shall use a variety of technically sound instruments and strategies to identify a student's strengths and educational needs and shall be administered by qualified, credentialed personnel in accordance with IDEA and California Education Code. Assessment may be adapted, as appropriate, for students with impaired sensory, physical, or speaking skills.
- A multidisciplinary team will assess the student, in alignment with state and federal guidelines.
- All assessment, evaluation materials and procedures shall be selected, administered, and interpreted so as to be free from racial, cultural, linguistic, gender-based, or sexual bias and discrimination, and shall be administered in a manner consistent with the Individuals with Disabilities Education Act (IDEA) and California Education Code to ensure valid, equitable, and nondiscriminatory results for all students.
- ECMS-I shall conduct all assessments and standardized testing of students with disabilities in accordance with state and federal requirements, and shall implement all approved accommodations, modifications, and accessibility supports as specified in the student's IEP, Section 504 Plan, or state assessment guidelines.

If a parent disagrees with ECMS-I's assessment of their child, the parent has the right to request an Independent Educational Evaluation (IEE) at public expense, consistent with IDEA and California Education Code. Upon request, ECMS-I shall either ensure the IEE is provided at public expense or initiate due process to demonstrate that its evaluation is appropriate, and shall provide parents with information on how to obtain an IEE from a qualified examiner.

c. Development and Implementation of an Individualized Education Program

Upon completion of an assessment, ECMS-I shall convene an Individualized Education Program (IEP) team meeting at a mutually agreed-upon time and place convenient for

the parent/guardian and the school. At the IEP meeting, the team shall review and discuss the assessment results and determine the student's eligibility for special education services in accordance with state and federal law. If the student is found eligible, an IEP shall be developed during the meeting.

Parents are essential members of the IEP team. If a parent/guardian is unable to attend the meeting in person, ECMS-I shall ensure meaningful participation through alternative methods, which may include virtual participation via video conferencing, telephonic participation, or other agreed-upon means that allow the parent to actively engage in the meeting. Upon request, the school shall provide interpretation services for parents who are deaf or hard of hearing or whose primary language is not English.

Students are encouraged to participate in the IEP process to the extent appropriate based on their age, development, and individual needs, particularly when the discussion includes postsecondary goals, transition planning, or services that directly impact the student's educational program.

The required members are:

- Parent(s)
- At least one general education teacher (if applicable)
- At least one special education teacher/provider
- LEA representative (who can commit resources)
- Someone who can interpret assessment results
- Others at parent or school discretion

At the discretion of the parent/guardian or ECMS-I, the IEP team may also include individuals who conducted the assessments or other persons with knowledge or special expertise regarding the student.

The IEP team shall determine the appropriate placement for the student based on the principle of least restrictive environment (LRE), ensuring that the student is educated with nondisabled peers to the maximum extent appropriate. Once the IEP is finalized and parental consent is obtained, ECMS-I shall implement the IEP as written.

The IEP shall include, as required by state and federal law:

- A statement of the student's present levels of academic achievement and functional performance, including strengths and areas of need
- Annual measurable goals, and short-term objectives when required, aligned to the student's present levels of performance
- A description of the special education services, related services, and supplementary aids and services to be provided
- The manner in which services will be delivered and the instructional settings in which they will occur
- The rationale for placement and service delivery decisions

- A description of instructional, assessment, and behavioral accommodations and supports
- Consideration of special factors, including assistive technology, when applicable
- Identification of applicable statewide and districtwide assessments and any approved accommodations
- A description of how the student's progress toward IEP goals will be measured and the frequency with which progress will be reported to parents
- English Learner goals and services, when applicable

If a student is identified as an English Learner, the IEP team will make sure the student's English language development needs are addressed. English Learner goals and services will be included in the IEP when the student still needs support to learn English. This is based on the student's English Learner status, not on whether the student's disability affects language. A student may need English language development services even if their disability does not impact language learning, and special education services do not replace English Learner services.

IEP meetings shall be held in accordance with state and federal law at the following times:

- At least once every 12 months to review the student's progress, services, placement, and to revise the IEP as needed (annual IEP review).
- Within required legal timelines following an initial assessment or reevaluation, including the development or review of an IEP after assessment results are completed and shared with the IEP team.
- At least once every three years to review the results of a comprehensive reevaluation (triennial assessment), unless the parent and the school agree in writing that a reevaluation is not needed.
- Whenever a parent or school staff member requests an IEP meeting to develop, review, or revise the IEP due to concerns about progress, lack of expected progress, or changes in the student's needs.
- When a student experiences significant changes, including notable educational progress, lack of anticipated progress, or changes in services or placement.
- When a student is approaching a transition, such as a move from elementary to middle school, middle school to high school, or when postsecondary transition planning is required.
- Within 10 school days of a disciplinary decision that may result in a suspension of more than 10 school days or an expulsion, to conduct a manifestation determination review.

Student discipline procedures, including suspension and expulsion, shall comply with all applicable federal and state laws and regulations and shall emphasize the use of positive behavioral interventions and supports.

ECMS-I shall include postsecondary transition planning for all students with IEPs beginning in eighth grade to support a successful transition to high school. Postsecondary transition planning shall be included no later than the first IEP that will

be in effect when the student turns 16 and shall be updated annually thereafter. Transition planning shall be designed to ensure that postsecondary goals and services are in place prior to the start of ninth grade, as appropriate, and aligned to the student's individual strengths, interests, and needs.

d. IEP Review

The IEP for each student receiving special education services shall be reviewed by the IEP team at least annually to determine the student's progress and whether revisions to goals, services, supports, or placement are needed. A comprehensive reevaluation shall occur at least once every three years, unless the parent and ECMS-I agree in writing that a reevaluation is not necessary, in accordance with state and federal law.

An IEP meeting may be convened at any time during the school year if a parent or school staff member has concerns about the student's progress, lack of expected progress, or changes in the student's needs. Parents may request an IEP meeting, an assessment, or reassessment verbally or in writing. All requests shall be documented by ECMS-I and responded to in accordance with applicable state and federal timelines. Parental consent shall be obtained prior to conducting any assessment or reassessment, as required by law.

ECMS-I shall provide parents with a copy of the Notice of Procedural Safeguards, in accordance with the Individuals with Disabilities Education Act (IDEA) and the California Education Code, at least annually and at all other times required by law. In addition, ECMS-I shall make available to parents and staff general information regarding special education programs, rights, and applicable state and federal laws and regulations.

Decisions regarding the grade-level retention of a student receiving special education services shall be made by the IEP team.

e. Description of Due Process and Procedural Safeguards

Parents and guardians of students attending ECMS-I have the right to access procedural safeguards and dispute resolution options available under state and federal special education law, including mediation and due process hearings, in accordance with the Individuals with Disabilities Education Act (IDEA) and the California Education Code. ECMS-I shall provide parents with the Notice of Procedural Safeguards at least annually and at other times required by law.

In the event that a parent or guardian initiates due process proceedings, ECMS-I, as the local educational agency (LEA), shall be named as the respondent and shall comply with all applicable requirements, including timelines, resolution sessions, and hearing procedures, as established by law and by the policies and procedures of the El Dorado Charter SELPA. ECMS-I shall provide all required documentation and participate fully to ensure a timely and compliant response.

ECMS-I shall be responsible for its own legal representation and associated costs in any due process or other legal proceedings related to special education. As the LEA

responsible for the provision of special education services, ECMS-I shall be fiscally responsible for any prospective services, compensatory education, reimbursement, or attorneys' fees awarded as a result of a due process decision, court order, or settlement, as required by law.

ECMS-I is committed to proactive family engagement and early problem-solving through regular communication, IEP meetings, and progress monitoring in order to address concerns and, when appropriate, resolve issues prior to the initiation of formal dispute resolution.

2. Charter School Special Education Responsibilities

The Los Angeles County Office of Education (LACOE) serves as the charter authorizer for ECMS-I and exercises oversight responsibilities in accordance with applicable charter law. In this role, LACOE may monitor ECMS-I's compliance with the terms of its charter, along with applicable state and federal laws, and may require corrective action, as appropriate. LACOE does not serve as a party to special education due process proceedings under IDEA.

ECMS-I shall cooperate with LACOE in matters related to charter oversight and compliance while retaining full responsibility, as an independent LEA, for the administration and implementation of special education services.

ECMS-I is an independent LEA for special education and is a member of the El Dorado Charter SELPA, with which it has entered into a memorandum of understanding that delineates special education responsibilities and funding. ECMS-I shall implement its special education program in alignment with IDEA, California Education Code, California Department of Education guidance, and SELPA policies and procedures.

ECMS-I is responsible for ensuring that all eligible students with disabilities receive a free appropriate public education (FAPE) and that students are identified, assessed, served, and supported in accordance with state and federal law. ECMS-I shall develop, implement, and review IEPs, provide special education and related services, and ensure placement decisions are made in the least restrictive environment, consistent with applicable law and SELPA procedures, as described in other sections of this petition.

ECMS-I shall maintain responsibility for special education staffing, budgeting, service delivery, and data reporting, including timely submission of required reports through SELPA-designated systems. ECMS-I shall ensure that special education personnel and contracted providers are appropriately credentialed or licensed and that staff responsible for implementing IEPs are informed of their responsibilities.

ECMS-I shall comply with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and all applicable Office for Civil Rights requirements. ECMS-I shall also implement discipline procedures for students with disabilities in accordance with state and federal law, including the use of positive behavioral interventions and supports, as described elsewhere in this petition.

3. Funding for Special Education

ECMS-I shall receive its allocated share of AB602 special education funds from the SELPA and shall be fiscally responsible for the provision of special education services and instruction to the students they serve. In addition to AB602 funding, the Charter School will receive IDEA Local Assistance funding based on the number of special education students ECMS-I serves. ECMS-I shall keep daily attendance for each student and such attendance shall be reported and certified.

4. Supplemental Instructional Materials

ECMS-I ensures that students with disabilities have equitable access to the general education curriculum through the provision of supplemental instructional materials and supports aligned to each student's individualized education program (IEP). Specialized, adapted, and modified instructional materials will be provided for students as determined by their individual IEP requirements to allow access to and meaningful participation in the general education curriculum and the State Standards. Social skills, and transitional skills will be addressed based on student needs and strengths. Adaptive technologies that will be implemented for students who require them will include audio-books, manipulatives for math, text-to-speech and speech-to-text programs, and occupational therapy materials.

F. Section 504

ECMS-I, as the local educational agency (LEA), is responsible for ensuring compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). ECMS-I facilities shall be accessible to students with disabilities in accordance with applicable ADA requirements. ECMS-I has adopted policies and procedures for the identification and support of students who may be eligible for accommodations under Section 504 and ensures that no otherwise eligible student is denied access to educational programs or activities on the basis of disability.

A student is eligible for protections under Section 504 if the student has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

A Section 504 team shall be convened by the site administrator or administrative designee and shall include the parent or guardian, the student's teacher(s), and other qualified individuals knowledgeable about the student, relevant data, placement options in the general education environment, and applicable legal requirements. The Section 504 team shall first determine whether an evaluation is needed to assess eligibility and the need for accommodations. While Section 504 does not require formal assessment in all cases, it does require the use of appropriate evaluation procedures. When an evaluation is conducted, the team shall review information from multiple data sources, which may include academic, behavioral, medical, attendance, and other relevant records, consistent with SELPA-aligned evaluation practices.

Evaluations under Section 504 shall be based on valid and reliable procedures conducted by trained personnel and shall be sufficient to accurately identify the nature of the student's impairment and its impact on the student's access to and participation in the educational program. If a student has previously been evaluated under the Individuals with Disabilities Education Act (IDEA) and found ineligible, those evaluation results may be considered by the Section 504 team, as appropriate. If, during the Section 504 process, information suggests that a student may be eligible for special education under IDEA, a referral for special education assessment shall be initiated.

If the Section 504 team determines that the student has a disability under Section 504, the team shall develop a Section 504 Plan identifying the accommodations and supports necessary to ensure the student receives a free appropriate public education (FAPE). In developing the plan, the team shall consider all relevant information reviewed during the evaluation process. Parents or guardians shall be invited to participate in Section 504 meetings and shall be provided the opportunity to review relevant records.

Procedural safeguards shall be provided to parents and guardians in connection with identification, evaluation, and placement decisions under Section 504, including notice of decisions and available dispute resolution options. Determinations regarding eligibility or ineligibility shall be provided to parents or guardians in writing and, when required, in their primary language.

Section 504 Plans shall be implemented by staff with a legitimate educational interest and shall be maintained in the student's educational record. Each Section 504 Plan shall be reviewed periodically, and at least annually, or more frequently as needed, to determine continued eligibility, the effectiveness of accommodations, or whether the plan should be revised or discontinued.

A student may not simultaneously have an Individualized Education Program (IEP) under the Individuals with Disabilities Education Act (IDEA) and a Section 504 Plan. When a student is found eligible for special education services and an IEP is developed, the IEP becomes the governing educational plan and replaces the need for a separate Section 504 Plan. Students with IEPs are protected under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA) through the provision of special education and related services. Maintaining both an IEP and a Section 504 Plan at the same time is unnecessary as it may create confusion regarding implementation and accountability.

Parents and guardians of students eligible under Section 504 shall be provided procedural safeguards related to identification, evaluation, and placement decisions, including notice of decisions and information regarding available dispute resolution options. ECMS-I shall make reasonable efforts to resolve concerns informally through communication and meetings with parents or guardians. Parents and guardians also have the right to file a complaint with the Office for Civil Rights or to request an impartial hearing in accordance with applicable Section 504 regulations.

G. Advanced Learners

In order to provide programs and curriculum for academically high achieving students, ECMS-I offers a continuum of approaches and options that can meet a wide range of abilities, interests and learning styles. ECMS-I's block scheduling, looping and thematic, interdisciplinary, project-based approach assists high achievers to develop and pursue extensions of what is being taught. Utilizing a small, personalized environment, teachers are able to move students in and out of groups, allowing high achievers an opportunity to work with their peers or independently. Service learning projects and opportunities to work with community partners will give students the chance to be mentored by adults.

Students, who during the course of the academic school year demonstrate an ability to advance at a faster pace and/or a higher cognitive level in core academic areas, will be challenged through an individualized learning plan in which learning outcomes are based on the Common Core Standards. The individualized learning plan will be developed by the core curriculum teachers in consultation with the student's parents. The plan will include specific goals and strategies and progress will be evaluated when performance reports are issued and reviewed at parent teacher conferences. Individualized learning plans may include supplemental advanced reading material and in-depth projects that are developed on an individual student basis to customize learning expectations. Students will also, at times, be grouped heterogeneously to work with and learn from each other.

IX. Professional Development

Professional development is essential to the continuous improvement of the educational program and structures of the Charter School. The Principal and Assistant Principal of Instruction at ECMS-I serve as the instructional leaders and facilitate professional development utilizing the principles and structure of a Professional Learning Community (PLC).

Time for professional development has been built into the schedule to allow for two hours of all-staff sessions per week, with additional meeting time for teaching teams. In addition, there are 8 full days of professional development planned during the school year, and an additional 5 days of professional development prior to the start of the school year. New teachers begin earlier than returning teachers for a thorough introduction to ECMS-I, its mission, core values, and instructional strategies, including Reading Apprenticeship. The PD days in August feature a comprehensive review of student and school-wide data that results in the identification or revision of goals, priorities, objectives, and benchmarks for the coming school year. Ongoing student data analysis and evaluation of strategy effectiveness continues throughout the school year during PD days. These sessions are utilized to provide teachers with training on the best practices and interventions refined through this continuous review.

Teachers and administrators also work together to identify professional development goals and concrete ways to achieve those goals, such as observing other teachers, attending workshops, and researching content and strategies.

Monday afternoon Professional Development meetings are times when staff convene in schoolwide teams, subject area teams, or grade level teams. Grade level teams also meet weekly. Monday meetings are often reserved for topics that are aligned to school-wide goals and objectives and are focused on collaboration among teachers using a protocol based on Richard DuFour's Professional Learning Communities to structure this work (see below). Announcements and general housekeeping tasks are kept to a minimum in order to preserve this time to concentrate on research-based strategies for improving teaching and learning. Each month, meeting time is devoted to discussions regarding students being referred for SST, to discuss operations, and to problem-solve.

A. Professional Learning Community

Based on the work of Richard DuFour and R. Marzano, ECMS-I's professional development meetings and trainings are focused on the ongoing exploration of three crucial questions that drive the work of all teaching staff:

- What do we want each student to learn?
- How will we know when each student has learned it?
- How will we respond when a student experiences difficulty in learning?

All Professional Development time and resources are devoted to answering those questions, with the overall goal of improving student learning. Therefore, the learning community not only supports teachers and students with assessing the quality of the learning that is taking place, it also helps to set the course (and the continual adjustment to that course) of implementing strategies to respond when some students do not learn.

Led by the Assistant Principal of Instruction, all teachers and paraeducators work on subject-specific and grade-level teams to analyze and understand standards, student performance, and student data. Collaboratively, they identify and implement/modify teaching strategies and measure the impact of those strategies. This collaborative work helps to create a culture of learning among students and teachers alike. The powerful collaboration that characterizes professional learning communities is a systematic process in which educators work together to analyze and improve their classroom practice. Teachers, coordinators, and paraeducators work in teams, engaging in an ongoing cycle of questions that promote deep team learning. This process, in turn, leads to higher levels of student achievement.

In addition to being systematic and school-wide, the professional learning community's response to students who experience difficulty is:

- *Timely*: The Charter School quickly identifies students who need additional time and support.

- *Based on intervention rather than remediation*: The plan provides students with help as soon as they experience difficulty rather than relying on summer school, retention, and remedial courses.
- *Directive*: Instead of inviting students to seek additional help, the systematic plan *requires* students to devote extra time and receive targeted assistance until they have mastered the necessary concepts.[28]

Professional learning communities measure their effectiveness on the basis of results. Working together to improve student achievement has become the routine work of everyone at ECMS-I. Every teaching team participates in an ongoing process of identifying the current level of student achievement, establishing a goal to improve the current level, working together to achieve that goal, and providing periodic evidence of progress. Team goals are measured with student achievement data rather than by what the teacher taught.

B. Reading Apprenticeship Framework

Reading Apprenticeship routines and protocols are central to professional learning at ECMS-I. Since its adoption in 2015, Reading Apprenticeship has become the common framework for disciplinary literacy, critical thinking, and academic belonging across the charter network. To deepen shared knowledge and effective implementation of this framework throughout the school, ECMS-I educators engage in monthly professional learning focused on a Reading Apprenticeship inquiry question. In 2025-26, for instance, the inquiry question is “What does it mean to be a school that cultivates critical thinking and belonging?” Together teachers and staff explore research-based resources, evidence of effective implementation on campus, and student learning data to generate answers and follow-up inquiries to that question.

Additionally, Reading Apprenticeship protocols are utilized in a variety of other professional development and collaboration contexts. For example, ECMS-I’s Assistant Principal of Instruction solicits feedback on upcoming professional learning workshops with assistant principals and content specialists from across the charter network using the Planning & Support Conference Protocol. ECMS-I paraeducators use the Golden Line & Last Word Protocol when reading an article about effective accommodations for students with ADHD.[29] ECMS-I leaders utilize the LINK (List, Inquire, Note, Know) protocol in a session introducing them to the charter network’s revised threat assessment procedures.[30] ECMS-I also utilizes the Give One, Get One and Metacognitive Pause routines to draw connections between the California English

[28] DuFour, Richard. “What is a Professional Learning Community?” . Educational Leadership. May 2004, Volume 61, Number 8 Schools as Learning Communities, Pages 6-11.

[30] Schoenbach, R., Greenleaf, C., & Murphy, L. (2012). *Reading for understanding: How Reading Apprenticeship improves disciplinary literacy in secondary and college classrooms*. San Francisco, CA: Jossey-Bass. See LINK (List, Inquire, Note, Know) routine, *Leading for Literacy*, pp. 254–255.

Learner Roadmap and the charter network's vision that every student thinks critically, in every class, every day.[31] This coherence in collaborative professional learning at ECMS-I enables leaders, teachers, and staff to continuously model, practice, and refine their knowledge of the Reading Apprenticeship framework. As a result, all educators are thoroughly equipped to flexibly implement the framework with fidelity to meet the specific learning needs of students at ECMS-I.

C. Planning for Critical Thinking

In addition to collaborative professional learning, ECMS-I prioritizes protected time for teachers to engage in meaningful backward planning for critical thinking. Student-free Teacher Planning Days are scheduled before the first day of instruction every quarter for all ECMS-I teachers. To support planning for student critical thinking, teachers use a

[31] Schoenbach, R., Greenleaf, C., & Murphy, L. (2012). *Reading for understanding: How Reading Apprenticeship improves disciplinary literacy in secondary and college classrooms*. San Francisco, CA: Jossey-Bass. See Give One, Get One and Metacognitive Pause, p. 256.

Planning for Critical Thinking (PCT) Protocol, which develops and refines unit plans for the upcoming quarter. Typically, they analyze student data, articulate the desired results, develop/refine their end of unit assessment, and draft a learning plan/calendar for the unit. ECMS-I teachers unpack their end of unit assessment using this protocol, by completing the assessment themselves, reviewing the student-facing directions, and performing the task as a learner would. Next, they reflect on the experience, considering the cognitive demands, potential student misconceptions, and insights gained. Finally, teachers document key takeaways, noting anticipated challenges, predicted student roadblocks, and the instructional routines that will best support students in developing the critical thinking skills needed to succeed on the assessment. Quarterly Teacher Planning Days also allow teachers to collaborate with co-teachers, paraeducators, program coordinators, and site leaders to ensure that their instructional planning attends to the needs of all students, maximizing student learning in class.

D. IBM Professional Development

IBM Professional Development occurs on three student-free days in Quarter 3. Based on extensive experience with interdisciplinary instruction, the Charter School has developed a Unit Design Cycle to facilitate the development of project based learning units which authentically integrate English, history, math, and science standards, environmental principles, Collaborative Skills, and SLOs. Through this process, each grade level team of teachers will: (1) Choose a cluster of learning objectives; (2) Find thematic connections; (3) Design the Interdisciplinary Benchmark Project; (4) Deepen content knowledge to improve instructional strategies; (5) Collaborate to plan instruction; (6) Analyze formative assessment data and plan for re-teaching; and (7) Reflect on the unit and project. This cycle is regularly tested and refined with the entire teaching staff in order to increase its effectiveness.

The assessment design and refinement skills that teachers build during non-IBM quarters support their ability to collaboratively develop a common valid, reliable performance assessment during IBM season. IBMs consist of a rubric, project description, unit vocabulary, and the task itself, usually consisting of both group and individual components, completed through both drafting and on-demand writing in all content areas including math. Teachers draft assessments, and then complete them following their own instructions in order to refine the rubric and to determine which skills are necessary to teach to students. When benchmarks have been administered, teachers score anonymous samples in order to calibrate and come to consensus on rubric ratings. Then, teachers score random sets of student work from each grade level–not necessarily their own students–in order to increase the reliability of ratings. Each core teacher, whether an English/History or a Math/Science teacher, will score all standards on the assessment. This both requires and encourages teachers to expand their content knowledge to include other grade-level standards, which in turn leads to more richly integrated classroom instruction.

Each summer includes one week of professional development and planning time. IBM quarters have three full student-free PD days: one to plan the IBM, one to refine the IBM

rubric and plan instruction based on formative data, and one to analyze data after the IBM is assessed and to plan for re-teaching and re-assessing. Semesters are backwards-planned so that the IBM is due 1-2 weeks before the final day of the quarter, allowing multiple opportunities for students to demonstrate proficiency.

E. Additional Training

Teaching staff also participate in the following trainings (over the summer or when possible) to implement specific aspects of the curricular program:

- Reading Apprenticeship Essentials
- Restorative Practices
- Special Education training for all staff
- Integrating ELD standards and supports into the general education classroom
- Implicit Bias training
- Training in Social Emotional Learning
- Training in utilizing NWEA MAP, Interim Assessment Blocks, and CAASPP data to inform classroom instruction
- Ongoing training and conferences as needed for the continuous improvement of the curricular program
- California Mathematics Council (CMC), California Association for Bilingual Education (CABE), California Association of Science Educators (CASE), California Association of Teachers of English (CATE), California Council for the Social Studies (CCSS) conferences
- Training in using the environment as an integrating context
- Interdisciplinary learning and instruction
- Online educational platforms for instruction
- Mandated trainings, such as blood-borne pathogens and safety plans

Administrative and/or Board Members have participated in the following trainings:

- Financial and business management training for administrators
- Board trainings for Board of Directors
- Loyola Marymount University's Center for Equity for English Learners "Reparable Harm" district capacity training to improve instruction for Long Term English Learners
- LACOE administrative trainings
- CDE CAASPP implementation trainings
- National Conference for Teachers of Mathematics
- California African American Superintendents and Administrators
- National Science Teachers Association conference
- California Charter Schools Association Conference
- Charter School Development Center Conference
- Charter School Growth Fund Convenings

F. Performance Evaluation

The ECS teacher development system is utilized to help educators implement our Best Practices with a focus on our organization-wide priorities. In 2022-23, for instance, ECS adopted “Planning for Critical Thinking” as our academic priority. This focus draws from multiple elements of the Best Practices in order to establish a targeted subset of instructional practices that drive professional development, instructional coaching, departmental collaboration, and teacher reflection and evaluation throughout the year.

ECS uses it as the basis for setting annual instructional priorities that keep teachers, principals, and network leaders focused on the highest impact, mission-and SLO-aligned goals for instruction during a given year.

Once ECS sets the instructional priority for the year, ECS site leaders collaborate to identify lag and lead measures to ensure that our investment of instructional resources results in improved student outcomes. Lag measures are typically student achievement goals on standardized tests and in college enrollment statistics that are impossible to measure until the end of the school year. Lead measures are quarterly targets for implementation, instruction, student achievement, and stakeholder perception that help us ensure that we are on track to achieve our year-end goals for student learning.

These quarterly targets for implementation and instruction serve as the basis for the annual evaluation of teachers at ECS. As part of our focus on “Planning for Critical Thinking” in 2022-23, for instance, teachers receive weekly feedback from their AP of Instruction or Department Chair on their daily lesson planning materials to (1) unpack student-facing tasks/texts, and (2) help lesson plan/design for student learning.

On a quarterly basis, teachers also receive classroom observation feedback from the Principal or Assistant Principal of Instruction. A classroom observation cycle consists of a review of relevant instructional materials (e.g. lesson plan, unpacked student task/text), an unannounced classroom observation, and post-observation debrief. All feedback is captured using a digital observation tool, which allows ECMS-I to record what was seen, upload documentation, communicate with one another, and analyze data from classroom visits. Formal teacher observations occur at least twice per school year, while informal observations take place throughout the year to ensure instructional alignment across the Charter School, subject areas, and grade levels. These informal observations also allow site leaders to get an immediate pulse on instruction, student learning, and areas in need of support/intervention.

Teachers at ECMS-I engage in annual self-reflection on their instructional practice as well. As part of the process, teachers are asked to select, identify, contextualize, and rate instructional artifacts that exemplify their practice of the priority for the year. They must also identify what they see as the next steps for further developing their practice for the year, along with additional PD, support, or resources needed to develop. This process typically occurs halfway through the year in December, and then once again at the end of the school year in May.

Using data collected from (1) teacher submission of instructional materials, (2) formal observation cycles, (3) informal class observations, and (4) teacher self-reflections, ECMS-I leaders are able to understand and address schoolwide instructional trends, the differentiated needs of teachers groups, and the development goals for individual teachers. Put together, these elements of teacher evaluation support Charter School leaders, teachers, and students to achieve our mission and SLOs.

Teachers are also expected to visit other teachers (peer observations) in their departments and/or grade levels throughout the school year in order to learn from each other, provide feedback, and reflect on department or grade level goals and strategies.

When a teacher does not make sufficient growth, or lacks key instructional skills, administration may assign a “priority goal,” which initiates a period in which the teacher receives a great deal of intensive support along with increased accountability. If a teacher is unable to make enough progress to have the priority goal resolved within the agreed upon timeline, they may be terminated.

As evidenced by the Charter School’s high level of teacher satisfaction, positive feedback regarding site-based professional development and coaching, generally positive student outcomes and high teacher retention rates, the supervision and evaluation system appears to be working well. We regularly solicit feedback from teachers on any areas that require refinement and work to resolve challenges within this system.

ELEMENT 2 – MEASURABLE PUPIL OUTCOMES

Governing Law: "The measurable pupil outcomes identified for use by the charter school. 'Pupil outcomes, for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." Education Code Section 47605(c)(5)(B).

Governing Law: "The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." Education Code Section 47605(c)(5)(C).

I. Measurable Pupil Outcomes and Actions to Achieve State Priorities

ECMS-I recognizes the importance of ensuring that all 6th-8th graders, including those from different student groups, such as unduplicated students, students who are socioeconomically disadvantaged, foster youth, students with disabilities, and English learners, are achieving and demonstrating growth and progress throughout their schooling experience. Our Local Control and Accountability Plan (LCAP) is designed to support the implementation and continued development of our innovative educational program. The LCAP includes both schoolwide and student group-specific goals, which are developed with input from all stakeholders, including students, parents, and staff. These goals are student-focused, measurable, and aligned with the State Priorities as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

II. Charter School Annual Goals and Actions to Achieve State Priorities

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), is provided below. Each of these goals addresses the unique needs of all students attending ECMS-I, including our numerically significant student subgroups. The metrics associated with these goals help the Charter School to ensure that these specific subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula (LCFF).

The current LCAP is on file with LACOE, and is also available on our website at www.ecsonline.org and in Appendix B (package pages 00213-00257). ECMS-I shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. Furthermore, the Charter School reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter term through the annual LCAP update. The Charter School shall submit the LCAP to the County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33. The Charter School shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

A. Rationale for Measurable Pupil Outcomes: CAASPP

After several years of CAASPP testing and California School Dashboard reporting, ECMS-I now has robust baseline data to inform performance expectations for students. While we have seen meaningful growth for multiple student groups (see Charter Renewal Criteria section “Dashboard: Schoolwide Performance Levels on State Indicators”), rates of improvement may continue to vary across student groups. Fortunately, California’s accountability model clearly identifies what constitutes an “increase” or “significant increase” in CAASPP performance.

For the upcoming charter term, ECMS-I’s goal is for students, both schoolwide and across significant student groups, to meet or exceed the state’s annual growth benchmarks on CAASPP, as reflected in Dashboard indicators.

ECMS-I will continue to use Distance from Standard (DFS) as its primary CAASPP measurable outcome. Progress will be tracked annually at both the schoolwide and student group levels (including English Learners, Students with Disabilities, Socioeconomically Disadvantaged Students, and Long Term English Learners).

Additionally, ECMS-I will examine cohort progress over time to evaluate how effectively the instructional program is accelerating learning as students advance through middle school.

B. Rationale for Measurable Pupil Outcomes: Science & History/Social Science

The California Science Test (CAST) has now been fully operational for several years, providing an important summative measure of student performance in 8th grade science. ECMS-I uses CAST results to establish baseline expectations and monitor student growth over time.

ECMS-I uses multiple measures, including NWEA MAP Growth in reading and classroom-based assessments, to track progress in the literacy skills that directly support science learning. ECMS-I emphasizes literacy as a key formative measure of

readiness in science, and NGSS explicitly underscores the importance of literacy in science learning: “Literacy skills are critical to building knowledge in science.”[32] This approach allows us to provide timely, targeted supports and to ensure students are prepared to demonstrate mastery on CAST and engage with NGSS-aligned content in meaningful ways.

Similarly, literacy remains our central focus for History–Social Science. While there is currently no standardized statewide summative assessment in this subject area, the California History-Social Science Framework[33] makes clear that literacy development is essential for content mastery. The framework notes: “A focus on student literacy in history–social science classrooms not only helps students learn content; it develops the skills necessary to participate effectively in a literate democratic society.”

ECMS-I’s instructional program emphasizes reading, writing, vocabulary development, and analytical thinking as levers for access and equity in the history-social science classroom. This approach aligns with both the CCSS ELA/Literacy Standards and California’s English Language Development Standards, ensuring that all students, including English Learners and Students with Disabilities, build the skills needed to comprehend and analyze complex informational texts across disciplines.

C. Rationale for Measurable Pupil Outcomes: English Learners

In setting new measurable pupil outcomes for English Learners, ECMS-I considered both the evolving state accountability measures and the shifting demographics of our student population. Over the past decade, ECMS-I’s English Learner population has steadily increased, representing a significant and vibrant portion of our school community.

The English Learner Progress Indicator (ELPI) remains the primary accountability measure for tracking English Learner growth on the California School Dashboard. ELPI evaluates the percentage of students demonstrating progress toward English language proficiency through:

- Maintaining a high level of ELPAC performance or
- Advancing by at least one ELPAC performance level

Measurable outcomes for the upcoming charter term are designed to maintain ECMS-I’s consistently high ELPI performance:

- The percentage of ECMS-I students making progress toward English language proficiency (ELPI) will be equal to or greater than the state.
- The percentage of English Learners who reclassify by the end of 8th grade shall be at least 50% per culminating cohort. If ECMS-I falls below 50%, then the

[32] National Research Council. (2012). *A Framework for K–12 Science Education: Practices, Crosscutting Concepts, and Core Ideas*. National Academies Press.
[33] http://www.cde.ca.gov/ci/hs/cf/sbedrafthssfw.asp

reclassification rate for each subsequent cohort will rise by 5% until reaching the 50% minimum.

In addition to tracking ELPI, ECMS-I will monitor reclassification rates, growth by ELPAC performance levels, and long-term English Learner progress, disaggregating data by grade level and student group to ensure targeted supports and equitable outcomes.

D. Rationale for Measurable Pupil Outcomes: Students with Disabilities

At ECMS-I, students with Disabilities performance on CAASPP in both English Language Arts (ELA) and Mathematics over the past two testing cycles showed mixed patterns of growth and decline. These trends contributed to the school's identification for Differentiated Assistance (DA) and highlight the need for strengthened systems aligned with ECS's inclusive education model.
In English Language Arts, ECMS-I aims to sustain positive year-over-year growth and accelerate improvement for Students with Disabilities, with the goal of achieving annual DFS gains that move this student group from its current performance level toward Yellow status within two accountability cycles.

In Mathematics, ECMS-I will prioritize recovery from the most recent decline by achieving measurable DFS improvement beginning in the 2025–26 school year, with the goal of returning the Students with Disabilities to Yellow or higher on the California School Dashboard.

Therefore, ECMS-I's measurable outcomes for the upcoming charter term focus on continuous improvement of academic outcomes for Students with Disabilities:

- The average Distance from Standard (DFS) score on the CAASPP English Language Arts assessment attained by ECMS-I Students with Disabilities (SWDs) will increase at least 3 points annually.
- The average Distance from Standard (DFS) score on the CAASPP Math assessment attained by ECMS-I Students with Disabilities (SWDs) will increase at least 3 points annually.

In addition, ECMS-I's LCAP actions set targets for accelerated CAASPP growth with the goal of reaching Yellow status within two years. The table below provides additional measurable outcomes for Students with Disabilities based on statewide performance. Progress toward all targets will be monitored annually through CAASPP results, as well as reviewed alongside cohort-level data to assess the effectiveness of instructional supports and interventions.

LCFF STATE PRIORITIES	
GOAL #1	
Improved Student Outcomes. ECMS-I will improve student outcomes by enhancing the quality of instruction, strengthening academic programs and implementing targeted supports.	Broad Goal State Priorities 4 and 8
Specific Annual Actions to Achieve Goal	
ECS Certified	ECMS-I personnel will receive support to analyze and disaggregate data, facilitate professional development, guide curriculum, evaluate programs and lead strategic planning efforts.
Multi-Tiered Systems of Support/Teacher Development System (MTSS/TDS)	Improve equity in learning by implementing an inclusive Multi-Tiered System of Support (MTSS) that is student-centered and ensures all students and student groups become conscious, critical thinkers equipped to graduate from college and create a more equitable and sustainable world. To achieve this, ECMS-I will prioritize standards to address learning gaps, audit existing intervention systems, and articulate high-leverage instructional best practices, while training and supporting educators through a variety of professional development modalities. Student data will also be used to evaluate efficacy of practices and implementation with fidelity.
English Language Development Program (ELD)	Collaborate with other ECS sites to maintain a shared system of compliance, accountability, and best practices.
ELD PD	Improve delivery of ELD services through targeted professional development, with an emphasis on inclusive practices that support language development across all content areas.
Special Ed Program	Collaborate with other ECS sites to maintain a shared system of compliance and accountability to provide additional support for ELA and Math. Progress monitoring for students with disabilities will include the use of curriculum-embedded assessments, interim benchmark data, and IEP-aligned progress measures. General education teachers, special education teachers, and other appropriate staff will review student data during scheduled collaboration cycles (5-10 weeks) in order to adjust instruction, interventions, and necessary supports in real time.
Special Ed PD	Improve delivery of special education services through intensive professional development and targeted supports for students.
Literacy & Math Initiatives	Strengthen literacy and math instruction through the implementation of WestEd's Reading Apprenticeship across content areas, focusing on metacognition, text selection and collaborative classroom conversations that foster independent thinking, the adoption of CCSS-aligned mathematics

	curricula, and a targeted reading intervention program to identify and deliver foundational instruction for those students who have not yet achieved reading fluency. To ensure fidelity and sustainability of initiative, ECMS-I will ensure that at least 95% of newly hired instructional staff will participate annually in Introductory Reading Apprenticeship professional development.
Specialty Classes	Reinforce core content and curriculum, develop high school readiness, and foster social emotional growth through engaging speciality classes and activities appealing to multiple modalities.
College/Career Readiness	Develop, implement and support a College/Career Readiness program that helps students learn the skills needed to succeed in college and the workforce, while cultivating an individual sense of purpose.

Expected Annual Measurable Outcomes

Outcome #1: The average Distance from Standard (DFS) score attained by all ECMS-I students and the majority of numerically significant student groups on the CAASPP English Language Arts assessment will be equal to or greater than the state Distance From Standard (DFS).

Data Source: DataQuest and CA Dashboard

Applicable Student Group	Baseline	26-27	27-28	28-29	29-30	30-31
All Students	-3	≥ State	≥ State	≥ State	≥ State	≥ State

GOAL #2

Climate & **Engagement**: ECMS-I will foster an inclusive and caring school culture that prioritizes student wellness, encourages stakeholder engagement, and promotes long-term organizational sustainability.	Broad Goal
	State Priorities 3, 5, & 6

Specific Annual Actions to Achieve Goal

Partnerships/ Outdoor Education	ECMS-I will develop and sustain partnerships to increase quality outdoor education engagement through overnight excursions and day field trips that contribute to whole child wellness, enhance sense of belonging and promote healthy adolescent development.
Inclusion- MTSS (SEL)	Committed to achieving equity and confronting systemic barriers that hinder access to education, ECMS-I will integrate inclusive practices to support the diverse needs of all students, ensuring an authentic sense of belonging and a viable path to achieving academic success. This model centers around meaningful student-adult relationships, small learning communities, and Advisory programs (Tier 1 support for social, emotional, and academic needs) to drive improvements in overall student performance (attendance, engagement, and CAASPP scores). Inclusion strategies will also help increase teacher capacity to implement Universal Design for Learning (UDL) and Reading Apprenticeship across all content areas. A dedicated counselor or social worker will continue to expand emotional supports available to our students and their families (Tier 2), and provide individualized interventions (Tier 3), including restorative practices to ensure all student needs are met.
Parent Engagement	Leverage and build family engagement strategies, including surveys, town halls, community events, committees, and councils to expand parent involvement in decision-making and increasing school connectedness, particularly amongst parents of low-income students and English learners.
Student Engagement	Develop and sustain programming, community partnerships, enrichment activities, and mentoring programs to improve student attendance and decrease chronic absenteeism. ECMS-I will also maintain a robust afterschool program to supplement educational programs and increase student engagement, along with connectedness.

Expected Annual Measurable Outcomes

Outcome #1: Average daily attendance (ADA) at ECMS-I will be greater than or equal to 95%.

Data Source: Attendance rate reporting in PowerSchool's Analytics and Insights platform

Applicable Student Group	Baseline	26-27	27-28	28-29	29-30	30-31
All Students	95%	≥95%	≥95%	≥95%	≥95%	≥95%

Outcome #2: The rate of chronic absenteeism among all students and the majority of numerically significant student groups will be less than or equal to the state.

Data Source: CA Dashboard

GOAL #3

Excellent Operations & Facilities. ECMS-I will ensure that operations and facilities support the needs of all students and student groups, align with educational programming, and promote academic achievement.	Broad Goal
	State Priorities 1, 2, and 7

Specific Annual Actions to Achieve Goal	
Employees for Ed. Program	ECMS-I will employ certificated employees necessary to implement educational programs.
Employees for Operations	ECMS-I will employ staff necessary for effective operations and facilities that support student safety and the implementation of educational programs.
Insurance/ Benefits	ECMS-I will maintain required insurance and offer competitive employee benefits packages.
Curriculum	ECMS-I will purchase books, materials and supplies to ensure smooth operations and effective implementation of educational programs. Students will also be provided with free and reduced price lunch.
Professional Services	ECMS-I will leverage professional services and ongoing operating expenses (Budget Series 5000) to ensure smooth operations and effective implementation of educational programs.
Capital Improvements	ECMS-I will make capital improvements to ensure student safety and support implementation of educational programs.
CMO Classified	ECS will provide ECMS-I with human resources, accounting, financial, development, data and facilities support to ensure smooth operations. This personnel will also support the Charter School's implementation of standards and work to secure additional resources needed to implement educational programs.

Expected Annual Measurable Outcomes						
Outcome #1: The number of teacher misassignments at ECMS-I shall be 0. **Data Source**: CalSAAS Annual Assignment Monitoring Outcome (CTC)						
Applicable Student Group	Baseline	26-27	27-28	28-29	29-30	30-31
Schoolwide	2	0	0	0	0	0
Outcome #2: All students shall have access to standards-aligned instructional materials. **Data Source**: Quarterly audits of teacher lesson plans

Outcome #7: The percentage of teachers who will implement conditions for student critical thinking will be no less than 75%. If ECMS-I falls below this threshold, the percentage will increase at least 2% annually until reaching the threshold.

Applicable Student Group	Baseline	26-27	27-28	28-29	29-30	30-31
Schoolwide	50%	52%	54%	56%	58%	60%

ELEMENT 3 – METHODS OF ASSESSING STUDENT OUTCOMES

I. Methods of Assessing Student Outcomes

ECMS-I will monitor, document, evaluate, and publish student outcome results. Ongoing evaluation will serve to document best practices achieved, provide longitudinal data for continuous improvement, and most importantly, inform parents and the community on the degree to which ECMS-I is achieving its stated goals for students.

ECMS-I will measure its achievement in both growth and absolute measures, and will compare it to the achievement of selected public schools that are similar in demographic and other characteristics. Based on current enrollment data, ECMS-I has identified the following comparison schools: Animo Legacy Charter MS, Bud Carson MS, Century Community Charter, Crozier (George W.) JHS, Grace Hopper STEM Academy, Hawthorne MS, Jane Addams MS, Lennox MS, Prairie Vista MS, TEACH Academy of Technologies, Will Rogers MS, Wiseburn MS. All of these schools serve grades 6-8 and are located within 3 miles of ECMS-I.

ECMS-I pays careful attention to documenting and analyzing both anecdotal and empirical student performance data through a combination of quantitative and qualitative measures. For the external audience, this approach provides validity to the work that we do, and allows us to document growth over time as well as communicate the results of our practices in language that is clear and understandable. For our internal audience, this method also provides a way to systematize our understanding and implementation of assessment and evaluation in support of our school's mission. Therefore, it is more than an assessment system; it is a system and philosophy reflecting what we value and how we help students learn.

While this plan serves to provide the overarching structures and philosophies for our assessment and evaluation procedures at the Charter School, it is not a static procedure. The act of teaching is a continuous formative process. Using a combination of national norm referenced tests, statewide standardized exams, and a variety of locally designed assessments and evaluations, this model provides the data and basis for discussions on assessing and improving student learning.

ECMS-I complies with all state and federal assessment and accountability requirements applicable to charter schools. ECMS-I administers all mandatory state-adopted standardized tests, including the CAASPP, CAST and Physical Fitness Test. The Charter School tests independently.

ECMS-I's assessments are aligned with California's Eight State Priorities. The method for measuring pupil outcomes for the Eight State Priorities will be consistent with the way information is reported on ECMS-I's School Accountability Report Card ("SARC").

ECMS-I uses both formal and informal entry-level evaluations, along with continual monitoring of student progress through formative and summative assessments. These may, at times, include performance-based assessments, portfolio reviews, authentic project-based assessment, and standardized assessment tools. They also influence curricular choices and drive instruction, providing a basis for scaffolding and differentiated instruction. Pre-assessments assist teachers in activating students' prior knowledge, and in identifying any significant gaps in student understanding. All formal performance-based assessments are accompanied by a rubric for the students that clearly outlines the objectives of their assessment. These authentic, multiple-measure, ongoing assessments provide lenses through which to view the "whole-child" whom ECMS-I is dedicated to educating.

Assessment Schedule			
Assessment	**Purpose**	**Grade Levels**	**Timeline**
CAASPP & CAST	Identify students' ability to meet or exceed grade level standards in English Language Arts (ELA), Math, and Science	6-8	Spring
ELPAC	Required state test for English language proficiency that must be given to students whose primary language is other than English. The ELPAC purpose: ● Identify students with limited English proficiency ● Determine the level of English language proficiency of those students ● Assess the progress of English learners in acquiring the skills of listening, speaking, reading, and writing in English	6-8	Annually
NWEA MAP-Reading & Mathematics	Adaptive online assessment used to estimate the general developmental level of students; also to identify each student's areas of strength/weaknesses in subject areas and achievement information to monitor year-to-year developmental changes	6-8	Fall, Winter, Spring
Curricular Based Assessments	Used to formatively assess student mastery of material within a unit of study through a variety of learning modalities	6-8	Ongoing
End of Unit Assessments	Teacher-developed/refined and vertically aligned with the department using rubrics, exemplars, and student samples	6-8	Ongoing
Interim Assessments	Interim assessments in Math & ELA aligned to CAASPP and designed to gauge progress towards grade level proficiency	6-8	Ongoing
Project-Based Assessments (IBMs)	Project evaluations incorporating our interdisciplinary approach across content areas	6-8	Annually
California Physical Fitness Test	Used to help students reflect on and develop habits of physical activity to promote fitness to support physical and emotional wellness	7	Spring

A. Teacher-Developed Curriculum & Assessments

At ECMS-I teacher-developed curriculum and assessments allow instruction to be engaging, coherent, and closely aligned to students' needs. Teacher-developed curriculum and assessments are informed by High-Quality Instructional Materials (HQIM) and California grade-level standards, as well as summative assessments. Teachers collaborate within content-area departments and are guided by network specialists and structured collaborative protocols to ensure vertical and horizontal alignment to state standards. This process includes the use of pinnacle and interim assessments, common rubrics, analysis of student work samples, and ongoing data collection. Through continuous improvement and refinement cycles, educators regularly review instructional effectiveness and adjust curriculum and assessments to better meet student needs, while ensuring coherence and consistency across grade levels.

B. Interdisciplinary Benchmarks

ECMS-I assesses students using our Interdisciplinary Benchmarks (IBMs). Based on extensive experience with interdisciplinary instruction, ECMS-I has developed a Unit Design Cycle to facilitate the development of deeply interconnected units which authentically integrate English, history, math, and science standards, environmental principles, collaborative skills, and critical thinking. Following the steps of the Unit Design Cycle, each grade level team of teachers: (1) Chooses a cluster of learning objectives; (2) Finds thematic connections; (3) Designs the Interdisciplinary Benchmark Project; (4) Deepens content knowledge to improve instructional strategies; (5) Collaborates to plan instruction; (6) Analyzes formative assessment data and plans for re-teaching; and (7) Reflects on the unit and project. This cycle is regularly tested and refined with the entire teaching staff in order to increase proficiency and to make it a truly replicable model.

ECMS-I develops teachers' ability to create common valid, reliable performance assessments. Each IBM consists of a rubric, project description, unit vocabulary, and the task itself, usually consisting of individual and group components, completed through both drafting and on-demand writing in all content areas, including math. Teachers develop assessments, and then complete them following their own instructions in order to refine the rubric and to determine which skills are necessary to teach to students. When benchmarks have been administered, teachers score anonymous samples in order to calibrate and come to consensus on rubric ratings. Teachers then score random sets of student work from each grade level - not necessarily their own students - in order to increase reliability of ratings. Each core teacher, whether an English/History or a Math/Science teacher, scores all standards on the assessment. This requires and encourages teachers to expand their content knowledge to include other grade-level standards, which in turn leads to more richly integrated classroom instruction. As teachers collect data on student IBM performance, they initiate the next phases of the Unit Design Cycle which are most appropriate for their grade level teams.

C. Common Assessments

Common assessments are essential for coherence and consistency of instruction because they align teachers around shared learning goals and expectations for student mastery. By using common measures of learning, teams can ensure that all students, regardless of classroom or teacher, have equitable access to grade-level standards and rigorous instruction. Common assessments also provide comparable data that supports collaborative planning, reflection, and instructional adjustments, strengthening vertical and horizontal alignment across the school.

The Humanities department has created and implemented common writing rubrics (for narrative, informative, and argumentative tasks) to ensure vertical alignment to grade level rigor on formal writing tasks. Teachers typically administer 2-3 formative assessments per unit to evaluate key skills. Teachers then identify rubric trends from each formative assessment to provide responsive instruction. Formative and summative assessment data are shared across the department and paired with student work samples. Teachers also visit each other's classrooms to share and borrow ideas, support instruction, give feedback, and consider how teaching practices align. Together, the department uses a variety of Reading Apprenticeship tools and protocols to improve student writing in preparation for high school, college and career.

When creating common rubrics across the department, humanities teachers unpack the State Standards and define common language across the team. This allows teachers to know exactly what it means to be proficient in a specific skill. Students also use these rubrics to check their own work before turning in the assignment. Teachers then give feedback using the rubric and students reflect on what they need to do to edit and resubmit the assignment. In addition to peer feedback, students receive teacher feedback 1-2 times before a final draft is submitted.

In Mathematics, common assessments, like the curriculum itself, are grounded in the Standards for Mathematical Practice and require students to demonstrate understanding of both current and prior content. Aligned to grade-level standards and summative achievement data, these common assessments are intentionally designed to measure proficiency and growth, and are developed using materials from ECMS-I's adopted curriculum (Open Up Resources), SBAC sample items, along with other high-quality open-source instructional materials (HQIM). Students are also provided with opportunities to explain their reasoning and engage with a variety of problem types spanning Depth of Knowledge (DOK) levels 1 through 4. Currently, the department is using an online assessment platform that mirrors the CAASPP interface, helping students build familiarity with digital testing tools so that technology does not become a barrier to performance.

Guided by the ECS Math Specialist, and supported by collaborative protocols within the mathematics department, ECMS-I teachers work alongside educators across the ECS network to engage in ongoing data collection and analysis, joint classroom observations, and iterative refinement cycles. Data is analyzed through the ECS Math

Dashboard, which provides both overall and individual student performance insight and enables responsive instruction to improve student outcomes. Teachers engage in regular independent and collaborative analysis of student data on a monthly cycle, enabling data-driven instruction and providing students with second-chance opportunities to demonstrate mastery. School leaders also utilize common assessment data to plan professional learning opportunities, prioritize support to specific teachers, and flexibly allocate resources in response to emerging trends in student learning.

To support instructional consistency, ECMS-I uses common assessment data to reinforce and bolster implementation of ECMS-I's adopted mathematics classroom look-fors:

- Protected independent think time
- Partner and small-group collaboration
- Whole-class discussion with a strong emphasis on student voice
- Opportunities for reflection, revision, and metacognitive pauses

D. Standards-based Grading and Reporting

Since opening in 2013, ECMS-I has utilized standards-based grading. This approach requires teachers to identify specific standards and evaluate students' proficiency on each criterion. The Charter School also reports performance levels on each priority standard to students and their parents. We spend time orienting new families to our grading system, ensuring they understand how this process empowers them to target their support of student academic growth. For example, rather than helping students with "math," they can focus their assistance on specific areas of weakness, such as finding the circumference of a circle or turning in homework on time. Despite the uniqueness of our grading system, parent feedback has been positive. As we move forward, we will continue to engage parents in their student's performance reports and empower them to use them as tools for guiding their child's studies.

II. Use and Reporting of Data

ECMS-I believes that data collection and analysis play a key role in the quality and efficiency of the Charter School. ECMS-I uses data tools to warehouse, verify, and report data, drawing from multiple sources, including PowerSchool, CAASPP test results, ELPAC, and NWEA. This enables us to examine current and accurate data in formats that are both meaningful and actionable.

Demographic data, free and reduced price lunch eligibility, and emergency information are collected at the beginning of the school year and updated when necessary. At the start of each school day, teachers enter student attendance data into PowerSchool.

Over the course of every academic quarter, the teacher collects assessment data and enters it into PowerSchool. Data is gathered on each discrete standard, including critical thinking and collaborative skills, and reported out to students and their parents by

standard, using a 4-point scale, with 3 indicating proficiency. Teachers also collect discrete data on proficiency by standard from multiple assignments and report student proficiency levels on each priority standard to students and their parents. Students track their own progress on each standard; a practice ECMS-I believes leads to increased motivation and comprehension of the learning objectives. By clearly separating academic achievement from other behavioral factors, we are able to target feedback and instruction for each student. Our goal is for students, parents and teachers to have a better understanding of what each student needs to do in order to reach proficiency on all priority standards.

The teachers and Principal analyze and review the data as a formative tool to drive curriculum development and inform instruction, while also serving as a summative measure of student progress. Individual student test results (with instructions on interpreting the results) are mailed home after each NWEA MAP testing cycle and standardized test administration. The assessment data is also reviewed with parents at each regularly-scheduled parent/advisor/student conference, or more frequently, as requested by the teacher or parent. Additionally, teachers review the results with their class to ensure that students understand the purpose of the assessments, their individual results, and how classroom instruction is aligned to the assessments. The goal of sharing the data with students and parents is to de-mystify the assessment process, while using assessment as a tool for instruction and communication about a student's progress towards meeting the State Standards and school-wide learning goals.

ECMS-I issues comprehensive, standards-based report cards each quarter. In addition, progress reports are distributed weekly, but the Charter School retains the option to adapt the frequency of such reports in order to provide more effective and meaningful feedback to students and parents. Formal parent/teacher conferences are held two times annually (and three for students who have been identified for a "Priority Conference" due to limited progress) to encourage open communication and detailed dialogue concerning an individual student's academic progress.

ECMS-I conducts annual parent surveys to measure the levels of parent participation and satisfaction with all aspects of the school's educational program. The SARC is developed and published annually before the deadline.

ECMS-I asserts that assessment data must drive instructional practice, not the reverse. As teachers analyze the student data within their weekly team meetings, they strategically plan for the "safety nets" and scaffolding necessary to support underperforming students. Beyond that however, they measure the effectiveness of their own instructional practices as reflected by their students' ability to comprehend and to quantify their understanding of conceptual ideas. A continuous process of self-reflection and data analysis will identify any needed adjustment in methodologies and delivery of curriculum.

In addition to this process of self-evaluation by the teachers, the Principal and other site and charter network leaders evaluate the effectiveness of the teachers' instructional practices by reviewing the students' progress toward established standards, their instructional techniques and strategies and their adherence to curricular objectives. The Principal and teachers utilize ECS Classroom Observation Cycle and standardized observation tools to monitor and provide feedback on each teacher's lesson planning, instruction, and evidence of student learning in the classroom. Formal teacher observations occur at least twice per school year, while informal observations take place throughout the year to ensure instructional alignment across the Charter School, subject areas, and grade levels. These informal observations also allow site leaders to get an immediate snapshot on instruction, student learning, and areas in need of support/intervention.

The Principal provides disaggregated data with comprehensive analysis of student achievement to the Board of Directors at least once annually, highlighting information that will assist the Board in developing policy, identifying budgetary needs, and recommending curricular adjustments.

ECMS-I teachers are continuously monitoring student achievement and their own develop-ment as learners and professionals. Our interdisciplinary program allows for a myriad of opportunities for pre-, post- and on-going assessment of cognitive, emotional and physical development. State-authorized, standardized testing provides us with valuable feedback as to the efficacy of the academic instruction. Their goal is to match all instruc-tion and professional development to the needs of the students.

In summary, assessment data is used in the following ways: 1) to inform instructional approaches, 2) to inform the development of personal and institutional professional goals, 3) to inform parents, and 4) to inform students. Assessment data serves as the impetus for specific professional development activities, programmatic additions, and changes. We are a dedicated com-mu-nity of learners, always striving to help students meet their potential and become proficient learners in all subject areas.

Regular Review of Measurable Pupil Outcomes and Assessments

In order to best serve our students and community and as part of our professional learning community, ECMS-I will continue to examine and refine its student outcomes over time to reflect the Charter School's mission, curriculum, and any changes to state or local standards. The LCAP, or any revisions necessary to implement the LCAP, shall not be considered a material revision to the charter, and shall be maintained by the Charter School at the school site.

C. Promotion and Retention

Students advance to the next grade when they demonstrate growth in learning and achievement of California grade-level standards. Decisions about promotion or retention are made using multiple measures, and with attention to equitable access to supports

and timely communication with families. Behavior and conduct are reported separately and are not used as the basis for promotion or retention.

Measures Considered

- Standards-based grades and evidence of proficiency/growth on priority standards in English Language Arts and Mathematics;
- Performance on local benchmark and diagnostic assessments and classroom assessments (e.g., unit assessments, performance tasks, portfolios);
- State indicators, when available (e.g., CAASPP/CAST), reviewed alongside classroom evidence; and
- Attendance/engagement factors only insofar as they affect access to instruction.

Students who have previously been retained

Students who have previously been retained can be advanced to their pre-retention grade level (the new grade level assigned at the end of the school year before the retention decision) if family, educators, and the counselor agree it's in the interest of the student and ECMS-I has evidence (e.g., grades and standardized test performance) that the student is able to perform above current grade level. To ensure the success of a previously retained student, ECMS-I will convene an SST or IEP team to analyze student needs and indicators of academic performance, recommend grade level promotion, and monitor student progress for a period of time if they are promoted to their pre-retention grade level.

Decisions regarding the grade-level retention of a student receiving special education services shall be made by the IEP team.

See Appendix C for Retention/Promotion Policy (package pages 00258-00261)

ELEMENT 4 - GOVERNANCE

Governing Law: "The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." Education Code Section 47605 (c)(5)(D).

I. Public Operating Principles

ECMS-I is operated by Environmental Charter Schools, a 501(c)(3) non-profit public benefit corporation. Members of ECS' Board of Directors, all administrators, managers or employees, as well as standing committees of the Charter School, shall comply with federal and state laws, non-profit integrity standards, and applicable LACOE policies and regulations regarding ethics and conflicts of interest. The affairs of ECMS-I are managed and its powers exercised under the ultimate jurisdiction of the ECS Board of Directors ("Board"). This Board oversees ECMS-I. Per the Bylaws, the Board reserves the right to add members as long as it does not exceed 13 members. ECMS-I is operated in alignment with charter authorization by the Los Angeles County Board of Education ("LACBOE") and oversight by LACOE (collectively referred to herein as the "County"). No interested person (e.g. employees) may serve on the ECS Board. ECMS-I and/or its non-profit corporation will be solely responsible for the debts and obligations of the Charter School.

ECS complies with the Brown Act and Education Code Section 47604.1. All meeting notices are posted at the Charter School, in a location that is accessible to the public for the benefit of parents and other interested persons, at least 72 hours before regular meetings so that any interested person wishing to attend is made aware of and able to plan their attendance at such meetings. The meeting minutes are recorded and are accessible on the Charter School's website.

All Board members shall complete self-paced online courses for the purposes of training on their responsibilities, with topics to include, at minimum, ethics (AB 2158), conflicts of interest, and the Brown Act.

Every member of the Board has a right to participate in all discussions during meetings and may vote on all issues before the Board. A quorum of the Board members must be present in order for the Board to conduct formal business. In the absence of consensus on any issues, decisions are made by a majority vote.

The Board of Directors' powers are outlined in the Bylaws. Most importantly, the Board will be responsible for providing fiscal oversight and accountability by approving and monitoring the budget. The Board, in conjunction with the Superintendent, will also help ensure effective organizational planning by approving long-range goals and annual objectives, monitoring general policies such as health and safety, use and maintenance of facilities, and fundraising, adhering to federal and state laws, and ensuring that school resources are managed effectively. This goal is accomplished primarily through hiring, training, supporting, reviewing the performance of, and if necessary, dismissing

the Superintendent. In addition, each Board member sits on one of the following committees: facilities, finance, audit, or governance. All management powers not specifically designated to the Board will be delegated to the Superintendent, who answers directly to the Board.

II. ECS Board of Directors

The ECS Board of Directors is comprised of community and business representatives with diverse skills and backgrounds needed to oversee the Charter School, including science and technology industry experience; business expertise in human resources and finance; extensive educational experience; entrepreneurial and strategic planning; public school facilities knowledge; and community representation. A current list of Board Members follows and their biographies are in Section I.5 of the petition submission:

- Dr. Betsy Hamilton (President)
- Zena Fong (Vice President)
- Dr. Denise Berger, Ed.D.
- Anthony Jowid
- Kennedy Hilario
- Dr. Madhu Chatwani
- Herbert Sims
- Mason Williams
- Andrew Ellenbogen
- Remco Waller
- Rotating LESD Representative

In addition to the aforementioned board members, ECS reserves one Board position for a LACBOE representative, if desired.

A potential ECS Board member may be nominated by any member of the Board; the nominee will have the opportunity to interview for a position on the ECS Board. During the interview process, prospective candidates are provided with written information on the roles of charter school board members, expectations for board members, including duty of loyalty and care and fiduciary oversight, detailed information about charter school governance, and an application for board membership.

The Charter School has adopted a Conflict of Interest Code that complies with the Political Reform Act and the Charter School complies with Government Code Section 1090, *et seq.*, as set forth in Education Code Section 47604.1, and Corporations Code conflict of interest rules, and which shall be updated with any charter school-specific conflict of interest laws or regulations. The Conflict of Interest Code is attached within Appendix D (package pages 00262-00265). As required, the Conflict of Interest Code has been submitted to the County Board of Supervisors for approval.

III. Parent Engagement

Serving a diverse community with varied access to information and resources informs our approach to family engagement. In addition to educating students at ECMS-I, we intentionally partner with families to support the understanding of their student's educational pathways and choices, while fostering a community in which families feel safe, included, informed, and valued.

Our engagement strategy includes one standard family-teacher conference with flexible scheduling and language support to ensure access, and additional priority conferences throughout the school year if necessary or requested by the parent. Based on family interest survey results, ECMS-I also offers supplemental events and trainings designed to build community and share information on topics that our families identify as meaningful. In previous years, these opportunities have been paired with community-building events that bring families, students, and staff together in informal settings to strengthen relationships. Additional strategies for family participation and feedback include:

1. Parent Advisory Committee ("PAC"): ECMS-I participates in the Parent Advisory Committee and, if required based on our English learner enrollment, an English Learner Advisory Committee (ELAC). These committees offer parents the opportunity to review and give feedback on the Charter School's goals, programs, and expenditures through the LCAP process. A member of the administration attends PAC/ELAC meetings to share updates, gather input, and answer questions about campus and program needs. Both committees serve in an advisory role. They inform school decision-making but do not make binding decisions on behalf of the Charter School.

2. Participation in curriculum and activities: During IBM quarters, parents are given the opportunity to participate in our Interdisciplinary Benchmarks. For example, they cheer for our Greek Olympics, "shop" at our Silk Road Bazaar, and help score students during our Enlightenment Science Fair. At ECMS-I, we see parents as partners in their child's educational process in a variety of meaningful ways and we strive to bring them into our curricular efforts whenever possible. In addition to attending benchmark days, parents may participate in events such as a Handwork Show or After School Program Celebration, or chaperone field trips to locations such as the Natural History Museum, Ballona Wetlands, Getty Center, and Hyperion Plant. Parent volunteers also spent the night with us on our camping trips, our annual Harvest Festival, and at campus beautification and garden days.

3. Coffee with the Principal: These well-attended meetings occur bi-monthly and give all interested parents an opportunity to ask questions and talk through issues relevant to the Charter School program. In the past, parents have discussed rigorous instruction and student work, grading, and goals for the Charter School.

4. Parent Surveys: Parents are surveyed yearly on their satisfaction with the Charter School program, leadership, support staff, teaching staff, curriculum, programs, and

facilities. This information is reported to the Parent Advisory Committee in order to direct decisions and activities for the remainder of the year. Additionally, at the beginning of the school year, parents are surveyed to determine upcoming trainings they would like to see presented.

5. Events: ECMS-I plans parent/community events throughout the year. A sample of those includes a welcome ice cream social, Back to School Night, a Holiday potluck, a Harvest Festival, a restaurant fundraiser, an Open House/Art Show to welcome incoming 6th grade families, and numerous Benchmark activities.

6. Parent Workshops: ECMS-I plans workshops, led by our own staff or professionals from external partner organizations, to inform parents on a variety of topics in which parents have indicated interest, including, but not limited to: internet safety, sex education, managing teen stress, self-harm, nutrition, vaping, and student success strategies. In the past, these workshops have attracted a solid base of 20 – 30 parents per event.

IV. Organizational Chart

The organizational chart on the following page highlights the relationship of the governing board of Environmental Charter Schools to ECMS-I and to its leadership and staff. The Superintendent reports to the Board of Directors, and the Principal reports to the Deputy Superintendent of Schools, who reports to the Superintendent. The Principal is responsible for overseeing faculty and staff at the site level. The Superintendent, Deputy Superintendent of Schools, and other key Charter School staff positions are shared employees of each of ECS charter entities, allowing for ECS schools to benefit from the economy of scale.

ECS recognizes both the benefits, and economic challenges, of a small school model. Accordingly, ECMS-I leverages resources and offsets costs by sharing employees with other ECS schools. Most of these employees are shared on an average daily attendance basis. For example, ECMS-I contributes toward the pro rata share of the Superintendent salary based on average daily attendance. Sometimes there are employees whose cost is shared with ECMS-I's sister sites based upon the number of days they support each site - a current example is the Horticultural Assistant. ECMS-I utilizes some financial and other business back office services to a charter school business management provider, EdTec (see Business and Operations Management section below). The governing board maintains liability for the Charter School, and all policy decisions are approved by this body. See Organizational Charts that follow:

ELEMENT 5 - EMPLOYEE QUALIFICATIONS

Governing Law: "The qualifications to be met by individuals to be employed by the charter school." Education Code Section 47605(c)(5)(E).

I. Hiring and Selection Process of all Employees

Administrative recruitment of well-qualified, experienced, and dedicated employees, as well as their on-boarding orientation, promotes a single vision amongst ECMS-I staff for high student achievement through multiple learning opportunities and preparation for further education. To ensure that the employees are committed to furthering the Charter School's mission, and they are able to work in a highly collaborative environment, ECMS-I follows an extensive hiring process.

The Human Resource Department at ECS supports ECMS-I to establish / revise job qualifications, announce openings, recruit applicants, require appropriate certificate or credential, request resumes, check references and records, verify previous employment, interview candidate(s) and select top candidate(s).

Staff members are recruited through communication channels such as EdJoin, Handshake, the Charter School website, education networking websites including the California Charter Schools Association, Teach for America, Charter Schools Development Center, as well as career fairs, local universities, word of mouth, and other outlets. ECMS-I's Principal, in cooperation with the ECS Custodian of Records, monitors ongoing credential requirements.

II. Job Descriptions and Qualifications of School Leadership

A. **Superintendent** Key Responsibilities

1. Strategic and Financial Planning
    a. Setting overall goals and objectives, near and long term, and evaluating progress toward those goals and objectives
    b. Monitoring and ensuring appropriateness of educational objectives and measurement tools
    c. Ensuring sound financial planning and budgeting

2. Development Marketing and Public Relations Plans
    a. Create and implement development plan to secure the resources needed to meet the strategic goals and objectives including capital and programmatic and capacity campaigns
    b. Align marketing and public relations plans to support strategic goals specifically to increase community awareness and improve impression of the Charter School and its educational accomplishments

c. Serve as the primary interface for the public, the media, and the community
d. Develop strong relationships with appropriate charter, district, community, local, state and federal organizations to drive support for ECMS-I and charter programs

3. Leadership
    a. Lead, support and problem solve with the mission in mind
    b. Work with site and ECS leadership to drive continual improvement
    c. Manage and support the leadership teams of all schools
    d. Evaluate Leadership Team including Site Principals
    e. Oversee the budget and fiscal health of the ECS schools
    f. Oversee and approve hiring and contracts of staff
    g. Provide recommendations to board on employee benefits, compensation scales and incentives
    h. Work with the Board of Directors to ensure it adds value to ECS

B. **Superintendent** Qualifications (include, but are not limited to):

1. Strong management and strategic planning skills;
2. Experience with budgets of $1,000,000 and above;
3. Experience raising resources;
4. Non-profit leadership, supervision and staff development experience;
5. Passion for public education;
6. Strong interpersonal skills, including the ability to interact effectively with staff members, board members, parents, district personnel, vendors, community stakeholders and the ability to network effectively;
7. Proficiency in the use of computers, including but not limited to word processing, spreadsheets, multimedia presentations, email, the Internet, and digital media;
8. Advanced degree, preferably in education and/or business; and
9. In-depth understanding of and commitment to the ECS's vision and mission.

Danielle Kelsick currently serves as the Superintendent of ECS and its four charter schools.

A. **Deputy Superintendent of Schools** Key Responsibilities

1. School Leadership & Strategic Direction
    a. Collaborate with the Superintendent to develop, implement, and monitor a strategic vision aligned with ECS’s mission, values, and organizational priorities
    b. Supervise, support, and evaluate four Principals, the Director of Student Wellness, and the Data Manager

Conduct weekly leadership meetings to review performance indicators, address challenges, and identify opportunities for continuous improvement
   c. Ensure coherence and alignment between ECS-wide goals and school-site implementation
   d. Facilitate cross-site collaboration among principals to share best practices and strengthen a culture of belonging and accountability

2. Academic Performance & Student Outcomes
   a. Monitor and analyze key student performance metrics, including enrollment, attendance, academic achievement, and behavior
   b. Guide the use of data-driven strategies to improve instructional quality and targeted intervention supports
   c. Ensure alignment of school-wide instructional practices with ECS's environmental justice, equity-focused, and student-centered curriculum
   d. Promote inclusive and culturally responsive instructional practices that support diverse learners
   e. Strengthen college access, persistence, and postsecondary success initiatives across all school sites

3. Leadership Development & Talent Management
   a. Develop and facilitate research-based professional development for school leaders on a regular basis
   b. Provide ongoing coaching, mentorship, and strategic guidance to principals and emerging leaders
   c. Cultivate a leadership pipeline to ensure continuity and long-term organizational sustainability
   d. Deliver timely, actionable feedback to school leaders to support professional growth and performance improvement
   e. Design and implement targeted support and intervention plans for leaders requiring additional development

4. Organizational Oversight, Operations & Compliance
   a. Support and participate in charter renewal, accreditation (WASC), LCAP development, and required state and local reporting processes
   b. Serve as the lead partner for authorizer site visits, including LACOE and WASC reviews
   c. Attend and participate in ECS Board of Directors meetings, providing updates and insights as needed
   d. Ensure staffing, scheduling, and resource allocation align with student needs and organizational priorities
   e. Partner with Human Resources to ensure consistent implementation of HR policies, evaluations, and performance management systems across all school sites

5. Community, Enrollment & Stakeholder Engagement
    a. Lead regular student outreach and enrollment strategy meetings to support recruitment, retention, and diversity goals
    b. Strengthen family and community partnerships to enhance student engagement and success
    c. Serve as a liaison between school leaders and the Superintendent to ensure clear communication and alignment on priorities
    d. Represent ECS in public forums, conferences, and advocacy efforts to elevate the organization's mission and impact
    e. Maintain transparent, proactive communication with staff, families, community partners, and external stakeholders

B. **Deputy Superintendent of Schools** Key Qualifications (include, but are not limited to):

1. Education & Certification
    a. Master's degree in Educational Leadership, Public Administration, or a related field (Doctorate preferred).
    b. Valid California Administrative Services Credential (or eligibility to obtain one).

2. Experience & Expertise
    a. Minimum of 5 years of executive leadership experience in a charter school or urban public school setting.
    b. Proven track record of improving student outcomes for Black, Latino, and low-income students.
    c. Experience leading principals and/or school leadership teams.
    d. Deep knowledge of charter school operations, academic accountability systems, data analysis, and continuous improvement strategies.
    e. Expertise in human resource management, staff development, and team leadership.
    f. Strong operational acumen with experience in budgeting, compliance, and strategic planning.

3. Skills & Attributes
    a. Exceptional coaching and leadership development skills.
    b. Strong written and verbal communication skills, with the ability to inspire and mobilize teams.
    c. Ability to navigate difficult conversations with clarity and empathy.
    d. Skill in balancing short-term urgency with long-term strategic planning.
    e. Deep commitment to equity, inclusion, and anti-racist education.
    f. Willingness to travel between four school sites weekly for in-person meetings, coaching, and school observations.

Lucia Bañuelos currently serves as the Deputy Superintendent of Schools at ECS and its four charter schools.

A. **Principal** Key Responsibilities

1. Faculty and Professional Leadership
    a. Hire staff qualified to meet the mission of the Charter School
    b. Supervise, coach and evaluate staff members
    c. Advocate, nurture, and sustain ECS culture through effective planning and oversight of professional development
    d. Model a personal code of ethics and develop professional leadership capacity

2. Curriculum, Instruction, and Assessment
    a. Oversee curriculum, assessment and instructional development and alignment
    b. Supervise development of use and data to inform instruction
    c. Create a school-wide improvement plan outlining goals, objective, and strategies to bring about desired improvements
    d. Implement and facilitate strategies to reach desired outcomes.
    e. Manage special programs e.g., Specialty Courses, Advisory and After School Programs
    f. Oversee the Special Education and Student Support Programs
    g. Advocate, nurture, and sustain ECS culture through effective planning and oversight of professional development

3. Strategy and Operations
    a. Manage strategies to reach and maintain desired enrollment and waitlist
    b. Implement Local Control Accountability Plan
    c. Support the Superintendent in financial planning and budgeting
    d. Work collaboratively with the ECS leadership team to set the strategic direction for the organization and the site specifically
    e. Ensure management of the organization, operations, budget and resources for a safe, efficient, and effective learning environment

4. Students and Parents
    a. Oversee academic progress, implementing strategies to reach success and removing barriers
    b. Ensure the safe learning environment free from classroom distractions, bullying, cheating, fighting and other student discipline issues that interfere with learning
    c. Oversee attendance rates and incentives
    d. Break down barriers between home and school by encouraging and assisting the parent's participation in their students' social and academic education
    e. Communicate school policies, vision and mission
    f. Other school activities and duties as assigned or needed

B. **Principal** Key Qualifications (include, but are not limited to):

1. Organizational management experience with human and financial resources, including employees and volunteers, budgeting fiscal management, compliance procedures;
2. Leadership, supervision and staff development experience;
3. Experience teaching adolescents in an urban educational setting;
4. Strong interpersonal skills, including the ability to interact effectively with staff members, parents, district personnel, vendors and community stakeholders;
5. Proficiency in the use of computers, including but not limited to word processing, spreadsheets, multimedia presentations, email, the Internet, and digital media;
6. Advanced degree, preferably in education and/or administrative credential; and
7. In-depth understanding of and commitment to the Charter School's vision and mission.

Dr. Geneva Matthews currently serves as Principal of ECMS-I.

A. **Assistant Principal Of Instruction** Key Responsibilities

1. Instructional leadership
    a. Curriculum development aligned with state and national standards
    b. Develop teachers' skills through job embedded professional development
        i. Support teachers in developing pedagogical approaches that uphold social justice and equity
    c. Systematic use of formative and summative assessment data
        i. Use data to support teachers in providing equitable access to learning
    d. Create a caring and inclusive learning environment. Classroom environments support learning and student safety. Students feel valued, celebrated, cared for, empowered, and safe. Parents feel welcome and respected on campus.
    e. Ensure procedures for student discipline are effectively utilized and supported. Classroom management strategies are reinforced in PD. Restorative practices plans are clearly communicated.
    f. Serve as summative testing coordinator to support successful execution of internal and external formative/annual assessments (e.g. NWEA, IABs, CAASPP, APs)
    g. Academic monitoring of teacher gradebooks to ensure alignment with standards based grading

2. Curriculum Development

    a. Stay abreast of research and effective practice in all subject areas
    b. Advise team leaders on implementation of ECS Best Practices
    c. Provide structures for collaborative planning in all subject areas, including opportunities for vertical and horizontal planning with teachers to ensure instructional alignment and consistency
    d. Develop teachers' ability to embed social justice content and principles across disciplines
    e. Develop teachers' ability to embed environmental justice content and principles across disciplines
    f. Assist in providing resources for curriculum development across all subject areas
    g. Support teachers in unit and lesson planning
    h. Provide feedback on unit and lesson plans

3. Implementation of ECS Teacher Development System
    a. Create professional learning communities
    b. Design professional development calendar and sessions
    c. Lead professional development sessions
    d. Create personalized professional development plans for teachers
    e. Model lessons as appropriate
    f. Conference with teachers on planning, classroom and student data
    g. Conduct observations and provide feedback to teachers
    h. Film teachers and facilitate opportunities for peer observation & feedback
    i. Identify professional development resources to support teacher development, including books, articles, conferences, and learning opportunities

4. Talent Management/Instructional Coaching
    a. Serve as one of the school's Instructional Coaches, including the monitoring of instructional planning and delivery of student-centered coaching
    b. Directly manage teachers and program coordinators
    c. Support the Principal in the development and implementation of staff onboarding, professional development, coaching and leadership growth
    d. Support the Principal in creating and implementing a school-wide model of data collection analysis and intervention
    e. Manage day-to-day substitute coverage
    f. Support the onboarding of long-term substitutes and lesson planning
    g. Support the Home Office Team in the effective implementation of a school-wide academic programs

h. Manage effective data systems to support teachers in driving results
i. Other duties as assigned

B. **Assistant Principal of Instruction** Key Qualifications (include, but are not limited to):

1. Valid California Teaching Credential required; Administrative Services Credential preferred
2. Demonstrated instructional leadership experience supporting curriculum development aligned to state and national standards
3. Proven experience coaching teachers through job-embedded professional development, classroom observations, and data-informed feedback
4. Experience designing and facilitating professional learning communities and professional development sessions
5. Strong understanding of formative and summative assessment systems and the use of data to drive instructional improvement and equity
6. Demonstrated ability to foster inclusive, student-centered learning environments grounded in social justice and restorative practices
7. Experience supporting special programs, instructional initiatives, and school-wide academic systems
8. Strong organizational, communication, and interpersonal skills, with the ability to work effectively with staff, families, and community partners
9. Proficiency in educational technology and data systems, including digital platforms for instruction, assessment, and collaboration
10. Commitment to ECS's mission, vision, and values, including social justice, environmental justice, and educational equity

Danny Cristales currently serves as the Assistant Principal of Instruction of ECMS-I.

A. **Dean of Student Culture** Key Responsibilities

1. Student Culture, Climate, and Discipline
    a. Partner with the Principal to lead student services, supports, and discipline systems
    b. Foster a strong, positive, and results-oriented school culture that supports student belonging, accountability, and success
    c. Maintain professional standards and a school environment that is productive, safe, and focused
    d. Ensure and reinforce school-wide expectations for behavior, attendance, and student conduct
    e. Be available to students, families, and staff to address student progress and concerns during and beyond the school day, including evenings or weekends as needed
    f. Lead the School Attendance Review Team (SART) to identify and support students experiencing chronic absenteeism

g. Support school administration throughout the SARB process

2. Student Support Services & Equity
    a. Coordinate a wide range of student programs and services related to student safety, academic success, college readiness, and campus life
    b. Work directly with students to address academic, social, and emotional needs
    c. Collaborate with school staff, departments, and community partners to ensure students receive appropriate and timely supports
    d. Stay current on available student services, community resources, and youth-serving programs
    e. Assume delegated responsibility for specific student development and support programs

3. Family & Community Engagement
    a. Ensure families are engaged as partners in supporting student success
    b. Collaborate with families and community members to respond to diverse interests and needs
    c. Plan, facilitate, and attend school events including parent meetings, open houses, parent-teacher conferences, sporting events, and fundraisers
    d. Maintain open, consistent communication with families regarding student programs, expectations, and available resources

4. Student Leadership, Activities & School Events

    a. Lead, support, and advise student council and student-led committees
    b. Coordinate and support student leadership development programs
    c. Oversee and support student social, cultural, educational, and fundraising activities
    d. Coordinate after-school programming and summer bridge leadership development, including training and support for mentors
    e. Assist with the planning and coordination of annual middle school culmination ceremonies, recognition programs, and related events
    f. Participate in ECS-wide and site-based professional development Maintain work hours beyond the instructional day as needed to support student programs, events, and school operations
    g. Serves as Stand-In Administrator on an as-needed basis.
    h. Other duties as assigned

B. **Dean of Student Culture** Key Qualifications (include, but are not limited to):

1. Bachelor's degree required; Master's degree in Education, Counseling, Social Work, Educational Leadership, or a related field preferred
2. Demonstrated experience leading student culture, climate, discipline, and attendance systems
3. Strong knowledge of restorative practices, positive behavior interventions, and trauma-informed approaches to student support
4. Experience coordinating student support services, including collaboration with counselors, administrators, community partners, and external agencies
5. Demonstrated ability to build strong relationships with students, families, and staff across diverse communities
6. Strong interpersonal, organizational, and communication skills, both written and verbal
7. Ability to manage multiple programs and initiatives simultaneously while maintaining attention to detail and follow-through
8. Experience planning and facilitating student leadership programs, school events, and extracurricular activities
9. Proficiency in the use of technology, including student information systems, data tracking tools, email, and digital communication platforms
10. Commitment to Environmental Charter Schools' mission, vision, and values, including social justice, equity, and community partnership

Jesse Milledge currently serves as the Dean of Student Culture of ECMS-I.

III. Teacher Recruitment Process

ECMS-I teachers meet the requirements for employment as stipulated by Education Code section 47605(l). All teachers hold the Commission on Teacher Credentialing certificate, permit, or other document required for their certificated assignment. Teachers selected to ensure that the needs of English Learners are met have CLAD or BCLAD certification or training/testing requirements, and all teachers are trained in the effective use of sheltered-English strategies.

The credential document is verified by the Human Resources team with the Commission on Teacher Credentialing. The applicant's credential subject authorization must meet legal requirements to teach the subject that the teacher is being hired to teach. LACOE may inspect the credentials on file for teachers at any time.

The Principal, together with a hiring committee typically comprised of the human resources manager, content specialist, program coordinator (if applicable), teachers, and students (if appropriate), select teachers based on a thorough process. Initial screening of teachers is based on their credentials, experience, the degree of subject matter expertise, alignment with the Charter School's philosophy, quality of their letter of introduction, and the letters of recommendation. After this screening, an initial interview,

demo/panel and reference check occurs followed by a formal interview, performance task and a demonstration lesson. The hiring committee makes a recommendation to the Principal, who ultimately decides on the best candidate.

The committee makes a hiring recommendation to the administration considering the following criteria:

- The teacher's previous experience
- The grade or age for which they expressed a preference
- Their interviews and competency in subject matter
- Their fit with the students in the class
- How they would benefit/contribute to their grade level colleagues
- References

The ideal teacher candidate will possess the following qualifications:

- The CTC certificate, permit, or other document required for their certificated assignment;
- Prior classroom experience;
- Strong classroom management skills;
- Authorization to teach English Learners;
- Experience in interdisciplinary, project-based, environmentally-themed and arts-integrated education
- Proficiency in computer hardware and software use, including word processing, spreadsheets, multimedia presentations, email, the Internet and digital media;
- Bachelor's degree from a four-year college or university;
- Appropriate subject matter credential(s); and
- An in-depth understanding of, and commitment to, ECS's vision and mission.

Teacher Key Responsibilities include, but are not limited to, the following:

- Work collaboratively to achieve the Charter School's mission and objectives
- Develop, implement and document a rigorous student-centered curriculum aligned to State Standards, student learning outcomes, SLOs, school objectives and strategies
- Accommodate, differentiate or modify curriculum as appropriate to meet data-driven approach to meeting student needs
- Be resourceful (e.g., research programs and curricular resources, anticipate and order equipment, schedule guest speakers, design a field trip, support relevant ECS community partnerships, utilize a variety of instructional strategies, attend conferences to improve instruction)
- Support students to succeed through innovative and fair approaches to assessment and behavior management, accommodations to curriculum, and effective instructional strategies
- Implement school-wide strategies and programs (e.g. Reading Apprenticeship, Advisory, College Readiness strategies)

- Communicate with parents, community members and other stakeholders to improve student learning
- Foster a small learning community by participating in school activities and objectives outside of the teaching requirements (e.g., attending field trips, tutoring, lunch time activities, managing a club, attending extracurricular activities, outdoor education trips, parent communication)
- Maintain accurate records of students' grades and attendance and submit them within the required time
- Participate in staff meetings to carry out grade and department specific business, align and deepen curriculum, improve pedagogy, and establish and nurture collegial relationships
- Support team in interviewing for other team members
- Work with supervisors and staff to continuously improve practice, student learning, and community functioning
- Other school activities and duties as assigned or needed

IV. Qualifications of Support Teachers and Staff

A. **Education Specialist**

1. Education Specialist Credential (i.e., MMD/MMSN, MSD/ESN, etc)
2. Evidence of successful experience in an inclusive model is preferred ɨ
3. Ability to administer and interpret results of special education assessment instruments
4. Academic expertise, preferably an advanced degree
5. A commitment to inclusive education, excellence, and equity
6. Two years experience preferred
7. Commitment to working with a diverse population
8. High expectations for all students
9. Experience working with parents and families
10. Experience with community resources referrals
11. Experience with support and collaboration with Paraeducators and service providers
12. Excellent communicator and facilitator
13. Strong commitment to the ECMS-I mission and values

B. **Office Manager**

1. High school education; college preferred
2. Good communication skills, orally and in writing
3. Clerical experience in a school office
4. Ability to supervise and support team operations
5. Knowledge of basic duties required for the position
6. Ability to learn assigned tasks and to acquire new skills
7. Effective use of digital platforms and tools or technologically adept
8. Self-initiative in handling daily tasks and project management

9. Ability to administer first aid as required
10. Ability to recognize a problem and to seek an effective solution

C. **Paraeducator / Teacher's Assistant**

1. Two years of college or a BA/BS degree preferred
2. Experience providing individual and small group academic support to students in a school setting preferred
3. Bilingual (Spanish) preferred
4. Knowledge of subject matter
5. Ability to communicate well with students, staff and parents
6. Strong student management skills
7. Ability to provide disability based accommodations and support for students and parents

D. **Campus Support**

1. High School diploma
2. 1-2 years of experience in a school setting preferred
3. Knowledge of the local community
4. Ability to communicate well with students, staff and parents
5. Strong student management skills

E. **Campus Engineer**

1. High school diploma or equivalent required; additional training in facilities maintenance, safety, or related fields preferred
2. Experience supervising students in a school or youth-centered environment and maintaining a safe, orderly campus
3. Working knowledge of basic facilities maintenance, including general repair tasks
4. Strong understanding of school safety protocols, emergency procedures, and student supervision expectations
5. Experience managing a team, including staff oversight, delegation of tasks, and performance support
   Ability to collaborate effectively with administrators, teachers, staff, and community partners while maintaining professionalism
6. Physical ability to perform job-related tasks, including standing, walking, lifting, and performing light housekeeping duties, with flexibility to support school operations beyond regular hours

F. **ELD Coordinator**

1. Bachelor's degree required; Master's degree in Education or related field preferred

2. Valid California Teaching Credential required; EL authorization or equivalent strongly preferred
3. Minimum of three (3) years of classroom teaching experience, including experience with English Learners (EL)
4. Demonstrated knowledge of English Language Development (ELD) standards, SDAIE strategies, and English Learner Roadmap requirements
5. Experience coordinating EL programs, including student placement, progress monitoring, assessment administration, and redesignation processes
6. Proven ability to coach and support teachers in implementing effective ELD instruction and strategies to improve EL student achievement
7. Strong organizational, communication, and interpersonal skills, with the ability to collaborate effectively with administrators, teachers, families, and the school community

G. **Special Education Coordinator**

1. Valid California Teaching Credential required; Special Education Credential strongly preferred
2. Minimum of three (3) years of experience working with students with IEPs in a classroom or school-based setting
3. Demonstrated knowledge of federal and state special education laws
4. Experience coordinating and managing special education programs, including student caseloads, IEP development, and progress monitoring
5. Proven ability to train, coach, and support teachers and staff in inclusive practices, accommodations, differentiation, and restorative approaches
6. Strong organizational, communication, and interpersonal skills, with the ability to collaborate effectively with families, administrators, teachers, and community partners
7. Proficiency in special education data management systems and tools for tracking IEPs, services, evaluations, and compliance requirements
8. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

H. **Counselor**

1. California Clear PPS Credential in School Counseling/Guidance required; Master's degree in School Counseling or related field highly preferred
2. Preferably minimum of three (3) years of experience providing individual and group counseling with urban or culturally diverse student populations
3. Experience managing student support systems, including SSTs, 504 Plans, and collaboration with mental health professionals and other support personnel
4. Demonstrated ability to design and implement programs supporting social-emotional learning, college and career readiness, and student leadership initiatives

5. Strong interpersonal, communication, and organizational skills, with the ability to collaborate effectively with students, families, staff, and community partners
6. Demonstrated leadership capabilities, including program coordination, team-building, and mentoring interns or staff
7. Understanding of adolescent development, student goal-setting, and strategies to motivate students academically and socially
8. Knowledge of conflict resolution, restorative practices, and culturally responsive counseling approaches
9. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

I. **Social Worker**

1. Master's Degree in Social Work (MSW) from an accredited college or university required
2. Pupil Personnel Services (PPS) Credential in School Social Work required
3. Minimum of 1–2 years of professional experience providing individual, group, and family counseling in school or clinical settings; experience in urban schools preferred
4. Experience conducting clinical case management, mental health screenings, and socio-emotional assessments, including prevention and intervention strategies
5. Ability to collaborate effectively with students, families, school staff, and community partners to support student well-being and academic success
6. Strong understanding of developmental, socio-emotional, and behavioral needs of students, including crisis intervention, conflict resolution, and restorative practices
7. Experience facilitating staff training, professional development, and providing consultation to teachers on student social-emotional needs
8. Excellent interpersonal, communication, and organizational skills, with the ability to maintain accurate case records and comply with legal and ethical requirements
9. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

J. **Restorative Justice Advisor**

1. High school diploma required; college degree or degree in progress preferred
2. Minimum of one (1) year experience working in a school or youth-centered environment preferred
3. Demonstrated ability to supervise and support students, including before/after school, lunch, and student activities
4. Knowledge of middle school developmental needs and ability to instruct students in appropriate behavior

5. Strong interpersonal, communication, and organizational skills, including the ability to respond professionally to parents, staff, and students
6. Experience supporting administrative tasks, maintaining records, and using student information systems such as PowerSchool
   Ability to collaborate effectively with colleagues, administrators, and families while maintaining confidentiality
7. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

K. **Office Coordinator**

1. High school diploma or equivalent required; Associate degree preferred
2. Bilingual (English/Spanish) strongly preferred, with the ability to translate written and oral communications effectively
3. Minimum of one (1) year experience in an office or school administrative environment preferred
4. Demonstrated ability to manage confidential information and maintain accurate records and filing systems
5. Strong interpersonal, communication, and organizational skills, including the ability to respond professionally to students, families, staff, and community members
6. Experience coordinating school programs and administrative tasks, including attendance tracking, enrollment, food programs, and reporting
7. Ability to work collaboratively with colleagues, administrators, and community partners
   Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

L. **Office Assistant**

1. High school diploma required; Associate or Bachelor's degree preferred
2. Bilingual (English/Spanish) strongly preferred
3. Demonstrated ability to manage confidential information and maintain accurate records, filing systems, and school data systems (attendance, enrollment, health, lunch counts, demographics)
4. Strong interpersonal, communication, and organizational skills, including the ability to respond professionally to students, families, staff, and community members
5. Experience supporting administrative and office operations, including phone and in-person inquiries, documentation, and assisting with student supervision and first aid needs
6. Ability to collaborate effectively with colleagues, administrators, and school community partners
7. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

M. **Food Service**

1. High School Diploma or GED required
2. California Food Handler Certification required, or ability to obtain certification
3. Knowledge of basic food serving utensils, kitchen equipment, and safe food handling practices
4. Ability to follow oral and written directions accurately and efficiently
5. Experience operating kitchen equipment safely, including ovens and other food preparation tools
6. Ability to lift and carry equipment and food items up to 25 pounds routinely
7. Experience working with students in a school or youth-centered environment preferred
   Strong interpersonal and communication skills to work collaboratively with colleagues and school staff
   Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

N. **Campus Aide / Supervision**

1. High school diploma or equivalent required
2. Minimum of 1–2 years of experience in a school or youth-centered environment preferred
3. Ability to supervise students safely during school hours, field trips, athletic events, and other activities
   Experience assisting with school operations, events, and classroom or instructional support
4. Ability to maintain a clean, organized, and safe campus environment, including minor maintenance or housekeeping tasks
5. Strong interpersonal and communication skills, with the ability to build positive relationships with students, parents, staff, and community members
6. Ability to operate radios, school vans, and other campus equipment safely
7. Commitment to Environmental Charter Schools' mission, vision, and values, including equity, inclusion, and student-centered practices

O. **After School Coordinator**

1. Bachelor's degree required; advanced degree preferred in Education, Youth Development, or related field
2. Minimum of 2–3 years of experience in after-school programs, youth development, or school-based programming preferred
3. Experience supervising students and staff
4. Strong knowledge of child development, social-emotional learning, and strategies for creating a safe, inclusive, and nurturing environment

5. Experience designing, coordinating, and implementing enrichment programs (academic, artistic, physical, or social-emotional)
6. Proficiency in maintaining student records, reporting attendance, and using data systems such as PowerSchool
7. Strong interpersonal, communication, and leadership skills to engage students, families, staff, and community partners
8. Ability to plan and implement events, field trips, and special activities safely and effectively
9. Commitment to the success of all students and alignment with ECS mission, vision, and values

P. **Instructional Coach**

1. Clear California teaching credential, including English Learner authorization preferred
2. Minimum of 5 years of successful full-time classroom teaching experience preferred
3. Experience delivering Tier 3 academic interventions directly to students
4. Strong ability to facilitate student-centered, standards-aligned coaching cycles with teachers
5. Skilled in co-planning, co-teaching, and providing meaningful, timely feedback to teachers
6. Experience analyzing student data to inform instruction and coaching decisions
7. Ability to document and reflect on coaching impact in systems such as Teachboost
8. Excellent oral and written communication skills
9. Ability to work collaboratively with colleagues, administrators, and school teams
10. Commitment to the success of all students and alignment with ECS mission, vision, and values

ELEMENT 6 – HEALTH AND SAFETY PROCEDURES

Governing Law: "The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, and the annual review and update of the plan, pursuant to Section 47606.3." Education Code Section 47605 (c)(5)(F).

I. Health and Safety Policies

ECMS-I has implemented a comprehensive health and safety plan of health, and emergency response policies that are reviewed regularly with the staff, students, parents, and the governing board. In addition to the School Safety Plan, the following policies have been adopted/implemented, in consultation with the Charter School's insurance provider:

1. A requirement that all enrolled students provide records documenting immunizations as is required at public schools pursuant to Health and Safety Code Sections 120325-120375, and Title 17, California Code of Regulations Sections 6000-6075. All rising 7th grade students must be immunized with a pertussis (whopping cough) vaccine booster. Upon a student's admission or advancement to 6th grade, the Charter School shall submit to the student and their parent or guardian a notification that advises students to adhere to current immunization guidelines regarding human papillomavirus ("HPV") before admission or advancement to 8th grade, consistent with the requirements of Education Code Section 48980.4 and Health and Safety Code Section 120336.

2. Policies and procedures for response to natural disasters and emergencies, including fires and earthquakes.

3. A policy requiring that instructional and administrative staff receive training in emergency response, including appropriate "first responder" training or its equivalent.

4. Policies relating to the administration of prescription drugs and other medicines.

5. A policy that the Charter School will be housed in facilities that have received state Fire Marshal approval and have been evaluated by a qualified structural engineer who has determined that no substantial seismic safety hazards are present. Periodic inspections are undertaken, as necessary, to ensure such safety standards are met.

6. Student health screenings shall be conducted in conformance with state law, including scoliosis, hearing, and vision screenings as required by state law. The

Charter School will adhere to Education Code Section 49450 *et seq.* as applicable to the grade levels served by the Charter School.

7. A policy establishing that the Charter School functions as a drug, alcohol, and tobacco free workplace.

8. A requirement that each employee and contractor of the Charter School submit to a criminal background check and furnish a criminal record summary as required by Education Code Sections 44237 and 45125.1. Applicants for employment must submit two sets of fingerprints to the California Department of Justice for the purpose of obtaining a criminal record summary. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except as otherwise provided by law, pursuant to Education Code Sections 44830.1 and 45122.1. The Superintendent shall monitor compliance with this policy and report to the Authorizer as required. Volunteers outside of the direct supervision of a credentialed employee shall also be fingerprinted and receive background clearance prior to volunteering without the direct supervision of a credentialed employee.

9. A policy requiring that employees, and volunteers who have frequent or prolonged contact with students, be assessed and examined (if necessary) for tuberculosis prior to commencing work. Following the initial screening, employees working with students will be assessed at least once every four years thereafter, as required by Education Code Section 49406.

10. A policy for reporting child abuse, acts of violence, and other improprieties as mandated by federal, state, and local agencies. The Charter School shall provide mandated reporter training to all employees annually in accordance with Education Code Section 44691.

11. Compliance with all health and safety laws, along with regulations that apply to non-charter public schools, including those regarding auxiliary services (food services, transportation, custodial services, hazardous materials, pest management, etc.) and those required by CAL/OSHA, the California Health and Safety Code, EPA and the McKinney-Vento Act with regard to homeless students.

12. All structures secured for ECMS-I staff and students meet or exceed the requirements set forth in the following codes or acts: Federal Uniform Building Codes, Fire and Emergency Exit Codes, Health and Safety Codes, Local Building Codes, ADA, and the Asbestos Hazard Emergency Response Act.

Medication in School

The Charter School will adhere to Education Code Section 49423 regarding administration of medication in school. The Charter School will adhere to Education

Code Section 49414 regarding epinephrine auto-injectors and requisite training for staff members; per AB 1651 (2023), the Charter School shall store emergency epinephrine auto-injectors in an accessible location upon need for emergency use and include that location in annual notices required by law. To the extent the Charter School maintains albuterol inhalers to respond to respiratory distress in students, the Charter School shall comply with the requirements of Education Code Section 49414.7, including training, notices, and the stocking of albuterol inhalers.

Diabetes

The Charter School will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but not be limited to, all of the following:

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention methods of type 2 diabetes.
5. A description of the different types of diabetes screening tests available.

Suicide Prevention Policy

The Charter School shall maintain a policy on student suicide prevention in accordance with Education Code Section 215. The Charter School shall review its policy on pupil suicide prevention every 5 years and, if necessary, update its policy. Pursuant to AB 58 (2021-22), the Charter School will also review and update its suicide prevention policy, incorporating best practices identified by the California Department of Education's model policy.

Prevention of Human Trafficking

The Charter School shall identify and implement the most appropriate methods of informing parents and guardians of students in grades 6 through 12 of human trafficking prevention resources.

Menstrual Products

In accordance with the requirements of Education Code Section 35292.6, the Charter School shall stock and make accessible, free of cost, an adequate supply of menstrual products in all women's restrooms, all-gender restrooms, and at least one men's restroom at all times. The Charter School shall post a notice regarding the requirements of Education Code Section 35292.6 in a prominent and conspicuous location in every restroom required to stock menstrual products, as specified. This notice shall include

the text of Education Code Section 35292.6 and contact information, including an email address and telephone number, for a designated individual responsible for maintaining the requisite supply of menstrual products.

All Gender Restrooms

On or before July 1, 2026, the Charter School shall provide and maintain at least one all-gender restroom for voluntary student use at each of its school sites that has more than one female restroom and more than one male restroom designated exclusively for student use. The restroom shall have signage identifying the bathroom as being open to all genders, it shall remain unlocked, unobstructed, and easily accessible and available by any student during school hours and school functions when students are present. The Charter School shall designate a staff member to serve as a point of contact and to post a notice regarding these requirements.

School Meals

The Charter School shall provide breakfast and lunch, free of charge, during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. The meals provided shall be nutritionally adequate meals that qualify for federal reimbursement.

The Charter School shall provide each student adequate time to eat, as determined by the Charter School, in consideration of available guidance.

Recess

Except where a field trip or other educational program is taking place, if the Charter School provides recess, to the extent required by Education Code Section 49056, the Charter School shall provide supervised and unstructured recess, distinct from physical education courses and mealtimes, of at least 30 minutes on regular instructional days and at least 15 minutes on early release days. The Charter School shall not restrict a student's recess unless there is an immediate threat to the physical safety of the student or one or more of their peers.

California Healthy Youth Act

The Charter School shall teach sexual health education and human immunodeficiency virus ("HIV") prevention education to students in grades 7-8, at least once in middle school, pursuant to the California Healthy Youth Act (Education Code Section 51930, *et seq.*).

Mental Health Education

If the Charter School offers one or more courses in health education to middle school students, then those courses must include instruction in mental health that adheres to the requirements of Education Code Section 51925, *et seq*.

Mental Health Information

The Charter School shall create and post a poster, in English and the primary language(s) spoken by 15 percent or more of students enrolled at the school site, identifying approaches and resources addressing student mental health in compliance with Education Code Section 49428.5. The poster shall be prominently and conspicuously displayed in appropriate public areas that are accessible to, and commonly frequented by, students at the school site. The poster shall also be digitized and distributed online to students through social media, internet websites, portals, and learning platforms at the beginning of each school year.

School Safety Plan

The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year, and include the identification of appropriate strategies and programs that will provide or maintain a high level of school safety, while also addressing the Charter School's procedures for complying with applicable laws related to school safety, including the development of all of the following pursuant to Education Code Section 32282(a)(2)(A)-(O):

a. child abuse reporting procedures
b. routine and emergency disaster procedures
c. policies for students who committed an act under Education Code Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
d. procedures to notify teachers of dangerous students pursuant to Education Code Section 49079
e. a discrimination and harassment policy consistent with Education Code Section 200
f. provisions of any schoolwide dress code that prohibits students from wearing "gang-related apparel," if applicable
g. procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
h. a safe and orderly environment conducive to learning
i. the rules and procedures on school discipline adopted pursuant to Education Code Sections 35291, 35291.5, 47605, and 47605.6
j. procedures for conducting tactical responses to criminal incidents
k. procedures to prepare for active shooters or other armed assailants by conducting a drill, if this topic is covered in the School Safety Plan

l. procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school
m. procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
n. procedures specifically designed to notify parents and guardians of pupils, teachers, administrators, and school personnel when the school confirms the presence of immigration enforcement on the school site
o. a protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose

The School Safety Plan shall be drafted specifically to the needs of the facility in conjunction with law enforcement and the Fire Marshal. Staff shall receive training in emergency response, including appropriate "first responder" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.

The Charter School shall develop an instructional continuity plan, consistent with Education Code Section 32282(a)(3), to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency pursuant to Education Code Sections 41422 or 46392(a).

Workplace Violence Prevention Plan

The Charter School shall establish, implement, and maintain, at all times and in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Blood-borne Pathogens

The Charter School shall meet state and federal standards for dealing with bloodborne pathogens and other potentially infectious materials in the work place. The Board shall establish a written infectious control plan designed to protect employees and students from possible infection due to contact with bloodborne viruses, including HIV and hepatitis B virus (“HBV”). Whenever exposed to blood or other bodily fluids through injury or accident, staff and students shall follow the latest medical protocol for disinfecting procedures.

Facility Safety

Under Education Code Section 47610, Charter School facilities are either compliant with the Field Act or facilities that are compliant with the California Building Standards Code. The Charter School agrees to test sprinkler systems, fire extinguishers, and fire alarms annually, ensuring that they are maintained in an operable condition at all times. The Charter School shall also conduct fire drills as required under Education Code Section 32001

Comprehensive Anti-Discrimination and Harassment Policies and Procedures

The Charter School is committed to providing a school that is free from discrimination and sexual harassment, as well as any harassment based upon the actual or perceived characteristics of race, religion, creed, color, gender, gender identity, gender expression, nationality, national origin, ancestry, ethnic group identification, genetic information, age, medical condition, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance or regulation. The Charter School shall develop a comprehensive policy to prevent and immediately remediate any concerns about discrimination or harassment at the Charter School (including employee to employee, employee to student, and student to employee misconduct). Misconduct of this nature is very serious and will be addressed in accordance with the Charter School's anti-discrimination and harassment policies.

A copy of the anti-discrimination policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired.

Bullying Prevention

The Charter School shall adopt procedures to prevent acts of bullying, including cyberbullying. Every year, the Charter School shall make available the online training module developed by the CDE pursuant to Education Code Section 32283.5(a) to certificated schoolsite employees and all other schoolsite employees who have regular interaction with children.

Supporting LGBTQ Students

Through the completion of the 2029-30 school year, the Charter School shall use an online training delivery platform and curriculum to provide at least one hour annually of required LGBTQ cultural competency training to teachers and other certificated

employees and maintain records of such training as required by Education Code Section 218.

SAFETY Act

Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to request school records on behalf of their child.

Homicide Threats

The Charter School shall comply with all mandatory reporting requirements regarding homicidal threats under Education Code Sections 49390-49395. All employees and Board members who are alerted to, or who observe any threat or perceived threat, whether made in writing or through a student's actions, that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement.

Gun Safety Notice

At the beginning of the first semester, the Charter School shall distribute a notice to the parents/guardians of each student addressing California's firearm safety and storage laws utilizing the most updated model language published by the California Department of Education.

Athletic Programs

The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid Factsheet for Patients.

In the event the Charter School participates in any interscholastic athletic programs, it shall comply with all applicable requirements, including, but not limited to, adopting a written emergency action plan for sudden cardiac arrest or other medical emergencies related to athletic programs, and acquiring at least one automated external defibrillator. Further, Charter School's emergency action plan shall describe the location of emergency medical equipment and include a description of the manner and frequency at which the procedures to be followed in the event of sudden cardiac arrest and other medical emergencies, including concussion and heat illness will be rehearsed. Coach training shall include recognition of the signs and symptoms of and responding to concussions, heat illness, and cardiac arrest.

Transportation Services

The Charter School shall comply with the requirements of SB 88 (2023-24) inclusive of Education Code Sections 39875, 39877, 39878, and 39879, as applicable, relating to background checks, testing, and other requirements for individuals and entities providing transportation services for students.

Extreme Weather Policy

On or before July 1, 2026, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

ELEMENT 7 – MEANS TO ACHIEVE STUDENT POPULATION BALANCE

Governing Law: "The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5 that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." Education Code Section 47605(c)(5)(G).

ECMS-I values diversity and makes every effort to recruit students of various racial and ethnic, special education, and English Learner backgrounds to achieve a balance that is reflective of the general population residing within the territorial jurisdiction of the District and to increase opportunities for students who are representative of the local community (see the Comparison Data below).

Environmental Charter Middle School, Inglewood opened in 2013-2014 with 133 students in grades 6 and 7, and has grown to its current enrollment of 360 students in grades 6-8. Below, please find a breakdown of our enrollment and key demographic characteristics.

Tables VII.2 and VII.3 include a demographic comparison of ECMS-I to 1) schools within a 1 mile radius that ECMS-I students would likely attend if they were not enrolled at ECMS-I and 2) schools within a 3 mile radius that serve 6-8 grade. Century Community Charter and Jane Addams Middle most resemble ECMS-I demographically, with English Learners comprising approximately 20% of the student population, students with disabilities between 10%-12%, socioeconomically disadvantaged student rates over 80%, and a similar ethnicity distribution. Two schools within 1 mile of ECMS-I, Bennett/Kew Leadership Academy of Excellence and Woodworth-Monroe Academy, both serve a greater proportion of African American students than ECMS-I, and compared to nearby schools, ECMS-I enrolls fewer English Learners; however ECMSI-I also serves a greater proportion of students with disabilities.

ECMS-I acknowledges that its current African-American enrollment is proportionally lower than that of our comparison schools and the population within the boundaries of Inglewood Unified School District, as reported by the 2020 Census (see Table VII.3). Correspondingly, our student population has a higher percentage of Latinos than the general population within IUSD. As shown in Table VII.1, in 2023-24, the proportion of African American students in our entering 6th grade class decreased by 1.8% points, dropping to 8.8%. In 2024-25, that proportion then increased by 1.3% points, rising to 10.1%. Monroe, which is similar to ECMS-I in other demographic categories, and where the majority of our students would otherwise attend, enrolled 29.5 African-Americans in 2024-25. After identifying these lower enrollment figures two years ago, we have implemented several strategies to address this, including earlier and more intentional outreach to African American families, increased communication with current African American families, focus groups, and an effort to recruit and hire more African American

teachers. These efforts are ongoing and will continue in the coming years, as described in greater detail below. Through this work, ECMS-I expects the enrollment of African American and Latino students to more closely reflect the demographics of the City of Inglewood.

In other demographic categories we are reflective of our resident schools. Our SWD, SED, RFEP and EL numbers are roughly on par with other Inglewood schools where most students would have attended.

Table VII.1-- ECMS-I Enrollment Data 2022-2025

Table I.1	2022	2023	2024	2025
Grades served	6-8	6-8	6-8	6-8

I. Annual Efforts to Achieve/Maintain Student Population Balance

ECMS-I is committed to maintaining a diverse student population and conducts targeted outreach to families in areas that are located within a two to five mile radius of the Charter School. ECMS-I maintains accurate enrollment data, along with documentation of recruitment efforts to ensure that the student population reflects, as closely as possible, the demographics of families living within the District's territorial jurisdiction.

Recruitment efforts include, but are not limited to, flyer distribution at local businesses, community organizations, youth organizations, social service providers, faith-based organizations, grocery stores, and public libraries. ECMS-I parents also hand out flyers at their places of work, or where their younger children attend elementary school. Charter School outreach sessions are planned, advertised, conducted in both English and Spanish, and are held at different venues throughout the community.

Each year, ECMS-I also engages in the following outreach, recruitment, and retention efforts:

- Ensuring the availability of bilingual staff members to support effective communication and family engagement
- Implement curriculum and community events that reflect and honor our diverse school community
- Leverage our Advisory program to foster a welcoming campus for all that teaches our students skills for successfully navigating cultural differences
- Administering a community satisfaction survey to gather feedback
- Include a question on the enrollment application to identify how prospective families learned about ECMS-I

Beginning in the fall, outreach and recruitment often efforts include:

- Evening meetings in Spanish and English (and other languages as necessary) at the school site and in other locations
- Campus tours in English and Spanish for prospective parents
- Using established relationships with community partners/local businesses to place flyers and posters in their establishments (churches, launderettes, ethnic markets, recreation centers, martial arts & dance studios, etc.)
- Activating our parent advisory committee to assist with outreach and the distribution of brochures and flyers

ECMS-I will continue to build and strengthen partnerships with community-based organizations in Inglewood to expand the school's visibility and enhance outreach to local families.

Outreach should be a reflective process where the "results"—demographics of the applicant pool, newly enrolled students and retention of enrolled students—inform future outreach. Each year, ECMS-I staff will review enrollment information to assess whether

student demographics reflect those of our neighboring schools. When disparities are identified, the school will implement targeted outreach to any underrepresented communities. We will also review community satisfaction survey results, along with data collected from our application and enrollment process, to evaluate the effectiveness of our outreach strategies and any barriers that may undermine student retention or discourage underrepresented communities from applying.

If student demographics do not yet mirror the surrounding community, ECMS-I will conduct targeted outreach to ensure our racial and ethnic balance. Examples of targeted outreach might include:

- Mailing and distributing translated brochures to households and community based organizations serving the underrepresented population;
- Placing advertisements in newspapers serving the underrepresented population
- Attending local events;
- Participating in, and when appropriate presenting at, events sponsored by community based organizations serving the underrepresented population;
- Continuing to have parents disseminate information to their informal and formal networks.

We developed an outreach strategy to address African American enrollment rates at ECMS-I, which includes the following:

1. Community Outreach Lead (formerly Parent Engagement Coordinator): This position supports outreach initiatives, and communicates with both current families and prospective families. The Community Outreach Lead also attends local events alongside the school administration team to build relationships with potential African-American applicants.

2. African-American Community Events: Through attendance at local African-American community events, the school strengthens its presence within the Inglewood community and creates opportunities for families to receive information about ECMS-I and/or submit applications prior to the enrollment deadline.

3. Parent Tours and Information Sessions: To provide prospective families with an in-depth understanding of the campus and academic programs, the school increased the number of parent tours and information sessions offered throughout the recruitment and enrollment period.

4. Expanded **Community Outreach:** To broaden outreach efforts, the school engages with local community organizations, including sports teams, local churches, and nonprofit organizations, to share information with prospective students and families.

5. Student Shadow Day: Student Shadow Day provides prospective applicants with the opportunity to observe a typical school day. Current African-American students are

also encouraged to invite peers and family members to participate in this experience as part of ECMS-I's targeted outreach efforts to support progress toward maintaining an African American enrollment rate that is at least 75% of the average for grades 6–8 at community schools within a one-mile radius.

School Year	Target % of African American Enrollment
25-26	13%
26-27	15%
27-28	17%
28-29	19%
29-30	21%
30-31	23%

In addition to these targeted outreach efforts, ECMS-I has developed a plan to ensure retention of African American students. This includes:

- Meetings for African American parents, where they can vocalize their concerns, connect with other parents, and hear from guest speakers and community African-American organizations;
- An African American student support group, including regular analysis of African American student and parent data, including satisfaction survey data from families.
- Individually meet with current African-American students to provide additional academic support.

Each year, ECMS-I administration, faculty and Parent Advisory Committee will examine our enrollment data, and reflect upon the effectiveness of outreach efforts and develop new strategies as needed.

ELEMENT 8 – ADMISSION POLICIES AND PROCEDURES

Governing Law: "Admission policies and procedures, consistent with [Education Code Section 47605] subdivision (e)." Education Code Section 47605(c)(5)(H).

I. Admissions Requirements

Application Process

ECMS-I is committed to offering parents an alternative public school choice. As such, we aim to help parents make an informed decision about whether the school program fits the needs of their child and family.

ECMS-I will be nonsectarian in its programs, admission policies, employment practices and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of characteristics, whether actual or perceived, as listed in Education Code section 220, including, but not limited to the following: actual or perceived disability, gender, gender identity, gender expression, nationality, immigration status, race, ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or association with an individual who has any of the aforementioned characteristics.

ECMS-I will also adhere to the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education as provided to other children and youths. Students will not be excluded on the basis of services needed. Upon enrollment, a student who has qualified for services pursuant to the IDEA and has an IEP in place, shall be provided with a program that is comparable to the student's last agreed upon and implemented IEP for the first 30 days at ECMS-I. After the first 30 days, ECMS-I shall either continue to provide the comparable program, or make a different offer of placement and services. Students must be enrolled for 30 days before the school can make a determination about whether it is able to provide for the student's needs.

ECMS-I will not require any child to attend a charter school or any employee to work at a charter school.

ECMS-I shall admit all students who wish to attend ECMS-I and who submit a timely application, unless ECMS-I receives a greater number of applications than there are spaces for students, in which case, admission, except for existing pupils of the Charter School, shall be determined by public random drawing ("lottery"). Students currently attending the Charter School shall be exempt from any lottery. Except as required by Education Code Section 47605(e)(2), admission to the Charter School shall not be determined according to the place of residence of the student or their parent/guardian within the State. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling, or seeking to enroll, in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to parents.

ECMS-I's student application deadline will be determined by ECMS-I Administration in collaboration with the ECS Superintendent. The process and procedures, as well as timeline, will be made available to all families and community members on the ECMS-I website and in hard copy at ECMS-I offices. ECMS-I will adhere to all procedures related to confidentiality and privacy of records. In the event that a student enters the Charter School upon transfer from another school, the student's records (i.e., IEP, cumulative, bilingual) will be requested from that school. Upon exit from ECMS-I, the student's records will be forwarded to the student's school of enrollment upon written request. In accordance with FERPA, parents will annually be given a form providing the opportunity to withhold the release of information.

II. Application Certification and Accuracy of Information

As part of the application process, the parent/guardian must certify that the information provided is true and accurate to the best of their knowledge, and that the address provided is the student's true and correct primary residence. The parent/guardian agrees to notify the Charter School of any subsequent change in address.

The Charter School may request reasonable documentation to verify information necessary to administer enrollment, including lottery preferences and waitlist order. If it is later determined that materially false or misleading information was provided, the Charter School may revoke an offer of admission and may take appropriate corrective action consistent with applicable law and due process.

III. Student Recruitment

All prospective parents are invited to attend a school tour and/or informational meeting, but attendance is not required for application or enrollment. Tour information, along with dates for Informational Meetings, are posted on the ECMS-I website and featured in flyers which are distributed to parents, local businesses, churches and other areas where families gather.

ECMS-I uses non-discriminatory processes and actively recruits a diverse student population from the communities it serves. ECMS-I will monitor enrollment to ensure that, to the fullest extent possible, students enrolled reflect the diversity of the community. ECMS-I will employ a targeted publicity campaign so our enrollment mirrors the community at the local schools where our students would otherwise attend.

As detailed in Element 7, recruitment materials will be bilingual in English and Spanish, and will communicate the mission and educational program of ECMS-I. Marketing materials, that include the school website and phone number for additional information will be delivered to homes, businesses and service organizations in the targeted community. Information sessions at local community centers and after school programs ensure parents residing in the targeted neighborhood are informed about the opening of ECMS-I. Given our target community's demographics, our outreach efforts inherently encompass socioeconomically disadvantaged students, along with those with a history of low academic performance, receiving Special Education Service or English Learner Services and all other students with special needs. ECMS-I is designed to meet these students' needs.

Our outreach efforts attempt to attain a student population balance that is reflective of the District by concentrating our efforts in the Charter School's surrounding neighborhood.

More information about recruitment can be found in Element 7.

IV. Admissions Preferences

In the case of a public random drawing, admissions preferences shall be given to the following students in the following order:

1. Children of ECS employees
2. Siblings of students admitted to or attending ECMS-I, and siblings of Charter School graduates who graduated within the last year
3. Residents of the District
4. All other students

The number of students given preference under #1 will not exceed 10% of total offers of enrollment. The number of students given preference under #2 will not exceed 20% of total offers of enrollment.

V. Interest Period

All applications for admission submitted during the interest period (open enrollment period) will be collected, recorded, and maintained in the Charter School's enrollment system. Interest forms seek minimal student and parent information, and are made available both in both paper form and online. The dates of the interest period will be made public on the Charter School's website prior to the opening of the interest period. If the number of interest forms received exceeds the capacity of a grade level, a date will be set to hold a lottery to assure all applicants an equal chance of gaining admission in accordance with the preferences listed above. The date of the lottery is also made public on the Charter School's website.

VI. Lottery Proceedings

The date and time of the lottery is established each year by the School Principal and will be clearly printed on the lottery form, as well as on our school website. The Charter School will seek a location, either in or near the location of the school facility, and in a space large enough to ensure all interested parties may observe the lottery. Families who submit interest forms will receive information about the date, time, and location of the lottery from the Charter School in advance. The lottery will be conducted using an automated online system to ensure that the process is fair and equitable for all participants. Qualifying interest forms will receive preference in the Charter School's enrollment system, per the preferences outlined above.

The Board of Directors will take all necessary efforts to ensure lottery procedures are fairly executed. Lottery spaces are pulled in order of grade level by the designated lottery official (appointed by the Principal). Separate lotteries shall be conducted for each grade in which there are fewer vacancies than pupils interested in attending. All lotteries shall take place on the same day in a single location. Lotteries will be conducted in ascending order beginning with the lowest applicable grade level. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above. During the lottery, the applicant order will only change to accommodate the sibling preference: if a family has two students participating in the lottery and one receives an offer of admission, the sibling's lottery position may move up (or an offer may be extended) as a result of the sibling being admitted to ECMS-I.

VII. Post-Lottery

All families who submitted an interest form, including those who did and did not attend the lottery event, will be notified through the automated online system by email or text message about the results of the lottery by the Charter School within one week of the lottery. The notification will indicate whether the child was admitted or waitlisted, and, if waitlisted, the child's specific number on the waiting list. For students who were admitted to the Charter School, the notification will include steps the family must take and a timeline to return paperwork to enroll the child in the Charter School. If there is no response to the notification within 5 business days, the Charter Schools will follow up with a phone call. If the offer is not accepted, or there is no response by the specified date indicated on the offer notification, the child or the child(ren) will forfeit enrollment for that school year. The Charter School will maintain records documenting the fair execution of the lottery including the names placed into the lottery, the name of the automated online system used to conduct the lottery, the names of admitted students, and the names and order of those placed on the waiting list. The information will be maintained according to state and county document retention requirements as applicable.

VIII. Next Steps and Procedures

Waitlist Procedures

If a lottery is required, a numbered waitlist will be created and will be automated and randomized, accounting for the preferences listed above. After the lottery, the waitlist will only change to accommodate the sibling preference, meaning if a family has two students on the waitlist and one is called off the waitlist, the sibling's lottery position may move up (or an offer may be extended) as a result of the sibling being admitted to ECMS-I. No other changes to the waitlist will occur. Applications submitted after the close of the interest period, or after capacity is reached (if no lottery is required), will be held in abeyance for a subsequent lottery, should the original waitlist be exhausted. Should a vacancy occur, admission will be offered to the next applicant at the top of the waiting list through an email notification (or by postal mail if no email is on file). When an offer is made, the Charter School will typically request that applicants respond within 2 days to indicate whether or not they will accept the offer. If offers are declined, or applicants do not respond, the vacancy is then offered to the next applicant on the waitlist. If the applicant accepts the offer and the student has unexcused absences for the first 5 consecutive days of their enrollment, and the parent does not contact the Charter School or respond to our efforts to contact them, the student will then be disenrolled. The waiting list expires annually on the day before the lottery for the upcoming year. The above process will also be followed to fill vacant seats for all grades as seats become available each year due to student attrition at the discretion of the School Leader.

Refinement of Policies

Notwithstanding the aforementioned, the Charter School may refine lottery policies and procedures during the charter term in accordance with a written policy adopted by the governing board of the Charter School. A copy of the revised policy, designed to improve the Charter School's lottery efforts, shall be provided to LACOE within 45 calendar days of approval by the Charter School's governing Board and prior to the enrollment period of the year in which the revised lottery policy will be implemented. If refinement of policies and procedures arises to a level that a material revision is required, the Charter School will submit a request for a material revision.

ELEMENT 9 – ANNUAL FINANCIAL AUDITS

Governing Law: "The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority." Education Code Section 47605(c)(5)(I).

Pursuant to Education Code Section 47604.33, ECMS-I will submit all required financial reports to LACOE.

As a distinct Local Educational Agency (LEA), ECMS-I is required by Education Code Sections 47605(c)(5)(I) and 47605(m) to undergo an annual independent financial audit to verify the accuracy of the Charter School's financial statements, attendance, and enrollment accounting practices, and to review the Charter School's internal controls. ECMS-I will retain auditors to conduct independent financial audits, which will employ generally accepted accounting procedures.

The Board of Directors will oversee the selection of an independent auditor, who shall be on the State Controller's list of educational auditors, and the completion of an annual audit. The audits will ensure that the Charter School's student attendance accounting and money are being handled responsibly and that financial statements conform to the California Guidelines for Auditing K-12 Public Schools and Government Auditing Standards.

The annual audit will be completed and forwarded to the County Superintendent of Schools, the State Controller, and to the CDE or other agency as the State Board of Education may direct, by the 15th of December of each year. The Superintendent, along with the Audit Committee will review any audit exceptions or deficiencies and report to the Board of Directors with recommendations on how to resolve them. The Board will submit a report to LACOE describing how the exceptions and deficiencies have been or will be resolved to the satisfaction of LACOE along with an anticipated timeline for the same. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.

ELEMENT 10 – SUSPENSION AND EXPULSION PROCEDURES

Governing Law: "The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian, or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice,

expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information." Education Code Section 47605(c)(5)(J).

I. Progressive Discipline Policy

ECMS-I maintains a mission-driven student discipline policy. The policy is printed in the ECMS-I Parent-Student Handbook, which is included in the petition submission package section IV.3.

The Charter School uses restorative practices to foster a safe and inclusive community that ensures optimal learning conditions for all students. Instead of relying on traditional, punitive discipline principles, ECMS-I embraces practices that prioritize repairing harm, resolving conflict constructively, and reinforcing a strong sense of belonging. This approach actively disrupts the school-to-prison pipeline, a cycle where traditional disciplinary practices have historically pushed students out of the educational system and into the criminal justice system, and focuses on interventions that are tailored to each student, holding them accountable, and providing support aimed at preventing similar behavior in the future. Additionally, through the implementation of restorative practices, ECMS-I treats wrongdoing as a violation of people and relationships, often rooted in at-risk behavior, rather than just a breach of rules in order to rebuild trust, help students develop self-regulation skills, and learn from their mistakes. Additionally, this approach to discipline emphasizes doing things *with* students rather than to them, prioritizing accountability, belonging, community connectedness, and healing.

The ECMS-I discipline framework also uses progressive responses aligned with the Education Code and the Charter School's restorative philosophy. Minor infractions are addressed through classroom interventions, positive behavior supports, and restorative conversations, all of which involve student reflection and parent involvement. While taking into account students' developmental trajectory, these practices allow for the repair of broken relationships within a classroom, with friends, with staff, or the community. Throughout the year, as well as during onboarding and professional development held during the summer, ECMS-I introduces and reiterates a middle school discipline program that is not punitive, but rather restorative and developmental. This vision is also communicated and reinforced with all ECMS-I parents. Through practices such as psychoeducation, structured opportunities to test boundaries, reflection on harm, relationship repair, and supported re-entry into the school community, ECMS-I helps students learn from mistakes and develop self-awareness and accountability. Ultimately, the goal is for all 6-8th graders to grow through appropriate, individualized interventions that support positive development and long-term success.

Additionally, the ECMS-I discipline policy establishes clear expectations and outlines individualized interventions to support students when mistakes occur, guiding staff in balancing high expectations with empathy. Parents are viewed as partners in the disciplinary process and are consulted whenever discipline issues arise to ensure they are informed of the behavior, involved in developing interventions, and able to support

their implementation. ECMS-I wellness team members also support the development of MTSS strategies by analyzing discipline and counseling data through an ecological systems theory lens. Based on this analysis, the team designs and implements targeted interventions that may include classroom and parent workshops, psychoeducation, case management, individual and family therapy, community circles, and restorative repair practices. Teachers are central to this process as well, and implement classroom management systems that clearly communicate expectations, along with logical next steps when classroom norms are not followed. Community Agreements are explicitly taught and modeled. The student handbook is reviewed during advisory, behavioral expectations along with school-wide rules are posted, and activities/ instructions are clearly articulated. When developing their approach to discipline in the classroom, ECMS-I teachers continuously strive to create positive relationships with students and parents, especially given the importance of these connections in the broader context of student outcomes.

Finally, ECMS-I's progressive discipline policy includes comprehensive log entries that track interventions accompanying each successive disciplinary referral. For example, when there is a minor violation of classroom or school rules, teachers may use interventions such as verbal reminders, moving a student's seat, one-on-one after class conversations, or texting/calling guardians. After documenting five log entries or interventions, teachers and/or the Dean of Student Culture may issue the student a disciplinary referral. A meeting is then set with the student, the Dean of Student Culture, Principal, Assistant Principal, Social Worker or Counselor, and the parent/guardian. This wellness team is dedicated to a whole-child approach that helps the student identify and reflect on what behaviors led to a referral, set clear expectations, determine appropriate repairs, consult with the parent, and receive SEL interventions to resolve the ongoing behavioral challenge. Conversely, when a student follows classroom or school rules, PBIS and positive reinforcement methods are often used to reward the student and the positive action.

For more serious incidents, referrals are broken down into 3 categories:

- A Pre-Referral: Viewed more as a warning, a pre-referral indicates that the student's action is a serious infraction that cannot continue to happen on campus because it creates an unsafe learning environment. Behaviors that could lead to a pre-referral include play fighting or wrestling, dehumanizing language, or instigating fights.
- A Non Suspendable/Non Expellable Referral: This includes minor infractions such as consistent cell-phone use, dress-code violations, tardiness or multiple log entries/interventions that do not lead to suspension or expulsion.
- An Automatic Referral: When highly disruptive or unsafe behaviors occur, students often receive an automatic referral. These violations may also result in immediate suspension or referral for expulsion. More serious school violations, include but are not limited to:
    - Physical violence
    - Threatening others

- Vandalism
- Endangering the safety of others
- Theft
- Possession of weapons or illegal substances
- Illegal or dangerous activities

When a referral is issued, the student enters case management and restorative interventions are then implemented.

For any incident, ECMS-I staff always ensure safety, investigate thoroughly, document objectively, and communicate with families.

Alternative Means of Correction

For a student facing discipline for a discretionary offense listed below, the Dean of Student Culture may, whenever possible and practicable, provide alternatives to suspension or expulsion. These alternatives shall use a research-based framework with age-appropriate strategies that improve behavioral and academic outcomes while addressing and correcting the student's specific misbehavior.

The Charter School shall not suspend or expel any student based solely on the fact that they are truant, tardy, or otherwise absent from school activities. Violations of the Charter School's attendance expectations shall be addressed in accordance with Charter School Attendance and Truancy Policy and/or Independent Study Policy, as applicable.

No student may be suspended or expelled for willful defiance, disruption or non suspendable offenses. Alternatively, Charter School staff may refer a student who engages in such behavior to the Dean of Student Culture or designee for appropriate and timely in-school interventions or supports. Within five (5) business days, the Dean of Student Culture or designee shall:

1) Document the actions taken and save the document to the student's record
2) Inform the referring staff member what actions were taken and if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

For a student who has received a referral, been suspended, or for whom other means of correction have been implemented, the Charter School may require the student to engage in a restorative justice practice. The Charter School may also require the student to engage in psychoeducation, counseling, reflection time, community circles, community service, facilitated apologies, culturally sensitive research projects, or mediations.

The Charter School may also utilize its Multi-Tiered System of Supports, which includes restorative justice and trauma-informed practices, social-emotional learning, and

schoolwide positive behavior interventions and support, to help students build critical social and emotional skills, address trauma-related responses, understand the impact of their actions, and develop meaningful ways to repair harm within the school community.

II. Suspension/Expulsion Procedures

These Suspension and Expulsion Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code section 48900 et seq., which outlines the offenses and procedures governing suspensions and expulsions at non-charter schools, and has used this guidance to establish its own list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of the Education Code and with regard to suspension/expulsion triggering conduct. The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, may modify the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal, and the procedures thereto so long as not materially different from this charter petition.

Consistent with this policy, it may be necessary to suspend or expel a student from regular classroom instruction. The Charter School's procedures for student suspension, expulsion, and involuntary removal, may be amended from time to time, without amending this petition so long as the changes or modifications comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. The policy and its procedures will be printed and distributed as part of the Student Handbook, and will clearly describe discipline expectations.

A student identified as an individual with disabilities, or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA"), or who is qualified for services under Section 504, is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students, except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including, but not limited to, the applicable provisions of the Education Code when imposing any form of discipline on a student identified as an individual with disabilities, or for whom the Charter School has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[34] are notified in writing upon enrollment of all discipline policies and procedures. The notice shall also state that this policy and procedures are available on request at ECMS-I's front office.

Suspended or expelled students shall be excluded from all school and school-related activities, unless otherwise agreed during the period of suspension or expulsion.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement.

A. Grounds for Suspension and Expulsion

ECMS-I's rules and procedures for suspension and expulsion are intended to afford students due process rights. The decision to recommend a student for suspension or expulsion will be at the discretion of the Principal or the administrative designees. A student may be suspended or expelled for any of the acts that are enumerated in this section, as they are related to school activities of any kind. These acts may occur:

- While on school grounds
- While going to or coming from school
- During the lunch period, whether on or off the Charter School campus
- During, or while going to or coming from, a school-sponsored activity

B. Enumerated Offenses

[34] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the pupil:
    a.) Caused, attempted to cause, or threatened to cause physical injury to another person.
    b.) Willfully used force or violence upon the person of another, except self-defense.
    c.) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind. Per Assembly Bill 2711 (effective 1/1/25), students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended solely for that disclosure.
    d.) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
    e.) Committed or attempted to commit robbery or extortion.
    f.) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.
    g.) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.
    h.) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of their own prescription products by a student. Per Assembly Bill 2711 (effective 1/1/25), students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.
    i.) Committed an obscene act or engaged in habitual profanity or vulgarity.
    j.) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
    k.) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
    l.) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
    m.) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n.) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
o.) Assault or battery, as defined in Penal Code Sections 240 and 242, upon any school employee.
p.) Engaged in, or attempted to engage in hazing. For the purposes of this policy, “hazing” means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
q.) Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family’s safety, or for the protection of school property, or the personal property of the person threatened or their immediate family.
r.) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 6 to 8, inclusive.
s.) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e) of the Education Code. This provision shall apply to students in any of grades 6 to 8, inclusive.
t.) Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 6 to 8, inclusive.
u.) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
2) "Electronic Act" means the creation and or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.
    ii. A post on a social network Internet Web site including, but not limited to:
        a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
        b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
        c. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an

actual pupil other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

a. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

b. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v.) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w.) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

2. Non-Discretionary Suspension Offenses: Following guidance from LACOE, students must be suspended and recommended for expulsion for any of the following acts when it is determined the pupil:

a.) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b.) Brandished a knife at another person.

c.) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq.*
d.) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the pupil:
   a.) Caused, attempted to cause, or threatened to cause physical injury to another person.
   b.) Willfully used force or violence upon the person of another, except self-defense.
   c.) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind. Students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended solely for that disclosure.
   d.) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
   e.) Committed or attempted to commit robbery or extortion.
   f.) Caused or attempted to cause damage to school property or private property.
   g.) Stole or attempted to steal school property or private property.
   h.) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of their own prescription products by a pupil. Students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.
   i.) Committed an obscene act or engaged in habitual profanity or vulgarity.
   j.) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
   k.) Knowingly received stolen school property or private property.
   l.) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m.) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.

n.) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o.) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p.) Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

q.) Made terroristic threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, or the personal property of the person threatened or their immediate family.

r.) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 6 to 8, inclusive.

s.) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e) of the Education Code. This section shall apply to students in any of grades 6 to 8, inclusive.

t.) Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational

environment. This section shall apply to students in any of grades 6 to 8, inclusive.

u.) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
2) "Electronic Act" means the creation and or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.
    ii. A post on a social network Internet Web site including, but not limited to:
        a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
        b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

c. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

a. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

b. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v.) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

w.) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal, Superintendent, or designee’s concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the pupil:

a.) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this

type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

b.) Brandished a knife at another person.

c.) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq.*

d.) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Expulsion Hearing Committee, and/or Board of Directors, that a student has brought a firearm or destructive device on to campus or to have possessed a firearm or destructive device on campus, as defined in Section 921 of Title 18 of the United States Code, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights, including notice and a hearing, as required in this policy.

For purposes of this policy, the Charter School will use the following definitions:

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. "Firearm" does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

C. Suspension Procedure

Suspension shall be preceded, if practicable, by a conference conducted by the Principal or the Principal's designee, with the student and the student's parent/guardian, and whenever practical, the teacher, supervisor or Charter School employee who referred the student. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the student and

parent/guardian shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action, the evidence against the student, and shall be given the opportunity to present their version and evidence in their defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of their parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

D. Notice to Parents/Guardians

At the time a suspension is recommended, a member of the administrative staff or designated personnel will make reasonable attempts to contact the parent/guardian immediately via telephone. If the parent cannot be reached immediately by telephone, staff will continue to follow up throughout the day or attempt to contact the parent in person (for example, when the parent picks the student up from school) or by email. In addition, a written notification will be sent home promptly. The written notice will detail the incident and specify the grounds for suspension, including the recommended date(s) of suspension. The notice will direct the parent/guardian where they can obtain a copy of their due process rights. The notice will request a conference with the parents/guardians, if one has not already been conducted, and will require parents/guardians to respond to this request immediately.

E. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or Principal's designee, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parents/guardians, unless the student and the student's parents/guardians fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to themselves or others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing. ECMS-I will convene the Expulsion Hearing Committee within 15 business days of the referral for expulsion, unless the parent/guardian requests additional time to prepare for the hearing. In that situation, the parent/guardian must make the request in writing and the extension cannot result in the hearing occurring more than 30 school days after the Principal or Principal's designee determines that the student committed an act subject to expulsion.

The total number of days for which a student may be suspended shall not exceed 20 school days in a school year. Upon return from suspension and before returning to class, the student and parent/guardian must participate in a post-suspension conference with the Principal or the Principal designee.

F. Provisions for Students' Education While Suspended

ECMS-I will make all reasonable arrangements to provide the student with classroom materials and current assignments to be completed at home during the suspension.

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension, or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

G. Administrative Hearing

Upon a referral that may lead to a recommendation by the Principal or Administrative Hearing Team for expulsion, the student and the student's parent/guardian or representative will be invited to an administrative hearing to determine if the student should be suspended pending an expulsion hearing. The Administrative Hearing Team will involve ECMS-I representatives and Home Office staff, or an appointed designee. The Administrative Hearing Team will review the case and provide evidence to make a decision on the recommendation of an expulsion. If the student is **not** recommended for expulsion by the Principal or Administrative Hearing Team, the Principal or Administrative Hearing Team will provide an alternative intervention to the expulsion. The alternative intervention will include consequences, individualized recommended supports, safety guidelines to prevent the behavior to reoccur, psychoeducation, community repairs related to the individuals that were harmed and increased parent support.

H. Authority to Expel

The initial recommendation to expel a student will be at the discretion of the Principal or the Administrative Hearing Team, while the final recommendation for expulsion rests with the Expulsion Hearing Committee, which will conduct a hearing. The Expulsion Hearing Committee will be a fair and impartial panel of staff representatives assigned by

ECS leadership. An ECS Board member may be invited to serve on the Committee; however, to avoid a conflict of interest, that member may not vote on the expulsion decision and must be recused from the Board's subsequent consideration of expulsion ratification. The Expulsion Hearing Committee members will receive annual training in expulsion procedures, confidentiality rules, public meeting rules, and conflict of interest rules. They will also sign a confidentiality agreement.

The Expulsion Hearing Committee may determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Expulsion Hearing Committee. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Expulsion Hearing Committee may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Expulsion Hearing Committee revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Expulsion Hearing Committee shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Expulsion Hearing Committee shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Students may be recommended for expulsion if either of the following conditions exist:

- Repeated violations persist and other means of correction have been unsuccessful in bringing about an improvement in behavior.
- The severity of the violation is such that the presence of the student poses a continuing threat to the health and safety of the student or others.
- The student committed one of the non-discretionary expellable offenses or discretionary expellable offenses enumerated above.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing will be held within 30 days after the Principal or Principal's designee determines that the student committed an act subject to expulsion. The hearing will be presided over by the Expulsion Hearing Committee. The hearing shall be held in a confidential setting (complying with FERPA).

Written notice of the hearing will be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. This notice will include:

- The date and place of the expulsion hearing;
- A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;

- A copy of the Charter School's disciplinary rules which relate to the alleged violation;
- Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
- An explanation of an opportunity for the student and/or the student's parent/guardian to meet with a wellness team member to review and discuss the expulsion process;
- An explanation of the opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
- An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
- An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
- An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

I. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Expulsion Hearing Committee, upon a finding of good cause, may determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Expulsion Hearing Committee. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five day notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time they testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which they may leave the hearing room.
4. The Expulsion Hearing Committee may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The Expulsion Hearing Committee may also limit time for taking the testimony of the complaining witness to the hours they are normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the Expulsion Hearing Committee from removing a support person whom the presiding person finds is disrupting the hearing. The Expulsion Hearing Committee may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one of both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay, unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the Expulsion Hearing Committee from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.
9. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admission for any purpose.

J. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

K. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Expulsion Hearing Committee to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

L. Expulsion Decision

The determination of the Expulsion Hearing Committee shall be in the form of written findings of fact and a written recommendation for expulsion. The ECS Board must vote in closed session at its next regularly scheduled meeting to either ratify or reject the expulsion decision.

If the Expulsion Hearing Committee decides not to recommend expulsion, or the Board of Directors ultimately decides during the ratification or appeal process not to expel, the student shall immediately be returned to their previous educational program.

M. Written Notice to Expel

The Principal or designee, following a decision of the Expulsion Hearing Committee to expel, shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension and Expulsion"
2) Notice of the right to appeal the expulsion. Expulsion appeals shall be brought to the ECS Board of Directors
3) Notice of the student or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with ECMS-I
4) Rehabilitation Plan for student

The ECMS-I Principal or designee shall send written notice of the decision to expel to the student's district of residence and LACOE. This notice shall include the following:

a) The student's name
b) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension or Expulsion"
c) Rehabilitation Plan

N. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

O. Expulsion Appeal and Board Review

If a student is expelled, the student or the student's parent/guardian may, within ten (10) calendar days following the written notice to expel, file a written appeal, requesting the Board reconsider the expulsion determination. The ECS Board of Directors will consider the appeal in closed session at its next regularly scheduled board meeting or as soon

as practicable. The Board will consider all information and evidence contained in the record from the expulsion hearing. The Board will inform the parent/guardian and student in writing within five (5) days of its decision. The decision of the Board of Directors is final.

P. Rehabilitation Plans

Students who are expelled from ECMS-I shall be given a rehabilitation plan upon expulsion as developed by the Expulsion Hearing Committee at the time of the expulsion order. This plan may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to ECMS-I for readmission.

Q. Alternative Educational Programs for Expelled Students

If a decision is made to expel a student from ECMS-I, the Charter School will work cooperatively with the student's district of residence to assist with the educational placement of the expelled student. As permitted by law, ECMS-I will communicate any incident of violent and/or serious behavior to the district/school to which the student matriculates.

R. Readmission or Admission of Previously Expelled Student

The decision to readmit a previously expelled student shall be at the sole discretion of the Principal, based upon the student's successful completion of their Rehabilitation Plan. If the Principal determines that the student has not met the criteria for readmission, the parent/guardian may, within ten (10) calendar days of the Principal's determination, file a written appeal to the ECS Board of Directors' designated Expulsion Hearing Committee. The Expulsion Hearing Committee will consider the appeal within fifteen (15) business days and inform the parent and student within five (5) days of its decision. The student's readmission is also contingent upon the capacity of ECMS-I at the time the student seeks readmission. If there is no space available at the time they seek readmission, the student will be placed on the waitlist.

S. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

T. Involuntary Removal for Excessive Unexcused Absences

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board

adopted Attendance Policy and after notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students may be involuntarily removed for excessive consecutive unexcused absences or unknown whereabouts of the student.

For students with excessive unexcused absences, ECMS-I will make every effort to contact and support the learner. After exhausting all attendance interventions, including sending letters home, making parent/guardian phone calls, holding parent/guardian meetings, and conducting home visits, ECMS-I may withdraw the student if these efforts do not result in improved attendance. In such cases, ECS will recommend an educational program with the student's home district or a partnering school. Students who are involuntarily removed for excessive consecutive unexcused absences may be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Students whose whereabouts are unknown may be withdrawn after all reasonable efforts to locate them have been exhausted. These efforts may include, but are not limited to, sending written notices, making parent/guardian phone calls, conducting parent/guardian meetings, contacting emergency contacts, and completing home visits to known addresses. Following withdrawal, ECMS-I will continue to attempt contact with the student and family to prevent disengagement from the school. Once the student is located, ECMS-I will support their enrollment in an appropriate educational program.

III. Special Procedures for the consideration of suspension & expulsion of students with disabilities

ECMS-I will collect and produce data regarding the suspension and expulsion of special education students as required by LACOE.

In the case of a special education student or a student who receives 504 accommodations, ECMS-I will make the necessary adjustments to comply with the mandates of State and federal laws, including the IDEA and Section 504, regarding the discipline of students with disabilities.

A. Notification of SELPA

ECMS-I shall notify and coordinate with the SELPA when a disciplinary action involving a student with a disability constitutes a change of placement, requires a manifestation determination review, or otherwise triggers procedural protections under the Individuals with Disabilities Education Act (IDEA). ECMS-I may consult with the SELPA as needed to ensure compliance with applicable state and federal discipline requirements.

B. Services During Suspension

When a student with an IEP is suspended for ten (10) or fewer cumulative school days in a school year, ECMS-I shall apply disciplinary procedures in a manner consistent with

those applied to nondisabled students. During such removals, educational services are not required under IDEA unless services are provided to nondisabled students in similar circumstances. In accordance with California law, for suspensions of two (2) or more school days, ECMS-I shall provide homework and assignments upon request. ECMS-I shall monitor cumulative days of removal and make reasonable efforts, when appropriate, to support continuity of learning and address behavioral needs.

When a student with an IEP is suspended for more than ten (10) cumulative school days in a school year, ECMS-I shall provide services in accordance with IDEA to enable the student to continue to participate in the general education curriculum, although in another setting if necessary, and to make progress toward meeting the goals set out in the student's IEP. When required under IDEA, the student shall receive a functional behavioral assessment, behavioral intervention services, and supports designed to address the behavior so that it does not recur. Services may be provided in an interim alternative educational setting, as determined by the IEP team and consistent with applicable law.

Students with disabilities protected under Section 504 shall receive services and supports during periods of disciplinary removal in accordance with Section 504 and applicable Office for Civil Rights guidance.

C. Manifestation Determination and Disciplinary Procedures for Students with IEPs

When a disciplinary action involving a student with an IEP results in a recommendation for expulsion or constitutes a change of placement, ECMS-I shall convene a manifestation determination review (MDR) within ten (10) school days of the decision. The MDR shall be conducted by relevant members of the IEP team, including the parent/guardian, and shall include a review of all relevant information in the student's file, including the IEP, teacher observations, and information provided by the parent/guardian. The IEP team shall determine

- The conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
- The conduct in question was the direct result of ECMS-I's failure to implement the student's IEP.

If either condition is met, the behavior shall be determined to be a manifestation of the student's disability.

If the behavior is determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless one has already been completed, and develop or review and modify a behavioral intervention plan as appropriate. The student shall be returned to the placement from which the student was removed unless the parent or guardian and ECMS-I agree to a change of placement as part of the behavioral intervention plan.

If the behavior is determined not to be a manifestation of the student's disability, ECMS-I may apply disciplinary procedures to the student in the same manner, and for the same duration, as applied to students without disabilities, consistent with IDEA requirements. Educational services shall be provided as required by law and as described in the section on Services During Suspension.

Definition of Change of Placement: For purposes of discipline, a disciplinary action constitutes a change of placement for a student with an IEP when it meets one or more of the following criteria, as defined under IDEA:

- The student is removed from their current educational placement for more than ten (10) consecutive school days; or

- The student is subjected to a series of removals that total more than ten (10) cumulative school days in a school year and constitute a pattern based on factors such as the length of each removal, the total amount of time removed, and the proximity of the removals to one another; or

- The removal otherwise results in a significant change to the student's educational program or placement as determined in accordance with IDEA.

D. Appeals and Interim Alternative Educational Settings

Parents/guardians may request an expedited due process hearing if they disagree with the manifestation determination or with a disciplinary change of placement. ECMS-I may also request an expedited hearing if the school believes that maintaining the student's current placement is substantially likely to result in injury to the student or to others. During the pendency of such an appeal, the student shall remain in an interim alternative educational setting, as determined in accordance with IDEA, unless the parent or guardian and ECMS-I agree otherwise or the applicable time period expires.

A hearing officer may order a change in placement to an appropriate interim alternative educational setting for not more than forty-five (45) school days, or may return the student to the placement from which the student was removed, consistent with applicable law.

E. Special Circumstances

ECMS-I personnel may consider unique circumstances, on a case-by-case basis, when determining whether to order a change of placement for a student with an IEP who violates a code of student conduct. A student may be removed to an interim alternative educational setting for not more than forty-five (45) school days, without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student carries or possesses a weapon, knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance, or inflicts serious bodily injury upon another person at school, on school premises, or at a school function, as defined by

applicable law. The interim alternative educational setting shall be determined by the student's IEP team.

F. Procedures for Students Not Yet Eligible for Special Education Services

In certain circumstances, a student who has not yet been determined eligible for special education under the Individuals with Disabilities Education Act (IDEA) may still be entitled to IDEA's discipline-related protections. This provision ensures that students are not denied appropriate safeguards when ECMS-I had reason to know the student may have a disability prior to the behavior that resulted in disciplinary action.

A student who has not been identified as a student with a disability under IDEA may assert IDEA discipline protections if ECMS-I is deemed to have had knowledge that the student had a disability before the conduct occurred.

ECMS-I shall be deemed to have knowledge that a student had a disability if one or more of the following conditions existed prior to the behavior:

- The parent/guardian expressed concern, either in writing or orally, to supervisory or administrative personnel or to one of the student's teachers that the student may be in need of special education or related services;

- The parent/guardian requested an evaluation to determine the student's eligibility for special education services; or

- The student's teacher or other ECMS-I personnel expressed specific concerns about a pattern of behavior demonstrated by the student directly to supervisory personnel.

If ECMS-I is deemed to have had knowledge of a suspected disability under one or more of the circumstances described above, the student shall be entitled to the discipline-related protections available under IDEA, including protections related to changes of placement and manifestation determination procedures.

If ECMS-I did not have a basis of knowledge that the student had a disability prior to the behavior, ECMS-I may proceed with disciplinary actions applicable to students without disabilities. If a parent or guardian subsequently requests an evaluation under these circumstances, ECMS-I shall conduct an expedited evaluation in accordance with IDEA requirements. An expedited evaluation means that the evaluation will be initiated without delay and completed as promptly as possible within applicable state timelines. Pending completion of the evaluation, the student shall remain in the educational placement determined by ECMS-I, consistent with applicable law.

ECMS-I shall not be deemed to have knowledge that a student had a disability if the parent/ guardian previously refused to consent to an evaluation, refused special

education services, or if the student was evaluated and determined not to be eligible for special education services.

ELEMENT 11 - RETIREMENT SYSTEM AND EMPLOYEE MATTERS

Governing Law "The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." Education Code Section 47605(c)(5)(K).

All certificated employees who are eligible for the Defined Benefit Program will participate in the State Teachers' Retirement System ("STRS") in accordance with STRS guidelines and Education Code 47611. All eligible employees will contribute the percentage required by STRS. Employees will accumulate service credit years in the same manner as all other members of STRS. ECMS-I will contribute the employer's portion as required by STRS. All withholdings from employees and the charter school will be forwarded to the STRS Fund as required.

For benefit-eligible employees, ECMS-I offers a voluntary 403(b) retirement plan. ECMS-I will submit all retirement plan contributions to the 403(b) plan administrator.

ECMS-I will submit retirement data through LACOE, or through any agency qualified to receive retirement data, and will comply with all policies and procedures for payroll reporting. Federal Social Security payments will be contributed for all non-STRS employees in accordance with Federal and State laws. All employees will pay the required percentage of Medicare.

ECS' Superintendent will ensure that appropriate arrangements for each employee's retirement coverage are made.

ECMS-I will participate in OASDI for non-eligible STRS and part-time employees. The Board of Directors retains the option to consider any other public or private retirement plans and to coordinate such participation with existing programs as it deems appropriate.

ELEMENT 12 – PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

Governing Law: "The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." Education Code Section 47605 (c)(5)(L).

ECMS-I is a school of choice. No student is required to attend, and no employee is required to work at the Charter School. Pupils may attend any of the existing public schools that service their address of residence in accordance with the admission and attendance requirements of any such school and school district.

ELEMENT 13 – EMPLOYEE RETURN RIGHTS

Governing Law: "The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school and of any rights of return to the school district after employment at a charter school." Education Code Section 47605(c)(5)(M).

When an employee leaves a public school district or LACOE to work at ECMS-I, and subsequently chooses to return to that public school district or LACOE, the specific return rights afforded to the employee will be governed by the policy of that public school district or LACOE, including but not limited to whether the employee may carry over any unused sick/personal leave and/or earn service credit (tenure) in the district for the time worked at ECMS-I.

Former school district employees must consult with the applicable district or LACOE to determine their eligibility for leave.

ELEMENT 14 – DISPUTE RESOLUTION PROCESS

Governing Law: "The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter." Education Code Section 47605(c)(5)(N).

I. Overview of Dispute Resolution Process

The staff and governing board members of ECMS-I agree to attempt to resolve all disputes regarding this charter pursuant to the terms of this section. Both will refrain from public commentary regarding any disputes until the matter has progressed through the dispute resolution process.

The intent of these dispute resolution processes is to:

- Minimize the oversight burden on LACOE.
- Ensure a fair and timely resolution to disputes.
- Resolve disputes within ECMS-I pursuant to the Charter School's policies.
- Provide a uniform complaint process to address all complaints that allege that ECMS-I has violated federal or state laws or regulations governing educational programs.

II. Disputes between ECS or ECMS-I and LACOE

The County Board shall only approve a dispute resolution procedure if it is equitable to both parties. The County Board may condition its approval of a charter petition subject to the petitioner(s) making changes to the dispute resolution procedure that is equitable to both parties. Such changes must be made prior to the first day of the charter term. Both parties will attempt to settle such dispute by meeting and conferring in a good faith attempt to resolve the dispute.

The Charter School and the County will be encouraged to attempt to resolve any disputes with the County amicably and reasonably without resorting to formal procedures. In the event of a dispute between the Charter School and the County, Charter School staff, employees and Board members of the Charter School and the County agree to first frame the issue in written format ("dispute statement") and to refer the issue to the County Superintendent and the ECS Superintendent. The party who claims there is a dispute shall identify the issue in the dispute statement with specificity and supporting facts.

In the event that the County Board of Education and the Los Angeles County Office of Education Staff believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the County to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede

or act as a pre-requisite to the County's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations. At any time LACOE believes the dispute relates to an issue that could lead to revocation of the charter school, both parties will no longer be subject to this process. LACOE may proceed immediately with the revocation procedures as set forth in law and stated below if LACOE believes the charter school:

- Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.
- Failed to meet or pursue any of the pupil outcomes identified in the charter.
- Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Violated any provision of law

The responding party has 20 business days to prepare a written response to the dispute statement. Both parties will attempt to settle such dispute by meeting and conferring in a good faith attempt to resolve the dispute within 15 business days of the date of the written response. The ECS Superintendent shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the written response. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members who shall meet with the County Superintendent and the ECS Superintendent and attempt to resolve the dispute within fifteen (15) business days from receipt of the written response.

If this joint meeting fails to resolve the dispute, the County Superintendent and the ECS Superintendent shall meet to jointly identify a neutral third party mediator to engage the parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by the County Superintendent and the ECS Superintendent. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the County and the Charter School. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon mutual written agreement of the County and the Charter School.

III. Disputes Arising Within Environmental Charter Middle School-Inglewood

Disputes arising from within ECMS-I, including all disputes among and between students, staff, parents, volunteers, advisors, partner organizations, and governing board members of the Charter School, will be resolved by the ECS Board of Directors, the Superintendent and/or the Principal. LACOE may investigate if a complaint is made and there is a statutory obligation for the superintendent to investigate. Otherwise, LACOE will not intervene in any such internal disputes without the consent of the ECS Board of Directors and will refer any complaints or reports regarding such internal disputes to the Board or administrative staff of ECMS-I for resolution. LACOE agrees not to intervene or become involved in the internal dispute unless the internal dispute

has given LACOE reasonable cause to believe that a violation of this charter or related laws or agreements have occurred, or unless ECMS-I has requested LACOE to intervene in the internal dispute.

A. Internal Dispute Policy

1. Board Members: If a Board member has a conflict, and the Board member is unable to resolve it, the Board member may request a dispute resolution process through the entire Board of Directors.
2. Independent Contractors: If an independent contractor has a conflict, the individual should contact the Principal for assistance in resolving the conflict. If the conflict involves the Principal, an independent contractor will request a dispute resolution process through the Superintendent.
3. All: Each member of the Charter School community should first attempt to resolve the conflict with the person or persons directly involved or affected by the issue. The final school-level appeal is the Principal. Conflicts not resolved at the school-level can be appealed to the Superintendent. The final level of appeal is the Charter School's Board of Directors. Intermediate levels of conflict resolution are outlined below.
4. Students: If there is a conflict between students and direct discussion cannot resolve the conflict, students will be expected to follow the conflict resolution techniques taught in the classrooms and on the playground through real-life situations, role-playing, and/or discussions. The conflict resolution structure asks students to be responsible for their own choices and gives students various choices to act upon when in a conflict. Students may choose to walk away from a situation, choose to share how they feel without continuing on to find consensus, choose to use active listening and problem-solving strategies to reach a consensus amongst the students, or request support from other students with a strong understanding of active listening and problem-solving strategies. Learning and practicing these skills and strategies is a part of ECMS-I's Advisory program. Staff will incorporate these techniques into problem-solving situations as a regular practice. If students are unable to resolve the conflict they will be expected to ask a teacher for assistance in resolving the conflict. If the teacher is unable to resolve the conflict, the Dean of Student Culture, Assistant Principal, or Principal will facilitate a dispute resolution process.
5. Staff: If there is a conflict between staff and staff members are unsuccessful in resolving the conflict, the Principal will facilitate a formal mediation. If the conflict involves the Principal, staff will request a dispute resolution process through the Superintendent.
6. Parents: If a parent has a conflict, the parent should contact the Principal for assistance in resolving the conflict. If the conflict involves the Principal, parents will request a dispute resolution process through the Superintendent.

In the event that LACOE receives a complaint directly regarding the Charter School's operations, LACOE agrees to refer said complaint to the Superintendent for resolution

in accordance with the steps outlined above, unless otherwise prohibited by law (e.g., child abuse reporting).

ECMS-I's internal dispute resolutions process is for disputes between ECMS-I and its stakeholders. The purpose of the internal dispute resolution process is twofold: 1) to resolve disputes quickly and with clarity and, 2) to have all members of the Charter School resolve conflicts within the structures of the Charter School. ECMS-I will implement the dispute resolution process described in the following steps and will provide all members of the Charter School community with a copy of the same. Everyone in the Charter School community will sign a statement acknowledging their intent to use the dispute resolution process in resolving conflicts. The Charter School shall also maintain a Uniform Complaint Policy and Procedures ("UCP") and Title IX complaint procedures as required by state and federal law, respectively. Parents will be advised of the Uniform Complaint Policy and Procedures delineated herein.

B. Timeline for Final Appeal to Environmental Charter Middle School-Inglewood's Board of Directors

The party initiating the appeal must submit a written request for Board of Directors review to the board chair within (5) five business days of the Superintendent's final decision. The Board of Directors will hear the appeal at the next scheduled regular meeting, unless the board chair determines that the urgency of the issues necessitate that a special meeting be called to hear the appeal. All confidential issues will be heard in closed session, in accordance with the Brown Act.

IV. Uniform Complaint Policy and Procedures

A. Scope of the UCP

1. For complaints of discrimination against any protected group including actual or perceived, including discrimination on the basis of actual or perceived age, sex, sexual orientation, gender, ethnic group identification, race, ancestry, national origin, ECMS-I is the local educational agency primarily responsible for compliance with applicable federal and state laws and regulations, and these procedures establishes a standardized process for addressing the following types of complaints:
    a. Religion, color, or mental or physical disability, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any ECMS-I program or activity; and
    b. Complaints of violations of state or federal law and regulations governing the following programs including but not limited to: special education, Title II, Section 504 of the Rehabilitation Act, consolidated categorical aid, migrant and Indian education, career technical and technical education training programs, child care and development programs, child nutrition program.

ECMS-I acknowledges and respects every individual's right to privacy. This includes keeping the identity of the complainant confidential, as appropriate and except to the extent necessary to carry out the investigation or proceedings.

ECMS-I prohibits any form of retaliation against any complainant in the complaint process.

B. Compliance Officers

The ECS Board of Directors designates the following compliance officer to receive and investigate complaints and to ensure the Charter School's compliance with law:

Human Resources Director
Environmental Charter Schools
2625 Manhattan Beach Blvd, Suite 100
Redondo Beach, CA 90278

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

C. Appeals to the California Department of Education

If dissatisfied with ECMS-I's decision, the complainant may appeal in writing to the CDE within fifteen (15) days of receiving ECMS-I's decision. When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of ECMS-I's decision.

Upon notification by the CDE that the complainant has appealed ECMS-I's decision, the Superintendent or designee shall forward the following documents to the CDE:

1. A copy of the original complaint.
2. A copy of the decision.
3. A summary of the nature and extent of the investigation conducted by ECMS-I, if not covered by the decision.
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by all parties and gathered by the investigator.
5. A report of any action taken to resolve the complaint.
6. A copy of ECMS-I's complaint procedures.
7. Other relevant information requested by the CDE.

D. Direct CDE Intervention

The CDE may directly intervene in the complaint without waiting for action by ECMS-I when one of the conditions listed in Title 5, California Code of Regulations, Section 4650 exists, including cases in which ECMS-I has not taken action within 60 days of the date the complaint was filed with ECMS-I. Pursuant to 5 CCR 4650 among the bases for CDE directly intervention are if the complainant requests anonymity because they would be in danger of retaliation and would suffer immediate and irreparable harm should the they file a complaint with the charter school or if the complainant alleges facts that indicate that the health, safety or welfare of a child or group of children is threatened or in immediate physical danger.

E. Civil Law Remedies

A complainant may pursue available civil law remedies outside of ECMS-I's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints arising under state law, however, a complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if ECMS-I has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint in accordance with 5 CCR 4622.

ELEMENT 15 – CHARTER SCHOOL CLOSURE

Governing Law: "The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." Education Code Section 47605(c)(5)(O).

I. Closing Procedures

ECMS-I shall follow the school closure provisions specified in Education Code Section 47605(c)(5)(O) and Title 5, California Code of Regulations Section 11962, as well as those outlined in the State Board of Education school closure provisions in the event of the site's closure. The following additional provisions relating to school closure shall also apply.

A. Administration: The ECS Board of Directors will be the responsible entity for oversight of the Charter School closure procedures and the Superintendent, or other individual identified by the Board, shall be primarily charged with implementing school closure procedures mandated by law. The Principal will be employed after the closing of the Charter School for a period of time, adequate to facilitate school closure, disposition of assets, and the transfer of all student records, and will work at the direction of the Superintendent. The Principal will produce a list of pupils in each grade level and the classes they have completed, together with information on the pupils' district of residence is provided to the ECS Superintendent.

B. Disposition of Assets: All goods and materials purchased by ECMS-I with funds received by the LEA are owned by ECS, as the nonprofit corporation authorized to operate the Charter School and will remain so notwithstanding its closure. In the event that ECMS-I closes, the remaining assets of the Charter School, after the liabilities have been satisfied, will be disposed of by the governing board to another charter school, non-profit organization, or other appropriate entity in accordance with the asset disposition provisions of the Charter School's articles of incorporation and all related laws and regulations. Notwithstanding the above, all unspent restricted funds shall be returned to their respective sources and any required reports submitted. Any unused grant funds will be disposed of in accordance with the terms of the grant, and any required final grant reports completed. Additionally, a full list of equipment, furniture, and instructional supplies must be documented prior to assets being distributed. Any donated materials and property with conditions established when the donation was accepted will be disposed of in accordance with those conditions. As directed by the Articles of Incorporation, the Superintendent will oversee the inventory and resolution of all corporate assets and liabilities as directed in the articles of incorporation, and the Board treasurer shall ensure that a final audit of the Charter School's assets and liabilities is performed. A final audit will be completed

and provided to LACOE within 6 months of school closure. ECMS-I's reserves will be utilized to pay for this final audit. Education Code 47605(c)(5)(O).

C. Notification: The Charter School will promptly notify parents and students of the Charter School, the Los Angeles County Office of Education, the Charter School's SELPA, the retirement systems in which the Charter School's employees participate (e.g., State Teachers' Retirement System and federal social security), and the California Department of Education of the closure, as well as the effective date of said closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence, and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

   ECMS-I will ensure that the closure notification to the parents and students of the Charter School provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close the Charter School.

   The Charter School will also develop a list of pupils in each grade level, and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

D. Transfer of Records: The ECS Board of Directors will ensure the transfer of official student records, assessment results and special education records to the students' new schools upon receiving records requests. Any unclaimed student records will go to LACOE upon school closure. Special education records will go to the Special Education Local Plan Area (SELPA) or be transferred as directed by the SELPA. Parents will also be provided with copies of appropriate records and ECMS-I will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with the Family Education Rights and Privacy Act (FERPA). Employee records will be transferred to LACOE.

E. Audit: As soon as reasonably practical, ECMS-I will prepare final financial records. ECMS-I will also pay to have an independent audit completed within six months after closure. The audit will be prepared by a qualified Certified Public Accountant selected by ECS and will be provided to LACOE promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an

assessment of the disposition of any restricted funds received by or due to ECMS-I.

F. Annual Reports: ECMS-I will complete and file any annual reports required pursuant to Education Code Section 47604.33.

G. Cost of Closure: The ECS Board of Directors shall cover the cost of closure of the Charter School out of ECMS-I's reserves and will reserve at least $20,000 to cover them.

OTHER OPERATIONAL ISSUES

I. Business and Operations Management

Governing Law: "The manner in which administrative services of the charter school are to be provided." Education Code Section 47605(h).

ECMS-I, as a distinct LEA from ECHS-L, ECHS-G and ECMS-G, maintains its own set of financial records. As required by law and stated in the charter, ECS submits financial reports for ECMS-I as a distinct LEA and has an audit performed on the financial statements of ECMS-I. In the few areas where overlap in purchasing or resource allocation might occur, the financial policies describe how allocations will occur between distinct LEAs.

The Board receives reports of revenues and expenditures, separated by LEA, from its business services provider, EdTec, on a regular basis. The financial services provider uses documented allocations (for example, county treasury documentation of deposits by CDS code or invoices by school). If such documentation is not available, the allocation will follow the method as described in the Board approved financial policies.

ECMS-I contracts with a charter school business services provider, EdTec, to provide business services, such as budgeting/forecasting, fiscal planning, accounts set up (insurance, benefits, attendance tracking), payroll, completion and submission of compliance reports, service vendor contract negotiations and management, and purchasing. This provider adheres to generally accepted accounting principles and uses an accounting system with internal controls that also follows generally accepted accounting principles. Both the business services provider and the Charter School monitor adherence to the charter process and any applicable law. The Board of Directors ensures that the accounting system for ECMS-I follows generally accepted accounting principles. ECMS-I and/or its non-profit corporation are solely responsible for the debts and obligations of the Charter School.

II. Inquiries and Notifications

ECMS-I shall promptly respond to all inquiries, including but not limited to inquiries regarding financial records, from LACOE and shall consult with LACOE regarding inquiries.

Notification is to be made to the Charter Schools Office of any notices of workplace hazards, investigations by outside regulatory agencies, lawsuits, or other formal complaints, within one week of receipt of such notice by ECMS-I. Depending on severity of the hazard, immediate notification may be needed.

III. Charter Term

This petition for charter renewal for ECMS-I is for a term of five years. The requested five-year term would begin on July 1, 2026 and expire June 30, 2031. The charter may be renewed for subsequent terms by LACOE. ECMS-I must meet the minimum renewal criteria contained in the Education Code Section 47605 to be considered for renewal by LACOE.

IV. Food Service Program

ECMS-I applies as its own sponsor for participation in the federal meal program. ECMS-I works with an approved vendor to provide free and reduced price lunches to all students. This vendor provides and organizes the delivery arrangements in accordance with state and federal guidelines for food services at ECMS-I. Under this arrangement, all food is prepared on a daily basis at the vendor's facility and delivered by the vendor to the Charter School. Food is served by school staff members and parent volunteers (when available). The food program is annually re-evaluated by ECMS-I.

V. Financial Plan

Governing Law: "The petitioner or petitioners also shall be required to provide financial statements that include a proposed first year operational budget, including startup costs, and cash flow and financial projections for the first three years of operation." Education Code Section 47605(h).

The ECMS-I financial plan contains a multiyear budget and narrative forecast for the next five years of operation and monthly cash flow. Budget documents and the accompanying financial narrative are included in the petition submission package section II.1. Revenue entitlements were calculated based on published information on the state direct funding model, and by identifying any additional federal, state, and local funding for students in grades six through eight typically available to a charter school based on characteristics of the Charter School's programs and student make-up. ECMS-I also applies for competitive and categorical funding as appropriate for its mission and budget needs.

VI. Facilities

Governing Law: "The facilities to be used by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate." Education Code Section 47605(h).

ECMS-Inglewood Facilities

ECMS-I is located at 3600 Imperial Highway, Inglewood, CA 90303 on a two-acre campus that includes classrooms, school offices, a playground, parking, and multipurpose spaces.

Upon first opening, ECMS-I operated under a short-term lease with Concordia Lutheran Church, utilizing only a few classrooms, offices, and the play yard to serve approximately 200 students. As enrollment grew, so did ECMS-I's partnership with both the church and Menlo Charter Properties ("MCP"), ECS' supporting organization and together, ECS, MCP and Concordia developed the site to expand its capacity, adding ten new classrooms—including four sustainable, LEED-Platinum certified shipping container classrooms—to create a campus able to serve 360 students.

Most recently, in 2024, MCP Yukon LLC purchased the site from Concordia and leased the entire property back to ECMS-I. For the first time, the Charter School gained exclusive use of an additional 7,000 square feet of built space (space it previously shared with Concordia) including 2 additional classrooms, office spaces, a kitchen and a multipurpose room. This purchase allows each teacher to have a dedicated classroom and opens new opportunities to enhance community spaces for students and families.

In the summer of 2025, ECMS-I refreshed the two classrooms for use during the 2025-26 school year and engaged Gensler Architects to design a long-term facilities plan. The plan will prioritize student safety, reflect the needs of the learning community, and provide a roadmap for additional campus improvements that will further enrich student life. We are looking forward to the plans completion and the recommendation of improvements that will help us continue to transform our campus into the vibrant, sustainable, and inspiring environment that reflects ECS's mission.

A. Background – ECS and MCP

Environmental Charter Middle School-Inglewood is operated by ECS, a 501(c)(3) nonprofit benefit corporation founded on April 26, 2000 to operate charter schools. MCP is also a 501(c)(3) nonprofit benefit corporation, founded on May 1, 2013. The sole purpose of MCP is to serve ECS' mission to operate its charter schools; MCP supports ECS' mission by serving as the owner of all of ECS' school facilities.

Currently, there are 5 board members for MCP (the full ECS Board currently has 11 board members). Per MCP's Fourth Amended Bylaws, some but not all of MCP board members may be ECS board members. Current MCP board members are listed below:

- Bruce Greenspon (President)
- Ken Deemer (Secretary)
- John Quiter
- Jenina Ramirez
- Anthony Jowid

B. Limited Liability Corporations

For each school, MCP has set up limited liability corporations ("LLCs") to serve as the owner/landlord of each school facility. The sole member of each LLC is MCP, and these

LLCs are wholly controlled by MCP, as a result each LLC takes on the nonprofit status of the sole member. The board members of MCP are the same board members for each LLC.

The Four (4) LLCs which currently exist are:

1. **Menlo 165th Place LLC** ("Menlo") –Serves as owner of school facilities at the ECMS – Gardena site ("ECMS-G"). Menlo owns the underlying land and buildings on this site. Menlo financed and constructed building improvements and leases the site to ECMS-G.
2. **Yukon LLC** ("Yukon") – Serves as owner of school facilities at ECMS - Inglewood site ("ECMS-I"). Yukon LLC owns the underlying land and building on this site. Yukon financed land and constructed building improvements and leases the site ECMS-I.
3. **Lawndale LLC** ("Lawndale") – Was created for a similar purpose as the other two LLCs. The LLC serves as owner of facilities at Environmental Charter High School-Lawndale("ECHS-L") that are not owned by Lawndale Elementary School District (LESD), specifically, the portables and shed-like structures. The underlying land and permanent structures are owned by LESD and leased to ECHS (as tenant) pursuant to a lease agreement with LESD. The remainder of the spaces which includes the portables and shed like structure are owned by Lawndale LLC or Mobile Modular and are leased to ECHS-L.
4. MBB & Gardena LLC ("MBB") serves as owner of school facilities at the ECHS – Gardena site ("ECMS-G"). MBB owns the underlying land and buildings on this site. MBB & Gardena LLC financed and constructed building improvements and leases to ECHS-G.

The LLCs (as landlords/owners) purchase, construct, renovate and maintain facilities which they then lease to each of the schools. The monthly rent each LLC (as landlord) collects from each school (as tenant) includes all costs to manage and maintain the facilities. Currently there are four (4) active leases between the LLC entities:

- ECMS-I's lease is between Yukon LLC (as landlord) and ECMS-I (as Tenant).
- ECMS-G's lease is between Menlo 165th Place LLC and ECMS-G (as Tenant).
- ECHS-G's lease is between MBB & Gardena LLC and ECHS-G (as Tenant).
- ECHS-L's lease is between Lawndale LLC and ECHS-L (as Tenant).

C. Purpose of MCP and the LLCs

As discussed above, MCP and its LLCs (Lawndale, Menlo, Yukon and MBB & Gardena) were solely created to support the mission of ECS by owning/managing/financing each school facility. By serving in this capacity, MCP and its LLCs benefit ECS in the following ways:

Benefit #1 – Separates ECS from the risks related to being a building owner; and

Benefit #2 – Enables ECS to qualify for SB 740 funding from the State by having the LLCs serve as landlords to ECS.

MCP formed individual LLCs for each school campus to further segregate risk related to each individual campus to separate legal entities. This strategy is identical to what hospitals, colleges/universities and corporations do when they own multiple real estate assets (i.e., each campus is owned by a separately formed LLC, which is typically controlled by a single legal entity). The MCP legal entity and its LLCs were created in compliance with all State laws (particularly SB 740 legislation) and conform with best practice utilized by charter schools in the State. Most charter schools in the State utilize a similar legal structure as ECS does with MCP (i.e., the charter organization has a separate legal entity – either another nonprofit or LLC – serve as landlord to the Charter School). The reason charter schools do this is to access SB 740 funding and separate the risks related to being a building owner (as discussed above). The LACOE Charter School Office has been provided Articles of Incorporation, Bylaws, IRS NonProfit status letter and operating agreements for MCP and all LLCs within MCP.

D. Supporting Documentation for MCP and the LLCs

For your reference, the following operating documents for MCP and each LLC are provided in Appendix E (package pages 00266-00348).

Menlo Charter Properties (MCP)
MCP Articles of Incorporation
MCP Fourth Amended Bylaws

IRS Status for MCP
MCP IRS Nonprofit Status

Menlo Place 165th LLC
M165th Articles of Organization and Statement of Information
M165th Operating Agreement

Yukon LLC
Yukon Properties Articles of Organization
Yukon Properties Operating Agreement

Lawndale LLC
Lawndale Properties Articles of Organization
Lawndale Properties Operating Agreement

MBB & Gardena LLC
MBB & Gardena Articles of Organization
MBB & Gardena Operating Agreement

VII. Transportation

The Charter School will not provide transportation to and from school, except as required by law for students with disabilities in accordance with a student's IEP.

VIII. Insurance

ECMS-I maintains appropriate workers' compensation insurance, as well as liability coverage, bond coverage, and insurance coverage, providing for, among other things, insurance for operation and procedures, personal injury, and property, fire, and theft. It is ECMS-I's responsibility, not LACOE's, to monitor its vendors, contractors, partners or sponsors for compliance with the insurance requirements.

No coverage shall be provided to the Charter School by LACOE under any of LACOE's self-insured programs or commercial insurance policies. ECMS-I maintains, at a minimum, insurance as set forth below with insurance companies acceptable to LACOE.

The following insurance policies are required:

1. Commercial General Liability, including Damage to Rented Premises coverage (only required for rented premises the tenant occupies), of $5,000,000 per Occurrence and in the Aggregate. The policy shall be endorsed to name the Los Angeles County Office of Education and the County Board of Education ("County Board") as named additional insured and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and the Charter School's insurance shall be primary despite any conflicting provisions in the Charter School's policy. Coverage shall be maintained with no Self Insured Retention above $15,000 without the prior written approval of the Office of Risk Management for the LACOE.
2. Workers' Compensation Insurance in accordance with provisions of the California Labor Code adequate to protect the Charter School from claims that may arise from its operations pursuant to the Workers' Compensation Act (Statutory Coverage). The Workers' Compensation Insurance coverage must also include Employers Liability coverage with limits of $1,000,000/$1,000,000/$1,000,000.
3. Commercial Auto Liability, including Owned, Leased, Hired, and Non-owned, coverage with limits of $1,000,000 Combined Single Limit per Occurrence if the Charter School does not operate a student bus service. If the Charter School provides student bus services, the required coverage limit is $5,000,000 Combined Single Limit per Occurrence. Fidelity Bond coverage shall be maintained by the Charter School to cover all Charter School employees who handle, process or otherwise have responsibility for Charter School funds, supplies, equipment or other assets. Minimum amount of coverage shall be $50,000 per occurrence, with no self-insured retention.

4. Professional Educators Errors and Omissions liability coverage with minimum limits of $3,000,000 per occurrence and $3,000,000 general aggregate. Sexual Molestation and Abuse coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate. Coverage may be held as a separate policy or included by endorsement in the Commercial General Liability or the Errors and Omissions Policy.
5. Employment Practices Legal Liability coverage with limits of $3,000,000 per occurrence and $3,000,000 general aggregate.
6. Property Damage Liability replacement value limits sufficient to protect the Charter School's assets
7. Excess/umbrella insurance with limits of not less than $10,000,000 is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

*Coverages and limits of insurance may be accomplished through individual primary policies or through a combination of primary and excess policies. *The policy shall be endorsed to name LACOE and LACOE Board of Education as named additional insureds and shall provide specifically that any insurance carried by LACOE which may be applicable to any claims or loss shall be deemed excess and the Charter School's insurance shall be primary despite any conflicting provisions in the Charter School's policy.*

A. Evidence of Insurance

ECMS-I shall furnish to LACOE, within thirty (30) days of the inception of all new policies, renewals, or changes, certificates of insurance and any required endorsements evidencing all required coverages. All evidence of insurance must be issued and signed by duly authorized representatives of the insurance carrier(s).

All insurance policies shall provide that coverage shall not be suspended, canceled, reduced in coverage or limits, or non-renewed except after thirty (30) days' prior written notice has been provided to LACOE. Certificates of insurance shall be endorsed accordingly. Facsimile, electronic, or reproduced signatures shall be acceptable upon review by LACOE's Office of Risk Management and Insurance Services. LACOE reserves the right to require certified copies of any insurance policies required under this Charter.

Should ECMS-I determine that it is prudent or desirable to maintain insurance coverage for risks not specifically required by LACOE—including, but not limited to, coverage for damage or theft of school, employee, or student property; student accident; or other supplemental risks—such coverage shall be the sole responsibility of ECMS-I, and shall not be provided by LACOE.

In addition, ECMS-I shall maintain at all times a funds balance (reserve) for economic uncertainties in compliance with Title 5, California Code of Regulations, section 15443.

The minimum required reserve is currently five percent (5%) of total operational expenditures.

B. Hold Harmless/Indemnification Provision

To the fullest extent permitted by law, ECMS-I agrees to indemnify, defend, and hold harmless the LACOE, the County Board of Education, and their members, officers, directors, agents, representatives, employees, and volunteers (collectively, "Indemnitees") from and against any and all claims, demands, actions, damages, losses, liabilities, costs, and expenses (including, without limitation, reasonable attorney's fees and costs) arising out of or relating to:

1. The operations of ECMS-I, including, but not limited to, the acts or omissions of ECMS-I, its officers, directors, employees, agents, representatives, subcontractors, students, invitees, and volunteers;
2. Any breach of this Charter or the Monitoring and Oversight MOU; and
3. Any contractual liability resulting from ECMS-I's agreements with its vendors, contractors, partners, or sponsors.

Such indemnification shall not extend to matters caused solely by the gross negligence or willful misconduct of LACOE. ECMS-I's obligations under this section shall survive the expiration, revocation, or other termination of this Charter.
4917-7231-7818, v. 8

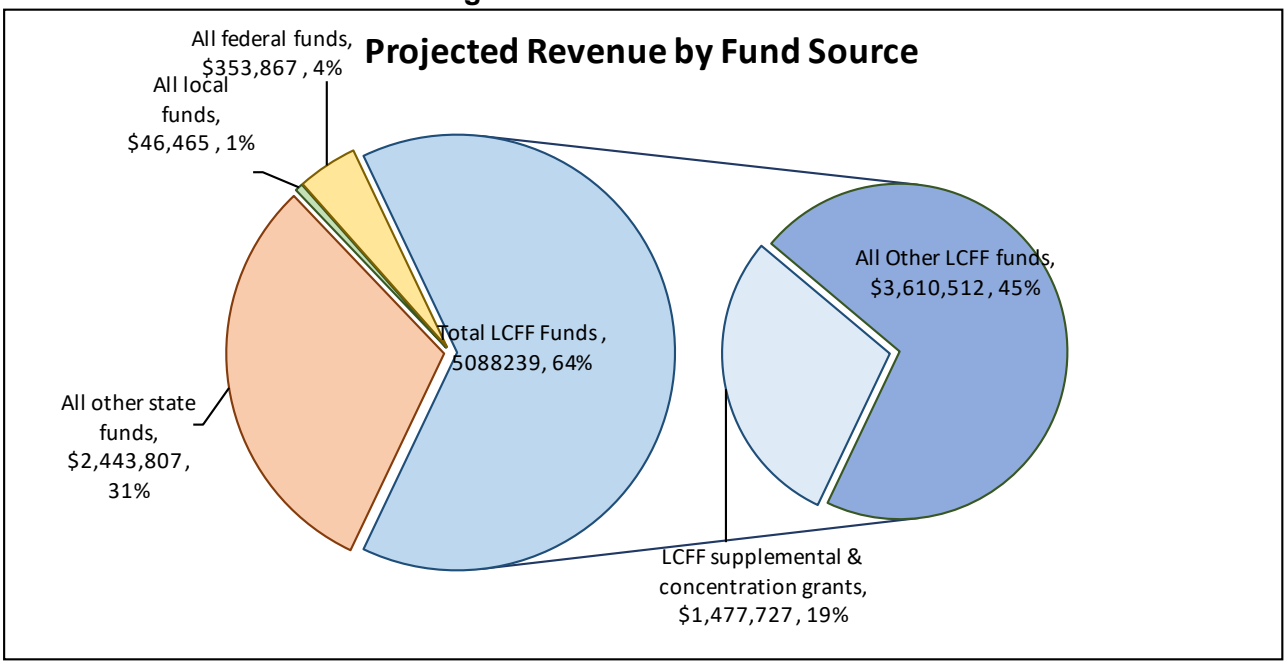
LCAP

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Environmental Charter Middle School - Inglewood
CDS Code: 19101990127498
School Year: 2025-26
LEA contact information: Tracy Bondi, 310-214-3408, tracy_bondi@ecsonline.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

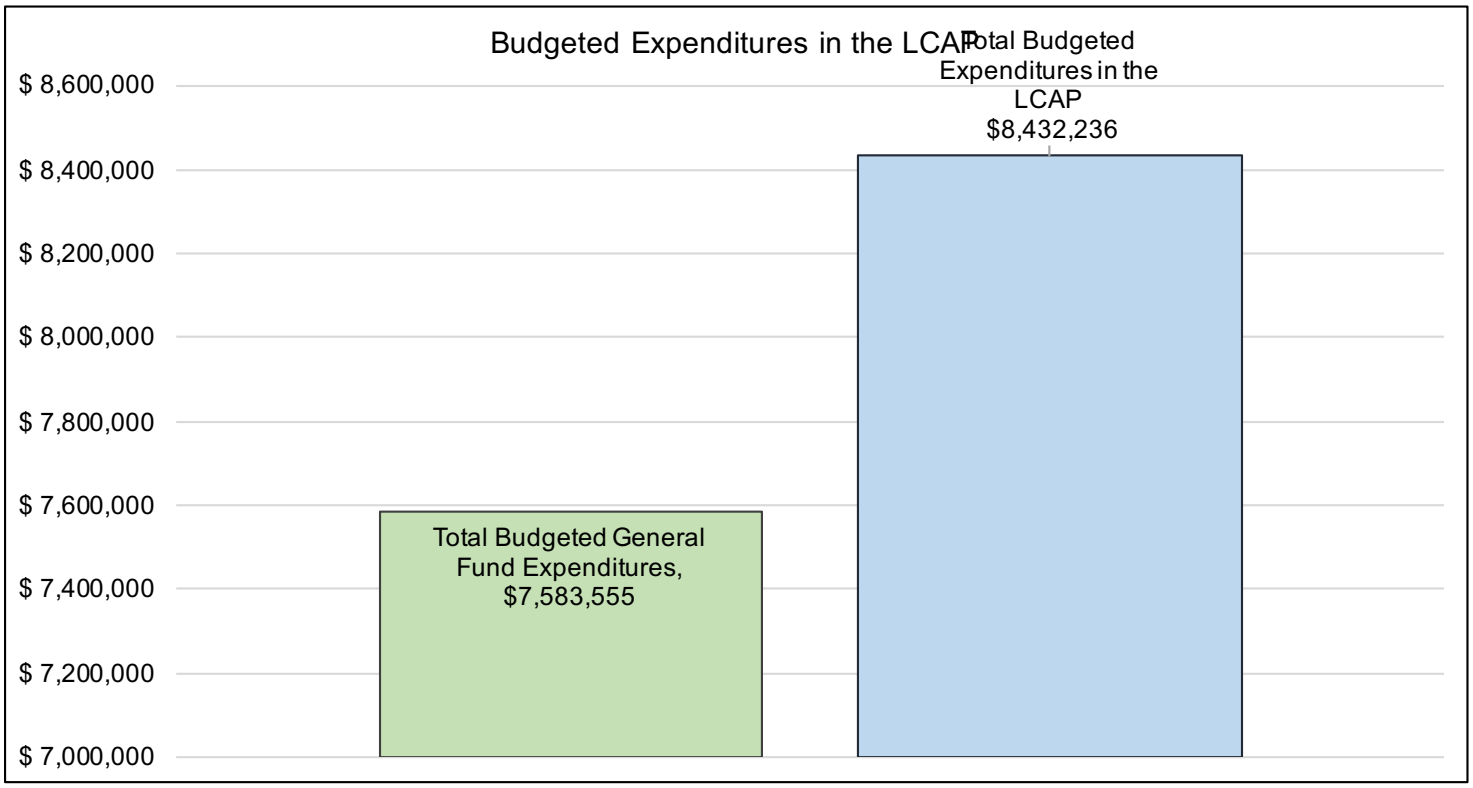


This chart shows the total general purpose revenue Environmental Charter Middle School - Inglewood expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Environmental Charter Middle School - Inglewood is $7,932,378.16, of which $5,088,239.00 is Local Control Funding Formula (LCFF), $2,443,807.08 is other state funds, $46,465.00 is local funds, and $353,867.08 is federal funds. Of the $5,088,239.00 in LCFF Funds, $1,477,727.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

LCFF Budget Overview for Parents



This chart provides a quick summary of how much Environmental Charter Middle School - Inglewood plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Environmental Charter Middle School - Inglewood plans to spend $7,583,555.00 for the 2025-26 school year. Of that amount, $8,432,236.00 is tied to actions/services in the LCAP and $-848,681.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

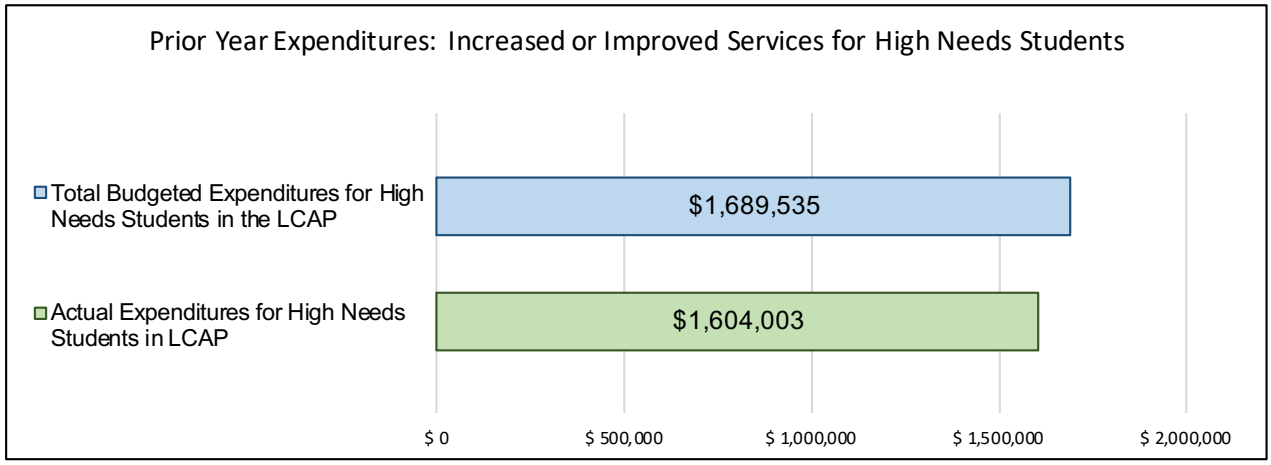
All general fund expenditures were accounted for in the LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Environmental Charter Middle School - Inglewood is projecting it will receive $1,477,727.00 based on the enrollment of foster youth, English learner, and low-income students. Environmental Charter Middle School - Inglewood must describe how it intends to increase or improve services for high needs students in the LCAP. Environmental Charter Middle School - Inglewood plans to spend $1,499,002.00 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25



This chart compares what Environmental Charter Middle School - Inglewood budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Environmental Charter Middle School - Inglewood estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Environmental Charter Middle School - Inglewood's LCAP budgeted $1,689,535.00 for planned actions to increase or improve services for high needs students. Environmental Charter Middle School - Inglewood actually spent $1,604,003.00 for actions to increase or improve services for high needs students in 2024-25. The difference between the budgeted and actual expenditures of $85,532.00 had the following impact on Environmental Charter Middle School - Inglewood's ability to increase or improve services for high needs students:

Nearly all funds (95%) for high needs students were spent in 2024-25. Accordingly, there was no substantial impact to actions and services for high needs students.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Environmental Charter Middle School - Inglewood	Dr. Geneva Matthews, Principal	geneva_matthews@ecsonline.org, 310-793-0157

Plan Summary 2025-26

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

ECMS-Inglewood (ECMSI) is a free, public charter school, authorized by the Los Angeles County Office of Education, that serves students in 6 - 8th grade from Inglewood, Hawthorne, and other neighboring communities. As one of four campuses that comprises the non-profit organization Environmental Charter Schools (ECS), our mission is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. With just over 360 students enrolled in the school, 86.9% are economically disadvantaged and qualify for free or reduced lunch, 19% are English learners, and 13.4% are students with disabilities.

Since its opening in 2013, ECMSI has provided all students with an interdisciplinary curriculum that utilizes authentic assessments, as well as outdoor education and environmental experiential services learning opportunities, to link academic content to real-life and professional careers beyond the classroom. Students are inspired to break down barriers that prevent them from growing at their highest potential and find meaning in education. Learners from this school are resilient, motivated to continue in their academic studies, prepared for high school, and are driven to make a positive contribution in their community through leadership and civic engagement.

ECS Best Practices

ECMSI was founded on a best practices model that includes small learning communities, challenging core academics, interdisciplinary curriculum, authentic assessments, service learning projects, and strong partnerships with the local community. We believe that students learn better in an environment where there is ample support from teachers, parents, and others around them. In fact, recognizing the importance of collaboration, the school continues to cultivate strong partnerships with neighbors and local community members to further enrich the educational experience of all learners. Additionally, in order to foster engagement and personal growth, educators provide project-based, thematic instruction that encourages student interaction and helps them apply content standards to real-world problems. Daily teaching pedagogy is also consistent with our academic priority of developing higher order critical thinking skills.

Outdoor Education

ECMSI's outdoor education program promotes environmental awareness, interpersonal skills, group cohesion through team-building activities, landscape explorations, wilderness expeditions, and fun off campus. All trips feature developmentally appropriate challenges and

100% of students in every grade level are encouraged to participate free of charge. Younger students begin their experience with easier expeditions, which gradually scale in difficulty and scope as they mature. In previous years, middle school students will have participated in a variety of camping and hiking activities in locations such as the Pacific Crest Trail, Joshua Tree National Park, Catalina Island, the Santa Monica Mountains, Los Padres National Forest, Idyllwild, San Bernardino National Forest, Angeles National Forest, Big Sur, and Yosemite.

Beyond these off-campus expeditions, every year all students participate in a Green Ambassadors (GA) class, which incorporates environmental education with service-learning in an effort to empower ECMSI middle schoolers to be agents of change, take action locally, and improve their own communities. The GA class also develops leadership skills and addresses critical environmental issues facing Southern California, including water conservation, water quality, air quality, open space conservation, food sovereignty, and environmental justice. Throughout the year, students work with their classmates in team cohorts and organize campus-based events for their peers, as well as the greater community.

Summer Enrichment (ELOP)

Every Summer, ECMSI hosts Camp ECMS, a 4-week session designed to provide engaging and enriching experiences that stimulate our middle school students' curiosity and creativity through hands-on learning. In addition to fostering exploration and discovery that helps learners thrive academically, socially, and emotionally, the program creates an environment that is inclusive, welcoming and fun. Each day, build confidence, develop essential skills, and cultivate meaningful relationships with their peers.

Summer Bridge is also available for incoming 6th graders and provides a week-long orientation designed to help new school students transition smoothly into middle school by introducing them to academics and campus culture, the ECS community, and offer mentorship from our high school students.

Addressing Inequities

Our commitment to achieving equity is rooted in the guiding principle that every child is a blessing. We recognize our responsibility to proactively confront systemic barriers that hinder access to education and ensure our school supports all learners. Through a partnership with All Means All, a nonprofit dedicated to creating high-performing, inclusive learning environments for students with disabilities and historically marginalized communities, we've adopted leadership development and integrated inclusive practices to better support the diverse needs of our entire student population. This ensures our 6th-8th graders are seen for their assets, have an authentic sense of belonging and are provided with a viable path to achieving academic success.

Additionally, our professional development informs best practices and guides us in developing action plans that strategically address achievement disparities. Our teaching model also incorporates small learning communities to cultivate meaningful relationships with adults on campus, which in turn generates a positive climate of care that significantly improves student engagement.

Social Emotional Wellness

Climate of care also remains a top priority at ECMSI. To maintain a strong school culture that fosters supportive relationships with peers and a trusted adult on campus, advisory periods are built into the bell schedule and are used to teach skills, as well as behavioral norms that enhance self-esteem while alleviating depression, anxiety and stress. During this dedicated time, targeted lessons focused on safety, culture, and the community create a sense of belonging and enhance engagement. With the implementation of this holistic approach that

educates the whole child, we are also able to impact reading, math, standardized testing, and grades, while continuing to collaborate with other ECS sites in order to develop effective, efficient, and inclusive structures that better serve our students with disabilities and our English Language Learners.

Becoming a Trajectory-Changing System
ECMSI strategically aligns its work to support our three LCAP goals, while maintaining, improving and developing programming in order to become a trajectory changing system. To improve outcomes for all students, ECMSI remains committed to maintaining our academic priority work, upholding a student-centered stance, fostering a culture of feedback, and ensuring efficient and sustainable operations. We are also committed to improving key areas that directly impact student success, including strengthening our advisory program, deepening data literacy, enhancing inclusive practices, and expanding meaningful family engagement. Finally, to support long-term growth and innovation, our district is developing a robust CTE pathway, building a sustainable teacher and leader pipeline, and expanding collaboration with our certificate union (EEU).

The Learning Recovery Block Grant (LREBG)
This reporting year, funds have been strategically allocated to support key actions outlined in our existing LCAP plan, specifically related to student success and academic recovery. A portion of this grant has also been used to expand access to school counselors and wellness teams (LCAP Action 3.a), which is a critical component of our focus on college/career readiness and an allowable use of LREBG funds. While the funds have not yet been fully expended, this was an intentional approach as spending the entire allocation in one year would create a steep fiscal cliff in future years. Additionally, by distributing the total amount across the life of the grant, we are able to maintain essential services and effectively plan for the eventual sunset of this monetary source. Following a comprehensive needs assessment that identified critical areas for support, particularly amongst those who were chronically absent, funds were strategically utilized during the reporting period. Counselor salaries were focused on individualized and small-group interventions to help students close achievement gaps and build academic skills they may have missed, while the site also implemented Freckle and Pear Deck software platforms to assist with ELA and Math support. Additionally, a portion of our Director of Student Wellness' salary helped to promote emotional well-being via resources and a supportive school environment which is vital to learning, as did a school psychologist who provided specialized assessments, direct counseling, and behavioral support to those with more intensive needs.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

During this reporting period, ECMSI students demonstrated significant academic growth and progress toward closing achievement gaps in both English Language Arts (ELA) and Math. Based on the CA School Dashboard and recent CAASPP results (data pulled on 6/17/25), the site saw clear gains in achievement, reflecting the impact of targeted interventions and data-driven supports. Overall student proficiency rose to 51% (as compared to 45% last year), and students' average distance from standard also increased over 12 points (-12.9 in 2023-24 >> -0.5 in 2024-25). This suggests that those enrolled have moved significantly closer to meeting or exceeding grade-level norms. Growth was also evident across nearly all student groups. Specifically, 7th graders increased their proficiency rate from 38% last year to 57% this school year and gained a remarkable 45 points in their distance from standard (-28.6 in 2023-24 >> +16.4 in 2024-25), now testing well above the state's benchmark. 8th graders also maintained strong performance, with 54% proficiency and improving 3.4 points (-5.1 in 2023-24 >> -1.5 in 2024-25) closer to meeting expectations.

Upon reviewing the data further, not only did our English Learners increase their proficiency by 5% (now 36%), their distance from standard improved greatly with a 21.9 point gain (-51.0 in 2023-24 >> -29.1 in 2024-25). LTELS also moved 54.8 points closer to the norm and 17% are not proficient (versus 3% last year). Students with Disabilities also made particularly strong improvements, doubling their proficiency from 12% to 22% this testing period, and moving closer to the state standard by 26.3 points (-92.3 in 2023-24 >> -66 in 2024-25). Although we saw a slight decline in proficiency amongst our Black/African American students, 43% to 37% this year, our Hispanic/Latino students are now testing at 52% proficiency, up from 45% last year, with a 14.53 point improvement in their scores (-14.6 in 2023-24 >> .07 in 2024-25), now placing them above the standard.

It must be noted, one of the most targeted efforts this year focused on 8th grade EL students, whose needs were prioritized through weekly principal and AP check-ins, student-specific data reviews, and SMART goal setting with teachers. Since many 8th grade EL students this year were also students with disabilities, the ELD department worked collaboratively with the special education department to provide in-class literacy support for these students that addressed both their language acquisition needs and the needs identified on their IEPs. Additionally, staff leveraged ELPAC scores, NWEA growth data, and live course grades to better identify those learners in need of intervention. Classrooms also adopted a student-centered coaching model, with real-time feedback, goal tracking, and instructional adjustments guided by both formative assessments and direct student check-ins to further monitor progress. Finally, ECMSI staff created targeted support plans that incorporated one-on-one meetings, structured writing and reading support, and instructional coaching to help respond to learning gaps in real time. These efforts reflect ECMSI's ongoing commitment to using actionable data, personalized support, and high-impact instructional practices to close achievement gaps and elevate outcomes in ELA for all students.

ECMSI also demonstrated encouraging growth in Math achievement on the recent CAASPP assessment, with both proficiency rates and distance from standard trends showing positive momentum across multiple student groups. Overall proficiency increased to 39%, up from 37% the previous two years, and the school's average score moved closer to subject matter mastery (-30.7 in 2023-24 >> -29.8 in 2024-25). This indicates that more middle schoolers are performing at grade level, and the site is continuing to close achievement gaps. Several grade levels and student groups also made strong gains during this reporting period. Our 7th graders saw an impressive jump in proficiency, from 34% last year to 46% this school year, and their distance from standard also improved substantially with a 39.8 point increase (-50.0 in 2023-24 >>-10.2 in 2024-25). Another high-growth was reported by the 8th graders, who increased in their aptitude rates, now 45%, and are 15 points from the standard.

When disaggregating the data by student groups, we continue to see similar upward trends. English Learners increased their proficiency by 5%, and moved 6.4 points closer to the norm (-66.8 in 2023-24 >> -60.4 in 2024-35). Similarly, our Black/African American students rose from 28% to 32% proficiency this year, while our Hispanic/Latino students now stand at almost 40% proficiency and moved 2.7 points closer to the state benchmark (-30.1 in 2023-24 >> -27.4 in 2024-25). Unfortunately our students with disabilities experienced a slight decline in proficiency and their distance from standard score widened (-107.8 in 2023-24 >> -127 in 2024-25). This signals a need for deeper, targeted support and ECMSI will prioritize this student group by strengthening differentiated instruction, increasing access to interventions, stronger coaching practices, and ensuring greater alignment between IEP goals.

Overall, these improvements can be attributed to both strategic interventions and system-wide academic strategies that have been implemented during the school year. For example, one of the most impactful programs was the Math 7 Tutoring intervention, a 6–8 week cycle that served approximately 10–12 students at a time. Rooted in best practices and SMART goals, this support used pre- and

post-assessments to identify specific math skill gaps and provided direct instruction to monitor growth. Struggling learners also received wraparound support that included family commitments, confidence-building activities, and consistent reinforcement of goals. Additionally, by emphasizing clarity around math learning objectives, classroom “look-fors” related to instructional consistency, and checks for understanding to guide responsive teaching, the site ensured that student progress, not just for those below grade level, accelerated in an upward trajectory.

Finally, ECMSI students made strong progress in Science based on their 2024–25 CAASPP results. Not only did the 8th graders who sat for this assessment increase their overall subject matter proficiency by 10% (now 44%), we saw the achievement gap closing as these learners moved closer to the standard (-7.0 in 2023-24 >> -5.5 in 2024-25). Specific student groups also demonstrated encouraging results. English Learners improved from 13% to 29% proficiency, and moved 2.4 points closer to the state expectation from -15.8 in 2023-24 to -13.4 in 2024-25. Similarly, our Hispanic/Latino students also rose in subject matter mastery from 40% to 46% proficiency, with their distance from standarding improving by 3.3 points (-7.6 in 2023-24 >> -4.3 in 2024-25). This data, when compared to the CA Dashboard data, illustrates that ECMSI is continuing to outpace the state in both growth and performance. Through intentional efforts to integrate data analysis (including NWEA and course grades), along with science-focused instructional coaching, tutoring, science infused programming during ELOP, and targeted interventions for those who are struggling, our student-centered approach is proving to be effective.

When reviewing ELPAC data, the site demonstrated equally impressive results with 91.4% of test takers advancing at least 1 performance level, compared to 76% last year. This significant increase reflects ECMSI’s focused support and the implementation of comprehensive strategies, including regular calendar coaching meetings, collaborative joint observations, the meticulous monitoring of grades (from both formative and summative), along with consistent student check-ins, designed to bolster English language proficiency scores. English Learners also participated in small group classes during advisory that gave them opportunities to preview upcoming texts and key concepts for their ELA classes, further supporting their growth in academic English. The school’s reclassification goals are approximately 18%, and this year we had 40% compared to 37% last year. And ECMSI students continue to do well in all of their classes too, with a high course passage rate in English of 92.6% (Q1-Q3) and 74.3% in Math (Q1-Q3).

While academic performance is a predominant focus at ECMSI, student wellness is also a priority and is reflected in a multi-tiered system of support (MTSS) that provides resources and interventions at different levels, while addressing the diverse academic, social, emotional, and mental health needs of the entire student-body. Through a Learning Community for School Success grant, along with the CA Community Schools Partnership grant, a counselor and dedicated social worker on site is able to track chronic absences and follow up directly with families to offer targeted interventions. According to internal data, chronic absentee rates remained at approximately 14.5% for all ECMSI students. Per the CA Dashboard, while regular absences amongst English Learners, Long Term English Learners and Hispanic/Latino students have declined, truancy still remains a concern for our Black/African American students (15.4% for 6 students) as well as those with disabilities (24.5% for 12 students). To address this issue, newsletters, TalkingPoints messages, parent education events and even home visits have been utilized to underscore the importance of regular attendance in relation to student achievement. Additionally, targeted support for marginalized students who have historically faced barriers to accessing mental health services and restorative justice models continue to be implemented with fidelity. This not only addresses disciplinary incidents, but holistically helps wrongdoers foster a sense of accountability, provides opportunities for reintegration in the learning community and continues to ensure a supportive learning environment for all. Protected advisory periods scheduled throughout the day, allow educators to embed mental health awareness and coping strategies into lessons, allowing students to explore their emotions through experiential learning in safe spaces with a trusted adult on campus. Not only

does this interaction help middle schoolers manage their emotions, make responsible decisions, and set positive goals. These SEL practices also aim to boost self-esteem and mitigate the effects of depression, anxiety, stress, and social withdrawal, while positively impacting performance in reading, math, standardized tests, and overall grades.

Finally, ECMSI is committed to providing all students with the tools and resources they need to succeed. This includes laptops, access to the internet, accessible classroom materials, and other applicable program support. Furthermore, while the learning community has returned to a new normal post-pandemic, health and safety remains a top priority. The site continues to follow LADPH protocol and offers hand sanitizing/washing stations, face masks and Rapid-Antigens tests.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not Applicable.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not Applicable.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not Applicable.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not Applicable.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Students	-Climate Survey: Students complete an abbreviated version of the the California Healthy Kids Survey -Advisory Survey: During advisory periods teachers ask questions about school connectedness, peer relations, and learning environment -Student bulletins -Weekly student announcement slides (created by Dean) -Monthly in-person school wide assemblies

Parents	-Survey: Parents are asked to complete the California School Climate, Health, and Learning Survey -Town Halls -Parent/Teacher conferences -School Site Council (Note: the SSC meets three times a year. SSC members review data, identify student needs, develop the School Plan for Student Achievement, and provide input on the LCAP) -PTA meetings with administration -English Learner Advisory committee (Note: at ELAC meetings parents of English Learners are invited to provide feedback on the English Language Development program and strategize on ways to improve attendance) -Coffee with the Principal (1 per quarter) -Parent Workshops to enhance community relationships and improve communication between families and school staff (ex: social media, adolescence, normal middle school behavior) -Open Houses -Back to School Night -ECS Board Meetings -Community Events (Earth Day Soiree, Garden Days, Harvest Fest, Unity Festival) -Access to administration via email, phone, and in person -Monthly garden day with community partners -Movie nights with parents -Honor-roll assemblies 2x year (for every grade level)

STAFF	-Weekly meetings with staff -Feedback questionnaires following staff meetings (Note: at the end of the weekly meeting, teachers and staff complete a feedback form. Information from these forms drives decisions about future professional development and the refinement of processes & procedures) -Listening tours with Superintendent and Deputy Superintendent of Instruction -Regular meetings with the Principal and Assistant Principal, Deans, Office Manager, Instructional Coaches, Community Liaison, Mental Health Team, Weekly School Management Team, Facilities (Campus Engineer) to solicit feedback on school operations and plan for future school events -Weekly meetings with the Mental health team (Counselor and Social worker) to solicit feedback and proactively address the needs of tier 2 and tier 3 behavioral concerns and/or families requiring additional support from the school -Weekly meetings with Weekly ELD and Special Education Coordinators to progress monitor the academic achievement of special populations as well as ensure compliance with the implementation of the requisite support -Meeting with the Office Manager to solicit feedback and monitor progress of compliance activities related to attendance -Meetings with Instructional Leadership Team (ILT, includes department chairs, instructional coaches, ELD and SPED coordinators) meetings to analyze feedback from teachers pertaining to professional development and student academic achievement. (Note: the ILT uses student achievement data and teacher feedback to adjust the scope and sequence of professional learning to respond to the needs of the stakeholder) -Cabinet meeting with fellow ECS principals, assistant principals, organization directors, and specialists to progress monitor charter implementation and adjust accordingly -Collaboration with staff at other ECS sites to produce “Unity Fest” a community event which celebrates Black/African American culture, history and partners

Community/Organizational Partners	-Starview -Luminarias -ADAP (substance abuse) -Masada Homes -Vida (behavioral issues) -Outdoor Education Partners (Pali Institute and Neighborhood Council) -Tree People -Woodcraft Ranger -Growing Great -Antioch

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

At ECMSI, building strong relationships with families and community members is critical to achieving our mission and the Engaging Educational Partners (EEP) landing page plays a vital role in making all partnerships both meaningful and effective. The principal and office staff at ECMSI maintains their EEP landing page, which serves as a centralized, public-facing hub for stakeholder engagement documentation. This systemized approach not only tracks monthly (School Site Council and ELAC) and quarterly meetings (Coffee with the Principal), as well as weekly management and grade-level team meetings, instructional leadership collaboration time, and advisory committees, but it helps ensure transparency, consistency, and inclusion. In fact, the accessible format provides clear documentation that allows for input and accountability to those we serve.

Specifically the EEP landing page incorporates sequential meeting dates, live-links to agendas, presentations, resources, and even participant sign-in sheets. Meeting minutes and summaries capture key takeaways and next steps, creating a living history of community involvement that builds on past conversations. This promotes transparency and encourages every voice to be recorded, counted, and ultimately considered in decisions that impact the school. It also removes barriers by giving parents and partners the ability to revisit content on their own time, while staying up-to-date on important issues. Whether a partner joins a meeting in person, via Zoom, or reviews materials afterward, ECMSI actively seeks their participation in the process.

Our approach to engaging the larger community is also grounded in responsiveness, empathy, and advocacy. For example, during the Los Angeles fires, ECMSI acted swiftly to protect and inform our greater network. We issued frequent updates to families and staff through email and TalkingPoints, ensuring everyone had both timely and accurate information. We coordinated with neighboring districts to align safety protocols, conducted surveys to hear directly from stakeholders, and hosted a Town Hall to address questions and concerns. In partnership with local organizations, we compiled and distributed a comprehensive resource list to help people access shelters, obtain health services, and tap into other vital supports. Moreover, in response to heightened concerns around recent immigration enforcement and reform, we

provided clear and compassionate communication to families and staff, partnered with Legal Aid to offer a 'Know Your Rights' webinar, and distributed multilingual resource guides to all ECS contacts via our district's newsletter. Whether navigating environmental emergencies or social justice issues, ECMSI continues to prioritize inclusive, proactive engagement in order to ensure that everyone feels connected.

The opportunity for parents and community members to provide feedback is also supported by a variety of formal and informal methods, including parent surveys questionnaires (in both English and Spanish), Coffee with the Principal and town halls (with simultaneous Spanish translation offered), and listening sessions. ECMSI also invites families to have direct and ongoing access to school leadership via email, phone, and in-person meetings, fostering open lines of communication beyond formal meetings. And when feedback is received, there is a system in place for reviewing, synthesizing, and responding to the input collected. District leaders, site admin, counselors, advisory teachers and data teams analyze trends or recurring themes and use that information to inform decision-making on budget priorities, student support services, school culture, and academic programming. Key insights are then shared with stakeholders to demonstrate how different voices contribute to real changes on campus.

Students: Recent survey data collected from students indicates that 73% of students feel safe on campus, as compared to 66% last year, and 91% believe there is an adult on campus who always wants them to do their best. When specifically asked about advisory period, which is built into the schedule and provides intentional check-in points with a designated educator on campus,70% agree/strongly agree that their advisor helps them keep track of academic progress and 76% agree/strongly agree that their advisor provides opportunities for academic support including study time and goal setting.

Families: Recent climate survey data offers valuable insights into our families' perceptions of encouraged engagement and school responsiveness. The evaluation reveals that 99% of parents feel welcome to participate in school activities and events (95% last year), indicating a welcome and inclusive environment for parental involvement. In fact, this school year we are proud to report that more parents filled out the questionnaire reflecting their feelings and thoughts about the school. Furthermore, 94% of respondents believe that school staff take their concerns seriously (92% last year), suggesting a growing level of trust in addressing feedback or concerns. Notably, this year's survey shows a substantial number of positive responses (93%) regarding ECMSI actively seeking parent input before making decisions compared to previous years (89%), highlighting a consistent upward trend in this area. The school's commitment to fostering partnerships with parents in their child's education is reflected in the survey, with 98% agreeing that they are encouraged to take an active role in their student's education.
Finally, the climate data indicates strong overall satisfaction, with 95% of parents stating they would likely recommend ECMSI to their friends, underscoring a positive perception of the school within the broader community.

Staff: As the designated frontline professionals who interact with our students daily, insight from our certificate and classified employees about effective learning strategies, engagement activities, and areas for improvement is invaluable to grow the school's learning environment. Recent survey data indicates that 91% (75% last year) agree/strongly agree that ECMSI has sufficient resources to keep the campus safe. Furthermore, 100% agree/strongly agree that adults really care about the students, and 98% understand how school initiatives connect to learning and supports. 95% agree/strongly agree that they have the resources and materials needed to meet schoolwide instructional expectations and 93% agree/strongly agree that ECMSI is a supportive and inviting place to work. This perspective is both critical to enhance learning experiences for all, while simultaneously strengthening the site's sense of community.

In conjunction with the pursuit of our organization-wide priorities, ECMSI regularly seeks input regarding the following priorities that have influenced our LCAP goals: (1) Planning for Critical Thinking; (2) Providing resources that support the tenet, "Every Child Is a Blessing"; (3) Aligning systems for effective and equitable learning; and (4) Wellness and engagement.

Planning for Critical Thinking (PCT) is both mission-aligned and supportive of teaching planning. To align best practices, constructive feedback from teachers helped site leaders evaluate what parts of PCT impacted student learning the most and various ways student-facing tasks could improve academic outcomes. Specifically, through the PCT process, teachers intentionally designed lessons that foster independent, rigorous thinking that correlates to end-of-unit assessments. In addition to collaborative unit planning and identifying standards-based goals, student data is regularly analyzed to anticipate learning needs. During protected planning time and collaborative department meetings, teachers create experiences that promote peer interaction, critical thinking, and multiple ways for students to demonstrate their understanding. ECS provides consistent support through instructional coaching, classroom observations, and designated collaboration time.

To inform our actions, while rekindling a natural curiosity for learning, the site continues to align best practices while developing multi-tier systems of support to meet the needs of all learners where equity gaps exist. As a result, students feel included, supported, seen, heard, respected and celebrated for what they bring to campus each day.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	**Improved Student Outcomes**. We will improve outcomes for all students by enhancing the quality of instruction, strengthening academic programs and implementing targeted supports.	Broad

State Priorities addressed by this goal.

4, 8

An explanation of why the LEA has developed this goal.

The mission of ECS is to redefine public education in underserved communities of color, while preparing conscious, critical thinkers who are equipped to graduate from college and contribute to a more equitable and sustainable world. To fulfill this goal, ECMS-Inglewood (ECMSI) consistently implements a best-practice teaching model and strives to enhance the effectiveness and efficiency of existing education programs. For example, through targeted initiatives such as Reading Apprenticeship, student centered coaching, individual student check-ins and tutoring for math curriculum, we have witnessed significant improvements in student performance outcomes. Building upon this progress, we continue to administer enhanced support structures for those students who require additional assistance.

During the past year, we refined our multi-tiered interventions to increase daily attendance rates, encourage student engagement, decrease disciplinary issues, develop social-emotional wellness, and reinforce academic skills in both ELA and Math. In addition to closing achievement gaps, our efforts also focused on supporting students from lower socioeconomic backgrounds, those with disabilities, kids who are currently placed in foster care or are experiencing homelessness, and learners where English is a second language. As a result of our goal to improve overall student outcomes through small class sizes, authentic assessments, and a best-practices teaching model, those enrolled at ECMSI are consistently exceeding academic benchmarks and demonstrating both highschool and college-readiness.

For example, this year at ECMSI targeted interventions were specifically implemented to address achievement gaps amongst 8th-grade students in ELD, especially for those students whose academic performance had declined despite prior growth. After analyzing data sources—including previous NWEA and CAASPP scores, along with course work, historical 7th grade performance, and even ELPAC interim assessments, the site identified a subset of middle schoolers who were either "at risk of not culminating" or had dropped in both grades and state test scores. While many of these students were either current or former English Learners, ECMSI developed focused interventions to improve learning outcomes. After-school support groups were created, with teacher collaboration and input, specifically for struggling students, with attendance closely tracked with incentives, such as prizes, used to encourage consistent participation. For ELD students in particular, we began previewing lessons with students before in-class instruction in order to build comfort with the text, while also collaborating with teachers to ensure lessons were translated when necessary. Family engagement was also critical and the site regularly reminded parents about available tutoring and personalized resources to aid in their child's academic recovery. Additionally, immediate instructional supports was aligned to meet identified student needs in order to ensure that both ELD teachers and core content-area teachers

provided scaffolded help in real-time during and after class sessions.

As a result of our focus on individualized learning, that both challenged and supported all learners this year the average ELA GPA stands at 2.93 (Q1-Q3) and the average Math GPA is 2.46 (Q1-Q3).

Research consistently shows a strong connection between student well-being, sense of connectedness, and academic achievement. Recognizing this, ECMSI is committed to improving our school climate and fostering student engagement as a key part of our second goal. The school was fortunate to have been awarded a two-year planning grant through the CA Community School Partnership Program and has since applied for a CCSPP Implementation Grant that allows us to have a dedicated social worker on campus who helps with our Tier 2 and 3 needs, SEL and PBIS programs, along with the implementation of restorative justice practices, crisis intervention, and referral services for students and families in need. Additionally, as a result of the school's Dean regularly implementing restorative justice practices, in conjunction with the efforts to thoroughly document our discipline process, students have received more support that has resulted in a decrease in infractions and suspensions. Last school year, the site reported 75 referrals, of which 6 are Black/African American students, 53 were English Learners and 16 were students with disabilities. This year, to date, ECMSI has 70 referrals, of which 5 are Black/African American student total events, 46 are English Learner total events and 19 are students with disabilities total events. This illustrates that it is critical that we continue fostering a holistic and educational experience that supports the whole child, improves disciplinary issues, and simultaneously elevates academic success.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	CAASPP English Language Arts Average Distance from Meeting Standard (DFS)	2024 -12.1 EL: -40 SWE: -77	2025 -1.4 EL: -22 SWE: -68.3		2027 -3 EL: -28 SWE: -65	+10.7
2	CAASPP Math Average Distance from Meeting Standard (DFS)	2024 -31.6 EL: -64 SWE: -113	2025 -28.6 EL: -22 SWE: -68.3		-22 EL: -52 SWE: -101	+3
3	CAST Science Average Distance from Meeting Standard (DFS)	Each cohort's average 5th Gr distance from met	Class of 2025 5th grade DfS: -14* 8th grade DfS: -9* Change: +5 *source: CERS		Cohort baseline +9	+5
4	Percentage of English Learners who make progress on ELPAC	2024 ELPI Status: 73%	93%		65% or greater	+20
5	Per cohort, the percentage of students reclassified out of those who started at the site as an English Learner	Average reclassification rate for cohorts 2019 to 2023: 47%	Class of 2025 56%		55%	+9%
6	Other course outcomes: MS Physical Fitness Test Percentage of pupils participating in the Physical Fitness Test	23-24: 100%	100%		95% of students required to take the test.	0%

Goal Analysis for 2024-25

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Central to the goal to improve student learning outcomes is the cultivation of a robust literary and analytical foundation that engages students, explores diverse genres and perspectives, while also reflecting the complex realities of our world. All learners are given the opportunity to deepen their understanding of English Language Arts, while exploring diverse perspectives and the intersectionality of identity and experience. While leveraging Tier 1 instructional best practices, middle schoolers are encouraged to develop their critical thinking skills through writings, assignments aligned with learning goals, student facing tasks, moments for reflection, and other meaningful checks for understanding and metacognition. Vertical alignment in curriculum across all subject matters was also enhanced, while targeted support for specific cohorts, including English Learners, students with disabilities, and Hispanic/Latino students was employed. Furthermore, educators utilized robust student work analysis to inform additional interventions (Tier 2 and 3), through online platforms (Achieve 3000, Freckle, i-Ready, etc), summer programs (Camp ECMS), and even targeted literacy assistance for those who required more personalized instruction. In Math, the site saw progress in distance from standard scores as a result of curated strategies that incorporated protected thinking time, collaborative learning, and critical thinking-focused lessons. For example, teachers used common assessments and responsive instruction, along with tutoring sessions and co-teaching models, to improve mathematical fluency and content understanding. This year teachers utilized an advisory period built into the bell schedule to allow for differentiated learning, academic support, wellness services and counseling (when necessary). Furthermore, through regular professional development and weekly meetings with the site's ELD team, Special Education Coordinator and Instructional Leadership Team, academic achievement was carefully monitored and the real-time data informed lesson planning to enhance student outcomes.

As research consistently shows a strong connection between academic achievement and student well-being and/or a sense of connectedness, the site is committed to enhancing the school's overall climate of care. During class time, interdisciplinary projects planned throughout the year encouraged innovation, creativity and collaboration with peers thereby fostering a sense of belonging and community. Through grants with the CA Community Schools Partnership Program and the CDE's Learning Communities for School Success, a designated social worker on campus, along with a counselor, a dean, and social work interns, created campaigns, competitions and PBIS rewards systems to encourage engagement and regular attendance. A series of restorative justice practices in conjunction with efforts to thoroughly document disciplinary issues fostered a climate where all students felt supported and the site saw less referrals/suspensions as a result. Finally, SEL lessons that focused on accountability, self esteem, and effective ways to mitigate stress or anxiety also positively impacted the learning environment. This led to notable academic success in ready, math, standardized test scores, and overall grades.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The primary difference between ECMSI's Budgeted Expenditures and Estimated Actual Expenditures stems from the College Readiness teacher position. Initially, the budget accounted for a full-time, certificated employee. However, the role was ultimately filled by a long-term substitute, resulting in slightly lower salary and benefits costs than originally projected for a full-time staff member. Consequently, this specific position showed an underspend in its salary and benefits line item.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

ECMSI continues to focus on strategic planning, professional development, and program evaluation in order to administer high level instructional practices that support achievement and academic growth, of all learners, but also those students who are not meeting the standard in both ELA and Math. Tailored instructional strategies particularly for students with disabilities, English language learners, our Black/African American students, as well as our Hispanic/Latino students, continue to be implemented as the site works to reduce CA Dashboard distance from standard scores and increase subject matter proficiency. To address these disparities, we implemented a range of targeted interventions through MTSS focused on employing strong instructional practices related to ELA, reading and critical thinking, along with protected think time and collaborative learning to improve student outcomes in math. This approach is not only effective in supporting those who are not meeting the standard, but it also has positive effects school-wide. In fact, as a result of our MTSS strategies being implemented with fidelity, and an emphasis on data-driven instruction, targeted support, and professional development, ECMSI students are closing achievement gaps and their growth is outpacing the state in English and Mathematics.

Furthermore, by embedding WestEd's Reading Apprenticeship into professional development, beginning with a 3-day summer institute for all new teachers and including year long training for all new paraeducators, ECMSI continues to model this teaching framework for staff during their weekly meetings, as well as during regular check points with instructional coaches or key administrators. This has led to a majority of students actively participating in collaborative conversations that are core-text and culturally relevant based and frequent instances of independent thinking or processing during classroom observations. When conducting visits to observe teaching and collect evidence of Tier 1 systems, site leaders also observed students documenting their process in writing or through verbal explanations, justifying answers, asking questions, and annotating their text. Finally, to improve academic growth amongst our students with disabilities, weekly department meetings, para-professional meetings, and 1:1 specialist meetings were scheduled to support an effective delivery model. Finally, a district-wide tracking system helps to ensure compliance in the delivery of processes, program/technical support, and other services.

As part of our ongoing mission to educate underserved and low income students, ECMSI offers pivotal support during the transition from elementary to middle school. The aforementioned actions, in conjunction with the development of instructional service plans, has helped the site streamline processes that directly respond to the diverse needs of learners in a more timely fashion. Additionally, the bell schedule that was implemented during the 2022-23 academic year, also preserves advisory periods and intervention time that provides subsequent opportunities for teachers and support staff to collaborate in pursuit of meeting the challenges of our most vulnerable students. By working together with key stakeholders, including our families and educators, we are preparing students for the demands of a rigorous high school, and fostering important skills, such as essay writing, public speaking, organization, research protocols, effective group collaboration, and critical thinking, encouraging success in core content courses.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Expanding on the work ELA teachers have done this year, ECMS-Inglewood continues to build curriculum that is vertically aligned, while leaning into common rubrics including data from IAB's, NWEA and CAASPP scores, and end of unit assessments to ensure grade-level rigor and that standards are being met. Through a focus of "claim - evidence - analysis" the site supports the correlation between formative and summative assessments, and increases student ownership of their learning. Additionally, by enhancing Math classroom "look-fors," we are giving students a multi-modality experience that protects independent think time, encourages collaboration, elevates student voice and provides an opportunity to both revise/synthesize thinking.

To combat passivity amongst many students, teachers have reduced lecture-style instruction and increased opportunities for student voice. This approach not only strengthens formative assessments, but it encourages greater student engagement which often translates into higher academic achievement.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.a	ECS Certified	ECS personnel will support schools by analyzing and disaggregating data, facilitating professional development, guiding and developing curriculum, evaluating programs, and leading strategic planning efforts.	$27,019	N

1.b	Multi-Tiered Systems of Support/Teacher Development System (MTSS/TDS)	ECS will improve systems for equity in student learning and will articulate and implement an inclusive multi-tiered system of support that ensures all ECS students become conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. We will articulate the highest leverage instructional best practices for students who are low-income, English learners and/or foster youth and, through our Teacher Development System, we will prepare new educators to through student-centered coaching and professional development. In year one, we will: Determine which standards need to be prioritized to address gaps in student learning Determine the role of teacher-created versus adopted curricula and assessments Audit our existing intervention systems Articulate high leverage instructional best practices to serve as the bedrock for each of the three tiers of academic supports Train and support teachers through a variety of professional development modalities Monitor implementation of tiered supports Develop organization-wide tools to make MTSS efficient and sustainable in identifying students and providing appropriate interventions Observe and gather data to evaluate efficacy of practices and to ensure implementation with fidelity Provide leadership training in technical and adaptive skills to meet the needs of all students In years two and three we will continue to implement our teacher development system and integrate the systems and practices identified in year one to ensure our MTSS is coordinated, data-based, sustainable and supports equitable outcomes for students.	$205,862	Y
1.d	English Language Development Program (ELD)	Collaborate with other ECS sites to maintain a shared system of compliance and accountability. Maintain a dedicated paraeducator in ELD at each site to support English learners	$180,188	Y

1.e	ELD PD	Improve delivery of ELD services through targeted professional development for general education teachers on serving English Learners at our site, with an emphasis on inclusive practices that support language development across all content areas	$112,602	Y
1.f	Special Ed Program	Collaborate with other ECS sites to maintain a shared system of compliance and accountability so the department is prepared to provide additional support for ELA and Math, or seamless substitution when an education specialist is absent	$923,606	N
1.g	Special Ed PD	Improve delivery of special education services through intensive and targeted professional development opportunities and targeted supports.	$125,022	N
1.h	Literacy & Math Initiatives	Continue implementation of WestEd's Reading Apprenticeship across content areas with a focus on metacognition, text selection and collaborative classroom conversations that foster independent thinking . Continue implementation of adopted CCSS-aligned mathematics curricula. Pilot a reading intervention program to identify and deliver foundational reading instruction for those students who have not yet achieved reading fluency.	$500,973	Y
1.i	Specialty Classes	Specialty classes, including Green Ambassadors, Games and Handwork, College Readiness will help low income students and English learners develop the skills needed to succeed in a college preparatory high school, develop students' social emotional skills and reinforce content and skills from core courses through engaging activities appealing to multiple modalities.	$263,576	Y
1.j	College/Career Readiness	We plan to develop a new College/Career Readiness program and support its implementation, which helps low income students and English learners develop the skills needed to succeed in work and college. Based on this work, we intend to embed the development of each student's individual sense of purpose into advisory, counseling and College Prep/readiness classes.	$79,726	Y

Goal

Goal #	Description	Type of Goal
2	**Climate** & **Engagement**: We will foster a caring school culture that prioritizes student wellness, encourages stakeholder engagement, and promotes long-term organizational sustainability.	Broad

State Priorities addressed by this goal.

3, 5, 6

An explanation of why the LEA has developed this goal.

ECMSI remains focused on our mission of reimagining public education in low income communities of color and to meet the evolving needs of all learners enrolled in the school. We recognize the virtual learning during Covid school closures impacted our students' connectedness and created increased feelings of isolation. Not only have we seen a higher volume of students dealing with anxiety, peer pressure, or questioning their gender identity, we are also seeing the negative consequences of attention-seeking behavior resulting in disciplinary issues. Additionally, our counselors and social workers are seeing the direct correlation between those who are socially withdrawn and chronic absenteeism. To navigate these issues we implemented a comprehensive approach that further develops a caring school culture and supports student wellness while being responsive to feedback. This year we even picked a school mascot, the Monarchs, which was the result of a semester-long voting process with all stakeholders (students, parents and staff).

As part of our student-centered approach, ECMSI prioritizes positive relationships between middle schoolers and their peers, as well as trusted adults on campus. This creates a learning environment that encourages engagement and promotes regular participation. Our interdisciplinary curriculum also provides opportunities for student collaboration and partnerships beyond the classroom, and student assemblies, PBIS rewards, community circles, and even our outdoor education excursions foster a strong school climate. Finally, Advisory periods, student-led clubs on campus, and student bulletins build communication, relationship skills, and align with our goal of creating a community with a sense of belonging.

Maintaining strong partnerships with our families is also a key element for student success. ECMSI has increased the number of in-person opportunities for parents to actively engage in the decision making process and continues to communicate/solicit feedback through newsletters, targeted emails, conferences, and on-campus events, all of which reinforce a supportive home-school connection. The Educational Partners (EEP) landing page not only ensures effective and meaningful collaboration, but it acts as a public, centralized hub for documenting stakeholder engagement. This promotes transparency, consistency, and inclusion, while tracking meeting dates, minutes, agendas, presentations, minutes and sign-in sheets.

Finally, our best-practice of regular and consistent staff meetings, professional development, surveys, listening tours, and an 'open door' policy with site administration further ensures programs, policies and protocols are mission aligned to enhance a positive and thriving school culture.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
7	Attendance	23-24*: 94%	95%		95%	+1%

8	Chronic Absenteeism	23-24*: 19%	15%		17.5%	-4%
9	Drop Out Rates	23-24: 0%	0%		0%	0%
10	Suspension Rates	23-24: .3%	0%		≤.5%	0%
11	Expulsion Rates	23-24: 0%	0%		0%	0%
12	Parent input in decision-making % of parents who agree that the school allows, seeks, and welcomes their input.	23-24: 93%	97%		>=90%	+4%
13	Parent participation in programs for UDPs Percentage of parents who participate in parent conferences, ELAC and other activities aimed at engaging parents in school decision-making.	22-23: 86%	91%		>=90%	+5%
14	Student Safety & Connectedness Percentage of students who say they felt Safe or Very Safe at school. Percentage of students who say they felt “Unsafe” or “Very unsafe” at school.	23-24 66% 4%	72% 4%		70% 2%	+6% 0%
15	Student Safety & Connectedness Average level of agreement with connectedness questions on CA Healthy Kids Survey or similar climate survey	23-24: 60%	65%		65%	+5%

Goal Analysis for 2024-2025

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

ECMSI maintains a caring school culture that supports student wellness, is responsive to stakeholder feedback, and ensures organizational sustainability. While recognizing that social emotional health directly impacts academic success, the site employed various MTSS strategies to tackle both chronic absenteeism and strengthen the sense of belonging felt by all. Through a grant with Learning Communities for School Success, along with Town Hall meetings, Coffee with the Principal, newsletters, Open House, two-way messaging platforms that provided targeted communication, and other on-campus events which reinforce a supportive home-school connection, families were encouraged to partner with the school in order to ensure student success. As a result, 99% of parents felt welcome to participate at the school and 98% agree/strongly agree that the school allows for their input and welcomes their contributions. Families were also provided with clear expectations about attendance and the negative consequences that arise when a child misses school. Fun campaigns, competitions and even PBIS rewards encouraged student engagement and peer-to-peer connectedness. After carefully tracking daily attendance and following up directly with those families whose child was frequently out of school, the site's chronic absentee rates dropped from 16.3% in 2023-24 to 15.9% this year.

Additionally, through funds provided by the CA Community Schools Partnership Program (planning grant), the site maintained a dedicated mental health team, which included a dedicated social worker on campus, a Dean, and a counselor. Not only were restorative justice practices implemented with fidelity, crisis interventions and incidents requiring discipline were carefully documented so students felt more support while on campus. This led to a positive learning environment with less referrals and suspensions, whereby students understood accountability and felt safe sharing concerns or vulnerabilities. Regular and consistent staff meetings, professional development, surveys, listening tours, and an 'open door' policy with site administration further helped ECMSI align programming and policies for a thriving school culture. Finally, with the help of local partnerships ranging from The Bay Foundation, Tree People, Climate Action Schools, States Santa Monica Mountains Restoration Project and Growing Great, our students were provided with direct experiential learning opportunities that help foster a sense of environmental stewardship within the community and often increased daily participating and attendance rates.

In summation, strong leadership, clear communication with families, and the strategic use of funding from crucial grants that support mental wellness helped ECMSI remain focused on its student-centered mission. Overall, the school experienced measurable progress in attendance, engagement, and school climate, and continues to serve as a model for how intentional practices can lead to meaningful outcomes for underserved student populations.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The primary difference between ECMSI's Budgeted Expenditures and Estimated Actual Expenditures is due to a slight overspend in the Teacher Innovation Grant. This is connected to the California National Board Certified Teacher Certification Incentive Award Program,

managed by the California Department of Education (CDE), which offers incentives to educators in high-priority schools. The minimal overspend reflects the site's investment in supporting all staff, along with our commitment to retaining highly qualified educators.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

ECMSI is dedicated to meeting the social-emotional learning needs of all students. The staff continue to implement various measures and initiatives that foster a climate of care, enhance each student's sense of belonging on campus and promote engagement, along with inclusion, all of which leads to academic success. Outdoor education excursions additionally provide 6-8th graders with an opportunity to immerse themselves in nature and build community beyond the school campus. PBIS incentives such as hot chocolate on rainy days, themed Friday activities, spirit weeks and even free dress passes, have worked to combat chronic absenteeism. Additionally, interdisciplinary lessons and hands-on learning projects offer a unique way to teach core curriculum, in conjunction with geography, history, and even culture. Finally advisory periods offer protected time to strengthen connectedness and implement interventions for those students who are struggling.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

None at this time.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.a	Partnerships/Outdoor Education	ECS and school-site leadership will develop and sustain partnerships in order to increase quality outdoor education engagement of unduplicated pupils, so they are able to access resources, experience, and develop expertise related to their educational/career plans. Overnight excursions and day field trips will contribute to whole child wellness and allow students to explore open space, wilderness, while enhancing their sense of belonging and community building outside of the classroom. Substantial evidence supports the value of outdoor education programs for promoting healthy adolescent development (Cason & Gillis, 1994; Dillon et al., 2006; Hattie, Marsh, Neill, & Richards, 1997; Norton & Watt, 2013).	$305,367	Y

2.b	AMA- MTSS (SEL)	We will continue our commitment to achieving equity is rooted in the guiding principle that every child is a blessing. We recognize our responsibility to proactively confront systemic barriers that hinder access to education and ensure our school supports all learners. Through a partnership with All Means All (AMA), a nonprofit dedicated to creating high-performing, inclusive learning environments for students with disabilities and historically marginalized communities, we've adopted leadership development and integrated inclusive practices to better support the diverse needs of our entire student population. This ensures our learners are seen for their assets, have an authentic sense of belonging and are provided with a viable path to achieving academic success. Our Best Practice model that incorporates small learning communities centers meaningful relationships with adults as a critical element needed for student engagement and learning. In advisory, these relationships act as a Tier 1 support for social, emotional & academic needs, where every student is included, has a sense of belonging and can engage in learning in order to fulfill our vision and works to improve students' overall performance (including attendance, engagement and CAASPP scores). Tools and strategies from advisory can be incorporated in classes across content areas. Practicing building community in advisory will also increase teachers' capacity to implement Universal Design for Learning and Reading Apprenticeship in academic settings. We continue to improve Tier 3 social emotional supports with a trained social worker, who can provide targeted interventions for student engagement and restorative practices that is currently provided by our counselors, enabling the counselors to spend more time supporting students in Tier 2.	$352,419	Y
2.c	Parent Engagement	Continue to leverage and build parent engagement strategies, like Town halls, community events, committees and councils to expand parent involvement in decision-making and increase participation thereby creating a sense of connectedness, particularly amongst parents of low-income students and English learners.	$3,158	Y

2.d	Student Engagement	We will continue to develop programming, community partners, enrichment activities, and mentoring programs to improve attendance and decrease chronic absenteeism, particularly amongst our English Learners. We will maintain a robust afterschool program to supplement the educational program and increases student engagement, along with a sense of connectedness.	$87,805	Y

Goal

Goal #	Description	Type of Goal
3	**Excellent Operations & Facilities**. We will ensure that our operations and facilities support the needs of our students, align with our educational programming, and promote the achievement of learning outcomes. With guidance from the ECS Home Office, we will improve systems that enable smooth, efficient, and compliant school operations.	Broad

State Priorities addressed by this goal.

1, 2, 7

An explanation of why the LEA has developed this goal.

In order to achieve successful student learning outcomes, operations and facilities continue to support the educational programs in place at ECMSI. With assistance from the ECS Home Office, we have established effective protocols and policies that maintain compliance and help the site efficiently function day-to-day.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
16	Teachers: Fully credentialed & appropriately assigned Number of misassignments	23-24: 4	2		0	-2
17	Instructional Materials: Percentage of students with access to standards-aligned instructional materials.	23-24: 100%	100%		100%	0%
18	School Facilities in "Good Repair": Clean, safe, and functional as determined by Facility Inspection Tool (FIT) or other local instrument that meets same criteria	23-24: The facility received ratings of Good on all inspected systems, and an overall rating of Exemplary	The facility received ratings of Good on all inspected systems, and an overall rating of Exemplary		The facility will receive ratings of good on all inspected systems and an overall rating of exemplary.	0%
19	Course Access	23-24: All students have access to CCSS and CA ELD Standards-aligned curriculum and to the educational program as outlined in the charter petition.	100%		100% of students have access to CCSS and CA ELD Standards-aligned curriculum and to the educational program as outlined in the charter petition.	0%

Goal Analysis for 2024-2025

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

It is imperative that our operations and facilities remain mission-aligned and continue to meet the needs of our educational programs. In order to ensure the achievement of all learning goals, the ECS Home Office, which includes human resources, accounting, financial/fund

development, and data management, has developed policies, procedures and protocols for the ECMS-Inglewood leadership team to direct their focus on student outcomes. In addition to the regular use of Door Bloks in each classroom, gates were regularly monitored, and emergency drills were practiced throughout the year. Early in the school year, site leaders met with district administration to review existing safety practices and assess procedures that need updating. ECS also updated its Network Safety Plan with protocols and communication templates should there be a health or safety issue on campus.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Our Estimated Actual Expenditures show some key differences from our Budgeted Expenditures, primarily due to strategic investments and operational shifts. First, ECMSI overspent on technology, including Chromebooks, accessories, iPads, projectors, and other related tech equipment. This investment was crucial to enhancing our students' learning and access to digital resources. The site also overspent on food services. We recently switched vendors, and while individual meal costs are slightly higher, our students are enjoying the new options and selections more, leading to increased participation and consumption. Finally, there has been overspend on campus improvements. This includes essential work to perimeter fencing, roof repair, new signage, and the abatement of asbestos and related materials, all vital for maintaining a safe school environment.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

In an effort to ensure excellent operations, ECMSI audited the current condition of all campus facilities and reviewed infrastructure upgrades necessary for the proper implementation of our mission-aligned programming. In fact ECMSI's total expenditures, when compared to the budget, were off by only 3%, demonstrating strong fiscal management. Any requisite actions taken were to enhance compliance and goal accountability, increase campus safety, and ensure that all staff felt supported thereby making significant progress towards our mission of reimagining public education.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

None at this time.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.a	Employees for Ed. Program	School will employ certificated employees necessary to implement educational programs.	$1,057,191	N
3.b	Employees for Operations	School will employ staff necessary for effective operations and facilities that support student safety and the implementation of educational programs	$490,708	N
3.c	Insurance/Benefits	School will maintain required insurance and will offer competitive employee benefits packages.	$870,220	N
3.d	Curriculum	School will purchase books, materials and supplies to ensure smooth operations and effective implementation of educational programs. Students will be provided with free and reduced lunch.	$448,233	N
3.e	Professional Services	School will leverage professional services and other ongoing operating expenses to ensure smooth operations and effective implementation of educational programs. Action encompasses budget series 5000, including professional services such as attorneys and auditors and expenses such as copier rentals, tech support, and district oversight.	$1,623,113	N
3.f	Capital Improvements	School site will make capital improvements to ensure student safety and support implementation of educational programs.	$617,000	N
3.g	CMO Classified	ECS personnel will provide the school with human resources, accounting, financial, development, data and facilities support to ensure smooth operations. ECS personnel will also support the school's implementation of standards and work to secure additional resources needed to implement educational programs.	$158,450	N

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2024-25

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

Goal 1 **Action b** **Action h** **Action i** **Action j**	After assessing the needs, conditions and circumstances of our low income students and English language learners, we determined that as a result of the pandemic there was a higher proportion of these students who were not passing their courses (ELA and Math) than we've seen in previous years.	In order to address this condition, we will improve instruction via our teacher development system (Action 1.b), our literacy and math initiatives (Action 1.h), and Confronting Anti-Blackness & Racism (Action 1.j). Through our Teacher Development System, including professional development, classroom observations, and regular meetings with Instructional Leadership Teams, we will articulate the highest leverage instructional best practices for students who are low-income, English learners and/or foster youth, while preparing our new teachers with student-centered coaching and related mentorship from site administration. Via our Literacy & Math Initiatives (Action 1.h), we will continue implementing MTSS, along with WestEd's Reading Apprenticeship, we are focusing on metacognition across all content areas, text selection and classroom conditions, building vertical alignment and common rubrics to ensure grade level rigor, while also aligning with our organizational-wide priority "planning for critical thinking." In addition to the continued implementation of adopted CCSS-aligned mathematics curricula, to support learning we have implemented "Look-Fors" which include protected independent think time, small group collaboration, group discussion, and opportunities to synthesize thinking in order to better support the balance of fluency, rigor and overall student success.	In year one, we will: Determine which standards need to be prioritized to address the impact of the pandemic on student learning Determine the role of teacher-created versus adopted curricula and assessments Audit our existing intervention systems Articulate high leverage instructional best practices to serve as the bedrock for each of the three tiers of academic supports Train and support teachers through a variety of professional development modalities Monitor implementation of tiered supports Develop organization-wide tools to make MTSS efficient and sustainable in identifying students and providing appropriate interventions Draft a 3 year vision for improving MTSS at ECS Observe and gather data to evaluate efficacy of practices and to ensure implementation with fidelity

		To increase the effectiveness and sustainability of academic interventions, we will increase resources and refine the functioning of our Multi-Tiered systems of support (Action 1.b) for both ELA and Math courses. These targeted supports to ensure that all ECS students become conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. We also discovered that a lower percentage of our English Language Learners entered and completed college, in comparison to other student groups, including our low income students who have a lower rate of college completion than students statewide. Specialty classes (Action 1.i), including Green Ambassadors, Games and Handwork, and College/Career Readiness program will help low income students and English learners develop the skills needed to succeed in a college preparatory high school, develop students' social emotional skills and reinforce content and skills from core courses through engaging activities appealing to multiple modalities. We will provide all learners with these programs and we will refine them as informed by our ongoing work supporting Confronting Anti-Blackness & Racism (Action 1.j).	In years two and three we will continue to implement our teacher development system and integrate the systems and practices identified in year one to ensure our MTSS is coordinated, data-based, sustainable and supports equitable outcomes for students.

		These actions are being provided on an LEA-wide basis and we expect that all students whose academic achievement has declined post-pandemic will benefit from these supports. However, because of ECS' targeted actions implemented to meet the news associated with specific students, EL and low-income students are able to achieve high GPAs and course passage rates in ELA and Math. Additionally, we expect that other academic measures (specifically NWEA and CAASPP scores) for our low-income students and English learners will increase as well.	

Goal 2 **Action a** **Action b** **Action c** **Action d**	After assessing the needs, conditions and circumstances of our low income students and our English Language learners, we understand that post-pandemic many schools experienced lower attendance rates and higher rates of chronic absenteeism. Overall, chronic absenteeism decreased from 20.2% in the previous year to 17% in the current year. Similar trends were observed for English Learner and low-income student groups.	To proactively address this condition, we hired a social worker, through a CA Community Schools Partnership Grant, to help track chronic absences and follow up directly with families whose students were regularly absent. We also provided outdoor education and service learning opportunities to our students (Action 2.a), free of charge, reimagined advisory to increase engagement, school connectedness and provide opportunities for c social emotional and academic support (Action 2b). We will continue to leverage successful parent engagement strategies, while expanding parent involvement in the decision making process (2.c). In an effort to build a more inclusive learning environment for low-income students and English language learners, we are continuing to develop programming, work with community partners, offer enrichment opportunities (like a robust afterschool program), and create mentoring programs to increase student engagement and sense of connectedness. (Action 2.d). These actions are being provided on an LEA-wide basis and we expect that all students with less than a 95% attendance rate will benefit. The actions also meet needs most associated with those who experience chronic stress, anxiety, feelings of isolation, and are currently experiencing a socio-economically disadvantaged status; however, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of other student groups.	We will closely monitor progress to increase the attendance rate of our low-income students, as well as all students. We will also regularly review parent participation rates through our Parent Engagement Tracker tool. Through surveys and School Site Council, we will also seek feedback from students, parents, and staff about attendance and chronic absenteeism issues.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 1 Action d Action e	Our Interdisciplinary Benchmark and ELPAC test scores indicate our EL students often struggle with the writing substrand of the written language claims and achieve lower ELA scores on CAASPP tests. In Math, similar data indicates lower performance rates as recorded on the Lowest Performing Data Files per the 2023 CA Dashboard.	We will collaborate with other ECS sites to create shared systems of compliance and accountability (Action 1.d). To fulfill the high needs of English Learners upon school entry, we will continue to assign a full-time paraeducator to support 6th grade English learners. We'll improve delivery of ELD and Math services through targeted professional development (Action 1.e) that focuses on the Reading Apprenticeship framework for all staff, including general education teachers serving English Learners at our site.	We will monitor progress in increasing our percentage of English Learners who make progress on ELPAC. We will also review, for each cohort, the percentage of students reclassified out of those who started at the site as an English Learner.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Not Applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Concentration funds will be used for the retention of critical positions for educational service at ECMS-I: counselor and dean. These funds will be used cover the salary expenses for these roles. Without these funds, the ECMS-I would not be able to retain the current number of employees in these roles.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	Not Applicable–single school LEA.	Not Applicable–single school LEA.
Staff-to-student ratio of certificated staff providing direct services to students	Not Applicable–single school LEA.	Not Applicable–single school LEA.

Appendix C:
Promotion and Retention Policy

Promotion and Retention

Students advance to the next grade when they demonstrate growth in learning and achievement of California grade-level standards. Decisions about promotion or retention are made using multiple measures and with attention to equitable access to supports and timely communication with families. Behavior and conduct are reported separately and are not used as the basis for promotion or retention.

Measures Considered

- Standards-based grades and evidence of proficiency/growth on priority standards in English Language Arts and Mathematics;
- Performance on local benchmark and diagnostic assessments and classroom assessments (e.g., unit assessments, performance tasks, portfolios);
- State indicators, when available (e.g., CAASPP/CAST), reviewed alongside classroom evidence; and
- Attendance/engagement factors only insofar as they affect access to instruction.

Students who have previously been retained

Students who have previously been retained can be advanced to their pre-retention grade level (the new grade level assigned at the end of the school year before the retention decision) if family, educators, and the counselor agree it's in the interest of the student and we have evidence (grades and standardized test performance) that the student is able to perform above current grade level. To ensure the success of a previously retained student, ECMS-I will convene an SST or IEP team to analyze student needs and indicators of academic performance, recommend grade level promotion, and monitor student progress for a period of time if they are promoted to their pre-retention grade level.

Early Identification and Support

Students at risk of not meeting grade-level standards are identified as early in the school year as practicable. Identified students receive targeted interventions and progress monitoring through the Student Success Team (SST) or equivalent process, with family notification and consultation.

Promotion/Retention Determinations

At the end of the school year, the Principal, in consultation with the student's teachers and family, reviews the body of evidence to determine promotion or retention. Retention may be considered only after documented interventions have been implemented with fidelity and evidence shows insufficient progress toward grade-level expectations. The final decision is issued in writing with a support plan for the following term.

Appeals
A parent/guardian may appeal a promotion or retention decision pursuant to Education Code Section 48070.5(f). Appeals begin at the school site and may be reviewed by the Charter School's designated central administrator.

Students with Disabilities: IEPs

Promotion and retention decisions for students with disabilities are determined on a case-by-case basis through the Individualized Education Program (IEP) process. These decisions must align with the student's IEP goals, services, and documented accommodations, ensuring the determination supports the student's access to and progress in the general education curriculum. Decisions regarding the grade-level retention of a student receiving special education services shall be made by the IEP team.

Students with Disabilities: Section 504
For students with Section 504 Plans, promotion and retention decisions must be made in a manner consistent with the accommodations and supports outlined in the student's 504 Plan. These decisions must ensure equal access to education and protect against discrimination based on disability, in accordance with Section 504 of the Rehabilitation Act.

English Learners
English Learners are not identified for retention based solely on English language proficiency. Language development data (e.g., ELPAC/ELPI) are reviewed alongside academic evidence, and access to integrated and designated ELD is ensured.

Documentation
All notices, SST notes, intervention records, assessment data, and final determinations are maintained in the student record and summarized in reporting cycles.

Continuous Improvement

Promotion and retention patterns are reviewed annually to ensure equitable outcomes and to strengthen interventions and family communication.

Conflict of Interest Code

Conflict of Interest Code
of the

Environmental Charter Schools

Incorporation of FPPC Regulation 18730 (2 California Code of Regulations, Section 18730) by Reference

The Political Reform Act (Government Code Section 81000, *et seq.*) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. 18730), which contains the terms of a standard conflict of interest code. After public notice and hearing, it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730, and any amendments to it duly adopted by the Fair Political Practices Commission, are hereby incorporated into the conflict of interest code of this agency. This regulation and the attached Appendices (or Exhibits) designating officials and employees and establishing economic disclosure categories shall constitute the conflict of interest code of this agency.

Place of Filing of Statements of Economic Interests

All officials and employees required to submit a statement of economic interests shall file their statements with the agency head; or his or her designee. The agency shall make and retain a copy of all statements filed by its Members of the Board of Directors and the Superintendent and forward the originals of such statements to the Executive Office of the Board of Supervisors of Los Angeles County.

Environmental Charter Schools shall retain the originals of statements for all other Designated Positions named in the agency's conflict of interest code. All retained statements, original or copied, shall be available for public inspection and reproduction (Gov. Code Section 81008).

Environmental Charter Schools

Exhibit "A"

CATEGORY 1

Persons in this category shall disclose all interest in real property which is located in whole or in part within two (2) miles of any facility utilized by Environmental Charter Schools, including any leasehold, beneficial or ownership interest or option to acquire such interest in real property.

Persons are not required to disclose a residence, such as a home or vacation cabin, used exclusively as a personal residence; however, a residence in which a person rents out a room or for which a person claims a business deduction may be reportable.

CATEGORY 2

Persons in this category shall disclose all investments and business positions in, and sources of income (including gifts, loans and travel payments) that are from, business entities engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type utilized by Environmental Charter Schools.

CATEGORY 3

Persons in this category shall disclose all investments and business positions in, and sources of income (including gifts, loans and travel payments) that are from, business entities engaged in the performance of work or services, or sources that manufacture, sell, repair, rent or distribute school supplies, books, materials, school furnishings or equipment of the type utilized by the designated position's department. For the purpose of this category, the department of the Principal is his or her entire school site.

CATEGORY 4

Persons in this category shall disclose all income (including gifts, loans and travel payments) from any Environmental Charter Schools employee or any known representative or association of such employee, or any business known by the reporting official to be owned or controlled by such employee.

Environmental Charter Schools

Exhibit "B"

Designated Positions	Disclosure Categories
Member, Board of Directors	1, 2, 4
Superintendent	1, 2, 4
Deputy Superintendent of Instruction	2
Director of Compliance & Operations	1, 2, 4
Director of Growth & Sustainability	1, 2
Chief Operating Officer/Director of Finance	1, 2, 4
Principal	3
Consultants/New Positions*	

* Consultants/New Positions are included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitations:

The Superintendent or his or her designee may determine in writing that a particular consultant or new position, although a “designated position,” is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with disclosure requirements in this section. Such written determination shall include a description of the consultant’s or new position’s duties and, based upon that description, a statement of the extent of disclosure requirements. The Superintendent or his or her designee’s determination is a public record and shall be retained for public inspection in the same manner and location as this conflict-of-interest code. (Gov. Code Section 81008.)

Individuals who perform under contract the identical duties of any designated position shall be required to file Statements of Economic Interests disclosing reportable interests in the categories assigned to that designated position.

ARTICLES OF INCORPORATION

OF

MENLO CHARTER PROPERTIES,
A California Nonprofit Public Benefit Corporation

The undersigned Incorporator hereby executes the following Articles of Incorporation for the purpose of forming a corporation under the General Corporation Law of the State of California:

ARTICLE I.

NAME

The name of the corporation is Menlo Charter Properties, a California nonprofit public benefit corporation.

ARTICLE II.

PURPOSES AND POWERS

This corporation is organized and shall be operated exclusively for charitable and educational purposes by conducting or supporting activities for the benefit, or to carry out the purposes, of Environmental Charter Schools, a California nonprofit public benefit corporation. If the aforesaid organization ceases to be described in Section 501(c)(3) and Section 509(a)(1) or (a)(2) of the Internal Revenue Code of 1986, as amended (or the corresponding provisions of any future United States Internal Revenue Law) (the "Code"), the corporation shall be operated exclusively for the benefit, or to carry out the purposes, of one or more organizations described in Code Section 501(c)(3) and Section 509(a)(1) or (a)(2) as shall be selected by the Board of Directors of the corporation.

A. Solely for the above purposes, the corporation is empowered to exercise all rights and powers conferred by the laws of the State of California upon nonprofit corporations, including, without limitation thereon, to receive gifts, devises, bequests and contributions in any form, and to use, apply, invest and reinvest the principal and/or income therefrom or distribute the same to qualified charitable organizations in the United States for the above purposes.

B. The corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code") and Section 23701d of the California Revenue and Taxation Code (or the corresponding provisions of any successor California tax laws).

C. The corporation shall have and may exercise all of the rights and powers conferred upon nonprofit public benefit corporations under the laws of the State of California from time to time. Notwithstanding any other provision of these Articles of Incorporation, however, this corporation shall not carry on any activities not permitted to be carried on (a) by an organization exempt from federal income tax under Code Section 501(c)(3) and corresponding provisions of California law, or (b) by a corporation to which contributions are deductible under Code Section 170(c)(2) and corresponding provisions of California law.

D. No substantial part of the activities of the corporation shall consist of carrying on propaganda, or otherwise attempting to influence legislation, except as permitted by Code Section 501(h), and the corporation shall not participate or intervene in any political campaign (including the publishing or distribution of statements) on behalf of or in opposition to any candidate for public office.

ARTICLE III.

ORGANIZATION AND EXEMPTION STATUS

The corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Public Benefit Corporation Law for charitable and public purposes.

It is intended that this corporation shall have the status of a corporation which is exempt from federal income taxation under Code Section 501(a) as an organization described in Code Section 501(c)(3), and which is other than a private foundation by reason of being described in Code Section 509(a)(3). These Articles shall be construed accordingly, and all powers and activities of the corporation shall be limited accordingly.

ARTICLE IV.

AGENT FOR SERVICE OF PROCESS

The name and address in the State of California for the initial agent for service of process of this corporation is:

Alison Suffet-Diaz
16315 Grevillea Avenue
Lawndale, California 90260

ARTICLE V.

CORPORATE ADDRESS

The initial mailing and street address of the principal office of this corporation is:

16315 Grevillea Avenue
Lawndale, California 90260

ARTICLE VI.

MEMBERS

The corporation shall not have any members as defined in Section 5056 of the California Nonprofit Corporation Law. References to "members" are to the Board of Directors as provided in Section 5310 of the California Nonprofit Corporation Law. Each director shall be entitled to one vote. The Board of Directors of the corporation shall be divided into two (2) classes: the ECS Class and the Non-ECS Class. The method for electing each class of directors shall be set forth in the Bylaws of the corporation.

ARTICLE VII.

DEDICATION AND DISSOLUTION

The property of this corporation is irrevocably dedicated to charitable purposes meeting the requirements of Section 214 of the California Revenue and Taxation Code and no part of the net income or assets of this corporation shall ever inure to the benefit of any director, officer or member thereof, or to the benefit of any private person.

Upon the dissolution or winding up of the corporation, its assets remaining after payment, or provision for payment, of all debts and liabilities of the corporation shall be distributed exclusively for charitable or educational purposes to the organization described in Article II if it is then an organization described in Internal Revenue Code Sections 501(c)(3) and 509(a)(1). If such organization is not then an organization described in Internal Revenue Code Sections 501(c)(3) and 509(a)(1), the assets of the corporation shall be distributed to one or more organizations which are then described in Code Sections 501(c)(3) and 509(a)(1) and whose charitable and/or educational purposes are substantially similar to those of the corporation, as determined by the Board of Directors of the corporation. Any of such assets not so distributed shall be distributed by the Superior Court in the county in which the principal office of the corporation is located, exclusively for the aforesaid purposes of the corporation to such organization(s) as are described in Code Sections 501(c)(3) and 509(a)(1) as said Court shall determine.

The undersigned declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of their own knowledge.

Date: April 22, 2013

Alison Suffet-Diaz, Incorporator

I hereby certify that the foregoing transcript of 4 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

OF

MENLO CHARTER PROPERTIES

A CALIFORNIA NONPROFIT

PUBLIC BENEFIT CORPORATION

Bylaws Adopted on May 1, 2013

Second Amended Bylaws Adopted on December 2, 2016

Third Amended Bylaws Adopted on May 17, 2019

Fourth Amended Bylaws Adopted on July 8, 2021

FOURTH AMENDED BYLAWS

MENLO CHARTER PROPERTIES

A California Nonprofit Public Benefit Corporation

Article 1
NAME, OFFICE AND PURPOSE

Section 1.1. Name. The name of this Corporation is and shall be Menlo Charter Properties (hereinafter, the "Corporation").

Section 1.2. Principal Office. The principal office of the Corporation shall be located at 812 W. 165th Pl, Gardena, California 90247. The principal office and additional offices may be located in such other places as may be determined from time to time by the Board of Directors of the Corporation (hereinafter, the "Board" or "Board of Directors").

Section 1.1. Purpose.

(a) This Corporation is a public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law primarily for charitable purposes.

(b) The Corporation is organized and shall be operated exclusively for charitable and educational purposes by conducting or supporting activities for the benefit, or to carry out the purposes, of Environmental Charter Schools, a California nonprofit public benefit corporation (the "Supported Organization"). If the Supported Organization ceases to be described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), the Corporation shall be operated exclusively for the benefit, or to carry out the purposes, of one or more organizations described in Code Section 501(c)(3) and Section 509(a)(1) as shall be selected by the Board.

(c) Solely for the above purposes, the Corporation is empowered to exercise all rights and powers conferred by the laws of the State of California upon nonprofit public benefit corporations, including, without limitation thereon, to receive gifts, devises, bequests and contributions in any form, and to use, apply, invest and reinvest the principal and/or income therefrom or distribute the same to qualified charitable organizations for the above purposes.

Article 2
MEMBERSHIP

Section 2.1. Membership. The Corporation shall not have any members as defined in Section 5056 of the California Nonprofit Corporation Law. References to "members" are to the Board as provided in Section 5310 of the California Nonprofit Corporation Law.

Article 3
NONPARTISAN ACTIVITIES

Section 1.2. No Partisan Activities. This Corporation has been formed under the California Nonprofit Corporation Law for the purposes described in Section 1.3 above, and it shall be nonprofit and nonpartisan. No substantial part of the activities of this Corporation shall consist of carrying on propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate or intervene in any political campaign (including the publishing or distribution of statements) on behalf of or in opposition to any candidate for public office.

Section 1.3. No Activities Not in Furtherance of Exempt Purposes. The Corporation shall not, except to an insubstantial degree, engage in any activities or exercise any powers that are not in furtherance of the purposes described in Section 1.3 above.

Article 2
DEDICATION OF ASSETS

Section 2.1. Dedication of Assets. The property of this Corporation is irrevocably dedicated to charitable purposes meeting the requirements for exemption provided by Section 214 of the California Revenue and Taxation Code, and no part of the net income or assets of this Corporation shall ever inure to the benefit of any director or officer thereof, or to the benefit of any private person.

Section 2.2. Assets Distributed on Liquidation. Upon the dissolution or winding up of the Corporation, its assets remaining after payment, or provision for payment, of all debts and liabilities of the Corporation shall be distributed exclusively for charitable purposes: (1) to the Supported Organization if it is then a Qualified Organization, or (2) if the Supported Organization is then neither in existence nor a Qualified Organization, to one or more other Qualified Organizations as determined by the Board. Any of such assets not so distributed shall be distributed exclusively for charitable purposes to such Qualified Organizations as shall be determined by the Superior Court in the county in which the principal office of the Corporation is located. As used herein, a "Qualified Organization" is a nonprofit fund, foundation or corporation that is organized and operated exclusively for charitable purposes meeting the requirements for exemption provided by Section 214 of the California Revenue and Taxation Code and which has established its tax exempt status under Code Sections 501(c)(3) and 509(a)(1) or 509(a)(2) and under California Revenue and Taxation Code Section 23701d.

Article 3
BOARD OF DIRECTORS

Section 3.1. General Powers. Subject to the limitations of these Bylaws, the Articles of Incorporation, and the laws of the State of California, the affairs of the Corporation shall be managed by, and all corporate powers shall be exercised by, or under the direction of, the Board.

Section 3.2. Number, Tenure and Qualifications.

(a) The Corporation shall have five (5) directors, who shall be divided into two (2) classes, as follows: (a) the "ECS Class," which shall consist of three (3) directors (hereinafter referred to as the "ECS directors"), and (b) the "Non-ECS Class," which shall consist of two (2) directors (hereinafter referred to as the "Non-ECS directors"). The ECS directors and the Non-ECS directors shall hereinafter be collectively referred to as "directors." Any increase in the number of directors shall be made in increments of two (2) (i.e. one ECS director and one Non-ECS director) so that the number of ECS directors is always greater than the number of non-ECS directors. A copy of the Articles of Incorporation and Bylaws of the Corporation, and any amendments thereto, shall be delivered to each new director upon taking office.

(b) The Board of Directors of Environmental Charter Schools ("ECS"), a California nonprofit public benefit corporation, shall designate the ECS directors, and a 2/3 majority of the Board of the Corporation shall elect the Non-ECS directors.

(c) All Non-ECS Directors shall be elected by the Board at its annual meeting for purposes of filling the seats vacated by such directors whose terms expire as of the date of such meeting. However, if one or more vacancies of Non-ECS Directors are not filled by the election of directors at an annual meeting, such directors may be elected at a special meeting of the Board called and held for that purpose or by unanimous written consent.

(d) Each ECS Director shall serve until removed or replaced by ECS. Each Non-ECS Director shall serve for a two (2) year term, and shall hold office until the annual meeting of the Board held at the expiration of such term or until a successor shall have been elected. A director may serve for consecutive terms without limitation.

Section 3.1. Vacancies.

(a) Events Causing Vacancies. Vacancies on the Board shall exist (1) on the death or resignation of any director, (2) on the removal of any director by the Board, (3) on the declaration by the Board as set forth in Section 5.3(d) hereof, (4) whenever the number of authorized directors is increased, or (5) on the failure of the Board, at any meeting of Board at which any directors are to be elected, to elect the number of directors required to fill vacancies on the Board as of the date of that meeting.

(b) Resignations. Except as provided in this paragraph, any director may resign, which resignation shall be effective on giving written notice to the President, the Secretary, or the Board of Directors, unless the notice specifies a later time for the resignation to become effective. If the resignation of a director is effective at a future time, the Board may, in accordance with Section 5.3(d), elect a successor to take office as of the date when the

resignation becomes effective. The Board may accept a resignation prior to filling that vacancy with a successor director.

(e) Removal. An ECS director may be removed, with or without cause, by a written resolution of the Board of Directors of ECS. A Non-ECS director may be removed, with or without cause, only by the vote or written resolution of 2/3 of the Board of the Corporation.

(f) Filling Vacancies.

(i) Any vacancy occurring in the ECS Class shall be filled by the Board of Directors of ECS.

(ii) Any vacancy occurring in the Non-ECS Class shall be filled by the vote or written consent of 2/3 of the Board of the Corporation.

(iii) Any director elected to fill a vacancy shall hold office during the unexpired term of his or her predecessor in office and until his or her successor is elected.

(iv) The Board may declare vacant the office of a director who has been declared of unsound mind by a final order of court, or convicted of a felony, or been found by a final order or judgment of any court to have breached any duty under Section 9240 et. seq. of the California Nonprofit Corporation Law.

(c) No reduction of the authorized number of directors shall have the effect of removing any director prior to the expiration of his or her term of office.

Section 3.2. Annual & Regular Meetings. Immediately after each annual meeting of the Board, the Board shall hold a regular meeting for purposes of organization, election of officers, and transaction of other business that may properly come before the Board. Regular meetings of the Board may be held at such time and place as may be designated from time to time by resolution of the Board.

Section 3.3. Special Meetings. Special meetings of the Board may be called by or at the request of the President, the Secretary or any two (2) directors. Unless approved by the President for an alternative location, the place of special meetings will be the principal office of the Corporation.

Section 3.4. Notice of Meetings. Notice of any meeting of the Board shall be given at least two (2) days prior thereto, either personally or by telephone, facsimile or electronic mail, or four (4) days prior thereto by first-class mail and/or electronic mail, subject to waiver of notice as provided in Section 5.7 of these Bylaws. All such notices shall be given or sent to the director's address (including electronic mail address) or telephone number as shown on the records of the Corporation.

Section 3.5. Waiver of Notice. Whenever any notice is required to be given under the provisions of the California Nonprofit Corporation Law or under the provisions of the Articles of Incorporation of the Corporation or these Bylaws, a written waiver thereof, signed by the person

or persons entitled to such notice, whether before or after the time stated therein, which is made a part of the minutes, shall be deemed equivalent to the giving of such notice. The attendance of a director at any special meeting shall constitute a waiver of notice of such meeting.

Section 3.6. Quorum.

(a) A majority of the directors holding office at any point in time shall constitute a quorum; *provided, however,* (i) more non-ECS directors are present than ECS directors; and (ii) except as provided in the following Section 5.8(b), a Non-ECS director is present. Unless otherwise provided herein, the directors may continue to transact business during a meeting at which a quorum is initially present, notwithstanding the withdrawal of directors, if any action is approved by at least a majority of the required quorum for that meeting. No business shall be considered by the Board at any meeting at which a quorum is not present, and the only motion which may be entertained at such meeting is a motion to adjourn.

(b) If at any meeting of directors there is less than a quorum present, a majority of directors present may adjourn the meeting to a date not less than five (5) nor more than thirty (30) days after the date specified for the original meeting. Notice of the date, time and place of the adjourned meeting shall be given to all directors in accordance with the requirements of Section 5.6.

Section 3.7. Manner of Acting. Action by the Board shall be by a majority of the directors present at a meeting duly held at which a quorum is present unless a greater number is required by these Bylaws or otherwise required by law.

Section 3.8. Action Without a Meeting. Any action required or permitted to be taken by the Board may be taken without a meeting if all directors, individually or collectively, shall consent in writing in advance to such action. Such action by written consent shall have the same force and effect as a unanimous vote of the Board. Such written consent or consents shall be filed with the minutes of the proceedings of the Board.

Section 3.9. Participation in Meetings by Means of Other Than Physical Attendance. Any meeting of the Board, regular or special, may be held by:

(c) Conference telephone or electronic video screen communication, so long as all directors participating in such meeting can hear one another; or

(d) Electronic transmission by and to the Corporation (other than conference telephone and electronic video screen communication) so long as both of the following apply:

(i) All directors participating in such meeting can communicate with one another concurrently; and

(ii) Each director participating in such meeting is provided the means of participating in all matters before the Board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken.

Section 3.10. Compensation. Directors shall not receive compensation for their services as members of the Board. Nothing herein shall be construed to preclude any director from receiving reimbursement for reasonable expenses, as may be fixed or determined by resolution of the Board.

Section 3.11. No Interest in Assets. No director shall possess any property right in or to the property of the Corporation. In the event the Corporation owns or holds any property upon its dissolution and winding up, after paying or adequately providing for its debts and obligations, the directors shall dispose of the remaining property in accordance with the provisions of the Articles of Incorporation of the Corporation and these Bylaws.

Section 3.12. Restrictions on Directors. Not more than forty-nine percent (49%) of the persons serving on the Board at any time may be disqualified persons as defined in Code Section 4946; *provided, however,* a person shall not be considered a disqualified person solely by virtue of serving as a foundation manager, as defined in Internal Revenue Code Section 4946(b).

Article 4
OFFICERS

Section 4.1. Officers. The officers of the Corporation shall be a President, a Secretary, a Chief Financial Officer, who shall be designated as the Treasurer, and such other officers as may be elected to offices created by the Board. Officers shall have powers and duties as specified herein and as may be additionally prescribed by the Board. One person may hold two or more offices, except neither the Secretary nor the Treasurer may serve concurrently as the President, and no officer shall execute, acknowledge, or verify any instrument in more than one capacity, if such instrument is required to be executed, acknowledged, or verified by two or more officers. The Board (or a committee of the Board) shall review the compensation, including benefits, if any, of the officers, as and when required by state or federal law.

Section 4.2. Election and Term of Office. The officers of the Corporation shall be elected annually by the Board at the regular annual meeting of the Board. If the election of any officer shall not be held at such meeting, such election shall be held as soon thereafter as conveniently possible. New offices may be created and filled, and vacancies may be filled, at any meeting of the Board. Each officer shall hold office until a successor shall have been elected, unless otherwise removed.

Section 4.3. Removal. Subject to the rights, if any, of an officer under any contract of employment, any officer elected or appointed by the Board may be removed by the Board, with or without cause, whenever in its judgment the best interests of the Corporation would be served thereby.

Section 4.4. Resignation. Any officer may resign at any time by giving written notice to the Corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation shall not be necessary to make it effective. Any resignation is without

prejudice to the rights, if any, of the Corporation under any contract to which the officer is a party.

Section 4.5. President. The President shall, if present, preside at all meetings of the Board. The President shall perform other duties commonly incident to the office and such other duties as may be required by law, by the Articles of Incorporation of the Corporation, or by these Bylaws, or which may be designated to him or her from time to time by the Board. At any time the Corporation does not have an executive director or a chief executive officer, the President shall, subject to the control of the Board, have general supervision, direction and control of the business of the Corporation.

Section 4.6. Vice-President. In the absence of the President, or in the event of his or her inability or refusal to act, the Vice-President, if any, shall perform all the duties of the President, and when so acting shall have all the powers of, and be subject to all the restrictions on, the President. The Vice-President shall have other powers and perform such other duties as may be prescribed by law, by the Articles of Incorporation of the Corporation, or by these Bylaws, or as may be prescribed by the Board.

Section 4.7. Secretary. The Secretary shall attend all meetings of the Board and shall record all acts and proceedings thereof in the minute book of the Corporation. The Secretary shall give notice in conformity with these Bylaws of all meetings of the Board or any Board committee requiring notice. The Secretary shall perform all other duties commonly incident to the office and such other duties as may be required by law, by the Articles of Incorporation of the Corporation, or by these Bylaws, or which may be designated to him or her from time to time by the Board or the President. The President may direct any Assistant Secretary to assume and perform the duties of the Secretary in the absence or disability of the Secretary, and each Assistant Secretary shall perform other duties commonly incident to the office and shall also perform such other duties and have such other powers as the Board or the President shall designate from time to time.

Section 4.8. Treasurer.

(e) The Treasurer shall be responsible for the Corporation's funds and financial records. The Treasurer shall collect and report, or supervise collection and reporting, of all income and expenditures, shall establish proper accounting procedures for the handling of the Corporation's funds, and shall be responsible for the keeping of the funds in such banks as approved by the Board, and shall keep and maintain adequate and correct accounts of the Corporation's properties and business transactions. The Treasurer shall report on the financial condition of the Corporation at meetings of the Board and at other times when called upon by the President.

(f) At the end of each fiscal year, the Treasurer shall prepare, or cause to be prepared, an annual report which shall, if required by the Board, be reviewed by a certified public accountant. At the expiration of the Treasurer's term of office, or upon removal, the Treasurer

shall immediately deliver over to the person designated by the President all books, money and other property in his or her charge.

(g) The Treasurer shall prepare and file, or cause to be prepared and filed, income tax and other returns required by State and Federal authorities.

Section 4.9. Signing of Checks. All checks, drafts or other orders for the payment of money issued in the name of the Corporation shall be signed by such person or persons and in such manner as shall be determined from time to time by resolution of the Board; provided that, any such instrument for an amount in excess of Five Thousand Dollars ($5,000) shall require the signatures of two (2) persons so authorized by the Board. The Board may, from time to time by resolution, change the monetary threshold above which said instruments require two (2) signatures.

Article 5
COMMITTEES

Section 5.1. Board Committees. The Board may create an executive committee and such other Board committees as from time to time may be required. Each committee shall consist of at least two (2) members, all of whom shall be directors of the Corporation.

Section 5.2. Delegation of Authority to Board Committees. The Board may delegate to any committees which consist solely of directors any of the authority of the Board, other than that reserved to the Board under California Corporations Code Section 9212.

Section 5.3. Advisory Committees. The Board may establish one or more advisory committees to the Board. The members of any advisory committee may consist of directors and non-directors and may be appointed as the Board determines. Advisory committees may not exercise the authority of the Board to make decisions on behalf of the Corporation, but shall be restricted to making recommendations to the Board or Board committees, and implementing Board or Board committee decisions and policies under the supervision and control of the Board or Board committee.

Section 5.4. Meetings and Action of Committees. Meetings and action of committees shall be governed by, noticed, held and taken in accordance with the provisions of these Bylaws concerning meetings of the Board, with such changes in the context of such Bylaw provisions as are necessary to substitute the committee and its members for the Board and its members, except that the time for regular meetings of committees and the calling of special meetings of committees may be set either by resolution of the Board or, if none, by resolution of the committee. The Board may also adopt rules and regulations pertaining to the conduct of meetings of committees to the extent that such rules and regulations are not inconsistent with the provisions of these Bylaws. Each committee created by the Board shall serve at the pleasure of the Board, and shall be subject to the control and direction of the Board. Each such committee shall act by not less than a majority of the whole authorized number of its members.

Article 6
INDEMNIFICATION OF DIRECTORS, OFFICERS
AND OTHER CORPORATE AGENTS

Section 3.3. Definitions. For purposes of this Article 8,

(a) "Agent" means any person who is or was a director, officer, employee, or other agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, or other enterprise, or was a director, officer, employee, or agent of a foreign or domestic corporation that was a predecessor corporation of the Corporation or of another enterprise at the request of the predecessor corporation;

(b) "Proceeding" means any threatened, pending, or completed action or proceeding, whether civil, criminal, administrative, or investigative; and

(c) "Expenses" include, without limitation, all attorneys' fees, costs, and any other expenses reasonably incurred in the defense of any claims or Proceedings against an Agent by reason of his position or relationship as Agent and all attorneys' fees, costs, and other expenses reasonably incurred in establishing a right to indemnification under this Article 8.

Section 3.4. Indemnification in Actions by Third Parties. The Corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any Proceeding (other than an action by or in the right of the corporation to procure judgment in its favor, an action brought under California Corporations Code Section 5233, made applicable pursuant to California Corporations Code Section 7238, or an action brought by the Attorney General or a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust) by reason of the fact that the person is or was an Agent of the corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with the Proceeding, if the person acted in good faith and in a manner the person reasonably believed to be in the best interests of the corporation and, in the case of a criminal Proceeding had no reasonable cause to believe the conduct was unlawful. The termination of any Proceeding by judgment, order, settlement, conviction, or on a plea of *nolo contendere* or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the conduct was unlawful.

Section 3.5. Indemnification in Actions by or in the Right of the Corporation. The Corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action by or in the right of the corporation or brought under California Corporations Code Section 5233, made applicable pursuant to California Corporations Code Section 7238, or an action brought by the Attorney General or by a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust to procure a judgment in its favor by reason of the fact that the person is or was an Agent of the Corporation, against expenses actually and reasonably incurred by the person in connection with the defense or settlement of the action if the person

acted in good faith, in a manner the person believed to be in the best interests of the Corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Article 8.

(a) In respect of any claim, issue or matter as to which the person shall have been adjudged to be liable to the corporation in the performance of the person's duty to the corporation, unless and only to the extent that the court in which the Proceeding is or was pending shall determine on application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for the expenses that the court shall determine;

(b) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(c) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval, unless such action concerns assets held in charitable trust and is settled with the approval of the Attorney General.

Section 3.6. Indemnification Against Expenses. To the extent that an Agent of the Corporation has been successful on the merits in defense of any Proceeding referred to in this Article or in defense of any claim, issue or matter therein, the Agent shall be indemnified against expenses actually and reasonably incurred by the Agent in connection therewith.

Section 3.7. Advance of Expenses. Expenses incurred in defending any Proceeding may be advanced by the Corporation before the final disposition of the Proceeding on receipt of an undertaking by or on behalf of the Agent to repay the amount of the advance unless it is determined ultimately that the Agent is entitled to be indemnified as authorized in this Article 8.

Section 3.8. Other Indemnification. No provision made by the Corporation to indemnify its directors or officers for the defense of any Proceeding, whether contained in the Articles, Bylaws, a resolution of the directors, an agreement or otherwise, shall be valid unless consistent with this Article 8. Nothing contained in this Article 8 shall affect any right to indemnification to which persons other than directors and officers of the Corporation may be entitled by contract or otherwise.

Section 3.9. Forms of Indemnification Not Permitted. No indemnification or advance shall be made under this Article 8, except as provided in Section 8.4, in any circumstances where it appears that:

(a) It would be inconsistent with a provision of the Articles of Incorporation, these Bylaws, or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the Proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification;

(b) It pertains to an indemnity or reimbursement to any person for any taxes (including excise taxes for excess benefits and private inurement) under Code Section 4958; or

(c) It would be inconsistent with any condition expressly imposed by a court in approving a settlement.

Section 3.10. Insurance. The Board may adopt a resolution authorizing the purchase and maintenance of insurance on behalf of any Agent, as such term is defined in Section 8.1 hereof, against any liability asserted against or incurred by any Agent in such capacity or arising out of the Agent's status as such whether or not the corporation would have the power to indemnify the Agent against the liability under the provisions of this Article 8.

Section 3.11. Inapplicability to Fiduciaries of Employment Benefit Plans. This Article 8 does not apply to any Proceeding against any trustee, investment manager, or other fiduciary of an employee benefit plan in that person's capacity as such, even though the person may also be an Agent of the Corporation, as defined in Section 8.1 hereof. The Corporation shall have power to indemnify the trustee, investment manager, or other fiduciary to the extent permitted by California Corporations Code Section 207(f).

Article 7
MISCELLANEOUS PROVISIONS

Section 7.1. Books and Records. The Corporation shall keep at its principal office in the State of California:

(a) Minutes of all meetings of the Board and committees of the Board indicating the time and place of holding such meetings, whether regular or special, how called, the notice given, and the names of those present and the proceedings thereof.

(b) Adequate and correct books and records of account, including accounts of its properties and business transactions and accounts of its assets, liabilities, receipts, disbursements, gains and losses.

(c) A copy of the Corporation's Articles of Incorporation and these Bylaws as amended to date.

Section 7.2. Annual Report. Not later than one hundred twenty (120) days after the close of the Corporation's fiscal year, the Board shall cause to have prepared and sent to the directors an annual report and an annual statement of transactions and indemnification.

Section 7.3. Public Inspection of Certain Documents. The Corporation shall make the following documents available for public inspection on the same day that the request is made in person during regular business hours, within thirty (30) days after receiving a request by mail, or by posting the documents on the Internet in a manner that can be accessed, downloaded, viewed and printed by the public free of charge and without special hardware or software:

(d) Form 990 for the Corporation for the past three years (excluding the list of donors);

(e) Form 1023 (application for recognition of tax exemption) for the Corporation, including all supporting statements and documents, the determination letter issued to the Corporation by the Internal Revenue Service, and all correspondence from and to the Internal Revenue Service with respect to Form 1023; and

(f) Audited financial statements for the Corporation for the period prescribed by the California Attorney General.

Section 3.12. Self-Dealing Transactions. The Corporation shall not engage in any self-dealing transactions, except as approved by the Board and in accordance with applicable law, including, without limitation, Section 5233 of the California Nonprofit Corporation Law. "Self-dealing transaction" means a transaction to which the Corporation is a party in which one or more of the directors has a material financial interest.

Section 3.13. Governing Law. Notwithstanding anything to the contrary contained herein, these Bylaws shall be subject, in all respects, to applicable law, including, without limitation, to the extent applicable, California Nonprofit Corporation Law and the California Nonprofit Integrity Act of 2004.

Article 8
AMENDMENTS TO BYLAWS

Section 3.14. Amendments.

(a) Amendments by Majority of Board. New bylaws may be adopted, or these Bylaws may be amended or repealed, by an affirmative vote of a majority of the Board.

(b) High Vote Limitation. If any of these Bylaws requires a higher Board vote than is otherwise required by law, said Bylaw may not be altered, amended, or repealed except by such higher Board vote.

Section 3.15. Notice. A copy of the proposed amendment or new bylaws shall be included in the notice of meeting given to the directors at which the amendment(s) are to be considered.

CERTIFICATE

I hereby certify:

That I am the duly elected and acting Secretary of Menlo Charter Properties, a California nonprofit public benefit corporation; and

That the foregoing Amended Bylaws, consisting of fourteen (14) pages, including this one, constitute the Bylaws of said Corporation, as duly adopted by the Corporation's Board of Directors, in each case effective as of July 8, 2021.

IN WITNESS WHEREOF, I have hereunto set my hand this 8th day of July, 2021.

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

Please see enclosed Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, for some helpful information about your responsibilities as an exempt organization.

Letter 947 (DO/CG)

MENLO CHARTER PROPERTIES

We have sent a copy of this letter to your representative as indicated in your power of attorney.

Sincerely,

Director, Exempt Organizations

ARTICLES OF ORGANIZATION

MENLO 165TH PLACE LLC

ATTACHMENT CONTAINING ADDITIONAL INFORMATION

1. Per Cal. Code Regs., Title 18, §136

(a) This limited liability company ("LLC") is organized and operated exclusively for charitable purposes as specified in the Internal Revenue Code and California Revenue & Taxation Code ("R&T Code") §214.

(b) This LLC shall be operated exclusively to further the exempt purposes, as set forth in R&T Code §214, of its member or members.

(c) Each member of this LLC shall be a qualifying organization as specified in Cal. Code Regs., Title 18, §136(b)(1) or (b)(2).

(d) No membership interest of this LLC shall, directly or indirectly, be transferred to any non-qualified person or entity.

(e) This LLC irrevocably dedicates its property to charitable purposes, and no part of the property or net earnings of this LLC shall inure to the benefit of any private member or individual.

(f) Upon dissolution of this LLC, all assets remaining after payment of all LLC debts, liabilities and obligations shall be distributed to such of its members as are organizations organized and operated exclusively for exempt purposes as specified in R&T Code §214 and which have established their tax exempt status under Internal Revenue Code §501(c)(3) or under R&T Code §23701d, and, if no member is so organized and operated and has established such tax exempt status at the time of said dissolution, to an organization which is so organized and operated and which has established such tax exempt status.

(g) Any amendments to the Articles of Organization and to the Operating Agreement of this LLC shall be consistent with R&T Code §214.

(h) To the fullest extent permitted by law, for the purpose of qualifying for the Welfare Exemption under the rules of the California Board of Equalization, this LLC is prohibited from merging or converting into a for-profit entity.

(i) No distribution shall be made to any member who ceases to be an organization described in R&T Code §214.

2. Per Form 3500

This LLC is organized for the exclusive purpose of holding title to property, collecting income therefrom, and turning over the entire amount thereof, less expenses, to an organization that itself is exempt under section 501 of the Internal Revenue Code, as contemplated by section 23701h of the California Revenue and Tax Code.

This LLC is organized for nonprofit purposes, and no part of the net earnings of this LLC shall inure to the benefit of any private member or individual.

Notwithstanding any statement of purposes and powers set forth in this document, this LLC may not, except to an insubstantial degree, engage in any activities or exercise any powers that are not in furtherance of the exclusive purposes of this organization.

OPERATING AGREEMENT

OF

Menlo 165th Place LLC

a California limited liability company

THIS OPERATING AGREEMENT is made effective as of the 29th day of October, 2013, by Menlo Charter Properties, a California nonprofit public benefit corporation (the "Sole Member"), and is made with reference to the following:

A. The Sole Member desires to form a limited liability company under and pursuant to the Beverly-Killea Limited Liability Company Act set forth in California Corporations Code sections 17000-17655, as amended from time to time (the "Act").

B. Articles of Organization for Menlo 165th Place LLC (the "Company") were filed with the California Secretary of State on October __, 2013.

C. The Sole Member establishes this Operating Agreement in order to complete the organization of the Company and provide for the governance of the Company and the conduct of the Company's business.

NOW, THEREFORE, the Sole Member declares the following to be the Operating Agreement ("Agreement") of the Company:

ARTICLE I
ORGANIZATION

1.1 Formation. The Sole Member has caused the Articles of Organization to be filed with the California Secretary of State, and the formation of the Company shall be effective as of the date of said filing.

1.2 Name. The name of the Company shall be Menlo 165th Place LLC. The Company shall conduct its business and affairs under said name or such other name as the Sole Member may determine from time to time.

1.3 Agent for Service of Process. The name and address for the initial agent for service of process on the Company is Alison Suffet-Diaz, 16315 Grevillea Avenue, Lawndale, California 90260. The Sole Member may from time to time change the Company's agent for service of process.

1.4 Principal Place of Business. The principal office of the Company shall be located at 16315 Grevillea Avenue, Lawndale, California 90260 or at such other place as the Sole Member may determine from time to time.

1.5 Term. The term of the Company shall commence on the filing of the Articles of Organization with the California Secretary of State and shall continue until the Company is dissolved and wound-up and liquidated pursuant to this Agreement or by operation of law.

1.6 Purpose. The Company is organized and will operate:

(a) for the specific purpose of holding title to property, including real and personal property located at 812 W. 165th Place, Gardena, California 90247, (the "Property"), managing, operating, leasing and otherwise dealing with the Property and collecting the income therefrom and turning over the entire amount of said income, less expenses and expenditures, to the Sole Member, which is an organization exempt from federal income tax under Internal Revenue Code §501(c)(3) and from state corporate tax under California Revenue and Taxation Code §23701d.

(b) to engage in any lawful act or activity for which a limited liability company may be organized under the Act; and

(c) to do any and all things and to engage in any and all other activities and transactions necessary, convenient, appropriate or incidental to the accomplishment of the foregoing purposes or otherwise for the protection and benefit of the Company.

Notwithstanding the foregoing and any other provisions of this Agreement, the actions, activities and transactions of the Company will be limited to those permitted under California Revenue and Taxation Code §23701h.

1.7 Tax Status. It is the intention of the Sole Member that the Company be disregarded as an entity separate from the Sole Member solely for federal and all relevant state tax purposes. All provisions of the Articles of Organization and this Agreement are to be construed so as to preserve that tax status.

ARTICLE II
MEMBERSHIP

2.1 Admission. Simultaneously with the effectiveness of this Agreement, the Sole Member is admitted as the sole member of the Company. The address of the Sole Member is set forth on **Exhibit A**.

2.2 Membership Interest. The Sole Member shall own the sole membership interest in the Company, which includes all rights in the Company collectively, including the Sole Member's economic interest, any right to vote or participate in management and any right to information concerning the business and affairs of the Company.

2.3 Capital Contributions. The Sole Member may contribute cash or other property to the Company as Sole Member shall determine from time to time.

2.4 Limited Liability. The Sole Member shall not be bound by, or be personally liable for, the expenses, liabilities or obligations of the Company, except as otherwise provided in the Act.

Gmd 11/1/13

ARTICLE III
MANAGEMENT

3.1 Management.

3.1.1. The management of the business and assets of the Company shall be vested solely in the Sole Member, who shall have sole power and authority to manage, control and conduct the business and affairs of the Company and may exercise all powers of the Company.

3.1.2. The Sole Member may appoint a Chairperson, a Vice Chairperson, a President, Chief Executive Officer, one or more Vice Presidents, a Secretary, a Chief Financial Officer and such other officers as the Sole Member may deem necessary or advisable to manage the day-to-day business affairs of the Company ("Officers") and such Officers shall have the titles, powers and duties as shall be determined by the Sole Member.

3.1.3. Without limiting the foregoing **Paragraphs 3.1.1** and **3.1.2**, the Sole Member shall have the right, in its sole and absolute discretion to, or to cause the Company to, as applicable:

(a) take all actions necessary or convenient to the accomplishment of the Company's purposes set forth in **Paragraph 1.6**;

(b) enter into any loan, credit, guarantee or other similar financing arrangements, including the opening, maintaining and closing bank accounts, in order to receive or borrow funds to fulfill the Company's purposes and objectives;

(c) enter into agreements for the purchase, sale and renovation of real property which agreements may include such representations, warranties, covenants, indemnities and guarantees as Sole Member deems necessary or advisable;

(d) own, lease and dispose of real property;

(e) mortgage, pledge or otherwise encumber its property; and

(f) make and perform such other agreements, undertakings and transfers of property as Sole Member deems necessary or advisable.

3.2 Meetings. No annual, regular or special meetings of the Sole Member or Officers are required.

ARTICLE IV
ALLOCATIONS AND DISTRIBUTIONS

4.1 Allocations. All profits and losses, each item thereof, and all other items attributable to the membership interest shall be allocated to the Sole Member for tax, accounting and all other purposes.

final 11/1/13

4.2 Distributions. At such times as the Sole Member deems appropriate, the Sole Member shall cause the Company to distribute cash or other property held by the Company to the Sole Member. The Company shall turn over the entire amount of its income, less expenses, to the Sole Member.

ARTICLE V
COMPANY ADMINISTRATION

5.1 Books and Records.

5.1.1. The books and records of the Company shall be kept and maintained at the Company's principal office in California, shall reflect all of the Company transactions, and shall be appropriate and adequate for the Company's business.

5.1.2. Without limiting the requirements set forth in **Paragraph 5.1.1**, the Company shall maintain at its principal office in California all of the following:

(a) A current list of the full name and last known business or residence address of the Sole Member, together with the capital contribution and share in profits or losses of the Sole Member;

(b) A copy of the Articles of Organization, as amended;

(c) Copies of the Company's Federal, state and local income tax or information returns and reports, if any, for the six (6) most recent taxable years;

(d) Executed counterparts of this Agreement, as amended;

(e) Any powers of attorney under which the Articles of Organization or any amendments thereto are executed;

(f) Financial statements of the Company for the six (6) most recent fiscal years; and

(g) The books and records of the Company as they relate to the Company's internal affairs for the current and past four (4) fiscal years.

5.2 Accounting. Books and records of the Company shall be kept on the method of accounting selected by the Sole Member and applied on a consistent basis in the preparation of its financial reports and for tax purposes. The taxable and fiscal years of the Company shall end on June 30.

5.3 Banking. All funds of the Company shall be deposited in the name of the Company in one or more distinct separate accounts with one or more recognized financial institutions and at such locations, all as shall be determined by the Sole Member. Any withdrawal from such accounts shall require the signature of the Sole Member or such other person or persons authorized to do so by the Sole Member.

Rec'd 11/1/13

5.4 Assets. All assets of the Company, whether real or personal, shall be held in the name of the Company.

ARTICLE VI
TRANSFERS

6.1 Transfers. The Sole Member may assign, sell, gift, transfer or otherwise dispose of ("Transfer") all or any part of its membership interest at any time (the transferee hereinafter referred to as "Permitted Transferee"). A Permitted Transferee shall become a substituted member automatically upon such assignment.

6.2 Duties of Substituted Member. Any person admitted to the Company as a substituted member shall be subject to all of the provisions of this Agreement that apply to the Sole Member from whom the membership interest was assigned.

6.3 Division of Allocations and Distributions. If any membership interest, or part thereof, is assigned during any fiscal year in compliance with the provisions of this **Article VI**, profits, losses, each item thereof, and all other items attributable to such membership interest for such fiscal year shall be divided and allocated between the transferor and the transferee by taking into account their varying membership interests during the period in accordance with section 706(d) of the Internal Revenue Code of 1986, as amended, using any convention permitted by law selected by the Sole Member. All distributions on or before the date of such assignment shall be made to the transferor, and all distributions thereafter shall be made to the transferee. Solely for purposes of making such allocations and distributions, the Company shall recognize such assignment not later than the end of the calendar month during which the assignment occurs. Neither the Company nor the Sole Member shall incur any liability for making allocations and distributions in accordance with the provisions of this **Paragraph 6.3**.

ARTICLE VII
INDEMNIFICATION

To the extent of Company assets, the Company agrees to defend each Member, Manager, Officer, any entity controlling, or directly or indirectly related to, Company ("Affiliate"), (including, without limitation, any director, officer, employee, or agent of any Member, Manager, Officer or Affiliate acting on behalf of the Company) (collectively "Indemnitees") against all claims or demands and to indemnify and hold each of the foregoing harmless against all liabilities, losses, damages, expenses, costs or any other economic detriment suffered, paid, or incurred, foreseen or unforeseen, arising from any claim, demand, action, suit or proceeding, whether civil, criminal, administrative, or investigative, or whether threatened, pending or completed, which pertain to any Indemnitee, as described above, in such capacity, to the fullest extent permitted by applicable law in effect on the date hereof and to such greater extent as applicable law may hereafter from time to time permit. No Member shall be subject to personal liability or required to fund or cause to be funded any obligation of the Company described in the immediately preceding sentence.

final 11/1/13

ARTICLE VIII
DISSOLUTION

8.1 Events of Dissolution. The Company shall dissolve upon the earliest to occur of:

(a) the decision of the Sole Member;

(b) the entry of a decree of judicial dissolution under California Corporations Code section 17351.

8.2 Winding Up. Upon dissolution of the Company, the Company shall engage in no further business other than that necessary to wind up the business and affairs of the Company. The Sole Member shall wind up the affairs of the Company and give written notice of the commencement of winding up by mail to all known creditors and claimants against the Company whose addresses appear in the records of the Company. After paying or adequately providing for the payment of all known debts of the Company, including, without limitation, debts and liabilities to the Sole Member as a creditor of the Company, the remaining assets of the Company shall be distributed to the Sole Member.

ARTICLE IX
GENERAL

9.1 Amendment. This Agreement may be amended only in a writing signed by the Sole Member.

9.2 Binding Agreement. Subject to any restrictions on transfers set forth in this Agreement, this Agreement shall inure to the benefit of and be binding upon the Sole Member and her respective legal representatives, successors, and Permitted Transferees.

9.3 Headings. The Article and Paragraph headings are included solely for convenience of reference and in no way describe, define, limit, extend or interpret the scope, intent or extent of this Agreement, or any provision hereof. If there is any conflict between such headings and the text of this Agreement, the text shall control.

9.4 Number and Gender. Unless the context clearly indicates otherwise, the singular shall include the plural and vice versa. In all cases the masculine gender shall include the neuter and feminine genders and vice versa.

9.5 Severability. If any provision of this Agreement or the application thereof to any "person" (as defined in the Act) or circumstance shall be held invalid or unenforceable to any extent, the remainder of this Agreement, or the application of such provisions to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and the intent of this Agreement shall be enforced to the greatest extent permitted by law.

final 11/1/13

9.6 References to this Agreement. Numbered or lettered Articles and Paragraphs herein contained refer to Articles and Paragraphs of this Agreement unless otherwise expressly stated.

9.7 Parties in Interest. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall be deemed to confer any right or benefit on any person who is not a party to this Agreement.

9.8 Other Businesses. The Sole Member, any Affiliate, any officer, director, or employee of the Sole Member or of any Affiliate or and any other person holding a legal or beneficial interest in the Sole Member or Affiliate (collectively "Interested Parties") may engage in or conduct any business, investment, profession or other activity it chooses, whether or not the same is competitive with the Company, without any accountability to the Company and without having or incurring any obligation to offer any interest in such business, investment, profession or other activity to the Company. The Company shall have no right by virtue of this Agreement in and to any such business, investment, profession or other activity or to the income or profits arising therefrom, nor shall the Sole Member be required to permit the Company to participate in such business, investment, profession or activity. Except as expressly provided in this Agreement, the each Interested Party shall have no fiduciary obligation to the Company by virtue of this Agreement to submit to the Company any business opportunity, whether or not such opportunity arose from it activities with respect to the Company.

9.9 Entire Agreement. This Agreement constitutes the whole and entire agreement with respect to the subject matter of this Agreement.

9.10 Exhibits. All Exhibits referred to in this Agreement are incorporated by reference to this Agreement and made a part hereof.

9.11 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute one agreement binding on the parties hereto, notwithstanding that all of the parties are not signatories to the same counterpart.

Final 11/1/13

9.12 Governing Law. The laws of the State of California (without regard to otherwise governing principles of conflicts of law or choice of law) shall govern the validity of this Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereof.

IN WITNESS WHEREOF, the Sole Member has executed this Agreement effective the effective day and year set forth above.

ARTICLES OF ORGANIZATION

YUKON LLC

ATTACHMENT CONTAINING ADDITIONAL INFORMATION

1. Per Cal. Code Regs., Title 18, §136

(a) This limited liability company ("LLC") is organized and operated exclusively for charitable purposes as specified in the Internal Revenue Code and California Revenue & Taxation Code ("R&T Code") §214.

(b) This LLC shall be operated exclusively to further the exempt purposes, as set forth in R&T Code §214, of its member or members.

(c) Each member of this LLC shall be a qualifying organization as specified in Cal. Code Regs., Title 18, §136(b)(1) or (b)(2).

(d) No membership interest of this LLC shall, directly or indirectly, be transferred to any non-qualified person or entity.

(e) The property owned by this LLC is irrevocably dedicated to charitable purposes, and no part of the net income or assets of this LLC shall ever inure to the benefit of any private member or individual.

(f) Upon dissolution or winding up of this LLC, all assets remaining after payment, or provision for payment, of all debts and liabilities of this LLC shall be distributed to such of its members as are organizations organized and operated exclusively for exempt purposes as specified in R&T Code §214 and which have established their tax exempt status under Internal Revenue Code §501(c)(3) or under R&T Code §23701d, and, if no member is so organized and operated and has established such tax exempt status at the time of said dissolution, to an organization which is so organized and operated and which has established such tax exempt status.

(g) Any amendments to the Articles of Organization and to the Operating Agreement of this LLC shall be consistent with R&T Code §214.

(h) To the fullest extent permitted by law, for the purpose of qualifying for the Welfare Exemption under the rules of the California Board of Equalization, this LLC is prohibited from merging with, or converting into, a for-profit entity.

(i) No distribution shall be made to any member who ceases to be an organization described in R&T Code §214.

2. Per Form 3500

This LLC is organized for the exclusive purpose of holding title to property, collecting income therefrom, and turning over the entire amount thereof, less expenses, to an organization that itself is exempt under section 501 of the Internal Revenue Code, as contemplated by section 23701h of the California Revenue and Tax Code.

This LLC is organized for nonprofit purposes, and no part of the net earnings of this LLC shall inure to the benefit of any private member or individual.

Notwithstanding any statement of purposes and powers set forth in this document, this LLC may not, except to an insubstantial degree, engage in any activities or exercise any powers that are not in furtherance of the exclusive purposes of this organization.

I hereby certify that the foregoing transcript of 2 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

JUN 12 2014

Date:

DEBRA BOWEN, Secretary of State

OPERATING AGREEMENT

OF

YUKONLLC

a California limited liability company

THIS OPERATING AGREEMENT is made effective as of the 11th day of June 2014 by Menlo Charter Properties, a California nonprofit public benefit corporation (the "Sole Member"), and is made with reference to the following:

A. The Sole Member desires to form a limited liability company under and pursuant to the California Revised Uniform Limited Liability Company Act set forth in California Corporations Code sections 17000-17713.13, as amended from time to time (the "Act").

B. Articles of Organization for Yukon LLC (the "Company") were filed with the California Secretary of State on June 11, 2014.

C. The Sole Member establishes this Operating Agreement in order to complete the organization of the Company and provide for the governance of the Company and the conduct of the Company's business.

NOW, THEREFORE, the Sole Member declares the following to be the Operating Agreement ("Agreement") of the Company:

ARTICLE I
ORGANIZATION

1.1 Formation. The Sole Member has caused the Articles of Organization to be filed with the California Secretary of State, and the formation of the Company shall be effective as of the date of said filing.

1.2 Name. The name of the Company shall be Yukon LLC. The Company shall conduct its business and affairs under said name or such other name as the Sole Member may determine from time to time.

1.3 Agent for Service of Process. The name and address for the initial agent for service of process on the Company is Alison Suffet-Diaz, 16315 Grevillea Avenue, Lawndale, California 90260. The Sole Member may from time to time change the Company's agent for service of process.

1.4 Principal Place of Business. The principal office of the Company shall be located at 16315 Grevillea Avenue, Lawndale, Califonia 90260 or at such other place as the Sole Member may determine from time to time.

1.5 Term. The term of the Company shall commence on the filing of the Articles of Organization with the California Secretary of State and shall continue until the Company is dissolved and wound-up and liquidated pursuant to this Agreement or by operation of law.

1.6 Purpose. The Company is organized and will operate:

(a) for the specific purpose of holding title to property, including real and personal property located at 3600 West Imperial Highway, Inglewood, California, 90303 (the "Property"), managing, operating, leasing and otherwise dealing with the Property and collecting the income therefrom and turning over the entire amount of said income, less expenses and expenditures, to the Sole Member, which is an organization exempt from federal income tax under Internal Revenue Code §501(c)(3) and from state corporate tax under California Revenue and Taxation Code §23701d.

(b) to engage in any lawful act or activity for which a limited liability company may be organized under the Act; and

(c) to do any and all things and to engage in any and all other activities and transactions necessary, convenient, appropriate or incidental to the accomplishment of the foregoing purposes or otherwise for the protection and benefit of the Company.

Notwithstanding the foregoing and any other provisions of this Agreement, the actions, activities and transactions of the Company will be limited to those permitted under California Revenue and Taxation Code §23701h.

1.7 Tax Status. It is the intention of the Sole Member that the Company be disregarded as an entity separate from the Sole Member solely for federal and all relevant state tax purposes.

ARTICLE II
MEMBERSHIP

2.1 Admission. Simultaneously with the effectiveness of this Agreement, the Sole Member is admitted as the sole member of the Company. The address of the Sole Member is set forth on **Exhibit A**.

2.2 Membership Interest. The Sole Member shall own the sole membership interest in the Company, which includes all rights in the Company collectively, including the Sole Member's economic interest, any right to vote or participate in management and any right to information concerning the business and affairs of the Company.

2.3 Capital Contributions. The Sole Member may contribute cash or other property to the Company as Sole Member shall determine from time to time.

2.4 Limited Liability. The Sole Member shall not be bound by, or be personally liable for, the expenses, liabilities or obligations of the Company, except as otherwise provided in the Act.

ARTICLE III
MANAGEMENT

3.1 Management.

3.1.1. The management of the business and assets of the Company shall be vested solely in the Sole Member, who shall have sole power and authority to manage, control and conduct the business and affairs of the Company and may exercise all powers of the Company.

3.1.2. The Sole Member may appoint a Chairperson, a Vice Chairperson, a President, Chief Executive Officer, one or more Vice Presidents, a Secretary, a Chief Financial Officer and such other officers as the Sole Member may deem necessary or advisable to manage the day-to-day business affairs of the Company ("Officers") and such Officers shall have the titles, powers and duties as shall be determined by the Sole Member.

3.1.3. Without limiting the foregoing **Paragraphs 3.1.1** and **3.1.2**, the Sole Member shall have the right, in its sole and absolute discretion to, or to cause the Company to, as applicable:

(a) take all actions necessary or convenient to the accomplishment of the Company's purposes set forth in **Paragraph 1.6**;

(b) enter into any loan, credit, guarantee or other similar financing arrangements, including the opening, maintaining and closing bank accounts, in order to receive or borrow funds to fulfill the Company's purposes and objectives;

(c) enter into agreements for the purchase, sale and renovation of real property which agreements may include such representations, warranties, covenants, indemnities and guarantees as Sole Member deems necessary or advisable;

(d) own, lease and dispose of real property;

(e) mortgage, pledge or otherwise encumber its property; and

(f) make and perform such other agreements, undertakings and transfers of property as Sole Member deems necessary or advisable.

3.2 Meetings. No annual, regular or special meetings of the Sole Member or Officers are required.

ARTICLE IV
ALLOCATIONS AND DISTRIBUTIONS

4.1 Allocations. All profits and losses, each item thereof, and all other items attributable to the membership interest shall be allocated to the Sole Member for tax, accounting and all other purposes.

4.2 Distributions. At such times as the Sole Member deems appropriate, the Sole Member shall cause the Company to distribute cash or other property held by the Company to the Sole Member. The Company shall turn over the entire amount of its income, less expenses, to the Sole Member [at least annually].

ARTICLE V
COMPANY ADMINISTRATION

5.1 Books and Records.

5.1.1. The books and records of the Company shall be kept and maintained at the Company's principal office in California, shall reflect all of the Company transactions, and shall be appropriate and adequate for the Company's business.

5.1.2. Without limiting the requirements set forth in **Paragraph 5.1.1**, the Company shall maintain at its principal office in California all of the following:

(a) A current list of the full name and last known business or residence address of the Sole Member, together with the capital contribution and share in profits or losses of the Sole Member;

(b) A copy of the Articles of Organization, as amended;

(c) Copies of the Company's Federal, state and local income tax or information returns and reports, if any, for the six (6) most recent taxable years;

(d) Executed counterparts of this Agreement, as amended;

(e) Any powers of attorney under which the Articles of Organization or any amendments thereto are executed;

(f) Financial statements of the Company for the six (6) most recent fiscal years; and

(g) The books and records of the Company as they relate to the Company's internal affairs for the current and past four (4) fiscal years.

5.2 Accounting. Books and records of the Company shall be kept on the method of accounting selected by the Sole Member and applied on a consistent basis in the preparation of its financial reports and for tax purposes. The taxable and fiscal years of the Company shall end on June 30.

5.3 Banking. All funds of the Company shall be deposited in the name of the Company in one or more distinct separate accounts with one or more recognized financial institutions and at such locations, all as shall be determined by the Sole Member. Any withdrawal from such accounts shall require the signature of the Sole Member or such other person or persons authorized to do so by the Sole Member.

5.4 Assets. All assets of the Company, whether real or personal, shall be held in the name of the Company.

ARTICLE VI
TRANSFERS

6.1 Transfers. The Sole Member may assign, sell, gift, transfer or otherwise dispose of ("Transfer") all or any part of its membership interest at any time (the transferee hereinafter referred to as "Permitted Transferee"). A Permitted Transferee shall become a substituted member automatically upon such assignment.

6.2 Duties of Substituted Member. Any person admitted to the Company as a substituted member shall be subject to all of the provisions of this Agreement that apply to the Sole Member from whom the membership interest was assigned.

6.3 Division of Allocations and Distributions. If any membership interest, or part thereof, is assigned during any fiscal year in compliance with the provisions of this **Article VI**, profits, losses, each item thereof, and all other items attributable to such membership interest for such fiscal year shall be divided and allocated between the transferor and the transferee by taking into account their varying membership interests during the period in accordance with section 706(d) of the Internal Revenue Code of 1986, as amended, using any convention permitted by law selected by the Sole Member. All distributions on or before the date of such assignment shall be made to the transferor, and all distributions thereafter shall be made to the transferee. Solely for purposes of making such allocations and distributions, the Company shall recognize such assignment not later than the end of the calendar month during which the assignment occurs. Neither the Company nor the Sole Member shall incur any liability for making allocations and distributions in accordance with the provisions of this **Paragraph 6.3**.

ARTICLE VII
INDEMNIFICATION

To the extent of Company assets, the Company agrees to defend each Member, Manager, Officer, any entity controlling, or directly or indirectly related to, Company ("Affiliate"), (including, without limitation, any director, officer, employee, or agent of any Member, Manager, Officer or Affiliate acting on behalf of the Company) (collectively "Indemnitees") against all claims or demands and to indemnify and hold each of the foregoing harmless against all liabilities, losses, damages, expenses, costs or any other economic detriment suffered, paid, or incurred, foreseen or unforeseen, arising from any claim, demand, action, suit or proceeding, whether civil, criminal, administrative, or investigative, or whether threatened, pending or completed, which pertain to any Indemnitee, as described above, in such capacity, to the fullest

extent permitted by applicable law in effect on the date hereof and to such greater extent as applicable law may hereafter from time to time permit. No Member shall be subject to personal liability or required to fund or cause to be funded any obligation of the Company described in the immediately preceding sentence.

ARTICLE VIII
DISSOLUTION

8.1 Events of Dissolution. The Company shall dissolve upon the earliest to occur of:

(a) the decision of the Sole Member;

(b) the entry of a decree of judicial dissolution under California Corporations Code section 17707.03.

8.2 Winding Up. Upon dissolution of the Company, the Company shall engage in no further business other than that necessary to wind up the business and affairs of the Company. The Sole Member shall wind up the affairs of the Company and give written notice of the commencement of winding up by mail to all known creditors and claimants against the Company whose addresses appear in the records of the Company. After paying or adequately providing for the payment of all known debts of the Company, including, without limitation, debts and liabilities to the Sole Member as a creditor of the Company, the remaining assets of the Company shall be distributed to the Sole Member.

ARTICLE IX
GENERAL

9.1 Amendment. This Agreement may be amended only in a writing signed by the Sole Member.

9.2 Binding Agreement. Subject to any restrictions on transfers set forth in this Agreement, this Agreement shall inure to the benefit of and be binding upon the Sole Member and her respective legal representatives, successors, and Permitted Transferees.

9.3 Headings. The Article and Paragraph headings are included solely for convenience of reference and in no way describe, define, limit, extend or interpret the scope, intent or extent of this Agreement, or any provision hereof. If there is any conflict between such headings and the text of this Agreement, the text shall control.

9.4 Number and Gender. Unless the context clearly indicates otherwise, the singular shall include the plural and vice versa. In all cases the masculine gender shall include the neuter and feminine genders and vice versa.

9.5 Severability. If any provision of this Agreement or the application thereof to any "person" (as defined in the Act) or circumstance shall be held invalid or unenforceable to any extent, the remainder of this Agreement, or the application of such provisions to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected

thereby, and the intent of this Agreement shall be enforced to the greatest extent permitted by law.

9.6 References to this Agreement. Numbered or lettered Articles and Paragraphs herein contained refer to Articles and Paragraphs of this Agreement unless otherwise expressly stated.

9.7 Parties in Interest. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall be deemed to confer any right or benefit on any person who is not a party to this Agreement.

9.8 Other Businesses. The Sole Member, any Affiliate, any officer, director, or employee of the Sole Member or of any Affiliate or and any other person holding a legal or beneficial interest in the Sole Member or Affiliate (collectively "Interested Parties") may engage in or conduct any business, investment, profession or other activity it chooses, whether or not the same is competitive with the Company, without any accountability to the Company and without having or incurring any obligation to offer any interest in such business, investment, profession or other activity to the Company. The Company shall have no right by virtue of this Agreement in and to any such business, investment, profession or other activity or to the income or profits arising therefrom, nor shall the Sole Member be required to permit the Company to participate in such business, investment, profession or activity. Except as expressly provided in this Agreement, the each Interested Party shall have no fiduciary obligation to the Company by virtue of this Agreement to submit to the Company any business opportunity, whether or not such opportunity arose from it activities with respect to the Company.

9.9 Entire Agreement. This Agreement constitutes the whole and entire agreement with respect to the subject matter of this Agreement.

9.10 Exhibits. All Exhibits referred to in this Agreement are incorporated by reference to this Agreement and made a part hereof.

9.11 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute one agreement binding on the parties hereto, notwithstanding that all of the parties are not signatories to the same counterpart.

9.12 Governing Law. The laws of the State of California (without regard to otherwise governing principles of conflicts of law or choice of law) shall govern the validity of this Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereof.

IN WITNESS WHEREOF, the Sole Member has executed this Agreement effective the effective day and year set forth above.

Dated: June 11, 2014

ARTICLES OF ORGANIZATION

LAWNDALE PROPERTIES LLC

ATTACHMENT CONTAINING ADDITIONAL INFORMATION

1. Per Cal. Code Regs., Title 18, §136

(a) This limited liability company ("LLC") is organized and operated exclusively for charitable purposes as specified in the Internal Revenue Code and California Revenue & Taxation Code ("R&T Code") §214.

(b) This LLC shall be operated exclusively to further the exempt purposes, as set forth in R&T Code §214, of its member or members.

(c) Each member of this LLC shall be a qualifying organization as specified in Cal. Code Regs., Title 18, §136(b)(1) or (b)(2).

(d) No membership interest of this LLC shall, directly or indirectly, be transferred to any non-qualified person or entity.

(e) The property owned by this LLC is irrevocably dedicated to charitable purposes, and no part of the net income or assets of this LLC shall ever inure to the benefit of any private member or individual.

(f) Upon dissolution or winding up of this LLC, all assets remaining after payment, or provision for payment, of all debts and liabilities of this LLC shall be distributed to such of its members as are organizations organized and operated exclusively for exempt purposes as specified in R&T Code §214 and which have established their tax exempt status under Internal Revenue Code §501(c)(3) or under R&T Code §23701d, and, if no member is so organized and operated and has established such tax exempt status at the time of said dissolution, to an organization which is so organized and operated and which has established such tax exempt status.

(g) Any amendments to the Articles of Organization and to the Operating Agreement of this LLC shall be consistent with R&T Code §214.

(h) To the fullest extent permitted by law, for the purpose of qualifying for the Welfare Exemption under the rules of the California Board of Equalization, this LLC is prohibited from merging with, or converting into, a for-profit entity.

(i) No distribution shall be made to any member who ceases to be an organization described in R&T Code §214.

2. Per Form 3500

This LLC is organized for the exclusive purpose of holding title to property, collecting income therefrom, and turning over the entire amount thereof, less expenses, to an organization that itself is exempt under section 501 of the Internal Revenue Code, as contemplated by section 23701h of the California Revenue and Tax Code.

This LLC is organized for nonprofit purposes, and no part of the net earnings of this LLC shall inure to the benefit of any private member or individual.

Notwithstanding any statement of purposes and powers set forth in this document, this LLC may not, except to an insubstantial degree, engage in any activities or exercise any powers that are not in furtherance of the exclusive purposes of this organization.

ALEX PADILLA, Secretary of State

OPERATING AGREEMENT

OF

LAWNDALE PROPERTIES LLC

a California limited liability company

THIS OPERATING AGREEMENT is made effective as of the 27th day of March, 2015, by Menlo Charter Properties, a California nonprofit public benefit corporation (the "Sole Member"), and is made with reference to the following:

A. The Sole Member desires to form a limited liability company under and pursuant to the California Revised Uniform Limited Liability Company Act set forth in California Corporations Code sections 17000-17713.13, as amended from time to time (the "Act").

B. Articles of Organization for Lawndale Properties LLC (the "Company") were filed with the California Secretary of State on March 27, 2015.

C. The Sole Member establishes this Operating Agreement in order to complete the organization of the Company and provide for the governance of the Company and the conduct of the Company's business.

NOW, THEREFORE, the Sole Member declares the following to be the Operating Agreement ("Agreement") of the Company:

ARTICLE I
ORGANIZATION

1.1 Formation. The Sole Member has caused the Articles of Organization to be filed with the California Secretary of State, and the formation of the Company shall be effective as of the date of said filing.

1.2 Name. The name of the Company shall be Lawndale Properties LLC . The Company shall conduct its business and affairs under said name or such other name as the Sole Member may determine from time to time.

1.3 Agent for Service of Process. The name and address for the initial agent for service of process on the Company is Alison Suffet-Diaz, 812 West 165th Place, Gardena, California 90247. The Sole Member may from time to time change the Company's agent for service of process.

1.4 Principal Place of Business. The principal office of the Company shall be located at 812 West 165th Place, Gardena, California 90247 or at such other place as the Sole Member may determine from time to time.

1.5 Term. The term of the Company shall commence on the filing of the Articles of Organization with the California Secretary of State and shall continue until the Company is dissolved and wound-up and liquidated pursuant to this Agreement or by operation of law.

1.6 Purpose. The Company is organized and will operate:

(a) for the specific purpose of holding title to property, including personal property located at 16315 Grevillea Ave, Lawndale, California 90260 (the "Property"), managing, operating, leasing and otherwise dealing with the Property and collecting the income therefrom and turning over the entire amount of said income, less expenses and expenditures, to the Sole Member, which is an organization exempt from federal income tax under Internal Revenue Code §501(c)(3) and from state corporate tax under California Revenue and Taxation Code §23701d.

(b) to engage in any lawful act or activity for which a limited liability company may be organized under the Act; and

(c) to do any and all things and to engage in any and all other activities and transactions necessary, convenient, appropriate or incidental to the accomplishment of the foregoing purposes or otherwise for the protection and benefit of the Company.

Notwithstanding the foregoing and any other provisions of this Agreement, the actions, activities and transactions of the Company will be limited to those permitted under California Revenue and Taxation Code §23701h.

1.7 Tax Status. It is the intention of the Sole Member that the Company be disregarded as an entity separate from the Sole Member solely for federal and all relevant state tax purposes. All provisions of the Articles of Organization and this Agreement are to be construed so as to preserve that tax status.

ARTICLE II
MEMBERSHIP

2.1 Admission. Simultaneously with the effectiveness of this Agreement, the Sole Member is admitted as the sole member of the Company. The address of the Sole Member is set forth on Exhibit A.

2.2 Membership Interest. The Sole Member shall own the sole membership interest in the Company, which includes all rights in the Company collectively, including the Sole Member's transferable interest, any right to vote or participate in management and any right to information concerning the business and affairs of the Company.

2.3 Capital Contributions. The Sole Member may contribute cash or other property to the Company as Sole Member shall determine from time to time.

2.4 Limited Liability. The Sole Member shall not be bound by, or be personally liable for, the expenses, liabilities or obligations of the Company, except as otherwise provided in the Act.

ARTICLE III
MANAGEMENT

3.1 Management.

3.1.1. The management of the business and assets of the Company shall be vested solely in the Sole Member, who shall have sole power and authority to manage, control and conduct the business and affairs of the Company and may exercise all powers of the Company.

3.1.2. The Sole Member may appoint a Chairperson, a Vice Chairperson, a President, Chief Executive Officer, one or more Vice Presidents, a Secretary, a Chief Financial Officer and such other officers as the Sole Member may deem necessary or advisable to manage the day-to-day business affairs of the Company ("Officers") and such Officers shall have the titles, powers and duties as shall be determined by the Sole Member.

3.1.3. Without limiting the foregoing **Paragraphs 3.1.1** and **3.1.2**, the Sole Member shall have the right, in its sole and absolute discretion to, or to cause the Company to, as applicable:

(a) take all actions necessary or convenient to the accomplishment of the Company's purposes set forth in **Paragraph 1.6**;

(b) enter into any loan, credit, guarantee or other similar financing arrangements, including the opening, maintaining and closing bank accounts, in order to receive or borrow funds to fulfill the Company's purposes and objectives;

(c) enter into agreements for the purchase, sale and renovation of real property which agreements may include such representations, warranties, covenants, indemnities and guarantees as Sole Member deems necessary or advisable;

(d) own, lease and dispose of real property;

(e) mortgage, pledge or otherwise encumber its property; and

(f) make and perform such other agreements, undertakings and transfers of property as Sole Member deems necessary or advisable.

3.2 Meetings. No annual, regular or special meetings of the Sole Member or Officers are required.

ARTICLE IV
ALLOCATIONS AND DISTRIBUTIONS

4.1 Allocations. All profits and losses, each item thereof, and all other items attributable to the membership interest shall be allocated to the Sole Member for tax, accounting and all other purposes.

4.2 Distributions. At such times as the Sole Member deems appropriate, the Sole Member shall cause the Company to distribute cash or other property held by the Company to the Sole Member. The Company shall turn over the entire amount of its income, less expenses, to the Sole Member [at least annually].

ARTICLE V
COMPANY ADMINISTRATION

5.1 Books and Records.

5.1.1. The books and records of the Company shall be kept and maintained at the Company's principal office in California, shall reflect all of the Company transactions, and shall be appropriate and adequate for the Company's business.

5.1.2. Without limiting the requirements set forth in **Paragraph 5.1.1**, the Company shall maintain at its principal office in California all of the following:

(a) A current list of the full name and last known business or residence address of the Sole Member, together with the capital contribution and share in profits or losses of the Sole Member;

(b) A copy of the Articles of Organization, as amended;

(c) Copies of the Company's Federal, state and local income tax or information returns and reports, if any, for the six (6) most recent taxable years;

(d) Executed counterparts of this Agreement, as amended;

(e) Any powers of attorney under which the Articles of Organization or any amendments thereto are executed;

(f) Financial statements of the Company for the six (6) most recent fiscal years; and

(g) The books and records of the Company as they relate to the Company's internal affairs for the current and past four (4) fiscal years.

5.2 Accounting. Books and records of the Company shall be kept on the method of accounting selected by the Sole Member and applied on a consistent basis in the preparation of its financial reports and for tax purposes. The taxable and fiscal years

of the Company shall end on June 30.

5.3 Banking. All funds of the Company shall be deposited in the name of the Company in one or more distinct separate accounts with one or more recognized financial institutions and at such locations, all as shall be determined by the Sole Member. Any withdrawal from such accounts shall require the signature of the Sole Member or such other person or persons authorized to do so by the Sole Member.

5.4 Assets. All assets of the Company, whether real or personal, shall be held in the name of the Company.

ARTICLE VI
TRANSFERS

6.1 Transfers. The Sole Member may assign, sell, gift, transfer or otherwise dispose of ("Transfer") all or any part of its membership interest, including only all or any part of its transferable interest, at any time (the transferee hereinafter referred to as "Permitted Transferee"). A Permitted Transferee of membership in the Company shall become a substituted member automatically upon such assignment.

6.2 Duties of Substituted Member. Any person admitted to the Company as a substituted member shall be subject to all of the provisions of this Agreement that apply to the Sole Member from whom the membership interest was assigned.

6.3 Division of Allocations and Distributions. If any membership interest, or part thereof, is assigned during any fiscal year in compliance with the provisions of this Article VI, profits, losses, each item thereof, and all other items attributable to such membership interest for such fiscal year shall be divided and allocated between the transferor and the transferee by taking into account their varying membership interests during the period in accordance with section 706(d) of the Internal Revenue Code of 1986, as amended, using any convention permitted by law selected by the Sole Member. All distributions on or before the date of such assignment shall be made to or for the account of the transferor, and all distributions thereafter shall be made to or for the account of the transferee. Solely for purposes of making such allocations and distributions, the Company shall recognize such assignment not later than the end of the calendar month during which the assignment occurs. Neither the Company nor the Sole Member shall incur any liability for making allocations and distributions in accordance with the provisions of this Paragraph 6.3.

6.4 Rights of Transferee of Transferable Interest. A transferee of a transferable interest has the right to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled; provided, however, that the pledge or granting of a security interest, lien, or other encumbrance in or against any or all of the transferable interest of a transferor shall not cause the transferor to cease to be a member or grant to the transferee or to anyone else the power to exercise any rights or powers of a member, including, without limitation, the right to receive distributions to which the member is entitled.

ARTICLE VII
INDEMNIFICATION

To the extent of Company assets, the Company agrees to defend each Member, Manager, Officer, any entity controlling, or directly or indirectly related to, Company ("Affiliate"), (including, without limitation, any director, officer, employee, or agent of any Member, Manager, Officer or Affiliate acting on behalf of the Company) (collectively "Indemnitees") against all claims or demands and to indemnify and hold each of the foregoing harmless against all liabilities, losses, damages, expenses, costs or any other economic detriment suffered, paid, or incurred, foreseen or unforeseen, arising from any claim, demand, action, suit or proceeding, whether civil, criminal, administrative, or investigative, or whether threatened, pending or completed, which pertain to any Indemnitee, as described above, in such capacity, to the fullest extent permitted by applicable law in effect on the date hereof and to such greater extent as applicable law may hereafter from time to time permit. No Member shall be subject to personal liability or required to fund or cause to be funded any obligation of the Company described in the immediately preceding sentence.

ARTICLE VIII
DISSOLUTION

8.1 Events of Dissolution. The Company shall dissolve upon the earliest to occur of:

(a) the decision of the Sole Member;

(b) the entry of a decree of judicial dissolution under California Corporations Code section 17707.03.

8.2 Winding Up. Upon dissolution of the Company, the Company shall engage in no further business other than that necessary to wind up the business and affairs of the Company. The Sole Member shall wind up the affairs of the Company and give written notice of the commencement of winding up by mail to all known creditors and claimants against the Company whose addresses appear in the records of the Company. After paying or adequately providing for the payment of all known debts of the Company, including, without limitation, debts and liabilities to the Sole Member as a creditor of the Company, the remaining assets of the Company shall be distributed to the Sole Member.

ARTICLE IX
GENERAL

9.1 Amendment. This Agreement may be amended only in a writing signed by the Sole Member.

9.2 Binding Agreement. Subject to any restrictions on transfers set forth in this Agreement, this Agreement shall inure to the benefit of and be binding upon the Sole Member and her respective legal representatives, successors, and Permitted Transferees.

9.3 Headings. The Article and Paragraph headings are included solely for convenience of reference and in no way describe, define, limit, extend or interpret the scope, intent or extent of this Agreement, or any provision hereof. If there is any conflict between such headings and the text of this Agreement, the text shall control.

9.4 Number and Gender. Unless the context clearly indicates otherwise, the singular shall include the plural and vice versa. In all cases the masculine gender shall include the neuter and feminine genders and vice versa.

9.5 Severability. If any provision of this Agreement or the application thereof to any "person" (as defined in the Act) or circumstance shall be held invalid or unenforceable to any extent, the remainder of this Agreement, or the application of such provisions to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and the intent of this Agreement shall be enforced to the greatest extent permitted by law.

9.6 References to this Agreement. Numbered or lettered Articles and Paragraphs herein contained refer to Articles and Paragraphs of this Agreement unless otherwise expressly stated.

9.7 Parties in Interest. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall be deemed to confer any right or benefit on any person who is not a party to this Agreement.

9.8 Other Businesses. The Sole Member, any Affiliate, any officer, director, or employee of the Sole Member or of any Affiliate or and any other person holding a legal or beneficial interest in the Sole Member or Affiliate (collectively "Interested Parties") may engage in or conduct any business, investment, profession or other activity it chooses, whether or not the same is competitive with the Company, without any accountability to the Company and without having or incurring any obligation to offer any interest in such business, investment, profession or other activity to the Company. The Company shall have no right by virtue of this Agreement in and to any such business, investment, profession or other activity or to the income or profits arising therefrom, nor shall the Sole Member be required to permit the Company to participate in such business, investment, profession or activity. Except as expressly provided in this Agreement, the each Interested Party shall have no fiduciary obligation to the Company by virtue of this Agreement to submit to the Company any business opportunity, whether or not such opportunity arose from it activities with respect to the Company.

9.9 Entire Agreement. This Agreement constitutes the whole and entire agreement with respect to the subject matter of this Agreement.

9.10 Exhibits. All Exhibits referred to in this Agreement are incorporated by reference to this Agreement and made a part hereof.

9.11 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute one agreement binding on the parties hereto, notwithstanding that all of the parties are not signatories to the same counterpart.

9.12 Governing Law. The laws of the State of California (without regard to otherwise governing principles of conflicts of law or choice of law) shall govern the validity of this Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereof.

IN WITNESS WHEREOF, the Sole Member has executed this Agreement effective the effective day and year set forth above.

MAY 17 2021

SHIRLEY N. WEBER, Ph.D., Secretary of State

OPERATING AGREEMENT

OF

MBB & GARDENA LLC

a California limited liability company

THIS OPERATING AGREEMENT is made effective as of April 30, 2021, by Menlo Charter Properties, a California nonprofit public benefit corporation (the "Initial Member"), and is made with reference to the following:

A. The Initial Member formed MBB & Gardena LLC (the "Company") as a limited liability company under and pursuant to the California Revised Uniform Limited Liability Company Act set forth in sections 17701.01 *et seq.* of the California Corporations Code, as amended from time to time (the "Act") by filing Articles of Organization (the "Articles") for the Company with the California Secretary of State on April 30, 2021.

B. The Initial Member adopts this Operating Agreement in order to complete the organization of the Company and provide for the governance of the Company and the conduct of the Company's business.

NOW, THEREFORE, the Initial Member declares the following to be the Operating Agreement ("Agreement") of the Company:

ARTICLE 1
ORGANIZATION

1.1 Formation. The Initial Member has caused the Articles to be filed with the California Secretary of State, and the formation of the Company shall be effective as of the date of said filing.

1.2 Name. The name of the Company shall be "MBB & Gardena LLC." The Company shall conduct its business and affairs under said name or such other name as the Sole Member (as defined below) may determine from time to time.

1.3 Agent for Service of Process. The name and address for the initial agent for service of process on the Company is Tracy Bondi, 2625 Manhattan Beach Boulevard., Suite 100, Redondo Beach, California 90278. The Manager may from time to time change the Company's agent for service of process.

1.4 Principal Place of Business. The principal office of the Company shall be located at 2625 Manhattan Beach Blvd., Suite 100, Redondo Beach, California 90278 or at such other place as the Manager may determine from time to time.

1.5 Term. The term of the Company shall commence on the filing of the Articles of Organization with the California Secretary of State and shall continue until the Company is dissolved and wound-up and liquidated pursuant to this Agreement or by operation of law.

1.6 Purpose. The Company is organized and will operate:

(a) exclusively to support the charter schools operated by Environmental Charter Schools, a California nonprofit public benefit corporation (the "Supported Corporation");

(b) for the specific purpose of holding title to property, including real and personal property located at 2818 Manhattan Beach Blvd, Gardena, CA 90249, (collectively, the "Property"), managing, operating, leasing and otherwise dealing with the Property and collecting the income therefrom and turning over the entire amount of said income, less expenses, to the Sole Member, which is an organization exempt from federal income tax under Internal Revenue Code § 501(c)(3) and from state corporate tax under California Revenue and Taxation Code § 23701d; and

(c) to do any and all things and to engage in any and all other activities and transactions necessary, convenient, appropriate or incidental to the accomplishment of the foregoing purposes or otherwise for the protection and benefit of the Company.

Notwithstanding the foregoing and any other provisions of this Agreement, the actions, activities and transactions of the Company will be limited to those permitted under California Revenue and Taxation Code § 23701h.

1.7 Tax Status. It is the intention of the Sole Member that the Company be disregarded as an entity separate from the Sole Member solely for federal and all relevant state tax purposes. All provisions of the Articles of Organization and this Agreement are to be construed so as to preserve that tax status.

ARTICLE 2
MEMBERSHIP

2.1 Sole Member. The Company shall have a single member (the "Sole Member"). As of the date of this Agreement, the Initial Member is the Sole Member of the Company. The name and address of the Sole Member is listed on Exhibit A attached hereto.

2.2 Membership Interest. The Sole Member shall own the sole membership interest in the Company, which includes all rights in the Company collectively, including the Sole Member's transferable interest, any right to vote or participate in management and any right to information concerning the business and affairs of the Company.

2.3 Capital Contributions. The Sole Member may contribute cash or other property to the Company as the Sole Member shall determine from time to time.

2.4 Limited Liability. The Sole Member shall not be bound by, or be personally liable for, the expenses, liabilities or obligations of the Company, except as otherwise provided in the Act.

ARTICLE 3
MANAGEMENT

3.1 Management.

3.1.1. The management of the business and assets of the Company shall be vested solely in a single manager (the "Manager") appointed by the Sole Member. The Sole Member shall have the power to remove and replace the Manager from time to time, with or without cause. The Manager shall have the full and sole power and authority to manage, control and conduct the business and affairs of the Company and may exercise all powers of the Company without the need for further approval by the Sole Member or any additional or successor members of the Company. The Sole Member hereby appoints Environmental Charter Schools as the initial Manager of the Company.

3.1.2. The Manager may appoint a President, a Chief Executive Officer, one or more Vice Presidents, a Secretary, a Chief Financial Officer, one or more Administrators, and such other officers as the Manager may deem necessary or advisable to manage the day-to-day business affairs of the Company (each, an "Officer"), and such Officers shall have the titles, powers and duties as shall be determined by the Manager. The Manager may appoint other persons as authorized signatories to execute agreements, certificates and other documents on behalf of the Company.

3.1.3. Without limiting the foregoing Paragraphs 3.1.1 and 3.1.2, the Manager shall have the right, in its sole and absolute discretion, without the consent of the Sole Member, to, or to cause the Company to, as applicable:

(a) take all actions necessary or convenient to the accomplishment of the Company's purposes set forth in Paragraph 1.6;

(b) enter into any loan, credit, guarantee or other similar financing arrangements, including the opening, maintaining and closing of bank accounts, in order to receive or borrow funds to fulfill the Company's purposes and objectives;

(c) enter into agreements for the purchase, improvement, renovation. lease, or sale of real property, which agreements may include such representations, warranties, covenants, indemnities and guarantees as the Manager deems necessary or advisable;

(d) own, sell, lease, exchange, or otherwise dispose of all, or substantially all, of the Company's property, with or without the goodwill, in or outside the ordinary course of the Company's activities;

(e) mortgage, pledge or otherwise encumber the Company's property;

(f) make and perform such other agreements, undertakings and transfers of property as the Manager deems necessary or advisable; and

(g) except as otherwise provided in Article 10 of the Act, take any other act within or outside the ordinary course of the Company's activities.

3.2 Meetings. No annual, regular or special meetings of the Sole Member, the Manager, or Officers are required.

ARTICLE 4
ALLOCATIONS AND DISTRIBUTIONS

4.1 Allocations. All profits and losses, each item thereof, and all other items attributable to the membership interest shall be allocated to the Sole Member for tax, accounting and all other purposes.

4.2 Distributions. At such times as the Manager deems appropriate, the Manager shall cause the Company to distribute cash or other property held by the Company to the Sole Member. Notwithstanding the previous sentence, if for any reason the Company should generate any taxable income resulting in tax liability for the Sole Member, the Manager shall cause the Company to make timely cash distributions to the Sole Member in such amounts as are sufficient to enable the Sole Member to make tax payments as they fall due, and shall promptly indemnify and hold the Sole Member harmless from and against any penalties and interest accruing by reason of failure to make timely cash distributions. The Company shall turn over the entire amount of its income, less expenses, to the Sole Member periodically.

ARTICLE 5
COMPANY ADMINISTRATION

5.1 Books and Records.

5.1.1. The books and records of the Company shall be kept and maintained at the Company's principal office in California, shall reflect all of the Company transactions, and shall be appropriate and adequate for the Company's business.

5.1.2. Without limiting the requirements set forth in Paragraph 5.1.1, the Company shall maintain at its principal office in California all of the following:

(a) A current list of the full name and last known business or residence address of the Sole Member, together with the capital contribution and share in profits or losses of the Sole Member;

(b) A copy of the Articles of Organization, as amended from time to time;

(c) Copies of the Company's Federal, state and local income tax or information returns and reports, if any, for the six (6) most recent taxable years;

(d) Executed counterparts of this Agreement, as amended;

(e) Any powers of attorney under which the Articles of Organization or any amendments thereto are executed;

(f) Financial statements of the Company for the six (6) most recent fiscal years; and

(g) The books and records of the Company as they relate to the Company's internal affairs for the current and past four (4) fiscal years.

5.2 Accounting. Books and records of the Company shall be kept on the method of accounting selected by the Manager and applied on a consistent basis in the preparation of its financial reports and for tax purposes. The taxable and fiscal years of the Company shall coincide with the taxable and fiscal years of the Sole Member.

5.3 Banking. All funds of the Company shall be deposited in the name of the Company in one or more distinct separate accounts with one or more recognized financial institutions and at such locations, all as shall be determined by the Manager. Any withdrawal from such accounts shall require the signature of the Manager or such other person or persons authorized to do so by the Manager.

5.4 Assets. All assets of the Company, whether real or personal, shall be held in the name of the Company.

ARTICLE 6
TRANSFERS

6.1 Transfers. Subject to the terms and provisions of the Articles, the Sole Member may assign, sell, gift, transfer or otherwise dispose of ("Transfer") all or any part of its membership interest in the Company, including only all or any part of its transferable interest in the Company, at any time (the transferee hereinafter referred to as "Transferee"). An assignee of the Sole Member's entire membership interest in the Company shall become a substituted member automatically upon such assignment, provided that, if a Transfer of such membership interest in the Company is made for purposes of security, the Transferee of such Transfer shall not become the equitable owner of the membership interest until such time as the Transferee has acquired equitable ownership of such membership interest through a foreclosure sale or otherwise.

6.2 Duties of Substituted Member. Any person admitted to the Company as a substituted member shall be subject to all of the provisions of this Agreement that apply to the Sole Member from whom the membership interest was assigned.

6.3 Division of Allocations and Distributions. If any membership interest, or part thereof, is assigned during any fiscal year in compliance with the provisions of this Article VI, profits, losses, each item thereof and all other items attributable to such membership interest for such fiscal year shall be divided and allocated between the transferor and the transferee by taking

into account their varying membership interests during the period in accordance with section 706(d) of the Internal Revenue Code of 1986, as amended, using any convention permitted by law selected by the Manager. All distributions on or before the date of such assignment shall be made to or for the account of the transferor, and all distributions thereafter shall be made to or for the account of the transferee. Solely for purposes of making such allocations and distributions, the Company shall recognize such assignment not later than the end of the calendar month during which the assignment occurs. None of the Company, the Sole Member, or the Manager shall incur any liability for making allocations and distributions in accordance with the provisions of this Paragraph 6.3.

6.4 Rights of Transferee of Transferable Interest. A Transferee of a transferable interest has the right to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled.

6.5 Rights of Secured Parties. Notwithstanding anything to the contrary in Section 17705.02(b) of the Act, but subject to the terms and provisions of the Articles, (a) the Sole Member may pledge or grant a security interest in, or assign for purposes of security, all or any part of the Sole Member's membership interest in the Company, including the Sole Member's right to vote on matters requiring the vote of the Sole Member, the Sole Member's right to information concerning the business and affairs of the Company, the Sole Member's power to appoint, remove and replace the Manager, and the Sole Member's right to receive distributions to which the Sole Member is entitled, and (b) subject to the terms and conditions of the agreement(s) between the Sole Member and the secured party and compliance with applicable provisions of the Uniform Commercial Code, upon default the secured party may exercise any of such rights, powers, and authority as may have been granted to the secured party, and the secured party may receive distributions to which the Sole Member is entitled.

6.6 Membership Certificates. So long as any pledge of any membership interest in the Company is in effect, the Company shall not (a) issue any certificates evidencing membership interests without delivering such certificates to the pledgee substantially concurrently with such issuance or (b) elect that its membership interests become governed by Article 8 of the Uniform Commercial Code as in effect in any relevant jurisdiction without the consent of all pledgees of such membership interests. The Sole Member acknowledges and agrees that no certificate issued by the Company on account of any membership interests constitutes a "security certificate" under Article 8 of the Uniform Commercial Code as in effect in any relevant jurisdiction, and that no transfer of any membership interests in the Company may be effected by the transfer of any such certificate.

6.7 Third Party Beneficiaries; Amendments. The provisions of this Article VI shall inure to the benefit of any pledgee of a membership interest or other interest in the Company and the pledgee's successors and assigns, as an intended third-party beneficiary, and no amendment, modification or waiver of this Article VI shall be effective without the prior written consent of any such pledgee. Notwithstanding anything to the contrary in this Agreement, this Agreement may not be amended or modified by a substituted member that is not the equitable owner of the membership interest.

ARTICLE 7
INDEMNIFICATION

To the extent of Company assets, the Company agrees to defend each member, manager, officer, and authorized signatory of, and each entity controlling, or directly or indirectly related to, the Company (each, an "Affiliate"), including, without limitation, any director, officer, employee, or agent of any member, manager, officer or Affiliate acting on behalf of the Company (each, an "Indemnitee" and, collectively, the "Indemnitees"), against all claims or demands arising from the acts or omissions of the Company and agrees to indemnify and hold each of the foregoing harmless against all liabilities, losses, damages, expenses, costs or any other economic detriment suffered, paid, or incurred, foreseen or unforeseen, arising from any claim, demand, action, suit or proceeding, whether civil, criminal, administrative, or investigative, or whether threatened, pending or completed, which pertain to any Indemnitee, as described above, in such capacity, arising from the acts or omissions of the Company, to the fullest extent permitted by applicable law in effect on the date hereof and to such greater extent as applicable law may hereafter from time to time permit. No member shall be subject to personal liability or be required to fund or cause to be funded any obligation of the Company described in this Article VII.

ARTICLE 8
DISSOLUTION

8.1 Events of Dissolution. The Company shall dissolve upon the earliest to occur of:

(a) the decision of the Sole Member;

(b) the entry of a decree of judicial dissolution under section 17707.03 of the California Corporations Code.

8.2 Winding Up. Upon dissolution of the Company, the Company shall engage in no further business other than that necessary to wind up the business and affairs of the Company. The Manager shall wind up the affairs of the Company and give written notice of the commencement of winding up by mail to all known creditors and claimants against the Company whose addresses appear in the records of the Company. After paying or adequately providing for the payment of all known debts of the Company, including, without limitation, debts and liabilities to the Sole Member as a creditor of the Company, the remaining assets of the Company shall be distributed to the Sole Member.

ARTICLE 9
GENERAL

9.1 Amendment. This Agreement may be amended only in a writing signed by the Sole Member.

9.2 Binding Agreement. Subject to any restrictions on transfers set forth in this Agreement, this Agreement shall inure to the benefit of and be binding upon the Sole Member and its respective legal representatives, successors, and Transferees.

9.3 Headings. The article and paragraph headings are included in this Agreement solely for convenience of reference and in no way describe, define, limit, extend or interpret the scope, intent or extent of this Agreement, or any provision hereof. If there is any conflict between such headings and the text of this Agreement, the text shall control.

9.4 Number and Gender. Unless the context clearly indicates otherwise, the singular shall include the plural and vice versa. In all cases the masculine gender shall include the neuter and feminine genders and vice versa.

9.5 Severability. If any provision of this Agreement or the application thereof to any "person" (as defined in the Act) or circumstance shall be held invalid or unenforceable to any extent, the remainder of this Agreement, or the application of such provisions to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and the intent of this Agreement shall be enforced to the greatest extent permitted by law.

9.6 References to this Agreement. Numbered or lettered articles and paragraphs herein contained refer to articles and paragraphs of this Agreement unless otherwise expressly stated.

9.7 Parties in Interest. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall be deemed to confer any right or benefit on any person who is not a party to this Agreement.

9.8 Other Businesses. The Sole Member, any Affiliate, any officer, director, or employee of the Sole Member or of any Affiliate or and any other person holding a legal or beneficial interest in the Sole Member or Affiliate (collectively, the "Interested Parties") may engage in or conduct any business, investment, profession or other activity it chooses, whether or not the same is competitive with the Company, without any accountability to the Company and without having or incurring any obligation to offer any interest in such business, investment, profession or other activity to the Company. The Company shall have no right by virtue of this Agreement in and to any such business, investment, profession or other activity or to the income or profits arising therefrom, nor shall the Sole Member be required to permit the Company to participate in such business, investment, profession or activity. Except as expressly provided in this Agreement, each Interested Party shall have no fiduciary obligation to the Company by virtue of this Agreement to submit to the Company any business opportunity, whether or not such opportunity arose from its activities with respect to the Company.

9.9 Entire Agreement. This Agreement constitutes the entire agreement with respect to the subject matter of this Agreement.

9.10 Schedules and Exhibits. Any schedules or exhibits referred to in this Agreement are incorporated by reference into this Agreement and made a part hereof.

9.11 Execution. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute one agreement binding on the parties hereto, notwithstanding that all of the parties are not signatories to the same counterpart. The

delivery by electronic transmission of a counterpart signature page of this Agreement executed by a party hereto shall be deemed as valid as the delivery by such party of an originally signed counterpart of this Agreement.

9.12 Governing Law. The laws of the State of California (without regard to otherwise governing principles of conflicts of law or choice of law) shall govern the validity of this Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereof.

IN WITNESS WHEREOF, the Initial Manager has executed this Operating Agreement effective the day and year first set forth above.

Section 15: Police on Campus
Section 16: Immigration or ICE Presence
Section 17: Student Protest
Section 18: Death of a Student or Staff Member
Section 19: Fires or other Environmental Hazards
MISC. COMMUNICATIONS

Section 1: Introduction

Environmental Charter Schools (ECS) is responsible for the well-being of the students and staff at our schools and in our office spaces. ECS best serves our families when we are prepared to provide information, as well as support needed, to fully address an emergency.

Our ECS Network Safety Plan contains protocols, procedures, and communication templates to meet the ongoing needs of emergency situations. For the purpose of this document, an *emergency* is defined as a situation that adversely affects one or more ECS employees, students, or community members AND indirectly impacts many more by destabilizing the school/work environment. An *emergency* is a situation that cannot and should not be addressed by a school leader or manager acting in isolation; the involvement of multiple ECS leaders is necessary to support recovery and mitigate damage from the emergency .

This plan tells staff what to do in the immediate moment of an emergency or serious situation, and how to address the aftermath of that incident. The communication templates and protocol are resources that are also embedded in this plan.

All directors, school leaders, mental health providers, security, and school-based operations staff should be familiar with this document and engage in discussions about it throughout the school year. This is a living document and will shift throughout the year based on feedback we receive from staff. Please let Jen Fenton, Director of Strategic Initiatives, know if there is anything in this document that may not work or can be improved to better meet the needs of our community.

Section 2: Emergency Response Teams

Emergency Response Team = Identifying clear roles and team members to address emergency situations before they happen will ensure that we have the right information, capabilities, and staffing to make decisions and execute plans. In identifying your team, it is critical to be clear on what roles different members are playing and making sure that each role is covered.

Each campus should establish a **School Response Team** that has the following roles:

- Leader (Principal or Assistant Principal)
- Emergency Officer
- Incident Assessor
- Special Needs Coordinator
- Assembly Point Coordinator
- Recorder

Network Safety Response Team = The Network Response Team (NSRT) is composed of the people from the Home Office below. Depending on the situation, the entire team, or a subset, may be pulled together to provide support and guidance. The Director of Compliance & Operations will be the main point of contact responsible for gathering necessary members of the team and providing guidance and next steps.

The **Network Safety Response Team (NSRT)** should be looped in when:

- A lockdown, shelter-in-place, or evacuation is issued
- There is a delayed response from emergency responders when 911 is called

- Schools need additional guidance on how to handle an emergency
- School schedule is impacted as a result of an emergency (early dismissal)
- A death or significant injury has occurred to a student or staff member
- To implement a suspension that is not required by law

ECS Staff:	Role/Responsibility:
Danielle Kelsick, Superintendent	• Provide support to school-based teams as needed. • Provide communication and project plan templates to manage response. • Escalate to relevant contacts for delayed and/or insufficient response from emergency responders. • Provide guidance to principals in instances involving death, hardship, or crisis.
Lucia Banuelos, Deputy Superintendent of Schools	• Provide support to school-based teams as needed. • Provide communication and project plan templates to manage response. • Escalate to relevant contacts for delayed and/or insufficient response from emergency responders. • Provide guidance to principals in instances involving death, hardship, or crisis.
Jeremiah David, Director of Compliance & Operations	• Provide support to school-based teams as needed. • Provide communication and project plan templates to manage response. • Escalate to relevant contacts for delayed and/or insufficient response from emergency responders. • Provide guidance to principals in instances involving death, hardship, or crisis.
Jen Fenton, Director of Strategic Initiatives (if needed)	• Provide communication and project plan templates to manage response. • Provide support and guidance during health and safety emergencies.
Cesar Delgado, Director of Student Wellness (if needed)	• Provide support to school-based teams as needed. • Provide guidance to principals in instances involving death, hardship, or mental.
Katie Cristales, School Psychologist (if needed)	• Provide support to school-based teams as needed. • Provide guidance to principals in instances involving death, hardship, or mental.
Shalene Wright, Director of SpEd & EL Development (if needed)	• Provide support to school-based teams as needed. • Provide guidance to principals in instances involving students with special needs

Section 3: School Safety Plans

Each campus is responsible for updating their own School Safety Plans and will submit plans for review to the Director of Compliance & Operations.

- ECMS-Gardena Safe Schools Plan
- ECMS-Inglewood Safe Schools Plan
- ECHS-Gardena Safe Schools Plan
- ECHS-Lawndale Safe Schools Plan

The Director of Compliance & Operations and the Director of Strategic Initiatives will also ensure staff have access to Emergency Preparedness One-Pager that contains information and phone numbers that may be useful in an emergency.

- ECMS-Gardena: one pager for classroom
- ECMS-Inglewood: one pager for classroom
- ECHS-Gardena: one pager for classroom
- ECHS-Lawndale: one pager for classroom

If an emergency occurs and One-Pager is not created each site should do the following:

1. Call the police
2. Call Superintendent
3. Communicate with staff
4. Communicate with families
5. Investigate

Section 4: Lockdown & Active Shooter

There are two types of lockdowns: (1) hard lockdown and (2) soft lockdown. This section will describe when each occurs, as well as the roles and responsibilities of staff both during and after the lockdown.

{Lockdown/Shelter-in-Place - TP Message}

{Post Lockdown/Shelter-in Place - Email}

Hard lockdown: Imminent Danger	Soft Lockdown: No Imminent Danger

• There is a specific and imminent threat of violence to students, teachers, or staff inside the School, and *it is not safe to evacuate.*
  ○ An armed intruder
  ○ A hostage situation
	• There is no specific, confirmed, or imminent threat, but there is a *need to increase the security threat level.*
	  ○ Unconfirmed threats
	  ○ Police activity in the area
	  ○ Disruptive community incident

Active Shooter: When a Lock Down is escalated to an Active Shooter on Campus, there are three words to remember: **Run, Hide & Fight!** Your course of action will depend on how close you are to the armed intruder and the safest way to avoid danger.

Per our training with ASCIP, remain calm, try to keep your breathing consistent and exhale quietly to release adrenaline energies. Visualize enduring and surviving this event.

Decision Making: The following leaders may give the green light on a hard or soft lockdown

- Principal or Assistant Principal (if Principal isn't available)
- Superintendent or Deputy Superintendent of Schools
- Director of Compliance & Operations
- Police

Lockdown Protocols:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Make a lockdown announcement 2x over the PA system *Attention: We are now in a soft/hard lockdown. Take proper action* ☐ Call 911 and provide location, time, and brief description of incident ☐ Notify Network Safety Response Team and inform team of protocols,, summary of known information, any support needed (ie: 911 not coming fast enough or someone is needed onsite) ☐ If there is a threat of violence (verbal, written or social media) is made by a student, escort the student to a private space and conduct a risk assessment
Security **Campus Supervision**	☐ Lock all entrances and exists
Office Manager	☐ Close/lock front office doors and pull down shades (if applicable)
School Response Team	☐ LEADER - Provides direction, leadership and guidance to members of the School Response Team during an emergency. Acts as liaison between School Response Team members ☐ EMERGENCY OFFICER - Provide support as needed. Relay information between School Response Team members if communication devices are unavailable. Reports to hospital with staff or students (if applicable) ☐ INCIDENT ASSESSOR - Conducts an on-scene initial assessment of the incident or emergency to assess the severity of the situation. Collects all essential elements of information from the scene, relays the information to School Response Team Leader, compares information gathered for the purpose of completing official reports ☐ SPECIAL NEEDS COORDINATOR - Primary point of contact when issues arise with students and staff requiring assistance during an emergency. Tracks students/staff with special needs, collects information on unaccounted people and ensures that all students/staff requiring assistance have what they need during an emergency ☐ ASSEMBLY POINT COORDINATOR - Collects information from teachers and other staff on missing students or unaccounted individuals ☐ RECORDER - Collects detailed information from the beginning to the end of an incident
All staff	☐ Follow lockdown procedures and remain silent, lock room/office doors, turn off lights/pull down blinds, cover windows, barricade if necessary

	☐ Check the hallway outside of your room/office for students ☐ Gather students in a secure area (example: behind objects that eliminate direct line of sight from the source of the hazard) ☐ Take attendance and account for missing students by contacting the Principal ☐ Wait for first responders to open doors (if applicable)

Note: if the fire alarm is ever pulled during a lockdown, all staff and students should remain in lockdown mode (the lockdown always trumps the fire alarm).

After the lockdown has been lifted:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Confirm lockdown has been lifted ☐ Coordinate with emergency responders as needed ☐ Direct staff to take attendance to confirm that all students/staff are accounted for ☐ Direct supervisors to take attendance for staff they manage ☐ Customize communication to family and staff ☐ Send communication by the end of day ☐ Document what happened
Staff	☐ Take attendance for students
Security **Campus Supervisors**	☐ Reopen entrances once lockdown has been lifted
Office Manager	☐ Reopen front office once lockdown has been lifted
Network Response Team	☐ Support as needed

Section 5: Shelter-In Place

A Shelter-in place is initiated when there is a hazard outside of the school, and it is safer to remain inside. The key objectives are to secure the school by locking all campus entrances/exits and to keep students and staff securely inside in safe locations. Generally, staff and students may continue instruction and business as usual. The only exceptions are (1) Gunfire - Immediately move students and staff to the hallway away from windows and (2) Earthquake - Immediately drop and take cover

{Lockdown/Shelter-in-Place - TP Message}

{Post Lockdown/Shelter-in Place - Email}

Decision Making:

Who gives the greenlight to go on shelter-in place:	• Principal • Assistant Principal (if Principal isn't available) • Dean • Superintendent • Deputy Superintendent of Schools • Police Note: Online apps like NextDoor or Nixle alerts should be a data point and then confirmed by police before being used as the sole reason to initiate a shelter-in-place. However, decision makers should always use best judgment and err on the side of safety.
Who may end the shelter-in place?	The shelter-in place may only be ended when communicated from the police to decisions makers listed above

During Shelter-in place:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Make shelter-in place announcements 2x over the PA system. Include information on where to shelter. *Attention: "This is a shelter-in place. Secure the exit doors"* ☐ Call 911 and provide location, time, and brief description of incident ☐ Activate School Response Team ☐ Inform Setwork Safety Team about protocol initiated, brief description about known information, any immediate support needed (ie: 911 not coming fast enough or someone is needed outside) ☐ Contact School Response Team if emergency responders have not arrived within 5 minutes ☐ Coordinate with emergency responders as needed
Staff **Students**	☐ Continue instruction and business as usual
Security **Campus Supervisors**	☐ Pull in any students or staff outside of the doors as quickly as possible to get them to safety ☐ Lock all entrances
School Response Team	☐ LEADER - Provide direction, leadership and guidance during an emergency

	☐ EMERGENCY OFFICER - Provide support as needed. Relay information between School Response Team members if communication devices are unavailable. Report to hospital with staff or students (if applicable) ☐ INCIDENT ASSESSOR - Conduct an on scene initial assessment of the incident. Collect all essential elements of information from the scene, relay information to School Response Team Leader and compare the information to what others have fathered for the purpose of completing official reports ☐ SPECIAL NEEDS COORDINATOR - Primary point of contact when issues arise with students and staff requiring special assistance during an emergency and tracks these individuals. Collects information on unaccounted people and ensures that all students and staff requiring special assistance ☐ ASSEMBLY POINT COORDINATOR - Collects information from teachers and other staff on missing students or unaccounted for individuals for emergency responders. ☐ RECORDER - Collects detailed information from the beginning to the end of an incident.
Network Response Team	☐ Escalates any emergency response delay to contact at local precinct ☐ Provides communication templates to send on behalf of Principal

After the Shelter-in place:

Who:	**What:**
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Confirm shelter-in place has been lifted ☐ Coordinate with emergency responders as needed ☐ Direct staff to take attendance and confirm that all students/staff are accounted for ☐ Direct supervisors to take attendance for staff they manage ☐ Customize communication to family and staff ☐ Send communication by the end of day ☐ Document what happened
Staff	☐ Take attendance for students

Section 6: Evacuation

An evacuation is initiated when the hazard (i.e. fire, gas leak, etc.) requires staff and/or students to move outside of the school for safety and into a designated evacuation location. Evacuation routes will be posted in every classroom and in the hallways for staff and student reference.

{School Evacuation (Requiring Early Dismissal) - TP Message}

{School Evacuation (Requiring Early Dismissal) - Email}

{School Evacuation (Issue Resolved) - Email}

{ECHSG Triplex Evacuation for C02 levels - Parent email}

Decision Making:

Who gives the greenlight to evacuate	• Principal or Assistant Principal (if Principal isn't available) • Superintendent or Deputy Superintendent of Schools • Police
How does the evacuation end?	The evacuation ends when the decision makers above receive the all clear from emergency responders (i.e. fire or police department)

During the evacuation:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Call 911* (note: the fire alarm is connected to the central station and will also alert the fire department to dispatch emergency responders, but call 911 as an extra precaution) ☐ Activate School Response Team ☐ Inform Network Safety Response Team to follow protocol initiated, provide brief description about known information, and provide any immediate support needed ☐ Coordinate with emergency responders as needed ☐ Coordinate with alternative evacuation sites (if needed)
Staff	☐ Gather emergency folders (pick up information, health alerts, emergency contacts) ☐ Lead students silent and quickly to evacuation location ☐ Listen for additional directions ☐ Take attendance and account for students at evacuation site

	☐ Wait for all clear
Security **Campus Supervision**	☐ Help evacuate all student, staff and visitors out of the School to their designated evacuation locations
School Response Team	☐ LEADER - provide direction, leadership and guidance ☐ EMERGENCY OFFICER - provides support as needed, relay information between School Response Team members if communication devices are unavailable, report to the hospital with staff or students (if applicable). Assigned to alternative evacuation site prior to students/staff arrival to review plan for relocation. Responsible for coordinating staging areas at alternative sites if required ☐ INCIDENT ASSESSOR - conduct on scene initial assessment, collect all essential elements of information from scene, relay information to School Response Team Leader, compare information gathered for purpose of completing reports ☐ SPECIAL NEEDS COORDINATOR - primary point of contact when issues arise with students or staff requiring special assistance and tracks these students/staff. Collects information on unaccounted people an desires that all students/staff requiring special assistance have what they need during emergency ☐ ASSEMBLY POINT COORDINATOR - collects information from teachers and other staff on missing students or unaccounted for individuals, monitors and assists with relocation of staff, teachers, and students ☐ RECORDER - collects detailed information
Network Response Team	☐ Escalates any emergency response delay to contact at local precinct ☐ Provides communication to send on behalf of principal

After the evacuation:

Who:	**What:**
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Direct staff to take attendance to confirm that all students and staff are accounted for ☐ Direct supervisors to take attendance for staff they manage ☐ Document what happened ☐ Send communication by the end of the day
Staff	☐ Direct supervisors to take attendance for the staff they manage ☐ Take attendance for students

Section 7: Bomb or Gun Threat

If a bomb or gun threat is made, staff members must act quickly to identify and address whether threats made are viable, and implement action plans that provide the individual(s) with the appropriate support needed.

{Threat of Violence on Campus - Email}

ECHS-G Threat of Violence on Campus - Email to parents

ECMS-G Threat of Violence on Campus (gun) - Email to parents and staff

ECMS-G TikTok Threat of Violence on Campus - email to parents and staff

*Note: Unless you receive guidance on what actions to take from law enforcement, schools should NOT evacuate until told to do so by emergency responders.

What to do when you are made aware of a bomb or gun threat:

Who:	What:
Staff	☐ Notify Principal, Assistant Principal, Superintendent or Deputy Superintendent of Schools ☐ Capture of screenshot, photos, videos, etc. of any threat on social media and/or save any written threats uncovered
Principal **Assistant Principal** **Superintendent** **Deputy Sup**	☐ Contact 911 and await guidance for law enforcement on actions to take ☐ If directed by law enforcement, pull the fire alarm and evacuate the School
Principal **Mental Health Provider**	☐ If directed by law enforcement, escort the student to a private space and conduct a risk assessment (as needed) when safe

Return to campus safety plan: In response to a TikTok threat, ECMS-G developed a comprehensive safety plan for the return to campus. The plan includes a multi-pronged approach including:

- Action Plan
- Advisory Slides (updates, safety procedures, purpose, how you can help)
- Daily updates to community

Section 8: Drills

Throughout the year, emergency drills (fire, lockdown, and earthquake) are scheduled on each campus to practice protocols so our response becomes more natural during an emergency. Drills shall be conducted under varying circumstances at varying hours, including lunch periods and at unannounced times to simulate actual emergency conditions.

{Emergency Drill (Test) - TP Message}

During the drills:

Who:	What:
Principal **Assistant Principal**	☐ Make an announcement 2x of the PA system *Attention: This is a XX drill. This is not an emergency*
Students	☐ Fire - leave belonging behind and form a single file line ☐ Lockdown - move out of sight and maintain silence ☐ Earthquake - drop, cover, hold on
Staff	☐ Fire - grab emergency clipboard (with attendance sheet and emergency cards), lead students to evacuation locations as identified on evacuation route. Take attendance and account for students. Report injuries, problems, or missing students to school staff ☐ Lockdown - Check hallways outside of the classroom for students, lock doors and turn off lights. Move away from sight and maintain silence. Gather students in a secure area (behind any object that eliminates direct line of sight from source of hazard). Wait for the "all clear" message. Take attendance and account for missing students by contacting the main office ☐ Earthquake - drop, cover, hold on. Take attendance and account for missing students by contacting the main office
School Response Team	☐ Fire - monitor student injuries, missing students and other student-related issues. Track time it takes to leave the School ☐ Lockdown - sweep hallways for students and ensure all doors are locked ☐ Earthquake - sweep hallways for students and ensure stop, cover and hold

Important things to consider when conducting drills:

- ALWAYS announce "This is a DRILL and NOT AN EMERGENCY."
- Consider modifying components of the drill to better prepare students and staff to respond in an emergency.

- Consider access and needs of English language learners and those with disabilities?
- Communicate drills to parents, staff, and students.

Section 9: Missing Student

Staff should follow the Missing Student protocol when a student has been reported missing, the student's whereabouts cannot be confirmed, or there is concern for the student's safety and well-being.

Decision making:

How does the missing student protocol get initiated?	• If a staff member cannot find a student and it cannot be confirmed that the student has exited the School, the Principal/Assistant Principal/Dean initiates the missing student protocol
How does the missing student protocol end?	• Once the student is found and emergency responders, Principal/Assistant Principal/Dean gives the all clear. • Protocol can only be lifted by Principal/Assistant Principal/Dean

When a student is missing or reported missing:

Who:	What:
Principal **Assistant Principal** **Dean of Students**	☐ Issue a HOLD over PA system *Attention: This is a HOLD. Take proper action. All staff, we are looking for XX. If you know where this student is, please call extension XX* ☐ Check attendance to confirm student was at school ☐ Activate School Response Team, provide members with a description and photo (if available) of the student. Provide protocol initiated, brief description about known information, and any immediate support needed ☐ Assign someone to monitor video surveillance system (if applicable), including campus perimeters ☐ After the initial sweep of campus, if the student has not been located, immediately call 911. Provide a clear description of the student including where the child was last observed. Include the following information: - height and approximate weight - ethnicity - complexion - hair color - attire - any distinguishing features - languages spoken

	☐ If necessary, assign someone to gather all relevant information to work with first responders and law enforcement, including IEP to determine if additional support is required ☐ Assign someone to continue searching all rooms, offices, bathrooms, etc. on campus ☐ Assign someone to review PowerSchool to identify any relatives listed who may live near school. This information may be relevant in locating the missing student ☐ Coordinate with emergency responders ☐ Assign someone sensitively notify parents of student (if needed) ☐ Assign someone to escort the parents to command post so that they can discuss incident with school officials and law enforcement
Security **Campus Supervisors**	☐ Monitor cameras to confirm whether or not the student is in the School and/or left the campus ☐ Lock all doors and exits
School Response Team	☐ LEADER - provide direction, leadership and guidance ☐ EMERGENCY OFFICER - provides support as needed. Relays information, reports to hospital with staff or student (if needed), responsible for sweeping floors to locate student ☐ INCIDENT ASSESSOR - conducts initial on scene assessment, collects all essential information, relays information to School Response Team Leader, responsible for sweeping floors to locate student ☐ SPECIAL NEEDS COORDINATOR - primary contact with issues arise with students and staff requiring special assistance, provides IEP information (if applicable), responsible for sweeping floors to locate student ☐ ASSEMBLY POINT COORDINATOR - collects information from teachers and other staff on missing student, responsible for sweeping floors to locate student ☐ RECORDER - collects detailed information from beginning to end of incident; responsible for sweeping floors to locate student

After a missing student hold:

Who:	**What:**
Principal	• Announce over the PA 2x that the HOLD has been lifted

Assistant Principal **Dean of Students**	• Conduct a post-mortem to identify how the student went missing and what steps must be taken in the future • Document what happened • Assign someone to notify the parents after student has been located • Meet with student and family as needed

Section 10: Big Picture Discipline Issues

Superintendent Thurmond detailed the shifts in Ed Code to reduce suspensions. According to the new policies, Superintendents and Principals ***may choose to suspend*** a student for:

- Causing serious physical injury to another person,
- Possession of any knife or other dangerous object
- Unlawful possession of any controlled substance (as long as it is less than one ounce of marijuana),
- Robbery or extortion, or
- Assault or battery.

The goal is to move from suspension to support, and to use "Suspension as a Last Resort"- *EC* Section 48900.5.

Schools are ***required by CA Ed Code to suspend*** a student for:

1. Possessing, selling, or otherwise furnishing a firearm,
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance (this list does NOT include tobacco/nicotine)
4. Committing or attempting to commit a sexual assault, or
5. Possession of an explosive.

For an explanation of the policy, click here and read here for updated education code.

Suspension flow chart:

Incident occurs ▶️ **Collect incident statement** ▶️ **Contact Director of Student Wellness** ▶️ **Contact Superintendent**

**ECS SUSPENSION GUIDELINE

Section 11: Weapons in School

The following section outlines the proper process to handle weapons that are identified on school premises. This is inclusive of prohibited weapons listed in the Handbook.

{ECMSI - Student threatening to bring a weapon to campus (Family & Staff email)}

{ECHSL - Student threatening to bring a weapon to campus}

{ECHSL - Weapon found *around* campus - Email to parents}

{ECHSG - Fight on Campus - Email}

{ECHSG - Fight on Campus (TP)}

{ECMSG - Threat of Violence *around* campus - Email}

{Weapon on Campus - Email}

{Threat of Violence on Campus - Email}

Finding a weapon on school premise:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ Contact the police and schedule a pick up of the items ☐ Place weapon in a bag and a locked cabinet until Police arrive to retrieve it ☐ Contact the parent to notify them of the incident ☐ Send email to staff and families using template (by end of day)

Section 12: Drugs in School

The following section outlines the proper process to handle drugs found on school premises. This is inclusive of controlled substances or prescription medications without appropriate authorization, illegal drugs, synthetic hallucinogens, drug paraphernalia, and/or alcohol.

{Vaping General - Risk to Teens) - Email}

{Vaping Student Caught - Email to Specific Family}

****If you suspect that a student is suffering from an opioid or Fentanyl overdose,** please call 911 and administer NARCAN Nasal Spray.

Finding drugs on school premise:

Who:	What:
Principal **Assistant Principal** Superintendent Deputy Sup	☐ If the controlled substance is unknown and you believe that it may be a narcotic contact the Superintendent or Deputy Superintendent of Schools and determine if you need to contact the police or a local drug intervention program

	☐ Place item(s) in a bag in a locked cabinet until Police or Partner agency arrives to retrieve it ☐ Contact the parent to notify them of the incident ☐ Send email to staff and families using template (by end of day) ☐ Before moving forward with a suspension, please contact Director of Student Wellness and Superintendent (see flow chart below)

Suspension flow chart:

Tobacco, Vaping or E-Cigarettes: Per our parent handbook, students **may** be suspended or expelled for any of the enumerated acts listed below:

- No student is permitted to possess tobacco of any kind on school property, grounds, or at school-sponsored events or activities off campus.
- If the act is related to school activity or school attendance occurring or at any other school at any time including but not limited to: (a) while on school grounds; (b) while going to or coming from school; (c) during the lunch period, whether on or off the school campus; (d) during, going to, or coming from a school-sponsored activity.

Section 13: Student Physical Health Emergency

This section outlines protocols in the event of a student health emergency. Since it is impossible to cover all potential the following guiding principles should be used:

- Always err on the side of caution with student health.
- **Any staff can call 911.** No one will ever be penalized for calling 911.
- Always attend to the student first then contact the parent/guardian only after the emergency is under control.
- When speaking with the parent/guardian, remain calm, be empathetic, and provide explicit context and next steps.
- **A child should never go to the hospital by themselves.** They must always be accompanied by a school staff member.
- Never accept or administer medication without a medical authorization form that is signed by a doctor on file. **This includes over the counter medication** (Tylenol, Advil, etc.).

- If there is medical emergency and the student does not have a medical authorization on file, follow the steps:
    - Always get explicit information from the school nurse or EMT
    - Get recommendation for treatment
    - Record date for follow up if applicable
    - Record which Hospital the student is being taken to if applicable

Allergies: Each site's front office will collect medical authorization forms and epi-pens for students identified as having an allergy. A health alert will be added in PowerSchool and distributed to all staff interacting with the students, as well as where staff can find epipens (should they be necessary).

Protocol for a non-severe allergy: If the student is properly breathing, but is exhibiting mild symptoms, including but not limited to rash, hives, welts, diarrhea, stomach pain, tingling, or itchy mouth, they should initiate the non-severe protocol.

Who:	What:
Staff member with child	☐ Quickly escort the student to the nurse or front office
Front office	☐ Contact parent/guardian to inform them of what happened. If the student does not have an medical authorization form on file, parent/guardian will need to come onsite to administer medication and/or pick up the student ☐ If student has a medical authorization form on file and takes allergy medication that contains the reaction (non-severe), the student may rejoin his or her class

What triggers the <u>severe</u> allergies reaction protocol?

- Swelling of the face, eyes or lips
- Difficulty or noisy breathing
- Tongue and throat swelling or tightness
- Difficulty talking or a hoarse voice
- Wheezing or persistent cough
- Persistent dizziness or fainting
- Paleness and floppiness

Severe Allergy Protocol:

Who:	What:
Staff member with child	☐ If the student has a medical authorization form and EpiPen on file, staff member with the child may administer EpiPen ☐ Contact 911
Front office	☐ Contact the parent/guardian and inform them of the student being transported to the hospital. Provide hospital information and staff (name

	and number) that will be escorting student in the ambulance ☐ Assign a staff member to go to the hospital with the student

Respiratory Distress/Loss of Consciousness:

Who:	What:
Staff member with child	☐ Call 911 ☐ Do not move student until EMT arrives
Front Office	☐ Contact the parent/guardian and inform them of the student being transported to the hospital. Provide hospital information and staff (name and number) that will be escorting student in the ambulance ☐ Assign staff member to go to the hospital with student

Asthma: Each site's front office should collect medical authorization forms and asthma pumps, and/or nebulizers, from families. They should also alert all staff who interact with student(s) and provide information about where the medication is stored.

Protocol if a student stops breathing:

Who:	What:
Staff member with child	☐ Call 911
Front Office	☐ Contact parent/guardian and provide hospital and staff information for staff going to the hospital with the student. Have 1 staff member attend the hospital with the student

Protocol if a student is having trouble breathing and HAS a medical authorization form and an inhaler pump/nebulizer on file (asthma):

Who:	What:
Staff member with child	☐ Take the student to the nurse to have an asthma inhaler pump or nebulizer administered
Front Office	☐ Contact parent/guardian ☐ Have the student picked up if necessary

Protocol if a student is having trouble breathing and <u>does NOT have a medical authorization</u> form and an inhaler pump/nebulizer on file:

Who:	What:
Staff member with child	☐ If not in immediate distress, contact the parent/guardian to pick up child immediately
Front Office	☐ Contact parent/guardian ☐ Have the student picked up if necessary ☐ Have 1 staff member go to hospital with student (as needed) ☐ Provide parents with hospital and staff information

Head Bump: Below is the protocol if a student has a significant head bump resulting in bruising, lump, dizziness or vomiting.

Who:	What:
Staff member with the child	☐ Take the student to the nurse and follow the nurse's next steps
Front office	☐ Contact parent/guardian ☐ Monitor the student and ensure symptoms subside. If not, contact the parent/guardian to pick the student up.

Below is the protocol if a student has a significant head bump that <u>results in loss of consciousness</u> and/or student is unable to move/walk:

Who:	What:
Staff member with the child	☐ Call 911 ☐ Do not move the student until EMT arrives
Front office	☐ Contact parent/guardian and provide hospital information and staff member going with the student ☐ Have 1 staff member attend go to the hospital with the student

<u>Section 14: Student Mental Health Emergency</u>

A mental health risk assessment by a trained mental health provider must be conducted when a student makes threats or attempts to harm themselves or others, or when a student presents with a significant mental health concern that puts their safety or the safety of others at risk.

Risk assessments are used to determine validity of threats to students and staff, provide support necessary to de-escalate potential situations, and provide support to staff and families to help ensure the health and safety of the student, staff, and/or community.

The following examples may indicate that a student would like to harm themselves or they are engaging in unsafe behavior with an attempt to harm themselves:

Suicidal statements (Self Harm Statements)	Self injurious / behaviors (non suicidal self injury)	Suicidal impulsivity	Other signals
• I want to die • I want to kill myself • I don't want to be in the world • I want to go to heaven • I want to go see a dead relative • I don't belong anywhere • My mom shouldn't have had me • I can't do this anymore • I wish I was dead	• Skin picking • Excessive scratching • Cutting • Cutting off circulation • Hair pulling • Head banging • Stabbing with paper clips, pencils, etc. • Punching walls/objects • Attempts to jump out window • Attempts to go into the street • Sniffing glue markers • Purposeful burns • Ingesting harmful items with intent to self harm • Putting finger in outlet • Jumping off high furniture	• Putting legs over high railing • Trying to open the door to the roof • Playing with knives or scissors	• Irritability immeasurable to the situation • Withdrawn when student is usually engaged • Loss of appetite • Extreme fidgeting • Excessive worry most days of the week for weeks on end • Trouble sleeping at night or sleepiness during the day • Restlessness or fatigue during waking hours • Trouble concentrating • Long sleeve shirts (inappropriate for weather) • Blood on clothing • Extreme changes in behavior or mood

Below is protocol when a student makes threats about suicide or life threatening self-harm:

Who:	What:
Staff member who was informed or aware of student's suicidal ideations/self-harm	☐ Notify the Principal ☐ Ensure that the student is not unattended under any circumstances ☐ Ensure appropriate first aid procedures are administered (if applicable) ☐ Contact a social worker or mental health provider to conduct a risk assessment

Dir. of Student Wellness **Social Worker on site**	☐ Conduct a risk assessment* ☐ Alert Social Work Specialist (if not already involved) *Please note that only a licensed professional who has been trained on conducting risk assessment is able to administer
Principal **Assistant Principal**	☐ Supports the mental health provider to discuss and provide guidance on crisis action plan

Based on outcome of risk assessment:

Risk Level / Who:	What:
High/Imminent Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Notify the Principal and Dir. of Student Wellness (if not already involved) of high risk assessment ☐ Work with Front Office to call the parent and ask them to meet at school or the hospital where student is being transported ☐ Work with Front office to call 911 so student can be transported to nearest hospital ☐ Work with Principal or Assistant Principal to designate a staff member to escort the student to the hospital in ambulance until a family member arrives ☐ Call the hospital to inform ER that the student is being transported there and provide relevant collateral information ☐ Continue to follow up with ER so remain informed regarding student's progress
Moderate Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Alert Principles and Dir. of Student Wellness (if not already involved) ☐ Develop safety plan with the student ☐ Contact the family to share the outcome of the risk assessment or safety plan with additional resources ☐ Contact Mobile Crisis unit with permission of family (if needed) or encourage family to utilize mobile crisis services
Low Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Alert Principal or Dir. of Student Wellness (if not already involved) ☐ Contact the family to share the outcome of the risk assessment or safety plan and provide additional resources

Below are examples of indications to harm others:

- Verbal statements that indicate an intention to harm others
    - “I’m going to shoot up the school”
    - “Sometimes I want to hurt people”
    - “I’m going to make you regret saying / doing that”
- Nonverbal indicators
    - Posts on social media about school shooting or shooting in public places
    - Praises/glorifies previous mass shootings and/or domestic terrorist actions
    - Drawing on notes written on homework/assignments
- A detailed plan (time, place and method) to harm or kill others, particularly if the student has a history of aggression or has attempted to carry out threats in the past

Below is protocol when a student has made a serious threat to harm another person:

Who:	What:
Staff member who was informed or aware of a student’s threat to seriously harm someone else	☐ Notify the Principal or Dir. of Student Wellness (if not already involved)
Dir. of Student Wellness **Social Worker on site**	☐ Conduct a risk assessment to determine level of threat
Principal **Assistant Principal**	☐ Support the mental health provider to discuss and provide guidance on crisis action plan
Front Office	☐ Collaborate with Principal and mental health provider if risk assessment determines that EMS should be contacted

Based on outcome of risk assessment:

Risk Level / Who:	What:
High/Imminent Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Notify the Principal and Dir. of Student Wellness (if not already involved) of high risk assessment ☐ Work with Front Office to call the parent and ask them to meet at school or the hospital where student is being transported ☐ Work with Front office to call 911 so student can be transported to nearest hospital ☐ Work with Principal or Assistant Principal to designate a staff member to escort the student to the hospital in ambulance until a family member arrives ☐ Call the hospital to inform ER that the student is being transported there and provide relevant collateral information

	☐ If student threat is directed AT a specific person, mental health provider has a duty to warn that specific person ☐ Continue to follow up with ER to remain informed regarding student's progress
Moderate Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Alert Principles and Dir. of Student Wellness (if not already involved) ☐ Develop safety plan with the student ☐ Contact the family to share the outcome of the risk assessment or safety plan with additional resources ☐ If student threat is directed AT a specific person, mental health provider has a duty to warn that specific party ☐ Contact Mobile Crisis unit with permission of family (if needed) or encourage family to utilize mobile crisis services
Low Risk **Dir. of Student Wellness** **Social Worker on site**	☐ Alert Principal or Dir. of Student Wellness (if not already involved) ☐ Contact the family to share the outcome of the risk assessment or safety plan and provide additional resources

*Note: in all cases, the Director of Special Education (if applicable) and the Director of Student Wellness should support teams on how to provide help/guidance to the student during this time.

Section 15: Police on Campus

The following is a short guide to support ECS staff in making decisions about when they should or should not engage law enforcement on campus. This document is by no means comprehensive, and all leaders should familiarize themselves with the following protocol.

Determine if you are facing an imminent threat: It is important for each individual to trust themselves. When you feel that a situation can lead to student(s) and/or employee(s) harm, and you need immediate police assistance, talk to one additional person on your site to see if they concur, and then make the call to 911. .

Pause to engage thought partners: If you are facing a significant threat to safety, contact law enforcement for support. However, if the threat is not imminent, it is critical to pause and engage other thought partners before reaching out to Law Enforcement for additional support.

Thought partners will differ based on the circumstances, but should include the following individuals whenever possible:

- Superintendent and/or Deputy Superintendent of Schools = Danielle Kelsick and/or Lucia Banuelos

- Director of Student Wellness = Cesar Delgado to see if there are other community support systems that could be implemented.

- Director of Operations and Compliance = Jeremiah David, to see if it is necessary to engage our counsel Paul Freese (cell phone # 310-228-8923)

- Principal Development Coach, to determine next steps with parent and community engagement and communication

- Director of Human Resources = Sarah Jamieson, when an instance includes an employee who is perceived to be a threat

By including 2-3 individuals from the above list in a quick scrum, we can ensure that all possible repercussions associated with the engagement of law enforcement are considered.

Know your students' rights (juveniles DO have rights in California):

- The *Fourth Amendment* right against unreasonable searches and seizures
- The right to call a parent when detained
- The right to call an attorney when detained
- The right to be notified of the charges against him/her
- The right to an attorney
- The *Fifth Amendmen*t right against self-incrimination
- The *Sixth Amendment* right to a speedy trial
- The right to call and cross-examine witnesses at trial
- The right against cruel and unusual punishment

*__Exception for an imminent threat:__ Law enforcement may question a child 17 or younger *before* the child has consulted with a lawyer if:

- The officer reasonably believes the information is necessary to protect life or property from an imminent threat, AND
- The officer's questions are limited to those that are reasonably necessary to obtain that information.

Know your schools' rights: Schools have the right to maintain the integrity and safety of our campuses for our students. We recognize that in our communities, the presence of law enforcement can sometimes make our students feel less safe.

- **Police officers may come on campus if there is a sense of imminent threat, but otherwise, they are required to present a warrant in order to come on-site.**
- If a police officer attempts to come on campus without a warrant, the principal or administrator can say: "Do you have a warrant or are you in hot pursuit? We're happy to cooperate but this should be done outside of school grounds unless there is an emergency that would require a warrant or hot pursuit" - such as an emergency or imminent need to speak with student
- If they say there is an imminent threat, the admin can ask, "What is the imminent threat?"
- If the situation they describe does not seem to pose an imminent threat to your community, you can say, "We have important rules for the security and safety of our children; and we insist on the basic rights of our children. I respect what you are doing but your presence will make some of my children and staff feel unsafe. Can you please return with a warrant?"
- If the police officer insists, you can ask to speak with their supervisor
- If they become belligerent, you can say, "Is this an order? We will comply if you are ordering me to do this, and I want this on record." In this manner, you document that the police officer ordered you to follow these instructions without a warrant. This may prevent the

police officer from taking additional steps in this direction.

Requests for interviews on Campus - Whenever the student is suspected to be a victim, law enforcement and DCFS may come on campus and interview the student in the presence of a teacher or counselor that the student trusts. If they are investigating the student for a potential crime, they should present a warrant before being allowed on campus unless there is some exigent circumstance.

- In general, a school cannot disclose a student's record information; however, in emergency situations (as determined by the school), the school can share information with appropriate persons in connection with an emergency if the knowledge of the information is necessary to protect the health or safety of a student or other persons. Necessary information might include:
    - Confirming the student is in attendance,
    - Parent/guardian contact information, and/or
    - Medical information if the child is being taken into custody

*For more information and specific examples, click **here**.

You may also review the following **law enforcement-related policies:**

- 180531 ECS Student and Family Privacy Rights Policy_APPROVED
- ECS - Civility Policy - 09-22-22 - Approved
- Interview by Law Enforcement or Outside Service Form
- Removal of Pupils from School During School Hours
- Police - Student Interview Guidelines
- What to do if an immigration-enforcement officer comes to your school

{ECMSI: Sample TP to families re: law enforcement on campus}

{ECMSG: Sample TP to families re: law enforcement near campus}

Section 16: Immigration or ICE Presence

With recent shifts in federal immigration policies, many ECS students, staff and families are anxious about the current landscape. While some policies have changed, **California Law (AB699) continues to protect immigrant and undocumented students. This includes the constitutional right to public education regardless of immigration status.**

This means that ECS schools will remain a safe zone and the **Immigration and Customs Enforcement (ICE) must provide a federal judicial warrant before gaining access to our school community.**

For more information, please refer to our **Law/Immigration Enforcement Visit Procedures**.

Furthermore, per the ECS Board's Student and Family Privacy Rights policy, no student information will be disclosed to immigration authorities without a court order or judicial subpoena.

ECS has also created the **ICE SAFETY RESPONSE PLAN FOR SCHOOL**, which is an adaptive plan and includes protocol for:

- Campus safety during school hours
- Student arrival and dismissal

- Field trip/off-campus safety

Privacy Protocol:

Who:	What:
Principal **ICE First Responder**	☐ Students remain in supervised classrooms ☐ Recess/lunch will be held indoors if a threat is near campus

Immediate Response Plan: To be used if ICE presence is confirmed outside of school grounds or the block surrounding campus

Who:	What:
Principal	☐ Select an office team member to call 911
ICE First Responder	☐ SMS text: Superintendent Danielle Kelsick: 404-906-1224 / Deputy Superintendent Lucia Bañuelos: 310-844-8268 / Director of Compliance & Operations Jeremiah David: 714-515-9948 (who will call ECS immigration rights attorneys) ☐ Immediate response on-campus: Unión del Barrio Rapid Response: 213-444-6562 Rapid Response Hotline - Los Angeles: 888-624-4752 ☐ Legal Defense: Immigrant Defenders Law Center Hotline: 213-833-8283 Rapid Response Hotline - Los Angeles: 888-624-4752

Remember to always:

- Stay calm and professional.
- Communicate clearly and promptly.
- Prioritize student safety and emotional well-being.
- Know building and school exit routes and be prepared to use them.
- Look for direction from your principal or ICE First Responders when ICE presence is confirmed.

Do NOT:

- Engage directly with ICE agents.
- Inform students directly of potential threats without proper coordination.
- Physically intervene in enforcement actions.

{ICE Safety/Family Communications - TP Message}

Section 17: Student Protest

In the event of a death of a student or employee during the school day, the Principal may implement the sample plan as a designated means of communication to inform other school staff, students, and families of the situation:

It is important to remind staff who are walking alongside students

- There is no walking in the street
- Follow traffic rules
- Communicate with law enforcement
- Share your location with site leaders

{ECHS-G: Student Walkout & Safety Measures (Families & Staff)}

{ECHS-G: Students Return after Walkout (Families & Staff)}

{Peaceful Protest (Family & Staff)}

Section 18: Death of a Student or Staff Member

In the event of a student protest during the school day, the Principal may implement the sample plan as a designated means of communication to inform other school staff, students, and families of the situation:

- Principal / designee shall inform the Superintendent
- Principal/designee shall inform necessary faculty and social workers
- A crisis room shall be made available and shall be staffed with trained counselors
- Staff shall be informed of news or additional information as soon as possible
- Identify specific students who may need extra support and escort them to the crisis room
- Principal / designee / social workers / etc. shall determine when to share information to other students
- Principal / designee shall communicate with families
- Superintendent shall communicate with all ECS families + ECS staff

**ECMS-G Sample Action Plan:

Notes for 10/3/23 6th grade student incident Joshua Pharr

- **Plan A**
  - Communicate with teachers at the end of ~~lunch 12:30-12:40~~ recess 9:58 - 10:13
  - Circles in classes right before ~~specialty 12:44~~ G40/Advisory 10:16-10:59 (interns and ace support)
    - How many classes and do we have enough people, if not so we can pull Stacy and Raquel (Social Worker)
    - Circle Questions (Plan for an hour minimum and easy day after)
      - Vision: Groups of 5/6 and eventually all class together
      - Ask teacher for closest group of friends (moreno)
      - Small Group Questions
        -
      - Full Class Questions
      - Goal: Identify who will need additional counseling support
        - Do we do a grief group with all students daily, bi-daily, weekly?
    - Letter to parents after communication and seek counseling if needed
- **Plan B**
  - Teacher saying students are finding out then we go immediately
- **Plan C**
  - Not doing anything having students head home then send message have parents support.

Possible in class activities	(Reminder: Everyone will deal differently at different times)	
Read Letter	Pg.22	
1. Discuss grief and how it affects people.	Pg. 5-9, 15, 17,	Notes: Don't force anyone to talk about their feelings
2. Write letters to DAP to (possibly) give to family		
3. Make a poster with messages for family		
4. Talking circle		
5. Art activities		**Common Mistakes:** Words and Actions to Avoid The following words and actions can be harmful to children and teens: ☐ DO NOT suggest that the students have grieved long enough. ☐ DO NOT indicate that the student should get over it and move on. ☐ DO NOT expect the student to complete all assignments on a timely basis. ☐ DO NOT act as if nothing has happened. ☐ DO NOT say things like: - "It could be worse..." - "I know how you feel." - "You'll be stronger because of this."
6. Anagrams		
7. Memory picture book.		

Discuss Grief and how it affects people

Sample follow up actions for site (after loss of a student)

{ECMS-G Student Passing: Email to Parents, ECMS-G Staff, ECS Staff, and ECS Families}

Section 19: Fires or other Environmental Hazards

The following step-by-step guide may be used in the event of local wildfires or other environmental hazards that could endanger our community

- **Monitor**: Check the AQI Monitoring tool and local advisories (e.g., SCAQMD) at the start of day, mid-day, and pre-dismissal; observe on-site conditions (including odor, visible ash, wind); start an incident log (time-stamped observations & actions); confirm utility status (power, water).
    - Touch base with neighboring districts/partners and LACOE/CCSA to benchmark decisions.
    - **ECS Emergency Response Conditions Tracker**

- **Operational Thresholds & Triggers:** Continue with in-person instruction; however move students and staff inside when ash/winds or elevated AQI require moving activities indoors.
    - *Early Closures if AQI > 275* -OR- electricity or water outage >20 minutes
    - *Overnight Closure if AQI > 275,* -OR- environmental hazard is within 5–10 miles of campus -OR- essential services are compromised -OR- alignment with large district closures as appropriate.

- **Protect Indoor Air**: Keep doors/windows closed; set HVAC to recirculation mode; and remember to turn off HVAC units if fires are close per facilities guidance.
    - Air purifiers will be deployed in offices or classrooms with older HVAC units.
    - Campus Engineers will track filter status.
    - Masks/face coverings will be distributed to anyone outdoors for over 15 minutes
    - Masks/face coverings will be encouraged for use with sensitive groups

- **Adjust Programming & Supervision**: Activate “Indoor Day” schedule; move lunch, recess, or PE indoors where feasible.
    - Limit outdoor activities & after-school sports; provide optional indoor alternatives
    - Create a coverage plan (when needed) that combines and assigns non-teaching staff to supervision.

- **Communicate Clearly (Staff & Families):** Alerts with brief status updates, instruction, and policies should be distributed as soon a possible
    - Schedule a Town Hall / Q&A session of conditions persist
    - Share indoor AQI snapshots, purifier plan, and various campus supports.

- **Facilities & Cleaning**: Campus engineers will help with ash removal (hose/wipe surfaces) ; do not use blowers (prevents re-aerosolizing ash) or any other buildup that may cause air concerns for targeted response.
    - Air purifiers will be moved/augmented where needed.

- **Student Supports:** Upon re-opening or other “Indoor Days,” the site should share mental-health and community resources (food, shelter, 211 LA, etc.) and Counselors/Social workers should proactively reach Tier 3 students;
    - Independent Study (ISP): Students whose health would be put at risk by in-person instruction may qualify for ISP (parent/guardian determination triggers eligibility)

- **Early Dismissal Protocol:** Announce early closures with clear communication that includes specific pickup plans

    - Supervise remaining students in designated indoor spaces until a parent/guardian can pickup
    - Distribute face masks and discourage students from walking home when AQI is poor

- **Instruction & Learning:** Consider lesson flexibility: teachers adjust unit plans; deploy short SEL/wildfire lessons if appropriate; prepare emergency sub coverage.
    - If multiple days of school are impacted, consider limited remote activities (as appropriate) and ensure work is accessible/equitable.

IMPORTANT:
Consistently debrief with staff (what worked, what to tweak, schedules, purifier placement, etc. identify well-sealed indoor areas for "Indoor Day" activities;

LCFF Calculator Caveats

v.26.2 **8/1/2025**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General	The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.
	The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).
	The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.
	The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.
	EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.
NEW 2024-25	On the Data Entry tab, there are three new columns that include an additional three years of historical data for local educational agencies. These columns do not create calculations for these years, but may impact the three prior year calculations (PY3, PY2). Districts can use these to enter in audit adjustments or other necessary adjustments from reorganizations or mergers to their attendance, enrollment, unduplicated pupil counts, or charter shift increases or decreases.

FCMAT

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

Charter School Calculations

The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.

Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.

The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.

The calculator **does not** take into account the following:

- -District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization.
- -Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.

NEW 2025-26

- -The LCFF fire recovery protections for charter schools included in Education Code 46392(g). For specified charter schools that were damaged, destroyed, or directly impacted as a result of a state of emergency that was declared by the Governor in January 2025.

If any of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapted.

School District Calculations

2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22. PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts with necessary small schools should refer to the Instructions tab. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

- Basic Aid Choice
- Basic Aid Court-Ordered Voluntary Pupil Transfer
- Basic Aid Open Enrollment
- Basic Aid Supplement Charter School Adjustment

NEW 2025-26

- The calculator does not include the LCFF fire recovery protections for LEAs included in the 2025-26 Education Trailer Bill. A basic aid school district in Los Angeles County that loses local property tax revenue due to the Eaton and Palisades fires in January 2025 will be reimbursed from the state General Fund for losses in the 2024-25 and 2025-26 fiscal years. The reimbursement will follow a schedule submitted by the county and distributed by the state controller no later than September 30, 2025.

NEW 2025-26

The calculator accounts for the impact of district reorganizations that have been certified by the CDE via the PASE system to support more accurate projections. **Historical year projections may not align with CDE exhibits for those years**. To reconcile historical year calculations to CDE's LCFF Calculation exhibits, manual adjustments must be made to the ADA section for those years in the data entry tab. If needed, FCMAT recommends working with its team to align the historical year calculations with CDE's LCFF Calculation exhibit.

FCMAT
FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

LCFF Calculator Navigation

v.26.2 8/1/2025

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**.

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

5 Version Names will reflect the last two digits of the current projection year, followed by ".1" or ".2". If additional updates are needed, letter suffixes such as ".1a" or ".2b" will be used.
- version.1 includes prepopulated PY1-PY3 data from the CDE's P-1 Certification.
- version.2 includes prepopulated PY1-PY3 data from the CDE'sP-2 Certification.

For example, for the 2025-26 projection year, version **v26.1** includes P-1 certification data and version **26.2** includes P-2 certification data.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations**. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

FCMAT
FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

LCFF Calculator Navigation

v.26.2 8/1/2025

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.
- Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

- **EPA Miscellaneous Adjustments (P-2 Certification only) - cell L23:** For LEAs that need to update the version.1 (spring release) of the LCFF calculator with P-2 certification data before FCMAT publishes its version.2 (summer release), the row titled "EPA Miscellaneous Adjustments (P-2 Certification only)" has been added in the PY1 column, cell L23. LEAs should enter data in this field **only in late June, after the California Department of Education publishes the P-2 certification data and before FCMAT releases the version.2 LCFF calculator.** This field is only open in the version.1 of the calculator. An EPA miscellaneous adjustment is calculated once at P-2 and reported on the CDE's P-2 Education Protection Account exhibit, line D-2. This EPA miscellaneous adjustment offsets LCFF State Aid (object 8011).

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.
- **In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- **Necessary Small Schools:** School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- **TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- **Charter Shift ADA:** Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF. If "**Enter SCHL LCFF ADA**" or "**Enter SCHL FTE**" is in any of the cells in the NSS ADA/FTE section, school districts should enter in the ADA/FTE for the school, and select funding method, so the calculator can accurately project funding.
- **NSS Supporting Calculations**: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).
- **Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.**
- **Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.**
- **In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.**

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

(g) PRIOR YEAR GUARANTEE ADJUSTMENT FOR CHARTER SHIFT											
If applicable, enter prior year ADA for students transferring into or out of district schools and district-sponsored charter schools. Report the prior year ADA for these students in the current year field, using the grade span the students were enrolled in during the prior year(s). NOTE: *Legislative requiring the charter shift adjustment was suspended in fiscal years 2020-21 and 2021-22, no prior year ADA should be entered for these years.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS

Complete either section (a) or (b)

(a) ALTERNATIVE CALCULATION TOOL

Use this section to override the calculated in-lieu of property tax results.

	1. Clear the prepopulated number '1' from the box located to the right	1							
	2. Local calculation of total in-lieu property taxes								

(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)

Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

Environmental Charter Middle - Inglewood (127498)

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

SECTION 1: DATA NEEDED TO CALCULATE FUNDING

RATES **2022-23**

211 - 248	14	2,830,601	1,753,685
249 - 286	15	3,263,507	1,867,251
NSS Add-on per ADA		-	-

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

NSS Add-on per ADA	-		-

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

115 - 129	10	2,032,093	1,549,104

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

Funded COLA 2027-28	3.42%
Proration Factor	0.00%

LCFF Rates per ADA

	Base	Gr Span	Supp	Concen
Grades TK-3	10,927	1,136	2,185	2,788
Grades 4-6	11,092	-	2,009	2,564

Grades 9-12	13,236	344	2,460	3,139

Environmental Charter Middle - Inglewood (127498)

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

Environmental Charter Schools' Mission: ECS's **mission** is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from

college and create a more equitable and sustainable world.

Our Vision: ECS's **vision** is that our students are equipped with the knowledge and skills to graduate from college, inspired to discover their own sense of purpose, and empowered to become quality stewards of their communities.

ECS Vision

ECS will deliver a high-quality and safe program that attends to students' social, emotional and intellectual needs. Now more than ever, our students must engage in conscious critical thinking with their teachers and classmates. We must provide rigorous, engaging, equitable instruction to all ECS students to help them make sense of the world right now. As we develop an ECS education for this new normal, we will ensure that our approach is ***student-centered, collaborative, flexible, and sustainable****. As we reopen our campuses, ECS students, teachers, and staff will return ready for continued learning, teaching, and community-building.*

Although the Covid-19 pandemic requires that we observe strict mask wearing, social distancing, and hand-hygiene, ECS remains a tight-knit community of students and adults across four unique school communities. Even during these unprecedented times, ECHS-L, ECHS-G, ECMS-G, and ECMS-I are united by our shared mission and deep commitment to social justice. This document describes the way we will package critical elements of our program in order to deliver high quality instruction across the ECS network, with safety as a priority.

Our Values: At Environmental Charter Schools, we value:

JUSTICE We examine bias, racism and prejudice. We deliver culturally responsive curriculum. We succeed when students' race and class cease to predict their level of achievement. -Pedro Noguera

COMMUNITY We care. We collaborate. We respect the rights and voices of our stakeholders.

CURIOSITY We question. We explore. We innovate.

SUSTAINABILITY We think globally and act locally. We adapt. We encourage systems thinking to create a sustainable future.

LEADERSHIP We listen. We think critically. We advocate. We shift public discourse. We are our own superheroes.

Student Learning Outcomes

1. All students will think critically and demonstrate academic proficiency.
2. All students will practice community responsibility and environmental stewardship.
3. All students will develop their own sense of purpose.
4. All students will make choices that improve their physical health and emotional well-being.
5. All students will communicate clearly and build healthy relationships.

What is a Charter School?

Charter schools are public schools that offer families an alternative to traditional public schools. There are many different kinds of charter schools reflecting a myriad of educational approaches. ECMS is a school of choice and not bound to any geographic area. Any child in the state of California is eligible to attend ECMS.

Educational Program

The ECMS educational program is designed to develop in students the skills, knowledge, and attitudes that prepare them for success in college preparatory courses in high school and to be effective stewards of their communities. The curriculum is an integrated approach that addresses rigorous academic concepts in an authentic, interdisciplinary manner. Students take specialty classes to support their academic, social, and physical development, including College Readiness, Games and Movement (physical education), Arts and Handwork, and Green Ambassadors, an environmental education and leadership sequence. Hands-on and environmental service learning projects empower students to utilize their skills and energy to help solve our community's most pressing environmental issues.

Administration

The ECMS Administrative Team consists of the Superintendent, Principal, Assistant Principal, Dean, Counselor, Office Manager, and Campus Engineer. They are supported by Environmental Charter Schools' staff; including a Deputy Superintendent of Instruction and Director of Compliance & Operations. They participate in the creation and implementation of the school's policies and procedures. They are responsible for the financial integrity of the school and collaboratively coordinate the work done by the parent body to support the school. The Administrative Team focuses on curriculum, assessment, professional development, special education, student support, and campus safety. The Office Manager and other office staff are responsible for the front office, all communications relating to daily attendance, the maintenance of student records, and student needs.

Faculty

ECMS teachers are active in all parts of the school's life, governance, and community-building events. In addition to the full-time faculty, ECMS hires specialty teachers to teach arts/handwork and games/movement. Communication between school and home is critical to student success. Parents are encouraged to contact their student's teachers regularly. Teachers can be reached by calling the main office, sending a note, TalkingPoints or via email.

Board of Directors

The Board of Directors has final legal and fiduciary responsibility for all of the schools within the ECS network. It is comprised of business and education professionals, community members, and parents. It is the ultimate authority in financial and policy issues. To make informed decisions, the Board receives input and recommendations from the Administration. The Board is responsible for ensuring that the school's practices and educational outcomes are consistent with the approved charter petition. Board meetings are held regularly and are open to the public. All parents are invited to attend. Time and location of Board meetings are posted on the school's website and on the bulletin board outside the school's office.

Board Members

Dr. Betsy Hamilton (President), Denise Berger, Ed.D. (Secretary), Anthony Jowid, Zena Fong, Jenina Ramirez, Dr. Madhu Chatwani, Kennedy Hilario, Herb Sims, Mason Williams, Andrew Ellenbogen, LESD Representative.

Parent Participation: Site Council and PTA

The ECMS Site Council consists of two parents from each grade level. The Site Council members in the first year will be appointed by the administration and elected by the parents they represent every year thereafter. A member of the administration will attend Parent Council meetings and seek input on campus issues, clarify school policy and identify parent education needs. The Council elects a Governor who reports on parent activities to the ECS Board of Directors and works closely with the administration as a resource on calendaring and other issues that affect parent involvement activities. The Council's role is advisory and consultative. It has an important role in informing decision-making processes, but it cannot make decisions on behalf of the school. The PTA can include site council members, but can include as many parents as are interested. PTA members do not need to be elected to serve.

Family involvement is a key component of school success. At ECMS, parents participate in:

- Parent orientation program
- Helping with homework
- Reading the Parent Letter and other communication from school
- Reviewing and signing weekly progress reports
- Checking student's progress on PowerSchool
- Observing the school's programs and visiting classrooms, volunteering—including gardening, making props/sets for school plays, assisting in handwork class, chaperoning field trips, helping with fundraisers and fairs and participation in Parent Council and/or ELAC.
- Attending benchmark presentations, fairs, parent-teacher conferences, and parent education events.

Parents/Guardians also support ECMS and their child by meeting the terms of the parent contract (see page 40) they sign when enrolling. In this contract parents promise to:

1. Ensure their student **attends school** on time by 8:00am every day and stays the entire school day as required by law.

2. Bring their student to school **dressed in accordance with our school uniform dress code**, including outerwear and footwear.

3. Send their student to school with a backpack and **all the materials** needed for class each day.

4. Establish a **nightly homework routine** to provide a quiet place and regular time to do homework; sign Reading Logs each week; sign student's agenda and look at completed homework assignments as needed.

5. Check **Progress Reports** every single week; sign and return on Tuesdays; use PowerSchool to regularly check grades.

6. Read the **Parent Letter.**

7. Make an effort to attend **parent conferences and other parent meetings as needed including IEPs, SSTs or discipline-related parent shadows.**

8. Arrange for their student to be in **mandatory support classes** such as intervention and tutoring.

9. **Support their student's health**. Ensure they get enough sleep. Do not send gum, chips, candy, gatorade, soda or other sugary junk food to school for lunches or celebrations; send student with reusable water bottle.

10. Follow **school policies and procedures described in the Parent/Student Handbook, including the discipline process and supporting the Community Agreements.**

Additional Parent Expectations:

1. Establish routines and expectations, including monitoring a student's health each morning.
2. Monitor communication from your student's teachers.
3. Begin and end each day with a check-in regarding how the student is feeling, adapting, and responding to the new normal.
4. Take an active role in helping your student process their learning.
5. Establish times for quiet reflection.
6. Remain mindful of your student's stress or worry.

Your child's classroom teacher may have specific recommendations for parent participation in addition to those listed above.

Parent/Student/Teacher Conferences:
Parent/guardians must attend two mandatory meetings with their student's advisor each year, and one additional meeting if necessary.

- The first meeting is at the beginning of the year to meet the student's advisor, outline grade-level expectations, and discuss any issues parent or teacher finds important.
- The second, and if necessary, third meetings are to meet with your child's teachers to review academic and behavioral progress, test scores, and other relevant information. Bilingual staff members will be available to assist teachers who need help with translation.

Communication
Communication with your child's teacher is very important. At the beginning of the year, teachers will notify you of the best ways to contact them.

- Parents must make arrangements with the teacher or the office to schedule any and all visits.
- **Parents may not arrive during the instructional day, before or after school to meet with teachers unless arrangements have been made in advance with the teacher.**
- Teachers are available via talking points, telephone, email, and by appointment.

School information is always available via:

- Flyers
- Bulletin board in office
- Notes sent home with the student
- Automated phone calls/texts

During our New Normal, communication will happen as follows:

1. The school website (www.ecmsinglewood.org) will contain relevant parent information.
2. Parents will receive information via text, email, and our TalkingPoints app.
3. We will email a **Parent Letter** each week to all students and parents. These can also be found on our website.

PowerSchool is our online student information system. Parents receive a PowerSchool password at the beginning of the school year. With it, they can access PowerSchool using any computer with an Internet connection. There is a computer in the front office parents may use for PowerSchool access. On Powerschool, parents can see their student's scores on assignments, review absences, and see missing schoolwork. If you have questions about PowerSchool or need a new password, please contact the front office.

Student Work & Images
Environmental Charter Middle School may use photographs of children's work to document the life and growth of our school. There may be occasions when photographs of children performing or learning are part of that documentation. Please be aware that images of your child or their work

might be shared with the state or other schools as part of our effort to demonstrate the efficacy of our curriculum. If you do not wish for pictures of your child to be used, please contact the main office.

The Five Agreements—Community Agreements

The Learning Community program is designed to create a safe and supportive community for students. Teachers include community building activities in their lessons to ensure that students feel included and learn the skills they need to be successful members of a learning community. Parent support of our Community Agreements at home will help students avoid disciplinary problems.

Environmental Charter Middle School students are expected to follow the Five Community Agreements:

1. Attentive listening
2. Appreciations/No put downs
3. Right to Pass & Right to Participate
4. Mutual Respect
5. Mindfulness

In following the Five Community Agreements students will:

- Demonstrate respect for and cooperate with all adults at school.
- Treat schoolmates with respect, both in the classroom and on the playground.
- Be in class on time at 8:00am and prepared to do work.
- Complete all assignments in a timely manner, both in class and at home, to the best of their abilities.
- Follow all school rules and behavior codes, including no fighting, play fighting, threatening, cyberbullying, bullying or put-downs.
- Accept responsibilities and consequences for their choices.
- Contribute to creating an atmosphere where school is a place to feel safe and supported in the learning process.
- Deliver all home-school communications promptly.
- Treat our school environment with respect.
- Participate in classroom activities.

Student Success Team

To assist our staff in better identifying and meeting the needs of underachieving students, our school utilizes a Response to Intervention process. The Tiered Intervention process begins in the classroom with teachers' expectation that all students shall succeed. ECMS teachers will use multiple assessment tools to monitor student progress and implement differentiated instruction to meet the needs of individual students.

If these adjustments are not sufficiently effective to resolve concerns, the core teachers will meet to evaluate student strengths and challenges and collaborate on possible strategies to support student success. The student's situation is re-evaluated at each subsequent core-team meeting and, if insufficient progress is made, a Student Success Team meeting is scheduled. Teachers, parents or administrators may schedule a Student Success Team (SST) meeting.

Student Success Teams are a formal way to address concerns administrators, teachers or parents have regarding a student. Student Success Teams can address social, academic or behavioral concerns. A Student Success Team consists of the classroom teacher, parents, administrator and/or other suitable staff members (e.g., teachers or staff with appropriate expertise or special knowledge of the student or situation). Depending on the child's age and the situation, the child may be a member of the Student Success Team.

During an SST meeting, participants explore the issue of concern, strategies used previously to address the issue and brainstorm future strategies. SST meetings can result in the creation of either a "Student Behavior Contract" or a "Student Success Plan." Both can include strategies to be implemented by teacher, administration, parent and/or student. The Student Success Plan describes strategies to be implemented to help the student improve in identified academic areas and, in some cases, includes a behavior contract. The Student Success Plan also includes goals and benchmarks for student achievement, time frames for progress, and follow-up meeting dates.

The SST is not a special education function. It is not subject to the special education timelines or legal requirements. The conclusion of the SST process may result in the referral for services through the provisions of a Section 504 Plan, services for English Language Learners, G.A.T.E., academic remediation, or for Special Education Assessment. ECMS will refer a student for a special education assessment when the team identifies that the modifications or assistance provided in the general education classroom is not sufficient in meeting the student's needs.

Student Success Team meeting request forms are available at the school office. Parents may request a Student Success Team meeting after having met with their classroom teacher and/or administrator regarding their concerns.

Students with Special Needs

As a public school within California, state law requires all charter schools to identify and assist students with academic, physical, or social/emotional issues that may impede their school performance. ECMS serves its special education students with an onsite special education teacher who collaborates with classroom teachers and provides resource support to students. We also receive support from the El Dorado SELPA.

If your child has previously received special education and/or been served under a 504 Accommodation Plan at another school, it is the responsibility of the parent to notify the school that the student has an IEP or a 504 plan upon application. If you have indicated your child has an IEP or a 504 plan, our special education coordinator will contact you to discuss continued services.

Students with disabilities may be eligible to receive special education services. These services are based on assessment and determined by an Individualized Education Program (IEP) team, which includes the parents, on-site special education coordinator, classroom teachers, and administration. Special education services are designed to meet the unique educational needs of students. Such services may include support, instruction and accommodations in the general education classroom, speech, occupational therapy or other settings.

Section 504 of the Rehabilitation Act of 1973 (Section 504) is a federal civil rights law that prohibits discrimination against individuals with disabilities in programs and activities that receive financial assistance from the US Department of Education. Section 504 requires that students with disabilities be provided a free and appropriate public education (FAPE), a program designed to meet the educational needs of students with disabilities as adequately as the educational needs of students without disabilities. For students who are not eligible for special education services, but meet the federal definition of disabled under Section 504, a Section 504 Plan is developed which indicates the accommodations, supplementary aids and or services that will be provided to assist the student in accessing the general education program.

Attendance

Every student is expected to attend school on a daily basis by 8:00am, unless there is a valid reason for his/her/their absence. Education Code 48400 states that each person between the ages of 6 and 18 years is subject to compulsory full-time education. Regular and prompt attendance is extremely important to every student's success in school. **Students who have good attendance have higher grades, enjoy school more, and are much more appealing to prospective high schools.**
Additionally, missing school can make it difficult to make up classwork. If coming to school regularly is a concern please contact the front office immediately so strategies can be put in place to encourage regular attendance.

During our new normal attendance will be taken by the teacher at the beginning of every class period and monitored throughout the class period. Students are expected to be present throughout the entire class period. Additionally, assignments will be distributed, and teachers will monitor student participation during class.
Each morning, the office will contact the parents of students who are absent from their classes. **If your child is sick, please call the office as soon as possible in the morning. Any students demonstrating any flu-like symptoms, will be quarantined on campus and parents will be called to pick the student up.**

Truancy

Students are truant when:

- Absent from school without a valid excuse.
- Absent for more than any 30-minute period during the school day without a valid excuse on **three occasions** in one school year
- Any combination of the above

Chronically Truant

- Absent for more than 10% of the school year

Attendance Challenges Interventions

- Student/Counselor Meetings
- Action Plans
- School Attendance Review Team Meeting
- Home Visits

Students who are considered Chronically Absent will be referred to the School Attendance Review Team for intervention.

The following excuses are <u>not</u> excused absences. Unexcused absences/truancy may include the following:

- Personal business
- Car problems
- No clean clothes
- Rain
- Walk out/demonstrations
- Personal travel

<u>If your student has an excused absence</u> or is tardy they must:

- Report to the office accompanied by a parent/guardian before going to the classroom if tardy
- Turn in a note to the main office upon return from an absence and sign in
- Obtain a pass to class or a tardy slip
- Return to class

Students with excessive tardies or absences will be notified and must adhere to the requirements of the school's tardy and/or attendance process. Students are also responsible for making up missed work with the individual teacher.

<u>Early Pick Up</u>

We discourage parents from picking students up early, but if your child must leave early, parents must go to the office and sign their child out. Parents may not go to the classroom to get their student.

We also encourage you to <u>keep your Emergency Contact information current</u>, so we can reach you when your child needs to go home. If we cannot reach you, then we will call the other emergency contacts on your contact list. Students will only be released to people on the emergency card. *Repeated inability to reach parents and emergency contacts may result in referral to the Department of Children and Family Services.*

<u>Medication/Health Services</u>

ECMS's health services are offered in the Main Office. Although **ECMS does not have a health specialist on staff,** a trained staff member is available to provide basic assistance during school hours. Students needing health services during school hours should go to the main office, sign in, and wait for instruction or directions.

<u>Prescription and Non-Prescription Drug Policy</u>

When a student must take any medication at school, a parent or guardian must:

- Bring the prescription or non-prescription medication to the office in its original container with the student's name, physician's name and the name of the medication.
- Clearly label the dosage and time the medication is to be administered.
- Bring in proper medical forms filled out (please see the main office for these forms).
- Pick up medication at the end of each school year or when the illness is over.

Students must report to the main office when the medication is to be dispensed. **Students may not carry prescription medication while at school, with the exception of asthma inhalers.** Please notify office personnel if students are carrying inhalers.

Students may not carry non-prescription items including, but not limited to, cough drops, ibuprofen, acetaminophen, and/or allergy medicine.

Lunch and Snacks

Environmental Charter Middle School-Inglewood participates in Provision 2 for the National School Lunch Program and School Breakfast Program, providing breakfast and lunch to all students at no charge. The school breakfast and lunch that we serve follows U.S. Department of Agriculture guidelines for healthy school meals. If you need more information about this program, please contact our front office at 310-793-0157. **Please note that outside meals ordered for delivery to school are not allowed in order to meet health and safety requirements.**

New Normal Food Distribution: Environmental Charter Middle School-Inglewood will provide breakfast and lunch to every student. If you need more information about this program, please contact our front office at 310-793-0157.

Sack Lunches

Students may bring lunch from home if desired. Students should bring a fork and a cloth napkin. Do not send sugary foods. **Gum, chips, candy, gatorade and soda are not allowed.**

Students who are bringing a sack lunch should have:

- A healthy lunch including vegetables, fruit, and whole grains
- A plain, logo free reusable container or lunch box for their lunch
- A reusable water container – single use plastic bottles SHOULD NOT be brought

Due to the possibility of severe allergic reactions and a variety of other considerations, **we request that children do not share food**. If your student has a food allergy, please notify the main office and note it on the emergency card. If you order school lunch and your student has a food allergy you must bring documentation from your medical provider in order to receive an alternate meal.

New Normal Classroom Expectations:

- Establish daily routines for participating in a regular school day (monitor student health)
- Wear a comfortable, well-fitted mask indoors.
- Wash and/or sanitize hands before entering and after exiting a classroom.
- Maintain social distancing, whenever possible.

Other New Normal Classroom Expectations:

- Communicate proactively with your teachers (i.e. if you can't complete an assignment on time or need additional support, email or message your teacher)
- Collaborate and support your ECMS classmates in their learning and safety.

- Communicate with any other adults if you have needs outside of the classroom (i.e. safety support, technology issues).

Technology

ECS 1-TO-1 STUDENT CHROMEBOOK PROGRAM

Program Purpose

The purpose of the ECS 1-to-1 Student Chromebook Program is to provide access to distance learning and to help students develop 21st century skills. Providing every student access to a computer and the internet ensures they can fully participate in distance learning and helps students develop technological skills they will need for the future.

Device Purpose

ECS is supplying middle and high school students with a Chromebook device. This device is property of ECS. The supplied instructional device's function will be to provide each student access to required educational materials needed for each student to be successful. The Chromebook allows student access to Google Apps for Education, teleconferencing, educational web-based tools, as well as many other useful sites. The supplied device is an educational tool not intended for gaming, social networking or business use, and may not be shared with household members for their use.

The policies, procedures, and information in this program apply to all Chromebooks issued to ECS students. Teachers may set additional requirements for Chromebook use in their classroom. See the full ECS 1-to-1 Student Chromebook Program at https://bit.ly/3H9uEFW for details.

On-campus Dress Code

Dress code is plain, solid-colored polo shirts and plain pants or shorts. All clothing must fit comfortably, so it does not interfere with students' ability to jump, run, and climb.

- **Shirt**: *White, Navy Blue, Black, Lime Green, Teal,* polo or knitted style shirt with short or long sleeves. All shirts must have collars.
- **Outerwear**: Jackets, sweaters or sweatshirts must be solid colors and logos must be no larger than quarter size: *White, Navy Blue, Black, Lime Green, Teal*. Uniform must be visible under the outerwear.
- **Bottom**: Black, Gray, Khaki colored jeans, chinos, dress pants or skorts/shorts.
- **Shoes**: flat, comfortable, and closed-toed that allow for running. No wheeled shoes.

Other Rules and Regulations On Campus:

- Pants cannot fall below the waist, be baggy or sag, and may not contain designs
- No sweat pants or Dickies
- No blue jeans or denim pants
- Black leggings may be worn only with shorts or skirts
- Skirts, shorts, and skorts must be knee length
- Belts: solid black, brown or blue, no adornment on belt or buckle

- Students should wear flat, comfortable, closed-toed shoes.
- Students not in uniform will not be permitted to attend field trips.
- No bandanas or 'do-rags'.
- The wearing of hoods, hats and beanies is strongly discouraged inside the classroom.
- Plain sun hats are allowed on the playground.
- Perfumes, colognes, scented body sprays (for example, Axe or Body Shop), aerosol deodorant and scented lotions **may not be brought to school.** Students may apply them before coming to school, and, if they wish, use unscented deodorants or lotions at school.

Dress Code Compliance

If a child's clothing does not conform to the dress code, they will receive a warning and parents will receive a call. If non-compliance is repeated, a referral may be written. A meeting may be held if necessary.

Enrollment Procedures

Admission to ECMS is open to any child who resides in California. Applications for admission will be available in January. Application information will be posted on our website. Siblings of ECMS students have a preference in enrollment. If more applications are received than seats are available, there will be a random public lottery held in mid-March.

The decision to admit a pupil previously expelled from another school district or charter school shall be at the sole discretion of ECMS's principal or designee.

Re-Enrollment Procedures

Each spring, enrolled students will need to notify ECMS of their intent to return the following year.

- Deadline for re-enrollment notification is the first Monday in February. This deadline will be posted in the Parent Letter.
- Re-enrollment forms will be shared via schoolmint and will distributed via the student's advisory teacher if the circumstance allows. The form can be found at the end of this handbook.
- If ECMS does not receive notification of re-enrollment by the deadline, a student's space may be given away.
- Students who lose their space may apply for re-admission. Their application will be treated the same as any other applicant's.

Retention Policy

Upon enrollment at ECMS, students whose previous year's Reading and Math state test scores are far below proficiency and/or students who score more than three years below grade level on the NWEA Measures of Academic Progress (ECMS's diagnostic assessment), will be identified as at risk of retention. The following will take place for those identified as at risk of retention:

- Parents will be promptly informed of the student's academic standing.
- Student will be admitted to the SST process for academic support.
- An academic plan will be developed with the teachers, parents, and student.
- The student will receive supplemental support services such as: one-to-one instruction by the classroom teacher and/or aide, computer programmed learning tutorial to address

specific individual needs, after school mathematics and/or literacy lab, or a small-group class within the school day (in lieu of a specialty class).
- Student success will be regularly monitored with recommendations.

ECMS does not endorse social promotion and is committed to helping students achieve the necessary skills to progress from grade to grade yearly. Each student will be assessed individually according to his/her total needs. The promotion and retention of special education students will be determined according to their Individualized Education Plan (IEP).

Student Safety

Drop off & Pick Up

Staff supervises the yard during pick-up and drop-off. Supervision at the end of the day is not available after pick up time, unless students are enrolled in the after school program or participating in tutoring. The Police and/or Department of Child and Family Services will be contacted if a child is not picked up by the close of the after school program.

Emergency Contact Information

Please be sure that your emergency contact information is up to date. The office uses this information whenever a child is ill, injured or needs to go home for any reason.

Emergency Plan

The school has an emergency plan in place and works to inform parents when emergencies occur. Please request a copy of our emergency plan if you have questions.

Discipline Policy

The purpose of discipline is to both facilitate learning in the classroom and to teach students self-regulation skills that will serve them in all areas of their lives. ECMS supports student behavior through our social emotional program, counseling services, developmentally appropriate educational program and Restorative Justice practices.

ECMS's progressive discipline policy provides a progression of interventions that accompany each successive disciplinary referral. When a student receives a disciplinary referral they meet with the principal, dean, assistant principal or counselor and reflect on their actions, take a cooling-off period, and receive help in resolving ongoing issues. School activities and privileges may be revoked as a consequence with any referral. When a student violates classroom rules, teachers use interventions, such as verbal reminders, moving a student's seat, one on one after class conversations, or a phone call home. After documenting **four** interventions, **including a phone call home**, teachers issue students a disciplinary referral.

For highly disruptive or unsafe behaviors, students can receive an **immediate referral**. More serious school violations, include, but are not limited to:

- Physical violence
- Threatening others
- Vandalism (**intentional destruction of or damage to school property**)
- Jeopardizing the safety of others

- Theft any other illegal or dangerous activities

These violations may result in immediate suspension or referral for expulsion. Bathroom vandalism on school property will lead to an immediate consequence.

Progression of Disciplinary Referrals

First Referral

- Student reflects on actions & meets with staff or student that was impacted
- Student loses recess or school activities (at least 1 day)
- Student meets with Dean, Counselor, Assistant Principal, or Principal
- The Dean, Counselor, Assistant Principal, or Principal calls parents to inform them of the situation.
- Student performs repair for his/her/their actions

Second Referral

- Student reflects on his/her/their actions
- Student & parents **meet** with Dean, Counselor, Assistant Principal or Principal in person
- Student loses recess or school activities (at least 2 days)
- Student performs repair for his/her/their actions

Third Referral

- Student reflects on his/her/their actions
- Student & parents **meet** with Dean, Counselor, Assistant Principal or Principal
- Student **loses** recess or school activities (at least 3 days)
- Student performs repair for his/her/their actions
- Parent must spend a day at school "shadowing" their student*
- **Student is referred for counseling or other remediation**
- **Student may not participate an upcoming field trip without a parent chaperone**
- Parent and student recommended to visit student's resident school in case of expulsion

Fourth Referral

- Student reflects on his/her/their actions
- Student & parents meets with Principal
- Student loses recess or school activities
- **Student will receive a behavior chart/ accountability report**
- **Student must perform an act of service/big repair project to make up for the impact of his/her/their actions on his/her/their community**
- Parent and student recommended to visit student's resident school in case of expulsion
- **Student may lose fieldtrip privileges for the semester**
- **8th grade students may not participate in end-of-year activities**
- **Student may be suspended**

Fifth Referral

- Student reflects on his/her/their actions
- Student & parents meet with Principal

- Parent must spend a day at school “shadowing” their student
- Student loses recess or school activities
- Student must perform an act of service/big repair project to make up for the impact of his/her/their actions on his/her/their community
- Student is referred for counseling or other remediation
- **8th grade students may not participate in culmination ceremony**
- **Student & parents sign a probationary contract, which if violated will result in referral for expulsion**
- **Student may be suspended**

Sixth Referral

- **Student is suspended**
- **Student is referred for expulsion**

Dehumanizing Language or Actions Targeting Race/Ethnicity, Gender, & Sexual Orientation
ECMS is a school that will provide a safe space for all students and will ensure that they are not subject to dehumanizing language or actions based on their race/ethnicity, gender and/or sexual orientation. Students who make others feel less than or unsafe through the use of dehumanizing language that targets, race/ethnicity, gender and/or sexual orientation are subject to disciplinary action.

1st Incident:

Reflection Break, and conversation with Administrator (Intervention)
Parent is notified
Restorative process
Intervention

2nd Incident:

In addition to the actions listed above
Student(s) will complete a 2-page writing assignment which will include the following:

1. History & significance of the language used
2. Implications of the language used
3. Reflection: What did you learn through this process? What lessons will you apply in your life?

*The letter must be signed by a parent or guardian.
*Students will have 1 week to complete the writing assignment.
*Writing Assignment will be turned into administration / counselors and a follow-up conversation will occur

Student may be required to make presentations to a class or classes or a group of stakeholders. Students will receive a referral and parent contact.

3rd Incident + after:

Student(s) receive a Referral and a **parent conference is held.**

Administration reserves the right to administer a referral after any incident involving dehumanizing language or actions based on their judgment of the severity of the harm, as well as the intention behind the usage of the language or the actions that took place.

Bullying and Harassment

Here at ECMS, our mission is to foster student growth and development by creating a safe space for students to learn academically and socially. Bullying, Cyber Bullying, or any other form of harassment of students and staff will not be tolerated. "Bullying" means any severe or continuing physical or verbal act or conduct, including communications made in writing or electronically, directed toward one or more students that are likely to frighten students, interfere with their participation in school or put down in any way.

Cyber Bullying and Harassment

ECMS will foster student growth and development. ECMS will ensure the learning environment is a safe space for all students. ECMS and teachers will build community and trust using Restorative Practices and our Community Agreements. We ask for parents and families to work in partnership to help prevent and address any Cyberbullying.
Cyberbullying is bullying that takes place online over digital devices. Examples of cyberbullying include hateful or mean texts, social media posts intended to spread rumors, embarrassing or fake images, or inappropriate or threatening direct messages.

Academic Honesty/Cheating

It is our expectation that students take responsibility for their learning and experience the pride that accompanies academic achievement. This ensures a positive learning environment that emphasizes intellectual integrity. Plagiarism/cheating impedes a student's academic progress and compromises the trust between teacher and student, which is fundamental to the learning process. Cheating/plagiarism will lead to disciplinary action.

Cheating and/or plagiarism includes but is not limited to:

1. Receiving or providing information during a test or for a test given in an earlier period.
2. Using material on tests when the teacher has not given permission to do so.
3. Violating the teacher's testing rules and procedures.
4. Using somebody else's writing (word for word—or almost word for word) and using it as your own (plagiarism) or using somebody else's ideas and saying they are your own and not giving credit. This includes downloading text from websites and using them as your own work.
5. Using or copying another student's assignment to turn in as your own work.
6. Allowing other students to use your work on assignments with the exception of specific group, lab, or collaborative projects.

Suspension/Expulsion Procedures

Since the Suspension/Expulsion procedures can have an extremely significant impact on both the student and the school, ECMS adheres to the following guidelines:

Grounds for Suspension and Expulsion

ECMS's rules and procedures for suspension and expulsion are intended to afford students due process rights. The decision to recommend suspension or expulsion of a student will be at the discretion of the Administrator or the administrative designees. A student may be suspended or expelled for any of the acts that are enumerated in this section and that are related to school activities of any kind. These acts may occur:

- While on school grounds
- While going to or coming from school
- During, or while going to or coming from, a school-sponsored activity

A pupil shall not be suspended from school or recommended for expulsion unless the Superintendent or Principal of the school in which the pupil is enrolled determines that the pupil has:

- Recklessly caused, attempted to cause, or threatened to cause physical injury to another person or willfully used force or violence upon the person of another, except in self-defense.
- Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object, unless in the case of possession of any object of this type, the people had obtained written permission to possess the item from a certificated school employee, which is concurred in by the Principal, or the designee of the Principal.
- Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance listed in Chapter 2 of Division 10 of the Health and Safety Code (commencing with §11053), an alcoholic beverage, or an intoxicant of any kind.
- Unlawfully offered, arranged, or negotiated to sell any controlled substance listed in Chapter 2 (commending with §11053) of Division 10 of the Health and Safety code, an alcoholic beverage, or an intoxicant of any kind, and then either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.
- Committed or attempted to commit robbery or extortion.
- Recklessly caused or attempted to cause damage to school property or private property.
- Stolen or attempted to steal school property or private property.
- Possessed or used tobacco, or any products containing tobacco or nicotine products, including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, e-cigarettes, vaporizers, smokeless tobacco, snuff, chew packets, and betel. However, this section does not prohibit use or possession by a pupil of his or her prescription products.
- Committed an obscene act or engaged in habitual profanity or vulgarity.
- Had unlawful possession of, or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in §11014.5 of the Health and Safety Code.
- Knowingly received stolen school property or private property.
- Possessed an imitation firearm.
- Committed or attempted to commit a sexual assault or committed a sexual battery.

- Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding for the purpose of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.
- Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- Engaged in, or attempted to engage in hazing.
- Engaged in an act of bullying. Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act.
- Aided or abetted the infliction or attempted infliction of physical injury to another person (suspension only).
- Committed sexual harassment.
- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence.
- Engaged in harassment, threats, or intimidation directed against school district personnel or pupils.
- Made terrorist threats against school officials and or school property.

Mandatory Grounds for Suspension/Expulsion
A student may be suspended or expelled if the Superintendent or Principal determines that a student committed one of the following acts at school or at a school activity off school grounds:

1. Possessing, selling or furnishing a firearm
2. Brandishing a knife at another person
3. Selling a controlled substance
4. Committing or attempting to commit sexual assault or committing sexual battery
5. Possession of an explosive

Procedures for Suspension and/or Expulsion and Rights of Students Ensuring Due Process

Informal Conference
When a situation involving a student arises that calls for suspension, an informal conference will be conducted by the administrative staff and will include the student and the student's parents/guardians. In the case of an emergency situation, where a clear and present danger exists that threatens the health and safety of students or school personnel, the student may be suspended without a conference. Should a student be suspended without a conference, the parent/guardian will be notified of the suspension and a conference will be held as soon thereafter as reasonably possible.

Notice to Parents/Guardians
At the time a suspension is recommended, a member of the administrative staff or designated personnel will make reasonable attempts to contact the parent/guardian immediately via telephone. If the parent cannot be reached immediately by telephone, staff will continue to follow up throughout the day or attempt to contact the parent in person (for example, when the parent picks the student up from school). In addition, a written notification will be sent home promptly. The written notice will detail the incident and specify the grounds for suspension, including the recommended date(s) of suspension. The notice will request a conference with the parents/guardians, if one has not already been conducted, and will require parents/guardians to respond to this request immediately.

Length of Suspension
The maximum number of days of suspension for a single incident is five (5) consecutive school days unless the administration and parents/guardians agree to a longer term or under the circumstances set forth in the expulsion procedure. For suspensions exceeding five days, a second conference will be scheduled with the parent/guardian upon completion of the fifth day of suspension to discuss the progress of the suspension. The total number of days for which a student may be suspended shall not exceed 20 school days. Upon return from suspension and before returning to class, the student and parent must participate in a post-suspension conference with administration.

Provisions for Students' Education While Suspended
ECMS will make all reasonable arrangements to provide the student with classroom materials and current assignments to be completed by the student at home during the suspension.

Administrative Hearing
Upon a suspension that may lead to a recommendation by the Principal or designee for expulsion, the pupil and the pupil's guardian or representative will be invited to an administrative hearing to determine if the suspension for the pupil should be extended pending an expulsion hearing.

Expulsion Hearing
The decision to recommend expulsion of a student will be at the discretion of the Principal or the administrative designees. The decision to expel rests with the ECS Board appointed Expulsion Committee. Students may be recommended for expulsion if either of the following conditions exist:

- Repeated violations persist and other means of correction have been unsuccessful in bringing about an improvement in behavior.
- The severity of the violation is such that the presence of the student poses a continuing threat to the health and safety of the student or others.
- Possessing, selling or furnishing a firearm.
- It is a federal mandate that a school expel, for a period of not less than one year (except on a case by case basis) any student who is determine to have brought a firearm to school.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing will be held within 30 days after the administrative staff determines that the student committed an act subject to expulsion. The hearing will be presided over by a fair and impartial panel of representatives assigned by the ECS Board of Directors.

Written notice of the hearing will be forwarded to the student and the student's parent at least 10 calendar days before the date of the hearing. This notice will include:

a) The date, time and place of the hearing.
b) A statement of the specific facts, charges, and offenses upon which the proposed expulsion is based.
c) A copy of ECMS-I's disciplinary rules that relate to the alleged violation.
d) The opportunity for the student or the student's parent to appear in person at the hearing.
e) Parent's right to review all evidence and question witnesses.

f) Parent and student due process rights.
g) Parent has a right to be represented by an attorney.
h) Parent has a right to bring witness, written statements, and/or written documents.
i) Notice of the student or parent's obligation to inform any new district in which the student seeks to enroll of the student's status with ECMS.

Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Principal or designee to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Written Notice to Expel
The Principal or designee, following a decision of the ECS Board Expulsion Committee to expel, shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

a) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension and Expulsion."
b) Notice of the right to appeal the expulsion. Expulsion appeals shall be brought to the ECS Board of Directors.
c) Notice of the student or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the ECMS.
d) Rehabilitation Plan for student

The ECMS Principal or Designee shall send written notice of the decision to expel to the student's district of residence and the Los Angeles County Office of Education (LACOE). This notice shall include the following:

a) The student's name
b) The specific offense committed by the student for any of the acts listed in "Grounds for Suspension or Expulsion"
c) Rehabilitation Plan

Rehabilitation
Pupils who are expelled from ECMS shall be given a rehabilitation plan upon expulsion as developed by the ECS Board-appointed Expulsion Committee at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to ECMS for readmission.

Alternative Educational Programs for Expelled Students
If a decision is made to expel a student from ECMS, the school will work cooperatively with the student's district of residence (Student Discipline Proceedings Unit for former LAUSD students) and/or county to assist with the educational placement of the expelled student. As permitted by law, ECMS will communicate any incident of violent and/or serious behavior to the district/school to which the student matriculates.

Readmission
The decision to readmit a previously expelled pupil shall be at the sole discretion of the Board of Directors' designated expulsion panel and based upon the pupil having met the requirements and goals of the rehabilitation plan. The pupil's readmission is also contingent upon the capacity of ECMS-I at the time the pupil seeks readmission.

Suspension and Expulsion Periodic Review
The ECS Board of Directors or a committee appointed by the Board will hold an annual review of the Suspension and Expulsion. During the review, the Board of Directors and/or a committee appointed by the Board will make any necessary modifications to the list of offenses for which students are subject to suspension or expulsion.
Discipline of Students with Disabilities
In the case of students with disabilities, ECMS will comply with the discipline procedures as set forth in the Individuals with Disabilities Education Act (IDEA). For students who receive special education services, the maximum number of suspension days cannot exceed a total of 10 school days in a school year. ECMS will follow IEP components in terms of student discipline. ECMS will work with the Special Education Program Coordinator within the Local District Office that serves its geographical area if it is determined that an alternative placement is in order.

Discipline of Students with 504 Plans
Students with Section 504 Plans will be afforded the following protections: As the 504 student's cumulative suspensions approach a total of 10 days, the Student Success Team must meet to hold a re-evaluation meeting. The purpose of this meeting is to determine whether the misconduct of the student is caused by the student's disabling condition and whether the student's current educational placement is appropriate. If the student's Section 504 Plan and placement are appropriate, and if it is determined that the behavior is not the result of the student's disabling condition, the school may proceed in the same manner as it would with non-disabled students.

ECMS Policies

Anti-Bullying Policy
A healthy, positive school environment helps students learn and develop; preventing and responding effectively to bullying are therefore fundamental to achieving our mission and vision.

ECMS Inglewood **will not tolerate** intimidation, harassment or bullying that infringes on the safety and well-being of any student. Bullying is unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Bullying includes: direct physical contact, such as hitting or shoving; verbal assaults, such as

teasing or name-calling; and social isolation or manipulation. **Bullying can occur via electronic communication or social media.** Our full bullying policy is available in the school office.

ECMS Inglewood expects students and/or staff to immediately report incidents of bullying to the principal or designee. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity.

Per the Community Agreements, students are expected to treat others with respect. Violations of these Agreements or school expectations may result in disciplinary action.

- Any student who engages in bullying may be subject to disciplinary action up to and including expulsion.
- Students can rely on staff to promptly investigate each complaint of bullying.
- The school will make reasonable efforts to keep a report of bullying and the results of investigation confidential.
- If the complainant student or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact the principal or the counselor.
- **ECMS Inglewood prohibits retaliatory behavior against any complainant or any participant in the complaint process.**

Behavioral Expectations during New Normal

While our school returns to in-person instruction, the same behavioral expectations regarding student conduct, bullying, cyber bullying or academic honesty, will continue to be in effect. In addition, the following expectations relate to our expectations for students' behavior to ensure the safety of all students on campus.

The Five Agreements—Community Agreements

The Learning Community program is designed to create a safe and supportive community for students. Teachers include community activities in their lessons to ensure that students feel included and learn the skills they need to be successful members of a learning community. Parent support of our Community Agreements at home will help students avoid disciplinary problems.

Environmental Charter Middle School students are expected to follow the Five Community Agreements:

1. Attentive listening
2. Appreciations/No put downs
3. Right to Pass & Right to Participate
4. Mutual Respect
5. Mindfulness

In following the Five Community Agreements students will:

- **Demonstrate respect for and cooperate with all adults.**
- Follow all school rules and behavior codes, including no threatening, bullying or cyberbullying or put-downs.
- Follow all health & safety protocols, including mask wearing, hand sanitizing and distancing whenever possible.
- Accept responsibilities and consequences for their choices.
- Contribute to creating an atmosphere where school is a place to feel safe and supported in the learning process.
- Treat our school environment with respect.

Pupil Fee Policy

ECMS Inglewood students are not required to pay any fees, deposits, or other charges for their participation in any educational activity which is an integral part of our school's educational program, including curricular and extracurricular activities. Students are responsible for the replacement cost of books or materials that are loaned to them, if they are damaged or not returned. When the ECS Board approves fees that are authorized by law (Education Code 49011). they shall consider students' and parents/guardians' ability to pay when establishing fee schedules and granting waivers or exceptions.

Fundraising can help develop students' sense of social responsibility and bring valuable resources to our school. However, students will not be barred from an event or activity because they did not participate in fundraising and donations are always voluntary.

Concerns or questions about fees should be brought to the school principal. The complete pupil fees policy is available in the school office. Unresolved concerns can be submitted to the Superintendent and/or submitted through the Uniform Complaint Procedure.

Suicide Prevention and Intervention

Suicide is a major cause of death among youth. Our staff is trained to recognize the risk factors and warning signs of suicide and our counseling office is ready to connect students and families to resources that can help youth in crisis.

If you believe that your child is thinking about suicide, approach the situation by asking. Asking is the first step in saving a life and can let them know that you are there for them and will listen. If you need IMMEDIATE assistance due to a life threatening situation, call 911. For a psychiatric emergency, contact the Department of Mental Health 24-hour ACCESS Center at (800) 854-7771.

Our suicide prevention policy is available in the office.

Tobacco Free School Policy
Environmental Charter Schools have a 100% tobacco free school policy. This policy prohibits all tobacco use by everyone, everywhere on campus, at all times – including school events after regular school hours. This policy also prohibits students from bringing tobacco products on campus. A copy of the new policy is available in the office.

Marijuana, Illicit Substances, Vaping and Alcohol Prevention and Prohibition Policy
Environmental Charter Schools does not tolerate the use, possession, or sale of marijuana, illicit substances, alcohol, or related paraphernalia by students, staff, or visitors during school hours on school campuses or outside of school hours at school-sponsored activities. School administrators will take immediate action to prevent, discourage, and eliminate the use or possession of any of these substances or related paraphernalia, including but not limited to a search of student backpack and personal belongings if there is reasonable suspicion that the student is in violation of this policy. In cooperation with community agencies in disciplining students in violation, school administrators may use prevention-education, direct intervention, suspension, or expulsion, on a case-by-case basis to keep the school drug and alcohol-free.

Environmental Charter Schools also prohibits the use of electronic nicotine delivery systems (ENDS), such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all ECS property and in ECS vehicles at all times. ENDS are often made to look like cigarettes, cigars, and pipes, but can also be made to look like everyday items such as pens, asthma inhalers, and beverage containers. If found on ECS property or during an ECS activity in the possession of a student, ENDS/vaping devices will be confiscated and disposed of.

Sexual Health and HIV Prevention Education Policy
The California Healthy Youth Act requires charter schools to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that students in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.
3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act.

4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by ECS personnel or outside consultants.
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.
6. When ECS chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of: a) The date of the instruction, and b) The name of the organization or affiliation of each guest speaker.

Abuse Reporting Policy
ECMS employees are required by law to report any suspected child abuse to the Department of Children and Family Services for investigation. (Tel: 1-800-540-4000). These reports are confidential and staff cannot provide any specific information regarding reports to parents. Complaints filed by parents will be referred to local law enforcement for investigation.

Federal and State Laws Affecting Family Educational Rights and Privacy (FERPA)
The privacy of school records is protected by federal and state laws, which cover nearly every type of pupil. School employees and district officials, who have a legitimate educational interest, have a right to access pupil record information without the consent of the parent or student. Other individuals or agencies may be authorized to access, review and/or obtain pupil records by court order or by statute. Under the law, a school district may identify certain categories of information as directory information and may provide directory information to certain individuals, officials and organizations identified by the district as those who have a legitimate need to know. Some student records such as discipline, special education or psychology records may be maintained in local district or central district offices. Parents have the right to file complaints regarding District procedures affecting rights of privacy with California State Department of Education and/or the Family Educational Rights and Privacy Act Office, Department of Health, Education, and Welfare, 330 Independence Avenue, S.W., Washington, DC 20201

Uniform Complaint Procedure
Environmental Charter Middle School's (ECMS) policy is to comply with applicable federal and state laws and regulations. ECMS is the local educational agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. ECMS will seek to resolve complaints pertaining to compliance in accordance with state law, Title 5, California Code of Regulations.

A complaint under the Uniform Complaint Procedures (UCP) is a written and signed statement by an individual, public agency, or organization alleging a violation of federal or state laws governing educational programs, including allegations of unlawful discrimination, harassment, intimidation, bullying, and failure to comply with laws relating to pupil fees and the Local Control and Accountability Plan (LCAP).

ECS educational programs covered by the UCP include:

- After School Education and Safety
- Child Nutrition
- Foster and Homeless Youth Services
- Every Student Succeeds Act / No Child Left Behind (Titles I–VII)
- Special Education

The same complaint procedure may also be used to file complaints against ECMS which allege unlawful discrimination under the following federal laws: the Americans with Disabilities Act (ADA) or Section 504 (discrimination based on mental or physical disability); age; ancestry; ethnic group identification; religion; Title VI (discrimination based on race, color or national origin), and Title IX (discrimination based on sex, sexual orientation) or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics.

Discrimination complaints must be filed within six months from the date the alleged discrimination occurred or the date when knowledge of the facts of the alleged discrimination was first obtained. To file a complaint at an Environmental Charter School, contact the office for a UCP form. Fill the form in and fax or mail it to Sarah Jamieson at the address on the form. Any person with a disability or who is unable to prepare a written complaint can receive assistance from Ms. Jamieson or Dr. Geneva Matthews.

The sixty (60) day timeline for an investigation and ECMS response will begin when the complaint is received. The review will conclude within 60 calendar days from the date of receipt of complaint, unless the complainant agrees in writing to extend the time.
If the complainant disagrees with ECMS's decision, they have fifteen days after receipt of the decision to file an appeal with the California Department of Education. The appeal must be in writing and include a copy of the original complaint, as well as a copy of ECMS's decision provided to them.

ECMS acknowledges and respects every individual's rights to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This includes keeping the identity of the complainant confidential, as appropriate and except to the extent necessary to carry out the investigation or proceedings, as determined by the Principal or designee on a case-by-case basis.

ECMS prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of discrimination. Such participation shall not in any way affect the status, grades or work assignments of the complainant.

The complete Uniform Complaint Policy and Procedure is available in the main office.

Non-Discrimination Statement
Environmental Charter Middle School is committed to providing a safe school environment where all individuals in education are afforded equal access and opportunities. ECMS's academic and other educational support programs, services and activities shall be free from discrimination, harassment, intimidation, and bullying of any individual based on the person's actual race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. Specifically, state law prohibits discrimination on the basis of gender in enrollment, counseling, and the availability of physical education, athletic activities, and sports. Transgender students shall be permitted to participate in gender-segregated school programs and activities (e.g., athletic teams, sports competitions, and field trips) and to use facilities consistent with their gender identity. ECMS assures that lack of English language skills will not be a barrier to admission or participation in ECMS programs. Complaints of unlawful discrimination, harassment, intimidation, or bullying are investigated through the Uniform Complaint Process. Such complaints must be filed no later than six months after knowledge of the alleged discrimination was first obtained. The complete Uniform Complaint Policy and Procedure is available in the main office.

Homeless Students
The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all school-aged children experiencing homelessness to the same free and appropriate public education that is provided to non-homeless students.

A homeless student is defined as a person between the ages of six and eighteen who lacks a fixed, regular, and adequate nighttime residence and may:

- Live in a emergency or transitional shelter; abandoned building, parked car, or other facility not designed as a regular sleeping accommodation for human beings;
- Live "doubled up" e.g., with another family, due to loss of housing caused by financial difficulty
- Live in a hotel or motel;
- Live in a trailer park or campsite with their family;
- Have been abandoned at a hospital;
- Be awaiting foster placement in limited circumstances;
- Reside in a home for school-aged, unwed mothers or mothers-to-be if there are no other available living accommodations; or
- Be a migratory or abandoned, runaway, or pushed out youth that qualifies as homeless because he/she is living in circumstances described above.

A homeless student has the right to attend either the school in which the student was last enrolled or the school of residence. ECMS will help provide transportation as appropriate, at the request of the parent/guardian/unaccompanied homeless youth, to and from the school if feasible.

ECMS will enroll homeless students without school or immunization records and help homeless families find resources.

If a dispute arises over school selection or enrollment, the parent/guardian has the right to dispute the school's decision. For further information please contact our counselor at 310-793-0157.

Dispute Resolution

Members of the school community should first attempt to resolve any conflict with the person or persons directly involved or affected by the issue.

- **Students**: If there is a conflict between students and direct discussion cannot resolve the conflict, students will be expected to follow the conflict resolution techniques taught in the classrooms through role-playing and/or discussions. Students may choose to walk away from a situation, share how they feel without continuing to find consensus, or use active listening and problem-solving strategies to reach a consensus among each other. Learning and practicing these skills and strategies is a part of ECMS's Community and Restorative program. Staff will incorporate these techniques into problem-solving situations as a regular practice. If students are unable to resolve the conflict, they will be expected to ask a teacher or staff member for assistance in resolving the conflict. If the teacher or staff member is unable to resolve the conflict, the counselor will facilitate a dispute resolution process.
- **Parents:** If a parent has a conflict with their student's teacher, the parent should first attempt to resolve the conflict with the person or persons directly involved or affected by the issue. If the conflict is not resolved, they should contact administration for assistance.
    - If parents have concerns about student conflicts or discipline, they should speak with the administrator handling the issue. If conflicts are not resolved, contact the Principal for assistance. If the conflict involves the Principal, parents will request a dispute resolution process with the Superintendent.
    - If parents have conflicts with other parents, they should speak with an administrator. If conflicts are not resolved, contact the Principal for assistance. If the conflict involves the Principal, parents will request a dispute resolution process through the Superintendent.

The final school-level appeal is the Principal. Conflicts not resolved at the school-level can be appealed to the Superintendent. The final level of appeal is the school's Board of Trustees.
The party initiating the appeal must submit a written request for Board of Trustees review to the board chair within (5) five business days of the Superintendent's final decision. The Board of Trustees will hear the appeal at the next scheduled regular meeting, unless the board chair determines that the urgency of the issues necessitates that a special meeting be called to hear the appeal. All confidential issues will be heard in closed session, in accordance with the Brown Act.

Independent Study

The purpose of independent study is to provide an alternative education program and setting for students who are unable to participate in in-person instruction.

Independent Study is:

- Designed to teach the knowledge and skills of the core curriculum
- Available to eligible students in grades 6-8
- An alternative to classroom instruction; not an alternative curriculum
- Operated under the guidelines established in a written agreement signed by student, supervising teacher, and parent
- Voluntary

Independent Study is for:

- Students who must miss three or more consecutive days of school due to **major illness, mental health diagnoses impairing success in school, serious family emergency or required extended travel.**
- Students who are able to work independently
- Families who are able to provide support and supervision for students' independent learning

In 2025-26, ECS will offer **two** Independent Study options:

	Short-Term Independent Study	**Long-Term Independent Study**
Who is eligible?	Any student who must miss 3 or more consecutive days of school due to **major illness, mental health diagnoses impairing success in school, serious family emergency or required extended travel**. Program entry will be limited by available school staff capacity.	Any student who has already completed the maximum 15 days of Short-Term Independent Study and must miss more consecutive days of school for the same approved reason in the initial course of Short-Term Independent Study.
What does it look like?	● Student receives access to all coursework through Google Classroom ● Student completes coursework independently ● Student submits coursework weekly via Google Classroom ● Student contacts Instructional Coach with questions about coursework ● Student receives feedback and grades via PowerSchool	Same as Short-Term Independent Study, plus additional features listed below: ● Weekly synchronous instruction for students in grades 6-12 ● Daily live attendance/well-being check-in for students in grade 6-8

How long does it last?	Up to 15 total days of school throughout the school year	More than 15 total days of school throughout the school year
How do I enroll my child?	Contact the main office at your child's school to learn more and schedule an optional Independent Study Plan conference. Prior to enrollment in this program, parents/guardians have the right to request a student-parent-educator conference.

ENVIRONMENTAL CHARTER SCHOOLS

Student Acceptable Use Policy

Environmental Charter Schools believes in the strong educational values of providing electronic services to students to enhance learning and exchange information. Our goal in providing these services is to promote educational excellence in the school facilitating resource sharing, innovation, and communication.

The purpose of this policy is to ensure that those using the technology provided by Environmental Charter Schools will do so in accordance with the mission and educational goals of ECS.

The Internet links computer networks around the world and provides access to a wide variety of computer and information resources. However, it is important for the users to recognize that the Internet also contains sites that have materials that are objectionable, adult-oriented or otherwise inappropriate. All users, parents, and guardians are advised that communications on the Internet cannot be completely monitored by ECS. By participating in the use of the Internet, students may gain access to information and communications, which they or their parents/guardians may find inappropriate, offensive, or controversial. While ECS will do everything in its power to insure that this does not happen, parents/guardians need to be aware of this risk when they allow their students to participate in the use of the Internet. The user is responsible for his/her own actions while accessing material on the Internet, and may not access, download, or print from inappropriate sites. The following are our agreements about the use of technology at Environmental Charter Schools.

Terms of Agreement

Prior to gaining Internet access on Environmental Charter Schools computer networks, students and their parents/guardians must sign a copy of the Student Acceptable Use Agreement.

1. **Chromebook Hardware Damage and Student Responsibility:** Students are responsible for the care and appropriate use of school-issued Chromebooks. Any intentional damage, negligence, or misuse resulting in hardware damage (e.g., cracked screens, broken hinges, liquid damage) will result in the student and their parent/guardian being held financially accountable. ECS staff will determine, based on an inspection, whether damage was due to intentional actions or neglect.

2. **Chromebook Replacement Cost:** Effective immediately, the replacement cost for a lost, stolen (due to negligence), or irreparably damaged Chromebook is set at $350, in alignment with current market costs. This fee may be waived or reduced based on demonstrated financial hardship, but only upon formal request and review by the school's leadership team. Payment plans may be arranged.

3. **Chromebook and System Account Security:** Students must never share, steal, or attempt to access any ECS Chromebook login, email, or academic system account belonging to another student or staff member. Sharing passwords or accessing another person's account—whether with or without their consent—is strictly prohibited. These actions will be considered serious breaches of school policy and may result in suspension, technology access revocation, and referral to school administration for further disciplinary consequences.

4. **Use of Artificial Intelligence (AI) Tools:** The use of generative Artificial Intelligence (AI) tools (e.g., ChatGPT, Google Gemini, Claude, etc.) is strictly limited to academic purposes explicitly authorized by the student's teacher. Permitted uses may include research, data analysis, idea generation, or editing—as directed in writing or verbally by a teacher. Using AI to complete assignments without approval or to misrepresent one's work is considered a violation of the Academic Honesty Policy.

5. **Vandalism/Hacking**: Students will not use their Environmental Charter Schools access or other Internet access to interfere with or disrupt network users, services, Environmental Charter Schools data or data of another

student, or equipment, either locally or off campus.

6. **Unauthorized Entry**: Students will not access or try to make unauthorized entry to any machine accessible via the network or on remote networks. If a student notices a security problem, the student must notify school personnel immediately.

7. **Inappropriate Messages**: **Students will not use their Environmental Charter Schools access to transmit threatening, obscene or harassing materials, including chain-letters, solicitations, inappropriate photos, or broadcast messages via our network or email system.**

8. **Inappropriate Material**: The Internet contains certain material that is illegal, defamatory, inaccurate or potentially offensive to some people. Students will not use their Environmental Charter Schools access to knowingly visit sites that contain this material nor import, transmit and/or transfer any of this material to other computers.

9. **School Personnel:** Students should not post to websites or blogs, images, photos or video of employees of Environmental Charter Schools. This includes the creation of fan pages or groups on social networking sites.

10. **Personal Privacy**: Students will not communicate their address, phone number or other personal information to any person or company on the Internet or through email.

11. **Prohibited Manipulation of School Software and System Settings:** Students are strictly prohibited from attempting to access, modify, disable, or bypass any ECS software, device configuration, security settings, content filters, or administrative controls installed on school-issued Chromebooks or within ECS-managed platforms. This includes using proxy sites, VPNs, or unauthorized tools to evade restrictions. Violations will be treated as serious disciplinary infractions and may result in loss of technology privileges, device confiscation, and further disciplinary action as outlined in ECS's Acceptable Use Policy and student discipline code.

12. **Unauthorized Programs or Computers**: Students may not use, copy, delete, or install any program on a school computer or save any executable program without the permission of school personnel. Students may not use personal laptop computers without prior permission from the Director of Operations.

13. **Copyright**: Students are not to post to websites or blogs any photos or logos that are the property (intellectual property) of Environmental Charter Schools. Students must comply with all copyright laws.

14. **Limitation of Liability:** Environmental Charter Schools (ECS) is not responsible for any direct or indirect damages resulting from the use of ECS-owned devices, networks, or digital tools. This includes data loss, service interruptions, file corruption, or delays in communication, even if caused by ECS maintenance or system errors. All use of ECS technology is at the student's own risk. ECS makes no guarantees regarding system reliability or data security.

Acceptable Use Policy

Student: I have read and agree to follow the ECS Acceptable Use Policy. I understand that any violation of the procedures may result in the loss of technology privileges for the remainder of the year. Additional consequences may be determined and carried out by the administration.

Student Signature: _____ Date: _____

Parent/Guardian: I have read the ECS Acceptable Use Policy. I understand the access is for educational purposes, and the ECS system has taken precautions to eliminate controversial material from being viewed by users. However, I recognize that it is impossible to restrict access to all controversial materials. I will not hold ECS, or any staff member, responsible for materials acquired over the Internet. I hereby give permission for my child to be given the privilege of Internet access.

Google Apps for Education and Student Emails Policy

This year your ECS will provide students access to Google Apps for Education. Apps for Education includes web based programs providing email, word processing, spreadsheet, presentation, conferencing, calendaring and collaboration tools for ECS students and teachers. This service is available through an agreement between Google and ECS.

Apps for Education runs on an Internet domain purchased and owned by ECS and is intended for educational use only. This policy describes the responsibilities of the school, students and parents in using Apps for Education on the school domain.

Child Internet Protection Act (CIPA)
ECS is required by CIPA to have technology measures and policies in place which protect students from harmful materials including obscene and pornographic materials. This means student email is filtered. Mail containing harmful content from inappropriate sites will be blocked. --CIPA - http://fcc.gov/cgb/consumerfacts/cipa.html

Children's Online Privacy Protection Act (COPPA)
COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, Google advertising is turned off for Apps for Education users. No personal student information is collected for commercial purposes. This permission form allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes. --COPPA - http://www.ftc.gov/privacy/coppafaqs.shtm

Family Educational Rights and Privacy Act (FERPA)
FERPA protects the privacy of student education records and gives parents rights to review student records. Under FERPA, schools may disclose directory information (name, phone, address, grade level, etc.) but parents may request the school not disclose this information. Use the check box at the end of this form if you prefer not to disclose your student's information. --FERPA - http://www2.ed.gov/policy/gen/guid/fpco/ferpa

- The School will not publish confidential education records (grades, student ID #, etc.) for public viewing on the Internet.
- The School may publish student work and photos for public viewing but will not publish student last names or other personally identifiable information.
- Parents may request photos, names and general directory information about their children not be published.
- Parents have the right at any time to investigate the contents of their student's email account and Apps for Education files.

ECS Apps for Education is available at school and at home via the web. Even though email from known inappropriate sites is blocked, there is always a chance students will be exposed to inappropriate content. School staff will monitor student use of Apps when students are at school. Parents are responsible for monitoring their child's use of Apps when accessing programs from home. Students are responsible for their own behavior at all times.

Email is considered an official method of communication. Official email communications are intended to meet the academic and administrative needs of ECS. All student Electronic Mail (email) accounts are property of the Environmental Charter Schools.

The student will be removed from the system after graduation, leaving ECS, or for infractions outlined below.

- The primary purpose of the student electronic mail system is for students to communicate with school staff,

outside resources related school assignments, and fellow students to collaborate on school activities. Account user names and passwords will be provided to parents so those parents can monitor the account and communicate with teachers. Use of the ECS's email system is a privilege.

- Use of the email system will align with the school's code of conduct and the code will be used for discipline purposes. Students are responsible for messages sent from their accounts. Students should not share their passwords.
- The email system shall not be used to create any offensive or disruptive messages. Such messages include, but are not limited to, sexual innuendos, racial slurs, gender-specific comments, or comments that offensively address someone's age, sexual orientation, religious beliefs, political beliefs, national origin, disability or chain letters.
- Students will report any unusual activities such as "spam" communications, obscene email, attempts by adults to lure them into dangerous behaviors, and the like to the school's technology contact for action. Students should not forward chain letters, jokes, or graphics files.
- Students will not send personal information about themselves or others, including but not limited to, home or school address, phone or credit card numbers or other personally identifiable information.
- Electronic mail sent or received is not confidential. ECS reserves the right to retrieve the contents of user mailboxes for legitimate reasons, such as to find lost messages, to conduct internal investigations, to comply with investigations of wrongful acts or to recover from system failure.
- Students cannot deliberately alter or attempt to conceal their true return email address, or the origination location of the message.
- System administrators may create filters to scan for and eliminate viruses and large graphic files that are unrelated to the school district's operation.
- Students are prohibited from upload, download, transmit to another computer, print a hard copy or any way infringe upon the exclusive rights of reproduction, distribution, adaptation, public performance and public display of an on-line or off-line copyrighted work.
- Users are expected to delete all unwanted email from their Trash and Sent folders on a regular basis.
- The email system cannot be used to operate a personal business. The account may be revoked if used inappropriately.
- When issues arise, school administrators will deal directly with the student and/or parents/guardians. Improper use of the system will result in discipline and possible revocation of the student email account. Illegal activities on the system will be referred to law enforcement authorities for appropriate legal action.

Student: I have read and agree to follow ECS Electronic Mail Policy. I understand that any violation of the procedures may result in the loss of technology privileges for the remainder of the year. Additional consequences may be determined and carried out by the administration.

Student Signature: _____ Date: _____

Parent/Guardian: I have read the ECS Electronic Mail Policy. I understand the access is for educational purposes, and the ECS system has taken precautions to blocking inappropriate contents from students. However, I recognize that it is impossible to restrict access to all inappropriate materials. I will not hold ECS, or any staff member, responsible for materials acquired through email. I hereby give permission for my child to be given the privilege of email access.

New Normal School-Parent Contract 2025-2026

ECMS will:	Parents or Guardians will:
1. Provide a safe learning environment; Ensure students are engaged in activities that inspire them, equip them to succeed in a college preparatory high school and empower them to be stewards of their community.	1. Ensure my child **attends school on time by 8:00am** every day (unless they have an excused medical absence) and stays the entire school day.
2. Monitor student attendance and engagement to ensure an appropriate, active, learning-focused environment.	2. Define the **physical space** for my student's study needs.
3. Teach students study skills such as organization, note-taking, and time management and provide resources for each course.	3. Monitor **communication** from my student's teachers.
4. Assign 1 hour of meaningful homework each night (30 from English/History and 30 minutes from Math/Science) plus 100 minutes of independent reading each week (recommended 20 minutes per night); Provide students with class time to write down their homework in their agendas.	4. Begin and end each day with a **check-in regarding how my student is feeling, doing, and responding** to our new normal. Establish a **nightly homework routine** to provide a quiet place and regular time to do homework
5. Update standards grades weekly and distribute information regarding grades.	5. Check **Progress Reports** every Tuesday and contact teachers with concerns. Sign and return on Wednesdays.
6. Send a Parent Letter via Talking Points App. every week in English and Spanish; post letter on school website Tuesday afternoon; review Parent Letter announcements with students.	6. Read the **Parent Letter** and be familiar with school dates and events; Contact the school if you have any questions. Establish times for **quiet reflection and work time**; Check student's agenda and look at completed homework assignments as needed.
7. Arrange parent conferences at least a week in advance, work with parent work schedules, and respond promptly to emails, phone calls and/or text messages. Be available to schedule meetings with parents as needed.	7. Attend **parent conferences** and other parent meetings as needed; Communicate concerns through phone calls, emails, text messages or scheduled meetings with teachers; Attend virtual meetings if needed.
8. Provide intervention, tutoring, remediation and enrichment classes with qualified teachers; Each core teacher has 60 minutes of intervention per week.	8. Arrange for my child to **participate** in intervention or counseling, if needed based on academic or behavior needs.
9. Provide healthy routines ideas at home, teach students about healthy eating habits and provide time for exercise in Specialty classes; Encourage students to participate in daily routines of self-reflection.	9. Support my child's **health**; Ensure they get enough sleep and physical activity; attend socialization events when provided; avoid candy, soda, or other sugary junk food for meals. Send student with reusable water bottle.
10. Provide opportunities to explain policies; Provide opportunities for parents to participate in the development of school policies and programs.	10. Follow **school policies** and all procedures in the Parent-Student Handbook, including the discipline process; Support the Community Agreements.

Student's Name _____ Parent/Guardian Signature _____

ECMS-Inglewood School-Wide Rules

1. Follow the Community Agreements:

    a. Attentive Listening
    b. Mutual Respect
    c. No Put Downs/Appreciations
    d. Right to Pass/Right to Participate
    e. Mindfulness

2. Treat all community members with respect. At ECMS, we believe everyone deserves respect, which means that we do not tolerate any disrespectful behavior on campus, including bullying, harassment, spreading rumors, not complying with staff directions etc.

3. **Follow all rules and directions given by all adults on campus and all rules in the handbook.**

4. **Students must be in appropriate school uniform at all times on campus and field trips.**

5. Students are responsible for keeping each classroom, the courtyard, and all parts of campus clean. No spitting or littering. Put all equipment away immediately after use.

6. Students may not have **candy, chips, gum, soda, gatorade junk food, or plastic bottles** on campus.

7. All electronic devices (cell phones, electronic watches, airpods etc.) must be powered off and out of sight on campus during school hours.

8. **Students must have a pass to be out of their classrooms. Students may not be in any classroom, the parking lot, or any area on campus without adult supervision.**

9. **Inside the green gate, everyone must walk, use quiet voices, take off hats and hoods, carry balls, and refrain from throwing objects. Fighting or play fighting is strictly forbidden on campus.**

10. Keep track of your belongings. Touching other peoples' belongings without permission will result in disciplinary action.

SECTION ONE
Introduction

Welcome to Environmental Charter Schools!

We are pleased you have chosen to join our team and we look forward to working together with you to implement our mission, vision, and core values to create opportunities for our students to be successful. We sincerely hope that you will find your employment at Environmental Charter Schools to be a professionally rewarding experience.

Since its inception in 2000, Environmental Charter Schools has been providing students with a unique learning experience that utilizes environmental service learning to inspire students to find authentic meaning in their studies. The result is students who are prepared for college, motivated to continue their learning, and inspired to positively contribute to their community.

Our Best Practices to achieve these results include:

- Interdisciplinary Curriculum & Authentic Assessment
- Collaboration with Partners
- Environmental and Experiential Learning
- Relevant & Engaging Instruction
- Small Learning Communities

Please take the time to read carefully through the Environmental Charter Schools Employee Handbook ("Handbook"). This Handbook summarizes the Environmental Charter Schools' (hereinafter referred to as "ECS" and "the Organization") personnel policies applicable to all employees. Please review these policies carefully. If you have any questions about the policies outlined in this Handbook, or if you have any other personnel-related questions, whether or not related to policies specifically addressed in this Handbook, please consult the Human Resources Department. Once you have reviewed this Handbook, please sign the employee acknowledgement form at the end of this Handbook and provide it to the Human Resources Department. This signed acknowledgement demonstrates to ECS that you have read, understand and agree to comply with the policies outlined in the Handbook.

ENVIRONMENTAL CHARTER SCHOOLS

Superintendent and Governing Board

Environmental Charter Schools (ECS) is led by its Superintendent Danielle Kelsick and Governing Board which consists of Officers (President, Vice President, Treasurer, Secretary) and Members. The Board serves as the governing body for Environmental Charter Schools.

Mission Statement

Reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world.

Core Values

JUSTICE
We examine bias, racism and prejudice. We deliver a culturally-responsive curricula. We succeed when students' race and class cease to predict their level of achievement.

COMMUNITY
We care. We collaborate. We respect the rights and voices of our stakeholders.

CURIOSITY

We question. We explore. We innovate.

SUSTAINABILITY
We think globally and act locally. We adapt. We encourage systems thinking to create a sustainable future.

LEADERSHIP
We listen. We think critically. We advocate. We shift public discourse. We are our own superheroes.

Introduction to ECS

Welcome to ECS. We sincerely hope that you will find this to be a fulfilling and inspiring place to work, with colleagues and managers who are congenial and cooperative. In joining us, you have become an integral part of our providing quality education for children. Our constant endeavor is to maintain a team of well- trained, enthusiastic employees working together for the success of our school. In order to achieve our objectives, we:

1. Treat each of you as individuals, with respect and dignity in everyday work situations;
2. Hire, promote and compensate solely on the basis of merit without regard to race, color, ethnicity, creed, age, national origin, religion, citizen status, gender, gender identity, gender expression, sexual orientation, disability, medical condition, genetic information, marital status, partnership status, employment status, source of income, military status, veteran status, primary language;
3. Encourage every employee to take an active interest in their job and to contribute their best efforts and abilities so that we are successful;
4. Provide a pleasant place to work; and
5. Encourage you to discuss freely all ideas that could improve working conditions, policies and practices.

As an ECS Employee, our guiding principles must reflect those stated in our Mission Statement:
Reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world.

As educators and administrators, we model the behaviors we wish our students to learn. We model appreciation for individual and group differences by treating all of our students, parents, and colleagues with respect. We model a desire to contribute to a diverse community by our willingness to work as a professional team to ensure and support that diversity in an open admission policy, in our curriculum, and in our human relationships. We model competency to adapt and lead by always striving towards increased competency in our profession, by our willingness to be flexible and adaptive, and by providing productive leadership whenever called upon to do so.

Purpose of this Handbook

This Handbook is intended as a resource for specific information pertaining to employment. An understanding of professionalism on our part as people involved in education is assumed, and so it is not specified in this publication.

ECS reserves the right to modify or eliminate any policies or practices contained in this Handbook. If changes are made, we will notify employees in advance whenever possible.

Throughout the Handbook the terms “Environmental Charter School,” “ECS,” and “the Organization” will be used interchangeably and are to be considered one in the same entity. Every effort has been made to make this Employee Handbook as comprehensive as possible. However, this Handbook cannot anticipate or address every possible employment issue.

Integration Clause and the Right to Revise

This Employee Handbook contains the employment policies and practices of ECS in effect at the time of publication. All previously issued handbooks and any inconsistent policy statements or memoranda are superseded.

ECS reserves the right to revise, modify, delete or add to any and all policies, procedures, work rules or benefits stated in this Handbook or in any other document, except for the policy of at-will employment. However, any such changes must be in writing and must be signed by the Human Resources Department or the Principal. No oral statement or representations can in any way change or alter the provisions of this Handbook.

Nothing in this Employee Handbook, or in any other personnel document, including benefit plan descriptions, creates, or is intended to create a promise or representation of continued employment for any employee.

Statement of At-will Employment Status

Employment at ECS is employment at-will. Employment at-will may be terminated with or without cause at any time and without notice by the employee or ECS. Nothing in this Handbook or in any document or statement shall limit the right to terminate employment at-will. No administrator or employee of ECS has any authority to enter into an agreement for employment for any guaranteed specified period of time or to make an agreement for employment other than at-will. Only the Superintendent, Human Resources Department and Principals of ECS have the authority to make any such agreement and then only in writing signed by the employee and by the Human Resources Department and Principals of ECS.

Diversity in the Workplace

We strive to maintain a work environment which supports diversity for all employees. We ask our employees to respect meaningful differences and be aware that people from diverse backgrounds add vitality, creativity, ideas and growth to an organization. Acceptance and appreciation of other cultures and ideas are valuable contributions to a productive working environment. We are proud of our diverse workforce and place great value on diversity of our employees.

Equal Opportunity Policy

The Governing Board of ECS (“The Board”) is determined to provide employees and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. ECS is an equal opportunity employer and makes employment decisions employment decisions – such as recruiting, hiring, training, promotion, compensation, professional development practices, discipline and termination on the basis of merit. We want to have the best available person in every job. ECS policy prohibits unlawful discrimination based on race (including traits historically associated with such as hair texture and protective hairstyles), color, religion, religious creed (all aspects of religious beliefs, observance or practice, including religious dress or grooming practices), marital status, registered domestic partner status, age (forty (40) years and over), national origin or ancestry, immigration status, citizenship, sexual orientation, physical or mental disability (including gender dysphoria and being a medical marijuana patient), medical condition (including cancer or a record or history of cancer, and genetic characteristics or information), sex (including pregnancy, childbirth, lactation, or related medical condition), reproductive health decision-making, genetic characteristics or information, gender (including gender identity, gender expression and transgender individuals who are transitioning), military or veteran status, Civil Air Patrol status, political affiliations or activities, status as a victim of domestic violence, assault or stalking, or any other consideration protected by federal, state or local law (collectively referred to as “protected characteristics”).

For purposes of this policy, discrimination based on "national origin" also includes discrimination against an individual because that person holds or presents a driver's license issued to those who cannot document their lawful presence in the United States, as well as discrimination based upon any of the following:

- An individual's or individual's ancestors' actual or perceived physical, cultural or linguistic characteristics associated with a national origin group;
- Marriage to or association with individuals of a national origin group;
- Tribal affiliation;
- Membership in or association with an organization identified with or seeking to promote the interests of a national origin group;
- Attendance or participation in schools, churches, temples, mosques or other religious institutions generally used by persons of a national origin group; or
- A name that is associate with a national origin group.

An employee's or applicant for employment's immigration status will not be considered for any employment purpose except as necessary to comply with federal, state or local law.

Prohibited discrimination on the basis of religious creed includes discrimination based on an employee's or job applicant's religious belief or observance, including religious dress or grooming practices. In accordance with Government Code 12940, prohibited discrimination on the basis of religious creed also includes ECS's failure or refusal to use reasonable means to accommodate an employee's or job applicant's religious belief, observance, or practice which conflicts with an employment requirement. However, ECS shall not accommodate an employee's religious dress practice or religious grooming practice if it requires segregation of the individual from other employees or the public or if it would result in a violation of this policy or any law prohibiting discrimination.

Prohibited sex discrimination includes discrimination based on an employee's or job applicant's pregnancy, childbirth, lactation, or any related medical condition. Harassment consists of unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.

ECS also prohibits retaliation against any school employee or job applicant who opposes any discriminatory employment practice by EDS or its employee, agent, or representative or who complains, testifies, assists, or in any way participates in the ECS's complaint procedures pursuant to this policy. No employee or job applicant who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the Uniform Complaint Policy and Procedures. The Board has designated the Human Resources Department as its coordinator for nondiscrimination in employment. Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Human Resources Department as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. ECS shall protect any employee who does report such incidents from retaliation.

The Board shall use all appropriate means to reinforce the ECS's nondiscrimination policy. Training and information shall be provided to employees about how to recognize harassment and discrimination, how to respond appropriately, and components of the ECS's policies and regulations regarding discrimination. The Board shall regularly review ECS's employment practices and, as necessary, shall take action to ensure compliance with nondiscrimination laws.

Any ECS employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

Americans with Disability Act (ADA)

It is the policy of ECS to comply with the Americans with Disabilities Act (ADA) as well as applicable state and local laws relating to disability issues. We will not discriminate against any qualified employee or job applicant with respect to any terms, privileges, or conditions of employment because of a person's physical or mental disability. We will also reasonably accommodate all employees or applicants with disabilities who are otherwise qualified to safely perform the essential duties of the job unless any such accommodations would impose an undue hardship on ECS.

Applicants and employees are assured that all information regarding a disability shall be kept completely confidential except that:

- Supervisors and managers may be informed regarding restrictions on work or duties of disabled employees and any accommodations that have been made;
- If the condition requires emergency treatment, first aid and safety personnel may be informed; and
- Government officials investigating compliance with federal laws may need to be informed in certain circumstances.
- All employees with responsibilities which may require knowledge of disabilities will be advised that they are to treat that knowledge with confidentiality.

Any applicant or employee who requires a reasonable accommodation in order to perform the essential functions of the job should contact ECS's Human Resources Department or their supervisor and request such an accommodation. The individual with the disability should specify what accommodation is needed to perform the job. ECS will conduct an investigation to identify the barriers that make it difficult for the applicant or employee to have an equal opportunity to perform their job. ECS will engage in an interactive process with the employee to identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, ECS will make the accommodation.

Religious Accommodation

ECS will provide reasonable accommodation for employees' religious beliefs, observances and practices when a need for such accommodation is identified, and reasonable accommodation is possible. A reasonable accommodation is one that eliminates the conflict between an employee's religious beliefs, observances or practices and the employee's job requirements, without causing undue hardship to ECS.

Any employee who perceives a conflict between job requirements and religious belief, observance or practice should bring the conflict and their request for accommodation to the attention of their Principal or the Human Resources Department to initiate the accommodation process. ECS requests that accommodation requests be made in writing, and in the case of schedule adjustments, as far in advance as possible.

ECS will not retaliate or otherwise discriminate against an employee or applicant who requests an accommodation in accordance with this policy.

Other Accommodations

In certain instances, ECS will also provide reasonable accommodation for an employee with a literacy problem; a chemical dependency; or who is a victim of domestic violence and sexual assault, or stalking. Employees who have questions about these policies should contact the Human Resources Department.

Unlawful Harassment, Discrimination and Retaliation

ECS' policy is to provide a work and school environment without sexual discrimination or harassment. Employee-to-employee, employee-to-student and student-to-employee sexual misconduct is especially serious and will be addressed severely. Fraternization by ECS personnel with students outside the school environment may create the perception of inappropriate conduct or may lead to allegations or instances of sexual harassment or child abuse.

On ECS premises or on ECS time, no ECS employee, student or third party may engage in sexual conduct or other discriminatory or harassing conduct as defined below. ECS will investigate all reports of violations of this policy and will take steps to stop violations, prevent recurrence, and remedy effects of violations as appropriate. Harassment in violation of this policy generally consists of unwelcome conduct based on a characteristic or status protected by law.

- **Prohibited Sexual Conduct**

On ECS time or on ECS premises, employees, students and third parties (including agents and patrons) are prohibited from sexually offensive conduct and sexual discrimination, including but not limited to the following:

- Unwanted/unwelcome sexual advances;
- Requests for sexual favors and other verbal, visual, or physical conduct of a sexual nature in exchange for favorable or preferential treatment which may be: [1] submission to such conduct is an explicit or implicit condition for employment decisions affecting the individual; or [2] such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment; [3] offering an employment benefit such as a raise, promotion or career advancement; [4] threatening to, or actively making, an employment detriment such as discharge, demotion, or reassignment if sexual favors are not granted;
- Making offensive, insulting, derogatory, or degrading remarks relating to sex, gender (same or different), gender identity or expression and sexual orientation, pregnancy, childbirth, or related medical conditions;
- Making unwelcome comments about an individual's physical appearance or characteristics;
- Making offensive or abusive physical contact, such as touching, hugging, grabbing, patting, pinching, brushing against another's body assault, or blocking movement;
- Using obscene or sexually-oriented language or gestures;
- Making repeated offensive sexual flirtations, advances, and propositions;
- Sending or posting any sexually related messages via email, text, instant messaging, or social media;
- Kidding, teasing, or joking about sexual matters, or using sexually explicit or offensive language, either in person, on paper, or through email, text, instant messaging, social media, or other electronic means;
- Displaying in the workplace sexually suggestive objects, pictures, or cartoons, including material from the Internet.

All employees have the right to be free from unlawful harassment while in the employ of ECS. If an employee have been harassed by a co-worker, supervisor, agent, vendor or customer the employee must promptly report the facts of the incident (s) and name (s) of the individual (s) involved to the appropriate parties.

- **Additional Prohibited Conduct for Employees and Students**

ECS employees and ECS students (except student-age employees who are also students at ECS) are prohibited from having any kind of romantic interaction with each other.

- **Bystander's Intervention**

ECS strives to create a healthy and safe culture that encourages speaking-up. All employees are supported in their efforts to create open dialogue and discourage offensive behaviors. Bystanders include managers who observe or are informed of sexual harassment through the workplace grapevine, or employees who either observe sexual harassment firsthand (or are subsequently informed of the incident) or those who are seeking emotional support and advice.

Actions bystanders may take to prevent sexual misconduct, include naming and stopping situations before they happen and speaking out against ideas and behaviors that support sexual misconduct.

Bystanders are also encouraged to intervene by reporting the behavior. Reporting can be either formally through following the Complaint Process or informally where bystanders may seek support or request advice.

- **Retaliation is Prohibited**

ECS prohibits retaliation against any person who reports violations of this policy or participates in processes including:

- Reporting discrimination or harassment;
- Making or filing an internal complaint with ECS, or helping another file a complaint, regarding alleged unlawful activity;
- Filing a complaint with a government agency or participating in or cooperating with an investigation, proceeding, or hearing;
- Assisting or participating in an investigation;
- Testifying as a party, witness, or accused regarding alleged unlawful activity;
- Associating with another employee who is engaged in these activities;
- Requesting a reasonable accommodation for a mental or physical disability, pregnancy, or religious belief;
- Opposing any conduct or practice that the employee reasonably and in good faith believes to be unlawful or contrary to this policy;
- Exercising any other legally protected rights.

Retaliation includes, but is not limited to intimidation, reprisal and harassment, or adverse employment action. Retaliation is a serious violation of this policy, and incidents of retaliation must be reported immediately.

- **Duty to Report & Confidentiality:**

Every employee has a duty to report violations of this policy. Any employee aware of a violation of this policy must immediately report to the appropriate ECS official as designated below. An employee who is aware of a violation and fails to report the violation of this policy is subject to disciplinary action.

ECS officials will respect the confidentiality of reporters and those against whom reports are made as much as possible consistent with the ECS' legal obligations and the need to investigate violations of this policy and take appropriate remedial action.

Reporters and those participating in ECS' investigations will not be subject to unlawful retaliation by ECS.

Persons who knowingly file a false report are subject to discipline, up to and including termination of employment.

- **Reports about Employee Violations:** If an employee is aware of a violation of this policy by an employee, report immediately to the Human Resources Department and/or Principal.

- **Reports about Third-Party Violations:** If an employee is aware of a violation of this policy by a third party (a visiting speaker, vendor, patron, etc.), report immediately to the Human Resources Department and/or Principal.

- **Reports about Student Violations:** If an employee is aware of a violation of this policy by a student against an employee, report immediately to the Human Resources Department and/or Principal.

- **Investigation of Reports**

When a potential violation of this policy is reported, ECS will:

- ○ Conduct a timely, impartial, fair, and thorough investigation that provides all persons appropriate due process;
- ○ Use only a qualified and impartial manager(s) or consultant(s) to conduct an investigation;
- ○ Document and track the complaint, investigation, and outcome;
- ○ Maintain confidentiality throughout the investigation to the extent possible under the circumstances;
- ○ Consider appropriate options for remedial actions and resolutions; and
- ○ Reach a reasonable conclusion based on the evidence collected.
- ○ The results of the investigation will normally be communicated to the complainant, the person(s) about whom the complaint was made, and to others directly concerned, as appropriate. If a violation of this policy is found to have occurred, appropriate and timely remedial measures will be implemented.
- ○ Employees are urged to allow ECS to investigate and resolve any violations of this policy. Employees also have the legal right to contact the California Civil Rights Department (CRD) at 800-884-1684 or https://calcivilrights.ca.gov/ or the Equal Employment Opportunity Commission at 800-669-4000 or www.eeoc.gov. The CRD serves as a neutral fact-finder and attempts to help the parties voluntarily resolve disputes. If the CRD finds sufficient evidence to establish that a violation occurred, and settlement efforts fail, the CRD may file a lawsuit. Employees also may pursue the matter through a lawsuit after a complaint has been filed with CRD and a right-to-sue notice has been issued.
- ○ Remedial measures available, through either ECS or the CRD, for someone harmed by discrimination, harassment, or retaliation may include reinstatement, backpay, reimbursement of out-of-pocket expenses, hiring, transfer, reassignment, promotion, cease and desist orders, posting of notices, training, testing, expunging of records, reporting of records, and any other similar relief that is intended to correct a violation.
- ○ Remedial measures that may be taken by ECS against employees who violate this policy include reimbursement for the cost of any remedial measures provided to the person(s) harmed, transfer, reassignment, demotion, training, testing, posting of notices, corrective action up to and including termination of employment, and any other actions necessary to ensure that no further violations of this policy occur.

For multiple documented complaints, the CEO or CAO will be part of the investigation.

- **Employee Fraternization with Students**
  - o No employee is authorized to meet alone with a student unless it is necessary in the performance of professional duties during school hours on school premises, i.e. counseling, disciplining, instructing, administrative tasks. If an employee assists a group of students with a school assignment during non-school hours, it must be on school premises unless the employee has written permission from the Human Resources Department or Principal to meet elsewhere.
  - o Employees are prohibited from being in any private residence with or engaging in any non- school social activity of any kind with students from the attendance school in which the employee works without the prior written permission of the Human Resources Department. Employee shall write an e-mail to Human Resources Department informing them of the place and purpose of the social activity. The Human Resources Department will issue approval via e-mail to provide documentation of the approval. Part-time ECS employees under the age of 19 who are students of ECS schools are exempt from this policy's prohibition of social activity with students. The provisions of this policy dealing with student harassment govern conduct of such part-time employees who are also students.
  - o School social activities shall, whenever possible, be conducted on school premises. When it is necessary to hold school activities off school premises during non-school hours,

- employees must obtain prior written approval from the Human Resources Department or Principal.
- Nothing in this policy shall preclude an employee from engaging in activities dictated solely by family, community, or church relationships.

- **Providing Transportation to Students**
  - No employee has authority to provide transportation in a private vehicle to any student unless the Human Resources Department or Principal gives express written permission. ECS employees who receive written permission to provide transportation shall not travel alone with a student unless the written permission expressly authorizes the employee to do so.
  - No employee shall transport students other than as authorized in this section unless it is necessary for student safety.
  - An employee who knows of an apparent violation of this or the previous section shall promptly report to the Human Resources Department or Principal.
  - Nothing in this policy shall preclude an employee from transporting the employee's child to or from school, from participating in that child's carpool, or from taking appropriate, prudent measures for student safety.

- **Dissemination of Policy**
  - ECS and site administrators shall take appropriate actions to reinforce this policy, including:
    - Provide annual staff in-service;
    - Provide for all students to receive a copy of and to discuss this policy in a classroom setting in age appropriate ways, early in each school year;
    - Distribute a summary of this policy in Employee Handbooks, and notifications sent to students homes at the beginning of each school year or in Student Handbooks.

- **Questions**
  - If an employee has questions about this policy, please contact the Human Resources Department.

Bullying in the Workplace

The purpose of this policy is to communicate to all employees, including supervisors, managers and executives, that ECS will not in any instance tolerate bullying behavior. Employees found in violation of this policy will be disciplined, up to and including termination.

Definition

ECS defines bullying as repeated, health-harming mistreatment of one or more people by one or more perpetrators. It is abusive conduct that includes:

- Threatening, humiliating or intimidating behaviors.
- Work interference/sabotage that prevents work from getting done.
- Verbal abuse.

Such behavior violates ECS's Code of Ethics, which clearly states that all employees will be treated with dignity and respect.

ECS considers the following types of behavior examples of bullying:

- **Verbal bullying**: Slandering, ridiculing or maligning a person or his or her family; persistent name- calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks. The display of hate imagery such as certain symbols, marks, signs, emblems,

and other physical impressions, including, but not limited to, a Nazi swastika, hang nooses, or burned or desecrated crosses or other religious symbols

- **Physical bullying**: Pushing, shoving, kicking, poking, tripping, assault or threat of physical assault, damage to a person's work area or property.

- **Gesture bullying**: Nonverbal gestures that can convey threatening messages.

- **Exclusion**: Socially or physically excluding or disregarding a person in work-related activities.

In addition, the following examples may constitute or contribute to evidence of bullying in the workplace:

- Persistent singling out of one person.
- Shouting or raising one's voice at an individual in public or in private.
- Using obscene or intimidating gestures.
- Not allowing the person to speak or express himself of herself (i.e., ignoring or interrupting).
- Personal insults and use of offensive nicknames.
- Public humiliation in any form.
- Constant criticism on matters unrelated or minimally related to the person's job performance or description.
- Public reprimands.
- Repeatedly accusing someone of errors that cannot be documented.
- Deliberately interfering with mail and other communications.
- Spreading rumors and gossip regarding individuals.
- Encouraging others to disregard a supervisor's instructions.
- Manipulating the ability of someone to do his or her work (e.g., overloading, underloading, withholding information, setting deadlines that cannot be met, giving deliberately ambiguous instructions).
- Assigning menial tasks not in keeping with the normal responsibilities of the job.
- Taking credit for another person's ideas.
- Refusing reasonable requests for leave in the absence of work-related reasons not to grant leave.
- Deliberately excluding an individual or isolating him or her from work-related activities, such as meetings.
- Unwanted physical contact, physical abuse or threats of abuse to an individual or an individual's property (defacing or marking up property).
- Individuals who feel they have experienced bullying should report this to their supervisor or to the Human Resources Department before the conduct becomes severe or pervasive. All employees are strongly encouraged to report any bullying conduct they experience or witness as soon as possible to allow ECS to take appropriate action.

Cyberbullying is also prohibited. Cyberbullying refers to behavior, as defined above, that occurs through a computer, cell phone, smartphone, tablet, pager, or other devices that transmit electronic information, regardless of whether the device is owned by, located on ECS premises, or connected to the ECS network.

Workplace Violence Prevention Plan

Environmental Charter Schools (ECS) is committed to providing a safe and healthy work environment for all employees. The prevention of workplace violence is of utmost importance, and ECS will not tolerate any acts of violence or threats of violence in the workplace. The Workplace Violence Prevention Plan (WVPP) outlines the procedures and responsibilities for preventing and responding to incidents of workplace violence. The WVPP addresses the hazards known to be associated with the four types of workplace violence as defined by Labor Code (LC) section 6401.9.

Gender Transition Policy

An employee beginning the transition process should contact the Human Resources Department and be prepared to speak about their intentions, needs and concerns. ECS is committed to providing an appropriate environment for employees undergoing gender transition. Harassment based upon sex and/or gender identity is prohibited and covered by the company's Unlawful Harassment Policy. The Human Resources Department can provide assistance regarding gender transition issues pursuant to the property's Workplace Gender Transition Guidelines, including name and ID changes, dress code and insurance and leave benefits. If an employee has questions concerning their rights or responsibilities as an employee or manager, please contact the Human Resources Department.

Gender Transition Resources and Guidelines

Throughout this process, the employee's internal resource is the Human Resources Department. The employee and the Human Resources Department shall meet to set the name and gender which shall be listed on employment records, and when the change will occur. The Human Resources Department also shall coordinate other changes relating to name, including any changes in the HR database and any issuance of a new email address.

Guidelines

Appearance and Dress Code Standards:

The employee in transition is permitted to dress consistently with their gender identity and it is expected that appropriate work attire will be worn.

Facilities Usage

The employee and the Human Resources Department shall meet to discuss appropriate facilities usage arrangements, including as appropriate, bathrooms and changing rooms.

Complaint Procedures

Because some people have not been exposed to gender transition, co-workers may make mistakes, such as referring to the employee in gender transition by the wrong name or pronouns. Employees in transition should feel comfortable kindly correcting a co-worker who makes a mistake or in the alternative may contact Human Resources for assistance. Transitioning employees should be prepared to help educate their manager, the Human Resources Department and others in order to understand clearly what their needs may be.

Any employee concerns or complaints, including those by the employee in transition, co-workers, managers, vendors, customers or others, are to be referred to Human Resources or other appropriate person as set forth by the Unlawful Harassment policy. Discrimination/harassment based upon sex and/or gender identity is prohibited and covered by ECS's Unlawful Harassment policy.

Immigration Compliance

ECS is committed to full compliance with the federal immigration laws and will not knowingly hire or continue to employ anyone who does not have the legal right to work in the United States. In compliance with the requirements set forth in the Immigration Reform and Control Act of 1986 ("IRCA"), all offers of employment are contingent upon an applicant's ability to satisfy requirements regarding proof of identity and the lawful right to be employed in the United States.

Falsification of any documents required for verification of employment eligibility constitutes grounds for denial of employment to any applicant or, for employees, disciplinary action up to and including termination from employment, regardless of when discovered.

Open-Door Policy

Suggestions for improving ECS are always welcome. At some time, an employee may have a complaint, suggestion or question about their job, their working conditions or the treatment they are receiving. An employee's good-faith complaints, questions and suggestions also are of concern to ECS. We ask that employees take their concerns first to their manager, following these steps:

1. Within 24 hours of the occurrence, bring the situation to the attention of an administrator who will then investigate and attempt to provide a solution or explanation.
2. If the problem is not resolved, the employee may present the problem in writing to the Human Resources Department who will attempt to reach a final resolution.

This procedure, which we believe is important for both employees and ECS, cannot result in every problem being resolved to the employee's satisfaction. However, ECS values employee input and employees shall feel free to raise issues of concern, in good faith, without the fear of retaliation.

Personnel Data Changes

The Human Resources Department is responsible for maintaining personnel records and performing Human Resource functions at all school sites. Questions regarding insurance, benefits, or wages should be referred to the Human Resources Department.

ECS is required by law to keep all current employees' names and addresses. If an employee has a change, please make the change directly in the personal Human Resources Information System account or contact the Human Resources Department. The only changes that an employee cannot make in the Human Resources Information System and that they must provide to the Human Resources Department are:

- Legal name
- Form I9

Personnel Files

An employee has the right to inspect their personnel file at reasonable times, at a reasonable place, and on reasonable advance notice to the Home Office, in accordance with Labor Code section 1198.5. Employees will not be released from their duties for this purpose. The right to inspect an employee's personnel file does not apply to:

(1) Records relating to the investigation of a possible criminal offense;
(2) Letters of reference; or
(3) Ratings, reports, or records that were:
(A) Obtained prior to the employee's employment;

(B) Prepared by identifiable examination committee members;
(C) Obtained in connection with a promotional examination.

Educational Verification

Newly hired certificated employees must provide official transcripts or submit to an educational verification search to verify units earned and degrees/credentials received. These requirements must be completed prior to beginning employment, and the information must be submitted to the Human Resources Department prior to beginning employment. Individuals whose educational background does not meet the requirements of the job will not be considered for employment.

Returning certificated/non-certificated employees are responsible for keeping required certificates, credentials, licenses and registrations current and in good standing, for paying the costs associated with renewal, and for providing the Human Resources Department with verification of renewal. Failure to provide these updated documents to ECS may result in suspension without pay until such time as the necessary documentation has been provided, or termination of employment.

Criminal Background Checks

As a condition of employment, all applicants are required to submit to a live scan criminal background check as part of the application process. ECS will not employ a person who has been convicted of a violent or serious felony, or a person who would be prohibited from employment by a public school because of his or her conviction for any crime, unless an applicable exception applies. Individuals who refuse to submit to a criminal history review will not be offered employment. Conviction of a crime before or during employment may result in denial of employment or in termination of current employment, at the discretion of ECS. All offers of employment are contingent upon successful completion of fingerprint and background information, cleared by the Department of Justice (DOJ) within 10 calendar days of job acceptance. Failure to complete this process will delay the employee's ability to begin work.

Subsequent Arrest Notification Service

All employees are subject to "Subsequent Arrest Notification Service" by the DOJ once they have been fingerprinted. Any time an employee is arrested or convicted of a crime after his or her initial background clearance for the school, the DOJ will notify ECS by sending a subsequent arrest notification. The Human Resources Department will evaluate the new information and determine whether it justifies suspension or termination of the individual's employment.

Mandated Reporting of Child Abuse

Every employee who works directly with children has a legal duty to understand the requirements to report suspected child abuse. ECS requires each employee to adhere to the Child Abuse and Neglect Reporting Act (Penal Code sections 11164-11174.3). Each employee who has knowledge of or observes a child in the employee's professional capacity or within the scope of employment when the employee knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone. Each employee then shall prepare and send a written report to the child protective agency within 36 hours of receiving the information concerning the incident.

No child abuse report will be made without the knowledge of the Principal. By reporting the suspicion or knowledge of child abuse quickly to the Principal and the appropriate authorities, the child is protected from further injury and our School and the employee are protected against civil and criminal liability for failing to report such instances. Reports of suspected child abuse must remain confidential.

California Penal Code 11165.7 includes but is not limited to defining a mandated reporter as one of the following:

- A teacher,
- An instructional aide,

- A coach
- A volunteer
- A teacher's aide or teacher's assistant employed by any public or private school,
- A classified employee of any public school,
- An administrative officer or supervisor of child welfare and attendance, or a certificated pupil personnel employee of any public or private school.
- An administrator or employee of a public or private organization whose duties require direct contact and supervision of children.

California Penal Code 11166 States "…a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in their professional capacity or within the scope of their employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow-up report within 36 hours of receiving the information concerning the incident."

California Penal Code 11172 subdivision (e) gives mandated reporters who report suspected cases of child abuse absolute immunity, both civilly and criminally, for making such reports. However, any person who fails to report an instance of child abuse as required by the Child Abuse Reporting Act is guilty of a misdemeanor with a punishment not to exceed six months or $1,000 or both.

Mandated Reporter Training

All ECS employees are required to complete the Mandated Reporter Training Course within 6 weeks of the start of each school year. Employees who do not comply may be required to take PTO until proof of completion is in hand.

Tuberculosis Screening

California State Law (Health & Safety Code section 121525) requires that all employees in public schools submit evidence of being free of active tuberculosis. Employees must provide proof that is dated no earlier than 60 days prior to their start date of a physician-signed risk assessment form stating that no risk factors are present OR proof of a negative tuberculosis skin test result OR physician-signed negative chest x-ray, and must be repeated once every four years. It is the employee's responsibility and condition of employment to provide the Human Resources Department with an updated TB skin test.

Employee References

All requests for references must be directed to the Human Resources Department. No other administrator or employee is authorized to release references for current or former employees. ECS' policy as to references for employees who have left ECS is to disclose only the dates of employment and the title of the last position held. If the employee authorizes disclosure in writing, ECS will also provide a prospective employer with the information on the amount of salary or wage the employee last earned. Any additional information regarding a current or former employee will be released only upon obtaining a signed release form.

Employee Agreement Renewal

Employment agreements are renewed annually and are based on the employee's satisfactory performance as well as ECS' business related needs. Factors contributing to satisfactory performance and evaluation process.

1. Effective and appropriate communication with students, parents and the community
2. Collaborative work on school committees
3. Continuing professional development (e.g. seminars, training courses and conferences)
4. Commitment to being a positive and contributing member of the ECS community
5. Professional behavior (e.g. punctuality, consistent attendance, attending to responsibilities)

6. Compliance with ECS' policies and procedures as set forth in this manual and as announced or distributed by the Human Resources Department and Principal
7. Achievement of specific goals and objectives outlined by the Human Resources Department or Principal and agreed upon at the beginning of the academic year
8. Effective teaching strategies
9. Teaching philosophy in agreement with that of ECS
10. Effective classroom or work area management

Evaluation

Employee performance evaluations will be conducted by the employees' supervisor at the discretion of their supervisor. As part of these reviews, employees and their supervisor will assess their accomplishments and set new performance goals for the coming period. Performance reviews do not result in automatic salary adjustments. Salary increases are based on overall job performance, including the achievement of individual performance goals and the ECS budget.

Continued Employment

Continued employment is contingent upon several factors, including but not limited to the current state of finances, staffing needs, employee evaluations and the terms of the employee's contract with the School, if any. Continuing employment is at the discretion of the ECS Leadership and the Board of Directors.

Termination Procedures

Whether voluntary or involuntary, the departure of employees from ECS community is honored in the following manner. As soon as it has been determined that an employee is not returning to ECS, the Human Resources Department or Principal and the employee begin the process of informing the community of the departure. Because the students' and community's adjustment to the loss of a teacher is paramount in this communication, its timing is extremely important and must, whenever possible, be concluded in a respectful manner by the employee or ECS providing at least two (2) weeks notice well before the end of the school year.

Whether voluntary or involuntary, the exiting employee must meet with a representative of the Human Resources Department on their last day for an exit meeting. At this meeting, the employee is asked to bring any equipment (keys, computer, etc.) that are property of ECS to return. The employee will be asked to confirm their forwarding address to ensure that benefits and tax information are received in a timely manner.

Additionally, this meeting is an opportunity to sit down and discuss any questions or concerns or provide any feedback for the organization that the employee might have. Final payment will be given at this meeting. Final pay will include any accrued but unused PTO to be paid out consistent with the ECS' PTO and sick policies outlined on pages 21-25 and state law requirements.

Involuntary Termination

Violation of ECS policies and rules may warrant disciplinary action. Discipline may include verbal warnings, written warnings, or termination. The system is not formal and ECS may, in its sole discretion, utilize whatever form of discipline is deemed appropriate under the circumstances, up to and including termination of employment.

Voluntary Termination

An employee who voluntarily resigns their employment or fails to report to work for 2 consecutively scheduled workdays without notice to, or approval from the Human Resources Department or Principal, will voluntarily terminate employment with ECS. All ECS owned property must be returned immediately upon termination of employment.

SECTION THREE
Pay Practices

Employee Classifications

For purposes of calculating wages and eligibility for ECS benefits, ECS uses employee classifications. This policy is intended to clarify ECS employee classifications so that employees understand their employment status and eligibility for benefits. Nothing in this policy is intended to, or does, alter ECS' at-will employment policy. Both the employee and ECS have the right and ability to terminate the employment relationship at any time, and for any reason.

This policy applies to all employees. Employees with questions concerning their classifications or the benefits for which they qualify should contact the Human Resources Department or the applicable benefits plan documents.

Classifications are as follows:

Full-time employees
Full-time employees are those normally scheduled to work at least 30 hours per week, as determined by ECS in its sole discretion. Full-time employees are eligible for all benefits.

Part-time employees
Part-time employees are those normally scheduled to work less than 30 hours per week, as determined by ECS in its sole discretion. Part-time employees are eligible for some ECS benefits, as well as benefits required by law.

Nonexempt employees
Nonexempt employees are eligible to earn overtime pay when they work hours defined by applicable law as overtime hours. If an employee is eligible to earn overtime pay as a non-exempt employee, they will be notified of that fact at the time of hire. An employee will also be notified if a change in job duties for position results in a change in their eligibility to earn overtime pay.

Exempt employees
Exempt employees are those who are classified by the company as exempt from the overtime provisions of the federal Fair Labor Standards Act and any applicable California state law and are not eligible to earn overtime pay.

Certificated employees
Certificated employees are required to have a credential from the California Commission on Teacher Credentialing (CTC).

Classified employees
Classified employees are not required to have a teaching credential.

12 Month employees
12 Month employees work through the calendar year.

11-month employees
11-month employees work 11(eleven) months in the year. They are off in July. They may participate in Summer School activities with a one-month agreement.

Payday and Work Week

Employees are paid bi-monthly on the 10th and the 26th of each month. If either pay date lands on a weekend, payroll will be processed the prior Friday. The work week begins on Monday and ends on

Sunday. Employees may log into the Human Resources Information System to view the annual payday calendar for any variations from the normal schedule.

Pay Advances

ECS does not permit advances against paychecks or against unaccrued vacation or sick leave.

Overtime

When business needs cannot be met during regular working hours, hourly staff may be required to work overtime. All overtime work must be authorized in advance by the Principal or supervisor. Working overtime without prior authorization may result in disciplinary action.

Non-exempt employees will be paid one and one-half times their regular rate for all hours worked over forty (40) in a workweek, eight (8) hours in a workday or the first eight (8) hours on the seventh consecutive day of work in a workweek. Non-exempt employees will be paid two (2) times their regular rate for all hours worked in excess of twelve (12) in a workday or in excess of eight (8) on the seventh consecutive day of work in a workweek. Paid time off including time off for holidays and leaves of absence (disability leave, personal leave, etc.) are not considered hours worked for the purpose of computing overtime.

There shall be no pyramiding of overtime. When more than one overtime premium can be applied to the same working time (for example, an employee works in excess of eight (8) hours on a particular workday and the employee's hours also total more than forty (40) hours for that workweek) only one computation, whichever is of greater benefit to the employee, shall be used to compute overtime pay.

Exempt employees are expected to work as much of each workday as is necessary to complete their job. Exempt employees are not entitled to overtime pay.

Working off the Clock

Non-exempt employees are paid based on hours worked. Thus, they should never "clock in" until they are ready to begin working and should not delay clocking out after completing their work. To ensure that everyone is paid for all hours worked, nonexempt employees should not perform any duties for ECS before "clocking in" or after "clocking out" (i.e., employees should not work off the clock). It is a violation of the law and ECS policy to work off the clock, and anyone who does so or encourages others to do so is subject to corrective action, up to and including termination of employment.

Payroll Deductions

The stub on each payroll check shows the employees gross earnings for the bi-monthly pay period minus those deductions required by law in addition to those authorized by the employee. It also shows the cumulative totals of the employee's gross pay and deductions for the calendar year to date.

ECS is required by law to deduct the following from employee pay:

- Federal Income Tax
- State Income Tax
- Social Security Contributions (FICA)
- State Disability Insurance Premium (SDI)

An annual report is prepared each year showing the earnings including the deductions made from each individual's pay. This report (W-2) is for tax purposes and the employee's permanent record. The (W-2) will be provided to employees no later than January 31.

Stipends

ECS provides a broad array of stipends **for extra assignments beyond the employee's agreement or job description.** Stipends are negotiated between employee and supervisor and approved by the Home Office through the Additional Compensation Request process.

- **Approved standard stipends + bonuses** are listed in the Stipend and Bonus Policy
  - For any questions about these stipends/bonuses, please reach out to the ECS Payroll team
  - **Supervisors:** complete the Additional Compensation Request process prior to an employee beginning their stipend/bonus work

- **Potential recipients of stipends/bonuses:**
  - If you don't receive an approved stipend agreement, you will not be paid
  - Make sure to remind your supervisor to fill out the Additional Compensation Request form for you
  - Once the agreement is signed by you and ECS, then Home Office can process payment
  - Stipends and bonuses are subject to state and federal withholdings, as well as STRS and PERS deductions, and are issued separately from regular salary.

- **Hourly staff** are NOT eligible to receive stipends. If there's a large increase in necessary workload within a given work day or week, then a supervisor may authorize overtime in advance of the work being completed
  - Employee must continue to clock in and out to be paid for all hours worked

National Board Certification

Teachers seeking National Board Certification (NBCT) may apply to ECS to receive grant money toward their NBCT fees. If a teacher receives such a grant award, they must remain at ECS for three years following certification and subject to terms in the subsequent MOU. In the event that the teacher receiving grant money toward their fees doesn't continue to work at ECS for three years, such teacher will reimburse the school for all fees at the prorated amount in their final paycheck(s). In addition, if the teacher shall withdraw from the certification process, the teacher will reimburse the school for all monies paid within two months. If the teacher does not certify in one year, all recertification fees are the responsibility of the teacher. The teacher is expected to continue the process for as many years as needed to complete certification.

Salary Programs

- **Salary of New Employees (Certificated)**

When an employee is hired, salary is determined by **the salary** scale approved by ECS Board of Directors. The determination of placement on the **salary scale** takes into consideration prior experience and education. Promotions from within ECS are assessed as if they are new applicants, using the rating-in scale. Please refer to the current year credentialed teachers salary schedule and agreement for salary information.

- **Salary of New Employees (Classified)**

When an employee is hired, salary is determined by the Principal and the Human Resources Department. Salary takes into consideration prior experience and education. Please refer to the employee agreement language for salary information

- **Review of Salaries**

The Board of Directors convenes to review competitive compensation information. This information will be taken into consideration by the Board in determining any salary scale changes.

Direct Deposit Procedures

ECS offers the advantage of direct deposit of paychecks and encourages the use of this benefit. With direct deposit, an employee's paycheck is automatically deposited in the bank account of their choice and the employee will receive a pay stub detailing their pay and itemized deductions. To start or stop direct deposits, the employee completes and returns the form that is available from the Human Resources Department and Accounting/Payroll.

Please note, for financial safety, ECS will only be accepting direct deposit changes in-person with a wet signature. ECS also needs verification that the account is in the employee's name. This verification needs to have the employee's name, the account number and the banking institution name (e.g. a voided check, a redacted bank statement, or a letter from the banking institution).

Levies & Garnishments

ECS is required by law to recognize certain court orders, liens, and wage assignments. When ECS receives a notice of pending garnishment of wage assignment, the Human Resources Department will notify the employee of this change to their paycheck. The wage garnishment will stay in place until a notification of termination is received from the issuing agency.

Breaks and Meal Periods (Nonexempt Full Time, Part Time, or Temporary Employees)

Meal Periods

- Nonexempt employees who work more than five (5) hours in a workday are provided with an unpaid, duty-free meal period of at least thirty (30) minutes, to begin by no later than the end of the fifth hour of work (i.e., by 4 hours and 59 minutes into an employee's shift).
- If an employee works more than ten (10) hours, a second unpaid meal period of at least thirty (30) minutes, duty-free, is provided to begin by no later than the end of the tenth hour worked.
- Employees may complete written meal period waivers each academic year for the following: (1) for a first meal period when the shifts will last more than five (5) hours and will be completed in six (6) hours or less, or, (2) for a second meal period if they will more than ten (10) hours, but less than twelve (12) hours and did not waive the first meal period for such shifts.
- If for any reason an employee believes they are unable to take or does not take a meal period as provided, a supervisor should be notified as soon as possible and within the pay period in which such an event occurs and an employee must complete the meal period exception report. When required by law, the employer will issue meal period premiums.
- Employees are required to accurately enter the time the meal period(s) begins and ends on timecards.

Shift Worked	Meal Break
4 Hour shift	No meal break
5.5 or 6 hour shift	One half (.5) hour unpaid meal break (unless waived by the employee in writing)
8 Hour shift	One half (.5) hour unpaid meal break
10 Hour shift	One half (.5) hour unpaid meal break
More than 10 hours	2nd half hour unpaid meal break (unless waived by the employee in writing and shift lasts no longer than 12 hours)

Rest Breaks

Nonexempt employees are permitted to take a duty-free rest break., Each break should be ten (10) minutes during the workday, one for each four (4) hour period of work, or major fraction thereof. Rest breaks are paid and are not entered on timecards.

Shift Worked	Rest Break
Shifts less than 3.5 hours in length	No rest break
Shifts between 3.5 and 6 hours in length	One 10-minute rest break
Shifts greater than 6 hours and up to 10 hours in length	Two 10-minute rest breaks
Shifts greater than 10 hours and up to 14 hours in length	Three 10-minute rest breaks

Rest breaks should be taken in the middle of each four (4) hour period of work insofar as practicable. For example, a person working an 8-hour shift would have one rest break in the middle of the first four (4) hours of work and a second rest break in the middle of the second four (4) hours of work.

If for any reason an employee believes they are unable to take or does not take a rest break, as permitted and authorized, a supervisor should be notified as soon as possible and within the pay period in which such an event occurs. When required by law, ECS will issue rest period premiums.

Both Meal Periods and Rest Breaks
Meal periods and rest breaks are completely duty-free; this means that during meal periods and rest breaks employees are relieved of all duty are not subject to call or on-duty, have turned off all radios, or other similar work-communication devices, and are free to leave the premises.

Supervisors and employees are required to comply with this meal and rest period policy. No supervisor is authorized to instruct or encourage an employee to skip a meal period or rest break, to take a short one, or to take a late one, or to interrupt meal and rest periods (absent rate, true emergencies), and employees should report any such issues to the Human Resources Department.

Meal periods cannot be combined with or added to rest breaks, and neither meal periods nor rest breaks are to be used to cover a late arrival or to leave early.

Breaks for Lactation Accommodation for Nursing Mothers
After returning from pregnancy leave, ECS recognizes that employees who are nursing mothers may require time during the workday to express breast milk. ECS will therefore provide a reasonable amount of break time to accommodate an employee desiring to express breast milk and a private location other than a bathroom to do so.

The room itself must:

- Be safe, clean, and free of toxic or hazardous materials;
- Contain a surface to place a breast pump and other personal items;
- Contain seating; and
- Have access to electricity or alternative devices (such as extension cords or charging stations) allowing operation of an electric or battery-powered breast pump.

In addition, ECS will provide the lactating employee access to a sink with running water and a refrigerator or cooler suitable for storing breast milk close to the employee's workspace.

An employee may request an accommodation for lactation breaks by submitting a lactation accommodation request form to their department supervisor. The department supervisor must respond to the employee's accommodation request in writing on the same lactation accommodation request form submitted by the employee indicating the approval or denial of the break request. The completed request form must be returned to the employee and a copy sent to the Human Resources Department.

The requested break time should, if possible, be taken concurrently with other scheduled break periods. Nonexempt employees must clock out for any lactation breaks that do not run concurrently with

normally scheduled rest periods. Any such breaks will be unpaid. The company reserves the right to deny, in writing, an employee's request for a lactation break if the additional break time will seriously disrupt operations.

Employees have the right to file a complaint with the labor commissioner for any violation of rights provided under Chapter 3.8 of the California Labor Code regarding lactation accommodations.

SECTION FOUR
Workplace Conduct

Hours of Work

The school offices open thirty minutes before school begins. Teachers and office employees are expected to be on campus during the full school day and after school for meetings with students and parents, administration, and other staff members. Employees in other departments should verify the work schedule with their direct supervisor. All employees may be required to attend certain meetings, including all weekly department and grade level meetings and all weekly staff and professional development meetings. There will also be regular meetings involving each employee's team, grade level and special meetings on administrative issues. The employee's supervisor will coordinate these meetings and ensure that employees receive timely notice. Employees are also expected to attend ECS sponsored parent meetings and certain school events, for example, but not limited to: Back to School Night; Admission Open Houses; Prospective Parent Night; and school sponsored activities/events.

Work Schedule

Employees should check with the Principal or supervisor for their work schedule.

Employees who require time away from campus during the day must advise the Principal or designee of the anticipated departure time and return time and the reason requiring time off campus (personal, School related etc.).

Planned Full Day Absences

All absent requests must be submitted in the Human Resources Information System at least two weeks in advance of the planned absence.

All absences are approved at the discretion of the employee's supervisor with preference given to employees who take the following steps:

- Submit an absence request in the Human Resources Information System two (2) weeks before the planned absence
- No other employee has requested the same days off (subject to the discretion of the employee's supervisor)
- Secure a substitute teacher and sub plans are provided or other coverage was secured as necessary
- Planned leave is limited to three (3) consecutive days, also subject to the discretion of the employee's supervisor. Please note that planned leave beyond three (3) days may be granted pursuant to the leave provisions included herein.

Unplanned Absences for all Employees Except Teachers

When an unplanned absence occurs due to illness or other serious emergency, whenever possible, the employee should notify the main office and their direct supervisor to ensure proper coverage of the employee's position in their absence. Absence needs to be entered in the Human Resources Information System by the employee.

Unplanned Teacher Absences

When an unplanned teacher absence occurs, arrange for a substitute teacher via the ECS Substitute Roster or via other sub pools. In addition, please report the unplanned absence to the main office so the office can facilitate the proper substitute coverage. When leaving this message indicate whether sub coverage was found and all details necessary. Be sure to leave unplanned absences as a phone message first. Of course, employees can email this information as well and any detailed instructions

but a phone call to the main office is necessary first so the office team is prepared upon opening the office for the day's challenges.

Unplanned Absences for Salaried Employees
Salary employees are advanced up to 5 days of pay each payroll. The paycheck on the 10th of the month covers days worked the 1st through 15th of the month for all salaried employees. If an employee is trying to take time off after payroll has been submitted, the employee will not be able to submit time off in OnePoint. OnePoint will block anyone who is salaried from submitting PTO/Sick time because anything between those dates has already been paid.

Instead, please send an email with the supervisor CC'd to the Human Resources Department with the dates that the PTO/sick time needs to be added and the Human Resources Department will manually deduct the time.

No Call No Show Policy

- **Employee Notification Expectations**

Employees of ECS are expected to arrive at work on time for all scheduled shifts. Days off should be scheduled at least two (2) weeks in advance. Employees are required to call at least 1 (one) hour before the scheduled work time or as soon as possible and notify the supervisor in the case of illnesses, accidents or other emergencies that keep them from working as scheduled. Notification must take place through a phone call or text to the direct supervisor. Unacceptable notification methods include email and voicemail. If an employee can't call before their shift begins, the employee must notify their supervisor as soon as possible.

- **Definition of No Call No Show**

A no call no show occurs when an employee fails to show up for a scheduled shift and doesn't call or notify ECS about the absence. The event is a no call no show after a 1 (one) hour grace period from the start of the shift. Each day the employee doesn't report for a shift or call to notify a supervisor is considered a no call no show event. If the employee fails to report for three (3) days, it's considered a voluntary termination by the employee.

An employee may need to provide evidence to support the reason for the absence. Acceptable evidence is a doctor's note and must be presented within one day of returning to work.

Dress Code
Although ECS has no employee dress code, there are some guidelines that need to be followed. ECS' goal is to represent, at all times, a professional mature demeanor to our students, our parents, and the public. Consequently, short skirts, dresses and shorts, bare midriffs, cleavage, see through, low necklines, inappropriately tight or "sagging" clothing, t-shirts (other than ECS related t-shirts), torn or soiled clothing, and shoes that are unsafe for working with children are not suitable attire for employees. The Human Resources Department or Principal reserves the right to determine what constitutes appropriate professional dress attire at ECS.

Standard of Conduct

- **Prohibited Conduct**

The following conduct is prohibited and will not be tolerated by ECS. This list of prohibited conduct is illustrative only; other types of conduct injurious to security, personal safety, employee welfare and ECS' operations also may be prohibited.

- Falsification of employment records, employment information or other ECS School records.

- Recording or allowing employees to record one another's time, or allowing falsification of any time card, either the employee's own or that of another employee's.
- Theft, deliberate or careless damage or destruction of any ECS property or the property of any employee, student or visitor.
- Removing or borrowing ECS property without prior authorization.
- Unauthorized use of ECS equipment, time, materials, or facilities.
- Possessing, distributing, selling, transferring, or using (or being under the influence of) alcohol or illegal drugs in the workplace or on work time.
- Provoking a fight or fighting during working hours or on ECS property.
- Participating in inappropriate horseplay or practical jokes on ECS school time or on ECS premises.
- Carrying firearms or any other dangerous weapons on ECS premises at any time.
- Engaging in criminal conduct whether or not related to job performance.
- Causing, creating or participating in a disruption of any kind during working hours on ECS property.
- Insubordination, including, but not limited to, failure or refusal to follow the instructions of the employee's immediate supervisor or member of management, or the use of abusive or threatening language toward an immediate supervisor or member of management.
- Using abusive language at any time on ECS premises.
- Failure to notify ECS when unable to report to work.
- Unreported absence of two (2) consecutive scheduled workdays.
- Failure to obtain permission to leave work for any reason during normal working hours.
- Failure to observe working schedules, including rest and lunch periods.
- Failure to provide a physician's certificate when requested or required to do so.
- Sleeping or malingering on the job.
- Working overtime without authorization when requested or required to do so.
- Wearing extreme, unprofessional or inappropriate styles of dress while working. For further clarification regarding appropriate dress, speak with the Superintendent or Principal.
- Violation of any safety, health, security or ECS School policies, rules or procedures.
- Committing a fraudulent act or a breach of trust under any circumstances.
- Unlawful harassment.

Although employment may be terminated at will by either the employee or ECS at any time, without following any formal system of discipline or warning, ECS may exercise its discretion to utilize forms of discipline that are less severe than termination. Examples of less severe forms of discipline include verbal warnings, written warnings, demotions and suspensions. While one or more of these forms of discipline may be taken in connection with a particular employee, no formal order or procedures are necessary.

This statement of prohibited conduct does not alter ECS' policy of at-will employment. Either the employee or ECS remains free to terminate the employment relationship at any time, with or without reason.

- **Off-Duty Conduct**

While ECS does not seek to interfere with off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with ECS' legitimate business interests.

Employees are expected to conduct their personal affairs in a manner that does not adversely affect ECS' integrity, reputation or credibility. Illegal off-duty conduct on the part of an employee that adversely affects ECS' legitimate business interests or the employee's ability to perform his or her job will not be tolerated.

Working with Volunteers

Community volunteers in ECS schools enrich the educational program and strengthen the schools' relationships with homes, businesses, public agencies, and private institutions. The presence of volunteers in the classroom and on school grounds also enhances the supervision of students and contributes to school safety.

All volunteers must complete an onboarding process with the Human Resources Department which includes criminal backgrounds check, Tuberculosis Screening, and Mandated Reporter Training prior to working with ECS students and/or staff.

ECS prohibits harassment of any volunteer under the ECS' Unlawful Harassment, Discrimination and Retaliation policy.

As appropriate, the Human Resources Department or designee shall provide volunteers with information about school goals, programs, and practices and orientation or other training related to their specific responsibilities. Employees who supervise volunteers shall ensure that volunteers are assigned meaningful responsibilities that utilize their skills and expertise and maximize their contribution to the educational program.

Volunteers shall act in accordance with ECS policies, regulations, and school rules. The Human Resources Department or designee shall be responsible for investigating and resolving complaints regarding volunteers.

Conflicts of Interest

Situations of actual or potential conflict of interest are to be avoided by all employees. All employees of ECS are prohibited from romantic involvement with ECS parents or ECS students. Situations of actual or potential conflict of interest are to be avoided by all employees. Personal or romantic involvement with a supplier or subordinate employee of ECS, which impairs an employees' ability to exercise good judgment on behalf of ECS, creates an actual or potential conflict of interest. Manager-subordinate romantic or personal relationships also can lead to administrative problems, possible claims of sexual harassment and morale problems.

An employee involved in any of the types of relationships or situations described in this policy shall immediately and fully disclose the relevant circumstances to the Human Resources Department for a determination as to whether a potential or actual conflict exists. If an actual or potential conflict is determined to exist, ECS may take whatever corrective action appears appropriate according to the circumstances.

Hiring of Relatives

It is the policy of ECS not to hire a relative, spouse, domestic partner or significant other of any employee if they are in the same line of supervision or if there is a potential conflict of interest. This policy shall not be applied to employees who have relatives working for ECS on the effective date of the Employee Handbook.

Gifts

Improper personal gain may result not only where an employee or relative has a significant ownership interest in a company with which the School does business but also when an employee or relative receives any kickback, bribe, substantial gift, or special consideration as a result of any transaction or business dealing involving ECS. The receipt of occasional flowers, candy or gifts worth less than $100.00 from clients, customers, or vendors fall outside the intent of this policy and acceptance of such items is permissible. However, employees must obtain written approval from the Human Resources Department before accepting any item worth in excess of $100.00 from clients, customers, or vendors.

Additional Outside Employment

ECS discourages full-time employees from holding additional jobs outside ECS during ECS calendar year. However, if the position does not interfere with required school work hours, ECS will not prohibit such employment. Outside jobs must not be held if the job(s) will interfere or conflict with the interest of ECS or performance of contracted duties.

Solicitation and Distribution of Literature

ECS has established rules, applicable to all employees, to govern solicitation and distribution of written material during working time and entry onto the premises and work areas. All employees are expected to comply strictly with these rules.

- No employee shall solicit or promote support for any cause or organization during their working time or during the working time of the employee(s) at whom the activity is directed;

- No employee shall distribute or circulate any written or printed material in work areas at any time, during their working time, or during the working time of the employee(s) at whom the activity is directed; and

- Non-employees will not be permitted to solicit or to distribute written material for any purpose on ECS property, except when required under California or federal law.

As used in this policy, "working time" includes all time for which an employee is paid and/or is scheduled to be performing services for ECS; it does not include break periods, meal periods, or periods in which an employee is not, and is not scheduled to be, performing services or work for ECS.

Purchase Orders

Before ordering any supplies or purchases, please check with the Principal or supervisor to ensure there is an appropriate budget allocation remaining. All requests for supplies and purchases for ECS must have prior written approval. Please submit a purchase request to the Principal or designee for approval.

Reimbursement for Expenses

Within budget guidelines provided, employees are reimbursed for expenses. Expenses should be approved before they are incurred. An expense record form must be completed and submitted to the Principal with receipts attached. No receipts, no reimbursement, no exceptions.

All reimbursements must be submitted within 30 days of the transaction. Receipts must be dated within 30 days. If this is a mileage reimbursement, then the date of the trip must be within 30 days of the reimbursement date of submission.

In order to use a School check for a purchase, a check request form must be completed with the exact amount and the name of the store or supplier provided. Check requests shall be submitted to the Principal no later than two (2) weeks days before the check is needed. Prior approval from the Principal is required before any check can be processed.

Travel Policy

All travel expenses (i.e., hotel, flight, mileage, food) shall be paid by the employee or the site directly. ECS encourages the employee to use their own credit card and seek reimbursement to allow for flexibility in their travel plans. However, in the event that the employee cannot use a personal credit card, the school principal may allow use of the school credit card to book conference registration, flights, and hotel reservations provided booking is finalized one month in advance. In this event, no changes should be made to the booking once it is finalized.

Prior to purchase, a Purchase Order that has been approved by the Principal must be submitted to ECS Accounting that includes conference registration costs, flight, hotel, and projected food and mileage costs.

For either employee reimbursement or use of the employee credit card for travel, the following purchasing limitations apply:

Hotel: Lodging costs may be up to $200 + taxes and fees per night during the length of the conference. Lodging costs will be reimbursed after completion of the stay.
Flight: Flights must be booked at least two weeks in advance of departure.
Mileage: Employees will be reimbursed at the current Federal mileage rate.
Food: Employee will be reimbursed up to $35 for food per day with itemized receipts.
Tips: Tips left on food purchased will be reimbursable up to 10%

Reimbursements including original receipts should be submitted to ECS Accounting within 30 days following the conference.

Cancellation of Reservations

- If a trip must be cancelled or changed, the traveler must make every effort to cancel/change any travel reservations. Fees incurred as a result of cancelling/changing a trip will be covered if the cancellation/change was work related or due to unforeseen circumstances out of the control of the traveler. A business justification must be submitted and approved by the appropriate administrator (e.g., the employee's Principal, the Superintendent).
- Travelers who are unable to honor a reservation shall be responsible for canceling the reservation in compliance with the cancellation terms established by the hotel, airline, conference, etc. The traveler must return any refundable deposits to ECS.
- Charges or lost refunds resulting from failure to cancel reservations, registrations, etc. shall not be reimbursed unless the traveler can show that such failure was the result of circumstances beyond the traveler's control. The traveler shall refund ECS for any prepaid reservations, registrations, etc. that are non-refundable or any charges incurred as a result of the cancellation unless they can show that the cancellation / change was work related or due to unforeseen circumstances of the traveler.
- The traveler shall be responsible for promptly returning for a refund any unused or partially used transportation tickets.

Mail

Incoming
All Employees shall check their mailbox, voicemail and email daily. Employees are expected to return calls to parents within a 24 hour period.

Outgoing
Mail shall be placed in the outgoing mailbox located in the Main Office. All personal mail must have a stamp on it; postage is not available at ECS for personal mailings.

Use of School Telephones Incoming Calls
Messages will be delivered to individual mailboxes. Teaching Staff will not be contacted during class except for emergencies or by prior request. Personal telephone calls shall be kept to a minimum.

Outgoing Calls
All employees are asked to keep personal calls brief and to a minimum.

Personal Letters, Published Article, & Public Affairs

When writing personal letters or articles to be published or when participating in ECS functions, fundraisers, or public relations, employees are cautioned to avoid embarrassing situations which would reflect negatively on the employee or ECS. Personal letters must not be written on ECS letterhead for obvious reasons. Endorsements, testimonials, publications or participation in public relations must be approved by the Human Resources Department or Principal if ECS could be associated with the activity.

Employer Property

Desks, computers, printers and other teaching and office support equipment are ECS property and must be maintained according to ECS rules and regulations. They must be kept clean and are to be used for work-related purposes. ECS reserves the right to inspect all ECS property to ensure compliance with its rules and regulations, without notice to the employee and/or in the employee's absence. Current or terminated employees are prohibited from removing, destroying, or otherwise tampering with school property, including the removal of ECS data or information from ECS property. Violations to this policy will be investigated and could result in legal action.

Voicemail and/or electronic mail (email) are to be used for business purposes only. ECS reserves the right to listen to voicemail messages and to access email messages to ensure compliance with this rule, without notice to the employee and/or in the employee's absence.

It may be necessary to assign and/or change "passwords" and personal codes for e-mail, internet and computer access. These items are to be used for ECS business and they remain the property of ECS. ECS may keep a record of all passwords/codes used and/or may be able to override any such password system. For more detailed information regarding e-mail, internet and computer access please consult ECS' ***Computer Usage Policy*** and ***Software Policy***.

Prior authorization must be obtained before any ECS property may be removed from the premises.

For security reasons, employees shall not leave personal belongings of value in the workplace. Any personal property used for an employee's job duties that becomes damaged or lost will be the responsibility of the employee. ECS assumes no responsibility or liability for the use of personal items on campus. Personal items are subject to inspection and search, with or without notice, with or without the employee's prior consent.

Terminated employees shall remove any personal items at the time they leave ECS. Personal items left in the workplace by previous employees are subject to disposal if not claimed at the time of the employee's termination.

ECS Key Policy Purpose

The campus key policy has been established as a basis for a key issue and maintenance system for the campus.

Issue of Campus Keys

All employees of ECS are eligible to hold keys for areas to which they need access on a daily basis to perform their jobs. All requests for permanently issued keys should be made through the Director of Operations. Requests for temporary keys must have definite issue and return dates and include the proper authorized signature before they will be processed. Once processed, keys must be picked up in person *by the key holder* at the office of the Campus Engineer.

Return of Campus Keys

All keys must be returned by the key holder to the Human Resources Department upon termination of employment. Any keys not currently used by the School employee should also be returned to reduce the number of keys in circulation.

Transfer/Loan of Keys
Employees must sign for keys issued to them and should not receive or take into possession any campus keys that have not been formally issued to them by the Campus Engineer.

Lost Keys
Lost or stolen keys present an immediate security risk to the entire campus and must be *immediately* reported to the Campus Engineer within 24-hours.

A fee of $25.00 shall be assessed on the second incident for each lost key. Fees shall be collected by the Front Office *prior* to the issuance of replacement keys. Issuance of replacement keys may be denied to individuals who have repeatedly lost keys due to carelessness. Refunds for keys found after the fine is assessed may or may not be returned depending upon whether rekeying costs have been incurred.

Key Duplication
Key holders MUST NOT duplicate any keys issued to them. Disciplinary action may result for unauthorized key duplication.

Worn or Broken Keys
A replacement for a worn or broken key will be provided at no charge in exchange for the defective key. All pieces of the key must be returned to the Campus Engineer. All rekeying or installation of new locks must be requested through Campus Engineer.

Keys for Service Personnel
Short-term contracted vendors to the campus will not be issued permanent keys to the ECS campuses. Keys will be made available for daily check out from the Main Office. In the event a vendor needs after-hours access to a part of the campus, arrangements can be made through the Campus Engineer.

Employee Property

An employee's personal property, including, but not limited to, lockers, packages, purses and backpacks, may be inspected upon reasonable suspicion of unauthorized possession of ECS property. Any personal property used for an employee's job duties that becomes damaged or lost will be the responsibility of the employee, except if that employee received prior approval by the Superintendent, Principal, or designee ECS assumes no responsibility or liability for the use of personal items on campus.

ECS Green Policy

It is the policy of ECS to continue to actively seek opportunities to institute workplace practices and purchases that are energy efficient, reduce waste, and minimize detrimental environmental impacts, without reducing safety or workplace quality.

Student Purchased Instructional Materials Policy

Per the Student Parent Handbook, ECS strongly encourages ECS teachers to provide all literature materials to students. ECS teachers cannot require students to purchase literature materials.

Controversial Material Policy

Where a teacher is choosing material that may be considered controversial, they must send a note home to parents three (3) weeks prior to using the proposed material describing the controversial material, highlighting controversial topics, and if applicable referencing the California Department of Education's web page that identifies the literature as "State Approved". The note shall include a tear off portion for parents to select from the following options: a) to have their student watch the material in class, b) to have the student watch/read the material at home with a parent or c) to elect alternative materials to support the same instructional objectives; and to elect how their student will acquire the necessary materials.

If movies/videos rated R are to be used either in full or as excerpts to support learning, the teacher is to secure parent permission for all students prior to showing the movie.

Additional ECS Policies

For full policy information please refer to the “Documents and Tasks” tab in the Human Resources Information System for the following policies:

- **Computer Usage Policy**
- **Software Policy**
- **ECS Cell Phone Policy**
- **Data & Recovery Policy**

SECTION FIVE
Employee Benefits and Time off

Insurance Coverage

Group Medical Insurance (medical, dental, vision and life and death, EAP)

Full-time staff members at Environmental Charter Schools, working 30 hours or more per week, are eligible for health benefits. Enrollment into ECS sponsored benefits becomes effective on the 1st of the month following 30 days of employment. Upon hire, the Human Resources Department will provide access to ECS' HRIS system Benefit Portal to enroll. If the employee does not enroll within the specified time period the employee will need to wait until the next Open Enrollment period to secure coverage (unless the employee experiences a Qualifying Event).

Full-time Employees
ECS makes contributions towards the cost of all benefits chosen by the employee, including group medical insurance (medical, dental, vision and life and death) for full-time employees, their families and/or domestic partner. See employee agreement language for specific benefits provisions. Employees may purchase medical insurance for their spouse, dependents or domestic partner through this plan. This policy is subject to change in the future.

See the ECS Employee Benefits Guide for additional information on health care benefits. The employee's contribution for dependent coverage will be automatically deducted from their paycheck pursuant to a written authorization from the employee to ECS.

Full-time employees are covered 100% for medical, dental, vision, and life and death when selecting the benefits below:

- 100% covered Medical HMO
- 100% covered Dental HMO
- 100% covered Vision
- Life and Life AD&D

If an employee selects a different level of coverage they are responsible for paying the difference in cost.

If an employee chooses to cover their dependent(s) through ECS, ECS contributes an average of $8,500 towards the cost of such benefits for employee or employee + dependent(s). Employee shall be responsible for any cost beyond ECS' contribution to plan(s) chosen by Employee.

Opt Out of Medical Insurance Stipend Option (full-time employees)
Employees who choose to decline coverage will receive a four thousand five hundred ($4,500) dollar stipend. The employee must submit proof that they have eligible group coverage pursuant to the Affordable Care Act (ACA) to the Human Resources Department.

Time Off Policies

- **12 Month Full-Time Employees (Exempt, Nonexempt)**

Paid Time Off (PTO)
ECS grants paid time off (PTO) to eligible employees to allow them flexibility to meet both their work and professional needs. PTO may be used for any reason, including taking time off to rest and relax

away from work, to recover from illness or an accident or to address other personal needs, such as doctor or dentist appointments. PTO may also be used for the diagnosis, care, treatment or preventative care for the employee or an employee's family member in accordance with HWHFA.

Eligibility
Exempt and nonexempt full-time 12-month employees are eligible to accrue PTO. Active service begins with an employee's first day of work and continues thereafter unless interrupted by an absence without pay, a leave of absence, or termination of employment.

Part-time and temporary employees are not eligible to accrue PTO.

Accrual
Such time shall be vested and may accrue from year to year up to a maximum of 30 days. If an employee reaches this cap, personal time off must be used before further time is accrued.

Years of Service	Accrual per Month	Annual Accrual	Max PTO in Bank
Year 1-4	.83	10 days (80 hours)	30 days (240 hours)
Year 5-9	1.25	15 days (120 hours)	30 days (240 hours)
Year 10+	1.66	20 days (160 hours)	30 days (240 hours)

Scheduling
PTO requests must be submitted in the Human Resources Information System at least two week's in advance of the planned absence. All PTO requests are approved at the discretion of the employee's supervisor.

Exempt and nonexempt full-time 12-month employees are expected to return to work one week before winter break is over to ensure school is in preparation for spring session.

11-Month Full-Time Employees (Exempt, Nonexempt)

Sick Days
Full-time 11-month employees receive ten (10) sick days off throughout the school year for periods of temporary absence due to illness or injury. Days are deducted either as a partial day or as a full day. Partial day deductions are absences that are 4 (four) or more hours but less than 8 (eight) hours.

Accrual
Employees accrue sick days at a rate of ten (10) days per year, or 7.28 hours per month. Unused sick days can be "carried over" and used in subsequent years.

However, if employment with ECS is terminated by the employee or ECS for any reason, the employee **shall not be entitled to payment for any unused sick days unless the criteria below are met**:

ECS will re-purchase any "carried over" but unused sick leave as follows:

- If the Employee is still employed at the end of 15 years from the date of their original hire date and has been continuously employed by ECS, then the employee has the right but not the obligation to have up to 50% of their accrued but unused sick leave re-purchased by ECS at a value equal to 50% of the average daily pay rate for the employee during their employment with ECS.

- If the employee is still employed at the end of 20 years from the date of their original hire date and has been continuously employed by ECS, then the employee has the right but not the obligation to have up to 75% of their accrued but unused sick leave re-purchased by ECS at a value equal to 75% of the average daily pay rate for the Employee during their employment with ECS.

- If the employee is still employed at the end of 25 years from the date of their original hire date and has been continuously employed by ECS, then the employee has the right but not the obligation to have up to 100% of their accrued but unused sick leave re-purchased by ECS at a value equal to 100% of the average daily pay rate for the Employee during their employment with ECS.

Part-Time Non-Exempt Employees

Mandatory Sick Hours (Healthy Workplace Healthy Family Act 2014)
An employee, hired after July 1, 2015 that works in California for 30 or more days within one year from the beginning of employment is entitled to six (6) days, or forty eight (48) hours of Mandatory Sick Time paid sick leave per year.

An employee may use accrued Mandatory Sick Time beginning on the 90th day of employment.

Mandatory Sick Time may also be used for the diagnosis, care, treatment or preventative care for the employee or an employee's family member in accordance with HWHFA. Mandatory Sick Hours may not be used during holidays, vacation, or hours of work outside an employee's regular schedule. If sick leave is misused, sick pay will not be awarded and the employee may be disciplined and even discharged.

Procedure
Employees must provide notice as soon as possible to Principal or supervisor. Sick time request must be entered in the Human Resources Information System the day of or once the employee returns back to work.

Award
Employer Policy Lump-Sum Method: Employee is awarded 48 hours, or six days of sick leave at the beginning of employment or January 1st of each calendar year.

Employees are not able to carry over unused sick days, however the employee will get six new sick days at January 1 of the following year.

Upon termination of employment, ECS does not cash out any unused Mandatory Sick Hours. If an employee leaves their job and gets rehired by ECS within 12 months, the employee can reclaim (restore) their previous balance of mandatory sick hours.

Holidays
Schools will be closed to observe the following holidays:

New Year's Day
Martin Luther King, Jr. Birthday
President's Day
Cesar Chavez Day
Memorial Day
Juneteenth
Fourth of July
Labor Day
Veteran's Day
Thanksgiving and the day after
Christmas Eve
Christmas
New Year's Eve

If a holiday falls on a weekend day, it is usually observed on the preceding Friday or the following Monday. ECS reserves the right to observe or move holidays depending on student learning. Please refer to the final academic calendar for dates.

Religious Holidays

An employee may request to use their paid time off to attend religious services and/or observe religious holidays. ECS will attempt to make reasonable accommodations of the requests of the employee based upon the needs of ECS. Employees should notify ECS at least two (2) weeks in advance of such a holiday.

Winter Break, Spring Break, & Summer Break

ECS is closed for one week for Spring Break, one week for Summer Break, and up to three weeks during Winter Break. Please refer to the school academic calendar for dates.

Thanksgiving Break, Winter Break, and Spring Break are paid for 12-month full-time employees and 11-month full-time classified employees only.

Paid time off may not be used during Winter or Spring Breaks.

Time Off Around Holidays and Vacations

It is expected that employees work their last scheduled workday preceding the holiday or start of a vacation period and also work their first scheduled workday following the holiday or completion of vacation period unless prior approval has been granted or a verified illness or emergency prevented the employee from working the full scheduled workday(s).

Additional Insurance Protection Workers' Compensation Insurance

ECS, in accordance with state law, provides insurance coverage for employees in case of work-related injury. The workers' compensation benefits provided to injured employees may include:

- Medical care.
- Cash benefits, tax free, to replace lost wages.
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure that employees receive any workers' compensation benefits to which they may be entitled, employees will need to:

1. Immediately report any work-related injury to the Principal and to the Human Resources Department within eight (8) hours of the injury occurrence. Should the injury require emergency care, 911 should be called without delay
2. Seek medical treatment and follow-up care if required. Please call Company Nurse
3. Complete necessary workers compensation paperwork and return it to the Human Resources Department.
4. Employee provides ECS with a certification from the employee's healthcare provider regarding the need for workers' compensation disability leave and the employee's ability to return to work from the leave.

Under most circumstances, upon submission of a medical certification that an employee is able to return to work from a workers' compensation leave of four months or less, the employee will be reinstated to their same position held at the time the leave began or to an equivalent position, if available. An employee returning from a workers' compensation leave has no greater right to reinstatement than if the employee had been continuously employed rather than on leave. For example, if the employee on workers' compensation leave would have been laid off had they not gone on leave, or if the employee's position has been eliminated or filled in order to avoid undermining ECS' ability to

operate safely and efficiently during leave, and there are no equivalent or comparable positions available, then the employee would not be entitled to reinstatement.

Under most circumstances, upon submission of a medical certification that an employee is able to return to work from a workers' compensation leave of more than four months, the employee will be offered the same position held at the time the leave began, if available. If the same position is not available, an employee's return to work will depend on job openings existing at the time of their scheduled return. An employee's return will depend on their qualifications for any existing openings. If, after returning from a workers' compensation disability leave, an employee is unable to perform the essential functions of their job because of a physical or mental disability, ECS' obligations to the employee may include reasonable accommodation, as governed by the Americans with Disabilities Act (ADA).

Workers' compensation disability leaves are without pay. However, an employee may utilize accrued sick or PTO time off during the leave. All of those payments will be coordinated with any state disability, workers' compensation, or other wage reimbursement benefits for which the employee may be eligible. At no time will the employee receive a greater total payment than the employee's regular compensation.

Continuation of Benefits
If an employee is on an extended leave or if the employee leaves ECS, the employee may be eligible to continue their medical insurance benefits pursuant to federal law (COBRA). Please contact the Human Resources Department for details.

SECTION SIX
Leave of Absence

Requesting Leave
All requests for time off under this policy (or extensions) should be submitted to the Human Resources Department.

Where the employee's need for time off under this policy is foreseeable, the employee must provide *at least thirty* (30) days advance notice. When the leave is not foreseeable or it is not possible to supply a full *thirty* (30) days advance notice, the employee must provide advance notice of their need for leave as soon as practicable. This means that the employee should notify ECS of their need for time off as soon as the employee becomes aware that the employee will need to apply for this benefit.

The employee must provide complete and sufficient information to enable ECS to evaluate whether the requested time off qualifies for leave under this policy. Please be sure to indicate if leave is being sought for a reason which ECS has previously approved or certified.

Specific advance notice requirements for each leave are noted under the leave policy (as applicable).

Certification of the Need for Leave
All requests for medically related leave under this policy must be accompanied by the appropriate medical "Certification" form. This form may be obtained from the Human Resources Department**.** It should be submitted to the employee's health care provider (in the case of Medical Leave or Military Caregiver Leave) or the appropriate military personnel (in the case of qualifying exigency leave) and returned within fifteen (15) days. In most cases, ECS will not process the employee's leave request until the employee returns the completed medical certification. Please be aware that until the leave is officially approved, any time off may be deemed an unexcused absence. For extended absences, the employee may be required to submit periodic re-certifications of their need for leave.

If ECS has any concerns over the medical certification the employee has submitted, ECS may ask the employee to cooperate in obtaining a second or third medical opinion. Where a second or third medical opinion is requested, the cost of the examination will be paid by ECS.

Coordinated Benefits
Employees will be eligible for Coordinated Benefits pregnancy disability leaves with pay after the third year (3rd) of service with ECS with a limit up to eight (8) weeks (40 days) contingent to State Disability Insurance (SDI) once the baby is born or placed in the employee's home. ECS will offer Coordinated Benefits to pay the difference in salary between SDI and employee's full pay. The employee may also utilize accrued PTO time and any other accrued PTO during the leave. There is a seven (7) day waiting period before an employee receives any state disability or other wage reimbursement benefits that the employee may receive. At no time will the employee receive a greater total payment than their regular compensation.

Payment will be based on the employee sending the SDI statements that the employee receives from the EDD to the Human Resources Department. Please ask the Human Resources Department for more information.

Pregnancy Disability Leave Overview

If an employee is disabled by pregnancy, childbirth or a related medical condition, they may take pregnancy disability leave concurrently with any FMLA for which they may be eligible.

Eligibility

Employees are eligible for this job-protected leave from the first day of hire and regardless of whether they are eligible for FMLA or CFRA leave.

Employees are eligible for an unpaid disability leave of absence due to childbirth or pregnancy-related disability. An employee is “disabled by pregnancy” if, in the opinion of their health care provider, they are unable because of pregnancy to perform any one or more of the essential functions of their job or to perform any of these functions without undue risk to self, to the pregnancy’s successful completion, or to other persons. An employee also may be considered to be “disabled by pregnancy” if, in the opinion of their health care provider, they are suffering from severe “morning sickness” or where the employee needs to take time off for: (1) prenatal or postnatal care; (2) bed rest; (3) gestational diabetes; (4) pregnancy-induced hypertension; (5) preeclampsia; (6) post-partum depression; (7) childbirth; (8) loss or end of pregnancy; and (9) recovery from childbirth, loss or end of pregnancy.

Reasonable Accommodation for Pregnancy-Related Disabilities

Any employee who is affected by pregnancy may also be eligible for a temporary transfer or another accommodation. Employees are "affected by pregnancy" if they are pregnant or have a related medical condition and their health care provider has certified that it is medically advisable for the employee to temporarily transfer or to receive some other accommodation.

ECS will provide a temporary transfer to a less-strenuous or -hazardous position or duties or other accommodation to an employee affected by pregnancy if:

- She requests a transfer or other accommodation;
- The request is based upon the certification of her health care provider as "medically advisable"; and
- The transfer or other requested accommodation can be reasonably accommodated pursuant to applicable law.

No additional position will be created and ECS will not terminate another employee, transfer another employee with more seniority, or promote or transfer any employee who is not qualified to perform the new job as a part of the accommodation process.

Examples of reasonable accommodations include: (1) modifying work schedules to provide earlier or later hours; (2) modifying work duties, practices or policies; (3) providing time off; (4) providing furniture (such as stools) and modifying equipment and devices; and (5) providing additional break time for lactation or trips to the restroom. If time off or a reduction in hours is granted as a reasonable accommodation, ECS will consider the reduced hours/time off as pregnancy disability leave and deduct those hours from an employee's four-month leave entitlement.

Medical Certification

A request for Pregnancy Disability Leave (PDL) must be accompanied by a written Doctor’s statement at least one (one) week prior to the start date of the leave of absence, unless it is an emergency medical leave. A Doctor’s release to return to work is also required at least one (1) week prior to the expiration of the leave of absence before an employee will be permitted to return to work. Employees may take PDL on an intermittent basis, in blocks of time, or by reducing their normal weekly or daily work schedules, if deemed medically necessary by the employee’s health care provider.

Procedure
All employees shall advise the Human Resources Department or Principal of their intent to take pregnancy disability leave as soon as possible. The individual shall make an appointment with the Human Resources Department, so that the Human Resources Department may explain the following:

- Employees who need to take PDL must provide at least verbal notice sufficient to notify ECS that the employee needs to take a pregnancy disability leave and/or transfer. The verbal notice shall include the anticipated timing and duration of the leave or transfer. If the need for the leave or transfer is foreseeable, employees must provide at least 30 days’ advance before the pregnancy

disability leave start date. Employees must consult with the Human Resources Department or Principal regarding the scheduling of any planned medical treatment or supervision so as to minimize disruption to the operations of ECS. Any such scheduling is subject to the approval of the health care provider of the employee. If 30 days' advance is not possible, notice must be given as soon as practicable.

- If requested by the employee and recommended by the employee's physician, the employee's work assignment may be changed as required to protect the health and safety of the employee and their child.

- Requests for transfers of job duties will be reasonably accommodated as long as the requirements of the job can be met and security rights of others are not breached.

- Temporary transfers due to health considerations will be granted where possible. However, the employee will receive the pay that accompanies the job, as is the case with any other temporary transfer due to temporary health reasons.

- Pregnancy leave usually will begin when ordered by the employee's physician. The employee must provide ECS with a certification from a health care provider. The certification indicating disability shall contain:
    - The date on which the employee became disabled due to pregnancy;
    - The probable duration of the period or periods of disability; and
    - A statement that, due to the disability, the employee is unable to perform one or more of the essential functions of her position without undue risk to themselves, the successful completion of their pregnancy, or to other persons.

- Leave returns will be allowed only when the employee's physician sends a release.

- Duration of the leave will be determined by the advice of the employee's health care provider. Disabled employees may take up to four months without certification. Part-time employees are entitled to leave on a pro-rata basis. The four months of leave includes any period of time for actual disability caused by the employee's pregnancy, childbirth or related medical condition. This includes leave for severe morning sickness and for prenatal care.

- Leave does not need to be taken in one continuous period of time and may be taken intermittently, as needed.

Under most circumstances, upon submission of a medical certification that an employee is able to return to work from a pregnancy disability leave, an employee will be reinstated to their same position held at the time the leave began or to an equivalent position, if available. An employee returning from a pregnancy disability leave has no greater right to reinstatement than if the employee had been continuously employed rather than on leave. For example, if the employee on pregnancy disability leave would have been laid off or terminated had they not gone on leave, or if the employee's position has been eliminated or filled in order to avoid undermining ECS' ability to operate safely and efficiently during the leave, and there are no equivalent or comparable positions available, then the employee would not be entitled to reinstatement.

Baby Bonding Leave

An employee can take up to 12 weeks of unpaid, job-protected leave to bond with a newborn or a child placed with the employee for adoption or foster care - assuming the employee meets eligibility requirements. Leave must be taken within one (1) year of the child's birth, adoption or foster-care placement.

Baby Bonding Leave is in addition to any time off under California's pregnancy disability leave law.

Baby Bonding Leave may be taken in two-week increments, and in increments of less than two weeks on two occasions.

Intermittent Leave

Eligible employees may take parental leave in at least two-week increments with shorter increments allowed on two occasions. Employees who require intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt ECS's operations. Intermittent leave is permitted in intervals of at least one hour, or at the same intervals as provided in ECS's accrued sick leave or PTO policy, whichever increments are smaller.

Use of Accrued Paid Leave

Employees may choose to use accrued paid leave (such as sick leave or PTO) concurrently with some or all of their parental leave. To use paid leave concurrently with parental leave, eligible employees must comply with ECS's normal procedures for the applicable paid-leave policy (e.g., call-in procedures, advance notice).

Employees may also apply for California's Paid Family Leave (PFL) insurance benefits through the California Employment Development Department (EDD).

Maintenance of Health Benefits

If employees and/or their families participate in ECS's group health plan, ECS will maintain coverage during parental leave on the same terms as if an employee had continued to work. If applicable, an employee must make arrangements to pay their share of health plan premiums while on leave. In some instances, ECS may recover premiums it paid to maintain health coverage or other benefits for the employee and/or their family. Use of parental leave will not result in the loss of any employment benefit that accrued prior to the start of leave under this policy. Employees should consult the applicable plan document for information regarding eligibility, coverage and benefits.

ECS may recover the premium amount that it paid as required by this section for maintaining coverage for the employee under the group health plan, if both of the following conditions occur:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired.
2. The failure of the employee to return from leave is for a reason other than the continuation, recurrence or onset of a serious health condition or other circumstances beyond the control of the employee.

Procedures

When seeking leave under this policy, employees must provide to the Human Resources Department the following:

1. Reasonable advance notice of the need to take parental leave, if the need for leave is foreseeable, or notice as soon as practicable in the case of unforeseeable leave and in compliance with ECS's normal call-in procedures, absent unusual circumstances.
2. Periodic reports as deemed appropriate during the leave regarding the employee's status and intent to return to work.

Failure to comply with the foregoing requirements may result in delay or denial of leave or disciplinary action, up to and including termination.

Employer Responsibilities

To the extent required by law, ECS will inform employees whether they are eligible for leave under the New Parent Leave Act. Should employees be eligible for parental leave, ECS will provide eligible employees with a notice that specifies any additional information required as well as the employee's

rights and responsibilities. ECS will also inform employees if leave will be designated as New Parent Leave Act-protected and, to the extent possible, note the amount of leave counted against the employee's leave entitlement. A notice of guarantee of employment and reinstatement to the same or a comparable position will be provided. If an employee is not eligible for parental leave, ECS will provide a reason for the ineligibility.

Family and Medical Leave

Overview

The Federal Family and Medical Leave Act and its California counterpart, the California Family Rights Act of 1993 (CFRA) each provide eligible employees with the right to an unpaid leave of absence for up to 12 weeks within a 12-month period, for a qualifying reason. If the reason for leave is common to both the FMLA and CFRA and, therefore, running concurrently, the maximum amount of FMLA Leave will be twelve (12) workweeks in any twelve (12) month period. If the reason for leave is not common to both the FMLA and CFRA and, therefore, not running concurrently, then an eligible employee may be entitled to additional leave under applicable law. Military Service Member Caregiver Leave (as defined) may be as much as 26 weeks.

All questions regarding leave entitlement and compensation while out on an approved family or medical leave must be directed to the Human Resources Department.

Eligibility Requirements

To be eligible for a family leave, the employee must:

- Have at least 12 months (not necessarily consecutive);
- Have worked at least 1250 hours during the twelve (12) months immediately prior to the date requested for leave; and
- Be employed at a worksite which employs fifty (50) or more employees within 75 miles of their worksite.

Permissible Uses of Family and Medical Leave

Federal and state laws allow FMLA Leave for various reasons. Because employees' legal rights and obligations may vary depending upon the reason for FMLA Leave, it is important to identify the purpose or reason for the leave. Fed-FMLA leave and CFRA leave run concurrently except for the following reasons: to care for a child without regard to age or dependency status, registered domestic partner, child of a registered domestic partner, grandparent, grandchild or sibling (CFRA only), incapacity due to pregnancy or prenatal care as a serious health condition (Fed-FMLA only), qualifying exigency leave as defined under the Fed-FMLA (Fed-FMLA only), qualifying exigency leave as defined under the CFRA (CFRA only) and military caregiver leave (Fed-FMLA only). Additionally, CFRA coverage for an employee's own serious health condition that also constitutes a disability under California's Fair Employment and Housing Act (FEHA) is separate and distinct from FEHA protections.

- The birth, adoption or foster care of an employee's child within 12 months following birth or placement of the child (Bonding Leave);
- To care for an immediate family member (spouse, child, parent and, for CFRA Leave only: registered domestic partner, child of a registered domestic partner, parent-in-law, grandparent, parent-in-law, grandchild, sibling, or designated person) with a serious health condition (Family Care Leave);
- An employee's inability to work because of a serious health condition (Serious Health Condition Leave);
- A "qualifying exigency," as defined under the FMLA, arising from a spouse's, child's or parent's "covered active duty" as a member of the military reserves, National Guard or Armed Forces or as defined under the CFRA, related to the covered active duty or call to covered active duty of

an employee's spouse, domestic partner, child or parent in the Armed Forces of the United States (Qualifying Exigency Leave); or
- To care for a spouse, child, parent or next of kin (nearest blood relative) who is a "Covered Servicemember" (Military Caregiver Leave).

Medical Certification

All requests for a medically related leave under this policy must be accompanied by the appropriate medical “Certification” form. This form may be obtained from the Human Resources Department. It should be submitted to the employee’s health care provider (in the case of Medical Leave or Military Caregiver Leave) or the appropriate military personnel (in the case of Qualifying Exigency Leave) and returned within fifteen (15) days. In most cases, ECS will not process the leave request until the employee has returned the completed medical certification. Please be aware that until the leave is officially approved, any time off may be deemed an unexcused absence. For extended absences, the employee may be required to submit periodic re-certifications of the need for leave.

If ECS has any concerns over the medical certification the employee has submitted, ECS may ask the employee to cooperate in obtaining a second or third medical opinion. Where a second or third medical opinion is requested, the cost of the examination will be paid by ECS.

Leave may be taken intermittently or on a reduced leave schedule, where medically necessary. Intermittent leave is when the leave is taken in increments, rather than all at once. A reduced leave schedule is where the leave is taken by reducing the number of hours the employee works daily or weekly, rather than being off entirely. Intermittent leave, reduced leave schedules and leaves which are foreseeable must be scheduled so as not to unduly disrupt ECS’ operations.

If the employee’s doctor certifies that the employee needs to take medical leave intermittently or on a reduced schedule, ECS reserves the right to temporarily transfer the employee to an alternative position with equivalent hourly pay and benefits while on the reduced schedule or intermittent leave.

Recertification After Grant of Leave

In addition to the requirements listed above, if an employee's federal FMLA leave is certified, ECS may later require medical recertification in connection with an absence that the employee reports as qualifying for federal FMLA leave. For example, ECS may request recertification if [1] the employee requests an extension of leave; [2] the circumstances of the employee's condition as described by the previous certification change significantly (e.g., employee absences deviate from the duration or frequency set forth in the previous certification; employee's condition becomes more severe than indicated in the original certification; employee encounters complications); or [3] ECS receives information that casts doubt upon the employee's stated reason for the absence. In addition, ECS may request recertification in connection with an absence after six (6) months have passed since the employee’s original certification, regardless of the estimated duration of the serious health condition necessitating the need for leave. Any recertification requested by ECS will be at the employee’s expense.

In addition to the requirement listed above, a recertification under the CFRA may only be requested at the expiration of the time period in the original certification for time off for the employee's own serious health condition.

If an employee does not produce the recertification as requested, the leave will not be CFRA protected.

Qualifying Exigency Leave Requirements
Employees are required to provide:
- As much advance notice as is reasonable and practicable under the circumstances;

- A copy of the covered servicemember's active duty orders when the employee requests leave and/or documentation (such as Rest and Recuperation leave orders) issued by the military setting forth the dates of the servicemember's leave; and
- A completed Certification of Qualifying Exigency form within fifteen (15) calendar days, unless unusual circumstances exist to justify providing the form at a later date.
- Certification forms are available from the Human Resources Department.

Failure to Provide Notice or Certification and to Return from Leave
Absent unusual circumstances, failure to comply with these notice and certification requirements may result in a delay or denial of the leave. If an employee fails to return to work at the leave's expiration and has not obtained an extension of the leave, ECS may presume that the employee does not plan to return to work and has voluntarily terminated their employment.

Maximum Duration of Family Leave
All leaves under this policy will be counted as part of the employee's annual entitlement to leave under the FMLA and/or the CFRA (where applicable). The maximum leave available for these purposes is twelve (12) weeks during any 12-month period.

When calculating the twelve (12) week maximum, any other disability leave or family leave taken during the 12-month period immediately preceding the employee's leave request will be included. The "12-month period" will be measured on the basis of a rolling 12-month period measured backward from the date the leave commences.

Military Caregiver Leave also will be counted as part of the employee's annual allotment of Family and Medical Leave. However, the maximum leave available for Military Caregiver Leave purposes is twenty-six (26) weeks during a single 12-month period. When calculating the twenty-six (26) week maximum, any other approved leave under this policy taken during the 12-month period will be included in determining how much leave time the employee has available. No more than a total of twenty-six (26) workweeks of Military Caregiver Leave may be taken in any single 12-month period and, during that period, no more than 12 workweeks may be taken for other caregiver leaves. The "single 12-month period" for Military Caregiver Leave will be measured from the first day of the leave and ends 12 months later.

Where a couple is employed by ECS, they may take a maximum combined total of 26 workweeks of leave during the "single 12-month period" for Military Caregiver Leave.

Where both members of a married couple employed by ECS request Family and Medical Leave at the same time, ECS may require that the leave be taken at different times if the business needs of ECS so requires.

Outside Employment
Leaves of absence put a strain on ECS and are viewed as an important benefit. When an employee is on an approved leave, the employee may not work elsewhere. This includes volunteer work or other work where the employee may not be compensated. Outside employment during an employee's leave will result in immediate termination.

Use of Paid Time Off
Generally, approved time off under this policy will be *unpaid*. However, the employee may use any unused earned PTO or paid sick leave to supplement their income while out on an approved Family Medical Leave under this policy. Similarly, ECS may require that an employee utilize unused PTO and sick leave while out on an approved Family Medical Leave of absence.

Continuation of Health Insurance
Generally, during any leave under this policy, ECS will continue its normal contribution toward the employee's health insurance premium for a maximum of 12 weeks during the applicable 12 month leave

year. (NOTE: for Pregnancy Related Disability Leave, see our policy on Pregnancy Leave, which has special treatment under the CFRA).

In the case of Military Caregiver Leave, ECS will continue its normal contribution toward the employee's health insurance premium for a maximum of 26 weeks during that FMLA leave taken during the applicable single 12-month period.

The employee is required to continue to make their normal premium contribution during the entire leave of absence. Any insurance payment for which the employee is responsible must be made to the Human Resources Department by the 1st of each month in which a premium is due. Failure to make such payment will result in the cancellation of the employee's insurance.

If an employee's request for leave under this policy is due to their having suffered a work-related illness or injury and their need for time off exceeds the 12-week maximum for Family and Medical Leave under this policy, ECS will continue its normal contribution towards their health insurance premiums for a maximum of six (6) months. Should this occur, the employee will be offered the opportunity to continue their group medical insurance under COBRA, in which case the employee would be responsible to pay the entire cost of ECS' discounted group premium. Should that occur, the employee will receive written instructions from the Human Resources Department.

ECS would appreciate as much advance notice as possible from the employee is the employee decides not to return to work upon the conclusion of their leave. Please note that if the employee does elect to resign from employment, the employee may be required to reimburse ECS for all health insurance premiums paid by ECS during their leave.

Reinstatement
When an employee is able to return to work, the employee should give ECS at least two (2) weeks prior notice. This is important so that the return to work is properly scheduled. Upon return, a doctor's certificate stating that the employee is physically able to return to their normal duties may be required.

In most cases, ECS will reinstate the employee to their former (or equivalent) job with equivalent pay, benefits, and other employment terms upon the conclusion of the approved leave. Reinstatement will be without loss of any employment benefit that accrued as of the date the leave commenced. Sick time and PTO does not accrue for periods of unpaid leave

However, by law an employee has no greater right to reinstatement or to other benefits of employment than if they had continued to work during their leave. This means that the employee may not be reinstated if, for example, their job was eliminated for legitimate business reasons while they were out on leave.

LOA Extension
If the employee is unable to return to work due to their own medical condition or disability and has no additional leave time remaining, the employee may be eligible for a leave extension as a reasonable accommodation under the Americans with Disabilities Act (ADA) or work-related injury policies. All requests for extensions must be received at least 5 business days prior to the date the employee was originally scheduled to return to work.

Employees should consult the Human Resources Department to discuss personal situations and whether ECS can reasonably accommodate their need for additional time off and/or a scheduling adjustment. At that juncture, decisions about additional time off and reinstatement will be made on a case by case basis.

ECS may grant an **unpaid** leave of absence to employees in certain circumstances.

ECS will consider whether the leave request is granted or denied. If an employee is granted leave, the must comply with the terms and conditions of the leave, including keeping in touch with the Human Resources Department during the leave, and giving prompt notice if there is any change in the return date.

If the leave is granted, an employee must meet with the Human Resources Department to discuss their leave dates and what the leave entails.

Employees must not accept other employment or apply for unemployment insurance while on a leave of absence. Acceptance of other employment while on leave will be treated as a voluntary resignation from employment at ECS. Benefits, such as sick leave, PTO and holidays, will not accrue while employees are on an unpaid leave of absence. Upon return from a leave of absence, the employee will be credited with the full employment status that existed prior to the start of the leave.

ECS may suspend or proceed with any counseling, performance review, or disciplinary action, including discharge, that was contemplated prior to any employee's request for or receipt of a leave of absence or that has come to ECS' attention during the leave. If any action is suspended during the leave of absence, ECS reserves the right to proceed with the action upon the employee's return. Requesting or receiving a leave of absence in no way relieves employees of their obligation while on the job to perform their job responsibilities capably and up to ECS' expectations and to observe all ECS policies, rules and procedures.

ECS does not continue to pay premiums for health insurance coverage for employees on leaves of absence not covered under FMLA, CFRA, PDL.

Confidentiality
Documents relating to medical certifications, recertifications, or medical histories of employees or employees' family members will be maintained separately and treated as confidential medical records, except that in some legally recognized circumstances, the records (or information in them) may be disclosed to supervisors and managers, first aid and safety personnel or government officials.

Fraudulent Use of FMLA Leave Prohibited
An employee who fraudulently obtains FMLA Leave from ECS is not protected by the FMLA's or the CFRA's job restoration or maintenance of health benefits provisions. In addition, ECS will take all available appropriate disciplinary action against an employee due to such fraud.

Nondiscrimination
ECS takes its FMLA Leave obligations very seriously and will not interfere with, restrain or deny the exercise of any rights provided by the FMLA or the CFRA. ECS will not terminate or discriminate against any individual for opposing any practice or because of involvement in any proceeding related to the FMLA or CFRA. If an employee believes that the employee's FMLA or CFRA rights have been violated in any way, the employee should immediately report the matter to the Human Resources Department.

California State Disability Insurance (SDI) And Paid Family Leave (PFL)

For employees working in California, there are two (2) income replacement programs administered by the California Employment Development Department (EDD): State Disability Insurance (SDI) and Paid Family Leave (PFL).

During a disability leave of absence, California-based employees may be eligible to participate. The state SDI program provides partial wage replacement for employees unable to work due to the employee's own non-work-related sickness or injury for up to fifty-two (52) weeks.

In addition, the EDD administers the PFL program which provides up to (8) eight weeks of partial wage replacement benefits when an employee is on a leave of absence to care for a seriously ill family member (spouse, registered domestic partner, child, parent, grandparent, grandchild, sibling, and parent-

in-law defined by the PFL law) who is seriously ill and requires care, to bond with a new child within one (1) year of the birth or placement of the child in connection with birth, foster care or adoption, or to participate in a qualifying exigency related to the covered active duty or call to covered active duty of the employee's spouse, domestic partner, child or parent in the US Armed Forces.

SDI and PFL do not provide job protection or a right to return to work. These are wage replacement-only programs.

The following applies to SDI and/or PFL:

- To determine eligibility, and receive benefits from either program, employees are required to file a claim form with the EDD.
- Employees may use any unused accrued PTO or paid sick leave to supplement income while out on an approved Family Medical Leave of absence.
- There is a seven (7) day waiting period before SDI benefits are paid. The waiting period is the first week of the claim for which the employee is eligible for benefits but not paid these benefits. There is no waiting period for PFL.
- Delays in applying for SDI or PFL may jeopardize an employee's ability to participate.

Below are the ways in which SDI relates to other laws:

- Family and Medical Leave Act (FMLA) and California Family Rights Act (CFRA).
  - Employees may receive SDI income while on leave taken for their own serious health condition under the FMLA and/or CFRA.
- Pregnancy Disability Leave (PDL).
  - Employees may receive SDI income while on PDL.
- Workers' Compensation Insurance.
  - Generally, employees may not receive wage replacement from both workers' compensation and SDI.

Leave for Reproductive Loss

ECS will provide eligible employees up to 5 days of time off following a reproductive loss event defined as a failed adoption, failed surrogacy, miscarriage, stillbirth, and or an unsuccessful assisted reproduction.

Judicial Proceedings Related to Certain Felonies and Serious Crimes Leave

ECS prohibits discrimination against an employee who wishes to take time off from work to attend judicial proceedings related to certain violent, serious, or theft/embezzlement-related felonies committed against the employee, the employee's immediate family member, the employee's registered domestic partner or a child of the employee's registered domestic partner, as defined by applicable law. The Company also prohibits discrimination against an employee who is a victim of certain serious criminal offenses and wishes to take time off to appear in court to be heard at any proceeding, including any delinquency proceeding, involving a post-arrest release decision, plea, sentencing, or post- conviction release decision or any proceeding in which a right of the victim is at issue.

Employees may use accrued benefits, such as PTO or sick leave in order to receive compensation during the time taken off from work. Employees should consult the Human Resources Deprtament for information about leave entitlements under this policy.

Crime Victim's Leave

ECS will provide time off to an employee to attend judicial proceedings related to a crime, if that employee is a victim of a crime, an immediate family member (defined here as spouse, domestic partner, child, stepchild, sibling, stepsibling, mother, stepmother, father or stepfather) of a victim, a registered domestic partner of a victim, or the child of a registered domestic partner of a victim. ECS requires when feasible, in advance of taking leave, the employee provide their supervisor with a copy of the notice of each scheduled proceeding that is provided to the victim by the agency responsible for providing

notice. If advance notice is not possible, the employee is required to provide ECS with a notice within a reasonable time of the proceeding.

Crime Victim's Leave is unpaid. Rather than taking unpaid leave, an employee may use accrued PTO or paid sick leave.

Emergency Duty and Training Leave
If an employee is a Civil Service volunteer such as a firefighter, a reserve peace officer, emergency rescue personnel or a member of a disaster medical response team sponsored or requested by the state, the employee is eligible for unlimited unpaid leave for the duration of their deployment. The employee is also allowed up to fourteen (14) days per calendar year for required training.

Military Leave
Employees will be permitted to take an unpaid leave of absence for service in the uniformed services of the United States (as "uniformed services" is defined in the Uniformed Services Employment and Re-Employment Rights Act ["USERRA"]). The employee's entitlement to re-employment and the employee's entitlement to benefits during and upon completion of uniformed service shall be in accordance with USERRA.

California Military Leave
Employees who are members of the National Guard or United States Reserve will be granted a temporary leave of absence without pay while engaged in military duty ordered for purposes of military training, drills, encampment, naval cruises, and special exercises or like activities. This leave is not to exceed seventeen (17) calendar days annually, including time involved in going to and returning from such duty. Collateral benefits will not be restricted or terminated because of an employee's temporary incapacity as a result of the employee's duty in the National Guard, Naval Militia, State Military Reserve, or federal reserve components of the United States Armed Forces, if the period of incapacity is fifty-two (52) weeks or less.

Similarly, employees who are members of the state Military Reserve will be granted a temporary leave of absence without pay while engaged in military duty for purposes of military training, drills, unit training assemblies or similar inactive duty training. This leave is not to exceed fifteen (15) calendar days annually, including time involved in going to and returning from that duty.

Employees who are members of California's National Guard or the national guards of other states are entitled to reinstatement upon their return from active service military leave if they meet certain conditions. Employees who left a full-time position and are returning from leave will be restored to the same position or to a position of similar seniority, status and pay, unless ECS' circumstances have so changed as to make it impossible or unreasonable to do so, and returning employees who left a part-time position will be restored to the same position or to a position of similar seniority, status and pay, only if a position exists, so long as:

- The employee is an officer or enlisted member of the National Guard of any state;
- The employee was called to active duty by the Governor of the state in which they serve in the National Guard or by the President of the United States;
- The employee received a certificate of satisfactory service in the National Guard;
- The employee is still qualified to perform the duties of the position;
- If the employee left a full-time position, they made application for reemployment within forty
- (40) days of being released from service; if the employee left part-time employment, they made an application for reemployment within five (5) days of being released from service; and
- The employee's position was not temporary.

For one (1) year following reemployment, ECS will not terminate the employee without cause. ECS will not discriminate against individuals because they are members of the military or naval services of California or the federal reserve component of the United States Armed Forces. If the proper authority

calls upon an employee to perform military service or duty or attend a military encampment or place of drill or instruction, ECS will not hinder or prevent the employee from performing that service.

Family Military Leave
Employees may take up to ten (10) days of unpaid leave if they work an average of twenty (20) or more hours per week and their spouse (including a same-sex spouse) or registered domestic partner is on leave from deployment as a member of: [1] the Armed Forces of the United States deployed to an area of military conflict designated as a combat theater or combat zone by the President of the United States; or [2] the National Guard or Reserves deployed during a period of military conflict. For purposes of this policy, "military conflict" includes "a period of war declared by the United States Congress" or a period of deployment for which a member of the Reserves is ordered to active duty either by the Governor or the President of the United States.

Employees must provide ECS with notice of their intention to take leave within two (2) business days of receiving official notice that their spouse or registered domestic partner will be on leave from deployment. ECS may also request that employees submit written documentation certifying that their spouse or registered domestic partner will be on military leave from deployment during the time of the requested leave.

Eligible employees may use all available accrued PTO and paid sick leave during a period of unpaid family military leave. Leave taken under this policy will not affect an employee's right to any other benefits.

ECS will not discriminate against, or tolerate discrimination against, any employee who requests and/or takes leave under this policy.

Occupational Disability Leave
Employees are be eligible for an unpaid occupational disability leave of absence if they are unable to perform the essential job duties of their position due to a work-related occupational disability .

A leave of absence for an occupational disability shall be extended for the duration of the disability unless terminated earlier as the result of business realities or business necessity. Such leave will be considered part of an employee’s entitlement to leave under the Family and Medical Leave Act (FMLA) and the California Family Rights Act (CFRA).

Jury Duty or Witness Leave
ECS grants unpaid leave to any employee who is called for jury duty or subpoenaed to be a witness in a court proceeding. In the event that an employee is subpoenaed to be a witness, ECS requires that the employee furnish a copy of the subpoena to the Human Resources Department. Employees who receive a juror summons shall contact the Principal or the Human Resources Department immediately. All employees serving jury duty will be required to furnish a copy of the jury summons and documentation provided by the court for each day served as a juror to the Human Resources Department to file in the employee’s personnel file.

Time Off for Voting
If an employee does not have sufficient time outside of their scheduled working hours to vote in a statewide election the employee may, without loss of pay, take up to two hours of working time off to vote. Such time must be at the beginning or end of a regular working shift, unless otherwise mutually agreed between the employee and their Principal. The employee must notify their Principal at least two working days in advance to arrange a voting time. In addition, the employee may serve as an election official on Election Day; however, this time will be unpaid unless the employee uses PTO.

School Activities
Any employee who is the parent or guardian of a child who has been suspended from school will be allowed time off, if requested, to appear at the school in connection with that suspension. Any time off

granted will be unpaid, and the employee must give reasonable notice to the Principal or the Human Resources Department of the request. Employees who are the parent or guardian of a child in Kindergarten through Grade 12 may have up to forty (40) hours per school year for the purpose of participating in school activities. This time off will be unpaid. Moreover, the employee will be limited to no more than eight (8) hours off for this purpose in any one calendar month of the school year and ECS will require that the employee use unpaid leave time for this purpose. Additionally, ECS requires that employees seeking to utilize this time off to provide documentation from the school as proof to ECS that the employee participated in the school activity on the specific date and at a specific time.

Bereavement Leave
As an expression of ECS' concern and support for its employees, if an employee experiences the death of an immediate family member, ECS will provide the employee with time off from work in order to grieve and handle matters relating to the loss.

Under this policy, an immediate family member includes a spouse or registered domestic partner, parent, grandparent, child, grandchild, or sibling. A "parent" includes a biological, foster or adoptive parent, a stepparent, a parent-in-law, a legal guardian or other person who stood in loco parentis to the employee when the employee was a child. A "sibling" is a person related to another person by blood, adoption or affinity through a common legal or biological parent.

This policy applies to all regular full-time and regular part-time employees who have worked at ECS for thirty (30) or more days prior to the commencement of leave. Employees may take up to five (5) days of unpaid time off due to the death of an immediate family member. Bereavement leave shall be completed within three (3) months of the date of the death of the family member. The days of bereavement leave need not be consecutive. Employees who wish to take time off due to the death of an immediate family member should notify their Principal immediately. Employees may, with their Principal's approval, use any available accrued PTO or paid sick leave for additional time off as necessary. If requested, the employee shall provide documentation of the death of the family member within thirty (30) days of the first day of leave.

Time off for Bone Marrow or Organ Donation
Employees may be eligible for paid time off to donate an organ or bone marrow to another person.

In accordance with this policy, employees are permitted to take up to thirty (30) days of paid leave to donate an organ to another person. In addition, employees may take a maximum of an additional thirty (30) business days of unpaid leave for organ donation. Employees may take up to 5 days of paid leave to donate bone marrow to another person once in any one-year period. (The one-year period will be a rolling one-year period, measured from the date on which the employee last took leave for bone marrow or organ donation).

If an employee needs to take leave under the policy, the employee must:

- Notify ECS of the employee's intent to take time off at least one week before the employee is scheduled to take time off;
- Submit written documentation to the Human Resources Department certifying that the employee is making an organ or bone marrow donation and that there is a medical necessity for the donation; and
- Submit written documentation to the Human Resources Department indicating the amount of time off the employee is requesting.

If the employee is taking time off for bone marrow donation, the employee is required to use five (5) days of any unused but accrued sick leave benefits during their leave. If the employee is taking time off for organ donation, the employee is required to use two weeks (10) days of any unused but accrued paid sick leave benefits during the leave. The remaining time off, up to a maximum of thirty (30) days, will be paid by ECS. Upon return from leave, the employee will be restored to their same position.

During leave ECS will maintain coverage for employees and their family members who participate in the ECS's group health plan on the same terms as if the employees had continued to work. If applicable, employees should make arrangements to pay their share of health plan premiums while on leave. In some instances, ECS may recover premiums it paid to maintain health coverage or other benefits for employees and their families.

Time off under this policy does not run concurrently with any entitlement to leave under FMLA and CFRA.

As a matter of ECS policy, ECS will not retaliate against an employee for requesting or taking time off to donate an organ or bone marrow.

Other Leaves

Civil Air Patrol Leave
Employees who are members of the California Wing of the Civil Air Patrol are eligible for 10 days of unpaid leave per year.

To be eligible the employee must have worked for ECS for at least 90 days immediately prior to taking leave; the employee must be a volunteer member of the California Wing of the civilian auxiliary of the U.S. Air Force (commonly known as the Civil Air Patrol); and the employee has been duly directed and authorized to respond to an emergency operational mission, (within or outside of the state) of the California Wing of the Civil Air Patrol.

Civil Air Patrol leave for a single emergency operational mission shall not exceed three days, unless an extension of time is granted by the governmental agency that authorized the emergency operational mission and the extension of the leave is approved by the employer.

Employees are permitted to use accrued PTO or sick leave when taking Civil Air Patrol Leave. The employee is required to provide ECS with "as much notice as possible" of the proposed leave dates.

ECS may require the employee to submit certification from the Civil Air Patrol authority of the need for time off.

Safety Procedures

In our ongoing attempt to provide and maintain safe working conditions for all employees, we strive to comply with all applicable health and safety laws and regulations. School site employees should refer to their Safe Schools Plan to review their responsibilities to ensure students are safe, their health is protected and promoted, and their physical and emotional needs are met.

All employees are responsible for practicing safe work habits to assure the safety of themselves and their fellow employees, to report immediately any health or safety hazards to the Principal or the Human Resources Department and to keep their work area free of dirt, paper or other material which could create a health or safety hazard.

Employees are expected to uphold accident prevention by following these safety guidelines:

- Observe known or posted safety rules.
- Report an injury immediately to the Principal or the Human Resources Department. Every work area has access to a first aid kit and professional treatment is available when needed.
- Avoid activities which may present a hazard to the safety or welfare of the employee or others.

Housekeeping

We strive to provide a clean, orderly and comfortable working environment for all employees. Employee comments and suggestions for improving all or any part of the working environment are encouraged and shall be communicated to the Principal.

No Smoking Rule

ECS will comply with all state and city smoking regulations. Employees may not smoke on campus. For purposes of this policy, smoking includes the use of electronic smoking devices, such as electronic cigarettes, cigars, pipes or hookahs, that create an aerosol or vapor. Employees that observe other individuals smoking in the workplace have a right to object and should report the violation to their Principal. Employees will not be disciplined or retaliated against for reporting smoking that violates this policy.

Drug and Alcohol-Free Workplace

The Board believes that the maintenance of a drug- and alcohol-free workplace is essential to staff and student safety and to help ensure a productive and safe work and learning environment. An employee shall not unlawfully manufacture, distribute, dispense, possess, or use any controlled substance in the workplace.

Employees are prohibited from being under the influence of controlled substances or alcohol while on duty. For purposes of this policy, on duty means while an employee is on duty during both instructional and non-instructional time in the classroom or workplace, at extracurricular or co-curricular activities, or while transporting students or otherwise supervising them. Under the influence means that the employee's capabilities are adversely or negatively affected, impaired, or diminished to an extent that impacts the employee's ability to safely and effectively perform their job.

Employees are required to notify the Human Resources Department of any criminal drug and alcohol statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

In accordance with law, the Human Resources Department or designee shall take appropriate disciplinary action, up to and including termination, against an employee for violating the terms of this policy and/or shall require the employee to satisfactorily participate in and complete a drug assistance or rehabilitation program approved by a federal, state, or local public health or law enforcement agency or other appropriate agency.

ECS shall take whatever steps it deems necessary to ensure illegal drugs or alcohol do not enter or affect the workplace, including, but not limited to:

- drug and alcohol testing of employees;
- observing the actions of employees; and
- counseling and disciplining employees.

If ECS has a reasonable suspicion, (e.g. based upon direct observation of drug use or possession and/or the physical symptoms of being under the influence, a pattern of abnormal conduct, erratic behavior, or involvement in an accident, conviction for a drug or alcohol-related offense, or information provided by reliable or credible sources or independently corroborated) that an employee has violated this policy, an investigation will be conducted. As part of that investigation the employee will be required to take a blood test at ECS's expense for evaluation, consistent with any requirements imposed by state law. Any employee who refuses to submit to a test, switches or adulterates a urine sample, or otherwise fails to cooperate fully with the administration of a test will be subject to immediate discharge.

If an employee has a problem with drug or alcohol abuse or dependency, they should contact their Principal or the Human Resources Department. ECS will make its best efforts to reasonably accommodate employees who wish to voluntarily enter and participate in an alcohol or drug rehabilitation program, provided that the accommodation does not create an undue hardship for ECS. ECS will also make reasonable efforts to safeguard the privacy of any employee who has enrolled in an alcohol or drug rehabilitation program. However, ECS also reserves the right to take disciplinary action, up to and including termination, against any employee who, because of their current use of alcohol or drugs, is unable to perform their job duties, or cannot perform the duties in a manner which would not endanger their own health or safety or the health or safety of others or whose behavior has violated ECS policy or otherwise created personnel issues.

Parking

Please do not park in spaces specifically reserved for other personnel or visitors. Employees may park in parking spaces provided at each campus, however, please note that ECS cannot assume liability for theft or damage to an employee’s car or personal belongings. Notwithstanding, if an employee’s personal vehicle sustains damage while parked on a street near an ECS campus, ECS will provide reimbursement of up to a maximum of $450 per incident.

Operation of Vehicles

The use of ECS-owned or ECS-leased vehicles and rental of vehicles for ECS business are limited to authorized employees. These vehicles must only be used in work-related activities and may not be used for personal business or activities without the express prior approval of the Principal or Office Manager.

Employees authorized to drive ECS-owned or ECS-leased vehicles or to rent vehicles for use in conducting ECS business must pass a background check and receive clearance from the Human Resources Department. In the event that the license status or driving record of any Employee whose job responsibilities include driving becomes unacceptable to management or ECS' insurance carrier, that Employee may be restricted from driving, reassigned, suspended, or terminated, at management's

discretion. Employees who have or accumulate more than four (4) points as reported to the CA Department of Motor Vehicles in a three-year (3) period shall be restricted from driving a motor vehicle on school business.

Before driving an ECS-owned vehicle, the following must occur:

1. A valid driver's license must be submitted to the Human Resources Department for a Department of Motor Vehicles Records check.
2. Successful completion of our online Defensive Driving course.

Upon completion of these requirements, employees should check in with the Campus Engineer at their school site for additional procedures to request use of a school van.

For employee safety and the safety of others, avoid using a cell phone or other wireless devices to conduct ECS business while driving. The law strictly forbids the use of wireless devices while operating a vehicle. If an employee must use their cell phone while driving, the following rules apply:

- Phones must be mounted on the dashboard, windshield or console to allow for hands-free listening and speaking.
- To facilitate listening and speaking Bluetooth headsets are acceptable.
- Beyond a single swipe, or one touch, avoid using a wireless device to write, send or read a text message, receive or place a phone call, or search.
- Prior to driving, prepare all map navigation applications in advance.

If an employee receives a traffic citation for using any wireless device while driving on ECS business, they will be personally responsible for paying the fine.

Certain employees may drive their own personal vehicles while conducting ECS business. These employees must maintain adequate personal automobile liability insurance. Employees doing so shall promptly submit an expense report detailing the number of miles driven on ECS business. ECS will pay mileage reimbursement in accordance with applicable Federal mileage reimbursement rates. Employees are expected to observe the above policies while on ECS business, even if driving their own personal vehicles.

CAMERAS AND VIDEO SURVEILLANCE

The ECS Board of Directors has authorized the use of video cameras in the School buildings and on School property. The video cameras will be used to monitor student and employee behavior to maintain a safe, secure, and healthy environment for students and staff.

Employees are hereby notified that the content of the video recordings may be used in an employee disciplinary proceeding. The content of the video recordings may be confidential records and, if so, will be retained in the employee's personnel file. Video recordings will only be retained if necessary for use in an employee disciplinary proceeding or other matter as determined necessary by the administration. Employees may request to view video recordings if the video recordings are placed in the employee's personnel file. Any such request shall be processed by the school district in accordance with applicable state and federal laws and regulations.

ECS respects the privacy of its employees. Accordingly, no video cameras will be installed in school restrooms or in any lactation or changing areas. The surveillance cameras and any video footage from the surveillance are to be used solely for the purposes of this video surveillance policy. Any unauthorized use of these video cameras and/or video recordings is strictly forbidden and may result in discipline, up to and including termination of employment.

Off Campus Activities

Sports and other types of Activities (including overnight and overseas field trips)

ECS has established a set of field trip procedures, applicable to all employees, to govern all off-campus activities which include any students. At no time shall a student be a passenger in an employee's personal car. All Employees are expected to comply strictly with these procedures as outlined in the Human Resources Information System. Please refer to "Documents and Tasks".

Fitness For Duty Policy

A Fitness for Duty Evaluation (FDE) will be only required when ECS has a reasonable belief based on objective that evidence, that:

- An employee's ability to perform one or more essential job functions may be mentally impaired by medical condition; or
- An employee poses a direct threat to their safety or that of others due to a medical condition.

Procedure

When an employee's responsible administrator reasonably believes an employee should undergo a Fitness for Duty Evaluation, the following procedures shall be observed:

1. The Principal, manager or designee shall review the employee's job description to identify the essential job functions of the position.
2. The Principal or designee shall observe and document and/or obtain evidence of specific behaviors, conduct, actions or activities, or evidence from a health care professional that indicates, in the opinion of the administrator or manager that:
    a. The employee cannot perform one or more essential job functions; and/or
    b. The employee poses a direct threat to students, staff, property or themselves.
3. The Principal, manager or designee shall forward a request and supporting documents to the Human Resources Department that the employee undergo a FDE. The Human Resources Department shall review the request and documentation, along with the employee's job description, the essential job functions, and any other relevant information.
4. The Human Resources Department shall make a recommendation regarding the request for a FDE. The Human Resources Department shall review the request and the recommendation and issue a decision.
    a. If the request is denied, the Human Resources Department will suggest alternative strategies to address the issues of concern.
    b. If the Human Resources Department approves the request for FDE and their designee shall select a physician from the ECS's Medical Provider network to perform the medical evaluation.
5. The Human Resources Department, Principal, manager, or designee shall notify the employee in writing that ECS has arranged for the employee to undergo a FDE. The notice shall include:
    a. The nature of the evaluation;
    b. The specific reason(s) for the evaluation;
    c. The date and time of the evaluation;
    d. Assurance that the evaluation will be at the ECS' expense.
6. Prior to the scheduled evaluation, ECS shall provide the physician with:
    a. A copy of the employee's job description identifying the essential job functions; and additional information needed to familiarize the doctor with the employee's job duties and workplace.
    b. Relevant documentation giving rise to the need for a FDE;
    c. An information sheet describing the requirements of reasonable accommodation and defining the term "direct threat".
    d. Information provided by the employee's own physician concerning appropriate reasonable accommodation.
7. Following the evaluation, the physician shall provide to ECS a report detailing their findings. The report shall indicate whether the employee is able to perform the essential functions of

the job with reasonable accommodations and, if not, the specific reasons for the doctor's conclusions. A copy of the report will be provided to the employee. The report shall be treated as a confidential medical record.

8. If the physician concludes that reasonable accommodation is necessary, ECS reasonable accommodation procedures shall be followed.
9. If the employee is not deemed fit for duty, ECS shall review the results in light of requirements of Section 504 of the 1973 Rehabilitation Act and prohibitions against disability discrimination contained in the California Fair Employment and Housing Act and Section 44942 of the Education Code.

Prior to taking any disciplinary action, ECS shall consider possible options that may be available based on the Medical Provider report conclusions.

Confidential Information

Employees and staff are in daily contact with and have access to confidential and privileged information about students, their families, faculty, staff, other employees, and business dealings of ECS. To protect the privacy and integrity of ECS, its faculty, the students and their families, it is imperative that such information never be divulged or otherwise improperly used by faculty or staff members. Employees are responsible for safeguarding confidential information obtained during their employment with ECS. Any breach of this policy will not be tolerated and may result in termination.

Information about ECS, its employees, students, suppliers, and vendors is to be kept confidential and divulged only to individuals within ECS with both a need to receive and authorization to receive the information. If in doubt as to whether information shall be divulged, err in favor of not divulging information and discuss the situation with an employee's manager.

All records and files maintained by ECS are confidential and remain the property of ECS. Records and files are not to be disclosed to any outside party without the express permission of the Human Resources Department. Confidential information includes, but is not limited to: financial records; personnel and payroll records regarding current and former employees; the identity of, contact information for, and any other information on students, vendors, and suppliers; programs, trade secrets, and any other documents or information regarding ECS' operations, procedures, or practices. Confidential information may not be removed from ECS premises without express authorization.

Confidential information obtained during or through employment with ECS may not be used by any employee for the purpose of furthering current or future outside employment or activities or for obtaining personal gain or profit. ECS reserves the right to seek all legal or equitable remedies to prevent impermissible use of confidential information or to recover damages incurred as a result of the impermissible use of confidential information. Employees may be required to enter into written confidentiality agreements confirming their understanding of ECS' confidentiality policies.

To protect the privacy and integrity of ECS, its faculty, the students and their families, it is imperative that such information never be divulged or otherwise improperly used by employees. Employees are responsible for safeguarding confidential information obtained during their employment with ECS. Any breach of this policy will not be tolerated and may result in termination.

Inclement Weather / School Closure

This policy establishes procedures to close or delay opening of the School due to hazardous or severe weather conditions, as well as procedures for notifying employees of a closure or delay.

The Principal is authorized to decide to close ECS due to hazardous or severe weather. When hazardous or severe weather conditions occur outside of regular business hours, the Principal will make reasonable efforts to notify employees as soon as possible on the day of the closure.

ECS will notify employees of any delay or closure in the following ways: phone, text, website, and/or email.

When hazardous or severe weather occurs during the day, the Principal will decide whether to close early. In the event that ECS closes early due to hazardous or severe weather, non-exempt employees will be paid for all hours worked and will otherwise be paid in accordance with applicable federal and state law. For hours not worked and not otherwise compensable, nonexempt employees may use available PTO. Exempt employees who report to work but are sent home early due to hazardous or severe weather will receive pay for a normal working day.

When ECS is open, but an employee is unable to report to work because of hazardous or severe weather, the employee should report any delay or absence to their Administrator at the earliest possible time. Employees will be required to use accrued PTO on days when ECS is open but the employee does not report to work because of inclement weather. For employees who do not have PTO available, nonexempt employees will be paid only for time worked and exempt employees will not be paid for full-day absences due to inclement weather. If ECS remains open, employees must make a reasonable effort to report to work as scheduled.

Emergency Conditions

Employees should not take unnecessary risks to report to work in unsafe conditions. In the event of an emergency condition of disaster or extreme peril, ECS shall not:

1. Take or threaten adverse action against any employee for refusing to report to, or for leaving, a workplace because the employee reasonably believes that the workplace is unsafe.
2. Prevent an employee from accessing the employee's mobile device or other communications device for seeking emergency assistance, assessing the safety of the situation, or communicating with a person to verify their safety.

Acknowledgment of Receipt

Employee Handbook
I have received my copy of ECS' Employee Handbook. I understand and agree that it is my responsibility to read and familiarize myself with and abide by the policies and procedures contained in the Handbook. I also acknowledge that it is my responsibility to ask for clarification if I do not understand any of the policies included in the Employee Handbook.

I understand that except for employment at-will status, any and all policies or practices can be changed at any time by ECS. ECS reserves the right to change my hours, wages and working conditions at any time. I understand and agree, that other than the Superintendent, Principal, or HR Department, no manager, administrator or representative of ECS has authority to enter into any agreement, express or implied, for employment other than at-will; only the Superintendent, Principal, or HR Department, has the authority to make any such agreement and then only in writing and signed by the Superintendent, Principal, or HR Department, of ECS.

I understand and agree that nothing in the Employee Handbook creates or is intended to create a promise or representation of continued employment and that employment at ECS is employment at-will; employment may be terminated at the will of either ECS or me. My signature below certifies that I understand that the foregoing agreement on at-will status is the sole and entire agreement between ECS and me concerning the duration of my employment and the circumstances under which my employment may be terminated. It supersedes all prior agreements, understandings and representations concerning my employment with ECS.

CONFIRMATION OF RECEIPT:
Unlawful Harassment, Discrimination & Retaliation Policy

I acknowledge that I have received a copy of ECS' Unlawful Harassment, Discrimination & Retaliation Policy, which is contained in the Employee Handbook. I understand and acknowledge that, as a term and condition of employment with ECS, I am required to read and abide by this policy at all times. I understand that ECS's Unlawful Harassment, Discrimination & Retaliation Policy provides a complaint procedure for employees who believe that they have been harassed, discriminated against or have experienced retaliation. Should I believe that I have experienced or witnessed behavior, which is not in keeping with this policy, I will promptly report the matter in accordance with the complaint procedure set forth in the Unlawful Harassment, Discrimination, and Retaliation Policy, in order to provide ECS with an opportunity to investigate and take prompt, corrective action.

AFFIRMATIONS AND ASSURANCES

Environmental Charter Middle School-Inglewood ("ECMS-I" or the "Charter School") will follow any and all federal, state, and local laws and regulations that apply to the Charter School, including, but not limited to:

- The Charter School shall be non-sectarian in its programs, admission policies, employment practices, and all other operations. [Education Code Section 47605(e)(1)]
- The Charter School shall not charge tuition. [Education Code Section 47605(e)(1)]
- The Charter School shall not discriminate on the basis of disability, gender, gender identity,gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics. [Education Code Section 47605(e)(1); Education Code Section 220]
- The Charter School shall meet all statewide standards and conduct the student assessments required, pursuant to Education Code Section 60605, and any other statewide standards authorized in statute, or student assessments applicable to students in non-charter public schools. [Education Code Section 47605(d)(1)]
- Environmental Charter Schools, a nonprofit public benefit corporation, declares that it shall be deemed the exclusive public-school employer of the employees of the Charter School for purposes of the Educational Employment Relations Act. [Education Code Section 47605(c)(6)]
- The Charter School will meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary. [Title 5 California Code of Regulations Section 11967.5.1(f)(5)(C)]
- The Charter School shall admit all students who wish to attend the Charter School, unless the Charter School receives a greater number of applications than there are spaces for students, in which case it will hold a public random drawing process to determine admission. Except as required by Education Code Section 47605(e)(2), admission to the Charter School shall not be determined according

to the place of residence of the student or of that student's parent or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the Charter School in accordance with Education Code Section 47605(e)(2)(C). [Education Code Section 47605(e)(2)(A)-(C)]

- If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. [Education Code Section 47605(e)(3)]

- The Charter School will adhere to all provisions of federal law related to students with disabilities, including, but not limited to, the individuals with Disabilities Education Improvement Act of 2004 ("IDEA"), Section 504 of the Rehabilitation Act of 1973 ("Section 504"), Title II of the Americans with Disabilities Act of 1990 ("ADA").

- The Charter School shall ensure that teachers in the Charter School hold the Commission on Teacher Credentialing ("CTC") certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district. [Education Code Section 47605.6(l)(1)]

- The Charter School shall, for each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by [Education Code Section 47612.5(a)(1)(A)-(D)]

- The Charter School shall, on a regular basis, consult with its parents and teachers regarding the Charter School's education programs. [Education Code Section 47605(d)]

- The Charter School may encourage parental involvement but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. [Education Code Section 47605(n)]

- The Charter School shall maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection. [Education Code Section 47612.5(a)(2)]
- The Charter School shall comply with any applicable jurisdictional limitations to the locations of its facilities. [Education Code Sections 47605 and 47605.1]
- The Charter School shall comply with all laws establishing the minimum and maximum age for public school enrollment. [Education Code Sections 47612(b) and 47610]
- The Charter School shall meet or exceed the legally required minimum number of school days. [Ref. Title 5 California Code of Regulations Section 11960]
- The Charter School shall comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by Every Student Succeeds Act ("ESSA").
- The Charter School shall at all times maintain all necessary and appropriate insurance coverage.
- The Charter School shall comply with the Political Reform Act, Government Code Section 81000, et seq. ("PRA").
- The Charter School shall comply with the California Public Records Act, Government Code Section 7920.000, et seq. ("CPRA").
- The Charter School shall comply with the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232g, 34 CFR Part 99 ("FERPA").
- The Charter School shall comply with the Ralph M. Brown Act, Government Code Section 54950, et seq. ("Brown Act").
- The Charter School will comply with the reporting and plan development guidelines regarding the Local Control and Accountability Plan. [Education Code Section 47605.6]
- The Charter School shall comply with Government Code Section 1090, et seq., as set forth in Education Code Section 47604.1 ("Section 1090").
- The Charter School shall adhere to each of the conditions in Education Code Section 47605(e)(4)(A)-(D), including: (A) not discouraging a student from enrolling or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student

currently attending the Charter School to disenroll or transfer to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice regarding the requirements in Education Code Section 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquiries about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. [Ref. Education Code Section 47605(e)(4)(A)-(D)]

SECOND AMENDED AND RESTATED ARTICLES OF INCORPORATION OF ENVIRONMENTAL CHARTER HIGH SCHOOL

Bruce Greenspon and Ken Deemer certify that:

1. They are the President and Secretary, respectively, of Environmental Charter High School, a California nonprofit public benefit corporation.

2. The Amended and Restated Articles of Incorporation of this corporation are amended in full and restated to read as follows:

ARTICLE I

The name of the Corporation is Environmental Charter Schools.

ARTICLE II

This corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Public Benefit Corporation Law for public purposes. The specific purpose of the corporation is to manage, operate, guide, direct and promote charter schools and such other educational activities as the Board of Directors may define from time to time.

ARTICLE III

The corporation is organized and operated exclusively to manage, operate, guide, direct and promote charter schools and to educate students generally within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended.

ARTICLE IV

Notwithstanding any other provisions of these Second Amended and Restated Articles of Incorporation, the corporation shall not carry on any other activities not permitted to be carried on (i) by a corporation exempt from federal income tax under Internal Revenue Code Section 501(c)(3) or (ii) by a corporation, the contributions to which are deductible under Internal Revenue Code Section 170(c)(2).

ARTICLE V

No substantial part of the activities of this corporation shall consist of carrying on propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate or intervene in any political campaign (including the publishing or distribution of statements) on behalf of any candidate for public office.

ARTICLE VI

The property of this corporation is irrevocably dedicated to the management, operation, guidance, direction and promotion of charter schools and the education of students generally, and no part of the net income or assets of the corporation shall ever inure to the benefit of any director, trustee, officer or member thereof or to the benefit of any private person.

ARTICLE VII

Upon the winding up and dissolution of this corporation, after paying or adequately providing for the debts and obligations of this corporation, the remaining assets shall be distributed to the Lawndale Elementary School District so long as such organization is described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provisions of any future United States Internal Revenue Law), or to one or more nonprofit funds, foundations or corporations which are organized and operated exclusively for educational purposes and which qualify as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provisions of any future United States Internal Revenue Law).

3. The foregoing Second Amended and Restated Articles of Incorporation of this corporation has been duly approved by the Board of Directors.

4. The corporation has no members.

We further declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of our own knowledge.

Dated: April 9, 2009

LEASE AGREEMENT

This Lease Agreement ("**Lease**"), dated for reference purposes only October 15, 2024, is made by and between **YUKON LLC**, a California limited liability company ("**Landlord**"), and **ENVIRONMENTAL CHARTER SCHOOLS,** a California nonprofit public benefit corporation (the "**Tenant**," and together with Landlord, collectively the "**Parties**," or individually a "**Party**"). Tenant is entering into this Lease to provide for the use and occupation of the Premises (as defined below) by Tenant in the operation of the public charter school known as **ENVIRONMENTAL CHARTER MIDDLE SCHOOL – INGLEWOOD** or such other charter school as Tenant may operate on the Premises (the "School"). This Lease amends and restates, effective as of the funding of the Loan described below, that certain Sublease Agreement between the Parties dated as of March 23, 2022, (the "**Sublease**") relating to a portion of the Premises.

NOW THEREFORE, Landlord and Tenant hereby agree as follows:

1. Basic Provisions. Landlord hereby leases the Premises described below to Tenant for the Term and subject to the covenants, conditions and restrictions described below.

1.1 **Premises**. That certain real property, together with all improvements thereon, described in Exhibit A attached hereto, commonly known as 3600 W. Imperial Highway, Inglewood, California 90303, all located in the City of Inglewood, County of Los Angeles (the "Premises").

1.2 **Term**. The term of this Lease ("**Term**") shall commence on the date of the funding of the Loan described below (the "**Commencement Date**") and will end on June 30, 2057 ("**Expiration Date**").

1.3 **Extension Option**. None.

1.4 **Base Rent**. Landlord and Tenant acknowledge that Landlord is a member (a "Member") of an obligated group (the "Obligated Group") under a Master Indenture of Trust dated as of March 1, 2022, (as amended, the "Master Indenture"), by and among Menlo Charter Properties, a California nonprofit public benefit corporation, as the Obligated Group representative (the "Obligated Group Representative"), Landlord, Menlo 165th Place LLC, a California limited liability company, and MBB & Gardena LLC, a California limited liability company (collectively, the "Landlords"), as the initial Members of the Obligated Group, and Wilmington Trust, National Association, as master trustee (the "Master Trustee"), as amended by a Supplemental Master Indenture for Obligation No. 1 dated as of March 1, 2022, by and between the Obligated Group Representative and the Master Trustee and by a Supplemental Master Indenture for Obligation No. 2 dated as of October 1, 2024, by and among the Obligated Group Representative, the Landlord, and the Master Trustee. The Obligated Group Representative obtained a loan (the "2022 Loan") from the California School Finance Authority (the "Authority"), as evidenced by a Loan Agreement dated as of March 23, 2022, (the "2022 Loan Agreement") by and among the California School Finance Authority (the "Authority"), the Obligated Group Representative, and Equitable Facilities Fund, Inc. (the "Lender") under which the Obligated Group Representative is sometimes referred to as "Borrower," and by Obligation No. 1 issued by the Obligated Group Representative

to the Master Trustee pursuant to the Supplemental Master Indenture for Obligation No. 1. The Obligated Group Representative obtained a second loan (the "2024 Loan" and, together with the 2022 Loan, the "Loans") from the California School Finance Authority (the "Authority"), as evidenced by a Loan Agreement dated October 15, 2024, (the "2024 Loan Agreement" and, together with the 2022 Loan Agreement, the "Loan Agreements") by and among the Authority, the Obligated Group Representative, and the Lender under which the Obligated Group Representative is sometimes referred to as "Borrower," and by Obligation No. 2 issued by the Obligated Group Representative to the Master Trustee pursuant to the Supplemental Master Indenture for Obligation No. 2.

So long as the either of the Loans is outstanding, the "Base Rent" shall be payable in accordance with the schedule set forth in Exhibit B attached hereto, subject to downward adjustment in the event of any prepayment of all or a portion of the Loans. In the event of the repayment of the Loans in their entirety prior to the Expiration Date or termination of this Lease, the Base Rent shall be payable based upon the Landlord's debt service payments under any refinancing loan.

Simultaneously with the execution and delivery of this Lease, Tenant will deliver or cause to be delivered to the State Controller an Intercept Notice in form and substance acceptable to Lender (the "Intercept Notice") to indicate the schedule of transfers to the Lender to pay amounts due under this Lease. Amounts specified in the Intercept Notice for transfer to the Lender shall be limited to funding apportioned for purposes of the charter school block grant or the local control funding formula pursuant to Section 42238.02 of the Education Code of the State of California (the "State Apportionments"). Tenant shall, with Landlord's prior written consent, not later than the twentieth (20th) calendar day of any month in which payment is scheduled, amend, supplement or restate the Intercept Notice and deliver such to the State Controller from time to time as necessary or appropriate (including without limitation as a result of redemption prior to maturity) to indicate transfers to the Lender to pay the amounts due under this Lease as they come due and to cure any delinquency in payment of such amounts. Tenant will cooperate with the Lender in any manner the Lender may request in connection with amending, supplementing or restating the Intercept Notice. If at any time the Intercept Notice is amended, supplemented or restated for any reason, Tenant shall promptly provide the Authority, the Department of Education of the State of California and the Lender with a copy of such amended, supplemented or restated Intercept Notice. The Intercept Notice may provide additional amounts payable to the Lender for purposes set forth in the Master Indenture or to any other payee or payees for any other costs necessary or incidental to the Loans; provided, that Tenant shall not grant preference or any prior right of funding access or security in respect of the State Apportionment to any other payment indicated in the Intercept Notice or any other notice delivered pursuant to Section 17199.4 of the Education Code of the State of California. All deposits of moneys derived from the Intercept Notice hereunder shall be made to the Lender or such other payee as set forth in the Intercept Notice. Tenant shall timely amend, supplement or restate the Intercept Notice to require transfers to such other location as shall be designated in writing by the Lender or such other payee to Lessee.

1.5 **Refinancing of Loan**. Upon any refinancing of either Loan, the term "Loan Agreements" thereafter shall refer to the agreement for the refinancing of the Loan and the loan agreement for the other Loan, the term "Loans" thereafter shall refer to the refinancing loan and the other loan, and the term "Lender" thereafter shall refer to the lender making the refinancing

loan and the Lender, but otherwise all of the terms, covenants and conditions of this Lease shall remain unmodified and in full force and effect.

1.6 **Ancillary Agreements**. Concurrently with the execution of this Lease, Tenant will execute or enter into the following ancillary documents and agreements for the benefit of the Lender:

(a) Continuing Covenant Agreement dated as of the date hereof between Tenant and Lender (the "**Continuing Covenant Agreement**"), and

(b) Subordination and Attornment Agreement dated as of the date hereof among Lender, Landlord and Tenant (the "**Subordination and Attornment Agreement**").

1.7 **Use of Intercept Moneys**. Tenant covenants that all funds subject to the Intercept shall only be transferred to a Related Lender/Bond Trustee for Related Bonds issued by the California School Finance Authority. In addition, the Authority shall be a third party beneficiary under the Lease with respect to this provision of the Lease.

1.8 **Capitalized Terms**. Unless the context of its use clearly requires otherwise, each capitalized term that is defined in the Master Indenture or the Loan Agreement shall have the meaning ascribed to such term in the Master Indenture or in the Loan Agreement.

2. Premises.

2.1 **Condition of Premises**. Landlord is purchasing the Premises under the terms of that certain Offer to Purchase Commercial Real Property and Escrow Instructions ("Purchase Agreement"), last signed, July 1, 2024, by and between Landlord, as buyer, and Concordia Lutheran Church of Los Angeles, a California non-profit corporation, as seller ("Seller"). Tenant acknowledges that Tenant has been in possession of most of the Premises under the Sublease and a separate License Agreement by and between Seller and Tenant ("License Agreement") and is familiar with the condition of the reminder of the Premises. Tenant hereby accepts the improvements on the Premises (the "Improvements") in their "as is" condition. All references in this Lease to the "Premises" shall be deemed to include the Improvements.

2.2 **CASp Disclosure**. California Civil Code Section 1938 requires Landlord to notify Tenant whether the Premises has undergone inspection by a Certified Access Specialist ("CASp"), as defined in California Civil Code Section 55.52. Landlord hereby states to Tenant that, as of the date this Lease is executed, the Premises has not undergone such inspection. A CASp can inspect the Premises and determine whether the Premises comply with all of the applicable construction related accessibility standards under California state law. Although California state law does not require a CASp inspection of the Premises, the Landlord may not prohibit Tenant from obtaining a CASp inspection of the Premises for the occupancy or potential occupancy of Tenant, if requested by Tenant. The Parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction related accessibility standards within the Premises.

2.3 **Compliance.** If the applicable building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") require, during the Term, the construction of an addition to or an alteration of the Premises or any portion of the buildings on the Premises (the "**Buildings**"), the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Premises and/or the Buildings, the Tenant hereby agrees to undertake and complete such construction, alteration, remediation, reinforcement or other modification (each, a "**Capital Expenditure**"), and the costs therefor shall be incurred solely by Tenant.

2.4 **Acknowledgements**. Tenant acknowledges that it has made all investigations and inspections as it deems necessary with respect to the suitability of the Improvements as it relates to Tenant's occupancy thereof and the compliance of the Improvements with Applicable Requirements.

3. Term. The Commencement Date, Expiration Date and Term of this Lease are as specified in Section 1.2.

4. Rent and Expenses.

4.1 **Rent Defined**. Subject to the terms of Section 4.9 below, Base Rent, Expenses (as defined below), Additional Rent (as defined below), Extraordinary Monthly Rent (as defined below), and all other monetary obligations of Tenant to Landlord or to third parties arising under the terms of this Lease are deemed to be rent ("**Rent**").

4.2 **Expenses**. Tenant shall be responsible for all Expenses allocable to the Premises, which Tenant shall pay within thirty (30) days after receiving a statement from Landlord itemizing (with reasonable description) all charges included thereon, reimbursing Landlord therefor.

"**Expenses**" shall mean all costs and expenses of the ownership, operation, maintenance, repair or replacement, and insurance of the Premises, as determined by standard accounting practices, including, by way of illustration only, and not by way of limitation, to the extent they apply to the Premises:

(i) Gross receipts taxes, whether assessed against the Landlord or assessed against the Tenant and collected by the Landlord;

(ii) Water, sewage, and waste or refuse removal charges;

(iii) Gas, electricity, telephone and other utilities;

(iv) Reasonable costs incurred in the day-to-day management (if any), including the cost of management personnel;

(v) Air conditioning & heating;

(vi) Elevator maintenance (if any);

(vii) Supplies, materials, labor, equipment, and utilities used in or related to the operation and maintenance of the Premises;

(viii) All maintenance, replacement and repair costs including, without limitation, janitorial, cleaning and repair services relating to the Premises and all improvements thereon, including, without limitation, air conditioning systems, landscaping, service areas, building exteriors (including painting), signs and directories, repairing and replacing roofs, walls, janitorial (if any is supplied), capital improvements and upgrades, and cost of compliance with applicable laws;

(ix) Capital improvements made to the Premises (whether funded in full or amortized with reasonable financing charges) which may be required by any government authority or which will improve the operating efficiency of the Premises;

(x) Real Property Taxes (as defined in Section 10.1);

(xi) Any other costs or expenses incurred by Landlord under this Lease and not otherwise reimbursed by Tenant. Expenses shall not include the costs of development, financing and construction of the Improvements or depreciation on the buildings of which the Premises are a part;

(xii) Insurance premiums for such policies obtained pursuant to Section 8.1 and Section 8.2, if applicable, and any other insurance Landlord is required to maintain pursuant to the Loan Documents;

(xiii) Any costs incurred by Landlord pursuant to Section 2.3 or Section 9.3 hereof; and

(xiv) Any rent payable by Landlord pursuant to any parking space lease or any similar agreement entered into by Landlord during the Term which provides for parking spaces for the Premises (with Tenant's share thereof being based on the number of parking spaces actually allotted to Tenant).

4.3 **Additional Rent**. In addition to Base Rent and Expenses, Tenant shall be responsible for the payment of Additional Rent. Additional Rent shall be paid to Landlord on demand or, if such Additional Rent is ongoing and can be calculated on a periodic basis, on a monthly basis pursuant to a written schedule from time to time delivered by Landlord.

"**Additional Rent**" shall include but not be limited to the following:

(i) Amounts necessary to pay, or to reimburse the Landlord for, any fees, expenses, taxes or assessments that it pays under the terms of the Loan Agreement to or on behalf of the Lender;

(ii) Amounts necessary to pay, or to reimburse the Landlord for any payments it makes with respect to, the reasonable fees and expenses of such employees, agents, accountants, consultants, attorneys and other experts as may be engaged by Landlord to prepare such audits, financial statements, reports, opinions, or provide such other services, as may be required under the Loan Agreement;

(iii) Amounts required to be paid by the Landlord in connection with any and all indemnities it gives under the Loan Agreement;

(iv) Amounts necessary to pay, or to reimburse the Landlord for payments it makes with respect to, Landlord's reasonable general operating expenses, including Landlord's payment of Landlord's share of the reasonable general operating expenses of Landlord's sole member; and

(v) Costs and expenses incurred by Landlord in connection with any refinance of any Loan.

4.4 **Extraordinary Monthly Rent**. In the event that the Tenant receives a notice (each an "Extraordinary Monthly Rent Notice") from either the Landlord or the Related Lender/Bond Trustee (as those terms are defined in this Master Indenture) stating the Related Lender/Bond Trustee has not received the payment of Rent with respect to a Related Project on or before that date that such required payment is due, then Tenant shall pay the Extraordinary Monthly Rent to the Related Lender/Bond Trustee within three (3) business days after Lessee's receipt of the Extraordinary Monthly Rent Notice. The Landlord covenants to immediately provide the Tenant with a copy of any Extraordinary Monthly Rent Notice received by Landlord pursuant to the terms of the Master Indenture. The "Extraordinary Monthly Rent" shall mean the amount set forth in such Extraordinary Monthly Rent Notice, which shall identify the Tenant's Proportionate Share of the Extraordinary Monthly Rent. "Proportionate Share" shall mean the amount required to be paid by Tenant to ensure that all of the required Rent and School Loan Repayments with respect to all of the Related Projects (as that term is defined in this Master Indenture) have been timely made.

4.5 **Payment**. Subject to payments made in accordance with the Intercept Notice, Tenant shall cause all Rent payable to Landlord under this Lease to be received by Landlord in lawful money of the United States on or before the day on which it is due, without offset or deduction. Rent for any period during the Term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent due to Landlord shall be made to Landlord at its address stated herein or to such other persons or place as Landlord may from time to time designate in writing. Subject to the terms of the Master Indenture, and so long as the Loan remains outstanding, Tenant shall, through the Intercept Notice, cause the State Controller to transfer the portion of the State Apportionment attributable to the operations of the School to the Lender or other payee as set forth in the Intercept Notice.

4.6 **Budgeting Rent**. The Tenant covenants to take such action as may be necessary to include all such payments of Rent due hereunder in its annual budgets, to make, as necessary, annual appropriations for all such payments and to take such action annually as shall be required to provide funds in such year for such payments of Rent.

4.7 **Accounting**. If the Landlord so requests in writing, Tenant agrees to provide Landlord with an annual, or more frequent, accounting of the Expenses paid for the current calendar year.

4.8 **Disputes**. If Tenant disputes the amount of Expenses due hereunder, Tenant shall have the right, after payment to Landlord of the amount in dispute, and after reasonable notice and

at reasonable times, to inspect Landlord's accounting records relating to Expenses at Landlord's accounting office (the "**Expense Accounting**"). If, after such inspection Tenant still disputes the amount of additional rent owed, a certification as to the proper amount shall be made by Landlord's accountant, which certification shall be deemed to be final and conclusive. Tenant agrees to pay the cost of such certification unless it is determined that Landlord's original statement overstated Expenses by more than five percent (5%) in which case Landlord shall pay the costs of such certification. Tenant's right to dispute the amount of Expenses shall continue for a period of ninety (90) days following Landlord's delivery of the Expense Accounting, after which the Expense Accounting shall be conclusively presumed to be accurate and binding on the Parties.

4.9 **Limitation of Recourse**. Tenant's obligation to pay the Rent shall be a special obligation limited solely to, and not in excess of, the "Gross Revenues of the School," as defined below, and under no circumstances shall the Tenant be required to advance any moneys derived from any source of income other than, or pay Rent which is in excess of, the Gross Revenues of the School, nor shall any other funds or property of the Tenant be liable for the payment of the Rent. Nothing contained in this Section 4.9 shall be construed to release the Tenant from the performance of any of the agreements on its part herein contained, and in the event the Tenant shall fail to perform any such agreements on its part, the Landlord may institute such action against the Tenant as the Landlord may deem necessary to compel performance so long as such action does not abrogate the limitation of recourse against Tenant set forth in this Section 4.9. The Tenant may, however, at the Tenant's own cost and expense and in the Tenant's own name or in the name of the Landlord prosecute or defend any action or proceeding or take any other action involving third persons which the Tenant deems reasonably necessary in order to secure or protect the Tenant's right of possession, occupancy and use hereunder, and in such event the Landlord hereby agrees to cooperate fully with the Tenant and to take such action necessary to effect the substitution of the Tenant for the Landlord in such action or proceeding if the Tenant shall so request. As used herein, "Gross Revenues of the School" means all income and revenues directly or indirectly derived by the Tenant's operation of the School, including without limitation per pupil revenues and other funding received from the State of California or by virtue of the charter granted to Tenant for the School and all gifts, grants, bequests and contributions (including income and profits therefrom) specifically restricted by the donor or maker thereof to the School or the Premises, to the extent not specifically restricted by the donor or maker thereof to a particular purpose inconsistent with their use for the payments required under the Loan Agreement, provided, however, that Gross Revenues of the School shall exclude any funds, assets, revenues, gifts, grants, bequests and contributions (including income and profits therefrom) specifically restricted by the donor or maker thereof or restricted by law to a particular purpose inconsistent with their use for the payments required under this Lease. Gross Revenues of the School also includes net insurance or condemnation proceeds received or payable to the Tenant on account of damage or destruction of the Premises or other loss incurred by Tenant with respect to its operation of the School or the Premises.

4.10 **Deposits**. Under the terms of the License Agreement, Seller is holding certain deposits of Tenant ("**Deposits**"). Subject to the terms of the Purchase Agreement, the Deposits will be assigned and transferred to the Landlord (or credited to the purchase price). Tenant will receive a Rent credit from Landlord in the amount of the Deposits funded by Tenant and received from or credited by Seller.

5. Intentionally Omitted.

6. Use.

6.1 **Use.**

(a) Tenant shall use and occupy the Premises only for "educational facilities" as defined in Section 17173(f) of the Education Code of the State of California in order to operate a charter school that is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code as an organization described in Code Section 501(c)(3) and that qualifies as an "educational organization" as described under Code Section 170(b)(1)(A)(ii) (the "**Agreed Use**") and for no other purpose. Tenant shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or causes damage to neighboring property or properties. Tenant shall be the primary user of the Premises and the principal business activity of Tenant shall not be rental to others of real property.

(b) Tenant has been provided and has reviewed copies of all Loan Documents, including, without limitation, the Master Indenture, the Loan Agreements, the Continuing Covenant Agreements executed in connection with the Loan Agreements, and the Deed of Trust (as defined below). Tenant shall comply with and perform all such obligations which may be required of Tenant in order to permit the Landlord to comply with the Loan Agreement. Tenant acknowledges that no amendment or modification of this Lease will be effective without the prior written consent of the Lender. Tenant shall provide Landlord and upon written request the Lender (i) with all information required to comply with all reporting requirements of the Loan Documents applicable to Tenant, (ii) all such documentation as Landlord may be obligated to cause Tenant to provide under the terms of, and in accordance with the time requirements of the Loan Agreement and (iii) such other information as may be reasonably requested by Landlord or the Lender. For the purposes of this Lease, the "**Loan Documents**" shall include the Master Indenture, the Loan Agreements, the Continuing Covenant Agreements executed in connection with the Loan Agreements, the Deed of Trust with Assignment of Rents, Security Agreement and Fixture Filing dated on or about the date hereof made by Landlord as Trustor in favor of the Master Trustee Lender as Beneficiary (the "**Deed of Trust**"), and any other documents executed by Landlord relating to the Loans.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Landlord, any Lender or Tenant to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Tenant shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Landlord and timely compliance (at Tenant's expense) with all Applicable Requirements. "**Reportable**

Use" shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirement requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing or anything herein to the contrary, Tenant may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Landlord, any Lender or Tenant to any liability therefor. In addition, Landlord may condition its consent to any Reportable Use upon receiving such additional assurances as Landlord reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements).

(b) **Duty to Inform Landlord**. If Tenant knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Landlord, Tenant shall immediately give written notice of such fact to Landlord, and provide Landlord with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Tenant Remediation**. Tenant shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Tenant's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Tenant, or pertaining to or involving any Hazardous Substance brought onto the Premises during the Term of this Lease, by or for Tenant, or any third party.

(d) **Tenant Indemnification**. Tenant shall indemnify, defend and hold Landlord, its managing member, and the agents, employees, officers, and directors of either of them harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Tenant (provided, however, that Tenant shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from adjacent properties not caused or contributed to by Tenant). No termination, cancellation or release agreement entered into by Landlord and Tenant shall release Tenant from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Landlord in writing at the time of such agreement.

(e) **Hazardous Substance Condition Remediation**. If Tenant becomes aware of a Hazardous Substance Condition occurring during the Term of this Lease, then Tenant shall

notify Landlord and Landlord shall make the investigation and remediation thereof required by the Applicable Requirements, the costs relating thereto constituting an Expense for which Tenant is responsible and this Lease shall continue in full force and effect, but subject to Landlord's rights under Section 6.2(d). "**Hazardous Substance Condition**" shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance as defined in Section 6.2(a), in, on, or under the Premises which requires repair, remediation, or restoration.

6.3 **Tenant's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, Tenant shall, at Tenant's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Landlord's engineers and/or consultants which relate in any manner to the Applicable Requirements, without regard to whether such Applicable Requirements are now in effect or become effective after the Commencement Date. Tenant shall, within ten (10) days after receipt of Landlord's written request, provide Landlord with copies of all permits and other documents, and other information evidencing Tenant's compliance with any Applicable Requirements specified by Landlord, and shall immediately upon receipt, notify Landlord in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Tenant or the Premises to comply with any Applicable Requirements.

7. Maintenance; Repairs.

7.1 **Tenant's Obligations**. Subject to the provisions of Section 7.2 (Landlord Obligations), Tenant shall, at Tenant's sole expense, keep the interior, exterior and structural elements of the Premises in good order, condition and repair. To comply with its obligations hereunder, Tenant shall keep the exterior, structural and major utility components of the Premises in good order, condition and repair, including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), ceilings, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Premises. Tenant's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair. Subject to the provisions of Sections 9 (Damage or Destruction) and 13 (Condemnation), it is intended by the Parties that Landlord have no obligation, in any manner whatsoever, to repair and maintain the Premises, or the equipment therein, all of which obligations are intended to be that of the Tenant. It is the intention of the Parties that the terms of this Lease govern the respective obligations of the Parties as to maintenance and repair of the Premises, and they expressly waive the benefit of any statute now or hereafter in effect to the extent it is inconsistent with the term so of this Lease.

7.2 **Landlord's Obligations**. Subject to the provisions of Sections 2.1 (Condition), 9 (Damage or Destruction), and 13 (Condemnation), Landlord shall have no obligation to repair or maintain the Premises. If and to the extent Landlord incurs any obligation for which Tenant is liable under Section 7.1, the costs relating thereto shall be deemed an "**Expense**" hereunder which Tenant shall pay.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions**. The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Tenant's machinery and equipment that can be removed without doing material damage to the Premises. The term "**Alterations**" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Tenant Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Tenant that are not yet owned by Landlord pursuant to Section 7.4(a).

(b) **Consent**. Tenant shall not make any Alterations or Utility Installations to the Premises without Landlord's prior written consent, except as provided herein. Tenant may make non-structural Alterations or Utility Installations and may make structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Landlord, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, and will not affect the electrical, plumbing, HVAC, and/or life safety systems. Notwithstanding the foregoing, Tenant shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Landlord. Any Alterations or Utility Installations that Tenant shall desire to make and which require the consent of the Landlord shall be presented to Landlord in written form with detailed plans. Consent shall be deemed conditioned upon Tenant's: (i) acquiring all applicable governmental permits, (ii) furnishing Landlord with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Tenant shall promptly upon completion furnish Landlord with as-built plans and specifications.

(c) **Liens; Bonds**. Tenant shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Tenant at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Tenant shall give Landlord not less than ten (10) days' notice prior to the commencement of any work in, on or about the Premises, and Landlord shall have the right to post notices of non-responsibility. If Tenant shall contest the validity of any such lien, claim or demand, then Tenant shall, at its sole expense defend and protect itself, Landlord and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership**. All Alterations and Utility Installations made by Tenant shall be the property of Tenant. All Tenant Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, at the option of the Landlord, (i) be removed by the Tenant or (ii) become the property of Landlord and be surrendered by Tenant with the Premises.

(b) **Surrender and Restoration**. Tenant shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Tenant shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, furnishings, and equipment as well as the removal of any storage tank installed by or for Tenant. Tenant shall completely remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Tenant (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises), even if such removal would require Tenant to perform or pay for work that exceeds statutory requirements. Trade Fixtures shall remain the property of Tenant and shall be removed by Tenant. Any personal property of Tenant not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Tenant and may be disposed of or retained by Landlord as Landlord may desire. The failure by Tenant to timely vacate the Premises pursuant to this Section 7.4(b) without the express written consent of Landlord shall constitute a holdover under the provisions of Section 23 below.

8. Insurance; Indemnity.

8.1 **Liability**. Tenant shall keep in force such liability insurance policies and in such amounts as are set forth in Exhibit B attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.2 **Property**. Tenant shall obtain and keep in force a policy or policies of property insurance in the name, and for the benefit, of Landlord, with loss payable to Landlord and to any lender insuring loss or damage to the Premises. The amount of such insurance shall be as set forth in Exhibit C attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.3 **Rental Interruption**. Tenant shall also obtain and keep in force, for the benefit of the Landlord, rental interruption insurance insuring Landlord for the amounts of Base Rent arising from an interruption of the payment of the Base Rent otherwise payable by Landlord hereunder, as set forth in Exhibit C attached hereto. The premium for such insurance shall be deemed an "Expense" hereunder.

8.4 **Waiver of Subrogation**. Without affecting any other rights or remedies, Tenant and Landlord each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required or by any deductibles applicable hereto. The Parties

agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance is not invalidated thereby.

8.5 **Indemnity**. Except for Landlord's negligence or willful misconduct, Tenant shall indemnify, protect, defend and hold harmless the Premises, Landlord and its agents, partners, members, directors, officers and lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, the use and/or occupancy of the Premises by Tenant. If any action or proceeding is brought against Landlord by reason of any of the foregoing matters, Tenant shall upon notice defend the same at Tenant's expense by counsel reasonably satisfactory to Landlord and Landlord shall cooperate with Tenant in such defense. Landlord need not have first paid any such claim in order to be defended or indemnified**.**

8.6 **Exemption of Landlord from Liability**. Landlord shall not be liable for injury or damage to the person or goods, wares, merchandise or other property of Tenant, Tenant's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or from other sources or places.

8.7 **Loan Agreements**. The foregoing notwithstanding, for so long as the Loan is outstanding, Tenant shall be deemed to meet its insurance obligations as set forth in this Section 8 if it carries, and it hereby agrees to carry, the insurance required under the terms of the Loan Agreements, as such requirements may change from time to time as provided in the Loan Agreements. For so long as the Loan is outstanding, Tenant shall cause the Lender to be named as mortgagee and loss payee on Tenant's property insurance policies and as additional insured on Tenant's liability policies.

9. Damage or Destruction.

9.1 Definitions.

(a) "**Damage**" shall mean damage or destruction to the improvements on the Premises.

(b) "**Insured Loss**" shall mean Damage which was caused by an event required to be covered by the insurance described in Section 8.2, irrespective of any deductible amounts or coverage limits involved.

(c) "**Replacement Cost**" shall mean the cost to repair or rebuild the improvements owned by Landlord at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

9.2 **Damage - Insured Loss**. Subject to the terms of the Loan Documents, Landlord shall be entitled to any and all insurance proceeds that are available as a result of the Damage. If

Damage that is an Insured Loss occurs, then Tenant shall be entitled to use the insurance proceeds that are actually collected as a result of the Damage to repair the Damage as soon as reasonably possible and this Lease shall continue in full force and effect. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to affect such repair, Tenant shall promptly contribute the shortage in proceeds as and when required to complete said repairs.

9.3 **Damage - Uninsured Loss**. If Damage that is not an Insured Loss occurs, (i) Tenant may repair such damage as soon as reasonably possible at Tenant's expense, in which event this Lease shall continue in full force and effect, or (ii) Landlord may terminate this Lease by providing written notice to Tenant within thirty (30) days after receipt by Landlord of knowledge of the occurrence of such Damage.

9.4 **Waive Statutes**. Landlord and Tenant agree that the terms of this Lease shall govern the effect of any damage to or destruction of the Premises with respect to the termination of this Lease and hereby waive the provisions of any present or future statute to the extent inconsistent herewith.

10. Real Property Taxes.

10.1 **Definition**. As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Landlord in the Premises, Landlord's right to other income therefrom; and/or Landlord's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the address of the Premises and where the proceeds so generated are to be applied by the city, county or other local taxing authority of a jurisdiction within which the Premises is located. Real Property Taxes shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the Term of this Lease, including but not limited to, a change in the ownership of the Premises, and (ii) levied or assessed on machinery or equipment provided by Landlord to Tenant pursuant to this Lease.

10.2 **Payment of Taxes**. Tenant shall timely file for exemption against any Real Property Taxes and shall maintain such exemption during the Term. In any event, Tenant shall pay, before the same become past due, the Real Property Taxes applicable to the Premises during the Term to the extent any such Real Property Taxes are charged, levied, assessed or imposed.

10.3 **Personal Property Taxes**. Tenant shall timely file for exemption against any taxes on Tenant Owned Alterations, Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Tenant and shall maintain such exemption during the Term. Tenant shall pay, prior to delinquency, all such taxes to the extent they are charged, levied, assessed or imposed after an exemption for such taxes is filed as required hereunder.

11. Assignment and Subletting.

11.1 **By Tenant**. Tenant shall not sublease, assign, mortgage, pledge, hypothecate or encumber this Lease or any of Tenant's interest hereunder without the prior written consent of

Landlord (which shall not be unreasonably withheld). Tenant acknowledges that, pursuant to the Loan Agreement, Landlord is required to obtain Lender's approval to a sublease, assignment or other transfer of Tenant's interest in the Lease and that Landlord's disapproval shall be deemed reasonable if based on Lender's disapproval.

11.2 **By Landlord**. Tenant acknowledges that the Premises are subject to the Deed of Trust and that this Lease is assigned to the Master Trustee as security for the Loan. Tenant further acknowledges that, following the pay-off of the Loan, the Premises may be made subject to a subsequent deed of trust in favor of another lender, which subsequent deed of trust will at the request of the subsequent lender, be made senior to this Lease.

12. Default; Breach; Remedies.

12.1 **Default; Breach**. A "**Default**" is defined as a failure by the Tenant to comply with or perform any of the terms, covenants or conditions under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Tenant to cure such Default within any applicable grace period:

(a) The abandonment of the Premises.

(b) The failure of Tenant to make any payment of Rent required to be made by Tenant hereunder, whether to Landlord or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, regardless of whether the School occupying the Premises should close or Tenant no longer operates a charter school on the Premises, where such failure continues for a period of five (5) business days following written notice to Tenant.

(c) A Default by Tenant as to the terms, covenants, conditions or provisions of this Lease, other than those described in subparagraphs 12.1(a) or (b) above, where such Default continues for a period of thirty (30) days after written notice; provided, however, that if the nature of Tenant's Default is such that more than thirty (30) days are reasonably required for its cure, then it shall not be deemed to be a Breach if Tenant commences such cure within said thirty (30) day period and thereafter diligently prosecutes such cure to completion.

(d) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. §101 or any successor statute thereto (unless, in the case of a petition filed against Tenant, the same is dismissed within ninety (90) days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where possession is not restored to Tenant within sixty (60) days; or (iv) the attachment, execution or other judicial seizure of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where such seizure is not discharged within sixty (60) days; provided, however, in the event that any provision of this subparagraph (e) is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(e) The discovery that any financial statement of Tenant given to Landlord was materially false.

12.2 **Remedies**. If Tenant fails to perform any of its affirmative duties or obligations (other than compliance with covenants and financial reporting requirements pursuant to Section 28), within fifteen (15) days after written notice (or, in the case of those duties and obligations that cannot reasonably be performed within fifteen (15) days after notice, to commence and diligently prosecute such duties and obligations to completion), Landlord may, at its option, perform such duty or obligation on Tenant's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Tenant shall pay to Landlord the costs and expenses incurred by Landlord in such performance upon receipt of an invoice therefor. In the event of a Breach, including Tenant's failure to comply with the covenants or financial reporting requirements set forth in Section 28, Landlord may, with or without further notice or demand, and without limiting Landlord in the exercise of any right or remedy which Landlord may have by reason of such Breach:

(a) Terminate Tenant's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Tenant shall immediately surrender possession to Landlord. In such event Landlord shall be entitled to recover from Tenant: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Tenant proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid Rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Tenant proves could be reasonably avoided; and (iv) any other amount necessary to compensate Landlord for all the detriment proximately caused by the Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Landlord in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Landlord to mitigate damages caused by Tenant's Breach of this Lease shall not waive Landlord's right to recover damages under Section 12. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Landlord shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Landlord may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Section 12.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Tenant under the unlawful detainer statute shall also constitute the notice required by Section 12.1. In such case, the applicable grace period required by Section 12.1 and the unlawful detainer statute shall run concurrently, and the failure of Tenant to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Landlord to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Tenant's right to possession and recover the Rent as it becomes due. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Landlord's interests, shall not constitute a termination of the Tenant's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the State wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Tenant's right to possession shall not relieve Tenant from liability under this Lease, including under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Tenant's occupancy of the Premises.

12.3 **Interest**. Any monetary payment due Landlord hereunder not received by Landlord when due as to scheduled payments (such as Base Rent) or within thirty (30) days following the date on which it was due for non-scheduled payments, shall bear interest from the date when due as to scheduled payments, or the 31st day after it was due as to non-scheduled payments. The interest ("**Interest**") charged shall be computed at the rate of ten percent (10%) per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to any late charges and default rate interest under the Loan Documents.

13. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs, and Expenses thereafter shall be limited to those applying to the remaining Premises subject to this Lease. Subject to the terms of the Loan Documents, in the event that there is a Condemnation of less than all of the Premises, and such portion so taken is material to Tenant's use and quiet enjoyment of the Premises as a whole, then all available Condemnation awards and/or payments shall be used first, to restore the remaining portion of the Premises to a usable whole, and second, to reduce the balance of any loan made to Landlord and secured by the Premises in proportion to the portion taken or sold. Any portion of the award and/or payment that remains after the foregoing purposes have been satisfied shall be the property of Landlord. Subject to the terms of the Loan Documents, if the entirety of the Premises is taken, then the Condemnation awards and/or payments shall be the property of Landlord.

14. Estoppel Certificates. Each Party (as "**Responding Party**") shall within ten (10) days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published by the AIR Commercial Real Estate Association, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

15. Definition of Landlord. The term "**Landlord**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises. Upon any transfer of fee title to the Premises, the prior Landlord shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Landlord. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Landlord shall be binding only upon the Landlord as hereinabove defined.

16. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

17. Days. Unless otherwise specifically indicated to the contrary, the word "days" as used in this Lease shall mean and refer to calendar days.

18. Limitation on Liability. The obligations of Landlord under this Lease shall not constitute personal obligations of Landlord, and Tenant shall look to the Premises, and to no other assets of Landlord, for the satisfaction of any liability of Landlord with respect to this Lease.

19. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

20. No Prior or Other Agreements. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective.

21. Notices.

21.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, and shall be deemed sufficiently given if served in a manner specified in this Section 21. The addresses for the Parties are set forth below and shall constitute the respective addressed for delivery or mailing of notices. Either Party may, by written notice to the others, specify a different address for notice. Upon Tenant's taking possession of the Premises, the Premises shall constitute Tenant's address for notice unless Tenant notifies Landlord otherwise. A copy of all notices to Landlord or Tenant shall be concurrently transmitted to such party or parties at such addresses as Landlord or Tenant, respectively, may from time to time hereafter designate in writing.

21.2 **Addresses.**

Landlord: Yukon LLC
c/o Menlo Charter Properties
c/o Environmental Charter Schools
2625 Manhattan Beach Blvd. Suite 100
Redondo Beach, CA 90278
Attention: Farnaz Golshani-Flechner

Tenant: Environmental Charter Schools
2625 Manhattan Beach Blvd. Suite 100
Redondo Beach, CA 90278
Attention: Farnaz Golshani-Flechner
Facsimile: (424) 456-7439

Lender (during the time the Loan is outstanding):

Equitable Facilities Fund, Inc.
228 Park Avenue S, Suite 61633
New York, New York 10036
(847) 826-1892
michelle@eqfund.org
Attention: Chief Credit Officer

21.3 **Date of Notice**. Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown; the postmark thereon. If sent by regular mail the notice shall be deemed given 48 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantee next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices transmitted by facsimile transmission or similar means shall be deemed delivered upon telephone confirmation of receipt (confirmation report from fax machine is sufficient), provided a copy is also delivered via delivery or mail. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

22. Waivers. No waiver by Landlord of the Default or Breach of any term, covenant or condition hereof by Tenant, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Tenant of the same or of any other term, covenant or condition hereof.

23. No Right to Holdover. Tenant has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Tenant holds over, then the Base Rent shall be increased to 110% of the Base Rent applicable immediately preceding the expiration or termination. Nothing contained herein shall be construed as consent by Landlord to any holding over by Tenant.

24. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

25. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Tenant are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

26. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State of California. Any litigation between the Parties hereto concerning this Lease shall be initiated in the County of Los Angeles.

27. Subordination; Attornment; Non-Disturbance.

27.1 **Subordination**. Subject to the terms of this section, this Lease shall be subject and subordinate to any mortgage, deed of trust, or other hypothecation or security device securing Landlord's obligations under any Loan in favor of a lender (collectively, "**Security Device**") including, without limitation, the Deed of Trust in favor of the Lender and, if requested by Landlord or by any subsequent Lender, any Security Device in favor of a subsequent Lender hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. In order to effectuate and/or confirm the subordination of this Lease to any Security Device, Tenant agrees, with respect to the Deed of Trust, to execute and deliver a Subordination, Nondisturbance and Attornment Agreement ("**SNDA**") as may be required under the Loan Documents as and when requested by Lender and, with respect to any subsequent Loan (but subject to Section 27.3 below), to execute and deliver within ten (10) days following written request, a recordable SNDA in form provided by the applicable subsequent Lender. Tenant agrees that no Lender or subsequent Lender shall have no liability or obligation to perform any of the obligations of Landlord under this Lease. Any Lender and any subsequent Lender may elect to have this Lease granted hereby superior to the lien of its Security Device by giving written notice thereof to Tenant, whereupon this Lease shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

27.2 **Attornment**. In the event that Landlord transfers title to the Premises, or the Premises is acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Tenant shall, subject to the provisions of Section 27.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of such new owner, this Lease shall automatically become a new Lease between Tenant and such new owner, upon all of the terms and conditions hereof, for the remainder of the term hereof, and (ii) Landlord shall thereafter be relieved of any further obligations hereunder (but not obligations that accrued prior to such transfer) and such new owner shall assume all of Landlord's obligations hereunder, except that such new owner shall not: (a) be liable for any act or omission of any prior Landlord or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Tenant might have against any prior Landlord; (c) be bound by prepayment of more than one month's rent; or (d) be liable for the return of any security deposit paid to any prior lessor, unless such security was assigned by such prior Landlord to the new owner.

27.3 **Non-Disturbance.** With respect to Security Devices entered into by Landlord after the execution of this Lease other than the Deed of Trust, Tenant's subordination of this Lease shall be subject to receiving a commercially reasonable SNDA from the subsequent Lender, which SNDA provides that Tenant's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed, and Tenant's rights under this Lease will be recognized by the subsequent Lender so long as Tenant is not in Breach hereof and attorns to the holder of such Security Device.

27.4 **Self-Executing**. The agreements contained in this Section 27 shall be effective without the execution of any further documents; provided, however, that, upon written request

from Landlord or a Lender in connection with a sale, financing or refinancing of the Premises, Tenant and Landlord shall execute such further writings as may be reasonably required to separately document any recognition agreement, subordination, attornment and/or SNDA provided for herein.

28. Landlord's Access; Showing Premises; Repairs. Landlord shall have the right to enter the Premises at any time in the case of an emergency, and otherwise at reasonable times after twenty-four hours' prior notice for the purpose of inspecting the Premises, verifying compliance by Tenant with this Lease, showing the Premises to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Landlord may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises as long as there is no material adverse effect to Tenant's use of the Premises.

29. Quiet Possession. Subject to payment by Tenant of the Rent and performance of all of the covenants, conditions and provisions on Tenant's part to be observed and performed under this Lease, Tenant shall have quiet possession and quiet enjoyment of the Premises during the Term hereof.

30. Counterparts. This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

31. No Recording of Lease. Neither this Lease nor any memorandum thereof shall be recorded in the Official Records of Los Angeles County.

32. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Tenant's obligations hereunder, Tenant agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a lender in connection with the obtaining of normal financing or refinancing of the Premises.

33. Additional Covenants. For so long as the Loan is outstanding and has not been paid or so long as Tenant shall have obligations under the Loan Agreement, the provisions of Exhibit C shall be applicable for the benefit of Landlord and the Lender.

IN WITNESS WHEREOF, the Parties hereto have duly executed this Lease as of the date first written above.

SCHEDULE 1

The Base Rent

Base Rent shall be payable monthly in advance on the first day of each month commencing April 1, 2022, in accordance with the following schedule:

The monthly Base Rent for the period October 1, 2024, to June 30, 2025, will be $54,000.00.

The monthly Base Rent for each successive twelve month period will be the monthly COLA-Adjusted Rent for such period.

The monthly COLA-Adjusted Rent for the period July 1, 2025, to June 30, 2026, will be $54,000.00 times the COLA Adjustment. The monthly COLA-Adjusted Rent for each successive twelve month period will be the monthly COLA-Adjusted Rent for the prior twelve month period times the COLA Adjustment.

For purposes of this Schedule, "COLA Adjustment" shall mean the sum of one (1) plus the applicable Cost Of Living Adjustment Index.

For purposes of this Schedule, the applicable "Cost Of Living Adjustment Index" (COLA Index) for a rental period commencing on July 1 of a particular year shall mean a percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending March 31 of such year, as determined by the California School Finance Authority ("CSFA") pursuant to the Regulations promulgated by CSFA implementing CSFA's administration of the Charter School Facility Grant Program (Education Code section 47614.5). See California Code of Regulations § 10170.1 *et seq.*

As Base Rent for any period commencing on or after July 1, 2025, is ascertained, Tenant shall amend the Intercept Notice pursuant to Section 1.4 of this Lease to reflect the actual Base Rent payments due under this Lease.

EXHIBIT A

Description of Premises

THE LAND REFERRED TO HEREIN BELOW IS SITUATED IN THE CITY OF INGLEWOOD, COUNTY OF LOS ANGELES, STATE OF CALIFORNIA, AND IS DESCRIBED AS FOLLOWS:

THE NORTH 357.5 FEET OF THE EAST HALF OF THE EAST HALF OF THE EAST HALF OF THE NORTHWEST QUARTER OF SECTION 10, TOWNSHIP 3 SOUTH, RANGE 14 WEST, SAN BERNARDINO MERIDIAN, IN THE CITY OF INGLEWOOD, COUNTY OF LOS ANGELES, STATE OF CALIFORNIA, ACCORDING TO THE OFFICIAL PLAT OF SAID LAND FILED IN THE DISTRICT LAND OFFICE APRIL 22, 1868.

EXCEPT THAT PORTION THEREOF, LYING WITHIN THE ROAD ON THE NORTH SIDE THEREOF AS EXISTED PRIOR TO SEPTEMBER 10, 1940.

APN: 4048-020-017

EXHIBIT B

Insurance Requirements

Tenant shall procure and maintain in effect such property, casualty, liability and rental interruption insurance as may reasonably be requested by Landlord to insure Landlord against loss or damage to the Premises, against liability arising out of the use or occupancy of the Premises, and against loss of rental income arising from any cessation or interruption of the business or charitable activities carried on by Tenant on the Premises.

EXHIBIT C

Additional Covenants

For so long as the Loan is outstanding and has not been defeased or for so long as the Obligated Group Representative shall have obligations under the Loan Agreements, Tenant shall comply with all terms and conditions of the Continuing Covenant Agreements executed in connection with the Loan Agreements.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANFERS

If you think your statement or receipt is wrong or if you need additional information about a transfer on the statement or receipt, please call us at the number listed on the front of this statement as soon as possible. If you prefer, you may write to us at the address on the front of the statement. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or probelm appeared, We will need the following information:

(1) Your name and account number(if any).
(2) A description of the error or the transfer you are unsure about. Please explain clearly why you believe there is an error or why you need additional information.
(3) The dollar amount of the suspected error.

If you inform us by phone, we may require that you send us your complaint or question in writing within 10 business days.
We will determine whether an error occurred within 10 business days(20 business days if the transfer involved a new account) after we hear from you and will correct and error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will let you know of the results within three business days after completing our investigation. If we determine that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

PRE-AUTHORIZED CREDITS

If you have arrange to have direct deposits (e.g. Social Security) made to your consumer account at least once every 60 days from the same person or company, you can call us at 510-550-8400 during normal business hours to find out whether the deposit has been made.

BILLING RIGHTS SUMMARY

In Case of Errors of Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write to us on a separate sheet at our address shown on the face as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.
In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

LINE OF CREDIT ACCOUNT

How to Make Payments
Payments received prior to close of business at the bank address shown on the face of your statement will be credited as a day of receipt.
Method of Computing Portion of Finance Charge
A portion of your finance chage is computed using the following method:
Daily Accural Method
We figure a portion of the Finance Charge on your account by applying the appropriate "daily periodic rates" to the appropriate portions of the "principal" balances. We take the beginning "principal" balance of your account each day, add any new purhcases, advances or loans, and subtract the "principal" portion of the payments or credits. This gives us the new "principal". We then apply the applicable daily periodic rate to the "principal" times the number of days at the new "principal". This gives us the "accrued finance charge" for each period of days in the billing cycle. To arrive at the "finance charge" for the billing cycle, we add all of the "accrued finance charge(s)" together for the billing cycle.
Check 21 Notifcation
If you request the return of your original checks you may receive a "Substitute Check" in response. This Substitute Check is the legal equivalent of an original check and you have rights that apply when you believe, in good faith, that a Substitute Check was not properly charged to your account. Contact your branch or call the number on the front of this statement to request a Check 21 disclosure.

IntraFi Cash Service℠, or ICS®, Monthly Statement

The following information is a summary of activity in your account(s) for the month of December 2025 and the list of FDIC-insured institution(s) that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through IntraFi Cash Service. Funds in your deposit accounts at the FDIC-insured institutions at which your funds have been placed will be "deposits," as defined by federal law. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

Summary of Accounts

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANFERS

If you think your statement or receipt is wrong or if you need additional information about a transfer on the statement or receipt, please call us at the number listed on the front of this statement as soon as possible. If you prefer, you may write to us at the address on the front of the statement. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or probelm appeared, We will need the following information:

(1) Your name and account number(if any).
(2) A description of the error or the transfer you are unsure about. Please explain clearly why you believe there is an error or why you need additional information.
(3) The dollar amount of the suspected error.

If you inform us by phone, we may require that you send us your complaint or question in writing within 10 business days.
We will determine whether an error occurred within 10 business days(20 business days if the transfer involved a new account) after we hear from you and will correct and error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will let you know of the results within three business days after completing our investigation. If we determine that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

PRE-AUTHORIZED CREDITS

If you have arrange to have direct deposits (e.g. Social Security) made to your consumer account at least once every 60 days from the same person or company, you can call us at 510-550-8400 during normal business hours to find out whether the deposit has been made.

ADVISE US PROMPTLY OF ANY DIFFERENCE. IF NO ERROR IS REPORTED WITHIN TEN DAYS THE ACCOUNT WILL BE CONSIDERED CORRECT.

BILLING RIGHTS SUMMARY

In Case of Errors of Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write to us on a separate sheet at our address shown on the face as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.
In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

LINE OF CREDIT ACCOUNT

How to Make Payments
Payments received prior to close of business at the bank address shown on the face of your statement will be credited as a day of receipt.
Method of Computing Portion of Finance Charge
A portion of your finance chage is computed using the following method:
Daily Accural Method
We figure a portion of the Finance Charge on your account by applying the appropriate "daily periodic rates" to the appropriate portions of the "principal" balances. We take the beginning "principal" balance of your account each day, add any new purhcases, advances or loans, and subtract the "principal" portion of the payments or credits. This gives us the new "principal". We then apply the applicable daily periodic rate to the "principal" times the number of days at the new "principal". This gives us the "accrued finance charge" for each period of days in the billing cycle. To arrive at the "finance charge" for the billing cycle, we add all of the "accrued finance charge(s)" together for the billing cycle.
Check 21 Notifcation
If you request the return of your original checks you may receive a "Substitute Check" in response. This Substitute Check is the legal equivalent of an original check and you have rights that apply when you believe, in good faith, that a Substitute Check was not properly charged to your account. Contact your branch or call the number on the front of this statement to request a Check 21 disclosure.

IntraFi Cash Service℠, or ICS®, Monthly Statement

The following information is a summary of activity in your account(s) for the month of November 2025 and the list of FDIC-insured institution(s) that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through IntraFi Cash Service. Funds in your deposit accounts at the FDIC-insured institutions at which your funds have been placed will be "deposits," as defined by federal law. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

Summary of Accounts

Account ID	Deposit Option	Interest Rate	Opening Balance	Ending Balance
*********806	Demand	1.25%	$1,311,333.88	$1,812,870.16
TOTAL			$1,311,333.88	$1,812,870.16

CONTAINS CONFIDENTIAL INFORMATION

IntraFi and ICS are registered service marks, and IntraFi Cash Service is a service mark, of IntraFi Network LLC.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANFERS

If you think your statement or receipt is wrong or if you need additional information about a transfer on the statement or receipt, please call us at the number listed on the front of this statement as soon as possible. If you prefer, you may write to us at the address on the front of the statement. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or probelm appeared, We will need the following information:

(1) Your name and account number(if any).
(2) A description of the error or the transfer you are unsure about. Please explain clearly why you believe there is an error or why you need additional information.
(3) The dollar amount of the suspected error.

If you inform us by phone, we may require that you send us your complaint or question in writing within 10 business days.
We will determine whether an error occurred within 10 business days(20 business days if the transfer involved a new account) after we hear from you and will correct and error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will let you know of the results within three business days after completing our investigation. If we determine that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

PRE-AUTHORIZED CREDITS

If you have arrange to have direct deposits (e.g. Social Security) made to your consumer account at least once every 60 days from the same person or company, you can call us at 510-550-8400 during normal business hours to find out whether the deposit has been made.

ADVISE US PROMPTLY OF ANY DIFFERENCE. IF NO ERROR IS REPORTED WITHIN TEN DAYS THE ACCOUNT WILL BE CONSIDERED CORRECT.

BILLING RIGHTS SUMMARY

In Case of Errors of Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write to us on a separate sheet at our address shown on the face as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.
In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

LINE OF CREDIT ACCOUNT

How to Make Payments
Payments received prior to close of business at the bank address shown on the face of your statement will be credited as a day of receipt.
Method of Computing Portion of Finance Charge
A portion of your finance chage is computed using the following method:
Daily Accural Method
We figure a portion of the Finance Charge on your account by applying the appropriate "daily periodic rates" to the appropriate portions of the "principal" balances. We take the beginning "principal" balance of your account each day, add any new purhcases, advances or loans, and subtract the "principal" portion of the payments or credits. This gives us the new "principal". We then apply the applicable daily periodic rate to the "principal" times the number of days at the new "principal". This gives us the "accrued finance charge" for each period of days in the billing cycle. To arrive at the "finance charge" for the billing cycle, we add all of the "accrued finance charge(s)" together for the billing cycle.
Check 21 Notifcation
If you request the return of your original checks you may receive a "Substitute Check" in response. This Substitute Check is the legal equivalent of an original check and you have rights that apply when you believe, in good faith, that a Substitute Check was not properly charged to your account. Contact your branch or call the number on the front of this statement to request a Check 21 disclosure.

IntraFi Cash Service℠, or ICS®, Monthly Statement

The following information is a summary of activity in your account(s) for the month of October 2025 and the list of FDIC-insured institution(s) that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through IntraFi Cash Service. Funds in your deposit accounts at the FDIC-insured institutions at which your funds have been placed will be "deposits," as defined by federal law. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

CDARS® Customer Statement

The following information is a summary of activity in your CDARS accounts and the list of FDIC-insured institutions that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through CDARS. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANFERS

If you think your statement or receipt is wrong or if you need additional information about a transfer on the statement or receipt, please call us at the number listed on the front of this statement as soon as possible. If you prefer, you may write to us at the address on the front of the statement. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or probelm appeared, We will need the following information:

(1) Your name and account number(if any).
(2) A description of the error or the transfer you are unsure about. Please explain clearly why you believe there is an error or why you need additional information.
(3) The dollar amount of the suspected error.

If you inform us by phone, we may require that you send us your complaint or question in writing within 10 business days.
We will determine whether an error occurred within 10 business days(20 business days if the transfer involved a new account) after we hear from you and will correct and error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will let you know of the results within three business days after completing our investigation. If we determine that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

PRE-AUTHORIZED CREDITS

If you have arrange to have direct deposits (e.g. Social Security) made to your consumer account at least once every 60 days from the same person or company, you can call us at 510-550-8400 during normal business hours to find out whether the deposit has been made.

ADVISE US PROMPTLY OF ANY DIFFERENCE. IF NO ERROR IS REPORTED WITHIN TEN DAYS THE ACCOUNT WILL BE CONSIDERED CORRECT.

BILLING RIGHTS SUMMARY

In Case of Errors of Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write to us on a separate sheet at our address shown on the face as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.
In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

LINE OF CREDIT ACCOUNT

How to Make Payments
Payments received prior to close of business at the bank address shown on the face of your statement will be credited as a day of receipt.
Method of Computing Portion of Finance Charge
A portion of your finance chage is computed using the following method:
Daily Accural Method
We figure a portion of the Finance Charge on your account by applying the appropriate "daily periodic rates" to the appropriate portions of the "principal" balances. We take the beginning "principal" balance of your account each day, add any new purhcases, advances or loans, and subtract the "principal" portion of the payments or credits. This gives us the new "principal". We then apply the applicable daily periodic rate to the "principal" times the number of days at the new "principal". This gives us the "accrued finance charge" for each period of days in the billing cycle. To arrive at the "finance charge" for the billing cycle, we add all of the "accrued finance charge(s)" together for the billing cycle.
Check 21 Notifcation
If you request the return of your original checks you may receive a "Substitute Check" in response. This Substitute Check is the legal equivalent of an original check and you have rights that apply when you believe, in good faith, that a Substitute Check was not properly charged to your account. Contact your branch or call the number on the front of this statement to request a Check 21 disclosure.

IntraFi Cash Service℠, or ICS®, Monthly Statement

The following information is a summary of activity in your account(s) for the month of September 2025 and the list of FDIC-insured institution(s) that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through IntraFi Cash Service. Funds in your deposit accounts at the FDIC-insured institutions at which your funds have been placed will be "deposits," as defined by federal law. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

Summary of Accounts

Account ID	Deposit Option	Interest Rate	Opening Balance	Ending Balance

Environmental Charter Middle School: Inglewood

CHARTER RENEWAL CRITERIA

Over the past twelve years Environmental Charter Schools has cultivated a strong reputation for innovative, equity-driven public education in Los Angeles. As part of this network, Environmental Charter Middle School-Inglewood (ECMS-I) provides a rigorous, college-preparatory program grounded in environmental sustainability, community partnerships, and whole-child learning. ECMS-I's mission-aligned instructional model reflects LACOE's longstanding commitment to high-quality charter schools designed to serve diverse student populations and expand educational opportunity through research-based, student-centered practice.

As part of its continued commitment to excellence, ECMS-I submits this renewal petition with clear evidence that it meets eligibility requirements under the Charter Schools Act, including the performance criteria established in AB 1505, as well as the additional renewal expectations outlined in LACOE's Charter Renewal Policy.

According to the Los Angeles County Office of Education's Charter Renewal Policy, updated May 2024:

"All charter schools requesting renewal must clearly show that they meet eligibility requirements set forth in Charter Schools Act and further defined in AB 1505. Depending on the findings adopted by the County Board, a charter may be renewed or denied renewal based on these criteria found in EC 47605, 47607 and 47607.2:

1. Do the petition and supporting documentation reflect a sound educational program for pupils? Are the petitioners likely to successfully implement the program set forth in the petition? Does the petition contain a reasonably comprehensive description of all required elements and affirm the conditions of EC Section 47605(e)?
2. Does the charter school have discriminatory enrollment or dismissal practices? Does the charter have substantial fiscal or governance issues?
3. Is the charter eligible for renewal under the High, Middle, or Low performing category and has the charter provided an argument with sufficient evidence that it has attained the criteria for renewal under that category? Has the charter attained measurable increases in academic achievement schoolwide and for numerically significant subgroups served by the charter school, and if applicable, does the school have strong postsecondary outcomes?

LACOE Criterion #1

ECMS-I's petition and supporting documentation reflect a sound educational program for pupils.

ECMS-Inglewood's petition demonstrates a coherent, research-informed educational program that is tightly aligned to the organization's broader vision that students graduate from college equipped with strong academic skills, a clear sense of purpose, and the confidence to serve as engaged stewards of their communities. Our program design is informed by TNTPs research on trajectory-changing schools and intentionally reflects the shared characteristics of those models, ensuring that students experience a strong sense of belonging, instruction consistently reflects best practices, and learning experiences are cohesive and purposeful across classrooms and grade levels.

At ECMS-I, the educational program is built on three core principles that ensure rigor, relevance, and responsiveness to adolescent learners:

1. **Small Learning Community**
   ECMS-I provides a supportive, relationship-centered learning environment focused on belonging and engagement. Advisory structures, restorative practices, and small-school design ensure students are known well and supported. Instruction emphasizes communication, collaboration, and executive-function skills—key drivers of positive academic outcomes in middle school and successful transition to high school.

2. **Interdisciplinary & Environmentally-Focused**

   ECMS-I's interdisciplinary, project-based approach engages students in making meaningful connections across disciplines. Our environmentally focused projects naturally cut across disciplinary lines and ground learning in authentic, place-based experiences. Students regularly apply academic knowledge to real-world challenges, cultivating analytical thinking and problem-solving skills required for high school, college, and civic participation.This approach strengthens conceptual understanding, builds transferable skills, and supports critical thinking—all of which are reflected in the school's improving School Dashboard results, strong MAP growth, and increased proficiency rates across student groups.

3. **Social Justice: Developing Systems for Trajectory Change**

   By examining how systemic inequities shape learning, educators design instruction that aligns curriculum, teaching, assessment, and classroom culture so each part reinforces the others. This approach positions students as active, capable learners, building critical thinking, problem-solving, and collaboration skills. Ultimately, this intentional, connected framework ensures equitable access to deep, empowering instruction, improving student outcomes across all groups.

Across the petition, ECMS-I provides clear evidence that these principles translate into strong outcomes. The school demonstrates consistent academic progress, outperforming State and District averages across nearly all student groups; maintains exceptionally low suspension rates; and has reduced chronic absenteeism through targeted, data-driven supports. These results reflect a program that is both effective and equitable, and that meets the statutory bar for a sound educational program under AB 1505.

Together, ECMS-I presents a cohesive, mission-aligned model that fosters belonging, delivers rigorous interdisciplinary instruction, and equips students with the skills, habits, and mindsets needed for long-term success.

The petitioners of ECMS-I are likely to successfully implement the program set forth in the petition. The petition contains a reasonably comprehensive description of all required elements and affirm the conditions of EC Section 47605(e).

The petitioners of Environmental Charter Middle School - Inglewood demonstrate a strong capacity to successfully implement the educational program described in the petition. The Charter School's small-learning-community model—characterized by low student-to-teacher ratios, a strong sense of belonging, and an advisory system focused on academic goal-setting and social-emotional learning—ensures students are known well and supported through MTSS, PBIS, clubs, and enrichment opportunities.

ECMS-I delivers a rigorous interdisciplinary curriculum that connects math, science, humanities, and environmental studies to real-world issues through project-based learning. Authentic assessments, including CAASPP, NWEA MAP, and interdisciplinary benchmark projects, measure both mastery and application of skills while aligned ELA and math pathways build reading/writing stamina, conceptual understanding, and problem-solving. Examples include the sixth-grade Silk Road economic simulation and the eighth-grade investigative journalism and data-analysis project.

Instruction is engaging, relevant, and standards-based, emphasizing academic vocabulary, responsive teaching, and peer collaboration. Environmental and experiential learning are core components of the model, with overnight outdoor education, fieldwork, and the Green Ambassadors course developing leadership, environmental literacy, and civic engagement.

ECMS-I's strong implementation capacity begins with a stable and capable Board of Directors and organizational leaders, supported by a deliberate in-house pipeline that develops alumni, teachers, and aspiring leaders into instructional and school-level roles. This internal capacity is further strengthened by by robust partnerships with families, mental health providers (Didi Hirsch, Masada Homes, Antioch, Starview, Luminarias),

enrichment organizations (Woodcraft Rangers, TreePeople, Growing Great), environmental education partners (Pali Institute, The Bay Foundation, Heal the Bay), and community agencies that help address systemic needs. These structures, combined with a strong instructional model and a culture that prioritizes belonging and student well-being, demonstrate the petitioners' clear ability to successfully implement the proposed educational program.

Consistent with previous approvals of this charter by the County Board, the charter petition does contain reasonably comprehensive descriptions of all 15 required charter elements.

LACOE Criterion #2

The Charter School does not have discriminatory enrollment or dismissal practices and does not have substantial fiscal or governance issues.

ECMS-I does not engage in any discriminatory enrollment or dismissal practices, and the charter petition affirms all conditions required by Education Code Section 47605, including nonsectarian practices, open enrollment, and full compliance with applicable federal, state, and local laws. The Charter School has no substantial fiscal or governance issues; ECMS-I maintains sound financial health and is governed by an experienced Board that provides strong oversight and ensures accountability. ECMS-I continues to offer families in Inglewood and the surrounding communities a high-quality public-school option that expands access to rigorous, innovative, and environmentally focused learning opportunities. Through its commitment to excellence and continuous improvement, ECMS-I is well-prepared to meet the terms of its renewed charter and continue making a positive impact on the students, families, and communities it serves.

LACOE Criterion #3

While ECMS-I's Dashboard results placed the school in the High Performing Category for 2024 and 2025, its eligibility for renewal falls under the middle-performing category, as explained below. The petition provides sufficient evidence that ECMS-I meets all applicable renewal criteria pursuant to Education Code Section 47607.2(b).

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard ("Dashboard"), and, in some circumstances, the performance of the charter school on assessments deemed to be verified data.

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance, plus a

separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The three performance categories are as follows:

- High Performing – Presumptive renewal if the charter school meets the established renewal criteria – Education Code Section 47607(c)(2).
- Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria unless the chartering authority makes a finding to approve for a two-year term – Education Code Section 47607.2(a).
- Middle Performing – Renewal unless the charter school failed to meet or make sufficient progress toward meeting standards and closure is in the best interest of the students, evaluated using the Dashboard and Education Code Section 47607.2(b).

Environmental Charter Middle School – Inglewood (ECMS-I) is proud to have earned classification in the High Performing Category for both the 2024 and 2025 Dashboard years, a significant achievement that reflects strong schoolwide and student group performance exceeding statewide results for most student groups performing below the state average.

However, despite this academic distinction, ECMS-I is ineligible for the high-performing renewal pathway due to its 2025 identification for Differentiated Assistance under the LCFF System of Support. Therefore, this renewal petition is evaluated under the middle-performing standards set forth in Education Code Section 47607.2(b). The petition provides sufficient evidence that ECMS-I meets all applicable renewal criteria pursuant to both Education Code Sections 47607(c) (high-performing) and 47607.2(b) (middle-performing).

The state indicators include the following:

- Chronic Absenteeism: kindergarten through grade eight
- Suspension Rate: kindergarten through grade twelve
- English Learner Progress: grades one through twelve
- Academic: grades three through eight and grade eleven – English Language Arts/Literacy and Mathematics

ECMS-I has attained measurable increases in academic achievement schoolwide and for numerically significant subgroups, as demonstrated on the Dashboard Performance Renewal Criteria for middle performing schools.

Education Code Section 47607.2(b) states:

1. For all charter schools for which [high- and low-performing categories] do not apply, the chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the [Dashboard] and the performance of the charter school on the local indicators included in the [Dashboard].
2. The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.

Under statute, “measurements of academic performance” are defined in statute as “statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, the English Language Proficiency Assessments for California, or any successor system, and the college and career readiness indicator.” (Education Code Section 47607(c)(3)).

In accordance with the Charter Schools Act, as modified by AB 1505, and in alignment with LACOE’s Charter Renewal Policy, ECMS-I meets the criteria for a middle-performing school and has attained measurable increases in academic achievement schoolwide and for numerically significant subgroups served by the charter school.

The following evidence supports ECMS-I’s eligibility for a five-year renewal term from July 1, 2026, through June 30, 2031, and is organized through tables and analysis of ECMS-I’s performance on all applicable Dashboard indicators

Dashboard: Schoolwide Performance Levels on State Indicators

The California School Dashboard is an accountability system that uses color coding to provide a visual representation of school performance across multiple measures. The color-coded performance levels range from blue (highest performance) to red (lowest performance). Blue indicates that a school or district is excelling in a particular area, such as academic achievement, demonstrating strong outcomes and significant progress. Green signifies good performance, showing that a school or district meets or exceeds state standards in key areas. Both blue and green levels reflect positive outcomes and effective practices, with blue representing the highest level of success and green indicating solid, commendable performance.

For ECMS-I, the 2024 and 2025 California School Dashboard results demonstrate clear growth in English Language Arts, exceptionally strong English Learner Progress outcomes, and positive school climate indicators. While color ratings offer a broad summary of performance, Distance from Standard (DFS) provides a more nuanced

measure by indicating how far, on average, students are scoring above or below grade-level proficiency on CAASPP assessments. This combination of Dashboard color levels and DFS values illuminates both ECMS-I's schoolwide strengths and its opportunities for continued growth.

In addition to academics, the Dashboard includes measures of student engagement and school climate, recognizing that conditions such as attendance and discipline are key conditions for learning. Chronic absenteeism and suspension rates offer essential context for understanding how consistently students access instruction and how successfully the school maintains a positive, supportive environment. Together, these indicators provide a full picture of ECMS-I's performance under California's accountability system and highlight the school's commitment to equitable access, continuous improvement, and student success.

As the tables below demonstrate, on all academic measures, and for the two consecutive years preceding this renewal decision, ECMS-I outperformed the State as measured by both Math and ELA points above standard ("DFS" or "Status"). A more detailed analysis follows, highlighting growth over time, areas of demonstrated success, and key opportunities for continued improvement.

2025 Dashboard Indicator Levels			
Indicator	**ECMS-I**	**State**	**Indicator Level Comparison vs. State**
ELA (academic)	-3 DFS	-8.1 DFS	Higher
Math (academic)	-31.6 DFS*	-42.4 DFS*	Lower
ELPI (academic)	86.7%	46.4%	Higher
Chronic Absenteeism	14.1%	17.1%	Same
Suspension Rate	0.3%	2.9%	Higher

Source: https://www.caschooldashboard.org

*Note: While color ratings are subject to the 5x5 grid's change fluctuations, Distance from Standard confirms that ECMS-I students are achieving at higher levels than their statewide peers.

2024 Dashboard Indicator Levels			
Indicator	**ECMS-I**	**State**	**Indicator Level Comparison vs. State**
ELA (academic)	-12.1 DFS	-13.2 DFS	Higher
Math (academic)	-31.6 DFS	-47.6 DFS	Higher
ELPI (academic)	73.3%	45.7%	Higher
Chronic Absenteeism	16.3%	18.6%	Same

Suspension Rate	0.3%	3.2%	Higher

Source: https://www.caschooldashboard.org

By examining multiple performance measures, ECMS-I demonstrates consistent strengths and clear priorities for continued improvement, aligned with its mission to prepare conscious, critical thinkers who contribute to a more equitable and sustainable world. The Charter school's progress is evidenced by strong academic outcomes, exceptional multilingual learner growth, and improved student engagement indicators, including declining absenteeism and suspension rates that remain significantly below statewide levels. These indicators affirm the school's commitment to rigorous, equitable instruction, targeted student supports, and a safe, inclusive learning environment that enables all students to thrive.

ELA Performance: ECMS-I demonstrated significant improvement in English Language Arts, with DFS increasing from -12.1 to -3**,** outperforming both the State for two consecutive years. These gains reflect effective literacy instruction, aligned supports, and practices that accelerate progress toward grade-level proficiency, which can be attributed to the implementation of the following strategies:

- ECMS-I committed to using actionable data (NWEA, IBM, etc), personalized support, and high-impact instructional practices to close achievement gaps and elevate outcomes in ELA for all students.
- Classrooms adopted a student-centered coaching model, with real-time feedback, goal tracking, and instructional adjustments guided by both formative assessments and direct student check-ins to further monitor progress.
- ECMS-I created targeted student support plans that incorporated one-on-one meetings, structured writing and reading support, and instructional coaching to help teachers respond to learning gaps in real time.

Math Performance: ECMS-I continues to perform well above the State in mathematics. These consistent outcomes reflect strong foundational instruction while highlighting math as a key priority area for targeted intervention and continued growth toward proficiency. This progress, and the school's focus on accelerating math achievement, can be attributed to the following strategies:

- Strategic interventions including targeted tutoring cycles (6-8 weeks) serving 10-12 students at a time to support those not yet meeting grade-level standards.
- Schoolwide wraparound supports for students who are struggling by including family in conversations, interventions, confidence-building activities, and consistent monitoring.

- Emphasis on clear learning objectives, classroom “look-fors” that promote instructional consistency, and regular checks for understanding to guide responsive teaching.

English Learner Progress: ECMS-I achieved exceptional results on the English Learner Progress Indicator, rising from 73.3% to 86.7%**,** far exceeding the State. This significant growth reflects highly effective integrated and designated ELD practices, culturally responsive instruction, and ongoing monitoring of multilingual learner growth progress. This success can be contributed to the following strategies:

- Leveraging real-time data (ELPAC scores, NWEA, grades, formative assessments) to identify learners in need of targeted support.
- Prioritizing EL progress through weekly Principal and Assistant Principal check-ins with teachers to review student data and set growth goals.
- Providing collaborative support for dually identified EL/SWD students, with ELD and Special Education staff coordinating in-class literacy supports aligned to both language development needs and IEP goals.
- Communicating and collaborating with families to ensure full participation in all available programs, supports, and enrichment activities.
- Focus on coaching, collaborative joint observations, the meticulous monitoring of grades (from both formative and summative), along with consistent student check-ins, designed to bolster ELA proficiency scores.
- Previewing upcoming texts and key concepts with ELs during advisory to support academic growth.

Chronic Absenteeism: Chronic absenteeism declined from 16.3% to 14.1%**,** placing ECMS-I below the State averages. This improvement reflects strengthened attendance monitoring, increased family engagement, and intentional efforts to promote student belonging and connection to school.

Suspension Rates: Suspensions remained exceptionally low at 0.3%**,** significantly below the State. These outcomes reflect ECMS-I’s restorative practices, proactive behavioral supports, and emphasis on maintaining a safe, inclusive learning environment that minimizes loss of instructional time.

Collectively, these schoolwide results demonstrate ECMS-I’s strong capacity to deliver rigorous, equitable instruction and create the conditions for meaningful academic and social-emotional growth. They provide essential context for the student group outcomes that follow, illustrating how the school’s systems and practices benefit students schoolwide while accelerating progress for historically underserved groups.

Dashboard: Academic Performance by Subgroups

For purposes of determining a charter school's renewal performance category (high, middle, or low), Education Code Section 47607(c)(2)(A)(ii) specifies that only statewide subgroups performing below the State average for all students are subject to consideration. In alignment with the middle-performing renewal criteria under Education Code Section 47607.2(b), the following tables present ECMS-I's subgroup performance, including DFS results, for all numerically significant groups.

As shown in the tables below, ECMS-I outperformed the State for every numerically significant student group in both English Language Arts and Mathematics for two consecutive years. These outcomes reflect not only measurable increases in academic achievement across subgroups, as required under Education Code Section 47607.2(b), but also highlight ECMS-I's effectiveness in providing rigorous, coherent instruction that supports accelerated growth for historically underserved learners.

ELA 2025 Comparison Performance Levels			
Student Group	**ECMS-I**	**State**	**Difference**
African American	-30.4	-51.3	+20.9
Hispanic	-0.6	-33.7	+33.1
English Learners	-32.3	-59.9	+27.6

Students with Disabilities	-106	-124.3	+18.3

Source: https://www.caschooldashboard.org

The Dashboard results in English Language Arts and Mathematics reflect meaningful, sustained academic gains, particularly among student groups that historically perform below State averages. This strong performance is the result of intentionally designed instructional systems, such as Reading Apprenticeship, MTSS structures, inclusive co-teaching models, and targeted ELD supports that ensure ECMS-I's diverse learners (including ELs, LTELs, SED students, SWD, and African American students) make accelerated progress toward grade-level proficiency**.** These systems create coherence across classrooms, provide targeted intervention and reinforce high expectations for all learners.

In English Language Arts, subgroup improvement aligns with schoolwide literacy systems such as structured reading strategies, consistent use of formative data, and individualized intervention. These practices helped historically underserved students access complex texts, build academic language, and demonstrate sustained progress toward mastery.

In mathematics, ECMS-I's use of small-group intervention cycles, explicit instruction tied to grade-level standards, and consistent monitoring of student work contributed to all student groups performing significantly closer to standard than their statewide peers. These strategies created both access and acceleration for students who traditionally face barriers to success in math.

These integrated systems reinforce high expectations across classrooms, create coherence for students who benefit from predictable instructional routines, and ensure that targeted intervention reaches learners with the greatest need.

Highlights

- ECMS-I outperformed the State for nearly every major subgroup across two consecutive years in both ELA and Math.
- Historically underserved subgroups (LTEL, SED, EL, SWD) consistently scored significantly closer to standard than their statewide peers.
- Substantial positive differences (ranging from +9 to +55 points) demonstrate that ECMS-I is not only improving schoolwide averages but actively closing statewide equity gaps.

Collectively, these results offer clear, verified evidence of measurable subgroup achievement gains and reflect performance levels that not only satisfy the criteria for a middle-performing renewal but align more closely with the outcomes expected of higher-performing schools.

Dashboard: Subgroup Academic Engagement

Chronic Absenteeism gauges students missing 10% or more of the school years for any reason, including excused and unexcused absences and provide insight on how well schools are engaging students and supporting them in staying connected to their learning. Dashboard color ratings are based on both the school's current absenteeism rate and how much it has improved or declined from the previous year. ECMS-I's results reflect strong systems for belonging, proactive support, and family engagement that help students attend consistently and remain connected to their learning community.

2025 Chronic Absenteeism			
Student Group	**ECMS-I**	**State**	**Difference**
African American	15.8%	29.8%	+14%
Hispanic	13.6%	20.1%	+6.5%
English Learners	15.7%	18.1%	+2.4%
Long Term English Learners	13.5%	22.5%	+9%

Socioeconomically Disadvantaged	15.1%	21.7%	+6.6%
Students with Disabilities	24%	24.9%	+0.9%

2024 Chronic Absenteeism			
Student Group	**ECMS-I**	**State**	**Difference**
African American	32.3%	31.3%	-1%
Hispanic	14.3%	21.7%	+7.4%
English Learners	19.1%	20.1%	+1%
Long Term English Learners	22.7%	23.9%	+1.2%
Socioeconomically Disadvantaged	17.7%	23.4%	+5.7%
Students with Disabilities	22.9%	26.3%	+3.4%

Source: https://www.caschooldashboard.org

Across two consecutive years, ECMS-I consistently performed below the State average for chronic absenteeism for nearly every numerically significant subgroup, reflecting meaningful improvement in student engagement and access to instruction. The 2025 reduction in absenteeism, particularly for African American, LTEL, and SED students, demonstrates the school's ability to strengthen attendance systems and deepen student connectedness.

Key Strategies Supporting Improved Attendance

ECMS-I's progress in reducing chronic absenteeism can be attributed to coordinated, relationship-centered practices that promote engagement and remove barriers to consistent attendance, including:

- Dedicated outreach and monitoring, with the Counselor, Social Worker, and Dean tracking attendance patterns, contacting families, and implementing targeted interventions.
- Positive attendance incentives (e.g., free dress days, Lakers tickets, raffles) to reinforce consistent participation.
- A deliberate emphasis on belonging and culture of care, which increases student motivation, strengthens relationships, and reduces disengagement.

These results illustrate ECMS-I's effectiveness in creating the conditions necessary for high engagement, equitable access to learning, and sustained improvement across all student groups.

Dashboard: Subgroups Conditions and Climate Performance

Suspension, on the Dashboard, is defined as the percentage of students who have been suspended at least once in a given school year. This indicator not only reflects disciplinary trends but also provides insight into how well schools are providing a healthy, safe, and welcoming environment that supports positive student behavior and student connectedness

2025 Suspension Rates			
Student Group	**ECMS-I**	**State**	**Difference**
African American	0%	7.7%	+7.7%
Hispanic	0.3%	3%	+2.7%
English Learners	0%	3.2%	+3.2%
Long Term English Learners	0%	7%	+7%
Socioeconomically Disadvantaged	0.3%	3.6%	+3.3%
Students with Disabilities	0%	5%	+5%

Source: https://www.caschooldashboard.org

2024 Suspension Rates			
Student Group	**ECMS-I**	**State**	**Difference**
African American	0%	8.4%	+8.4%
Hispanic	0.3%	3.4%	+3.1%
English Learners	0%	3.4%	+3.4%
Long Term English Learners	0%	8.1%	+8.1%
Socioeconomically Disadvantaged	0.3%	4%	+3.7%
Students with Disabilities	0%	5.4%	+5.4%

Source: https://www.caschooldashboard.org

Across two consecutive years, ECMS-I maintained exceptionally low suspension rates for all student groups—including historically vulnerable populations such as African American students, LTELs, ELs, SED students, and Students with Disabilities. In nearly every case, suspension rates were zero and consistently far below statewide averages, demonstrating a school climate grounded in relational trust, restorative practices, and preventive supports.

Key Strategies Supporting Low Suspension Rates

- ECMS-I's strong performance on the Suspension indicator can be attributed to intentional systems that promote emotional safety, belonging, and accountability, including:
- Implementation of social-emotional learning (SEL) practices that build self-esteem, reduce anxiety and stress, and foster positive peer and adult relationships—dramatically reducing referrals and behavioral incidents.
- Consistent reinforcement of schoolwide norms and expectations, facilitated through daily Advisory structures that promote communication, reflection, and problem-solving.
- Dedicated personnel—including a Dean and Social Worker—who lead restorative justice efforts, document interventions, and partner with families to resolve concerns proactively.
- Restorative justice practices that emphasize repairing harm, building community, and reintegrating students into the learning environment rather than relying on exclusionary discipline.

These results demonstrate ECMS-I's commitment to maintaining a positive, inclusive, and supportive school climate that enables all students to learn and thrive.

Dashboard: Comparisons to Local Schools

To contextualize Environmental Charter Middle School-Inglewood's performance within its local educational landscape, ECMS-I can be compared to middle schools located within a three-mile radius, as well as to district and statewide averages, using CA Dashboard and DataQuest reports, to local schools, Inglewood Unified School District, and state.

As shown in the table below, ECMS-I serves a student population demographically similar to nearby schools, including comparable percentages of socioeconomically disadvantaged, English learners, and students with disabilities. This similarity strengthens the validity of performance comparisons by ensuring that ECMS-I's outcomes are assessed against schools serving students with similar needs.

SCHOOL	SED %	EL %	SWD %
Environmental Charter Middle School - Inglewood	**87.6**	**17.2**	**12.1**
Animo Legacy Charter Middle	95.8	20.0	18.3
Bud Carson Middle	85.2	21.9	11.8
Century Community Charter	82.2	23.8	8.9
Crozier (George W.) Junior High	92.0	20.1	18.1

Grace Hopper STEM Academy	75.0	7.5	8.8
Hawthorne Middle	82.3	19.4	8.2
Jane Addams Middle	81.4	14.8	13.8
Lennox Middle	93.8	33.5	15.3
Prairie Vista Middle	87.9	24.2	7.9
TEACH Academy of Technologies	98.3	28.8	11.1
Will Rogers Middle	77.1	13.0	14.8
Wiseburn Middle	38.3	5.4	10.3

Student Demographics according to the 2024 CA Dashboard for ECMS-I and Local Schools

Dashboard: Academic Comparisons in English Language Arts and Mathematics

The California Dashboard measures English Language Arts and Mathematics performance on the Smarter Balanced (SBAC) assessments using the metric Distance from Standard schoolwide and by student group. DFS is calculated as the average difference between a student's score and "standard performance," the score required to achieve proficiency on the ELA and Math assessments for that student's grade level.

The tables below show 2024 and 2025 performance at ECMS-I, local schools, and the state schoolwide and by student groups in ELA and Math. These tables demonstrate ECMS-I as maintaining DFS scores above the majority of local middle schools for all student groups. The red text in the below tables indicates instances where the comparison school performed below ECMS-I.

Following these comparisons, ECMS-I's relative standing becomes clear:

- In 2024, ECMS-I outperformed the majority of local schools across all student groups in both ELA and Mathematics.
- In 2025, ECMS-I continued to outperform most local schools, including in key groups such as SED, Hispanic/Latino, and EL students—demonstrating sustained improvement year over year.

The table below summarizes ECMS-I's 2024 and 2025 CAASPP performance and highlights the number of local schools that ECMS-I outperformed across each student

group. These results confirm that ECMS-I is not only exceeding state averages but also performing among the top middle schools in its immediate community despite serving student populations with similar or greater levels of need.

Number of Local Schools Outperformed by ECMS-I							
2024 CAASPP Distance From Standard							
	ALL	**EL**	**LTEL**	**SED**	**SWD**	**Black/ AfAm**	**Hispanic/ Latino**

Dashboard: Academic Comparisons in English Learner Progress

The CA Dashboard measures English Learner progress as students who grew a level from the prior year on the English Language Proficiency Assessments for California (ELPAC) or maintained the highest level.

Across the last five Dashboard years, ECMS-I has increased its ELPI every year, and has had an ELPI higher than any of its comparisons in both the past three years. The table below shows ELPI over the past five years with dashboard data for ECMS-I, local schools, and the state. Red text indicates instances where the comparison had a lower percent of students making progress than ECMS-I.

English Learner Progress (ELPI)						
SCHOOL	**2019**	**2020 & 2021**	**2022**	**2023**	**2024**	**2025**
Environmental Charter Middle School - Inglewood	**55.4**	No Dashboard Data	**69.0**	**72.2**	**73.3**	**86.7**
Animo Legacy Charter Middle	56.9		54.7	45.3	36.7	44.3
Bud Carson Middle	39.0		56.0	53.8	51.2	51.8
Century Community Charter	47.4		61.1	49.4	41.1	48.3
Crozier (George W.) Junior High	57.2		67.5	65.3	29.8	63.6
Hawthorne Middle	48.5		60.9	56.3	38.1	54.9
Jane Addams Middle	61.5		68.8	64.7	55.2	69.9
Lennox Middle	34.4		50.7	46.2	46.4	41.1

Prairie Vista Middle	61.0		42.1	38.3	55.9	41.6
TEACH Academy of Technologies	46.2		76.2	19.0	10.8	15.3
Will Rogers Middle	52.0		60.9	55.6	42.7	52.4
Wiseburn Middle	50.9		72.7	59.6	54.5	59.0
State of California	48.3		50.3	48.7	45.7	46.4

ECMS-I's ELPI performance, rising to 86.7% in 2025, more than 40 percentage points above the State average, demonstrates exceptionally strong outcomes for multilingual learners and places the school among the highest-performing programs in its local area for English Learner progress.

Dashboard: Academic Engagement, Conditions and Climate Comparisons

Beyond academic measures, the Dashboard includes indicators of student engagement and school climate. These measures assess how effectively a school supports and sustains a positive, inclusive learning environment. For ECMS-I, these indicators are K-8 chronic absenteeism and schoolwide suspension rate.

Over the past five years with Dashboard data, ECMS-I has maintained a chronic absenteeism rate that is below the state and the majority of the local middle schools, being below 10 of 12 local schools and the state in 2025. The below table shows historic chronic absenteeism at ECMS-I, local schools, and the state, according to the CA Dashboard, with red text indicating instances where the given school/state had a higher chronic absenteeism rate than ECMS-I.

K-8 Chronic Absenteeism Rate						
SCHOOL	**2019**	**2020 & 2021**	**2022**	**2023**	**2024**	**2025**
Environmental Charter Middle School - Inglewood	**4.7**	**No Dashboard Data**	**19.0**	**19.9**	**16.3**	**14.1**
Animo Legacy Charter Middle	12.0		42.0	36.6	29.0	29.1
Bud Carson Middle	14.2		37.9	32.9	29.1	25.7
Century Community Charter	4.6		4.4	11.8	11.9	12.4
Crozier (George W.) Junior High	28.6		16.9	52.3	38.8	40.2
Grace Hopper STEM Academy	8.7		29.7	15.9	27.7	25.0
Hawthorne Middle	9.7		31.8	25.6	23.0	22.6
Jane Addams Middle	8.6		29.1	35.5	19.7	16.8
Lennox Middle	10.2		26.1	30.7	27.1	24.1
Prairie Vista Middle	10.6		40.7	33.7	27.8	28.0
TEACH Academy of Technologies	24.6		42.3	42.9	44.5	48.3

Will Rogers Middle	8.2		24.6	27.7	21.6	18.7
Wiseburn Middle	4.1		9.4	14.7	12.1	11.1
State of California	10.1		30.0	24.3	18.6	17.1

ECMS-I has averaged a suspension rate under 1% over the past four years and maintained an exceptionally low rate of 0.3% in both 2024 and 2025—far below both local and statewide averages. Across the past three years, ECMS-I's suspension rate has remained lower than the majority of comparison schools, reflecting the school's strong implementation of restorative practices, SEL integration, and proactive behavior-support systems. The table below provides historical suspension data for ECMS-I, local middle schools, and the State, with red text indicating instances where comparison schools had higher suspension rates than ECMS-I.

Suspension Rate						
SCHOOL	**2019**	**2020 & 2021**	**2022**	**2023**	**2024**	**2025**
Environmental Charter School Middle - Inglewood	**3.8**	No Dashboard Data	**1.1**	**1.7**	**0.3**	**0.3**
Animo Legacy Charter Middle	6.7		0.2	0.1	0.9	0.8
Bud Carson Middle	1.0		15.5	16.9	15.0	4.4
Century Community Charter	7.6		0.5	0.9	0.7	0.4
Crozier (George W.) Junior High	8.5		10.1	8.2	10.1	10.0
Grace Hopper STEM Academy	0.0		0.0	0.0	0.0	0.0
Hawthorne Middle	0.3		5.9	6.3	8.5	2.7
Jane Addams Middle	0.9		1.2	4.4	3.3	2.2
Lennox Middle	4.9		5.7	7.6	5.4	3.5
Prairie Vista Middle	1.3		9.9	12.9	12.8	4.6
TEACH Academy of Technologies	0.0		0.0	0.0	6.9	4.5
Will Rogers Middle	4.5		4.8	3.5	3.4	1.8
Wiseburn Middle	1.8		2.8	2.6	3.8	2.0
State of California	3.4		3.1	3.5	3.2	2.9

Dashboard: Local Indicators

ECMS-I met all Local Indicators on the Dashboard in both 2024 and 2025, demonstrating compliance and strong implementation of academic standards, family engagement, school climate, and access to a broad course of study.

	2024 Dashboard	2025 Dashboard

BASICS: Teachers, Instructional Materials, Facilities	Standard Met	Standard Met
Implementation of Academic Standards	Standard Met	Standard Met
Parent and Family Engagement	Standard Met	Standard Met
Local Climate Survey	Standard Met	Standard Met
Access to a Broad Course of Study	Standard Met	Standard Met

Verified Data: MAP Growth by NWEA

The law also gives middle-performing charter schools the opportunity to provide data showing measurable increases in academic achievement, via verified data

Included in this approved list of verified data is NWEA's Conditional Growth Index. NWEA identifies the Conditional Growth Index as an aggregate growth measure that can be used to show growth for a group of students. NWEA provides the School Conditional Growth Index for each grade level with at least 10 students tested in its Student Growth Summary Report. Since the Student Growth Summary Report only provides CGI scores split by grade level, many of the student group results are redacted. NWEA also provides student-level CGI scores in its data exports. Based on guidance from NWEA researchers, we utilized the Student CGI value to calculate the student group averages.

According to NWEA guidance in using MAP Growth Data for AB1505: "For both the student and school CGI values, a CGI range of –0.2 to 0.2 (or greater) could be used as an approximation of one year's growth (or more) in a subject and indicates that the growth observed is generally consistent with the amount of growth observed by students in the same grade and subject with the same starting achievement level receiving a similar amount of instructional exposure."[1]

The tables below show the School Conditional Growth Index (CGI) by grade level and the average Student CGI for each significant student group at Environmental Charter Middle Inglewood over the past four years. In three of those years, ECMS-I did not test in Spring, which was amended in the 2024-2025 school year, which looks at Fall to Spring, rather than Fall to Winter, growth.

The green highlights below indicate the groups that made "one year's growth" each year. NWEA's Student Growth Summary report does not provide a schoolwide average, so the schoolwide score below is the average of Student CGI values for all students tested.

NWEA MAP MATH CONDITIONAL GROWTH INDEX

NWEA MAP School Conditional Growth Index by grade level from Student Growth Summary Report; schoolwide and student group averages from Data Export Combined Data File matched to CALPADS 8.1 Student Profile report

In alignment with Education Code requirements established under AB 1505, ECMS-I ensures that all student performance and outcome data presented in this renewal petition meet the statutory threshold for verified data. Specifically, all academic and postsecondary indicators included reflect results from at least 95 percent of eligible students, consistent with the law's participation criteria. For academic progress measures, the school administers assessments to at least 95 percent of pupils for whom each assessment is appropriate and includes those results in reported outcomes.

The tables below show the count of students with growth scores and the count of students enrolled during both testing administrations according to CALPADS end-of-year reporting. Those counts were used to produce the participation rate for growth below.

The green highlights below indicate the years the Charter School met the 95% participation rate criteria schoolwide.

NWEA MATH: PARTICIPATION RATE

Students with Disabilities

Students with Disabilities at ECMS-I demonstrated significant performance challenges on CAASPP in both English Language Arts (ELA) and Mathematics over the past two testing cycles, with mixed patterns of growth and decline. These trends contributed to the school's identification for Differentiated Assistance (DA) and highlight the need for strengthened systems aligned with ECS's inclusive education model.

In ELA, SWDs scored 86.3 points below standard in 2023 (Dashboard 2024), maintaining performance with a -0.6 point change from the prior year, and indicator

performance remained in the Red category. In 2024 (Dashboard 2025), SWDs grew by 14.1 points, improving to 72.1 points below standard and moving into the Orange category. This growth suggests emerging positive effects from foundational inclusive practices and increased instructional support.

In Mathematics, SWD scored 106 points below standard in 2023 (Dashboard 2024), improving by 18.5 points from the prior year and performing in the Orange category. However, in 2024 (Dashboard 2025), SWD performance declined significantly by 26.2 points to 132.1 points below standard, resulting in a shift to the Red category. This decline indicates an urgent need to strengthen math-specific supports and instructional continuity.

While ELA outcomes showed early signs of improvement in 2024, mathematics performance was inconsistent and declined significantly following a period of instructional instability, including staffing turnover among special education teachers, multiple leaves of absence among special education teachers and school site leaders, and the onboarding of new paraprofessionals without a formalized training system. In addition, many students with disabilities enrolled at ECMS-I after transitioning from more restrictive educational settings, requiring intentional scaffolding and thoughtful integration into general education classrooms.

Taken together, these patterns indicate the need for stronger instructional coherence, staffing stability, and targeted math supports. In response, ECMS-I has identified and begun implementing key next steps aligned to the Differentiated Assistance process, including:

- Working closely with the charter authorizer and the appointed mentor to analyze data, identify targeted approaches to support students with disabilities, and build systems that positively impact all learners, including participating in the Strengthening Systems for Differentiated Assistance support series facilitated by LACOE.
- Participation by the principal in the 2026–2027 All Means All Fellowship to deepen inclusive leadership practices and systems-level coherence.
- Strengthening collaborative-teaching implementation through scheduled co-planning time, observation, joint coaching, and targeted professional learning.
- Formalizing onboarding and ongoing coaching and observations for paraprofessionals to ensure consistent, effective classroom support.
- Implementing structured progress-monitoring cycles, with general education teachers, special education teachers, and intervention staff reviewing curriculum-embedded assessments, interim benchmark data, and IEP-aligned measures every 5–10 weeks to adjust instruction and interventions in real time.

- Leveraging opportunities such as advisory and tutoring time to provide systematic, skill-based tier 2/ tier 3 intervention.

Conclusion

In support of its charter renewal petition, Environmental Charter Middle School – Inglewood submits verified data, including MAP Growth results and the California School Dashboard performance demonstrating the Charter School has met the criteria for renewal under both Education Code Section 47607(c) and 47607.2(b). ECMS-I's consistent academic growth across all subjects and the majority of student groups reflects a high-quality educational program serving its diverse student population with excellence, equity, and care.

Granting Environmental Charter Middle School–Inglewood a five-year charter renewal will allow the Charter School to build on its proven successes, deepen its innovative learning model, and ensure that a high-quality, community-centered public-school option remains available for the families of Inglewood and the surrounding neighborhoods. As such, we respectfully request that the County Board approve a five-year renewal term from July 1, 2026, through June 30, 2031.

Environmental Charter Schools
2625 Manhattan Beach Blvd., Suite 100
Redondo Beach, CA 90278

SUBJECT: **ECS – Building 1**
3600 Imperial Highway
Inglewood, CA

SCOPE & PRICING:

Notify AQMD including all fees. Prep containments, then abate acoustic ceilings, and floor tiles w/ mastic. Includes legal disposal and manifesting. **$22,800.00**

ADD OPTION: ADEP to hire an independent third party for air clearance. **$1,500.00**

CONDITIONS / ASSUMPTIONS:

This proposal and its listed clarifications, conditions and exclusions will be included as part of any mutually agreed upon contract generated from the offer.

- This proposal includes one mobilization. Any additional mobilizations will be $1,500.00 per mob.
- Pedestrian protection or temp walls are excluded.
- All protection required for the materials to remain shall be by the general contractor, however extra care shall be taken when demolition work is being performed in these areas.
- All plumbing, mechanical, electrical and any other special systems shall be shut-off, capped and/or relocated by others prior to the start of demolition when required for the performance of the demolition portion of the work.
- All trash and salvage materials shall be removed off-site; only non-salvageable materials will be disposed of at a Class III landfill.
- Owner/General Contractor is responsible for providing to ADEP Precision Contracting an AQMD Rule 1403 compliant survey prior to start of demolition or abatement activities. If a compliant survey is not provided, Precision reserves the right to procure a compliant survey and add the cost to the contract value via change order.
- This proposal is submitted as all-inclusive. No items may be omitted without the approval of ADEP Precision Contracting.
- Adequate staging area shall be provided for the performance of this work.
- Precision retains title to all salvage material present at the time of the job walk and is entitled to sell or dispose of such materials at its discretion and retain the proceeds of any such sales. Any salvage

16782 Millikan Ave.
Irvine, CA 92606-5010
(949) 642-6664
CSLB 701357 • DOSH 1020 • DIR 1000018129

materials removed by any persons between the time of the pre-bid walk and Precision taking possession of the site shall constitute a change order for the value of the missing salvage materials.
- Dump fees are based on current rates as of the date of this proposal.
- This proposal contains no provisions for permits or notifications.
- All trash and salvage materials shall be removed off-site in a timely manner which is efficient for Precision's crew.
- Pricing excludes any items not specifically mentioned in our inclusions or scope whether or not it is incidental to the item.
- This proposal does not include prep for other trades.

EXCLUSIONS:

Bond, permits, overtime and weekend work hours, floor prep, inspections, engineering, testing and "As-Builts", hazardous materials (except as note within this proposal), unforeseen conditions, salvage for others, moving or relocating equipment or materials once approved by the Owner, replacement or repair of existing improvements and materials, removal of wall coverings or finishes on walls to remain, noise abatement, prevailing wage rates, replacement of any plumbing fixtures, any drywall patching, access to work, all utility protection, disconnects, removals and capping, standby time and or delays due to Owner/General Contractor delays, cost of water and power for project duration and any specialty insurance items not listed in this proposal.

OWNER / GENERAL CONTRACTOR RESPONSIBILITIES:

The Owner or his designated representative is responsible for providing ADEP Precision the following:

- Water, power (including hook up of temporary power assistance) and HVAC lockout.
- Staging areas for equipment and dumpsters (dock access).
- Parking for work force.
- Designate those items to be left or saved prior to Precision mobilization.

THIS PROPOSAL IS VALID FOR THIRTY (30) DAYS.

INSURANCE and LICENSE:

ADEP Precision Contracting is a certified remediation and demolition contractor, CSLB #701357 & DOSH #1020. All local, state and federal EPA and OSHA codes regarding removal and disposal of materials shall be strictly adhered to. Prior to commencement of work, the Owner and Contractor are to mutually agree upon project procedures as desired (phasing, set-up, scheduling, etc.).

Our proposal includes General Liability Insurance of $10 million, Comprehensive Auto Liability of $10 million, Environmental Impairment Liability of $10 million, Professional Liability of $10 million, Employers Liability of $1 million and statutory Workers Compensation coverage.

16782 Millikan Ave.
Irvine, CA 92606-5010
(949) 642-6664
CSLB 701357 • DOSH 1020 • DIR 1000018129

Upon commencement of work, this proposal shall become a binding contract between both parties unless or until superseded by a formal, mutually agreed upon contract, at which time this proposal shall become a part of the new contract document.

ADEP Precision Contracting requires payment net 30. Payment shall be 100% of the completed work. If withheld, retention payment is due within ninety (90) days of ADEP Precision's completion of demolition scope of work, whether or not customer has received payment from another party.

Thank you for the opportunity to submit this proposal. If you have any questions or if we can be of further assistance, please do not hesitate to call.

Sincerely,

Mike Fisher
