COMMUNICATIONS: BOARD / SUPERINTENDENT

Ms. Jimena said that she attended the LACOE Women's Leadership Conference. She said it was very motivational event. She gave a shout out to her LACHSA classmates who performed and did a great job. Ms. Jimena said she attended the Superintendent's Student Advisory Council where she co-lead with Dr. Duardo and had a great time collaborating with other students.

Dr. Chan said she also attended the Women's Leadership Conference with inspirational speakers. She said it was organized well by the PAC Team and that the day brought much fun and laughter. Dr. Chan recommended a bigger venue for next year's event.

Ms. Forrester indicated that she too attended the Women's Leadership Conference and appreciated the staff who attended. She thanked staff for the work that was done. She highlighted that Dr. Chan had brought Pacomia staff with her. Ms. Forrester said that was at Garfield High School with the Young Workers Educational Project, which is out of Miguel Contreras and UCLA Labor Center. She said she had an opportunity to teach 5 senior young women through a labor conflict simulation, that included hospital management. She said that she coached the management team and by the end of the 4-hour project, the 5 students were able to negotiate a fair settlement with both sides. She said she was happy to be involved through LAUSD and hopes that perhaps in the near future, the program will expand and we can bring to LACOE schools.

Dr. Johnson indicated that he attended the ALACOSA Administrator of the Year Award celebration where Mr. Allen Ward, Dotti Ysais, Mara Shinn Smith, and Ed Resnick received the Administrator of the Year award. Dr. Johnson said that individuals were nominated by their colleagues and it is a well-deserved recognition for the work that they do throughout the year.

Dr. Debra Duardo, Superintendent, provided the following highlights to the County Board:

Peer Affinity Summit with PRISM

- This morning – I was at the LGBT Center in Los Angeles to welcome a group of students from all over the state that are joining us for two days of activities and learning.
- I brought back a small gift for each of you from our team, leading this effort.

ALACOSA Administrator of the Year

- Every year, LACOE staff has the privilege of nominating outstanding individuals who exemplify passion, dedication, and hard work in advancing our organization's mission.
- The ALACOSA Administrator of the Year Awards celebrate these exceptional leaders, and this year was no exception!

- At a special banquet on February 25, 2025, held at Education Center West, four remarkable administrators were recognized:
    - Allen Ward – Technology
    - Ed Resnick – PBIS
    - Dotti Ysais (not pictured) – CIS
    - Mara Shinn Smith – CIS/RLA

- Ed, Dotti, Mara, and Allen demonstrate outstanding leadership and a commitment to excellence, making a meaningful impact on their colleagues and the students we serve.
- Congratulations! We are incredibly grateful for their contributions—please join us in celebrating their achievements!

Legislative Visits

- On February 25, 2025, L.A. County superintendents joined me in Sacramento for direct engagement with state lawmakers. This new approach strengthened our collective voice and allowed us to proactively shape policy discussions.
- Our meetings focused on key legislative priorities and the importance of early engagement in policymaking. The collaboration and leadership of our superintendents made this effort a success.
- Thank you to all who participated—we look forward to building on this momentum.

Naloxone Distribution

- We recently launched our Naloxone Distribution effort to ensure LEAs have access to this life-saving intervention.
- This initiative, led by Business Services/Procurement and Student Support Services, provides training and access to Naloxone for opioid overdose response.
- Distribution Status:
    - 474 doses (237 boxes) scheduled for distribution
    - 963 boxes remain in stock for ongoing LEA requests

- A training video is available to help LEA designees understand how and when to administer Naloxone.
- Let us know how we can support your LEA!

LACOE Wellspaces

- We continue to invest in safe, private spaces for individual and group counseling through our partnership with Medi-Cal managed care plans and the Student Behavioral Health Incentive Program (SBHIP).
- LACOE Wellspaces have been installed, with private counseling pods now available at:
- Boys Republic, Jonas Salk, IPoly, and Mujeres (photos attached from Mujeres)
- LACHSA scheduled for completion in April 2025
- These confidential spaces provide a comfortable, private setting for school mental health providers and partners to support students, increasing access to critical mental health services.

Immigrant Students Supports Convening

- On Feb. 20, we hosted a Key Immigration Issues in Education workshop with 130+ superintendents, assistant superintendents, and leaders in attendance.
- Special thanks to Dr. Chan, Ms. Forrester, and our talented LACHSA student performers, Sophia Romo and Areli Sanchez.
- Appreciation to Dr. Vartanian, the Greater LA Foundation, and AALRR for their sponsorship and support.
- Grateful for the dedication of our task force members, Fredy Ruiz (Immigrant Relations Coordinator), and co-leads Ms. Vibiana Andrade & Dr. Maricela Ramirez.
- One standout moment came from Aditi Chawla, a student advocate from Diamond Bar High School and member of my LA Superintendent Advisory Council, who reminded us: *The messages adults voice make a difference for students and their families.*
- Our message is and will always be: ALL students belong in our schools.

Exciting New Partnership for Middle Schools Arts Education

- We're thrilled to launch a new partnership between East LA College, the Boys & Girls Club, and LACHSA to provide 6th-8th grade students with non-credit arts classes at ELAC.
- LACHSA staff is helping develop the curriculum and introducing students to the school and audition process.
- Our goal is to reach 30 students through this program.
- Saturday classes will run from April 5 – June 7 at East Los Angeles College
- Special thanks to Dr. Vartanian, Ms. Esmeralda Flores, Mr. Jose Gonzalez, and Dr. Ramirez for making this possible!

COMMUNICATIONS: PUBLIC (None)

Item. Presentations

A. Recognition of the 2024-2025 Visual and Performing Arts Competition and Events

The Superintendent and County Board will recognize the success of students and programs in the Visual and Performing Arts unit.

The seventeenth annual Los Angeles County Regional Poetry Out Loud, a regional recitation contest, is sponsored and presented in partnership with the National Endowment for the Arts, the California Arts Council, the LA Department of Arts and Culture, and the Los Angeles County Office of Education. High Schools throughout the county incorporate poetry recitation into the curriculum in advance of a local contest. Student poets performed on Wednesday, February 5th at the Wilshire Ebell Theatre of Los Angeles. The winner advanced to state finals being held on March 16-17, 2025.

LACOE and the Los Angeles Unified School District supported the Scholastic Art & Writing Awards as regional partners for the first time. Over 1,000 students will be recognized for their outstanding visual art and writing this May 2025 during two virtual ceremonies.

Numerous events occurred in arts education in the state that affect Los Angeles County schools and districts. Updates to Prop 28 funding have shed light on the state of arts education. We will share the latest themes and information that have arisen. Highlights from the California County Superintendent's Statewide Arts Initiative Region 11 will also be shared.

Dotti Ysais, Program Director III, Center for Distance and Online Learning (CDOL), and Jeannine Flores, Arts & STEAM Coordinator, Curriculum and Instructional Services (CIS) will be available during the presentation.

Additional Documents: Once the petition is considered to have been received, no additional documents will be considered unless requested by LACOE to clarify and/or substantiate petition/budget content. Additional information may be requested during the review process.

Incomplete Submissions: If LACOE determines the petitioner has not submitted all required documents, the petitioner will be given the option of withdrawing and resubmitting the petition or informing LACOE that it should complete the review based on documents submitted. LACOE shall inform the petitioner of the applicable statutory and regulatory timelines and permissible, mutually agreed upon, 30-day extensions of those timelines to support the petitioner in making an informed decision. LACOE submits requests for 30-day timeline extensions to the County Board for action.

Review Process

LACOE utilizes a review protocol based on the model and standards developed by the CDE. The protocol has been modified to reflect the County Board as the potential authorizer.

In addition to determining whether the renewal petition contains a reasonably comprehensive description of the required elements and all required affirmations and assurances, LACOE will determine whether the charter school has met the performance criteria specified in *EC* 47607 or *EC* 47607.2 and that the petition reflects changes to law since the charter was first authorized or last renewed or materially revised. When reviewing a petition for renewal, the County Board will consider the past performance of the school with regard to academics, finance, and operation in evaluating the likelihood of success along with any evidence of future plans for improvement (*California Code of Regulations*, Title 5, section 11966.4).

LACOE reviews publicly available information regarding the school, the petitioners, and other schools with which the petitioners have been associated. Information reviewed includes school level data available through the CDE DataQuest website and Dashboard data, as well as other publicly available documents, and financial audits.

Capacity Interview

LACOE may interview the school's governing board and leadership team to help determine if the board has the capacity to govern the school and the leadership team has the background necessary to implement the charter. Information from the interview may be included in the staff report.

Notification

LACOE will notify the petitioner in writing when (1) the Submission Package is received; (2) the date and time of the Capacity Interview is set; (3) the dates of the Public Hearing, Report, and Board Action are established; and (4) posting of Report and Recommendation including staff findings 15 days prior to Board Action.

Please review the documents entitled *Notice of Submission*: *Appeal of a Denied Charter Petition to Renew* and *Required Documents*: *Appeal of a Denied Charter Petition to Renew* for further information on submitting a renewal petition.

Petitioners may contact the LACOE Charter School Office at 562-922-8806 for additional information.

Appendix E

Crete has not used the sample verified data template made available by LACOE because Crete is relying on the California School Dashboard data as addressed in the Appeal Cover Letter (see pp. 3-4) and the attached data analysis (see pp. 9-13) as the basis for our renewal petition. Crete had utilized STAR Renaissance, which is recognized by the State Board of Education as a valid source of verified data, however their system does not roll over information from year-to-year, and the available data we extracted was misunderstood by LAUSD as addressed in the Appeal Cover Letter. Crete is therefore transitioning to i-Ready, but does not have i-Ready data to submit at this time for purposes of renewal.

We specifically refer LACOE to the Dashboard growth metric posted on the California School Dashboard:

English Language Arts – Dashboard Growth Metric (2024)

Consent Items

Items for action are assigned by the Board at the meeting to be adopted by a single vote. Any item may be pulled off of the consent calendar for further discussion by any Board Member at any time before action is taken.

General Public Comment (Approximately 3:30 P.M.)

Providing Public Comment
The Board of Education encourages public comment on the items for action on this Regular Board Meeting agenda and all other items related to the District. Any individual wishing to address the Board must register to speak using the Speaker Sign Up website: https://boardmeeting.lausd.net/speakers, and indicate whether comments will be provided over the phone or in person. Registration will open 24 hours before the meeting. Each action item will allow for ten (10) speakers, except those items for which a Public Hearing will be held will allow for 15 speakers, and 20 speakers may sign up for general Public Comment.

Each speaker will be allowed a single opportunity to provide comments to the Board, with the exception of public hearings, and shall be given two minutes for their remarks. **Speakers signed up to speak on an agenda item must constrain their remarks specifically to the item or items on the agenda or may be ruled out of order.**

Public comment can be made in-person or by telephone, and members of the public must sign up on-line for either method, as described above. Members of the public can only make remote public comment by

calling 1-888-475-4499 (Toll Free) and entering the Meeting ID: **879 7060 8197**.

Speakers addressing items not on the agenda will be heard at approximately 3:30 p.m. Speakers commenting on items on the consent calendar will be heard prior to the Board's consideration of the items, and speakers on items not on the consent calendar will be heard when the item is before the Board.

Speakers who do not register online to provide comments may use the following alternative methods to provide comments to Board Members:

- Email all Board Members at boardmembers@lausd.net;
- Mail comments via US Mail to 333 S. Beaudry Ave., Los Angeles, CA 90017; and
- Leave a voicemail message at 213-443-4472, or fax 213-241-8953. Communications received by 5 p.m. the day before the meeting will be distributed to all Board Members.

Speakers who have registered to provide public comments over the phone need to follow these instructions:

1. Call 1-888-475-4499 (Toll Free) and enter Meeting ID: **879 7060 8197** at the beginning of the meeting.
2. Press #, and then # again when prompted for the Participant ID.
3. Remain on hold until it is your turn to speak.
4. Call in from the same phone number entered on the Speaker Sign Up website. If you call from a private or blocked phone number, we will be unable to identify you.
5. When you receive the signal that your phone has been removed from hold and or unmuted, please press *6 (Star 6) to be brought into the meeting.

Please contact the Board Secretariat at 213-241-7002 if you have any questions.

The Office of the Inspector General would like to remind you that they investigate the misuse of LAUSD funds and resources as well as retaliation for reporting any misconduct. Anyone can make a report via the OIG hotline on their website (https://www.lausd.org/oig), by telephone at 213-241-7778, or by emailing inspector.general@lausd.net. Reports are confidential and you can remain anonymous if you wish.

Attending the Meeting

Please note there are three ways members of the public may watch or listen this Regular Board Meeting: (1) online (Granicus stream or join the zoom webinar) (2) by telephone by calling 1-888-475-4499 (Toll Free) and entering the Meeting ID: **879 7060 8197**, or (3) in person.

Board Member Resolutions for Action

29. Dr. Rivas, Mr. Schmerelson - Community-Centered Greening Initiatives: Strengthening Equity Through Parent Engagement and External Partnerships (2024) (Res-038-24/25) (Noticed December 10, 2024)
POSTPONED TO FEBRUARY 11, 2025

Whereas, In alignment with the Los Angeles Unified School District (District) 2022-2026 Strategic Plan, Pillar 3: Engagement and Collaboration, the District is committed to fostering strong relationships and honoring diverse perspectives by engaging students, parents, and community partners in greening initiatives that center equity and inclusion;

Whereas, Consistent with Pillar 2: Joy and Wellness, the District recognizes that creating welcoming, green learning environments promotes whole-child well-being, strengthens social-emotional skills, and enhances students' ability to thrive academically and personally;

Whereas, The District is committed to increasing green space on campuses to 30% by 2035, prioritizing low-income communities and communities of color, through converting asphalt to green space, addressing soil contamination, and ensuring ADA compliance (Res 002-22/23);

Whereas, The District recognizes that strong external partnerships are critical to mitigating the financial costs of greening initiatives while amplifying their impact;

Whereas, The District acknowledges that meaningful engagement with Black and brown communities is essential to ensuring equity in greening initiatives and recognizes the need for robust, ongoing parent and community participation;

Whereas, The emerging green economy presents significant opportunities to create pathways for Black and brown students and families into sustainable, high-wage jobs that address climate challenges;

Whereas, Strong partnerships with labor organizations are essential to ensuring these pathways are accessible, lead to high-quality careers, and support family-sustaining wages; and

Whereas, Research demonstrates that community involvement in the design and implementation of green infrastructure projects is a key factor in their long-term success and sustainability; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District (Board) expresses its sincere gratitude to all community partners, parents, and students for their dedication to fostering equitable, sustainable, and thriving learning environments, and commits to accelerating efforts to strengthen these vital relationships;

Resolved further, That the Board directs the Superintendent, in collaboration with the Office of Eco-Sustainability, to invest in and strengthen external partnerships to advance greening initiatives by mitigating costs for partners through District resources, including but not limited to eligible bond funds. This includes costs associated with ADA retrofits, District staff time, project fees, and testing requirements, thereby incentivizing collaboration and maximizing the impact of greening projects. Furthermore, the Superintendent shall ensure that staffing time dedicated to these initiatives reflects the scale and complexity of each project, with a focus on streamlining processes and promoting equitable access to greening projects in underserved and marginalized communities;

Resolved further, That the District shall strengthen community engagement in greening initiatives prioritizing the leadership of Black and brown communities, by (1) expanding the Office of Eco-Sustainability to include culturally reflective and regional support systems, and (2) creating more opportunities for parent-led collaboration in school-based greening and climate resilience efforts;

Resolved further, That the Superintendent shall conduct a Green Jobs Pathways Study centered on Black and brown communities to augment partnerships with local businesses, trade unions, and educational institutions, mapping pathways into the green economy for students and families with an emphasis on creating and incentivizing opportunities that lead to high-paying careers. The study will identify emerging green sectors, such as renewable energy and sustainable construction, among others, and align existing District programs to enhance career readiness by expanding pilot initiatives and partnerships that provide internships, apprenticeships, and certifications; and, be it finally

Resolved, That the Superintendent shall present to the Board within 90 days a comprehensive plan outlining the steps, timelines, and responsible parties for implementing the directives in this resolution, including clear, measurable benchmarks and goals to assess progress.

30. Mr. Melvoin - It Takes a Village: Expanding LA Unified's Housing Efforts (Res-040-24/25)

FOR ACTION FEBRUARY 11, 2025

Whereas, Los Angeles is experiencing a housing crisis, and skyrocketing rents and home prices are leading to higher costs of living and increasing levels of homelessness. The Affordable Housing Outcomes Report presented to the Los Angeles County Board of Supervisors in September 2023, found that the County lacks over 500,000 affordable homes to meet the current demand among renter households at or below 50 percent of the area median income;

Whereas, Los Angeles Unified School District (District) employees commute long distances to serve our students while seeking reasonably priced rentals and homes outside District boundaries;

Whereas, The District operates 1,200 schools and centers and owns 21,000 buildings—more than 78 million square feet—and 6,400 acres or 10 square miles of land;

Whereas, The District has underutilized assets including closed schools or other facilities, former agricultural land, and portions of school sites with excess storage;

Whereas, Joint occupancy and other legal vehicles allow the District to enter into public-private partnerships to leverage underutilized assets for the purpose of providing value to the District;

Whereas, Starting in 2015, the District has utilized specific District-owned properties to provide 185 units of affordable family housing—with preference given to District staff and employees—at Sage Park in Gardena, Selma Community Housing in Hollywood, and Norwood Learning Village in Los Angeles;

Whereas, Currently, over 7,000 District employees are on the waitlist for housing at the three existing projects;

Whereas, Providing employee housing will help make the District an employer of choice by helping attract and retain qualified teachers and staff, reducing commute times to and from work which has a positive impact on the environment, and alleviating the regional housing shortage;

Whereas, In September 2016, The Governing Board of the Los Angeles Unified School District unanimously passed "Exploring Options to Develop Workforce Housing in Sun Valley for Employees of the Los Angeles Unified School District" which directed the Superintendent to study the development of additional workforce housing;

Whereas, In March 2017, the Facilities and Audit Committee received a presentation entitled, "Using Underutilized Assets to Address District Goals and Priorities;"

Whereas, In November 2018, the Board passed "Increasing Opportunities and Supports for Our Homeless Students and Families" in order to support students and families experiencing homelessness;

Whereas, In June 2020, The Superintendent presented a Real Estate Evaluation detailing the 21,000 District owned buildings across 6,400 acres of land. The goal was to develop 2,000 units of housing for LA Unified employees, including teachers;

Whereas, In November 2020, the Superintendent recommended that the Board approve the issuance of Request for Proposals (RFPs) seeking proposals for the sale, lease, exchange, or other disposal of three District properties and consider proposals for employee housing at 10 vacant District properties;

Whereas, In June 2021, the District launched a new effort to provide affordable housing which would allow District teachers, staff and families to live in the communities they serve. The Board authorized $1.5 million from the General Fund to conduct due diligence activities for the purpose of identifying options to provide affordable employee housing;

Whereas, In Fall 2023, the District released a Request for Expression of Interest (REI) for the development and financing of housing for District employees and families. It garnered responses from development firms and financial institutions willing to support the District's housing initiative. The below preliminary sites identified in the REI included nine District owned sites that were vacant and/or underutilized and not part of a school:

- Paved parking lot located at 4523 Exposition Blvd. Los Angeles, CA 90016;
- Vacant parcel adjacent to Vista Hermosa Park;
- Vacant lot located at the intersection of Shoup Ave. and Collins St.;
- Multiple portable buildings and parking lot located at 1049 N. Fairfax Ave. West Hollywood, CA 90046;
- Vacant paved lot located at 2726 Francis Ave. Los Angeles, CA 90005;
- Vacant paved lot located at 644 E 56th St. Los Angeles, CA 90011;
- Vacant paved lot located at 234 E 112th St. Los Angeles, CA 90061;
- Vacant 3-story medical building, surface parking, and storage building located at 10339 Balboa Blvd. Granada Hills, CA 91344; and
- Vacant unimproved lot located at 4315 New York Ave. Los Angeles, CA 90022

Whereas, In November 2023, a Community Briefing was held to discuss the District's initiative regarding affordable housing and preview the survey to assess housing heeds;

Whereas, In May 2024, the District surveyed employees and families to gauge interest in a range of housing options. Data from the survey is meant to support the District's efforts to potentially repurpose underutilized real estate assets to provide housing that is more affordable for employees and families;

Whereas, In October 2024, the Facilities and Procurement committee heard an update on the District's Housing Initiative; and

Whereas, Despite the extensive timeline and current demand for housing, the District has not yet released RFPs for workforce housing for over a decade and can't say with certainty when they will be released; now, therefore be it

Resolved, At the Committee of the Whole meeting on January 28, 2025, the Los Angeles Unified School District shall present to the Governing Board of the Los Angeles Unified School District and the public the following:

- Data collected from the Housing Survey and appropriate analysis;
- Plan to solicit proposals by June 1, 2025, for the nine vacant and/or underutilized sites identified in the REI to create additional affordable workforce housing units;
- Timeline of key dates and activities from now through the proposed completion of the aforementioned units; and, be it finally

Resolved, That the District shall provide quarterly reports to the Board outlining progress towards the development of employee housing units until they are completed.

31. Ms. Newbill, Dr. Rivas, Mr. Schmerelson, Ms. Gonez, Mr. Melvoin, Ms. Ortiz Franklin, Ms. Griego, Ms. Cortez Lopez - Commemorating the Life and Legacy of Dr. Martin Luther King, Jr. and the National Day of Service (Res-041-24/25) (Waiver of Board Rule 72)

ADOPTED BY CONSENT VOTE

Whereas, The Reverend Dr. Martin Luther King, Jr. devoted his life to the struggle for justice and equality;

Whereas, Dr. Martin Luther King, Jr. was universally recognized as a proponent of nonviolence in the pursuit of freedom and justice in the United States;

Whereas, Dr. Martin Luther King, Jr. was awarded the Nobel Prize for Peace in 1964 in recognition of his outstanding leadership in pursuit of that goal;

Whereas, In May 1964, Dr. Martin Luther King, Jr. addressed nearly 15,000 Angelenos at the Los Angeles Memorial Coliseum on the issues of race relations and human dignity;

Whereas, Today's social, political and economic landscape reiterates the need for Dr. Martin Luther King, Jr.'s philosophies and message of nonviolence and is reflected in The King Center's theme for 2025, "Mission Possible: Protecting Freedom, Justice, and Democracy in the Spirit of Nonviolence365";

Whereas, Dr. Martin Luther King, Jr. Day has been recognized as a national holiday since 1984 and became a National Day of Service in 1994 by the passage of the King Holiday and Service Act by the US Congress;

Whereas, The Dr. Martin Luther King, Jr. National Day of Service is a part of United We Serve, a national call to service initiative established by President Obama;

Whereas, Dr. Martin Luther King, Jr. firmly believed that the pursuit of justice, equality, and a new sense of dignity for millions of Black people, and opens, for all Americans a new era of progress and hope;

Whereas, The Dr. Martin Luther King, Jr. National Day of Service, calls for Americans from all walks of life to work together to provide solutions to the most pressing national and local problems;

Whereas, On January 20, 2025, the Dr. Martin Luther King, Jr. holiday will mark the 30th anniversary as a National Day of Service; and

Whereas, Our students, parents, and staff will benefit from all projects and programs that

increase participation in acts of community service; now, therefore, be it
Resolved, That the Governing Board of the Los Angeles Unified School District recognizes the third Monday in January as a day of service in honor of Dr. Martin Luther King, Jr. and his principle of justice for all;

Resolved further, That on Monday, January 20, 2025, we encourage all students, parents, teachers, and staff to observe this MLK National Day of Service by engaging in volunteer activities to help our community become a better world; and be it finally

Resolved, That schools provide students and parents with suggestions of appropriate instructional and community activities that can be conducted during and following the MLK National Day of Service on January 20, 2025.

32. Ms. Newbill, Dr. Rivas, Mr. Schmerelson, Ms. Gonez, Mr. Melvoin, Ms. Ortiz Franklin, Ms. Griego, Ms. Cortez Lopez - National Day of Racial Healing 2025 (Res-042-24/25) (Waiver of Board Rule 72)

ADOPTED BY CONSENT VOTE

Whereas, The National Day of Racial Healing is an annual observance created by W.K. Kellogg Foundation in 2017 to plan for and bring about transformational and sustainable change, and to address the historic and contemporary effects of racism;

Whereas, The National Day of Racial Healing is an opportunity for individuals, organizations, and communities to come together to recognize our shared humanity, address the wounds caused by racism, and work toward building a more equitable and inclusive society;

Whereas, The National Day of Racial Healing creates space for people to talk openly about their personal and collective experiences and build the trust needed to advance racial equity;

Whereas, The National Day of Racial Healing invites participants to engage in meaningful dialogue and reflection on the personal and collective steps needed to foster racial healing in our communities;

Whereas, The legacy of racism in the United States is multifaceted, with colonization and enslavement setting the stage for centuries to come;

Whereas, The devastating effects of racism continue today, with many communities of color cut off from access to essentials like jobs, transportation, safe housing, healthcare and good food;

Whereas, Racial healing involves building trusting relationships that help us work together to address the impact and damage caused by racism;

Whereas, Fundamental to the National Day of Racial Healing is a clear understanding that racial healing is at the core of racial equity; and

Whereas, The National Day of Racial Healing is observed every year on the Tuesday following Martin Luther King, Jr. Day; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes January 21, 2025, as National Day of Racial Healing;

Resolved further, That the Board will work toward more equitable outcomes in the areas of education programs, community engagement, workforce development, procurement policy, and human resources;
Resolved further, That the Board will increase staff awareness and education, will continue to provide region wide training to educate employees on implicit bias and racial equity since each department offers services which impact efforts to provide equitable outcomes for the community;

Resolved further, That the Board will strive to engage in open and honest dialogue with experts on the subject of racial equity and with each other during forums such as Board retreats, community forums or other appropriate LAUSD sessions;

Resolved further, That the Board will unite all of these efforts to continue to thoughtfully and effectively update, eliminate, or create internal and external policies, practices and programs that dismantle existing racial disparities with the understanding that these methods will need to be updated and improved over time; and, be it finally

Resolved, That the Board encourages all students, parents, teachers, and staff to visit https://dayofracialhealing.org/ for National Day of Racial Healing resources, information, and events;

Board Member Resolutions for Initial Announcement

33. Ms. Newbill – Celebration of Black History Month 2025 (Res-043-24/25)

FOR ACTION FEBRUARY 11, 2025

Whereas, Black History Month, or National African American History Month, is an annual celebration of achievements by Black Americans and a time for recognizing the central role of African Americans in United States history;

Whereas, Dr. Carter G. Woodson, a Harvard trained historian, like W.E.B. DuBois before him, believed that truth would not be denied and that reason would prevail over prejudice, and as a result announced "Negro History Week" in 1925 to raise awareness of the contributions of African Americans;

Whereas, It is commonly stated that Dr. Carter G. Woodson selected February as the month to host "Negro History Week" because it encompasses the birthdays of two great Americans who played a prominent role in shaping Black history, namely Abraham Lincoln and Frederick Douglass, whose birthdays are February 12th and 14th respectively;

Whereas, Dr. Carter G. Woodson envisioned the study and celebration of Black people as a race, and emphasized the contributions of countless Black men and women to the advancement of human civilization;

Whereas, Since 1976, the commemoration was extended from a week-long event to the entire month of February;

Whereas, Every United States President has officially designated the month of February as Black History Month and other countries around the world, including Canada and the United Kingdom, also devote a month to celebrating Black history;

Whereas, Established by Dr. Carter G. Woodson in 1915, the Association for the Study of African American Life and History (ASALH) strives to promote, research, preserve, interpret, and disseminate information about Black life, history, and culture to the global community.

Whereas, The 2025 theme for Black History Month established by the ASALH is "African Americans and Labor";

Whereas, Labor of all kinds - free and unfree, skilled, and unskilled, vocational and voluntary – is central to Black history and culture;

Whereas, Black labor has been instrumental in shaping lives, cultures, and histories of Black people and the societies in which they live from the era of slavery to present day;

Whereas, During enslavement, Black labor built the foundations of this country;

Whereas, After the Civil War, ex-slaves had to adjust to freedom and a new labor system as the country transitioned from an agricultural based economy to an industrial one;

Whereas, The formation of trade unions increased during Reconstruction, but often excluded African Americans, therefore Black workers began to organize on their own;

Whereas, African Americans made significant gains in industrial employment, particularly in the steel, automobile, shipbuilding, and meatpacking industries due to the labor shortage created by Word War I;

Whereas, Progressive race leaders like Fredrick Douglass, W.E.B. Dubois, A. Philip Randolph and Rev. Dr. Martin Luther King Jr. saw unions as essential to Black workers achieving equality;

Whereas, In 1925 A. Philip Randolph began his fight to gain recognition of the Brotherhood of Sleeping Car Porters by the Pullman Car Company, the American Federation of Labor (AFL), and the U.S. government, and 2025 marks the 100-year anniversary of the creation of Brotherhood of Sleeping Car Porters and Maids;

Whereas, Dr. Martin Luther King, Jr. was speaking in support of the "I Am a Man" strike of Black Memphis sanitation workers when he was assassinated in 1968;

Whereas, There are over 21 million African Americans in the United States labor force today and account for approximately 13 percent of the US work force;

Whereas, African Americans make up especially large shares of employees in certain occupations, including postal service clerks, transit and intercity bus drivers, nursing assistants, security guards and gambling surveillance officers, and home health aides;

Whereas, Black workers generally earn less than U.S. workers overall and the unemployment rate for Black Americans is the highest of any racial or ethnic group and roughly double the rate for the U.S. overall;

Whereas, Black workers are the most likely to say they've experienced discrimination at work because of their race or ethnicity;

Whereas, Black History Month aims to mitigate the persistent and ongoing failure to acknowledge the contributions of Black Culture, Black Inventors, Black Artists, Black Artisans, Black Advocacy, Black Leaders, Black Civic Engagement, and Black workers to American history and society;

Whereas, Black people continually remain optimistic and confident about the path ahead while leading the courageous, yet hard fought fights for the rights, liberties, and freedoms that many marginalized communities are now beneficiaries; and

Whereas, Our democracy's founding ideals were exclusionary when they were written, but Black Americans have continuously fought to make them true; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes February as National Black History Month;

Resolved further, That the Board acknowledges that all people of the United States are beneficiaries of the wealth of history given to all by Black Culture, Black Inventors, Black Artists, Black Artisans, Black Advocacy, Black Leaders, Black Civic Engagement, and Black workers;

Resolved further, That the Board embeds the study of Black History and Black Labor into the core curriculum of its Ethnic Studies, African American History courses, and African American Literature so that this critical learning lives in the minds of our students beyond the month of February;

Resolved further, That the Board direct the Superintendent to expand upon the District's existing efforts, such as the Black Student Achievement Plan, to continue to identify strategies and tactics to align resources targeted toward eliminating anti-racist educational practices and closing the gap of academic achievement outcomes for Black Students, and; be it finally

Resolved, That the Superintendent will work with educators, librarians, all the schools of the District, and our wider community to recognize and celebrate this month with culturally relevant and appropriate curriculum, programs, ceremonies, and activities that generate in-depth discussion of the complex factual history of the United States and the legacy of Black Americans, including labor.

Board of Education Report

File #: Rep-152-24/25, **Version:** 1

Denial of the Renewal Petition for Crete Academy [PUBLIC HEARING]
January 14, 2025
Charter Schools Division

Action Proposed:
Adopt the denial of the renewal petition for Crete Academy ("Charter School"), located in Board District 1 and Region South, and adoption of the attached Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy. The school's renewal petition includes a reduction in enrollment capacity from 363 to 355.

Background:
Crete Academy is a TK-6 school currently serving 283 students on two private facilities at 6103 Crenshaw Blvd., Los Angeles, CA 90043, and 1729 W. Martin Luther King Jr. Blvd., Los Angeles, CA 90062 in Board District 1 and Region South. Crete Academy was originally approved by the LAUSD Board of Education on November 15, 2016. Pursuant to Education Code section 47607.4, all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year. Thus, by operation of law, the charter term for Crete Academy expires June 30, 2025.

On October 17, 2024, Crete Academy submitted its charter renewal petition application to the Charter Schools Division seeking to continue operations of its independent charter school. The 90-day statutory timeline for Board action on this petition runs through January 15, 2025.

An initial Public Hearing was held on December 10, 2024.

Based on a comprehensive review and assessment of Charter School's renewal petition application and its record of performance, staff has determined that Charter School has not met the requirements set forth in Education Code sections 47605 and 47607.2 and therefore recommends denial of the renewal petition.

Due Diligence:
Current Crete Academy governing board members completed questionnaires so the District may assess whether any conflicts of interest arise based on the information provided. A due diligence review of the charter school and its governing organization, school leader and financial manager, was performed by the Office of the Inspector General.

Statutory Framework and Criteria for Renewal:
A charter school must demonstrate that it is eligible for a renewal of its charter by meeting specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1: The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition).

Criterion 2: The Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low." The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance.

Criterion 3: Notwithstanding Criterion 1 and 2, the Board must also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607 (e).) Additionally, the Board considers whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Grounds for Nonrenewal:

- Staff of the Charter Schools Division and the Office of the General Counsel reviewed the renewal charter petition application for Crete Academy and have assessed that the renewal petition application does not meet the criteria for approval. As fully discussed in the attached Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy, based on review of the petition and supporting documentation, staff has determined, Charter School shall not renew as a Low performing charter school based on performance indicators and pursuant to the statutory renewal framework. (Ed. Code § 47607.2(a).) Additionally, Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code § 47605(c)(2).)

Expected Outcomes:
Denial will prevent the Charter School from continuing its operations as a charter school under the authority of the Board.

Board Options and Consequences:
"Yes" - If the Board adopts the recommendation of denial and the attached Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy, Charter School would not be authorized to continue operating as a charter school under the authority of the Board. Charter School's current charter expires on June 30, 2025. The petitioners may appeal a denial to Los Angeles County Board of Education. If the petition is approved on appeal by the Los Angeles County Board of Education, Charter School would be authorized by the Los Angeles County Board of Education. If the Los Angeles County Board of Education denies the renewal petition, the petitioners may appeal that denial to the California State Board of Education. If the denial of the

renewal petition is reversed by the California State Board of Education, the California State Board of Education shall designate, in consultation with the petitioners, either the LAUSD Board or the Los Angeles County Board of Education as the chartering authority. This Board Report No. xxxx, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education's adopted written findings of fact for the denial of Charter School renewal petition.

"No" - If the Board does not adopt the recommendation of denial of the charter petition and the attached Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy, and instead takes specific action to approve the renewal charter petition, Charter School would be authorized to continue operating as a charter school under the terms of the approved renewal petition, consistently with the Board's action and direction, for a two (2) year period beginning July 1, 2025. Within 30 days, the Board requires that the school submit to the Charter Schools Division a revised renewal charter petition that meets all LAUSD requirements, including but not limited to a reasonably comprehensive description of all fifteen required elements and compliance with current Federal, State, District Required Language. This Board Report No. xxxx, accompanying documents, and transcript of the Board meeting, shall constitute the Board of Education's adopted written factual findings for the approval of Charter School's renewal petition consistent with Education Code section 47607.2(a)(4).

Policy Implications:
All provisions in the FSDRL shall be consistent with and be governed by all applicable legal and District policy requirements. To the extent any inconsistency may exist between any provision contained in the FSDRL and any applicable legal and District policy requirement, those applicable legal and District policy requirements shall control and the FSDRL shall be updated accordingly.

Budget Impact:
The Local Control Funding Formula (LCFF) and various other income sources of the District are reduced when current District students enroll at a charter school, and corresponding reduction in expenditures may not occur in such cases. If the Board adopts staff recommendation of denial of the petition, the action will not have a budget impact. If the Board does not adopt the staff denial recommendation and the petition is approved, the impact on the budget will be commensurate with the terms of the specific Special Education Local Plan Area (SELPA) Memorandum of Understanding (MOU) (Option 1, 2, or 3) executed by the charter school and the District, if applicable.

Under Education Code section 47604(d), a chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors, or omissions by the charter school, if the chartering authority has complied with all oversight responsibilities required by law including, but not limited to, those required by Education Code section 47604.32 and Education Code section 47605(m). As the chartering authority, the District will continue to monitor and evaluate the charter school's fiscal condition and operations, and management of public funds, including review of all legally required fiscal reports, and the annual update of the charter school's LCAP. (Ed. Code, §§ 47604.32, 47604.33, 47606.5.) Any significant modifications to the charter school's charter or operations that raise financial implications would require a material revision prior to implementation. Charter schools are expected to secure and maintain all insurance coverage consistent with all applicable legal, District and charter requirements.

Charter School has selected LAUSD Special Education Local Planning Area (SELPA) Option 1. The District shall retain all state and federal special education funding allocated to the SELPA for Charter School students.

The District shall be responsible for providing all appropriate special education and related services in accordance with applicable state and federal laws for Charter School students as set forth in the applicable MOU. The parties understand and agree that Charter School has an equitable financial contribution obligation under section 47646 of the Education Code. Charter School's fair share contribution for special education is 25% of the District's general fund contribution rate per Average Daily Attendance (ADA) for the first fiscal year of the charter petition period which is paid from Charter School's Local Control Funding Formula ("LCFF") funds or other unrestricted revenue sources. This formula will increase by 5% for each fiscal year until the applicable percentage reaches 35%. For the remainder of Charter School's petition period, the rate will remain at 35% of the District's general fund contribution rate for each fiscal year. If Charter School is renewing its charter petition and has reached the 35% fair share contribution rate for special education, Charter School shall continue to contribute at the 35% rate for the full renewal period.

Any change in the Option election that occurs during Charter School's charter term shall be mutually agreed upon and addressed in an MOU between the charter school and the District. The new Option election shall be effective on July 1 of the next school year with the corresponding fair share contribution.

Student Impact:
As stated in the LAUSD Policy and Procedures for Charter Schools, "[W]hen the LAUSD Board authorizes and oversees a charter school, it establishes a relationship to advance its vision and mission and to accelerate gains in academic achievement and accountability for all of its students and public schools," (Policy, p.3). Based on a comprehensive review and assessment of Charter School's renewal petition application, staff has determined that Charter School has not met the requirements for charter school approval, and therefore recommends denial of the renewal petition.

Equity Impact:
Not applicable

Issues and Analysis:
If all applicable pending issues, including but not limited to special education requirements, special education local planning area (SELPA) requirements, governance, fiscal and facilities matters, are not resolved at the time of the Board meeting, the item may be pulled from the agenda as consistent with the Charter Schools Act and the LAUSD Policy and Procedures for Charter Schools.

PROPOSED BENCHMARKS:	**None**		

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends denial of the renewal petition for Crete Academy ("Crete" or "Charter School"), located in Board District 1 and Region South, for a term of two (2) years, beginning July 1, 2025, until June 30, 2027, to serve up to 355 students in grades TK-6 in each year of the charter term. The school's renewal petition includes a reduction in enrollment capacity from 363 to 355.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)
  For reasons more fully set forth in the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*, these criteria have been determined to be bases for denial.

- **Criterion 2:** Is the charter school "high," "middle," or "low" performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable**? For reasons more fully set forth in the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*, these criteria have been determined to be bases for denial.**

- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)
  These criteria have been determined not to be bases for denial.

Charter Petition Requirement:
In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?
  This requirement has been determined not to be a basis for denial.

III. GENERAL SCHOOL INFORMATION

A. School History

B. Charter School Operator

Crete Academy is operated by Crete Academy, a California nonprofit public benefit corporation that does not operate any other LAUSD-authorized charter school.

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

Crete Academy has been identified by the state as a Low performing charter school. The recommendation for renewal has considered the schoolwide performance and performance of numerically significant student groups and the state and local indicators reported on the California School Dashboard, and whether there was clear and convincing verified data evidence showing the school demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in school, and/or strong postsecondary outcomes, as applicable. The school did not attain measurable increases in academic achievement schoolwide and for numerically significant student groups. Please see the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* for more details.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, the 2022 Dashboard only displayed one year of data (also known as Status). Status Levels are reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below, the 2023 and 2024 Dashboard Performance Levels (colors) based on two years' data are provided.

f. College/Career Indicator
Not applicable

g. Chronic Absenteeism Indicator
In 2022 and 2023, on the Chronic Absenteeism Indicator, the charter school's rate of chronic absenteeism was lower than the state for All Students, and for all numerically significant student groups. In 2024, the charter school's rate of chronic absenteeism was higher than the state for All Students, and for two of five numerically significant student groups.

h. Graduation Indicator [HS only]
Not applicable

i. Suspension Rate Indicator
In 2022, 2023, and 2024, the charter school's percentage of students suspended at least once was lower than the state for All Students, and for all numerically significant student groups.

j. Dashboard Local Indicators
Staff also considered the Local Indicators (e.g., Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) which were all reported as "Not Met" in 2023 and "Met" in 2024.

k. Reclassification Rates
As of the writing of this report, reclassification data for 2021-2022 and 2022-2023 have not been published by the state.

l. Additional Information
Not applicable

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District's Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for Crete Academy outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Developing*
Concerns	For more information, please refer to the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* for more details.

b. Student Achievement and Educational Performance

Oversight Ratings/Concerns	
2022-2023	*Developing*
2023-2024	*Unsatisfactory*
Concerns	In 2023-2024, Crete earned a rating of *Unsatisfactory* based on student academic performance on the CA School Dashboard Indicators.

c. Organizational Management, Programs, and Operations

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Proficient*
Concerns	No unresolved issues pending.

d. Fiscal Operations

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Developing*
Concerns	The rating of *Developing* in 2023-2024 was primarily due to audit findings reported in Crete Academy's 2022-2023 independent audit report. See further details in the VII Fiscal Management and Performance section below. Additionally, the CSD noted the school's consistently delayed responses and submissions of CSD requested oversight items, among other issues. Crete Academy provided its response and documentation that reported the steps they had taken and will continue to take to address the noted concerns. The CSD will continue to monitor these areas as part of its ongoing oversight in the current term.

VI. VERIFIED DATA

A charter school in the low performance category shall not be renewed. (Ed. Code, § 47607.2(a)(1).) However, a chartering authority may renew a low performing charter school only upon making written factual findings, among other findings, that there is clear and convincing evidence, demonstrated by verified data, showing the charter school's achieved measurable increases in academic achievement, or strong postsecondary outcomes. (Ed. Code, § 47607.2(a)(4).)

Pursuant to Education Code section 47607.2(c)(2), the State Board of Education (SBE) established criteria to define verified data and identified an approved list of valid and reliable assessments. Charter schools submitting verified data must adhere to the state-approved criteria.

For more information, please refer to the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*.

VII. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

Crete Academy's fiscal condition is positive.

	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (Audited Actuals)	2023-2024 (Unaudited Actuals)

Prior Year Adjustment(s)	$0	$0	$0	$0	$0
Norm Enrollment**	191	200	204	301	329

*Per Crete Academy leadership, the net loss reported for Fiscal Year 2022-2023 was primarily due to the increase in student enrollment of approximately 97 (or 47%), which contributed to the increase in certificated and non-certificated personnel (and the related costs) that exceeded the state revenues received) as well as additional facilities costs for leasehold improvements incurred in Fiscal Year 2022-2023.

Crete Academy reported 283 Norm Enrollment for Fiscal Year 2024-2025). Crete Academy proposes to decrease its enrollment capacity to 355 for its renewal charter term. See Section **I. ACTION PROPOSED above. Please see additional information under "Other Significant Fiscal Information."

b. 2022-2023 Independent Audit Report
Audit Opinion: Unmodified/Unqualified
Material Weaknesses: None Reported
Deficiencies/Findings: Yes
Lack of a Going Concern: None Reported

A significant financial statements-related deficiency and a state awards-related audit finding were disclosed in Crete Academy's 2022-2023 independent audit report, as outlined below:

(1) Financial Statements - Year-End Financial Closing Process
Crete Academy's auditor disclosed this finding as a significant deficiency and that there was "a delay in the year-end financial closing process that created the need for several adjustments recorded after reporting of the unaudited actuals for the 2022-2023 fiscal year," primarily related to the implementation of the new lease standard (FASB ASC 842). According to the audit report, Crete Academy responded, "There was a mid-year change in consultants for business services as well as a direct change in general ledger accounting software that created irregularities. Implementation of the new lease standard required additional time to work with a consultant." Crete Academy's corrective action plan includes working closely with its back office services provider to ensure the lease implementation requirement is met by the required timeline, having the lease implementation included in its financial system, and continuing to rely on its internal documentation and reporting of financial transactions, so should there be a back office services provider change and/or other needs, school staff would have proper documentation to use.

(2) State Awards - Attendance Reporting

Crete Academy's auditor disclosed that "the ADA reported on the P-2 and annual attendance reports did not agree to the underlying attendance data within the student information system utilized for attendance accounting." The audit report indicated that Crete Academy's underreported P-2 attendance resulted in a net fiscal impact due to the school of $54,190. According to the audit report, Crete Academy responded, "Attendance data was updated in the student information system and was not communicated to personnel responsible for attendance reporting." Crete Academy stated that it would reconcile all quarterly ADA submission reports before finalizing and submitting to LAUSD, and that it would also work with its auditors mid-year to review prior to attendance submissions for accuracy.

The CSD will continue to monitor these issues as part of the oversight process in the current charter term, including reviewing Crete Academy's 2023-2024 independent audit report for implementation of its corrective action plans.

c. Other Significant Fiscal Information

Crete Academy's student enrollment declined from 329 in Fiscal Year 2023-2024 to 283 in Fiscal Year 2024-2025 per the Norm Enrollment data for the respective years. Crete Academy projects 355 students for Fiscal Year 2024-2025 in the budget submitted with its renewal petition. This projection is overstated by 72 students or approximately 25%, compared to 283 students reported in Charter School's 2024-2025 Norm Enrollment. The school continues to project 355 students for its renewal charter term, covering Fiscal Years 2025-2026 and 2026-2027, representing a 25% increase from Fiscal Year 2024-2025. This raises concerns about the feasibility of the enrollment projections and, as a result, the soundness of the budget for the renewal charter term.

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Chronic Absenteeism

This report shows the percentage of students in Kindergarten through grade eight who were absent 10 percent or more of the school year. For most state indicators, the desired outcome is to have a high percentage of performance in the current year. However, chronic absenteeism has a reverse goal of having the lowest percentage of students chronically absent in the current year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of Chronic Absenteeism in 2023 than it did in 2022) or did worse (i.e., had a higher rate in 2023). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2021-22 Enrollment by Student Group counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). FINDINGS OF FACT IN SUPPORT OF DENIAL OF THE RENEWAL CHARTER PETITION FOR CRETE ACADEMY BY THE LOS ANGELES UNIFIED SCHOOL DISTRICT

BOARD OF EDUCATION REPORT
January 14, 2025

I. INTRODUCTION

On October 17, 2024, Crete Academy (also referred to herein as, "Charter School" or "Petitioners") submitted a renewal petition application to the Los Angeles Unified School District ("LAUSD" or "District") seeking to serve up to 355 students in grades TK-6 for a two-year term (July 1, 2025 to June 30, 2027). (*See* Exhibit 1, Crete Academy Renewal Petition.) Charter School currently operates on two private sites: 6103 Crenshaw Blvd., Los Angeles, CA 90043, and 1729 W. Martin Luther King Jr. Blvd, Los Angeles, CA 90062, which are served by Board District 1 and Region South.

In accordance with the Charter Schools Act (Ed. Code § 47600 *et seq*.) and the adopted *LAUSD Policy and Procedures for Charter Schools* ("LAUSD policy" or "District policy"), LAUSD's Board of Education ("Board") has 90 days upon receipt of the renewal petition to either grant or deny the renewal petition unless an extension of an additional 30 days is mutually agreed upon by the parties. No later than 60 days the LAUSD Board must hold a public hearing to consider the level of support for the renewal petition by teachers employed by the District, other employees of the District, and parents. At the public hearing at which the Board will either grant or deny the charter, the petitioners have equivalent time and procedures to present evidence and testimony to respond to District staff recommendation and findings. The LAUSD Board must publish all staff recommendations, including the recommended findings regarding the renewal petition at least 15 days before the public hearing at which the LAUSD Board will either grant or deny the renewal petition.

Based on a comprehensive review of the renewal petition application and the record of performance of Crete Academy, as described in greater detail below, staff has determined that Charter School has not met the requirements set forth in Education Code sections 47605, 47607 and 47607.2 and therefore recommends denial of the renewal petition.

II. STANDARD OF REVIEW FOR RENEWAL PETITIONS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the charter school has met the requirements for renewal set forth in Education Code sections 47605, 47607, and 47607.2. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1:

The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The LAUSD Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition.)

While Criterion 1 is similar to the criteria for a new petition, for renewal petitions, there is more information and data regarding past performance since the initial petition for establishment of the charter school was granted. Thus, soundness of the educational program and capacity for implementation are assessed through the past performance of the existing charter school as indicators of likely future performance, including any applicable benchmarks that have been established. The LAUSD Board will examine the charter school's record in four key areas of charter school performance:

1) Governance
2) Student Achievement and Educational Performance
3) Organizational Management, Programs and Operations
4) Fiscal Operations

As part of its analysis, the LAUSD Board of Education is to assess the extent to which charter school governing board members and staff have successfully implemented the terms of their charter, addressed deficiencies, and demonstrated capacity to continue to do so in the future based on evidence of past performance.[1]

Criterion 2:

The LAUSD Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low" performing. The state will publish an annual list of charter schools and their performance classification.

[1] See LAUSD policy, pp. 28-29.

The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance. "Measurements of academic performance" refers to the state indicators included on the California School Dashboard that are based on statewide assessments in the California Assessment of Student Performance and Progress System (CAASPP), or any successor system, English Learner Progress Indicator (ELPI), or any successor system, and the College/Career Indicator (CCI). A charter school submitting a renewal petition must include in its application all evidence and data related to the charter school's performance on the California School Dashboard.

Low Performing Charter Schools

A charter school designated as "Low performing" shall not be renewed. (Ed. Code, § 47607.2(a)(1).) A charter school is considered "Low performing" if either of the following apply for the two consecutive years immediately preceding renewal:

(1) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels; or

(2) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

The LAUSD Board may renew a Low performing charter school **only upon** making **both** of the following written factual findings:

(1) The charter school is taking meaningful steps to address the underlying cause(s) of its low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school; and

(2) The Board shall consider whether there is clear and convincing data, demonstrated by verified data[2], showing either of the following:

a. The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or
b. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers. (Ed. Code, §47607.2 (a)(4)).

The LAUSD Board shall only consider verified data adopted by the State Board of Education pursuant to Education Code section 47607.2(c). Effective January 1, 2021, pursuant to Education Code section 47607.2(c)(2), the State Board of Education adopted criteria to define verified data and identified an approved list of valid and reliable assessments.[3]

[2] "Verified data" means data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced. (Ed. Code, § 47607.2(c)(2).)
[3] https://www.cde.ca.gov/sp/ch/verifdatacrit.asp

Staff's review of Charter School's submitted materials will be based on verified data sources and related information adopted by the State Board of Education (Ed. Code, § 47607.2(c)(3)). Charter schools submitting verified data for this purpose must adhere to the state-approved criteria.[4]

A Low performing charter school may only be renewed for a period of two years. (Ed. Code, § 47607.2(a)(6).)[5]

Criterion 3:

Notwithstanding Criterion 1 and 2, the LAUSD Board will also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607(e).) Additionally, the LAUSD Board shall consider whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Specifically, the LAUSD Board may deny renewal of any charter petition, regardless of whether the charter school satisfies the high, middle, or low performing criteria, upon a finding that either:

(1) The charter school is demonstrably unlikely to successfully implement the program set forth in the renewal petition due to either:

(a) Substantial fiscal factors, or
(b) Substantial governance factors.

Pursuant to the District policy, substantial fiscal factors may include, but are not limited to, issues related to the charter school's fiscal solvency, mismanagement of funds, cash flow concerns, or outstanding financial liabilities owed to the District and/or others (e.g., contractual obligations, judgments/settlements, unpaid bills or debts, fee-for-service arrangements, facilities related costs, Prop. 39 over-allocated space reimbursements, etc.). Substantial governance factors may include, but are not limited to, issues related to the retention of faculty (such as school leadership and teachers) which rise to the level of disruption of delivery of educational programs; conflicts of interest; or, violations of the Brown Act or California Public Records Act.

(2) The charter school is not serving the pupils who wish to attend.

Upon a finding that the charter school is not serving all pupils who wish to attend, LAUSD must identify evidence supporting this finding, including aggregate data reflecting pupil enrollment patterns at the charter school. (Ed. Code, § 47607(d).)[6]

III. FINDINGS OF FACT IN SUPPORT OF DENIAL

Based on a comprehensive review of the Crete Academy renewal petition application and Charter School's record of academic performance, District staff recommends that the LAUSD Board deny

[4] https://www.cde.ca.gov/sp/ch/verifdatacrit.asp
[5] Id., pp. 34-35.
[6] Id., pp. 37-38.

the renewal petition and adopt these *Findings of Fact In Support of Denial of the Renewal Charter Petition for Crete Academy* based on the following ground(s):

- Charter School shall not renew as a Low performing charter school based on performance indicators and pursuant to the statutory renewal framework. (Ed. Code § 47607.2(a).) (Criterion 2)

- Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code § 47605(c)(2).) (Criterion 1)

A. <u>Crete Academy shall not renew as a Low performing charter school. (Ed. Code § 47607.2(a).) (Criterion 2)</u>

Charter School has been identified by the California Department of Education (CDE) as a "Low performing" charter school.[7] As outlined in the findings of fact in this Report, and the Exhibits attached, which are hereby incorporated into this finding by this reference, for the two applicable measurements of academic performance[8] - English Language Arts (ELA) and Math, Charter School demonstrated performance levels for All Students and for all numerically significant student groups that are lower than the state average.

Further, the District has determined that Charter School has not taken meaningful steps to address the underlying causes of low performance; and, there is no clear and convincing evidence, demonstrated by verified data, that the school achieved measurable increases in academic achievement, as defined by at least one year's progress for each school year; or, strong postsecondary outcomes equal to similar peers. (Ed. Code, §47607.2(a)(4).)

1. Academic Performance Analysis

As context, the state utilizes the colors received on all state indicators to determine the performance classification for charter schools on the state's California School Dashboard. Staff's recommendation for non-renewal has considered the schoolwide performance and performance of numerically significant student groups served by Charter School on the state and local indicators. Charter School did not attain measurable increases in academic achievement schoolwide and for the majority of the numerically significant student groups based on the California School Dashboard.

In addition to the state and local indicators, the recommendation considered whether there was clear and convincing evidence showing Charter School demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in the school, and strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (if applicable).

[7] The list of charter schools and their respective performance categories, as determined by the criteria outlined in AB 1505, published by CDE's Charter Schools Division is available at https://www.cde.ca.gov/sp/ch/csperformcategory.asp.
[8] The English Learner Progress Indicator was not numerically significant and the College and Career Indicator is not applicable to the grade levels served by the charter school.

2. Charter School's Application Was Insufficient To Merit Additional Written Factual Findings for Renewal

Pursuant to the requirements of Education Code section 47607.2, upon determining that the charter school shall not renew based upon being identified as Low performing by the state based on Criterion 2, the District may renew the petition **only** upon making **both** of the following written factual findings:

(A) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of the Charter School; **and**

(B) There is clear and convincing evidence, demonstrated by verified data, showing either:

(i) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school; or

(ii) Strong postsecondary outcomes equal to similar peers. *[Not applicable to Charter School]*

For reasons, including those outlined below, the District is unable to make the factual findings to meet both of the above requirements to recommend renewal of Charter School's petition.

a. Charter School's Written Plan Does Not Address Underlying Cause(s) of Low Performance

Charter School submitted an "Action Plan" to the District that was approved by the Crete Academy Governing Board at its meeting on October 10, 2024. Charter School's Action Plan ("Plan") is a table that lists various items under headings of "Action, Responsible Party, Training/Professional Development, Assessment Tool, Timeline, and Evidence," and does not include meaningful steps Charter School is taking regarding improved student performance. Nor does the Plan identify or address the underlying cause(s) of Charter School's low performance. Rather, the table lists 29 "Action" items correlated to the CSD's Annual Performance-Based Oversight report with the majority being related to compliance in Governance. The CSD's Annual Performance-Based Oversight report's purpose is satisfy the annual legal requirement to evaluate the standard operation of charter schools. The CSD's annual report structure is not designed or intended to demonstrate the "meaningful steps" a charter school is taking to "address the underlying causes of low performance." Therefore, actions in Crete Academy's plan, such as, "Academic Committee holds agendized meetings and analyzes data and instructional practices," these actions simply demonstrate typical systems and operational practices of charter schools in general. (*See* Exhibit 2, Crete Academy Action Plan.)

b. Charter School's Verified Data Does Not Provide Clear and Convincing Evidence of Measurable Increases in Academic Achievement.

In addition to considering whether Charter School is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of Charter School, the District must also consider whether Charter School has provided clear and convincing evidence, *demonstrated by verified data*, showing that Charter School achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

The verified data provided by Charter School does not provide clear and convincing evidence showing Charter School achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

The District's review of the documentation provided by Crete Academy as verified data found the following:

- All of the STAR Growth Reports were generated on the same day at around the same time, October 30, 2024, between 4:12 p.m.–5:10 p.m. According to the publisher, STAR Renaissance, assessment data does not roll-over from year to year and the publisher shared that it resets annually every year around June 30. Therefore, the 2021-2022 STAR Growth Reports should have been generated by or before June 30, 2022. The same rule would apply to the 2022-2023 and 2023-2024 STAR Growth Reports.

  By not generating the reports within the requisite timeline, Charter School's verified data only provides performance data in Reading and Math for the 283 currently enrolled students for all three years, and not the students that were actually assessed in each year. This makes Crete Academy's verified data incomplete. Additionally, data provided by Crete Academy as part of its verified data submission includes an assessment, STAR Early Literacy, that has not been adopted by the State Board of Education as verified data. Crete Academy included Fall to Spring STAR Early Literacy data for 2021-2022, 2022-2023, and 2023-2024 reports.

- The data submitted by Crete Academy as verified data did not contain the information necessary to make a determination of academic performance. The reports provided either did not meet participation rates or were unable to calculate the rates based on missing information.

Therefore, the evidence provided was not clear and convincing, nor did it show that the charter school achieved measurable increase in academic achievement. (*See* Exhibit 3, Crete Academy Verified Data.)

B. <u>Charter School is demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code § 47605(c)(2).) (Criterion 1)</u>

The District also assessed the past performance of Charter School as indicators of likely future performance. As stated in the LAUSD policy, the LAUSD Board of Education will assess the extent to which Charter School governing board members and staff have successfully implemented the terms of their charter, addressed deficiencies, and demonstrated capacity to continue to do so based on evidence of past performance.[9]

In addition to the findings of fact provided above regarding Charter School's academic performance, which by this reference are hereby incorporated in support of this denial finding, the following findings of fact support that the Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

1. Crete Academy has failed to effectively monitor and address academic achievement progress over the course of the charter term.

- The CDE has identified Crete Academy as a Low performing charter school under Criterion 2.
  - Status is the same, or below, the statewide average for "All Students,"
  - At least two student groups have academic performance measures, and
  - A majority of its student groups, who historically perform below the statewide average, have "Status" scores below the statewide average on the academic indicators.

- In the previous seven years, Crete Academy's Annual Performance-Based Oversight Visit reports show Charter School did not earn a rating higher than 2 *(Developing)* in Student Achievement and Educational Performance and earned a rating of 1 *(Unsatisfactory)* in 2023-2024.

School Year	Student Achievement and Educational Performance
2017-2018	No Rating (first year of operation)
2018-2019	No Rating (school failed administer CAASPP)
2019-2020	2
2020-2021	2
2021-2022	No Rating (State testing not required)
2022-2023	2
2023-2024	1

[9] See LAUSD policy, pp. 28-29.

2. **The Crete Academy Governing Board and School Leadership are demonstrably unlikely to successfully implement the program considering the consistent and ongoing areas of non-compliance that have necessitated tiered intervention over the course of the charter term.**

For additional context, pursuant to applicable legal and District policy requirements, CSD's ongoing oversight assesses a school's performance and utilizes a tiered intervention model when necessary to address and respond to concerns or challenges related to a charter school's governance, programs, operations, organization, and fiscal management. Accordingly, the District has utilized its tiered intervention model to address and respond to concerns or issues that have occurred during Crete Academy's charter term. Below are examples of the tiered intervention ("Notices") that the District has issued Crete Academy to ask the charter school to provide additional information or documents to further assess a concern(s), or request that the charter school take required corrective measures to cure specified actions by the charter school. There are concerns with the ongoing operations as noted in the following list of Notices as part of ongoing oversight. This record raises concerns.

- Communications to Charter School regarding ongoing areas of non-compliance include:
    - 3/16/2018 Notice of Concern re: Schoolwide Suspension Rate and Disproportionality of Student Group Suspensions
    - 6/5/2018 Notice of Concern re: Governance Structure and Due Process
    - 6/29/2018 Notice to Cure re: Failure to Administer CAASPP Summative Assessments Schoolwide
    - 10/12/2018 Notice to Cure re: Schoolwide Suspension Rate
    - 5/22/2019 Notice to Cure re: The Hiring of Crete Academy's Governing Board President's Spouse as the School's Director of Wellness
    - 6/12/2019 Notice to Cure re: Teacher Credentialing and Brown Act Non-Compliance
    - 3/1/2021 Notice of Concern re: Application Programming Interface (API) for MiSiS
    - 9/5/2023 Notice of Concern re: Crete Academy Offering Currently Unauthorized Grade Levels
    - 10/4/2023 Uniform Complaint (UCP) re: Inappropriate Charging of Pupil Fees
    - 10/4/2023 Notice to Cure re: Inappropriate Charging of Pupil Fees for Summer School and Late Pickups)
    - 10/6/2023 Notice of Concern re: Brown Act Compliance
    - 2/21/2024 Notice to Cure Follow Up re: Inappropriate Charging of Pupil Fees and UCP process
    - 6/27/2024 Notice of Concern re: Fiscal Operations (e.g., employee tuition and student loan reimbursements, and its consistently delayed responses and submissions of CSD requested oversight items)
    - 8/27/2024 Notice to Cure Follow Up re: Fiscal Operations with the same concerns above

In response to the Notices, as well as follow-up communications from the CSD, Charter School provided information to share their remediations, and the CSD continues to monitor the school through oversight. (*See* Exhibit 4, Crete Academy Tiered Intervention Notices.)

IV. RECOMMENDATION

Based on the foregoing, District staff recommends that the Board of Education deny the Crete Academy renewal petition. The recommendation for denial is based upon on findings that Charter School does not qualify for renewal as a Low performing charter school based on performance indicators. Further, as demonstrated by Charter School's low academic performance and findings related to other performance indicators, Petitioners are demonstrably unlikely to successfully implement the educational program set forth in the petition.

Since Charter School has been designated as Low performing, the Board shall not renew the charter unless it makes both written factual findings identified in Education Code section 47607.2 (a)(4). Since Charter School's application was insufficient to merit additional written factual findings for renewal, the District is unable to make the factual findings needed to meet both of the requirements to recommend renewal of the Charter School's petition, it is recommended that the Board adopt these *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* as the Board's written findings of fact in support of the denial.

STAFF ASSESSMENT

I. ACTION PROPOSED

Staff recommends denial of the renewal petition for Crete Academy ("Crete" or "Charter School"), located in Board District 1 and Region South, for a term of two (2) years, beginning July 1, 2025, until June 30, 2027, to serve up to 355 students in grades TK-6 in each year of the charter term. The school's renewal petition includes a reduction in enrollment capacity from 363 to 355.

II. RENEWAL REQUIREMENTS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the school has met the requirements for renewal set forth in Education Code sections 47605, 47607, 47607.2, and 47611.5.

Criteria for Charter School Renewal and Grounds for Nonrenewal

As part of staff's holistic review of the renewal petition application, the charter school must be determined to be eligible for renewal of its charter under the specific renewal criteria outlined in the Charter Schools Act. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

- **Criterion 1:** Does the renewal petition include a sound educational program, a reasonably comprehensive description of the 15 elements required for petitions, an affirmation of each of the conditions described in Education Code section 47605(e), and are petitioners likely to successfully implement the program set forth in the petition? (Ed. Code, § 47607(b).)
  For reasons more fully set forth in the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*, these criteria have been determined to be bases for denial.

- **Criterion 2:** Is the charter school "high," "middle," or "low" performing? (see Ed. Code, §§ 47607(c), 47607.2(a), and 47607.2(b).) Has the charter school attained measurable increases in academic achievement schoolwide and for numerically significant student groups served by the charter school, and does the charter school have strong postsecondary outcomes, if applicable**? For reasons more fully set forth in the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*, these criteria have been determined to be bases for denial.**

- **Criterion 3:** Is the charter school serving all pupils who wish to attend, or does the charter school have substantial fiscal or governance issues? (Ed. Code, § 47607(e).)
  These criteria have been determined not to be bases for denial.

Charter Petition Requirement:
In accordance with Education Code section 47611.5, a charter school charter shall contain a declaration regarding whether or not the charter school shall be deemed the exclusive public school employer of the employees at the charter school for the purposes of Section 3540.1 of the Government Code, and that declaration shall not be materially inconsistent with the charter.

- Does the petition contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school?
  This requirement has been determined not to be a basis for denial.

B. Charter School Operator

Crete Academy is operated by Crete Academy, a California nonprofit public benefit corporation that does not operate any other LAUSD-authorized charter school.

IV. STUDENT ACHIEVEMENT AND EDUCATIONAL PERFORMANCE

a. Summary

Crete Academy has been identified by the state as a Low performing charter school. The recommendation for renewal has considered the schoolwide performance and performance of numerically significant student groups and the state and local indicators reported on the California School Dashboard, and whether there was clear and convincing verified data evidence showing the school demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in school, and/or strong postsecondary outcomes, as applicable. The school did not attain measurable increases in academic achievement schoolwide and for numerically significant student groups. Please see the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* for more details.

b. Measurements of Academic Performance on the California School Dashboard

Due to the COVID-19 pandemic, the 2022 Dashboard only displayed one year of data (also known as Status). Status Levels are reported based on the 2021-2022 school year data using one of five Status Levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status Levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Below, the 2023 and 2024 Dashboard Performance Levels (colors) based on two years' data are provided.

Crete Academy Dashboard Indicators

f. College/Career Indicator
Not applicable

g. Chronic Absenteeism Indicator
In 2022 and 2023, on the Chronic Absenteeism Indicator, the charter school's rate of chronic absenteeism was lower than the state for All Students, and for all numerically significant student groups. In 2024, the charter school's rate of chronic absenteeism was higher than the state for All Students, and for two of five numerically significant student groups.

h. Graduation Indicator [HS only]
Not applicable

i. Suspension Rate Indicator
In 2022, 2023, and 2024, the charter school's percentage of students suspended at least once was lower than the state for All Students, and for all numerically significant student groups.

j. Dashboard Local Indicators
Staff also considered the Local Indicators (e.g., Basic: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; Access to a Broad Course of Study) which were all reported as "Not Met" in 2023 and "Met" in 2024.

k. Reclassification Rates
As of the writing of this report, reclassification data for 2021-2022 and 2022-2023 have not been published by the state.

V. ANNUAL PERFORMANCE-BASED OVERSIGHT RESULTS

In accordance with Education Code section 47604.32, the District's Charter Schools Division (CSD) conducts at least one school site visit each year where the CSD evaluates charter school performance in the following four categories: Governance; Student Achievement and Educational Performance; Organizational Management, Programs, and Operations; and Fiscal Operations. Charter schools are rated in each category based on information and evidence gathered at the time of the annual performance-based oversight visit following a four-point rubric: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. Please see below for Crete Academy outcomes on its annual oversight evaluation reports for the last two years.

a. Governance

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Developing*
Concerns	For more information, please refer to the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* for more details.

b. Student Achievement and Educational Performance

Oversight Ratings/Concerns	
2022-2023	*Developing*
2023-2024	*Unsatisfactory*
Concerns	In 2023-2024, Crete earned a rating of *Unsatisfactory* based on student academic performance on the CA School Dashboard Indicators.

c. Organizational Management, Programs, and Operations

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Proficient*
Concerns	No unresolved issues pending.

d. Fiscal Operations

Oversight Ratings/Concerns	
2022-2023	*Proficient*
2023-2024	*Developing*
Concerns	The rating of *Developing* in 2023-2024 was primarily due to audit findings reported in Crete Academy's 2022-2023 independent audit report. See further details in the VII Fiscal Management and Performance section below. Additionally, the CSD noted the school's consistently delayed responses and submissions of CSD requested oversight items, among other issues. Crete Academy provided its response and documentation that reported the steps they had taken and will continue to take to address the noted concerns. The CSD will continue to monitor these areas as part of its ongoing oversight in the current term.

VI. VERIFIED DATA

A charter school in the low performance category shall not be renewed. (Ed. Code, § 47607.2(a)(1).) However, a chartering authority may renew a low performing charter school only upon making written factual findings, among other findings, that there is clear and convincing evidence, demonstrated by verified data, showing the charter school's achieved measurable increases in academic achievement, or strong postsecondary outcomes. (Ed. Code, § 47607.2(a)(4).)

Pursuant to Education Code section 47607.2(c)(2), the State Board of Education (SBE) established criteria to define verified data and identified an approved list of valid and reliable assessments. Charter schools submitting verified data must adhere to the state-approved criteria.

For more information, please refer to the *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy*.

VII. FISCAL MANAGEMENT AND PERFORMANCE

a. Fiscal Condition

Crete Academy's fiscal condition is positive.

	2019-2020 (Audited Actuals)	2020-2021 (Audited Actuals)	2021-2022 (Audited Actuals)	2022-2023 (Audited Actuals)	2023-2024 (Unaudited Actuals)
Net Assets	$187,163	$756,821	$1,233,717	$313,468	$331,594
Net Income/Loss	$164,717	$569,658	$476,896	$(920,249)*	$18,126
Transfers In/Out	$0	$0	$0	$0	$0
Prior Year Adjustment(s)	$0	$0	$0	$0	$0
Norm Enrollment**	191	200	204	301	329

*Per Crete Academy leadership, the net loss reported for Fiscal Year 2022-2023 was primarily due to the increase in student enrollment of approximately 97 (or 47%), which contributed to the increase in certificated and non-certificated personnel (and the related costs) that exceeded the state revenues received) as well as additional facilities costs for leasehold improvements incurred in Fiscal Year 2022-2023.

Crete Academy reported 283 Norm Enrollment for Fiscal Year 2024-2025). Crete Academy proposes to decrease its enrollment capacity to 355 for its renewal charter term. See Section **I. ACTION PROPOSED above. Please see additional information under "Other Significant Fiscal Information."

b. 2022-2023 Independent Audit Report
Audit Opinion: Unmodified/Unqualified
Material Weaknesses: None Reported
Deficiencies/Findings: Yes
Lack of a Going Concern: None Reported

A significant financial statements-related deficiency and a state awards-related audit finding were disclosed in Crete Academy's 2022-2023 independent audit report, as outlined below:

(1) Financial Statements - Year-End Financial Closing Process
Crete Academy's auditor disclosed this finding as a significant deficiency and that there was "a delay in the year-end financial closing process that created the need for several adjustments recorded after reporting of the unaudited actuals for the 2022-2023 fiscal year," primarily related to the implementation of the new lease standard (FASB ASC 842). According to the audit report, Crete Academy responded, "There was a mid-year change in consultants for business services as well as a direct change in general ledger accounting software that created irregularities. Implementation of the new lease standard required additional time to work with a consultant." Crete Academy's corrective action plan includes working closely with its back office services provider to ensure the lease implementation requirement is met by the required timeline, having the lease implementation included in its financial system, and continuing to rely on its internal documentation and reporting of financial transactions, so should there be a back office services provider change and/or other needs, school staff would have proper documentation to use.

(2) State Awards - Attendance Reporting

Crete Academy's auditor disclosed that "the ADA reported on the P-2 and annual attendance reports did not agree to the underlying attendance data within the student information system utilized for attendance accounting." The audit report indicated that Crete Academy's underreported P-2 attendance resulted in a net fiscal impact due to the school of $54,190. According to the audit report, Crete Academy responded, "Attendance data was updated in the student information system and was not communicated to personnel responsible for attendance reporting." Crete Academy stated that it would reconcile all quarterly ADA submission reports before finalizing and submitting to LAUSD, and that it would also work with its auditors mid-year to review prior to attendance submissions for accuracy.

The CSD will continue to monitor these issues as part of the oversight process in the current charter term, including reviewing Crete Academy's 2023-2024 independent audit report for implementation of its corrective action plans.

c. Other Significant Fiscal Information

Crete Academy's student enrollment declined from 329 in Fiscal Year 2023-2024 to 283 in Fiscal Year 2024-2025 per the Norm Enrollment data for the respective years. Crete Academy projects 355 students for Fiscal Year 2024-2025 in the budget submitted with its renewal petition. This projection is overstated by 72 students or approximately 25%, compared to 283 students reported in Charter School's 2024-2025 Norm Enrollment. The school continues to project 355 students for its renewal charter term, covering Fiscal Years 2025-2026 and 2026-2027, representing a 25% increase from Fiscal Year 2024-2025. This raises concerns about the feasibility of the enrollment projections and, as a result, the soundness of the budget for the renewal charter term.

Academic Performance - English Language Arts

This report shows the performance levels for a single state indicator, English Language Arts, for all student groups. It also shows how the current year (status, DFS) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available. Note: Charter Schools are treated as schools (not LEAs) when it comes to reporting Foster Youth and Homeless student groups. Charter schools will need at least 30 or more Foster Youth, or 30 or more Homeless students, to receive a status level for each student group.

Participation Rate Report below displays the percent of students tested by content area. The Every Student Succeeds Act requires districts and schools to test at least 95 percent of all students and student groups in English language arts and mathematics. It also requires states to factor the participation rate into the Academic Indicator. For any local educational agency (LEA), school, or student group with less than 95 percent of students tested, the ESSA requires a penalty to be applied to the Academic Indicator. To meet this federal requirement, California assigns the Lowest Obtainable Scale Score (LOSS) to each student needed to bring the participation rate of the school, district, and/or student group to 95 percent. The LOSS assigned to each of these students who did not test will be used in calculating the Distance from Standard (DFS).

English Learner Progress Indicator (ELPI)

This report shows the percentage of current English learner (EL) students making progress towards English language proficiency at their school. The English Learner Progress Indicator (ELPI) relies on the results of the Summative English Language Proficiency Assessment (ELPAC), including Summative Alternate ELPAC results, to determine EL student progress. For the EL students taking the Summative ELPAC, those who increase an ELPI level or maintain ELPAC Level 4 are counted as making progress towards English language proficiency. ELPI Change measures the rate at which schools are improving their ability to move their EL students towards English language proficiency. It is the difference between the prior year Status and the current year Status. A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. Districts and schools that do not meet the 95 percent participation rate on the Summative ELPAC and Summative Alternative ELPAC and have at least 30 EL students enrolled during the testing window (February 1 to May 31) will receive a modified ELPI rate on the California School Dashboard (Dashboard). For each district and school that does not meet the 95 percent target, the minimum number of students needed to reach a participation rate of at least 95 percent is determined. The resulting number of students will be counted as not making progress in the current ELPI Status calculation.

Chronic Absenteeism

This report shows the percentage of students in Kindergarten through grade eight who were absent 10 percent or more of the school year. For most state indicators, the desired outcome is to have a high percentage of performance in the current year. However, chronic absenteeism has a reverse goal of having the lowest percentage of students chronically absent in the current year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of Chronic Absenteeism in 2023 than it did in 2022) or did worse (i.e., had a higher rate in 2023). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. Suspension Rate Indicator

This report shows the number of students who have an aggregate suspension of at least one full day. A student is counted as suspended in the suspension rate only once regardless of multiple suspensions or multiple days of suspension. For most state indicators, the desired outcome is a high percentage of performance in the current year and an increase from the prior year. However, for the Suspension Rate indicator, the desired outcome is a low rate in the current year and a decline from the prior year. Current and prior year data is compared to see whether a school made improvement (i.e., had a lower rate of suspension in 2022-23 than it did in 2021-22) or did worse (i.e., had a higher rate in 2022-23 than in 2021-22). Taken together, current year data and its comparison with prior year data will give a performance level (color). A single asterisk (*) and a single dash (-) shows that the student group has fewer than 11 students and is not reported for privacy reasons. For student groups with 11-29 students or do not have at least 30 students with scores in the current and prior year, status and change are reported, and no performance level (color) will be reported. A double dash "--" means that data is not currently available.

Enrollment Report

This report displays CALPADS K-12 enrollment number and percentages of select student groups. Annual enrollment consists of the number of students primarily enrolled on Census Day (the first Wednesday in October). This information was submitted by local educational agencies (LEAs) and charter schools to the California Department of Education (CDE) as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS). These data were reviewed and certified in CALPADS as being accurate by authorized district or school personnel. In order to certify data in CALPADS, authorized district or charter school personnel are required to review the accuracy of all data associated with the applicable CALPADS submission. The California Department of Education collects some data on GATE programs through the California Longitudinal Pupil Achievement Data System (CALPADS); however, this information is submitted by LEAs on a voluntary basis and it wouldn't necessarily be accurate as per CDE. RECLASSIFICATION RATES

This reports shows a two year comparison of the number of English Learners (ELs) on Census Day, the number of students reclassified since the prior Census Day, and the reclassification rate for each specified year. The reclassification rate, displayed in percentage, is calculated by dividing the number reclassified by the number of prior year ELs.

Students with Disabilities Report

This report displays the K-12 enrollment and the number of K-12 students with disabilities total, by incidence category, and by eligibility as reported on the Census Day (First Wednesday in October) CALPADS Fall 1 Certified Student Profile List Report (Report 8.1) submitted by LEAs (Local Education Agencies). LEAs are required to "certify" specified data during submission windows. The CDE uses certified data for state and federal reporting and to develop accountability metrics. Once data are certified by an LEA following the close of the Amendment Window, they are "frozen" and cannot be amended Note: Students with disabilities counts and percentages in this report may be higher or lower for some schools when comparing this report counts with 2021-22 Enrollment by Student Group counts posted in DataQuest by the CDE due to the accuracy of all data associated with the applicable CALPADS submission. CALPADS certification is a two-step process with Level-2 certification reserved for the district superintendents, charter school administrators, or their designees. High incidence eligibilities are indicated by an asterisk (*). FINDINGS OF FACT IN SUPPORT OF DENIAL OF THE RENEWAL CHARTER PETITION FOR CRETE ACADEMY BY THE LOS ANGELES UNIFIED SCHOOL DISTRICT

BOARD OF EDUCATION REPORT
January 14, 2025

I. INTRODUCTION

On October 17, 2024, Crete Academy (also referred to herein as, "Charter School" or "Petitioners") submitted a renewal petition application to the Los Angeles Unified School District ("LAUSD" or "District") seeking to serve up to 355 students in grades TK-6 for a two-year term (July 1, 2025 to June 30, 2027). (*See* Exhibit 1, Crete Academy Renewal Petition.) Charter School currently operates on two private sites: 6103 Crenshaw Blvd., Los Angeles, CA 90043, and 1729 W. Martin Luther King Jr. Blvd, Los Angeles, CA 90062, which are served by Board District 1 and Region South.

In accordance with the Charter Schools Act (Ed. Code § 47600 *et seq*.) and the adopted *LAUSD Policy and Procedures for Charter Schools* ("LAUSD policy" or "District policy"), LAUSD's Board of Education ("Board") has 90 days upon receipt of the renewal petition to either grant or deny the renewal petition unless an extension of an additional 30 days is mutually agreed upon by the parties. No later than 60 days the LAUSD Board must hold a public hearing to consider the level of support for the renewal petition by teachers employed by the District, other employees of the District, and parents. At the public hearing at which the Board will either grant or deny the charter, the petitioners have equivalent time and procedures to present evidence and testimony to respond to District staff recommendation and findings. The LAUSD Board must publish all staff recommendations, including the recommended findings regarding the renewal petition at least 15 days before the public hearing at which the LAUSD Board will either grant or deny the renewal petition.

Based on a comprehensive review of the renewal petition application and the record of performance of Crete Academy, as described in greater detail below, staff has determined that Charter School has not met the requirements set forth in Education Code sections 47605, 47607 and 47607.2 and therefore recommends denial of the renewal petition.

II. STANDARD OF REVIEW FOR RENEWAL PETITIONS

Upon submission, District staff comprehensively reviews each renewal petition application to determine whether the charter school has met the requirements for renewal set forth in Education Code sections 47605, 47607, and 47607.2. The renewal criteria prescribed in Education Code sections 47607 and 47607.2 requires a three-pronged analysis:

Criterion 1:

The Charter Schools Act provides that renewals are governed by the standards and criteria described in Education Code section 47605 applicable to initial petitions. The first criterion considered in reviewing a renewal petition requires an analysis of the following:

- Whether the petition includes a sound educational program;
- Whether the petition contains a reasonably comprehensive description of the 15 elements required for petitions;
- Whether the petition contains an affirmation of each of the conditions described in Education Code section 47605(e); and
- Whether the charter school is likely to successfully implement the program set forth in the petition. Education Code section 47607(b) provides that renewals are governed by the standards and criteria described in section 47605 applicable to initial petitions. (The LAUSD Board may not consider the community impact analysis or District fiscal analysis in determining whether to grant or deny a renewal petition.)

While Criterion 1 is similar to the criteria for a new petition, for renewal petitions, there is more information and data regarding past performance since the initial petition for establishment of the charter school was granted. Thus, soundness of the educational program and capacity for implementation are assessed through the past performance of the existing charter school as indicators of likely future performance, including any applicable benchmarks that have been established. The LAUSD Board will examine the charter school's record in four key areas of charter school performance:

1) Governance
2) Student Achievement and Educational Performance
3) Organizational Management, Programs and Operations
4) Fiscal Operations

As part of its analysis, the LAUSD Board of Education is to assess the extent to which charter school governing board members and staff have successfully implemented the terms of their charter, addressed deficiencies, and demonstrated capacity to continue to do so in the future based on evidence of past performance.[1]

Criterion 2:

The LAUSD Board is required to consider the charter school's performance on the California School Dashboard accountability indicators. Education Code sections 47607 and 47607.2 prescribe three-tiers of performance classification in which a charter school falls within one of the following categories - "high," "middle," or "low" performing. The state will publish an annual list of charter schools and their performance classification.

[1] See LAUSD policy, pp. 28-29.

The three-tier classification considers a charter school's performance on the California School Dashboard accountability indicators, with an emphasis on the measurements of academic performance. "Measurements of academic performance" refers to the state indicators included on the California School Dashboard that are based on statewide assessments in the California Assessment of Student Performance and Progress System (CAASPP), or any successor system, English Learner Progress Indicator (ELPI), or any successor system, and the College/Career Indicator (CCI). A charter school submitting a renewal petition must include in its application all evidence and data related to the charter school's performance on the California School Dashboard.

Low Performing Charter Schools

A charter school designated as "Low performing" shall not be renewed. (Ed. Code, § 47607.2(a)(1).) A charter school is considered "Low performing" if either of the following apply for the two consecutive years immediately preceding renewal:

(1) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels; or

(2) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

The LAUSD Board may renew a Low performing charter school **only upon** making **both** of the following written factual findings:

(1) The charter school is taking meaningful steps to address the underlying cause(s) of its low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school; and

(2) The Board shall consider whether there is clear and convincing data, demonstrated by verified data[2], showing either of the following:

a. The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or
b. Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers. (Ed. Code, §47607.2 (a)(4)).

The LAUSD Board shall only consider verified data adopted by the State Board of Education pursuant to Education Code section 47607.2(c). Effective January 1, 2021, pursuant to Education Code section 47607.2(c)(2), the State Board of Education adopted criteria to define verified data and identified an approved list of valid and reliable assessments.[3]

[2] "Verified data" means data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced. (Ed. Code, § 47607.2(c)(2).)
[3] https://www.cde.ca.gov/sp/ch/verifdatacrit.asp

Staff's review of Charter School's submitted materials will be based on verified data sources and related information adopted by the State Board of Education (Ed. Code, § 47607.2(c)(3)). Charter schools submitting verified data for this purpose must adhere to the state-approved criteria.[4]

A Low performing charter school may only be renewed for a period of two years. (Ed. Code, § 47607.2(a)(6).)[5]

Criterion 3:

Notwithstanding Criterion 1 and 2, the LAUSD Board will also consider whether the charter school's enrollment or dismissal practices are discriminatory as grounds for nonrenewal. (Ed. Code, § 47607(e).) Additionally, the LAUSD Board shall consider whether the charter school has substantial fiscal or governance factors as grounds for nonrenewal. (Ed. Code, § 47607(e).)

Specifically, the LAUSD Board may deny renewal of any charter petition, regardless of whether the charter school satisfies the high, middle, or low performing criteria, upon a finding that either:

(1) The charter school is demonstrably unlikely to successfully implement the program set forth in the renewal petition due to either:

(a) Substantial fiscal factors, or
(b) Substantial governance factors.

Pursuant to the District policy, substantial fiscal factors may include, but are not limited to, issues related to the charter school's fiscal solvency, mismanagement of funds, cash flow concerns, or outstanding financial liabilities owed to the District and/or others (e.g., contractual obligations, judgments/settlements, unpaid bills or debts, fee-for-service arrangements, facilities related costs, Prop. 39 over-allocated space reimbursements, etc.). Substantial governance factors may include, but are not limited to, issues related to the retention of faculty (such as school leadership and teachers) which rise to the level of disruption of delivery of educational programs; conflicts of interest; or, violations of the Brown Act or California Public Records Act.

(2) The charter school is not serving the pupils who wish to attend.

Upon a finding that the charter school is not serving all pupils who wish to attend, LAUSD must identify evidence supporting this finding, including aggregate data reflecting pupil enrollment patterns at the charter school. (Ed. Code, § 47607(d).)[6]

III. FINDINGS OF FACT IN SUPPORT OF DENIAL

Based on a comprehensive review of the Crete Academy renewal petition application and Charter School's record of academic performance, District staff recommends that the LAUSD Board deny

[6] Id., pp. 37-38.

the renewal petition and adopt these *Findings of Fact In Support of Denial of the Renewal Charter Petition for Crete Academy* based on the following ground(s):

- Charter School shall not renew as a Low performing charter school based on performance indicators and pursuant to the statutory renewal framework. (Ed. Code § 47607.2(a).) (Criterion 2)

- Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code § 47605(c)(2).) (Criterion 1)

A. <u>Crete Academy shall not renew as a Low performing charter school. (Ed. Code § 47607.2(a).) (Criterion 2)</u>

Charter School has been identified by the California Department of Education (CDE) as a "Low performing" charter school.[7] As outlined in the findings of fact in this Report, and the Exhibits attached, which are hereby incorporated into this finding by this reference, for the two applicable measurements of academic performance[8] - English Language Arts (ELA) and Math, Charter School demonstrated performance levels for All Students and for all numerically significant student groups that are lower than the state average.

Further, the District has determined that Charter School has not taken meaningful steps to address the underlying causes of low performance; and, there is no clear and convincing evidence, demonstrated by verified data, that the school achieved measurable increases in academic achievement, as defined by at least one year's progress for each school year; or, strong postsecondary outcomes equal to similar peers. (Ed. Code, §47607.2(a)(4).)

1. Academic Performance Analysis

As context, the state utilizes the colors received on all state indicators to determine the performance classification for charter schools on the state's California School Dashboard. Staff's recommendation for non-renewal has considered the schoolwide performance and performance of numerically significant student groups served by Charter School on the state and local indicators. Charter School did not attain measurable increases in academic achievement schoolwide and for the majority of the numerically significant student groups based on the California School Dashboard.

In addition to the state and local indicators, the recommendation considered whether there was clear and convincing evidence showing Charter School demonstrated measurable increases in academic achievement, as defined by at least one year's progress in each year in the school, and strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (if applicable).

[7] The list of charter schools and their respective performance categories, as determined by the criteria outlined in AB 1505, published by CDE's Charter Schools Division is available at https://www.cde.ca.gov/sp/ch/csperformcategory.asp.
[8] The English Learner Progress Indicator was not numerically significant and the College and Career Indicator is not applicable to the grade levels served by the charter school.

2. Charter School's Application Was Insufficient To Merit Additional Written Factual Findings for Renewal

Pursuant to the requirements of Education Code section 47607.2, upon determining that the charter school shall not renew based upon being identified as Low performing by the state based on Criterion 2, the District may renew the petition **only** upon making **both** of the following written factual findings:

(A) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of the Charter School; **and**

(B) There is clear and convincing evidence, demonstrated by verified data, showing either:

(i) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school; or

(ii) Strong postsecondary outcomes equal to similar peers. *[Not applicable to Charter School]*

For reasons, including those outlined below, the District is unable to make the factual findings to meet both of the above requirements to recommend renewal of Charter School's petition.

a. Charter School's Written Plan Does Not Address Underlying Cause(s) of Low Performance

Charter School submitted an "Action Plan" to the District that was approved by the Crete Academy Governing Board at its meeting on October 10, 2024. Charter School's Action Plan ("Plan") is a table that lists various items under headings of "Action, Responsible Party, Training/Professional Development, Assessment Tool, Timeline, and Evidence," and does not include meaningful steps Charter School is taking regarding improved student performance. Nor does the Plan identify or address the underlying cause(s) of Charter School's low performance. Rather, the table lists 29 "Action" items correlated to the CSD's Annual Performance-Based Oversight report with the majority being related to compliance in Governance. The CSD's Annual Performance-Based Oversight report's purpose is satisfy the annual legal requirement to evaluate the standard operation of charter schools. The CSD's annual report structure is not designed or intended to demonstrate the "meaningful steps" a charter school is taking to "address the underlying causes of low performance." Therefore, actions in Crete Academy's plan, such as, "Academic Committee holds agendized meetings and analyzes data and instructional practices," these actions simply demonstrate typical systems and operational practices of charter schools in general. (*See* Exhibit 2, Crete Academy Action Plan.)

b. Charter School's Verified Data Does Not Provide Clear and Convincing Evidence of Measurable Increases in Academic Achievement.

In addition to considering whether Charter School is taking meaningful steps to address the underlying cause(s) of low performance, which are or will be written in a plan adopted by the governing body of Charter School, the District must also consider whether Charter School has provided clear and convincing evidence, *demonstrated by verified data*, showing that Charter School achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

The verified data provided by Charter School does not provide clear and convincing evidence showing Charter School achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

The District's review of the documentation provided by Crete Academy as verified data found the following:

- All of the STAR Growth Reports were generated on the same day at around the same time, October 30, 2024, between 4:12 p.m.–5:10 p.m. According to the publisher, STAR Renaissance, assessment data does not roll-over from year to year and the publisher shared that it resets annually every year around June 30. Therefore, the 2021-2022 STAR Growth Reports should have been generated by or before June 30, 2022. The same rule would apply to the 2022-2023 and 2023-2024 STAR Growth Reports.

  By not generating the reports within the requisite timeline, Charter School's verified data only provides performance data in Reading and Math for the 283 currently enrolled students for all three years, and not the students that were actually assessed in each year. This makes Crete Academy's verified data incomplete. Additionally, data provided by Crete Academy as part of its verified data submission includes an assessment, STAR Early Literacy, that has not been adopted by the State Board of Education as verified data. Crete Academy included Fall to Spring STAR Early Literacy data for 2021-2022, 2022-2023, and 2023-2024 reports.

- The data submitted by Crete Academy as verified data did not contain the information necessary to make a determination of academic performance. The reports provided either did not meet participation rates or were unable to calculate the rates based on missing information.

Therefore, the evidence provided was not clear and convincing, nor did it show that the charter school achieved measurable increase in academic achievement. (*See* Exhibit 3, Crete Academy Verified Data.)

B. <u>Charter School is demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code § 47605(c)(2).) (Criterion 1)</u>

The District also assessed the past performance of Charter School as indicators of likely future performance. As stated in the LAUSD policy, the LAUSD Board of Education will assess the extent to which Charter School governing board members and staff have successfully implemented the terms of their charter, addressed deficiencies, and demonstrated capacity to continue to do so based on evidence of past performance.[9]

In addition to the findings of fact provided above regarding Charter School's academic performance, which by this reference are hereby incorporated in support of this denial finding, the following findings of fact support that the Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

1. Crete Academy has failed to effectively monitor and address academic achievement progress over the course of the charter term.

- The CDE has identified Crete Academy as a Low performing charter school under Criterion 2.
  - Status is the same, or below, the statewide average for "All Students,"
  - At least two student groups have academic performance measures, and
  - A majority of its student groups, who historically perform below the statewide average, have "Status" scores below the statewide average on the academic indicators.

- In the previous seven years, Crete Academy's Annual Performance-Based Oversight Visit reports show Charter School did not earn a rating higher than 2 *(Developing)* in Student Achievement and Educational Performance and earned a rating of 1 *(Unsatisfactory)* in 2023-2024.

School Year	Student Achievement and Educational Performance
2017-2018	No Rating (first year of operation)
2018-2019	No Rating (school failed administer CAASPP)
2019-2020	2
2020-2021	2
2021-2022	No Rating (State testing not required)
2022-2023	2
2023-2024	1

[9] See LAUSD policy, pp. 28-29.

2. **The Crete Academy Governing Board and School Leadership are demonstrably unlikely to successfully implement the program considering the consistent and ongoing areas of non-compliance that have necessitated tiered intervention over the course of the charter term.**

For additional context, pursuant to applicable legal and District policy requirements, CSD's ongoing oversight assesses a school's performance and utilizes a tiered intervention model when necessary to address and respond to concerns or challenges related to a charter school's governance, programs, operations, organization, and fiscal management. Accordingly, the District has utilized its tiered intervention model to address and respond to concerns or issues that have occurred during Crete Academy's charter term. Below are examples of the tiered intervention ("Notices") that the District has issued Crete Academy to ask the charter school to provide additional information or documents to further assess a concern(s), or request that the charter school take required corrective measures to cure specified actions by the charter school. There are concerns with the ongoing operations as noted in the following list of Notices as part of ongoing oversight. This record raises concerns.

- Communications to Charter School regarding ongoing areas of non-compliance include:
    - 3/16/2018 Notice of Concern re: Schoolwide Suspension Rate and Disproportionality of Student Group Suspensions
    - 6/5/2018 Notice of Concern re: Governance Structure and Due Process
    - 6/29/2018 Notice to Cure re: Failure to Administer CAASPP Summative Assessments Schoolwide
    - 10/12/2018 Notice to Cure re: Schoolwide Suspension Rate
    - 5/22/2019 Notice to Cure re: The Hiring of Crete Academy's Governing Board President's Spouse as the School's Director of Wellness
    - 6/12/2019 Notice to Cure re: Teacher Credentialing and Brown Act Non-Compliance
    - 3/1/2021 Notice of Concern re: Application Programming Interface (API) for MiSiS
    - 9/5/2023 Notice of Concern re: Crete Academy Offering Currently Unauthorized Grade Levels
    - 10/4/2023 Uniform Complaint (UCP) re: Inappropriate Charging of Pupil Fees
    - 10/4/2023 Notice to Cure re: Inappropriate Charging of Pupil Fees for Summer School and Late Pickups)
    - 10/6/2023 Notice of Concern re: Brown Act Compliance
    - 2/21/2024 Notice to Cure Follow Up re: Inappropriate Charging of Pupil Fees and UCP process
    - 6/27/2024 Notice of Concern re: Fiscal Operations (e.g., employee tuition and student loan reimbursements, and its consistently delayed responses and submissions of CSD requested oversight items)
    - 8/27/2024 Notice to Cure Follow Up re: Fiscal Operations with the same concerns above

In response to the Notices, as well as follow-up communications from the CSD, Charter School provided information to share their remediations, and the CSD continues to monitor the school through oversight. (*See* Exhibit 4, Crete Academy Tiered Intervention Notices.)

IV. RECOMMENDATION

Based on the foregoing, District staff recommends that the Board of Education deny the Crete Academy renewal petition. The recommendation for denial is based upon on findings that Charter School does not qualify for renewal as a Low performing charter school based on performance indicators. Further, as demonstrated by Charter School's low academic performance and findings related to other performance indicators, Petitioners are demonstrably unlikely to successfully implement the educational program set forth in the petition.

Since Charter School has been designated as Low performing, the Board shall not renew the charter unless it makes both written factual findings identified in Education Code section 47607.2 (a)(4). Since Charter School's application was insufficient to merit additional written factual findings for renewal, the District is unable to make the factual findings needed to meet both of the requirements to recommend renewal of the Charter School's petition, it is recommended that the Board adopt these *Findings of Fact in Support of Denial of the Renewal Charter Petition for Crete Academy* as the Board's written findings of fact in support of the denial.

RE: Response to Findings for Denial of Crete Academy Charter Renewal Petition

Dear Board of Education:

We write in response to Los Angeles Unified School District's ("LAUSD" or the "District") findings for denial of Crete Academy's ("Crete" or the "Charter School") charter renewal petition, contained in the District Staff Report (the "Findings"). Recognizing the myriad demands on District staff, we nevertheless believe that the published Staff Report does not present an accurate review of the Crete Academy charter renewal petition, related documents, and communications between the District and the Charter School's leaders. We urge you to carefully consider the following information in evaluating the Findings, before taking action on our charter renewal petition.

Overview of Law

At the outset, we remind the District of the provisions of the Education Code that provide specific guidance to governing boards to approve the establishment of charter schools. Education Code Section 47605(c) states:

> In reviewing petitions for the establishment of charter schools . . . the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system **and that establishment of charter schools should be encouraged**.

(Emphasis added.)

As acknowledged in our charter petition, Crete falls into the low-performing category, as determined by law and the California Department of Education. However, this status designation does not mean that this Board must automatically deny the charter petition. Instead, the Board has a legal right to renew Crete's charter. As outlined in Education Code Section 47607.2(a)(4), the Board may renew Crete's charter upon making written factual findings, specific to the particular petition:

(A) That the charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(B) There is clear and convincing evidence, demonstrated by verified data, showing either of the following:

(i) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(ii) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

While not defined in the Charter Schools Act, "clear and convincing evidence" is deemed an "intermediate standard," requiring a degree of certainty greater than preponderance of the evidence (more probable than not) but less than the certainty required for a "beyond a reasonable doubt" standard. (See *Conservatorship of O.B.* (2020) 9 Cal.5th 989, 998.) Put differently, this standard is met when the evidence presented is highly probable or so clear to leave no *substantial* doubt. Here, there are a number of reasons for the District Board to have substantial doubt in relying on the Staff Report to close down a school serving a student population that is 88% socioeconomically disadvantaged and 21% homeless. Those students need this Board to look past the conclusions in the Staff Report, and instead take action to renew Crete's charter.

The Findings outlining the reasons why the Board should not find that Crete meets the standard for renewal of a low-performing charter school are not valid. Specifically, the Findings are based on inaccurate facts, inaccurate legal interpretation, or misconceptions about Crete's renewal petition. Therefore, the Findings constitute an impermissible basis for denial of the charter petition.

In summary, given the overall strength of Crete's charter petition, the team of professionals behind the Charter School, the support of interested teachers and students, and the value of and need for the Charter School within the community, the charter petition merits approval despite its low-performing status. The Findings in the Staff Repot do not support denial in these circumstances.

Below, please find excerpts of the Findings, in the order in which they were presented (in *italicized* text), immediately followed by the Charter School's response (in plain text).

District Finding A: Charter School's Application Was Insufficient to Merit Additional Written Factual Findings for Renewal

(Education Code Section 47607.2(a).) (Criterion 2)

1. Charter School's Written Plan Does Not Address Underlying Cause(s) of Low Performance

Charter School submitted an "Action Plan" to the District that was approved by the Crete Academy Governing Board at its meeting on October 10, 2024. Charter School's Action Plan ("Plan") is a table that lists various items under headings of "Action, Responsible

Party, Training/Professional Development, Assessment Tool, Timeline, and Evidence," and does not include meaningful steps Charter School is taking regarding improved student performance. Nor does the Plan identify or address the underlying cause(s) of Charter School's low performance. Rather, the table lists 29 "Action" items correlated to the CSD's Annual Performance-Based Oversight report with the majority being related to compliance in Governance. The CSD's Annual Performance-Based Oversight report's purpose is satisfy the annual legal requirement to evaluate the standard operation of charter schools. The CSD's annual report structure is not designed or intended to demonstrate the "meaningful steps" a charter school is taking to "address the underlying causes of low performance." Therefore, actions in Crete Academy's plan, such as, "Academic Committee holds agendized meetings and analyzes data and instructional practices," these actions simply demonstrate typical systems and operational practices of charter schools in general.

Crete's Response

The District is mistaken that Crete focuses the majority of its Action Plan on improving Governance and fails to include meaningful steps the Charter School is taking to improve student performance. Indeed, among the 14-page Action Plan, the District appears to overlook the six pages dedicated to "Student Achievement and Educational Performance." In that section, Crete outlines, among other things, steps to increase student achievement in English Language Arts ("ELA") and Math; to decrease distance from standard rates for all students; to provide targeted intervention to students performing in the bottom third of ELA and Math proficiency; and to ensure 95% participation rate on CAASPP and Benchmarks. Moreover, the Action Plan also includes a section on Organizational Management, Programs, and Operations, which addresses efforts to develop a written Multi-Tiered System of Supports ("MTSS") plan for Academic Achievement in ELA and Math for Tier I, II, and III interventions based on significant subgroups.

In other words, the District's finding that this Action Plan does not include meaningful steps to address the underlying causes of low performance is simply not true. Additionally, despite finding this thorough Action Plan inadequate for addressing the underlying causes of Crete's low performance, the District fails to articulate any sense of it would deem sufficient in this area, which makes this Finding a moving target. We believe we have a robust Action Plan and have presented it in a table format to clearly show how we will address the District's recommendations for improvement. A comprehensive narrative will accompany this action plan, explaining the strategies in detail.

Regarding the underlying causes of Crete's low performance, our forced move during the middle of the school year created instability for both staff and students, contributing to turnover and declining academic performance. Despite this challenge, we did our best to stabilize the situation as quickly as possible. As a condition of operation for renewal, Crete is happy to answer any questions regarding the efforts taken to address the underlying causes of its low performance, provide any requested documentation and, if the District still finds them lacking, revising them to gain the District's confidence.

2. Charter School's Verified Data Does Not Provide Clear and Convincing Evidence of Measurable Increases in Academic Achievement

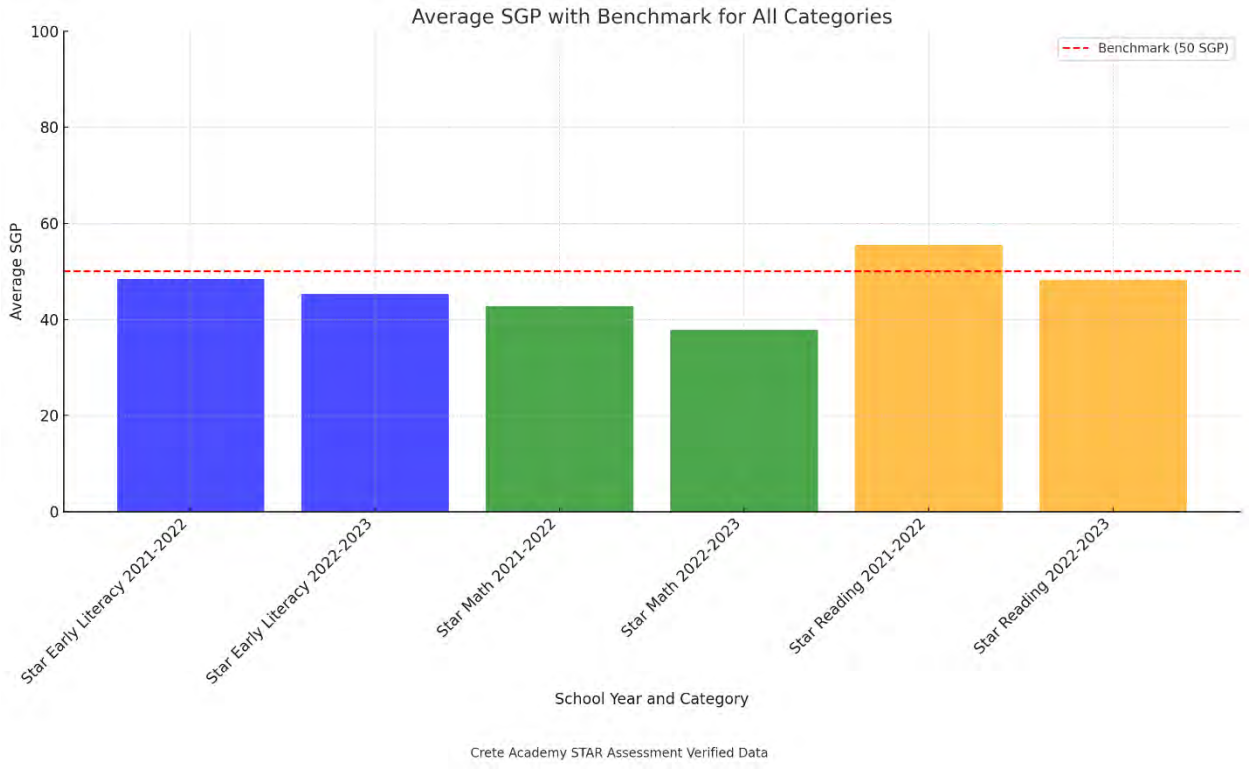
All of the STAR Growth Reports were generated on the same day at around the same time, October 30, 2024, between 4:12 p.m.–5:10 p.m. According to the publisher, STAR Renaissance, assessment data does not roll-over from year to year and the publisher shared that it resets annually every year around June 30. Therefore, the 2021-2022 STAR Growth Reports should have been generated by or before June 30, 2022. The same rule would apply to the 2022-2023 and 2023-2024 STAR Growth Reports.

By not generating the reports within the requisite timeline, Charter School's verified data only provides performance data in Reading and Math for the 283 currently enrolled students for all three years, and not the students that were actually assessed in each year. This makes Crete Academy's verified data incomplete. Additionally, data provided by Crete Academy as part of its verified data submission includes an assessment, STAR Early Literacy, that has not been adopted by the State Board of Education as verified data. Crete Academy included Fall to Spring STAR Early Literacy data for 2021-2022, 2022-2023, and 2023-2024 reports.

The data submitted by Crete Academy as verified data did not contain the information necessary to make a determination of academic performance. The reports provided either did not meet participation rates or were unable to calculate the rates based on missing information.

Crete's Response

While we believe the data submitted with the renewal charter was sufficient to document student progress, we are sharing additional data here, average student growth performance with benchmarks for all categories. The graph below visualizes Crete's verified data for SGP Star Assessments, including 2021-22 and 2022-23 STAR data. Again, we emphasize that last year 2023, in the middle of the year, we were forced out of our Proposition 39 location and had to move to a private location during the winter. This move negatively impacted both our academics and fiscal position as it was disruptive, we lost students and our entire staff was overwhelmed at a critical time, right before testing. Additionally, our student demographic is very different from the average state or LAUSD school.



We believe the Findings' criticism surrounding the STAR Early Literacy assessment is unfounded. Specifically, the SBE includes STAR Renaissance as verified data, and it does not distinguish among specific STAR assessments, as shown by the SBE's May 2023 *Adoption of the Updated List of Valid and Reliable Assessments Required by California Education Code Section 47607.2*:

Star Assessments by Renaissance	Star SGP compares a student's growth to that of their academic peers nationwide. Academic peers are students in the same grade who demonstrated a similar score history. The data used to define academic peers are drawn from historical (not real-time) Star Assessments databases, which track the performance of millions of students over time. The model helps us understand the extent to which a given student's observed score change between two periods was expected, below expectations, or above expectations, based on how students with a similar score history performed in the recent past. SGPs are reported on a scale of 1–99 and are interpreted similarly to percentile ranks, with 50 indicating typical or expected growth. Lower numbers indicate lower relative growth, and higher numbers indicate higher relative growth. For instance, if a student has an SGP of 75, it means the student has shown more growth than 75 percent of their academic peers. Star SGPs characterize growth from six different timeframes: fall to spring, fall to winter, winter to spring, spring to fall, fall to fall, and spring to spring. It's important to note that to ensure maximum precision and fairness, the Star SGP model involves time adjustments, so that students taking tests relatively early or late in a seasonal window are not advantaged or disadvantaged. In other words, a student with 300 days of learning time between fall and spring administrations of the Star Assessments does not have an

Assessment	Publisher guidance
	advantage over a student with only 220 days of learning time between fall and spring tests, because more growth will be expected of the student with more days of instructional time. If the SBE wishes to define "a year's growth" in normative terms (comparing a student's growth to academic peers), then SGP would offer the most precise option. Many states and districts using SGP for accountability or instructional purposes create a range around SGP 50 to define typical or expected growth. The most common range is 35 to 65. Students whose fall to spring SGPs are between 35 to 65 have demonstrated a year's growth in a year's time. Although SGPs can also be reported on a spring to spring basis, fall to spring may be preferred for accountability purposes since it excludes summer when most students are not in school. Operationally, it would be straightforward to code each student as achieving a year's growth if their fall to spring SGP was between 35 and 65, failing to meet a year's growth (1–34), or exceeding a year's growth (66–99).

Source: SBE May 2023 Agenda Item #02

Accordingly, it is unclear why STAR Early Literacy should be excluded from the District's consideration. Additionally, the STAR Reports show growth, but some of that growth has been questioned due to a participation rate just below 95%. However, our testing participation rate was actually very high (close to 95%), and we have since increased participation to 98%. Because we serve a population that includes families experiencing housing instability, it can be extremely difficult to ensure that every student is present for scheduled testing windows. We have made testing a top priority and utilize every available resource to test all students.

It is important to recognize that comparing the Charter School to schools serving more stable populations is inequitable. Families in transition face significant barriers that can negatively impact testing and overall academic performance. Nonetheless, we are dedicated to meeting every student's needs, despite these challenges.

We will soon have a new set of verified data supporting our response. Although our academic gains were not significant, they showed positive upward trends in student outcomes. As previously explained, one major factor contributing to last year's low performance was our mid-year move, which disrupted students and interrupted instructional continuity and testing. This move also led to student turnover, further impacting our overall academic outcomes. Teachers had to restart classroom routines, acclimate students to the new environment, and reestablish a sense of stability, which took time and energy away from instruction.

District Finding B: Charter School Is Demonstrably Unlikely to Successfully Implement the Program Set Forth in the Petition

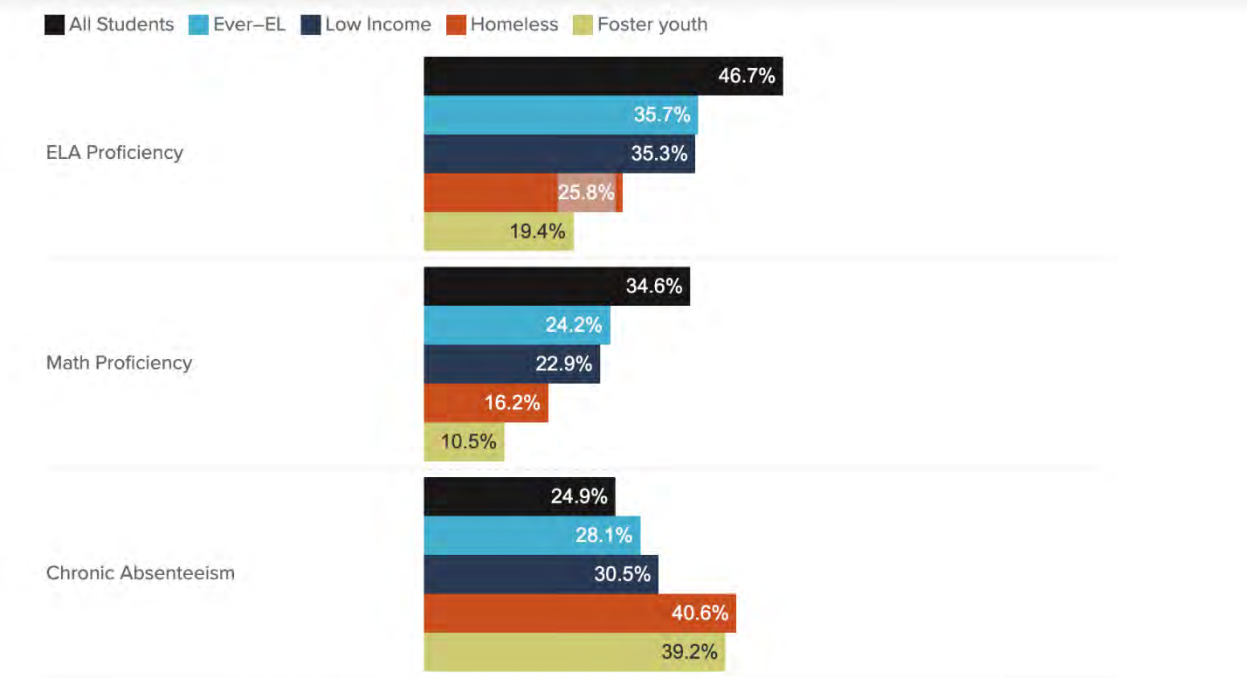
(Education Code Section 47605(c)(2).) (Criterion 1)

1. Crete Academy has failed to effectively monitor and address academic achievement progress over the course of the charter term.

Crete's Response

The District improperly relies on the fact that Crete is a low performing charter school in support of its conclusion that it failed to effectively monitor and address academic achievement progress over the course of the charter term. As previously explained, being identified as a low performing charter school does not preclude the possibility of a charter petition being renewed, including the finding that, despite its low-performing status, the Charter School is demonstrably likely to successfully implement the proposed educational program. Nevertheless, the District uses this status as evidence against making any further findings. This circular reasoning misapplies the appropriate legal standard and, instead, appears to argue the misguided notion that low-performing schools will inherently be unable to make this additional showing by virtue of their low-performing status. This is not the correct legal standard, and Crete's petition should not be denied pursuant to this flawed reasoning.

The District also relies on Crete Academy's Annual Performance-Based Oversight Visit reports for the last seven years, in which the Charter School did not earn a rating higher than 2 (Developing) in Student Achievement and Educational Performance and earned a rating of 1 (Unsatisfactory) in 2023-24. However, this analysis overlooks the context in which Crete operates. Recent data on homeless students in California—who perform worse academically than their low-income and English Learner peers—reflects a nationwide trend of lower graduation rates, higher chronic absenteeism, and higher dropout rates among homeless youth. According to 2022-23 data, math proficiency for homeless students is 16.2% and ELA proficiency is 25.8%. Moreover, while approximately 4% of California's student population is unhoused, Crete Academy currently serves a population that is 35% unhoused.



Source: [Public Policy Institute of California Blog, March 2024]

Because we actively recruit students directly from shelters and through referrals from families experiencing homelessness, many of our new students arrive with significant academic gaps due to unstable living situations. Consequently, comparing Crete Academy's academic performance to state averages—or to schools that do not specifically recruit from shelters—creates a fundamentally inequitable comparison. Despite these challenges, we do not shy away from our mission to bring all of our students up to speed.

For instance, many of our sixth graders enter Crete reading at a Transitional Kindergarten or Kindergarten level. Although they may still score below proficiency on state tests, they often make substantial academic gains under our intensive interventions, reflecting a profound improvement—even if it is not yet grade-level mastery. Moving our school's score from a "1" to a "2" on state assessments can be a big lift, which is why we work with partners to improve academic outcomes. These partnerships include School on Wheels, Brotherhood Crusade and the Children Youth Family Collaborative that

provide tutoring, mentoring and other academic resources for our unhoused students that are most in need of support.

Additionally, the mid-year relocation of our school disrupted instruction and affected academic consistency, as shown by our performance data. However, it is important to note that Crete Academy's population of unhoused students grows by about 25% each year. Through our Harmony Program, we offer case management, counseling services, and housing resources, helping families stabilize so that students can thrive academically and socially.

Finally, to evaluate Crete Academy fairly, it is crucial to compare us to schools serving a similar demographic, particularly those with a comparable percentage of unhoused and African American or Latinx students. Few schools actively recruit from homeless shelters, which places our student population and performance metrics in a unique context. Despite these inherent challenges, we remain steadfast in our commitment to providing a high-quality educational experience for all of our students, especially those who need it most.

2. ***The Crete Academy Governing Board and School Leadership are demonstrably unlikely to successfully implement the program considering the consistent and ongoing areas of non-compliance that have necessitated tiered intervention over the course of the charter term.***

Crete's Response

Crete's responses to the District's numerous notices show our willingness and intent to take meaningful steps to address any issues identified by the District. Had the District believed any of these concerns were grounds for revocation, the District could have initiated these procedures. It did not. Now, the Findings misconstrue Crete's commitment to addressing any concerns by the District as an inability to successfully implement the program. Such a leap in logic does not hold water, and any prior strife with Crete Academy should not outweigh the benefits the Charter School brings to the unique community it serves. Contrary to the narrative surrounding the concerns identified in the Notices, Crete has promptly responded to an astounding 14 oversight requests, five of which were doubled-up, over the course of Crete's latest charter term.

We would like to address these communications from the District to provide important context where necessary:

1. **March 16, 2018 – Notice of Concern: Schoolwide Suspension Rate and Disproportionality of Student Group Suspensions**

We once had a high suspension rate, but in recent years, it has been reduced to near zero. Currently, we have one of the lowest suspension rates in the state. Crete Academy has been awarded a restorative justice grant from UCLA and UC Berkeley. Our team has been invited by UCLA and LACOE Community Schools to train other schools on maintaining low suspension rates and implementing restorative discipline.

2. **October 4, 2023 – Notice to Cure: Inappropriate Charging of Pupil Fees for Summer School and Late Pickups**
    a. **February 21, 2024 – Notice to Cure Follow-Up: Inappropriate Charging of Pupil Fees and UCP Process**

We run year-round programs at a financial deficit to provide additional academic support. The fees were intended to offset staff overtime costs for late pickups, and there was only one formal parent complaint. We promptly resolved it, updated our policies, and all affected students remain enrolled at Crete.

3. **June 27, 2024 – Notice of Concern: Fiscal Operations (Employee Tuition and Student Loan Reimbursements, and Delayed Response to CSD Oversight Items)**
    a. **August 27, 2024 – Notice to Cure Follow-Up: Fiscal Operations (Same Concerns)**

Upon review, it was determined there was no wrongdoing in our fiscal practices, though we acknowledge delays in providing the requested documentation. Once the District received the information, they confirmed our checks and balances were intact, and no inappropriate reimbursements were made. In fact, the District had encouraged us to support teacher shortages by offering reimbursements internally, rather than through a third party.

To improve responsiveness, Crete Academy changed the CSD contact from Hattie Mitchell to Brett Mitchell. Since then, we have met all deadlines and communications in a timely manner. The remaining responses to the notices will be provided in an email attachment.

Despite disagreeing with CSD and CSD's approach on matters of oversight and renewal, Crete has still acted in good faith by responding to CSD's inquiries. Yet, for all of Crete's attempts at providing full transparency, implementing a slew of corrective measures, and requesting iterative feedback from the District, Crete continues to receive messages of doubt from the District that Crete finds to be an impossible hurdle to overcome–that the effort by Crete's administration is not good enough. We believe our responses have shown us to be willing and able to respond to District concerns in order to ensure the continued operation of Crete and serve our unique community. It is unfortunate that the Findings find these responses to indicate the opposite.

Conclusion

Overall, while Crete Academy acknowledges there have been challenges related to academic performance, student turnover, and operational compliance, we are continuously improving our processes. We remain committed to serving our unhoused and high-need student population. Through sustained effort and ongoing partnerships, we believe we can continue to make strides academically, socially, and operationally—fulfilling our mission to serve as a stable, nurturing environment for the students and families who need it most. Should you wish to discuss our responses to any of the above findings or require additional information, please do not hesitate to contact me at bmitchell@creteacademy.org or 310-849-2119 anytime.

Re: Crete Academy Renewal Petition Appeal to the Los Angeles County Board of Education

Dear Superintendent Duardo:

Crete Academy's (the "Charter School") charter renewal petition was submitted to the Los Angeles Unified School District ("LAUSD") on October 17, 2024. The LAUSD Board of Education voted to deny the petition on January 14, 2025.

The Charter School respectfully submits its charter renewal petition on appeal to the Los Angeles County Board of Education (the "County Board"). We have listed below the relevant and appropriate changes to the charter petition, which are necessary to reflect approval by the County:

1. Chartering Authority

Any text referring to the Los Angeles Unified School District, LAUSD, or the District as the chartering authority or oversight entity would be revised to read "Los Angeles County Board of Education," "Los Angeles County Office of Education," "LACBOE," "LACOE," or the "County."

2. Compliance with County Board Policy and Memorandum of Understanding

Any language inconsistent, or potentially inconsistent, with County Board Policy or the County's charter school Memorandum of Understanding will be discussed among the parties to agree to a cure.

3. LAUSD District Required Language

As is required for charter petitions submitted to LAUSD, the Charter School's charter contains all LAUSD District Required Language ("DRL"), which LAUSD also purports to call Federal, State, and District Required Language. While some portions of DRL are not objectionable to the Charter School and contribute to a reasonably comprehensive description of required charter elements, many provisions would be inapplicable, were the County Board to renew Los Angeles Leadership Academy's charter. Accordingly, the Charter School proposes to work with County staff, if the County Board approves the renewal, to agree to revisions to DRL that would make the charter reflect the County Board as the authorizer.

We will make every effort to submit any supplemental documentation that the County may request in a timely manner. We look forward to working with the County Board and the Los Angeles County Office of Education during consideration of the charter establishment petition. Please feel free to contact me at bmitchell@creteacademy.org or 310-849-2119 if you have any questions.

Sincerely,

Signed by:

Assurances, Affirmations, and Declarations

Crete Academy (also referred to herein as "Crete" and "Charter School") shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter "Ed. Code") § 47605(e)(1).)

- Not charge tuition. (Ed. Code § 47605(e)(1).)

- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status. (Ed. Code § 47605(e)(1); Ed. Code § 220.)

- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(e)(1).)

- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(e)(2)(A).)

- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School's capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as "LAUSD" and "District"). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. (Ed. Code § 47605(e)(2)(B).)

- Charter school shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code section 47605(e)(2)(B)(iii). (Ed. Code § 47605(e)(4).)

- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(e)(3).)

- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(d)(1).)

- Consult, on a regular basis, with Charter School's parents, legal guardians, and teachers regarding the school's educational programs. (Ed. Code § 47605(d)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School's employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

Element 1 – The Educational Program

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." (Ed. Code § 47605(c)(5)(A)(i).)

"The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals." (Ed. Code § 47605(c)(5)(A)(ii).)

"If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements." (Ed. Code § 47605(c)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School "shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan." (Ed. Code § 47606.5(d).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

WASC ACCREDITATION

If Charter School serves students in grades 9-12, before Charter School graduates its first class of students, Charter School shall obtain, and thereafter maintain, Western Association of Schools and Colleges (WASC) accreditation.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD Master Plan for English Learners and Standard English Learners or Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

FEDERAL LAW COMPLIANCE

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

SPECIAL EDUCATION PROGRAM

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education

services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA REORGANIZATION

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

USE OF DISTRICT'S SPECIAL EDUCATION POLICIES AND PROCEDURES AND DATA SYSTEMS

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-

based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a web based Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data. .

Community Need for Charter School

2. Crete Academy Has and Will Continue to Meet the Needs of the Community

Crete Academy Inc., a California nonprofit public benefit corporation with 501(c)(3) tax-exempt status, is proud to submit the Crete Academy charter petition for renewal to LAUSD. Crete Academy is committed to providing a high-quality, rigorous educational program with wrap-around services to historically disadvantaged students in grades TK-6. At Crete Academy, every student has a chance to attend a high-quality Charter School that best meets their individual and familial needs, and every student has the opportunity and support to be successful.

Crete Academy has and will continue to meet the needs of the community by fulfilling the mission and vision of the Charter School. Crete Academy was founded by a group of individuals passionate about creating opportunities for children living in poverty. The vision for the school came about from the Founder's own educational experience in rural central California, coupled with a life-changing experience on Skid Row, twenty years ago. Reflecting on the inequalities around her, the Founder concluded that homelessness is a social injustice. Moreover, to end the cycle of poverty, children need a quality education and access to services, which are critical to meet their basic needs: physical, mental and emotional. Although there are many organizations addressing the immediate issues of homelessness in and around the Los Angeles, Crete Academy is uniquely designed to meet the needs of children who are living homeless or in poverty. Crete seeks to end the cycle of poverty by giving children the resources and skills to thrive.

Definition of parent used throughout the Charter Petition
A parent is defined as any individual who has a legal or caregiving responsibility for a child, encompassing a variety of roles and relationships. This includes biological parents, legal guardians, foster parents, caregivers, and those residing in group homes. Additionally, the term extends to educational rights holders, individuals who are authorized to make decisions regarding a child's education and welfare. Each of these roles plays a crucial part in providing support, guidance, and advocacy for the child's development and well-being. The term parent will be used throughout the charter petition connoting all the definitions included herein.

Serving the Community
Crete Academy serves a community who is majority African American/Black, Latino, low-income, many who are homeless or unhoused and English Learners. Crete Academy serves a highly transient population. Due to the economy, the mobility at Crete Academy has increased.

From the outset, Crete's students' status in society and the resulting issues that they face have been central to the Charter School's educational approach. Critical issues students face include, but are not limited to:

- poverty;
- meals and food security;
- housing;
- access to health care;
- Students with Limited or Interrupted Formal Education ("SLIFE");
- feeling of disempowerment and dependency; and,
- family separation, which is particularly hard on the youth.

Crete realizes that no individual can be successful academically unless these issues are addressed. Experience teaches us that despite these circumstances, students can and do succeed in pursuit of their goals. Crete is a school community that goes beyond traditional academic instruction to provide a wide range of services and support to students and their families. Crete fulfills a vital need in the community, proudly serving diverse families who are historically underserved, with the support and collaboration of the community.

Based on the extraordinary needs of the students served, the community has shared through survey results their confidence in Crete Academy by advocating for the students and helping them to advocate for themselves. Most of the students have experienced trauma and have overcome this trauma with the support of the Harmony Center and school community. Students who have promoted from Crete Academy have gone on to be successful in secondary education. The key data used to define success in secondary education and slow and steady growth in elementary education.

Justifications to Renew for a Two Year Term

Crete is proud of its accomplishments during the current charter term. Crete remains committed to supporting historically disadvantaged students through providing interventions and opportunities to ensure every student achieves their fullest potential. Crete utilizes a personalized approach to bring every student to grade level or beyond. Crete consistently supports students, families and the community, to ensure students are ready for college and career.

During the 2017 to 2025 term, Crete achieved the following successes:

1. The Charter School has presented a **sound educational program**.
   - Average student-teacher ratio is **18:1**.
   - Charter School offers **personalized support** to ensure students make progress toward meeting Renaissance STAR growth in Reading and Math.
   - **Curriculum is aligned with California State Standards** including but not limited to, the Common Core State Standards ("CCSS"), Next Generation Science Standards ("NGSS"), History-Social Science Framework, remaining State Content

Standards, and English Language Development ("ELD") Standards (hereinafter collectively referred to as the "State Standards").

- The Charter School has demonstrated **one year's progress in one year's time** on the verified data of Renaissance STAR outcomes in Reading and Math.

LAUSD, parents, guardians, and the **community as a whole have also benefited**:

- The Charter School has a **clearly defined mission** to provide opportunity for children **living in poverty and experiencing homelessness** in their greater community.
- The Charter School improves economic opportunity for families and the community by **increasing academic achievement and English language acquisition for low-income students and students of color**.
- The Charter School has **strong parent/guardian and community investment** in the Charter School and is **supported by local partnerships**.
- Students and families also support local organizations through **community service**.

2. The Charter School has shown that it is demonstrably likely **to successfully implement the proposed educational program**.

- **Nearly 90% of students at the Charter School reported that they feel safe and connected** to the Charter School community based on the Local Climate Survey in 2024.
- **Nearly 90% of parents at the Charter School reported that their children are well-prepared for the next school year** based on the Local Climate Survey in 2024.
- **The Charter School is a diverse, 21st Century School.** Crete's enrollment includes the following numerically significant student subgroups: 92.7% were SED students; 7.3% of students were EL; 15.2% were Homeless Youth; 4.2% were Foster Youth, 63% were African American/Black, 35.5% were Latino, and 8.5% were Students with Disabilities.
- The Charter School serves a **significantly higher percentage of Foster Youth, Homeless Youth, Socioeconomically Disadvantaged students, and African American/Black students** than the District or the State.
-
- The Charter School has demonstrated **one year's progress in one year's time** on the verified data of Renaissance STAR outcomes in Reading and Math.
- **The Charter School provides a range of professional development opportunities for its teachers and staff.** Professional Development opportunities are paramount at Crete. All staff members have completed required training courses, including all mandated and legally required. Crete's teachers work collaboratively to best serve the students at Crete and also learn together in focused trainings. These trainings have included and will continue to include: suicide prevention and awareness, alternative to suspension, instructional strategies to promote academic engagement, instructional strategies to support homeless and FY, instructional strategies to support ELs, increasing academic achievement in

English, history, math, and science, classroom management, de-escalation strategies, Positive Behavior Intervention and Supports ("PBIS"), Understanding by Design ("UbD"), Positive School-wide Climate and Culture, Culturally Relevant Pedagogy, student choice and voice in the classroom, (Growth) Mindset Matters, addressing learning modalities, and the development of diversity, equity, and inclusion goals. Teachers are offered professional development opportunities for two weeks over the summer and monthly to ensure the application of new concepts and successful implementation of new skills. In addition, new teachers are given additional support. Most importantly, the Charter School examines a variety of internal and external assessments to determine progress and areas of opportunities. These assessments include Smarter Balance Assessment Consortium ("SBAC"), English Language Proficiency Assessments for California ("ELPAC"), Renaissance STAR, curriculum embedded assessments, attendance, and behavior. During these data analysis sessions, the administrators, teachers, and staff analyze their students' assessment data to identify common areas of opportunity. Finally, the teachers then revise lesson plans using UbD to focus on the areas of opportunities. Administration assesses the impact of these data analysis sessions by conducting frequent classroom walk-throughs, classroom observations, and by providing meaningful feedback to teachers and staff. Teachers are encouraged to attend workshops and seminars. For example, staff may choose to attend the California Charter School Association Annual Conference. Many staff members also participate in a variety of local and County conferences and workshops.

- **The Charter School has established an effective communication and student record system.** PowerSchool, Crete's Student Information System ("SIS") is a powerful, easy-to-use communication tool which enables students, parents/guardians, teachers, and administrators to work together to improve student achievement. With ClassDojo (Crete's general broadcast system), teachers and administrators can send student-specific and general messages home whenever necessary via telephone, text message, or via electronic mail. Messages can also be sent concerning school events and emergencies, or individual communications sent to each parent/guardian concerning their child's school experience and attendance. Crete also utilizes Google Classroom, Teacher Newsletters, and its own website.
- **The Charter School is an integral part of the local community.** Crete is focused on providing students opportunities to be academically and socially emotionally successful. Moreover, students engage and interact with the community at large through community service activities, participation in clubs, groups, activities to develop school culture, and mentorship. Crete students are an integral part of the community and recognize the challenges in the world around them.
- **The Charter School provides value to their school community**, in comparison to schools they would otherwise attend. Looking at culture data comparisons to the District and Neighboring Schools, Crete has achieved **lower suspensions and chronic absenteeism rates.**

3. The Charter School is **serving all students** who wish to attend.
   - The Charter School has a respected **history of serving historically disadvantaged students**, including "racial and ethnic pupils, special education pupils, and English Learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5 that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." The best evidence that Crete is serving all students who wish to attend is that it is serving these historically disadvantaged populations in numbers, on a percentage basis, which are higher than the territorial jurisdiction of the District with respect to Foster Youth, Homeless Youth, Socioeconomically Disadvantaged students, and African American/Black students,
   - The Charter School serves **historically marginalized populations**. In fact, Crete **enrolls a significantly higher percentage of Foster Youth, Homeless Youth, Socioeconomically Disadvantaged students, and African American/Black students compared to the District, State, and neighboring schools.**
   - The Charter School's attendance rate has remained constant over the last five years of the charter term with an **average daily attendance rate of over 91%.**

4. The Charter School's **petition is reasonably comprehensive**.
   This charter petition is reasonably comprehensive. The petition contains reasonably comprehensive descriptions for each element and fully describes the program illustrating how **Crete will continue to meet its goals and objectives** described herein. Crete will continue to benefit the District by providing parents within its jurisdiction with another great choice and expanded educational opportunities for their children.

5. The Charter School **satisfies the academic renewal criteria** for a two-year renewal.
   Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard ("Dashboard"), and the performance of the Charter School on assessments deemed to be "verified data."
   - The Charter School has made progress toward meeting standards, as evidenced by its **improvement on CAASPP from 2019 to 2023 in ELA and 2019 to 2022 in Math**.
   - The Charter School has demonstrated **one year's progress in one year's time** on the verified data of Renaissance STAR outcomes in Reading and Math.

As part of continuous improvement, Crete Academy acknowledges areas of improvement and has developed a comprehensive written Action Plan to address the areas of improvement. The Crete Academy Board approved this plan and expects monthly updates from Charter School administrative staff on the growth of the Charter School. The specific

steps to be taken will demonstrate successful improvement in governance, student achievement and educational performance, organizational management, programs, and operations, and fiscal operations.

The Dashboard state indicators include the following:

- Chronic Absenteeism: kindergarten through grade eight
- Suspension Rate: kindergarten through grade twelve
- English Learner Progress: grades one through twelve
- Graduation Rate: high school only
- College/Career: high school only (Note: The College/Career Indicator was not reported on the 2022 Dashboard)
- Academic: grades three through eight and grade eleven – English language Arts ("ELA")/literacy and Mathematics ("Math")

Crete fits into the low performing category, as determined by law and the California Department of Education, and as clearly demonstrated by the evidence, meets the criterion for charter renewal for a term of two (2) years, as demonstrated below.

Dashboard Performance Renewal Criteria – Low Performing
Education Code Section 47607.2(a) states:

(1) The chartering authority shall not renew a charter if either of the following apply for two consecutive years immediately preceding the renewal decision:
  (A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.
  (B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.
(2) ...
(3) A charter school that meets the criteria established by this subdivision and paragraph (2) of subdivision (c) of Section 47607 shall only qualify for treatment under this subdivision.
(4) The chartering authority **shall consider the following factors**, and may renew a charter that meets the criteria in paragraph (1) or (2) only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:
  (A) that the charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(B) There is clear and convincing evidence showing either of the following:
(i) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.
(ii) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.
(C) Clauses (i) and (ii) of subparagraph (B) shall be demonstrated by verified data, as defined in subdivision (c).
(5) …
(6) For a charter renewed pursuant to this subdivision, the chartering authority may grant a renewal for a period of two years. (Emphasis added.)

"Measurements of academic performance" are defined in statute as "statewide assessments in the California Assessment of Student Performance and Progress ('CAASPP') system, or any successor system, the English Language Proficiency Assessments for California, or any successor system, and the college and career readiness indicator." (Education Code Section 47607(c)(3)).

Dashboard Performance

The 2023 California State Dashboard identifies performance levels using one of five status levels (ranging from Very Low (red), Low, Medium, High, and Very High (blue)) for state measures. Please note that the status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are effectively reversed (ranging from Very High (red), High, Medium, Low, and Very Low (blue)).

The following table displays the State's and Crete's performance on statewide and local indicators for the 2019, 2022, and 2023 Dashboard[1].

[1] Due to the COVID-19 pandemic, state law has suspended the reporting of state and local indicators on the 2020 and 2021 Dashboard. Crete had no performance colors in 2018.

Crete experienced an overall, year over year, increase in DFS in ELA performance from 2019 to 2023. Crete also included year over year increase in DFS in Math performance from 2019-2022. The focus on ELA improved student performance in 2023, and the Charter School has added additional focus and instructional strategies to ELA and Math in 2024. The Suspension Rate and Chronic Absenteeism Rate far exceed the State for all years of the charter term.

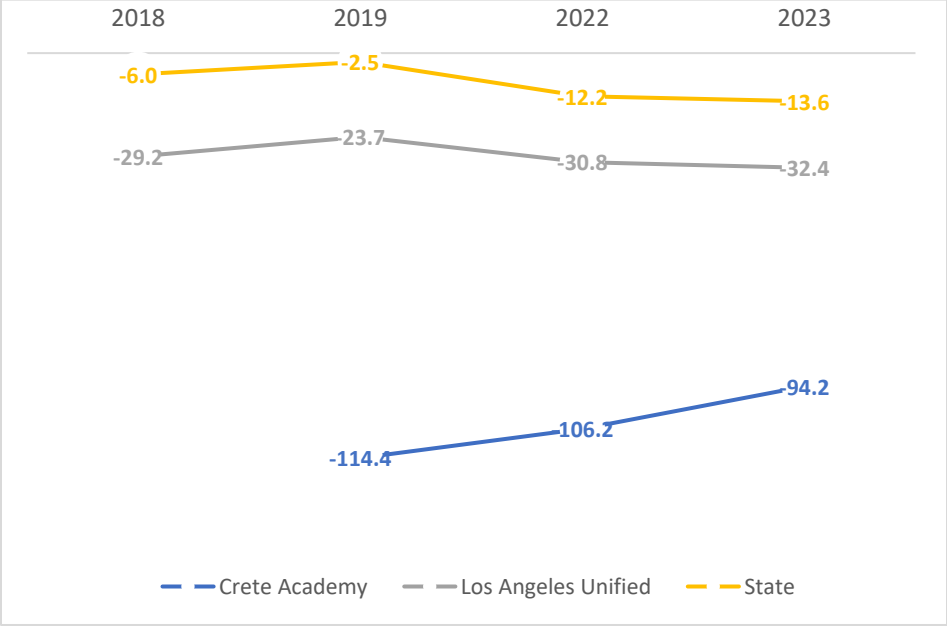
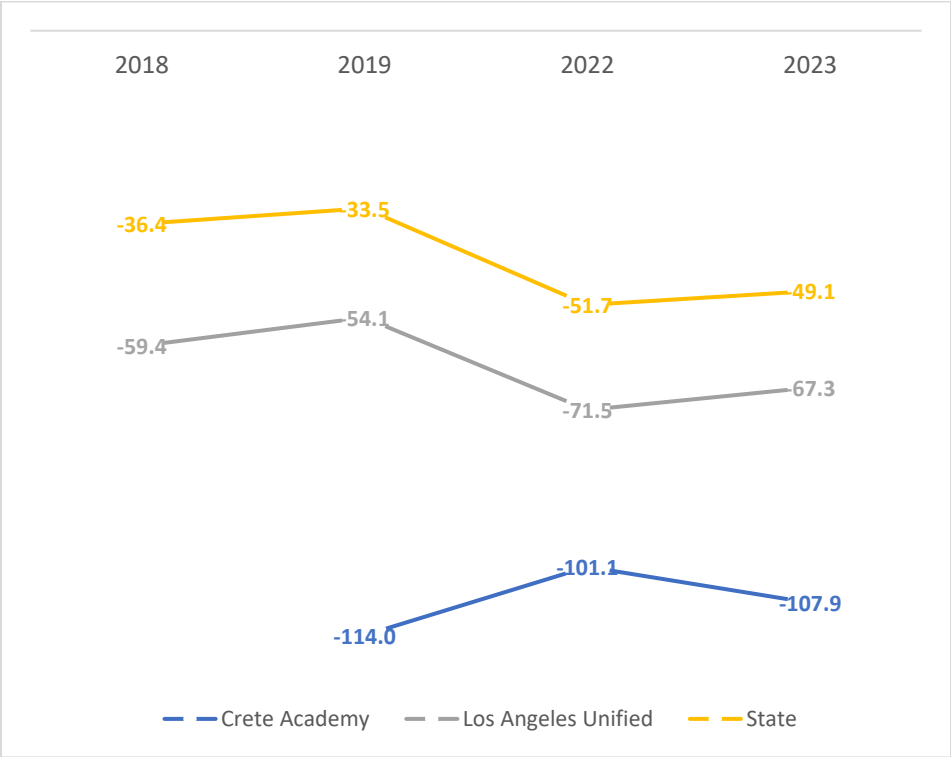
Chart 1.1: SBAC ELA DFS Comparisons by Crete, LAUSD, and State 2018-2023 from CAASPP



Although overall Crete Academy remains below the State average in ELA, Crete has also experienced a year-over-year increase in DFS since 2019. Additionally, ELA results for English Learners, Latino, and African American/Black students have shown an upward trend since 2019, with consistent year-over-year increases. Moreover, no student groups have dipped below their pre-pandemic (2018-2019) average DFS for ELA. This has been achieved by deep focus on curriculum, academic intervention, and data driven conversations.

Chart 1.2: SBAC Math DFS Comparisons by Crete, LAUSD, and State 2018-2023 from CAASPP



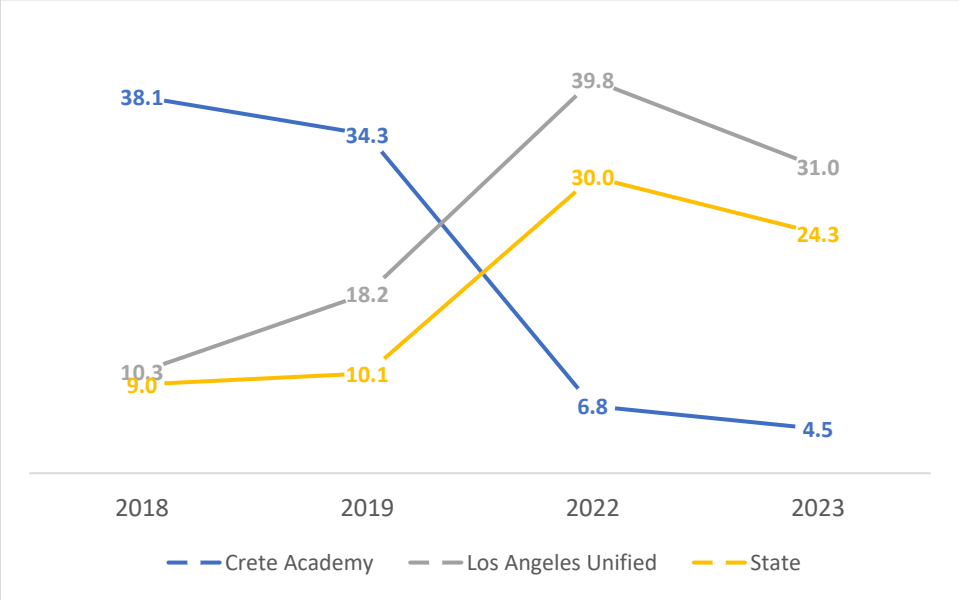
Crete has performed below the state average in Math since 2019; however, Crete's scores have not dropped below pre-pandemic performance in 2019. Crete experienced a decline in Math DFS from 2022 to 2023. The reason for this was overfocusing on ELA, and not focusing as much on the data and instructional strategies needed to improve achievement in Math. The action plan included deeper academic intervention, curriculum fidelity, and data driven conversations in both ELA and Math.

Other Dashboard Measures

Crete is proud of its performance on the Dashboard indicators for Chronic Absence Rate and Suspension Rate and is improving its performance on English Learner Performance Indicator.

Chronic Absenteeism Rate

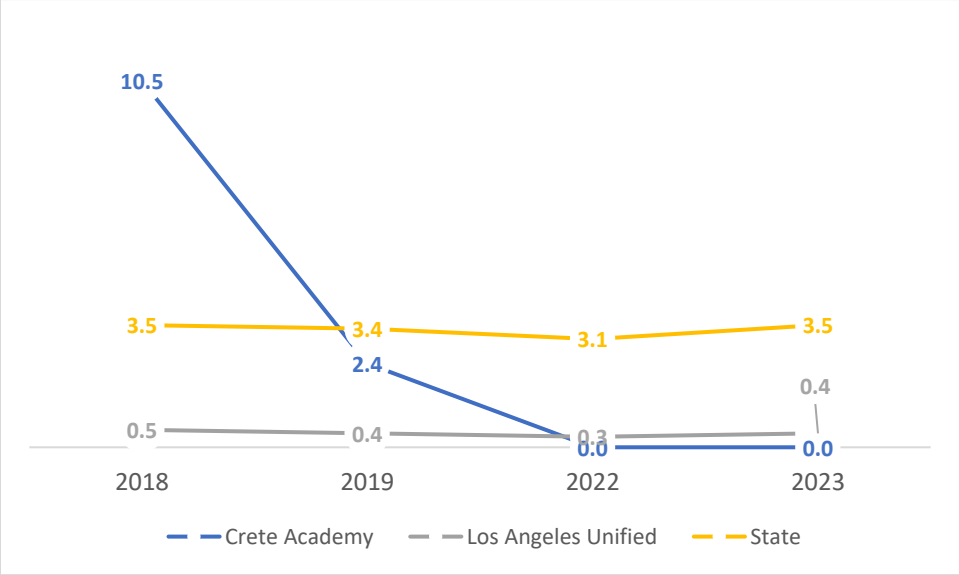
Chart 1.3: Chronic Absenteeism Rate Comparisons by Crete, LAUSD, and State 2018-2023 from CA School Dashboard



Since 2018, Crete's rates of chronic absenteeism declined significantly from 2018 to 2023. Crete's rates of chronic absenteeism are below the District and the State's average in 2022 and 2023. Additionally, in 2023, the rate of chronic absenteeism for African American/Black, Latino, and Low Income students at Crete is dramatically below the District and the State's average.

Suspension Rate

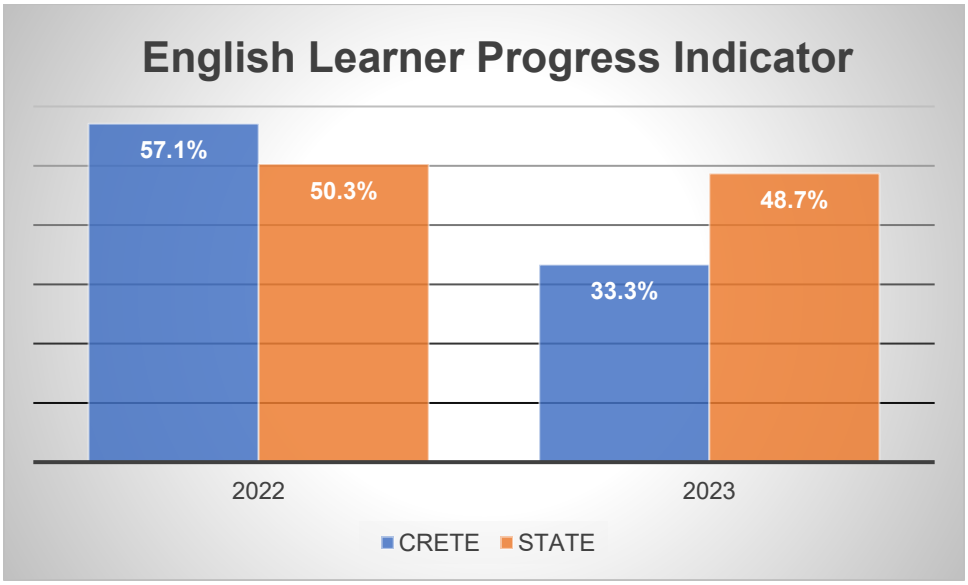
Chart 1.4: Suspension Rate Comparisons by Crete, LAUSD, and State 2018-2023 from CA School Dashboard



At Crete, no suspensions were reported in 2022 and 2023. This is a significant improvement from a 10% suspension rate in 2018. Crete's rates of suspension are below the State and District average in 2022 and 2023. Suspension rates across student groups at Crete were below the the District and the State's, average in 2022 and 2023.

English Learner Progress

Chart 1.5: English Learner Progress Indicator Comparisons by Crete and State 2022 and 2023 from CA School Dashboard



Year-over-Year Progress

Crete students met the Renaissance STAR threshold for a year's progress in Math for Fall to Spring results in the past three school years. Students met the threshold for a year's progress in Reading in the 2021-22 and 2022-23 school year. According to state guidance, students whose Fall to Spring SGPs are between 35 to 65 have demonstrated a year's growth in a year's time. This is clear and convincing evidence showing that the Charter School achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

*Table 1.3: Crete Students Median Growth Percentile in Math and Reading from Fall to Spring (2022 - 2024 School Years)**

School Year	Math	Reading
2023-24	38	30
2022-23	46	45
2021-22	36	57

*Groups of students with a median growth percentile of 35+ are considered to have made a year or more progress in that subject. "Reading" results also include 1-3rd graders' Early Literacy growth.

Crete supports students in reaching measurable increases in academic achievement in one year's time, as evidenced by verified data. Crete students met Renaissance STAR threshold for a year's progress in Math from 2021-2024. Although Crete was just below

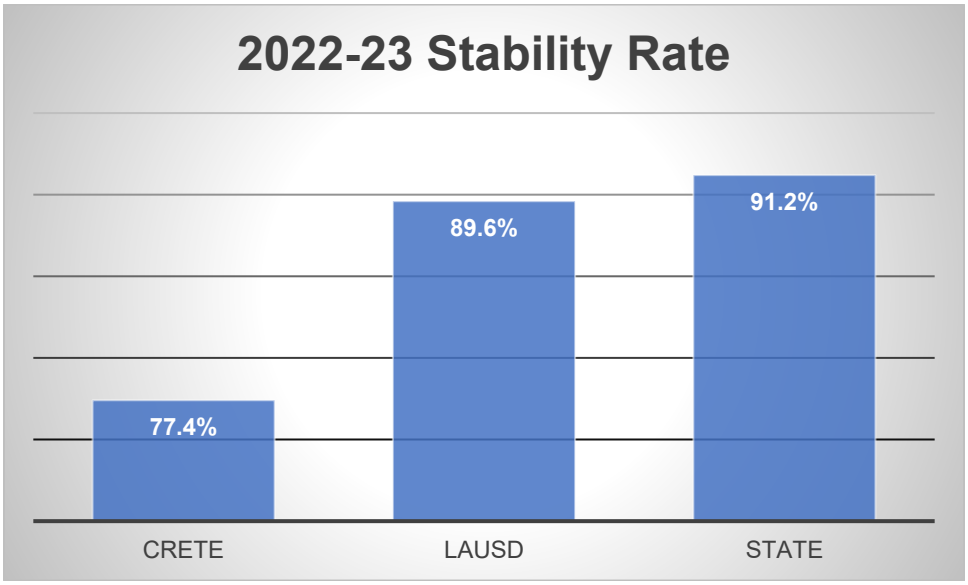
the threshold in Reading in 2023-2024, students met the threshold in Reading in the 2021-2022 and 2022-2023 school years.

Other Data Considerations

Stability Rate

It should be noted that based on the nature of the Charter School, the population has a high transiency rate and therefore, the stability rate of the students is lower than that of the District, and the State. The CDE developed a stability rate measure to identify the number and percent of students who receive a "full year" of learning in the same school. Though this is not an accountability measure, the stability rate report is intended to support educators and other educational partners to better understand the needs of students and to support academic and social emotional needs of students and families.

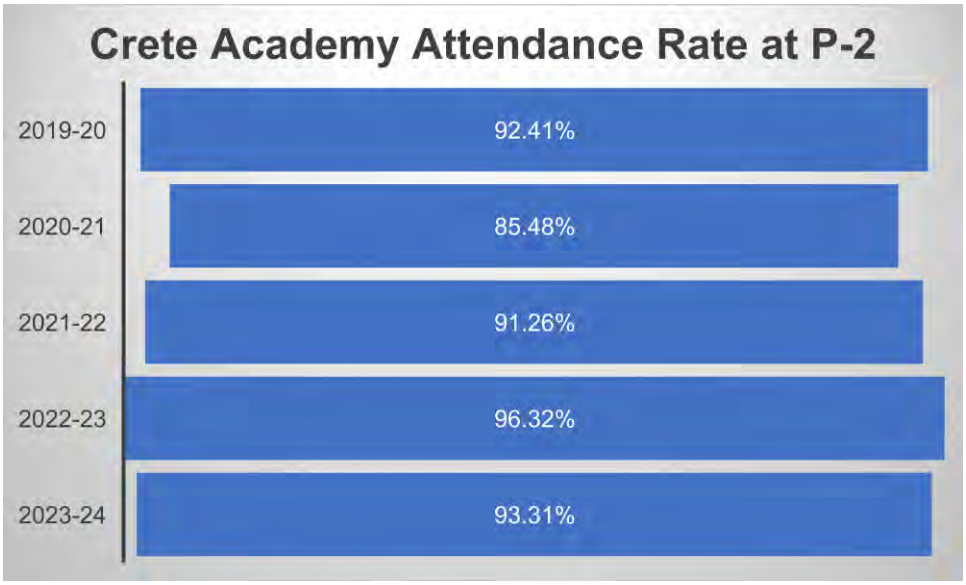
Chart 1.6: 2022-23 Stability Rate Comparison of Crete Academy, LAUSD, and State from DataQuest



Crete has a stability rate of 77.4%, while the District schools have a stability rate of 89.6%, and the State has a stability rate of 91.2%. Crete has a very low stability rate because of the population that is served which is highly transient and mobile, and particularly because of its high percentage of Homeless Youth. Crete's stability rate is 12.2% lower than the District and 13.8% lower than the State. Crete has developed procedures to best serve students and families who enter the Charter School on a rolling basis and many of whom do not experience a "full year" of instruction at the same school. The fact that Crete is able to demonstrate improvement in academic achievement with such a highly mobile student population is a testimony of their commitment to serving the community.

Attendance Rate

Chart 1.7: Crete Schoolwide Attendance Rate Based on P-2 Attendance Reports from the 2019-20, 2020-21, 2021-22, 2022-23, and 2023-24 from CALPADS

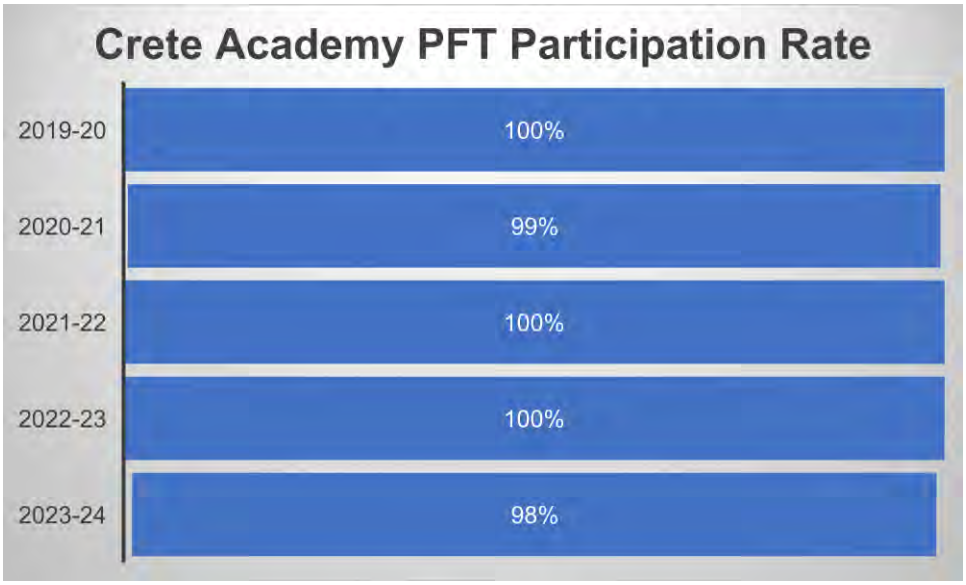


Crete is proud that the average attendance rate over the last five years averages 91.7%. This is notable because the students want to attend Crete, and the strategies used to ensure students attend school, like providing transportation, are working.

Physical Fitness Test

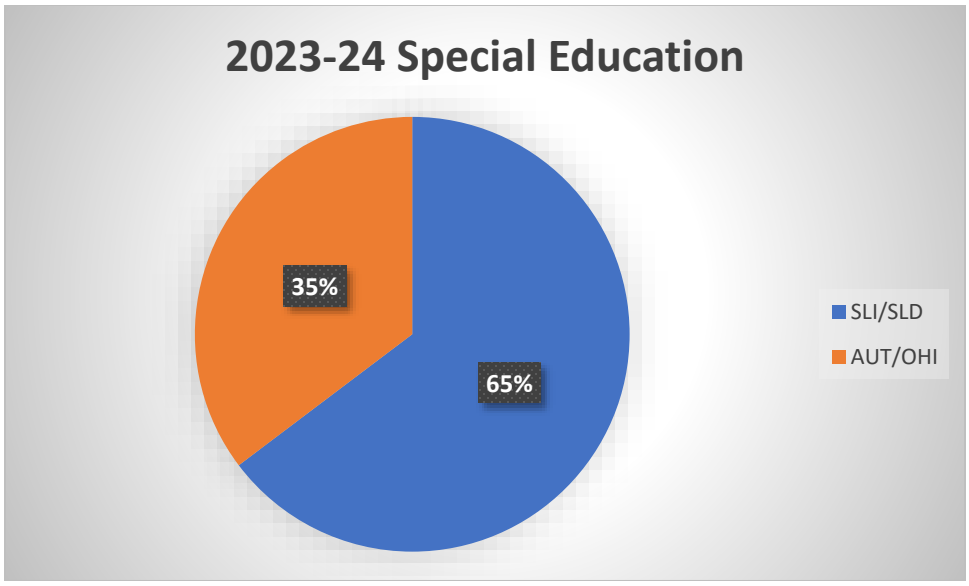
In order to fulfill the vision and mission of the Charter School, the high percentage of the participation rate is extraordinary. Crete meets the student's physical, mental and emotional needs while developing strong character.

Chart 1.8: Crete Schoolwide PFT Participation Rate from the 2019-20, 2020-21, 2021-22, 2022-23, and 2023-24 from Internal PFT Participation Rate



Special Education
Crete Academy is an Option 1 School of LAUSD, and it serves all students regardless of their disability.

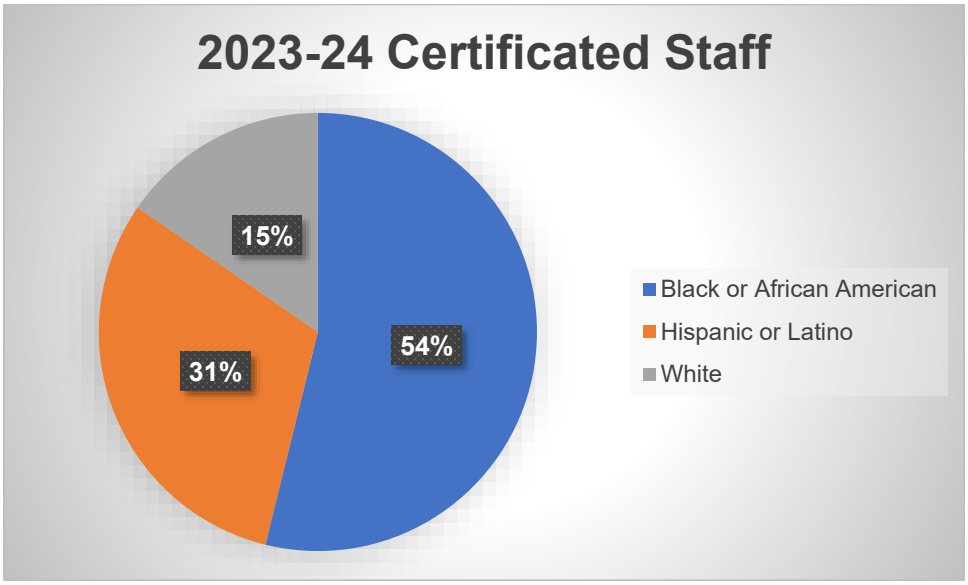
Chart 1.9: 2023-24 Students of Disabilities at Crete Academy from Welligent



A strength of Crete is that the ethnicity of the certificated staff is highly reflective of the student population. 54% of Crete's certificated staff are Black or African American and

31% are Latino, which provides the students with teachers who look like them and who have similar cultural experiences. The remaining certificated staff is 15% white, all of whom are committed to the vision and mission of the Charter School. The sense of belonging created by Crete staff for its students is pivotal to their academic and social emotional growth.

Chart 1.10: Crete's Ethnicity of Certificated Staff in 2023-24



Beyond the Dashboard and CAASPP measures, Crete is closing the achievement gap through year over year progress despite the challenges faced by the students and families. Renewal of the Crete Academy charter is in the best interest of the hundreds on students it serves each year who may not otherwise have access to a program so adept at serving the specific communities enrolled at Crete, including African American/Black, Latino, and low-income students as well as homeless/unhoused and highly mobile, English Learner, and students with disabilities. Crete Academy is fulfilling its vision and mission.

Crete Academy meets the renewal criteria under Education Code Section 47607.2(a), and should be granted a renewal for a term of two years. The Charter School is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected in a written plan adopted by the governing body of the charter school. Further, there is clear and convincing evidence showing that Crete Academy achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

Student Population to Be Served

3. CHARTER SCHOOL'S TARGET POPULATION

Crete Academy will serve students in grades TK-6. The California School Dashboard ("Dashboard") in 2023 reports that in 2022-23, Crete Academy served 330 students with diverse needs and backgrounds: 92.7% socioeconomically disadvantaged ("SED") or low income ("LI") students; 7.3% of students were English Learners ("ELs"); 48% of English Learners were Redesignated Fluent English Proficient ("RFEP"); 8.5% of students with disabilities ("SWD"); 4.2% Foster Youth ("FY"); and, 15.2% Homeless Youth ("HY"). As of the 2022-23 school year, enrollment by race and ethnicity at Crete Academy was African American/Black (63%), Hispanic/Latino (35.5%), Two or More Races (0.9%), and White (0.6%). Of these subgroups, SED students, HY, African American/Black students, Latino students are significant subgroups at Crete Academy meaning there are at least 30 students in the subgroup in both the current and prior year with the exception of FY and HY which is considered a significant subgroup if there are 15 students in those student groups. Crete Academy also considers FY, ELs, and SWD to be significant subgroups based on the growing number of students at the Charter School and based on the significant needs of the students. Crete Academy is committed to providing equal access to a high-quality program for all students.

The majority of the student population comes from South Central Los Angeles with zip codes of 90002, 90003, 90007, 90011, 90037, 90044 (West Athens), 90047, and 90062 and from Hyde Park with a zip code of 90043. Students also come from Florence-Graham, View Park/Windsor Hills, Chinatown, West Adams, Central Los Angeles, Hollywood, Westchester, Ladera Heights, Watts, Compton, Gardena, Hawthorne, Inglewood, Lawndale, Santa Monica, and Lakewood. Due the nature of many of students who are homeless or who travel with their parents to Los Angeles for their parent's work.

The majority of Crete's parents in 2023-24 were high school graduates (34%), many with some college (32%), 15% of parents are not high school graduates, were as 12% are college graduate and 4% have a graduate degree. The parents know how important education is, and support Crete Academy to provide it for their children.

As detailed above, our target community has significant needs. These specific student needs are described in the section above titled, "Community Need."

4. ENROLLMENT ROLLOUT PLAN

Crete Academy intends to maintain a similar enrollment to the current year serving grades TK-6 for the two year term.

Goals and Philosophy

5. VISION AND MISSION

Vision

One day, the cycle of poverty will end and children who once were homeless and living in poverty will be leaders of this world.

Mission

Crete Academy provides a rigorous, college preparatory education to historically underserved TK-6 students.

Academic Philosophy

An unwavering focus on its mission to prepare student's mind, body and soul to enter and succeed in college, serves as the single guiding principle for every aspect of Crete Academy's educational program and instructional methodology. Fundamentally, the Crete Academy community acts upon the belief that all students can learn at high levels and deserve the opportunity to receive a college preparatory public education. Crete Academy believes in establishing clear and measurable goals for academic performance for every leader, teacher and student, and believes that it is ultimately the responsibility of adults at Crete Academy to do whatever it takes to ensure students meet the high academic and social standards set for them.

Core Values

Crete Academy staff members embody and teach these values:

Character: Crete is dedicated to ensuring students have strong character, which means they are honest and trustworthy, and have integrity, and a strong sense of perseverance.

Equality: Crete students will learn to appreciate and embrace the differences of others, including, but not limited to, individuals of different ethnic backgrounds, religious faiths, sexual preferences and learning abilities. Students will learn that everyone deserves to experience life equally and should not be treated differently based on circumstances beyond their control.

Excellence: Crete students will do all things with excellence, understanding that they are not perfect, but they are always asked to do their best.

Responsibility: Crete students will be taught to take responsibility for their actions. Students will learn humility in times of celebration and acceptance in times of failure.

Teachability: Crete students will be taught the growth mindset in order to remain life-long learners. This means students will have an understanding that intelligence is not fixed.

6. CHARACTERISTICS OF AN "EDUCATED PERSON" IN THE 21ST CENTURY

An "educated person" in the 21st century embodies a set of essential characteristics and skills vital for success in college, careers, and civic life. Central to this profile is college and career readiness, which includes critical thinking and problem-solving abilities. Additionally, personal attributes such as character, responsibility, equality, teachability, and excellence play a crucial role in shaping well-rounded individuals (Wagner, 2014)[2]. These attributes empower students to navigate complex challenges, demonstrate ethical decision-making, and work effectively within diverse environments, ensuring they can adapt to rapidly changing job markets and societal demands (Zhao, 2016)[3].

Moreover, proficient use of technology is a hallmark of a 21st-century educated individual. Digital literacy has become fundamental, requiring students to be adept at utilizing technology for research, communication, collaboration, and innovation (Binkley et al., 2012)[4]. This includes the ability to evaluate information critically, engage in digital citizenship, and leverage various tools for effective problem-solving. The integration of technology in learning environments supports these competencies, providing access to resources and platforms that enhance educational experiences (Partnership for 21st Century Skills, 2015)[5].

The combination of critical thinking, effective communication, interpersonal skills, and technological proficiency, along with core personal attributes like character and responsibility, defines a 21st-century educated person. This holistic profile equips individuals to contribute meaningfully to their communities and succeed in an increasingly interconnected world.

7. HOW LEARNING BEST OCCURS

Learning best occurs when instructional strategies align with the diverse needs of students, particularly those from socioeconomically disadvantaged backgrounds, including homeless individuals, African American/Black, Latino students, English learners, and students with disabilities. Current learning theories emphasize the importance of culturally responsive pedagogy, which recognizes and utilizes students' cultural backgrounds as

assets in the learning process (Gay, 2018)[6]. This approach fosters a sense of belonging and validation, essential for engagement and motivation. Furthermore, the Universal Design for Learning (UDL) framework promotes flexible learning environments that accommodate varied learning preferences and needs, ensuring that all students, including those with disabilities, can access the curriculum (CAST, 2018)[7].

Constructivist theories also highlight the importance of experiential learning, where students actively construct knowledge through real-world experiences and collaborative interactions (Brusilovsky & Millán, 2007)[8]. For marginalized groups, this can mean integrating community resources and relevant content that resonates with their lived experiences, thus enhancing engagement and retention. Additionally, social-emotional learning ("SEL") frameworks are crucial for supporting students' emotional and psychological needs, which are often heightened in socioeconomically disadvantaged populations (Durlak et al., 2011)[9]. By fostering skills such as self-awareness, relationship-building, and resilience, SEL equips students to navigate challenges effectively. Overall, a holistic, inclusive approach that combines these theories can create an equitable and supportive learning environment for all students, particularly those facing systemic barriers.

At Crete, we believe that learning best occurs when students' basic needs are met. We also believe that learning occurs best when personalized, through the gradual release of responsibility from the teacher to the student, and when students are motivated to learn based on positive school culture and positive feelings of self-efficacy, not when they are not overloaded cognitively and when they are able to understand and reflect on their own learning. Activities and assessments at Crete are aligned to these learning theories and guide teacher instruction. The following theories are the foundation of how we believe learning best occurs:

1. **Maslow's Hierarchy of Needs:** Maslow stated that people are motivated to achieve certain needs, and that some needs take precedence over others. When one need is fulfilled a person seeks to fulfill the next one, and so on.[14][10]
2. **Personalized Learning:** student learning experiences--what they learn, and how, when, where and by whom they learn it--are tailored to their individual needs, skills, and interests, and their school enables them to take ownership of that learning.
3. **Gradual Release of Responsibility:** supporting student learning through gradual independence from the teacher

4. **Motivation:** this theory asserts that individuals learn when they are influenced by their sense of self-efficacy and other factors
5. **Cognitive Load Theory:** the belief that learning best occurs when the working memory is not overloaded
6. **Metacognition:** the development of critical thinking, higher-order thinking and problem solving skills

Maslow's Hierarchy of Needs

Meeting the diverse needs of students who are homeless or living in poverty requires a comprehensive understanding of the barriers they face. As highlighted by Eric Jensen in his book, *Teaching with Poverty in Mind*, children from low-income families often experience poorer physical health compared to their more affluent peers, facing issues such as asthma, obesity, and inadequate access to healthcare (Jensen, 2015)[11]. These health challenges are compounded by poor nutrition and unhealthy living environments, significantly impacting their ability to engage in the learning process. At Crete, we recognize that addressing these foundational health issues is essential for fostering academic success. Our approach is rooted in supporting the "whole child," aiming to mitigate the adverse effects of poverty and enhance educational achievement.

According to Maslow's Hierarchy of Needs, students' basic needs must be met before they can achieve higher levels of learning and self-actualization (Maslow, 1943; updated by others in recent discussions)[12]. Jensen emphasizes that students living in poverty often struggle with nutrition (level 1), reside in low-quality neighborhoods where safety is a constant concern (level 2), and may lack stable relationships with caregivers due to high stress levels (level 3). This results in a diminished sense of belonging and self-respect (level 4), ultimately hindering their intellectual capabilities (level 5). By addressing these layers of need, Crete seeks to create an environment conducive to learning, where students feel safe, supported, and valued.

A study published by the National Center for Chronic Disease Prevention supports the notion that a holistic approach to education can significantly impact student outcomes. The research underscores the effectiveness of the Whole School, Whole Community, Whole Child (WSCC) model, which integrates health and education to foster student well-being and academic success (CDC, 2016)[13]. Additionally, Frisvold (2014) found that the availability of school breakfast positively correlates with improved student achievement, reinforcing the importance of addressing nutritional needs[14]. By prioritizing the physical, mental, and emotional well-being of our students, Crete aims to provide the necessary support for their academic journeys.

To further assist our students and their families, Crete will offer a variety of resources aimed at meeting their needs. Access to medical, dental, and mental health services will be facilitated through partnerships with local organizations, ensuring comprehensive support. Our Food Pantry will provide essential non-perishable items and toiletries, while clothing and shoes will be collected and distributed to those in need throughout the year. Additionally, Crete will offer afterschool enrichment programs designed to engage students and promote their holistic development. By focusing on the whole child, we strive to create an educational environment where every student has the opportunity to thrive.

Personalized Learning

At Crete, personalized learning means that every student receives an educational experience tailored to their unique needs, skills, and interests. According to Childress and Benson (2019), when effectively implemented, personalized learning can engage students by meeting them where they are, motivating them based on their interests and academic levels, and ultimately preparing them to become lifelong learners[15]. Crete will present students with both academic content and extracurricular activities aligned with their developmental levels and individual interests.

Childress and Benson further emphasize that rather than adopting a one-size-fits-all instructional approach, personalized learning allows each student to follow an optimal learning path at their own pace. This may involve a variety of instructional methods, including individual and small-group instruction, collaborative projects, and the use of instructional software. Early evidence suggests that personalized learning can empower teachers to better address student needs (Hassel & Hassel, 2011)[16]. At Crete, teachers will be supported in implementing differentiated instructional strategies such as direct instruction, targeted interventions, and Response to Intervention (RTI). This support will empower teachers to select and apply strategies best suited to their students' specific learning needs.

Moreover, personalized learning fosters meaningful relationships between teachers and students, which can significantly influence student achievement. Research by John Hattie (2012) indicates that the quality of teacher-student relationships has a high impact on educational outcomes[17]. Recognizing the pivotal role that teachers play in influencing student achievement, Crete is committed to creating a positive classroom environment and employing diverse instructional strategies to meet individual needs. This approach is especially vital for students from low SES families, as personalized instruction can significantly enhance their educational experiences and outcomes.

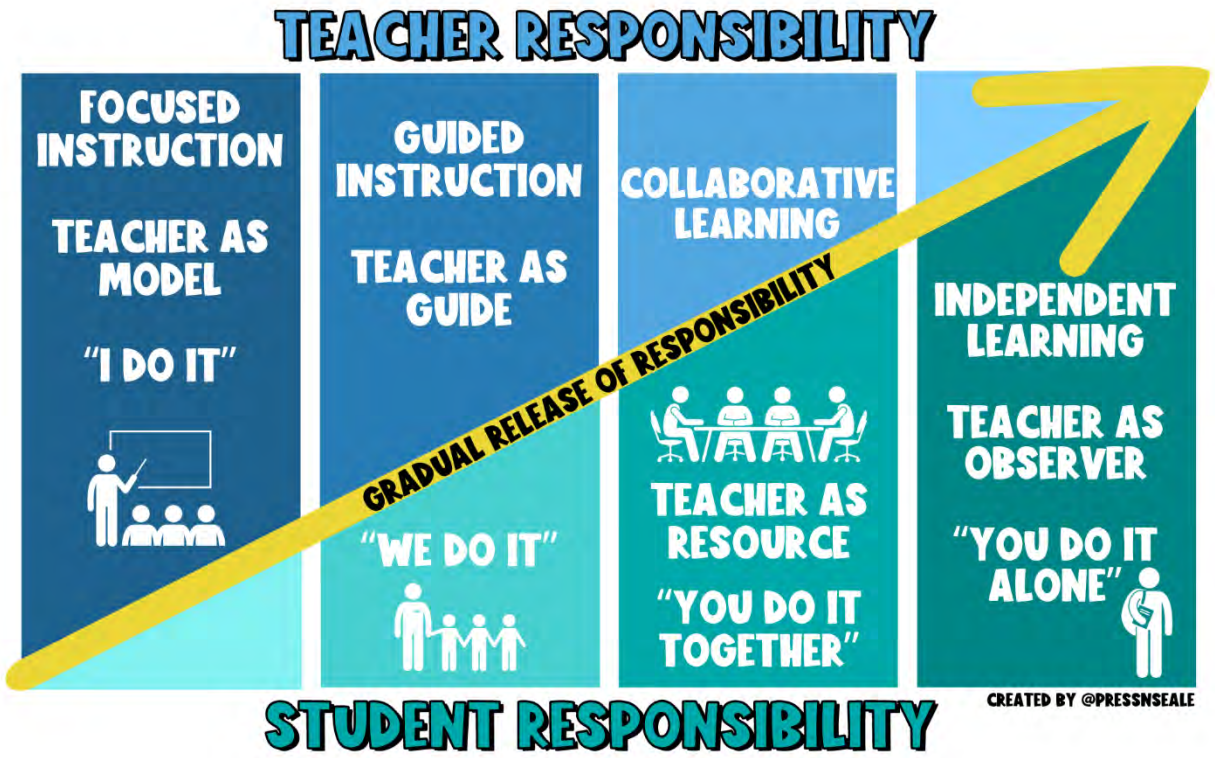
Gradual Release of Responsibility

The Gradual Release of Responsibility model, developed by Fisher and Frey, is an instructional framework that systematically shifts the responsibility of learning from the teacher to the student. This model emphasizes that by providing appropriate supports, students can develop into self-directed learners capable of engaging with tasks independently (Fisher & Frey, 2016)[18]. The process begins with teacher-led instruction, where the educator provides direct guidance and modeling. As students progress, they receive increasing levels of support until they are able to work in small groups or independently, ultimately achieving a high level of control over their learning.



19

The Gradual Release model encompasses four distinct phases: focused instruction, guided instruction, collaborative learning, and independent learning. Focused instruction involves direct teaching strategies such as modeling think-alouds, which promote metacognitive practices and activate prior knowledge (Fisher & Frey, 2016)[20]. Following this, guided instruction provides students with cues and prompts to help scaffold their

understanding and thinking processes. Next, students engage in collaborative learning through discussions and problem-solving activities, allowing them to learn from their peers. Finally, the independent learning phase enables students to apply the skills and knowledge they have acquired, fostering autonomy and self-efficacy.

For instance, in a mathematics lesson focused on adding fractions, a teacher may begin with a demonstration of the process, providing direct instruction. As students begin to grasp the concept, the teacher can prompt them to solve similar problems on their own whiteboards, gradually stepping back to offer guidance as needed. This approach not only utilizes the Gradual Release model but also incorporates differentiated instructional techniques to meet individual learning needs (Fisher & Frey, 2016). By employing strategies like “I do, We do, You do,” teachers can effectively guide students from dependence to independence, ultimately fostering their ability to problem-solve autonomously. This model can be adapted for various instructional settings, including whole class, small group, or one-on-one instruction, aiming to ensure that all students can achieve high levels of control in their learning processes.

Motivation and Self-Efficacy

Motivation and self-efficacy are critical elements in fostering student learning and achievement, significantly influencing how students approach their educational experiences. Self-efficacy, defined as an individual's belief in their ability to succeed in specific tasks, greatly impacts motivation (Schunk & Zimmerman, 2012)[21]. Students with high self-efficacy are more likely to set challenging goals, persist in the face of difficulties, and ultimately perform better academically (Bandura, 2018)[22]. When students believe in their capabilities, they tend to engage more deeply in their learning, take risks, and seek assistance when necessary.

Moreover, motivation can be categorized as intrinsic or extrinsic, with each type playing a distinct role in the learning process. Intrinsic motivation arises from genuine interest or enjoyment in the subject matter, while extrinsic motivation is driven by external rewards or recognition (Ryan & Deci, 2017)[23]. Research has shown that fostering intrinsic motivation is particularly effective for promoting long-term engagement and achievement, as it leads to deeper learning and a stronger connection to the material (Guiffrida, 2019)[24]. Educators can enhance motivation by creating supportive and challenging learning environments, offering choices, and connecting learning to students' interests and real-life contexts.

At Crete, we recognize the importance of both motivation and self-efficacy in promoting student success. Our approach involves providing targeted feedback, encouraging a growth mindset, and cultivating a classroom culture that values effort and improvement. By focusing on building self-efficacy and motivation, we aim to equip students with the resilience and determination necessary to overcome obstacles and achieve their educational goals.

Cognitive Load Theory

Cognitive Load Theory posits that learning is optimized when the cognitive demands placed on students align with their existing knowledge and skills. For elementary school students, this theory emphasizes the importance of managing cognitive load to enhance learning outcomes (Sweller, 2016)[25]. Young learners have limited working memory capacity, so instructional designs should minimize unnecessary cognitive overload. This can be achieved by simplifying complex information and breaking down tasks into manageable steps (Mayer, 2019)[26].

In practice, teachers can implement strategies such as chunking information, using visual aids, and providing clear, concise instructions. For instance, when teaching mathematical concepts, a teacher might introduce new operations through step-by-step examples, allowing students to grasp each component before moving on to more complex problems (Sweller, van Merriënboer, & Paas, 2019)[27]. Additionally, integrating collaborative learning opportunities can help distribute cognitive load among peers, fostering a deeper understanding of the material (Kahoot & Wiggins, 2020)[28].

Ultimately, by applying Cognitive Load Theory in the classroom, educators can create a supportive learning environment that enhances comprehension and retention for elementary students. This approach not only aids in knowledge acquisition but also promotes students' confidence and motivation as they experience success in mastering new concepts.

Metacognition

At Crete, we believe that students learn most effectively when they engage in metacognitive practices that enhance their critical thinking skills and help them construct meaning from the content. Central to our approach is the Gradual Release of Responsibility model, which allows teachers to demonstrate metacognitive strategies during the “I Do” phase. For example, in a science lesson focused on distinguishing mammals from non-mammals, the teacher begins by connecting to students’ prior

knowledge through questions about animal characteristics. This not only activates prior knowledge but also allows the teacher to assess understanding (Hattie & Donoghue, 2016)[29].

In the next phase, "We Do," students collaborate in small groups to apply a checklist to determine whether an animal is a mammal. During this process, the teacher encourages one group to articulate their reasoning, thereby modeling metacognitive strategies for the entire class (Schraw, 2018)[30]. This collaborative engagement fosters a shared understanding of the metacognitive process. Moving to the "You Do, I Help" phase, students independently apply their knowledge while the teacher provides individualized support based on their learning needs. Finally, in the independent phase, students document their understanding in a journal, further reinforcing their metacognitive skills.

Teaching metacognitive strategies is essential for developing critical thinking and problem-solving abilities. These skills not only enable students to tackle complex problems but also promote self-regulation in managing their learning (Zimmerman, 2017)[31]. Research shows that self-directed learners can assess task demands, evaluate their skills, plan approaches, monitor their progress, and adjust strategies as necessary (Ambrose et al., 2010)[32]. At Crete, we emphasize these principles to help students become self-directed learners who are capable of reflecting on their knowledge and skills.

By addressing students' basic needs and providing a personalized learning environment, along with a positive school climate that motivates learning, we aim to optimize cognitive load and support the development of metacognitive strategies. This comprehensive approach ensures that our students thrive and achieve high academic standards (Mayer, 2011)[33].

8. Enable Students to Become and Remain Self-Motivated, Competent, and Lifelong Learners

Crete Academy is dedicated to fostering self-motivated, competent, and lifelong learners through a holistic educational model aligned with the CCSS and NGSS. The curriculum is designed to empower students to think critically, problem-solve, and monitor their academic progress, while also prioritizing their physical, mental, and emotional well-being.

By ensuring that students' foundational needs are met, Crete creates an environment conducive to higher-level intellectual engagement.

Central to this model is the clear alignment of lesson plans with CCSS and NGSS, enabling teachers to collaborate effectively and tailor strategies to meet the diverse academic needs of their students. This collaborative approach supports all learners by recognizing individual experiences and learning styles, fostering a sense of competence and motivation among students. Furthermore, Crete emphasizes the development of metacognitive skills, teaching students to assess tasks, reflect on their learning processes, and engage in self-monitoring. As highlighted by Ambrose et al. (2010)[34], these skills are crucial for managing one's own learning, particularly in higher education settings.

Through structured activities, such as peer discussions before assignments, students learn to articulate their understanding and clarify task requirements, enhancing their critical thinking abilities. This proactive approach not only prepares students for academic challenges but also instills lifelong learning habits applicable across disciplines. Additionally, Crete Academy promotes the overall well-being of its students through a Wellness Program that provides wraparound services, including access to medical, dental, and mental healthcare resources. This comprehensive support system ensures that students are healthy and ready to engage fully in their educational journeys, thus reinforcing the school's commitment to nurturing self-motivated, competent learners prepared for college and career success.

9. ANNUAL GOALS AND ACTIONS

Crete Academy is committed to ensuring that all students achieve their maximum potential while addressing the unique needs of various student groups identified under California's Local Control Funding Formula. The school has established three key annual goals aligned with the eight state priorities outlined in Education Code Section 52060(d).

The first goal focuses on equitable access to quality education, ensuring that all students have access to qualified teachers who are appropriately assigned and fully credentialed in the subject areas and, for the students they are teaching, every student has sufficient access to well-maintained facilities, and robust, standards-aligned instruction. To achieve this, Crete Academy will maintain safe and clean school facilities, employ credentialed teachers and administrators, and provide comprehensive professional development that emphasizes instructional strategies tailored to support all students, particularly English Learners. Additionally, the school will offer enrichment programs in Visual Arts, STEM, Coding, and Performing Arts alongside core subjects, and will utilize state-verified instructional materials to enhance learning. Recruitment and retention of well-qualified

teachers will also be prioritized, supported by financial assistance for teacher induction expenses.

The second goal centers on academic growth, with a commitment to ensuring that all students demonstrate progress toward meeting or exceeding standards in English Language Arts ("ELA"), Math, and Science. Specific actions will include implementing Tier I extensions through differentiated instruction, providing targeted interventions for students who are academically behind, and offering after-school, intersession, and summer academic support. Engaging activities such as math field days and science fairs will be organized to foster enthusiasm for these subjects, along with enhanced designated English Language Development instruction to support English Learners and additional curriculum supports for newcomer students and their families.

The third goal aims to create a strong sense of parental involvement, family engagement, and community support, ensuring that all students, families, and staff feel connected and valued. To this end, Crete Academy will establish partnerships with local health and dental clinics, counseling services, and housing organizations to provide comprehensive support. Events such as Family Fair, Back to School Night, and Parent-Teacher Conferences will be organized to engage families in school life, while regular communication will be maintained in both English and Spanish to keep parents informed. Restorative Justice practices and Positive Behavioral Interventions and Supports (PBIS) will be implemented to promote a positive school climate, and the Harmony Center will offer intake and support services, including counseling and medical assistance, to address the diverse needs of families. By focusing on these comprehensive goals and specific actions, Crete Academy aims to foster an inclusive and supportive educational environment that addresses the needs of all students, particularly those from socioeconomically disadvantaged backgrounds and other identified groups.

- Crete will establish partnerships with health and dental clinics, counseling services, food banks, housing organizations and more to support students and their families. LCSW will supervise MSW interns and Housing Specialist.
- Family Fair, Back to School Night, Parent-Teacher Conferences, Open House, Family Nights and Parent Education Workshops will be held to help engage families in school life and their child's learning.
- School Site Council (SSC) and English Learner Advisory Committee (ELAC), with increased facilitation being provided to support and engage families.
- Regular communication via our online platforms and email will be provided to parents of upcoming events, resources, and workshops. All communication will be present in both English and Spanish. Training will be provided to teachers, staff, and parents on the use of digital communication tools. Parent outreach and communications will stress the importance of regular attendance and arriving on time each day.
- Restorative Justice practices and whole school PBIS will be used to minimize suspensions and keep kids in school. Teachers will receive support and training in best practices regarding positive behavioral support, classroom management, and crisis intervention. Culture assemblies will be held monthly for school culture.
- Providing harmony center intake and support for students and their families with counseling, medical, dental, vision and hearing services. Providing transportation for students who identify that as a need during Harmony intake.

Instructional Design

10. EDUCATIONAL PROGRAM

The educational program at Crete Academy is designed to be comprehensive, inclusive, and adaptable to meet the diverse needs of all students. It aligns with California State Standards, emphasizing inquiry-based and project-based learning, as well as differentiated instruction. These approaches foster a personalized educational experience that caters to students' unique strengths and needs. Instruction is delivered through a blend of direct instruction, collaborative group work, and independent projects, promoting critical thinking and problem-solving skills.

Teachers are organized into collaborative teams that engage in continuous professional development and data-driven decision-making, enabling them to share best practices and tailor instruction based on student performance. The staffing model includes well- qualified educators, specialized support staff, and Teacher Fellows. Each classroom has a teacher responsible for instructional leadership, while intervention specialists provide targeted support for students who require additional assistance, including English Learners and students with disabilities. This collaborative staffing approach ensures that every student receives the necessary support to succeed.

The design of the educational program is informed by key educational theories, including constructivism, social learning theory, and culturally responsive pedagogy. Constructivism posits that learners actively construct knowledge through engagement with their environment, and research supports that inquiry-based learning leads to deeper understanding and retention (Hmelo-Silver, 2004).[35] Social learning theory emphasizes the importance of social interaction in learning, with Bandura (2006) noting that students learn through observation and collaboration, integral to our group-based instructional

strategies.[36] Culturally responsive pedagogy acknowledges the diverse cultural backgrounds of students, enhancing engagement and academic success for marginalized populations (Gay, 2010).[37] These theories, combined with current research, confirm the soundness of Crete's educational program's design, fostering an inclusive, inquiry-driven, and collaborative learning environment that prepares all students for academic success and lifelong learning.

11. INNOVATIVE COMPONENTS OF THE EDUCATIONAL PROGRAM

The educational program at Crete Academy incorporates several innovative components designed to enhance the overall well-being and development of students. A key feature is the Harmony Center, a dedicated space that prioritizes mental and emotional well-being. This center offers students a tranquil environment for meditation, counseling sessions, and opportunities for play and reading, fostering a holistic approach to education that recognizes the importance of mental health in academic success (Weare & Nind, 2011).[38] Additionally, the school provides essential resources for families facing homelessness, demonstrating a commitment to supporting the broader community and ensuring that all students have access to necessary services.

Crete Academy also emphasizes the importance of partnerships by collaborating with local businesses, organizations, and educational institutions to create supportive networks for students and families. This initiative includes mentorship programs that connect students with community leaders, enhancing their personal and professional development. Furthermore, the school offers a wide range of enrichment activities, including dance, performing arts with two annual theater productions, chess, culinary arts, and various sports such as basketball and soccer. These programs not only enrich students' academic experiences but also promote teamwork, creativity, and physical well-being, contributing to a well-rounded education (Eccles & Gootman, 2002).[39] By integrating these innovative components, Crete Academy provides a nurturing environment that prepares students for both academic success and personal growth.

12. KEY FEATURES OF THE EDUCATIONAL PROGRAM

Crete Academy's educational program is strategically designed to address the diverse needs of its student population, particularly socioeconomically disadvantaged students, African American/Black and Latino students, English Learners, and Students with Disabilities. At the core of this approach is a commitment to inclusivity and differentiated instruction, which allows educators to tailor their teaching methods to accommodate the varied learning styles and cultural backgrounds of all students (Tomlinson, 2001)[40]. This responsiveness is critical in creating an equitable learning environment where every student feels valued and capable of succeeding.

One of the primary frameworks guiding this curriculum is Understanding by Design (UbD), which emphasizes backward planning in lesson design. Teachers begin by identifying desired learning outcomes based on California State Standards, focusing on what mastery looks like in various subjects (Wiggins & McTighe, 2005)[41]. This approach not only clarifies educational goals but also encourages the integration of culturally relevant materials that reflect the students' experiences and histories. For instance, incorporating literature and resources that resonate with African American/Black and Latino students can enhance engagement and foster a sense of belonging, making learning more meaningful.

In addition to academic content, Crete Academy prioritizes SEL through character education and the promotion of core values, such as responsibility and respect. These elements are vital in building resilience and a positive school culture, especially for students facing external challenges associated with poverty or discrimination (Zins & Elias, 2006)[42]. The Harmony Center at Crete provides a dedicated space for students to focus on their mental and emotional well-being, offering resources such as counseling and mindfulness practices. This holistic support is essential in addressing the barriers that many socioeconomically disadvantaged students encounter, enabling them to thrive both academically and personally.

Moreover, the curriculum includes enrichment opportunities, such as visual and performing arts, physical education, and various extracurricular activities. These programs are designed to engage all students and provide equitable access to personal expression and physical health, which can often be limited in underfunded schools. Engaging in arts and sports fosters creativity, teamwork, and discipline—skills that are invaluable for success in the 21st century.

[42] Zins, J. E., & Elias, M. J. (2006). Social and Emotional Learning: Overview and Assessment. *Handbook of Child Psychology*.

Assessment practices at Crete Academy also emphasize equity. By using formative assessments, teachers provide ongoing feedback that allows all students, including those with disabilities, to identify areas for improvement and adjust their learning strategies accordingly (Dweck, 2006)[43]. This focus on growth and development rather than solely on final grades encourages a growth mindset, which is particularly empowering for students who may have previously struggled with self-esteem related to their academic abilities.

Furthermore, the collaborative environment fostered among teachers and students enhances the learning experience. Regular professional development and collaborative planning sessions enable educators to share best practices and refine their instructional strategies, ensuring that all students receive high-quality, differentiated instruction tailored to their specific needs. This collaboration not only improves instructional quality but also strengthens the sense of community within the school, which is crucial for student engagement and success.

In summary, Crete Academy's educational program is designed with a comprehensive understanding of the challenges faced by its diverse student population. Through a combination of inclusive curriculum design, social-emotional support, enrichment opportunities, and ongoing formative assessments, the school aims to create an equitable learning environment where every student can flourish academically and personally. By prioritizing the unique needs of this community, Crete Academy is committed to fostering a culture of excellence, resilience, and inclusivity.

Curriculum and Instruction

13. CRETE ACADEMY'S CURRICULUM

The curriculum at Crete Academy is intentionally designed to address the diverse needs of SED students, African American/Black and Latino students, ELs, and SWD. By aligning with California State Standards, we ensure that all students receive a high-quality education that is both rigorous and accessible. Our English Language Arts and English Language Development programs provide targeted support for English Learners, incorporating scaffolded instruction and culturally relevant materials that promote language acquisition while connecting to students' backgrounds and experiences. In mathematics, differentiated instruction allows teachers to tailor lessons to meet the varying levels of understanding among students, fostering engagement and mastery. Furthermore, our history-social science curriculum emphasizes diverse perspectives and the contributions of different cultures, helping all students see themselves reflected in the content. Our science curriculum aligns with the NGSS, emphasizing hands-on, inquiry-based learning. Students engage in scientific practices and investigations to foster critical thinking and collaboration. For students with disabilities, our instructional strategies, such as small group interventions and individualized support, are designed to accommodate

[43] Dweck, C. S. (2006). *Mindset: The New Psychology of Success*. New York: Random House.

unique learning needs, ensuring that these students have equal access to the curriculum. By implementing social-emotional learning frameworks, we also address the holistic needs of students, fostering a supportive environment that promotes resilience and well-being. Crete offers short-term independent study consistent with applicable law. Overall, our curriculum not only meets academic standards but also actively works to empower all students, providing them with the skills and confidence necessary to succeed in school and beyond. The curriculum resources adopted offers distinct strengths that enhance educational outcomes.

Benchmark Advance for English Language Arts (ELA)
Benchmark Advance is a comprehensive ELA program that integrates reading, writing, speaking, and listening. Its strengths lie in its use of diverse and engaging texts that reflect students' backgrounds, promoting cultural relevance and engagement. The program employs a structured approach that includes explicit instruction in key literacy skills and the gradual release of responsibility model, which empowers students to take ownership of their learning. Differentiated resources and assessments help meet varied proficiency levels, ensuring that all students, including English Learners and students with disabilities, receive the support they need to succeed.

Benchmark ELD for English Language Development
Benchmark ELD focuses on developing language proficiency for English Learners through targeted, context-rich instruction. Its strengths include the integration of language and content learning, allowing students to acquire English while engaging with grade-level subjects. The program provides scaffolding strategies and culturally responsive materials, ensuring that students can connect new vocabulary and concepts to their prior knowledge. Additionally, the interactive components foster collaboration and communication among students, enhancing their language skills in a supportive environment.

Eureka Math for Mathematics
Eureka Math is designed to build deep conceptual understanding and procedural fluency in mathematics. Its strengths include a coherent and rigorous curriculum that emphasizes problem-solving and real-world applications. The program uses a spiral approach, revisiting concepts to reinforce learning and retention. It includes a variety of visual models and manipulatives, which are particularly beneficial for students who may struggle with abstract concepts. The emphasis on collaborative learning and discourse allows students to learn from one another, supporting diverse learning styles and abilities.

Social Studies Alive for History
Social Studies Alive! offers an engaging, hands-on approach to history and social science education. Its strengths include the use of primary sources, multimedia resources, and interactive activities that make learning relevant and enjoyable. The program encourages critical thinking and inquiry, allowing students to explore historical events and concepts in depth. By integrating diverse perspectives and promoting civic engagement, this curriculum helps students connect with their communities and understand their roles as

active citizens, which is especially important for our African American/Black and Latino students.

Mystery Science
Mystery Science provides a hands-on, inquiry-based approach to science education for younger students. Its strengths lie in its engaging video lessons and interactive activities that spark curiosity and encourage exploration. The curriculum addresses various learning styles through visual and tactile experiences, making complex scientific concepts accessible to all students, including those with disabilities. Its alignment with NGSS ensures that students develop a solid foundation in scientific practices while fostering a love for learning about the natural world.

Amplify Science
Amplify Science is an inquiry-driven science curriculum that promotes active learning through hands-on investigations and real-world problem-solving. Its strengths include the integration of technology and collaborative learning, allowing students to work together to explore scientific phenomena. The curriculum is designed to meet the needs of diverse learners by offering differentiated instruction and scaffolding to support all students, including English Learners and students with special needs. By focusing on inquiry and evidence-based reasoning, *Amplify Science* helps students develop critical thinking skills essential for success in science and beyond.

Visual and Performing Arts
The visual and performing arts curriculum promotes creativity and artistic expression through instruction in visual arts, music, dance, and theater. Students engage in various artistic mediums, exploring historical and cultural contexts.

Health and Physical Education
The health and physical education curriculum encourages physical fitness, healthy lifestyle choices, and social-emotional well-being. Instruction includes motor skill development, team activities, and health education topics like nutrition and mental health.

Enrichment
Our enrichment program includes advanced science, technology, engineering, and mathematics (“STEM”) content, fostering deeper exploration and inquiry for students interested in STEM.

Social Emotional Learning
We integrate social-emotional learning (“SEL”) into our curriculum, helping students develop self-awareness, social skills, and emotional regulation, which are essential for academic success.

Together, these curricula provide a robust educational framework that addresses the diverse needs of our student population. By emphasizing engagement, cultural relevance,

and differentiated support, they ensure that all students, regardless of their backgrounds or learning needs, are equipped with the skills and knowledge necessary for academic success and lifelong learning.

15. INSTRUCTIONAL METHODS AND STRATEGIES

At Crete, we believe in providing a personalized learning experience that tailors instructional methods and strategies to meet the diverse needs of our students. To ensure mastery of the curriculum aligned with California content and performance standards, including the CCSS, NGSS, and English Language Development standards, our teachers will employ a variety of instructional strategies.

Inquiry-Based Learning

Inquiry-based learning is an educational approach[44] that emphasizes students' active involvement in the learning process through questioning, exploration, and critical thinking. Instead of passively receiving information, students engage in hands-on activities and investigations that encourage them to ask questions, formulate hypotheses, and seek answers through research and collaboration. This method fosters deeper understanding and retention of knowledge, as students connect concepts to real-world contexts. By promoting curiosity and encouraging students to take ownership of their learning, inquiry-based learning cultivates essential skills such as problem-solving, communication, and collaboration, preparing students for future academic and career challenges.

Differentiated Instruction

Teachers will implement differentiated instruction, recognizing that students learn best when content is tailored to their specific learning needs. Research indicates that differentiation enhances student motivation and engagement (Tomlinson, 2003).[45] This approach is especially beneficial for subgroup populations, including ELs, students with special needs, and gifted and talented students. By providing personalized instruction that includes appropriate scaffolding, we aim to enhance learning outcomes and foster a sense of self-efficacy among students (Mayer, 2009).[46]

Uniform Instructional System

To maximize student learning, Crete will utilize a Uniform Instructional System (UIS) aligned with the Gradual Release of Responsibility model. This three-step process begins with the teacher modeling a task (“I do”), followed by guided practice with students (“We do”), and culminating in independent practice (“You do”). This method scaffolds content effectively, helping students manage cognitive load and building their confidence as they transition from teacher-led instruction to independent work.

Small Group Instruction

When students struggle with specific content, Crete teachers will form small groups for targeted instruction. This strategy allows for focused teaching on particular skills, such as mathematical concepts or writing techniques. While the teacher works with a small group, other students can engage in independent or paired activities, ensuring that everyone remains productive. This approach will be enhanced by assigning an aide to each classroom, allowing for multiple small groups to learn simultaneously.

Kagan Cooperative Learning Strategies

Kagan strategies will be employed to foster cooperative learning and enhance student engagement. These strategies emphasize collaboration, communication, and active participation. For instance, during direct instruction, teachers can use Kagan structures like *RallyCoach*, where students pair up to discuss and answer questions, or *MatchMine*, which involves one student giving verbal instructions to another behind a barrier. Such activities lower anxiety for students, particularly ELs, by promoting engagement in a more intimate setting, facilitating language development and critical thinking.[47]

Targeted Re-Teaching

Targeted re-teaching will be implemented when individual students or groups struggle with particular skills or concepts. This method can take various forms, from immediate feedback and mini lessons to longer instructional sessions designed to support struggling learners. Our small classroom sizes allow for personalized attention, enabling teachers to provide one-on-one support when necessary.

By employing these instructional methods: inquiry-based learning, differentiated instruction, the Uniform Instructional System, small group instruction, Kagan strategies, and targeted re-teaching, Crete is committed to delivering a robust and personalized curriculum that supports all students in mastering the California content and performance standards. This comprehensive approach ensures that our students not only succeed academically but also develop the skills needed for future challenges.

16. INSTRUCTIONAL METHODOLOGIES

Our charter school's instructional methodologies and curriculum are designed to effectively support the implementation of and ensure student mastery of California content and performance standards, including the CCSS, the NGSS, and current ELD standards. All curricular resources will be aligned with these standards, ensuring that every aspect of

[47] Kagan, S. (2016). *Kagan Cooperative Learning*. Kagan Publishing.

our instruction is purposeful and directed towards achieving the desired educational outcomes.

Teachers will begin by working collaboratively in teams to develop lesson plans using a Backwards Design approach. This methodology starts with clearly defined learning goals based on the standards, allowing educators to structure their lessons with the end in mind. By focusing on what students need to know and be able to do, our instructional design emphasizes deep understanding and mastery of content.

To cater to diverse learning needs, teachers will employ a variety of instructional methodologies. This includes differentiated instruction, project-based learning, and inquiry-based strategies that engage students and make learning relevant. By utilizing diverse approaches, we ensure that all students have the opportunity to learn in a way that resonates with their individual strengths and preferences.

Targeted interventions are a crucial component of our instructional strategy. We will implement re-teaching sessions and small group instruction to provide additional support for students who may struggle with specific concepts. These targeted interventions will help reinforce learning and ensure that every student can achieve mastery of the content standards.

In addition to traditional instructional materials, we will incorporate updated resources post-2005, such as digital platforms and interactive tools that align with the CCSS and NGSS. These resources include online simulations, educational software, and interactive textbooks, which not only enhance engagement but also provide students with the skills necessary for success in a digital world.

To further support English Learners, our curriculum will include specific strategies and materials designed to develop language proficiency alongside academic content. This includes scaffolding techniques, visual aids, and culturally relevant resources that facilitate language acquisition and comprehension.

Regular assessment and feedback will be integrated into our instructional practices, allowing teachers to monitor student progress and adjust their teaching strategies accordingly. This ongoing evaluation will be essential for ensuring that all students remain on track to meet the standards and can demonstrate their understanding effectively.

In summary, our charter school’s instructional methodologies and curriculum are thoughtfully designed to align with California's content and performance standards, incorporating collaborative planning, diverse instructional approaches, targeted interventions, and updated resources. Through this comprehensive framework, we are committed to ensuring that every student achieves mastery and is prepared for future academic and career success.

17. Student Development of Technology-Related Skills

Our instructional program is designed to foster the development of technology-related skills and enhance technology use across all grade levels. Recognizing the vital role of technology in preparing students for college and 21st-century careers, we ensure that every student has access to laptops or tablets. This access creates a rich learning environment where technology is integrated into core subjects. Students utilize online resources to supplement their learning in mathematics and reading/language arts, deepening their understanding while familiarizing them with the digital platforms they will encounter in higher education and the workplace.

In primary grades, students focus on foundational skills, such as basic keyboarding and typing, which establish a groundwork for effective communication and research. As students progress to upper grades, they engage in more complex tasks, including conducting research, creating reports, and developing projects using software applications like Word, PowerPoint, and Excel. To prepare students for computer-based state standardized assessments, we implement regular online assessments across various content areas. This practice familiarizes students with the testing format and technology, helping to build confidence and reduce anxiety. Additionally, we provide targeted instruction in essential technology skills, ensuring students excel in assessments and are equipped for future academic and career pursuits. Continuous feedback from teachers helps identify and address any gaps in skill development, while professional development for educators ensures they are well-equipped to support students in using technology effectively.

To enhance the classroom experience and support effective teaching, our school employs a variety of devices. Each grade teacher is equipped with Epson projectors to facilitate engaging presentations, complemented by Bluetooth JBL speakers and IPEVO document cameras. Key operations members and administrative staff utilize 2020 MacBook Air M1 laptops, providing reliable tools for communication and management.

For students, we offer a range of devices tailored to different grade levels. Kindergarten classes have dedicated iPads to foster early technology skills, while first graders use Samsung Chromebooks. Device distribution varies between campuses for higher grades; at the MLK campus, students in grades 2 through 5 use CTL Chromebooks. At the Crenshaw campus, devices are specified for each grade: 2nd graders use Samsung Chromebooks, 3rd graders utilize HP and Lenovo models, 4th graders work with Toshiba Chromebooks and Dell 2-in-1 Windows PCs, 5th graders have 2017 MacBook Airs, and 6th graders use Asus Chromebooks.

In addition to classroom devices, we maintain two iPads in each main office and utilize Brother Bluetooth printers for issuing tardy passes. Our enrichment classroom is equipped with iMac computers and extra iPads to support diverse learning activities. We also have 2017 MacBook Airs available for testing and for teacher assistants. For printing and

scanning, each campus features two leased high-volume Toshiba multifunction printers. Additionally, for special events, we provide two PA systems—one Harbinger and one Electro-Voice—to ensure clear audio for presentations and gatherings. This comprehensive array of technology creates a dynamic learning environment that supports both students and staff.

Transitional Kindergarten

22. CRETE ACADEMY'S TRANSITIONAL KINDERGARTEN PROGRAM

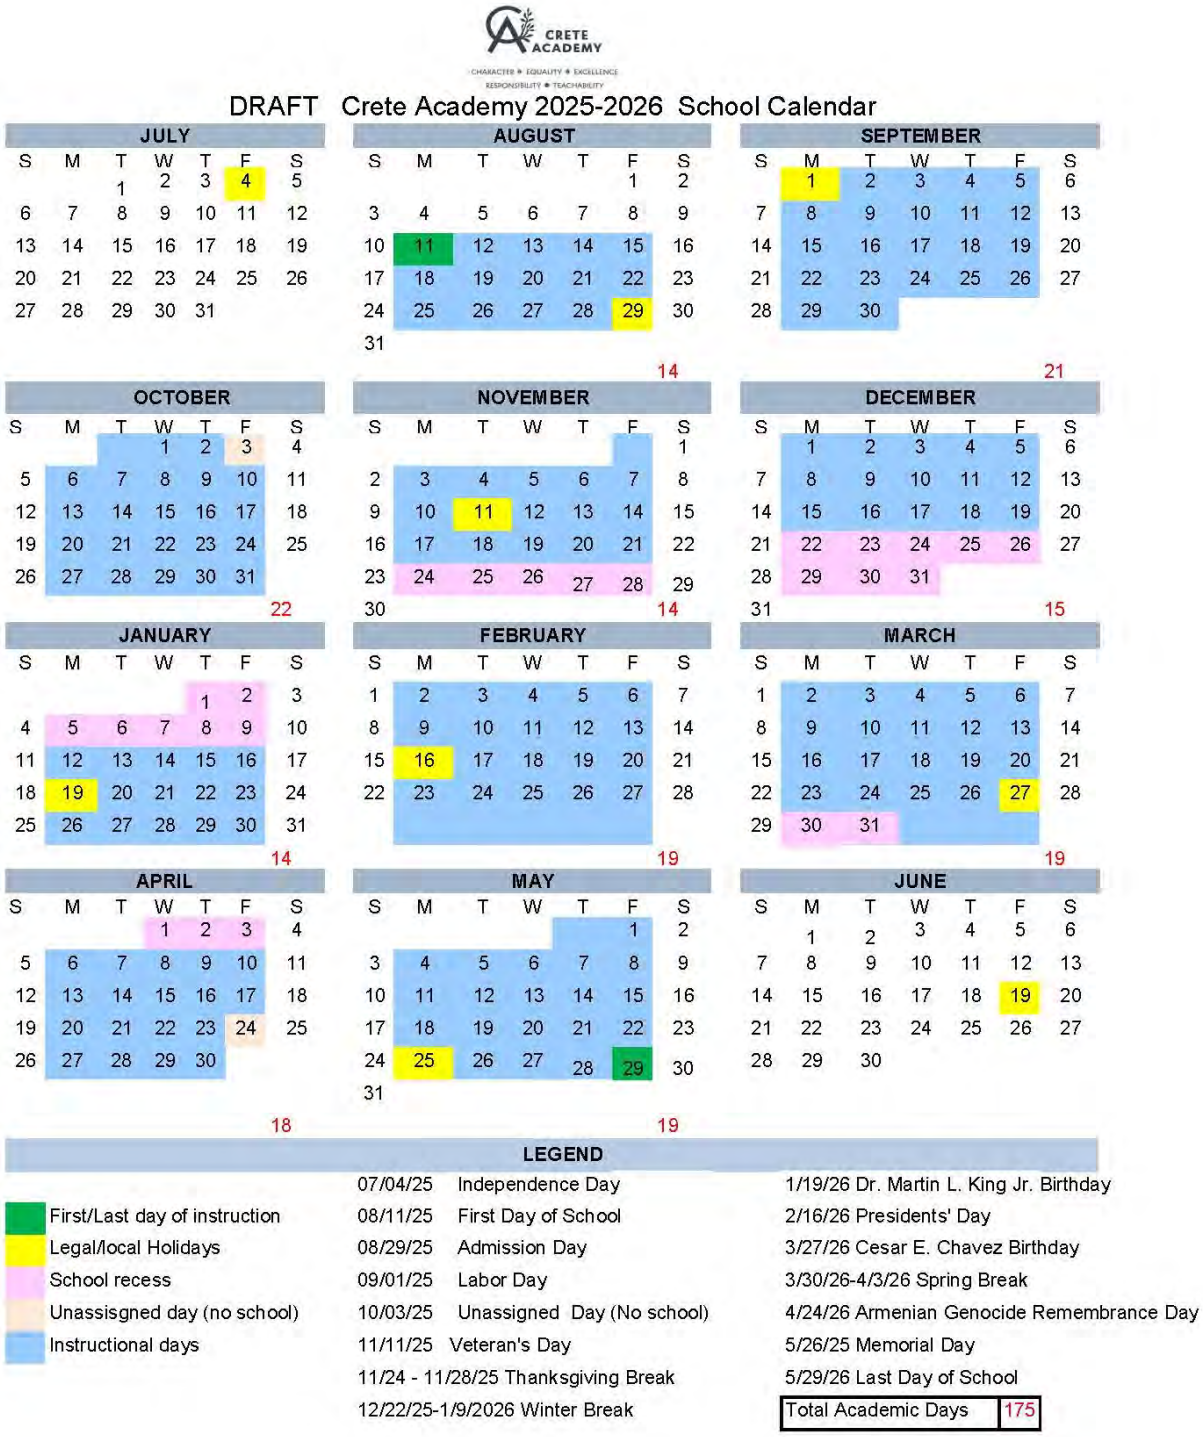
The Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to the Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at the Charter School shall be considered existing students at the Charter School for purposes of the Charter School's admission, enrollment, and lottery. TK is available to all children who will have their fourth birthday on or by September 1 of the school year. No child is required to attend TK.

Transitional Kindergarten is the first year of a two-year kindergarten program. In the second year, Transitional Kindergarten students will participate in traditional kindergarten. Transitional Kindergarten students will be in a heterogeneous class, depending on Kindergarten enrollment. Curriculum will be teacher created and focus on number and letter recognition, phonemic awareness, and number sense, as well as socialization and will be aligned to the California Preschool Learning Foundations. Transitional Kindergarten students will attend a full day of school that mirrors the other grade level and will have a one hour nap time incorporated in the regular instructional day.

Academic Calendar and Schedules

23. CRETE ACADEMY'S ACADEMIC CALENDAR

The Crete Academy Academic Calendar includes 175 instructional days from mid-August to the end of May.



24. CRETE ACADEMY'S DAILY SCHEDULES

Crete Academy is proud to exceed the minimum instructional minutes required by the State of California. There will be 156 Regular Days, 10 Early Release Days which are on the first Wednesday of each month for Professional Development, and 9 Minimum Days for Parent/Teacher Conferences (5 days in the Fall, and 4 days in the Spring.

Professional Development

27. PROFESSIONAL DEVELOPMENT TO DELIVER THE EDUCATIONAL PROGRAM

Crete Academy is committed to providing ongoing professional development that equips teachers with the skills and knowledge necessary to effectively deliver our educational program. Our professional development plan is structured to ensure continuous growth and collaboration among our staff, fostering an environment where best practices can thrive.

Summer Professional Development

Prior to the start of each school year, we will conduct a comprehensive two-week professional development session for all teachers. This training will cover essential topics, including:

1. **Developing the Crete School Culture**: Fostering a mission-driven staff and cultivating a positive school environment.

2. **Understanding the Curriculum**: Familiarizing teachers with the curriculum and available resources at Crete to ensure effective implementation.
3. **Engaging All Learners**: Strategies for differentiating instruction, motivating students, engaging families as partners in education, and collaborating across various content areas.

Yearlong Professional Development

In addition to the summer training, teachers engage in monthly professional development sessions throughout the school year. These sessions occur the first Wednesday of the month from 1:00 PM to 4:00 PM, when students are dismissed early. The structure for these meetings will include:

- **Key Topic/Strategy Focus**: Teachers will concentrate on a specific learning topic or strategy to deepen their understanding.
- **Training and Practice**: The Principal or a designated consultant will provide training on the key topic and model effective implementation strategies.
- **Collaborative Planning**: Teachers will meet in grade-level groups to discuss how to integrate new strategies into their lessons.

Professional Development Topics

The professional development sessions will cover a wide range of topics, organized into several categories:

1. **Mission and Vision**
   - School Mission/Vision
   - Core Values
   - Culturally Responsive Instruction
2. **Instructional Strategies**
   - Clear Learning Objectives
   - Standards-Based Instruction
   - Data-Informed Decision Making and Data Analysis
   - Kagan Strategies
   - Curriculum and Lesson Design
   - Developmental Pacing Guides
   - College and Career Preparedness
3. **Student Support**
   - Positive Behavior Interventions and Supports
   - Engagement and Motivation
   - Multi-Tiered Systems of Support
   - Response to Intervention 2
   - Developing Community and Families as Partners
   - Classroom Management
   - School Climate and Culture
   - Social Emotional Learning and Curriculum
4. **Specialized Instruction**
   - Strategies for English Learners and GATE Students

- Special Education Instructional Strategies

5. **Diversity and Inclusion**
   - Perspectives on Diversity, Equity and Inclusion
   - LGBTQ Cultural Competency Training
6. **Data Utilization**
   - Using Data to Inform Instruction
   - Administering Assessments
   - Analyzing Student Needs
7. **Safety and Compliance**
   - Mandated Trainings (e.g., Mandated Reporter Training)
   - Comprehensive School Safety Policies
   - Teacher Evaluation
   - Student Information System
   - Special Education
   - School Operations, Policies and Protocols

Continuous Evaluation
To ensure the effectiveness of our professional development, the Principal will regularly assess the impact of training through teacher feedback, classroom observations, and student outcomes. The Academic Committee will discuss adjustments to the professional development plan based on these evaluations to address the evolving needs of the staff and students. By investing in the teachers through targeted professional development, Crete Academy aims to create a knowledgeable, responsive, and engaged teaching staff that can successfully implement our innovative educational program.

28. RECRUIT CREDENTIALED TEACHERS TO DELIVER THE EDUCATIONAL PROGRAM

Crete Academy is committed to recruiting well-qualified credentialed teachers who are adept at delivering our innovative educational program. To achieve this, we have established a multi-faceted recruitment strategy that leverages our existing networks and partnerships. We actively engage with organizations such as the USC Rossier School of Education, UCLA School of Education, Pepperdine School of Public Policy, California State University Los Angeles Charter School of Education, California Charter Schools Association, and Teach for America. Additionally, we participate in Career Days at universities and utilize educational recruitment platforms like EdJoin to attract a diverse pool of candidates. Recruitment efforts continues until all teaching positions are filled, including the identification of at least two qualified substitute teachers.

Our recruitment process emphasizes not only the required qualifications through teacher-training programs and experience but also the specific qualities that align with the Crete model. We seek educators who are committed to fostering critical thinking, reasoning skills, and mindfulness strategies, while effectively implementing an inclusive special

education instructional model. Candidates must demonstrate a willingness to embrace additional responsibilities that support both academic and socio-emotional development for all students.

To ensure the successful implementation of our educational program, we have designed a comprehensive professional development plan for new teachers. This plan includes orientation sessions that introduce them to the Crete educational model, covering key components such as differentiated instruction, collaborative learning, and culturally responsive teaching. Ongoing professional development will be provided through regular workshops, peer collaboration sessions, and mentorship opportunities with experienced educators. This structured support aims to empower our teaching staff to effectively engage students and cultivate an enriching learning environment that aligns with our mission.

Meeting the Needs of All Students

English Learners

29. MEETING THE NEEDS OF ENGLISH LEARNERS

Crete Academy is committed to effectively meeting the needs of ELs by adopting and implementing the LAUSD Master Plan for English Learners and Standard English Learners.

Identification
The process for identifying ELs begins with families completing a Home Language Survey upon enrollment. This survey helps determine whether a student speaks a language other than English in the home. Students identified as speaking languages other than English will be assessed using the English Language Proficiency Assessments for California Initial Assessment within 30 days of enrollment and annually thereafter.

English Language Proficiency Assessment
All students who are identified as ELs will be tested with the ELPAC. The ELPAC has four proficiency levels (Level 4: well-developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment (“IA”)

The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student’s time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

- Summative Assessment ("SA")

ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. For ELs within Crete's grade span, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window is year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window is determined by the CDE. It is expected to be a four-month window after January 1 (for example, February 1–May 31). The English language proficiency of all currently enrolled ELs shall be assessed by administering the test during the annual assessment window.

The Charter School will notify all parents/guardians of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements under the ESSA for annual English proficiency testing.

Educational Program for English Learners

Crete's educational program for English language acquisition is structured to ensure that ELs make adequate progress toward mastering the ELD standards. Teachers will employ differentiated instructional strategies that focus on literacy and vocabulary development, small group instruction based on ELD levels, and metacognitive strategies to foster self-regulation and reflection. In small groups, students will engage in activities that enhance their reading, writing, speaking, and vocabulary skills, while rich-text environments will be created in classrooms to immerse students in language.

As noted in the "Instructional Design" section of this petition, Crete will use differentiated instructional strategies to support the learning of all students. Research that differentiated instruction allows English Learners to interact with and comprehend content more effectively by meeting their individual learning needs.[48] Teachers will offer several opportunities for students to reflect on their own learning and to articulate their feelings and thoughts

Specific strategies, including Kagan instructional strategies, as described in the Instructional Methods and Strategies section of this petition, will further support ELD development. Kagan strategies incorporate aspects of Direct Instruction, peer collaboration and communication, language development and social skills.

Using the Results of the ELPAC

The school will utilize ELPAC results to tailor support for students, ensuring that they progress through the identified ELD levels. Teachers will monitor each student's progress closely, with the goal of moving them up at least one ELD level per year. Support strategies, including Specially Designed Academic Instruction in English ("SDAIE") and Kagan cooperative learning techniques, will be employed to engage students at all proficiency levels, ensuring they have meaningful access to the full curriculum. Teachers will complete the Sheltered Instruction Observational Protocol ("SIOP") for each child three times per year. Research on SIOP emphasizes how differentiated instructional strategies, such as adjusting content, processes, and products based on students' needs, help English learners engage meaningfully with the curriculum.[49]

Integrated ELD

Teachers will integrate the ELD components of the core curriculum text and develop language forms and functions while developing core content knowledge. Teachers will integrate ELD in the ELA Curriculum as described in the CDE's ELA/ELD Framework. In addition, ELs will also receive designated ELD during a dedicated period daily.

Designated ELD

The designated ELD program at Crete is designed to build skills in each of the language domains. It engages students in reading, writing, listening, speaking, and language. Lessons emphasize effective, research-based strategies shown to improve overall reading abilities with scaffolds to meet the different levels of English language proficiency. Individual, small group, and whole-class instruction is personalized based on formative assessments.

Annual Evaluation of the EL Program

Crete Academy will conduct an annual evaluation of its EL program. The Principal will oversee this evaluation, which will involve reviewing instructional practices, student performance data, and reclassification rates. If progress is not satisfactory, the Principal will conduct a thorough analysis to identify necessary adjustments to the program.

The Charter School evaluates the effectiveness of its education program for ELs by:

- Adhering to Charter School-adopted academic benchmarks by language proficiency level and years in program to determine annual progress.
- Monitoring teacher qualifications.
- Monitoring the use of appropriate instructional strategies based on student achievement data.
- Monitoring student identification and placement.
- Monitoring parent/guardian program choice options.
- Monitoring availability of adequate resources.

Process and Specific Criteria for EL Reclassification

The reclassification process for ELs involves systematic monitoring of student progress throughout the year, using a portfolio of student work samples and performance assessments. Criteria for reclassification include achieving an overall performance level of Well-Developed on the ELPAC SA or Moderately Developed on the Alternate ELPAC SA and meeting specific benchmarks in listening, speaking, reading, and writing.

Table 1.5: Multilingual Multicultural Education Department Reclassification Criteria Chart from LAUSD

Criteria	Transitional Kindergarten
ELPAC	Overall Summative ELPAC Performance Level **4** or Alternate ELPAC Performance Level 3
Teacher Evaluation	**Integrating** (I) score in the third reporting grading period in Language and Literacy
Grade-Level Basic Skills Assessment	DIBELS 8 End of Year (EOY) Score of **Benchmark** or **Above Benchmark** on all Kindergarten assessed measures

SSPT	When a student has met the ELPAC Summative and grade level basic skills criteria for reclassification except for the teacher evaluation criterion, the student's English proficiency must be reviewed by the SSPT for reclassification readiness. **Note: No SSPT is required to reclassify second-year kindergarten students.**		

Monitoring of Reclassified to Fluent English Proficient
Monitoring of Reclassified to Fluent English Proficient (RFEP) students will occur for four years post-reclassification, ensuring that they maintain English proficiency. Crete will use Proficiency Level Descriptors (PLDs) from the California ELD standards to track progress and implement support strategies as needed.

Monitoring Progress and Effectiveness of Supports for Long Term English Learners

Additionally, for Long Term English Learners (LTELs) and those at risk of becoming LTELs, Crete will evaluate individual progress annually. Staff will discuss the effectiveness of current supports and identify new interventions to address any achievement gaps. This ongoing evaluation ensures that the needs of LTELs are being met effectively, fostering their growth in both language proficiency and academic achievement.

Gifted and Talented ("GATE") Students and Students Achieving Above Grade Level

30. MEETING THE NEEDS OF GATE STUDENTS AND STUDENTS ACHIEVING ABOVE GRADE LEVEL

Crete Academy is dedicated to meeting the needs of gifted and talented students, as well as those achieving above grade level, through a comprehensive identification and support framework. To identify GATE students, the school will implement an inclusive assessment process at the beginning of the academic year. This approach, involving qualified personnel, ensures that all students are screened for special abilities, addressing the historical underrepresentation of students of color in gifted programs. By not solely relying on teacher recommendations, Crete aims to create a more equitable identification process that captures a diverse range of gifted learners.

Once students are identified as gifted or talented, families will be invited to an initial meeting to review assessment results. During this meeting, the identified student's teacher will outline specific strategies and modifications that will be made to the regular curriculum to cater to the student's advanced learning needs. Teachers will also suggest enrichment activities that families can engage in at home, fostering a collaborative approach to supporting their child's development.

In terms of instructional support, gifted students will benefit from the Stanford Education Program for Gifted Youth, an online supplemental curriculum used during Study Hour. This program provides challenging content tailored to their needs, ensuring they remain engaged and intellectually stimulated. Additionally, these students will be assigned alternate and advanced classwork that aligns with their learning levels, helping to further enhance their educational experience.

For students not formally identified as gifted but performing above grade level, teachers will modify instruction and assignments to ensure appropriate academic rigor. This may

include providing advanced worksheets, projects, and additional assignments designed to challenge these students during the regular school day. By offering differentiated learning opportunities, Crete Academy ensures that all students are appropriately challenged and engaged.

Monitoring the progress of gifted and talented students, as well as those achieving above grade level, is a continuous process. Teachers will regularly review student performance and maintain open lines of communication with families, scheduling conferences as needed to discuss progress and adjustments to learning strategies. The Academic Committee will also play a vital role in analyzing data related to these students, ensuring that interventions remain effective and responsive.

For parents seeking information regarding the GATE program, the onsite designee will be the Assistant Principal of Curriculum and Instruction. This point of contact will provide families with guidance, resources, and support related to the identification and educational needs of gifted and talented students, fostering a strong partnership between home and school. Through these comprehensive measures, Crete Academy is committed to nurturing the talents and abilities of all students, empowering them to reach their full potential.

Students Achieving Below Grade Level

31. MEETING THE NEEDS OF STUDENTS ACHIEVING BELOW GRADE LEVEL

Crete Academy is committed to meeting the needs of students achieving below grade level through a personalized learning model tailored to support their specific educational requirements. To identify these students, the school employs a multifaceted approach that includes regular assessments using tools like Renaissance STAR and i-Ready. These assessments help educators pinpoint areas where students are struggling, allowing for timely intervention.

Once students are identified as achieving below grade level, the school implements targeted instructional strategies to address their needs. Teachers engage in collaborative weekly meetings to discuss best practices and maintain curriculum cohesion, sharing insights and strategies that can benefit students requiring additional support. During these professional development sessions, the entire faculty analyzes whole school data, classroom performance, and subgroup results to identify trends and specific areas needing attention. This data-driven approach enables teachers to tailor lessons to support mastery of state content standards effectively.

The extended school day at Crete Academy provides additional instructional time, which is crucial for differentiated learning and personalized support. During this extra hour, students engage in targeted interventions that include one-on-one instruction, small group work, and guided practice. This structure allows for greater individualized attention,

ensuring that students can work at their own pace and receive the support they need to progress. Additionally, supplemental curricula such as i-Ready and other online learning platforms enhance their learning experience and develop essential technological skills.

Teachers receive extensive training in effective intervention strategies, which equips them to address the diverse learning needs of students. They regularly review student work and assessment data to identify those performing below grade level and adjust their instructional plans accordingly. The Academic Committee plays a crucial role in this process, meeting monthly to analyze data and evaluate the effectiveness of current interventions. This collaborative oversight helps ensure that instructional strategies are continuously refined based on student progress and needs.

Monitoring the progress of students achieving below grade level is an ongoing process. Teachers engage in regular data reviews to assess student growth, adjusting interventions as necessary to ensure that each child is making meaningful progress. The involvement of the Academic Committee further strengthens this effort, providing a framework for consistent evaluation and support. This comprehensive and collaborative approach allows Crete Academy to create a nurturing and effective educational environment, empowering students to reach their full potential and master the required content standards.

Socioeconomically Disadvantaged/Low Income Students

32. MEETING THE NEEDS OF SOCIOECONOMICALLY DISADVANTAGED/LOW INCOME STUDENTS

Crete Academy is dedicated to meeting the needs of socioeconomically disadvantaged and low-income students through targeted identification and tailored support strategies. To identify students in this group, the school utilizes Free and Reduced Price Meal eligibility data collected through school lunch forms during enrollment. This information allows staff to pinpoint students who qualify as socioeconomically disadvantaged, ensuring that their specific needs are recognized from the outset.

Once identified, the school implements a comprehensive approach to meet the unique needs of these students. Teachers participate in regular professional development focused on diversity and cultural sensitivity, equipping them to understand and respond to the challenges faced by low-income students. Support services include access to free meals, a food pantry, and a Harmony Center that provides essential medical, dental, mental health, and nutrition services. These resources are available both on and off campus, creating a supportive environment for students and their families.

Monitoring the progress of socioeconomically disadvantaged students involves a collaborative effort among staff. The Principal and teachers regularly review data during professional development sessions, identifying students who may need additional interventions or support. This ongoing analysis helps ensure that the strategies in place

remain effective and responsive to the students' evolving needs. The Harmony Center Director works closely with teachers to coordinate services and ensure that students are receiving the necessary resources.

In addition to personalized learning experiences, Crete Academy offers enriching activities in visual and performing arts, music, and STEM. These opportunities are designed to expose students to diverse learning experiences that enrich their education and promote holistic development. The school's focus on wellness and character development, grounded in its Core Values, supports the "whole child" approach, ensuring that socioeconomically disadvantaged students are not only supported academically but also socially and emotionally, empowering them to thrive in all aspects of their lives.

Students in Other Student Groups

33. FOSTER YOUTH AND YOUTH EXPERIENCING HOMELESSNESS

Crete Academy is committed to meeting the unique needs of foster youth and students experiencing homelessness, recognizing the significant challenges these groups face in their educational journeys. To effectively identify students in these populations, the school implements a comprehensive outreach strategy through family intake meetings at the Harmony Center. This includes collaborating with local shelters, community organizations, and social services to ensure that families are aware of the resources available to them. Additionally, during enrollment, the Charter School utilizes a sensitive intake process that allows families to disclose their circumstances confidentially, ensuring that students who qualify for additional support are promptly identified.

Once students are identified, Crete Academy takes a holistic approach to meet their needs. The Harmony Center Director establishes partnerships with local shelters and organizations to provide immediate assistance, such as securing temporary housing and essential resources. On campus, the Charter School offers a range of supports, including access to counseling services, academic tutoring, and mentorship programs. Staff members, including social workers and designated support staff, work closely with these students to address their specific challenges, providing tailored interventions that may include academic support, social-emotional learning, and basic needs assistance.

To ensure ongoing support, Crete Academy implements a system for monitoring the progress of students in these groups. Teachers use data from assessments, attendance records, and behavioral observations to track academic and emotional progress. Regular check-ins are scheduled with students and families to discuss their needs and progress, with feedback from these meetings informing further interventions. The Academic

Committee reviews data related to these students in their monthly meetings, ensuring that strategies remain effective and responsive.

In addition to academic programming, Crete Academy offers enrichment activities and character development initiatives tailored to foster youth and homeless students. These opportunities help build resilience and leadership skills, empowering students to overcome obstacles. The Charter School also provides resources for families, including access to job training and educational attainment programs, further supporting their long-term stability and success.

Overall, Crete Academy's comprehensive approach is designed to create an inclusive environment where foster youth and students experiencing homelessness feel supported and empowered, allowing them to thrive both academically and personally.

34. PROMISING PRACTICES

Not Applicable

"A Typical Day"

35. "A TYPICAL DAY" AT CRETE ACADEMY

A typical day at Crete Academy is a vibrant reflection of the school's mission to provide a rigorous, college preparatory education to historically underserved TK-6 students, with a vision that inspires hope and leadership for the future. As visitors arrive, they are welcomed by enthusiastic greetings from students and staff, creating an immediate sense of community and belonging. The hallways are adorned with student artwork and projects that highlight their learning journeys, reinforcing the school's commitment to creativity and self-expression.

The day begins with a brief morning assembly, where students gather to celebrate achievements and set collective goals. This fosters a sense of unity and motivation, reminding students that they are part of something greater. Following the assembly, classrooms come alive with the sounds of engaged learners. Visitors will notice flexible seating arrangements that promote collaboration and student choice, allowing learners to work in groups or independently as they tackle challenging tasks.

Instructional design at Crete Academy emphasizes differentiated learning. Teachers skillfully integrate direct instruction with hands-on activities, leveraging tools like Renaissance STAR and i-Ready data to tailor lessons to meet individual student needs. For instance, in a math lesson, students might be solving real-world problems, utilizing manipulatives, and collaborating to find solutions, all while receiving support tailored to their learning levels.

Throughout the day, visitors will witness a variety of innovative instructional strategies. Literacy blocks feature guided reading sessions, where students engage in rich discussions around texts that resonate with their experiences and aspirations. Project-based learning is also prevalent, with students working on interdisciplinary projects that encourage critical thinking and problem-solving, reflecting real-world issues and their potential impact.

As lunchtime approaches, the community aspect of Crete Academy shines through. Students gather to share meals and stories, fostering social skills and peer connections. After lunch, they engage in enrichment activities—ranging from art and music to physical education—allowing them to explore their interests in a supportive environment.

In the afternoon, the commitment to data-driven instruction is reinforced as teachers collaborate during planning periods. The Academic Committee meets regularly to analyze assessment data and refine instructional practices, ensuring that every child is supported in their academic journey.

As visitors leave, they will carry with them the palpable energy and determination that define Crete Academy—a place where students, once marginalized by poverty, are empowered to become the leaders of tomorrow. The sounds of laughter, inquiry, and collaboration resonate throughout the school, embodying a shared vision of hope and opportunity.

Element 2 – Measurable Pupil Outcomes and Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." (Ed. Code § 47605(c)(5)(B).)

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." (Ed. Code § 47605(c)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(d)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Goals of the Educational Program

1. Measurable Goals and Objectives of the Educational Program

These goals and objectives are the same as those described in Element 1 in accordance with Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B). Please refer to the completed LCFF State Priorities Table provided in Element 1 of this charter renewal petition.

Measurable Pupil Outcomes: Summative Assessment Performance Targets

Performance Targets Aligned to State Priorities

2. Specific Performance Targets for All Students and Significant Subgroups

These targets are the same as those described in Element 1 in accordance with Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B). Please refer to the completed LCFF State Priorities Table provided in Element 1 of this charter renewal petition.

3. Annual Measurable Goals for Grades That Do Not Participate in CAASPP

These goals are the same as those described in Element 1 in accordance with Education Code Section 47605(c)(5)(A)(ii). Please refer to the completed LCFF State Priorities Table provided in Element 1 of this charter renewal petition.

Other Performance Targets

4. All Other Measurable Goals

These goals are the same as those described in Element 1 in accordance with Education Code Section 47605(c)(5)(A)(ii). Please refer to the completed LCFF State Priorities Table provided in Element 1 of this charter renewal petition.

Method for Measuring Pupil Progress Toward Outcomes: Formative Assessment

5. Monitor and Measure Student Progress toward Mastery of State Standards

Refer to the LCFF State Priorities table for specific benchmark goals.

The Charter School will closely monitor and measure student progress toward mastery of state standards and other identified goals by utilizing Renaissance STAR and i-Ready data, complemented by the support of the Academic Committee, which meets monthly to inform instruction. To effectively track student progress, the school will implement a range of internal assessments, including periodic assessments and screening and diagnostic tools. Renaissance STAR will serve as a benchmark assessment tool, providing insights into students' reading and math skills at multiple points throughout the year. Similarly, i-Ready will be used for both diagnostic and formative assessments, enabling educators to gauge students' understanding and mastery of specific skills aligned with state standards.

Assessments will occur at regular intervals, typically three times per year for STAR assessments, while i-Ready assessments will be administered more frequently, allowing for ongoing monitoring of student progress. Students who are in urgent intervention will take the STAR assessments monthly. These assessments will be conducted across all grade levels, from kindergarten through sixth grade, ensuring that every student is evaluated consistently as they advance through their educational journey.

Performance expectations will be clearly defined based on state standards, with specific benchmarks established for each grade level and subject area. The Academic Committee will utilize the data from these assessments to identify students who are on track for mastery, those who require additional support, and those ready for enrichment opportunities. By establishing a robust framework of internal assessments, the charter school aims to create a responsive educational environment where data-driven insights lead to targeted instruction and ultimately, student success.

DIBELS 8	Determine progress early literacy skills	TK-2	End of Year	To determine if ELs are ready to be reclassified from EL to RFEP

Data Analysis and Reporting

6. COLLECTING, ANALYZING, USING, AND REPORTING ACADEMIC PERFORMANCE

Crete uses a Student Information System to analyze student performance. To ensure that students are meeting State Standards, the Principal will oversee the data collection and analysis of student performance data. During summer professional development and monthly professional development, the Principal will highlight student assessment scores and progress. Various educational partners, including teachers, parents and the Crete Board will participate in discussions about student performance data. The Principal will take recommendations from these discussions into consideration when setting annual goals, making personnel decisions and planning professional development and instructional design.

Teachers use data in the SIS system as they collaborate around unit and lesson design. Teachers will also use student data to drive the selection of instructional strategies and supplemental curricular resources. Teachers will also meet one-on-one to analyze classroom level data with the Principal during the monthly professional development. At

this time, they will discuss the progress of specific subgroups including Black or African American/Black students, Latino students, SED Students, SWD, and Homeless and ongoing analyses will guide future instruction and targeted student supports.

Parents will participate in data analysis at several points during the year. During Annual LCAP planning, Parent/Teacher Conferences, and SSC meetings, parents will be asked to review data and provide comments to the Executive Director. Parent input will be taken into consideration when setting annual school goals.

The Crete Board of Directors will also use student performance data to inform the annual strategic planning and goal setting process. In collaboration with the Executive Director and Principal, the Board will review data reports, analyze trends and discuss progress quarterly. The Board will also set new annual goals and benchmark goals based on the school's progress.

As stated above, student performance data will be included in teacher evaluations as one indicator of their overall effectiveness. Teachers' final evaluation scores will reflect a weight of 30% that is attributed to student achievement.

The benchmark assessments are also incorporated into the planning and design of instructional units and lessons. Teachers will use formative and curriculum based assessments to guide instruction.

Data Reporting and Analysis of Assessments includes the following steps:

1. ***Data Collection and Disaggregation:*** Administrators and teachers pull the data for review. Data is disaggregated by subgroups, individual , and students.
2. ***Review and Reflect:*** Teachers review student performance expectations, teaching priorities and areas of student strengths and weaknesses as determined by the data.
3. ***Discussion and Collaboration:*** Teachers discuss findings including data trends, common weaknesses, or learning gaps, and work together on a set of identified, grade level actions.
4. ***Individual Review and Action Steps:*** In light of the grade level action steps, teachers will conduct a review to identify areas where students need additional support.

Teacher Action steps are revisited during professional development meetings to gauge whether or not the progress students are making is adequate toward standard mastery.

Using data to drive instruction is critical to ensuring students' ability to achieve standards mastery. Teachers will use this information to guide their lesson plans and selected instructional strategies and curricular resources.

Grading, Progress Reporting, and Promotion/Retention

7. Grading and Progress Reporting Systems

Crete teachers will regularly analyze student work to measure their progress and areas of growth. Families are notified through regular communication with their teacher of their student's growth. Teachers communicate with families about their student's progress in the following ways:

1. Back to School Night
2. Progress Reports
3. Report Cards
4. Family/Teacher Conferences
5. Open House
6. School Events
7. Email/Phone Call/Texts

Additionally, families will have access to their child's teachers before and after school and by appointment.

Crete will send three progress reports and three report cards per year. Progress Reports will inform families about the student's progress toward standard mastery. Report Cards will also inform families about the student's progress toward standard mastery to include assessment data as well as information about student's social and character development will also be kept to highlight "whole child" development. Parent/Teacher Conferences are hosted twice per year in the fall and in the spring and by request. Students identified as needing additional support with any content area or skill set will participate in a conference (outside of the regularly scheduled teacher/family meeting times) with their teacher and family, to review their progress. At this time, the teacher will describe specific learning goals for the student, strategies that they will use in the classroom to support their learning, as well as activities and strategies that the families can do at home.

Teachers will also maintain student records that highlight student progress and growth towards mastery of each content area. Records of students' social and character development will also be kept to highlight "whole child" development.

The following grading policy describes the letter grade, percentage, rubric score and explanation that are used to define a student's level of mastery of the state standards.

Students are assessed using a rubric for all grades and receive a letter grade accordingly. Primary students (TK/K-3rd) grade will receive numbers that correspond with their academic progress, while students 4-6 grade will receive letter grades.

Grading Policy			
Letter Grade	Percentage	Rubric Score	Explanation
A+	98-100%	4	A student earning an A of 4 in a content area is consistently demonstrating levels of mastery with the content standards.
A	93-97%		
A-	90-92%		
B+	88-89%	3	A student earning a B or 3 in a content area is consistently demonstrating proficiency with the content standards.
B	83-87%		
B-	80-82%		
C+	78-79%	2	A student earning a C or a 2 in a content area is consistently demonstrating basic competency with the content standards.
C	73-77%		
C-	70-72%

During summer professional development, teachers will be trained on the school's policies and grading process. They will also work with the Principal to ensure that grades are appropriately assigned in a fair and consistent manner that corresponds with student mastery of standards. In addition to letter grades, teachers will provide anecdotal notes and narrative descriptions of student progress especially in areas where:

1. Students are performing above or below grade level standards – this may include examples of work to support the issued grade, written samples, projects and teacher assessments.
2. Character Development - this may include examples of the student demonstrating or failing to demonstrate Crete Core Values and other important character traits like kindness, citizenship and fairness.
3. EL, SWD, homeless and foster youth – this may include information and work samples from special education teachers, the Program Director or other staff members working with specific subgroups.

In addition to progress reports and report cards, state and national testing results are also sent to families. The Principal will host focus groups and meetings to share the school's progress with educational partners. Finally, Crete will prepare annually, the School Accountability Report Card ("SARC"), which is a public document that contains important information about the school's progress toward achieving its goals.

Retention Procedures

Prior to making any recommendations for retention, the family of a student who is not making adequate progress after the abovementioned targeted interventions and strategies have been implemented (in ELA or math, including, reading significantly below grade level, receiving 0, 1 and/or 2s on report cards), and becomes a candidate for retention. An SSPT will be held and specific goals and strategies for supporting student growth will be set. Strategies for supporting the student at school may include interventions, additional reading time, one-on-one support from teachers, and pairing with peers for support. Families will be an integral part of the support process and will be encouraged to provide recommended strategies and activities to support their student's progress. The teacher of the identified student will provide support strategies and resources that the family can use at home to further enhance the student's learning. This may include supplemental curricula, online curricula, specialized workbooks, or other materials identified by the teacher.

If a recommendation for retention is made, the family can appeal once notified. To do so, the family should submit, in writing, by the specified date, that they disagree with the decision to retain their student. The written notification shall state evidence supporting why the family believes a recommendation for retention is unwarranted.

Upon receipt of a letter appealing a retention recommendation, the Charter School shall appoint a hearing committee comprised of school staff. The Charter School shall schedule a hearing meeting within fourteen (14) days of the receipt of an appeal letter and shall notify the family of the meeting date. The family shall be notified both in writing and by phone of their rights during the hearing meeting. The school shall conduct a hearing before a committee with a presentation of facts from both parties. Upon conclusion of the presentation of facts, the committee shall make a final determination of retention within five days of the hearing.

Note: Families will be encouraged to remain an active participant throughout the evaluation process. The final decision regarding retention is made only after intensive interventions have been implemented, results documented and in collaboration between the teacher, Principal, family and other support staff, including ELD staff (when applicable), special education coordinator and others. If the abovementioned individuals find that the student may benefit from an assessment by the Special Education Coordinator, a referral will be made.

If a student is retained, the teacher will keep a folder with the retention information. If the student is retained and moves or transfers to another school, the retention folder will accompany the cumulative file. If for any reason, the retention is no longer a consideration, the retention folder will be stored at the school for one year. At the end of the year, the file is securely discarded.

Element 4 – Governance

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." (Ed. Code § 47605(c)(5)(D).)

General Provisions

As an independent charter school, Charter School, operated as or by its nonprofit public benefit corporation, is a separate legal entity and shall be solely responsible for the debts and obligations of Charter School.

Charter School shall not be operated as, or be operated by, a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Ed. Code § 47604.)

Charter School shall ensure that, at all times throughout the term of the Charter, the bylaws of its governing board and/or nonprofit corporation are and remain consistent with the provisions of this Charter. In the event that the governing board and/or nonprofit corporation operating Charter School amends the bylaws, Charter School shall provide a copy of the amended bylaws to CSD within 30 days of adoption.

Charter School shall comply with the Ralph M. Brown Act ("Brown Act"). All meetings of the Charter School's governing board shall be called, held and conducted in accordance with the terms and provisions of Education Code section 47604.1 and the Brown Act including, but not limited to, those related to meeting access and recording, notice, agenda preparation, posting and reporting.

Charter School shall send to the CSD copies of all governing board meeting agendas at the same time that they are posted in accordance with the Brown Act. Charter School shall also send to the CSD copies of all board meeting minutes within one week of governing board approval of the minutes. Timely posting of agendas and minutes on Charter School's website will satisfy this requirement.

The District reserves the right to appoint a single representative to the Charter School governing board pursuant to Education Code section 47604(c).

Legal and Policy Compliance

Charter School shall comply with all applicable federal, state, and local laws and regulations, and District policies as it relates to charter schools adopted through Board action.

Charter School shall comply with all applicable federal and state reporting requirements, including but not limited to the requirements of CBEDS, CALPADS, the Public Schools Accountability Act of 1999, and Education Code section 47604.33.

Charter School shall comply with the Brown Act and the California Public Records Act.

The Charter School shall comply with Government Code Section 1090, et seq., as set forth in Education Code section 47604.1.

Charter School shall comply with the Political Reform Act of 1974. (Gov. Code § 81000 et seq.)

Charter School and all employees and representatives of Charter School, including members of Charter School's governing board, members of Charter School or governing board committees and councils, Charter School administrators, and managers, shall comply with federal and state laws, nonprofit integrity standards, and LAUSD charter school policy, regarding ethics and conflicts of interest. Charter School shall enter into all transactions and conduct business with all persons and entities at arm's length or, in the case of otherwise permissible related party transactions, in a manner equivalent to arm's length.

Charter School shall notify parents, guardians, and teachers in writing within 72 hours of the issuance of a Notice of Violation, Notice of Intent to Revoke, Final Decision to Revoke, Notice of Non-Renewal, or equivalent notice, by the LAUSD Board of Education.

TITLE IX, SECTION 504, AND UNIFORM COMPLAINT PROCEDURES

Charter School shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX) and section 504 of the Rehabilitation Act of 1973 ("Section 504"), including any investigation of any complaint filed with Charter School alleging its noncompliance with these laws or alleging any actions which would be prohibited by these laws. Charter School shall notify all of its students and employees of the name, office address, and telephone number of the designated employee or employees.

Charter School shall adopt and publish complaint procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX or Section 504.

Charter School shall adopt and implement specific and continuing procedures for notifying applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Charter School, that Charter School does not discriminate on the basis of sex or mental or physical disability in the educational

programs or activities which it operates, and that it is required by Title IX and Section 504 not to discriminate on any such basis.

Charter School shall establish and provide a uniform complaint procedure in accordance with applicable federal and state laws and regulations, including but not limited to all applicable requirements of *California Code of Regulations*, title 5, section 4600 et seq.

Charter School shall adhere to all applicable federal and state laws and regulations regarding pupil fees, including Education Code sections 49010 - 49013, and extend its uniform complaint procedure to complaints filed pursuant to Education Code section 49013.

Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the Local Control Funding Formula legislation provisions set forth in Education Code section 52075.

RESPONDING TO INQUIRIES

Charter School, including its nonprofit corporation shall promptly respond to all reasonable inquiries, including but not limited to inquiries regarding financial records from the District, and shall cooperate with the District regarding any inquiries. Charter School acknowledges that Charter School, including but not limited to its nonprofit corporation, is subject to audit by LAUSD, including, without limitation, audit by the District Office of the Inspector General. Charter School shall provide the District with current, complete, and accurate contact information for Charter School, Charter School administrators, and Board members.

If an allegation or other evidence of waste, fraud, abuse, or other material violation of law related to Charter School's operations, or breach of the Charter, is received or discovered by the District, Charter School, including but not limited to its nonprofit corporation, employees, and representatives, shall cooperate with any resulting inquiry and/or investigation undertaken by the District and/or the Office of the Inspector General Investigations Unit.

Charter School acknowledges and agrees that persons and entities that directly exercise control over the expenditure of Charter School's public funds shall be subject to all necessary and appropriate District charter school oversight.

NOTIFICATION OF THE DISTRICT

Charter School shall notify the Charter Schools Division (CSD) in writing of any citations or notices of workplace hazards, investigations by outside governmental regulatory or investigative agencies, lawsuits, changes in corporate or legal status (e.g., loss of IRS 501(c)(3) status), or other formal complaints or notices, within one week of receipt of such notices by Charter School. Unless prohibited by law, Charter School shall notify the CSD in writing of any internal investigations within one week of commencing investigation.

Charter School shall notify the CSD within 24 hours of any dire emergency or serious threat to the health and safety of students or staff.

STUDENT RECORDS

Upon receipt of a student records request from a receiving school/school district, Charter School shall transfer a copy of the student's complete cumulative record within ten (10) school days in accordance with Education Code section 49068 and all student confidentiality and privacy laws including compliance with the Family Educational Rights and Privacy Act (FERPA). Charter School shall comply with the requirements of California Code of Regulations, title 5, section 3024, regarding the transfer of student special education records. In the event Charter School closes, Charter School shall comply with the student records transfer provisions in Element 15. Charter School shall comply with the requirements of Education Code section 49060 et seq., which include provisions regarding rights to access student records and transfer of records for youth in foster care.

PARENT ENGAGEMENT

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of his/her child's admission, continued enrollment, attendance, or participation in the school's educational activities, or otherwise discriminate against a student in any manner because his/her parent cannot, has not, or will not provide volunteer service to Charter School.

The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant students and currently enrolled students that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. (Ed. Code § 47605(n).)

FEDERAL PROGRAM COMPLIANCE

As a recipient of federal funds, Charter School has agreed to meet all applicable programmatic, fiscal and other regulatory requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) and other applicable federal programs. Charter School understands that it is a local educational agency (LEA) for purposes of federal compliance and reporting purposes. Charter School agrees that it will keep and make available to the District any documentation necessary to demonstrate compliance with the requirements of ESEA and other applicable federal programs. Charter School also acknowledges that, as part of its oversight of Charter School, the District may conduct program review for federal as well as state compliance.

Governance Structure

1. CRETE ACADEMY'S GOVERNANCE STRUCTURE

Crete Academy is a directly funded independent charter school and is operated by Crete Academy, Inc. as a California nonprofit public benefit corporation, pursuant to California law. Crete will operate autonomously from the District and the LAUSD Superintendent of Schools, with the exception of the supervisory oversight as required by statute. Pursuant to Education Code Section 47604(d), the District and the LAUSD Superintendent of Schools shall not be liable for the debts and obligations of the Charter School, operated as a California non-profit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by the Charter School as long as the District and LAUSD Superintendent of Schools has complied with all oversight responsibilities required by law.

The Charter School will be governed by the Crete Board of Directors ("Board" or "Board of Directors") in accordance with the Board's adopted corporate bylaws, which shall be consistent with the terms of this charter.

The Crete Board shall be responsible for all actions necessary to the operation of Crete Academy in accordance with its adopted bylaws. The school's leadership, teachers, and staff members carry out the day-to-day operations of the school. The Executive Director position is the primary leader responsible for administering the school under policies adopted by the Crete Board of Directors. The Crete Board of Directors sets policy, approves the budget, and assures that each school maintains high academic standards in accordance with its bylaws and the terms of this charter.

The Board of Directors of Crete Academy will meet regularly, at least once a quarter and in accordance with the Brown Act and Education Code Section 47604.1(c). The Board of Directors is fully responsible for the operation and fiscal affairs of the Charter School including, but not limited to, the following:

- Hire, supervise, evaluate, discipline, and dismiss the Executive Director and Director of Harmony Center of the Charter School;
- Approve all contractual agreements greater than $10,000;
- Approve and monitor the implementation of general policies of the Charter School. This includes effective human resource policies for career growth and compensation of the staff;
- Approve and monitor the Charter School's annual budget and budget revisions;
- Act as a fiscal agent. This includes but is not limited to the receipt of funds for the operation of the Charter School in accordance with applicable laws and the receipt of grants and donations consistent with the mission of the Charter School;
- Contract with an external independent auditor to produce an annual financial audit according to generally accepted accounting practices;
- Establish operational committees (Finance Committee, Audit Committee), as needed;
- Regularly measure progress of both student and staff performance;
- Involve parents/guardians and the community in school related programs;
- Execute all applicable responsibilities provided for in the California Corporations Code;

- Engage in ongoing strategic planning;
- Approve the school calendar and schedule of Board meetings;
- Review requests for out of state or overnight field trips;
- Participate in the dispute resolution procedure and complaint procedures when necessary;
- Approve charter amendments as necessary and submit requests for material revisions as necessary to the District for consideration;
- Approve annual independent fiscal audit; and
- Appoint an administrative panel or act as a hearing body and take action on student expulsion appeals.

The Board may execute any powers delegated by law to it and shall discharge any duty imposed by law upon it and may delegate to an employee of the Charter School any of those duties with the exception of budget approval or revision, approval of the fiscal audits, and the adoption of Board policies. The Board, however, retains ultimate responsibility over the performance of those powers or duties so delegated. Such delegation will:

- Be in writing;
- Specify the entity designated;
- Describe in specific terms the authority of the Board of Directors being delegated, any conditions on the delegated authority or its exercise and the beginning and ending dates of the delegation; and
- Require an affirmative vote of a majority of Board members.

The Board recognizes that the Executive Director and Harmony Center Director are responsible for the day-to-day management of Crete Academy and its Harmony Center.

Executive Director
Key responsibilities include (additional responsibilities are addressed in Element 5):

- Financial management
- Operational management
- Oversight and monitoring of instruction
- Safety, security, and risk management
- Relationship with chartering authority
- Culture of engagement with educational partners

Harmony Center Director
Key responsibilities include (additional responsibilities are addressed in Element 5):

- Oversight and monitoring of Harmony Center
- Manage referrals and resources for families
- Collaborate with school staff on special programs
- Fundraising
- Relationships with educational partners
- External Communications

Governing Board Composition and Member Selection

2. CRETE ACADEMY'S BOARD COMPOSITION

The composition of the Board will support effective charter school governance by ensuring a diverse mix of expertise, backgrounds, and perspectives that reflect the needs of the student population and the community it serves. By including members with experience in education, finance, law, and community engagement, the Board will be equipped to make informed decisions that promote academic excellence and fiscal responsibility. Additionally, incorporating parents, educators, and community leaders will enhance transparency and accountability, fostering a collaborative environment where stakeholder voices are heard. This strategic blend of skills and experiences will enable the Board to navigate challenges effectively, set clear goals, and drive the charter school's mission forward.

The Board of Directors be no less than five (5) and no more than nine (9), unless changed by amendments to these bylaws. All directors shall have full voting rights, including any representative appointed by the charter authorizer as consistent with Education Code Section 47604(c). If the chartering authority appoints a representative to serve on the Board of Directors, the Board of Directors may appoint an additional director to ensure an

odd number of Board members. All directors, except for the representative appointed by the chartering authority, shall be designated by the existing Board of Directors.

No persons serving on the Board of Directors may be interested persons. All directors are to be designated at the corporation's annual meeting. Each director shall hold office unless otherwise removed from office in accordance with the bylaws for one (1) year and until a successor director has been designated and qualified. Board members may serve consecutive terms on mutual agreement of the director and the Board. One board seat shall remain open until filled by a parent of a Crete student.

3. CRITERIA AND PROCESS FOR SELECTING BOARD MEMBERS

Upon a determination by the Board of Directors that an additional board member is needed, the Board will set a timeline for proposing candidates, interviewing candidates and the appointment of Board member(s). Upon approval of this timeline, the Board will immediately begin to identify potential candidates. Once candidates have been identified and recommended, the Board will discuss the candidate pool and determine, which candidates they would like to interview. Once all interviews are conducted, the Board will take action to appoint the Board member(s).

The Chairman of the Board of Directors or, if none, the President will appoint a committee to designate qualified candidates for election to the Board of Directors at least thirty (30) days before the date of any election of directors. The nominating committee shall make its report at least seven (7) days before the date of such designation or at such other time as the Board of Directors may set and the Secretary shall forward to each Board member, with the notice of meeting required by these bylaws, a list of all candidates nominated by committee.

Vacancies on the Board of Directors, except for the representative appointed by the charter authorizer, may be filled by approval of the Board of Directors or, if the number of directors then in office is less than a quorum, by (a) the affirmative vote of a majority of the directors then in office at a regular or special meeting of the Board, or (b) a sole remaining director. A vacancy in the seat of the representative of the charter authorizer shall be filled by the charter authorizer.

The Board will comply with all applicable federal, state and local laws. The Board is governed in its operations and its actions by the corporate bylaws, which are consistent with the terms of this Charter, the Charter Schools Act, and all other applicable laws and delineate membership, voting rights, term, etc. of the members of the Board. The Board will comply with completing mandatory ethics training for Board every other year pursuant to AB 2158 (2022).

The Board may initiate and carry out any program or activity or may otherwise act in any manner which is not in conflict with or inconsistent with or preempted by any law and which is not in conflict with the purposes for which charter schools are established.

The Board of Directors will seek out board members with the following qualifications:

1. Demonstrated commitment to the target community.
2. Demonstrated high-level of personal integrity and responsibility.
3. Possess good moral character and in good standing professionally.
4. Excellent communication and collaboration skills.
5. Demonstrated commitment to education and educational best-practices.
6. Personal or professional experience in the target community.
7. Specific expertise and skills in education, community outreach, governance, nonprofits, management, personnel, curriculum and instruction, finance, law, teaching, school administration, research or fundraising and development.

Pursuant to Education Code Section 47605(h), the names and relevant qualifications of all persons who serve on the Board of Directors are described herein. (See Folder 8 for *Governing Board Member Questionnaires* and Resumes)

Governance Procedures and Operations

4. Board Meeting Requirements and Procedures

The Board of Directors will meet approximately ten (10) times annually. Meetings shall be held at one of the two school sites unless the Board of Directors designates another location. All meetings of the Crete Academy Board regarding the Charter School shall take place at a location within the jurisdictional boundaries of Los Angeles County as required by Education Code Section 47604.1(c). The location for posting the governing board and committee meeting agendas shall be posted on the website, on the entrance and windows of the school office and Family Resource Center of both campuses. All meetings of the Board of Directors shall be called, held and conducted in compliance with the Brown Act and Education Code Section 47604.1.

The Board has adopted a Conflict of Interest Code necessary to comply with the Political Reform Act, Government Code Section 1090, *et seq.*, as set forth in Education Code Section 47604.1, and Corporations Code conflict of interest rules, and which shall be updated with any charter school-specific conflict of interest laws or regulations. As required, the Conflict of Interest Code has been submitted for approval to the County Board of Supervisors.

The Board of Directors will attend annual in-service for the purposes of individual board members understanding their responsibilities with topics to include, at minimum, conflicts of interest and the Brown Act.

5. Board's Decision-Making Procedures

A majority of the directors then in office shall constitute a quorum. All acts or decisions of the Board of Directors will be by majority vote of the directors in attendance, based upon the presence of a quorum. Should there be less than a majority of the directors present at the inception of any meeting, the meeting shall be adjourned. Directors may not vote

by proxy. The vote or abstention of each Board member present for each action taken shall be publicly reported.

Members of the Board of Directors may participate in standard teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

a. At a minimum, a quorum of the members of the Board of Directors shall participate in the teleconference meeting from locations within the boundaries of Los Angeles County;
b. All votes taken during a teleconference meeting shall be by roll call;
c. If the Board of Directors elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;
d. All locations where a member of the Board of Directors participates in a meeting via teleconference must be fully accessible to members of the public and shall be listed on the agenda;[50]
e. Members of the public must be able to hear what is said during the meeting and shall be provided with an opportunity to address the Board of Directors directly at each teleconference location; and
f. Members of the public attending a meeting conducted via teleconference need not give their name when entering the conference call.[51]

Stakeholder Involvement

6. Crete Academy's Stakeholder Involvement Plan and Process

The Crete education model believes family involvement is critical to the success of our students. Therefore, families are encouraged to take an active role in the education of their student. Involvement may include:

- Intake/Enrollment Meeting
- Parent-Teacher Conferences
- Parent workshops
- School events
- Fieldtrips

Furthermore, students' families are engaged in the programming and services offered by Crete and invited to partake in any services or supports needed. To that end, families have a strong voice in the school's educational program and are provided regular opportunities to a voice their opinions and desires for their student. In addition to engaging with families around the Charter School's educational program, Crete also engages families in discussions regarding LCAP goals. All feedback from families is reviewed and considered in the final development of the Charter School's LCAP.

[50] This means that members of the Board of Directors who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.
[51] The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the meeting.

Crete Academy utilizes its website as a vital tool for supporting and engaging educational partners in several impactful ways. The site serves as a comprehensive resource hub, offering access to educational materials, curriculum guides, and best practices that partners can leverage. An event calendar prominently displays upcoming workshops, meetings, and community events, encouraging active participation from partners. The website also features a communication portal, where newsletters, updates, and announcements keep partners informed about key developments. Additionally, Crete Academy incorporates a feedback mechanism, such as surveys and forums, enabling partners to share their insights and suggestions. By showcasing success stories, case studies, and testimonials, Crete fosters a sense of community and collaboration, ultimately strengthening its relationships with educational partners.

Crete believes serving the needs of students also means serving the needs of their family. The Crete model focuses on referral services for families and students to ensure that beyond the academic program, students have the resources and tools to succeed.

School Site Council (SSC)
The SSC meetings will be held at least four times annually. The SSC meetings shall be in accordance with the Greene Act. SSC is composed of ten (10) members representing all the educational partners which include: one (1) administrator, three (3) teachers, one (1) classified employee, and five (5) parents and/or community members, all nominated and elected by those groups they represent. The SSC at Crete will be the vehicle through which the school community comes together to chart the Charter School's plan for improvement. The goal of the SSC is to ensure that the Charter School is continually engaged in identifying and implementing curriculum and instructional practices that result in both strengthening the core academic program and guaranteeing student access to and success in that program.

The main responsibilities of the SSC are as follows:

- Conduct a Comprehensive Needs Assessment
- Review progress toward goals to increase academic achievement
- Review and revise School Safety Plans
- Review and advise on Charter School attendance
- Develop site level parent involvement policy
- Advise the Charter School on the parent involvement policy
- Review the Charter School parent compact (Title I)
- Annually develop, approve, and advise the Charter School in the development of the Local Control and Accountability Plan and proposed expenditures (including the requirements for the Single Plan for Student Achievement)

English Learner Advisory Committee (ELAC)
To the extent that Crete has more than 21 identified English Learners, the decision to have an English Learner Advisory Committee will be determined by Board of Directors. The ELAC will meet four times per year. The ELAC meetings shall be in accordance with the Greene Act. ELAC is composed of the Principal or designee and parents of ELs.

Leadership positions in ELAC will be determined by group consensus and not by election. Translation will be provided by parents and staff. The purpose of ELAC is to provide parents of ELs the opportunity to:

- Participate in the Charter School's needs assessment on any issue, not limited to those pertaining to English Learners
- Advise the team leads and Charter School staff on the Charter School's program and services for English Learners
- Review the English Learner Master Plan (LAUSD)
- Provide input on the most effective ways to ensure regular Charter School attendance
- Advise the Charter School on the annual language census
- Annually develop, approve, and advise the Charter School in the development of the Local Control and Accountability Plan and proposed expenditures (including the requirements for the Single Plan for Student Achievement).

Element 5 – Employee Qualifications

"The qualifications to be met by individuals to be employed by the charter school." (Ed. Code § 47605(c)(5)(E).)

EQUAL EMPLOYMENT OPPORTUNITY

Charter School acknowledges and agrees that all persons are entitled to equal employment opportunity. Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

ESEA/ESSA AND CREDENTIALING REQUIREMENTS

Charter School shall adhere to all requirements of the Elementary and Secondary Education Act (ESEA, also known as Every Student Succeeds Act (ESSA)) that are applicable to teachers and paraprofessional employees. Charter School shall ensure that all teachers are appropriately assigned and fully credentialed in accordance with applicable state requirements for certificated employment, including but not limited to the provisions of Education Code section 47605(l). Charter School shall maintain current copies of all teacher credentials and make them readily available for inspection.

Employee Positions and Qualifications

Crete is committed to attracting, training, and retaining staff who are committed to empowering the community through education. Crete maintains high expectations for all staff and expect that staff will commit to the mission and vision of the Charter School.

Charter School shall stock and maintain the required number and type of emergency epinephrine auto-injectors onsite and provide training to employee volunteers in the storage and use of the epinephrine auto-injector as required by Education Code section 49414 and section 4119.2 of the Business and Professions Code, as they may be amended from time to time.

ATHLETIC PROGRAMS

Charter School shall comply with the requirements of Education Code section 49475, with respect to any athletic program (as defined in Education Code section 49475) offered by or on behalf of Charter School.

If the Charter School offers an interscholastic athletic program, it shall develop and post a written emergency action plan that describes procedures to be followed in the event of sudden cardiac arrest and other medical emergencies, acquire and regularly test and maintain at least one automated external defibrillator (AED) for the Charter School, and make the AED available at on-campus athletic activities or events according to the requirements of Education Code sections 35179.4 and 35179.6.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Charter School, including its employees, officers, and representatives, shall comply with the Family Educational Rights and Privacy Act (FERPA) and Education Code section 49060 et seq. at all times.

CRIMINAL BACKGROUND CLEARANCES AND FINGERPRINTING

Charter School shall comply with all requirements of Education Code sections 44237 and 45125.1. Charter School shall designate and maintain at all times at least one Custodian of Records duly authorized by the California Department of Justice.

Charter School shall maintain on file and available for inspection evidence that (1) Charter School has performed criminal background checks and cleared for employment all employees prior to employment; (2) Charter School has obtained certification from each of its contracting entities/independent contractors that the entity/contractor has conducted required criminal background clearances for its employees prior to provision of schoolsite services and/or any contact with students, and has requested subsequent arrest notification service; and (3) Charter School has performed criminal background checks and cleared for service all volunteers not directly supervised by staff and who may have contact with students. Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice for all employees and volunteers not directly supervised by staff. Upon request, Charter School shall provide a copy of Department of Justice confirmation of Custodian of Records status for each Custodian of Records. Charter School, including its administrators and officers, shall comply with the requirements of Education Code section 44030.5.

All teachers in Charter School shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Education Code sections 44339, 44340, and 44341.

IMMUNIZATION AND HEALTH SCREENING REQUIREMENTS

Charter School shall require all employees, and any volunteer or vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis (TB) within the period of 60 days prior to employment/service, or otherwise meet the requirements of Education Code section 49406. Charter School shall maintain TB clearance records and certificates on file.

Charter School shall comply with all federal and state legal requirements related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis pursuant to Education Code section 49450 et seq, to the same extent as would be required if the students were attending a non-charter public school. Charter School shall maintain student immunization, health examination, and health screening records on file.

SAFE PLACE TO LEARN ACT

Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 et seq.

SUICIDE PREVENTION POLICY

If Charter School serves students in any grades Transitional Kindergarten/Kindergarten through 12, Charter School shall comply with the requirements of AB 2246 (2016) and AB 1767, codified in Education Code section 215, including but not limited to the requirement that the school's pupil suicide prevention policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and adopted at a regular public hearing. The Charter School shall review, at a minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy. Charter School shall provide the CSD with a copy of its pupil suicide prevention policy for review upon request.

HUMAN TRAFFICKING PREVENTION RESOURCES

If the Charter School serves students in any grades 6-12, it shall identify and implement the most appropriate methods of informing parents/guardians of human trafficking prevention resources as required by Education Code section 49381.

FEMININE HYGIENE PRODUCTS

If the Chater School maintains any combination of classes in grades 6-12 that meets the 40% pupil poverty threshold required to operate a schoolwide program pursuant to Section 6314(a)(1)(A) of Title 20 of the United States Code, then it shall stock at least 50% of its restrooms with feminine hygiene products at all times, and shall not charge students for these products, as required by Education Code section 35292.6.

NUTRITIONALLY ADEQUATE FREE OR REDUCED-PRICE MEAL

The Charter School shall provide each needy student, as defined in Education Code section 49552, with one nutritionally adequate free or reduced-price meal, as defined in Education Code section 49553(a), during each school day.

CALIFORNIA HEALTHY YOUTH ACT

The Charter School shall teach sexual health education and human immunodeficiency virus ("HIV") prevention education to students in grades 7-12, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act. (Ed. Code § 51930, et seq.)

BULLYING PREVENTION

Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying, and shall annually make available the online training module developed by the California Department of Education pursuant to Education Code section 32283.5(a) to certificated schoolsite employees and all other schoolsite employees who have regular interaction with pupils.

LGBTQ RESOURCES TRAINING

Charter School recognizes that it is encouraged to use schoolsite and community resources developed by the State Department of Education for the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) pupils to provide training at least once every 2 years to teachers and other certificated employees at each Charter School schoolsite that serves pupils in grades 7 to 12, to increase support for LGBTQ pupils and thereby improve overall school climate. (Ed. Code § 218.)

TRANSPORTATION SAFETY PLAN

The Charter School shall develop and maintain a transportation safety plan that includes procedures to ensure that a student is not left unattended on a school bus, student activity bus, youth bus, or childcare motor vehicle and procedures and standards for designating an adult chaperone, other than the driver, to accompany students on a school activity bus. In addition, the Charter School shall ensure that each school bus, student activity bus, youth bus, or child care motor vehicle is equipped with a child safety alert system that requires the driver to either manually contact or scan the device, thereby prompting the driver to inspect the entirety of the interior of the vehicle before exiting, unless the student activity bus is exempted by law. (Ed. Code § 39831.3; Veh. Code § 28160.)

Element 7 – Means to Achieve Racial and Ethnic, Special Education, and English Learners, including Redesignated Fluent English Proficient Pupils Balance

"The means by which the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." (Ed. Code § 47605(c)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District's Student Integration Services (collectively the "Court-ordered Integration Program"). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD's Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (*Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)*). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District's Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District's goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

Court-Ordered Integration

1. CRETE ACADEMY'S PLAN FOR ACHIEVING AND MAINTAINING THE LAUSD'S RACIAL AND ETHNIC BALANCE GOAL OF A 70:30 OR 60:40 RATIO

The Charter School is committed to designing measurable approaches to underscore the dedication in establishing a diverse student body. The Charter School will maintain an accurate accounting of the balance of racial and ethnic students, students with disabilities, ELs and RFEPs, and SED students enrolled in the Charter School and will use this information to determine where additional outreach efforts are needed. Crete is

committed to being racially, ethnically, linguistically (including ELs and RFEPs), ability, and socioeconomically diverse.

Crete employs the following recruitment and outreach strategies in support of its commitment to ensuring a diverse student population reflective of the general population residing in the District.[52] The Charter School will monitor this balance each year and will take necessary recruitment steps to achieve this goal.

Crete builds upon the successful model of community partnerships and outreach that the Charter School has developed in its initial term, when the Charter School successfully targeted and enrolled a student population that reflects the community we serve in South Central Los Angeles. By implementing this comprehensive plan, Crete Academy creates a balanced and inclusive environment that reflects the diversity of the community while ensuring equitable educational opportunities for all students. As such, the Charter School shall implement a student recruitment strategy, which shall include, but is not necessarily limited to, the following elements or strategies:

- An enrollment process that is scheduled and adopted to include a timeline that allows for a broad-based recruiting and application process.
- The development of promotional and informational material that appeals to all of the various racial and ethnic groups, students with disabilities, ELs and RFEPs, and SED students represented in the District.
- The appropriate development of promotional and informational materials in English and Spanish to appeal to limited English proficient populations. Other languages will be added as the need arises.
- The distribution of promotional and informational materials to a broad variety of community groups and agencies that serve the various racial and ethnic students, students with disabilities, ELs and RFEPs, and SED students represented in the District.
- The maintenance of a website for interested parents and community members to visit and learn more about the Charter School. The Charter School hosts a Facebook Page and Instagram to communicate about the Charter School.
- The establishment of partnerships with community organizations and businesses to support the Charter School and community.
- The Charter School will establish a presence in the community to engage the community in the success of the Charter School: local preschools, religious centers, apartment complexes, local markets/grocery stores, food banks, coffee shops, community centers, homeless centers, parks, libraries, businesses, and community organizations.
- The Charter School uses its logo to prominently displayed on all materials distributed in conjunction with the Charter School.
- The Charter School hosts numerous community events like Parent Meetings, Coffee with the Principal, Dads and Donuts, Moms and Muffins, Family Fair, Back to School Night, Latino Heritage Festival, Black History Celebration, Trunk or

[52] These strategies are subject to modification or suspension where they are infeasible or impractical due to public health restrictions, e.g., a pandemic, or disaster event.

Treat, Career Day, Adopt a Child for Christmas, Winter Wonderland, Thanksgiving Feast, End of Year Barbecue, Easter Egg Hunt, and Donors Appreciation Brunch.

- The Charter School host advisory groups like School Site Council and English Learner Advisory Committee as well as Parent Meetings.
- The Charter School implements a culturally relevant curriculum that reflects the diverse backgrounds of students, promoting inclusivity and understanding.
- The Charter School provides additional academic and social-emotional support for students from historically underrepresented groups to help them succeed in a diverse environment.
- The Charter School offers mentorship programs that connect students with role models from similar backgrounds.
- The Charter School trains teachers and staff members on cultural competency and inclusive teaching strategies to create a welcoming environment for all students.
- The Charter School fosters a school culture that values diversity and promotes respect and understanding among students.
- The Charter School will collaborate with LAUSD to align strategies and share best practices for achieving and maintaining the racial and ethnic balance goal.

2. Crete Academy's Plan to Achieve a Ratio Students in Special Education, and English Learners, Including Redesignated Fluent English Proficient Students Reflective of LAUSD

Charter School's Outreach Efforts to Recruit Students with Disabilities

Crete currently serves 8.5% of students with disabilities. Crete will make efforts in its student recruitment process to ensure that the Charter School attracts a higher level of enrollment of SWD that is reflective of the general population residing within the territorial jurisdiction of the District. Recruitment efforts toward this special population of students and their families will include:

1. Prospective Parent/Guardian events, open-house informational sessions, are held in the community will address parents/guardians of SWD and provide accommodations if needed.
2. One-on-one meetings between the Charter School and parents/guardians of SWD who express interest in learning more about how Crete can meet the particular needs of their child.
3. Parents/Guardians of SWD will be encouraged to bring IEP or 504 Plans to the school site after admission, and prior to the school year starting, so staff can be notified, have a copy of the plans, discuss needs with parents/guardians and prepare for the first day of school for the student(s).

Charter School's Outreach Efforts to Recruit English Learners and Reclassified English Learners

Crete currently serves 7.3% ELs and 30.6% RFEPs. Crete will make efforts in its student recruitment process to ensure that the Charter School attracts a comparable enrollment of ELs and RFEPs students that is reflective of the general population residing within the territorial jurisdiction of the District. Recruitment efforts toward this special population of students and their families will include:

1. Prospective Parent/Guardian events, open-house informational sessions, are held in English and Spanish in the community to address parents/guardians of EL and RFEP students. Materials are provided in English and Spanish. The website and the documents for application are bilingual.
2. The programs for ELs and RFEPs are discussed at the Prospective Parent/Guardian events in addition to the interventions provided to students who are academically low-achieving. The Charter School discusses the criteria for reclassifying students, continued supports and monitoring for RFEPs, and strategies for LTELs to assist them in reclassification.
3. Parents/Guardians of ELs and RFEPs students are supported to complete the application of interest prior to the lottery and to complete registration paperwork after admission. Support is provided by staff who are bilingual in English and Spanish.

Charter School's Outreach Efforts to Recruit Socioeconomically Disadvantaged Students

Crete currently serves 92.7% of SED students. Crete will make efforts in its student recruitment process to ensure that the Charter School attracts a comparable enrollment of SED students that is reflective of the general population residing within the territorial jurisdiction of the District. Recruitment efforts toward this special population of students and their families will include:

1. Prospective Parent/Guardian events, open-house informational sessions, are held in the community will address parents/guardians of SED students and provide translations and accommodations if needed.
2. One-on-one meetings between the Charter School and parents/guardians of SED students who express concern about how Crete can support the family's financial situation. These meetings may include conversations about transportation, housing, meals, supplies, and other items that the Charter School will provide.
3. Parents/Guardians of SED students will be supported to complete the free and reduced lunch application annually. Support will be provided by the office staff.

Research studies have demonstrated that SED students attending charter schools have been far more successful than those attending non-charter schools[53]. In all discussions and meetings held during outreach efforts, the focus will be on the Charter School's mission and vision.

Element 8 – Admission Policies and Procedures

"Admission policies and procedures, consistent with subdivision (e)." (Ed. Code § 47605(c)(5)(H).)

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School will enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

NON-DISCRIMINATION

Charter School shall not require a parent/legal guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, including immigration status, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Charter School shall not discourage a student from enrolling or seeking to enroll in the Charter School, nor encourage a current student from disenrolling, for any reason, including, but not limited to, the student's academic performance, nationality, race, ethnicity, or sexual orientation or because the student is a student with disabilities, academically low achieving, an English learner, neglected or delinquent, homeless, economically disadvantaged, or a foster youth. The Charter School shall not request or require a student's records to be submitted before enrollment. The Charter School shall post on its web site the California Department of Education notice of these requirements and shall provide the notice to parents/guardians or students age 18 and older when the parent/guardian or student inquiries about enrollment, before conducting an enrollment lottery, and before disenrollment of a student. (Ed. Code §§ 47605, 47605.6)

Charter School shall adopt policy that is consistent with the model policy developed by the California Attorney General addressing the Charter School's response to immigration enforcement, notify parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, prohibit the collection of information or documents regarding the immigration status of students or their family members, and fulfill other requirements of Education Code section 234.7.

PREGNANT AND PARENTING STUDENT ACCOMMODATIONS

Charter School shall provide specified accommodations to pregnant and parenting students, including, but not limited to, the provision of parental leave and reasonable accommodations on campus to a lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. The Charter School shall notify pregnant and parenting students and parents/guardians of the rights and options available to pregnant and parenting students. (Ed. Code §§ 222, 222.5, 46015.)

SEXUAL HARASSMENT POLICY NOTICE

The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at each schoolsite and in public areas at each schoolsite.

If the charter school offers competitive athletics, annually post on the school's web site or on the web site of the charter operator the total enrollment of the school classified by gender, the number of students who participate in competitive athletics classified by gender, and the number of boys' and girls' teams classified by sport and by competition level. If Charter School operates multiple school sites, this information shall be disaggregated by schoolsite. (Ed. Code § 221.9.)

Admission Requirements

1. Policies and Procedures for Admission and/or Enrollment in the Charter School

The Charter School actively recruits a diverse student population from the District and surrounding areas. Admission to the school is open to any resident of the State of California. Prospective students and their parents or guardians are briefed regarding the school's instructional and operational philosophy and are informed of the school's student-related policies. The school has established an annual recruiting and admission cycle, which includes the following: (1) outreach and marketing, (2) orientation sessions for parents/guardians and students, (3) an open enrollment (admission application) period, (4) public random drawing, if necessary, and (5) enrollment.

The Charter School shall require students who wish to attend the Charter School to complete an application form ("lottery application form"). After admission, students will be required to submit an enrollment packet, which shall include the following:

1. Student enrollment form
2. Proof of Immunization
3. Home Language Survey
4. Completion of Emergency Medical Information Form
5. Proof of minimum age requirements
6. Release of records[54]
7. Free and Reduced Price Meal Application

The Charter School and the District agree to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv).

Student Recruitment

Crete seeks to enroll students committed to the Charter School's mission and values. To create a school community that reflects the diversity of the general population residing within the territorial jurisdiction of the District, Crete will strive to recruit students from a range of racial, ethnic, linguistic, ability, and socioeconomic backgrounds. Crete's unique program will bring a sense of validation and encouragement to families from diverse and multicultural backgrounds seeking a unique educational experience. This mindset will assist in the overall recruiting efforts.

[54] In accordance with Education Code Section 47605(e)(4)(B), the Charter School shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the Charter School before enrollment.

2. Recruit Students with a History of Low Academic Performance, Socioeconomically Disadvantaged Students, and Students with Disabilities

Crete Academy has a proud history of recruiting students with a history of low academic performance, socioeconomically disadvantaged students, and students with disabilities from the District and surrounding areas who are committed to the Charter School's educational philosophy and instructional practices.

As detailed in Element 7, the outreach plan includes targeted efforts to recruit all students, including students at-risk of low academic performance, socioeconomically disadvantaged students, and students with disabilities, and ELs and RFEPs. Ongoing outreach will occur throughout the school year, as well as during the open enrollment period. Specifically, Crete visits homeless shelters in downtown Los Angeles to inquire about students of parents who are experiencing homelessness. Participation in public back to school events and community center outreach is a secondary recruitment approach.

Lottery Preferences and Procedures

3. Admission Preferences

Applications are accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Admission criteria are developed on a non-discriminatory basis. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing ("lottery"), with the exception of existing students who are guaranteed enrollment in the following school year. Admission preferences in the case of a public random drawing shall be given to the following students in the following order:

1. Siblings of students currently enrolled at Charter School who reside in LAUSD (to keep families together).
2. Children of Founding Parents/Founders, consistent with LAUSD's Founding Parent/Founders Preference Policy, who reside in LAUSD, and not to exceed 10% of enrollment.
3. Children of Crete employees who reside in LAUSD, and not to exceed 10% of enrollment.
4. Students who are currently enrolled in or who reside in the elementary school attendance area of the local public elementary school where the Charter School is located (for purposes of the SB 740 Charter School Facility Grant Program).
5. Students who reside in LAUSD.
6. Siblings of students currently enrolled at the Charter School who do not reside in LAUSD (to keep families together).

7. Children of Founding Parents/Founders, consistent with LAUSD's Founding Parent/Founders Preference Policy, who reside in LAUSD, and not to exceed 10% of enrollment.
8. Children of Crete employees who do not reside in LAUSD boundaries, and not to exceed 10% of enrollment.
9. All other eligible students.

4. PUBLIC RANDOM DRAWING

The open enrollment timeline period commences at the beginning of the calendar year, with interested families invited to submit a Lottery Application Form. The Open Enrollment is January 15th through March 1st, annually. The public random drawing occurs approximately two weeks after the close of the open enrollment period. Lottery rules and deadlines are communicated via information distributed with the Lottery Application Form, flyers/posters, and the Charter School website. Public notice is posted at the Charter School and on the Charter School's website regarding the date and time of the lottery. The notice includes an explanation that parents/guardians do not need to be present at the lottery but may attend if they choose to do so. The lottery is held at the location of the Charter School large enough to accommodate all interested parties. The lottery is held in the evening on a Monday to ensure interested parties are able to attend. The lottery is open to the public.

At the lottery, names shall be drawn from weighted lottery differentiated by grade level. Beginning with the lowest grade, the names shall be drawn by an adult citizen of good standing, not otherwise employed by the Charter School, confirming the results of the lottery. The drawing shall continue until all names for that grade level are drawn. Those individuals whose names are drawn after all spaces have been filled will be placed on the waiting list in the order drawn, except if the preferences described above require otherwise.

An adult citizen of good standing, not otherwise employed by the Charter School, will testify in writing, under penalty of perjury, that they personally witnessed each lottery pursuant to the above, and that each was random, public, and conducted as described.

Students and families will be notified by Crete staff of their acceptance to the Charter School via US Mail within five (5) days of the lottery. Students who are offered spots will be asked to complete an Enrollment Packet within ten (10) days of receipt of notification of their spot in order to secure their space. Charter School staff will be available to assist families in completing this paperwork if needed. Upon enrolling in Crete, each family will meet with a Crete staff member to discuss the school's mission and educational model. This meeting is not a condition to enrollment. The purpose of this initial meeting is to better understand the student's and family's education and health needs.

Those who apply after the lottery deadline are added to the end of the lottery waitlist in the order they are received. Vacancies that occur during the school year will be filled according to the waitlist. When an offer occurs during the school year, families will be

contacted by Crete staff, by phone and email, in the order of the waitlist and will be given two (2) days to decide whether or not to accept a space at the Charter School; acceptance is communicated by phone or email to Crete staff. In the event that no such waitlist exists and where the space is available, the space will be made available to the next interested family at the appropriate grade level.

The waitlist for the current school year remains active until the end of the school year. No waitlist shall be carried over from one school year to the next school year. Applicants must reapply for the lottery annually if the Charter School is unable to offer them admission for the current year.

Application Forms, the manual record of all lottery participants and their assigned lottery numbers, and other lottery-related documents will be physically filed on the Charter School campus, and lottery results and waitlists will be readily available in the Charter School's office for inspection upon request. Each applicant's admission application will be kept on file for the academic year with their assigned lottery number in the school database and on their enrollment application.

Element 9 – Annual Financial Audits

"The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority." (Ed. Code § 47605(c)(5)(l).)

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(c)(l) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

The following reports will be submitted to LAUSD, in the required format and within timelines to be specified by LAUSD, each year:

a. Provisional Budget – Spring prior to operating fiscal year
b. Final Budget – July of the budget fiscal year
c. First Interim Projections – November of operating fiscal year
d. Second Interim Projections – February of operating fiscal year
e. Unaudited Actuals – July following the end of the fiscal year
f. Audited Actuals – December 15 following the end of the fiscal year
g. Classification Report – monthly according to Charter School's Calendar
h. Statistical Report – monthly according to Charter School's Calendar of Reports

In addition:

- P1, first week of January
- P2, first week of April

i. Instructional Calendar – annually five weeks prior to first day of instruction
j. Other reports as requested by the District

Annual Audit Procedures

1. Position Responsibility

An annual independent financial audit of the books and records of the Charter School will be conducted as required by Education Code Sections 47605(c)(5)(l) and 47605(m). The books and records of the Charter School will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The audit shall be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide.

The Board will select an independent auditor through a request for proposal format. The auditor will have, at a minimum, a Certified Public Accountant and educational institution audit experience and will be approved by the State Controller on its published list as an educational audit provider. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in applicable Office of Management and Budget Circulars.

The annual audit will be completed and forwarded to the District, the County Superintendent of Schools, the State Controller, and to the CDE by the 15th of December of each year. The independent financial audit of the Charter School is a public record to be provided to the public upon request.

2. PROCESS FOR ADDRESSING AND RESOLVING ANY DEFICIENCIES

The Executive Director, along with the Audit Committee, if any, will review any audit exceptions or deficiencies and report to the Board with recommendations on how to resolve them. The Board will submit a report to the District describing how the exceptions and deficiencies have been or will be resolved to the satisfaction of the District along with an anticipated timeline for the same. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.

Element 10 – Suspension and Expulsion Procedures

"The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

***(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii)."* (Ed. Code § 47605(c)(5)(J).)**

GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy.. Charter School

shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g., truancy or excessive tardiness.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the basis for which the pupil is being involuntarily removed and his or her right to request a hearing to challenge the involuntary removal. If a parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated in this section.

HOMEWORK TO SUSPENDED STUDENTS

For any student who has been suspended from school for two or more schooldays, Charter School shall provide student with the homework the student would otherwise have been assigned if requested by the student or student's parent/guardian. If a homework assignment is requested and turned in to the student's teacher either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, but it is not graded before the end of the academic term, then that assignment shall not be included in the calculation of the pupil's overall grade in the class. (Ed. Code § 48913.5)

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and

services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student's disability?
B. Was the misconduct a direct result of the Charter School's failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed "Notification of Charter School Expulsion" [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  A. Was the misconduct caused by, or directly and substantially related to the student's disability?
  B. Was the misconduct a direct result of Charter School's failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD,

Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, involuntary removals, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

School Climate and Student Discipline System

1. Crete Academy's Student Discipline Philosophy

Crete Academy's student discipline philosophy is consistent with the principles of the District's *Discipline Foundation Policy,* and the *School Discipline Policy and School Climate Bill of Rights* Board of Education resolution. At Crete Academy, we believe that discipline is not about punishment, but rather about behavior adaptation, redirection and the development of personal accountability. Students experience various developmental stages during the growing years. The school community is an informed community, which promotes among its staff, an understanding of age-appropriate behaviors. With the guiding principles of the District policy as a foundation, teacher leaders and administration have crafted a formal discipline policy with an effective schoolwide positive behavior support system.

Identify

Crete Academy will create a safe, peaceful and nurturing environment where learning is paramount. Crete Academy teachers and staff members will engage in conscious classroom management strategies to ensure scholarly student behavior and on task learning each day. Professional development will be provided before school begins each summer with ongoing opportunities for teachers and staff members to learn additional techniques. It is the goal of Crete Academy to have at least 95% of all students in school, every day, because the environment is conducive to learning. We will also develop a tiered approach to ensuring that the emotional and social needs of students are met through universal, selected, and intensive strategies.

Schoolwide Positive Behavior Intervention and Support ("SWPBIS")

Crete Academy is committed to a systematic and holistic approach to teaching and managing behavior. Crete uses SWPBIS to support personal responsibility and positive social interactions. The SWPBIS is emphasized in the classroom by maintaining expectations about how the environment needs to be created called Classroom Culture including:

- Calming Corner (TK-3)
- Classroom Rules (simple, positively written, TK-6)
- Crete Core Values Poster (TK-6)
- Crete Mantra Poster (TK-6)
- Visible Discipline Protocol (Behavior Matrix, TK-6)
- Visible Teacher Name and Student Names on the Inside of the Classroom Door (TK-6)

The SWPBIS has developed a foundation of synergy where students learn to function harmoniously throughout the schoolday with their peers and teachers. This is a "student first" approach for SWPBIS. The staff is committed to serving the students with the finest

performance character education possible. The Crete staff will exhibit and teach these desired behaviors and attitudes through the Crete Core Value system:

We expect students to exhibit high Character in all that they do, take Responsibility for their actions, appreciate everyone's differences and treat them Equally, approach each day with a Teachable growth mindset, while demonstrating Excellence at all times.

Specific student behaviors are taught by the teachers and posted at the school in regard to the positive behavior to be exhibited while they are in the classroom, office, hallways, restrooms, assemblies, eating areas, and playground. To create a productive and safe learning environment for all students, Crete Academy has clear policies and consequences for behavior that is not consistent with good citizenship or interferes with the creation of a positive and safe learning environment. Students who do not adhere to the expectations and/or who violate them repeatedly may expect consequences for their behavior, including but not limited to the following:

- Warnings
- Loss of privileges such as time outs, detentions, restrictions from student activities
- Notices to parents/guardians by telephone or letter
- Request for parent conference
- Suspension
- Expulsion

Tiered Behavior Intervention

Crete Academy has developed a tiered student behavior process and progressive discipline based on guidance and support. Teachers are taught to utilize a Harmony-approach to behavior focused on de-escalating and redirecting students. Some students may require additional behavior interventions based on their needs or actions. The tiered behavior intervention process is as follows:

Classroom	Harmony Center	Behavior Interventionist	AP of Culture
▪ Non-participation in class ▪ Conflict with another student ▪ Yelling ▪ Incorrect use of classroom equipment ▪ Name-calling ▪ Throwing objects ▪ Off Task Behavior ▪ Talking during instruction	▪ Mental Health Concerns ▪ Possible Domestic Abuse ▪ Housing Concerns ▪ Sexual Harassment/ Inappropriate touching ▪ Death in the family ▪ Anger/Aggression ▪ Excessive sleeping in class ▪ Food/Nutrition Needs	▪ Threat to others ▪ Disrespecting teacher/staff ▪ Non-compliance of redirection ▪ Use of profanity toward teacher/staff ▪ Fighting ***Possible eduCLIMBER Incident Report**	▪ Repeated Offense ▪ Weapons ▪ Drug or Alcohol ▪ Fighting ▪ Vandalism ▪ Physical Aggression toward teacher/staff ▪ Inappropriate touching *** eduCLIMBER Incident Report**

***ClassDojo message to parent**	***Harmony Center Log**		

Restorative Justice Practices

Crete Academy uses restorative justice practices to foster a strong sense of community by prioritizing open dialogue, empathy, and accountability among students and staff. When conflicts arise, these practices provide a structured framework for addressing harm through facilitated conversations, where affected individuals can express their feelings and needs. This process encourages students to take responsibility for their actions while also understanding the impact on others, promoting a culture of respect and collaboration. By focusing on repairing relationships rather than punitive measures, the school community becomes more cohesive, with students learning valuable conflict resolution skills that contribute to a supportive and inclusive environment.

Alternatives to Suspension

Alternatives to suspension for addressing student misconduct can include restorative circles, behavior contracts, mentorship programs, and social-emotional learning sessions, which are tailored to be age-appropriate and constructive. To ensure consistency in implementing the charter school's discipline policy, a professional development plan for teachers and staff will focus on training in restorative practices, conflict resolution, and effective communication strategies. Workshops and ongoing coaching will provide staff with the tools to model positive behavior, engage students in meaningful discussions about their actions, and support their emotional growth. Regularly scheduled check-ins and collaborative planning sessions will reinforce these concepts, ensuring that all members of the school community are aligned in their approach to discipline and support.

Crete implements the following effective alternatives to suspension:

- **One-on-One Counseling:** LCSW or MSW Intern counsels students one-on-one to identify the root cause of their behavior and collaboratively develop strategies to address it.
- **Group Counseling:** LCSW or MSW Intern counsels a group of students in a supportive environment where students can share their experiences, learn coping skills, and build social-emotional competencies through guided discussions and activities**.**
- **Parent/Teacher Conferences:** Foster collaboration between parents and teachers, allowing them to discuss a child's behavior, identify challenges, and develop strategies to support the student's social-emotional growth and academic success.
- **Parent/Principal or Assistant Principal Conferences:** Engage parents in meaningful dialogue with school leadership about their child's behavior, ensuring a unified approach to addressing concerns and promoting a positive school experience.

- **Restorative Circles**: Facilitate group discussions where students can share their feelings and work together to resolve conflicts and repair relationships.
- **Behavior Contracts**: Develop agreements between students, teachers, and parents outlining specific behaviors to improve, with clear expectations and support.
- **Mentorship Programs**: Pair students with older peers or adults who can provide guidance, support, and positive role modeling.
- **Reflection Activities**: Encourage students to reflect on their behavior through journaling or discussions, helping them understand the impact of their actions.
- **Social-Emotional Learning Sessions**: Implement SEL programs to teach students skills like empathy, self-regulation, and conflict resolution.
- **Calm-Down Spaces**: Utilize the calm-corner or the Harmony Center where students can take a break to regain control of their emotions before returning to instruction.
- **Community Service Projects**: Engage students in activities that give back to the school or community, fostering a sense of responsibility and connection.
- **Referrals to Outside Service Providers**: Referrals aim to provide holistic support for students' overall well-being and development to address specific needs that cannot be fully met within the school setting. These may include mental health services, behavioral therapy, family counselling, nutritional counseling, and substance abuse counseling.

These approaches promote accountability, personal growth, and a positive school culture while keeping students engaged in their learning.

Using Data

Crete Academy effectively monitors student behavior data using eduCLIMBER by implementing several key strategies. First, teachers, staff members, behavior interventionists, and administrators can input behavior incidents, interventions, and outcomes into the eduCLIMBER platform, which allows for real-time tracking of student behavior trends. This data can be analyzed to identify patterns, such as frequent incidents among specific student groups or during particular times of the day.

Additionally, the school utilizes dashboards and reports generated by eduCLIMBER to visualize behavior data, helping staff make informed decisions about interventions and supports. Progress monitoring of behavior involves regularly assessing and tracking students' behavioral changes over time to evaluate the effectiveness of interventions and supports, allowing educators to make data-driven decisions to improve student outcomes. Regular meetings are held to review this data collaboratively, allowing educators to discuss strategies tailored to individual students or broader classroom management techniques. By integrating eduCLIMBER into their routine practices, the school fosters a proactive approach to behavior management, ultimately promoting a positive and supportive learning environment.

Crete Academy does not consider suspension or expulsion an effective means of improving student behavior because it does not address the root cause of poor choices.

It will be utilized as a last resort after other interventions have been exhausted or the behavior is egregious.

In-School Suspension

2. IMPLEMENTATION OF IN-SCHOOL SUSPENSION

Crete shall offer the student an in-school suspension where they work closely with the Principal and other staff on remediating their behavior in the school office. Teachers will assign work and meet with the student during the day to ensure the student is completing their assignments; teachers will follow up with parents will occur as necessary, regarding assigned schoolwork.

Crete offers in-school suspension as a means of reducing time missed from learning for behavioral issues. The same procedures for out-of-school suspension (written notice, parent conference, days of suspension, suspension appeals) and the same grounds/offenses for out-of-school suspension, which are described in this charter will apply to in-school suspension. Crete intends to address offenses precluded by the Ed. Code for in-school suspension for other public schools (stating that they will be ineligible for in-school suspension should be sufficient): 1) caused/attempt/threaten/participate in hate violence, 2) harassment/threats/intimidation against student(s)/school personnel, 3) terroristic threats against school officials and/or school property. In-school suspension may be offered for the first time a student is recommended for suspension or if the severity of the violation merits removal from the classroom but is not serious enough to require removal from the school. At Crete, in-school suspension is supervised by an aide or a credentialed teacher. This supervisor is responsible for gathering assignments from the student's teachers of record and providing a small group environment with close supervision and assistance in completing the work. To the extent that some work cannot be duplicated in the smaller environment, students are given an alternative assignment. If a student with an IEP participates in the in-school suspension program, Crete provides any required special education instruction or related services. The maximum number of days for in-school suspensions will not exceed two days per incident and five days in one academic year. The maximum number of days of in-school suspension will not exceed two (2) days per incident and five (5) days in one academic year.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action

to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below.

Grounds for Suspension and Expulsion

3. SCOPE OF DISCIPLINARY JURISDICTION

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to:

a) while on school grounds;
b) while going to or coming from school;
c) during the lunch period, whether on or off the school campus; or
d) during, going to, or coming from a school-sponsored activity.

Suspension

4. OFFENSES

Enumerated Offenses

Discretionary Suspension Offenses. Students may be when it is determined the pupil:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes, but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes, but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of the student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes, but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes, but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent

that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes, but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 6, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 6, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) rights by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 6, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with

exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

iii. Causing a reasonable student to experience substantial interference with their academic performance.

iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another pupil would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the

minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivisions (a)-(b) above.

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the pupil:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.
b) Brandished a knife at another person.
c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq*.
d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

Expulsion

5. OFFENSES

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the pupil:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes, but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes, but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of the student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes, but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this policy, “hazing” means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, “hazing” does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes, but is not limited to, electronic files and databases. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family’s safety, or for the protection of school property, which includes, but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 6, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 6, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 6, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
iii. Causing a reasonable student to experience substantial interference with their academic performance.
iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another pupil would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivisions (a)-(b) above.

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the pupil:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.
b) Brandished a knife at another person.
c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq*.
d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb, (B) grenade, (C) rocket having a propellant charge of more than four ounces, (D) missile having an explosive

or incendiary charge of more than one-quarter ounce, (E) mine, or (F) device similar to any of the devices described in the preceding clauses.

Out-of-School Suspension Procedures

6. PROCEDURES FOR SUSPENSION

In advance of a student discipline determination, including a decision to suspend a student, the Charter School administrators will conduct a fair and thorough investigation collecting evidence, including statements from possible witnesses, to ensure that all relevant information is considered before assigning interventions or consequences. Suspensions shall be initiated by the Principal or designee according to the following procedures:

Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and the student's parent/guardian (or, if applicable, a foster child's educational rights holder, attorney, and county social worker) and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for the failure of the student's parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian at the conference.

Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian (or, if applicable, a foster child's educational rights holder, attorney, and county social worker) by telephone or in person. Whenever a student is suspended, the parent/guardian (or, if applicable, a foster child's educational rights holder, attorney, and county social worker) shall be notified in writing of the suspension and the date of return following suspension no less than five (5) school days before the effective

date of the suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. The parent/guardian (or, if applicable, a foster child's educational rights holder, attorney, and county social worker) may appeal the decision within five (5) days of suspension to the Executive Director by sending a letter or email. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

7. Number of Days a Student May be Suspended

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Suspensions shall not exceed twenty (20) school days in one school year, unless for purposes of adjustment, a pupil enrolls in another regular school, an opportunity school or class, or a continuation education school or class, in which case the total number of school days for which the pupil may be suspended shall not exceed thirty (30) school days in any school year. Crete will hold a manifestation determination meeting for students with an IEP or a Section 504 plan to determine whether the behavior was a result of the disability and will limit suspensions not to exceed ten (10) school days for these students. Upon a recommendation of expulsion by the Principal or designee, the student and the student's parent/guardian shall be invited to a second conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

The determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

8. Meaningful Access to Education

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 6, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

The student will receive meaningful access to education during suspension and will have the opportunity to complete instructional activities missed due to suspension. Suspended students will be able to communicate with designated classrooms teacher(s) or administrator(s) for any questions and for evaluation of work and be provided the opportunity to make up any missed exams. All assignments will be provided by the teacher and available for pick-up or mailed to the child's home. The method in which assignments will be delivered will be decided on a case-by-case basis and prior to the end of the first day of suspension.

9. Rules and Procedures for Suspension pending Expulsion

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 6, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

The student will receive meaningful access to education during suspension and will have the opportunity to complete instructional activities missed due to suspension. Suspended students will be able to communicate with designated classrooms teacher(s) or administrator(s) for any questions and for evaluation of work and be provided the opportunity to make up any missed exams. All assignments will be provided by the teacher and available for pick-up or mailed to the child's home. The method in which assignments will be delivered will be decided on a case-by-case basis and prior to the end of the first day of suspension.

Expulsion Procedures

10. RULES AND PROCEDURES FOR EXPULSION

A student may be expelled either by a neutral and impartial Hearing Officer or Administrative Panel following a hearing before it. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Board and shall be presided over by a designated neutral hearing chairperson. The qualifications applicable to the members of the Administrative Panel also apply to the Hearing Officer. The Principal or designee may recommend expulsion of any student found to have committed an expellable offense, and the Hearing Officer or Administrative Panel shall make the final determination.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion. According to the LAUSD District charter renewal guide, the process for making an expulsion recommendation involves several key steps. Crete Academy will provide written notice to the student and their guardian detailing the reasons for the disciplinary action, ensuring transparency. This notice will include information about the specific behavior that led to the recommendation. Additionally, Crete will offer a meaningful opportunity for the student and guardian to be heard, which may involve a meeting or hearing where they can present their perspective and any mitigating factors before a final decision is made on the expulsion recommendation.

The Hearing Officer or Administrative Panel will hold a hearing on the case and will make a determination whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA). The student may make a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing. The Hearing Officer or Administrative Panel should review whether the underlying expulsion may be intertwined with other students' sensitive or confidential information and/or intertwined with confidential staff/personnel matters to provide notice of what aspects may be heard and discussed in open session and what must be preserved for closed session (Education Code Section 35146). The Board will then determine if the request will be honored.

Written notice of the expulsion recommendation and hearing shall be forwarded to the student and the student's parent/guardian via regular mail and electronic mail at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;

2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;

3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

6. The right to inspect and obtain copies of all documents to be used at the hearing;

7. The opportunity to confront and question all witnesses who testify at the hearing;

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

9. A statement that the pupil's parent/guardian may request a postponement of the hearing for good cause;

10. A statement that the parent/guardian can request reasonable accommodations or language support if needed during the hearing.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/ guardian, or legal counsel; and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may

include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. A copy of the recording is available to the pupil, parent, or guardian with five (5) business days of a written request.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Hearing Officer or Administrative Panel shall be in the form of written findings of fact. If the Hearing Officer or Administrative Panel decides not to expel, the student shall immediately be returned to their previous educational program.

The Hearing Officer or Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Hearing Officer or Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Hearing Officer or Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Charter School shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Hearing Officer or Administrative Panel to expel, shall send written notice of the decision to expel, including the Hearing Officer or Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; (b) Findings of fact from the expulsion hearing; (c) Term of the expulsion, including possible readmission date; (d) Rehabilitation plan and readmission procedures; (e) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Principal or designee shall send a copy of the written notice of the decision to expel to the chartering authority. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

Right to Appeal

Parents/Guardians may appeal the expulsion decision of the Hearing Officer or Administrative Panel by making a written request and submitting it to the impartial Board within fifteen (15) school days of the expulsion decision. The student will be considered suspended until a Board meeting is convened [within thirty (30) days] at which time the parent(s)/guardian(s) must attend to present their appeal. Hearing procedures will be substantially similar to those offered during the original hearing. Reasonable

accommodations will be made, and language support offered, for students and parents/guardians who wish to appeal. Following the appeal hearing, the Board will make a final decision based on the information presented at the appeal hearing by the parent(s)/guardian(s) and information from the original expulsion hearing. The Principal or designee will send written notice to the student or parent/guardian of the Board's decision within seven (7) calendar days of the appeal hearing. The Charter School Board's decision to uphold the Hearing Officer or Administrative Panel's decision to expel shall be final. If the Board overturns the expulsion, the pupil shall immediately be returned to their educational program.

Special Procedures for Consideration of Suspension, Expulsion, or Involuntary Removal of Students with Disabilities

1. Notification of the District
   The Charter School shall immediately notify the District and coordinate the procedures in this policy with the District of the discipline of any student with a disability or student who the Charter School or District would be deemed to have knowledge that the student had a disability.

2. Services During Suspension
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change in placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/Section 504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alterative educational setting.

3. Procedural Safeguards/Manifestation Determination
   Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent/guardian, and relevant members of the IEP/Section 504 Team shall review all relevant information in the student's file, including the child's IEP/Section 504 Plan, any teacher observations, and any relevant information provided by the parents/guardians to determine:

   i. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
   ii. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/Section 504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/ Section 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/ Section 504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/Section 504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/ Section 504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/Section 504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals.

The parent/guardian of a student with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education by utilizing the dispute provisions of the IEP/Section 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting.

The student's interim alternative educational setting shall be determined by the student's IEP/Section 504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services.

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the child.
3. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents/guardians; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

11. RULES AND PROCEDURES FOR REHABILITATION

Expelled Students/Alternative Education

Parents/guardians of students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested, and in the manner requested, by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion. Within five (5) school days of the expulsion, the Charter School shall have a voluntary post-expulsion meeting with parents/guardians in the manner requested to assist with locating alternative placements during expulsion, including in the County or school district of residence.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Hearing Officer or Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan shall outline the

expectations for behavior, attendance, academic achievement, benchmarks for rehabilitation, and shall include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Charter School Board following a meeting with the Principal or designee and the student and student's parent/guardian to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school Board following the meeting regarding the Principal's or designee's determination. The Principal or designee shall make a recommendation to the Governing Board for readmission if the pupil has met the conditions of the rehabilitation plan and does not pose a danger to Charter School safety. If the Principal determines the pupil has not met the conditions of rehabilitation plan and/or continues to pose a danger to Charter School safety, the Principal will make a recommendation against readmission. The Board will make the final determination. These procedures shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is issued. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Element 11 – Employee Retirement Systems

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School's participation in, and/or coverage of its staff members by, the State Teachers' Retirement System (CalSTRS), the Public Employees' Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a "government plan" governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan's requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School's existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Certificated Staff Members

1. Certificated Staff Members Retirement Systems

Certificated staff members shall participate in federal social security system, and the Executive Director shall be responsible for making all employer contributions required by federal social security, and employer contributions required for Workers' Compensation Insurance, Unemployment Insurance, and other applicable payroll benefits. Full-time certificated staff members may elect to participate in a 403(b) retirement contribution plan. The Charter School will match up to 5% per certificated staff member, and all withholdings from employee will be deposited to the employee's 403(b) account fund.

The Charter School retains the option to elect the California State Teachers' Retirement System (CalSTRS) coverage at a future date. Contributions will be made at the rate established by the Teacher's Retirement Board. The Charter School will complete all required documentation (including an amendment to the charter to include the election of CalSTRS) prior to the effective date of coverage and before reporting contributions to CalSTRS.

Classified Staff Members

2. Classified Staff Members Retirement Systems

Classified staff members shall participate in federal social security system, and the Executive Director shall be responsible for making all employer contributions required by federal social security, and employer contributions required for Workers' Compensation Insurance, Unemployment Insurance, and other applicable payroll benefits. Full-time classified staff members may elect to participate in a 403(b) retirement contribution plan. The Charter School will match up to 5% per classified staff member, and all withholdings from employee will be deposited to the employee's 403(b) account fund.

The Charter School retains the option to elect the California Public Employees' Retirement System (CalPERS) coverage at a future date. Contributions will be made at the rate established by the Board of Administrator. The Charter School will complete all required documentation (including an amendment to the charter to include the election of CalPERS) prior to the effective date of coverage and before reporting contributions to CalPERS.

Other Staff Members

3. Other Staff Members Retirement Systems

Classified staff members shall participate in federal social security system, and the Executive Director shall be responsible for making all employer contributions required by federal social security, and employer contributions required for Workers' Compensation Insurance, Unemployment Insurance, and other applicable payroll benefits.

Reporting

Crete will submit CalSTRS and/or CalPERS retirement data, if the Charter School participates in these systems through LACOE and will comply with all policies and procedures for payroll reporting.

Other Benefits

The Charter School, with approval from the Crete Academy Board, has the authority to determine the salary and benefit levels, working conditions and work-year characteristics (e.g., length of year and day, vacation policies, etc.) for all employees. This approach enables Crete Academy to attract and retain high caliber employees necessary for Crete's success.

Element 12 – Public School Attendance Alternatives

"The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil's school district of residence in accordance with applicable law and that school district's policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school's charter. If LAUSD is the pupil's school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

1. Informing Parents/Guardians of Public School Attendance Alternatives

Crete Academy is a school of choice. No student is required to attend the Charter School. Parents and guardians of each student enrolled in Crete Academy will be informed on the website that students have no right to admission in a particular school of a local educational agency as a consequence of enrollment in Crete Academy, except to the extent that such a right is extended by the local educational agency.

Element 13 – Rights of District Employees

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

Element 14 – Mandatory Dispute Resolution

"The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

General Provisions

Any claim, controversy or dispute between the District and Charter School arising out of, or relating to, this Charter, except for any claim, controversy or dispute related to the authorization, non-renewal, revision, and/or revocation of this Charter, ("Dispute") shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys' fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party's attorneys' fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys' fees, costs and/or expenses, or mediator's or arbitrator's fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

Proposition 39 Disputes

Any Dispute related to or arising out of Education Code section 47614 and/or its implementing regulations set forth in California Code of Regulations, title 5, section 11969 et seq. ("Proposition 39"), shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing ("Written Notification"). The Written Notification must identify the nature of the Dispute and all supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

Unless directed otherwise, all Written Notifications to the District and Charter School shall be addressed respectively as follows:

Director
Charter Schools Division
Los Angeles Unified School District
333 South Beaudry Avenue, 20th Floor
Los Angeles, California 90017

Crete Academy
c/o Executive Director
6103 Crenshaw Blvd.
Los Angeles, CA 90043

2) A written response ("Written Response") shall be tendered to the other party within fifteen (15) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been resolved by mutual agreement from the Written Response, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date on which the Written Response is received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, and conclude within forty (40) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, either party may then initiate a civil action. Venue for any civil action between the parties shall be the Los Angeles County Superior Court.

NON-PROPOSITION 39 DISPUTES

Any Dispute not related to or arising out of Proposition 39 shall be resolved in accordance with the procedures set forth below:

1) Any Dispute shall be communicated in writing ("Written Notification"). The Written Notification must identify the nature of the Dispute and any supporting facts. The Written Notification shall be tendered to the other party by personal delivery, by facsimile, or by certified mail. The Written Notification shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such notice if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile, upon electronic confirmation of receipt; or (c) if by mail, two (2) business days after deposit in the U.S. Mail.

   Unless directed otherwise all Written Notifications to the District and Charter School shall be addressed respectively as follows:

   Director
   Charter Schools Division
   Los Angeles Unified School District
   333 South Beaudry Avenue, 20th Floor
   Los Angeles, California 90017

   Crete Academy
   c/o Executive Director
   6103 Crenshaw Blvd.
   Los Angeles, CA 90043

2) A written response ("Written Response") shall be tendered to the other party within twenty (20) business days from the date of receipt of the Written Notification or other date as determined by mutual agreement of the parties. The Written Response shall be tendered to the other party by personal delivery, by facsimile or e-mail, or by certified mail. The Written Response shall be deemed received (a) if personally delivered, upon date of delivery to the address of the person to receive such communication if delivered by 5:00 p.m., or otherwise on the business day following personal delivery; (b) if by facsimile or e-mail, upon electronic confirmation of receipt; or (c) if by certified mail, two (2) business days after deposit in the U.S. Mail.

3) If the Dispute has not been otherwise resolved by mutual agreement, the parties agree to schedule a conference to discuss the Dispute identified in the Written Notice ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date from the date on which the Written Response is

received by the other party or other date as determined by mutual agreement of the parties.

4) If the Dispute has not been resolved by mutual agreement at the Issue Conference, either party may then request that the Dispute be resolved by mediation. Within fifteen (15) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties, the parties shall mutually agree upon the selection of a mediator. If the parties are unable to mutually agree upon the selection of a mediator, the mediator shall be selected from a list of mediators prepared and provided by the American Arbitration Association. Mediation proceedings shall commence within thirty (30) business days of the date of the request for mediation or other date as determined by mutual agreement of the parties. Unless the parties mutually agree otherwise, mediation proceedings shall be administered in accordance with the commercial mediation procedures of the American Arbitration Association.

5) If the mediation is not successful, then the parties agree to resolve the Dispute by binding arbitration conducted by a single arbitrator. Unless the parties mutually agree otherwise, arbitration proceedings shall be administered in accordance with the commercial arbitration rules of the American Arbitration Association. The arbitrator must be an active member of the State Bar of California or a retired judge of the state or federal judiciary of California.

Element 15 – Charter School Closure Procedures

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(c)(5)(O).)

REVOCATION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. The District may revoke the Charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a "Closure Action". A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(f)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(k) and 47607(j), or its administrative appeal rights have lapsed, or the charter school voluntarily closes at

any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.

CLOSURE PROCEDURES

The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on "Charter Schools Closure - Requirements and Recommendations" posted on the California Department of Education website. All references to "Charter School" apply to Charter School, including its nonprofit corporation and governing board.

DESIGNATION OF RESPONSIBLE PERSON(S) AND FUNDING OF CLOSURE

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

NOTIFICATION OF CLOSURE ACTION

Upon the taking of a Closure Action, Charter School shall send written notice of its closure to:

1. The LAUSD Charter Schools Division (CSD). Charter School shall provide the CSD with written notice of (1) the person(s) designated to be responsible for conducting and overseeing all closure activities, and (2) the source, location, and management of the funding for such activities. If the Closure Action is an act of Charter School, Charter School shall provide the CSD with a copy of the governing board resolution or minutes that documents its Closure Action.

2. Parents/guardians of all students, and all majority age and emancipated minor students, currently enrolled in Charter School within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written parent notification to the CSD.

3. Los Angeles County Office of Education (LACOE). Charter School shall send written notification of the Closure Action to LACOE by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

4. The Special Education Local Plan Area (SELPA) in which Charter School participates. Charter School shall send written notification of the Closure Action to the SELPA in which Charter School participates by registered mail within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of this notification to the CSD.

5. The retirement systems in which Charter School's employees participate. Within fourteen (14) calendar days of the Closure Action, Charter School shall notify, as applicable, the State Teachers Retirement System (STRS), Public Employees Retirement System (PERS), the Social Security Administration, and the Los Angeles County Office of Education of the Closure Action, and follow their respective procedures for dissolving contracts and reporting. Charter School shall provide a copy of these notifications and correspondence to the CSD.

6. The California Department of Education (CDE). Charter School shall send written notification of the Closure Action to the CDE by registered mail within 72 hours of the Closure Action. Charter School shall provide a copy of this notification to the CSD.

7. Any school district that may be responsible for providing education services to the former students of Charter School. Charter School shall send written notification of the Closure Action within 72 hours of the Closure Action. This notice must include a list of potentially returning students and their home schools based on student residence. Charter School shall provide a copy of these notifications, if any, to the CSD.

8. All Charter School employees and vendors within 72 hours of the Closure Action. Charter School shall simultaneously provide a copy of the written employee and vendor notification, with any attachments, to the CSD.

Notification of all the parties above, with the exception of employees and vendors, must include but is not limited to the following information:

1. The effective date of the closure of Charter School

2. The name(s) and contact information for the person(s) handling inquiries regarding the closure

3. The students' school districts of residence

4. How parents/guardians of all students, and all majority age and emancipated minor students, may obtain copies of student records and transcripts, including specific information on completed courses and credits that meet graduation requirements

In addition to the four required items above, notification of the CDE shall also include:

1. A description of the circumstances of the closure

2. The location of student and personnel records

In addition to the four required items above, notification of parents/guardians of all students, and all majority age and emancipated minor students, shall also include:

1. Information on how to enroll or transfer the student to an appropriate school

2. A certified packet of student information that includes closure notice, a copy of the student's cumulative record and other records, including but not limited to grade reports, discipline records, immunization records, completed coursework, credits that meet graduation requirements, a transcript, and state testing results

3. Information on student completion of college entrance requirements, for all high school students affected by the closure

Notification of employees and vendors shall include:

1. The effective date of the closure of Charter School

2. The name(s) and contact information for the person(s) handling inquiries regarding the closure

3. The date and manner, which shall be no later than 30 days from the effective date of the closure of Charter School, by which Charter School shall provide employees with written verification of employment

Within 30 calendar days of the effective date of closure, Charter School shall provide all employees with written verification of employment. Charter School shall send copies of all such employee verification letters to the CSD.

RECORDS RETENTION AND TRANSFER

Charter School shall comply with all applicable laws as well as District policies and procedures, as they may change from time to time, regarding the transfer and maintenance of Charter School records, including student records. These requirements include:

1. Charter School shall provide the District with all original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. Transfer of the complete and organized original student records to the District, in accordance with District procedures applicable at the time of closure, shall occur within seven (7) calendar days of the effective date of closure.

2. Charter School's process for transferring copies of student records to receiving schools shall be in accordance with applicable law and LAUSD procedures for students moving from one school to another.

3. Charter School shall prepare and provide an electronic master list of all students to the Charter Schools Division in accordance with the District procedures applicable at the time of closure. This list shall include the student's identification

number, Statewide Student Identifier (SSID), birthdate, grade, full name, address, home school/school district, enrollment date, exit code, exit date, parent/guardian name(s), and phone number(s). If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

4. Charter School must organize the original cumulative files for delivery to the District in two categories: active students and inactive students. Charter School will coordinate with the CSD for the delivery and/or pickup of student records.

5. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.

6. Charter School must provide to the CSD a copy of student attendance records, teacher gradebooks, and Title I records (if applicable).

7. Charter School must provide to the CSD the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School's employee records to the designee.

8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.

9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student's district of residence.

FINANCIAL CLOSE-OUT

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.

3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

DISPOSITION OF LIABILITIES AND ASSETS

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.

4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.

b. Make final federal tax payments (employee taxes, etc.)

c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

1. Specific Position That Will Serve as Closure Agent

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate the Executive Director or designee to be responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

DISTRICT-OWNED FACILITIES

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and

shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.

- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, ("F&E") that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.

- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.

- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:

  (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term "instructional program" is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on "average daily attendance" and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.

  (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity

other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- Minimum Payments or Charges to be Paid to District Arising from the Facilities:

  (i) Pro Rata Share: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and

  (ii) Taxes; Assessments: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School's legal or equitable interest created by the use agreement.

- Maintenance & Operations Services: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.

  (i) Co-Location: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.

  (ii) Sole Occupant: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.

- Real Property Insurance: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and

maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

NON-DISTRICT-OWNED FACILITIES

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

Facility Compliance: Prior to occupancy or use of any non-District-owned school site and/or facility, Charter School shall ensure that the site and/or facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

Pest Management: Charter School shall comply with the Healthy Schools Act, Education Code section 17608, which details pest management requirements for schools.

Asbestos Management: Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

INSURANCE

INSURANCE REQUIREMENTS

No coverage shall be provided to Charter School by the District under any of the District's self-insured programs or commercial insurance policies. Charter School shall secure and maintain, at a minimum, insurance as set forth below with insurance companies acceptable to the District [A.M. Best A-, VII or better] or the equivalent provided through a California Joint Powers Authority self-insurance program to protect Charter School from claims which may arise from its operations. Each Charter School location shall meet the below insurance requirements individually.

It shall be Charter School's responsibility, not the District's, to monitor its vendors, contractors, partners, and/or sponsors for compliance with the insurance requirements.

The following insurance policies are required:

1. Commercial General Liability, including Fire Legal Liability, coverage of $5,000,000 per Occurrence and in the Aggregate. The policy shall be endorsed to name the Los Angeles Unified School District and its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy. Coverage shall be maintained with no Self-Insured Retention above $15,000 without the prior written approval of the Division of Risk Management and Insurance Services for the LAUSD.

2. Workers' Compensation Insurance in accordance with provisions of the California Labor Code adequate to protect Charter School from claims that may arise from its operations pursuant to the Workers' Compensation Act (Statutory Coverage). The Workers' Compensation Insurance coverage must also include Employers Liability coverage with limits of $1,000,000/$1,000,000/$1,000,000.

3. Commercial Auto Liability, including Owned, Leased, Hired, and Non-owned, coverage with limits of $1,000,000 Combined Single Limit per Occurrence if Charter School does not operate a student transportation service. If Charter School provides student transportation services, the required coverage limit is $5,000,000 Combined Single Limit per Occurrence.

4. Crime Insurance or Fidelity Bond coverage shall be maintained by Charter School to cover all Charter School employees who handle, process or otherwise have responsibility for Charter School funds, supplies, equipment, or other assets. Minimum amount of coverage shall be $1,000,000 per occurrence/$1,000,000 aggregate, with deductible that is acceptable to the Los Angeles Unified School District.

5. Cyber Liability insurance coverage with minimum limits of $500,000 per occurrence and $500,000 general aggregate.

6. Professional Educators Errors and Omissions liability coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

7. Sexual Molestation and Abuse coverage with minimum limits of $5,000,000 per occurrence and $5,000,000 general aggregate. Coverage may be held as a separate policy or included by endorsement in the Commercial General Liability or the Errors and Omissions Policy. Whether this coverage is separately issued or included by endorsement to another policy, such coverage shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

8. Employment Practices Legal Liability coverage with limits of $5,000,000 per occurrence and $5,000,000 general aggregate.

9. Excess/Umbrella Liability insurance with limits of not less than $10,000,000 is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

Coverages and limits of insurance may be accomplished through individual primary policies or through a combination of primary and excess policies and alternative methods of coverage as approved by the District. Where specifically required above, and with respect to any other coverage for which such endorsements and/or provisions are available, each policy shall be endorsed to name the Los Angeles Unified School District and Its Board of Education as named additional insureds and shall provide specifically that any insurance carried by the District which may be applicable to any claims or loss shall be deemed excess and Charter School's insurance shall be primary despite any conflicting provisions in Charter School's policy.

EVIDENCE OF INSURANCE

Charter School shall furnish to the District's Division of Risk Management and Insurance Services located at 333 S. Beaudry Ave, 28th Floor, Los Angeles CA 90017 at the outset of the Charter agreement and within 30 calendar days of the inception or effective date of any new policies, renewals, or changes, certificatesof insurance evidencing such coverage and signed by authorized representatives of the insurance carrier. Certificates shall be endorsed as follows:

"Charter school shall be required to provide LAUSD with 30 days prior written notice by certified mail, return receipt requested, if the insurance afforded by this policy shall be suspended, cancelled, reduced in coverage limits or non-renewed."

With respect to the coverages for which additional insured status is required as set forth above, the certificate(s) of insurance shall reflect Los Angeles Unified School District's and Its Board of Education's status as named additional insureds thereunder, and shall attach a copy of the endorsement(s) extending such coverage.

Facsimile or reproduced signatures may be acceptable upon review by the Division of Risk Management and Insurance Services. However, the District reserves the right to require certified copies of any required insurance policies.

Should Charter School deem it prudent and/or desirable to have insurance coverage for damage or theft to Charter School, employee or student property, for student accident, or any other type of insurance coverage not listed above, such insurance shall not be provided by the District and its purchase shall be the responsibility of Charter School.

HOLD HARMLESS/INDEMNIFICATION PROVISION

To the fullest extent permitted by law, Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever, arising out of, or relating to, this Charter agreement. Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by Charter School and/or its officers, directors, employees or volunteers. Moreover, Charter School agrees to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors.

FISCAL MATTERS

DISTRICT OVERSIGHT COSTS

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School's revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District

may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

CASH RESERVES

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

THIRD PARTY CONTRACTS

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

SPECIAL EDUCATION REVENUE ADJUSTMENT/PAYMENT FOR SERVICES

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

STUDENT BODY FUNDS

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School's annual audit as a stand-alone item.

AUDIT AND INSPECTION OF RECORDS

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.

- The District's statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.

- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,
- Internal controls, both financial and operational in nature,
- The accuracy, recording and/or reporting of Charter School's financial information,
- Charter School's debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- Charter School's enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days' notice to Charter School. When 30 days' notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours' notice.

FISCAL POLICIES AND PROCEDURES

Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

APPORTIONMENT ELIGIBILITY FOR STUDENTS OVER 19 YEARS OF AGE

Charter School acknowledges that, in order for a pupil over nineteen (19) years of age to remain eligible for generating charter school apportionment, the pupil shall be continuously enrolled in public school and make satisfactory progress toward award of a high school diploma. (Ed. Code § 47612(b).)

LOCAL CONTROL AND ACCOUNTABILITY PLAN

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a "listing and description of the expenditures for

the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)" of section 47606.5(a). (Ed. Code § 47606.5(b).)

BYLAWS
OF
CRETE ACADEMY
(A California Nonprofit Public Benefit Corporation)

ARTICLE I
NAME

Section 1. NAME. The name of this Corporation is Crete Academy.

ARTICLE II
PRINCIPAL OFFICE OF THE CORPORATION

Section 1. PRINCIPAL OFFICE OF THE CORPORATION. The principal office for the transaction of the activities and affairs of the Corporation is located in Los Angeles County, State of California.

Section 2. OTHER OFFICES OF THE CORPORATION. The Board of Directors may at any time establish branch or subordinate offices at any place or places where the Corporation is qualified to conduct its activities.

ARTICLE III
GENERAL AND SPECIFIC PURPOSES; LIMITATIONS

Section 1. GENERAL AND SPECIFIC PURPOSES. The purpose of the Corporation is to manage, operate, guide, direct and promote one or more California public charter schools. Also in the context of these purposes, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation.

The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) a corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of or in opposition to any candidate for public office.

ARTICLE IV
CONSTRUCTION AND DEFINITIONS

Section 1. CONSTRUCTION AND DEFINITIONS. Unless the context indicates otherwise, the general provisions, rules of construction, and definitions in the California Nonprofit Corporation Law shall govern the construction of these bylaws. Without limiting the generality of the preceding sentence, the masculine gender includes the feminine and neuter, the singular includes the plural, and the plural includes the singular, and the term "person" includes both a legal entity and a natural person.

ARTICLE V
DEDICATION OF ASSETS

Section 1. DEDICATION OF ASSETS. The Corporation's assets are irrevocably dedicated to public benefit purposes as set forth in the charter governing the charter schools operated as or by the Corporation. No part of the net earnings, properties, or assets of the Corporation, on dissolution or otherwise, shall inure to the benefit of any private person or individual, or to any director or officer of the Corporation. On liquidation or dissolution, all properties and assets remaining after payment, or provision for payment, of all debts and liabilities of the Corporation shall be distributed to a nonprofit fund, foundation, corporation or association which is organized and operated exclusively for educational, public or charitable purposes and which has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public purpose.

ARTICLE VI
CORPORATION WITHOUT MEMBERS

Section 1. CORPORATION WITHOUT MEMBERS. The Corporation shall have no voting members within the meaning of the Nonprofit Corporation Law. The Corporation's Board of Directors may, in its discretion, admit individuals to one or more classes of nonvoting members; the class or classes shall have such rights and obligations as the Board of Directors finds appropriate.

ARTICLE VII
BOARD OF DIRECTORS

Section 1. GENERAL POWERS. Subject to the provisions and limitations of the California Nonprofit Public Benefit Corporation Law and any other applicable laws, and subject to any limitations of the articles of incorporation or bylaws, the Corporation's activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Board of Directors ("Board").

Section 2. SPECIFIC POWERS. Without prejudice to the general powers set forth in Section 1 of this article, but subject to the same limitations, the Board of Directors shall have the power to:

a. Appoint and remove, at the pleasure of the Board of Directors, all corporate officers, agents, and employees; prescribe powers and duties for them as are consistent with the law, the articles of incorporation, and these bylaws; and require from them security for faithful service.

b. Change the principal office or the principal business office in California from one location to another within the boundaries of the authorizer.

c. Borrow money and incur indebtedness on the Corporation's behalf and cause to be executed and delivered for the Corporation's purposes, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecations, and other evidences of debt and securities.

d. Adopt and use a corporate seal.

Section 3. DESIGNATED DIRECTORS AND TERMS. The number of directors shall be no less than five (5) and no more than nine (9), unless changed by amendments to these bylaws. All directors shall have full voting rights, including any representative appointed by the charter authorizer as consistent with Education Code Section 47604(b). If the charter authorizer appoints a representative to serve on the Board of Directors, the Board of Directors may appoint an additional director to ensure an odd number of Board members. All directors, except for the representative appointed by the charter authorizer, shall be designated by the existing Board of Directors.

The Board of Directors will seek out board members with the following qualifications:

1. Demonstrated commitment to the target community.
2. Demonstrated high-level of personal integrity and responsibility.
3. Possess good moral character and in good standing professionally.
4. Excellent communication and collaboration skills.
5. Demonstrated commitment to education and educational best-practices.
6. Personal or professional experience in the target community.
7. Specific expertise and skills in education, community outreach, governance, nonprofits, management, personnel, curriculum and instruction, finance, law, teaching, school administration, research or fundraising and development.

Except for the initial Board of Directors, each director shall hold office unless otherwise removed from office in accordance with these bylaws for one (1) year and until a successor director has been designated and qualified.

The initial Board of Directors shall be as follows:

NAME	EXPIRATION OF TERM
Sergio Martus	August, 2018
Ursula Worsham	August, 2018
Stuart Gothold	August, 2018
Jessica Lewis	August, 2018
Diandra Bremond	August, 2018
Patrice Payne	August, 2018

Section 4. RESTRICTION ON INTERESTED PERSONS AS DIRECTORS. No persons serving on the Board of Directors may be interested persons. An interested person is (a) any person currently being compensated by the Corporation for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as director; and (b) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person. The Board may adopt other policies circumscribing potential conflicts of interest to conform to the Brown Act.

Section 5. DIRECTORS' TERMS. Each director shall hold office for one (2) year and

until a successor director has been designated and qualified.

Section 6. NOMINATION OF DIRECTORS. Upon a determination by the Board of Directors that an additional board member is needed, the Board will set a timeline for proposing candidates, interviewing candidates and the appointment of Board member(s). Upon approval of this timeline, the Board will immediately begin to identify potential candidates. Once candidates have been identified and recommended, the Board will discuss the candidate pool and determine, which candidates they would like to interview. Once all interviews are conducted, the Board will take action to appoint the Board member(s).

The Chairman of the Board of Directors or, if none, the President will appoint a committee to designate qualified candidates for election to the Board of Directors at least thirty (30) days before the date of any election of directors. The nominating committee shall make its report at least seven (7) days before the date of such designation or at such other time as the Board of Directors may set and the Secretary shall forward to each Board member, with the notice of meeting required by these bylaws, a list of all candidates nominated by committee.

Section 7. EVENTS CAUSING VACANCIES ON BOARD. A vacancy or vacancies on the Board of Directors shall occur in the event of (a) the death, resignation, or removal of any director; (b) the declaration by resolution of the Board of Directors of a vacancy in the office of a director who has been convicted of a felony, declared of unsound mind by a court order, or found by final order or judgment of any court to have breached a duty under California Nonprofit Public Benefit Corporation Law, Chapter 2, Article 3; or (c) the increase of the authorized number of directors.

Section 8. RESIGNATION OF DIRECTORS. Except as provided below, any director may resign by giving written notice to the Chairman of the Board, if any, or to the President, or the Secretary, or to the Board. The resignation shall be effective when the notice is given unless the notice specifies a later time for the resignation to become effective. If a director's resignation is effective at a later time, the Board of Directors may elect a successor to take office as of the date when the resignation becomes effective.

Section 9. DIRECTOR MAY NOT RESIGN IF NO DIRECTOR REMAINS. Except on notice to the California Attorney General, no director may resign if the Corporation would be left without a duly elected director or directors.

Section 10. REMOVAL OF DIRECTORS. Any director, except for the representative appointed by the charter authorizer, may be removed, with or without cause, by the vote of the majority of the members of the entire Board of Directors at a special meeting called for that purpose, or at a regular meeting, provided that notice of that meeting and such removal are given in compliance with the provisions of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code) as said chapter may be modified by subsequent legislation ("Brown Act"). The representative appointed by the charter authorizer may be removed without cause by the charter authorizer or with the written consent of the charter authorizer. Any vacancy caused by the removal of a Board designated director shall be filled as provided in Section 11.

Section 11. VACANCIES FILLED BY BOARD. Vacancies on the Board of Directors, except for the representative appointed by the charter authorizer, may be filled by approval of the Board of Directors or, if the number of directors then in office is less than a quorum, by (a) the affirmative vote of a majority of the directors then in office at a regular or special meeting of the

Board, or (b) a sole remaining director. A vacancy in the seat of the representative of the charter authorizer shall be filled by the charter authorizer.

Section 12. NO VACANCY ON REDUCTION OF NUMBER OF DIRECTORS. Any reduction of the authorized number of directors shall not result in any directors being removed before his or her term of office expires.

Section 13. PLACE OF BOARD OF DIRECTORS MEETINGS. Meetings shall be held at the principal office of the Corporation unless the Board of Directors designates another location in accordance with these bylaws. All meetings of the Crete Academy Board regarding the Charter School shall take place at a location within the jurisdictional boundaries of LAUSD as required by the Brown Act. All meetings of the Board of Directors shall be called, held and conducted in accordance with the terms and provisions of the Brown Act.

Section 14. MEETINGS; ANNUAL MEETINGS. All meetings of the Board of Directors and its committees shall be called, noticed, and held in compliance with the provisions of the Brown Act. The Board of Directors shall meet annually for the purpose of organization, appointment of officers, and the transaction of such other business as may properly be brought before the meeting. This meeting shall be held at a time, date, and place as noticed by the Board of Directors in accordance with the Brown Act.

Section 15. REGULAR MEETINGS. Regular meetings of the Board of Directors, including annual meetings, shall be held at such times and places as may from time to time be fixed by the Board of Directors. At least 72 hours before a regular meeting, the Board of Directors, or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Section 16. SPECIAL MEETINGS. Special meetings of the Board of Directors for any purpose may be called at any time by the Chairman of the Board of Directors, if there is such an officer, or a majority of the Board of Directors. If a Chairman of the Board has not been elected then the President is authorized to call a special meeting in place of the Chairman of the Board. The party calling a special meeting shall determine the place, date, and time thereof.

Section 17. NOTICE OF SPECIAL MEETINGS. In accordance with the Brown Act, special meetings of the Board of Directors may be held only after twenty-four (24) hours notice is given to the public through the posting of an agenda. Directors shall also receive at least twenty-four (24) hours notice of the special meeting, in the following manner:

a. Any such notice shall be addressed or delivered to each director at the director's address as it is shown on the records of the Corporation, or as may have been given to the Corporation by the director for purposes of notice, or, if an address is not shown on the Corporation's records or is not readily ascertainable, at the place at which the meetings of the Board of Directors are regularly held.

b. Notice by mail shall be deemed received at the time a properly addressed written notice is deposited in the United States mail, postage prepaid. Any other written notice shall be deemed received at the time it is personally delivered to the recipient or is delivered to a common carrier for transmission, or is actually transmitted by the person giving the notice by electronic means to the recipient. Oral notice shall be deemed received

at the time it is communicated, in person or by telephone or wireless, to the recipient or to a person at the office of the recipient whom the person giving the notice has reason to believe will promptly communicate it to the receiver.

The notice of special meeting shall state the time of the meeting, and the place if the place is other than the principal office of the Corporation, and the general nature of the business proposed to be transacted at the meeting. No business, other than the business the general nature of which was set forth in the notice of the meeting, may be transacted at a special meeting.

Section 18. QUORUM. A majority of the directors then in office shall constitute a quorum. All acts or decisions of the Board of Directors will be by majority vote of the directors in attendance, based upon the presence of a quorum. Should there be less than a majority of the directors present at the inception of any meeting, the meeting shall be adjourned. Directors may not vote by proxy. The vote or abstention of each Board member present for each action taken shall be publicly reported.

Section 19. TELECONFERENCE MEETINGS. Members of the Board of Directors may participate in teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

a. At a minimum, a quorum of the members of the Board of Directors shall participate in the teleconference meeting from locations within the boundaries of the granting agency in which the Corporation operates;

b. All votes taken during a teleconference meeting shall be by roll call;

c. If the Board of Directors elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;

d. All locations where a member of the Board of Directors participates in a meeting via teleconference must be fully accessible to members of the public and shall be listed on the agenda;[1]

e. Members of the public must be able to hear what is said during the meeting and shall be provided with an opportunity to address the Board of Directors directly at each teleconference location; and

f. Members of the public attending a meeting conducted via teleconference need not give their name when entering the conference call.[2]

Section 20. ADJOURNMENT. A majority of the directors present, whether or not a quorum is present, may adjourn any Board of Directors meeting to another time or place. Notice of such adjournment to another time or place shall be given, prior to the time scheduled for the continuation of the meeting, to the directors who were not present at the time of the adjournment,

[1] This means that members of the Board of Directors who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.

[2] The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the meeting.

and to the public in the manner prescribed by the Brown Act.

Section 21. COMPENSATION AND REIMBURSEMENT. Directors may not receive compensation for their services as directors or officers, only such reimbursement of expenses as the Board of Directors may establish by resolution to be just and reasonable as to the Corporation at the time that the resolution is adopted.

Section 22. CREATION AND POWERS OF COMMITTEES. The Board, by resolution adopted by a majority of the directors then in office, may create one or more committees of the Board, each consisting of two or more directors and no one who is not a director, to serve at the pleasure of the Board. Appointments to committees of the Board of Directors shall be by majority vote of the directors then in office. The Board of Directors may appoint one or more directors as alternate members of any such committee, who may replace any absent member at any meeting. Any such committee shall have all the authority of the Board, to the extent provided in the Board of Directors' resolution, except that no committee may:

a. Fill vacancies on the Board of Directors or any committee of the Board;

b. Amend or repeal bylaws or adopt new bylaws;

c. Amend or repeal any resolution of the Board of Directors that by its express terms is not so amendable or subject to repeal; or

d. Create any other committees of the Board of Directors or appoint the members of committees of the Board;

The Board may also create one or more advisory committees composed of directors and non-directors. It is the intent of the Board to encourage the participation and involvement of faculty, staff, parents, students and administrators through attending and participating in open committee meetings. The Board may establish, by resolution adopted by a majority of the directors then in office, advisory committees to serve at the pleasure of the Board.

Section 23. MEETINGS AND ACTION OF COMMITTEES. Meetings and actions of committees of the Board of Directors shall be governed by, held, and taken under the provisions of these bylaws concerning meetings, other Board of Directors' actions, and the Brown Act, if applicable, except that the time for general meetings of such committees and the calling of special meetings of such committees may be set either by Board of Directors' resolution or, if none, by resolution of the committee. Minutes of each meeting shall be kept and shall be filed with the corporate records. The Board of Directors may adopt rules for the governance of any committee as long as the rules are consistent with these bylaws. If the Board of Directors has not adopted rules, the committee may do so.

Section 24. NON-LIABILITY OF DIRECTORS. No director shall be personally liable for the debts, liabilities, or other obligations of the Corporation.

Section 25. COMPLIANCE WITH LAWS GOVERNING STUDENT RECORDS. The Charter School and the Board of Directors shall comply with all applicable provisions of the

Family Education Rights Privacy Act ("FERPA") as set forth in Title 20 of the United States Code Section 1232g and attendant regulations as they may be amended from time to time.

ARTICLE VIII
OFFICERS OF THE CORPORATION

Section 1. OFFICES HELD. The officers of the Corporation shall be a President, a Secretary, and a Chief Financial Officer. The Corporation, at the Board's direction, may also have a Chairman of the Board and a Vice-Chair. The officers, in addition to the corporate duties set forth in this Article VIII, shall also have administrative duties as set forth in any applicable contract for employment or job specification. Except for the Chairman of the Board and Vice-Chair, officers shall not also be directors (Board members).

Section 2. DUPLICATION OF OFFICE HOLDERS. Any number of offices may be held by the same person, except that neither the Secretary nor the Chief Financial Officer may serve concurrently as either the President or the Chairman of the Board.

Section 3. ELECTION OF OFFICERS. The officers of the Corporation shall be chosen annually by the Board of Directors and shall serve at the pleasure of the Board, subject to the rights of any officer under any employment contract.

Section 4. REMOVAL OF OFFICERS. Without prejudice to the rights of any officer under an employment contract, the Board of Directors may remove any officer with or without cause.

Section 5. RESIGNATION OF OFFICERS. Any officer may resign at any time by giving written notice to the Board. The resignation shall take effect on the date the notice is received or at any later time specified in the notice. Unless otherwise specified in the notice, the resignation need not be accepted to be effective. Any resignation shall be without prejudice to any rights of the Corporation under any contract to which the officer is a party.

Section 6. VACANCIES IN OFFICE. A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in these bylaws for normal appointment to that office, provided, however, that vacancies need not be filled on an annual basis.

Section 7. CHAIRMAN OF THE BOARD. If a Chairman of the Board of Directors is elected, he or she shall preside at the Board of Directors' meetings and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time. If a Chairman of the Board of Directors is elected, there shall also be a Vice-Chairman of the Board of Directors. In the absence of the Chairman, the Vice-Chairman shall preside at Board of Directors meetings and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time.

Section 8. PRESIDENT. The President, also known as the Principal shall be the general manager of the Corporation and shall supervise, direct, and control the Corporation's activities, affairs, and officers as fully described in any applicable employment contract, agreement, or job specification. The President shall have such other powers and duties as the Board of Directors or the bylaws may require. If there is no Chairman of the Board, the President shall also preside at the Board of Directors' meetings.

Section 9. SECRETARY. The Secretary shall keep or cause to be kept, at the Corporation's principal office or such other place as the Board of Directors may direct, a book of minutes of all meetings, proceedings, and actions of the Board and of committees of the Board. The minutes of meetings shall include the time and place that the meeting was held; whether the meeting was annual, regular, special, or emergency and, if special or emergency, how authorized; the notice given; the names of the directors present at Board of Directors and committee meetings; and the vote or abstention of each Board member present for each action taken.

The Secretary shall keep or cause to be kept, at the principal California office, a copy of the articles of incorporation and bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Board and of committees of the Board of Directors that these bylaws require to be given. The Secretary shall keep the corporate seal, if any, in safe custody and shall have such other powers and perform such other duties as the Board of Directors or the bylaws may require.

Section 10. CHIEF FINANCIAL OFFICER. The Chief Financial Officer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and accounts of the Corporation's properties and transactions. The Chief Financial Officer shall send or cause to be given to directors such financial statements and reports as are required to be given by law, by these bylaws, or by the Board. The books of account shall be open to inspection by any director at all reasonable times.

The Chief Financial Officer shall (a) deposit, or cause to be deposited, all money and other valuables in the name and to the credit of the Corporation with such depositories as the Board of Directors may designate; (b) disburse the Corporation's funds as the Board of Directors may order; (c) render to the President, Chairman of the Board, if any, and the Board, when requested, an account of all transactions as Chief Financial Officer and of the financial condition of the Corporation; and (d) have such other powers and perform such other duties as the Board, contract, job specification, or the bylaws may require.

If required by the Board, the Chief Financial Officer shall give the Corporation a bond in the amount and with the surety or sureties specified by the Board of Directors for faithful performance of the duties of the office and for restoration to the Corporation of all of its books, papers, vouchers, money, and other property of every kind in the possession or under the control of the Chief Financial Officer on his or her death, resignation, retirement, or removal from office.

ARTICLE IX
CONTRACTS WITH DIRECTORS

Section 1. CONTRACTS WITH DIRECTORS. The Corporation shall not enter into a contract or transaction in which a director directly or indirectly has a material financial interest (nor any other corporation, firm, association, or other entity in which one or more of the Corporation's directors are directors and have a material financial interest).

ARTICLE X
CONTRACTS WITH NON-DIRECTOR DESIGNATED EMPLOYEES

Section 1. CONTRACTS WITH NON-DIRECTOR DESIGNATED EMPLOYEES. The Corporation shall not enter into a contract or transaction in which a non-director designated employee (e.g., officers and other key decision-making employees) directly or indirectly has a material financial interest unless all of the requirements in the Corporation's Conflict of Interest Code have been fulfilled.

ARTICLE XI
LOANS TO DIRECTORS AND OFFICERS

Section 1. LOANS TO DIRECTORS AND OFFICERS. The Corporation shall not lend any money or property to or guarantee the obligation of any director or officer without the approval of the California Attorney General; provided, however, that the Corporation may advance money to a director or officer of the Corporation for expenses reasonably anticipated to be incurred in the performance of his or her duties if that director or officer would be entitled to reimbursement for such expenses of the Corporation.

ARTICLE XII
INDEMNIFICATION

Section 1. INDEMNIFICATION. To the fullest extent permitted by law, the Corporation shall indemnify its directors, officers, employees, and other persons described in Corporations Code Section 5238(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any "proceeding," as that term is used in that section, and including an action by or in the right of the Corporation by reason of the fact that the person is or was a person described in that section. "Expenses," as used in this bylaw, shall have the same meaning as in that section of the Corporations Code.

On written request to the Board of Directors by any person seeking indemnification under Corporations Code Section 5238 (b) or Section 5238 (c) the Board of Directors shall promptly decide under Corporations Code Section 5238 (e) whether the applicable standard of conduct set forth in Corporations Code Section 5238 (b) or Section 5238 (c) has been met and, if so, the Board of Directors shall authorize indemnification.

ARTICLE XIII
INSURANCE

Section 1. INSURANCE. The Corporation shall have the right to purchase and maintain insurance to the full extent permitted by law on behalf of its directors, officers, employees, and other agents, to cover any liability asserted against or incurred by any director, officer, employee, or agent in such capacity or arising from the director's, officer's, employee's, or agent's status as such.

ARTICLE XIV
MAINTENANCE OF CORPORATE RECORDS

Section 1. MAINTENANCE OF CORPORATE RECORDS. The Corporation shall keep:

a. Adequate and correct books and records of account;
b. Written minutes of the proceedings of the Board and committees of the Board; and

c. Such reports and records as required by law.

ARTICLE XV
INSPECTION RIGHTS

Section 1. DIRECTORS' RIGHT TO INSPECT. Every director shall have the right at any reasonable time to inspect the Corporation's books, records, documents of every kind, physical properties, and the records of each subsidiary, as permitted by California and federal law. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents. The inspection may be made in person or by the director's agent or attorney. The right of inspection includes the right to copy and make extracts of documents as permitted by California and federal law.

Section 2. ACCOUNTING RECORDS AND MINUTES. On written demand on the Corporation, any director may inspect, copy, and make extracts of the accounting books and records and the minutes of the proceedings of the Board of Directors and committees of the Board of Directors at any reasonable time for a purpose reasonably related to the director's interest as a director. Any such inspection and copying may be made in person or by the director's agent or attorney. This right of inspection extends to the records of any subsidiary of the Corporation.

Section 3. MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS. The Corporation shall keep at its principal California office the original or a copy of the articles of incorporation and bylaws, as amended to the current date, which shall be open to inspection by the directors at all reasonable times during office hours.

ARTICLE XVI
REQUIRED REPORTS

Section 1. ANNUAL REPORTS. The Board of Directors shall cause an annual report to be sent to itself (the members of the Board of Directors) within 120 days after the end of the Corporation's fiscal year. That report shall contain the following information, in appropriate detail:

a. The assets and liabilities, including the trust funds, or the Corporation as of the end of the fiscal year;

b. The principal changes in assets and liabilities, including trust funds;

c. The Corporation's revenue or receipts, both unrestricted and restricted to particular purposes;

d. The Corporation's expenses or disbursement for both general and restricted purposes;

e. Any information required under these bylaws; and

f. An independent accountant's report or, if none, the certificate of an authorized officer of the Corporation that such statements were prepared without audit from the

Corporation's books and records.

Section 2. ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS. The Corporation shall comply with California Corporations Code section 6322.

ARTICLE XVII
BYLAW AMENDMENTS

Section 1. BYLAW AMENDMENTS. The Board of Directors may adopt, amend or repeal any of these bylaws by a majority vote of the directors present at a meeting duly held at which a quorum is present, except that no amendment shall change any provisions of any charter governing any charter school operated as or by the Corporation or make any provisions of these bylaws inconsistent with the charter, the Corporation's articles of incorporation, or any laws.

ARTICLE XVIII
FISCAL YEAR

Section 1. FISCAL YEAR OF THE CORPORATION. The fiscal year of the Corporation shall begin on July 1st and end on June 30th of each year.

CERTIFICATE OF SECRETARY

I certify that I am the duly elected and acting Secretary of Crete Academy, a California nonprofit public benefit corporation; that these bylaws, consisting of 13 pages, are the bylaws of the Corporation as adopted by the Board of Directors on August 8, 2024; and that these bylaws have not been amended or modified since that date.

CONFLICT OF INTEREST CODE

The Political Reform Act, Government Code Section 81000 et seq, requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission ("FPPC") has adopted a regulation, California Code of Regulations, Title 2, division 6, Section 18730 (hereinafter "CCR 18730"), which contains the terms of a standard conflict of interest code. It can be incorporated by reference and may be amended by the FPPC after public notice and hearings to conform to amendments in the Political Reform Act. Therefore, the terms of CCR 18730 and any amendments to it duly adopted by the FPPC are hereby incorporated by reference and along with the attached Appendix in which members and employees are designated and disclosure categories are set forth constitute the conflict of interest code of Crete Academy (Crete).

Designated employees shall file statements of economic interests with the Crete. Upon receipt of the statements of the Directors, the Crete shall make and retain a copy and forward the original of these statements to the Clerk of the Board of Supervisors. The original statements for all other designated employees will be retained by the agency.

Conflict of Interest Policy

Article I Purpose

The purpose of the conflict of interest policy is to protect Crete Academy's (Crete) interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of Crete or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II Definitions

1. **Interested Person**
Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. **Financial Interest**
A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

a. An ownership or investment interest in any entity with which Crete has a transaction or arrangement,

b. A compensation arrangement with Crete or with any entity or individual with which Crete has a transaction or arrangement, or

c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which Crete is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III Procedures

1. **Duty to Disclose**
In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. **Determining Whether a Conflict of Interest Exists**
After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. **Procedures for Addressing the Conflict of Interest**

a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.

b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

c. After exercising due diligence, the governing board or committee shall determine whether Crete can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in Crete's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. **Violations of the Conflicts of Interest Policy**

a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.

b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V Compensation

a. A voting member of the governing board who receives compensation, directly or indirectly, from Crete for services is precluded from voting on matters pertaining to that member's compensation.

b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from Crete for services is precluded from voting on matters pertaining to that member's compensation.

c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from Crete, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI Annual Statements

Each director, principal officer and member of a committee with governing board-delegated powers shall annually sign a statement that affirms such person:

a. Has received a copy of the conflicts of interest policy,

b. Has read and understands the policy,

c. Has agreed to comply with the policy, and

d. Understands Crete is charitable and in order to maintain its federal tax exemption it must engage primarily in activities that accomplish one or more of its tax-exempt purposes.

Article VII Periodic Reviews

To ensure Crete operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.

b. Whether partnerships, joint ventures, and arrangements with management organizations conform to Crete's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII
Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, Crete may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted

(g) PRIOR YEAR GUARANTEE ADJUSTMENT FOR CHARTER SHIFT

If applicable, enter prior year ADA for students transferring into or out of district schools and district-sponsored charter schools. Report the prior year ADA for these students in the current year field, using the grade span the students were enrolled in during the prior year(s). NOTE: Legislative requiring the charter shift adjustment was suspended in fiscal years 2020-21 and 2021-22, no prior year ADA should be entered for these years.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS

Complete <u>either</u> section (a) or (b)

(a) ALTERNATIVE CALCULATION TOOL

Use this section to override the calculated in-lieu of property tax results.

	1. Clear the prepopulated number '1' from the box located to the right	1
	2. Local calculation of <u>total</u> in-lieu property taxes

(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)								
Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

LCFF Calculator Caveats

v.25.1a **5/24/2024**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General

The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.

A proration/(deficit) factor assumption has been built into the LCFF calculator. The proration factor methodology and application is subject to revision should the state choose to apply a proration factor, or other deficit factor, in the future.

The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).

The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.

The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.

NEW 2022-23

EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.

Charter School Calculations

The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.

Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.

The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.

The calculator does not take into account the following:

-District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization.

-Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.

If either of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapt

School District Calculations

NEW 2023-24

2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22. PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

- Basic Aid Choice
- Basic Aid Court-Ordered Voluntary Pupil Transfer
- Basic Aid Open Enrollment
- Basic Aid Supplement Charter School Adjustment

The calculator does not take into account the impact of district reorganizations that have not been certified by the CDE via the PASE system. Furthermore, **historical year projections may not be accurate**. We recommend working with your county office, the CDE and FCMAT to evaluate whether an alternative approach to developing a funding estimate is possible.

v.25.1a 5/24/2024

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**.

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations**. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

v.25.1a 5/24/2024

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.

- Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

- **In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- **Necessary Small Schools**: School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- **TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- **Charter Shift ADA**: Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF.

- **NSS Supporting Calculations**: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).

- **Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.**
- **Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.**
- **In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.**

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

Crete Academy

Budget Narrative & Cash Flow Statement

Below is the financial information and narrative for the proposal of Crete Academy. The financial statements include a 6-year pro-forma annual budget and monthly cash flow statement (6 years of operations for 2024-25 through 2029-30 inclusive).

Students: Enrollment, Demographics and Average Daily Attendance

Revenues for Crete Academy will largely depend on the number of students enrolled and their attendance. Average Daily Attendance (ADA) is the aggregate attendance during a reporting period divided by the number of days the school is in session during that period. ADA is used to calculate many of the revenue sources. To allow for conservatism, this budget assumes a 93% attendance rate.

It is planned that Crete Academy will open in 2024-25 with enrollment of 355 and remain flat through 2029-30. The following table shows Crete Academy's projected enrollment and ADA.

Revenues

Factoring in all revenues at the school, per-pupil funding is expected to be around $21,900/ADA annually at Crete Academy. State aid revenue streams provide the largest source of funding, making up about 74% of Crete Academy's total revenues. All revenues are monitored throughout the year as various funding estimates are refined and recalculated.

State Revenues

State Revenues are estimated based on specific programs as identified below, with the majority of funding dependent upon the annual State budget and the school's student population.

Principal Apportionment

The LCFF FCMAT calculator (FCMAT Version v25.1 released 5/24/24) was used to determine the LCFF projections for each year of the above revenue projections which are based on expected student ADA and the expected unduplicated count of students at Crete Academy of 92.5%.

These projections show that in year 1, a total of $66,030 or $200 per ADA, of the principal apportionment ADA funding will be disbursed via the Education Protection Account. Approximately 23% of the LCFF revenues (or $2,769 per ADA) are projected to be disbursed via In-Lieu Property Taxes.

Federal Revenues

Special Education

Crete Academy works with LAUSD SELPA (Option 1), which provides full support for the school's SPED program. No revenue (or expenses) are projected for Crete Academy as a result.

Free and Reduced-Price Meal Eligibility

The federally funded National School Lunch Program provides free and reduced-price meals for lunch and breakfast to eligible students, based on parent/guardian income levels. For this budget, we assume that the percentage of our students eligible to receive federal funding reimbursements will be about 92%. Additional receipts from paid student meals have not been included for conservatism since we do not have historical information. Food expenses for this program are shown below; serving staff expenses are included in classified salaries and benefits.

Title Programs

Based on roughly 92% of students qualifying for free and reduced prices meals, Crete Academy has also included a minimal amount of Title funds.

Other State Revenues

Lottery & Mandated Block Grant

Lottery funding is based upon a projection of $273 per ADA per year. Lottery funds are mainly allocated for general purpose use with nearly 25% of the funds restricted for instructional materials. Projections for the Mandate Block Grant are assumed at $19.85/ADA for grades K-8 and $55.17/ADA for grades 9-12.

Charter School Facility Grant (SB740)

Although Crete Academy is projecting to have a FRPM Eligibility of around 92%, the geographic area targeted for a third-party lease is within the boundaries of Los Angeles County, whose percentage of eligible students exceeds 55%. As a result, the budget does include the SB740 funding based on the lesser of $ $1,420 per ADA or 75% of the budgeted lease cost.

Other Local Revenues

Crete Academy anticipates utilizing fundraising efforts and projects securing $200,000 in privately donated funds annually starting in Year 2. This projection is conservative relative to fundraising achievements which have historically been in the $300,000 to $500,000 range.

Total Compensation - Salaries and Employee Benefits

Total compensation costs (salary and benefits) at capacity remain relatively constant near 49% of total expenditures. “Compensation” includes the salary costs of all staff, including those who work full-time and part-time, and includes all staff benefits including social security, Medicare, and workers’ compensation.

Crete Academy’s teacher staffing levels are based upon enrollment projections. Ratios of Students to Certificated Teachers to is expected to be at or below 23.0:1 over the course of the full 5 years of operations. However, that ratio is slightly below 15.4:1 when including all staff who are in Student/Program support roles.

The table above lists the total projected annual employer costs for all employee benefits, on a year-by-year basis. Within employee benefits, most benefits are statutory and are determined by either state or federal mandate and are based on current rate factors. These benefits differ by type of employee (i.e. certificated or classified) and by whether they are full-time, part-time and/or hourly employees. Crete Academy's employees participate in different combinations of retirement, Social Security, Medicare, and workers' compensation depending on position.

Books and Supplies and Food Services

Many of the core programming cost projections are based upon historical per pupil spend for instructional supplies, online curricula, project materials and some assessments. Crete Academy will provide breakfast and lunch for all students and will participate in the National Free and Reduced Lunch Program.

The purchase of equipment will also be a critical part of the instructional program. The budget accounts for the purchase of this equipment (furniture and technology) on a per pupil, per full time staff member and general purchases. As these items do wear out over time and need replacement, the budget accounts for the replacement of requisite devices over time in addition to the initial purchase in the first year of operation.

Expenses shown in the table above are primarily based on preliminary negotiations with prospective service providers or based on industry averages. We make note of items below as needed to explain our budgeting assumptions.

Management Fee

Crete Academy has contracted with Charter Impact, Inc. to provide financial management services including financial reporting, accounts payable, and general accounting. Fees for these services are budgeted at 1.75% of total revenue. Charter Impact, Inc. also provides hourly based support for attendance, CALPADS and other student data needs. These fees have also been included in the Management Fee account within the budget.

Authorizer Oversight Fee

Crete Academy has projected that it will be required to pay a fee of 1% of general-purpose revenues.

Facilities Rent

Crete Academy is planning to occupy and lease a third-party site. Based on current real estate conditions and the geographic area targeted, the budget is projecting facilities costs of around $1,225 per student during 2024-25. As noted above, the facility is expected to be eligible for

the Charter School Facility Grant (SB740) funds based on the demographics of the surrounding Los Angeles County schools.

Cash Flow

As noted above, cash is not a concern for Crete Academy through its multi-year projection.

Ending Cash Balance

The cash balance at the end of 2024-25 is projected at $963,522 and is expected to grow to $1,750,595 at the end of 2029-30, representing 23.5% of expenses.

Revenues

Since revenues fluctuate and are received from multiple sources, accurate cash projections are vital to the maintenance of a healthy financial position. The greatest cash flow challenge is correctly predicting the flow of federal and state revenue sources. California law specifies the payment schedule for State Aid funds. Although this schedule is subject to legislative and regulatory change, the California Department of Education (CDE) has committed to a 5-5-9 payment schedule. To be conservative, we have assumed that all funds will be received in the month following their scheduled payment. We assumed no deferrals in these projections.

State Aid – Revenue Limit

The State Aid – Revenue Limit funds come from a combination of three sources: In Lieu of Property Taxes, State Aid, and Education Protection Account. The district where the school is located pays the Charter School an In-Lieu of Property Tax amount per ADA near the end of each month. State Aid is due from the state on or before the end of the month and is paid monthly from July to June on a 5-5-9 schedule. Based on the typical timing of funds coming through County Treasurer to a school bank account, we have assumed a one-month delay in the payments. The Economic Protection Account flows quarterly in September, December, March and June. Again, for conservatism, we have assumed that all receipts will be delayed to the month following their scheduled payment.

California Lottery

State Lottery Revenues are paid according to the prior year's ADA and are paid quarterly except in year 1 of operations.

Expenditures

The most significant part of Crete Academy's cost structure is staff compensation which is generally paid evenly throughout the year except in July when most staff are not working prior to the start of the school year. The majority of the curriculum costs are front-loaded to the beginning of the school year.

Fund Balance

The fund balance is expected to above the CDE-recommended levels in each year of operations and grow to over 14% by the end of year 5.

4. Home Language Survey

Local Educational Agencies (LEAS) are required to identify possible English Learners (ELs) during enrollment. This Home Language Survey (HLS) is used as a tool to determine if your child is eligible for language support services. If a language other than English is used by you or your child and your child meets the English Learner (EL) definition, the school may give your child an English Language Proficiency assessment. 10. Acceptable Use Policy for Crete Academy Computer Systems

Acceptable Use Policy for Crete Academy Computer Systems

Authorized by the Los Angeles Unified School District

Information for Students and Families

The Crete Academy Acceptable Use Policy ("ADP") is to prevent unauthorized access and otherun lawfulactivities by users online, prevent unauthorized disclosure of or access to sensitive information, and to comply with the Children's Internet Protection Act ("CIPA"). As used in this policy, "user" includes anyone using the computers, Internet, email, chat rooms ,and other forms of regardless of the physical location of the user. The AUP applies even when Crete Academy provided equipment (laptops used off of Crete Academy property.)

Crete Academy will use technology protection measures to block or filter, to the extent practicable, access to visual depictions that are obscene, pornographic, and harmful to minors over the network, Crete Academy reserves the right to monitor user's online activities and to access, review, copy, and store or delete any electronic communication or files and disclose them to others as it deems necessary. Users should have no expectation of privacy regarding their use of Crete Academy property, network, and/or Internet access or files, including email.

Crete Academy will take all necessary measures to fortify the network against potential cyber security threats. This may include blocking access to Crete Academy applications —including but not limited to email, data management and reporting tools, and other web applications- outside the United States and Canada.

Acceptable Uses of the Crete Academy Computer Network on the Internet

Schools must verify each year students using the computer network and Internet access for that school year have a signed page acknowledging this policy. Students who are under 18 must have their parents or guardians sign this page and schools must keep it on file. Once signed that permission/acknowledgement page remains in effect until revoked by the parent, or the student loses the privilege of using the Crete Academy's network due to violation of this policy or is no longer and Crete Academy student.

Employees and other users are required, to follow this policy. Even without signature, all users must follow this policy and report any misuse of the network or Internet to a teacher, supervisor, or other appropriate Crete Academy personnel. Access is provided primarily for education and Crete Academy business. Staff may use the Internet, for incidental personal use during duty-free time. By using the network, users have agreed to this policy. If a user is uncertain about whethera particular use is acceptable or appropriate, he or she should consult a teacher, supervisor, or other appropriate Crete Academy personnel.

Lottery Form for School Year 2025/26

Lottery Process. Thank you for your interest in Crete Academy. In accordance with Crete Academy's lottery policies, if the number of children interested in a specific grade exceeds the number of seats available for that grade, names will be drawn through a random automated lottery process. Furthermore, if the number of lottery forms for a specific grade is fewer than the seats we have available, all children with completed forms are automatically admitted.

Priority Preference. Priority preference is determined in the following order:

1. Siblings of students currently enrolled at Charter School who reside in LAUSD (to keep families together).

2. Children of Founding Parents/Founders, consistent with LAUSD's Founding Parent/Founders Preference Policy, who reside in LAUSD, and not to exceed 10% of enrollment.

3. Children of Crete employees who reside in LAUSD, and not to exceed 10% of enrollment.

4. Students who are currently enrolled in or who reside in the elementary school attendance area of the local public elementary school where the Charter School is located (for purposes of the SB 740 Charter School Facility Grant Program).

5. Students who reside in LAUSD.

6. Siblings of students currently enrolled at the Charter School who do not reside in LAUSD (to keep families together).

7. Children of Founding Parents/Founders, consistent with LAUSD's Founding Parent/Founders Preference Policy, who reside in LAUSD, and not to exceed 10% of enrollment.

8. Children of Crete employees who do not reside in LAUSD boundaries, and not to exceed 10% of enrollment.

9. All other eligible students.

Please specify if the child fits into one or more of these categories. Falsification of this information will result in your child losing priority in the lottery.

If your child's name is drawn, we may request additional information. If you have any questions, please contact us at (323) 791-1600.

Charter School shall not require a parent/legal guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

    1. Compliance
        a. The board ensures that the school complies with all applicable laws, regulations, and charter agreements. This includes meeting state and federal educational standards, maintaining proper accreditation, and adhering to the requirements set by the charter authorizer. The board is responsible for ensuring that the school meets its academic performance goals and fulfills its obligations to students, parents, and the community.
    2. Hiring and Evaluating Leadership
        a. Hiring, supporting, and evaluating the performance of leadership (Hattie Mitchell, Brett Mitchell, etc.). The board sets and communicates performance expectations and approves salaries for leadership and all other employees. Ensuring strong leadership and compensation commensurate with job functions, experience, and market factors is critical to ensuring our charter.
    3. Financial Oversight
        a. Financial oversight involves approving the budget, monitoring financial performance, ensuring proper financial controls are in place, and making decisions about resource allocation. It's critical that the financial health of the school is sustainable for the long term.
    4. Strategic Planning
        a. The governing board advises school leadership in setting the strategic direction of the school, including developing a clear mission and vision, setting long-term goals, and creating a strategic plan that outlines how the school will achieve these objectives.
    5. Advocacy
        a. The board advocates for the school in both private and public forums to help increase visibility of the school in a positive light, which in turn aids the school's ability to fundraise additional resources that help it deliver on its strategic vision.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

confidence by ensuring tailored teaching strategies that accommodate diverse learning needs.

Crete Academy's Charter school petition presents a visionary approach designed to significantly enhance student outcomes for children in the Crenshaw district, with a special focus on those experiencing homelessness. The school's commitment to innovative teaching methods is at the heart of this plan. By shifting away from traditional rote learning, Crete Academy embraces progressive educational practices such as project-based learning,

Board Member Initials

technology integration, and differentiated instruction. These methods are crafted to engage students deeply, making education more relevant and interesting. They also help solidify theoretical knowledge through practical, hands-on experiences, and build students' confidence by ensuring tailored teaching strategies that accommodate diverse learning needs.

Moreover, Crete Academy understands the profound impact of exposing students to the world beyond their immediate surroundings. Field trips and study abroad programs are integral to the curriculum, offering students invaluable real-world experiences. For children experiencing homelessness, these opportunities can be particularly impactful. They broaden horizons, showing students possibilities beyond their current circumstances, and reinforce classroom lessons in a way that is both impactful and memorable. These experiences also help develop crucial social skills as students interact with diverse groups in varied settings.

The petition emphasizes the importance of addressing the overall well-being of students through comprehensive wrap-around services. Recognizing that stable housing is fundamental, Crete Academy assists families in finding consistent and safe places to live. This stability is crucial in reducing absenteeism and improving students' ability to focus on their studies, free from the constant worry of uncertain living conditions. In addition, the school ensures students have access to medical treatment, including dental and vision care. Regular check-ups and treatments not only prevent health issues from escalating but also enhance learning by ensuring students can see clearly and maintain overall well-being.

Technology plays a crucial role in modern education, and Crete Academy addresses this by providing students with WiFi access and the necessary hardware to complete their coursework through some of their community partnerships. This also supports remote learning, which has become increasingly important.

Alongside these services, Crete Academy offers comprehensive mental health support. Counseling and mental health programs provide the emotional support that students need to cope with the stresses of homelessness and other challenges, ultimately leading to better concentration, higher grades, and improved academic outcomes.

In summary, Crete Academy's Charter school petition outlines a holistic approach to education tailored to the unique needs of students in the Crenshaw district, particularly those experiencing homelessness. By fostering innovative teaching methods, providing enriching field trips and study abroad opportunities, and offering extensive wrap-around services, the school aims to create a supportive and dynamic learning environment. This approach not only addresses the academic needs of students but also their physical, emotional, and social well-being, paving the way for improved student outcomes and brighter futures.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will

contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

My specific board experience includes the following roles:

- Los Angeles Business Council Institute, Vice Chair
- Los Angeles Economic Development Council, Board of Governors
- AGC Construction Education Foundation, Boarding Member
- Urban Alchemy, Board Member
- Championship Labs at University of Connecticut, Board Member
- Southern California Association of Nonprofit Housing, Vice Chair

These experiences, past and present, have shaped the way I view the function of Board Members as well as given me best practices for efficient and effective board participation. Professionally, I have been and continue to be in roles that include compliance, contracts review, advocacy, community engagement and people leadership. These experiences will help shape the board's processes and will ensure that we are discerning with the decisions we make.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

Example: A charter school board member, John D., owns a company that supplies educational materials and technology to schools. John's company has submitted a proposal to supply new laptops and software to the school. The proposal appears to offer competitive pricing and quality products, and the school needs upgrading its technology.

Steps to address the conflict:

- Disclosure: John must immediately disclose his interest in the company that is bidding for the contract to the rest of the board.
- Recusal: John should recuse himself from all discussions, deliberations, and voting related to the contract with his company.
- Independent Review: The board should form a committee or hire an independent consultant to review the proposals from various vendors objectively.
- Decision: The remaining board members, informed by the independent review, should discuss, and decide on the best vendor for the school without John's involvement.
- Transparency: The board should communicate the decision to the school community, explaining the process and how the conflict of interest was managed.
- Board Policy Update: The board should review and, if necessary, update its conflict-of-interest policy to address any gaps or weaknesses revealed by this incident.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?

The most important factors begin with student outcomes. After those outcomes are sustained in a way that exemplifies achievement, it is critical to maintain the financial health, consistent leadership transparent processes.

6. Describe your experience and/or connection with the community that your school proposes to serve.

The school proposes to serve South Los Angeles, with a specific focus on students and families that are housing insecure. I have spent my career representing the legislative priorities of both elected representatives that serve the area, as well as LA County as a whole. I also have direct experience in homelessness and housing policy and have led pilot programs to improve outcomes throughout the City of Los Angeles. This is a community that I have a vested interest in serving via the channels that are available to me.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

A difficult professional decision I can recall is deciding to intern at the California State Board of Equalization during the summer after my 1L year of law school rather than interning at an investment bank in London. Both were competitive opportunities, and both were sure to provide great professional experience, but I decided on the role in California because I didn't have any long-term plans to live in London. A summer in London was hard to turn down, but the long-term benefits of working in Los Angeles and building my network is still proving useful today. The factors I considered were whether the role was paid, the duration, an opportunity to return the following summer if I wanted to, long term career prospects and a few others. Most everything being equal, it was the long term career prospects that kept me in California.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

All candidates that are proposed or recommended as board members should provide a specific value add to the current Board, that will allow them to compliment the current Board. They should also exhibit the ability to actively participate in Board meetings, propose opportunities and resources to the school and community, and have a passion for Crete's mission.

INDEPENDENT CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, serving as a member of the governing board of an independent charter school is a position of great trust and responsibility. Members of the governing board of an independent charter school act as fiduciaries.[1] For instance, each member owes a duty of care to its nonprofit corporation and is required to perform with the level of care that an ordinary prudence person in a like position would use similar circumstances. This includes making reasonable inquiries as needed.[2] As part of its fiduciary duties, the governing board of a charter school not only is responsible for ensuring that the charter organization provides high quality educational opportunity and programming for all charter school students, but also must ensure that all public monies it receives are spent responsibly in accordance with all applicable legal, LAUSD and charter requirements.

In order to make its recommendation to the LAUSD Board of Education whether the charter school petition is likely or unlikely to be successfully implemented,[3] the Charter Schools Division (CSD) seeks complete and detailed responses to the questions below, as such responses will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

*Should be current, within the last 12 months.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

   1. Governing in a dignified and professional manner, acting with trust and honesty, and respect for each other.
   2. Communicating a common vision to the public, students, parents, school administrators, and board members, involving all of the individuals in the process to create a unified vision that is best for everyone, especially the students.
   3. Ensuring that we remain focused on learning and achievement while being responsive to the needs of students so that all students receive the care needed for them to thrive at the school.
   4. Providing direction to the administration according to the school's established policies. This ensures that administrators are staying aligned with the vision and following all Crete's guidelines, as well as local, federal, and state laws.
   5. Hiring and supporting the principal so that the vision, goals, and policies of the school can be effectively and consistently implemented from year to year.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

   Crete Academy is focused on providing the best curriculum and learning experience to all of its students. Previous test scores and parent feedback proved that there is growth across all grades and that the new core curriculum is effective. There is now an increased effort to improve reading scores, in addition to the already achieved high math scores. Supplemental curricula such as Educlimber, iReady, and Lexia have also been purchased to aid in these efforts. Thus far, staff surveys and star testing have revealed that Lexia has tremendously improved reading scores. Crete will continue to explore the best applications and methods needed to improve the learning experience for each student. Likewise, Crete has continued to hire new teachers and administrators to accelerate the school's academic goals. All teachers receive weekly instructional coaching with specific feedback designed to improve instruction styles, their professional acumen, and the overall student learning experience.

   New and previously hired teachers alike are also required to attend training courses on how to deal with academic issues, as well as psychological, health or wellness, or emotional needs. Crete has even created anti-bullying assemblies and plans to hold them every semester. Students' wellness needs are also supported through innovative partnerships with the UCLA mobile clinic, the USC mobile dentistry, and Vision for Learn. Parent and staff surveys have confirmed that these community partnerships are highly effective and Crete will continue to nurture these relationships while searching for others that can meet the unique needs of our students. Overall, Crete has shown that it has and will continue to put the needs of the students and community it serves first.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will

LS

Board Member Initials

contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

I have worked with and volunteered with children of all different backgrounds in many capacities. I have a financial services and technology background as well as an MBA that helps me to assist the board with adhering to a fiscally responsible budget. I also have a JD and am currently an attorney. While I do not represent the school or the board in a legal capacity, my legal expertise assists in my decision-making process as I am aware of the regulations and laws the school needs to abide by. Furthermore, I have many friends in the community who are capable of contributing to event planning and fundraising efforts that will ultimately benefit Crete's students.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

A new assistant principal is needed. Applications are extensively reviewed and the best candidate appears to be the nephew of someone who serves on the board. The board member who has a conflict of interest should be prohibited from voting for/against, selecting, awarding, or administering an employment contract with their nephew. The board member should also not be receiving any type of financial or other compensation if his nephew is hired.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider to ensure sound decisions?

All decisions made should be thoroughly considered and explained to each board member ensuring that each board member has a complete understanding of the idea being presented. Likewise, any new initiative, budget raise, or similar item that is approved should help the charter school to meet its student achievement targets and not interfere with Crete's fiscal stability and comply with state and federal laws.

6. Describe your experience and/or connection with the community that your school proposes to serve.

I currently reside in Los Angeles, about ten minutes from Crete's main campus. I attended UCLA for law school and currently work at a law firm in the area. I have spoken with and invited several of my law school classmates, friends, and coworkers to support Crete's events and fundraising efforts. Furthermore, I have a personal connection to the school's purpose based on my past experiences.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

As a team lead in a previous role, a client needed one team member to be the lead on a new initiative. The client requested that I suggest one person for the role. I evaluated each current team member for not only their ability to do the task at hand but also for their ability

to communicate effectively with the client and the client's customers. I also evaluated each employee for whether they were timely in their responses, adaptable, and a generally good fit for the culture of the client. At the end of my evaluation, I realized that while one employee stood out for completing tasks quickly with little to no extra direction needed, he was also often unable to understand the bigger picture of his tasks. Furthermore, his communication skills were not the best. On the other hand, there was an employee, who was fully capable of doing the job required, she was just not as quick as the other candidate. However, she was a great communicator and knew how to adapt to any room she was in. She was also capable of understanding the big picture of what the client needed and ensuring that the client stayed on task and within the parameters of their budget and timeline. I recommended the latter candidate to the client because I believed she was the most capable of accomplishing the client's vision.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

I would expect the candidate to have prior leadership experience that required them to make sound and responsible decisions for a large number of people, ideally those from diverse backgrounds. I would also expect them to be dedicated to helping youth and ensuring that the charter school meets the needs of all of its students. Lastly, I would expect them to operate with integrity and show that they are an upstanding member of the community through references provided and their interview.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

   - President, Vice-President, Secretary, Treasurer, Advocacy Director.
   - Boards fulfill this role by performing five major responsibilities. These are setting direction; establishing an effective and efficient structure; providing support; ensuring accountability; and providing community leadership as advocates for children, the school district and public schools. Boards oversee the following: management, finances, and quality; set strategic direction; build community relationships; establish ethical standards, values, and compliance; and select a CEO and monitor his or her progress.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
   - Academically oriented plans that would serve the students quality of education and the Academy's Multi-Tiered System of Support will better the students' lives and the community. Data analysis to conduct thorough analysis of student performance. Community engagement to involve parents and community members in decision making process to build trust and support.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

   - I am a practicing attorney representing public entities and corporation, so I understand and address unique issues that organizations have to deal with on daily basis ranging from compliance, finances to Human Resources. I have Executive Masters in Business and Corporate Governance. I have experience with handling budgets. I have served and continue to do so on numerous professional association boards (Italian American lawyers of Los Angeles, Board and Vice President, Armenian Bar Association, Presidential Advisory Committee to Los Angeles County Bar Association, Secretary).

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

   - Any monetary benefit the Board member receives from the school.
   - Everyone completes Form 700 to disclose any conflicts and if it's identified it will be addressed by the Board, which will take measures according to the specific situation. Furthermore, the Board members review the budget and financial statements and are able to identify any monetary transactions that might be connected to the Board member of his//her family.

5. As a decision-making body, what are the most important factors that the charter school's

governing board will consider in order to ensure sound decisions?

- The most important factors are the service that the school provides to the specific community, how it contributes to the achievement for the children and how the public funds are handled by the school in order to provide inclusive academic environment. Are we serving the needs of the community and being inclusive and address the unique changes of the students we serve.

6. Describe your experience and/or connection with the community that your school proposes to serve.

- I represent public entities including law enforcement that serves the community where the charter school is located. I also have my business location in the district the charter school is related. I have a very unique and intimate knowledge of the challenges of the underserved community where the charter school is located.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

- When making decisions I outline all possible consequences of the decisions and how it would affect other people. Furthermore, I consider the long term goals and just outcome of the decisions. I apply the principles of equity and justice when making decisions.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
   - The potential board members shall be team players working together as a governance team with the school's leadership to make decisions that will best serve all the students in the community. She or he must possess a great sense of accountability, responsibility, and commitment to serving the students' best interest and community.

INDEPENDENT CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, serving as a member of the governing board of an independent charter school is a position of great trust and responsibility. Members of the governing board of an independent charter school act as fiduciaries.[1] For instance, each member owes a duty of care to its nonprofit corporation and is required to perform with the level of care that an ordinary prudence person in a like position would use similar circumstances. This includes making reasonable inquiries as needed.[2] As part of its fiduciary duties, the governing board of a charter school not only is responsible for ensuring that the charter organization provides high quality educational opportunity and programming for all charter school students, but also must ensure that all public monies it receives are spent responsibly in accordance with all applicable legal, LAUSD and charter requirements.

In order to make its recommendation to the LAUSD Board of Education whether the charter school petition is likely or unlikely to be successfully implemented,[3] the Charter Schools Division (CSD) seeks complete and detailed responses to the questions below, as such responses will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

*Should be current, within the last 12 months.

[1] A member of a governing board of a charter school owes what is known as a fiduciary duty to the nonprofit corporation and charter school. A fiduciary duty imposes on a member of a governing board of a charter school a duty to act with the utmost good faith in the best interests of their nonprofit corporation and charter school. (*See Wolf v. Superior Court* (2003) 107 Cal. App. 4th 25, 29.)

Board Member Initials

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

a. Governance and Policy Setting This is the most fundamental responsibility of a charter school board. Board members establish and uphold the school's policies, ensure compliance with state and federal regulations, and maintain the school's charter. This role is critical as it sets the overall direction and framework within which the school operates.
b. Financial Oversight Financial health is paramount for any educational institution. Board members must oversee budgeting, financial planning, and audits to safeguard the school's fiscal integrity. This responsibility is crucial because it ensures the school's sustainability and ability to provide quality education.
c. Hiring and Evaluating the School Leader One of the board's most critical tasks is hiring and evaluating the performance of the school leader (e.g., principal or executive director) who manages day-to-day operations. This role is vital because effective leadership directly impacts the school's overall performance and success.
d. Ensuring Academic Success Board members must monitor and evaluate the school's academic performance to ensure it meets or exceeds state and federal standards. This responsibility is essential as it directly relates to the school's primary mission of providing quality education to students.
e. Strategic Planning Board members must participate in long-term strategic planning to guide the school's growth and ensure it meets its educational goals and mission. This role is important because it helps the school adapt to changing circumstances, seize opportunities, and address challenges proactively.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

Personalized Learning Pathways
One innovative feature could be the implementation of personalized learning pathways for each student:

- Adaptive learning technology to tailor instruction to individual student needs and pace
- Regular assessments to identify strengths and areas for improvement
- Customized learning plans developed collaboratively by teachers, students, and parents

This approach can lead to improved outcomes by ensuring each student receives targeted support and challenges appropriate to their level.

Community Integration
Integrating the school deeply with the local community can enhance student outcomes:

- Partnerships with local businesses and organizations for internships and mentorship programs
- Service-learning projects addressing community needs
- Regular community input sessions to align curriculum with local priorities and opportunities

This integration can improve outcomes by providing real-world context for learning and building strong support networks for students.

Board Member Initials

Bilingual/Multilingual Program
Depending on the community's demographics, a bilingual or multilingual program could be highly beneficial:

- Instruction in two or more languages throughout the curriculum
- Cultural competency training for staff and students
- Celebration of linguistic diversity in school events and activities

This feature can lead to improved outcomes by enhancing cognitive skills, cultural understanding, and future career opportunities for students.

Technology-Enhanced Project-Based Learning
Incorporating cutting-edge technology into project-based learning can prepare students for future careers:

- 1:1 device program with laptops or tablets for each student
- Maker spaces equipped with 3D printers, robotics kits, and other advanced tools
- Curriculum centered around long-term, interdisciplinary projects using technology

This approach can improve outcomes by developing critical thinking, problem-solving, and technical skills crucial for success in the modern workforce.

Extended Learning Time and Support
Innovative scheduling and support structures can provide more time and resources for learning:

- Longer school days and/or year to increase instructional time
- After-school and weekend programs for additional academic support and enrichment
- Summer bridge programs to prevent learning loss and prepare for transitions

These features can lead to improved outcomes by providing more opportunities for learning and support, especially for students who may face challenges outside of school.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

The CEO of an education consulting company sits on our board. Crete Academy is considering purchasing a large quantity of education consulting services, and the CEO's company is one of the potential vendors being evaluated.

This situation presents a clear conflict of interest because the CEO has a financial stake in both organizations. Their position on the board of the education consulting company could influence their decision-making process when it comes to selecting a supplier for Crete's education consulting services demand.

Steps for the Governing Board to Address the Conflict

To address such a conflict of interest, I would expect the governing board to take the following steps:

A. Disclosure

The board member with the conflict (in this case, the CEO) should immediately disclose the potential conflict to the rest of the board. This disclosure should be made in writing and recorded in the board's minutes.

B. Discussion

The board should openly discuss the nature of the conflict and its potential impact on the decision-making process. This discussion should take place without the presence of the conflicted member.

C. Recusal
The board should require the conflicted member to recuse themselves from any discussions, debates, or votes related to the matter in question. In this scenario, the CEO should not participate in any deliberations about the medical device purchase.

D. Independent Evaluation
The board should ensure that an independent evaluation of the potential suppliers is conducted without any influence from the conflicted member. This might involve creating a special committee or hiring an external consultant to oversee the selection process.

E. Documentation
All steps taken to address the conflict should be thoroughly documented, including the initial disclosure, board discussions, recusal of the conflicted member, and the decision-making process.

F. Policy Review
The board should review its conflict-of-interest policies to ensure they are comprehensive and up-to-date. If necessary, they should strengthen these policies to prevent similar situations in the future.

G. Transparency
Depending on the nature of the organization and the significance of the decision, the board may choose to disclose the conflict and the steps taken to address it to relevant stakeholders or the public.

H. Monitoring
The board should continue to monitor the situation to ensure that the conflict does not influence the organization's operations or decision-making in any way.

By following these steps, the governing board can maintain integrity, ensure fair decision-making, and protect the organization's reputation while addressing the conflict of interest effectively.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?

Alignment with Mission and Vision
The board must consistently evaluate decisions against the school's established mission and vision. Every major decision should support and advance the core purpose of the charter school.

Data-Driven Approach
Sound decisions are rooted in reliable data and evidence. The board should:

- Regularly monitor relevant academic performance data
- Review operational and financial metrics

Board Member Initials

- Utilize both internal and external assessments to inform their choices

Stakeholder Input
Effective boards actively seek input from various stakeholders, including:
- School leadership and staff
- Parents and students
- Community members

This collaborative approach strengthens trust and fosters a sense of ownership in the school's success.

Legal and Regulatory Compliance
The board must ensure all decisions comply with:
- Charter school laws and regulations
- Open meeting laws
- Ethical standards and conflict of interest policies

Financial Stewardship
Responsible financial management is crucial. The board should:
- Carefully review budgets and financial reports
- Ensure long-term financial sustainability
- Make decisions that align with the school's financial capabilities

Strategic Planning
Decisions should be made within the context of a broader strategic plan. The board should:
- Develop and regularly update a strategic plan
- Align decisions with long-term goals and objectives
- Consider both short-term and long-term implications of their choices

Board Expertise and Diversity
A well-composed board with diverse skills and perspectives leads to more comprehensive decision-making. The board should:
- Recruit members with varied expertise (e.g., education, finance, legal, community relations)
- Ensure diverse representation that reflects the school community
- Regularly assess board composition and address any skill gaps

Accountability and Oversight
The board must maintain a focus on accountability by:
- Setting clear performance goals for the school and leadership
- Regularly evaluating progress toward these goals
- Taking appropriate action when targets are not met

Continuous Learning and Improvement
Effective boards commit to ongoing education and improvement. This includes:
- Regular board training and professional development
- Staying informed about best practices in charter school governance
- Conducting periodic self-evaluations of board performance

By prioritizing these factors, a charter school's governing board can establish a framework for sound, effective decision-making that supports the school's mission and promotes student success.

6. Describe your experience and/or connection with the community that your school proposes to serve.

I have developed roots in this community over the past 3 years. This connection has given me valuable insights into the unique challenges and opportunities our area faces, particularly in terms of education.

Community Outreach
My professional background in STEM and international professional appointments has allowed me to engage with diverse segments of our community:

- Collaborated with Crete to present a motivational program

Understanding Community Needs
I have gained a comprehensive understanding of our community's educational needs:

- Identified a significant gap in individual-student-focused education
- Recognized the need for more personalized learning approaches to address diverse student needs
- Observed the positive impact of community involvement in schools

Vision for the Proposed School
My experiences and connections have shaped my vision for our proposed charter school:

- A curriculum that reflects and responds to the unique needs of our community
- Strong partnerships with local businesses and organizations to provide real-world learning opportunities
- A school culture that celebrates diversity and promotes inclusivity

By leveraging these experiences and connections, I believe we can foster a charter school that truly serves and empowers our community, addressing its specific needs and aspirations.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

A particularly challenging professional decision I faced was whether to pursue an opportunity to continue with an employer or begin a consultancy performing the same work that would allow more financial growth and professional autonomy.

Factors Considered

Career Advancement
The new role offered substantial career growth, increased responsibilities, and the chance to lead a larger team. It aligned well with my long-term professional goals.

Financial Impact
The consultancy came with a considerable salary increase and more professional freedom. However, it also meant higher financial risk.

Professional Network
Starting the new consultancy would mean leaving behind an established professional network and starting anew in an unfamiliar business environment.

Decision-Making Process
To make this decision, I employed a systematic approach:

- Gathered Information: I researched the demands of running a start-up, financial risk and operational plan.
- Consulted Stakeholders: I had in-depth discussions with my family about their thoughts and concerns.
- Conducted a Cost-Benefit Analysis: I created a detailed spreadsheet comparing financial implications, career prospects, and quality of life factors.
- Sought Advice: I consulted mentors and colleagues for their perspectives on the opportunity.
- Reflection: I took time to introspect and align the decision with my core values and long-term goals.

Implementation
After careful consideration, I decided to start the new consultancy. To implement this decision:

- Negotiation: I negotiated with a commercial realtor for office space and a flexible move-in date.
- Transition Plan: I developed a comprehensive plan for handing over my current responsibilities and onboarding to the new hire.
- Network Building: I began connecting with professionals within my field.
- Personal Development: I identified skills needed for the new role as managing partner of my new firm and started relevant training to prepare myself.

This decision-making process and implementation plan allowed me to navigate this challenging professional decision while considering its broader impact on my career and family life.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

When considering candidates to replace or add to the governing board, several key qualifications and factors should be taken into account. These criteria help ensure that new board members will contribute effectively to the organization's governance and success.

Essential Qualifications

- **Relevant Expertise**: Candidates should possess knowledge and experience in areas crucial to the organization's mission, such as finance, law, education, or industry-specific expertise.
- **Leadership Experience**: Prior experience in leadership roles, particularly in nonprofit or corporate boards, is highly valuable.
- **Strategic Thinking**: The ability to think strategically and contribute to long-term planning is essential for effective board governance.
- **Financial Literacy**: A solid understanding of financial statements and budgeting processes is crucial for responsible oversight.

Important Factors to Consider

- **Diversity and Inclusion**: Seek candidates who bring diverse perspectives, backgrounds, and experiences to enhance decision-making and representation.
- **Commitment and Availability**: Ensure candidates have the time and willingness to fully engage in board responsibilities and attend meetings regularly.
- **Networking Capabilities**: Strong professional networks can benefit the organization

through expanded opportunities and resources.

- **Fundraising Potential**: Experience in or willingness to participate in fundraising activities is often crucial for nonprofit boards.
- **Alignment with Organizational Values**: Candidates should demonstrate a genuine commitment to the organization's mission and core values.

Additional Considerations

- **Complementary Skills**: Look for candidates whose skills and experiences complement those of existing board members, filling any identified gaps.
- **Collaborative Nature**: The ability to work well in a team and contribute to constructive discussions is essential for board dynamics.
- **Ethical Standards**: Candidates should have a track record of integrity and ethical behavior in their professional and personal lives.
- **Local Knowledge**: For community-based organizations, familiarity with local issues and stakeholders can be particularly valuable.
- **Innovation and Adaptability**: In today's rapidly changing environment, candidates who bring fresh ideas and adaptability are highly desirable.

By carefully evaluating candidates based on these qualifications and factors, the governing board can make informed decisions to strengthen its composition and enhance its ability to guide the organization effectively.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.
First and foremost, a key responsibility of a governing board is to ensure the appropriate and aligned educational opportunities and programming are made available to all students by the entrusted leadership of the charter school. Secondly, the oversight and compliance of public monies use and overall fiscal responsibility. Thirdly, ensuring all board members are adhering to best practices and policies per charter Bylaws and public charter school governing entities. The governing board is also responsible for upholding the aforementioned practices in an ethical and equitable manner. And finally, a school governing board is responsible for engaging in all efforts with a spirit of collaboration and practice of integrity among a diverse board with both personal and professional skills that can be utilized to amplify the charter school mission and vision.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.
Crete Academy delivers an intentional educational program to students, in particular those experiencing homelessness and living in poverty, designed to meet their physical, mental and emotional needs. Crete's innovation revolves around a research-based program that ensures all students receive the proper nutrition, physical, mental and emotional care they need to succeed in addition to their academic curriculum. Crete fosters an environment that builds Character, Responsibility, Excellence, Teach ability, and Equality through instruction, mentoring, community engagement and talented instructors. Coupled with technology and personalized learning approaches, these consideration will undoubtedly enhance student outcomes and impact the community that Crete serves at large.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.
I am a culturally responsive leader with a passion for serving diverse learners in their pursuit of academic, professional, and personal goals. With over twenty-five years of experience in educational administration, outreach and admissions, and navigating teams through strategic planning and student success initiatives in public and private educational settings, I bring a strong ability to communicate and collaborate effectively with diverse constituencies and key stakeholders to champion practices that further inclusive excellence and innovative change in education. This experience strengthens my ability to engage in decision making that is data-driven, reflects diversity, openness, flexibility, and integrity pertaining to the school's academic, operational, and fiscal policies and practices.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.
A scenario conflict of interest within the board would occur if a board member did not disclose financial interests that could influence and or impact their decision making as a member of the school board. It is the annual responsibility of each board member to complete their (Form

700) to not only disclose their financial interests to the public, but also as a reminder to themselves of any potential conflict. If the board was to become aware of an undisclosed conflict, the board would engage in a board discussion, engage in next steps including a potential vote for removal from the board of directors as appropriate.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?
It's critical for the governing board to maintain integrity and accountability and act on behalf of Crete, its students' and its interests, putting aside personal concerns and or affiliations to engage in dialogue and sound decision making that complies with Bylaws and all applicable federal, state, and local laws.

6. Describe your experience and/or connection with the community that your school proposes to serve.
As a first-generation college graduate, I am committed to creating pathways of opportunity to students historically underrepresented in higher education. This pathway is bridged by the K-12 experience and critically aligned with the community Crete serves. To the board, I bring a longstanding history in educational leadership, college and graduate level admissions, outreach and recruitment, standardized testing, career services and diversity, equity, and inclusion strategic planning.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?
One of the most challenging professional decisions I had to make was choosing between staying at a secure, well-paying job that I was comfortable with versus pursuing a new opportunity that offered more potential for growth and innovation, but with higher risk and uncertainty.
Ultimately, after careful consideration of my long-term career goals, personal values, and the potential growth opportunities, I decided to take the leap and join the new organization. It wasn't an easy choice, however, it turned out to be a rewarding decision professionally and personally, as it pushed me to grow in ways I hadn't imagined and allowed me to make a significant impact within the organization. This experience taught me the importance of assessing risks and opportunities thoughtfully, listening to my instincts, and being willing to step outside my comfort zone to pursue growth and fulfillment in my career.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?
Candidates considered for a governing board member position should first and foremost support the overall mission and vision of Crete Academy and be willing to serve as an active member of the board and ambassador for the school. Board members with a diverse set of skills and demonstrated experience in their field of expertise will be strongly considered.

INDEPENDENT CHARTER SCHOOL
GOVERNING BOARD MEMBER QUESTIONNAIRE*

Dear Board Member:

As you know, serving as a member of the governing board of an independent charter school is a position of great trust and responsibility. Members of the governing board of an independent charter school act as fiduciaries.[1] For instance, each member owes a duty of care to its nonprofit corporation and is required to perform with the level of care that an ordinary prudence person in a like position would use similar circumstances. This includes making reasonable inquiries as needed.[2] As part of its fiduciary duties, the governing board of a charter school not only is responsible for ensuring that the charter organization provides high quality educational opportunity and programming for all charter school students, but also must ensure that all public monies it receives are spent responsibly in accordance with all applicable legal, LAUSD and charter requirements.

In order to make its recommendation to the LAUSD Board of Education whether the charter school petition is likely or unlikely to be successfully implemented,[3] the Charter Schools Division (CSD) seeks complete and detailed responses to the questions below, as such responses will provide the CSD with critical information necessary to ascertain whether the proposed/renewing charter school will be run in a financially, operationally, and educationally sound manner.

Please answer all questions, initial each page, including any supplemental pages, and sign at the end of the document. Responses of "Not Applicable" are not acceptable. If your initial response to any question is "yes" or "no", please provide a detailed explanation of the basis for the response.

1. Describe at least five of the key roles, functions, and/or responsibilities of a public charter school governing board. Based on your experience and understanding, prioritize them and briefly explain their importance.

The key roles and responsibilities of a public charter school governing board can be prioritized as follows:

1. **Accountability**: One of the most critical responsibilities is ensuring accountability between the school staff and the state's educational requirements. This includes monitoring academic performance, ensuring compliance with state regulations, and holding the school's leadership team accountable for meeting key performance indicators. A strong accountability framework ensures that the school operates with transparency and remains aligned with state and federal standards.
2. **Strategic Planning**: A governing board must focus on long-term strategic planning to guide the school's growth and development. This includes planning for expansion, resource allocation, and improving the overall functionality of the school. Effective strategic planning ensures the school can adapt to changing conditions while maintaining its core values and increasing its impact on students.
3. **Mission Alignment**: The board is responsible for ensuring that the school's operations and decisions remain aligned with its mission. This involves regularly reviewing policies, programs, and initiatives to confirm they are contributing to the school's overarching goals. Staying mission-driven ensures the school continues to serve its community and students in accordance with its foundational purpose.
4. **Collaboration**: Building and maintaining a healthy, collaborative environment among staff, parents, students, and administration is essential. The board fosters open communication and mutual respect among all stakeholders to create a positive and inclusive atmosphere. This collaboration is key to driving student success and ensuring that the community remains engaged with the school's goals and values.
5. **Collective Professional Input**: A governing board brings together the wisdom and expertise of its members to make informed decisions that add value to the school. This collective input helps provide diverse perspectives on complex issues, enabling the board to make well-rounded decisions that benefit the entire school community.

Each of these roles plays a vital part in supporting the school's mission, ensuring operational excellence, and fostering an environment where students can thrive academically and personally.

2. Describe the innovative features of your petition and how they will lead to improved student outcomes for the community you are planning to serve. Please be specific.

Our petition emphasizes a hands-on, holistic approach to education designed to improve student outcomes by addressing both academic and non-academic needs. Here are the innovative features and how they will benefit the community we plan to serve:

Board Member Initials

1. **Strong Parent and Family Outreach**: We will establish a robust parent engagement program to build meaningful connections with at-risk families. By fostering active parent involvement, we aim to create a supportive home environment that enhances students' learning experiences. This outreach will also include workshops and resources to help parents develop skills in technology, health, and financial literacy, empowering families to better support their children's academic success.
2. **Comprehensive Support for At-Risk Students**: Our approach is centered on being proactive and flexible in addressing the unique challenges faced by at-risk students. By working closely with families, we will identify and address barriers to learning early, such as social, emotional, or economic issues. This targeted support will help prevent declines in student performance, ensuring they stay on track academically and thrive in the classroom.
3. **Community-Based Resource Connections**: We will actively connect families and students to local health, technology, and economic resources, recognizing that student success is often impacted by factors outside the classroom. By creating partnerships with community organizations, we will provide access to essential services that can improve overall family well-being, which in turn leads to better academic outcomes for students.
4. **Open-Minded, Flexible Approach**: Our school will remain adaptable and open to evolving community needs, ensuring that we stay responsive to the challenges faced by our students. We will continuously seek out innovative ways to support at-risk students, with the goal of preventing academic decline and promoting long-term success.

By addressing the whole student and their environment, our holistic approach will not only enhance academic achievement but also support the overall well-being of the students and their families, leading to lasting positive outcomes for the community.

3. Please describe the specific expertise and experience, as well as personal attributes, that you bring to the board, including service on any other governing boards, and how they will contribute to the board's ability to monitor the school's academic, operational, and fiscal policies and practices.

As the CEO of a commercial real estate firm, I bring a unique blend of expertise and experience that can greatly contribute to the board's ability to monitor academic, operational, and fiscal policies and practices.

Specific Expertise and Experience:

1. **Financial Acumen:** My experience in leading a commercial real estate firm involves managing large budgets, complex financial transactions, and long-term investments. I have a deep understanding of fiscal responsibility, financial forecasting, and ensuring sustainable growth—all of which are vital to overseeing the school's fiscal policies.
2. **Operational Oversight:** In my role, I oversee diverse operational aspects of the business, from property management to strategic planning. This experience equips me to help the board in monitoring and improving the school's operational efficiency, ensuring that resources are optimally allocated and utilized.
3. **Risk Management and Compliance:** Real estate is a highly regulated industry, and my role demands strict adherence to legal and regulatory requirements. My experience with compliance,

risk assessment, and mitigation strategies will be invaluable in ensuring the school's policies align with all relevant legal and operational standards.

4. **Strategic Vision and Planning:** As a CEO, I am deeply involved in setting long-term strategic goals, making critical decisions on growth and direction, and ensuring the organization adapts to changing market conditions. This experience will contribute to the board's strategic discussions, helping to shape the school's future direction, sustainability, and success.
5. **Community and Stakeholder Engagement:** Real estate development requires engagement with diverse stakeholders, including government entities, investors, tenants, and community members. This has honed my ability to collaborate effectively, build consensus, and foster partnerships—skills that will enhance the board's ability to engage with the school's community and stakeholders.

Personal Attributes:

1. **Leadership and Decision-Making:** I am accustomed to leading teams, navigating complex challenges, and making tough decisions in high-stakes environments. My ability to remain calm under pressure and think strategically will help the board navigate difficult choices and balance competing priorities.
2. **Commitment to Education and Lifelong Learning:** While my background is in business, I have a strong personal commitment to education. I understand the profound impact that a quality education can have on individuals and communities, and I am passionate about supporting initiatives that drive academic excellence.
3. **Collaborative and Open-Minded:** I believe in the power of teamwork and the importance of listening to diverse perspectives. I am a strong advocate for collaboration, and I am committed to working with fellow board members to foster a constructive, solutions-oriented environment.

Board Experience: I currently serve on the board of [mention any relevant boards], where I contribute to governance, financial oversight, and strategic planning. My board experience has further refined my understanding of nonprofit governance, policy setting, and the fiduciary responsibilities of overseeing an organization's mission.

In summary, my financial, operational, and strategic expertise, combined with a strong commitment to education and collaborative leadership, will enable me to contribute meaningfully to the board's mission of ensuring the school's academic and operational success.

4. Describe a scenario that represents a conflict of interest. Outline the steps, if any, you would expect your governing board to take to address such a conflict.

Scenario: A parent, who also owns a local tutoring company, approaches the school's principal to offer tutoring services exclusively to students struggling academically. The parent suggests that the school promote their services to parents and offer it as a recommended resource. However, it comes to light that the parent is also closely involved with the school's Parent-Teacher Association (PTA) and has developed strong personal relationships with several teachers. One of these teachers begins referring students in their class directly to the parent's tutoring company, without providing information about alternative resources, creating a potential conflict of interest.

Board Member Initials

Steps the Governing Board Should Take:

1. **Assess the Conflict of Interest**: The governing board should first review the situation to determine if a conflict of interest exists. In this case, the dual role of the parent as both a service provider and a member of the school community (through the PTA and personal connections with teachers) presents a conflict, as the parent stands to gain financially from their relationship with the school.
2. **Investigate the Extent of the Conflict**: The board should investigate whether any formal agreements were made between the school and the tutoring company, and whether any school staff, including teachers, have acted inappropriately by promoting the parent's business over other available options.
3. **Clarify Policies and Expectations**: The board should revisit and reinforce the school's conflict of interest policy, ensuring that all school staff and affiliated parties, including the PTA, are aware of the need for transparency and fairness when recommending services to families. The policy should clearly prohibit staff from promoting specific businesses without proper vetting and equal consideration of all available options.
4. **Hold a Board Meeting**: The governing board should convene a meeting to discuss the conflict, allowing both the parent and any involved staff members to share their perspectives. The board must maintain impartiality during this discussion and ensure that it is handled professionally and transparently.
5. **Take Corrective Action**: If the investigation confirms a conflict of interest, the board should take appropriate action. This could include requiring the parent's tutoring company to be removed from any school recommendations, issuing a formal notice to staff about conflict of interest guidelines, and ensuring that teachers provide families with a list of all available tutoring options. The board may also consider disciplinary actions if staff members were found to have violated ethical guidelines.
6. **Monitor for Future Compliance**: The board should establish ongoing oversight to ensure compliance with conflict of interest policies, such as requiring transparency in any recommendations made to students and families and regularly reviewing partnerships with external vendors.

By addressing the conflict in a fair, transparent, and structured manner, the governing board can ensure that the school operates in the best interest of its students and maintains trust within the community.

5. As a decision-making body, what are the most important factors that the charter school's governing board will consider in order to ensure sound decisions?

As a decision-making body, the charter school's governing board will need to consider several critical factors to ensure that sound, well-informed decisions are made. The most important of these factors include:

1. **Mission Alignment**: Every decision should be evaluated based on its alignment with the school's mission and core values. The board must ensure that any policies, programs, or changes support the school's foundational goals of academic excellence, student development, and

community engagement. Mission alignment is key to maintaining focus and driving long-term success.

2. **Student Outcomes**: The board's top priority is student achievement. Decisions should be made with the goal of improving student learning and growth. This includes considering how decisions will impact academic performance, social-emotional well-being, and the overall student experience. Ensuring that every action promotes positive outcomes for students is essential for a high-performing school.
3. **Data-Driven Decision-Making**: The board should rely on data and evidence to inform its decisions. This includes reviewing academic performance data, financial reports, staff evaluations, and community feedback. Making decisions based on clear, measurable data helps minimize risk and ensures that choices are grounded in facts rather than assumptions.
4. **Fiscal Responsibility**: Financial health is critical to the school's sustainability. The board must carefully consider the financial implications of all decisions, ensuring that resources are used efficiently and in a way that maximizes student benefit. This includes managing budgets responsibly, ensuring transparency in financial transactions, and planning for long-term financial stability.
5. **Compliance with Legal and Regulatory Standards**: The board must ensure that all decisions are in full compliance with state and federal laws, as well as the school's charter agreement. Staying compliant with educational regulations, labor laws, and safety requirements protects the school from legal risks and ensures that it continues to operate within established frameworks.
6. **Community Engagement**: Sound decision-making involves listening to and considering the perspectives of key administrators, including parents, teachers, students, and the broader community. The board should engage with these groups to gather input, address concerns, and build support for major initiatives. Engaging with the key stakeholders ensures that decisions reflect the needs and values of the community the school serves.
7. **Long-Term Impact and Sustainability**: The board should always consider the long-term effects of its decisions, looking beyond short-term gains to focus on sustainability. This includes thinking about the future growth of the school, potential risks, and the ability to adapt to changing conditions over time. By planning for the long term, the board ensures the school's continued success.

By carefully weighing these factors, the governing board can ensure that its decisions are not only well-informed but also support the school's mission, promote student success, and secure a sustainable future.

6. Describe your experience and/or connection with the community that your school proposes to serve.

I am a lifelong Angeleno with deep roots in the community that Crete Academy serves. I attended a nearby middle school, continued my education at a high school in West LA, and later graduated from UCLA. For over 20 years, I have been a business owner, starting with local residential development projects, which allowed me to work closely with families and neighborhoods in the area. My long-standing connection to this community, both personally and professionally, has given me a strong understanding of its unique needs and challenges, as well as a

deep commitment to its growth and success.

7. Describe a difficult professional or financial decision that you have had to make. What factors did you consider and how did you implement the decision?

One of the most difficult professional decisions I faced was ending a working relationship with a regional manager who was responsible for managing thousands of units. This individual's poor performance and lack of responsibility put a large group of assets at financial risk, leaving the stability of the portfolio exposed.

Factors I Considered:

1. **Impact on Financial Stability**: The regional manager's performance directly threatened the financial health of the assets under their supervision, and immediate action was necessary to prevent further losses.
2. **Operational Continuity**: Terminating the manager without a replacement in place could cause operational disruptions, which meant I had to ensure a smooth transition to avoid impacting day-to-day management.
3. **Timing and Leadership**: With such a critical role vacant, I needed to consider how to stabilize the situation in the short term while ensuring a long-term solution through a new hire.

Implementation of the Decision: After considering these factors, I made the decision to personally step in and temporarily take over the responsibilities of the regional manager. I quickly learned the intricacies of the position, worked closely with staff to stabilize operations, and ensured that financial and operational standards were met. During this time, I also initiated the process to find a qualified replacement.

By stepping in directly, I was able to safeguard the assets and maintain stability until a suitable new manager was hired. The decision required quick adaptation and leadership, but it ultimately protected the financial health of the portfolio and ensured a smooth transition in management.

8. In the event that the governing board finds it necessary to replace or add a board member, what qualifications and other factors will you expect and/or consider in evaluating candidates?

When the governing board finds it necessary to replace or add a board member, several key qualifications and factors will be considered to ensure that the new member can contribute effectively to the board's mission and responsibilities:

1. **Alignment with School's Mission and Values**: The candidate must demonstrate a strong commitment to the school's mission, vision, and core values. This ensures that the board remains focused on promoting academic excellence, supporting student growth, and fostering a positive school culture.
2. **Relevant Expertise and Experience**: We will prioritize candidates with expertise in areas that complement the board's needs, such as education, finance, law, fundraising, nonprofit

Board Member Initials

management, or community engagement. Diverse professional backgrounds will strengthen the board's ability to make informed decisions across multiple areas of governance.

3. **Commitment to Education and Community**: Candidates should have a proven dedication to education and a clear understanding of the unique challenges facing the community the school serves. Experience in working with at-risk or underserved populations will be highly valued, as it aligns with the school's goal of equity and inclusion.
4. **Board Governance Knowledge**: Previous experience serving on boards, particularly in the nonprofit or education sectors, will be an asset. A solid understanding of governance best practices, fiduciary responsibilities, and strategic planning will enable the candidate to contribute effectively to decision-making and oversight.
5. **Collaboration and Communication Skills**: The ability to work collaboratively and communicate effectively with fellow board members, school leadership, and the broader school community is critical. Candidates should demonstrate strong interpersonal skills, a commitment to teamwork, and the ability to listen to and respect diverse viewpoints.
6. **Diversity of Perspectives**: We will strive to maintain a board that reflects the diversity of the school community. Bringing in members with varied backgrounds and perspectives will enrich discussions and decision-making, helping the board address the needs of the entire student body.

RE: Charter Renewal Petition Appeal to the Los Angeles County Board of Crete Academy

Dear Dr. Duardo:

With this letter and the enclosed materials, Crete Academy ("Crete" or the "Charter School"), appeals the denial of its charter renewal petition ("Petition") by the Los Angeles Unified School District ("LAUSD" or the "District") to the Los Angeles County Board of Education ("LACBOE"), as provided for in as provided for in Education Code[1] Section 47605(k)(1)(A)(i) and Title 5, California Code of Regulations ("5 CCR") Section 11966.5.

Narrative in Support of Appeal

We are a small public charter school located in South Central, Los Angeles, serving fewer than 350 students. We have been designated as a "low performing" charter school by the California Department of Education, but we are not a "low quality" charter school – and far from it. We are so much more than our numbers, but we also are our numbers. **As of this submission, one out of every three of our students is unhoused – 35%;** 88% of our students are living in poverty and nearly every other is on the brink; 99.6% of our students are students of color – almost entirely Black and Latino.

At a time when Los Angeles County continues to face an unprecedented crisis of homelessness, and billions of dollars of taxpayer money has failed to meaningfully move the needle, Crete Academy is a bright spot and a beacon of hope for children in crisis in Los

Angeles. Crete is a public school, but it is much more than a public school. We are a safe haven for students and families who are by and large unhoused, have been unhoused, or face housing instability; we are a refuge that provides and connects students with each and every support and service that they and their families need to rise above the challenges of their circumstances. Nearly all of our students suffer from adverse childhood experiences – and an inordinate number are Students with Limited or Interrupted Formal Education ("SLIFE"). At Crete Academy, we are addressing and reversing the cycle of poverty, one child at a time. Based on our population, Crete should be a Dashboard Alternative Status School, and we are working towards that designation this year.

In the course of our intake meetings with LACOE, the public hearing, and the decision meeting, we look forward to educating LACOE on who we are, introducing our students and their stories, and addressing what makes Crete so vital to unhoused students in Los Angeles. Among the facts that LACOE should know:

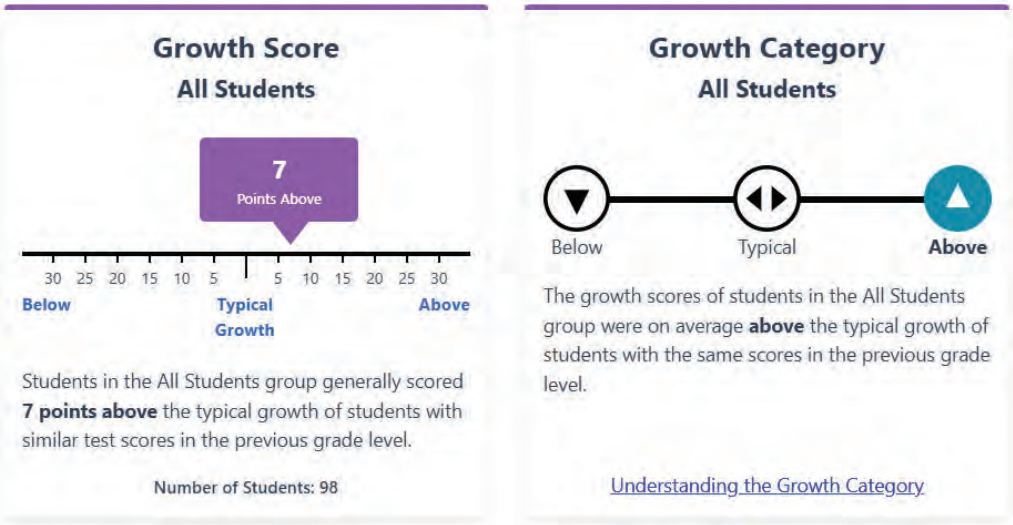
- Crete Academy has a clearly defined mission to provide opportunity for children living in poverty and experiencing homelessness in their greater community.
- Crete serves homeless youth and foster youth at a rate that is inordinately above the rate in which those populations are reflected in LAUSD and the State at large
- Crete Academy's programs and supports address all of the critical issues that students face, including poverty, meal and food security, housing, access to health care, family separation, and issues related to disempowerment and dependency.
- Crete Academy's population has a high transiency rate, reflected in its stability rate of 77.4% compared to 91.2% statewide.
- Crete Academy maintains a low 18:1 student to teacher ratio, which facilitates personalized support for students and strong relationships
- The majority of students are making academic progress in ELA and math as measured by the 2024 Dashboard Growth Metric and third-party verified data
- Nearly 90% of students at Crete Academy reported that they feel safe and connected to the school community based on the Local Climate Survey in 2024.

We own the reality that, as compared against student performance throughout the State, by and large that our students are labeled as performing below standard. We know our students are capable of high achievement, but their life situation does not look like the lives of the average student reflected in Statewide data. They shoulder burdens that no child should face, and we are also doing everything we can to first address our students' primary needs according to Maslow's Hierarchy of Needs before students can meaningfully achieve academic growth. While this work to support students' basic needs are ongoing, our year-to-year CAASPP performance has and will expectedly fluctuate and vary as we continuously welcome new students throughout each school

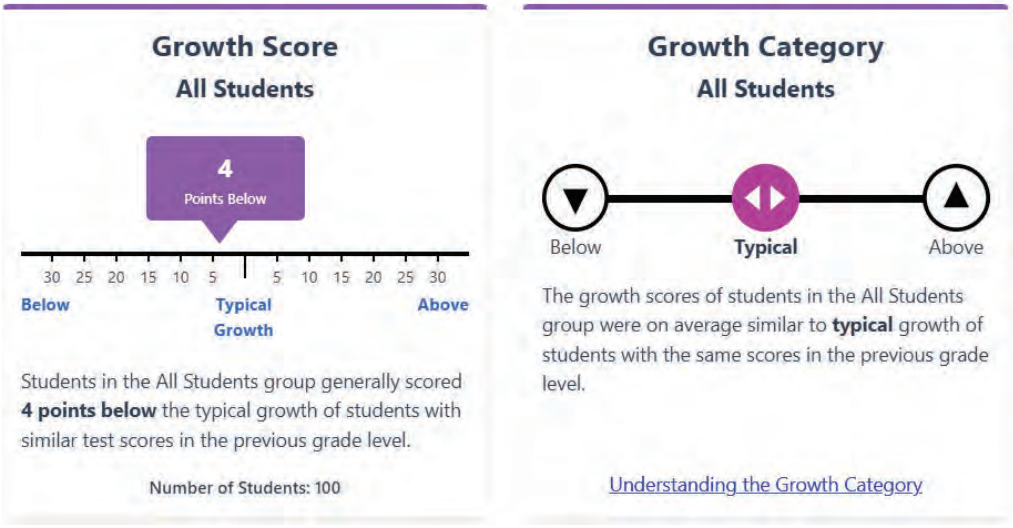
year with unaddressed trauma, and support our current students who face new incidences of trauma. That single data point from standardized testing, capturing our students at a snapshot in time, does not tell our story and our value to the community. On any given day, our students are struggling to meet their most basic needs, physiological and safety, but at Crete, we actively work to ensure that all of our students' needs are met.

The growth metrics on the California School Dashboard confirms what we know, that, academically, our students are achieving growth that is largely on par with what is statistically expected of them:

Math – Dashboard Growth Metric (2024)



English Language Arts – Dashboard Growth Metric (2024)



Crete's performance is especially remarkable in the wake of National Assessment of Educational Progress data, which found that "student achievement has not returned to pre-pandemic performance," and "Where there are signs of recovery, they are mostly in math and largely

driven by higher-performing students. Lower-performing students are struggling, especially in reading." Notably, "[i]n fourth-grade mathematics, the gap also grew as the scores of the lowest performing students did not change significantly from 2022, while the highest performing students' scores increased." (https://www.nationsreportcard.gov/.) Yet, Crete has overcome these odds, as indicated above.

In denying Crete Academy's renewal petition, LAUSD and its Board of Education did not take any of this into account, and failed to do what was right for Crete's students and what is in the best interests of Los Angeles families and students. Yes, AB 1505 sets charter schools designated as "low performing" on a path to presumptive closure, but the Legislature also believed that "low performing" charter schools should have a chance at renewal where the circumstances require it. Specifically, Education Code Section 47607.2 requires that "[t]he chartering authority shall consider the following factors, and may renew a charter … only upon making both of the following written findings… [1] The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school;… [and] [2] There is clear and convincing evidence showing … [t]he school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school."

The record is clear that LAUSD ignored Crete's fourteen-page written action plan. The Staff Report addressed it in a short paragraph that was cursory and conclusory. LAUSD did not take into consideration the unique population Crete serves, the overall circumstances of Crete's students, and the underlying program as detailed in Crete's charter renewal petition. The District did not address why the actions, training/professional development, assessment tools, and timelines were not "meaningful steps" to raise achievement for Crete's students.

The record is also clear that LAUSD ignored the data evidencing Crete's growth. This is underscored by the objective Dashboard growth analysis that identified student growth in ELA as "typical" and in math as "above" typical growth. These outcomes are not the indicia of a charter school that should be subject to closure – particularly given the students Crete serves. Crete's growth is also demonstrated in its verified data it submitted from Renaissance STAR:

School Year	Math	Reading
2023-24	38	30
2022-23	46	45
2021-22	36	57

*Groups of students with a median growth percentile of 35+ are considered to have made a year or more progress in that subject. "Reading" results also include 1-3rd graders' Early Literacy growth.

LAUSD's reasoning for not considering this verified data is incomprehensible, and the non-renewal penalty draconian. Even as LAUSD acknowledges, the data shows "performance data in Reading and Math for the 283 currently enrolled students for all three years." These are the same students discussed above who are chronically unhoused, living in poverty, and students of color struggling to have their basic needs met. It is inexcusable that LAUSD would disregard the

growth of 283 students as "insufficient" in this context. The statute simply says that the chartering authority "shall consider" the verified data presented by the Charter School, and by reference to the State Board of Education's approval of Renaissance STAR, the school may show this as specified: "Student Growth Percentile (SCP) value can be averaged across groups or a school." (https://www.cde.ca.gov/be/ag/ag/yr20/documents/nov20item14.docx.)

Before submitting its charter renewal petition, Crete downloaded the score report that Renaissance STAR made available on its school portal. Per the CDE, "California Education Code Section 47607.2 does not stipulate a minimum percentage of students that must make one year's progress. The California Department of Education recommends that the charter school and authorizer discuss the percentage of students that must meet the criteria." (https://www.cde.ca.gov/sp/ch/verifdatafaqs.asp#verifieddata.) LAUSD was unwilling to discuss its methodology with Crete. There is no reason here why the data of 283 students should be disregarded for such a significant decision as whether a charter school should be renewed or be closed.

Crete asks that LACOE recommend renewal of Crete's charter for a two-year term, during which time Crete expects to be approved as a Dashboard Alternative Status School. During that time, Crete expects its growth to be evidenced through the Dashboard growth metric (as it has shown promise on the Dashboard 2024), particularly as the actions described in Crete's written improvement plan are given time to be implemented and realized. We refer LACOE to the appendix behind this cover letter, which provides a detailed analysis of Crete's data and basis for renewal.

The undeniable reality is that if Crete were to close, our students will suffer extreme hardship. They cannot simply enroll in their neighborhood schools and experience a one-for-one replacement of the supports and resources that Crete provides, particularly for unhoused students. Closure of Crete will directly harm students and families. Crete's students choose to enroll at Crete, and they wish to continue with us for good reason. In the absence of any indication that Crete's students would attend public schools that will serve them as well (and there is no such evidence), Crete believes that it is not asking much to allow Crete two more years of operations to transition into the Dashboard Alternative Status framework, and which would allow Crete to work with LACOE to set "alternative metrics" within the meaning of Section 47607(c)(7) – metrics that will best capture the circumstances of Crete's students and institute high-standards for accountability that are appropriate for a school like Crete.

Overview of the District Petition Timeline

- On October 17, 2024, Crete submitted a charter renewal petition to the LAUSD Charter Schools Division as a low-performing charter school, seeking a two-year charter term from July 1, 2025 to June 30, 2027.

- On December 10, 2024, the LAUSD Board of Education conducted a public hearing for Crete's charter renewal petition.

- On January 14, 2025, the LAUSD Board of Education denied the charter renewal petition for Crete Academy and adopted the District's Findings of Fact in Support of Denial.

As this submission is made within 30 calendar days of the date LAUSD denied Crete Academy's charter renewal petition on January 14, 2025, this appeal to the County Board of Education is timely.

Contents of Appeal Submission

The Los Angeles County Office of Education's "District-Denied Charter School Renewals on Appeal" manual and 5 CCR 11966.5 requires that a charter school whose petition has been denied and that wishes to appeal its petition to the County Board of Education must send the following information within 30 calendar days after the denial action:

Submission Package:

1. Completed and signed Notice of Submission: Appeal of a Denied Charter Petition to Renew Form
2. Completed and signed Required Documents: Appeal of a Denied Charter Petition to Renew Form
3. Reporting on Measurable Pupil Outcomes in Current Charter Term (Appendix D)
4. Table of Contents for Sections I through IV

Section I:

I.1 Evidence of the school board's action of denial (signed letter and/or stamped board minutes)
I.2 School District's Governing Board's written Findings of Fact specific to the denied petition
I.3 Petitioner's response to Findings of Fact
I.4 A separate narrative containing a description of changes to the petition necessary to reflect the County Board as the authorizer (e.g., special education, dispute resolution, closure procedures, fiscal reporting) or minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facility arrangements, or state law.
I.5 Complete copy of charter petition as denied by local school board and all supporting documents to the petition submitted to the district
I.6 Evidence the Charter School's governing body approved submission of the appeal petition to the County Board

Section II:

II.1 Budget projections for the first three (3) years of operation during the next charter term (multi-year projection) in Excel format with SACS codes (electronic file with unlocked cells including formulas), with the following supporting documents: (1) Budget Narratives and Assumptions (2) LCFF Calculator (i.e., FCMAT LCFF calculator) for

three (3) years (3) Three-Year Cash Flow projections (4) Staffing Salary Schedule with object codes, position, salary, and benefits

II.2 Organizational Chart including CMO and any related parties (if applicable)

II.3 Copies of the three (3) most recent Independent Financial Audits of 501(c)(3) (if applicable)

II.4 Fiscal Policies with evidence that they were approved by the governing board

II.5 Year-to-date General Ledger for both the non-profit entity holding the charter (CMO) if applicable, and the charter school

II.6 Debt Schedule including total principal, interest due, and term of debt (if applicable). Include all loans, bonds, lines of credit, inter-company borrowing or transfer agreements including repayment terms and commitment letters (e.g., sale of receivables)

II.7 All bank statements, including any related foundations such as Parent Teacher Organization (PTO), as well as petty cash accounts with monthly reconciliation for the three (3) months prior to petition submission to the Charter School Office (if applicable)

II.8 Contracts (if applicable):

- Board approved contract and shared allocated costs agreement (i.e., CMO fees, indirect cost, or any fees charged by the non-profit entity holding the charter)
- Signed Contracts exceeding $5,000 annually

Section III:

III.1 Current board-approved and signed Bylaws of 501(c)(3)

III.2 Current Approved and Stamped Articles of Incorporation of 501(c)(3)

III.3 Current list of charter school governing board members and all key individuals (petitioner(s), school leadership, etc.) with resumes with contact information for each

Section IV:

IV.1 Lease/Rental or Proposition 39 Agreement(s) or similar document(s)

IV.2 Certificate(s) of Occupancy (if applicable)

IV.3 Copy of the student/parent handbook, school safety plan, employee handbook, and any procedure the school will follow to ensure the health and safety of students and staff

IV.4 Copy of the student application (lottery) form and enrollment form

Conclusion

Crete Academy understands that presentation of a charter renewal petition for a charter school designated as "low performing" triggers adverse presumptions and considerations, but asks that LACOE thoroughly and thoughtfully consider that the law explicitly recognizes that such charter renewal petitions can be approved where warranted. Crete Academy's renewal petition presents those exact circumstances where renewal is warranted, in particular, because of the students who we serve, and the particular need in Los Angeles County to protect and support programs like Crete that are making a difference four our unhoused students, a program for which there is no replacement available for students in the 2025-26 school year if Crete Academy is closed.

We look forward to working with the LACOE and the County Board during consideration of the charter renewal petition appeal. Please feel free to contact me at bmitchell@creteacademy.org or 310-849-2119 if you have any questions.

Sincerely,

Renewal Analysis

Description of renewal eligibility based on one of the three performance levels specified in EC 47607 and 47607.2, including but not limited to, past performance of academics, finances, and operations in evaluating the school's likelihood of success, along with future plans for improvement, as applicable.

Low performing EC 47607.2(a)
Renewal for a two-year term may occur only if the following written factual findings are both made:
(1) The charter school is taking meaningful steps to address the underlying causes of low performance, and those steps are/will be reflected in a written plan adopted by the school's governing body AND

(2) There is a clear and convincing evidence, demonstrated by verified data showing either:
(a) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school

(1) Meaningful Steps being Taken to Address Underlying Causes of Low Performance
Crete Academy was classified as "low performing" renewal track in March 2024 based on the 2023 California Dashboard. This designation was based on the single year performance of students in grades 3 through 6 who were assessed in the 2022-23 academic year.

Crete has always occupied a space where few public schools tread. The school was intentionally designed to serve and more importantly SUPPORT vulnerable students and families along the Crenshaw corridor who face daily issues of survival such as food insecurity, homelessness, domestic violence, as well as other destabilizing situations. In fact, based on an extensive data search conducted by PARSEC Education to compare Crete performance to that of similar schools in California with similar demographics serving foster and homeless youth. The search yielded only one school – a K-6 charter school authorized by San Bernardino City Unified School District. Aside from this one public charter school, Crete is dedicated to serving these students and their families. For Crete to cease to exist poses a threat to equity for students in the Crenshaw area who greatly benefit from the integrated academic and social services it offers.

Based on the demographic profile of Crete Academy, we strongly believe in accountability for student outcomes. We only recently learned that becoming a Dashboard Alternative Status School (DASS) would allow for the leadership to collaboratively develop appropriate metrics with the charter authorizing authority for measuring our academic impact. While the window of opportunity for DASS 2024 has passed, we will submit an application in Spring 2025 which will be applicable to the CA School Dashboard to be released in October 2025.

Our performance data on state-mandated assessments is not where we would like it be, but cannot be considered in isolation from the wide-ranging work we do. To improve our academic outcomes, Crete's executive leadership engaged with the Board of Directors in the Fall of 2024 to develop an action plan to directly address the need for improved academic performance as measured by state tests. The leadership has revisited the action plan based on a more in-depth analysis of our internal procedures and academic program. Our top priority is using local assessments to inform decision-making. Due to publisher data retention policies, the assessment platform we have used only retains a single year of data which created a problem for proper consideration of our impact on student growth in the renewal process.

Crete has recently contracted with iReady for diagnostic assessments to be administered in Spring 2025. The iReady assessment system and curriculum are widely used throughout California and retains school data for three years. This new partnership will include professional development for administration and teachers on the use of assessment data to design tailored interventions for students in need of additional support/remediation.

Additionally, Crete is partnering with PARSEC Education for the next two years to allow for data mining using local assessment data and student-level state assessment data.

As we currently are working our way through the appeal process with LACOE, the leadership team will undertake a complete revision of the action plan to address the following areas:

- Academic Performance (Focus on special populations such as English Learners and Homeless)
- CALPADS reporting
- Chronic Absenteeism
- Compliance (State/Federal Programs and Uniform Complaints)
- Fiscal Reporting (ADA reporting and enrollment)

- Governance (Brown Act and Conflicts of Interest)

The charter school is focused on taking meaningful steps to address the underlying causes of low performance and will regularly report to the local governing board on our implementation of the revised action plan to maintain accountability for all in our daily work.

(2) Clear and Convincing Evidence, Demonstrated by Verified Data

In its rationalization for denying the charter renewal, LAUSD's Charter Schools Division cited Crete's participation rate on local state-verified data platform, STAR Renaissance, was below 95%. When working with the population to whom Crete is dedicated, regular school attendance can be challenging. While local assessments are important, we have ensured our participation rates in state assessments since 2018 have met/exceeded the 95% threshold. As such, we have not had the assignment of LOSS at the "all student" level.

On Friday, January 31, 2025, the CDE published Growth Model data for informational purposes to all public schools using the 2024 state assessment data. This Growth Model measures aggregate "typical growth" of student groups over a three-year period. The table below is a comparison of Crete and LAUSD growth modeling.

2024 Growth Model Comparison	Crete	LAUSD
2024 ELA Growth Score	-4 Typical	0 Typical
English Learner	-15 Below	-5 Below
Homeless	-20 Below	-10 Below
African American	-4 Typical	-5 Below
Hispanic	-4 Typical	-1 Below
Socioeconomically Disadvantaged	-6 Typical	-1 Below
2024 Math Growth Score	+7 Above	+1 Above
English Learner	+7 Above	+1 Above
Homeless	+9 Above	-3 Below
Hispanic	+3 Above	-1 Below
African American	+6 Above	-6 Below
Socioeconomically Disadvantaged	+6 Above	-1 Below

(NOTE: The Growth Model is based on historical scores of students from grade 4 through 8.)

In ELA, Crete was 4 points below but still within the range of "typical" for the all students. More interesting to note is that the African American, Hispanic and Socioeconomically Disadvantaged student groups for Crete were within the range for "typical growth" while LAUSD was "below". In the area of mathematics, we can see that Crete is making a difference. While both Crete and LAUSD were in the "typical" range, Crete for all of its student groups was "above" typical growth while the District was below.

2024 Growth Model Comparison: Crete			

Academy & Los Angeles Unified

(Source: The California Department of Education, 2024 School Dashboard "Informational Purposes" Crete Academy and Los Angeles Unified School District. Retrieved Friday, January 31, 2025)

As stated in the LAUSD 15-day posting of the renewal recommendation, the closure of Crete would result in students returning to their neighborhood District school or, if available, local charter schools. In examining the growth model for the five student groups attending Crete, LAUSD's data again raises the issue of equity. The EL and homeless student group performance for LAUSD is slightly better in ELA, but the student groups of African American, Hispanic, and Socioeconomically Disadvantaged are also "below typical" growth. Put another way, if all of our students returned to LAUSD, ALL five of our significant student groups would be considered in "below typical growth". Similarly for mathematics, four of five student groups would be "below typical" growth. While the numbers challenge us to be better and do better, Crete IS capable of growing student achievement while changing lives.

We present this data to LACOE in consideration of Crete's appeal as we believe it to be clear and convincing evidence of academic growth to support approval of the charter petition for a two-year term as permitted in the Ed Code. This newly released CDE data modeling demonstrates that Crete has achieved measurable increases in academic achievement when examining the three years of aggregate data that underlie the Growth Model. We also believe it will be the beginning of a new relationship with the Los Angeles County Office of Education which has experience with serving the needs of families like those at Crete.

Crete Academy's "Improved" Plans of Action

1. Systematic Phonics Program/Science of Reading or Budget for Benchmark PD

- By the 2025/2026 school year, adopt and implement a systematic phonics program aligned with the Science of Reading framework or allocate a budget for monthly professional development sessions focused on our current Benchmark curriculum to enhance reading instruction.

2. Full-Time Reading Specialist

- By the 2025/2026 school year, hire a full-time reading specialist to provide targeted reading interventions and support teachers with literacy best practices, ensuring student reading growth aligns with charter renewal goals.

3. In-House RSP Teachers

- By the 2025/2026 school year, hire one in-house Resource Specialist Program (RSP) teacher to meet the needs of students with Individualized Education Programs (IEPs) and reduce reliance on external service providers, ensuring timely and consistent support.

4. Classroom Fellows and Specialized SPED Fellows

- By the 2025/2026 school year, recruit classroom fellows/teachers aid, and/or specialized Special Education (SPED) fellows, providing additional support in high-need classrooms.

5. Full-Time EL Coordinator

- By the 2025/2026 school year, hire a full-time English Learner (EL) Coordinator to oversee English Language Development (ELD) instruction, compliance, and progress monitoring, ensuring all EL students receive appropriate language acquisition support.

6. Budget for Professional ELD PD

- By the 2025/2026 school year, allocate funds to provide quarterly professional development sessions for teachers focused on ELD strategies, improving EL student outcomes in alignment with charter renewal goals.

7. 1:1 Technology Ratio

- By the 2025/2026 school year, achieve a 1:1 student-to-device ratio, ensuring all students have daily access to technology for personalized learning, research, and digital literacy development.

8. Coding Program/Tech Literacy Enrichment for Students

- By the 2025/2026 school year, implement a coding and tech literacy enrichment program for students in grades 3-6 to develop problem-solving, collaboration, standardized test familiarity, and digital fluency skills, preparing them for future academic and career opportunities.

9. i-Ready as Verified Data Platform & PD for Data Analysis

- By the 2025/2026 school year, officially adopt i-Ready as Crete's only verified data platform for assessing student progress.
    - Secure and implement three professional development sessions after each Benchmark (BOY, MOY, EOY) assessment to train teachers in data analysis and using insights to drive instruction.

10. Partnership with Parsec Data Management

- By February 2025, partner with Parsec Data Management for a minimum of two years to gain a deeper understanding of school achievement data.
    - Obtain insights into overall student performance and specific subgroups, such as homeless students and English Learners, to inform targeted interventions and resource allocation.

11. Partnership with a Large Charter Management Organization (CMO)

- By the 2025/2026 school year, identify and secure a partnership with a large CMO to enhance the school's charter infrastructure.
    - Provide high-quality operational and instructional support.
    - Offer continuous professional learning opportunities for teachers.

12. Expand Board Membership with Charter School Expertise

- By the 2025/2026 school year, recruit and appoint at least two new board members with substantial charter school knowledge to enhance governance and strategic oversight.

13. Address Chronic Absenteeism

- By the 2025/2026 school year, reduce chronic absenteeism by 15% through the implementation of:
    - Positive Behavioral Interventions and Supports (PBIS).
    - Regular wellness checks.
    - Enhanced transportation services.
    - A structured communication policy for engaging with families of absent students.

14. Targeted Learning Interventions

- By the 2025/2026 school year, establish comprehensive support systems to provide targeted learning opportunities for students identified as needing urgent intervention, including homeless and EL learners, through:
    - Saturday school sessions.
    - Partnerships with tutoring organizations such as School on Wheels and CYMC.
    - Integration of AI-driven tutoring initiatives.

Budget Narrative & Cash Flow Statement

Below is the financial information and narrative for the proposal of Crete Academy. The financial statements include a 6-year pro-forma annual budget and monthly cash flow statement (6 years of operations for 2024-25 through 2029-30 inclusive).

Students: Enrollment, Demographics and Average Daily Attendance

Revenues for Crete Academy will largely depend on the number of students enrolled and their attendance. Average Daily Attendance (ADA) is the aggregate attendance during a reporting period divided by the number of days the school is in session during that period. ADA is used to calculate many of the revenue sources. To allow for conservatism, this budget assumes a 93% attendance rate.

It is planned that Crete Academy will open in 2024-25 with enrollment of 355 and remain flat through 2029-30. The following table shows Crete Academy's projected enrollment and ADA.

Revenues

Factoring in all revenues at the school, per-pupil funding is expected to be around $21,900/ADA annually at Crete Academy. State aid revenue streams provide the largest source of funding, making up about 74% of Crete Academy's total revenues. All revenues are monitored throughout the year as various funding estimates are refined and recalculated.

State Revenues

State Revenues are estimated based on specific programs as identified below, with the majority of funding dependent upon the annual State budget and the school's student population.

Principal Apportionment

The LCFF FCMAT calculator (FCMAT Version v25.1 released 5/24/24) was used to determine the LCFF projections for each year of the above revenue projections which are based on expected student ADA and the expected unduplicated count of students at Crete Academy of 92.5%.

These projections show that in year 1, a total of $66,030 or $200 per ADA, of the principal apportionment ADA funding will be disbursed via the Education Protection Account. Approximately 23% of the LCFF revenues (or $2,769 per ADA) are projected to be disbursed via In-Lieu Property Taxes.

Federal Revenues

Special Education

Crete Academy works with LAUSD SELPA (Option 1), which provides full support for the school's SPED program. No revenue (or expenses) are projected for Crete Academy as a result.

Free and Reduced-Price Meal Eligibility

The federally funded National School Lunch Program provides free and reduced-price meals for lunch and breakfast to eligible students, based on parent/guardian income levels. For this budget, we assume that the percentage of our students eligible to receive federal funding reimbursements will be about 92%. Additional receipts from paid student meals have not been included for conservatism since we do not have historical information. Food expenses for this program are shown below; serving staff expenses are included in classified salaries and benefits.

Title Programs

Based on roughly 92% of students qualifying for free and reduced prices meals, Crete Academy has also included a minimal amount of Title funds.

Other State Revenues

Lottery & Mandated Block Grant

Lottery funding is based upon a projection of $273 per ADA per year. Lottery funds are mainly allocated for general purpose use with nearly 25% of the funds restricted for instructional materials. Projections for the Mandate Block Grant are assumed at $19.85/ADA for grades K-8 and $55.17/ADA for grades 9-12.

Charter School Facility Grant (SB740)

Although Crete Academy is projecting to have a FRPM Eligibility of around 92%, the geographic area targeted for a third-party lease is within the boundaries of Los Angeles County, whose percentage of eligible students exceeds 55%. As a result, the budget does include the SB740 funding based on the lesser of $ $1,420 per ADA or 75% of the budgeted lease cost.

Other Local Revenues

Crete Academy anticipates utilizing fundraising efforts and projects securing $200,000 in privately donated funds annually starting in Year 2. This projection is conservative relative to fundraising achievements which have historically been in the $300,000 to $500,000 range.

Total Compensation - Salaries and Employee Benefits

Total compensation costs (salary and benefits) at capacity remain relatively constant near 49% of total expenditures. “Compensation” includes the salary costs of all staff, including those who work full-time and part-time, and includes all staff benefits including social security, Medicare, and workers’ compensation.

Crete Academy’s teacher staffing levels are based upon enrollment projections. Ratios of Students to Certificated Teachers to is expected to be at or below 23.0:1 over the course of the full 5 years of operations. However, that ratio is slightly below 15.4:1 when including all staff who are in Student/Program support roles.

The table above lists the total projected annual employer costs for all employee benefits, on a year-by-year basis. Within employee benefits, most benefits are statutory and are determined by either state or federal mandate and are based on current rate factors. These benefits differ by type of employee (i.e. certificated or classified) and by whether they are full-time, part-time and/or hourly employees. Crete Academy's employees participate in different combinations of retirement, Social Security, Medicare, and workers' compensation depending on position.

Books and Supplies and Food Services

Many of the core programming cost projections are based upon historical per pupil spend for instructional supplies, online curricula, project materials and some assessments. Crete Academy will provide breakfast and lunch for all students and will participate in the National Free and Reduced Lunch Program.

The purchase of equipment will also be a critical part of the instructional program. The budget accounts for the purchase of this equipment (furniture and technology) on a per pupil, per full time staff member and general purchases. As these items do wear out over time and need replacement, the budget accounts for the replacement of requisite devices over time in addition to the initial purchase in the first year of operation.

Substitute Teacher

Substitute teacher costs are based on the number of full-time teachers, the number of expected absent days per year and the daily cost of an external staffing agency. These amounts increase after year one based on the increase in number of staff and an inflation adjustment of 2%.

Expenses shown in the table above are primarily based on preliminary negotiations with prospective service providers or based on industry averages. We make note of items below as needed to explain our budgeting assumptions.

Management Fee

Crete Academy has contracted with Charter Impact, Inc. to provide financial management services including financial reporting, accounts payable, and general accounting. Fees for these services are budgeted at 1.75% of total revenue. Charter Impact, Inc. also provides hourly based support for attendance, CALPADS and other student data needs. These fees have also been included in the Management Fee account within the budget.

Authorizer Oversight Fee

Crete Academy has projected that it will be required to pay a fee of 1% of general-purpose revenues.

Facilities Rent

Crete Academy is planning to occupy and lease a third-party site. Based on current real estate conditions and the geographic area targeted, the budget is projecting facilities costs of around $1,225 per student during 2024-25. As noted above, the facility is expected to be eligible for

the Charter School Facility Grant (SB740) funds based on the demographics of the surrounding Los Angeles County schools.

Cash Flow

As noted above, cash is not a concern for Crete Academy through its multi-year projection.

Ending Cash Balance

The cash balance at the end of 2024-25 is projected at $963,522 and is expected to grow to $1,750,595 at the end of 2029-30, representing 23.5% of expenses.

Revenues

Since revenues fluctuate and are received from multiple sources, accurate cash projections are vital to the maintenance of a healthy financial position. The greatest cash flow challenge is correctly predicting the flow of federal and state revenue sources. California law specifies the payment schedule for State Aid funds. Although this schedule is subject to legislative and regulatory change, the California Department of Education (CDE) has committed to a 5-5-9 payment schedule. To be conservative, we have assumed that all funds will be received in the month following their scheduled payment. We assumed no deferrals in these projections.

State Aid – Revenue Limit

The State Aid – Revenue Limit funds come from a combination of three sources: In Lieu of Property Taxes, State Aid, and Education Protection Account. The district where the school is located pays the Charter School an In-Lieu of Property Tax amount per ADA near the end of each month. State Aid is due from the state on or before the end of the month and is paid monthly from July to June on a 5-5-9 schedule. Based on the typical timing of funds coming through County Treasurer to a school bank account, we have assumed a one-month delay in the payments. The Economic Protection Account flows quarterly in September, December, March and June. Again, for conservatism, we have assumed that all receipts will be delayed to the month following their scheduled payment.

California Lottery

State Lottery Revenues are paid according to the prior year's ADA and are paid quarterly except in year 1 of operations.

Expenditures

The most significant part of Crete Academy's cost structure is staff compensation which is generally paid evenly throughout the year except in July when most staff are not working prior to the start of the school year. The majority of the curriculum costs are front-loaded to the beginning of the school year.

Fund Balance

The fund balance is expected to above the CDE-recommended levels in each year of operations and grow to over 14% by the end of year 5.

(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)								
Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

LCFF Calculator Caveats

v.25.1a **5/24/2024**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General

The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.

A proration/(deficit) factor assumption has been built into the LCFF calculator. The proration factor methodology and application is subject to revision should the state choose to apply a proration factor, or other deficit factor, in the future.

The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).

The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.

The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.

NEW 2022-23

EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.

Charter School Calculations

The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.

Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.

The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.

The calculator does not take into account the following:

-District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization.

-Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.

If either of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapt

School District Calculations

NEW 2023-24

2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22. PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

- Basic Aid Choice
- Basic Aid Court-Ordered Voluntary Pupil Transfer
- Basic Aid Open Enrollment
- Basic Aid Supplement Charter School Adjustment

The calculator does not take into account the impact of district reorganizations that have not been certified by the CDE via the PASE system. Furthermore, **historical year projections may not be accurate**. We recommend working with your county office, the CDE and FCMAT to evaluate whether an alternative approach to developing a funding estimate is possible.

LCFF Calculator Navigation

v.25.1a 5/24/2024

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**.

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations**. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

LCFF Calculator Navigation

v.25.1a 5/24/2024

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.
- Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.
- **In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- **Necessary Small Schools**: School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- **TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- **Charter Shift ADA**: Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF.
- **NSS Supporting Calculations**: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).
- **Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.**
- **Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.**
- **In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.**

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Crete Academy
Los Angeles, California

Report on the Financial Statements

We have audited the accompanying financial statements of Crete Academy (the "Charter") which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Crete Academy as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2021, on our consideration of the Charter's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Crete Academy (the "Charter") was formed as a nonprofit public benefit corporation on April 28, 2016 for the purpose of operating as a California public school located in Los Angeles, California. The Charter was numbered by the State Board of Education in March 2017 as California Charter No. 1854. Crete Academy's mission is to deliver an educational program to students who are homeless, living in poverty, that will meet their physical, mental and emotional needs, while developing strong character and critical thinking skills so that each child is prepared for college and beyond. Classes began in August 2017 for students in grades transitional kindergarten through sixth.

Crete Academy is authorized to operate as a charter school through the Los Angeles Unified School District (the "authorizing agency" or "LAUSD"). On November 15, 2016, the Board of Directors of LAUSD approved a charter petition for the Charter for a five-year term beginning July 1, 2017 and expiring on June 30, 2022. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

B. Basis of Accounting

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

C. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). ASC 958-205 was effective July 1, 2018. Under the Guide, Crete Academy is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

As a public charter school, the Charter also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter's financial statement presentation.

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

F. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes payments to Crete Academy. Revenues are recognized by the Charter when earned.

H. Cash and Cash Equivalents

Crete Academy considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

I. Investments

The Charter's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2021, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible

K. Capital Assets

Crete Academy has adopted a policy to capitalize asset purchases over $2,500. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

M. Income Taxes

Crete Academy is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

N. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

O. New Accounting Pronouncement

Leases
In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease. The new lease standard is effective for private nonprofits with fiscal years beginning after December 15, 2021. The Charter will determine the impact on the financial statements once required to implement in the 2022-23 fiscal year.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2021, consists of $302,408 held in non-interest bearing bank accounts.

Custodial Credit Risk
Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Crete Academy does not have a policy for custodial credit risk for deposits. The FDIC insures up to $250,000 per depositor per insured bank. As of June 30, 2021, $52,408 of Crete Academy's bank balance was exposed to custodial credit risk as there were deposits over $250,000 in accounts at one or more banks.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2021, consists of the following:

Total Loans Payable	$ 168,265	$ 9,935	$ 81,977	$ 96,223

Charter Revolving Loan
On June 16, 2017, the Charter was approved to borrow $250,000 through the Charter Revolving Loan Fund Program administered by the California School Finance Authority (CSFA). The loan is to be repaid over a five-year period ending March 2022. The revolving note bears an annualized interest rate equal to the "prime rate" of 0.98%. During the fiscal year ended June 30, 2021, the Charter made payments of $51,308, which included $49,998 of principal and $1,310 of interest expense. As of June 30, 2021, the outstanding balance on the loan was $50,008. Repayment obligations on the charter revolving loan includes total payments of $50,346 for the fiscal year ending June 30, 2022, which includes $50,008 in principal and $338 in interest.

Line of Credit
In June 2019, the Charter was approved for a line of credit of $75,000 with Wells Fargo financial institution. During the fiscal year ended June 30, 2021, the Charter had $9,935 in draws and made payments of $16,287. As of June 30, 2021, the liability associated with the line of credit was $14,401.

Shuttle Loans #1 and #2
In September 2017, the Charter entered into two separate loan agreements for the purchase of two (2) shuttle vans. The shuttle vans are utilized for student transportation. The corresponding assets are recorded within capital assets as transportation equipment. Shuttle #1 was purchased for $42,746 and the cost of shuttle #2 was $41,505. Loans for shuttle #1 and shuttle #2 include an annual interest rate of 4.86% for six-year terms with minimum monthly payments of $685.60 and $665.74, respectively.

NOTE 7 – LOANS PAYABLE (continued)

Shuttle Loans #1 and #2 (continued)
Future repayment obligations on the shuttle loans are as follows:

Fiscal Year Ending June 30,	Shuttle #1	Shuttle #2	Total
2022	$ 8,227	$ 7,989	$ 16,216
2023	8,227	7,989	16,216

Less: Interest	(1,560)	(1,760)	(3,320)
Total	$ 16,265	$ 15,549	$ 31,814

NOTE 8 – NET ASSETS

As of June 30, 2021, the Charter did not hold any net assets with donor restrictions. Certain designations or reserves have been made for the use of net assets without donor restrictions either by the board, management or by nature of the financial assets held by the Charter. At June 30, 2021, the Charter's net assets without donor restrictions consist of the following:

Net investment in capital assets	$ 19,987
Required cash reserve (LAUSD 5% of expenses)	105,822
Undesignated	631,012
Total Net Assets without Donor Restrictions	$ 756,821

In accordance with Crete Academy's charter petition with the Los Angeles Unified School District, the Charter is required to maintain cash reserves equal to five percent of total expenditures.

NOTE 9 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following table reflects the Charter's financial assets as of June 30, 2021, reduced by amounts not available for general expenditure within one year. Financial assets are considered not available for general use when illiquid or not convertible to cash within one year, consist of assets held for others, or are held aside by the governing board for specific contingency reserves. Any board designations could be drawn upon if the board approves that action. Crete Academy maintains a line of credit (as mentioned in Note 7) which has been drawn upon to ensure financial assets are available as general expenditures and other obligations become due.

Financial Assets	
Cash and cash equivalents	$ 302,408
Accounts receivable, current portion	654,855
Prepaid expenses	21,860
Total Financial Assets, excluding noncurrent	$ 979,123
Contractual or donor-imposed restrictions	
Required cash reserve	(105,822)
Financial Assets available to meet cash needs for expenditures within one year	$ 873,301

NOTE 10 – EMPLOYEE RETIREMENT PLANS

In accordance with *California Education Code* 47605, charter schools have the option of participating in certain multiple-employer defined benefit pension plans maintained by agencies of the State of California if an election to participate is specified within the charter petition. Within the current charter petition, the Charter has not made the election and therefore, does not participate in the California State Teachers' Retirement System (CalSTRS) or the California Public Employees' Retirement System (CalPERS) pension programs. The Charter retains the option to elect to participate in CalSTRS at a future date.

As established by federal law, all public-sector employees must be covered by social security or an alternative plan if an existing employer retirement plan such as CalSTRS and CalPERS is not available. The Charter offers both social security and a 403(b) employee funded plan. All employees are covered by Medicare and social security and all full-time employees are eligible to participate in the 403(b) plan. A participant of the 403(b) plan may make an election to defer compensation and have it contributed to this plan. During the fiscal year ended June 30, 2021, the Charter made payments totaling $76,438 for Medicare and social security and paid $14,972 toward other employee benefits.

NOTE 11 – COMMITMENTS AND CONTINGENCIES

Charter School Authorization

As mentioned in Note 1A, Crete Academy is approved to operate as a public charter school through authorization by the Los Angeles Unified School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

Governmental Funds

Crete Academy has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Joint Powers Agency (JPA)

During the year ended June 30, 2021, Crete Academy participated in a joint venture with CharterSafe. CharterSafe arranges for insurance coverage related to property, general liability, automobile, worker's compensation, and other miscellaneous liability coverage specific to the operation of a charter school. The relationship between the Charter and the JPA is such that the JPA is not financially inter-related to the Charter for financial reporting purposes. Premiums totaled $36,932 for the year ended June 30, 2021.

Operating Lease

On July 12, 2018 Crete Academy entered into a lease agreement to occupy space located at 6103 Crenshaw Boulevard in Los Angeles, California. The facility is utilized by the Charter for instructional services in order to meet the educational goals established by the Charter. The two-year term covered by the lease agreement commenced on August 1, 2018 and will end July 31, 2020. The agreement calls for base rent of $13,000 per month. In May 2020, the Charter entered into a lease amendment to extend the term for two years commencing August 1, 2020 and ending July 31, 2022 with base rent of $13,250 per month for Year 1 and $13,500 per month for Year 2. During the fiscal year ended June 30, 2021, rent payments attributed to this facility lease agreement amounted to $158,750. Future minimum lease payments are as follows:

Fiscal Year Ending June 30,	Payments
2022	$ 161,750
2023	13,500
Total	$ 175,250

NOTE 12 – RELATED PARTY TRANSACTIONS

Authorizing Agency

The Charter makes payments to the authorizing agency, LAUSD, to provide required services for special education and other purchased services in addition to fees for oversight. Total fees for oversight amounted to $15,735 and total payments for special education and other services amounted to $107,260 for the fiscal year ending June 30, 2021.

Interested Parties

The Executive Director and Founder, Hattie Arrington Mitchell, is married to the Principal and Co-Founder, Brett Mitchell.

NOTE 13 – DONATED GOODS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Crete Academy in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles.

NOTE 14 – SUBSEQUENT EVENTS

Crete Academy has evaluated subsequent events for the period from June 30, 2021 through December 15, 2021, the date the financial statements were available to be issued.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. As a result, the new term expiration date to the charter petition mentioned in Note 1A is June 30, 2024.

Management did not identify any other transactions or events that require disclosure or that would have an impact on the financial statements.

NOTE 1 – PURPOSE OF SCHEDULES

A. LEA Organization Structure

This schedule provides information about the local education agency (LEA or charter school), including the Charter's authorizing agency, grades served, members of the governing body, and members of the administration.

B. Schedule of Instructional Time

This schedule presents information on the number of instructional days offered by the Crete Academy and whether the Charter complied with the provisions of *Education Code Section* 47612.

C. Reconciliation of Annual Financial and Budget Report (Unaudited Actuals) with Audited Financial Statements

This schedule provides the information necessary to reconcile net position for the Charter Schools Enterprise Fund reported on the Annual and Financial Budget Report (Unaudited Actuals) to net assets on the audited financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Crete Academy (the "Charter") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated December 15, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") as a basis of designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

Report on State Compliance

We have audited Crete Academy's compliance with the types of compliance requirements described in the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of Crete Academy's state programs for the fiscal year ended June 30, 2021, as identified below.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Crete Academy's state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Crete Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Crete Academy's compliance with those requirements.

Opinion on State Compliance

In our opinion, Crete Academy complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the following table below for the year ended June 30, 2021.

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Crete Academy (the "Charter") which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Crete Academy as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crete Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crete Academy's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crete Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crete Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2022, on our consideration of Crete Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Crete Academy's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Crete Academy (the "Charter") was formed as a nonprofit public benefit corporation on April 28, 2016 for the purpose of operating as a California public school located in Los Angeles, California. The Charter was numbered by the State Board of Education in March 2017 as California Charter No. 1854. Crete Academy's mission is to deliver an educational program to students who are homeless, living in poverty, that will meet their physical, mental and emotional needs, while developing strong character and critical thinking skills so that each child is prepared for college and beyond. Classes began in August 2017 for students in grades transitional kindergarten through sixth.

Crete Academy is authorized to operate as a charter school through the Los Angeles Unified School District (the "authorizing agency" or "LAUSD"). On November 15, 2016, the Board of Directors of LAUSD approved a charter petition for the Charter for a five-year term beginning July 1, 2017 and expiring on June 30, 2022. Due to AB 130, the current charter petition end date is extended to June 30, 2024. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

B. Basis of Accounting

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

C. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). ASC 958-205 was effective July 1, 2018. Under the Guide, Crete Academy is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

As a public charter school, the Charter also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter's financial statement presentation.

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

F. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes payments to Crete Academy. Revenues are recognized by the Charter when earned.

H. Cash and Cash Equivalents

Crete Academy considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

I. Investments

The Charter's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2022, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

K. Capital Assets

Crete Academy has adopted a policy to capitalize asset purchases over $2,500. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

M. Income Taxes

Crete Academy is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

N. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Change in Accounting Pronouncement

Leases
In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease. The new lease standard is effective for private nonprofits with fiscal years beginning after December 15, 2021. The Charter will determine the impact on the financial statements once required to implement in the 2022-23 fiscal year.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2022, consists of the following:

Cash in banks, non-interest bearing	$	610,435
Cash in banks, interest bearing		284,691
Total Cash and Cash Equivalents	$	895,126

Custodial Credit Risk
Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Crete Academy does not have a policy for custodial credit risk for deposits. The FDIC insures up to $250,000 per depositor per insured bank. As of June 30, 2022, $791,528 of Crete Academy's bank balance was exposed to custodial credit risk as there were deposits over $250,000 in accounts at one or more banks.

NOTE 7 – LOANS PAYABLE (continued)

Charter Revolving Loan
On June 16, 2017, the Charter was approved to borrow $250,000 through the Charter Revolving Loan Fund Program administered by the California School Finance Authority (CSFA). The loan is to be repaid over a five-year period ending March 2022. The revolving note bears an annualized interest rate equal to the "prime rate" of 0.98%. During the fiscal year ended June 30, 2022, the Charter made payments of $50,0008. As of June 30, 2022, no outstanding balance on the loan.

Line of Credit
In June 2019, the Charter was approved for a line of credit of $75,000 with Wells Fargo financial institution. During the fiscal year ended June 30, 2022, the Charter had $6,739 in draws. As of June 30, 2022, the liability associated with the line of credit was $21,140.

Shuttle Loans #1 and #2
In September 2017, the Charter entered into two separate loan agreements for the purchase of two (2) shuttle vans. The shuttle vans are utilized for student transportation. The corresponding assets are recorded within capital assets as transportation equipment. Shuttle #1 was purchased for $42,746 and the cost of shuttle #2 was $41,505. Loans for shuttle #1 and shuttle #2 include an annual interest rate of 4.86% for six-year terms with minimum monthly payments of $685.60 and $665.74, respectively. As of June 30, 2022, there was no outstanding balance on the loans.

NOTE 8 – NET ASSETS

As of June 30, 2022, the Charter did not hold any net assets with donor restrictions. Certain designations or reserves have been made for the use of net assets without donor restrictions either by the board, management or by nature of the financial assets held by the Charter. At June 30, 2022, the Charter's net assets without donor restrictions consist of the following:

Net investment in capital assets	$	22,322
Board designations		
Reserve for economic uncertainty		567,615
Special education reserve		189,205
Total board designations		756,820
Undesignated		454,576
Total Net Assets without Donor Restrictions	$	1,233,718

In accordance with Crete Academy's charter petition with the Los Angeles Unified School District, the Charter is required to maintain cash reserves equal to five percent of total expenditures.

NOTE 9 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following table reflects the Charter's financial assets as of June 30, 2022, reduced by amounts not available for general expenditure within one year. Financial assets are considered not available for general use when illiquid or not convertible to cash within one year, consist of assets held for others, or are held aside by the governing board for specific contingency reserves. Any board designations could be drawn upon if the board approves that action. Crete Academy maintains a line of credit (as mentioned in Note 7) which has been drawn upon to ensure financial assets are available as general expenditures and other obligations become due.

Financial Assets		
Cash and cash equivalents	$	895,126
Accounts receivable		691,432
Prepaid expenses		32,345
Total Financial Assets, excluding noncurrent	$	1,620,903
Board designations		
Reserve for economic uncertainty		(567,615)
Special education reserve		(189,205)
Financial Assets available to meet cash needs for expenditures within one year	$	864,083

NOTE 10 – EMPLOYEE RETIREMENT PLANS

In accordance with *California Education Code* 47605, charter schools have the option of participating in certain multiple-employer defined benefit pension plans maintained by agencies of the State of California if an election to participate is specified within the charter petition. Within the current charter petition, the Charter has not made the election and therefore, does not participate in the California State Teachers' Retirement System (CalSTRS) or the California Public Employees' Retirement System (CalPERS) pension programs. The Charter retains the option to elect to participate in CalSTRS at a future date.

As established by federal law, all public-sector employees must be covered by social security or an alternative plan if an existing employer retirement plan such as CalSTRS and CalPERS is not available. The Charter offers both social security and a 403(b) employee funded plan. All employees are covered by Medicare and social security and all full-time employees are eligible to participate in the 403(b) plan. A participant of the 403(b) plan may make an election to defer compensation and have it contributed to this plan. During the fiscal year ended June 30, 2022, the Charter made payments totaling $116,908 for Medicare and social security and paid $29,874 toward other employee benefits.

NOTE 11 – COMMITMENTS AND CONTINGENCIES

Charter School Authorization

As mentioned in Note 1A, Crete Academy is approved to operate as a public charter school through authorization by the Los Angeles Unified School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. As a result, the charter petition end date is extended to June 30, 2024.

NOTE 11 – COMMITMENTS AND CONTINGENCIES (continued)

Governmental Funds

Crete Academy has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Joint Powers Agency (JPA)

During the year ended June 30, 2022, Crete Academy participated in a joint venture with CharterSafe. CharterSafe arranges for insurance coverage related to property, general liability, automobile, worker's compensation, and other miscellaneous liability coverage specific to the operation of a charter school. The relationship between the Charter and the JPA is such that the JPA is not financially inter-related to the Charter for financial reporting purposes. Premiums totaled $24,890 for the year ended June 30, 2022.

Pending or Threatened Litigation

The Charter is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Charter as of June 30, 2022.

Operating Lease

On July 12, 2018 Crete Academy entered into a lease agreement to occupy space located at 6103 Crenshaw Boulevard in Los Angeles, California. The facility is utilized by the Charter for instructional services in order to meet the educational goals established by the Charter. The two-year term covered by the lease agreement commenced on August 1, 2018 and will end July 31, 2020. The agreement calls for base rent of $13,000 per month. In May 2020, the Charter entered into a lease amendment to extend the term for one year commencing August 1, 2022 and ending July 31, 2023 with base rent of $15,000 per month for Year 1 . During the fiscal year ended June 30, 2022, rent payments attributed to this facility lease agreement amounted to $101,871. Future minimum lease payments are $15,000 due the fiscal year ending June 30, 2023.

NOTE 12 – RELATED PARTY TRANSACTIONS

Authorizing Agency

The Charter makes payments to the authorizing agency, LAUSD, to provide required services for special education and other purchased services in addition to fees for oversight. Total fees for oversight amounted to $24,671 and total payments for special education and other services amounted to $140,238 for the fiscal year ending June 30, 2022.

Interested Parties

The Executive Director and Founder, Hattie Arrington Mitchell, is married to the Principal and Co-Founder, Brett Mitchell.

NOTE 13 – DONATED GOODS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Crete Academy in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles. The Charter did not receive any donated items during the fiscal year ended June 30, 2022.

NOTE 14 – SUBSEQUENT EVENTS

Crete Academy has evaluated subsequent events for the period from June 30, 2022 through December 13, 2022 the date the financial statements were available to be issued. Management did not identify any transactions or events that require disclosure or that would have an impact on the financial statements.

NOTE 1 – PURPOSE OF SCHEDULES

A. LEA Organization Structure

This schedule provides information about the local education agency (LEA or charter school), including the Charter's authorizing agency, grades served, members of the governing body, and members of the administration.

B. Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

C. Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Crete Academy and whether the Charter complied with the provisions of *Education Code Section* 47612.5.

D. Reconciliation of Annual Financial and Budget Report (Unaudited Actuals) with Audited Financial Statements

This schedule provides the information necessary to reconcile net position for the Charter Schools Enterprise Fund reported on the Annual and Financial Budget Report (Unaudited Actuals) to net assets on the audited financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Crete Academy (the "Charter") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated December 13, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

Report on State Compliance

Opinion on State Compliance

We have audited Crete Academy's compliance with the types of compliance requirements described in the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of Crete Academy's state programs for the fiscal year ended June 30, 2022, as identified below.

In our opinion, Crete Academy complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the applicable state programs for the year ended June 30, 2022.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Crete Academy and to meet certain ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance. Our audit does not provide a legal determination of Crete Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Crete Academy's state programs.

Auditor's Responsibilities for the Audit for State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Crete Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Crete Academy's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* and the K-12 Audit Guide, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Crete Academy's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Crete Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Crete Academy's internal control over compliance. Accordingly, no such opinion is expressed; and
- Select and test transactions and records to determine Crete Academy's compliance with the state laws and regulations to the following items:

Description	Procedures Performed
School Districts, County Offices of Education and Charter Schools	
California Clean Energy Jobs Act	Not applicable
After/Before School Education and Safety Program	Yes
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes

Immunizations	Yes
Educator Effectiveness	Yes
Expanded Learning Opportunities Grant (ELO-G)	Yes
Career Technical Education Incentive Grant	Not applicable
In Person Instruction Grant	Yes
Charter Schools	
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	No*
Determination of Funding for Nonclassroom-Based Instruction	Not applicable
Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	Yes

*We did not perform testing of Nonclassroom-Based Instruction/Independent Study because ADA was not material. "Not applicable" is used in the table above to indicate that the Charter either did not receive program funding or did not otherwise operate the program during the fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Crete Academy which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Crete Academy as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crete Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note 1N to the financial statements, in 2022-23 Crete Academy adopted new accounting guidance, ASU No. 2016-02, *Leases (Topic 842)*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crete Academy's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crete Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crete Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2024, on our consideration of Crete Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Crete Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Crete Academy's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Crete Academy (the "Charter") was formed as a nonprofit public benefit corporation on April 28, 2016 for the purpose of operating as a California public school located in Los Angeles, California. The Charter was numbered by the State Board of Education in March 2017 as California Charter No. 1854. Crete Academy's mission is to deliver an educational program to students who are homeless, living in poverty, that will meet their physical, mental and emotional needs, while developing strong character and critical thinking skills so that each child is prepared for college and beyond. Classes began in August 2017 for students in grades transitional kindergarten through sixth.

Crete Academy is authorized to operate as a charter school through the Los Angeles Unified School District (the "authorizing agency" or "LAUSD"). On November 15, 2016, the Board of Directors of LAUSD approved a charter petition for the Charter for a five-year term beginning July 1, 2017 and expiring on June 30, 2022. Due to AB 130 and SB 114, the current charter petition end date is extended to June 30, 2025. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

B. Basis of Accounting

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

C. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). ASC 958-205 was effective July 1, 2018. Under the Guide, Crete Academy is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

As a public charter school, Crete Academy also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter's financial statement presentation.

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

F. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Tax Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes payments to Crete Academy. Revenues are recognized by the Charter when earned.

H. Cash and Investments

Crete Academy considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents. The Charter's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

I. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2023, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Capital Assets

Crete Academy has adopted a policy to capitalize asset purchases over $2,500. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

K. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

L. Income Taxes

Crete Academy is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

M. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

N. Change in Accounting Principle

ASC 842 *Leases*
In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease. The new lease standard is effective for private nonprofits with fiscal years beginning after December 15, 2021.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

N. Change in Accounting Principle (continued)

ASC 842 *Leases (continued)*
Under FASB ASC 842, a right-of-use asset and a related lease liability must be recorded on the statement of financial position (balance sheet) for proper recognition of any operating lease. A right-of-use asset is an intangible asset that pertains to the lessee's right to occupy, operate, and hold a leased asset during the agreed rental period. A lease liability is the financial obligation for the payments required by the lease, discounted to present value.

The Charter has determined the impact and has reflected the significant change from this accounting principle within its financial statements for the 2022-23 fiscal year. Refer to Note 6 for additional information regarding the operating leases and the related right-of-use asset and operating lease liability held by the Charter.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2023, consists of the following:

Cash in banks, interest bearing	$	553,453
Cash in banks, non-interest bearing		402,089
Total Cash and Cash Equivalents	$	955,542

Cash in Banks

Custodial Credit Risk
Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Crete Academy does not have a policy for custodial credit risk for deposits. The FDIC insures up to $250,000 per depositor per insured bank. As of June 30, 2023, $923,041 of Crete Academy's bank balance was exposed to custodial credit risk as there were deposits over $250,000 in accounts at City National Bank.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2023, consists of the following:

Local control funding sources, state aid	$	358,732

Salaries and benefits	$ 281,230
Vendor payables	137,564
Due to grantor government	63,841
Total Accounts Payable	$ 482,635

NOTE 6 – OPERATING LEASES

On July 12, 2018, Crete Academy entered into a lease agreement to occupy space located at 6103 Crenshaw Boulevard in Los Angeles, California. The facility is utilized by the Charter for instructional services in order to meet the educational goals established by the Charter. The Charter has entered into lease amendments to extend the term of the lease. The lease is currently expected to end on July 31, 2026. The Charter also holds lease agreements for use of equipment with terms ending in July and August 2027. At June 30, 2023, the right-of-use asset was $610,268 and the operating lease liability was $604,623. The associated asset and liability are amortized over the straight-line basis over the term of the lease as follows:

Fiscal Year Ending June 30,	Operating Lease Liability	Right-of-Use Asset
2024	$ 186,215	$ 192,571
2025	194,466	192,571

Total	$ 604,623	$ 610,268

NOTE 7 – DEFERRED REVENUE

Deferred revenue as of June 30, 2023, consists of conditional contributions from the following:

Federal sources	$	1,408
State sources		784,144
Local sources		75,000
Total Deferred Revenue	$	860,552

NOTE 8 – LOANS PAYABLE

Line of Credit

In June 2019, the Charter was approved for a line of credit of $75,000 with Wells Fargo financial institution. During the fiscal year ended June 30, 2023, the Charter had a net increase in the balance of $10,080. As of June 30, 2023, the liability associated with the line of credit was $31,220.

NOTE 9 – NET ASSETS

As of June 30, 2023, the Charter did not hold any net assets with donor restrictions. Certain designations or reserves have been made for the use of net assets without donor restrictions either by the board, management or by nature of the financial assets held by the Charter. At June 30, 2023, the Charter's net assets without donor restrictions consist of the following:

Net investment in capital assets	$	45,203
Undesignated		268,265
Total Net Assets without Donor Restrictions	$	313,468

In accordance with Crete Academy's charter petition with the Los Angeles Unified School District, the Charter is required to maintain cash reserves equal to five percent of total expenditures.

NOTE 10 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following table reflects the Charter's financial assets as of June 30, 2023, reduced by amounts not available for general expenditure within one year. Financial assets are considered not available for general use when illiquid or not convertible to cash within one year, consist of assets held for others, or are held aside by the governing board for specific contingency reserves. Any board designations could be drawn upon if the board approves that action. Crete Academy maintains a line of credit (as mentioned in Note 8) which has been drawn upon to ensure financial assets are available as general expenditures and other obligations become due.

Financial Assets		
Cash and cash equivalents	$	955,542
Accounts receivable		631,228
Prepaid expenses		50,257
Contractual or donor-imposed restrictions		
Cash held for conditional contributions		(860,552)
Financial Assets available to meet cash needs for expenditures within one year	$	776,475

NOTE 11 – EMPLOYEE RETIREMENT PLANS

In accordance with *California Education Code* 47605, charter schools have the option of participating in certain multiple-employer defined benefit pension plans maintained by agencies of the State of California if an election to participate is specified within the charter petition. Within the current charter petition, the Charter has not made the election and therefore, does not participate in the California State Teachers' Retirement System (CalSTRS) or the California Public Employees' Retirement System (CalPERS) pension programs. The Charter retains the option to elect to participate in CalSTRS at a future date.

As established by federal law, all public-sector employees must be covered by social security or an alternative plan if an existing employer retirement plan such as CalSTRS and CalPERS is not available. The Charter offers both social security and a 403(b) employee funded plan. All employees are covered by Medicare and social security and all full-time employees are eligible to participate in the 403(b) plan. A participant of the 403(b) plan may make an election to defer compensation and have it contributed to this plan.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

Charter School Authorization

As mentioned in Note 1A, Crete Academy is approved to operate as a public charter school through authorization by the Los Angeles Unified School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. As a result, the charter petition end date was extended to June 30, 2024. Refer to Note 15 regarding an additional one-year extension.

The Charter makes payments to the authorizing agency, LAUSD, to provide required services for special education and other purchased services in addition to fees for oversight. Total fees for oversight amounted to $39,682 and total payments for special education and other services amounted to $194,088 for the fiscal year ending June 30, 2023.

Governmental Funds

Crete Academy has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Pending or Threatened Litigation

The Charter could become involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Charter as of June 30, 2023.

NOTE 13 – INTERESTED PARTIES

The Executive Director and Founder, Hattie Arrington Mitchell, is married to the Chief Business Officer and Co-Founder, Brett Mitchell.

The Charter banks with City National Bank and board member, Bryan Gonzalez, was the AVP Relations Manager for City National Bank until October 2023.

NOTE 14 – DONATED GOODS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Crete Academy in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles. The Charter did not receive any donated items during the fiscal year ended June 30, 2023.

NOTE 15 – SUBSEQUENT EVENTS

Crete Academy has evaluated subsequent events for the period from June 30, 2023 through February 15, 2024 the date the financial statements were available to be issued.

On July 10, 2023, the Governor of California approved Senate Bill 114 (SB 114), which amended California Education Code (EC) 47607.4. The EC was amended to add "all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year." As a result, the charter petition end date is extended to June 30, 2025.

Management did not identify any transactions or events that require disclosure or that would have an impact on the financial statements.

NOTE 1 – PURPOSE OF SCHEDULES

A. LEA Organization Structure

This schedule provides information about the local education agency (LEA or charter school), including the Charter's authorizing agency, grades served, members of the governing body, and members of the administration.

B. Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

C. Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Crete Academy and whether the Charter complied with the provisions of *Education Code Section* 47612.5.

D. Reconciliation of Annual Financial and Budget Report (Unaudited Actuals) with Audited Financial Statements

This schedule provides the information necessary to reconcile net position for the Charter Schools Enterprise Fund reported on the Annual and Financial Budget Report (Unaudited Actuals) to net assets on the audited financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Crete Academy (the "Charter") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated February 15, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as Finding 2023-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Crete Academy's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on Crete Academy's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs as the corrective action plan. The Charter's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE AND ON INTERNAL CONTROL OVER COMPLIANCE FOR STATE PROGRAMS

Independent Auditors' Report

To the Board of Directors of
Crete Academy
Los Angeles, California

Report on State Compliance

Opinion on State Compliance

We have audited Crete Academy's compliance with the requirements specified in the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to Crete Academy's state program requirements for the fiscal year ended June 30, 2023.

In our opinion, Crete Academy complied, in all material respects, with the laws and regulations of the applicable state programs for the year ended June 30, 2023. as identified in the table in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Crete Academy and to meet certain ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance. Our audit does not provide a legal determination of Crete Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Crete Academy's state programs.

Auditor's Responsibilities for the Audit for State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Crete Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit for State Compliance (continued)

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Crete Academy's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* and the K-12 Audit Guide, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Crete Academy's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Crete Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Crete Academy's internal control over compliance. Accordingly, no such opinion is expressed; and
- Select and test transactions and records to determine Crete Academy's compliance with the state laws and regulations to the following items:

Description	Procedures Performed
School Districts, County Offices of Education and Charter Schools	
California Clean Energy Jobs Act	Not applicable
After/Before School Education and Safety Program	Not applicable
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study-Course Based	Not applicable
Immunizations	Yes
Educator Effectiveness	Yes
Expanded Learning Opportunities Grant (ELO-G)	Yes
Career Technical Education Incentive Grant	Not applicable
Transitional Kindergarten	Yes
Charter Schools	
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	Not applicable
Determination of Funding for Nonclassroom-Based Instruction	Not applicable
Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	Not applicable

"Not applicable" is used in the table above to indicate that the Charter either did not receive program funding or did not otherwise operate the program during the fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the K-12 Audit Guide and which are described in the accompanying schedule of findings and questioned costs as Finding 2023-002. Our opinion on state compliance is not modified with respect to these matters.

Other Matters (continued)

Government Auditing Standards requires the auditor to perform limited procedures on Crete Academy's response to the noncompliance finding identified in our audit described in the accompanying schedule of findings and questioned costs as the corrective action plan. Crete Academy's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

FINDING 2023-001: YEAR-END FINANCIAL CLOSING PROCESS (30000)

Criteria: The year-end financial closing process should include timely review of financial information and supporting schedules to properly record all transactions in accordance with GAAP.

Condition: There was a delay in the year-end financial closing process that created the need for several adjustments recorded after reporting of the unaudited actuals for the 2022-23 fiscal year. The Charter worked with a consultant to evaluate and provide entries for proper implementation of the new lease standard (FASB ASC 842); however, no adjustments were made to the financial statements provided for audit. Other audit adjustments were needed to correct accounts for revenues, expenses, receivables, deferred revenues, and prepaid expenses.

Cause: There was a mid-year change in consultants for business services as well as a direct change in general ledger accounting software that created irregularities. Implementation of the new lease standard required additional time to work with a consultant.

Effect: Material misstatements in the financial statements could exist.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend ensuring a timely financial closing process that allows for adequate review of transactions to prevent any financial reporting misstatements.

Corrective Action Plan: With regards to the lease implementation, Crete Academy will work closely with the back office to ensure the lease implementation requirement is met at least 72 hours prior to the due date. Furthermore, upon receiving the monthly financial package from the back office and upon completion of the Lease Implementation, Crete Academy staff will communicate with the back office provider, the expectation to have the Lease Implementation included in the financial system and therefore, associated financial documents. Crete Academy staff will then verify that the back office has uploaded the Lease information to their financial system and that the auditors have this information to conduct their financial review.

Crete Academy will continue to rely on its internal documentation and reporting of financial transactions, so that in the event of a change in back office providers and/or should the need to rely on the school level documentation should arise, the staff have the proper documentation to use. The system used in electronic and the staff at Crete on how to submit their evidence properly for documentation.

FINDING 2023-002: ATTENDANCE REPORTING (10000)

Criteria: In accordance with Title 5, *California Code of Regulations*, Section 11960, regular average daily attendance (ADA) shall be computed by dividing a charter school's total number of pupil-days of attendance by the number of calendar days on which school was actually taught in the charter school. The second period (P-2) and annual period attendance reports submitted to the California Department of Education (CDE) should reconcile to the supporting documents that support the charter school's ADA in accordance with California Education Code Section 46000 et seq.

Condition: Based on procedures performed over attendance reporting, we noted that the ADA reported on the P-2 and Annual attendance reports did not agree to the underlying attendance data within the student information system utilized for attendance accounting. Per inquiry, no long-term independent study was offered yet nonclassoom-based instruction was reported on only the P-2 attendance report, which was done in error.

Effect: The Charter is not in compliance with reporting of accurate attendance data. ADA was inaccurately reported.

ADA Impact: The impact on ADA is noted below by reporting period:

	P-2 ADA			Annual ADA		
Grade Span	Original	Adjusted	Difference	Original	Adjusted	Difference
TK/K - 3	169.83	176.36	6.53	174.81	179.27	4.46
4 - 6	120.73	117.83	(2.90)	119.87	119.07	(0.80)
Total	**290.56**	**294.19**	**3.63**	**294.68**	**298.34**	**3.66**

Cause: Attendance data was updated in the student information system and was not communicated to personnel responsible for attendance reporting.

Questioned Cost: The fiscal impact is $54,190 due to the Charter, as calculated based on P-2 ADA in the table below:

Grade Span	TK/K - 3	4 - 6
Difference in P-2 ADA	6.53	(2.90)
Derived value of ADA by grade span	$ 14,025.79	$ 12,896.13
LCFF penalty for ADA reduction	$ 91,588	$ (37,399)
Total fiscal impact		$ 54,190

There is no questioned cost related to the reporting discrepancies noted for the Annual attendance report since the Charter is not funded on Annual ADA. The Charter's P-2 and Annual attendance reports have not yet been revised to reflect the adjusted P-2 and adjusted Annual ADA listed on the Schedule of Average Daily Attendance.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend that procedures be established to communicate any attendance changes to personnel responsible for attendance reporting to ensure that accurate data is reported to the CDE on the P-2 and Annual attendance reports or to determine if any corrected attendance reports are necessary based on the revised data.

Corrective Action Plan: Crete Academy will reconcile all quarterly ADA submission reports, before finalizing the Annual report for submission to the authorizer. Additionally, as a way to identify any discrepancies before the annual attendance reporting is due, Crete Academy will work with the auditors on the mid-year review, to specifically review prior attendance submissions for accuracy. Any discrepancies will be noted, reviewed, discussed and addressed to avoid incongruencies between the quarterly attendance submissions and our annual submission.

100 INTERNAL CONTROLPOLICIES

101 *Introduction*

Internal control policies provide Crete Academy (the Charter School) with the foundation to properly safeguard its assets, implement management's internal policies, provide compliance with state and federal laws and regulations, and produce timely and accurate financial information. Additionally, as a publicly supported entity, the Charter School has additional responsibilities to ensure the public's confidence and the integrity of the School's activities.

102 COMPLIANCE WITH LAWS

The Charter School will follow all the relevant laws and regulations that govern the Charter School. Additionally, any Federal Government laws and regulations that relate to grant funding will be adopted as the grant funding is received. The following are specific policies of the Charter School:

A. Political Contributions

No funds or assets of the Charter School may be contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office. The direct or indirect use of any funds or other assets of the Charter School for political contributions in any form, whether in cash or other property, services, or the use of facilities, is strictly prohibited. The Charter School also cannot be involved with any committee or other organization that raises funds for political purposes.

Following are examples of prohibited activities:

1. Contributions by an employee that are reimbursed through expense accounts or in other ways.
2. Purchase by the organization of tickets for political fundraising events.
3. Contributions in kind, such as lending employees to political parties or using the School assets in political campaigns.

B. Record Keeping

To provide an accurate and auditable record of all financial transactions, the School's books, records, and accounts are maintained in conformity with generally accepted accounting principles applicable to Charter Schools.

Further, the School specifically requires that:

1. No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the books and records of the Charter School.
2. Receipts and disbursements must be fully and accurately described in the books and records.
3. No false entries may be made on the books or records, nor any false or misleading reports issued.
4. Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.

200 Organizational Conflict of Interest or Self-Dealing (Related Parties)

The School will not be operated for the benefit of an affiliated or unaffiliated organization or an individual in his or her own private capacity or individuals related to the Charter School or members of its management, unless the private benefit is considered merely incidental. This private benefit preclusion will extend to:

A. Sale or exchange, or leasing, of property between the agency and an affiliated or unaffiliated organization or a private or related individual.

B. Lending of money or other extension of credit between an agency and an affiliated or unaffiliated organization or a private or related individual.

C. Furnishing of goods, services, or facilities between the agency and an affiliated or unaffiliated organization or a private or related individual.

D. Payment of compensation, unless authorized by the Board of Trustees or its governing body, by the School to an affiliated or unaffiliated organization or a private or related individual.

E. Transfer to use by, or for the benefit of a private or related individual of the income or assets of the School.

201 *Organizational Conflict Of Interest Or Self-Dealing (Related Parties) - continued*

Thus, the Charter School will be guided by the principle of arms-length standards with all affiliated or unaffiliated organizations or with a private or related individual(s).

Related party transactions shall include transactions between a school and members of the board, management, contracted management organization, employees, related individuals, and affiliated companies. Related individuals within the scope of this definition include spouses, parents, children, spouses of children, grandchildren, siblings, father-in-law, mother-in-law, sister-in-law and brother-in-law of a board member or school employee.

202 *Board Of Trustees Authorities*

The Board of Trustees shall have the sole authority to approve and will incorporate into its own minutes such matters as (i) change of the School's name, with LAUSD pre-approval (ii) adoption of the annual operating and capital budgets, (iii) selection or termination of key employees (iv) key employee's salary and salary changes, (v) incurrence of debt, mortgages or other encumbrances and their covenants and restrictions, within the terms of the charter
(vi) investment policies, (vii) depository and investment banks, (viii) purchase or sale of property (ix) opening up or closing checking or savings accounts, and (x) selection of the Charter School's certified public accountants and (xi) other activities associated with the operations of the Charter School.

The Board of Trustees will meet at minimum quarterly to ensure that its fiduciary duty is maintained. The Board will review the following: prior meeting minutes, business items, educational items, and subcommittee reports as applicable.

203 *Signature Authorities*

To properly segregate duties within the Charter School, the Executive Director (ED), the Board President, and the Board Treasurer are the only individuals with signatory authority and are responsible for authorizing all cash transactions. Individual checks for non-recurring expenses greater than $25,000 are pre-approved by the Board Treasurer and the ED.

204 *Government Access to Records*

The ED or contracted business back-office services provider will provide access to the organization's records to the LAUSD or ED or his/her designee and provide supporting records, as requested, in a timely manner.

205 *Security of Financial Data*

A. The system's accounting data must be backed up daily by the business back-office services provider to ensure the recoverability of financial information in case of hardware failure. The back up will be stored in a fire safe area and properly secured.

C. All other financial data, petty cash box, unused checks and unclaimed checks will be secured by the ED from unauthorized access.

206 *Security of School Documents*

Originals of the following corporate documents are maintained, and their presence is verified on a periodic basis:

A. Charter and all related amendments

208 *Use Of School Credit Cards*

A. The ED has the discretion to add or remove authorized users to Crete credit cards, for the purpose of supporting their work within the organizations. Only purchases that are work-related are approved. All charges must be supported by invoices or travel reports to be eligible for payment by the Charter School.
B. Credit card statements are reconciled to invoices and travel reports and are approved by the Executive Director unless not deemed independent then the approval would be by the Board of Trustees. Statements are downloaded, reconciled, and submitted to the back office for payment.
C. Automated payments are established where applicable to avoid late fees.

209 *Use Of School Debit Card*

A. In extraordinary circumstances, whereby the Charter School has no other way to make purchases, debit card use is allowable. If a debit card must be issued, it must be approved by the ED and must be issued to certain Charter School employees and should be used only for school-related expenditures. All charges must be supported by invoices, receipts, and/or travel reports and must be reviewed and approved by the ED.

300. FINANCIAL MANAGEMENT POLICIES

301. *Basis Of Accounting*

The Charter School will maintain their accounting records and related financial reports on the accrual basis of accounting.

302 Accounting Policies

The accounting policies and financial reporting adopted are consistent with the not-for-profit requirements of the Financial Accounting Standards Board (FASB). FASB is the recognized standard setting body for establishing not-for-profit accounting and financial reporting principles.

303 Basis of Presentation

The accounts of the Charter School are organized on a basis of the School Account Code Structure or SACS. The operations of the fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, net assets, revenues, and expenditures. The Charter School uses the following fund:

Main Fund - This fund of the Charter School is used to account for all financial resources associated with the operation of the school. In addition, all activities relating to Student Activities should be separately identified and recorded within this fund.

304. Revenues

Under the accrual basis of accounting, revenues are recognized when earned.

305. Expenditures

Under the accrual basis of accounting, expenses are recognized when services are incurred, or goods are received.

306 Incurred Costs

For the purposes of invoicing funding sources for allowable costs under cost reimbursement contracts, the term "costs incurred" is defined as follows:

A. Costs related to items or services incurred directly for the contract and received at the time of the request for reimbursement and is not specifically disallowed by the funding source.

B. If applicable, the invoicing format is specified by the funding source.

309 Budgets

A. The Charter School prepares an annual operating budget of revenues and expenses, a cash flow projection, and a capital budget. These budgets and projections are reviewed and approved by the Board of Trustees, prior to June 30th each year and modified, as necessary.

B. Financial statements displaying budget vs. actual results are prepared by the back-office services provider and reviewed by the ED and presented to the Board of Trustees at each monthly board meeting.

311. Insurance and Bonding

A. The School maintains minimum levels of coverage, as deemed appropriate by the Board of Trustees, for the following policies:

1. General liability
2. Business & personal property (including auto/bus)
3. Computer equipment
4. Workers' compensation
5. Personal injury liability

B. The School requires proof of adequate insurance coverage from all prospective contractors, as deemed applicable by the Board of Trustees.

312 Record Retention and Disposal

A. Records are maintained for the following indicated minimum periods:

1. Books, records, documents, and other supporting evidence including paid, cancelled, or voided checks, accounts payable records, vendors' invoices, payroll sheets and registers of salaries and wages, tax withholding statements, employees' timesheets and other public documents are retained for seven years after the original entry date.

B. All records not supporting government grants or otherwise covered by the rules of the Internal Revenue Service are retained for three years from the end of the fiscal year in which the records were originally prepared.

312 Record Retention and Disposal - continued

C. All financial records are maintained in chronological order, organized by fiscal year.

D. In connections with the disposal of any records, a memorandum of record disposal is prepared by the ED listing the record or the class of records disposed of. The Board of Trustees certifies this memorandum of records disposal.

313. Financial Reporting

The back-office services provider maintains supporting records in sufficient detail to prepare the School's financial reports, including:

A. Annually:

404 *LIABILITIES AND FUND EQUITY*

405 *Accounts Payable*

Only valid accounts payable transactions based on documented vendor invoices, receiving report or other approved documentation are recorded as accounts payable.

406 *Accounts Payable Payment Policy*

Vendors and suppliers are paid as their payment terms require, taking advantage of any discounts offered. If cash flow problems exist, payments are made on a greatest dependency/greatest need basis.

The Executive Director tracks all recurring and one-time invoices, including credit cards, to ensure timely payment of all invoice and avoidance of any additional late fees.

407 *Accrued Liabilities*

Salaries, wages earned, and payroll taxes, together with professional fees, rent, and insurance costs incurred, but unpaid, are reflected as a liability when entitlement to payment occurs.

408 *Liability For Compensated Absences*

A. Compensated absences arise from employees' absences from employment due to vacation leave. If compensated absences, such as vacation leave, is offered, the Charter School will expect to pay an employee for such compensated absences. A liability for the estimated probable future payments is accrued if all the following conditions are met:

   1. The employee's right to receive compensation for future absences is attributable to services already performed by the employee.

   2. The employee's right to receive compensation for future absences is vested or accumulates.

   3. It is probable that compensation will be paid.

   4. The amount of compensation is estimable.

B. Compensated absences not required to be paid upon employee termination is only recorded when paid.

409 *Debt*

A. When applicable, short-term debt consists of financing expected to be paid within one year of the date of the annual audited financial statements. Long-term debt consists of financing that is not expected to be repaid within one year and is recorded in the general ledger.

B. Loan agreements approved by the Board of Trustees should be in writing and should specify all applicable terms, including the purpose of the loan, the interest rate, and the repayment schedule.

500. REVENUE

501. Revenue Recognition

The School records revenue on the accrual basis of accounting, consistent with accepted accounting principles applicable to not-for-profit units.

600 FACILITIES

601 Disposal of Property and Equipment

A. No item of property or equipment shall be removed from the premises without prior approval from the ED.

B. The School has adopted standard disposition procedures for Charter School staff to follow, which include an *Asset Disposal Form*, which identifies the asset, the reason for disposition, and signature of the requester. The form also allows for an identification of the asset's book value, condition of the asset, and supervisory approval or denial.

C. When property is retired, the appropriate asset in the fixed asset schedule will be adjusted and properly reflected in the general ledger.

700 PROCUREMENT POLICIES

701 The School adheres to the following objectives:

1. Procurements will be completely impartial based strictly on the merits of supplier and contractor proposals and applicable related considerations such as delivery, quantity, etc.
2. Make all purchases in the best interests of the School and its funding sources.
3. Obtain quality supplies/services needed for delivery at the time and place required.
4. Buy from responsible sources of supply.
5. Obtain maximum value for all expenditures.
6. Deal fairly and impartially with all vendors.
7. Maintain dependable sources of supply.
8. Be above suspicion of unethical behavior at all times; avoid any conflict of interest, related parties or even the appearance of a conflict of interest in the Charter School supplier relationships.
9. Engage in competitive bidding for purchases exceeding $25,000 to compare services/products cost by different vendors. For services exceeding $25,000, the school will engage in competitive bidding by presenting at least 2 bids to the board of directors for the requested services. The board of directors will work with the school leader to select the most comprehensive vendor.

10. Charter school will ensure that the process for acquiring all goods is segregated to avoid and mitigate fraud and abuse. Charter school will also ensure contracts and bidding records are filed in the school's online file system.

A. The Charter School will execute a pre-approval for all purchases, and it shall be approved by the ED for purchases of $25,000 or less and by the Board Treasurer if greater than $25,000.

B. The Charter School will execute a pre-approval for all contracts, and it shall be approved by the ED for contracts of $10,000 or less and by the Board Treasurer if greater than $10,000.
