The Superintendent recommends that the County Board adopt Board Resolution No. 43 as part of the regular County Board meeting on February 20, 2025; and further recommends that the Board proclaim the month of March 2025 as National Social Work Month in celebration and support of the social work profession.

Board Resolution No. 43 is shown on the following page.

**NEXT STEPS:**

- Send out LACOE Communication to the Los Angeles County LEAs to encourage districts, schools and community organizations to observe this month, raise awareness about social work as a high-demand and rewarding profession and acknowledge the role of social workers in our educational communities with appropriate programs and activities aligned with this year’s theme, “Unite to Ignite.”
- LACOE’s Mental Health and School Counseling (MHSC) Unit supports and recognizes the important work of social workers through the year through recognition events such as the Los Angeles County School Social Worker of the Year Award.
- The MHSC Unit provides support to school-based social workers and school-based social worker interns through professional development, practicum instruction, the MHSC Unit’s School Social Work Academy and quarterly regional Network Meetings.
- LACOE honors and celebrates our Community Schools Initiative and MHSC Unit School Mental Health Program social workers and social work interns who provide multi-tiered systems of school mental health supports at LACOE schools and LACOE Community Schools Initiative partner district schools and seeks to promote the profession of social work through their work.
- Los Angeles County school social workers will be highlighted through social media and other communication mediums.

The LACOE Mental Health and School Counseling Unit Coordinator Is further promote the profession of social work through the education and training of bachelor and master-level social work interns from seven universities placed in LACOE Community Schools partner

districts by providing practical instruction, clinical supervision and direct experiences needed for their professional training and to obtain a Pupil Personnel Services Credential in School Social Work and Child Welfare and Attendance. These social work interns address the needs of the whole child by providing mental health support and education to parents, addressing student and family needs, providing referral and linkages to services and identifying and treating mental health concerns experienced by students
