

ONLINE RECOMMENDATION FOR THE EMERGENCY 30-DAY SUBSTITUTE TEACHING PERMIT

The Certification Section provides a courtesy service for facilitating the application process of the Initial Emergency 30-Day Substitute Permit for interested members of the public. However, it is important to note that the final decision on granting this permit lies solely with the Commission on Teacher Credentialing (CTC). Our role is to assist members of the public in applying for the document. The application fee for the permit is paid by the applicant directly to the CTC. No fee is paid to the Los Angeles County Office of Education (LACOE). Our courtesy service is not available during the months of August, September, and October.

The process can commence by referring to the following documentation.

Authority. The FBI's acquisition, preservation, and exchange of fingerprints and associated information is generally authorized under 28 U.S.C. 534. Depending on the nature of your application, supplemental authorities include Federal statutes, State statutes pursuant to Pub. L. 92-544, Presidential Executive Orders, and federal regulations. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.

Principal Purpose. Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses. Noncriminal Justice Applicant's Privacy Rights

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification¹ that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.²
- If you have a criminal history record, the officials making a determination of your suitability for the employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or update of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.³

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.⁴

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.) *You can find additional information on the FBI website at <https://www.fbi.gov/about-us/cjis/background-checks>.*

Basic Skills Requirement Evaluation Worksheet

Applicant Name: _____

This form is designed for use by individuals and LEAs without a Commission-approved program to act as a guide for meeting the Basic Skills Requirement via coursework. Individuals may meet the requirement by providing official transcripts and this completed form as part of their application packet to the Commission. The transcripts must show passage of courses in reading, writing, and mathematics as outlined below. Courses must have been taken at a regionally-accredited college or university for credit, passed with a grade of B- or better, be degree applicable, and be at least 3 semester units (or equivalent quarter units). It is possible to identify two courses for a single area to meet the minimum unit requirement. Qualifying coursework does not include professional development or continuing education units or in-service training or workshops. Qualifying coursework includes the following:

- For reading proficiency: a course in critical thinking, literature, philosophy, reading, rhetoric, or textual analysis.
- For writing proficiency: a course in composition, English, rhetoric, written communication, or writing.
- For mathematics proficiency: a course in algebra, geometry, mathematics, quantitative reasoning, or statistics.

A course that does not fall within the indicated areas may still qualify with additional letter of explanation. A letter from the registrar or relevant department chair of the college or university where the course was completed must state that a course passed by the applicant covered reading, writing, or mathematics at the same level as one of the listed courses. Such a letter could also attest that a single course sufficiently indicates proficiency in reading and writing combined. The letter must be included with the application packet.

Online recommendations from a Commission-approved preparation program should not use this form but instead must include Form 41-BSR. Form 41-BSR is available on the Credential Information Guide (CIG). Form 41-BSR is not required if CBEST or CSET scores are being used to meet the requirement.

Regional Accreditation Information

The Commission can only accept course work and degrees completed at regionally accredited institutions. Degrees and course work must have been completed while the institution was regionally accredited in order for the Commission to consider them for credentialing purposes. Course work completed in other states is acceptable as long as the institution holds regional accreditation through one of the accrediting bodies listed below. Course work and degrees completed outside of the United States must be evaluated by a [Commission-approved foreign transcript evaluation agency](#) before it may be used for credentialing purposes.

To determine the accreditation status of any college or university, the Commission uses a publication entitled Accredited Institutions of Postsecondary Education (AIPE) to verify accreditation. To obtain a copy, please visit the AIPE website at www.acenet.edu. This publication is revised and published annually. This book also contains institutions accredited by agencies that are NOT approved by the Commission for credentialing purposes in California.

Individuals who have completed college or university course work at an institution in a country other than the United States must obtain a complete evaluation of foreign transcripts, degrees*, and other relevant documents prior to applying to the Commission for a California credential, permit, or certificate. Foreign transcripts must be evaluated by one of the approved organizations listed below in order to be accepted by the Commission. These organizations are private enterprises who charge a fee for their services. Individuals seeking a foreign transcript evaluation must follow the procedures outlined by the organization providing the evaluation.

- A detailed, course-by-course, foreign transcript evaluation is required any time foreign course work is used to meet any credential requirement, even if the foreign course work has been accepted by a college or university in the United States.
- All of the listed evaluation agencies offer rush services at an additional cost. Contact the agency for more information on fees and other requirements for the evaluation.
- **In all instances, original, official documentation will be required when requesting the evaluation.**

*The bachelor's degree requirement for California certification refers to the equivalent of a four-year (or more) college-level program. Individuals who obtained a credential or teaching certificate in a jurisdiction outside of the United States should also submit a photocopy of that document to the evaluating agency.
