K-8 Civic Learning Pathways to the State Seal of Civic Engagement

The Los Angeles County Office of Education established the Los Angeles County Office of Education Civic Engagement Recognition Program to assist schools in supporting and celebrating civic engagement of young people in grades five and eight across Los Angeles County.

The attainment of civic knowledge, skills, and dispositions needed to earn the State Seal of Civic Engagement awarded in grades eleven and twelve, should not begin in high school but should be instilled in every child's education, beginning in Kindergarten. Civic learning is a fundamental component and function of public education in order to prepare all students for college, career, and civic life.

This Pathways document¹ is an important tool for establishing civic learning pathways for elementary and middle school students to ultimately meet the criteria of the State Seal of Civic Engagement in high school. It also lays out the criteria for students in grades five and eight to earn the Los Angeles County Office of Education Certificate of Civic Engagement.

Once a classroom teacher, in consultation with site and district leadership, determines that a student has met the criteria, the district or school may submit a [LACOE Certificate Request Form](#) to designate the name of the school, school district, contact person, and list of students in grade five and/or eight who have met the criteria. A Los Angeles County Office of Education Certificate of Civic Engagement will be issued for each student and personalized with the student's name, school, and district. Certificates will be sent electronically to the contact person listed for distribution to students. Students, grades five and eight, in all public schools and independent charters in Los Angeles County are eligible.

State Seal of Civic Engagement (SSCE) Criteria

In order for students in grades eleven and twelve to be eligible to earn the State Seal of Civic Engagement issued by the California Department of Education, they must meet the following criteria (below). More information about the State Seal can be found at <https://www.cde.ca.gov/pd/ca/hs/hssstateaseal.asp>

SSCE 1 Be engaged in academic work in a productive way;

SSCE 2 Demonstrate a competent understanding of United States and California constitutions; functions and governance of local governments; tribal government structures and organizations; the role of the citizen in a constitutional democracy; and democratic principles, concepts, and processes;

SSCE 3 Participate in one or more informed civic engagement project(s) that address real-world problems and require students to identify and inquire into civic needs or problems, consider varied responses, take action, and reflect on efforts;

SSCE 4 Demonstrate civic knowledge, skills, and dispositions through self-reflection;

SSCE 5 Exhibit character traits that reflect civic-mindedness and a commitment to positively impact the classroom, school, community and/or society.

Los Angeles County Office of Education K-8 Civic Learning Pathways Criteria

In order for students in grades five and eight to be eligible to earn the Los Angeles County Office of Education Certificate of Civic Engagement issued by the Los Angeles County Office of Education, they must meet the criteria found in the three pathways described below. Each district is responsible for determining if individual students have met the criteria and submitting the LACOE Certificate Request Form.

Pathway 1 Students demonstrate a knowledge of the economics, geography, history, principles, and foundations of our American democracy (Aligned to SSCE Criteria 1, 2).

Pathway 2 Students demonstrate civic dispositions and traits (Aligned to SSCE Criteria 4, 5).

Pathway 3 Students demonstrate an ability to solve public problems by engaging in civic democratic processes (Aligned to SSCE Criteria 2, 3, 4, 5).
