

Drop-In Support Sessions: California Community Schools Partnership Program (CCSPP) Opt-In Process

All eligible local educational agencies (LEAs) in L.A. County are invited to receive real-time support and to have their questions answered before the **Nov. 1 deadline!**

Meet with LACOE's [Greater Los Angeles Regional Transformational Assistance Center \(R-TAC\)](#) to get your questions answered and ensure your team is fully supported as you finalize your CCSPP opt-in submission.

Bring any questions, including:

- Navigating the CCSPP Opt-In Portal
- Selecting Site Statuses (Planning, Implementation or Not Participating)
- Drafting Narratives and Attestations
- CCSPP Requirements, Eligibility and Funding
- Connecting with R-TAC Subregional Coordinator

Who Should Attend?

Sessions are intended for eligible LEAs and charter management organizations, including superintendents, district administrators, community school leaders and other appropriate educational services leads.

California Community Schools Partnership Program Overview:

Beginning in the 2026-27 school year, eligible schools will have access to new ongoing funding to establish and sustain the California Community Schools Partnership Program. Eligible school sites with **more than 65% unduplicated pupil count and at least 10 enrolled students** may qualify for annual funding ranging from **\$75,000 to \$400,000 per site**, depending on enrollment.

To receive funding for the 2026-27 school year, eligible LEAs must opt in by Nov. 1, 2026, for any eligible sites not already receiving a CCSPP grant, or for any LEAs who are not current grantees. [Read our news article on lacoe.edu](#) for more information.
